PEI recognizes that program staff working with CYD Participants may become aware of Index Youth who need meals and encourages connections to community partners or leveraging other funding streams and programs that can provide food and provide additional support to the family. Basic needs support is not an intended use of CYD funds.

PEI also wants to distinguish community events from CYD programming with Index Youth. Many CYD programs hold community meetings and events to promote CYD, recruit Participants and seek community input in conducting the Community Strengths and Needs Assessment. Essential costs associated with coordinating these events, such as staff time, copying and mailing of flyers, and supplies may be allowable contract costs when the purpose of the event is to further the goals of CYD. Reasonable food costs may be considered for community events that provide outreach to potential CYD Participants.

III. Food Costs for CYD Staff

Meal costs for CYD staff can be reimbursed only if eating with CYD Participants is a condition of employment or incurred during approved travel while performing activities under the Grant. CYD staff meal costs during approved travel are allowable only in

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

conjunction with overnight travel of more than 50 miles from their office or residence. Examples of approved staff food expenses:

1. Meals of a Youth Summit chaperone may be reimbursed since the chaperone is traveling for the purposes of CYD.
2. Summer camp staff meal costs may be reimbursed if the staff cannot leave the premises.

IV. Budgeting and Documentation for CYD Food Costs

CYD Grantees should consider the following when budgeting, approving Sub awardee budgets, and reimbursing Subawardees for food costs for Participants:

1. Are the food costs an essential cost of providing CYD?

2. Would a snack or meal normally be served during the hours the program plans to provide the snack or meal?

3. Have nutritious food options been considered in the planning?

4. Is the cost of the food a prudent use of CYD money? Would a reasonable person recognize those making cost decisions as good stewards of public monies?

5. Could food costs be donated to support the maximization of CYD funds for direct programming to youth?

All food costs must be described in the Project Work Plan and the costs must be clearly outlined in the budget and budget narrative. No food costs will be allowed unless specifically approved by DFPS in the budget.

Grantees must keep and be able to provide documentation of all costs especially those related to food if requested at any time by PEI.

Grant Overview

TEXAS Health and Human Services

- The Period of Performance for this Grant is five years and is expected to begin September 1, 2021 and be effective through August 31, 2026.
- The total amount of funding anticipated annually for the CYD Grant is $8,400,000. DFPS anticipates making twelve (12) to twenty (20) awards. Annual awards per individual Grant may range between $300,000 and $600,000. The estimated minimum award for the five-year Period of Performance is $1,500,000 and the estimated maximum award is $3,000,000.
- Grants awarded from this RFA are on a cost-reimbursement basis.
- Applicant must be a nonprofit organization as defined by the Texas Business Organization Code, Chapter 22, or a governmental entity.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Program Objectives

TEXAS Health and Human Services

- CYD provides an array of Positive Youth Development program opportunities such as Mentoring, Youth Leadership Development, and Post-High School Readiness in select ZIP Codes.

- Supports offered under CYD should meet the DFPS goal to increase Protective Factors and Developmental Assets, thus increasing the likelihood of positive outcomes for Youth.

- Programs under this RFA must be intentionally designed and built to promote the growth of these 40 Developmental Assets in Youth.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Community Strengths and Needs Assessment

TEXAS Health and Human Services

Community Strengths and Needs Assessment (CSNA) is an evaluation developed and utilized by the Applicant to identify community strengths, needs, assets, and gaps in available Youth programming to determine the most appropriate priorities and program array for the local CYD program.

- Applicant must complete and submit a CSNA to identify local community needs for strengthening Positive Youth Development.
- Applicant should develop a prioritized list of recommended programming based on the needs and gaps identified by the community through the CSNA.
- Applicant should use the list of recommendations provided below to design the CSNA and inform the overall CYD offerings.
- The CSNA must be updated and submitted every two years.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Logic Model

TEXAS Health and Human Services

A Logic Model is a program map. It is a simple, logical illustration of what the program does, why, and how the Applicant will know if the program is successful. There are a wide variety of Logic Model formats, but most have the same key components including: resources or inputs, activities, Outputs, Outcomes, and impact.

- Each Applicant should submit a Logic Model for CYD with the Application as a part of their Project Work Plan.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Eligible Population

TEXAS Health and Human Services

- Grantee will serve Youth ages 6-17 and their Families who live in or attend public school in the proposed ZIP Code(s) or attend school at a public middle or high school located outside of the proposed ZIP Code(s) that has at least 30% enrollment from the ZIP Code(s.)

- The target age range for Youth served is 10 - 17 years. Youth under age 6 are not eligible for CYD. Youth served from ages 6-9 cannot exceed 30% of the Performance Measure for annual unduplicated Index Youth served.

- Youth who are currently on probation are not eligible for the CYD program. A Youth is eligible 12 months post probation. Youth whose cases are pre-adjudicated, informally adjudicated, or whose adjudication has been deferred are eligible to participate in CYD.

- To be eligible to participate in Grantee's CYD program, Youth must exhibit at least two of the priority characteristics on pgs. 21-22 of the RFA

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

CYD Participant Requirements

TEXAS Health and Human Services

- All Participants must enter the program voluntarily.
- Grantee cannot charge Participants a fee for participating in a program or for any program participation-related costs.
- Grantee must provide programming to Families without regard to their economic status.
- The average number of unduplicated Youth served monthly must meet the minimum established in the Grant Agreement. An unduplicated Youth is an Index Youth with a unique enrollment ID number who receives at least one service and is only counted one time during the Period of Performance, once per month for monthly output.
- Grantee can serve Youth regardless of involvement with CPS.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Organizational Qualifications & Requirements

TEXAS Health and Human Services

- Applicant should have at least five (5) years' experience providing programs to Youth and families;
- Applicant should have at least five (5) years' experience managing budgets and grants or contracts for social services;
- Applicant that has monitoring reports from any Texas State Agency, or federal funding entity, or audits performed on Applicant's organization in the past three years should be able to demonstrate the organization is competent in managing and budgeting its programs and operations; and
- Subawardees must have at least two (2) years' experience providing programs to Youth and families.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Organizational Competence & Youth Program Quality Assessment

TEXAS Health and Human Services

- Grantees are required to utilize the Youth Program Quality Assessment (YPQA) to assess the Grantee's activities and program offerings for responsiveness to the needs of CYD Youth and enhance their approach across the lifespan of the Grant. At a minimum, Grantees must complete the YPQA Basics Training within year one of the Grant.
- The Applicant will develop and provide a staffing plan that includes, at least, minimum educational or experience requirements for direct service workers, administrative staff, Subaward staff, and volunteers.
- If the Grantee elects to Subaward any programming, the same minimum staffing qualifications would apply to Subawardee staff.
- The Applicant should develop, provide, and manage a staffing plan to ensure delivery of competent and robust programming and continuity of programs in the event of a vacancy.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Roles and Training

TEXAS Health and Human Services

Staff Roles

- Program Director
- Financial Manager (if applicable)
- Program Coordinator (if applicable)
- YAC Coordinator
- Data Support
- YPQA Coordinator

Organizational Training

- New employee orientation
- Cultural Humility (required annually;)
- Youth development (required annually;)
- Evidence-Based or Promising Practice Program training (when appropriate)
- 40 Developmental Assets Training
- Youth Program Quality Assessment Training.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

CYD Programming

TEXAS Health and Human Services

Required Programming:

- Mentoring
- Youth Advisory Committee (YAC)
- Youth Leadership Development (YLD)
  - Leadership Knowledge
  - Leadership Skill Building
  - Leadership in Action
- Post-High School Readiness (PHSR)

Ancillary CYD Program Components:

- Youth-based curriculum class
- Family-Based Curriculum Class
- Family focused activity
- Sports and Movement
- Arts and Cultural Enrichment
- Academic Support
- Service Planning and Coordination

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

YLD Scope and Sequence

TEXAS Health and Human Services

- Youth Leadership Development (YLD)
  - Leadership Knowledge
  - Leadership Skill Building
  - Leadership in Action

- YLD programs should be created with a Scope and Sequence that provide opportunities for Youth to engage in all three of the above elements over the course of the program cycle,

- Applicant should include YLD Scope and Sequence in **Exhibit D, Project Work Plan**.

- Please refer to **Exhibit G, YLD Scope and Sequence** for a template and example Scope and Sequence of a multi-week YLD program incorporating all three YLD elements.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Family and Caregiver Engagement Requirements

TEXAS Health and Human Services

- Applicant must demonstrate a commitment to the meaningful involvement of Families and Primary Caregivers in CYD.
- Applicants must outline a plan for Family and Caregiver engagement in Exhibit D, Project Work Plan.
- At a minimum, one Family or Primary Caregiver event should be held each month of the fiscal year.
- Activities or workshops serving only the Primary Caregiver such as parenting training or parenting skills classes, counseling, or stand-alone Parent Cafés will not fulfill the Family and Primary Caregiver engagement requirement of this RFA.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Additional Program Requirements

TEXAS Health and Human Services

- Most of the programming during the school year should be offered during Out-of-School Time hours. This includes before school, afterschool, evenings and weekends.
- Each CYD program should provide opportunities for Youth to increase developmental assets through participation.
- Grantee must ensure that Youth are not denied or delayed services due to a wait list.
- Applicant should offer programming that reflect a mix of intensive activities that serve a limited number of Youth (e.g. one on one Mentoring) with lower intensity activities that serve a higher number of Youth (e.g. group recreation).
- Grantee must provide programming or activities each month of the fiscal year, including during the summer months.
- Youth may not participate solely in one-time activities.
- Applicant must submit documentation of evidence-base, research or information on each proposed program with a curriculum.
- Grantee must ensure services are easily accessible to Youth.
- Grantee must outline educational benefits of any planned field trips and how the field trips align with the goals of CYD in their Project Work Plan.
- Services are intended to be face-to-face in person.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Additional Program Requirements

TEXAS Health and Human Services

- Recruitment and Outreach
- Service Authorization and Enrollment
- Annual Data Authorization
- Close of Program Participation
- Required Record Keeping
- Surveys

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Community and Systems Support Requirements

TEXAS Health and Human Services

- Local Coalition Overview
  - Grantee must create or participate in an existing community-based collaborative, coalition, committee or group.
  - Youth must be actively involved in collaborative leadership and decision-making.

- Collaborating with PEI Grantees within Service Delivery Area (SDA)
  - Applicant must work with PEI Grantees within the SDA in addition to PEI Grantees in the region and develop a plan for partnerships within 60 calendar days of the Grant Agreement execution.
  - CYD Grantee must partner and collaborate with their local Family and Youth Success program (FAYS).

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

TEXAS Health and Human Services

Table 5 Grantee Target Outputs and Outcomes	
Outputs/Outcomes Defined	**Target Output/Outcome (or %)**
Output 1: Expected average number of Index Youth served annually.	Applicant will propose the number of Index Youth served annually. *
Output 2: Expected number of Index Youth served during the school year (September – May).	Applicant will propose the number of Index Youth served during the school year (September – May). *
Output 3: Expected number of Index Youth served during the summer (June-August)	Applicant will propose the number of Index Youth served during the summer (June-August) *
Output 4: Index Youth will complete the PEI Program Experience Survey at Discharge	50%
Output 5: Index Youth will complete a matching pre-service and post-service survey as designated by PEI	60%
Outcome 1: 10-17-year-old Index Youth will not engage in delinquent behavior.	100%
Outcome 2: Index Youth report positive outcomes in at least one domain of the Program Experience Survey at discharge	80%
Outcome 3: Index Youth improve in at least one domain or area of the survey chosen by PEI between pre- and post-service	75%

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

PEIRS Database

TEXAS Health and Human Services

- Grantees must enter all service data for Participants served through CYD into the PEIRS database.
- Grantees must ensure accurate data entry into the PEIRS database and must enter all data for a specific month into the system no later than thirty (30) calendar days following the close of the month in which an enrollment occurred, services were provided, or a Family was discharged.
- For any person to be approved for database access, prior DFPS and criminal background check clearance must be obtained and completed every two years.
- DFPS requires annual cybersecurity training for all CYD staff who access the PEIRS database. For more information on annual cybersecurity training see page 45 of the RFA.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Reports

TEXAS Health and Human Services

- Grantee is required to submit PEI quarterly reports to provide ongoing information regarding implementation efforts, achievements, and challenges. Quarterly reports are due as follows:
  - Quarter 1 (September, October, November), Due January 15th
  - Quarter 2 (December, January, February), Due April 15th
  - Quarter 3 (March, April, May), Due July 15th
  - Quarter 4 (June, July, August and Annual), Due October 15th

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Background Checks and Required Personnel Records

TEXAS Health and Human Services

Background Checks

- Grantee will comply with the Background History Checks and Right of Removal found in Exhibit B, DFPS Grant Uniform Terms and Conditions, Section VII. C

- Before the employee, Subgrantee or volunteer can provide direct services, have direct contact with a Participant or access Participant records, the Grantee must receive notice from DFPS that the background check has been approved.

Required Personnel Records

- Evidence of the Grantee's minimum requirements for employees, Subawardees, and volunteers with regards to qualifications, individual files for each employee, Subawardee and volunteer must include, at a minimum:
  - Documentation clearly establishing that the Applicant's Program Staff meet the minimum qualifications as required;
  - Background checks requirements;
  - Business files to support compliance with insurance requirements; and
  - Completed training.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Billing and Finance

TEXAS Health and Human Services

Billing Requirements

- PEI will pay Grantee on a monthly cost-reimbursement basis in response to an Invoice and purchase voucher.
- Grantee will submit an Invoice and purchase voucher in the PEIRS database monthly, no later than the last day of the month following that in which the expenditure occurred.
- Grantee shall submit a final close-out Invoice in the PEIRS database no later than forty-five (45) calendar days following the end of the term of the Grant Agreement.
- PEI will pay Grantee from available funds for services rendered in accordance with the terms of the Grant Agreement upon receipt of a proper and verified Invoice and after deduction of any known previous overpayment made by DFPS.

Financial Requirements

- Grantee must create and maintain reliable and accurate records to support all actions related to invoicing, payments and adjustments for services provided to CYD Participants. Records must include at a minimum, but are not limited to the following:
  - Copy of all Invoices submitted by the Applicant;
  - Signed Form 4116, State of Texas Purchase Voucher;
  - Documentation to include: Form 2030, Monthly mileage log, monthly Participant activity log, incentives log; and
  - Any other documentation to support an expense billed to the Grant.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Subawards

TEXAS Health and Human Services

Use of Subawards

- Grantee may provide or Subaward for the provision of direct services as described within the RFA. Subawardees providing services under this RFA shall meet the same requirements and level of experience as required of the Applicant.

- No Subaward under the RFA shall relieve the Grantee of the responsibility for ensuring the requested services are provided according to required standards.

- Application will include work to be performed by Subawardees and will include proposed Subawardee budget or budgets. Grantee will award Subawards based on its own internal policies and processes. Grantee will notify DFPS in writing if the Subawardee changes.

- Any changes in Subaward Service Delivery Area (SDA) must be negotiated between the Grantee and their Subawardee and reported to DFPS. Any changes to the type of services provided, or requiring a new Subaward, must be approved in advance by DFPS.

- If any Subaward is terminated, and the Grantee has not fully expended the funds obligated to the Subaward during the grant year, the Grantee has a maximum of 60 days to find a replacement Subawardee and obligate those funds in a manner consistent with the purposes of CYD.

Vendor Questions and Answers

Solicitation Name	Solicitation Type	Procurement #	Agency #
Community Youth Development (CYD)	RFA	HHS0008417	530 - DFPS

Purchaser Name	Purchaser Email	Purchaser Phone
Jennifer Kim	jennifer.kim@hhs.texas.gov	Teleworking

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	1.	None	We are currently recipients of CYD funding in XXXX, TEX. I am wondering if XXX would be eligible to apply for this funding in other areas of (city)? There has been lots of interest to provide services in other areas of (City). Question: Can we apply for other areas in Texas?	Yes. Grantee should propose ZIP Code(s) identified as benefiting from CYD based on data from the Community Maltreatment Risk Maps, as well as the Applicant's Community Strengths and Needs Assessment.
+ -	2.	None	I will appreciate more information on the activities/ focus of this program, the modalities of providers involvement, and level of partnership with the State. Thank you for your response.	All information regarding this Grant opportunity is available at the following link. https://apps.hhs.texas.gov/PCS/HHS0008417/
+ -	3.	None	I run a nonprofit 501(c)(3) focused on supporting children's social and emotional development and supporting prosocial behavior in adults and young children. Question: We were wondering if the RFA for the Community Youth Development program accepts proposals for supporting infants, toddlers and preschoolers or if it is just for elementary age children. Thank you for the clarification.	The Grantee will serve Youth ages 6-17. The target age range for Youth served is 10-17 years. Youth under age 6 are not eligible for CYD. Please refer to Section 2.5.3. Eligible Population in the RFA for additional requirements.
+ -	4.	None	My name is XXXXXXX and I am the Program Director for the XXXXX XXXX. We are interested in possibly applying for the Community Youth Development Program grant, RFA No. HHS0008417. I would like to attend the webinar concerning this RFA that is scheduled for October 5th, 2020 but could not find the information on how to register or attend. Question: Could you please let me know what the process is to get this taken care of?	The information presented in the webinar can be found at the following link. https://apps.hhs.texas.gov/PCS/HHS0008417/

Form **PCS 134**

TEXAS Health and Human Services

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	5.	None	Question: As current grantees for CYD funding, is this RFA one we need to apply for to continue our current grant?	Yes, the Period of Performance for the current CYD grant expires August 31, 2021.
+ -	6.	CSNA	Question: Do we use the CSNA from FY19 as guidance in the RFA portion referring to CSNA since we were told not to do a CSNA for FY20?	This RFA requires a new CSNA. See Section 2.5.1 Community Strengths and Needs Assessment (CSNA) in the RFA for detailed instructions.
+ -	7.	None	Question: Do we need to submit an intent to bid before we submit our RFP? Would this be Exhibit A and if so what would be the deadline to submit this form?	This opportunity is a Request for Application (RFA), not a Request for Proposals (RFP). There is not a requirement to submit an "intent to bid". Exhibit A should be submitted with the rest of the Application on or before the posted deadline, December 14, 2020 by 2:00 PM Central Time.
+ -	8.	Section 2.5.17	Question: States that we would join another community coalition to satisfy the requirements, but if we have a CCC do we still need to join a community group or does this CCC meet the requirement?	A Community Collaborative Committee (CCC) could satisfy this requirement depending on the members of the CCC. Section 2.5.17 Community and Systems Support Requirements in the RFA states that the Grantee must create or participate in an existing community-based collaborative, coalition, committee or group.
+ -	9.	None	Question: I the pre-bid conference yesterday, it was stated that we would create a partnership with FAYS, but I believe it also stated we would create a partnership with another CYD program in our area. Could you verify is it just FAYS or FAYS and CYD?	Applicant should review Section 2.5.18 Collaborating with PEI Grantees within Service Delivery Area in the RFA for the required partnerships.
+ -	10.	None	Question: I got this email and I register for the webinar my question is is this for daycare also?	All information regarding the RFA can be found at the following link. Webinar registration information is listed in the RFA document. Refer to Section 2.5.10 of the posted RFA for program activity eligibility. https://apps.hhs.texas.gov/PCS/HHS0008417/
+ -	11.	None	Question: Will the grant fund backbone organizations that primarily provide resources and professional development to direct service providers?	An Applicant must propose to meet all the requirements in the RFA to be eligible to receive a grant. The Applicant may propose subgrantees to fulfill some of the requirements.

Form **PCS 134**

TEXAS Health and Human Services

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	12.	None	My organization, XXXXX, partners with afterschool and summer programs to help them provide the highest quality programming for students (we are essentially a quality consulting firm). Question: Would it be possible to apply ourselves and then list some specific afterschool programs as subgrantees?	An Applicant must propose to meet all the requirements in the RFA to be eligible to receive a grant. The Applicant may propose subgrantees to fulfill some of the requirements.
+ -	13.	None	The webinar said the programs must be free of charge for families. Question: Is it okay if the afterschool programs charge a small fee for attendance but then provide the services listed in the RFA at no cost? Or does the whole afterschool program have to be no cost?	No you cannot charge a fee for attendance. Section 2.5.4 CYD Participant Requirements in the RFA states that Grantee cannot charge Participants a fee for participating in a program or for any program participation-related costs.
+ -	14.	None	The webinar mentioned that applicants must have 5 years' experience providing services to youth and families. Question: Does regular afterschool programming fit this requirement, or do we need to have experience providing specific programming to parents/ caregivers?	Yes, regular afterschool programming does fit this requirement.
+ -	15.	None	Question: Is it a requirement that we must complete our procurement/bidding process for the sub-contractors at this time before submitting our proposal for FY2022? Or should we be planning the services to be provided as per the needs assessment in our area and actually do the competitive bidding closer to the actual start of the FY?	No it is not a requirement to complete the procurement process for subawards before submitting the Application. The Applicant should plan the services to be provided per the needs the assessment in their area. Applicant should provide their plan for subawards in Exhibit D Project Work Plan in the RFA. Applicant may release a grant opportunity or solicitation to subaward CYD services based on its own internal policies and processes. See Section 2.5.28 Use of Subawards in the the RFA for additional information.

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	16.	None	Question: Is the applicant required to have licensed childcare centers to provide out-of-school/summer program services?	Please refer to Exhibit B DFPS Grant Uniform Terms and Conditions, Section VII(L) Permit and License in the RFA. Applicant should have all applicable required licenses to provide out-of-school and summer programming. Applicant should work with Child Care Licensing to determine if a license is required for the scope of services offered.
+ -	17.	Section 2.2.2 Paragraph A Page 15	Annual awards per individual Grant may range between $300,000 and $600,000. Question: If one grantee submits two separate proposals for two separate and distinct service delivery areas within one county, can one grantee receive $600,000 X 2 = $1,200,000?	Please refer to Section 2.2.2 Available Funding in the RFA, which provides an estimate of the funding available. These are estimates only. Submitting an Application for two counties or separate Applications for each county will not be the sole determinate of the amount of funding awarded.
+ -	18.	Section 2.5.3 Paragraph A.5 Page 21	Youth who spend a significant amount of time in an SDA but do not meet the above eligibility criteria. For example, a Youth who spends regular time at a recreation center of with a relative in the Grantee's SDA. Question: If XXXXXXX is one of our CYD subgrantees, and the funded club is located in our SDA, will all youth who regularly attend the club all be eligible regardless of whether they live or attend school in the designated ZIP code(s)?	Yes, all Youth who regularly spend time at a recreation center are eligible regardless of whether they live or attend school in the designated ZIP Code(s).
+ -	19.	Section 2.5.8 Paragraph B.6 Page 25	This staff position must obtain a minimum of twenty-four hours of job-related training which can include the Cultural Humility and new employee orientation trainings. Question: None of the other positions listed indicate a set number of training hours required. Training requirements are listed on 2.5.9, page 28, which lists topics of required trainings, but does not indicate a set number of hours per training. Will there be a number of training hours required for any other positions within the grantee or subgrantee CYD staff?	No, PEI does not require a certain number of training hours for other CYD staff. It is up to the Applicant to propose the number of training hours for any other positions in Exhibit D, Project Work Plan in the RFA.

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	20.	Section 2.5.10 Paragraph C.4 Page 36	At a minimum, one Family or Primary Caregiver event should be held each month of the fiscal year. Question: If direct services are subcontracted, is each subcontractor required to hold one Family or Primary Caregiver event each month, or is this a collective requirement for CYD as a whole?	The requirement for a Family or Primary Caregiver event is a collective requirement of each CYD program as a whole.
+ -	21.	Section 2.5.20 Paragraph C Page 44	Table 5 Grantee Target Outputs and Outcomes Question: Are Output 4, Output 5, Outcome 1, Outcome 2 and Outcome 3 negotiable? Should we change the targets on page 7 of the CYD Project Work Plan to what we would like the negotiated target should be?	Any Outputs or Outcomes already provided in Exhibit D, Project Work Plan in the RFA are non-negotiable.
+ -	22.	Section 7.1 Paragraph A Page 58	Attached Exhibit U. Expenditure Proposal of this RFA includes the template for submitting the Expenditure Proposal. Question: The Exhibit U. indicates FY21 (September 1, 2020 – August 31, 2021). We should complete for FY22 (September 1, 2021 – August 31, 2022), correct?	Exhibit U Expenditure Proposal in the RFA is corrected via Addendum #3 to update the dates which are September 1, 2021- August 31, 2022 or State Fiscal Year FY22.
+ -	24.	Section 7.1 Paragraph A Page 58	Attached Exhibit U. Expenditure Proposal of this RFA includes the template for submitting the Expenditure Proposal. Question: Also, this is a five-year contract, but we are only submitting a budget for one year, and then we will submit budgets to DFPS for approval for each year throughout the contract term, correct?	Exhibit U Expenditure Proposal in the RFA is corrected via Addendum #3 to update the dates which are September 1, 2021- August 31, 2022 or State Fiscal Year FY22. This is a five-year grant. Applicant should submit the budget for FY22 and if awarded, the Grantee will submit subsequent budgets annually throughout the Period of Performance.

Form **PCS 134**

+ -	25.	Section 7.1 Paragraph A Page 58	Attached Exhibit U. Expenditure Proposal of this RFA includes the template for submitting the Expenditure Proposal. Question: Should we budget for travel for in-person annual PIP Conference for FY22? If yes, what city will it be held?	Yes, please budget for in-person travel for PIP Conference for FY22. PEI will notify grantees if the in-person nature of the conference changes. Applicant should use Austin, TX for budgeting purposes.
+ -	26.	Section 8.1.5 Page 60	Prior to final Award an Applicant may not issue a press release or provide any information for public consumption regarding its participation in this procurement. Question: We will need to conduct a local competitive procurement for subawardees for the provision of direct services to full the grant requirements.	Applicant may release a grant opportunity or solicitation to subaward CYD services based on its own internal policies and processes. See Section 2.5.28 Use of Subawards in the the RFA for additional information.
+ -	27.	Section 8.1.5 Page 60	Prior to final Award an Applicant may not issue a press release or provide any information for public consumption regarding its participation in this procurement. Question: Anticipated Notice of Award is scheduled for June 24, 2020 – should be June 24, 2021 (3.1 page 49). Since services will start September 1, 2021, this does not give us enough time to conduct our local competitive procurement. We will need to start the process during February 2021. Is this allowable?	Anticipated Notice of Award Schedule was amended to June 24, 2021 in Addendum #2. Applicant may release a grant opportunity or solicitation to subaward CYD services based on its own internal policies and processes. See Section 2.5.28 Use of Subawards in the the RFA for additional information.
+ -	28.	Section 6.1.3 Page 56	Use Exhibit P, Texas Application for Payee Identification Number and Direct Deposit Authorization to provide information required for DFPS to establish the TIN and direct deposit for a successful Applicant. Question: If applicant is a current recipient of CYD grant funds, and already has the PIN and direct deposit set up with DFPS, do we need to complete and submit Exhibit P?	Yes, every applicant should submit both forms in Exhibit P in the RFA. If an Applicant already has contracts with DFPS: On Form AP-152, Applicant should select "No" for the first question (Is this a new account). On Form 74-176, Applicant should select "New setup" even if Applicant has an existing grant. PEI will use these forms together to determine if a new set up is required or to confirm correct account information, if awarded.

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	29.	None	I am trying to identify data by zip code on the Population Health site, however, I am unsure how to identify the issues by zip code. The site doesn't seem user friendly to specifically identify what I am searching for. Question: Do you have any additional guidance on this or should I reach out to Population Health for assistance?	Yes, Please reach out to UT Population Health for additional questions related to the Risk Maps.
+ -	30.	Page 14 Zip Code Table	Table with zip codes in different counties across the state where CYD programs are currently taking place. Question: Must a program serve one of these zip codes in order to apply to the current RFA, or may programs serving other zip codes whose clients meet the eligibility requirements apply to this opportunity? I'm trying to discern if this opportunity is restricted specifically to the zip codes listed on page 14.	Table 1 provides a list of ZIP Codes currently receiving CYD services. The RFA is not restricted specifically to these ZIP Codes. Please refer to Section 2.2.1 Service Delivery Area (SDA) in the RFA for the requirements pertaining to proposing a Zip Code(s).
+ -	31.	Page 14 Zip Codes	Question: I would like to know if Tom Green County would qualify to be eligible to write a grant for CYD funding or if the grant opportunity is only open to areas outlined in the table on Page 14 of the application?	Table 1 provides a list of ZIP Codes currently receiving CYD services. The RFA is not restricted specifically to these ZIP Codes. Please refer to Section 2.2.1 Service Delivery Area (SDA) in the RFA for the requirements pertaining to proposing a Zip Code(s).
+ -	32.	Page 14 Zip Codes	Question: Also do you have an estimate on the amount of children you like served each year through our evidence based curriculum?	PEI does not have an estimate on the amount of Youth served each year. Applicant should propose the number of Youth served in Exhibit D Project Work Plan in the RFA.
+ -	33.	Page 14 Zip Codes	Question: Is there a percentage of the amount of children eligible within a certain zip code you would like for us to impact and work with? I want to ensure that in a community such as San Angelo with only 100,000 people total we would have the population to support the vision of the CYD funding.	PEI does not have a percentage of the amount of Youth eligible within a certain ZIP Code for the Applicant to serve. Applicant should propose the number of Youth served in Exhibit D Project Work Plan in the RFA.

+ -	34.	Section 2.2.1, Page 14	Question: Can you tell me how the zip codes are selected and any available plans or the process required to expand this program to include additional counties/ zip codes?	Table 1 provides a list of ZIP Codes currently receiving CYD services. The RFA is not restricted specifically to these ZIP Codes. Please refer to Section 2.2.1 Service Delivery Area (SDA) in the RFA for the requirements pertaining to proposing a Zip Code(s).
+ -	35.	Article II. Scope of Grant Award – 2.1 Program Background - Page 13-14– C	CYD is currently available in 25 Zip Codes across the state. Currently funded counties and ZIP codes are listed in Table 1. Question: Can you please clarify if this language means the 25 zip codes are the only zip codes that are eligible to receive funding in response to RFA No. HHS008417 / the new CYD funding cycle, or if agencies are able to apply for CYD funding in zip codes that are not listed in Table 1? We are specifically interested in applying for funding in the next cycle to deliver CYD programs in one or more of the following zip codes – 76541, 76543, 76544, 76548, 76549.	Table 1 provides a list of ZIP Codes currently receiving CYD services. The RFA is not restricted specifically to these ZIP Codes. Please refer to Section 2.2.1 Service Delivery Area (SDA) in the RFA for the requirements pertaining to proposing a Zip Code(s).
+ -	36.	Section 2.2.1	Question: Does the applicant define the service area and ZIP code, choosing only from Table 1? (May we propose other ZIP codes in the counties in Table 1? May we propose services in counties not listed in Table 1?)	Table 1 provides a list of ZIP Codes currently receiving CYD services. The RFA is not restricted specifically to these ZIP Codes. Please refer to Section 2.2.1 Service Delivery Area (SDA) in the RFA for the requirements pertaining to proposing a Zip Code(s).
+ -	37.	Section 2.5.4 (4)	The RFA states there will be a minimum number set for youth to be served per month in the final agreement. Question: Does CYD have a ballpark figure or range for that minimum, to give us context?	PEI does not have an estimate on the amount of Youth served each year. Applicant should propose the number of Youth served in Exhibit D Project Work Plan in the RFA.
+ -	38.	Definitions in 1.2	Question: Must a youth have a mentor to participate in other CYD activities?	No, it is not a requirement for a CYD participant to have a mentor to participate in CYD. Mentoring however is one of the required components of the CYD program. Please refer to section 2.5.10. Required Programming in the RFA.

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	58.	Section 2.4.10 D.1.a Page 36	Under this grant, most of the programming during the school year should be offered during Out-of-school Time hours. Question: Can some of the programming be offered during school hours?	Yes, some of the programming can be offered during school hours.
+ -	59.	Section 2.5.20 C Page 44	Table 5, Output 1: Expected average number of Index Youth served annually. Question: Does this refer to the unduplicated number of youth served annually?	Yes, Output 1 refers to the unduplicated number of Youth served annually. Addendum #3 clarifies this requirement in Exhibit D, Project Work Plan of the RFA.
+ -	60.	Section 2.5.20 C Page 44	Table 5, Output 2 & 3: Question: Do these outputs refer to duplicated numbers of youth served during these time frames?	No, Outputs 2 and 3, should reflect unduplicated Index Youth. Applicant will propose the expected number of unique Index Youth served monthly during the September-May time-frame, and the June-July-August time-frame respectively. Addendum #3 clarifies this requirement in Exhibit D, Project Work Plan of the RFA.
+ -	61.	2.5.10 Req. Programming Page 36 Paragraph 1.a	Focus on Out-of-School Programming Question: What is the definition of “most”? Is that over 50% of programming?	PEI does not specifically define "most" in the RFA. For the purposes of this RFA, Applicant should propose the balance of "out-of-school" programming and programming during school hours that reflects the Applicant's interpretation of most. PEI will collaborate with the Applicant during negotiations on this balance if necessary.
+ -	62.	2.1 Program Background C Page 14	Zip Code Table Question: Is there a list of priority zip codes?	There is not a list of priority zip codes. Applicant should propose ZIP Code(s) identified as benefiting from CYD based on data from the Community Maltreatment Risk Maps, as well as the Applicant’s Community Strengths and Needs Assessment. The Community Maltreatment Risk Maps are tools that use risk-mapping and geographically-based risk and resiliency models to illustrate the distribution of maltreatment rates in the state by ZIP Code. These maps were designed to identify and allocate resources in communities that may benefit from additional resources. Refer to Section 2.2.1 Service Delivery Area in the RFA.

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	63.	2.5.18 Collaborating with PEI Grantees within Service Delivery Area (SDA) A.B.C. Page 43	Collaborating with PEI Grantees Question: Are all CYD programs required to partner with a PEI grantee, or is it just if there IS a PEI grantee in the area?	All CYD programs are required to partner with a PEI Grantee. If there is not a PEI Grantee in the Service Area, please document this in your response. The FAYS program has a presence in all Texas counties and it is a requirement to partner and collaborate (Section 2.5.18 Collaborating with PEI Grantees within SDA (B) in the RFA.)
+ -	64.	Page 14	Question: If we want to include an adjoining zip code, will that require a second CSNA?	The CSNA should cover proposed Service Area including any adjoining or new zip codes.
+ -	65.	Page 43	Question: If the applicant is already a PEI grantee for a different program can this cover the collaboration with PEI grantees within Service Delivery Area?	No. If the Applicant is already a PEI grantee for a different program it can not count this as collaboration with PEI grantees within the Service Delivery area. If there is not another PEI Grantee in the Service Delivery Area or region, this should be documented. Please refer to 2.5.18 in the RFA for additional information.
+ -	66.	Page 43	Question: Are there specific requirements that will fulfill the collaboration?	The collaboration requirement can be found in Section 2.5.18. in the RFA. Applicant must outline plan for work with other PEI Grantees within the service area. It is up to the applicant to determine and propose how it will fulfill the collaboration requirement. There are no specific requirements beyond those listed in Section 2.5.18.
+ -	67.	Page 35	Question: Can you clarify the difference between Family-Focused Activity and Family and Primary Caregiver Engagement? Could they be the same?	The intent of Family and Primary Caregiver Engagement is to bring Youth and Families or Caregivers together in a meaningful way. A Family-Focused Activity could be considered as Family and Primary Caregiver Engagement. A Family focused activity is activity based, involves the Youth and at least one other Family member, and are not part of a written curriculum or counseling.
+ -	68.	None	Question: Can a voluntary organization that is not incorporated as a 501(c)(3) apply, if 501(c)(3) tax-exempt charity organization agrees to serve as the fiscal agent for the project grant?	The Applicant must be a nonprofit organization as defined by the Texas Business Organization Code, Chapter 22, or a governmental entity. (Section 2.3 Eligible Applicants in the RFA)

Form **PCS 134**

TEXAS Health and Human Services

+/- Rows	#	Reference	Vendor Question	HHS Response
+ -	69.	None	Question: Should we make alternate provisions with regard to face-to-face contact to account for any COVID-19 pandemic conditions that may arise as the implementation date of the grant nears?	Applicants may describe contingency plans for programming outside of in-person programming due to Coronavirus conditions in Exhibit D Project Work Plan in the RFA.
+ -	70.	None	Question: Can the grantee share personnel over counties and applications of the contract ?	An Applicant may propose a staff position to cover more than one service area. The Staffing plan will be reviewed for approval by PEI.
+ -	71.	None	Question: Does the organization decide on what curriculum to provide as long as it fulfills the requirements outlined in the section under required programming and ancillary CYD program components?	Yes, it is up to the organization to propose a curriculum to utilize within CYD if a curriculum will be utilized for a required or ancillary component.
+ -	72.	None	Question: Does the subawardee need to fall under the non-profit requirement or can they be a for profit entity?	Applicant may release a grant opportunity or solicitation to subaward CYD services based on its own internal policies and processes. See Section 2.5.28 Use of Subawards of the the RFA for additional information.
+ -	73.	None	Question: How would the CYD summit be conducted during the pandemic, should it continue to be a concern?	A CYD Youth Summit is planned for summer 2021 and may be conducted virtually if needed.
+ -	74.	None	Question: Will there be contact provisions for the meetings with clients and parents should the pandemic still be an issue in September 2021? For example, could grantees provide services via virtual conferencing or would they be allowed to meet in person with precautionary measures such as smaller groups, masks, and six feet apart?	PEI is committed to working with Grantees during the Coronavirus Pandemic to continue programming. At this time PEI has the expectations for Grantees to align with the opening of other social services agencies in their community to ensure Families have all of the necessary resources and supports the community can offer. PEI also wants Grantees to engage with Participants in a way that Participants are comfortable and meets their needs, PEI's preference is in-person where possible. If a Grantee seeks to provide services via virtual conferencing, a Grantee should provide justification for the need for providing virtual services in Exhibit D Project Work Plan of the RFA. PEI may request documentation of the Grantee's plans and policies, including justification for limiting in-person engagements and protocols used to promote the health and safety of staff and Participants.

+ -	75.	Sec. 265.057 2.2.1 Page 14	Service Delivery Area (SDA) Question: Can our program offer services outside of the two Harris County zip codes that are listed in this RFP?	Table 1 provides a list of ZIP Codes currently receiving CYD services. The RFA is not restricted specifically to these ZIP Codes. Please refer to Section 2.2.1 Service Delivery Area (SDA) in the RFA for the requirements pertaining to proposing a Zip Code(s).
+ -	76.	Sec. 265.057 2.2.1 Page 14	Service Delivery Area (SDA) The 2 current zip codes are 77081 and 77506. Question: Could we add zip codes to this list? If so, what would be required?	Table 1 provides a list of ZIP Codes currently receiving CYD services. The RFA is not restricted specifically to these ZIP Codes. Please refer to Section 2.2.1 Service Delivery Area (SDA) in the RFA for the requirements pertaining to proposing a Zip Code(s).
+ -	77.	Section 7.1 Paragraph A Page 58	Question: Should we budget for 40 Developmental Assets in Youth training? If yes, what is the cost?	If the Applicant would like to budget for 40 Developmental Assets training, please reach out to the Search Institute for cost information. Refer to 2.4 Program Objectives in the RFA for a link to the site.
+ -	78.	Section 7.1 Paragraph A Page 58	Question: Should we budget for YPQA training? If yes, what is the cost?	Applicants should budget for YPQA training. It is $110 per person for the web-based training. If Applicant prefers in person training, use the link in 2.5.6 Organizational Competence in the RFA to navigate the YPQA website and request the cost.

EXHIBIT Q: ADMINISTRATIVE INFORMATION

This form provides information regarding identification and contract history of the Applicant, executive management, project management, governing board members, and/or principal officers. Respond to each request for information ***or provide the required supplemental document behind this form.*** *If responses require multiple pages, identify the supporting pages/documentation with the applicable request.*

NOTE: Administrative Information may be used in screening and/or evaluating proposals.

Legal Business Name of Applicant:	Tarrant County

1. Is Applicant a nonprofit organization?

☐ **YES** ☒ **NO**

If YES, Applicant must include evidence of its nonprofit status with the proposal. Any one of the following is acceptable evidence. Check the appropriate box for the attached evidence.

☐ a. A copy of a currently valid IRS exemption certificate.

☐ b. A statement from a state taxing body, state attorney general, or other appropriate state official certifying that the Applicant organization has a nonprofit status and that none of the net earnings accrue to any private shareholders or individuals.

☐ c. A copy of the organization's certificate of formation or similar document if it clearly establishes the nonprofit status of the organization.

☐ d. Any of the above proof for a state or national parent organization, and a statement signed by the parent organization that the Applicant organization is a local nonprofit affiliate.

Conflict of Interest and Contract History

The Applicant must disclose any existing or potential conflict of interest relative to the performance of the requirements of this RFA. Examples of potential conflicts include an existing or potential business or personal relationship between the Applicant, its principal, or any affiliate or subcontractor, with the Health and Human Services Commission (HHSC), the Texas Department of Family and Protective Services (DFPS) or any other entity or person involved in any way in any project that is the subject of this RFA. Similarly, any existing or potential personal or business relationship between the Applicant, the principals, or any affiliate or subcontractor, with any employee of HHSC or DFPS must be disclosed. Any such relationship that might be perceived, or represented as a conflict, must be disclosed. Failure to disclose any such relationship may be cause for contract termination or disqualification of the proposal. If, following a review of this information, it

is determined by HHSC or DFPS that a conflict of interest exists, the Applicant may be disqualified from further consideration for the award of a contract.

Pursuant to Texas Government Code Section 2155.004, a Applicant is ineligible to receive an award under this RFA if the bid includes financial participation with the Applicant by a person who received compensation from HHSC or DFPS to participate in preparing the specifications or the RFA on which the bid is based.

2. **Does anyone in the Applicant organization have an existing or potential conflict of interest relative to the performance of the requirements of this RFA?**

   ☐ **YES** ☒ **NO**

   If YES, detail any such relationship(s) that might be perceived or represented as a conflict. (Attach no more than one additional page.)

3. **Will any person who received compensation from HHSC or DFPS for participating in the preparation of the specifications or documentation for this RFA participate financially with Applicant as a result of an award under this RFA?**

   ☐ **YES** ☒ **NO**

   If YES, indicate his/her name, job title, agency employed by, separation date, and reason for separation.

4. **Will any provision of services or other performance under any contract that may result from this RFA constitute an actual or potential conflict of interest or create the appearance of impropriety?**

   ☐ **YES** ☒ **NO**

   If YES, detail any such actual or potential conflict of interest that might be perceived or represented as a conflict. (Attach no more than one additional page.)

5. **Are any current or former employees of the Applicant current or former employees of HHSC or DFPS (within the last 24 months)?**

   ☐ **YES** ☒ **NO**

   If YES, indicate his/her name, job title, agency employed by, separation date, and reason for separation.

6. Are any proposed personnel related to any current or former employees of HHSC or DFPS?

☐ **YES** ☒ **NO**

If YES, indicate his/her name, job title, agency employed by, separation date, and reason for separation.

7. Has any member of Applicant's executive management, project management, governing board or principal officers been employed by HHSC or DFPS 24 months prior to the proposal due date?

☐ **YES** ☒ **NO**

If YES, indicate his/her name, job title, agency employed by, separation date, and reason for separation.

8. If the Applicant is a private nonprofit organization, does the executive director or other staff serve as voting members on the organizations governing board?

☐ **YES** ☐ **NO**

09. Is Applicant or any member of Applicant's executive management, project management, board members or principal officers:

- Delinquent on any state, federal or other debt;
- Affiliated with an organization which is delinquent on any state, federal or other debt; or
- In default on an agreed repayment schedule with any funding organization?

☐ **YES** ☒ **NO**

If YES, please explain. (Attach no more than one additional page.)

10. Has the Applicant had a contract suspended or terminated prior to expiration of contract or not been renewed under an optional renewal by any local, state, or federal department or agency or non-profit entity?

☐ **YES** ☒ **NO**

If YES, indicate the reason for such action that includes the name and contact information of the local, state, or federal department or agency, the date of the contract and a contract reference number, and provide copies of any and all decisions or orders related to the suspension, termination, or non-renewal by the contracting entity.

11. Does this proposal include financial participation by a person or entity that has been convicted of violating federal law, or been assessed a penalty in a federal civil administrative enforcement action, in connection with a contract awarded by the federal government for relief, recovery or reconstruction efforts as a result of Hurricanes Rita or Katrina or any other disaster occurring after September 24, 2005, under Government Code Section 2261.053?

☐ **YES** ☒ **NO**

If YES, please explain. (Attach no more than one additional page.)

12. Please disclose any information required under Section 6.2, Litigation and Contract History of the RFA

ALL ADDITIONAL PAGES REQUIRED BY RESPONSES TO THIS FORM, SHOULD BE INSERTED HERE.

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

Applicant Name: Tarrant County **Application Number:** HHS0008417

Fiscal Year: 2021 **Grant Agreement Number:** TBD

As needed, please refer to instructions at the end of this questionnaire.

SECTION I: FINANCIAL POSITION

(This section should be answered about your organization as a whole.)

1.	Please indicate the accounting system in place (e.g., accrual, cash, or modified accrual) Modified Accrual

Has your organization been audited by the Internal Revenue Service (IRS) in the past two years? *If yes:* a. *Please submit a copy of the IRS audit report, all related correspondence received from the IRS, and all related correspondence submitted to the IRS from your organization* ***as ATTACHMENT # I-8A.*** b. *Have all discrepancies cited in the audit been resolved?* c. *If the IRS has placed any type of lien on the organization's resources, have the liens been released?* d. *If all discrepancies have not been resolved or all liens have not been released, please submit a description of the discrepancies or liens and the impact of such on your financial position and include a copy of any repayment schedule that may be required by the IRS* ***as ATTACHMENT #I-8D.***	☐Yes ☒No ☐Yes ☐No ☒N/A ☐Yes ☐No ☒N/A

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

SECTION II: INTERNAL CONTROLS

II. A. GENERAL/ACCOUNTING CONTROLS

(This section should be answered about your organization as a whole. When a question mentions "contracts/grants," it is referring to any contract or grant you administer with funding received through DFPS or any other state or federal agency.)

1.	Does your organization allocate costs between contracts, grants, and/or programs? *If yes, please attach a detailed cost allocation plan as **ATTACHMENT # II-1**.*	☒Yes ☐No
2.	*Please attach a list that identifies all your contracts and grants with state agencies, including DFPS. For each agreement include: state agency name, type of service provided, contract and grant agreement number, dollar amount, and payment method (e.g. cost reimbursement, fee for service) as **ATTACHMENT # II-2**.*	
3.	Does your financial management system contain provisions that would ensure the organization is in compliance with §200.302 (financial management) of the Uniform Grant Guidance (UGG), or the Uniform Grant Management Standards (UGMS), as applicable? Note: For more information please see the ICSQ Instructions at the end of this Questionnaire.	☒Yes ☐No
4.	Does your organization maintain a separate ledger account for: a. Deposits for each source of funds? ..... b. Disbursement of each source of funds? ..... *Please provide a copy of your chart of accounts, and a description of how your accounting system identifies contract and grant revenues and expenditures separately as **ATTACHMENT # II-4**.*	☒Yes ☐No ☒Yes ☐No
5.	Are costs and expenditures under budgetary control: a. For total contract and grant budget?..... b. By budget category?.....	☒Yes ☐No ☒Yes ☐No
6.	Do all purchases require approval from an authorized individual in the requesting department?	☒Yes ☐No
7.	Indicate the name and title of individual(s) authorized to:	

SIGN CHECKS OR AUTHORIZE PAYMENTS	APPROVE PURCHASES (INCLUDING ON-LINE AND CREDIT CARD)	PREPARE PAYMENTS (CHECKS AND ELECTRONIC FUND TRANSFERS)	RECONCILE ACCOUNTS INTERNAL ACCOUNTS TO BANK RECORDS	CONTROL INVENTORY	RECEIVE CASH
S.Renee Tidwell	Jack Beacham	Marie Gibson	Linda Castilo	Jack Beacham	Brett Self
County Auditor	Purchasing Agent	Accounts Payable Supervisor	Sr. Internal Auditor	Puchasing Agent	Sr. Internal Auditor
Mary Louise Nicholson	Name:	Name:	Patti Shosid	Name:	Name:

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

	County Clerk	Title:	Title:	Grant Manager	Title:	Title:

8.	Are all expenditures reconciled with your general ledger? If no, please explain _____	☒Yes ☐No
9.	How often are bank accounts reconciled to internal check registers? ☒Monthly ☐Quarterly ☐Other (please specify) _____	
10.	Is your accounting system automated? **If no, please skip to question # 18.**	☒Yes ☐No
11.	Please describe how your accounting system is secured and/or protected (e.g. location, the use of passwords, access limits, checks and balances). The Tarrant County Accounting system is computerized using SAP accounting software. All aspects of the County's business (Human Resources, Timekeeping, Accounting, Purchasing, Inventory, etc) are maintained by the software. The Chief Information Officer, is responsible for maintaining the software and servers which are located at the Tarrant County Plaza Building at 200 W. Weatherford. The CIO is also responsible for assigning passwords and user ID's to the various County employees for access. Each employee is granted system access only to those programs and functions which pertain to their particular job. The software access level needed for each position is set by the department heads in each department who determine what functions are needed for their employees. They then request access be setup for each position by the CIO who then sets security levels for the various employee positions based on the access that was requested and that they require for their job. The software is configured so that no information can be deleted; information can only be reversed and will leave a full audit trail of who edited the data (by specific user ID and IP address of the specific machine). The software and servers are locked and secured at the Tarrant County Plaza building in a server room and access is granted to that room for IT employees who work in those areas via security key card that must be swiped with each entry and exit of the secured location. A security guard monitors all entry into the Plaza building at a front desk, and security cameras are installed and monitor the secure areas 24 hours a day.	
12.	Please specify the name(s) and title(s) for the individuals with access to the accounting system to perform the following functions: Review Only: All employees have limited read-only access Record Transactions: Patti Shosid - Grant Manager Update/Change: Suzanne McKenzie - Acct Manager Delete: Cannot be delted; can only be reversed by Managers with a full audit trail	
13.	Please explain the process (e.g., initiation, review, approval) for making updates, changes, deletions, and year-end adjustments in the accounting system. Changes made by journal entry; if initiated by dept/program - reviewed by grant auditor and acct manager; if grant auditor initiates, reviewed and approved by acct manager	

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

14.	Are there controls to provide reasonable assurance that transactions are not lost, duplicated, or added before and/or after data entry and editing?	☒Yes ☐No
15.	Are there controls to provide reasonable assurance that transactions with errors are rejected from further processing (e.g., prevented from updating the files/database)?	☒Yes ☐No
16.	Is the data entered into the accounting system verified? *If yes, please specify whom (name and title) is/are responsible for verifying the data, and how the verification is done.* *Entry of data into the accounting system is verified by at least one department level manager in the Auditor's Office for each journal entry or posting that is made. Renee Tidwell, County Auditor, assigns responsibility for the various accounting functions (account payable, financial account, grant accounting) to department level managers who then have the authority to review and approve the accounting entries for those departments made by individual employees. After an entry has been reviewed and approved by the department level manager, a second review of the journal entries is done by Frieda McCaskill, the manager of financial services, at the end of each month. The Internal Audit department within the Auditor's Office also conducts periodic reviews of the posted entries; these reviews are done at a schedule determined by Kim Trussell, Audit Manager.*	☒Yes ☐No
17.	What, if any, additional internal controls and approvals are in place within the organization to ensure payments made are valid and authorized? Transactions reviewed by Accounts Payable clerks and auditors post processing _____	
18.	Are all checks pre-numbered and accounted for? If no, please explain. _____	☒Yes ☐No
19.	a. Are all disbursements (excluding petty cash) made by check? If no, what other means does your organization use to make disbursements? _____ b. Is a check register (disbursement journal) used to record disbursements and maintain balances? If no, how are disbursements and balances tracked? _____	☒Yes ☐No ☒Yes ☐No
20.	Are all disbursements approved prior to payment? If no, please explain. _____	☒Yes ☐No

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

21.	Is there any additional review or special approval required for payment transactions (check or electronic disbursement) that exceed a specific dollar amount? *If yes, please specify the dollar limit(s), name(s) and title(s) of responsible staff.* *Over $50,000 - S. Renee Tidwell, CPA, County Auditor approves.*	☒Yes ☐No
22.	Does your organization have a system for tracking: a. Voided checks? b. Credit card transactions? c. Other electronic transactions? If no, please explain.	☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☐N/A
23.	Does your organization use a check-signing machine? *If yes, please describe how facsimile signature plates are safeguarded from improper use.* Signatures are printed electronically via the County's accounting software and access to this function is controlled via password protection as described in Section IIB. - #11 above. Blank check stock is kept in a locked vault in the Auditor's Office at 100 E. Weatherford St. Rm 506A with key controlled access. The Auditor's Office Business Manager, Rebecca Powell, and the Accounts Payable Manager, Marie Gibson, have custody of the keys that control access to the check stock.	☒Yes ☐No
24.	Are unused checks safeguarded and in the custody of a person who does not manually sign checks, control the use of facsimile signature plates or operate the facsimile signature machine? Please indicate name and title of person who has custody of unused checks. Marie Gibson - Accounts Payable Manager	☒Yes ☐No
25.	Are the following practices prohibited: a. the drafting of checks to "CASH"? b. the signing of blank checks? c. the removal of blank checks from the checkbook? If no, please explain.	☒Yes ☐No ☒Yes ☐No ☒Yes ☐No
26.	Are purchase orders/requisitions controlled in such a way that they can all be accounted for (e.g., by sequential pre-numbering, by entry in a register)? *If yes, please attach an explanation of your purchase order/requisition controls as* ***ATTACHMENT # II-26****.*	☒Yes ☐No ☐N/A
27.	a. Does your organization have written policies and procedures for purchases?	☒Yes ☐No

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

	*If yes, please attach your written policies and procedures as **ATTACHMENT # II-27**.* b. Are your purchasing policies and procedures in compliance with §200.320 of the Uniform Grant Guidance (UGG), or Uniform Grant Management Standards (UGMS), as applicable? *If no, please explain below: (you may attach additional sheets if needed)* _____ Note: For more information please see ICSQ Instructions at the end of this Questionnaire.	☒Yes ☐No
28.	Are supporting documents (e.g., service authorizations, invoices, receipts, approvals, receiving reports, canceled checks) maintained with each disbursement and clearly referenced for easy location and retrieval? *If yes, please attach an explanation as **ATTACHMENT # II-28**. The attachment should describe your process for maintaining supporting documentation, such as:* • *How supporting records are kept and filed (e.g., filed by check number, month of payment),* • *How documents are marked when paid to prevent duplication of claims, and* • *How authorizations for service are registered internally.*	☒Yes ☐No
29.	Do supporting documents accompany checks for the check signer's signature?	☒Yes ☐No
30.	Are invoices marked to identify allocation of payment?	☒Yes ☐No
31.	If bank account balances (including Certificates of Deposit) are in excess of FDIC coverage, does your organization have a system to protect the excess amount? If no, please explain: _____	☒Yes ☐No ☐N/A
32.	Does your organization have procedures to identify costs and expenditures not allowable under federal or state regulations? *If yes, please attach an explanation of your system for identifying unallowable costs/expenditures as **ATTACHMENT # II-32.***	☒Yes ☐No
33.	Does your organization maintain a file for each contract and grant? *If yes, does each file contain:* *a. The executed contract and grant with all attachments?* *b. A copy of each contract and grant amendment (as applicable)?* *c. Billing documents?* *d. Documentation of contract and grant performance?* *e. Related correspondence?* *f. A copy of each subcontract and subcontract for DFPS grant services agreement (as applicable)?* If no to any of the above, please explain. _____	☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☐NA

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

34.	a. Does your organization's internal control process comply with the standards of 'COSO' (Committee of Sponsoring Organizations of the Treadway Commission) or the 'Standards of Internal Control in the Federal Government', issued by the Comptroller General of the United States, as may be applicable under the Uniform Grant Guidance (UGG) or the Uniform Grant Management Standards (UGMS)? *If yes, please attach an explanation of your system for following these internal control standards as **Attachment # II-34a**.* b. Does your organization have a process to prevent unauthorized access to confidential information related to your contracts and grants (e.g., sensitive client information or records - commonly referred to as Personally Protected Identifiable Information)? *If yes, please attach a copy of your procedures as **ATTACHMENT # II-34b**.* Note: For more information on parts a or b please see the ICSQ Instructions at the end of this Questionnaire.	☒Yes ☐No ☒Yes ☐No
II. B. PERSONNEL		
35.	Does your organization have written personnel policies? If no, please explain. _____ If yes, are the personnel policies distributed to all employees?	☒Yes ☐No ☒Yes ☐No
36.	Do the personnel policies include: a. Hiring? b. Performance evaluations? c. Time and leave? d. Conflict of interest? e. Nepotism? f. Related-party	 ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No ☒Yes ☐No
37.	Does your organization require individual time or activity sheets to be prepared at least monthly for personnel (part-time, full-time, and/or in-kind volunteers)? If no, please explain. _____ *If yes, please submit a blank time sheet or activity sheet and a copy of the related policy as **ATTACHMENT # II-37**.*	☒Yes ☐No
38.	Does your organization have on file an established rate of pay and withholding information for each employee? If no, please explain. _____	☒Yes ☐No

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

39.	Does your organization have a written job description with a set salary level for each position? If no, please explain. _____	☒Yes ☐No
40.	Is the amount being paid to each employee based on documentation of actual hours worked?	☒Yes ☐No
41.	a. Is your organization current with your payroll taxes? b. Does your organization pay payroll taxes directly? If no, please explain and indicate name of withholding agent. _____	☒Yes ☐No ☒Yes ☐No
42.	Does your organization conduct criminal background checks on your employees and volunteers? *If yes, please attach a copy of your employee/volunteer background check policy and procedures as **ATTACHMENT # II-42**. The attachment should, at a minimum, include the following:* • *When criminal background checks are conducted,* • *When criminal background checks are updated, and* • *Identify by title and/or position the employees and volunteers who are subject to criminal background checks.*	☒Yes ☐No

II. C. TRAVEL

Reimbursements for travel expenses will be paid according to the State of Texas travel rates in effect on the date of travel as approved by the Office of the Comptroller of Public Accounts.

43.	Are expenditures for travel substantiated by travel vouchers, travel logs or other supporting documentation? If no, please explain. _____ *If yes, please submit a copy of your travel policy, a blank travel voucher, and a blank travel log as **ATTACHMENT # II C-43.***	☒Yes ☐No ☐N/A

II. D. EQUIPMENT

44.	a. Please specify the level of capitalization (dollar amount) used by your organization. Anything over $5,000 b. Please provide your organization's definition of equipment: Anything with a useful life of more than 1 year and a cost of $5,000 or more

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

45.	Does your organization conduct a physical inventory of capital equipment purchased with federal funds? If yes, how often? Every two years	☒Yes ☐No
46.	Have DFPS funds been used (in whole or in part) to purchase equipment or controlled assets (e.g., computers, furniture, cameras, camcorders, laser discs (DVD) players, TVs)? **Note:** Contractors and grantees should review the Comptroller's State Property Accounting User Manual at: https://fmx.cpa.state.tx.us/fmx/pubs/spaproc/appendices/appa/appa_6.php for the most current listing of controlled assets. Contractors and grantees must add these items classified as controlled assets to their inventory list based on the noted acquisition costs. **If no, please skip to Section II.E. Subawards and Subcontractors of DFPS grant services.**	☒Yes ☐No
47.	Are inventory records maintained that include: item description, serial number, funding source(s), acquisition cost, acquisition date and inventory number? *Please attach a blank inventory form as **ATTACHMENT # II-47**.*	☒Yes ☐No
48.	Are all equipment items and controlled asset tagged for the purpose of internal tracking and inventory?	☒Yes ☐No
49.	Does your organization have a policy regarding the documentation required for equipment that has been disposed of? *If yes, please attach a copy of your equipment disposal policy as **ATTACHMENT #II-49**.*	☒Yes ☐No

II. E. Subawards and subcontracts for DFPS grant services

If your organization does not (and does not intend to) subaward or subcontract for DFPS grant services, mark N/A ☐ here and skip to section II.F. Related Party Transactions.

50.	Does your organization have written policies and procedures for subawarded or subcontracted DFPS grant services? *If yes, please submit a copy of your policy for subawarded or subcontracted DFPS grant services as **ATTACHMENT # II-50**.* b. Does your organization assess risk for subawardees or subcontractors of DFPS grant services non-compliance with federal statutes or UGMS, as applicable? *If yes, please provide a description of the process as **ATTACHMENT # II-50b**.*	☒Yes ☐No ☒Yes ☐No
51.	Is your organization considered a pass-thru entity for any of the Federal awards, funding, or agreements it has with DFPS? *(Note: See instructions for definition of a pass-thru entity)* If yes, does it make subrecipient/contractor determinations according to §200.330 of the Uniform Grant Guidance (UGG), as applicable? *If yes, please provide a copy of the policy and procedure for making this determination as **ATTACHMENT # II-51**.*	☒Yes ☐No ☒Yes ☐No

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

52.	Does your organization have a state contract/grant of $100,000 or greater?	☒Yes ☐No
53.	Does your organization conduct criminal background checks on your subawards or subcontractors of DFPS grant services?	☒Yes ☐No

Internal Control Structure Questionnaire (ICSQ) for Cost Reimbursement Grant

II. F. RELATED-PARTY TRANSACTIONS

A related party could include a family member or relative, stockholder, or a corporation (individual or group) who is related in some way to the initial party.

54.	If your organization subcontracts with a related party to provide part or all of the program services, including subawarded DFPS grant services please attach a description of your selection process as ***ATTACHMENT # II-54.***	
55.	List name and position of any employee of your corporation who is also a principal stockholder, owning 5% or more stock or who has a controlling interest. _____	☒N/A

Tarrant County, Texas

Independent Auditor's Report

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Tarrant County, Texas (the "County"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 30, 2020. Our report includes a reference to other auditors who audited the financial statements of the Tarrant County Hospital District and the My Health My Resources of Tarrant County, which represent all of the aggregate discretely presented component units, as described in our report on Tarrant County's financial statements. This report does not include the result of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those other auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of County's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency*, is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR STATE PROGRAM, REPORT ON INTERNAL CONTROL OVER COMPLIANCE, AND REPORT ON SCHEDULE OF EXPENDITURES OF STATE AWARDS REQUIRED BY THE STATE OF TEXAS UNIFORM GRANT MANAGEMENT STANDARDS

To the Honorable County Judge and Commissioners Court
Tarrant County, Texas

Report on Compliance for Each Major State Program

We have audited Tarrant County's (the "County") compliance with the types of compliance requirements described in the State of Texas Uniform Grant Management Standards (UGMS) that could have a direct and material effect on each of the County's major state programs for the year ended September 30, 2019. The County's major state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the Tarrant County Hospital District and My Health My Resources of Tarrant County, which received state awards not included in the County's Schedule of Expenditures of State Awards for the year ended September 30, 2019. Our audit, described below, did not include the operations of the Tarrant County Hospital District or My Health My Resources of Tarrant County because the entities engaged other auditors to perform audits in accordance with UGMS, as applicable. This report does not include the results of the other auditors' testing of internal control over compliance or over compliance that are reported on separately by those auditors.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and UGMS. Those standards and UGMS require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major State Programs

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with UGMS, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the UGMS. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of State Awards Required by the UGMS

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended

September 30 2019, and the related notes to financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated March 30, 2019, which contained an unmodified opinion on those financial statements. Our report includes reference to other auditors who audited the financial statements of the Tarrant County Hospital District and My Health My Resources of Tarrant County, which represent all of the aggregate discretely presented component units, as described in our report in the County's financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of state awards is presented for purposes of additional analysis as required by the UGMS and is not a required part of the financial statements. Such information is the responsibility of management and was derived from, and relates directly to, the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of state awards is fairly stated, in all material respects, in relation to the financial statements as a whole.

See Notes to Schedule of Expenditures of State Awards *(Concluded)*

TARRANT COUNTY, TEXAS

NOTES TO SCHEDULE OF EXPENDITURES OF STATE AWARDS FOR THE YEAR ENDED SEPTEMBER 30, 2019

1. Basis of Accounting—The schedule of expenditures of state awards (the "Schedule") was prepared on the modified accrual basis of accounting. Amounts reported as expenditures in the accompanying Schedule may not agree with the amounts reported in the related state financial reports filed with the grantor agencies because of accruals, which would be included in the next report filed with the agency.

   State grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received, they are recorded as unavailable revenues until earned. The accompanying Schedule is presented on the modified accrual basis of accounting.

   The Schedule includes certain program expenditures that were incurred in prior years. The program affected is as follows:

Program Name	CFDA No.	Prior-Year Expenditure Amount
Texas Indigent Defense Commission	N/A—State Award	$1,677,595

2. The period of availability for state grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date for the state project period extends 30 to 90 days beyond the state project period ending date, in accordance with provisions in the awarding documents.

3. The County participates in numerous state grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustments by the grantor agencies; therefore, to the extent that the County has compiled with rules and regulations governing the grants, refund of any money received may be required and the collectibility of any related receivable at year-end may be impaired.

TARRANT COUNTY, TEXAS

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED SEPTEMBER 30, 2019

Section I—Summary of Auditors' Results

- Financial Statements
  - Type of auditors' report issued on whether financial statements were prepared in accordance with Generally Accepted Accounting Principles "GAAP": Unmodified
  - Internal control over financial reporting:
    - Material weakness(es) identified? _____Yes X No
    - Significant deficiency(ies) identified? _____Yes X None reported
  - Noncompliance material to financial statements noted? _____Yes X No
- State Awards
  - Internal control over major programs:
    - Material weakness(es) identified? _____Yes X No
  - Significant deficiency(ies) identified that are not considered to be material weakness(es)? _____Yes X None reported
  - Type of auditors' report issued on compliance for major programs: Unmodified
  - Any audit findings disclosed that are required to be reported in accordance with UGMS? _____Yes X No
  - Identification of major programs:
    - Tarrant Regional Auto Crimes Task Force
    - Emissions Task Force
    - Highway Planning & Construction Courtesy Patrol Program
    - Promoting Safe and Stable Families
  - Dollar threshold used to distinguish between Type A and Type B programs: $300,000
  - Auditee qualified as low-risk auditee? X Yes ___No

Section II—Financial Statements Findings

None reported.

Section III—Award Findings and Questioned Costs

None reported.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH ***GOVERNMENT AUDITING STANDARDS***

The Honorable County Judge and Commissioners Court
Tarrant County, Texas

Independent Auditor's Report

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Tarrant County, Texas (the "County"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements, and have issued our report thereon dated March 30, 2020. Our report includes a reference to other auditors who audited the financial statements of the Tarrant County Hospital District and the My Health My Resources of Tarrant County, which represent all of the aggregate discretely presented component units, as described in our report on Tarrant County's financial statements. This report does not include the result of the other auditor's testing of internal control over financial reporting or compliance and other matters that are reported on separately by those other auditors.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the County's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control. Accordingly, we do not express an opinion on the effectiveness of County's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency*, is a deficiency or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether County's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the County's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM; REPORT ON INTERNAL CONTROL OVER COMPLIANCE; AND REPORT ON SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS REQUIRED BY THE UNIFORM GUIDANCE

The Honorable County Judge and Commissioners Court
Tarrant County, Texas

Report on Compliance for Each Major Federal Program

We have audited Tarrant County's (the "County") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the County's major federal programs for the year ended September 30, 2019. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

The County's basic financial statements include the operations of the Tarrant County Hospital District and My Health My Resources of Tarrant County, which received federal awards not included in the County's Schedule of Expenditures of Federal Awards for the year ended September 30, 2019. Our audit, described below, did not include the operations of the Tarrant County Hospital District or My Health My Resources of Tarrant County because the entities engaged other auditors to perform audits in accordance with Title 2 US Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance"), as applicable. This report does not include the results of the other auditors' testing of internal control over compliance or over compliance that are reported on separately by those auditors.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditors' Responsibility

Our responsibility is to express an opinion on compliance for each of the County's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the County's compliance.

Opinion on Each Major Federal Program

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended September 30, 2019.

Report on Internal Control Over Compliance

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the

aggregate remaining fund information of the County as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated March 30, 2020, which contained an unmodified opinion on those financial statements. Our report includes reference to other auditors who audited the financial statements of the Tarrant County Hospital District and My Health My Resources of Tarrant County, which represent all of the aggregate discretely presented component units, as described in our report on the County's financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the financial statements as a whole.

See Notes to Schedule of Expenditures of Federal Awards

TARRANT COUNTY, TEXAS

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEAR ENDED SEPTEMBER 30, 2019

1. Basis of Accounting—The schedule of expenditures of federal awards (the "Schedule") was prepared on the modified accrual basis of accounting. Amounts reported as expenditures in the accompanying Schedule may not agree with the amounts reported in the related federal financial reports filed with the grantor agencies because of accruals, which would be included in the next report filed with the agency.

   Federal grant funds are considered to be earned to the extent of expenditures made under the provisions of the grant, and accordingly, when such funds are received, they are recorded as unavailable revenues until earned. The accompanying Schedule is presented on the modified accrual basis of accounting.

   The Schedule includes certain program expenditures that were incurred in prior years. The program affected is as follows:

Program Name	CFDA No.	Prior-Year Expenditure Amount
Foster Care Title IV-E	93.658	$407,648

2. The County has not elected to use the 10% de minimis indirect cost rate for federal grant programs.

3. The period of availability for federal grant funds for the purpose of liquidation of outstanding obligations made on or before the ending date for the federal project period extends 30 to 90 days beyond the federal project period ending date, in accordance with provisions in the awarding documents.

4. The County participates in numerous federal grant programs which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustments by the grantor agencies; therefore, to the extent that the County has compiled with rules and regulations governing the grants, refund of any money received may be required and the collectability of any related receivable at year-end may be impaired.

TARRANT COUNTY, TEXAS

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE YEAR ENDED SEPTEMBER 30, 2019

Section I—Summary of Auditors' Results

- Financial Statements
  - Type of auditors' report issued on whether financial statements were prepared in accordance with Generally Accepted Accounting Principles "GAAP": Unmodified
  - Internal control over financial reporting:
    - Material weakness(es) identified? _____Yes __X__No

March 30, 2020

The Honorable Board of District Judges
The Honorable Commissioners Court
Tarrant County, Texas

The comprehensive annual financial report of Tarrant County, Texas (the "County") for the fiscal year ended September 30, 2019 is submitted herewith. This report is submitted in compliance with Section 114.025 of the Texas Local Government Code and has been prepared by the County Auditor's staff.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with accounting principles generally accepted in the United States of America ("GAAP"). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Deloitte & Touche LLP, independent auditors. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended September 30, 2019 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the County's financial statements for the fiscal year ended September 30, 2019, are fairly presented in conformity with GAAP. The independent auditors' report is presented as the first component of the financial section of this report.

Deloitte & Touche, LLP was also engaged to perform an audit of the County's federal and state awards that is designed to meet the audit requirements of: Title 2 U.S. C*ode of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards:* the State of Texas *Uniform Grant Management Standards*; and the State of Texas *Single Audit Circular*. The audit report on federal and state awards is issued separately.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis ("MD&A"). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of the County

Tarrant County is a political subdivision of the State of Texas and was organized in 1849. The County is an urban county located in the north central part of Texas. Fort Worth serves as the county seat to a county population of approximately 2,092,419 citizens. It is one of the fastest growing urban counties in the United States today.

The Commissioners Court is the general governing body of the County. The Court is made up of the four County Commissioners, each elected from one of the County's four precincts, and the County Judge who is elected countywide and presides over the full Court. The Commissioners and the County Judge are elected to four-year staggered terms. Despite the name, the Commissioners Court is not a judicial court, but is the general governing body of the County. Among the major duties of the Court is to: 1) Set the tax rate and adopt the County budget; 2) Appoint County officials and hire personnel; 3) Fill elective and appointee vacancies; 4) Establish voting precincts, appoint precinct judges and call County bond elections; 5) Let contracts and authorize payment of all County bills; 6) Build and maintain County roads and bridges; 7) Build, maintain and improve County facilities, 8) Provide for hospitals, public welfare and veterans assistance; and 9) Provide for the technology and archival needs of the County.

The County provides those services allowed by the Constitution and Statutes of the State of Texas. Services include, but are not limited to, law enforcement, judicial proceedings, probation monitoring services, juvenile services, recording services related to judicial proceedings, public health and welfare, maintaining road and bridges, principally within the unincorporated areas of the County, and other related governmental functions. The Tarrant County Hospital District, My Health My Resources of Tarrant County, Tarrant County Housing Finance Corporation, Tarrant County Industrial Development Corporation, Tarrant County Cultural Education Facilities Development Corporation, and the Tarrant County Health Facilities Development Corporation are considered component units and reported, as appropriate, within the County's financial statements. Additional information on all these legally separate entities can be found in Note 1.(a) in the notes to the financial statements.

The annual budget serves as the foundation for the County's financial planning and control. Departmental annual budget requests are submitted to the County Budget Officer during the third quarter of the fiscal year for the upcoming fiscal year to begin October 1. The County Auditor prepares an estimate of available resources for the upcoming fiscal year. The County Budget Officer prepares the proposed annual operating budget to be presented to the Commissioners Court for their consideration. Public hearings are held on the proposed budget. The Commissioners Court must adopt an annual operating budget by a majority vote before September 30. The legal level of budgetary control is at ten categorical levels within each department. Commissioners Court may legally amend the budget. Management must seek approval of Commissioners Court to transfer appropriation between categories, even within the same department. Budget-to-actual comparisons are provided in this report for all budgeted governmental funds. The General Fund and the Road and Bridge Fund comparisons at the department level are presented on pages 89-92 as part of the required supplementary information. The other budget comparisons at the department level are presented on pages 109-117 as part of budgetary compliance. A separate budget report detailed at the legal level of control is available upon request.

Local Economy

Historically, the County's economic environment has been characterized by steady, yet modest growth. This has been in part because of the diverse nature of the business sectors making up the local economy, without an overwhelming dominance by any one industry. Similarly, local real estate values have demonstrated steady yet modest increases over the past decade.

The other segments of the local economy include aircraft, automobile and electronic manufacturing, tourism, entertainment, livestock and agri-business, transportation including major railroad services, financial services and tourism. Because of this diversity, the outlook for stable economic conditions seems favorable.

Major factors of this continued stability include:

National Medal of Honor Museum: Arlington Texas was selected as the future home of the National Medal of Honor Museum. It is expected to bring more than 5 million annual visitors. The museum is expected to open in 2024.

AllianceTexas: AllianceTexas is a 26,000-acre master–planned, mixed use community located in north Fort Worth. AllianceTexas offers a variety of commercial real estate options, including new industrial, office, and retail. Anchored by the inland port known as the Alliance Global Logistics Hub, AllianceTexas is home to more than 480 companies, and 48,000 employees. Located within AllianceTexas is: BNSF Railway, FedEx, UPS Ground Hub, Deloitte, Fidelity Investments, TD Ameritrade, Mercedes-Benz, AT&T, DynCorp International, Facebook, Amazon, Hillwood Properties, Carolina Beverage, Walmart.com, Callaway Golf Co. and others.

Mercantile Center Business Park: Mercantile is currently home to the Federal Aviation Administration's $20 million Southwest Regional Headquarters, Dillard's Department Store distribution center, Mid-States Distributing Co., The Buxton Company, Virbac, and CampFire, U.S.A.'s state-of-the-art Childcare Center and National Training Center for childcare providers.

Facebook: built a $1 billion data center campus at AllianceTexas and will ultimately consist of five 250,000 square-foot buildings located on 110 acres.

Amazon: Amazon built a 1.1 million square-foot distribution center. This center is one of three new e-commerce fulfillment sites in Texas employing 1,000 in Tarrant County. Amazon new Regional Air Hub opened at Fort Worth Alliance Airport in October 2019.

NGC Renewables: a North American subsidiary of a Chinese wind turbine equipment manufacturer, has constructed a 120,000 square foot manufacturing facility in the Alliance development.

Meacham International Airport: Meacham Airport features two runways, 88 buildings, 1.55 million square feet of hangar space, three full-service fixed base operators, aircraft maintenance facilities, flight schools and two aviation museums..

GM Arlington: GM has recently announced plans to invest an additional $20 million in its assembly plant for upgrades in advance of 2021 model production.

Fort Worth Stockyards: tax increment finance (TIF) district will generate about $40 million over its 20 year life. An estimated $385 million in development will occur in the district, including as much as $185 million from a planned redevelopment. The project is expected to spur another $200 million in private investment over 20 years.

Dickies Arena: the City of Fort Worth built a $540 million multi-purpose arena to house the Fort Worth Stock Show and Rodeo as well as concerts and other performances in the city's museum district. The City's funding was capped at $225 million, the remaining funds came from private sector participants. The arena opened in November 2019.

American Airlines: American Airlines opened the new 1.8 million square-foot headquarters campus in Fort Worth in 2019. The Hospitality complex is scheduled to finish by the end of 2021. The cost of the campus is expected to exceed $350 million, and the new facility will house over 12,000 employees.

Tarleton State University: construction started on a new campus in the southwest portion of Tarrant County. The first building was completed in 2019 with the ribbon cutting officially opening Tarleton's Fort Worth campus on August 1, 2019.

TCU-UNTHSC: Texas Christian University and the University of North Texas Health Science Center joined forces to open a new medical school. Classes began July 15, 2019.

Lockheed Martin: Lockheed designs and produces the F-35 Lightning II. Three variants of this fighter jet will replace legacy fighters for the U.S. Air Force, Navy, and Marine Corp, and 11 other countries around the world. Lockheed Martin provides 15,200 jobs for Tarrant County.

Texas Ranger Ballpark: The citizens of the City of Arlington approved a 50/50 cost-sharing plan to build a $1 billion new ballpark with a retractable roof for the Texas Rangers. Globe Life Field will be open for the 2020 season.

Dallas Cowboy Stadium: The Dallas Cowboy Stadium opened in 2009 and has played host to numerous professional, college and high school football games, as well as basketball, pro bull riding, boxing, and concert events.

Other major businesses: Other major businesses recently locating to or expanding in Tarrant County include Core-Mark, Ben E. Keith Foods, Northern Tool, Alcon Research, LLC, Mouser Electronics, and Klein Tools.

Relevant financial policies and long-term planning

The County issues debt to finance acquisition of personal property, capital renovations and improvements to County facilities. The ad valorem tax rate for the fiscal year 2019 totaled $0.234 with $0.019865 per $100 valuation to fund the annual debt service requirements. On May 7, 2006, the Commissioners Court approved a resolution expressing

its intent to be fiscally responsible in the issuance of the bonds. The intent is to only issue bonds if the County has the capacity to repay the bonds without a tax increase.

Major Initiatives

On May 13, 2006, the voters of Tarrant County overwhelmingly approved five bond propositions for a total of $433,120,000 to fund street, road and bridge improvements, a new jail facility, a new civil courts building, expansion of the juvenile justice facilities, and new medical examiner and crime lab facilities. $200 million of these bonds, along with matching funds from local municipalities or Texas Department of Transportation, will be used for transportation issues. To date, the County has issued $418,120,000 of bonds for these purposes. There will not be any more bonds issued for the 2006 bond election.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada ("GFOA") awarded a Certificate of Achievement for Excellence in Financial Reporting for the County's comprehensive annual financial report for the fiscal year ended September 30, 2018. The Certificate of Achievement is a prestigious national award-recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. This report must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe our current report continues to conform to the Certificate of Achievement program requirements and are submitting it for review to the GFOA.

I wish to express my thanks to Commissioners Court and the District Judges for their interest and support in planning and conducting the financial affairs of the County in a responsible and professional manner.

The timely completion of this report could not have been achieved without the dedicated efforts of the County Auditor's staff and the professional services provided by our Independent Auditors, Deloitte & Touche LLP.

Sincerely,

S. Renee Tidwell, CPA
County Auditor

INDEPENDENT AUDITOR'S REPORT

The Honorable County Judge and Commissioners Court
Tarrant County, Texas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Tarrant County, Texas (the "County"), as of and for the year ended September 30, 2019, and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Tarrant County Hospital District (TCHD) or the My Health My Resources of Tarrant County (MHMRTC), which represent all the aggregate discretely presented component units. Those statements were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for TCHD and MHMRTC, is based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County, as of September 30, 2019, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, the Budgetary Comparison Schedules—General Fund and Road and Bridge Fund, the Schedule of County Pension Contributions, the Schedule of Changes in Net Pension Liability and Related Ratios, the Schedule of Changes in OPEB Liability and Related Ratios, the Schedule of Changes in Net Pension Liability and Related Ratios—TCHD, and the Schedule of Pension Contributions—TCHD, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The combining financial statements, budgetary compliance schedules, and the introductory and statistical sections are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining financial statements and budgetary compliance schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements.

Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and

other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining financial statements and budgetary compliance schedules are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on them.

Deloitte & Touche LLP

TARRANT COUNTY, TEXAS

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Management's Discussion and Analysis

As management of Tarrant County, we offer readers of Tarrant County's financial statements this narrative overview and analysis of the financial activities of Tarrant County for the fiscal year ended September 30, 2019. We encourage readers to consider the information presented here in conjunction with the County's basic financial statements following this section.

Financial Highlights

- The assets and deferred outflows of the County exceed its liabilities and deferred inflows at the close of the most recent fiscal year by $51,953,000 (net position). This is an increase of $77,192,000.
- Total net position of the County is comprised of the following:
  1. Net investment in capital assets of $369,212,000 includes land, buildings, computer software, infrastructure, construction in progress and other capital assets, net of accumulated depreciation, and is reduced by outstanding debt, net of unspent bond proceeds, related to the purchase or construction of capital assets.
  2. Net position of $34,488,000 is restricted by constraints imposed from outside the County, such as debt obligations, laws, regulations, contractual or donor imposed constraints.
  3. Unrestricted net position of a negative $351,747,000.
- As of the close of the current fiscal year, the County's governmental funds reported combined ending fund balance of $324,140,000, an increase of $19,779,000 in comparison with the prior year. Approximately 23 percent of this total amount, $74,000,000, is *available for spending* at the County's discretion (*unassigned fund balance*).
- At the end of the current fiscal year, unassigned fund balance for the general fund was $75,997,000, or approximately 17 percent of total general fund expenditures.
- The County's bonded debt decreased by $28,125,000 (approximately 10 percent) during the current fiscal year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to Tarrant County's basic financial statements. Tarrant County's financial statements consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Government-wide financial statements. The *government–wide financial statements* are designed to provide readers with a broad overview of Tarrant County's finances, in a manner similar to private-sector business.

The *statement of net position* presents information on all of Tarrant County's assets, deferred outflows, liabilities, and deferred inflows, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of Tarrant County is improving or deteriorating.

The *statement of activities* presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of Tarrant County that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

activities of the County include general government, public safety, transportation support, judicial, and community services. The business-type activities of Tarrant County include the Resource Connection.

The government-wide financial statements include not only Tarrant County, but also a legally separate hospital district, mental health mental retardation authority, housing finance, and industrial development corporations. Financial information for Tarrant County Hospital District and My Health My Resources of Tarrant County are reported separately from the financial information presented for the primary government itself. The Housing Finance and Industrial Development Corporations, although legally separate, function for all practical purposes as a department of the County, and therefore have been blended as an integral part of the primary government.

The government-wide financial statements can be found on pages 14-17 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Tarrant County, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The County maintains 17 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statements of revenues, expenditures, and changes in fund balances for the general fund, road and bridge fund, debt service, capital projects fund, and grants fund, which are considered to be major funds. Data from the other 12 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements*.

Tarrant County adopts an annual appropriated budget for all its funds except TCHFC, TCIDC, and grants fund. A budgetary comparison statement has been provided to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 18-23 of this report. The combining nonmajor governmental fund financial statements begin on page 105.

Proprietary funds. The County maintains two different types of proprietary funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses an enterprise fund to account for its Resource Connection. Internal service funds are used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for its self-insurance funds. Because these services predominately benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. In the basic financial statements, the internal service funds are presented in the aggregate. Individual fund data for the internal service funds is provided in the form of *combining statements.*

The basic proprietary fund financial statements can be found on pages 24-26 of this report. The combining internal service fund financial statements begin on page 119.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are *not* reflected in the government-wide financial statements because the resources of those funds are *not* available to support the County's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

The basic fiduciary fund financial statement can be found on page 27 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-88 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* which includes budget to actual schedules for general fund and road and bridge fund. Also included are schedules regarding the funding, contributions and unfunded liabilities of pension and other postemployment benefits to employees. Required supplementary information can be found on pages 89-102 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of Tarrant County, assets and deferred outflows exceeded liabilities and deferred inflows by $51,953,000 at the close of the most recent fiscal year.

A large portion of the County's net position, $369,212,000, reflects its investment in capital assets, less any related debt used to acquire those assets still outstanding, excluding unspent proceeds. The County uses these capital assets to provide services to citizens; consequently, these assets are *not* available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Another balance of net position represents resources that are subject to external restriction on how they may be used. Restricted net position include $18,339,000 for records management, $4,893,000 for contractual or donor imposed restrictions, and $11,256,000 for other purposes. The remaining portion of the net position is unrestricted net position, which is a negative $351,747,000.

Tarrant County's Net Position

(Amounts in thousands)

	September 30, 2019			September 30, 2018		
	Governmental Activities	Business-type Activitites	Total	Governmental Activities	Business-type Activitites	Total
Current and other assets	$ 425,289	$ 2,555	$ 427,844	$ 397,558	$ 2,760	$ 400,318
Capital assets	481,837	4,154	485,991	485,025	4,095	489,120
Total assets	907,126	6,709	913,835	882,583	6,855	889,438
Deferred outflows	145,650	398	146,048	61,747	168	61,915
Other liabilities	66,632	228	66,860	53,785	277	54,062
Long-term liabilities	840,003	1,618	841,621	856,392	1,633	858,025
Total liabilities	906,635	1,846	908,481	910,177	1,910	912,087
Deferred inflows	99,131	318	99,449	64,310	195	64,505
Net position:						
Net investment in capital assets	365,058	4,154	369,212	351,713	4,095	355,808
Restricted	34,488	-	34,488	31,287	-	31,287
Unrestricted	(352,536)	789	(351,747)	(413,157)	823	(412,334)
Total net position (deficit)	$ 47,010	$ 4,943	$ 51,953	$ (30,157)	$ 4,918	$ (25,239)

The County has a positive net position for the government as a whole, as well as for its governmental activities. The negative unrestricted net position is a result of the required accounting and reporting for pension and other postemployment benefit liabilities and associated deferred inflows and outflows of resources. The net pension liability and OPEB liability of the governmental activities are $342,755,000 and $163,194,000, respectively. More information regarding contributions, net pension liability and OPEB liability can be found in the required supplemental information on pages 95-99.

The County's net position increased by $77,192,000, during the current fiscal year. This increase represents the degree to which ongoing revenues have surpassed ongoing expenses. Revenues increased $37,858,000 approximately 6 percent, related to increases in prescription rebates, tax collection commissions, and property taxes resulting from increased property values. Expenses decreased $35,517,000, or by nearly 6 percent.

Governmental activities. Governmental activities increased the County's net position by $77,167,000, thereby accounting for the increase in the net position of the County. Revenue increased $37,866,000 or approximately 6 percent from prior year as a result of increase in program revenues and property taxes. Expenses decreased $35,742,000 or by approximately 6 percent from prior year as a result of decreased spending in public safety, transportation, and judicial governmental funds.

Business-type activities. Business-type activities net position increased $25,000. Expenses increased $225,000 or approximately 7 percent from the prior year as a result of recognition of OPEB liabilities and current year revenues only decreased $8,000 or less than 1 percent.

Financial Analysis of the Government's Funds

As noted earlier, the County uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the County's financing requirements. In particular, *unassigned fund balance* may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of the end of the current fiscal year, the County's governmental funds reported combined fund balances of $324,140,000, an increase of $19,779,000. Approximately 23 percent of this total amount, $74,000,000, constitutes *unassigned fund balance*, which is available for spending at the County's discretion. The remainder of fund balance is not available for new spending because 1) $5,866,000 is not in spendable form, 2) $114,326,000 is restricted for a specific purpose externally imposed by bond covenants, grantors and contributors, or by enabling legislation, 3) $114,899,000 has been committed by a formal action of the Commissioners Court for a specific purpose, and 4) $15,049,000 has been assigned for a specific purpose, generally used to liquidate outstanding purchase orders, to fund next year's budget, and economic development.

The general fund is the chief operating fund of the County. At the end of the current fiscal year, unassigned fund balance of the general fund was $75,997,000, while total fund balance was $89,754,000. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents approximately 17 percent of total general fund expenditures, while total fund balance represents approximately 20 percent of that same amount.

The fund balance of the County's general fund increased by $8,219,000 during the current fiscal year. Revenues and expenditures along with operating transfers were closely matched for the year. Revenues increased about 5 percent from prior year mostly due to increased tax collections from increased property values as well as tax collection commissions. Expenditures increased about 5 percent, mostly due to increase in employee salaries and fringe benefits.

The road and bridge fund accounts for monies designated for the acquisition, construction and maintenance of county roads and bridges. The fund has a total fund balance of $12,296,000 of which $973,000 is in nonspendable form, the remainder is committed by the Commissioners Court. The fund balance increased $863,000. Revenues increased $385,000 or approximately 2 percent from the prior year, expenditures increased $614,000 or 2 percent primarily due to increase in employee salaries and fringe benefits.

The debt service fund has a total fund balance of $1,262,000, all of which is committed for the payment of debt service. The net decrease in fund balance during the current year was $579,000 due to a decrease in the allocation of tax revenues to the debt service fund. The County approved a property tax for debt service at the beginning of the current fiscal year. This tax, along with delinquent collections, produced revenues of $36,276,000 in the current fiscal year. The County maintains a budgeted reserve of at least $1,000,000 in this fund.

The capital projects fund has a total fund balance of $143,919,000, all of which is either restricted or committed for the payment of capital projects. The net decrease in fund balance during the current year was $1,521,000. The fund balance decreased due to payments for construction projects, software development, furniture, equipment, and transportation projects. Details of the bond projects are further described in the long-term debt section beginning on page 43.

The grants fund has no fund balance as all expenditures should be reimbursed by state and federal funds. Also, any excess revenues received are deferred until earned.

Other governmental funds are for specific purposes. Revenues exceed expenditures resulting in an increase of the fund balance by $12,797,000. Records preservation and automation fund increased $1,436,000 with revenues exceeding expenditures related to projects to enhance public access and to make records searchable and available online. Public health contract fund balance increased $5,826,000 due to revenues exceeding expenditures related to Medicaid 1115 waiver. Miscellaneous contracts increased $3,697,000, a majority of this increase is due to contracts with pharmacies for 340B prescription rebates.

Proprietary funds. The County's proprietary funds provide the same type of information found in the government-wide business type activities financial statements, but in more detail.

Total net position of the Resource Connection fund at the end of the year amounted to $4,943,000. The total increase in net position for the fund was $25,000. Expenses increased $225,000 or approximately 7 percent due to the payback of the expenditures incurred in the capital projects fund. Current year revenues only decreased $8,000 or less than 1 percent from decreased mineral lease royalties.

General Fund Budgetary Highlights

There are no differences between the original budget and the final amended budget in total, however, transfers were made within and between departments. There were no large transfers, but many of the transfers were to transfer court costs amongst the numerous courts and the allocation of employee raises and pension costs to each department.

Actual revenues were slightly greater than budgetary estimates and expenditures were less than budgeted. These differences are highlighted as follows:

- General government expenditures were less than budgeted because the budget includes a budgeted reserve of $43,822,634, contingency of $5,000,000 and undesignated balance of $2,357,322.
- There were large budget transfers from non-departmental to other departments for judicial expenses, including court appointed attorneys. Department expenses were less than budgeted for information technology, sheriff, and jail operations.
- Actual revenue was greater than budgeted revenue, this is to be expected as the budget includes a contingency of $5,000,000. Besides property taxes, actual revenues exceeded budgeted revenue in the fees of office for the tax office commissions, county clerk for deeds of trust filings, and investment income.

Capital Asset and Debt Administration

Capital assets. The County's investment in capital assets for its governmental and business-type activities as of September 30, 2019 amounted to $485,991,000 net of accumulated depreciation. This investment in capital assets includes land, buildings, equipment, computer software, infrastructure and construction in progress. The total decrease in the County's investment in capital assets for the current fiscal year was $3,129,000.

Major capital asset events during the current fiscal year included the following:

- Continued development of criminal justice software
- Continued development of a jail management system
- Continued development of Juvenile Justice Complex

Additional information on the County's capital assets can be found in Note 6 on pages 42-43 of this report.

Long-term debt.
At the end of the current fiscal year, the County had total bonded debt outstanding of $266,375,000. All of this debt represents bonds payable solely on future ad valorem tax revenue. The remainder of the County's long-term debt obligation is comprised of a capital lease with a balance of $857,000.

Tarrant County's Outstanding Debt

(Amounts in thousands)

	Governmental Activities September 30	
	2019	2018
Bonds	$ 266,375	$ 294,500
Capital Lease	857	1,641
Total	$ 267,232	$ 296,141

The County's bonded debt decreased by $28,125,000 or 10 percent during the current fiscal year.

On May 13, 2006, the voters of Tarrant County approved five bond propositions for a total of $433,120,000 to fund street, road and bridge improvements, a new jail facility, a new county/district courts building, expansion of the juvenile justice facilities, and new medical examiner and crime lab facilities. The County has issued all the debt for this purpose and has no plan for another proposition.

The County maintains an "AAA" rating from Standard and Poor's and an Aaa rating from Moody's.

State statutes limit the amount of general obligation debt a governmental entity may issue to 5 percent of its total assessed valuation. The current debt limitation for the County is $9,309,657,000, which is in excess of the County's outstanding obligation debt.

Additional information on the County's long-term debt can be found in Note 7 on pages 43-46 of this report.

Economic Factors and Next Year's Budgets and Rates

Tarrant County's economic condition remains positive.

- The unemployment rate for Tarrant County decreased from 3.4 percent to 3.1 percent. The state's average unemployment rate decreased to 3.3 percent compared to the prior year of 3.7 percent. The national unemployment rate also decreased to 3.3 percent.
- Continued increase in the tax rolls in Tarrant County, due to both new construction and increase in values.
- Inflationary trends in the region compare favorably to national indices.

All of these factors were considered in preparing the County's budget for the 2020 fiscal year.

At September 30, 2019, the unassigned fund balance in the general fund was $75,997,000. Total assigned fund balance, $10,794,000, includes $7,558,000 assigned for the purpose of spending in the 2020 fiscal year budget. This available fund balance enabled the County's tax rate to remain the same for the 2020 fiscal year.

Requests for Information

This financial report is designed to provide a general overview of Tarrant County's finances for all those with an interest in the government's finances. Questions concerning any of the information provided should be addressed to the Tarrant County Auditor, 100 E. Weatherford, Fort Worth, TX 76196.

RECONCILIATION OF THE GOVERNMENTAL FUNDS FUND BALANCE TO GOVERNMENTAL ACTIVITES NET POSITION

September 30, 2019 (Amounts in thousands)

Amounts reported for governmental activities in the statement of net position are different because:

Total fund balance - total governmental funds	$ 324,140
Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds.	481,837
Other amounts are not available to pay for current-period expenditures and, therefore, are deferred in the funds.	11,386
Internal service funds are used by management to charge the costs of insurance to individual funds. The assets and liabilities of the internal service funds are included in the governmental activites in the statement of net position.	15,829
Deferred outflows of resources are not an available resource and, therefore are not reported in the funds.	145,650
Deferred inflows of resources are not an available resource and, therefore are not reported in the funds.	(99,131)
Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the funds. (Note 2)	(832,701)
Net position - governmental activities	$ 47,010

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the year ended September 30, 2019 (Amounts in thousands)

Amounts reported for governmental activities in the statement of activities are different because:

Net change in fund balances--total governmental funds	$	19,779
Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period. (Note 2)		(6,930)
The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. (Note 2)		3,742
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.		(7,129)
The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items. (Note 2)		28,909
Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. (Note 2)		36,324
The change in net position of certain activities of internal service funds is reported with governmental activities.		2,472
Change in net position - governmental activities	$	77,167

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Tarrant County, Texas (the "County") is a political subdivision of the State of Texas and was organized in 1849. The County provides those services allowed by state statutes. These services include, but are not limited to, law enforcement, judicial proceedings, probation monitoring services, juvenile services, recording services related to judicial proceedings, public health and welfare, maintaining roads and bridges (principally within the unincorporated areas of the County) and other related governmental functions.

The accounting policies of the County conform to accounting principles generally accepted in the United States of America ("GAAP") applicable to governments. The Governmental Accounting Standards Board ("GASB") is the accepted primary standard-setting body for establishing governmental accounting and financial reporting principles. GASB periodically updates its codification of the existing standards. In fiscal year 2019, the County implemented GASB Statement No. 83, *Certain Asset Retirement Obligations* and GASB Statement No. 88, *Certain Disclosures related to Debt, including Direct Borrowing and Direct Placements.* The implementation of the other statements did not have a significant impact to the County. The following is a summary of the significant policies:

(a) Reporting Entity

The accompanying financial statements present the County and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the County's operations. Discretely presented component units are reported in separate columns in the government-wide financial statements (see note below for description) to emphasize they are legally separate from the County.

BLENDED COMPONENT UNITS

The Tarrant County Housing Finance Corporation ("TCHFC") provides financing for purchase of single family home mortgages and multifamily projects, both relating to low and moderate income residents. The County Commissioners Court created the TCHFC, but it is not a political subdivision of the County under state law. The criteria used to include the TCHFC as a blended component unit of the County include: the County is able to impose its will, as the TCHFC's board of directors and the Commissioners Court are the same and County staff maintain the books and records of the corporation. The TCHFC is reported in the other governmental column in the fund financial statements. All debt issued through TCHFC was conduit debt (see Note 7).

The Tarrant County Industrial Development Corporation ("TCIDC") provides financing through the issuance of industrial and manufacturing bonds, which promotes and encourages employment and the public welfare in the County. The criteria used to include the TCIDC as a blended component unit of the County include: the County is able to impose its will, as the TCIDC's board of directors and the Commissioners Court are the same and County staff maintain the books and records of the corporation. TCIDC is reported in the other governmental column in the fund financial statements. All debt issued through TCIDC was conduit debt (see Note 7).

DISCRETELY PRESENTED COMPONENT UNITS

The Tarrant County Hospital District ("TCHD") d/b/a JPS Health Network serves the citizens of the County by providing medical, dental and hospital care for the indigent and needy. The criteria used to determine inclusion as a discretely presented component unit are: TCHD is governed by a board of directors, which the County Commissioners Court appoints and removes at will, the County Commissioners Court approves the TCHD tax rate and annual budget, but does not provide any funding or hold title to any of the TCHD's

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

assets, and TCHD cannot issue bonded debt without County Commissioners Court approval. Services provided by TCHD are to the citizenry and not to the County. TCHD's financial statements include the JPS Physicians Group and JPS Foundation as component units within the reporting entity. TCHD is reported in the government-wide financial statements.

My Health My Resources of Tarrant County ("MHMRTC") serves the citizens of the County by providing services to people with mental illness, substance abuse disorders, and intellectual or developmental disabilities. The criteria used to determine inclusion as a discretely presented component unit are: MHMRTC is governed by a board of directors which the County Commissioners Court may appoint and remove at will, the County Commissioners Court approves the MHMRTC budget, but does not hold title to any of its assets, and MHMRTC can issue bonded debt without the approval of the County Commissioners Court. The fiscal year end of MHMRTC is August 31 and the financial statements presented herein are as of August 31, 2019. MHMRTC has two component units, MHMR Visions which is included in their financial statements and Trinity Behavior Rehabilitation Corporation, which has had no financial activity and therefore is not included. MHMRTC is reported in the government-wide financial statements.

The Tarrant County Health Facilities Development Corporation ("TCHFDC") was created to provide, expand, and improve health facilities to improve the adequacy, cost and accessibility of health care, research, and education. TCHFDC is governed by a board of directors, which the County Commissioners Court may appoint and remove at will. TCHFDC had no significant balance sheet or results of operations as of and for the year ended September 30, 2019 and therefore are not included in the County's financial statements. All debt issued through TCHFDC was conduit debt (see Note 7). TCHFDC had no other operations.

The Tarrant County Cultural Education Facilities Finance Corporation ("TCCEFFC") was created to promote the health, education, and general welfare of citizens by providing financing for cultural, health and educational facilities. TCCEFFC is governed by a board of directors, which the County Commissioners Court may appoint and remove at will. TCCEFFC had no significant balance sheet or results of operations as of and for the year ended September 30, 2019, and therefore are not included in the County's financial statements. All debt issued through TCCEFFC was conduit debt (see Note 7). TCCEFFC had no other operations.

Complete financial statements for each of the following individual component units may be obtained at the units' administrative offices:

TCHD
1500 S. Main
Fort Worth, Texas 76104

MHMRTC
3840 Hulen Street
Fort Worth, Texas 76107

Separate financial statements of TCHFC, TCIDC, TCHFDC and TCCEFFC are not prepared.

(b) Basis of Presentation

GOVERNMENT-WIDE STATEMENTS

The statement of net position and the statement of activities display information about the primary government (the County) and its component units. These statements include the financial activities of the overall government, except fiduciary activities. For the most part, the effect of interfund activity has been removed from these statements, except for the rental charges from the Resource Connection. The elimination of these charges would distort the direct costs reported for the various functions concerned. These statements distinguish between the *governmental* and *business-type* activities of the County. Governmental activities

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties.

The statement of activities presents a comparison between expenses and program revenues for each function of the County's governmental activities and for the business-type activities of the County. Direct expenses are those that specifically associate with a program or function and, therefore, are clearly identifiable to a particular function. Program revenues include a) fees, fines and charges paid by the recipients of goods or services offered by the programs and b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues that are not classified as program revenues, including all taxes, are presented as general revenues.

FUND FINANCIAL STATEMENTS

The fund financial statements provide information about the County's funds, including its fiduciary funds and blended component units. Separate statements for each fund category – *governmental, proprietary* and *fiduciary* – are presented in the combining financial statements. The emphasis of fund financial statements is on major governmental and enterprise funds, each displayed in a separate column. All remaining governmental funds, internal service funds and fiduciary funds are aggregated and reported as nonmajor funds.

Proprietary fund operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Nonoperating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities. Operating expenses include cost of services, administrative expenses and depreciation on capital assets. Any expenses not meeting this definition are reported as nonoperating expenses.

The County reports the following major governmental funds:

General Fund – The General Fund is the primary operating fund of the County. It is used to account for all financial resources of the general government, except for those required to be accounted for in another fund.

Road and Bridge Fund – The Road and Bridge Fund accounts for the collection and expenditure of those monies designated to be spent for acquisition, construction, and maintenance of county roads and bridges. This constitutional fund is primarily financed with fees associated with vehicle registration.

Debt Service Fund – The Debt Service Fund accounts for the property tax revenues restricted for payment of principal and interest on long-term debt associated with the acquisition and/or construction of facilities, equipment, and infrastructure for the County.

Capital Projects Fund – The Capital Projects Fund accounts for bond proceeds and other committed resources to be used for the acquisition and/or construction of facilities, equipment, software, and infrastructure for the County.

Grants Fund – The Grants Fund accounts for the activities conducted under the many grant agreements between the County and various state and federal organizations.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

The County reports the following proprietary funds:

Resource Connection – The Resource Connection fund accounts for the activities of the Resource Connection, a campus of 16 buildings, which is a one-stop center providing employment, education, health and human services programs to clients through state and local governmental agencies and non-profit organizations. The County is the owner/landowner of the property and leases space to the various entities. The Resource Connection has a permanent gas pipeline easement and oil and gas lease agreement. The royalties from the oil and gas leases are used to finance capital improvements and capital purchases for the Resource Connection.

Internal Service Funds – These funds account for the County's self-insurance programs – employee benefits, general liability, and workers' compensation.

Additionally, the County reports the following fiduciary funds:

Agency Funds – These funds account for assets held by the County in an agent capacity, in the Registry of the Court, or as an agent for others. They include the Payroll Clearing fund for payroll deductions, the Fee Office fund for moneys in the custody of the fee office of the County, and Community Supervision and Corrections fund for activities of a state agency with funds in the County depository.

(c) Basis of Accounting

GOVERNMENT-WIDE, PROPRIETARY, AND FIDUCIARY FUND FINANCIAL STATEMENTS

The government-wide and proprietary fund financial statements are reported using the *economic resources measurement focus*. The government-wide, proprietary and fiduciary fund financial statements are reported using the *accrual basis of accounting*. Revenues are recorded when earned, and expenses are recorded at the time liabilities are incurred regardless of when the related cash flow takes place. Non-exchange transactions, in which the County receives (or gives) value without directly giving (or receiving) equal value in exchange, include: property taxes, alcoholic beverage taxes, bingo taxes, grants, entitlements, and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied.

GOVERNMENTAL FUND FINANCIAL STATEMENTS

Governmental funds are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Under this method, revenues are recognized when measurable and available. The County generally considers revenues reported in the governmental funds to be available if the revenues are collected within sixty days after year-end. The primary revenue sources susceptible to accrual are property taxes, which is recorded as unavailable revenue if not collected within sixty days. Fees of office revenue is recorded as unavailable revenue until cash is received. Grant and certain contract revenue is recognized when the legal and contractual requirements of the individual programs are met. Expenditures are recorded when incurred. However, expenditures for principal and interest on general long-term debt, compensated absences, and claims and judgments are recorded when due. General capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of long-term debt and acquisitions under capital leases are reported as other financing sources.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

The proprietary funds are reported using *the economic resources measurement focus* and the *accrual basis of accounting*. The agency fund has no measurement focus but utilizes the *accrual basis of accounting* for reporting its assets and liabilities.

(d) Cash and Cash Equivalents and Investments

Cash and cash equivalents of the County are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition.

Investments in governmental pools are recorded at amortized cost or at net asset value, which is designed to approximate the share value. All other investments of the County are recorded at fair value within the fair value hierarchy established by generally accepted accounting principles and made pursuant to the Texas Public Funds Investments Act and investment policy established and approved by the Commissioners Court. Authorized investments include the following:

a. Obligations of the United States or its agencies and instrumentalities;
b. Direct obligations of the State of Texas;
c. Other obligations, the principal and interest of which are unconditionally guaranteed or insured by the State of Texas or the United States;
d. Obligations of states, agencies, counties, cities and other political subdivisions of any state having been rated as to investment quality by a nationally recognized investment rating firm and having received a rating of not less than A or its equivalent; certificates of deposit issued by state and national banks that has its main office or a branch office in Texas that are:
   (1) Guaranteed or insured by the FDIC, or its successor; or
   (2) Secured by obligation described by Items a-d above and that have a market value of not less than the principal amount of the certificate;
e. Fully collateralized direct repurchase agreements having a defined termination date, secured by obligations described by item a. above, pledged with a third party selected or approved by the County, and placed through a primary government securities dealer or a financial institution doing business in the State of Texas;
f. Commercial paper with a stated maturity of 365 days or less from the date of issuance that either:
   (1) is rated not less than A-1, P-1 or the equivalent by at least two nationally recognized credit rating agencies; or
   (2) is rated at least A-1, P-1 or the equivalent by at least one nationally recognized credit rating agency and is fully secured by an irrevocable letter of credit issued by a bank organized and existing under the laws of the United States or any state thereof.
g. Mutual funds and money market mutual funds:
   (1) No-load money market mutual funds are authorized if registered with and regulated by the SEC; provide the investing entity with a prospectus and other information required by the Securities and Exchange Act of 1934 or the Investment Company Act of 1940; and comply with Federal Securities and Exchange Commission Rule 2a-7
   (2) No-load mutual funds are authorized if registered by the SEC; have an average weighted maturity of less than two years; and either: (A) have a duration of one year or more and are invested exclusively in obligations approved by Chapter 2256.014 of the Government Code; or (B) have a duration of less than one year and the investment portfolio is limited to investment grade securities, excluding asset-backed securities and invested exclusively in obligations approved by this policy and rated no less than AAA or its equivalent; and invest dollar-for-dollar all County funds without sales commissions or loads
h. Investment pool as defined in Section 2256.016 of the Texas Government Code and rated no lower than AAA or its equivalent.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

(e) Supplies and Prepaid Items

Supplies are recorded by the County at cost using the average cost method. Under the consumption method of accounting for inventories, supplies are recorded as inventory until used. Once consumed, inventories are charged as expenditures.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

(f) Restricted Cash, Cash Equivalents, and Investments

Restricted cash, cash equivalents, and investments represent monies held by the County in an agent capacity, in the Registry of the Court, or for others and are reported in the fiduciary funds. The funds typically are court-ordered trust accounts and securities posted by bondsmen to secure bail bonds.

(g) Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads and bridges), are reported in the applicable governmental or business-type activities columns in the government-wide and proprietary fund financial statements at cost. The County defines capital assets as assets with an individual cost of more than $5,000 and an estimated useful life greater than 1 year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs are charged to operations when incurred. Betterments and improvements that add to the value of the asset, change capacity, or materially extend assets lives are capitalized.

Capital assets of the County are depreciated or amortized (including assets under capital leases) using the straight-line method over the lesser of the capital lease period or their estimated useful lives. There is no salvage value for infrastructure since these assets will not be sold, although, some benefit may still be provided by fully depreciated roads and bridges.

The following presents the estimated useful lives for capital assets of the County:

Infrastructure	7 - 35 years
Buildings and improvements	20 - 40 years
Furnishings and equipment	5 - 8 years
Software	5 - 8 years

(h) Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight line method, which

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

approximates the effective interest method. Bonds payable are reported net of the applicable bond premium or discount.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(i) Pensions

For purposes of measuring the net pension liability, pension related deferred outflows and inflows of resources, and pension expense, County specific information about its fiduciary net position in Texas County and District Retirement System (TCDRS) and additions to/deductions from the County's fiduciary net position have been determined on the same basis as they are reported by TCDRS. For this purpose, benefit plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value to measure the net pension liability. Pensions are liquidated from the following funds: General, Road and Bridge, Grants, Resource Connection and Other Governmental funds.

(j) Compensated Absences

The liability for compensated absences reported in the government-wide and proprietary fund statements consists of accumulated earned but unpaid vacation and sick pay benefits and related fringe benefits associated with the payment of the compensated absences. Vacation pay is accrued, to a maximum amount of twice the employee's current accrual rate, and the vested portion of the sick leave is accrued for the employees eligible to receive payment upon termination, in accordance with County policy. Compensated absences are generally liquidated from the following funds: General, Road and Bridge, Grants, Resource Connection and Other Governmental funds.

(k) Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position reports a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The County has the following items that qualify for reporting in this category.

- Pension and OPEB contributions after measurement date – These contributions are deferred and recognized in the following fiscal year.
- Changes of actuarial assumptions used to determine pension liability – This difference is deferred and amortized over a closed six year period.
- Difference in projected and actual earnings on pension assets – This difference is deferred and amortized over a closed five year period.
- Deferred charge on refunding - A deferred charge on refunding results from the difference in the carrying value of refunded debt and its reacquisition price. This amount is deferred and amortized over the shorter of the life of the refunded debt or refunding debt, using the straight line method, which approximates the effective interest method.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The County has the following items that qualify for reporting in this category.

- Unavailable revenue - The Governmental Fund Balance Sheet reports unavailable revenues from two sources: property taxes and other revenue. These amounts are deferred and recognized as an inflow of resources in the period that the amounts become available.
- Difference in expected and actual pension and OPEB experience - This difference is deferred and amortized over a closed six year period for pension and nine year period for OPEB.
- Changes of actuarial assumptions used to determine pension and OPEB liability – This difference is deferred and amortized over a closed six year period for pension and ten point eight and nine year periods for OPEB.

(l) Property Taxes

Property subject to taxation is real property and certain personal property situated in the County. Certain properties of religious, educational and charitable organizations are exempt from taxation. In addition, other special exemptions are allowed by the Commissioners Court of the County.

The County's ad valorem taxes are levied and become a legal enforceable claim, on October 1 on 100% of assessed valuation at a rate of $0.234 ($0.214135 for the maintenance and operations and $0.019865 for interest and sinking fund) per $100 valuation as of the preceding January 1. These taxes are due and payable from October 1 of the year in which levied until January 31 of the following year without interest or penalty. Taxes paid after January 31 of each year are subject to interest and penalty charges.

Collections of the current year's levy are reported as current collections if received within 60 days after year end.

The County's taxes on real property are a lien (as of the date of levy) against such property until paid. The County may foreclose on real property upon which it has a lien for unpaid taxes. Delinquent taxes on property not otherwise collected are generally paid when there is a sale or transfer of the property title.

Any liens and subsequent suits against the taxpayer for payment of delinquent personal property taxes are barred unless instituted within four years from the time such taxes became delinquent. Unlike real property, the sale or transfer of most personal property does not require any evidence that taxes thereon are paid.

(m) Fund Balance Classifications

In the fund financial statements, fund balances are classified depending on the relative strength of the spending constraints placed on the purposes for which resources can be used as follows:

Nonspendable Fund Balance

This classification includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact.

Restricted Fund Balance

This classification includes amounts constrained to specific purposes externally imposed by creditors (such as through debt covenants) grantor and contributors, or laws or regulations of other governments, or through constitutional provisions, or by enabling legislation.

Committed Fund Balance

This classification includes amounts that can only be used for specific purposes, pursuant to constraints imposed by formal action of the government's highest level of decision making authority. In the case of the County, a Commissioners Court order is the highest level of action.

Assigned Fund Balance

This classification includes amounts that are constrained by the County's intent to be used for specific purposes, but neither restricted nor committed. The Commissioners Court has not delegated this responsibility to anyone. Assigned fund balance consists of open purchase orders at year end.

Unassigned Fund Balance

This classification includes amounts that are available for any purpose. The County's general fund is the only fund that can report a positive fund balance amount. Governmental funds other than the general fund may report a negative unassigned fund balance if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes.

The County typically uses restricted fund balance first, followed by committed resources, and then assigned resources before unassigned resources.

(n) Net Position

Net position: Net Investment in Capital Assets

This component of net position is reported in the proprietary fund financial statements and in the government-wide financial statements and represents the difference between capital assets less both the accumulated depreciation and the outstanding balance of debt and related accounts, excluding unspent proceeds, that is directly attributable to the acquisition, construction or improvements of these capital assets.

Net position: Restricted

This component of net position is reported in the proprietary fund financial statements and in the government-wide financial statements and represents the difference between assets and liabilities that are restricted for specific use by legal or external restrictions. The County has four categories of restrictions: records management, which is restricted by state statute, contractual or donor imposed restrictions, transportation projects, and other restrictions imposed by state statute for a variety of purposes.

Net position: Unrestricted

This component of net position is reported in the proprietary fund financial statements and in the government-wide financial statements and represents the difference between assets and liabilities that is not reported in the other categories of net position; net invested in capital assets or restricted.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

2. RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS

(a) Explanation of certain differences between the governmental fund balance sheet and the government-wide statement of net position

The governmental fund balance sheet includes a reconciliation between fund balance – total governmental funds and net position – governmental activities as reported in the government-wide statement of net position. One element of that reconciliation explains that "Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported in the funds." The details of this $832,701 difference are as follows (in thousands):

Bonds payable	$	266,375
Plus: Premium on issuance (to be amortized as interest expense)		11,884
Accrued interest payable		1,723
Capital lease payable		857
Compensated absences		45,913
Pension liability		342,755
Other postemployment benefits liability		163,194
Net adjustment to fund balance	$	832,701

Another element of that reconciliation explains that "Deferred outflows of resources are not reported in the funds." The details of this $145,650 difference are as follows (in thousands):

Deferred charges on debt refunding	$	3,524
Pension contributions after the measurement date		41,116
Changes in pension assumptions		7,085
Difference in projected and actual pension earnings		85,746
OPEB contributions after the measurement date		8,179
Net adjustment to fund balance	$	145,650

Another element of that reconciliation explains that Deferred inflows of resources are not reported in the funds. The details of this $99,131 difference are as follows (in thousands):

Changes in pension assumptions	$	6,603
Difference in projected and actual pension experience		18,672
Changes in OPEB assumptions		31,253
Difference in projected and actual OPEB experience		42,603
Net adjustment to fund balance	$	99,131

(b) Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net changes in fund balances – total governmental funds and changes in net position of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense." The details of this $6,930 difference are as follows (in thousands):

Capital outlay	$	22,421
Depreciation expense		(29,351)
Net adjustment to fund balance	$	(6,930)

Another element of that reconciliation states that "The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins and donations) is to decrease net position." The details of this $3,742 difference are as follows (in thousands):

In the statement of activities, only the gain/loss on the sale of capital assets is reported. However, in the governmental funds, the proceeds from the sale increase financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold.	$	(1,003)
Donations of capital assets increase net position in the statement of activities, but do not appear in the governmental funds because they are not financial resources.		4,745
Net adjustment to fund balance	$	3,742

Another element of that reconciliation states that "The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities." The details of this $28,909 difference are as follows (in thousands):

Principal repayments:		
Limited tax refunding and general obligation debt	$	28,125
Capital lease		784
Net adjustment to fund balance	$	28,909

Another element of that reconciliation states that "Some expenses reported in the statement of activities do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds." The details of this $36,324 difference are as follows (in thousands):

Changes in:	
Compensated absences	$ (413)
Other postemployment benefits	55,662
Net pension liablility	(69,803)
Deferred pension outflows	83,738
Deferred pension inflows	23,507
Deferred OPEB outflows	725
Deferred OPEB inflows	(58,328)
Accrued interest payable	184
Amortization of deferred charge on refunding	(560)
Amortization of bond premiums	1,612
Net adjustment to fund balance	$ 36,324

3. CASH AND INVESTMENTS

Cash

At year-end, the County's carrying amount of cash (including restricted cash in the fiduciary funds) was $353,581,291 and the bank balance was $362,451,899, all of which was covered by Federal Depository Insurance Corporation or by collateral held by the County's agent in the County's name.

Investments

As of September 30, 2019 the County had the following investments and maturities (in thousands):

Investment Type	Carrying Amount	Maturity in Years less than 1	Maturity in Years 1 - 5	% of total Portfolio
Governmental funds:				
Certificates of deposit	$ 2,726	$ 2,056	$ 670	2.1%
Investment pools:				
TexPool	25,637	25,637	-	19.3%
Lone Star	27,493	27,493	-	20.8%
TexStar	30,693	30,693	-	23.2%
Texas CLASS	5,437	5,437	-	4.1%
Fiduciary funds:				
Certificates of deposit	40,445	18,146	22,299	30.5%
Total Investments	$ 132,431	$ 109,462	$ 22,969	100%

The County categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

As of September 30, 2019, investment pools and certificates of deposit are not classified in the fair value hierarchy. The recorded position of the pools for TexPool, Lone Star and Texas CLASS are measured at amortized cost

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

as these pools meet the requirements of GASB Statement No. 79. The recorded position of the pool for TexStar is measured at net asset value and is designed to approximate the share value; however, the net asset value is not guaranteed or insured. All pools offer same day access to investments. The County has no unfunded commitments to these pools and may redeem investments at any time.

Regulatory oversight for the operations of these investment pools is found in the Public Funds Investment Act of the State of Texas. Required oversight for pools includes compliance with investment guidelines, annual independent audits and the establishment of oversight boards.

Interest rate risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, the County's investment policy limits the County's investment holdings to maturities of less than 60 months. All investments will be in high quality securities with no perceived default risk.

Credit risk: In accordance with the County's investment policy, the primary objective of all investment activity is the preservation of capital and the safety of principal in the overall portfolio. Each investment transaction shall seek to ensure first that capital losses are avoided, whether they are from security defaults or erosion of market value. All external investment pools in which the County participates have a credit quality rating of "AAA" by Standard and Poor's. The debt securities of the U.S. Government sponsored entities, Federal Home Loan Bank, Federal Home Loan Mortgage Corporation, and Federal National Mortgage Association, are rated "AA+" by Standard and Poor's rating agency.

Custodial credit risk: For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the County will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. County policy requires all investments to be acquired on a delivery vs. payment basis at the custodial agent from brokers independent of the custodial agent. As of September 30, 2019, all of the County's investments are held in the County's name.

Concentration of credit risk: The County will diversify its investments by institution. With the exception of US Treasury securities, no more than 50% of the County's total investment portfolio will be invested with a single financial institution.

Debt proceeds may be invested in a single security or investment if such an investment is necessary to comply with Federal arbitrage restrictions or to facilitate arbitrage record keeping and calculation. The County has more than 5% of its investments in several pools, the amount, type of investment, and percentage in the portfolio is listed in the table above.

The following is a reconciliation of cash and investments to the statement of net position (in thousands):

Cash	$ 353,581
Investments	132,431
Total	$ 486,012
Cash and investments per Statement of Net Position:	
Unrestricted	$ 380,042
Cash and investments per Statement of Fiduciary Net Position:	
Unrestricted	55,490
Restricted	50,480
Total	$ 486,012

4. RECEIVABLES AND ALLOWANCE FOR UNCOLLECTIBLE ACCOUNTS

The following is a summary of property taxes receivable and allowance for uncollectible accounts (in thousands):

	General	Road and Bridge	Debt Service	Total
Property taxes receivable	$ 28,627	$ 17	$ 4,115	$ 32,759
Allowance for uncollectibles	(22,816)	(10)	(3,488)	(26,314)
Net Taxes Receivable	$ 5,811	$ 7	$ 627	$ 6,445

The following is a summary of other accounts receivable for the County's individual major funds, nonmajor funds, internal service funds, and component units, including the allowance for uncollectible accounts (in thousands):

Governmental Funds	General	Road and Bridge	Debt Service	Capital Projects	Grants	Other Governmental Funds	Total
Accounts receivable	$ 3,357	$ 364	$ -	$ 32	$ 992	$ 2,558	$ 7,303
Fee office receivable	87,369	-	-	-	-	-	87,369
Intergovernmental receivable	1,328	405	6	-	18,503	1,173	21,415
Allowance for uncollectible	(84,109)	-	-	-	(332)	(47)	(84,488)
Net accounts receivable	$ 7,945	$ 769	$ 6	$ 32	$ 19,163	$ 3,684	$ 31,599

Proprietary Funds	Enterprise	Internal Service	Total
Accounts receivable	$ 93	$ 3,562	$ 3,655
Allowance for uncollectible	(1)	(8)	(9)
Net accounts receivable	$ 92	$ 3,554	$ 3,646

5. OPERATING LEASES - LESSOR

The County is the lessor in several cancelable operating leases to various entities for space at the Resource Connection, a 16-building, one-stop center providing employment, education, health and human services programs to clients through state and local governmental agencies and non-profit organizations. The County's investment in the property on the operating leases is as follows (in thousands):

	Carrying Value
Buildings	$5,676
Less: accumulated depreciation	(4,680)
Net carrying value	$996

6. CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2019 was as follows (in thousands):

	Balance October 1, 2018	Additions	Disposals	Transfers	Balance September 30, 2019
Governmental activities:

7. LONG-TERM DEBT AND LIABILITIES

General obligation debt and limited tax refunding bonds are generally payable from property tax revenues. Capital leases are payable from the capital projects fund. Pension liability, OPEB obligations and compensated absences are generally liquidated from the following funds: General, Road and Bridge, Grants, Resource Connection and Other Governmental funds.

All the long-term debt was issued to provide funds for the acquisition of land, buildings, materials and supplies, equipment, machinery and motor vehicles and for improvements, renovations, repairs and construction of County buildings, and for purchasing, constructing, reconstructing, renovating, rehabilitating, improving and maintaining streets, roads, highways and bridges within the County, including city, county and state roads, highways and bridges.

On May 13, 2006, the voters of Tarrant County overwhelmingly approved five bond propositions for a total of $433,120,000 to fund street, road and bridge improvements, a new jail facility, a new county/district courts building, expansion of the juvenile justice facilities, and new medical examiner and crime lab facilities. The County has issued $418,120,000 Limited Tax Bonds for this purpose.

At fiscal year-end, $158,812,823 of debt related proceeds have not been used in the calculation of net investment in capital assets. This amount includes proceeds that are not related to County capital projects, as these expenditures are related to interlocal agreements with municipalities for road and bridge improvements, not future assets owned by the County and other unspent bond proceeds.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Long-term debt of the County consisted of the following at September 30, 2019 (in thousands):

Limited Tax Refunding and General Obligation - Series 2010 Original amount of $70,045 dated September 15, 2010, with interest rates from 2.0% 5.0%, payable in annual installments in varying amounts plus interest through 2030. The issuance included the refunding of Limited Tax Bonds $15,600 of the 2002 Limited Tax Bonds. $33,310 of the General Obligation was refunded with the 2017 issuance.	$	7,690
Limited Tax Refunding and General Obligation - Series 2013 Original amount of $72,260 dated September 1, 2013, with interest rates from 1.0% to 5.0%, payable in annual installments in varying amounts plus interest through 2033. The issuance included the refunding of $19,975 of the 2004 Limited Tax Refunding and Improvement Bonds and $17,235 of the 2005 Limited Tax Refunding Bonds.		47,120
Limited Tax Refunding and General Obligation - Series 2015 Original amount of $67,075 dated August 1, 2015, with interest rates from 2.0% to 5.0%, payable in annual installments in varying amounts plus interest through 2035. This issuance included the refunding of $32,455 of the 2007 Limited Tax Bonds.		61,895
Limited Tax Refunding and General Obligation - Series 2015A Original amount of $82,980 dated August 1, 2015, with interest rate of 1.97%, payable in annual installments in varying amounts plus interest through 2026. The issuance included the refunding of $5,465 of the 2005 Limited Tax Refunding Bonds and the $49,890 of the 2006 Limited Tax Bonds.		55,095
Limited Tax Refunding - Series 2016 Original amount of $70,905 dated August 1, 2016, with interest rate of 1.48%, payable in annual installments in varying amounts plus interest through 2028. The issuance included the refunding of $65,150 of the 2008 Limited Tax Bonds.		58,855
Limited Tax Refunding - Series 2017 Original amount of $36,860 dated August 14, 2017, with interest rate of 2.13%, payable in annual installments in varying amounts plus interest through 2030. The issuance included the refunding of $33,310 of the 2010 Limited Tax Refunding and Improvement Bonds. All of the debt defeased remains outstanding at September 30, 2019.		35,720
		266,375
Less - current maturities		25,930
Long-term debt, net of current maturities		240,445
Plus premiums		11,884
Long-term debt, net of current maturities, and premium	$	252,329

The premium is amortized over the life of the debt using the straight line method, which approximates the effective interest method.

The annual debt service payments to maturity for the County's bonds are as follows (in thousands):

Fiscal Year(s)	Bonds		Direct Placements		Total Principal & Interest
	Principal	Interest	Principal	Interest	
2020	$ 11,390	$ 5,552	$ 14,540	$ 2,717	$ 34,199
2021	9,300	4,983	17,470	2,460	34,213
2022	9,775	4,518	17,785	2,142	34,220
2023	8,370	4,029	18,105	1,817	32,321
2024	8,805	3,611	18,435	1,487	32,338
2025-2029	35,150	12,675	59,470	2,987	110,282
2030-2034	29,505	5,393	3,865	82	38,845
2035	4,410	220	-	-	4,630
Total	$ 116,705	$ 40,981	$ 149,670	$ 13,692	$ 321,048

The County has entered into a lease agreement for financing the acquisition of public safety radio equipment. The carrying value of the equipment as of September 30, 2019 is $139,642, which is $3,783,063 plus a trade-in amount of $317,700 less accumulated depreciation of $3,961,121. The County has also entered into a property lease agreement containing a leasehold improvement component. The carrying value of the leasehold improvement as of September 30, 2019 is $121,250, which is $150,000 less amortization of $28,750. The aforementioned equipment lease agreement and leasehold improvement qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments as of the inception date.

The future minimum lease obligation and the net present value of the minimum lease payments as of September 30, 2019 is as follows (in thousands):

Fiscal Year	Governmental Activities
2020	$ 794
2021	38
2022	37
2023	3
Total minimum lease payments	$ 872
Less: amount representing interest	(15)
Present value of minimum lease payments	$ 857

The following is a summary of the changes in long-term liabilities of the County for the year ended September 30, 2019 (in thousands):

	Balance October 1, 2018	Additions	Retirements	Balance September 30, 2019	Amounts Due within One year
Governmental activities:					
Bonds payable	$ 294,500	$ -	$ (28,125)	$ 266,375	$ 25,930

Premium	13,496	-	(1,612)	11,884	-
Total bonds payable	307,996	-	(29,737)	278,259	25,930
Capital lease	1,641	-	(784)	857	786
Total	$ 309,637	$ -	$ (30,521)	$ 279,116	$ 26,716
Governmental activities:					
Compensated absences	$ 45,500	$ 35,346	$ (34,933)	$ 45,913	$ 33,021
Business-type activities:					
Compensated absences	$ 112	$ 99	$ (85)	$ 126	$ 91

Conduit Debt

Occasionally the Corporations established by Tarrant County issue conduit debt in the name of the Corporations to provide financial assistance to private sector entities for various purposes of public interest. The obligation for repayment of the debt rests with the private party benefiting from the proceeds of such debt. Neither the County nor the Corporations are obligated in any manner for repayment of the debt. Accordingly, the borrowings are not reported as liabilities in the accompanying financial statements.

The estimated amount of conduit debt outstanding at September 30, 2019 is as follows (in thousands):

Tarrant County Housing Finance Corporation	$ 217,198
Tarrant County Health Facilities Development Corporation	155,610
Tarrant County Cultural Education Facilities Finance Corporation	5,808,122
Total Conduit Debt	$ 6,180,930

Subsequent to year end, the Commissioners Court has approved for the Tarrant County Cultural Education Facilities Finance Corporation to issue debt for several entities, not to exceed $918,915,000.

8. DEFICIT NET POSITION

The following County fund had a deficit net position as of September 30, 2019 (in thousands):

Worker's Compensation	$ 5,081

The deficit net position is due to the accrual of future year liabilities of $7,571,749. This liability is based on an actuarial study. The County plans to continue to fund the current year workers compensation claims and maintain a $1,000,000 reserve for any unforeseen expenditures.

9. INTERFUND BALANCES AND ACTIVITY

The following is a summary of County interfund transfers, receivable and payables at September 30, 2019 and for the year then ended (in thousands):

Transfer From	Amount	Transfer To	Explanation
General Fund	$ 30,722	Capital Projects Fund	Supplement capital funds
General Fund	8,305	Road and Bridge	Supplement transportation services
General Fund	987	Other Governmental Funds	Supplement fund sources
General Fund	375	Internal Service Funds	Supplement self insurance fund
Internal Service Funds	494	Other Governmental Funds	Supplement fund sources
Other Governmental Funds	608	General Fund	Supplement courthouse security activity
Other Governmental Funds	59	General Fund	Supplement deferred prosecution program
	$ 41,550		

Funds Due From	Amount	Funds Due To	Explanation
Grants Fund	$ 15,544	General Fund	Short-term loan
Other Governmental Funds	31	General Fund	Short-term loan
	$ 15,575		

Advance From	Amount	Advance To	Explanation
Capital Project Fund	$ 607	Enterprise	Repayment for Medium Voltage Distribution Project to be repaid as funds are available.

10. DEFERRED COMPENSATION PLANS

The County offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. Various investment companies administer the plan. The plan, available to all employees, permits them to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. The County has established a custodial legal trust arrangement with the investment companies, which administer the plan. Under these trust arrangements, all amounts of compensation deferred under the plan, all property and rights purchased with those amounts, and all income attributable to those amounts, property or rights are solely the property and rights of the employees. Accordingly, the amounts invested with these investment companies are not included in the County's financial statements.

11. PENSION AND OTHER POST EMPLOYMENT BENEFIT PLANS

PENSION PLAN

(a) General Information about the Pension Plan

Plan Description

The County provides retirement, disability and death benefits for all of its full-time employees through a nontraditional defined benefit pension plan in the statewide Texas County and District Retirement System (TCDRS). TCDRS is an agent multiple-employer defined benefit pension plan. The Board of Trustees of TCDRS is responsible for the administration of the statewide agent multiple-employer public employee retirement system. TCDRS, in the aggregate, issues a comprehensive annual financial report (CAFR) on

a calendar year basis. The CAFR is available upon written request from the TCDRS Board of Trustees at Barton Oaks Plaza IV, Ste.500, 901 S. MoPac Expy, Austin, Texas 78746 or viewed at www.tcdrs.org.

Benefits Provided

Plan provisions are adopted by the Commissioners Court, within the options available in the Texas state statutes governing TCDRS (TCDRS Act). Members can retire at ages 60 and above with 8 or more years of service, with 30 years of service regardless of age, or when the sum of their age and years of service equals 75 or more. Members are vested after 8 years of service but must leave their accumulated contributions in the plan to receive any employer-financed benefit. Members who withdraw their personal contributions in a lump sum are not entitled to any amounts contributed by the County.

Benefit amounts are determined by the sum of the employee's contributions to the plan, with interest, and employer-financed monetary credits. The level of these monetary credits is adopted by the Commissioners Court within the actuarial constraints imposed by the TCDRS Act so that the resulting benefits can be expected to be adequately financed by the County's commitment to contribute. At retirement, death, or disability, the benefit is calculated by converting the sum of the employee's accumulated contributions and the employer-financed monetary credits to a monthly annuity using annuity purchase rates prescribed by the TCDRS Act.

Annually, the County reviews the plan to determine benefit and contribution levels. In August 2018 the County approved a 1% cost-of-living adjustment benefit increase effective January 1, 2019.

Employees Covered by Benefit Terms

At December 31, 2018, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	2,570
Inactive employees entitled but not yet receiving benefits	1,886
Active employees	4,188
Total	8,644

Contributions

The County has elected the annually determined contribution rate (ADCR) plan provisions of the TCDRS Act. The plan is funded by monthly contributions from both employee members and the County based on the covered payroll of employee members. Under the TCDRS Act, the contribution rate of the County is actuarially determined annually. The County contributed 19.5% for the calendar year 2018, which was 4.99% greater than the actuarially required contribution rate of 14.51% and contributed 19.5% for the calendar year 2019, which was 5.34% greater than the actuarially required contribution rate of 14.16%. The contribution rate payable by the employee members for calendar years 2018 and 2019 is 7% as adopted by the governing body of the County.

(b) Net Pension Liability

The County's net pension liability was measured as of December 31, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

Actuarial Assumptions

The total pension liability in the December 31, 2018 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75 %	
Salary Increases	3.25 %	
Investment rate of return	8.10 %	(Includes 0.1 % to be gross of administrative expenses)

The County has a history of granting cost-of-living adjustments, therefore cost-of-living adjustments are considered to be substantively automatic under GASB 68. An annual 1% cost-of-living adjustment is included in the calculations.

The annual salary increase rates assumed for individual members vary by length of service and by entry-age group. The annual rates consist of a general wage inflation component of 3.25% (made up of 2.75% inflation and 0.50% productivity increase assumptions) and a merit, promotion and longevity component that on average approximates 1.60% per year for a career employee.

Mortality rates for depositing members were based on 90% of the RP-2014 Active Employee Mortality Table for males and females as appropriate, projected with 110% of the MP-2014 Ultimate scale after 2014. Service retirees, beneficiaries and non-depositing members were based on 130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014. Disabled retirees were based on 130% of the RP-2014 Disabled Annuitant Mortality Table for males and 115% of the RP-2014 Disabled Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.

The long-term expected rate of return on TCDRS assets is determined by adding expected inflation to expected long-term real returns, and reflecting expected volatility and correlation. The numbers shown on the following table are based on January 2019 information for a 10 year time horizon and are re-assessed at a minimum every four years, and is set based on a 30-year time horizon; the most recent analysis was performed in 2017. More information regarding Milliman's experience report may be obtained by contacting TCDRS at TCDRS.org. The target asset allocation was adopted by the TCDRS Board in April 2019. The geometric real rate of return is net of inflation, assumed at 1.7%.

Asset Class	Target Allocation	Geometric Real Rate of Return
US equities	10.5%	5.40%
Private equity	18.0%	8.40%
Global equities	2.5%	5.70%
International equities - developed	10.0%	5.40%
International equities - emerging	7.0%	5.90%
Investment-grade bonds	3.0%	1.60%
Strategic credit	12.0%	4.39%
Direct lending	11.0%	7.95%
Distressed debt	2.0%	7.20%
REIT equities	2.0%	4.15%
Master limited partnerships	3.0%	5.35%
Private real estate partnerships	6.0%	6.30%
Hedge funds	13.0%	3.90%
	100.00%	

Discount Rate

The discount rate used to measure the total pension liability was 8.1%. Using the alternative method, the projected fiduciary net position is determined to be sufficient compared to projected benefit payments based on the funding requirements under the County's funding policy and the legal requirements under the TCDRS Act.

1. TCDRS has a funding policy where the unfunded actuarial accrued liability (UAAL) shall be amortized as a level percent of pay over 20-year closed layered periods.
2. Under the TCDRS Act, the County is legally required to make the contribution specified in the funding policy.
3. The County's assets are projected to exceed its accrued liabilities in 20 years or less. When this point is reached, the County is still required to contribute at least the normal cost.
4. Any increased cost due to the adoption of a COLA is required to be funded over a period of 15 years.

Since the projected fiduciary net position is projected to be sufficient to pay projected benefit payments in all future years, the discount rate for purposes of calculating the total pension liability and the net pension liability of the County is equal to the long-term assumed rate of return on investments.

(c) Changes in Net Pension Liability (in thousands):

	Increase (Decrease)		
	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances as of December 31, 2017	$ 1,667,799	$ 1,394,031	$ 273,768
Changes for the year:			
Service cost	39,155	-	39,155
Interest on total pension liability[1]	135,469	-	135,469
Effect of assumption changes or inputs[2]	(60,557)		(60,557)
Difference between expected and actual activity	(1,393)	-	(1,393)
Refunds of contributions	(2,068)	(2,068)	-
Benefit payments	(71,926)	(71,926)	-
Employer contributions	-	51,604	(51,604)
Member contributions	-	18,518	(18,518)
Net investment loss	-	(26,041)	26,041
Administrative expenses	-	(1,096)	1,096
Other[3]	1,780	1,513	267
Net changes	40,460	(29,496)	69,956
Balances as of December 31, 2018	$ 1,708,259	$ 1,364,535	$ 343,724

[1] Reflects the change in the liability due to the time value of money. TCDRS does not charge fees or interest.
[2] Reflects plan changes adopted effective in 2019. Also reflects change in substantively automatic COLA valued.
[3] Relates to allocation of sytem-wide items.

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the County, calculated using the discount rate of 8.1%, as well as what the County's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (7.1%) or 1-percentage-point higher (9.1%) than the current rate (in thousands):

	1% Decrease 7.10%	Current Discount Rate 8.10%	1% Increase 9.10%
Total pension liability	$ 1,928,695	$ 1,708,259	$ 1,522,378
Fiduciary net position	1,364,535	1,364,535	1,364,535
Net pension liability	$ 564,160	$ 343,724	$ 157,843

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued TCDRS financial report.

(d) Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2019 the County recognized pension expense of $15,766,829. As of September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to pension from the following sources (amounts in thousands):

	Governmental Activities	Business-type Activities	Total
Deferred Outflows of Resources			
Changes of assumptions	$ 7,085	$ 21	$ 7,106
Net difference between projected and actual earnings	85,746	240	85,986
Contributions subsequent to the measurement date	41,116	112	41,228
Total deferred ouflows of resources	$ 133,947	$ 373	$ 134,320
Deferred Inflows of Resources			
Differences between expected and actual experience	$ 18,672	$ 56	$ 18,728
Changes of assumptions	6,603	20	6,623
Total deferred inflows of resources	$ 25,275	$ 76	$ 25,351

Amounts reported as deferred outflows of resources and deferred inflows of resources related to pension, other than contributions subsequent to the measurement date, will be recognized in pension expense as follows (in thousands):

Year ended September 30:	Amount
2019	$ 28,580
2020	9,371
2021	6,856
2022	23,166
2023	(232)
after 2023	0

(e) Payable to the Pension Plan

At September 30, 2019 , the County reported a payable of $5,611,499 for the outstanding amount of contributions to the pension plan required for the year ended September 30, 2019.

OTHER POSTEMPLOYMENT BENEFIT PLAN

(a) General Information about the Other Postemployment Benefit Plan

Plan Description

The County's group medical plans ("Plan") are administered through the Public Employee Benefits Cooperative. The Plan is a single employer defined benefit healthcare plan funded on a pay-as-you-go basis. OPEB includes health insurance and Medicare supplements.

Benefits Provided

Tarrant County provides medical, dental, and vision insurance benefits, as well as mental health benefits to its retired employees and their dependents. An employee must be eligible for retirement and currently enrolled in the Plan to be eligible for retiree insurance. A separate audited report is not available.

Local Government Code Section 157.1010 assigns the authority to establish and amend benefit provisions to Commissioners Court. The County is under no legal obligation to pay these premiums, and the decision to provide these benefits is made by the Commissioners Court on a year-to-year basis.

The rates are set annually by the Commissioners Court based on the combination of premiums and prior year costs of the self-funded portion of the Plan. The Plan is funded on a pay-as-you-go basis.

Employees Covered by Benefit Terms

At September 30, 2018, the measurement date, the following participants were covered by the Plan:

Retired participants and surviving spouses	967
Active participating employees	4,079
Total	5,046

(b) Total OPEB Liability

The County's total OPEB liability of $163,715,410 was measured as of September 30, 2018, and was determined by an actuarial valuation as of that date.

Actuarial Assumptions and Other Inputs

The total OPEB liability at September 30, 2018 was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation Rate	3.00%
Discount rate	4.18%, based on the Bond Buyer 20-Bond GO Index
Healthcare cost trend rates	6.50% for 2018, decreasing 0.50% each year until reaching the ultimate trend rate of 4.50%
Stop Loss Fees	6.50% for 2018, decreasing 0.50% each year until reaching the ultimate trend rate of 4.50%
Administrative Fees	4.50% for all years
Salary Increases	Varies by entry age and years of service between 3.77% and 8.41%
Mortality Table	PUB 2010 generational table scaled using MP-19 and applied on a gender-specific basis

Retirees share of benefit-related costs

Pre-65 Retirees:

Participants who retired prior to October 1, 2005, and their covered spouses are assumed to pay contributions equal to 17% of gross pre-65 costs. For all future retirees and all current retirees who retired on or after October 1, 2005, pre-65 retiree contributions are based on years of service at retirement, according to the chart below. These contribution percentages are applied against pre-65 per capita costs, which are based on pre-65 retirees only.

Years of service at retirement	Retiree contribution percentage
0-9	100%
10-14	75%
15-19	55%
20-24	40%
25+	20%

Post-65 Retirees:

There is no County subsidy for participants with less than 10 years of service at retirement. For participants with 10+ years of service, the County provides a subsidy that varies between the Medicare Supplement and Medicare Advantage plans. Additionally, beginning with plan year 2014, the County adopted a 3% soft cap for its post-65 retirees. The County will have increases of no more than 3% year-over-year from 2014 forward, with the remainder of any annual increase passed on to the retirees.

Termination for active employees or rate of withdrawal is based on Texas County & District Retirement System (TCDRS) Actuarial Valuation as of December 31, 2017. The rate of withdrawal for reasons other than death and retirement is dependent on an employee's age and years of service. The tables were adjusted for "Extra Low" termination group.

The actuarial assumptions used in the September 30, 2018 valuation were based on the results of an actuarial experience study for the period January 1, 2013 through December 31, 2017.

(c) Changes in Total OPEB Liability (in thousands):

	Total OPEB Liability
Balances as of September 30, 2017	$ 219,561
Changes for the year:	
Service cost	11,025
Interest	8,236
Difference between expected and actual experience	(48,089)
Changes in assumptions or other inputs	(19,539)
Benefit payments	(7,479)
Net changes	(55,846)
Balances as of September 30, 2018	$ 163,715

Changes of assumptions since the prior valuation

- The base mortality table was updated from the RP-2014 (with adjustments) to the PUB-2010
- The mortality improvement scale was updated from MP-2014 to MP-2019
- The discount rate increased from 3.64% to 4.18%
- Lower ultimate healthcare trends were used, along with faster grading

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents the total OPEB liability of the County, calculated using the discount rate of 4.18%, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (3.18%) or 1-percentage-point higher (5.18%) than the current rate (amounts in thousands):

	1% Decrease 3.18%	Current Discount Rate 4.18%	1% Increase 5.18%
Total OPEB liability	$ 191,547	$ 163,715	$ 139,158

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents the total OPEB liability of the County, calculated using the current HCA Consulting trend study and are applied on a select and ultimate basis. Select trends are reduced by .50% each year until reaching the ultimate trend rate of 4.50%. Medical and RX Benefits (Pre & Post 65) were calculated using a 6.50% trend and reduced by .50% each year after until reaching the ultimate trend rate of 4.50%. Stop Loss Fees were calculated using a 6.50% trend and reduced by .50% each year after until reaching the ultimate trend rate of 4.50%. Administrative Fees were calculated using 4.5% each year (amounts in thousands):

	1% Decrease	Medical, RX, & Stop Loss 6.50% Administrative Fees 4.50% Current	1% Increase
Total OPEB liability	$ 140,795	$ 163,715	$ 191,547

(d) OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2019, the County recognized OPEB expense of $10,152,921. As of September 30, 2019, the County reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (amounts in thousands):

	Governmental Activities	Business-type Activities	Total
Deferred Outflows of Resources:			
Contributions subsequent to the measurement date	$ 8,179	$ 25	$ 8,204
Deferred Inflows of Resources:			
Differences between expected and actual experience	31,253	102	31,355
Changes in assumptions	42,603	140	42,743

Amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows (amounts in thousands):

Year ended September 30:	Amount
2020	$ 9,109
2021	9,109
2022	9,109
2023	9,109
2024	9,109
after 2024	28,556

(e) Additional Disclosures

Texas Local Government Code, Chapter 175 requires counties to make available continued health benefits coverage under certain circumstances to retirees and their dependents beyond the end of an individual's employment with the County by permitting covered employees to purchase continued health benefits coverage in retirement. Texas Law does not require counties to fund all or any portion of such coverage.

Because the County is given the authority to pay OPEB for its retired employees, it may incur a debt obligation to pay for OPEB so long as the county follows the constitutional requirement that it have sufficient taxing authority available at the time such debt is incurred to provide for the payment of the debt and has in fact levied a tax for such purpose concurrently with the incurrence of the debt. Any debt incurred in contravention of this constitutional requirement is considered void and payment will not be due. Tarrant County has not incurred a legal debt obligation for OPEB and has not levied a tax for the same. The County funds the costs associated with OPEB on a current "pay as you go" basis for a single fiscal year through an annual appropriation authorized by Commissioners Court during the County's annual budget adoption process.

GAAP requires governmental organizations to recognize a net OPEB liability measured by an actuary, even though it may not have a legally enforceable obligation to pay OPEB benefits.

The County implemented GASB 75 during fiscal year 2018. Accordingly, information and amounts presented in the County's Comprehensive Annual Financial Report relative to OPEB expenses/expenditures, related deferred outflows, deferred inflows, liabilities (assets), note disclosures, and supplementary information are only intended to achieve compliance with the requirements of generally accepted accounting principles and does not constitute or imply that the County has made a commitment or is legally obligated to provide OPEB benefits.

12. COMMITMENTS

Encumbrances

Encumbrances are commitments related to unperformed contracts for goods or services (i.e. purchase orders). At year end, the County's governmental funds had the following outstanding encumbrances (amounts in thousands):

General	$	3,374
Road and Bridge		1,969
Capital Projects		27,187
Grants		10,423
Other Governmental Funds		2,677
Total	$	45,630

Construction and other significant commitments

The County has several active construction and software development projects as of September 30, 2019. The County has also entered into agreements with cities and the Texas Department of Transportation to assist with the funding of transportation projects to mitigate congestion and improve air quality within Tarrant County.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

At fiscal year end the County's commitments with contractors and municipalities are as follows (in thousands):

Project:	Spent to date	Remaining Commitment
Juvenile justice complex	$ 3,593	$ 987
Southwest subcourthouse expansion	16,507	332
Criminal courts software	17,512	168
Jail management system	6,276	173
Transportation projects	22,376	16,497
Total	$ 66,264	$ 18,157

The County has no material future operating lease commitments. Total rental expense incurred for the County for fiscal year 2019 was $2,936,631.

13. CONTINGENCIES

The County participates in a number of state and federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Such compliance audits of these programs for the periods ended September 30, 2019 have not yet been completed. Accordingly, the County's compliance with applicable grant or contract requirements will be established at some future date. The amount, if any, of expenditures, which may be disallowed by the granting agencies, cannot be determined at this time, and, accordingly, no accrual has been made for them, as management believes these to be immaterial.

The County is party to lawsuits and claims in the ordinary course of operations. Some areas such as law enforcement and the judicial process generate increased opportunities for claims and suits. County management believes the outcome of these legal matters would not have a material adverse effect on the County's financial position.

The County is self-insured for workers' compensation, automobile bodily injury and property damage, comprehensive general liability and all self-insured retentions for existing policies. It is the opinion of County management that the amounts accrued at September 30, 2019 are adequate to provide for potential losses resulting from pending or threatened litigation, asserted claims and claims incurred but not reported.

14. SELF-INSURANCE PROGRAMS

The County is exposed to various risks of loss in its normal daily operations. These risks include tort claims, theft/damage of County assets, errors and omissions, injury to employees and natural disasters. Additionally, the County self-insures a portion of the employee group health care plans.

The County has established three separate self-insurance funds (Internal Service) to account for these operations. The three funds are:

Employee Benefits Fund – accounts for County employee benefits.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Self-Insurance Fund – accounts for general liability, law enforcement, public officials' errors and omissions, medical malpractice and automobile physical damage.

Workers Compensation Fund – accounts for workers compensation claims.

Commercial insurance has been obtained for most instances of physical property damage. Coverage and deductible amounts are as follows:

	Coverage	Deductible
Buildings	$600,000,000	$ 250,000/500,000
Boilers and machinery	100,000,000	25,000
Scheduled heavy equipment	23,119,756	15,000
Scheduled equipment	44,515,838	2,500

The County purchases full coverage insurance on vehicles that operate under certain grants. The County also purchases several crime policies to cover exposure to employee dishonesty in different departments. These carry a coverage amount of $2,000 to $2,000,000 with a deductible of $500 to $20,000.

The District Clerk Errors and Omissions Fund and the County Clerk Errors and Omissions Fund were established pursuant to state law and provide for the collection of a fee for certain cases filed with the respective clerks.

During fiscal year 2019, the County purchased an excess workers' compensation policy with a $1,000,000 per occurrence retention.

Beginning in fiscal 1994, the County elected to self-insure a portion of the employee/retiree group health care program. Specifically, employees and retirees are offered options for group health coverage, some of which provide an insured coverage based on fixed premiums while others are self-insured programs. The self-insured options are re-insured to prevent extraordinary or catastrophic losses. Dental coverage is offered with one option being a self-insured indemnity plan, and all other options being fixed premium Dental Maintenance Organization plans. At September 30, 2019, 3,622 and 3,371 employees participate in health care coverage and dental coverage, respectively.

Change in the accrued liability in the Employee Benefits Fund for the last two years is as follows (in thousands):

	2018	2019
Beginning liability	$ 3,976	$ 4,434
New claims/adjustments	59,034	65,311
Claims paid/adjustments	(58,576)	(65,115)
Ending liability	$ 4,434	$ 4,630

For the year ended September 30, 2019, an actuarial study was obtained for the Workers' Compensation Fund and the Self-Insurance Fund. This study was used as a basis for determining the liability at September 30, 2019

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Change in the accrued liability in the Workers' Compensation Fund and Self-insurance Fund for the last two years is as follows (in thousands):

	2018	2019
Beginning liability	$ 8,602	$ 9,447
New claims/adjustments	2,976	2,949
Claims paid/adjustments	(2,976)	(2,949)
Other - change in estimate	845	(422)
Ending liability	$ 9,447	$ 9,025
Amount due within 1 year	$ 3,529	$ 3,481

There were no significant reductions in insurance coverage from the prior year, nor did any settlement exceed coverage for the past three years.

15. ECONOMIC DEVELOPMENT AGREEMENTS

Tax Incremental Financing Agreements

The County participates in several Tax Increment Financing ("TIF") Districts with other governmental entities through Interlocal Agreements. TIF is an economic development tool used by local governments to finance public improvements within a defined geographic area. For the year a TIF District is created, the taxable assessed value of real property located in the District is generally frozen for the duration of the agreement. The subsequent development and redevelopment of properties within the District increases taxable appraised values. The incremental taxes collected are returned to the entity that initially financed the improvements, e.g., city contributions, city bond fund or developer advances. The Texas Property Tax Code, Chapter 311 represents legislation governing Tax Increment Financing. The TIF contribution is recorded as a reduction of tax revenue.

Subsequent to year end, the County approved participation in several agreements. 1) City of Crowley Tax Increment Financing Reinvestment Zone #1, beginning with tax year 2019, at a participation rate of 75% of its collected incremental tax revenue up to a maximum cumulative contribution of $34,308,629; 2) City of Grand Prairie Tax Increment Financing Reinvestment Zone #1, beginning with tax year 2019, at a participation rate of 50% of its collected incremental tax revenue up to a maximum cumulative contribution of $6,953,909; 3) City of North Richland Hills Tax Increment Financing Reinvestment Zone #3, beginning with tax year 2020, at a participation rate of 25% of its collected incremental tax revenue up to a maximum cumulative contribution of $1,707,150.

Also, subsequent ot year end, the County approved amendment #1 to the City of Arlington Tax Increment Financing Zone #1 (Downtown), which decreased the participation rate to 70% of the County's Maintenance and Operations tax rate, extended the term of the zone by twenty years and increased the County's maximum tax increment contribution to $7,907,710.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

The following table illustrates the County's participation (in thousands):

Name	Participation Rate	Taxes Forgone During 2019
City of Arlington #1 (maintenance and operation rate only)	100%	$ 318
City of Arlington #5	70%	475
City of Arlington #6	75%	873
City of Azle #1	50%	30
City of Benbrook #1	100%	319
City of Euless #3	75%	381
City of Euless #4	75%	9
City of Everman #1	50%	6
City of Fort Worth #3	40%	673
City of Fort Worth #4	50%	671
City of Fort Worth #7	80%	2,004
City of Fort Worth #8	40%	407
City of Fort Worth #9	80%	941
City of Fort Worth #10	50%	113
City of Fort Worth #12	100%	199
City of Fort Worth #13	80%	308
City of Fort Worth #14	50%	170
City of Fort Worth #15	50%	51
City of Haltom City #1	75%	<1
City of Kennedale #1	75%	15
City of Mansfield #1	30%	131
City of Mansfield #2	75%	80
City of North Richland Hills #1	100%	46
City of North Richland Hills #2	100%	1,086
City of Richland Hills #1	75%	23
City of Sansom Park #1	80%	55
Town of Trophy Club #1	60%	26
		$ 9,410

The following TIF's had no increase to the taxable appraised value, therefore, no taxes were forgone:

Name	Participation Rate
City of Fort Worth #6	100%

Tax Abatements

Chapter 312 of the Texas Property Tax Code, Property Redevelopment and Tax Abatement Act, grants the Commissioners Court the authority to execute tax abatement agreements for the County and on behalf of the Tarrant County Hospital District (TCHD). The County enters into economic development agreements with businesses that locate or expand within the County with the expectation of stimulating the economy and tax base.

County policy grants tax abatements on ad valorem real and personal property that is expected to produce a minimum added assessed value of 1) $5,000,000 for new business, with creation of 25 jobs, 2) $3,000,000 for expansion or modernization of existing business, sustaining existing employment levels, or 3) agreed upon additional evaluation criteria. The agreements provide for a reduction of incremental assessed value over a period not to exceed ten years. Some agreements provide for repayment of forgone taxes if the business fails to meet certain criteria.

No commitments have been made as part of the agreements other than to reduce incremental assessed values. The County is not subject to tax abatement agreements entered into by other governmental entities.

For the fiscal year ended September 30, 2019, the County's and TCHD's abated property taxes were (in thousands):

Tax Abatement	# of Entities	Assessed Value Abated	Total Amount of Taxes Forgone	
			County	TCHD
Multi-Family Residential Development	1	80%	$ 63	$ 52
Corporate Offices/Data Center	4	40 - 75%	1,837	1,069
Convention Center Hotel	1	60 - 80%	149	-
Manufacturing Facility	4	30 - 70%	841	786
Total Abated Taxes			$ 2,890	$ 1,907

The County has entered into tax abatement agreements which begin in future years for the following:

Tax Abatement	# of Entities	Partipation %
Multi-Family Residential Development	1	50 - 70%
Mixed Use Development	1	50%
Corporate Offices/Data Center	2	40 - 70%
Manufacturing Facility	2	40 - 70%
Maintenance/Operations Facility	1	40 - 50%
Office/Warehouse Facility	1	50%

16. FUND BALANCES

The following is the detail of the County's fund balances at September 30, 2019 (in thousands):

	General	Road and Bridge	Debt Service	Capital Projects	Grants	Other Governmental Funds	Total
Nonspendable:							
Supplies/prepaid items	$ 2,825	$ 973	$ -	$ -	$ 1,997	$ 71	$ 5,866

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

17. JOINT VENTURE

The County has formed a Local Government Corporation, along with certain other government organizations, to coordinate the joint development of court software, known as Techshare. The arrangement is organized as a hybrid of a joint venture and joint operations. To date all investment into Techshare has been made as undivided interests in separately-owned assets and is accounted for as such.

18. RECENT ACCOUNTING PRONOUNCEMENTS

The County is currently reviewing the following GASB statements and has not determined the impact these statements will have on its financial statements:

GASB Statement No. 84, *Fiduciary Activities***,** is effective for the County beginning fiscal year 2020. This statement establishes criteria for identifying activities that should be reported and clarifies whether and how business-type activities should report their fiduciary activities

GASB Statement No. 87, *Leases*, is effective for the County beginning fiscal year 2021. The statement establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset.

GASB Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period,* is effective for the County beginning fiscal year 2021. This Statement establishes accounting requirements for interest cost incurred before the end of a construction period.

GASB Statement No. 90, *Majority Equity Interests—an amendment of GASB Statements No. 14 and No. 61,* is effective for the County beginning fiscal year 2020. The statement defines a majority equity interest and establishes the accounting and financial reporting required.

GASB Statement No. 91, *Conduit Debt Obligations,* is effective for the County beginning fiscal year 2022. The statement establishes a single method for accounting and reporting conduit debt by clarifying the definition of a conduit debt obligation.

GASB Statement No. 92, *Omnibus 2020,* is effective for the County beginning fiscal year 2021. This statement addresses a variety of topics including issues related to clarify the implementation of Statements 73, 74, 83, 84 and 87.

19. SUBSEQUENT EVENTS

In response to the Coronavirus (COVID-19), the County Judge issued a Declaration of Local Disaster due to a Public Health Emergency on March 13, 2020. The effect of COVID-19 on the financial condition of the County is undeterminable at this date.

20. TARRANT COUNTY HOSPITAL DISTRICT NOTES

(a) Nature of Operations and Summary of Significant Accounting Policies

Cash and Cash Equivalents and Investments

TCHD considers all liquid investments with original maturities of three months or less to be cash equivalents. At September 30, 2019, cash equivalents consisted primarily of money market accounts with brokers and state investment pools.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Investments and Investment Income

Investments in U.S. Treasury, agency and instrumentality obligations with a remaining maturity of one-year or less at time of acquisition and in non-negotiable certificates of deposit are carried at amortized cost. Investments in external investment pools qualify for amortized cost under GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, are carried at amortized cost per share. All other investments are carried at fair value.

Investment income includes dividend and interest income, realized gains and losses on investments carried at other than fair value and the net change for the year in the fair value of investments carried at fair value.

Patient Accounts Receivable

TCHD reports patient account receivable for services rendered at net realizable amounts from third-party payers, patients and others. TCHD provides an allowance for uncollectible accounts based upon a review of outstanding receivables, historical collection information and existing economic conditions.

Supplies

Supply inventories are stated at the lower of cost, determined using the first-in, first-out method or market.

Capital Assets

Capital assets are recorded at cost at the date of acquisition, or acquisition value at the date of donation if acquired by gift. Depreciation is computed using the straight-line method over the estimated useful life of each asset. Assets under capital lease obligations and leasehold improvements are depreciated over the shorter of the lease term or their respective estimated useful lives. The following estimated useful lives:

Land improvements	10 - 20 years
Buildings and improvements	10 - 40 years
Equipment	3 - 20 years
Computer software	3 - 10 years

TCHD capitalizes interest costs as a component of construction in progress, based on the weighted-average rates paid for long-term borrowing. Total interest incurred was $929,000.

Compensated Absences

TCHD policies permit most employees to accumulate vacation and sick leave benefits that may be realized as paid time off or, in limited circumstances, as a cash payment. Expense and the related liability are recognized as benefits are earned whether the employee is expected to realize the benefit as time off or in cash. Compensated absence liabilities are computed using the regular pay and termination pay rates in effect at the balance sheet date, plus an additional amount for compensation-related payments as social security and Medicare taxes computed using rates in effect at that date.

Defined Benefit Pension Plan

TCHD sponsors a defined benefit pension plan (Plan) as more fully described in Note (k). For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to and deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Deferred Outflows/Inflows of Resources

Transactions not meeting the definition of an asset or liability that result in the consumption or acquisition of net position in one period that are applicable to future periods are reported as deferred outflows of resources and deferred inflows of resources. As of September 30, 2019, TCHD's deferred outflows and deferred inflows of resources were related to TCHD's defined benefit pension plan as described more fully in Note (k).

Net Patient Service Revenue

TCHD has agreements with third-party payers that provide for payments to TCHD at amounts different from its established rates. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payers and others for services rendered and includes estimated retroactive revenue adjustments, and a provision for uncollectible accounts. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered and such estimated amounts are revised in future periods as adjustments become known.

Tobacco Settlement Revenue

Tobacco settlement revenue is the result of a settlement between various counties and hospital districts in Texas and the tobacco industry for tobacco-related health care costs. During the year ended September 30, 2019 the TCHD received approximately $7,945,000 related to the settlement. This revenue is recognized as other revenue.

Charity Care

TCHD provides care without charge or at amounts less than its established rates to patients who meet certain criteria under its charity care policy. Because TCHD does not pursue collection of amounts determined to qualify as charity care, they are not reported as patient service revenue.

Income Taxes

As an essential government function of the County, TCHD is generally exempt from federal and state income taxes under Section 115 of the Internal Revenue Code (IRC) and a similar provision of state law.

Risk Management

TCHD is exposed to various risks of loss from torts; theft of, damage to and destruction of assets; business interruption; errors and omissions; employee injuries and illnesses; natural disasters; medical malpractice; and employee health, dental and accident benefits. Commercial insurance coverage is purchased for claims arising from such matters other than medical malpractice, employee health and workers' compensation claims. Settled claims have not exceeded this commercial coverage in any of the three preceding years.

TCHD is self-insured for a portion of its exposure to risk of loss from medical malpractice, employee health and workers' compensation claims. Annual estimated provisions are accrued for the self-insured portion of these risks and include an estimate of the ultimate costs for both reported claims and claims incurred but not yet reported.

(b) Net Patient Service Revenue

TCHD has agreements with third-party payers that provide for payments to TCHD at amounts different from its established rates. These payment arrangements include:

Medicare – Inpatient acute care services and substantially all outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates. These rates vary according to a patient classification system that is based on clinical, diagnostic and other factors. Certain inpatient nonacute

services and defined medical education costs are paid based on a cost reimbursement methodology. TCHD is reimbursed for certain services at tentative rates with final settlement determined after submission of annual cost reports by TCHD and audits thereof by the Medicare administrative contractor. TCHD's Medicare cost reports have been audited through September 30, 2015.

Medicaid – Inpatient services rendered to Medicaid program beneficiaries are reimbursed under a prospective payment system. Inpatient reimbursement is inclusive of an add-on for trauma care that is based on the Medicaid Standards Dollar Amount. Outpatient and physician services are reimbursed under a mixture of fee schedules and cost reimbursement. TCHD is reimbursed for cost reimbursable services at tentative rates with final settlement determined after submission of annual cost reports by TCHD and audits thereof by the Medicaid administrative contractor. TCHD's Medicaid cost reports have been audited through September 30, 2015.

Approximately 69 percent of net patient service revenue is from participation in the Medicare and state-sponsored Medicaid programs for the year ended September 30, 2019. Settlements under reimbursement agreements with Medicare and Medicaid programs are estimated and recorded in the period the related services are rendered and are adjusted in future periods as adjustments become known or as the service years are no longer subject to audit, review or investigation. Annual cost reports required under the Medicare and Medicaid programs are subject to routine audits, which may result in adjustments to the amounts ultimately determined to be due under the reimbursement programs. These audits often require several years to reach their financial determination of amounts earned under the programs. As a result, it is reasonably possible that the recorded estimates will change materially in the near term.

TCHD has also entered into payment agreements with certain commercial insurance carriers, HMOs and preferred provider organizations. The basis for payment to TCHD under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates.

(c) Supplemental Medicaid Funding Revenue

Supplemental Medicaid funding revenue includes revenue received from the Medicaid Disproportionate Share Program of approximately $25,816,000 for the year ended September 30, 2019. The funding TCHD has received is subject to audit and is not representative of funding to be received in future years.

On December 12, 2011, the United States Department of Health & Human Services (HHSC) approved a new Medicaid section 1115(a) demonstration entitled "Texas Health Transformation and Quality Improvement Program"(Waiver). The Waiver expanded existing Medicaid managed care programs and established two funding pools that will assist providers with uncompensated care costs (UC Pool) and promote health system transformation (DSRIP Pool). The revenue from the two funding pools is recognized as earned throughout the related demonstration year. During 2019, TCHD recognized approximately $48,216,000 and $52,161,000 from the UC Pool and the DSRIP Pool, respectively. The funding TCHD has received is subject to audit and is not representative of funding to be received in future years.

The Waiver was effective from December 12, 2011 to September 30, 2016 and extended through December 2017 as HHSC and the Centers for Medicare and Medicaid Services (CMS) negotiated a longer term extension. On December 21, 2017, HHSC received an approved extension from CMS for the period of January 1, 2018 through September 30, 2022. Among other changes, the approved plan requires a change in the methodology used to allocate UC funds and a phase out of the DSRIP program over the five year period. The impact of these changes has not yet been determined, but could have an adverse impact on TCHD's operating results.

In 2018, TCHD began participating in the Uniform Hospital Rate Increase Program (UHRIP). Under UHRIP, HHSC may direct Medicaid managed care organizations in a service delivery area to provide a uniform percentage rate increase to all hospitals within a particular class of hospital, increasing revenue from services provided to Medicaid managed care beneficiaries. The state's share of UHRIP funding is funded through intergovernmental transfers from certain hospitals, including TCHD. Revenue from UHRIP is recognized as a component of net patient service revenue.

In 2019, TCHD began receiving supplemental payments through the Medicaid Graduate Medical Education (GME) program. The GME program provides reimbursement to support teaching hospitals that operate approved medical residency training programs in recognition of the higher costs incurred by teaching hospitals. Revenue recognized from the GME program was approximately $3,348,000 in 2019.

The programs described above are subject to review and scrutiny by both the Texas Legislature and CMS, and the programs could be modified or terminated based upon new legislation or regulation in future periods.

During 2017, TCHD began participation in a Local Provider Participation Fund (LPPF) in Tarrant County. TCHD acts as the administrator of the LPPF by assessment and collection of mandatory payments from hospitals in Tarrant County. These payments are to be used to fund intergovernmental transfers representing the state's share of supplemental Medicaid funding programs. As TCHD acts as a conduit for these funds, the receipts and intergovernmental transfers are not recognized as revenue and expense in the statements of revenues, expenses and changes in net position. During 2019, TCHD collected $197,210,000 in mandatory payments and made intergovernmental transfers of $127,813,000. At September 30, 2019, TCHD held $74,362,000 in mandatory payments that will be transferred in 2020.

(d) Property Tax Revenue

TCHD received approximately 38 percent of its support from property taxes. Property taxes are levied on October 1, based on assessed property values on the preceding January 1. To secure payment, an enforceable lien attaches to the property on January 1, when the value is assessed. Property taxes become due and payable when levied on October 1. This is the date on which an enforceable legal claim arises and TCHD records a receivable for the property tax assessment, less an allowance for uncollectible taxes. Property taxes are considered delinquent after January 31 of the following year. TCHD recorded an allowance for uncollectible property taxes of approximately $9,193,000 at September 30, 2019.

TCHD's property tax rate was $0.223390 per $100 valuation for the maintenance and operation fund and property tax revenue for this fund was $411,942,000. TCHD's property tax rate was $0.001039 per $100 valuation for the interest and sinking fund and property tax revenue for this fund was $1,916,000.

(e) Deposits, Investments and Investment Income

Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. TCHD's deposit policy for custodial credit risk requires compliance with the provisions of state law.

State law requires collateralization of all deposit with federal depository insurance or other qualified investments. At September 30, 2019, TCHD's deposits were either insured or collateralized in accordance with state law.

At September 30, 2019, a blended component unit of TCHD's cash accounts exceeded federally insured limits by $2,344,000.

Investments

TCHD may legally invest in direct obligations of and other obligations guaranteed as to principal by the U.S. Treasury and U.S. agencies and instrumentalities and in bank repurchase agreements. It may also invest to a limited extent in corporate bonds and equity securities.

At September 30, 2019, TCHD's investment balances were as follows (in thousands):

		Maturity in Years	
Investment Type	Fair Value	less than 1	1-5
Investment pools	$ 144,704	$ 144,704	$ -
U.S. Agencies obligations	52,975	52,407	568
Money market mutual funds	1,184	1,184	-
Commercial paper	73,080	73,080	-
		$ 271,375	$ 568
Mutual funds	2,341		
Total Investments	$ 274,284		

Interest rate risk: As a means of limiting its exposure to fair value losses arising from rising interest rates, TCHD investment policy requires that total investments have a weighted average maturity of five years or less. TCHD's investments in U.S. Treasury and agency obligations include fixed rate notes and bonds with a weighted average maturity of three years. The longer the maturity of a fixed rate obligation, the greater the impact a change in interest rates will have on its fair value. As interest rates increase, the fair value of the obligations decrease. Likewise, when interest rates decrease, the fair value of the obligations increase. The money market mutual funds are presented as an investment with a maturity of less than one year because they are redeemable in full immediately.

Credit risk: Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. TCHD's policy is to limit its investments to U.S. Treasury and agency obligations or otherwise follow the restriction of the Texas Public Funds Investment Act. TCHD's investments in U.S. Treasury obligations carry the explicit guarantee of the U.S. government. The debt securities of the U.S. agencies are rated Aaa by Moody's rating agency.

TCHD also invests in TexPool and TexStar, state investment pools (Pools), which are considered investments for financial reporting. The Texas State Comptroller of Public Accounts oversees TexPool. Federated Investors provides asset management and participant services for TexPool's operations under a contract with the Comptroller. TexStar is a local government investment pool offering professionally managed portfolios to government entities in the state of Texas. The governing board of directors selects co-administrators for TexStar that provide fund management. TCHD has an undivided beneficial interest in the pool of assets held by the Pools. Investments must be in compliance with the Texas Public Funds Investment Act and include obligations of the United States or its agencies, direct obligation of the State of Texas or its agencies, certificates of deposit and repurchase agreements. The fair value of the position in these pools is the same as the value of the shares in each pool.

The Pools, as well as the money market mutual funds invested in by TCHD, are rated as AAAm by Standard & Poor's. TCHD's investments in commercial paper was rated Aa1 to Aa3 by Moody's rating agency.

TCHD also invests in certificates of deposit, which are classified as deposits for financial reporting purposes. These certificates of deposit are fully collateralized by the various financial institutions.

Custodial credit risk: For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, TCHD would not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All of TCHD's investments are held in safekeeping or trust accounts.

Concentration of credit risk: TCHD places no limit on the amount that may be invested in any one issuer as long as the restrictions of the Texas Public Funds Investment Act are followed.

The following table reflects TCHD's investments in single issuers that represent more than five percent of total investments:

Federal Home Loan Bank	5.70%
Federal Home Loan Mortgage Association	2.40%
Federal National Mortgage Association	9.10%
Federal Farm Credit Bank	2.10%
Toyota Motor Credit Commercial Paper	7.20%
JP Morgan Securities Commercial Paper	10.30%
Northwestern University Commercial Paper	9.10%

Investment Income

Investment income for the fiscal year ended September 30, 2019 consisted of interest and dividend income of $16,478,000 and a net increase in fair value of investments of $1,308,000 for a total of $17,786,000.

(f) Patient Accounts Receivable

TCHD grants credit without collateral to its patients, many of whom are area residents and are insured under third-party payer agreements. Patient accounts receivable at September 30, 2019 consisted of (in thousands):

Medicare	$ 11,205
Medicaid	11,554
Other third-party payers	37,090
Patients	72,102
	131,951
Less allowance for uncollectible accounts	(80,277)
Total	$ 51,674

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

(g) Capital Assets

A summary of TCHD capital assets at year-end is as follows (in thousands):

	Balance October 1, 2018	Additions	Disposals	Transfers	Balance September 30, 2019
Land and improvements	$ 65,466	$ 1,641	$ -	$ -	$ 67,107
Buildings and improvements	261,520	1,995	-	4,817	268,332
Equipment	459,046	20,053	(26,325)	3,960	456,734
Construction in progress	5,522	12,495	-	(8,777)	9,240
	791,554	36,184	(26,325)	-	801,413
Less accumulated depreciation	(527,597)	(38,450)	26,325	-	(539,722)
Capital assets, net	$ 263,957	$ (2,266)	$ -	$ -	$ 261,691

(h) Self-Insurance Programs

Medical Malpractice and General Liability Risks

TCHD is self-insured for medical malpractice and general liability claims. TCHD's maximum liability for professional and general liability claims as a governmental unit under the Tort Claims Act is generally $100,000 per individual and $300,000 per occurrence. Losses from asserted and unasserted claims identified in TCHD's incident reporting system are accrued based on estimates that incorporate TCHD's past experience, as well as other considerations, including the nature of each claim or incident and relevant trend factors. It is reasonably possible that TCHD's estimate of losses will change by a material amount in the near term.

Activity in the TCHD's accrued medical malpractice claims liability for the last two years is as follows (in thousands):

	2018	2019
Balance, beginning of year	$ 558	$ 782
Current year claims incurred and changes in estimates for claims incurred in prior years	261	(34)
Claims and expenses paid	(37)	(288)
Balance, end of year	$ 782	$ 460

Employee Health Claims

Substantially all of TCHD's employees and their dependents are eligible to participate in the TCHD's employee health insurance plan. Commercial stop-loss insurance coverage is purchased for claims in excess of $500,000. A provision is accrued for self-insured employee health claims including both claims reported and claims incurred but not yet reported. The accrual is estimated based on consideration of prior claims experience, recently settled claims, frequency of claims, and other economic and social factors. It is reasonably possible that the TCHD's estimate will change by a material amount in the near term.

Activity in the TCHD's accrued employee health claims liability for the last two years is as follows (in thousands):

	2018	2019
Balance, beginning of year	$ 4,551	$ 5,350
Current year claims incurred and changes in estimates for claims incurred in prior years	56,787	53,802
Claims and expenses paid	(55,988)	(54,352)
Balance, end of year	$ 5,350	$ 4,800

Worker's Compensation Claims

The TCHD is self-insured for workers' compensation claims. A provision is accrued for self-insured workers compensation claims including both claims reported and claims incurred but not yet reported. The accrual is estimated based on consideration of prior claims experience, recently settled claims, frequency of claims, and other economic and social factors. It is reasonably possible that the TCHD's estimate will change by a material amount in the near term.

Activity in the TCHD's accrued workers' compensation claims liability for the last two years is as follows (in thousands):

	2018	2019
Balance, beginning of year	$ 2,107	$ 2,470
Current year claims incurred and changes in estimates for claims incurred in prior years	2,286	2,934
Claims and expenses paid	(1,923)	(2,622)
Balance, end of year	$ 2,470	$ 2,782

(i) Long-Term Debt

Long-term debt of TCHD consisted of the following at September 30, 2019 (in thousands):

General Obligation Refunding Bonds - Series 2016: Original amount of $22,415 dated January 1, 2016, which bears interest at a rate of 2.24%, payable annually with installments ranging from $1,600 to $1,955 through 2029. The bonds are secured by property tax revenue. The proceeds from the bonds were used to advance refund the Series 2006 bonds.	$	17,735
Revenue Bonds - Senior Lien Revenue Refunding Bonds, Series 2012: Original amount of $25,890 dated September 1, 2012, which bear interest at rates ranging from 3.0% to 5.0%, payable annually with installments ranging from $1,655 to $2,205 through 2027. The bonds are secured by revenues of TCHD, excluding property tax revenue. All of the bonds still outstanding may be redeemed at TCHD's option on or after August 15, 2023, at par value plus accrued interest. The proceeds from the bonds were used to advance refund the Series 2002 bonds.		15,555
		33,290
Less - current maturities		(3,255)
Long-term debt, net of current maturities		30,035
Plus premium		84
Long-term debt, net of current maturities and premium	$	30,119

TCHD's debt service payments to maturity are as follows (in thousands):

Fiscal Year	Principal	Interest	Total Principal & Interest
2020	$ 3,255	$ 997	$ 4,252
2021	3,375	878	4,253
2022	3,495	754	4,249
2023	3,625	625	4,250
2024	3,760	490	4,250
2025-2029	15,780	945	16,725
Total	$ 33,290	$ 4,689	$ 37,979

The following is a summary of the changes in long-term debt for TCHD for the year ended September 30, 2019 (in thousands):

Beginning liability	$	36,430
Additions		-
Retirements		(3,140)
Ending liability	$	33,290
Amount due within one year	$	3,255

(j) Uncompensated Care

In support of its mission, TCHD voluntarily provides free care to patients who lack financial resources and are deemed to be medically indigent. The cost of charity care provided under the charity care policy was $175,217,000. The cost of charity care is estimated by applying the ratio of cost to gross charges to the gross charity care charges.

(k) Retirement Plans

Plan Description

TCHD sponsors an agent multiple-employer defined benefit pension plan for eligible employees within a multiemployer retirement program sponsored for member hospitals by the Texas Hospital Association (THA). HealthShare/THA, a wholly owned subsidiary of THA, is the plan administrator of the pension plan. The Plan's assets are invested as a portion of the THA's master pension trust fund. The Plan provides retirement, death, and disability benefits. Amendments to the Plan are made only with the authority of TCHD's Board of Managers.The Plan does not issue a stand-alone financial report. However, an annual actuarial valuation report is available from TCHD or HealthShare/THA. The report may be obtained by writing HealthShare/THA at 1108 Lavaca, Suite 700, Austin, Texas 78701.

Benefits Provided

The Plan provides retirement, disability, and death benefits. Retirement benefits for eligible employees are calculated as 1.4% of the employee's final five-year average compensation plus 0.7% of the employee's final five-year average compensation, if any, that exceeds $75,000, with the sum multiplied times the employee's years of service.

Participants with five years of participation service are eligible to retire at age 65. Participants may retire at any age after 55 if they have ten years or vesting service. Unreduced Early Retirement is available at age 62 if they have 10 years of vesting service. Disability retirement benefits are determined in the same manner as retirement benefits but are payable immediately with an actuarial reduction. Death benefits are determined in the same manner as retirement benefits but are payable immediately with an actuarial reduction. An employee who leaves the employer's service may withdraw his or her contributions, plus any accumulated interest.

Effective October 1, 2006, participation in the pension plan became mandatory for full-time employees completing one-year of service on or after October 1, 2006. An amendment effective October 1, 2011, made plan participation voluntary for employees hired after that date.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

The employees covered by the Plan at October 1, 2018 (measurement date), are:

Inactive employees or beneficiaries currently receiving benefits	393
Inactive employees entitled to but not yet receiving benefits	1,317
Active employees	3,917
Total	5,627

Contributions

The TCHD Board has the sole authority to establish and amend the contribution requirements of the active employees. TCHD's contributions are based on an actuarially determined rate recommended by an independent actuary. The actuarial determined rate is the established amount necessary to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. TCHD is required to contribute the difference between the actuarially determined rate and the contribution rate of employees. For TCHD's fiscal year ended September 30, 2018, the average active employee contribution rate was 1.0% of annual pay, and TCHD's average contribution rate was 6.75% of annual payroll.

TCHD's contribution changed to 6.25% of participate payroll effective October 1, 2018 and will remain at that level as long as the amount thus determined is sufficient to pay the Employer Normal Cost and amortize the Unfunded Actuarial Liability (Net Pension Liability) over a period of not more than 25 years. TCHD's contributions are expected to be 6.25% of estimated participant compensation for the plan year ending September 30, 2019. The costs of administering the plan are paid by the plan and are considered in the determination of the employer contribution rate. The active employee contribution rate is 2.0% of annual pay effective October 1, 2018.

Net Pension Liability

TCHD's net pension liability was measured as of October 1, 2018, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

The total pension liability in the October 1, 2018, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.25%
Salary increases	5.0%, average, including inflation
Ad hoc cost of living adjustments	Not included
Investment rate of return	7.00%, net of pension plan investment expense, including inflations

Mortality rates were based on the Society of Actuaries RP-2014 Mortality Table, projected from the 2006 base year with Projection Scale MP-2018.

The actuarial assumptions used in the October 1, 2018, valuation were based on the results of an actuarial experience study for the period 2011-2016.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These components are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the

target asset allocation percentage and by adding expected inflation (2.25%). In addition, the final 7.00% assumption reflected a reduction of 0.20% for adverse deviation.

The target allocation and expected arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Domestic equity	65.0%	6.1%
International equity	10.0%	5.5%
Fixed income	25.0%	1.7%
	100.0%	

Discount Rate

The discount rate used to measure the total pension liability was 7.00% at October 1, 2018. The projection of cash flows used to determine the discount rate assumed that employee contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the employee rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Changes in the total pension liability, Plan fiduciary net position and the net pension liability (in thousands):

	Total Pension Liability (a)	Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balances as of September 30, 2018	$ 258,989	$ 257,038	$ 1,951
Changes for the year:			
Service cost	15,429	-	15,429
Interest on total pension liability	19,526	-	19,526
Changes of benefit terms	184	-	184
Difference between expected and actual experience	4,775	-	4,775
Contributions - employee	-	2,314	(2,314)
Contributions - employer	-	17,305	(17,305)
Net investment income	-	25,385	(25,385)
Benefit payments, including refunds of employee contributions	(8,577)	(8,577)	-
Administrative expenses	(886)	(886)	-
Assumption changes	8,396	-	8,396
Net changes	38,847	35,541	3,306
Balances as of September 30, 2019	$ 297,836	$ 292,579	$ 5,257

The net pension liability of TCHD has been calculated using a discount rate of 7.00% at October 1, 2018. The following presents the net pension liability using a discount rate 1 % higher and 1 % lower than the current rate (in thousands).

	1% Decrease 6.00%	Current Discount Rate 7.00%	1% Increase 8.00%
Net pension liability (asset)	$ 42,761	$ 5,257	$ (25,678)

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2019, TCHD recognized pension expense of $14,601,000. At September 30, 2019, TCHD reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	$ 7,828	$ 7
Employer contributions subsequent to the measurement date	17,281	-
Changes of assumptions	6,662	2,070
Net difference between projected and actual earnings on plan investments	-	13,791
Total	$ 31,771	$ 15,868

At September 30, 2019, TCHD reported $17,281,000 as deferred outflows of resources related to pensions resulting from TCHD's contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability at September 30, 2019.

Other amounts reported as deferred inflows of resources and deferred outflows of resources at September 30, 2019, related to pensions will be recognized in pension expense as follows (in thousands):

Year Ended September 30:	Amount
2020	$ 916
2021	(1,971)
2022	(748)
2023	425
Total	$ (1,378)

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Pension Plan Fiduciary Net Position

As of October 1, 2018, the Plan's fiduciary net position was comprised of the following (in thousands):

Cash and cash equivalents	$ 91,710
Investments, at fair value	
Common stocks	68,387
Mutual funds	171,835
Common/collective trust funds	278,959
103-12 investment fund	27,057
Total investments at fair value	546,238
Total plan fiduciary net position	$ 637,948

TCHD's interest in the Plan net position as of the measurement date of October 1, 2018 was $292,579,000.

Investment policy: Investment policy decisions are established and maintained by the Trustees of the THA Retirement Plan for Member Hospitals. The Trustees have several asset mix alternatives from which participating employers may choose in order to control risk. The Trustees employ and select investment managers with the advice of investment counsel which is completely independent of the investment managers.

The primary goal of a pension fund is to help pay the cost of the pension plan while providing adequate security to meet the benefits promised under the Plan. As a consequence, two important dimensions of a pension plan's investment program are expected return and expected risk.

The Plan's trustees diversify Plan investments among asset classes, recognizing that there is a relationship between the level of risk assumed in an investment program and the level of return that should be expected. Appropriate diversification better enables the trust to balance risk and return. The asset mix selected by TCHD is set forth below:

Asset Class/Style	Target Asset Mix
Large Cap U.S. Equities	50%
Small Cap U.S. Equities	15%
International Equities	10%
Total Equities	75%
Intermediate fixed income	24%
Cash	1%
Total fixed income	25%

The Trustees maintain a portfolio structure that may combine active and passive management in order to balance the objectives of enhanced return and cost control.

Passive equity and fixed income portfolios invest in a substantially similar manner as that of the underlying benchmark.

Active equity managers have the following requirements:

- The equity portion of the portfolio should not be less that 90 percent of the portfolio, measured at market value.
- Equity holdings in any one economic sector should not exceed the greater of 30 percent of the portfolio or 10 percentage points above the sector weight in the benchmark.
- Equity holdings in any single company (including common stock and convertible securities) should not exceed 10 percent of the portfolio.

Active Fixed Income managers have the following requirements:

- The primary investments should be government, corporate and mortgage securities.
- Holdings in obligations of any single entity (with the exception of the U.S. government and/or its agencies) should not exceed 5 percent of the portfolio.

The common collective trust fund investment objective is to approximate as closely as practicable, before expenses, to the performance of the S&P 500 Index over the long term.

The 103-12 investment fund objective is to approximate as closely as practicable to the performance of the MSCI EAFE Index.

Investment Rate of Return: The annual money-weighted rate of return on pension plan investments, net of expenses, which expresses net investment performance adjusted for changing amounts actually invested each month was (9.3%) for the 12 months ended October 1, 2018.

Credit Risk: Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. It is the Plan's policy to limit its holdings in obligations of any single entity, excluding U.S. government and its agencies, to 5% of the portfolio.

Custodial Credit Risk: For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Plan will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. All of the Plan's investments are held in trust accounts.

Concentration of Credit Risk: It is the Plan's policy to limit equity holdings in any one economic sector to the greater of 25% of the portfolio or 10% above the sector weight in the benchmark and limit equity holdings in any single company to 7% of the portfolio. Additionally, the Plan's policy limits holdings in fixed income obligations of any single entity, excluding U.S. government and its agencies, to 5% of the portfolio.

The following reflects the Plan's investments in single issuers that represent more than 5% of total investment:

State Street S&P 500 Index NL Fund	33.7%
Vanguard Small Cap Index	12.7%
State Street Aggregate Bond Index NL Fund	10.1%
PIMCO Total Return	10.1%
Dodge & Cox International Stock	4.2%
Morgan Stanley International Equity Trust	4.2%

Following is a description of the valuation methodologies and inputs used for pension plan assets measured at fair value on a recurring basis, as well as the general classification of pension plan assets pursuant to the valuation hierarchy. The fair value of the pension plan assets at October 1, 2018 were as follows (in thousands):

		Fair Value Measurements Using		
	Carrying Amount	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level				
Common stocks	$ 68,387	$ 68,387	$ -	$ -
Mutual funds	171,835	171,835	-	-
Total investments by fair value level	240,222	$ 240,222	$ -	$ -
Investments measured at the net asset value (NAV) (A)				
Common/collective trust fund	278,959			
103-12 investment fund	27,057			
Total investments measured at the NAV	306,016			
Total investments at fair value	$ 546,238			

(A) Certain investments that are measured at fair value using the net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts included above are intended to permit reconciliation of the fair value hierarchy to the amounts disclosed for total plan investments at fair value.

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. The Plan did not hold any Level 2 or 3 securities at October 1, 2018. The valuation method for investments measured at the net asset value (NAV) per share (or its equivalent) are presented as above. There were no unfunded commitments or redemption restrictions for these funds.

Other Benefit Plans

TCHD has an IRC Section 401(a) plan that includes an employer match calculated as 50% of an employee's contribution to the IRC Section 403(b) plan discussed below, up to 4% of pay. The contributions for the employer match on the plan were approximately $7,641,000 for the fiscal year ended September 30, 2019.

In addition, TCHD offers its employees a tax deferred annuity plan created in accordance with IRC Section 457. The plan, available to all employees, permits them to defer a portion of their salary until future years. All amounts of compensation deferred under the plan and income attributable to those amounts are solely the property of the employee. Thus, the plan amounts are not reported in the financial statements.

Also, TCHD offers its employees a tax deferred annuity plan created in accordance with IRC Section 403(b). The plan, available to all employees, permits them to defer a portion of their salary until future years. All amounts of compensation deferred under the plan and income attributable to those amounts are solely the

property of the employee. Thus, the plan amounts are not reported in the financial statements. Employee contributions were $17,666,000 for the fiscal year ended September 30, 2019.

TCHD has a Governmental Excess Benefit Arrangement Plan for executives approved by the Board of Managers. This plan is to provide participants in the defined benefit plan that portion of a participant's benefits that would otherwise be payable under the terms of the defined benefit plan, except for the limitations on benefits imposed by Section 415(b) of the IRC. Contributions to this plan are included in noncurrent cash and investments and the plan liability is recorded in other long-term liabilities in the balance sheet. As of September 30, 2019, $1,184,000 in contributions are included in noncurrent cash and investments and approximately $1,074,000 was due under this plan. Approximately $106,000 of benefit expense was recognized in fiscal year 2019.

(l) Disclosures About Fair Value of Assets and Liabilities

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurements must maximize the use of observable inputs and minimize the use of unobservable inputs. There is a hierarchy of three levels of inputs that may be used to measure fair value:

Level 1 Quoted prices in active markets for identical assets or liabilities

Level 2 Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities

Level 3 Unobservable inputs supported by little or no market activity and are significant to the fair value of the assets or liabilities

Recurring Measurements

The following table presents the fair value measurements of assets and liabilities recognized in the accompanying financial statements measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at September 30, 2019 (in thousands):

		Fair Value Measurements Using		
	Carrying Amount	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments by fair value level				
U.S. Agency obligations	$ 52,975	$ 4,626	$ 48,349	$ -
Investment pool	67,725	-	67,725	-
Commercial paper	73,080	-	73,080	-
Money market mutual funds	1,184	1,184	-	-
Mutual funds	2,341	2,341	-	-
Total investments by fair value level	197,305	$ 8,151	$ 189,154	$ -
Investment pool carried at amortized cost	76,979			
Total Investments	$ 274,284			

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. If quoted market prices are not available, then fair values are estimated by using quoted prices of securities with similar characteristics or independent asset pricing services and pricing models, the inputs of which are market-based or independently sourced market parameters, including, but not limited to, yield curves, interest rates, volatilities, prepayments, defaults, cumulative loss projections and cash flows. Such securities are classified in Level 2 of the valuation hierarchy. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy. TCHD held no Level 3 investments as of September 30, 2019.

21. MY HEALTH MY RESOURCES OF TARRANT COUNTY NOTES

(a) Summary of Significant Accounting Policies

Deposits and Investments

MHMRTC's cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with original maturities of three months or less from the date of acquisition. Interest revenue is recorded in the applicable fund.

The Public Funds Investment Act provides the primary legal basis for the investment of public funds. Following those parameters, MHMRTC's investment policy authorizes investments in obligations of the United States government, its agencies and instrumentalities, (but excluding mortgage backed securities); obligations of the State of Texas or its agencies or instrumentalities; other obligations which are unconditionally guaranteed or insured by, the State of Texas or the United States or their respective agencies and instrumentalities; obligations of agencies, counties, cities and other political subdivisions of the State of Texas having been rated as to investment quality by a nationally recognized investment rating firm and having received a

rating of not less than “A” or its equivalent; certificates of deposit, and other forms of deposit, issued by an institution with a main office or branch office in Texas that are fully insured or collateralized; fully collateralized repurchase agreements; AAA rated SEC registered government money market mutual funds, and constant dollar local government investment pools. During the year ended August 31, 2019, MHMRTC did not own any types of securities other than those permitted by statute.

Investments, when applicable, are stated at fair value within the fair value hierarchy established by generally accepted accounting principles.

Receivables

MHMRTC accounts receivable from patients and insurance carriers for services rendered are reduced by the amount of such billings deemed by management to be ultimately uncollectible. MHMRTC provides for an amount of uncollectible patient fees using the reserve method based on past payment history. At the year ended August 31 2019, accounts receivable for patient services are $15,616,336 less the allowance for doubtful accounts in the amount of $11,724,118 for a net realizable value of $3,892,218.

Inventories and Prepaid Expenditures

Inventories consist of expendable supplies and drugs held for consumption and medications supplied at various area retail pharmacies for MHMRTC’s clients which are valued at cost on a first-in, first-out basis. Under the consumption method of accounting for inventories, supplies are capitalized as inventory until used. Once consumed, inventories are charged to expenditures. Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

Capital Assets

Capital assets include property, plant and equipment. Capital assets are defined as assets with an initial, individual cost of more than $2,500 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized.

Property, plant and equipment is depreciated using the straight-line method over the following useful lives:

Building and improvements	10-40 years
Furniture and equipment	3-10 years
Vehicles	5 years

Source Funds

Some funds from federal and other state sources represent fee for service reimbursements, as well as project grants. The funds that are specifically for individual patient service reimbursements are reported as local funds under patient fees or insurance reimbursements identified by source.

Compensated Absences

Full-time employees earn personal time off (PTO) each pay period of work performed. Accrual of PTO hours is based on the number years of service. Employees may carryover PTO from year to year in graduated

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

amounts ranging from 204 hours for employees with two years of service to 372 hours for employees with 15 years of service.

After two years of employment, vested PTO is paid upon termination in graduated amounts ranging from 50% of their balance up to a maximum of 126 hours for employee with two years of service to 100% of their balance up to maximum of 372 hours for employees with more than 15 years of service.

Certain employees hired prior to September 12, 2003 participate in an extended leave bank (ELB). While these employees do not accrue any additional ELB hours, ELB hours accrued prior to September 12, 2003 may be used for personal illness, illness of a family member or health related appointments. ELB hours that are not used may be carried forward to subsequent years until fully utilized. ELB hours are not paid upon termination of employment. The General Fund has been used in prior years to liquidate the liability for compensated absences.

Risk Management

MHMRTC is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; doctors' malpractice; and natural disasters. During fiscal 2019, MHMRTC is covered under a general liability insurance plan with a combined single limit of $3,000,000 at a cost it considers to be economically justifiable.

MHMRTC has commercial insurance for all other risks of loss, including employee health benefits, workers' compensation and employee life and dental and accident insurance. Settlements have not exceeded insurance coverage for the past three fiscal years.

(b) Cash and Investments

Deposits

Custodial credit risk for deposits is the risk that in the event of a bank failure, deposits may not be returned or MHMRTC will not be able to recover collateral securities in the possession of an outside party. MHMRTC's policy requires deposits to be fully secured by collateral valued at market or par, whichever is lower, less the amount of Federal Deposit Insurance Corporation (FDIC) insurance. Deposited funds may be invested in certificates of deposit in institutions with an established record of fiscal health. Collateral agreements must be approved prior to the deposit of funds. The Board of Trustees approves authorized depository institutions based on the recommendations of MHMRTC management.

Deposits of MHMRTC are fully insured or collateralized with securities held by MHMRTC, its agent or by the pledging financial institution's trust department or agent in the name of MHMRTC at year-end. For the component unit, MHMR Foundation, $92,871 of deposits are not insured by FDIC coverage or collateralized with eligible securities at year-end.

Investment Policies

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Generally, MHMRTC's investing activities are managed under the custody of the Chief Financial Officer. Investing is performed in accordance with investment policies adopted by the Board of Trustees complying with state statutes. MHMRTC policy emphasizes high quality investments and safety of principal with no perceived default risk.

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Investments held for longer periods are subject to increased risk of adverse interest rate changes. MHMRTC's investment policy requires short-term liquidity to absorb variable cash flow requirements. At least 10% of

the total portfolio must be maintained in cash equivalent investments, or investments that mature within 30 days. The weighted average maturity for the portfolio will be less than 180 days and the maximum allowable maturity is limited to two years, except as specifically authorized by the Board. During the year ended August 31, 2019, MHMRTC did not own investments other than those permitted by policy.

Investments, when applicable, are stated at fair value within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. A summary of year-end investments follows (in thousands):

Investment Type	Fair Value	Percentage of Total	Credit Rating	Weighted Average Days to Maturity	Fair Value Hierarchy
Certificates of deposit	$3,250	17.9 %	exempt	15	exempt
United States Treasuries	7,255	40.1 %	exempt	20	Level 1
Eaton Vance Floating Rate Fund	3,105	17.1 %	not rated	1818	Level 1
Annuity contracts	4,502	24.9 %	Moody's AA3	389	Level 1
Total	$18,112	100.0 %			

(c) Receivables From Other Governments

Receivables from other governments represent reimbursement of expenditures and fees for services provided under various programs and grants. All amounts are expected to be collected within the next year. At year-end, MHMRTC had $11,995,924 of receivables from other governments.

(d) Capital Assets

A summary of changes in capital asset balances for the fiscal year ended August 31, 2019, is as follows (in thousands):

	Balance September 1, 2018	Additions	Disposals	Prior Period Adjustment	Balance August 31, 2019
Nondepreciable assets					
Land	$ 3,734	$ -	$ -	$ -	$ 3,734
Land-restricted	989	-	-	-	989
Total nondepreciable assets	$ 4,723	-	-	-	4,723
Depreciable assets					
Buildings and improvements	21,609	733	(84)	-	22,258
Buildings and improvements-restricted	3,617	-	-	-	3,617
Vehicles	2,811	135	(142)	-	2,804
Furniture and equipment	18,867	2,210	(2,340)	-	18,737
Total depreciable assets	46,904	3,078	(2,566)	-	47,416
Less accumulated depreciation					
Buildings and improvements	(10,302)	(934)	35	-	(11,201)
Buildings and improvements-restricted	(1,770)	(94)	-	-	(1,864)
Vehicles	(2,072)	(251)	104	-	(2,219)
Furniture and equipment	(10,022)	(2,876)	2,383	-	(10,515)
Total accumulated depreciation	(24,166)	(4,155)	2,522	-	(25,799)
Capital assets, net	$ 27,461	$ (1,077)	$ (44)	$ -	$ 26,340

Total depreciation expense is $4,154,956.

(e) Lease Obligations

MHMRTC is obligated under capital leases for certain equipment as of August 31, 2019. The gross amount of assets acquired by capital lease is $4,726,410 and $1,260,845 of depreciation expense. Net book value of these assets is $2,598,406.

During 2019, operating lease payments by MHMRTC are $1,803,704. The future minimum lease payments under operating and capital leases and the present value of the future minimum capital lease payments for MHMRTC as of August 31, 2019 are as follows (in thousands):

Year Ended August 31:	Operating Leases	Capital Leases Principal	Capital Leases Interest
2020	$ 1,368	$ 1,154	$ -
2021	1,164	1,154	-
2022	842	120	-
2023	178	-	-
2024	22	-	-
and thereafter	-	-	-
Total minimum lease payment	$ 3,574	$ 2,428	$ -

(f) Long-Term Obligations

The following is a summary of the changes in long-term obligations for MHMRTC for the fiscal year ended August 31, 2019 (in thousands):

	Balance September 1, 2018	Additions	Retirements	Balance August 31, 2019	Due Within One Year
Compensated absences	$ 3,182	$ 482	$ 244	$ 3,420	$ 399
Capital lease obligations	2,520	966	1,058	2,428	1,154
Total	$ 5,702	$ 1,448	$ 1,302	$ 5,848	$ 1,553

Capital lease obligations do not carry a stated rate of interest. Imputed interest on the capital lease obligations are not material to the financial statements.

(g) Pension Plan

MHMRTC maintains a defined contribution money purchase pension plan under code section 401(a) of the Internal Revenue Code identified as the Tarrant County MHMR Money Purchase Plan. Participation in the plan is available to full-time employees who have completed one year of service and contribute 5% of compensation to the plan. MHMRTC contributes 8% of employee compensation on behalf of participating employees. The plan is administered by ICMA Retirement Corporation. Participants begin to vest in the employer's contribution at the completion of one year of service with 100% vesting occurring after five years (20% per year). During 2019, $32,152 of employee forfeitures are used to reduce employer contributions for the year.

Amounts contributed are invested in various investments, including equity securities, mutual funds and cash management funds. The required contributions in dollars and the percentage of that amount contributed for the current fiscal year and each of the two preceding fiscal years are as follows (in thousands):

Fiscal Year	Employer Contributions	Employee Contributions	Percentage Contributed
2017	$ 3,417	$ 2,051	100%
2018	3,518	2,186	100%
2019	3,766	2,322	100%

(h) Deferred Compensation Plan

MHMRTC offered its employees deferred compensation plans created in accordance with Internal Revenue Code Section 457. The plan is available to all MHMRTC employees. Employee elective deferrals are voluntary and permit them to defer a portion of their salary in accordance with maximum limits established by the Internal Revenue Code. Deferred compensation is not available to employees until termination, retirement, death or unforeseeable emergency. In-service withdrawals are available from fully vested balances upon attainment of age 70½. For employees who elect to contribute at least 5% of gross pay to the employee only 457 plan, MHMRTC will contribute 8% of the employee's gross pay as a matching contribution to the employer only 457 plan. Employees who elect to defer less than 5% to the employee only 457 plan are not eligible for a matching contribution to the employer only 457 plan. Employees are always fully vested in their contributions to the employee only 457 plan. Employees begin to vest in the MHMRTC contributions to the employer only 457 plan following completion of one year of service with 100% vesting occurring after five years (20% per year). During 2019, employee elective deferrals to the employee only 457 plan were $1,039,437. MHMRTC matching contributions to the employer only 457 plan were $894,765. $3,407 of employee forfeitures were used to reduce the MHMRTC contributions to the employer only 457 plan.

(i) Partially Self-Funded Health Benefit Plan

MHMRTC established a partially self-funded health benefits plan for employee health benefits. MHMRTC purchases commercial stop-loss coverage for medical claims in excess of $225,000 per plan participant, per policy period, with an unlimited specific benefit lifetime maximum. The policy minimum annual aggregate deductible limit is the greater of a) $18,136,237; or b) 90% of the monthly aggregate deductible for the first month of the policy year, then multiplied by 12. The aggregate benefit attachment point is the greater of a) the sum of the monthly aggregate deductibles for the policy year; or b) the minimum aggregate deductible. Settled claims have not exceeded insurance coverage for the fiscal year. Liabilities for health benefits are calculated considering known claims and estimates of future claims based on the lag time for medical claims. MHMRTC accounts for this activity in an internal service fund. This internal service fund reflects a claims liability in the amount of $2,226,272 at year end. This claims liability is based on the requirement that a liability for claims be reported if information prior to the issuance of the financial statements indicates a liability has been incurred at the date of the financial statements and the amount of the liability can be reasonably estimated. MHMRTC does not discount its claims liabilities.

Changes in the balance of the claims liability is as follows (in thousands):

	2018	2019
Beginning liability	$ 2,586	$ 2,223
Expenses incurred	14,583	14,679
Expenses paid	(14,946)	(14,676)
Ending liability	$ 2,223	$ 2,226

Claims liability is expected to be paid within one year of August 31, 2019.

(j) Harris-Tarrant Software Solution

MHMRTC entered into an agreement with The Harris Center for Mental Health and IDD, (MHMRA) to form a joint administrative agency for the acquisition and licensing of computer software to improve and enhance the delivery of behavioral health, intellectual developmental disabilities, early childhood intervention and substance-abuse disorder services to their respective communities. The name of this administrative agency is Harris-Tarrant Software Solution (HTSS) formerly known as Tarrant-Harris Software Authority (THSA). HTSS is governed by a five member board. MHMRTC and MHMRA each appoint two members to the Board, with the fifth member appointed by the four board members selected by MHMRTC and MHMRA.

HTSS had no revenues or expenses during the year, and MHMRTC's carrying value of HTTS is zero at year-end. HTTS did not prepare a financial statement for the year.

(k) Commitments and Contingencies

In May 2017, MHMRTC entered into a contract with Netsmart Technologies, Inc. to receive and implement an electronic health records system and billing system. The remaining financial commitment associated with this contract will be approximately $9,120,000 to be incurred over the course of the next five years.

MHMRTC has participated in a number of state and federally assisted grants, Medicare, and Medicaid programs. These programs are subject to financial and compliance audits by the grantors or their representatives and regulatory authorities. The purpose of the audits is to ensure compliance with conditions relating to the granting of funds and other reimbursement regulations. MHMRTC's management believes that any liability for reimbursement, which may arise as the result of these audits, will not be material to the financial position of MHMRTC.

MHMRTC is involved in certain lawsuits arising in the ordinary course of business. It is MHMRTC management's belief that any liability resulting from such lawsuits will not be material in relation to MHMRTC's financial position.

(l) Permanently Restricted Capital Assets

The Texas Health and Human Services Commission (HHSC), formerly the Department of Aging and Disability Services (DADS), transferred title to five separate real estate properties to MHMRTC in return for the payoff of DADS bonded indebtedness in a prior year. These properties are used by MHMRTC to provide group home services to its clients. In addition, MHMRTC received title to another separate property from DADS to be used to provide program services. The deeds received for these properties contain a restriction that states if the properties cease to be utilized by MHMRTC to provide community-based mental health or disability services for a continuous period of more than 180 days, then title to the property reverts to HHSC as successor to DADS. In accordance with this deed restriction, MHMRTC reports the cost of these properties of $4,605,775 as restricted capital assets within the building and improvements – restricted and land – restricted captions in Note (d). The net book value of these assets after depreciation is $2,742,338.

NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION For the year ended September 30, 2019

1. Budgets and Budgetary Accounting

Tarrant County adheres to the following procedures in its consideration and adoption of its annual operating budget:

- Departmental annual budget requests are submitted by the department head to the County Budget Officer during the third quarter of the fiscal year for the upcoming fiscal year to begin October 1.
- The County Auditor prepares an estimate of available resources for the upcoming fiscal year.
- The County Budget Officer prepares the proposed annual operating budget to be presented to the Commissioners Court for their consideration. The budget represents the financial plan for the new fiscal year.
- Public hearings are held on the proposed budget.
- The Commissioners Court must adopt an annual operating budget by a majority vote of the Commissioners Court before September 30. To support the budget, property taxes are assessed on October 1, creating a legal enforceable claim. The adopted budget must be balanced; that is, available resources must be sufficient to support annual appropriations.
- The legal level of budgetary control is 10 categorical levels within each department. Commissioners Court may legally amend the budget. Management must seek approval of Commissioners Court to transfer appropriations between categories even within the same department.
- Some budgets are developed at a “sub-fund” level. These “sub-funds” may not be budgeted at the 10 categorical levels, but budgeted at the total “sub-fund” level.
- A separate budget report detailed to the legal level of control is available upon request. The detailed budget report has “sub-funds” and contains more detail than the budget information provided within this report.
- Annual appropriated budgets are legally adopted for all funds except TCHFC, TCIDC and Grants Fund. The budget is prepared utilizing a modified cash basis of accounting, as allowed by state statutes. Beginning fund balance is budgeted as revenue, as required by state statutes.
- Encumbrances are used for budgetary basis accounting for the appropriated budgets. Encumbrances consume budget as an actual when a purchase order is issued. Encumbrances do not represent expenditures or liabilities for modified accrual basis until the goods or services are received.
- Unencumbered appropriations lapse at year-end for all funds.
- The financial statements are prepared in accordance with GAAP and, accordingly, there are differences between the amounts reported as revenues and expenditures in the financial statements and the amounts reflected in the budgetary comparison schedule.

2. Reconciliation to Fund Statements

For GAAP purposes, transfers are considered as other financing sources and are not considered revenues or expenditures. Also, for GAAP purposes, revenues are considered when measurable and available, therefore, some accruals are made for revenues. Additionally, encumbrances are not considered expenditures or liabilities. These are the primary differences in the financial statements prepared in accordance with GAAP and the budgetary comparison schedule. The following table illustrates the various components of these differences and their impact on the excess of revenues over expenditures for the governmental fund types (in thousands):

	General Fund	Road and Bridge
Revenues		
Budgetary Basis	$ 488,644	$ 28,172
Transfers in	(667)	(8,305)
Market value adjustment for securities and non-monetary donation not budget relevant	569	-
Available in 2019, received in 2020	479	-
Accrued in prior years, received in 2019	(762)	-
Revenues on modified accrual (GAAP) basis	488,263	19,867
Expenditures		
Budgetary Basis	481,387	28,830
Transfers out	(40,389)	-
Incurred in prior years, paid in 2019	1,149	321
Incurred during 2019, payable in future years	(2,344)	(1,648)
Prepaid, bad debt, non-monetary donation & inventory adjustment not budget relevant	519	(194)
Expenditures on modified accrual (GAAP) basis	440,322	27,309
Other Financing Sources (Uses)	(39,722)	8,305
Changes in fund balance on modified accrual (GAAP) basis	$ 8,219	$ 863

A separate budget report detailed to the legal level of control is available upon request. The detailed budget report has “sub-funds” and contains more detail than the budget information provided within this report.

TARRANT COUNTY, TEXAS

REQUIRED SUPPLEMENTARY INFORMATION
SCHEDULE OF COUNTY PENSION CONTRIBUTIONS
(Amounts in thousands)

	Year ended September 30				
	2019	**2018**	**2017**	**2016**	**2015**
Actuarially determined contribution	$ 38,960	$ 38,055	$ 36,398	$ 35,941	$ 34,260
Contributions in relation to the actuarially determined contribution	53,353	50,786	46,843	44,024	39,342
Contribution (excess)	(14,393)	(12,731)	(10,445)	(8,083)	(5,082)
Covered payroll	$ 273,603	$ 262,718	$ 253,641	$ 251,567	$ 234,785
Contributions as a percentage of covered payroll	19.50%	19.33%	18.47%	17.50%	16.76%

Notes to Schedule

Valuation date:	Actuarially determined contribution rates are calculated each December 31, two years prior to the end of the fiscal year in which contributions are reported
Methods and assumptions used to determine contribution rates:	
Actuarial cost method	Entry age
Amortization method	Level percentage of payroll, closed
Remaining amortization period	6.1 years (based on contribution rate calculated in 12/31/2018 valuation)
Asset valuation method	5 year smoothed market
Inflation	2.75%
Salary increases	Varies by age and service. 4.9% average over career, including inflation
Investment rate of return	8%, net of administrative and investment expenses, including inflation
Retirement age	Members who are eligible for service retirement are assumed to commence receiving benefit payments based on age. The average age at service retirement for recent retirees is 61.
Mortality	130% of the RP-2014 Healthy Annuitant Mortality Table for males and 110% of the RP-2014 Healthy Annuitant Mortality Table for females, both projected with 110% of the MP-2014 Ultimate scale after 2014.
Changes in Plan Provisions Reflected in the Schedule *	Calendar year 2015: Employer contributions reflect that a 50% CPI COLA adoption Calendar year 2016: No changes in plan provisions Calendar year 2017: Employer contributions reflect a 50% CPI COLA adoption Also, new Annuity Purchase rates were reflected for benefits earned after 2017 Calendar year 2018: Employer contributions reflect a 50% CPI COLA adoption
Changes in Assumptions Methods Reflected in the Schedule *	Calendar year 2015: New inflation, mortality and other assumptions reflected. Calendar year 2017: New mortality assumptions were reflected.

** Only changes that affect the benefit amount and that are effective 2015 and later are shown in the Notes to Schedule*

Notes to schedule

There are no assets in a qualifying trust, as defined by GASB 75, to pay related benefits.

Changes of assumptions: Changes of assumptions and other inputs reflect the effects of changes in the discount rate each period. The following are the discount rates used in each period:

2018	4.18%
2017	3.64%
2016	3.06%

The County implemented GASB 75 in fiscal year 2018. Information prior to fiscal year 2018 is not available, therefore, ten years of data will accumulate over time.

SCHEDULE OF PENSION CONTRIBUTIONS - TCHD

(Amounts in thousands)

Year ended September 30,	Actuarially determined contribution	Contributions in relation to the actuarially determined contribution	Contribution deficiency (excess)	Covered payroll	Contributions as a percentage of covered payroll
2019	$ 17,281	$ 17,281	$ -	$ 276,493	6.25%
2018	17,305	17,305	-	256,366	6.75%
2017	14,443	14,443	-	213,963	6.75%
2016	13,579	13,579	-	201,170	6.75%
2015	12,313	12,313	-	182,418	6.75%
2014	11,625	11,625	-	178,847	6.50%

Notes to Schedule

Valuation date:	Actuarially determined contribution rates are calculated as of October 1, which is the most recent valuation date prior to the end of the fiscal year in which contributions are reported

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age
Amortization method	“Closed group” level dollar of payroll
Remaining amortization period	5 years at October 1, 2018 and 2017, respectively; recalculated annually; employer contribution rate constant unless amortization period > 25 years or ≤ 0 years
Asset valuation method	5 year smoothed market
Inflation	2.25%
Salary increases	5.0%, average, including inflation
Investment rate of return	7.00% and 7.25% for 2018 and 2017, respectively, net of pension plan investment expenses, including inflation
Retirement age	60
Mortality	RP-2014 Total Employee Mortality Table, projected from 2006 base year with Scale MP-2018 and MP-2017 mortality improvement scales for 2018 and 2017, respectively.

This schedule is presented to illustrate the requirement to show information for 10 years. However, until a full 10-year trend is compiled, TCHD will present information for those years for which information is available.

NONMAJOR GOVERNMENTAL FUNDS
SPECIAL REVENUE FUNDS - FUND DESCRIPTIONS

LAW LIBRARY FUND

This fund was established, pursuant to State statutes, to account for the collection and expenditure of monies collected in civil cases supporting the Tarrant County Law Library.

RECORDS PRESERVATION & AUTOMATION FUNDS

This fund was established, pursuant to State statutes, to account for the collection and expenditure of monies collected in court cases and from filing fees to allow for the preservation and automation of County Records.

EDUCATION FUND

This fund was established, pursuant to State statutes, to account for the collection and expenditure of monies collected to provide for the continuing education of those officials and employees associated with the probate courts and certain law enforcement officers.

PUBLIC HEALTH CONTRACT

The Tarrant County Hospital District provides funding for the operation of the Tarrant County Health Department in an effort to aggregate the cost of health service to Tarrant County residents. These funds are restricted. This fund also includes the Medicaid 1115 Waiver, this waiver is to enhance access to health care, increase the quality of care, improve the cost-effectiveness of care provided and better serve the health of the patients and their families. These funds are committed.

DISTRICT ATTORNEY CONTRACTS

These funds are used to account for monies collected by the District Attorney which are used in the investigation of criminal activities. These monies consist primarily of fees for bad checks and forfeited monies resulting from narcotics related convictions. These funds are restricted by State statutes.

SHERIFF CONTRACTS

These funds are used to account for monies collected by activities in the Sheriff Department. These activities include fees from operation of the jail commissary which are used for the benefit of the jail inmates. Some of these funds are the custody of the Sheriff. Monies are also collected from forfeitures resulting from narcotics related activities. These funds are restricted by State statutes.

MISCELLANEOUS CONTRACTS

These funds are used to account for monies received by Tarrant County as contributions for specified purposes. These funds may be restricted by the donor if not; they are committed for a specific purpose by the Commissioners Court.

COURT DESIGNATED FUNDS

These funds were established to account for the collection and expenditure of court ordered fees, pursuant to State statutes.

VEHICLE INVENTORY TAX FUND

This fund was established, pursuant to State statutes, to account for any earnings generated from the vehicle inventory tax, which the collector shall retain to defray the cost of collecting this tax.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

CONSUMER HEALTH FUND

This fund was established, pursuant to State statutes, to account for the collection of food permit fees and expenditures incurred in connection with issuing permits and conducting inspections.

HOUSING FINANCE CORPORATION

The Housing Finance Corporation was organized exclusively for the purpose of benefiting and accomplishing public purpose of, and on behalf of, the County, by financing the cost of residential ownership and development that will provide decent, safe and sanitary housing for residents of the County at prices they can afford.

INDUSTRIAL DEVELOPMENT CORPORATION

The Industrial Development Corporation was organized to promote and develop commercial, industrial and manufacturing enterprises to promote and encourage employment and public welfare.

Note: Overlapping rates are those of local governments that apply to property owners within the County.
Not all overlapping rates apply to all County property owners (e.g., the rates for the special districts apply only to the portion of the County's property owners whose property is located within the geographic boundaries of the special district). These tax rates were not assessed by Tarrant County Commissioners Court.

Note: The appraisal of property within the County is the responsibility of the Tarrant Appraisal District. Under the Texas Tax Code, the appraisal district is required to appraise all property on the basis of 100% of its market value and is prohibited from applying any assessment ratios. The Appraisal District is required to review the value of property at least every three years.

(1) Tax rate are per $100 of assessed value

ATTACHMENT II-26

PURCHASE ORDERS/REQUISITIONS

When requisitions are entered into the SAP system, the system assigns the next control or document number for requisitions. The requisitions must be approved by the department supervisor or manager and then approved by the Auditor's Office before the document is forwarded to the Purchasing Department via workflow within the SAP system to create a Purchase Orders. The SAP system can easily track the requisitions document as if flows through the approval process.

The purchase order number is assigned by the SAP system in sequential order based on the approved information in the purchase order request. A purchase order register or document listing is available.

The requisition numbers and purchase order numbers are a different series of sequential numbers and can be reviewed by a document listing or register.

INTRODUCTION

The Tarrant County Purchasing Department is a member of the administrative services team of Tarrant County. The County Purchasing Agent is charged with the responsibility of assuring fair and equitable treatment to all vendors without regard to political pressure or discrimination based on race, color, religion, national origin, handicap, or sex.

It is the duty of this department to furnish supplies, equipment, and services to the various departments and elected officials in the required quality and quantity, at the best possible price. Tarrant County Purchasing also holds the responsibility of providing County taxpayers with concise information about methods by which their money is expended.

These tasks are accomplished by standardization and competitive bidding based on adequate specifications, whenever practicable.

In addition, the Purchasing Agent serves as the County's Disadvantaged Business Enterprise (DBE) Officer and is active in certification efforts locally.

To assist the Purchasing Agent, an assistant and a professional staff that includes Senior Contracts Administrators, Senior Buyers, Buyers, a Purchasing Software Specialist, and a top-notch Administrative staff has been assembled. In addition to solicitation of formal sealed bids, requests for proposals, requests for offers, requests for qualifications, and quotations, this team is responsible for the following:

1. Auctions of Surplus Property
2. Cooperative Purchasing Agreements
3. Physical Inventory of Fixed Assets
4. Maintaining Surplus Property Warehouse
5. Maintaining all vehicle/equipment titles
6. DBE Program
7. Maintaining current insurance and coordinate with Risk Management

This manual contains the authorized procedures for purchasing by County officials and employees. These procedures are adopted by the Tarrant County Commissioners Court, and changes in the contents of this manual shall be made only by the Commissioners Court.

Texas Local Government Code Chapter 262 governs county purchasing procedures and these statutes, including interpretations of them made by Texas Courts, are the ultimate authority on the validity of purchasing procedures. Because the procedures described in this manual are based on State law, this manual, in many instances, contains language taken directly from statutes. Paraphrases of and broad generalizations about Texas statutory law have been included where appropriate to assist in applying the law in routine situations. This manual cannot address every situation and, when an unusual situation occurs or a difficult legal problem arises, the exact statutory language must be reviewed and analyzed. In every situation, the final authority for County purchasing procedures is the Commissioners Court.

This manual has been adopted by the Commissioners Court for the use of Tarrant County employees and officials and is designed to assist them in complying with the laws governing County purchasing procedures.

The Purchasing Department is committed to promoting effective, professional, and consistent procurement in Tarrant County as well as supporting the public precept that tax dollars be wisely spent.

A purchasing manual should not be viewed as static since purchasing procedures in Tarrant County will change as needed.

DEFINITIONS OF TERMS

Advertisement or Advertise – A public legal notice put in a newspaper of general circulation containing information about a Request for Bid or a Request for Proposal as described in Texas Local Government Code 262.025. .

Addendum – A document used to change the terms or conditions of a Solicitation.

Annual Term Contract – A recurring contract for goods or services, usually in effect for a 12-month period.

Auditor – Tarrant County Auditor and the designated representatives.

BAFO – Best and Final Offer.

Debarment – Based on conviction, civil judgments or fact base cases involving environmental crimes, contract fraud, embezzlement, theft, forgery, bribery, poor performance, non-performance or false statements as well as other causes. The imposition of a debarment period is for a set period of time decided on a case by case basis.

Bidders List – A computerized database of vendors who have signified in writing an interest in submitting bids for particular categories of goods and services.

BONDS

Bid Bond – A guarantee that promises the bid will not be withdrawn prior to contract award. Normally it is five percent (5%) of the highest amount bid and is in the form of a financial guarantee provided by a surety; however, it can be cashiers or certified checks. Bonds of unsuccessful bids are returned after award. Bond of successful bidder is retained until the contract is executed and any necessary payment/performance bonds are submitted and accepted. If the successful bidder refuses to execute the contract or submit proper payment and performance bonds, then the bid bond is “called” for the difference between their bid and that of the next low responsive responsible bidder, up to the penal amount of five percent (5%) of the bond.

Payment Bond – A guarantee that promises payment to subcontractors and suppliers on a contract during performance. It must be submitted prior to any work. It is normally one hundred percent (100%) of the contract price and is in the form of a financial guarantee provided by a surety, but can be cashiers or certified check. It is normally maintained until expiration of any required warranty. If the contractor fails to pay subcontractors and suppliers, then the payment bond is “called” for the amount of non-payment.

Performance Bond – A guarantee that promises that the contract will be performed as required. It must be submitted prior to any work. Normally it is one hundred percent (100%) of the contract price and is in the form of a financial guarantee provided by a surety, but can be cashiers or certified checks. It is normally maintained until expiration of any required warranty. If the contractor fails to perform and complete the contract as required, then the performance bond is “called” for the amount required to complete the contract. A surety that provides a bond may be permitted to “take over” a failed or defaulted contract.

Change Order – A written alternation that is used to modify or amend a contract or purchase order.

Commissioners Court – Tarrant County Commissioners Court.

Competitive Bidding – The process of inviting and obtaining bids from competing suppliers, by which an award is made to the lowest responsive bid from a responsible bidder meeting written specifications.

Competitive Proposal Process – Allowing available vendors compete with each other to provide goods and services in compliance with Texas Local Government Code Chapter 262.

Component Purchases – Purchases of the component parts of an item that in normal purchasing practices would be purchased in one purchase..

Contract – A formal written agreement executed by the County and a vendor containing the terms and conditions under which goods and services are to be furnished to the County. A contract, when properly signed by the authorized County representatives, is a commitment for County funds.

Cooperative Purchasing Program – A program providing interlocal agreements that allow other government jurisdictions and districts to obtain goods at competitive prices

County – Tarrant County, Texas.

Customers – The County departments.

Department – All district, County, and precinct offices and subdivisions of them, when the purchases are funded even partially with County funds.

Designee – Individual Purchasing Department employee given the authority as an additional agent to the Purchasing Agent to perform County business.

Disadvantaged Business Enterprise (DBE) – A business enterprise of which at least fifty-one percent (51%) is owned and the management and daily business operations are controlled by one or more persons who are socially and economically disadvantaged because of his or her identification as a member of certain groups, including women, Black Americans, Mexican Americans and other Americans of Hispanic origin, Asian Americans and American Indians.

Emergency Purchase – A purchase that is needed because of an emergency condition as described in Texas Local Government Code Section 262.024(a)(1).

Employee – Any County, precinct elected official, appointed official, or employee and any district elected official, appointed official, or employee when the purchase will be partially funded with County money.

Executive Manager – Any person authorized to act on behalf of a County department.

Fixed Assets – Physical assets such as property (i.e., public or real), plant and equipment.

Formal Competitive Bidding – The bidding process in compliance with Texas Local Government Code Section 262.023, which requires approval by the Commissioners Court.

Goods – Anything purchased other than services or real property. Objects that can satisfy people's needs.

Items Less Than $50,000 – Purchases of goods and services that are accounted for in the County Commodity Code Inquiry listing, and purchases of goods and services from a single vendor in a single purchase as defined in the County Purchasing Act.

Lease – A contract for the use of personal property for a period of time for a specified compensation.

Lowest Responsible Bid – The offer from the responsible bidder who submits the lowest and best bid meeting all requirements of the specifications, terms, and conditions of the request for bid. It expressly is understood that the lowest responsible bid includes any related costs to the County in a total cost concept. The term "responsible" refers to the financial and practical ability of the bidder to perform the contract and takes into consideration the past performance of the vendor.

Material Group – A means of classifying goods and services with a unique group number assigned to each description.

Material Master Record – Provides a unique number for each material maintained in the SAP database (not all ordered materials are maintained in SAP).

Modification – A written alternation to a provision of any contract accomplished by mutual agreement of the parties to the contract.

Occupant Department – The department that will use the goods and services when the purchase or construction is completed, which may be different from the user department.

Official – Any elected or appointed official and any person authorized to act on their behalf.

Pre-Bid/Proposal Conference – A conference conducted by the Purchasing Department for the benefit of those wishing to submit a bid or proposal for services/supplies required by the County. This is held in order to allow bidders/proposers to ask questions about the proposed contract and particularly the contract specifications.

Professional Services – Services rendered by members of a recognized profession or possessing a special skill. Such services are generally acquired to obtain information, advice, training, or direct assistance as described under Texas Government Code 2254.002.

Prompt Payment Act – Texas Government Code 2251.021(b) TIME FOR PAYMENT BY GOVERNMENTAL ENTITY, states a payment by a governmental entity under a contract executed on or after September 1, 1987, is overdue on the 31st day after the later of: (1) the date the governmental entity receives the goods under the contract; (2) the date the performance of the services under the contract is completed; or (3) the date the governmental entity receives an invoice for the goods or services.

Proprietary Information – Information in bids or proposals to which the vendor claims ownership or exclusive rights and which is protected from disclosure under the Texas Public Information Act (Texas Local Government Code, Chapter 552).

Purchase Order – A purchaser's written document to a supplier formalizing all the terms and conditions of a proposed transaction, such as a description of the requested items, cost of items being purchased, delivery schedule, terms of payment, and transportation.

Purchasing – The act, function, and responsibility for the acquisition of goods or services, including construction and professional services.

Purchasing Agent – **County purchasing agents** are appointed officials who hold a two-year term of appointment that is made by a board **defined** by State law and responsible for all purchases of the County as authorized by State law.

Purchase Requisition – A department request authorizing the Purchasing Department to enter into a contract to purchase goods or services and charge the expenditure to the appropriate department budget. This automated form is for internal use and cannot be used by a department to order material directly from a vendor.

Purchasing Act – Chapter 262, Subchapter C of the Texas Local Government Code that governs the conduct of purchasing activity for counties.

Purchasing Agent – An appointed official for the County responsible for all purchases of the County as authorized by State law.

Purchasing Board – A board comprised of three (3) District Judges and two (2) County Commissioners who are responsible for appointing the Purchasing Agent and approving the department's budget.

Purchasing Department – Tarrant County Purchasing Department and its staff.

Quote – An informal purchasing process which solicits pricing information from several sources.

Request for Bid or RFB – Specifications and formal bidding documents requesting pricing for a specified good and service that has been advertised for bid in a newspaper.

Request for Information or RFI – A general request to contractors for information for a potential future solicitation which is used as a research and information gathering tool for preparation of specifications and requirements. Must be issued by the Purchasing Department.

Request for Offer or RFO – A process for soliciting offers from three (3) catalog vendors authorized by the General Services Commission pursuant to Texas Government Code, Chapter 2157, and negotiating with them for the best value and purchase in the best interests of Tarrant County.

Request for Proposals or RFP – A document requesting an offer be made by a vendor, which allows for negotiation after a proposal has been received, but before the award of the contract for goods or services procured in compliance with Texas Local Government Code, Section 262.0295 or 262.030.

Request for Qualifications or RFQ – A document that requests details about the qualifications of professionals whose services must be obtained in compliance with the Professional Services Procurement Act in compliance with Texas Local Government Code 2254.

Request for Quotation (RFQ) - Purchasing method generally used for small orders under a certain dollar threshold. A request is sent to suppliers along with a description of the commodity or services needed and the supplier is asked to respond with price and other information by a predetermined date. Evaluation and recommendation for the award should be based on the quotation that best meets price, quality, delivery, service, past performance, and reliability.

Request for Services or RFS – A document that requests information about qualifications and details of service to be provided, and costs for services that the Commissioners Court orders exempt in compliance with Texas Local Government Code, Section 262.024(a)(4).

Requisition – An internal document by which a using agency sends details of supplies, services, or materials required to the purchasing department.

Requisitioner – Anyone who initiates a request for goods or services.

SAP – Tarrant County Enterprise Management System that includes the Purchasing module.
Sealed Bids – Competitive bids required to be advertised in a newspaper and submitted to the Purchasing Department in a sealed envelope.

Separate Purchases – Purchases, made separately, of items that in normal purchasing practices would be purchased in one purchase.

Sequential Purchases – Purchases, made over a period, of items that in normal purchasing practices would be purchased in one purchase.

Services – Includes all work or labor performed for the County on an independent contractor basis, including maintenance, construction, manual, clerical, personal, or professional services.

Sole Source– A good or service that can be obtained from only one (1) source that is purchased in compliance with the Texas Local Government Code, Section 262.024(a)(7).

Solicitation – A document—such as an invitation to bid, request for proposal, request for offers, or request for qualifications—issued by the Purchasing Department. This document contains terms and conditions for a contract, and it seeks (solicits) a bid or proposal for goods and services needed by the County.

Specifications – A precise description of the physical characteristics, quality, or desired outcomes of a commodity to be procured, which a supplier must be able to produce or deliver to be considered for award of a contract.

Suspension – May be based on indictments, information or adequate evidence involving environmental crimes, contract fraud, embezzlement, theft, forgery, bribery, poor performance, non-performance or false statements. This is a temporary action which may last up to one (1) year and is effective immediately.

User Department – The department from whose budget line item from which the contract is paid.

Vendor – A person or entity that provides good and services.

Section 1

STATEMENT OF GENERAL POLICY

It is the policy of Tarrant County that all purchasing shall be conducted strictly based on economic and business merit in accordance with both State and Federal law. The Purchasing Department will:

1. Provide the best service possible to all County departments in a fair and equitable manner;

2. Ensure an atmosphere of equality to all vendors without regard to undue influence or political pressure;

3. Protect the interests of the Tarrant County taxpayers in all expenditures.

Tarrant County intends to maintain a cost-effective purchasing system conforming to good management practices. The establishment and maintenance of a good purchasing system are possible only through a cooperative effort.

The responsibility of purchasing ultimately rests with the Commissioners Court. The Purchasing Agent, as an agent of the Commissioners Court, aids in the purchasing process, but is subject to the Court's direction as to reasonable specifications and maximum prices on the items to be purchased. The Purchasing Agent, as authorized by the Commissioners Court, shall instruct departments and agencies as to the various rules and procedures needed to fulfill the Purchasing Agent's duties.

Section 2

PURCHASING CODE OF ETHICS POLICY

It is the policy of Tarrant County that the following ethical principles will govern the conduct of every employee involved directly or indirectly in the County procurement process.

RESPONSIBILITY TO COUNTY

Employees will avoid any activities that would compromise or give the perception of compromising the best interests of Tarrant County. Employees will not use confidential proprietary information for actual or anticipated personal gain.

CONFLICT OF INTEREST

Employees will avoid any activity that would create a conflict between personal interests and the interests of Tarrant County. Conflicts exist in any relationship where an employee is not acting in the County's best interest and may be acting in their own best interests or the interests of someone associated with them. Such conflicts of interest would include being involved in any procurement activity in which:

1. the employee or any member of the employee's family has any financial interest pertaining to the Tarrant County procurement process;

2. a business or organization in which the employee, or any member of the employee's family, has a financial interest pertaining to the Tarrant County procurement process;

3. any other person, business, or organization with whom the employee or a member of the employee's family is negotiating or has any arrangement concerning prospective employment.

All Tarrant County Policies and Procedures should be followed at all times, but in particular, Civil Service Rules, Section 5.10, *Disclosure of Interest*, should be considered before moving forward.

If any such conflicts of interest exist, the employee will immediately notify the Purchasing Agent in writing and will remove himself/herself from the Tarrant County procurement process.

PERCEPTION

Employees will avoid any appearance of unethical or compromising practices in all relationships, actions, and communications.

GRATUITIES

Employees will never solicit or accept money, loans, gifts, favors, or anything of value, from present or potential vendors that might influence or appear to influence any purchasing decision. Generally, edible goods with a value of $50.00 or less are acceptable if shared with the entire staff and will not offend this prohibition unless it appears to influence a purchasing decision. If anyone is in doubt whether a transaction complies with this policy, the individual should disclose the transaction to the Purchasing Agent for interpretation.

CONFIDENTIAL INFORMATION

Employees will keep all proponents and vendors' proprietary information confidential. Employees will keep Tarrant County procurement information obtained from a solicitation confidential as long as that vendor information is retained by Tarrant County to the extent allowed by State and Federal law.

Tarrant County's policy regarding confidentiality is found in Civil Service Rules, Section 5.05, *Confidentiality*.

Section 3

PURCHASING AUTHORITY AND POLICY

PURCHASING LAWS

It is the policy of Tarrant County, acting through its duly appointed Purchasing Agent, to comply fully with all purchasing laws and amendments passed by the Texas State Legislature.

PURCHASING POLICY

The Commissioners Court has directed the Purchasing Agent to provide a centralized purchasing structure.

The Purchasing Department as well as officials, managers, and employees will provide to all responsible vendors equitable and competitive access to the County procurement process. Further, County purchasing will be conducted in a manner that will promote and foster public confidence in the integrity of the County procurement process.

The County Purchasing Policy is to:

1. Seek the best quality, lowest priced goods, and services available that meet the needs and delivery requirements of Tarrant County personnel;

2. Provide all responsible vendors and contractors, including DBE's, with equitable access to servicing the needs of Tarrant County and its personnel through the competitive bidding of goods and services;

3. Comply with all State and Federal laws that apply to County purchasing and with the policies and procedures in this manual;

4. Manage all County assets and inventory so that replacement costs are minimized and Tarrant County can account for those assets; and

5. Dispose of all surplus, salvage, seized, and abandoned property in a manner that provides the most benefit to the taxpayers of the County and complies with the law.

APPLICATION

The Purchasing Act applies to all District, County, and Precinct employees and officials, and any subdivisions of these departments. The Purchasing Agent must purchase or lease all goods and services, including maintenance and repair, for all departments.

AUTHORITY

These policies and procedures are adopted by the County Purchasing Agent and approved by the Commissioners Court acting in its capacity as the governing body of Tarrant County, Texas.

Tarrant County adopts these policies and procedures under the authority of Texas Local Government Code, Chapter 262.

EFFECTIVE DATE

These policies and procedures will become effective upon approval by the Commissioners Court.

Section 4

AUTHORITY AND RESPONSIBILITIES OF THE PURCHASING AGENT

APPOINTMENT

The Legislature created a Purchasing Board to oversee a centralized purchasing structure and has given the Purchasing Department that mission. The Purchasing Board is composed of three (3) District Judges and two (2) County Commissioners. The Purchasing Board appoints the Purchasing Agent for Tarrant County for a two-year term and has the authority to approve the budget for this office as defined in the Texas Local Government Code 262.011.

AUTHORITY

Authority to make County purchases required by law to be competitively bid resides in the Commissioners Court. The Purchasing Agent merely facilitates that process and makes a recommendation to the Court for actual award and purchase.

The county purchasing agent shall purchase all supplies, materials, and equipment required or used, and contract for all repairs to property used, by the county or a subdivision, officer, or employee of the county, except purchases and contracts required by law to be made on competitive bid. A person other than the county purchasing agent may not make the purchase of the supplies, materials, or equipment or make the contract for repairs (Texas Local Government Code 262, Subchapter B, 262.011 (d)).

The county purchasing agent shall supervise all purchases made on competitive bid and shall see that all purchased supplies, materials, and equipment are delivered to the proper county officer or department in accordance with the purchase contract (Texas Local Government Code 262, Subchapter B, 262.011 (e).

A purchase made by the county purchasing agent shall be paid for by an electronic transfer, check, or warrant drawn by the county auditor on funds in the county treasury in the manner provided by law. The county auditor may not draw and the county treasurer may not honor an electronic transfer, check, or warrant for a purchase unless the purchase is made by the county purchasing agent or on competitive bid as provided by law (Texas Local Government Code 262, Subchapter B, 262.011 (f)).

INVENTORY

On July 1 of each year, the Purchasing Agent shall file an inventory of all property on hand belonging to the County and in use by each department and employee. The Auditor shall examine the inventory and make an accounting for all property purchased or previously inventoried and not appearing on the inventory.

TRANSFER OF ASSETS

Subject to the Commissioners Court approval, to prevent unnecessary purchases, the Purchasing Agent shall recommend the transfer of County property or goods that are not needed from a department or employee, to another department or employee requiring the goods or use of them. The Purchasing Agent will furnish to the Auditor a list of transferred goods.

VIOLATION AND PENALTY

Any person who knowingly violates or authorizes the violation of the Purchasing Act, and any County or precinct employees failing to use the Purchasing Agent for purchases—including an agent or employee of the County or of a department of the County—commits a crime punishable under Chapter 262.034, Texas Local Government Code.

ADDITIONAL RESPONSIBILITIES

In addition, the responsibilities of the Purchasing Agent shall be to:

1. Develop, implement, and manage the DBE program for Tarrant County;
2. Develop, implement, and maintain a Fixed Asset Management System;
3. Develop, implement, and maintain the Cooperative Purchasing Program;
4. Encourage and support compliance with Texas purchasing laws;
5. Work in conjunction with the Auditor and other County officials in the development of efficient financial processes;
6. Promote local business participation in Tarrant County procurement processes; and
7. Provide the business community a central professional link to County business.

Section 5

GENERAL PURCHASING POLICY

GENERAL INFORMATION

Tarrant County will not be obligated to purchase goods that are delivered for use on a trial basis or not purchased by the Purchasing Department.

The following strategies, as defined in Texas Local Government Code 262.022, that are employed with the intention of avoiding formal competitive bidding are in violation of Texas Local Government Code 262.023:

1. "Component purchases" means purchases of the component parts of an item that in normal purchasing practices would be purchased in one purchase.

2. "Separate purchases" means purchases, made separately, of items that in normal purchasing practices would be purchased in one purchase.

3. "Sequential purchases" means purchases, made over a period, of items that in normal purchasing practices would be purchased in one purchase.

Texas Local Government Code 262.034 details the specific criminal penalties for using component, separate or sequential purchases to avoid formal competitive bidding.

Any commitment to acquire goods or services without an authorized purchase order is prohibited. Anyone obligating an expenditure of funds for goods or services prior to securing a purchase order may be held personally responsible for the payment. All such purchases may be considered a *donation* to Tarrant County.

Employees must never purchase goods or services for their own personal benefit.

ADDITIONAL RESPONSIBILITIES

Departments must be cognizant of budget balances and refrain from trying to process requisitions in excess of their balances unless the proper transfer of funds has been accomplished. Purchase requisitions for which there is not adequate funding will not be processed.

Departments should plan purchases in order to keep emergency purchase requisitions to a minimum. Tarrant County seldom realizes any economic benefits from hastily processed requisitions. In most cases, vendors attempt to charge premium prices for goods or services when the Purchasing Department is not allowed the proper time to explore all sources.

The Purchasing Department is totally committed to processing all purchase requisitions within a reasonable time frame.

Departments must provide the Purchasing Department ample time to process any purchase requests:

1. On typical purchases that are less than $50,000, departments should allow a two to three (2-3) week time frame;

2. On typical purchases that are over $50,000, departments should allow eight to twelve (8-12) weeks time frame.

Departments must assure that all employees involved in making departmental purchase requests have read and understood the procedures in this manual.

The Purchasing Department must review all purchase requests and ensure they are descriptive and specific, but do not prevent competitive bidding for comparable goods.

Since there is no central receiving location in the County, each department is responsible for receiving goods and services. Departments should promptly alert Purchasing of any shortage, late delivery, damaged merchandise, or any other problem relating to the vendor's performance. A simple written explanation, if possible, can be placed in the bid file for future consideration at the time contracts are brought to the Commissioners Court for award.

It is hoped that departments understand and appreciate that the nature of public purchasing is to review and consider all purchase requests in order to promote competitive bidding.

CONSIDERATION OF SAFETY RECORDS

In determining who is a responsible bidder, the Commissioners Court may take into account the safety record of the bidder, of the firm, corporation, partnership, or institution represented by the bidder, or of anyone acting for such a firm, corporation, partnership, or institution as defined in Texas Local Government Code 262.0275. This consideration can only occur if:

1. the Commissioners Court has adopted a written definition and criteria for accurately determining the safety record of a bidder;

2. the governing body has given notice to prospective bidders in the bid specifications that the safety record of a bidder may be considered in determining the responsibility of the bidder; and

3. the determinations are not arbitrary and capricious.

STANDARD CONTRACT TERMS AND CONDITIONS (*EXAMPLE*)

The text of the specifications document for Request for Bid is as follows:

Tarrant County is requesting bids for the **ANNUAL CONTRACT FOR** _____ the _____ **DEPARTMENT.** All bids must be submitted on the attached Price Forms. Tarrant County will not enter into any contract where the cost is provisional upon such clauses as “escalator” or “cost-plus” clauses.

BY MAIL VIA US POSTAL SERVICE
ORIGINAL AND ONE (1) COPY
OF
COMPLETED BID
MUST BE RECEIVED IN THE
TARRANT COUNTY PURCHASING DEPARTMENT
AT 100 E. WEATHERFORD, SUITE 303
FORT WORTH, TEXAS 76196-0104
ON OR BEFORE _____ __, 2019 AT 2:00 P.M.

BY COURIER, FEDERAL EXPRESS, UPS
ORIGINAL AND ONE (1) COPY
OF
COMPLETED BID
MUST BE RECEIVED IN THE
TARRANT COUNTY PURCHASING DEPARTMENT
AT 100 E. WEATHERFORD, SUITE 303
FORT WORTH, TEXAS 76196-0104
ON OR BEFORE _____ __, 2019 AT 2:00 P.M.

All bids are due in the Tarrant County Purchasing Department by the due date in sealed envelopes or boxes. All bids must be clearly marked with the Bid Number, the name of the company submitting the bid, and date and time of opening on the outside of the envelope/box and/or Air Bill/Delivery Receipt. The original bid must be clearly marked **"ORIGINAL"** and contain all original signatures. “No-Bid” Response to be returned on the form included in the section under Forms.

Any bid received after the date and/or hour set for bid opening will not be accepted. The Bidder will be notified and will advise Tarrant County Purchasing as to the disposition by either pick up, return at Bidder’s expense, or destroyed with written authorization of the Bidder. If bids are sent by mail to the Tarrant County Purchasing Department, the Bidder shall be responsible for actual delivery of the bid to the Tarrant County Purchasing Department before the advertised date and hour for opening of bids. If mail is delayed either in the postal service or in the internal mail system of Tarrant County beyond the date and hour set for the bid opening, bids thus delayed will not be considered and will be disposed of as authorized.

Bids may be withdrawn at any time prior to the official opening. Alterations made before opening time must be initialed by Bidder guaranteeing authenticity. After the official opening, bids become the property of Tarrant County and may not be amended, altered or withdrawn without the recommendation of the Tarrant County Purchasing Agent and the approval of Tarrant County Commissioners' Court.

Tarrant County is exempt from Federal Excise and State Sales Tax; therefore, tax must not be included in this bid. Tarrant County is not exempt from Surplus Lines Tax or Texas Stamping Tax.

Tarrant County reserves the right to accept or reject in part or in whole any bids submitted and to waive any technicalities for the best interest of Tarrant County.

No oral explanation or instructions will be given by Tarrant County officials or employees in regard to the meaning of the proposal specifications before the award of the contract unless authorized by the Tarrant County Purchasing Agent or their designee. Requests from interested bidders for additional information or interpretation of the information included in the specifications should be directed in writing, via facsimile, to:

BUYER NAME, CERTIFICATIONS, TITLE, ETC.
FAX: (817) 884-2629

All documents relating to the Bid, including but not limited to, the bid document, questions and responses, addenda and special notices will be posted under the Bid number on the Tarrant County website and available for download by Bidders and other interested parties. No documents will be faxed or emailed after the initial Notice of Intent prior to award. It is the Bidder's sole responsibility to review this site and retrieve all related documents up to the Bid due date.

The deadline for receipt of all questions is 12:00 (Noon), Fort Worth, Texas time, _____day, _____ __, 2018. After the question deadline, all questions and their responses will be posted on the website and available for download by interested parties.

All bids shall specify terms and conditions of payment, which will be considered as part of, but not control, the award of bid. County review, inspection, and processing procedures ordinarily require thirty (30) days after receipt of invoice, materials, or service. Bids which call for payment before thirty (30) days from receipt of invoice, or cash discounts given on such payment, will be considered only if, in the opinion of the Tarrant County Purchasing Agent, the review, inspection, and processing procedures can be completed as specified.

Invoices shall be sent directly to the Tarrant County Auditor's Office, Attention: Accounts Payable, 100 East Weatherford, Room 506, Fort Worth, Texas 76196, or email to SAP-invoices@tarrantcounty.com. In accordance with the Prompt Payment Act, it is the intention of Tarrant County to make payment on completed orders within thirty (30) days after receipt of invoice or items; whichever is later, unless unusual circumstances arise. **Invoices must be fully documented as to labor, materials, and equipment provided and must reference the Tarrant County Purchase Order Number in order to be processed. No payments shall be made on invoices not listing a Purchase Order Number.**

Continuing non-performance of the Vendor in terms of Specifications shall be a basis for the termination of the contract by Tarrant County. Tarrant County shall not pay for work, equipment, or supplies which are unsatisfactory. The Vendor will be given a reasonable opportunity before termination to correct the deficiencies. This, however, shall in no way be construed as negating the basis for termination for non-performance.

The **contract may be terminated** by either party upon written thirty (30) day notice prior to cancellation.

Bids will be considered non-responsive if they show any omissions, alteration of form, additions or conditions not called for, or inconsistencies of any kind. However, Tarrant County reserves the right to waive any inconsistencies and to make an award in the best interest of Tarrant County.

Bids may be rejected, among other reasons, for any of the following specific reasons:

1. Bids containing any inconsistencies.
2. Unbalanced value of any items.

Bidders may be disqualified and their bids not considered, among other reasons, for any of the following specific reasons:

1. Reason for believing collusion exists among the Bidders.
2. Reasonable grounds for believing that any Bidder is interested in more than one (1) Bid for the work contemplated.
3. Bidder being interested in any litigation against Tarrant County.
4. Bidder being in arrears on any existing contract or having defaulted on a previous contract
5. Lack of competency as revealed, including but not limited to, by a financial statement, experience and equipment, and questionnaires.
6. Uncompleted work, which in the judgment of Tarrant County, will prevent or hinder the prompt completion of additional work, if awarded.
7. Bidders shall not owe delinquent property tax in Tarrant County.
8. Limited competition.

It is the Bidders' sole responsibility to print and review all pages of the bid document, attachments, questions and responses, addenda and special notices. The Signature Form must be signed and returned. Failure to provide a signature on the form renders bid non-responsive. Failure to complete and submit all required forms, including but not limited to References, Compliance With State Laws Form, Questionnaires (when applicable), Addenda (including revised forms), and any other specified forms or documents will be grounds for rejection of the entire bid.

CONFIDENTIALITY: Any material that is to be considered confidential must be clearly marked as such and shall be treated as confidential to the extent allowable under Section 552.136, Texas Government Code. Notice will be sent to you pursuant to Section 552.305 of the Texas Government Code should Tarrant County receive an open records request to inspect your bid. This notice will allow you to assert any objections to the release of confidential information in response to an open records request. It is your responsibility to assert any objections to the release of your bid in response to an open records request. Tarrant County cannot argue on your behalf that the information contained in your bid is exempt from public release. Trade secrets or confidential information **MUST** be placed in a separate envelope marked "**CONFIDENTIAL INFORMATION.**" Note: **PRICING INFORMATION IS NOT CONSIDERED CONFIDENTIAL AND IF MARKED AS SUCH, WILL RESULT IN REJECTION OF YOUR BID.**

Due care and diligence have been used in the preparation of this information, and it is believed to be substantially correct. However, the responsibility for determining the full extent of the exposure and the verification of all information presented herein shall rest solely with the Bidder. Tarrant County and its representatives will not be responsible for any errors or omissions in these specifications, nor for the failure on the part of the Bidder to determine the full extent of the exposures.

A vendor may not assign their rights and duties under an award without the written consent of the Tarrant County Purchasing Agent. Such consent shall not relieve the assignor of liability in the event of default by the assignee.

TO THE EXTENT PERMITTED BY LAW, VENDOR AGREES TO DEFEND, INDEMNIFY AND HOLD TARRANT COUNTY, ITS OFFICIALS, AGENTS, SERVANTS, AND EMPLOYEES, HARMLESS AGAINST ANY AND ALL CLAIMS, LAWSUITS, ACTIONS, COSTS AND EXPENSES OF ANY KIND, INCLUDING BUT NOT LIMITED TO, THOSE FOR PROPERTY DAMAGE OR LOSS (INCLUDING ALLEGED DAMAGE OR LOSS TO OWNER'S BUSINESS AND ANY RESULTING LOST PROFITS), EMPLOYMENT MATTERS, AND/OR PERSONAL INJURY, INCLUDING DEATH, THAT MAY RELATE TO OR ARISE OUT OF OR BE OCCASIONED BY (I) VENDOR'S BREACH OF ANY OF THE TERMS OF PROVISIONS OF THIS AGREEMENT OR (II) ANY NEGLIGENT ACT OR OMISSION OR INTENTIONAL MISCONDUCT OF VENDORS, ITS OFFICERS, AGENTS, ASSOCIATES, EMPLOYEES, CONTRACTORS OR SUBCONTRACTORS, RELATED TO THE PERFORMANCE OF THIS AGREEMENT.

VENDOR(S) WILL COMPLY WITH ALL STATE, FEDERAL, AND LOCAL LAWS INCLUDING BUT NOT LIMITED TO THE AMERICANS WITH DISABILITIES ACT, TITLE VII OF THE CIVIL RIGHTS OF 1964, AGE DISCRIMINATION IN EMPLOYMENT ACT, CIVIL RIGHTS ACT OF 1991, FEDERAL INSURANCE CONTRIBUTIONS ACT (FICA), FAIR LABOR STANDARDS ACT, EQUAL PAY ACT OF 1963 AND THE AFFORDABLE HEALTH CARE ACT, AS TO TREATMENT AND COMPENSATION OF ITS EMPLOYEES.

VENDOR(S) WILL PREPARE PAYROLL CHECKS, MAKE ALL NECESSARY DEDUCTIONS, AND PAY ALL TAXES, AND MAINTAIN INSURANCE REQUIRED BY STATE, FEDERAL, AND LOCAL LAWS. THE SUCCESSFUL VENDOR ACCEPTS FULL RESPONSIBILITY FOR THE PAYMENT OF WAGES, COMPENSATION, OVERTIME AND BENEFITS TO PERSONNEL. VENDOR ACCEPTS RESPONSIBILITY FOR PAYMENT OF ALL TAXES, ASSESSMENTS, FEES, AND FINES THAT MAY BE DUE AND OWING TO ANY STATE, FEDERAL, OR LOCAL GOVERNMENT AGENCIES.

Prices shall include all charges for freight, F.O.B. destination inside delivered to:

INSERT LOCATION

Hours of operation shall be between 8:00 a.m. and 4:00 p.m., Monday through Friday.

Delivery date is important to Tarrant County and may be part of the bid and a factor in evaluation of each bid. Tarrant County considers delivery time to be that period elapsing from the time the individual order is placed until that order is received by Tarrant County at the specified delivery location. The delivery date indicates a guaranteed delivery to Tarrant County, Texas. Failure of the Vendor to meet guaranteed delivery dates or service performance could affect future County orders.

Tarrant County reserves the right to demand bond or penalty to guarantee delivery by the date indicated. If the order is given and the Vendor fails to furnish the materials by the guaranteed date, Tarrant County reserves the right to cancel the order without liability on its part.

A **packing list** must accompany each shipment and must include but is not limited, to the following:

1. Tarrant County Purchase Order Number
2. Name and address of Vendor
3. Name and address of receiving department
4. Description of material shipped, including item numbers, quantity, etc.

SPECIAL TERMS AND CONDITIONS OF THE CONTRACT

1. **CONTRACT TERMS:** Vendor(s) will be awarded a twelve (12) month contract, effective from the date of award or notice to proceed as determined by the Tarrant County Purchasing Department. At Tarrant County's option and approval by the Vendor, the contract may be renewed for one (1) additional twelve (12) month period(s), as further explained in Renewal Options. **Prices must remain firm for the entire contract.**

2. **RENEWAL OPTIONS:** Tarrant County reserves the right to exercise an option to renew the contract of the Vendor for one (1) additional twelve (12) month period(s), provided such option is stipulated and agreed upon by both parties. If Tarrant County exercises the right in writing, the Vendor must update and submit any documents required during the initial solicitation by no later than thirty (30) calendar days prior to the commencement of the option period. Required documents must be in force for the full period of the option. If the updated documents are not submitted by the Vendor in complete form within the time specified, Tarrant County may rescind its option or seek a new solicitation.

3. **SECONDARY/ALTERNATE AWARD:** Secondary or Alternate Vendors serve in a backup capacity only. In the event the Primary is unable to honor the terms and conditions of the contract, the Secondary Vendor(s) may be called. If the Secondary Vendor is unable to honor the terms and conditions of the contract the Alternate Vendor(s) may be called. The Primary Vendor is the first contact. Use of the Secondary or Alternate Vendor(s) must be approved, in writing, by the Tarrant County Purchasing Agent or his designee in compliance with Texas Local Government Code 262.027(g) .

A. In the event the Secondary or Alternate Vendors are called upon, they will offer the materials and services at their awarded price(s), or better. Any attempt to increase their awarded price(s) may cause the removal of the Vendor from the contract. Calling upon the Secondary or Alternate Vendors do not necessarily affect the status of any awarded Vendor, including the Primary Vendor.

B. If a Secondary or Alternate Vendor represents themselves as the Primary Vendor without written authorization from the Tarrant County Purchasing Agent or designee, the Secondary or Alternate Vendor may be removed from the contract.

C. Would you, as the Vendor, be willing to accept a Secondary or Alternate Award based on the above?

_____Yes _____No

SPECIAL TERMS AND CONDITIONS OF THE CONTRACT

4. **COOPERATIVE PURCHASING:** Tarrant County has the lead role in developing and encouraging Cooperative Purchasing efforts among governmental entities that participate in its Cooperative Purchasing Program. Cooperative Purchasing can be a great benefit to Tarrant County vendors by providing an avenue to offer materials and services to participating entities. A current list of participating entities is included in this solicitation and an up-to-date list can be found on the Tarrant County website.

A. Should other Governmental Entities decide to participate in this contract, would you, as the Vendor, agree that all terms, conditions, specifications, and pricing would apply? **A "NO" answer could result in complete rejection of the bid**.

_____Yes _____No

1) If you, the Bidder, checked Yes, the following will apply:

a) Governmental Entities utilizing Intergovernmental Contracts with Tarrant County will be eligible, but not obligated, to purchase materials and services under the contract(s) awarded because of the solicitation. All purchases by Governmental Entities other than Tarrant County will be billed directly to that Governmental Entity and paid by that Governmental Entity. Tarrant County will not be responsible for another Governmental Entity's debts. Each Governmental Entity will order their own material and services as needed.

b) Delivery to governmental entities located within Tarrant County will be at no charge or as otherwise provided for in the Award Document. Delivery charges, if any, for governmental entities located outside Tarrant County shall be negotiated between the Vendor and each governmental entity.

c) Tarrant County utilizes County Purchase Orders as its primary means of encumbering funds and pays for goods and services utilizing Vendor invoices. In the event Governmental Entities utilizing InterGovernmental Contracts use other payment methods, including but not limited to, purchasing cards, debit cards, check requests or other methods which cause the Vendor to incur service, processing, or other fees, these fees are the responsibility of that Governmental Entity, unless otherwise negotiated with the Vendor.

d) Vendor(s) awarded contract(s) resulting from bid will be responsible for providing to Tarrant County, at no additional charge, a complete list of all governmental entities currently utilizing the contract and their annual expenditures. This information should be provided ninety (90) days prior to the expiration of the contract, or as otherwise requested by Tarrant County.

[CURRENT LIST OF PARTICIPATING ENTITIES
TO BE INSERTED HERE.]

SPECIAL TERMS AND CONDITIONS OF THE CONTRACT

5. **MINIMUM INSURANCE REQUIREMENTS:**

A. Vendor shall take out, pay for and maintain at all times during the prosecution of the work under the contract, the following forms of insurance, in carriers acceptable to and approved by Tarrant County.

1) Workers' Compensation/Employer's Liability

a. Worker's Compensation — statutory

b. Employer's Liability — $500,000

2) Commercial General Liability:

a. Bodily Injury/Personal Injury/Property Damage —$1,000,000 per occurrence/$2,000,000 aggregate

3) Auto Liability:

a. Combined Single Liability (CSL) — $500,000 per occurrence

B. Tarrant County reserves the right to review the insurance requirements of this section during the effective period of the contract and to require adjustment of insurance coverage and their limits when deemed necessary and prudent by Tarrant County based upon changes in statutory law, court decisions, or the claims history of the industry as well as the Vendor.

C. Required Provisions:

1) Proof of Carriage of Insurance − All Certificates of Insurance will be required in duplicate and filed with the Tarrant County Purchasing Agent and the Budget and Risk Management Department at 100 East Weatherford Street, Suite 305, Fort Worth, Texas 76196 prior to work commencing.

2) All Certificates shall provide Tarrant County with an unconditional thirty (30) days written notice in case of cancellation or any major change.

3) As to all applicable coverage, policies shall name Tarrant County and its officers, employees, and elected representatives as an additional insured.

4) All copies of the Certificates of Insurance shall reference the project name and solicitation number for which the insurance is being supplied.

5) Vendor agrees to waive subrogation against Tarrant County, its officers, employees, and elected representatives for injuries, including death, property damage, or any other loss to the extent the loss, if any, is covered by the proceeds of insurance.

6) If applicable, the Vendor is responsible for making sure any subcontractor(s) performing work under this agreement has the required insurance coverage(s) and supplies Tarrant County with the proper documents verifying the coverage.

SPECIAL TERMS AND CONDITIONS OF THE CONTRACT

6. **CRIMINAL BACKGROUND CHECK:**

A. If this contract requires that Vendor personnel access Tarrant County Data (either on-site or remotely) or access secure areas of Tarrant County Facilities, then Vendor personnel may be required to undergo a Criminal Justice Information Services (CJIS) Background Check, a Human Resources Criminal Background Check, or a Sheriff's Criminal Background Check. Criminal Background Checks will be paid for by Tarrant County.

1. The Vendor's must provide information, including, but not limited to, Employee Name, date of birth, and driver's license number for each individual required to pass a Criminal Background Check.

2. Award of a contract could be affected by the Vendor's refusal to agree to these terms.

3. Failure of the Vendor to supply personnel who pass a Criminal Background Check could affect the award of the contract or result in termination of the contract.

4. The Criminal Background Check applies to the individual and not the Company.

5. Passing status must be maintained by Vendor personnel for the duration of the contract.

7. **INFORMATION TECHNOLOGY HOSTED OR CLOUD SOLUTION:**

A. The following is only applicable when a Vendor is providing Information Technology hosted or cloud solution:

1. **Confidentiality, Integrity, Availability (CIA)**
Vendor shall protect the Confidentiality, Integrity, and Availability (CIA) of all Tarrant County Data ensuring extra levels of security. All Tarrant County information must remain private and permit redaction of protected information before publication. Audit trails cannot be altered.

2. **Breach Notification**
Vendor agrees that upon discovery of unauthorized access to Tarrant County Data, Vendor shall notify Tarrant County both orally and in writing. In no event shall the notification be made more than forty-eight (48) hours after Vendor knows or reasonably suspect unauthorized access has or may have occurred. In the event of a suspected unauthorized Access, Vendor agrees to reasonably coordinate with Tarrant County to investigate the occurrence.

3. **Data**
All Tarrant County data will remain in the 48 contiguous United States at all times.

4. **Right to Audit**
Tarrant County reserves the right to audit vendor data centers which house Tarrant County Data or receive SSAE 16 SOC Type II audits from a reputable security advisory service firm (e.g. EY, Deloitte, KPMG, PWC, Coalfire, etc.).

8. There is no opportunity for remote attendance at the Pre-Bid Conference. Vendors not allowed to call in to attend this meeting.

Evaluation Criteria will include, but is not limited to the following:

1. Unit Price
2. Delivery
3. Bidder's past performance record with Tarrant County
4. Tarrant County's evaluation of Bidder's ability to perform
5. Tarrant County's experience with products bid
6. Special needs and requirements of Tarrant County
7. Results of testing samples (if needed)

Quantities indicated on the Price Forms are estimates based upon the best available information. Tarrant County reserves the right to increase or decrease the quantities to meet its actual needs without any adjustments in the bid price.

Any **catalog, brand name or manufacturer's reference** used is considered to be descriptive -- not restrictive -- and is indicative of the type and quality Tarrant County desires to purchase. Bids on similar items of like quality may be considered if the bid is noted and fully descriptive brochures are enclosed. If notation of substitution is not made, it is assumed the vendor is bidding item specified. The Vendor will not be allowed to make unauthorized substitutions after award.

---

* INSERT TECHNICAL SPECIFICATION PAGE(S) HERE

FOR DISADVANTAGED BUSINESS ENTERPRISES ONLY

Disadvantaged Business Enterprises (DBE) are encouraged to participate in Tarrant County's bid process. The Purchasing Department will provide additional clarification of specifications, assistance with Price Forms, and further explanation of bidding procedures to those DBEs who request it.

Representatives from DBE companies should identify themselves as such and submit a copy of the Certification.

Tarrant County recognizes the certifications of both the State of Texas General Services Commission HUB Program and the North Central Texas Regional Certification Agency. All companies seeking information concerning DBE certification are urged to contact.

REFERENCES

Please list three (3) references, **other than past or present employees of Tarrant County**, who can verify your performance as a Vendor. Performance includes, but is not limited to, sales and/or service, delivery, invoicing, and other items as may be required for Tarrant County to determine Vendor's ability to provide the intended goods or service of the bid. Tarrant County **PREFERS** references to be from Government customers. References must be able to verify the quality of service Vendor's company provides and that the Bidder has completed a project of similar size and scope of work in this response. Inaccurate, obsolete or negative responses from the listed references could result in rejection of your bid.

Failure to supply the required references will deem the bid as non-responsive and will not be considered for award.

Bidder involvement with reference checks is not permitted. Only Tarrant County or its designee will conduct reference checks. Any deviation to this will result in rejection of your response.

SIGNATURE FORM

The undersigned, on behalf of and as the authorized representative of Bidder, agrees this bid becomes the property of Tarrant County after the official opening.

The undersigned affirms that the Bidder has familiarized himself with the local conditions under which the work is to be performed; satisfied himself of the conditions of delivery, handling, and storage of equipment and all other matters that may be incidental to the work, before submitting a bid.

The undersigned agrees, on behalf of Bidder, that if the bid is accepted, Bidder will furnish all materials and services upon which price(s) are offered, at the price(s) and upon the terms and conditions contained in the specifications. The period for acceptance of this bid will be ninety (90) calendar days.

The undersigned affirms that they are duly authorized to execute this contract, that this bid has not been prepared in collusion with any other Bidder, nor any employee of Tarrant County, and that the contents of this bid have not been communicated to any other Bidder or to any employee of Tarrant County prior to the official opening of this bid.

Vendor hereby assigns to Tarrant County all claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 USCA Section 1 et seq., and which arise under the antitrust laws of the State of Texas, Tex. Bus. & Com. Code, Section 15.01, et seq.

The undersigned affirms that they have read and do understand the specifications and any attachments contained in this solicitation. ***Failure to sign and return this form will result in the rejection of the entire bid.***

COMPLIANCE WITH STATE AND FEDERAL LAWS

CERTIFICATION OF ELIGIBILITY

By submitting a Bid in response to this solicitation, the Bidder certifies that at the time of submission, they are not on the Federal Government's list of suspended, ineligible, or debarred entities.

In the event of placement on the list between the time of Bid submission and time of award, the Bidder will notify the Tarrant County Purchasing Agent. Failure to do so may result in terminating this contract for default.

RELATING TO STATE CONTRACTS WITH AND INVESTMENTS IN COMPANIES THAT BOYCOTT ISRAEL AND INVESTMENTS IN COMPANIES THAT DO BUSINESS WITH IRAN, SUDAN, OR ANY KNOWN FOREIGN TERRORIST ORGANIZATIONS.

Effective September 1, 2017, Bidder verifies that they do not boycott Israel and will not boycott Israel during the term of this contract. The term "boycott Israel" is defined by Texas Government Code Section 808.001, effective September 1, 2017. Bidder further verifies that they are not engaged in business with Iran, Sudan, or any foreign terrorist organization. The term "foreign terrorist organization" means an organization designated as a foreign terrorist organization by the United States Secretary of State as authorized by 8 U.S.C. Section 1189.

DISCLOSURE OF INTERESTED PARTIES

The law states that a governmental entity may not enter into certain contracts with a nonexempt business entity unless the business entity submits a disclosure of interested parties to the governmental entity. By submitting a Bid in response to this solicitation, the Bidder agrees to comply with HB 1295, Government Code 2252.908. Bidder agrees to provide Tarrant County Purchasing Agent, and/or requesting department, the "Certificate of Interested Parties," Form 1295 as required, within **ten (10)** business days from notification of pending award, renewal, amended or extended contract.

NO-BID RESPONSE

In the event that your organization chooses not to submit a bid/proposal for this solicitation, the Tarrant County Purchasing Department is interested in the reasons why vendors have chosen not to submit bids/proposals in order to better serve the taxpayers of Tarrant County. Please indicate your reason(s) by checking all applicable items below and return this form to the address shown below.

- ☐ Could not meet specifications.
- ☐ Items or materials requested not manufactured by us or not available to our company.
- ☐ Insurance requirements too restricting.
- ☐ Bond requirements too restricting.
- ☐ The scope of services not clearly understood or applicable (too vague, too rigid, etc.)
- ☐ The project not suited to our organization.
- ☐ Quantities too small.
- ☐ Insufficient time allowed for preparation of bid/proposal.
- ☐ Other (please specify).

Tarrant County Purchasing Department
100 E. Weatherford, Suite 303
Fort Worth, TX 76196-0104

[STANDARD CONTRACT TERMS AND CONDITIONS – (*EXAMPLE*)]

Text of the specifications document for Request for Proposal is as follows:

Tarrant County is soliciting proposals for _____.

Original and One (1) Copy
OF
COMPLETED BID PROPOSALS
MUST BE RECEIVED IN THE
TARRANT COUNTY PURCHASING DEPARTMENT
AT 100 E. WEATHERFORD, SUITE 303
FORT WORTH, TEXAS 76196-0104
ON OR BEFORE _____ __, 2018 AT 2:00 P.M.

All proposals are due in the Tarrant County Purchasing Department by the due date in sealed envelopes or boxes. All proposals must be clearly marked with the Proposal Number, the name of the company submitting the proposal package, and date and time of opening on the outside of the envelope/box and/or Air Bill/Delivery Receipt. Original proposal must be clearly marked **"ORIGINAL"** and contain all original signatures. "No-Bid" response to be returned the on the form included in the section under Forms.

Any proposal received after the date and hour set for Proposal opening will not be accepted. The Respondent will be notified and will advise Tarrant County Purchasing as to the disposition by either pick up, return at Respondent's expense, or destroyed with written authorization of the Respondent. If Proposals are sent by mail to the Tarrant County Purchasing Department, the Respondent shall be responsible for actual delivery of the Proposal package to the Tarrant County Purchasing Department before the date and hour set for Proposal opening. If mail is delayed either in the postal service or in the internal mail system of Tarrant County beyond the date and hour set for the Proposal opening, proposals thus delayed will not be considered and will be disposed of as authorized.

Proposals may be withdrawn at any time prior to the official opening. Alterations made before opening time must be initialed by Respondent guaranteeing authenticity. After the official opening, Proposals become the property of Tarrant County and may not be amended, altered or withdrawn without the recommendations of the Tarrant County Purchasing Agent and the approval of Tarrant County Commissioners Court.

Tarrant County is exempt from Federal Excise and State Sales Tax; therefore, tax must not be included in this proposal. Tarrant County is not exempt from Surplus Lines Tax or Texas Stamping Tax.

Tarrant County reserves the right to accept or reject in part or in whole any proposals submitted and to waive any technicalities for the best interest of Tarrant County.

No oral explanation or instructions will be given by Tarrant County officials or employees in regard to the meaning of the proposal specifications before the award of the contract unless authorized by the Tarrant County Purchasing Agent or their designee. Requests from interested proposers for additional information or interpretation of the information included in the specifications should be directed in writing to:
BUYER NAME, TITLE
FAX: (817) 884-2629

All documents relating to this proposal including but not limited to, the proposal document, questions and their responses, addenda, and special notices will be posted under the proposal number on the Tarrant County website and available for download by interested parties. No documents will be faxed or emailed after the initial Notice of Intent prior to award. **It is the Respondent's sole responsibility to review this site and retrieve all related documents prior to the Proposal due date**.

The deadline for receipt of all questions is 12:00 (Noon), Fort Worth, Texas time, _____day, _____ __, 2018. After the question deadline, all questions and their responses will be posted on the website and available for download by interested parties.

All Proposal Response Forms and questionnaires must be fully completed and included in your response. Detailed specifications have been provided, and any deviations or exceptions must be referenced on the designated response forms that have been provided. Unless deviations are specifically stated herein, benefits will be provided according to the specifications at no additional charge.

The proposal is issued in compliance with the County Purchasing Act, Section 262.030. Negotiations may be conducted with responsible Respondent(s) who submit Proposals determined to be reasonably susceptible of being selected for award.

It is the Respondent's sole responsibility to print and review all pages of the Proposal document, attachments, questions and responses, addenda, and special notices. The Signature Form must be signed and returned. Failure to provide a signature on this form renders the Proposal non-responsive. Failure to complete and submit all required forms, including but not limited to References, Compliance with State and Federal Laws Form, Questionnaires (when applicable), Addenda (including revised forms), and any other specified forms or documents will be grounds for rejection of entire Proposal.

CONFIDENTIALITY: Any material that is to be considered confidential in nature must be clearly marked as such and may be treated as confidential to the extent allowable in the Texas Public Information Act. Pricing information is not considered confidential. Trade secrets or confidential information **MUST** be placed in a separate envelope marked **"CONFIDENTIAL INFORMATION"** and **EACH PAGE** must be marked **"CONFIDENTIAL INFORMATION."** Tarrant County will make every effort to protect these papers from public disclosure as outlined in Texas Local Government Code, Section 262.030(c).

The Texas Public Information Act gives the public the right to request access to government information, subject to certain narrow exceptions. Tarrant County is an entity subject to this Act. Therefore, please be advised that your company's declaration that certain information submitted in response to a proposal is "confidential" will not be treated as such if Tarrant County receives a request for a copy of the proposal. Tarrant County will, of course, make every effort to inform your company of such a request and to provide you with an opportunity to object to the release of any proprietary information per the procedure outlined in Texas Government Code Section 552.305. Notice to your company under Section 552.305 may be sent via either certified mail or e-mail using the contact information provided by you on the signature form. Please be advised that Tarrant County cannot and will not make an agreement to withhold information from the public contrary to Tarrant County's responsibilities under the Act.

Additionally, to the extent your proposal is incorporated into the contract, the proposal will become an official record available for public inspection.

The proposals shall be opened to avoid disclosure of contents to competing Respondents and kept secret during the process of negotiation. All proposals that have been submitted shall be open for public inspection after the contract is awarded, except for trade secrets and confidential information contained in the proposals and identified as such.

All proposals shall specify terms and conditions of payment, which will be considered as part of, but not control, the award of the proposal. Tarrant County review, inspection, and processing procedures ordinarily require thirty (30) days after receipt of invoice, materials, or service. Proposals which call for payment before thirty (30) days from receipt of invoice, or cash discounts given on such payment, will be considered only if, in the opinion of the Tarrant County Purchasing Agent, the review, inspection, and processing procedures can be completed as specified.

Invoices shall be sent directly to the Tarrant County Auditor's Office, Attention: Accounts Payable, 100 East Weatherford, Room 506, Fort Worth, Texas 76196, or email to SAP-invoices@tarrantcounty.com. In accordance with the Prompt Payment Act, it is the intention of Tarrant County to make payment on completed orders within thirty (30) days after receipt of invoice or items; whichever is later, unless unusual circumstances arise. **Invoices must be fully documented as to labor, materials, and equipment provided and must reference the Tarrant County Purchase Order Number in order to be processed. No payments shall be made on invoices not listing a Purchase Order Number.**

Continuing non-performance of the Vendor in terms of specifications shall be a basis for the termination of the contract by Tarrant County. Tarrant County shall not pay for work, equipment, or supplies which are unsatisfactory. The Vendor will be given a reasonable opportunity before termination to correct deficiencies. This, however, shall in no way be construed as negating the basis for termination for nonperformance.

The **contract may be terminated** by either party upon written thirty (30) day notice prior to cancellation.

Proposals will be considered non-responsive if they show any omissions, alteration of form, additions or conditions not called for, or inconsistency of any kind. However, Tarrant County reserves the right to waive any inconsistencies and to make an award in the best interest of Tarrant County.

Proposals may be deemed non-responsive, among other reasons, for any of the following specific reasons:

1. Proposals containing any inconsistencies.
2. Unbalanced value of any items.

Respondents may be disqualified and their proposals not considered, among other reasons, for any of the following specific reasons:

1. Reason for believing collusion exists among the Respondents.
2. Reasonable grounds for believing that any Respondent is interested in more than one proposal for the work contemplated.
3. The Respondent being interested in any litigation against Tarrant County.
4. The Respondent in the arrear on any existing contract or having defaulted on a previous contract.
5. Lack of competency as revealed by a financial statement, experience, and equipment, questionnaires, etc.
6. Uncompleted work that in the judgment of Tarrant County will prevent or hinder the prompt completion of additional work, if awarded.
7. Respondents shall not owe delinquent property tax in Tarrant County.
8. Respondent's past performance record with Tarrant County.
9. Limited competition.

Due care and diligence have been used in the preparation of this information, and it is believed to be substantially correct. However, the responsibility for determining the full extent of the exposure and the verification of all information presented herein shall rest solely with the Respondent. Tarrant County and its representatives will not be responsible for any errors or omissions in these specifications, nor for the failure on the part of the Respondent to determine the full extent of the exposures.

The successful Vendor may not assign their rights and duties under an award without the written consent of the Tarrant County Purchasing Agent. Such consent shall not relieve the assignor of liability in the event of default by the assignee.

Audit Clause: The Vendor must agree that Tarrant County will, until the expiration of twelve (12) months after final payment under this agreement, have access to and the right to examine at reasonable times any directly pertinent books, documents, papers and records (hard copy, as well as computer generated data) of the Vendor involving those transactions related to this solicitation. The Vendor must agree that Tarrant County will have access during normal working hours to all necessary facilities, staff, and workspace in order to conduct audits. Tarrant County will provide the Vendor with reasonable advance notice of intended audits. The Vendor must provide records within ten (10) business days or a mutually agreed upon timeline.

TO THE EXTENT PERMITTED BY LAW, RESPONDENT AGREES TO DEFEND, INDEMNIFY AND HOLD TARRANT COUNTY, ITS OFFICIALS, AGENTS, SERVANTS, AND EMPLOYEES, HARMLESS AGAINST ANY AND ALL CLAIMS, LAWSUITS, ACTIONS, COSTS AND EXPENSES OF ANY KIND, INCLUDING BUT NOT LIMITED TO, THOSE FOR PROPERTY DAMAGE OR LOSS (INCLUDING ALLEGED DAMAGE OR LOSS TO OWNER'S BUSINESS AND ANY RESULTING LOST PROFITS), EMPLOYMENT MATTERS, AND/OR PERSONAL INJURY, INCLUDING DEATH, THAT MAY RELATE TO OR ARISE OUT OF OR BE OCCASIONED BY (I) RESPONDENT'S BREACH OF ANY OF THE TERMS OF PROVISIONS OF THIS AGREEMENT OR (II) ANY NEGLIGENT ACT OR OMISSION OR INTENTIONAL MISCONDUCT OF RESPONDENT, ITS OFFICERS, AGENTS, ASSOCIATES, EMPLOYEES, CONTRACTORS OR SUBCONTRACTORS, RELATED TO THE PERFORMANCE OF THIS AGREEMENT.

THE SUCCESSFUL RESPONDENT(S) WILL COMPLY WITH ALL STATE, FEDERAL, AND LOCAL LAWS INCLUDING BUT NOT LIMITED TO THE AMERICANS WITH DISABILITIES ACT, TITLE VII OF THE CIVIL RIGHTS OF 1964, AGE DISCRIMINATION IN EMPLOYMENT ACT, CIVIL RIGHTS ACT OF 1991, FEDERAL INSURANCE CONTRIBUTIONS ACT (FICA), FAIR LABOR STANDARDS ACT, EQUAL PAY ACT OF 1963 AND THE AFFORDABLE HEALTH CARE ACT, AS TO TREATMENT AND COMPENSATION OF ITS EMPLOYEES.

RESPONDENT(S) WILL PREPARE PAYROLL CHECKS, MAKE ALL NECESSARY DEDUCTIONS AND PAY ALL TAXES AND MAINTAIN INSURANCE REQUIRED BY STATE, FEDERAL, AND LOCAL LAWS. RESPONDENT ACCEPTS FULL RESPONSIBILITY FOR THE PAYMENT OF WAGES, COMPENSATION, OVERTIME AND BENEFITS TO PERSONNEL. RESPONDENT ACCEPTS RESPONSIBILITY FOR PAYMENT OF ALL TAXES, ASSESSMENTS, FEES, AND FINES THAT MAY BE DUE AND OWING TO ANY STATE, FEDERAL, OR LOCAL GOVERNMENT AGENCIES.

SPECIAL TERMS AND CONDITIONS OF THE CONTRACT

1. **CONTRACT TERMS:** Vendor(s) will be awarded a twelve (12) month contract, effective from the date of award or notice to proceed as determined by Tarrant County Purchasing through _____, __, 201_. At Tarrant County's option and approval by the Vendor, the contract may be renewed for three (3) additional twelve (12) month periods, as further explained in Renewal Options. **Prices must remain firm for the entire contract.**

2. **RENEWAL OPTION:** Tarrant County reserves the right to exercise an option to renew the contract of the Respondent for three (3) additional twelve (12) month periods, provided such option is stipulated in the Special Conditions and agreed upon by both parties. If Tarrant County exercises the right in writing, the Vendor must update and submit any documents required during the initial solicitation by no later than thirty (30) calendar days prior to the commencement of the option period. These required documents must be in force for the full period of the option. If the updated documents are not submitted by the Vendor in complete form within the time specified, Tarrant County may rescind its option and seek a new solicitation.

3. **MINIMUM INSURANCE REQUIREMENTS:**

A. Vendor shall take out, pay for and maintain at all times during the prosecution of the work under the contract, the following forms of insurance, in carriers acceptable to and approved by Tarrant County.

1) Workers' Compensation/Employer's Liability

a. Worker's Compensation — statutory

b. Employer's Liability — $500,000

2) Commercial General Liability:

a. Bodily Injury/Personal Injury/Property Damage — $1,000,000 per occurrence/$2,000,000 aggregate

3) Auto Liability:

a. Combined Single Liability (CSL) — $500,000 per occurrence

B. Tarrant County reserves the right to review the insurance requirements of this section during the effective period of the contract and to require adjustment of insurance coverage and their limits when deemed necessary and prudent by Tarrant County based upon changes in statutory law, court decisions, or the claims history of the industry as well as the Vendor.

C. Required Provisions:

1) Proof of Carriage of Insurance − All Certificates of Insurance will be required in duplicate and filed with the Tarrant County Purchasing Agent and the Budget and Risk Management Department at 100 East Weatherford Street, Suite 305, Fort Worth, Texas 76196 prior to work commencing.

2) All Certificates shall provide Tarrant County with an unconditional thirty (30) day written notice in case of cancellation or any major change.

3) As to all applicable coverage, policies shall name Tarrant County and its officers, employees, and elected representatives as an additional insured.

4) All copies of the Certificates of Insurance shall reference the project name and Proposal number for which the insurance is being supplied.

5) The Respondent agrees to waive subrogation against Tarrant County, its officers, employees, and elected representatives for injuries, including death, property damage, or any other loss to the extent the loss, if any, is covered by the proceeds of insurance.

6) The Respondent is responsible for making sure any subcontractor(s) performing work under this agreement has the required insurance coverage(s) and supplies Tarrant County with the proper documents verifying the coverage.

4. CRIMINAL BACKGROUND CHECK:

A. If this contract requires that Vendor personnel access Tarrant County Data (either on-site or remotely) or access secure areas of Tarrant County Facilities, then Vendor personnel may be required to undergo a Criminal Justice Information Services (CJIS) Background Check, a Human Resources Criminal Background Check, or a Sheriff's Criminal Background Check. Criminal Background Checks will be paid for by Tarrant County.

1. The Vendor must provide information, including, but not limited to, Employee Name, date of birth, and driver's license number for each individual required to pass a Criminal Background Check.
2. Award of a contract could be affected by the Vendor's refusal to agree to these terms.
3. Failure of the Vendor to supply personnel who pass a Criminal Background Check could affect the award of the contract or could result in the termination of the contract.
4. The Criminal Background Check applies to the individual and not the Company.
5. Passing status must be maintained by the Vendor personnel for the duration of the contract.

5. INFORMATION TECHNOLOGY HOSTED OR CLOUD SOLUTION:

A. The following is only applicable when the Vendor is providing Information Technology hosted or cloud solution:

1. **Confidentiality, Integrity, Availability (CIA)**
Vendor shall protect the Confidentiality, Integrity, and Availability (CIA) of all Tarrant County Data ensuring extra levels of security. All Tarrant County information must remain private and permit redaction of protected information before publication. Audit trails cannot be altered.
2. **Breach Notification**
Vendor agrees that upon discovery of unauthorized access to Tarrant County Data, Vendor shall notify Tarrant County both orally and in writing. In no event shall the notification be made more than forty-eight (48) hours after Vendor knows or reasonably suspect unauthorized access has or may have occurred. In the event of a suspected unauthorized Access, Vendor agrees to reasonably coordinate with Tarrant County to investigate the occurrence.
3. **Data**
All Tarrant County data will remain in the 48 contiguous United States at all times.
4. **Right to Audit**
Tarrant County reserves the right to audit Vendor datacenters which house Tarrant County Data or receive SSAE 16 SOC Type II audits from a reputable security advisory service firm (e.g. EY, Deloitte, KPMG, PWC, Coalfire, etc.).

6. There is no opportunity for remote attendance at the Pre-Proposal Conference. Respondents are not allowed to call in to attend this meeting.

STATEMENT OF WORK

INSERT HISTORICALLY UNDERUTILIZED BUSINESSES (HUB) POLICY

FOR DISADVANTAGED BUSINESS ENTERPRISES ONLY

Disadvantaged Business Enterprises (DBE) are encouraged to participate in Tarrant County's Proposal process. The Tarrant County Purchasing Department will provide additional clarification of specifications, assistance with Forms, and further explanation of procedures to those DBEs who request it.

Representatives from DBE companies should identify themselves as such and submit a copy of the Certification.

Tarrant County recognizes the certifications of both the State of Texas General Services Commission HUB Program and the North Central Texas Regional Certification Agency. All companies seeking information concerning DBE certification are urged to contact.

Texas Procurement and Support Services
Statewide HUB Program
1711 Jacinto Blvd.

REFERENCES

Please list three (3) references, **other than past or present employees of Tarrant County**, who can verify your performance as a Vendor. Performance includes but is not limited to, sales and/or service, delivery, invoicing, and other items as may be required for Tarrant County to determine Respondent's ability to provide the intended goods or service of this Proposal. Tarrant County **PREFERS** references to be from Government customers. References must be able to verify the quality of service Respondent's company provides and that the Respondent has completed a project of similar size and scope of work in this solicitation. Inaccurate, obsolete or negative responses from the listed references could result in rejection of your Proposal.

Failure to supply the required references will deem Respondent as non-responsive and will not be considered for the award.

Respondent involvement with reference checks is not permitted. Only Tarrant County or its designee will conduct reference checks. Any deviation to this will result in rejection of your response.

SIGNATURE FORM

The undersigned, on behalf of and as the authorized representative of Respondent, agrees this Proposal becomes the property of Tarrant County after the official opening.

The undersigned affirms the Respondent has familiarized itself with the local conditions under which the work is to be performed; satisfied itself of the conditions of delivery, handling, and storage of equipment and all other matters that may be incidental to the work, before submitting a Proposal.

The undersigned agrees, on behalf of Respondent, that if this Proposal is accepted, to furnish all materials and services upon which price(s) are offered, at the price(s) and upon the terms and conditions contained in the Specifications. The period for acceptance of this Proposal will be ninety (90) calendar days.

The undersigned affirms that they are duly authorized to execute this contract, that this Proposal has not been prepared in collusion with any other Respondent, nor any employee of Tarrant County, and that the contents of this Proposal have not been communicated to any other Respondent or to any employee of Tarrant County prior to the official opening of this Proposal.

Respondent hereby assigns to Tarrant County all claims for overcharges associated with this contract which arise under the antitrust laws of the United States, 15 USCA Section 1 et seq., and which arise under the antitrust laws of the State of Texas, Tex. Bus. & Com. Code, Section 15.01, et seq.

The undersigned affirms that they have read and do understand the specifications and any attachments contained in this solicitation. ***Failure to sign and return this form will result in the rejection of the entire Proposal.***

COMPLIANCE WITH STATE AND FEDERAL LAWS

CERTIFICATION OF ELIGIBILITY

By submitting a Proposal in response to this solicitation, the Respondent certifies that at the time of submission, they are not on the Federal Government's list of suspended, ineligible, or debarred entities.

In the event of placement on the list between the time of Proposal submission and time of award, the Respondent will notify the Tarrant County Purchasing Agent. Failure to do so may result in terminating this contract for default.

RELATING TO STATE CONTRACTS WITH AND INVESTMENTS IN COMPANIES THAT BOYCOTT ISRAEL AND INVESTMENTS IN COMPANIES THAT DO BUSINESS WITH IRAN, SUDAN, OR ANY OTHER FOREIGN TERRORIST ORGANIZATIONS.

Effective September 1, 2017, Respondent verifies that they do not boycott Israel and will not boycott Israel during the term of this contract. The term "boycott Israel" is defined by Texas Government Code Section 808.001, effective September 1, 2017. Respondent further verifies that they are not engaged in business with Iran, Sudan, or any foreign terrorist organization. The term "foreign terrorist organization" means an organization designated as a foreign terrorist organization by the United States Secretary of State as authorized by 8 U.S.C. Section 1189.

DISCLOSURE OF INTERESTED PARTIES

The law states that a governmental entity may not enter into certain contracts with a nonexempt business entity unless the business entity submits a disclosure of interested parties to the governmental entity. By submitting a Bid in response to this solicitation, the Respondent agrees to comply with HB 1295, Government Code 2252.908. Respondent agrees to provide Tarrant County Purchasing Agent, and/or requesting department, the "Certificate of Interested Parties," Form 1295 as required, within **ten (10)** business days from notification of pending award, renewal, amended or extended contract.

NO-BID RESPONSE

In the event that your organization chooses not to submit a bid/proposal for this solicitation, the Tarrant County Purchasing Department is interested in the reasons why vendors have chosen not to submit bids/proposals in order to better serve the taxpayers of Tarrant County. Please indicate your reason(s) by checking all applicable items below and return this form to the address shown below.

- ☐ Could not meet specifications.
- ☐ Items or materials requested not manufactured by us or not available to our company.
- ☐ Insurance requirements too restricting.
- ☐ Bond requirements too restricting.
- ☐ The scope of services not clearly understood or applicable (too vague, too rigid, etc.)
- ☐ The project not suited to our organization.
- ☐ Quantities too small.
- ☐ Insufficient time allowed for preparation of bid/proposal.
- ☐ Other (please specify).

[PRICE PROPOSAL FORM INSERTED HERE.]

Section 6

SPECIFICATIONS

DEFINITION

A precise description of the physical characteristics, quality, or desired outcomes of a commodity to be procured, which a supplier must be able to produce or deliver to be considered for award of a contract.

PURPOSE

The purpose of any specification is to provide Purchasing with clear guidelines from which to purchase and to provide vendors with a minimum, acceptable standard for goods or services. A well-written specification has four (4) characteristics:

1. it establishes the minimum acceptability of the goods or services;
2. it promotes competition;
3. it contains provisions for reasonable tests and inspections for acceptability of the goods or services; and
4. it provides for an equitable award to the lowest and best bid from a responsible bidder.

PREPARATION

Specifications may be proposed by the user department, occupant department, or an outside agency. THE FINAL ACCEPTANCE OF THE SPECIFICATIONS, OTHER THAN THOSE FOR CONSTRUCTION PROJECTS, WILL REST WITH THE PURCHASING DEPARTMENT FOR COMPLIANCE WITH LEGAL REQUIREMENTS. This will ensure proper quality control and avoid the proliferation of conflicting specifications between the different departments of Tarrant County. The Auditor and Budget Office will verify for Purchasing that the goods or services were considered and approved in the budget process. Any purchases that were not approved in the budget process will be submitted to Commissioners Court to seek their permission to accept bids/RFPs.

TYPES

There are a number of specification types that will be used by the Purchasing Department. They include:

1. DESIGN

   A detailed description of goods or services, including such things as details of construction or production, dimensions, chemical composition, physical properties, materials, ingredients, and all other details needed for the provider to produce goods and services of minimum acceptability. Design specifications are usually required for construction projects, certain produced goods, and for many services.

2. PERFORMANCE

   Where the goods or services are described in terms of required performance. They may include such details as required power, the strength of the material, test methods and standards of acceptability, and recommended practices. This type of specification is used most often for capital equipment.

3. BRAND NAME OR EQUAL

   Lists of goods or services by brand name, model, and other identifying specifics. Products equal to the characteristics of the named brand are specified as acceptable. Usually, the composition of a brand name good and service is provided through labeling, but broader tolerances and less consistency from item to item may be expected as compared with standard goods. Other manufacturers may provide a nearly identical good under their own brand name. THIS METHOD WILL BE EMPLOYED BY THE TARRANT COUNTY PURCHASING DEPARTMENT ONLY IF THERE IS SOUND JUSTIFICATION. THE BURDEN OF JUSTIFICATION WILL REST WITH THE USER DEPARTMENT.

4. INDUSTRY STANDARD

   This is one of the simplest specifications available. All goods made to an industry standard are identical, regardless of manufacturer, and will result in the acquisition of goods of uniform quality. An example is the UIL standard for electrical products.

Section 7

REQUISITIONING PROCESS

DEFINITION

A purchase requisition is a department request authorizing the Purchasing Department to enter into a contract to purchase goods or services and charge the expenditure to the appropriate department budget. This automated form is for internal use and cannot be used by a department to order material directly from a vendor. It is the first step after the need for goods or services is recognized.

Purchase requisitions should fully describe to the Purchasing Department what to buy when it is required, and where the goods are to be delivered and the services to be performed.

POLICY

Tarrant County utilizes an automated requisitioning system, called SAP. Based on established budget line items, purchase requisitions are entered into SAP by the user department. Adequate budget funds must be available in the departmental line items and approved by both the Auditor and Budget Office before the Purchasing Department can proceed with the purchase of the requested goods and services. Exceptions to the approval process may occur in the case of low value (<$25.00) office supplies.

After the Purchasing Department receives an Audit-approved purchase requisition, it determines the appropriate procedures based on the cost of the purchase, the goods and services to be purchased, the existing contracts for goods and services, and other relevant factors.

Upon determining the appropriate procurement process, the Purchasing Agent or assigned representative (buyer) acting on his/her behalf will issue a purchase order to the vendor(s) for the desired goods or services. The Purchasing Agent or assigned representative is the only individual authorized to generate a printed/electronic copy of a purchase order. No other County personnel will have access or authorization to print an original purchase order.

Specific instructions on entering requisitions into SAP are not covered in this manual. The user department should refer to the County's SAP training website or contact the Help Desk for further information and to check for periodic training session opportunities.

TYPES OF PURCHASE REQUISITIONS

ROUTINE – Normal purchases have a cycle time of three to ten (3-10) working days.

EXPEDITED – Purchases where the goods or services are needed sooner than the routine cycle time. Expedited purchases do not qualify as emergency purchases and are subject to all applicable bidding requirements. Cycle time for expedited purchase requisitions is one to three (1-3) working days.

Note: Expedited purchases are NOT emergency purchases. They are goods or services needed quickly to prevent costly delays or work stoppage. Expedited purchases probably warrant the additional cost and effort caused by the interruption of the normal work routine. They should not be used unless absolutely necessary. The user department should always telephone the appropriate buyer and make them aware of any such problem, as well as put the appropriate information in the requisition text section.

EMERGENCY – Purchase of any goods or services needed because of an emergency condition that the Commissioners Court has ordered exempt, in compliance with the County Purchasing Act [Texas Local Government Code, Section 262.024(a)(1-3)]. All emergency exemption orders must be processed through the Purchasing Department. The Purchasing Agent will submit these as an agenda item for the Commissioners Court approval.

1. Emergency items less than $50,000 will be handled in the same manner as an expedited purchase requisition.

2. Emergency items greater than $50,000 must be placed on the Commissioners Court agenda.

If the requisition requires a formal solicitation the cycle time will be longer.

NOTE: “Cycle time” refers to the time between when a purchase requisition is assigned to a buyer for action and when the actual purchase order is placed with a vendor. Cycle time does not include the time required for delivery, or the time it takes for the approval process from the Auditor and Budget Office.

PURCHASES PROCESSED VIA CHECK REQUEST

If Texas Local Government Code 262.011(d) does not require the Purchasing Agent to purchase a given request, or if Section 262.023 does not require the purchase to be made by competitive bid, then a check request may be submitted to the Auditor's Office for processing.

Examples of purchases that may be submitted on a check request include:

1. Association and Membership Dues
2. Bonds (notary, liability, etc.)
3. Conferences, Seminars, Training
4. Contract Labor
5. Court Appointed Attorney Payments
6. Damages to Non County Property (self insurance)
7. Food and Catering for Meetings
8. Interpreting
9. Licenses and Permits
10. Photo Processing
11. Postage
12. Sponsorships
13. Subscriptions (newspapers and magazines)
14. Travel Expense (including registrations)
15. Utilities (water, gas, cellular phones)
16. Vehicle Inspections

If there are any questions as to whether an item should be on a check request or purchase order, the Purchasing Department should be contacted for that determination.

CHECK REQUEST PROCEDURES

Check requests submitted to the Auditor's Office for processing should include the following information:

1. To whom the check is to be made payable, the mailing address, general ledger account number, and amount.

2. Signature of an authorized individual.

3. Supporting documentation; i.e., invoice, receipts, travel itineraries, seminar agenda, settlement papers, the Commissioners Court Order.

4. The following items also require an executed contract and the Commissioners Court approval:

    a) Professional Services
    b) Real Property Rentals or Leases
    c) Insurance (including employee benefits)
    d) Interlocal Agreements
    e) Depository Agreement

Section 8

PROCEDURES FOR PURCHASES UNDER $50,000

POLICY

For purchases of goods and services totaling less than $50,000, as defined in 262.011(d) of the Texas Local Government Code, the Purchasing Agent is authorized to select the exact goods or services to meet the requirements of the departments. The Purchasing Agent is authorized to select the vendor and to follow all necessary actions to conclude a contract for the purchase of the goods and services, without specific approval of the Commissioners Court in compliance with Texas Local Government Code 262.0245.

CONSIDERATIONS

In selecting the exact goods or services requested by the departments, the Purchasing Agent must consider the following:

1. the stated needs of the department and whether the selected goods or services meet those needs;

2. available information about sources and prices of the goods and services;

3. the delivery requirements of the vendor and department; and

4. any other information that should be considered involving the circumstances of the purchase.

PROCEDURES

Purchasing will make the final determination as to the method of an award based on information provided.

The assigned Buyer will solicit the quotes required based on dollar thresholds and award per the below Purchasing procedures:

1. purchases of less than $1,000.00 required to obtain/solicit a minimum of two (2) quotes, written or verbal. An effort to contact two (2) Historically Underutilized Business (HUB) vendors should be made;

2. purchases from $1,000.00 to $24,999.99 required to obtain/solicit a minimum of (3) to four (4) written quotations. An effort to contact at least three (3) Historically Underutilized Business (HUB) vendors should be made;

3. purchases from $25,000 to $49,999.99 required to obtain or solicit written solicitation including buyer's database, department database, and TVORS database. Specifications will be more formalized utilizing current solicitations boiler plate including references and insurance requirements as needed. **All HUB vendors specific to NIGP codes will be contacted**. Permission, advertising, and court approval are not required, but encouraged;

4. annual contracts from $25,000 to $49,999.99 may be required to obtain/solicit advertising with sealed responses. **All HUB vendors specific to NIGP codes will be contacted**. Permission, advertising, and court approval are required.

Then, if quality and delivery terms meet County needs, the vendor who provides the lowest price will be selected. If the vendor offering the lowest price is not used, a notation will be made to indicate the reason another vendor was selected.

The Purchasing Agent has the authority to deviate from the policy for purchases under $50,000 if it is in the best interests of Tarrant County and if it will facilitate specific County operations.

NOTE: ***If cumulative purchases for a single commodity code are anticipated to exceed $50,000 in a fiscal year, then formal competitive bidding is required, and an annual term contract will be established. Cumulative purchases include Countywide purchases and are not limited to departmental requirements (i.e., office supplies, computer paper, uniforms, furniture, etc.)***

CAUTION: Intentionally separating purchases or invoices to avoid $50,000 formal competitive bidding is a violation of the Purchasing Act as described in Texas Local Government Code 262.034.

MODIFICATIONS

The Purchasing Agent may modify contracts for goods and services that are for less than $50,000 if the modification is in writing and the aggregate cost of the purchases under the contract will not exceed $50,000.

Section 9

COMPETITIVE BIDDING REQUIREMENTS FOR PURCHASES EXCEEDING $50,000

DEFINITIONS

Competitive bidding means the process of inviting and obtaining bids from competing suppliers by which an award is made to the lowest responsive bid from a responsible bidder meeting written specifications.

The Texas Supreme Court described it as follows: "Competitive bidding requires due advertisement, giving the opportunity to bid, and contemplates bidding on the same undertaking upon each of the same material items and services covered by the contract, upon the same thing. It requires that all bidders be placed on the same plane of equality and that they each bid upon the same terms and conditions involved in all the items and services and parts of the contract, and the proposals specify as to all bids the same or substantially similar specifications." (Texas Highway Commission v. Texas Association of Steel Importers Inc. 372 S.W.2d 525,527 (Tex. 1963))

The term, "*formal competitive bidding*" will be used in this manual, and is generally used in public purchasing, when the bidding process is in compliance with Texas Local Government Code, 262.023 and requires approval by a governing board, such as the Commissioners Court.

"*Sealed" bids* (Request for Bid) will be used for contracts exceeding $50,000. The Request for Bid (RFB) will be used to solicit bids from vendors in response to Tarrant County specifications and contractual terms and conditions. A returned, notice of award letter with a valid court order number or the issuance of a purchase order will form the contract between Tarrant County and the vendor.

Formal competitive bidding procedures do not apply to purchases that are made in compliance with the procedures in Sections 8 and 10 through 12.

PURPOSE OF COMPETITIVE BIDDING

The first purpose of competitive bidding is to ensure that public monies are spent properly, legally, and for the least cost. (This is, in fact, the primary goal of public procurement, even when purchases do not require the formal approval of the governing board.)

The second purpose is to give those qualified and responsible vendors who desire to do business with the County, a fair and equitable opportunity to do so. The use of a standard and consistent procurement process provides the public with an assurance that their tax dollars are being spent properly in compliance with Texas Local Government Code 262.0225 .

The Texas Supreme Court states, "Its purpose is to stimulate competition, prevent favoritism, and secure the best work and materials at the lowest practicable price for the best interest of the taxpayer and property owners." *(Texas Highway Commission v. Texas Association of Steel Importers Inc. 372 S.W.2d 525,527 (Tex. 1963))*

PROCEDURES

Formal competitive bidding—which calls for formal approval by the Commissioners Court due to a required expenditure in excess of $50,000—will in Tarrant County, with few exceptions, be accomplished by the following:

PURCHASE REQUISITION: A department request authorizing the Purchasing Department to enter into a contract to purchase goods or services and charge the expenditure to the appropriate department budget. This automated form is for internal use and cannot be used by a department to order material directly from a vendor.

The user department will follow up the permission request with the entry of a purchase requisition into SAP, if applicable. The Purchasing Department will not proceed with a purchase unless the appropriate budget line item includes sufficient unencumbered funds for the purchase and is approved by the Auditor and Budget Office.

BIDDING NOTICE: After the development of specifications of the RFB will be published by the Purchasing Department in compliance with Texas Local Government Code 262.025.

A notice of the intended purchase must be published at least twice within a two-week period by a newspaper of general circulation in the County, with the first day of publication occurring before the 14th day before the date of the bid opening.

The notice must include the following (Texas Local Government Code 262.025):

(1) the specifications describing the item to be purchased or a statement of where the specifications may be obtained;

(2) the time and place for receiving and opening bids and the name and position of the county official or employee to whom the bids are to be sent;

(3) whether the bidder should use lump-sum or unit pricing;

(4) the method of payment by the county; and

(5) the type of bond required by the bidder.

AMENDMENT TO RFB: The Commissioners Court, by law, authorizes the Purchasing Agent to extend the bid opening date. The Purchasing Agent may amend an RFB to clarify the original intent or to correct errors or omissions if the changes are so insignificant that they are not likely to matter to the vendor in determining the price or the ability to respond; if there is no change to the quantity or delivery requirements; and if the amendment does not change the scope of the RFB. There should be at least seven (7) days between the date of the amendment and the opening date specified in the legal advertisement.

RECEIPT OF COMPETITIVE BIDS: The following procedures will be adhered to when receiving bids:

1. All bids will be received by the Purchasing Agent.

2. All bids will be stamped with the time and date received. The "Date Stamp Clock" in the Purchasing Department will serve as the official time clock for the purpose of identifying the date and time bids were received in the Purchasing Department.

3. Bids will not be accepted after the opening time on the date of the bid opening. All bids received after the opening time will be returned unopened to the bidder with a letter from the Purchasing Agent notifying the bidder that the submitted bid was received after the due date and time.

4. The Purchasing Department will record the name of the vendor's representative submitting the bid, as well as the time and date the bid was submitted. If a bid is received by mail, express mail, or courier, the delivery method will be reflected in the record.

5. After bids are received, a secure place will be provided by the Purchasing Department for holding the bids until the opening date. The bids are to be received sealed and shall remain sealed until opened on the advertised date and time by the Purchasing Department in a public forum.

6. On occasion, bids that are received in the mail, or by some other independent carrier, may be inadvertently opened. If this situation occurs, another Purchasing Department staff member will be called immediately to act as a witness that the details of the bid, particularly the price, were not reviewed and that the bid was again sealed by an employee of the Purchasing Department.

The above process will be followed in order to preclude any perception of favoritism or revealing bid prices or information. Having sealed bids publicly received and recording the submission of bids is intended to inhibit any perception that the Purchasing Department is manipulating the receipt of bids.

PUBLIC OPENING OF BIDS: Sealed bids will be opened publicly by the Purchasing Department and will be documented. Copies of bids may be obtained in accordance with the Public Information Act guidelines.

The Purchasing Agent will open the bids on the date, time, and place specified in the legal notice in compliance with Texas Government Code 262.026.

EVALUATION: The Purchasing Department will evaluate all bids, with assistance from the user department, and a recommendation concerning the lowest responsible bid will be made to the Commissioners Court. The Purchasing Department will evaluate bids based on:

1. price;
2. cost of repair and maintenance;
3. cost of delivery and handling;
4. compliance of goods and services with specifications; and
5. vendor's financial stability, ability to perform the contract, the vendor's safety record, if stated in the RFB, and the past performance of that vendor.

The Purchasing Department will provide a copy of the bid results to the user department. A signed memo from the Official, Department Head or Executive Manager of that user department acknowledging agreement with the proposed award recommendation will be included in the presentation to the Commissioners Court. Whenever the lowest bid received is not in the best interest of Tarrant County, clear justification for not selecting the low bid must be documented before being placed on the Commissioners Court agenda.

CONTRACT AWARD: The Purchasing Agent will recommend contract award to the Commissioners Court in session. The Court shall, as defined in Texas Local Government Code 262.027(a):

1. Award the contract to the responsible bidder who submits the lowest and best bid; or
2. Reject all bids and publish a new notice.

If two (2) responsible bidders submit the lowest and best bid, the tie bid will be broken in accordance with the Court Order No. 60616, "Procedure for Awarding Tie Bids." Accordingly, the Purchasing Agent, or designee, shall oversee a coin flip to determine the successful vendor. The buyer responsible for the bid shall flip the coin. The first vendor listed on the tabulation sheet shall be "heads." The second vendor listed on the tabulation sheet shall be "tails." One to two impartial witnesses shall be on hand to determine the results of the coin flip. All participants shall certify the results by signing the tabulation sheet or a similar document.

A contract may not be awarded to a bidder who is not the lowest dollar bidder meeting specifications unless, before the award, each lower bidder is given notice of the proposed award and is given the opportunity to appear before the Commissioners Court to present evidence to refute the award recommendation in compliance with Texas Government Code 262.027(c).

After an award is made, a notice of award will be processed, with copies sent to the appropriate vendor and user departments as outlined in Texas Government Code 262.027(c).

CONTRACT ADMINISTRATION: The user department, unless it is an annual supply contract, will be responsible for monitoring and documenting contractor performance and compliance. All documentation of noncompliance should be shared with the Purchasing Department. If poor performance or noncompliance with the contract occurs, the Purchasing Department will be responsible to initiate corrective action with the vendor.

The Purchasing Agent will take all steps related to obtaining contract compliance but will consult with the Criminal District Attorney's Office before taking any steps towards contract suspension or termination. Before any letters, notices, or other communications related to termination or suspension are sent to the vendor, the contents of these documents must be reviewed by the Criminal District Attorney's Office as the initial steps toward potential litigation.

This aspect of the procurement process is often overlooked and is perhaps one of the most important. To enforce contractual terms, documentation of specific noncompliance must be available. Specific dates, locations, examples, etc., must be documented.

MODIFICATIONS: The Commissioners Court delegates to the Purchasing Agent its authority to modify awarded contracts at any time in writing, if the changes do not increase the price of the contract and are within the general scope of the contract, including a change to any of the following as defined in Texas Local Government Code 262.0305:

1. Drawings, designs, or specifications when the goods to be furnished are to be specially manufactured for Tarrant County in accordance with the drawings, designs, or specifications.
2. Method of shipment or packaging.
3. Place of delivery.
4. Correction of errors of a general administrative nature or other mistake, the correction of which does not affect the price or scope of the contract, and does not result in additional expense to the contractor.

REBIDDING ANNUAL CONTRACTS: The Purchasing Department, via the Purchasing system (Bid Tracking), monitors the expiration dates of all contracts. Purchasing should notify, by memo, user departments at least ninety (90) days before contract expiration and verify whether the goods or services need to be rebid. The user department will return the specifications and quantities sent from the Purchasing Department, with any additions, deletions, or corrections.

Section 10

COMPETITIVE PROPOSALS FOR INSURANCE AND HIGH TECHNOLOGY GOODS AND SERVICES EXCEEDING $50,000

DEFINITIONS

In this section, competitive proposals may be solicited through Request for Proposal (RFP) as defined in Texas Local Government Code 262.030(d).

Formal "sealed" Requests for Proposals (RFP) will be used to procure insurance, high technology goods or services, special services of landscape maintenance, recycling, and travel management that are expected to exceed $50,000. The RFP will solicit proposals from vendors in response to the County's requirements, along with contractual terms and conditions. If a formal contract is required, it must be reviewed by the reviewed by the Criminal District Attorney's Office and approved by the Commissioners Court.

"High technology item" means a service, equipment, or good of a highly technical nature, including:

(*A*) *data processing equipment and software and firmware used in conjunction with data processing equipment;*

(B) telecommunications, radio, and microwave systems;

(C) electronic distributed control systems, including building energy management systems; and

(D) technical services related to those items. (Texas Local Government Code 262.022)

PROCEDURES

Competitive proposals for insurance, high technology goods and services, and special services will be accomplished by the following (see Section 11 for additional procedures that may be used when purchasing computer hardware, software, and related services):

PURCHASE REQUEST: A simple memo submitted to the Purchasing Agent, signed by the Official, Department Head, or Manager, will serve as the initial requisition. The memo should include budget line items from which the purchase will be funded or another explanation that is acceptable to the Purchasing Department about how funding will be attained before the process will begin. Requirements should also be attached to that memo, and, if they are not, both Purchasing and the user department will jointly develop the RFP requirements.

The user department will follow up the memo request with an entry of a requisition into the SAP system.

NOTICE: After receipt of the initial memo and funding information (if available) is received, the Purchasing Department will then place an item on the Commissioners Court agenda seeking permission to process that particular RFP. If the RFP is for high technology goods or services, the Information Technology Department must be involved in this review process reference Court Order No. 59639.

A notice of the proposed purchase must be published at least twice within a two-week period by a newspaper of general circulation in the County, with the first day of publication occurring the 14th day before the date of the RFP opening. If necessary, advertising time can be extended.

The notice must include the following (Texas Local Government Code 262.025):

(1) the specifications describing the item to be purchased or a statement of where the specifications may be obtained;

(2) the time and place for receiving and opening bids and the name and position of the county official or employee to whom the bids are to be sent;

(3) whether the bidder should use lump-sum or unit pricing;

(4) the method of payment by the county; and

(5) the type of bond required by the bidder.

RECEIPT OF COMPETITIVE PROPOSALS: The following procedures will be adhered to when receiving proposals:

1. All proposals will be received by the Tarrant County Purchasing Department.2. All proposals will be stamped with the time and date received. The “Date Stamp Clock” in the Purchasing Department will serve as the OFFICIAL time clock for the purpose of identifying the date and time proposals were received in this office.

3. PROPOSALS will not be accepted after the opening time on the date of proposal opening. All proposals received after the opening time will be returned unopened to the respondent with a letter from the Purchasing Agent notifying them that the proposal submitted was received subsequent to the due date and time.

4 The Purchasing Department will record the name of the vendor submitting the proposal, as well as the time and date the proposal was submitted. If a proposal is received by mail, express mail, or courier, the delivery method will be reflected in the record.

5. After the proposals are received, a secure place will be provided by the Purchasing Department for holding the proposals until the proposal opening. All proposals are to be received sealed, and shall remain sealed until opened on the advertised date and time by the Purchasing Department in a public forum.

6. On occasion, proposals that are received in the mail, or by some other independent carrier, may be inadvertently opened. If this situation occurs, another Purchasing Department staff member will be called immediately to act as a witness that the details of the proposal, particularly the evaluation criteria, were not reviewed. The proposal would then be resealed by an employee of the Purchasing Department.

The above process will be followed in order to preclude any perception of favoritism or revealing any proposal information. Having sealed proposals publicly received, and recording the submission of proposals, is intended to inhibit any perception that the Purchasing Department is manipulating the receipt of proposals.

OPENING OF PROPOSALS: Sealed proposals will be opened by the Purchasing Department and will be documented. Proposals are not opened publicly. Only the names of vendors submitting proposals will be announced. The Purchasing Department will open the proposals on the date specified in the legal notice. The date specified in the legal notice may be extended by the Purchasing Department.

Proposals shall be opened to avoid disclosure of contents to competing Respondents and kept secret during the process of negotiation. All Proposals that have been submitted shall be open for public inspection after the contract is awarded, except for trade secrets and confidential information contained in the proposals and identified as such, which will be kept closed pending a ruling by the Texas Attorney General.

EVALUATION: The Purchasing Department will evaluate all proposals, with assistance from the user department, occupant department, Information Technology Department if applicable, or the appropriate committee. Purchasing will then request written confirmation in support of the recommended awardee and make a formal recommendation to the Commissioners Court for approval.

All requests for proposals (RFP) must specify the appropriate evaluation criteria necessary to make an unbiased award recommendation.

NEGOTIATION: All negotiations will be supervised by the Purchasing Department. Any conversations with vendors must be in coordination with the Purchasing Department, and a member of that department should be present for all discussions with vendors. Departments contacting vendors without coordinating with the Purchasing Department risk jeopardizing the integrity of the County procurement process.

CONTRACT AWARD: The award of the contract shall be made by the Commissioners Court to the responsible vendor whose proposal is determined to be the best evaluated offer resulting from negotiation, if necessary, and taking into consideration the relative importance of price and other evaluation factors set forth in the Request for Proposals (RFP).

CONTRACT ADMINISTRATION: The user department will be responsible for monitoring and documenting contractor performance and compliance. All documentation of noncompliance must be shared with Purchasing. If poor performance or noncompliance with the contract is evidenced, Purchasing will be responsible to initiate corrective action with the vendor.

The Purchasing Agent will take all steps related to obtaining compliance with the contract but will consult with the Criminal District Attorney's Office before taking any steps toward suspension or termination of the contract. Before any letters, notices, and other communications related to termination or suspension are sent to the vendor, the contents of these should be reviewed by the Criminal District Attorney's Office and the Auditor's Office as the initial steps toward potential litigation.

This aspect of the County procurement process is often overlooked and is perhaps one of the most important. To enforce contractual terms, documentation of specific noncompliance must be available. Specific noncompliance issues, dates, locations, examples, etc., must be documented.

MODIFICATIONS: The Commissioners Court delegates to the Purchasing Agent its authority to modify contracts awarded under this section at any time in writing, if the changes do not increase the contract price and are within the general scope of the contract, including change to any of the following in compliance with Texas Local Government Code 262.0305:

1. Drawings, designs, or specifications when the goods to be furnished are to be specially manufactured for Tarrant County in accordance with the drawings, designs, or specifications.

2. Method of shipment or packaging.

3. Place of delivery.

4. Correction of errors of a general administrative nature or other mistake, the correction of which does not affect the scope of the contract, and does not result in additional expense to the contractor.

Section 11

STATE CONTRACT PURCHASES

INTRODUCTION

Sections 271.081 through 271.083 of the Texas Local Government Code require the State Purchasing and Statewide Procurement Division (SPD) to establish a local government purchasing program and authorizes Tarrant County to participate in the program.

The first allows purchasing from vendors with which the State has entered into contracts as a result of competitive bidding procedures. These are referred to as State Contract purchases. The second is the TXMAS Program. The Statewide Procurement Division (SPD) has established, as an alternative purchasing method, the use of Texas Multiple Award Schedule (TXMAS) contracts that have been developed from contracts that have been competitively awarded by the federal government or any other governmental entity of any state in compliance with Texas Government Code 2155.502. As the responsible federal entity, the General Services Administration (GSA) Federal Supply Service awards Federal Supply schedule contracts by competitive procurement procedures for more than 50 schedules that cover multiple commodities and services. These prices reflected on GSA schedule contracts are the Most Favored Customer (MFC) prices and the maximum price allowable. TXMAS contracts take advantage of the MFC pricing and under certain circumstances, an agency or local government entity may negotiate a lower price for goods or services offered on a schedule contract. A “best value” purchase can be made by following the TXMAS purchasing procedures. These laws are located in Texas Government Code, Chapter 791.

POLICY

Tarrant County participates in the purchasing program of the State Purchasing and Statewide Procurement Division (SPD) for local governments.

OFFICIAL REPRESENTATIVE

The Purchasing Agent is designated to act for Tarrant County at the direction of the Commissioners Court in all matters relating to the purchasing program, including the purchase of goods and services from any vendor under contract. Tarrant County is responsible for making direct payments to the vendor.

PROCEDURE

The Purchasing Agent is responsible for submitting requisitions to the Comptroller under any contract or electronically sending purchase orders directly to the vendor and reports to the Comptroller on actual purchases in compliance with the Comptroller’s regulations. The Purchasing Agent is responsible for vendors’ compliance with all the conditions of delivery and quality of the purchased goods and services. The Purchasing Agent is authorized to sign and deliver all necessary documents for purchases under this program made on behalf of Tarrant County.

CONTRACT AWARD

The award of any contract from the State contracts catalog including the Department of Information Resources (DIR) as well as Purchasing Cooperatives including but not limited to, BuyBoard, and the Omnia Partners, Public Sector shall be in writing, approved and signed by either the Purchasing Agent—if less than $50,000—or the Commissioners Court—if more than $50,000—prior to any services being rendered. The Commissioners Court authorizes the Purchasing Agent to execute any contract for State contract purchases, the Department of Information Resources and Purchasing Cooperatives that are procured in compliance with this section if the cost of the contract does not exceed $50,000.

An exemption exists for purchases made as a result of Interlocal agreements with other governmental agencies. Regardless of the cost involved, this type of purchase does not require presentation to and approval by the Commissioners Court.

CONTRACT MODIFICATIONS

It is the policy of Tarrant County that all change orders must be processed through the Purchasing Department as defined in Texas Local Government Code 262.031:

> *(a) If it becomes necessary to make changes in plans, specifications, or proposals after a contract is made or if it becomes necessary to increase or decrease the quantity of items purchased, the commissioners court may make the changes. However, the total contract price may not be increased unless the cost of the change can be paid from available funds.*
>
> *(b) If a change order involves an increase or decrease in cost of $50,000 or less, the commissioners court may grant general authority to an employee to approve the change orders. However, the original contract price may not be increased by more than 25 percent unless the change order is necessary to comply with a federal or state statute, rule, regulation, or judicial decision enacted, adopted, or rendered after the contract was made. The original contract price may not be decreased by 18 percent or more without the consent of the contractor.*

CONTRACT ADMINISTRATION

The user department will be responsible for monitoring and documenting contractor performance and compliance. All documentation of noncompliance must be shared with Purchasing. If poor performance or noncompliance with the contract is evidenced, Purchasing will be responsible to initiate corrective action with the vendor.

The Purchasing Agent will take all steps related to obtaining compliance with the contract but will consult the Criminal District Attorney's Office before taking any action on the contract. Before any letter, notices, or other communication related to termination or suspension are sent to the contractor, the contents of these should be reviewed by the Criminal District Attorney's Office as the initial steps toward potential litigation.

This aspect of the County procurement process is often overlooked and is perhaps one of the most important. To enforce contractual terms, documentation of specific noncompliance must be available. Specific noncompliance issues, dates, locations, examples, etc., must be documented.

TEXAS PROCUREMENT AND SUPPORT SERVICES (TXMAS)

AUTHORITY

The Statewide Procurement Division (SPD) has established, as an alternative purchasing method, the use of Texas Multiple Award Schedule (TXMAS) contracts that have been developed from contracts that have been competitively awarded by the federal government or any other governmental entity of any state. As the responsible federal entity, the General Services Administration (GSA) Federal Supply Service awards Federal Supply schedule contracts by competitive procurement procedures for more than 50 schedules that cover multiple commodities and services. These prices reflected on GSA schedule contracts are the Most Favored Customer (MFC) prices and the maximum price allowable. TXMAS contracts take advantage of the MFC pricing and under certain circumstances, an agency or local government entity may negotiate a lower price for goods or services offered on a schedule contract. A "best value" purchase can be made by following the TXMAS purchasing procedures. Government Code.

POLICY

Tarrant County will purchase goods or services from the TXMAS in fulfillment of the competitive bidding requirements. The County will determine that all purchases or leases are based on the best available and are in the County's best interest.

CONTRACT AWARD

The award of any contract from TXMAS should be in writing, approved and signed by either the Purchasing Agent—if less than $50,000—or the Commissioners Court—if $50,000 or more—prior to any services being rendered. The Commissioners Court authorizes the Purchasing Agent to execute any contracts for TXMAS that are procured in compliance with this section if the cost of the contract does not exceed $50,000. In either event, the requisition process initiates the transaction.

CONTRACT MODIFICATIONS

It is the policy of Tarrant County that all change orders must be processed through the Purchasing Department in compliance with Texas Local Government Code 262.031:

(a) If it becomes necessary to make changes in plans, specifications, or proposals after a contract is made or if it becomes necessary to increase or decrease the quantity of items purchased, the commissioners court may make the changes. However, the total contract price may not be increased unless the cost of the change can be paid from available funds.

(b) If a change order involves an increase or decrease in cost of $50,000 or less, the commissioners court may grant general authority to an employee to approve the change orders. However, the original contract price may not be increased by more than 25 percent unless the change order is necessary to comply with a federal or state statute, rule, regulation, or judicial decision enacted, adopted, or rendered after the contract was made. The original contract price may not be decreased by 18 percent or more without the consent of the contractor.

CONTRACT ADMINISTRATION

The user department will be responsible for monitoring and documenting contract performance and compliance. All documentation of noncompliance must be shared with Purchasing. If poor performance or noncompliance with the contract is evidenced, Purchasing will be responsible to initiate corrective action with the vendor.

The Purchasing Agent will take all steps related to obtaining compliance with the contract but will consult the Criminal District Attorney's Office before taking any action on the contract. Before any letter, notices, or other communications related to termination or suspension are sent to the vendor, the contents of these should be reviewed by the Criminal District Attorney's Office and the Auditor's Office as the initial steps toward potential litigation.

This aspect of the County procurement process is often overlooked and is, perhaps, one of the most important. To enforce contractual terms, documentation of specific noncompliance must be available. Specific noncompliance issues, dates, locations, examples, etc., must be documented.

Section 12

PURCHASING OF PROFESSIONAL SERVICES

INTRODUCTION

This is the most difficult section to explain due to the various laws that define (or do not define) professional services and which dictate how these services are to be purchased. The two (2) principal laws with which the Purchasing Agent must comply when procuring professional services are the Professional Services Procurement Act, Chapter 2254, Subchapter A and the County Purchasing Act.

There are two (2) kinds of professional services:

1. Professional services specifically defined under the Professional Services Procurement Act as defined by Texas Local Government Code 2254, Subchapter (a); and

2. Professional services that are not specifically defined under either the Professional Services Procurement Act or the County Purchasing Act and which must be obtained in compliance with the County Purchasing Act. The Purchasing Agent must rely on court cases and Attorney General opinions to determine what services are included in these "other" professional services.

PURPOSE

The Purchasing Department may contract for professional services only if funds are budgeted for that purpose and confirmed by the Auditor and Budget Office, or the solicitation is approved by the Commissioners Court.

PROFESSIONAL SERVICES PROCUREMENT ACT

DEFINITION

Professional services are defined in Texas Local Government Code 2254 under the Professional Services Act as:

1. Services within the scope of the practice, as defined by state law, of accounting, architecture, landscape architecture, land surveying, medicine, optometry, professional engineering, real estate appraising, professional nursing;

2. Services provided in connection with the professional employment or practice of a person who is licensed or registered as a certified public accountant, an architect, a landscape architect, a land surveyor, a physician including a surgeon, an optometrist, a professional engineer, a state certified or state licensed real estate appraiser, a registered nurse.

The Act states that contracts for the purchasing of these professional services may not be awarded on the basis of price. Instead, services must be awarded on the basis of demonstrated competence and qualifications.

REQUEST FOR QUALIFICATIONS (RFQ)

To ensure vendors a fair and equitable opportunity to do business with Tarrant County, and to ensure that the services of the most qualified professional are obtained, the Commissioners Court has directed that professional services be purchased by using the Request for Qualifications (RFQ) process.

PROCEDURES

Departments shall forward a memo to the Purchasing Agent when professional services are required. The memo will identify the following:

1. Scope of work
2. Qualifications and experience requirements
3. Time frames
4. Budgeted amount and budget line items
5. Suggested professionals

Based on the information provided in the memo, applicable State laws, and all relevant facts, the Purchasing Agent will determine if a formal RFQ or an informal procurement process will be implemented.

If, as a result of an RFQ, Tarrant County enters into contracts with more than one (1) qualified professional, thereby creating a pool of professionals, then the Purchasing Department must ensure that an RFQ is distributed at least once every three (3) years in order that newly qualified professionals may be added to the pool.

Unless specifically exempted by the Commissioners Court by Texas Local Government Code 262.024, all professional services anticipated to cost over $50,000 will be procured using the formal RFQ process. Any exemption situations will be submitted to the Commissioners Court by the Purchasing Agent. Unless there is an urgent need for the services, exemptions will be submitted to the Commissioners Court for approval before selecting and negotiating with any vendor.

When procuring professional services, Tarrant County will use a two (2) step selection process. First, the Purchasing Agent, Official, or Manager will recommend to the Commissioners Court vendors capable of performing the service on the basis of demonstrated competence and qualifications via an RFQ. Next, the Purchasing Agent, Official, or Manager will then enter into negotiations on a contract at a fair and reasonable price.

If Tarrant County is unable to negotiate a satisfactory contract with the highest ranking most highly qualified vendor, negotiations will formally end with that person or firm. The next most highly qualified vendor will then be asked to negotiate. Negotiations are continued in this sequence until a contract is finalized.

If any contract is entered into with one of the above mentioned professionals on the basis of a competitive bid, it is contrary to State law and County policy and is void.

CONTRACT MODIFICATIONS

It is the policy of Tarrant County that change orders, except for Facilities related construction contracts, be processed through the Purchasing Department in compliance with Texas Local Government Code 262.031:

> *(a) If it becomes necessary to make changes in plans, specifications, or proposals after a contract is made or if it becomes necessary to increase or decrease the quantity of items purchased, the commissioners court may make the changes. However, the total contract price may not be increased unless the cost of the change can be paid from available funds.*
>
> *(b) If a change order involves an increase or decrease in cost of $50,000 or less, the commissioners court may grant general authority to an employee to approve the change orders. However, the original contract price may not be increased by more than 25 percent unless the change order is necessary to comply with a federal or state statute, rule, regulation, or judicial decision enacted, adopted, or rendered after the contract was made. The original contract price may not be decreased by 18 percent or more without the consent of the contractor.*

PURCHASING ACT

"OTHER" DEFINED SERVICES

As defined in this manual "other" personal or professional services are those services usually referred to as a professional service, but not specifically defined or covered in the Professional Services Procurement Act. Examples include computer programmers, lawyers, facilitators, etc. Various court opinions have defined these "other" professional services as services requiring technical skill and expertise; labor and skill which is predominately mental or intellectual, rather than physical or manual; or, a special skill and experience. "Other" personal services have been defined as services that must be performed by a particular person and, by the terms of the contract, no substitutions are allowed.

REQUEST FOR SERVICES (RFS)

To ensure vendors a fair and equal opportunity to do business with Tarrant County, and to ensure the services of the most qualified person or professional, "other" personal or professional services must be procured using the Request for Services (RFS) process except when the contract will be for less than $50,000, unless the Commissioners Court approves another procedure.

PROCEDURES

Departments must forward a memo to the Purchasing Agent when “other” personal or professional services are required. The memo will identify the following:

1. Scope of work
2. Qualifications and experience requirements
3. Project description
4. Time frames
5. Budgeted amount and budget line items
6. Suggested persons or professionals
7. Selection criteria

Based on the anticipated costs, information provided in the memo, applicable State law, and all relevant facts, the Purchasing Agent will make a determination as to whether a formal RFS or an informal procurement process will be implemented or a formal RFS will be recommended to the Commissioners Court.

If, as a result of an RFS, Tarrant County enters into contracts with several professionals to provide services needed from a professional pool arrangement, the user department must ensure that an RFS is distributed at least once every three (3) years so that newly qualified professionals may be added to the pool.

In selecting vendors to provide “other” personal or professional services, a department should base its choice on demonstrated competence, knowledge, qualifications, and the reasonableness of the proposed fee for services, as specified in the RFS.

Unless specifically exempted by the Commissioners Court, all personal or professional services anticipated to cost over $50,000 will be procured using the formal RFS process. All exemption requests will be submitted to the Commissioners Court by the Purchasing Department. Unless there is an urgent need for the services, the exemption request will be submitted to the Commissioners Court for approval before selecting and negotiating with any vendors.

DISCLOSURE OF FORMER EMPLOYEES

A person who offers to provide personal or professional services to a department who has been employed by the County at any time during the two (2) years before the making of the offer shall disclose in the offer:

1. The nature of the previous employment in the department;
2. The date the employment was terminated; and
3. The annual rate of compensation at the time of termination.

WRITTEN CONTRACT OR CHANGE ORDERS

Any contract for "other" personal or professional services shall be in writing, approved and signed by the Commissioners Court or its authorized person prior to any services being rendered. The Purchasing Agent will determine which person or professional is selected based on the user department recommendation. The Commissioners Court authorizes the Purchasing Agent to execute any contracts for "other" personal or professional services that are procured in compliance with the Purchasing Act and in which the cost of services does not exceed $50,000. The Auditor and Budget Office must verify that the goods and services sought have been approved by the Commissioners Court in the budget process and adequate funds are available, and the Criminal District Attorney's Office must review the contract.

CONTRACT MODIFICATIONS

It is the policy of Tarrant County that change orders, except for Facilities related construction contracts, be processed through the Purchasing Department in accordance with requisition procedures:

(a) If it becomes necessary to make changes in plans, specifications, or proposals after a contract is made or if it becomes necessary to increase or decrease the quantity of items purchased, the commissioners court may make the changes. However, the total contract price may not be increased unless the cost of the change can be paid from available funds.

(b) If a change order involves an increase or decrease in cost of $50,000 or less, the commissioners court may grant general authority to an employee to approve the change orders. However, the original contract price may not be increased by more than 25 percent unless the change order is necessary to comply with a federal or state statute, rule, regulation, or judicial decision enacted, adopted, or rendered after the contract was made. The original contract price may not be decreased by 18 percent or more without the consent of the contractor.

1. The Purchasing Agent is authorized to execute change orders in which the cost of services does not exceed $50,000 in the aggregate, or twenty-five percent (25%) of the original contract amount, whichever is less.

2. Any change orders that result in a contract exceeding $50,000 in the aggregate must be approved by the Commissioners Court.

Section 13

CONSTRUCTION PURCHASING

PURCHASING STATUTES

Section 262.011(e) of the Texas Local Government Code states that "The County Purchasing Agent shall supervise all purchases made on competitive bid."

Section 271.024 of the Texas Local Government Code states that "to award a contract for the construction, repair, or renovation of a structure, road, highway, or other improvement or addition to real property on the basis of competitive bids, and if the contract requires the expenditure of more than $50,000, bidding on the contract must be accomplished in the manner provided by this subchapter."; and, Section 271.0245 of the Texas Local Government Code details additional competitive procedures.

ARCHITECTURAL AND ENGINEERING SERVICES

When procuring architectural or engineering services, Tarrant County will use a two-step selection process as stated in Texas Local Government Code 2254.004:

"(a) In procuring architectural, engineering, or land surveying services, a governmental entity shall:

> (*1) first select the most highly qualified provider of those services on the basis of demonstrated competence and qualifications; and*
>
> *(2) then attempt to negotiate with that provider a contract at a fair and reasonable price.*

(b) If a satisfactory contract cannot be negotiated with the most highly qualified provider of architectural, engineering, or land surveying services, the entity shall:

> *(1) formally end negotiations with that provider;*
>
> *(2) select the next most highly qualified provider; and*
>
> *(3) attempt to negotiate a contract with that provider at a fair and reasonable price.*

(c) The entity shall continue the process described in Subsection (b) to select and negotiate with providers until a contract is entered into."

If any contract is entered into with one of the above mentioned professionals on the basis of a competitive bid, it is contrary to State law and County policy, and is void.

PURCHASING SUPERVISION

Construction purchasing will be consistent with other procurement procedures as defined in this manual and in accordance with the pertinent statutes. The Purchasing Agent will supervise all construction purchases, and all competitive bids will be accompanied by the following:

PURCHASE REQUISITION: A memo will be submitted to the Purchasing Agent, signed by the Official, Department Head, or Executive Manager. This memo will serve as the initial notification that a competitive bid is needed, and this project will be placed on the Commissioners Court agenda for approval to bid. After the approval, the process has been completed in the Commissioners Court and prior to developing the specifications, the user department should contact the Senior Contracts Administrator to obtain a Request for Bid (RFB) number and contract number, when applicable. The specifications will include the statutory Worker's Compensation provision in the appropriate format. A draft copy of the plans and specifications should also be submitted with the original notification memo. The specifications will be reviewed and approved by the Purchasing Department, for compliance with the Purchasing Act, and by the Criminal District Attorney's Office prior to the user department submitting them to the printer for copies.

Purchasing should be provided a minimum of five (5) business days for review of the plans and specifications. During this time, Purchasing will confer with the user department to establish dates and times for a pre-bid conference (mandatory or nonmandatory), bid opening, and pre-construction conference. An RFB number or contract number will be assigned to the project at this time by the Purchasing Department, if not already assigned.

BIDDING NOTICE**:** The Purchasing Department will publish the legal advertisement for bid, according to Texas Local Government Code 271.025, which must include the following:

> *"(a) The governmental entity must advertise for bids. The advertisement for bids must include a notice that:*
>
> *(1) describes the work;*
>
> *(2) states the location at which the bidding documents, plans, specifications, or other data may be examined by all bidders; and*
>
> *(3) states the time and place for submitting bids and the time and place that bids will be opened."*

The legal notice must be published at least once a week for two (2) consecutive weeks in a newspaper of general circulation in Tarrant County, with the date of the first publication fourteen (14) days before the date set for the public bid opening.

CONSIDERATION OF SAFETY RECORDS:

"Texas Local Government Code 271.0275 and 262.0275 states:

In determining who is a responsible bidder, the governmental entity may take into account the safety record of the bidder, of the firm, corporation, partnership, or institution represented by the bidder, or of anyone acting for such a firm, corporation, partnership, or institution if:

(1) the governing body of the governmental entity has adopted a written definition and criteria for accurately determining the safety record of a bidder;

(2) the governing body has given notice to prospective bidders in the bid specifications that the safety record of a bidder may be considered in determining the responsibility of the bidder; and

(3) the determinations are not arbitrary and capricious."

The definition and criteria for determining the safety record of a bidder for this consideration shall be:

1. If the bidder in response to questions in the safety record questionnaire reveals more than two (2) cases in which final orders have been entered by the Occupational Safety and Health Review Commission (OSHRC) against the bidder for serious violations of OSHA regulations within the last three (3) years, the County may determine whether to disqualify the bidder.

2. If the bidder in response to the questions in the safety record questionnaire reveals more than one (1) case in which the bidder has received citations for violations of environmental protection laws or regulations within the past three (3) years, the County may determine whether to disqualify the bidder. Environmental protection agencies include the Environmental Protection Agency (EPA), Texas Natural Resource Conservation Commission (TNRCC) and its past associated agencies, the Texas Water Commission, Texas Department of Health, Texas Control Board, and similar regulatory agencies of other states. Citations will include notice of violation, suspension/revocation of state or federal licenses or registrations, fines assessed pending criminal complaints, indictments or convictions, administrative orders, draft orders, final orders, and judicial final judgments.

3. If the bidder in response to the questions in the safety record questionnaire reveals that the bidder has been convicted of a criminal offense within the past ten (10) years that resulted in serious bodily harm or death, the County will determine whether to disqualify the bidder.

BONDING REQUIREMENTS: No bonds may be required for construction contracts that are less than $50,000.

BID BONDS: Bid bonds will not be required for construction contracts that are less than $50,000.

For a construction project on bid price over $50,000, the contractor may be requested to furnish, with the bid, a cashier's check or bidder's bond payable to Tarrant County in an amount of not less than five percent (5%) of the largest possible total of the bid submitted, and is subject to forfeit in the event the successful bidder fails to execute the contract documents within ten (10) days after the contract has been awarded.

POWER OF ATTORNEY: The attorney-in-fact who signs bid or contract bonds must file with each bond a certified and current copy of the power of attorney.

PERFORMANCE BONDS: For all contracts in excess of $100,000 for the construction, repair, or alteration of a public work, or the prosecution of completion of any public work, the contractor, before commencing work, must execute a performance, bond that:

1. is payable to Tarrant County, Texas;
2. is in the full amount of the contract;
3. is executed upon faithful performance of the work in accordance with the plans, specifications, and contract documents;
4. is solely for the protection of the County;
5. is executed by a corporate surety or sureties in accordance with the Insurance Code; and
6. is in a form approved by the Commissioners Court.

Any performance bond that is furnished by a contractor in attempted compliance with the requirements of Texas Government Code Annotated, Ch. 2253, will be construed as in conformity with that chapter in relation to rights created, limitations on the bond, and remedies provided.

PAYMENT BONDS: For all contracts in excess of $25,000 for the construction, repair, or alteration of a public work, or the prosecution of completion of any public work, the contractor, before commencing work, must execute a payment bond that:

1. is solely for the protection of all claimants supplying labor and materials in the performance of work provided in the contract;
2. is payable to Tarrant County, Texas, for the use of these claimants;
3. is in the full amount of the contract;
4. is executed by a corporate surety or sureties in accordance with the Insurance Code; and
5. is in a form approved by the Commissioners Court.

Payment bonds must be effective from commencement of performance until the end of the fourth month after all items of work for the project are completed unless releases are obtained from all subcontractors and material men. Any payment bond that is furnished by a contractor in attempted compliance with the requirements of Texas Government Code, Ch. 2253, will be construed as in conformity with that chapter in relation to rights created, limitations on the bond, and remedies provided.

Section 262.032 of Texas Local Government code details bond requirements outside of Texas Government Code 2253.

EXAMINATION OF EXISTING PREMISES: It is understood and agreed that the contractor has by careful examination satisfied himself as to the nature and location of the work, the character and quality of the materials to be encountered, the character of equipment and facilities needed preliminary to and during the prosecution of the work, the general and local conditions, and all other matters which can in any way affect the work under this contract. No verbal agreement or conversation with any officer, agent, or employee of the County, either before or after the execution of this contract, shall affect or modify any of the terms or obligations herein contained. The bid shall be based only on the specifications, supplemented by the affecting conditions.

INSURANCE:

A. The contractor shall take out, pay for, and maintain at all times during the prosecution of the work under the contract, the following forms of insurance, in carriers acceptable to and approved by Tarrant County:

   1. Worker's Compensation – statutory.

   2. Employer's Liability - $500,000.

   3. Comprehensive Commercial General Liability:

      a) Bodily Injury/Personal Injury - $1,000,000 per occurrence;
         $2,000,000 aggregate

      b) Property damage - $1,000,000 aggregate.

   4. Automobile Liability:

      a) Bodily Injury - $500,000 per accident or $500,000 aggregate;

      b) Property damage - $100,000 each occurrence.

   5. Contractual Liability – same limits as above.

B. The County reserves the right to review the insurance requirements during the effective period of the contract and to require adjustment of insurance coverage and their limits when deemed necessary and prudent by the County based upon changes in statutory law, court decisions, or the claims history of the industry as well as the contractor.

C. Required Insurance Provisions:

1. Proof of Carriage of Insurance – All certificates of insurance will be required in duplicate and filed with the Purchasing Agent and the Budget and Risk Management Department located at 100 East Weatherford Street, Suite 305 Fort Worth, Texas 76196.

2. All certificates shall provide Tarrant County with an unconditional thirty (30) days written notice in case of cancellation or any major change.

3. As to all applicable coverage, certificates shall name Tarrant County and its officers, employees, and elected representatives as an additional insured.

4. All copies of certificates of insurance shall reference the project name and bid number for which the insurance is being supplied.

5. The contractor agrees to waive subrogation against Tarrant County, its officers, employees, and elected representatives for injuries, including death, property damage, or any other loss to the extent it may be covered by the proceeds of insurance.

6. The Contractor/Vendor is responsible for making sure any sub-contractor(s) performing work under this agreement has the required insurance coverage(s) and supplies Tarrant County with the proper documents verifying the coverage.

INDEMNIFICATION. The Contractor agrees to fully indemnify and save whole and harmless the County of Tarrant from all costs or damages arising out of any real or asserted claim or cause of action against it of whatsoever kind or character and in addition, from any and all costs or damages arising out of any wrongs, injuries, demands or suits for damages, either real or asserted, claimed against it that may be occasioned by any act, omission, neglect or misconduct of the said Contractor, his agents, servants, and employees.

PRE-BID CONFERENCE: the Purchasing Department will ensure that purchasing procedures are followed, as stated in Texas Local Government Code 262.0256, and the user department will provide technical information and ensure that technical standards are upheld. Purchasing will schedule the pre-bid conference and will assist in conducting the conference to the following extent:

1. Have all representatives sign the attendance roster.
2. Provide a brief introduction describing the project title, magnitude, and performance period.
3. Indicate whether there have been any addenda issued and if so, ensure all representatives have received a copy.
4. Discuss the role of Purchasing in the procurement and administration process.
5. Discuss Disadvantaged Business Enterprise (DBE) expectations or requirements as outlined in the appropriate section of the specifications.
6. Have the project engineer or architect discuss the specifics of the project to include a review of the plans and specifications, allowing for a question and answer session.
7. Determine any issues discussed that require the issuance of an addendum. All addenda will be issued by the Purchasing Department and will only be issued if there are at least seven (7) days between the date of the addendum and the specified opening date. Shorter time frames will automatically delay the bid opening by at least one (1) full week. The user department will provide Purchasing with the technical documentation (i.e., changes/additions to the plans or specifications). Purchasing will be responsible for posting the addendum.

A mandatory pre-bid conference may be employed to ensure that vendors attend conference to become aware of important facts and enforce that only attendees be eligible for award, as stated in 262.027 (f), which states, *"Notwithstanding any other requirement of this section, the commissioners court may condition acceptance of a bid on compliance with a requirement for attendance at a mandatory pre-bid conference under Section 262.0256."*

RECEIPT OF COMPETITIVE BIDS: The following procedures will be adhered to when receiving bids:

1. All bids will be received by the Tarrant County Purchasing Department.
2. All bids will be stamped with the time and date received. The "Date Stamp Clock" in the Purchasing Department will serve as the OFFICIAL time clock for the purpose of identifying the date and time bids were received in this office.
3. BIDS will not be accepted after the opening time on the date of bid opening. All bids received after the opening time will be returned unopened to the bidder with a letter from the Purchasing Agent notifying them that the bid submitted was received subsequent to the due date and time.
4. After the bids are received, a secure place will be provided by the Purchasing Department for holding the bids until the bid opening. All bids are to be received sealed and shall remain sealed until opened on the advertised date and time by the Purchasing Department in a public forum.
5. On occasion, bids that are received in the mail, or by some other independent carrier, may be inadvertently opened. If this situation occurs, another Purchasing Department staff member will be called immediately to act as a witness that the details of the bid, particularly the price, were not reviewed. The bid would then be resealed by an employee of the Purchasing Department.

The above process will be followed in order to preclude any perception of favoritism or revealing bid prices or information. Having sealed bids publicly received and recording the submission of requested bids is intended to inhibit any perception that the Purchasing Department is manipulating the receipt of bids.

PUBLIC BID OPENINGS: Sealed bids will be opened publicly by the Purchasing Department and will be documented as stated by Texas Government Code 271.026. The Purchasing Department will be responsible for creating the tabulation. The Purchasing Department will post on the Tarrant County website for distribution to the general public.

The Purchasing Agent will open the bids on the date, time, and place specified in the notice. The date specified in the legal notice may be extended by the Purchasing Agent if an error is discovered in the original specifications and an addendum is issued to make the necessary corrections. A bid that has been opened may not be changed for the purpose of correcting an error in the bid price.

BID EVALUATIONS: The Purchasing Department will evaluate all bids, with assistance from the user department, and a joint recommendation will be made to the Commissioners Court. Purchasing will include an Email with permission from the Purchasing Agent or a signed memo from the user department stating bid acceptance and any other documentation as agenda backup material. The Purchasing Department will be responsible for placing the item on the agenda for the Commissioners Court.

Evaluation of bids will be based on the following factors:

1. the relative prices of the bids, including the cost of repair and the cost of delivery and hauling;

2. compliance of goods and services offered with the bid specifications; and

3. the responsibility of the vendor, including the vendor's safety record, if the Commissioners Court has adopted a definition of safety that is included in the bid, and the vendor's past performance.

When the lowest priced bid is not the best bid, clear justification for not selecting the lowest bidder must be documented to the Court. This recommendation will be support by clear and concise documentation from the user department that explains the rationale for awarding to other than the lowest bidder. A joint review of the bid by the user department and the Purchasing Department is required.

CONTRACT AWARD: The Purchasing Department will recommend the contract award to the Commissioners Court in session. The Court shall, as defined in Texas Local Government Code 262.027(a):

1. Award the contract to the responsive and responsible bidder who submits the lowest and best bid; or

2. Reject all bids and publish a new legal notice.

If two (2) responsive and responsible bidders submit the lowest and best bid, the Purchasing Agent will determine the award recommendation in accordance with the Commissioners Court Order No. 60616, Procedure for Awarding Tie Bids, which is accomplished by a coin toss to decide the successful vendor for award as described in Texas Local Government Code 262.027(b).

As described in Texas Local Government Code 262.027(c), a contract may not be awarded to a bidder who is not the lowest responsive and responsible bidder meeting specifications unless, before the award, each lower bidder is given notice of the proposed award and is given an opportunity to appear before the Commissioners Court and present evidence to dispute that recommendation. After an award, the County Judge will sign the contract on behalf of the County, and the Purchasing Agent or designee will return the bid bonds of any contractor not awarded a contract.

After an award is made, a contract will be processed; originals or copies of the contract will be sent to all appropriate parties, whether for public works or nonpublic works contracts; and an original will remain on file in the Purchasing Department.

A Notice-of-Award (NOA) letter, which will be issued by the Purchasing Department, will accompany the contractor's copy of the contract. The NOA letter will include the requirements for submission of various documents by the contractor and the time period within which they must be received. For example, bid and performance bonds, along with the insurance certificate, must be submitted within ten (10) business days after receipt of the NOA letter. DBE documentation and a program schedule will be required at the pre-construction conference. The NOA will also state that Notice-to-Proceed will not be issued until such time as the required documents are submitted by the contractor within the specified time period.

PRE-CONSTRUCTION CONFERENCE: The Purchasing Department will be responsible for scheduling the Pre-construction Conference. The user department is responsible for all technical presentations, and the Purchasing Department is responsible for ensuring that all applicable purchasing procedures are followed. Purchasing will assist in conducting the conference to the following extent:

1. Have all attendees sign the attendance roster, introduce themselves, and briefly explain their involvement in the project.
2. Briefly discuss the contract requirements, amount, and any other pertinent information about the project. The user department representative will be responsible for providing a thorough synopsis of contract requirements and any County policies that must be adhered to.
3. Establish dates for submission of all required documents, such as material submittals, payables, progress reports, etc.
4. If not previously provided, receive required documents from the contractor; i.e., performance bond, payment bond, insurance certificate, and the appropriate DBE documentation.
5. After receipt of the required documents, the timing of the Notice-to-Proceed will be determined by the user department. It is important to note that the Notice-to-Proceed will not be issued until all required bonds and insurance have been received and verified with the appropriate agency.
6. Ensure a complete understanding of all issues by all parties prior to the adjourning.

CONTRACT ADMINISTRATION: The user department will be responsible for monitoring and documenting contractor performance/compliance and will provide Purchasing with copies of this documentation to keep the Purchasing Department appraised of all performance or compliance issues. Discussions that explain the interpretation of the specifications may be dealt with orally by the user department. If poor performance or noncompliance with the contract is experienced, the user department will be responsible to initiate written corrective action with the contractor. Purchasing will be provided an advance copy of any written correspondence directing correction of a discrepancy. The user department will solicit Purchasing to initiate corrective action, in consultation with the user department, when the user department cannot resolve any conflict through correspondence.

The occupant department must not provide any instructions or requests for changes directly to the contractor. The occupant department must provide all information necessary for the contractor to meet its needs, either through the user department responsible for constructing the facility or the Purchasing Department. Only the user department's project manager or the Purchasing Agent has the authority to give directions to the contractor.

The Purchasing Agent will take all steps related to correcting noncompliance with the contract but must consult with the Criminal District Attorney's Office before taking any steps toward suspension or termination of the contract unless an emergency, life safety, or property damage issues require immediate temporary work stoppage. Before any letters, notices, and other communications related to termination or suspension are issued, the contents of these must be reviewed by the Criminal District Attorney's Office, as the initial steps toward potential litigation.

Documentation of contractor performance is often overlooked and is, perhaps, one of the most important. To enforce contractual terms, documentation of specific noncompliance must be available. Specific dates, examples, etc., must be documented.

Contract administration duties shall include, but not be limited to, the following activities. Unless otherwise noted, the following are responsibilities of the Purchasing Department:

1. Schedule and assist in conducting the pre-construction conference.

2. Maintain a comprehensive, neat, and orderly contract file that includes all documentation relative to the procurement process and includes pre-solicitation, solicitation, contract award, post-award, and administration phases of the project.

3. The Purchasing Agent will present the contractor's performance bond and payment bond to the Commissioners Court for approval within thirty (30) days of award and before the Notice-to-Proceed.

4. The Purchasing Agent will be responsible for monitoring the continued insurance coverage and obtaining updated certificates on a timely basis.

5. Receive and review a copy of the contractor's program schedule, ensuring that it is submitted within the period as specified in the contract specifications.

6. Ensure contractor submittals are provided to the County as prescribed by the submittal schedule established during the pre-construction conference.

7. Receive and review copies of contractor payrolls to ensure payments made to contractor employees are in accordance with the prevailing wage rate classification by trade included in the contract.

8. Perform periodic site visits to the construction site to perform spot labor interviews to ensure contractor compliance with prevailing labor laws.

9. Periodically review copies of contractor invoices for accuracy. Invoices are to be verified against progress reports, when applicable, with any discrepancies being reported to the contractor and user department for resolution. The user department will provide Purchasing with a copy of the invoice immediately upon receipt from the contractor.

10. Correspondence: Discussions that merely explain the interpretation of specifications may be dealt with orally by the user department. All correspondence concerning major issues involving noncompliance, between the contractor and the County, should be directed to the Purchasing Department. This will ensure that Purchasing is aware of any directives being issued to the contractor or any potential problems that may occur about contract performance.

    In emergency situations, correspondence regarding minor issues may be issued directly to the contractor by the user department. However, Purchasing should be provided with a copy immediately. It will be left to the professional judgment of the user department representative as to what constitutes an emergency and what is considered to be a minor issue. If it appears that the level of noncompliance should result in a suspension or termination of the contract, the Purchasing Agent must seek the advice of the Criminal District Attorney's Office before sending a notice to show cause not to terminate or placing the contract on the agenda for the Commissioners Court to authorize termination.

11. Purchasing will be responsible for monitoring all insurance and bond certificates. Bid bonds will be provided with all bids over $50,000 and will be maintained in the Purchasing Department safe. Bid bonds will be returned to all bidders within five (5) business days after contract award. Payment and performance bonds will be provided by the contractor within ten (10) business days after receipt of the Notice-of-Award letter. They should be reviewed by both the user department representative and Purchasing with the originals being maintained in the Purchasing Department safe. Copies can be provided to the user department upon request. Insurance certificates are to be provided by the contractor during the preconstruction conference. These certificates will be kept in the Purchasing Department main contract file.

CHANGE ORDERS:

A. The Purchasing Agent on the recommendation of the Facilities Management Director is responsible for all construction related projects may approve Change Orders to construction contracts for the following reasons:

   1. To allow for an additional service request in an amount not to exceed $50,000, subject to limitations stated in Texas Local Government Code, 271.060(h), if the Auditor and Budget Office verify that the funds are available for the change order and it does not change the scope of the contract.

   2. To allow for a contract time extension if the change order does not change the scope of the contract.

B. Any change orders that increase the cost or change the scope of the contract must be approved by the Commissioners Court. The Facilities Management Department will submit the agenda request to the Commissioners Court for approval.

C. Negotiations of change orders, particularly those that result in an increase in contract price or performance period, or change the scope of the project, will require that Purchasing be notified on a timely basis so the appropriate action can be taken. Purchasing shall always be provided with a copy of the proposed change order, with all available supporting documentation.

D. No change order will be issued until it is determined that the necessary funds are budgeted and available, and the appropriate backup documentation has been reviewed.

E. A record of any change order negotiations shall be made by the user department, with a copy sent to Purchasing.

CLOSEOUT PROCEDURES: The Purchasing Department will ensure that all applicable warranty certificates are received and safeguarded throughout the warranty term. The Purchasing Department will provide copies of the warranty certificates to the appropriate departments.

Return of bonds will be administered by the Purchasing Department in cooperation with the user department to ensure that the contract is complete in all respects before these are returned.

Section 14

SHERIFF'S OFFICE PROCEDURE FOR PURCHASE OF GOODS, MATERIALS, AND SUPPLIES WITH STATE AND FEDERAL FORFEITURE FUNDS

CONSIDERATIONS

The Criminal District Attorney's Office has considered the issue of purchases made with State and Federal forfeiture funds, as well as purchases from commissary funds. In light of the County Purchasing Act, the Criminal District Attorney's Office feels that the County and its officers such as the Sheriff, the Purchasing Agent, and the Auditor would be well advised to follow the procedures set forth below for the purchase of goods, materials, and supplies. Issues of contracting authority or contracts are beyond the scope of [the Criminal District Attorney's Office's findings, except to the extent that purchase of tangible property alone implicates competitive bidding procedures.

PROCEDURES FOR FORFEITURE FUND PURCHASES

1. The first step in any purchase of goods, materials, and supplies should be the establishment of a budget line item from whose funds the item shall be purchased. For general funds, such a line item is created when a department's annual budget is passed by Commissioners Court or when the Court later amends the annual budget.

   When the Sheriff's Office[1] desires to make a purchase from State forfeiture funds, it should first identify a forfeiture fund line item (in its initial requisition) from which the funds may be deducted. If there is no appropriate line item available to make the desired purchase at the estimated price, the Sheriff's Office should request the Commissioners Court to create the appropriate line item in an amount sufficient to cover the anticipated expense of the contemplated purchase. Under *Art. 59.06 (d) of the Texas Code of Criminal Procedure*, the Commissioners Court will have a ministerial duty to approve this budget amendment.

   Federal forfeiture funds are not legally required to be administered as part of the County budget. If it wishes to purchase items with these funds, the Sheriff's Office need only notify the Commissioners Court through a memo to the County Administrator that it wishes to spend *x* (estimated amount of federal forfeiture funds) for *y* (goods, materials, or supplies it wishes to purchase with the money).[2]

---

[1] Assuming that the Sheriff's Office is the entity spending forfeiture funds, these same procedures should also be followed whenever any other County law enforcement agency is spending forfeiture funds.

[2] There is no legal authority for this notification requirement; however, it is suggested for accounting and pragmatic purposes in order to keep procedures for purchase relatively uniform regardless of the specific source of the public funds being expended in a given instance.

2. The second step involves the Sheriff's Office sending a requisition for the desired item(s) to the County Purchasing Agent. When the Sheriff's Office intends to pay with forfeiture funds, it should so inform the Purchasing Agent, specifying which kind of forfeiture funds it intends to use for payment and an appropriate budget line item for purchases with State forfeiture funds. The requisition shall also contain any other information the Sheriff's Office wishes the Purchasing Agent to have, such as a particular vendor who may be selling the product.

3. The Purchasing Agent should then make the purchase according to the specifications provided by the Sheriff's Office, which has the sole discretion to set specifications for items to be purchased with forfeiture funds within the parameters of applicable law. The Purchasing Agent has the discretion to seek the best price, to buy from the vendor of his choice so long as the specifications are met, and to competitively bid the purchase even if the law doesn't require it in a particular case.[3] (In any case, it will be the Purchasing Agent who will determine if competitive bidding will be employed.) If competitive bidding is utilized, standard procedures should be used: *viz*. The Commissioners Court should provide permission to seek competitive bids, and, after bids are received, they should award the contract to the "lowest and best" bidder. The Court's duty to facilitate the purchase by granting permission to seek bids and by choosing the "lowest and best" bidder is ***ministerial***; however, the decision of which vendor to select is ***discretionary***. The "purchase" is made, and the amount of purchase definitely ascertained, when the *purchase order* is issued (if competitive bid procedures are not being used) or when the *contract is awarded by the Commissioners Court* (if competitive bidding is employed).

4. When the items are received from the vendor, the Sheriff's Office shall verify that the items received match the Sheriff's Office's requisition and the Purchasing Agent's purchase order. If so, it should so notify the Purchasing Agent.

5. Finally, upon completion of step 4, the Auditor shall issue the warrant from the proper forfeiture funds.

---

[3] Whenever competitive bidding procedures are employed, the Commissioners Court should award the contract to the lowest and best bidder. Based on the rationale of Attorney General Opinion DM-246 (1993), the Commissioners Court would be prohibited from rejecting all bids for the purpose of thwarting the purchase, since the determination of what kind of goods are to be purchased with the money belongs to the Sheriff alone. The Commissioners Court's duty to facilitate the purchase, according to this opinion, is "ministerial".

Section 15

SHERIFF'S OFFICE INTERIM PROCEDURE FOR PURCHASES OF GOODS, MATERIALS, AND SUPPLIES WITH COMMISSARY FUNDS

CONSIDERATIONS

The procedures for spending commissary funds should be very similar to the procedures set forth in the previous section.

PROCEDURES FOR COMMISSARY FUND PURCHASES

1. The step involves the Sheriff's Office sending a requisition for the desired item(s) to the County Purchasing Agent. When the Sheriff's Office intends to pay with commissary funds, it should so inform the Purchasing Agent.

2. Again, the Purchasing Agent should then make the purchase according to the specifications provided by the Sheriff's Office, which has the sole discretion to set specifications for items to be purchased with commissary funds within the parameters of applicable law. The Purchasing Agent has the discretion to seek the best price, to buy from the vendor of his choice so long as the specifications are met, and to competitively bid the purchase even if the law doesn't require it in a particular case.[4] (In any case, it will be the Purchasing Agent who will determine if competitive bidding will be employed.) If competitive bidding is utilized, standard procedures should be used: *viz*. The Commissioners Court should provide permission to seek competitive bids, and, after bids are received, they should select the "lowest and best" bidder. The Court's duty to facilitate the purchase by granting permission to seek bids and by choosing the "lowest and best" bidder is ***ministerial***; however, the decision of which vendor to select is ***discretionary***. The "purchase" is made, and the amount of purchase definitely ascertained, when the *purchase order* is issued (if competitive bid procedures are not being used) or when the *vendor is selected by the Commissioners Court* (if competitive bidding is employed).

3. When the items are received from the vendor, the Sheriff's Office shall verify that the items received match the Sheriff's Offices requisition and the Purchasing Agent's purchase order. If so, it should so notify the Purchasing Agent.

4. Finally, upon completion of step 3, the Auditor shall issue the warrant from the commissary funds in escrow.

---

[4] Whenever competitive bidding procedures are employed, the Commissioners Court should select the lowest and best bidder. Based on the rationale of Attorney General Opinion DM-246 (1993), the Commissioners Court would be prohibited from rejecting all bids for the purpose of thwarting the purchase, since the determination of what kind of goods are to be purchased with the money belongs to the Sheriff alone. The Commissioners Court's duty to facilitate the purchase, according to this opinion, is "ministerial".

Section 16

PROCEDURES FOR PURCHASE OF PARTS AND SERVICES FOR CENTRAL GARAGE

CONSIDERATIONS

The Central Garage has a need to reduce the downtime of County vehicles in need of repairs and service. Previously, it was not uncommon for a vehicle to sit four (4) to five (5) hours or more pending receipt of parts while the requisition was being submitted and approved by the Auditor, and the Purchase Order issued.

GOAL

These procedures:

1. allow the Central Garage to have a Purchase Order number at all times for automotive items under annual contract;

2. provide audit trails; and

3. eliminate the necessity and urgency for the Central Garage to submit requisitions, the Auditor's Office to approve the requisitions, and the Purchasing Department to issue the purchase orders.

PROCEDURES OVERVIEW

At the end of each month, the Central Garage is to submit a requisition for each vendor for automotive parts purchases for the upcoming month as needed. The purchase order is to be issued prior to the first of the month in which it is to be used. When the Central Garage has a parts requirement, they will have an existing purchase order number and will be able to order the parts. Each time parts are ordered the Central Garage is to submit a requisition that supplements that month's purchase order. The receiving reports are to be entered and the invoices paid. This procedure reduces vehicle downtime by half, but still maintains audit trails.

The purchase of tires is to continue to be on a separate purchase order.

Items not covered on listed bids are to be submitted on separate requisitions and processed in the usual manner.

Section 17

EXEMPTIONS TO THE COMPETITIVE BID PROCESS

PURCHASING ACT

Many goods and services can be exempt from the competitive bid process if the Commissioners Court orders the purchase exempt. Discretionary Exemptions, Section 262.024(a) of the Texas Local Government Code lists in detail all the circumstances when exemptions are available for purchases made from current funds, bond funds, or through warrants. The following is a comprehensive list of these circumstances:

1. an item that must be purchased in a case of public calamity if it is necessary to make the purchase promptly to relieve the necessity of the citizens or to preserve the property of the county;
2. an item necessary to preserve or protect the public health or safety of the residents of the county;
3. an item necessary because of unforeseen damage to public property;
4. a personal or professional service;
5. any individual work performed and paid for by the day, as the work progresses, provided that no individual is compensated under this subsection for more than 20 working days in any three month period;
6. any land or right-of-way;
7. an item that can be obtained from only one source, including:
   a) items for which competition is precluded because of the existence of patents, copyrights, secret processes, or monopolies;
   b) films, manuscripts, or books;
   c) electric power, gas, water, and other utility services; and
   d) captive replacement parts or components for equipment;
8. an item of food;
9. personal property sold:
   a) at an auction by a state licensed auctioneer;
   b) at a going out of business sale held in compliance with Subchapter F, Chapter 17, Business & Commerce Code; or
   c) by a political subdivision of this state, a state agency of this state, or an entity of the federal government;
10. any work performed under a contract for community and economic development made by a county under Section 381.004; or
11, vehicle and equipment repairs.

PURCHASING AT AUCTION

Section 262.024(a) of the Texas Local Government Code, Exemption 9(A), as mentioned in the previous paragraph, addresses the sale of personal property sold at auction by a State-licensed auctioneer.

The opportunity exists for potential savings to be realized by the County and Precincts if certain used cars, trucks, road and construction equipment are purchased at auction by the Purchasing Agent as allowed by law.

POLICY

All purchases at auction will be made by the Purchasing Agent after authorization from the departments or precincts to participate in this type of procurement process.

Before such equipment is procured, determinations are to be made as to the appropriate sale value, whether the equipment has been maintained properly, the probable useful service life remaining, and whether significant cost savings could result.

PROCEDURE

Written or verbal notification must be submitted to the Purchasing Agent before attendance at auction will occur. Used equipment to be purchased as requested by certain departments or precincts must have previous budget approval for each expenditure.

CERTIFICATE OF OBLIGATION ACT

Sections 262.023 and Chapter 271 Subchapter C of the Texas Local Government Code lists all the circumstances when exemptions are available for purchases made out of the certificate of obligation funds. The following is a list of these circumstances:

1. All of the circumstances that may be exempted under the Purchasing Act.

2. The sale of public security in compliance with Chapter 271 Subchapter C, or; a contract for which advertising was done in compliance with Chapter 271, Subchapter C, of the Texas Local Government Code

POLICY

Exemption orders must be processed through the Purchasing Department. In all cases except the acquisition of interests in land for County roads, bridges, parks, and all purchases of real property, the Purchasing Agent will request the exemption order from the Commissioners Court.

PROCEDURE

A memo must be submitted to the Purchasing Agent requesting an exemption to the competitive bid process. The memo must state specific details and an explanation of why an exemption from the competitive bid process should be requested and granted. All departments requesting exemptions should include a copy of the contract, if available, the name of the contractor, the goods and services covered by the order, maximum cost, and other relevant information.

EMERGENCY

Sections 262.024(a)(1-3) of Texas Local Government Code allows for Emergency purchases. Emergency means circumstances where an immediate response is required to provide for the safety of persons or property but does not include any situation that results in the County Judge declaring a local state of disaster in compliance with the Tarrant County Policies, and Procedures.

Emergency purchases that exceed $50,000 require a Court Order granted by the Commissioners Court before a purchase order can be issued.

PROFESSIONAL OR PERSONAL SERVICE

Please refer to Section 12 of this manual regarding this type of purchase.

SOLE SOURCE

Texas Local Government Code 262.024 (7) describes eligibility of sole source goods and services. Sole source goods or services require a statement from the vendor as to the existence of only one (1) source and specifically noting which type of listed sole source good or service is being purchased. The statement will be submitted for acceptance by the Commissioners Court and must be reflected on the agenda of the meeting of the Commissioners Court. The code states:

> "…an item that can be obtained from only one source, including:
>
> (A) items for which competition is precluded because of the existence of patents, copyrights, secret processes, or monopolies;
>
> (B) films, manuscripts, or books;
>
> (C) electric power, gas, water, and other utility services; and
>
> (D) captive replacement parts or components for equipment;"

FOOD

The Commissioners Court orders, through Court Order 96717, that the purchase of certain food items for correctional facilities of Tarrant County is exempt from the competitive bidding requirements of the Purchasing Act, Section 262.024(d), if the following procedures are followed in making the purchases:

1. Bi monthly Purchases: Fresh Meats & Commodities (flour, rice, etc.) and Groceries (frozen foods, canned foods, staples).
    a) Specifications will be prepared by the Purchasing Department, with assistance from the using department.
    b) The buyer shall select local suppliers from the current Tarrant County Purchasing Department database of vendors.
    c) A Request for Quotation will be forwarded to a list of qualified suppliers via fax or email, allowing a minimum of ten (10) calendar days for the vendor's response.
    d) The lowest and best quotation will be determined based either on the overall low quotation or on the line item low quotation, whichever is more advantageous to the County. In determining responsible bidder and lowest and best quotation, the buyer will consider the relative price of the quotations; compliance of the products with the specifications; and responsibility of the vendor, including vendor's financial and practical ability to perform and past performance, especially in relation to timeliness of delivery and quality of the product. If after award a vendor does not provide the volume or quality of food or the timeliness of delivery required by the specifications, the buyer may purchase urgently needed replacement foods from the next lowest vendor.

2. Weekly Purchases: Fresh Produce and Fresh Eggs.
    a) Fresh produce and eggs will be purchased from local "wholesale" produce markets on a weekly basis. The vendors are required to provide delivery of these items directly to the Juvenile Services Department approximately two (2) to three (3) times each week.
    b) The Juvenile Services Assistant Director will contact the vendor each week with a list of their weekly requirements.
    c) Prices will be checked periodically in order to maintain checks and balances of the wholesale prices.

3. Semi Annual Purchases: Dairy Requirements, Fresh Milk.

    The same bidding procedures as required in Item 1 above (Fresh Meats, Commodities and Groceries) will apply.

4. Semi Annual Purchases: Bakery Items, Fresh Bread.

    The same bidding procedures as required in Item 1 above (Fresh Meats & Commodities and Groceries) will apply.

LEASE OF REAL PROPERTY:

The Facilities Management Department must review some leases for real property before it is presented to the Commissioners Court. Facilities Management must ensure that the lease is consistent with the County Space Plan. The search for space must be done in a manner that protects the best interests of the County through comparison or competition so that any real estate opportunities that are appropriate and available have been discovered and considered. After review of all available property and space considerations, comparisons will be made in regard to location, accessibility, lease prices, parking, renovation requirements, lease terms, etc. A lease contract will then be prepared and approved by the Criminal District Attorney's Office before being placed on the Commissioners Court agenda for approval. The Facilities Management Department will handle the administration of all lease agreements. Lease administration, if there are noncompliance issues, will be handled by Facilities with the advice of the Criminal District Attorney's Office.

Section 18

RENEWAL OF LEASES AND EQUIPMENT MAINTENANCE CONTRACTS

STATUTE

The renewal or extension of a lease or of an equipment maintenance agreement is exempt from the requirement established by Section 262.023 if the Commissioners Court grants the exemption, according to 262.024 (b) AND IF:

1. the lease or agreement has gone through the competitive bidding procedure within the preceding year;

2. the renewal or extension does not exceed one (1) year; and

3. the renewal or extension is the first renewal or extension of the lease or agreement.

POLICY

The purchase of all equipment leases, renewal or extension orders, and maintenance agreements will be handled through the Purchasing Department. Any negotiations with bidders will be supervised by the Purchasing Department. Purchasing will maintain the original documents and send the user department a copy when requested.

The Purchasing Agent is authorized to execute any contracts for equipment leases and maintenance contracts that are procured in compliance with the Purchasing Act and if cost does not exceed $50,000. A contract requiring a signature or exceeding $50,000 must be approved by the Commissioners Court.

PROCEDURES

The user department will enter a requisition, identifying the purchase as either a lease or a maintenance agreement.

Invoice copies referenced in the requisition, if retained by the user department, should be sent to Audit immediately. The requisition must always include the serial number, model number, and physical location of the equipment. The beginning and ending dates of coverage must also be specified.

If a renewal, the original contract number must be identified in the requisition.

If the request is for a sole source lease or maintenance agreement, the user department must follow up the requisition with a memo justifying why it is a sole source purchase as stated in Texas Local Government Code 262.024(c)

The user department and Purchasing will work closely together to determine the appropriateness of a maintenance contract versus in-house repairs. Departments should coordinate their efforts to ensure that the maintenance contract sought is appropriate.

Facilities Management should always be contacted before any new equipment is acquired, so they can determine if there are adequate space and other facilities resources for the proper operation of the equipment.

NOTE: An often-overlooked cost of equipment or software is ongoing maintenance. All ongoing maintenance issues should be considered, evaluated, and priced in the initial procurement process.

Section 19

RECEIPT OF GOODS AND SERVICES

POLICY

Departments should notify the Purchasing Department if goods are not received by the due date or if damaged freight is delivered.

ORDER VERIFICATION

Employees receiving shipments must pay particular attention to the delivery ticket and be sure it matches the Tarrant County purchase order. The individual receiving the goods must verify that all goods were received as stated on the delivery ticket, and sign IN HIS OR HER OWN NAME—**A FULL SIGNATURE IN INK**—and write the **PURCHASE ORDER NUMBER** on all of the appropriate documentation, particularly the County copy.

DAMAGED FREIGHT

When a shipment arrives, the user department must inspect the condition of all cartons. If freight is undamaged, the department receiving the shipment should sign the freight bill.

If the freight is visibly damaged, the receiving department must instruct the freight line driver to:

1. Note the damage on the freight bill; and then

2. Sign the freight bill.

If there is concealed damage, save the shipping cartons so the Purchasing Department can notify the vendor and send an “inspection and report of concealed damage”. Any receiving report processed should always mention all damaged merchandise.

All boxes and packing materials should be kept in the event of visibly damaged or concealed damaged freight shipments.

Damaged freight must be reported to the vendor immediately.

All goods not received properly or not in compliance with the contract should be documented and reported to the Purchasing Department as soon as possible so that the vendor can be notified and instructed to take corrective action.

Damaged goods should not be returned to the freight line or to the vendor unless specifically requested to do so, and then only if a claim has been filed or authorization has been given by the vendor—including a **RETURN NUMBER**—or by the Purchasing Department.

DOCUMENTATION

All receiving documentation should be maintained by the user department for their records. It is the policy of Tarrant County to have all vendor invoices sent directly to Accounts Payable, 100 E. Weatherford, Suite 506, Fort Worth TX 76196-0103 or SAP-invoices@tarrantcounty.com.

Any warranty information should be copied to the Purchasing Department.

THE USER DEPARTMENT MUST ACKNOWLEDGE RECEIPT AND ACCEPTANCE OF DELIVERED GOODS IMMEDIATELY BY ENTERING A GOODS RECEIPT TRANSACTION IN SAP. For SAP instructions, refer to the Tarrant County Training Materials Section of ESS (TRAINING >> SAP TRAINING DOCUMENTS).

GOODS VS. SERVICE PURCHASE ORDERS

The purpose of this Policy is to clarify whether a purchase order should be a *Goods* or *Service* PO. This is only a guide. Buyers issuing the PO shall have the flexibility to determine whether the PO should be a *Goods* or *Service* PO, based on these guidelines or other circumstances. Guidelines for determining which type of requisition to enter for specific purchasing situations can be found on the SAP Training Materials website.

Goods PO

A *Goods* PO can be described as a purchase order issued for the procurement of “tangible materials”. Some examples are vehicle parts and office supplies. A *Goods* PO requires a line for each item on the Purchase Order. The Purchase Order and Invoice must match item for item. Upon receipt of each item, the department will be required to enter a SAP Goods Receipt (GR) in order for the invoice to be paid.

Service PO

A *Service* PO can be described as a purchase order issued for the procurement of “non-tangible materials”. A *Standard Service* PO normally contains charges for labor, repairs (including materials), or other services performed by a vendor. Examples of these services are installation charges, cleaning charges, rentals, maintenance, subscriptions, armored car services, janitorial services, etc. In addition to *Standard Service* POs *Blanket Order Service* POs include items that cannot be received as a whole unit, such as road materials and fuel services. A *Blanket Order Service* PO is issued as one (1) Activity Unit (AU) that covers the entire invoice. *Standard Service* POs require a receiver called a Service Entry Sheet (SES), whereas for *Blanket Order Service POs* do not require any receiver by the department. Invoices must be signed by the department acknowledging receipt of all parts, service, and labor listed on the PO.

The exceptions to the above are purchases made under the Mechanical/Electrical/Plumbing (MEP) contracts, which are to be handled as follows:

Prior to performing any routine service(s) at a Tarrant County facility, the vendor's representative is responsible for first obtaining a formal purchase order number from that particular facility's building engineer or supervisor (through the Purchasing Department). In such cases where routine parts and service/labor have already been received complete, then a *Service* purchase order should be issued to cover the Invoice charges.

In the case of emergency service(s)—other than routine service(s), as defined by the Facilities Management Department—the vendor may perform that service, under the direction of the Facilities Management Department. Then, the vendor must submit a service ticket to the building engineer that will be used to prepare a formal Purchase Requisition; and, in turn, a formal purchase order number will be generated. The vendor must then list this Purchase Order Number on all subsequent original invoices requesting payment. However, if such services are performed under an MEP Annual Contract, then a *Goods* purchase order may be issued to cover the invoice charge. The services, including delivered item/part and services, are to be received in SAP by the County Department in the usual manner (quantity = 1 AU). For SAP instructions, refer to the Tarrant County Training Materials Section of ESS (TRAINING >> SAP TRAINING DOCUMENTS).

Section 20

PROCUREMENT CARD PROCEDURES

PURPOSE

The Tarrant County Commissions Court, being the policy development and budgetary control unit of county government, has formulated a policy to govern the use of County issued procurement cards and to define the limits of use of County issued procurement cards provided to certain personnel in order to provide immediate access of goods or services or work stoppage situations.

ATTACHMENTS

1. "Procurement Card Account Application Form"
2. "Employee Agreement"
3. "Purchasing Log"

DEFINITIONS

Vendor: A company from which a cardholder is purchasing materials and/or equipment or services under the provisions of this procedure.

Cardholder: Personnel who have been issued procurement cards and who are authorized to make purchases in accordance with these procedures

Direct Supervisor: This individual shall review and approve a cardholder's monthly statement of account.

Coordinator: The County Purchasing Agent is responsible for all program details, including all cardholder inquiries.

Employee Agreement: The cardholder, department head or elected official understand this policy and the responsibilities of the cardholder.

Point of Sale: A retail, supply house, or similar location that the cardholder may make a purchase over the counter and leave with the goods or receive the service immediately.

Procurement Card: A credit card but used in a business environment with limits on cardholder usage.

Purchasing Log: Monthly listing or log of each procurement card transaction and other prescribed information that is formulated by the cardholder and submitted with the monthly statement and other documentation.

Requisitioner: Anyone who initiates a request for goods or services

Statement of Account: A monthly listing of all transactions by the cardholder, issued by the bank directly to the cardholder and the coordinator.

Single Purchase Limit: A dollar amount limitation of purchasing authority delegated to a cardholder. This dollar limit has been established by the Commissioners Court.

PROCEDURES

A. INTRODUCTION

This program is being established in order to provide immediate access to goods and services to prevent a costly delay. A Procurement Card can dramatically shorten the processing time necessary in the traditional requisition process to prevent a costly delay. Those who have been issued procurement cards may initiate a transaction within the limits of this procedure and receive goods or services.

B. RECEIVING A PROCUREMENT CARD

Only Department Heads or Elected Officials may propose personnel to be cardholders by sending a signed memo to the Coordinator.

Since the Commissioners Court shall designate the number of cards per department, this request will be either approved or denied after being placed on the Court agenda. The Commissioners Court may also authorize additions or deletions of personnel who have use of these cards. The Coordinator may request an increase or deletion of personnel having the use of these cards in the event of an emergency.

Either the Coordinator or the Auditor may retrieve and destroy cards as required to protect the County's interests.

The proposed cardholder and the requesting Department Head or Elected Official shall be issued a copy of this procedure and will be required to sign a Commercial Card Application and an Employee Agreement. The Employee Agreement indicates that the cardholder and the Department Head or Elected Official understand the procedures and the responsibilities of a cardholder.

The Coordinator shall maintain all records of procurement card requests, spend limits, cardholder transfers, and any lost, stolen, or destroyed card information. A procurement card may be revoked by the Coordinator if this policy is not adhered to.

C. AUTHORIZED PROCUREMENT CARD USE

1. The procurement card that the cardholder receives has his or her name embossed on it and shall be used ONLY by the cardholder. NO OTHER PERSON IS AUTHORIZED TO USE THE CARD WITHOUT THE CARDHOLDERS PRIOR KNOWLEDGE. The cardholder may make transactions on behalf of others in their department to prevent a costly delay. However, the cardholder is responsible for all use of his or her card.

2. Either the Coordinator or the Auditor will report cards lost, stolen, or used without the permission of the County to the applicable party.

3. All purchases are contemplated to occur within the United States and not in any foreign country. Use in a foreign country must have prior authorization from the Coordinator or Commissioners Court.

4. Use of the procurement card shall be limited to the following conditions:

   a) The total value of a transaction shall not exceed the approved monthly total spend limit or card limitunless authorized by the Coordinator. If extenuating circumstances were to occur, the Coordinator or Auditor should be consulted immediately for guidance.

   b) All items purchased shall be available immediately at the time of procurement card use, with no back ordering allowed.

   c) Payment for a purchase cannot be split into multiple transactions to stay within the single purchase limit or monthly card limit unless authorized by the Coordinator!

   d) Procurement card purchases for meals, travel, and hotel expenses are generally allowed, but are for expenditures governed by the Tarrant County Travel Policy in effect at the time unless preapproved by the Commissioners Court.. The cardholder may use the card for a non-cardholder employee, but is responsible for obtaining documentation of charges as prescribed by this policy.

   e) The cardholder shall inform the vendor that goods and services are tax exempt.

   f) The cardholder will maintain a Purchasing Log that provides a summary of procurement card transactions.

D. UNAUTHORIZED PROCUREMENT CARD USE

1. The procurement card **SHALL NOT** be used for the following:

   a) personal purchases;

   b) a single purchase that exceeds the $1,000.00 per month limit established by the Commissioners Court;

   c) entertainment expense;

   d) cash advances including gift cards unless authorized by the Coordinator;

   e) telephone calls; and

   f) monthly service fees unless authorized by the Coordinator.

Department Heads or Elected Officials may enact a more restrictive policy regarding usage of cards within their respective departments.

2. A cardholder who makes unauthorized purchases, carelessly uses the procurement card, or fails to turn in the appropriate documentation may be liable for the total dollar amount of such purchases and any fees charged by the bank in connection with the misuse. The cardholder will also be subject to disciplinary action and potential termination from his or her job.

E. MAKING A PURCHASE

It is the County's policy to seek competition whenever possible, utilize existing contracts, and seek the lowest prices within the parameters of quality and delivery. Prior to using the procurement card, the cardholder will make a reasonable effort to determine sources currently available for goods and services to ensure the best price and delivery. Whenever possible, the Purchasing Department will establish annual price agreements and identify the preferred suppliers.

Cardholders will utilize the following "checklist" when making a purchase:

1. Check with Purchasing when possible, to see if vendors and prices have been established for the required goods or services. If not, solicit a number of sources including HUB vendors as reasonable to the situation.

2. Once a vendor is designated take the following steps:

   a) Confirm that the vendor accepts MASTERCARD.

   b) Direct the vendor to include the following information on the shipping label and packing list:

      i. Cardholder's name
      ii. Telephone number
      iii. Complete delivery address
      iv. The words "Procurement Card Purchase" inserted in the PO field
      v. The vendor's order number

   c) It is extremely important that all purchases be sent to the cardholder ordering the merchandise, as this will ensure that the documents necessary for the record keeping are readily available to the cardholder.

F. CARDHOLDER RECORD KEEPING

Whenever a procurement card purchase is made, documentation shall be retained as proof of the purchase. Such documentation will be used to verify the purchases listed on the cardholder's monthly statement of account and must contain specific information of each item purchased. Examples of documentation includes invoices and a customer copy of the charge receipt.

The cardholder shall retain the invoice and original customer copy of the charge receipt. The cardholder is responsible for making sure that the vendor lists the quantity and fully describes the item(s) on the charge receipt. The transaction's details should also be added to the cardholder's Purchasing Log.

Whenever possible, documentation must include a list of attendees for business-related luncheon and meals.

G. REVIEW OF MONTHLY STATEMENT

At the end of each billing cycle, the cardholder shall receive from the bank a monthly statement of account that will list the cardholder's transaction(s) for that period.

The cardholder shall check each transaction listed against the purchasing log, receipts, and any shipping documents to verify the monthly statement.

The original sales documents (packing slip, invoice, or receipts) for all items listed on the monthly statement **MUST** be neatly attached, in purchasing log sequence, to the statement. This data attachment is critical to enable audit substantiation. **IF THIS POLICY IS NOT ADHERED TO, THE PROCUREMENT CARD WILL BE REVOKED.**

After this review, the cardholder must sign the statement and present the monthly statement to approving supervisor for approval and signature within two days of receiving. The cardholder shall verify that the reviewed and approved statement is forwarded to the Procurement Card Coordinator.

The approving supervisor must check the cardholder's monthly statement and purchasing log and confirm with the cardholder the following items:

1. Receipts exist for each purchase.
2. The goods were received or the services were performed.
3. The cardholder has complied with all applicable procedures.

The approving supervisor's signature of approval on a cardholder's monthly statement indicates that the cardholder was authorized to make those purchases and those purchases were made in accordance with the applicable procedures.

If a purchased item is not satisfactory, received wrong, damaged and/or defective, duplicate order, etc., the cardholder should make contact with the vendor to explain the problem and inquire about return policies. The cardholder is responsible for returns.

If disputing a charge, the cardholder shall contact the merchant and contact the Coordinator, and include it with the statement package to the Coordinator.

1. If an item has been returned and a credit voucher received, the cardholder shall verify that this credit is reflected on the monthly statement.
2. If purchased items or credits are not listed on the monthly statement, the appropriate transaction documentation shall be RETAINED by the cardholder until the next monthly statement. If the purchase or credit does not appear on the statement within sixty (60) days after the date of purchase, the cardholder or approving supervisor shall notify the Coordinator.
3. If items purchased by the use of the procurement card are found to be unacceptable, the cardholder is responsible for obtaining replacement or correction of the item as soon as possible. If the vendor has not replaced or corrected the item by the date the cardholder receives the monthly statement, then the purchase of that item will be considered in dispute.

H. MONTHLY SUMMARIES

Monthly Account Summaries, listing all transactions, shall be issued by the bank to the appropriate Coordinator and approving Department Head/Elected Official. These summaries will allow the approving supervisors to track their cardholder's activities and act as a checklist for the Coordinator to anticipate which approved monthly statements are due from which cardholders.

The approved monthly statements, Purchasing Logs and other documents supporting the purchases shall be forwarded immediately to the Coordinator. The cardholder shall review the monthly statement, attach the relevant documentation, obtain department review and approval and forward to the Coordinator within two (2) days of receipt of the statement. More than two (2) reminders to a cardholder that an approved monthly statement is delinquent will be grounds for withdrawing or suspending the procurement card by the Coordinator.

Upon receipt of statements and documentation, the Coordinator will review the information for reasonableness. The Coordinator will forward the statements and documentation for payment.

I. CARD SECURITY

It is the cardholder's responsibility to safeguard the procurement card and account number to the same degree that a Cardholder safeguards personal credit information.

The cardholder must not allow anyone to use the account number without the cardholders permission. A violation of this trust will result in that cardholder having the card withdrawn and disciplinary action.

If the card is lost or stolen, the cardholder shall immediately notify the bank at 1-800-316-6056. Representatives are available 24 hours a day. Cardholder must advise the representative that the call is regarding a MasterCard Purchasing Card.

The Coordinator must also be notified immediately.

A new card shall be promptly issued to the cardholder after the reported loss or theft. A card that is subsequently found by the cardholder after being reported lost shall be destroyed by the Coordinator.

J. CARDHOLDER SEPARATION

Prior to separation from the County, the cardholder shall surrender the procurement card and current procurement card purchasing log to the Department Head or Elected Official. Upon its receipt, the Department Head or Elected Official will review, approve, and forward to the Coordinator the month end procurement card statement and return the card to the Coordinator.

If an employee transfers into a different position or department, the Coordinator is to be informed and the department should update the paperwork held by the Coordinator. The Coordinator may require additional information to determine if the procurement card remains necessary and if the Commissioners Court will need to approve the continued use.

ADMINISTRATIVE GUIDELINES

A. The Coordinator shall maintain all records of procurement card requests, dollar limitations, cardholder transfers, and any lost/stolen/destroyed card information. The Coordinator shall report cards lost, stolen, and inappropriate transactions to the Commissioners Court.

B. The Coordinator is responsible for administering the Cardholder Application, Employee Agreement, Purchasing Log Form, and procedures in compliance with this policy.

EMPLOYEE AGREEMENT

I, _____, hereby request a Procurement Card, hereafter the Card. As a holder, I agree to comply with the following terms and conditions regarding my use of the Card.

1. I understand that I am being entrusted with the Card and will be making financial commitments on behalf of the County.

2. I understand that the County is liable to Chase Bank for all charges made on the Card. I understand that I am liable for all charges not in compliance with this Agreement or with the Tarrant County Procurement Card Policy/Procedures Manual, hereafter the Manual.

3. I agree to use this Card for purchases in compliance with the manual and agree not to make purchases in violation of the policy set forth in the Manual. I understand that the County Auditor will audit the use of this Card and that appropriate actions will be taken to enforce this agreement and violations of the Manual.

4. Failure to follow Manual may result in the revocation of my use of the Card and other possible disciplinary actions.

5. I have received a copy of the Manual and understand the requirements of the Card's use.

6. I agree to return the Card immediately upon request or upon termination of my employment (including retirement).

7. If the Card is lost or stolen, I agree to notify the Purchasing Agent and Chase Bank immediately. If the Card is used in a manner not authorized by the manual, I agree to notify the Purchasing Agent immediately.

8. I understand that the burden of proof will be upon me to show that the items purchased were made in compliance with the policy as set forth in the Manual.

9. **Purchases made in violation of the policy as set forth in the Manual will subject me to liability for the total dollar amount of such unauthorized purchases.**

Section 21

HISTORICALLY UNDERUTILIZED BUSINESS (HUB)

POLICY STATEMENT

The Tarrant County Commissioners Court, being the policy development and budgetary control unit of county government, will strive to ensure that all businesses, regardless of size, economic, social or ethnic status have an equal opportunity to participate in the County's procurement processes. The County is committed to promote full and equal business opportunity for all businesses to supply the goods and services needed to support the mission and operations of county government, and seeks to encourage the use of certified historically underutilized businesses (HUBs) through the use of race, ethnic and gender neutral means. It is the policy of Tarrant County to involve certified HUBs to the greatest extent feasible in the County's procurement of goods, equipment, services and construction projects while maintaining competition and quality of work standards. The County affirms the good faith efforts of firms who recognize and practice similar business standards.

DEFINITIONS

Historically underutilized businesses (HUBs) – also know as a disadvantaged business enterprise (DBE), are generally business enterprises at least 51% of which is owned and the management and daily business operations are controlled by one or more persons who is/are socially and economically disadvantaged because of his or her identification as a member of certain groups, including women, Black Americans, Mexican Americans and other Americans of Hispanic origin, Asian Americans and American Indians.

Certified HUBs – includes business enterprises that meet the definition of a HUB and who meet the certification requirements of certification agencies recognized by Tarrant County.

Businesses – include firms, corporations, sole proprietorships, vendors, suppliers, contractors, subcontractors, professionals and other similar references when referring to a business that provides goods or services regardless of the commodity category.

Statutory bid limit – refers to the Texas Local Government Code provision that requires competitive bidding for many items valued at greater than $50,000.

POLICY GUIDELINES

A. Tarrant County, its contractors, their subcontractors and suppliers, as well as all vendors of goods, equipment and services, shall not discriminate on the basis of race, color, creed, gender, age, religion, national origin, citizenship, mental or physical disability, veteran's status or political affiliation in the award and/or performance of contracts. All entities doing business or anticipating doing business with the County shall support, encourage and implement affirmative steps toward a common goal of establishing equal opportunity for all citizens and businesses of the county.

B. Tarrant County will use and recognize the State of Texas certification process in conjunction with the implementation of this policy. The County does recognize other agencies' certifications. Tarrant County reserves the right to review the certification status of any vendor applying to do business with the County. This review will be accomplished to determine the validity and authenticity of the vendor's certification as a HUB.

C. The Commissioners Court may establish HUB target goals. Through a systematic approach of soliciting quotes, bids and proposals from certified HUBs and in compliance with applicable state and federal law this policy will strive to meet those goals.

1. Target goals should consider:

    a) the availability of HUB firms within the specific category of goods or services to be procured; and
    b) the diversity of the County's population.

2. The goals should be reviewed and amended periodically.

3. The program may apply to all County procurements including construction and professional services.

4. Particular attention will be given to HUB participation on purchases in excess of the statutory bid limit.

5. The Commissioners Court herein establishes a 20% good faith target goal for Tarrant County.

D. Tarrant County will actively seek and encourage HUBs to participate in all facets of the procurement process by:

1. Continuing to increase and monitor a database of certified HUB vendors, professionals, and contractors. The database will be expanded to include products, areas of expertise, and capabilities of each HUB firm.

2. Continuing to seek new communication links with HUB vendors, professionals, and contactors to involve them in the procurement process.

3. Continuing to advertise bids on the County's website and in newspapers including newspapers that target socially and economically disadvantaged communities.

4. Continuing to provide bid notifications to minority Chambers of Commerce.

E. As prescribed by law, the purchase of one or more items costing in excess of the statutory bid limit must comply with the competitive bid process. Where possible, those bids will be structured to include and encourage the participation of HUB firms in the procurement process by:

1. Division of proposed requisitions into reasonable lots in keeping with industry standards and competitive bid requirements.

2. Where feasible, assessment of bond and insurance requirements and the designing of such requirements to reasonably permit more than one (1) business to perform the work.

3. Specification of reasonable, realistic delivery schedules consistent with the County's actual requirements.

4. Specifications, terms, and conditions reflecting the County's actual requirements are clearly stated and do not impose unreasonable or unnecessary contract requirements.

F. A HUB Policy statement shall be included in all specifications. The County will consider the bidder's responsiveness to the HUB Policy in the evaluation of bids and proposals. Failure to demonstrate a good faith effort to comply with the County's HUB policy may result in a bid or proposal being considered non-responsive to specifications.

G. The Purchasing Department will actively seek the participation of HUB firms in the quotation process for purchases under the statutory bid limit. HUB firms will be identified on the computerized database and linked to the commodities they represent. Buyers will be encouraged to use available internal and external databases of certified HUB firms.

H. Nothing in this policy shall be construed to require the County to award a contract other than to the lowest responsive bidder meeting specifications as required by law. This policy is narrowly tailored in accordance with applicable law.

ADMINISTRATIVE GUIDELINES

A. The Purchasing Department shall serve as the County's HUB Office with responsibility for the implementation, monitoring and general operations of the HUB policy. The Purchasing Agent shall serve as the County HUB Officer.

1. The HUB Officer will establish procedures to implement this policy across the full spectrum of the procurement process. The County HUB Office will periodically review with department head and elected officials regarding procurement opportunities.

2. Managing the policy and training buyers and other County personnel in order to meet County goals will be the responsibility of the HUB Office.

3. The HUB Office will cooperate with other local government entities to increase HUB participation throughout the County and region. The HUB Office is encouraged to participate in educational and other outreach programs to assist HUB firms.

4. The HUB Officer will receive and review complaints and recommendations regarding the implementation of the HUB Policy and the good faith efforts of bidders. Further, the HUB Office will audit for compliance to the HUB Policy on eligible projects after award, during the performance of the contract and after completion, while also making any recommendations to Commissioners Court regarding any irregularities or misrepresentation of facts as they relate to compliance with the policy. The HUB Office will review documentation submitted by HUB firms in compliance with this policy.

5. An annual report along with recommendations shall be provided to the Commissioners Court and Purchasing Board. The annual report will provide statistical data and efforts reflected in the number of purchase orders, value of goods and services purchased, percentages to HUB firms, and outreach and marketing efforts. Other statistics may be required or requested by the Commissioners Court or Purchasing Board.

Section 22

DEBARMENT AND SUSPENSION

Executive Orders 12549 and 12689

PURPOSE

In an effort to provide assurance to the Federal Government that the State of Texas and its sub-recipients comply with Federal Executive Order 12549 and 12689, 2 CFR part 200, ("Sub-awards to debarred and suspended parties"), and the Texas Uniform Grant Management Standards (UGMS), the Texas Department of Public Safety/Texas Homeland Security-State Administrative Agency requires all Homeland Security Grant Program sub-recipients (to include all programs administrated by the TXDPS/THS-SAA) check the debarment status of all vendors before contracting with or making any purchases with funds from any federal grant.

Debarments may be based on convictions, civil judgments or fact based cases involving environmental crimes, contract fraud, embezzlement, theft, forgery, bribery, poor performance, non-performance or false statements as well as other causes. The imposition of a debarment period is for a set period of time decided on a case by case basis.

Suspension may be based on indictments, information or adequate evidence involving environmental crimes, contract fraud, embezzlement, theft, forgery, bribery, poor performance, non-performance, or false statements. This is a temporary action which may last up to one year and is effective immediately.

AUTHORITY

Executive Orders 12549 and 12689 – Debarment and Suspension

POLICY

Prior to procuring or entering into a contract for grant-funded goods or services, the sub-recipient must check debarment status of the vendor using the System for Award Management (SAM) and document that verification has occurred. This policy applies to the procurement of all goods or services regardless of unit price or quantity.

OFFICIAL REPRESENTATIVE

The County Purchasing Agent shall verify the debarment status of all vendors prior to utilizing any Federal Grant Funds, using SAM.gov.

PROCEDURE

The following procedure applies to all purchases funded by Homeland Security or any federal grant funds. No contract will be awarded to any vendor whose name appears on the debarment list prior to notifying the Purchasing Agent.

1. Go to the SAM website.

2. The County Purchasing Agent or their agent will search SAM for the vendor.

3. If the vendor is found to be debarred, the vendor may not be used for procurement utilizing Federal Grant Funds.

4. Print the screen page and retain the procurement documentation.

5. A copy of the screen print indicating the vendor is not debarred, at the time of the procurement, must be included with the supporting documentation submitted to the Texas Homeland Security State Administrative Agency requesting reimbursement of advance.

Section 23

TRAINING

The Tarrant County Criminal District Attorney's Office has ruled that training is NOT a professional service and therefore subject to the same bid laws as outlined in Texas Local Government Code 262.

Training requests will be handled in the same manner as any request for goods or services.

Only the County Purchasing Agent may grant an exemption regarding Section 22, Requests for Quotations.

Only the Commissioners Court may grant an exemption in accordance to Texas Local Government Code 262.024.

PROCEDURE

Once a department is aware of a training need, they will need to contact the Purchasing Department. The buyer will determine how to proceed with the request, through a bid, quote exemption or sole source. If a competitive process is determined, a detailed Scope of Work will be requested from the department.

Scheduling training without going through this process may be considered an unauthorized purchase.

This procedure applies to the following sections in this Procedure Manual:

- Sections 8, 17, 18, 19, 20, 21, 22, and 23.

Section 24

BEST AND FINAL OFFER (BAFO)

INTRODUCTION

The Best and Final Offer (BAFO) process represents an optional step process in the Request for Proposal (RFP) process and is not part of contract negotiations. A BAFO is requested from one (1) more respondents for their best price(s) for a specific solicitation prior to determining contract award.

AUTHORITY

Texas Local Government Code, 262.0295(e); 262.030(e)

POLICY

BAFOs may be conducted with only those respondent(s) most likely to be awarded a contract as determined by the evaluation committee.

PROCEDURE

The BAFO process may be used when:

1. No single response addresses all the specifications.
2. The cost submitted by all respondents is too high.
3. The scores of two (2) or more respondents are very close after the evaluation process.
4. All respondents submitted responses that are unclear or deficient in one or more areas.
5. To obtain the best price.

Procedures for the use of the BAFO process:

1. The original RFP document should contain language that indicates that the BAFO process “may” be used.
2. The evaluation committee and Purchasing will determine if the BAFO process will be conducted and who will be invited to participate.
3. The evaluation committee may restrict the number of respondents invited to submit a BAFO or may offer the option to all respondents. Any respondent(s) deemed not likely to be awarded may be dropped at this point and noted in the documentation. These responses(s) will not figure into the scoring thereafter.
4. In order to develop the content of the BAFO, the buyer may collect questions about the responses from the evaluation committee.

5. The content of the BAFO may also be developed as a result of negotiations with the respondent(s) most likely to be awarded a contract.

6. The evaluation committee through Purchasing may request that the respondent(s) readdress important aspects of the response such as the implementation schedule, level of support, type or amount of resources proposed, contract terms and conditions, or cost.

7. The buyer will send out the request for BAFOs in a letter stating the areas to be covered and the date and time by which the BAFO must be returned.

8. All communication to and from respondents regarding the BAFO will be coordinated by the buyer. This may be in the form of an original response, fax or email, and on company letterhead with an authorized signature.

9. BAFOs submitted after the deadline may not be accepted.

Content and structure of best and final solicitations:

1. BAFO must contain specific information on what is being requested. The integrity of the scope of the original RFP must be maintained.

2. Respondent(s) are not required to submit a BAFO and may submit a written response stating that their response remains as originally submitted.

3 The BAFO must not identify either the current rank of any of the respondents or the lowest price currently submitted.

4. Respondent(s) may be requested to make an oral presentation regarding their BAFO.

Scoring of BAFOs:

1. Evaluation committee members score or re-score the technical portion of the BAFO.

2. Evaluation score sheets for the BAFOs will be developed and provided to the evaluation committee members by the buyer. All scoring worksheets (original evaluation scores, oral presentation scores, best and final scores) will be included with the court communique, with the original scored matrix on the bottom, the presentation matrix next, and best and final matrix on top. Scores for the BAFOs are entered into a NEW score sheet/summary worksheet (matrix) by the buyer.

3. Price proposals (if requested) are evaluated by the buyer. Only the price proposals from the respondent(s) asked to participate in the BAFO process will be used to calculate the score.

Section 25

COUNTY OWNED ASSETS

INTRODUCTION

The taxpayers of Tarrant County have an enormous investment in our county buildings, equipment, and furnishings. As public servants, County employees are responsible for the care and custody of this large investment. Not only is it good accounting policy to maintain accurate inventory records of all county assets, it is also mandated by State law.

AUTHORITY

On July 1 of each year, the county purchasing agent shall file with the county auditor and each of the members of the board that appoints the county purchasing agent an inventory of all the property on hand and belonging to the county and each subdivision, officer, and employee of the county. (See: Section 262.011(i) – Local Government Code).

The Purchasing Agent has control over the transfer of county supplies, materials, and equipment from a subdivision, department, officer, or employee of the county that are not needed or used to another subdivision, department, officer, or employee requiring the supplies or materials or the use of the equipment, with the approval of the Commissioners Court. (See: Section 262.011(j) – Local Government Code).

In addition, the Purchasing Agent assists the Commissioners Court in identifying and disposing of assets that the Court has declared to be surplus property or salvage property in accordance with Local Government Code, Chapter 263, Subchapter D, Disposition of Salvage or Surplus Property. The Purchasing Agent assists the Commissioners Court in obtaining a contract to dispose of the property in a variety of ways. The statute also allows the Commissioners Court to offer the property as a trade-in for new property of the same general type if deemed in the best interest of the county.

DEFINITIONS

Asset Coordinator – The individual designated by each Department Head to serve as the liaison to the Purchasing Department's Fixed Asset Coordinator and the Information Technology Department.

Capital Assets –Property such as equipment, vehicles, and technology assets, including hardware and software valued at $5,000 or more. These assets are capitalized.

Controlled Assets – A firearm asset such as a handgun, rifle, taser, or shotgun of any value.

Fixed Asset Coordinator – The individual designated by the Purchasing Agent responsible for the physical inventory, including the disposal, transport, and storage of assets.

Grant Assets – Assets purchased using grant funds. These assets must be tracked as required by the granting agency.

Heavy Equipment – Heavy duty vehicles or equipment used for operations.

Lost Assets – Assets considered unrecoverable. Reportable to Commissioners Court.

Low Value Furniture, and Equipment Assets – Furniture and equipment valued of $1,500 - $4,999.

Low Value Technology Assets – Technology assets such as computers, printers, and scanners valued at $500 to $1,499.99.

Missing Assets – Assets not located but recovery is anticipated within a year.

Salvage Property – Because of use, time, or accident, property so worn, damaged, or consumed it has no value for the purpose for which it was originally intended, but may have some salvage value.

Stolen Assets – Assets considered unrecoverable, requiring a police report. Reportable to Commissioners Court.

Surplus Property – Property not in use but considered to have future usefulness, either as originally intended or otherwise.

POLICY

RESPONSIBILITIES BY DEPARTMENT

A. PURCHASING DEPARTMENT

Local Government Code 262.011(i) states, "*On July 1 of each year, the county purchasing agent shall file with the county auditor and each of the members of the board that appoints the county purchasing agent an inventory of all the property on hand and belonging to the county and each subdivision, officer, or employee of the county."*

Local Government Code 262.011(j) states, "*To prevent unnecessary purchases, the county purchasing agent, with the approval of the commissioners court, shall transfer county supplies, materials, and equipment from a subdivision, department, officer, or employee of the county that are not needed or used to another subdivision, department, officer, or employee requiring the supplies or materials or the use of the equipment. The county purchasing agent shall furnish to the county auditor a list of transferred supplies, materials, and equipment."*

B. AUDITOR'S OFFICE

Local Government Code states "*The county auditor shall carefully examine the inventory and make an accounting for all property purchased or previously inventoried and not appearing in the inventory."*

C. ALL DEPARTMENTS

Each Department Head has the primary responsibility for safeguarding all technology, vehicles, heavy equipment, furniture, and other equipment assigned to their department. Annually, each Department Head must ensure that an annual inventory is performed to account for all high value and low value furniture and equipment assigned to their department as recorded in the Tarrant County fixed asset inventory system. The Department Head shall sign and verify the inventory list using the Asset Inventory Verification Form FA-02. Each department's Asset Coordinator should submit the appropriate documentation to the Purchasing Department.

The Information Technology Department (ITD) and Department Heads are jointly responsible for the inventory of technology-related assets. After ITD completes its inventory, ITD provides a report to the Purchasing Department. This report includes any discrepancies identified by ITD during its inventory.

The Purchasing Department and/or the Auditor's Office may "spot check," or conduct a full inventory of any county department and recommend changes.

RECEIPT, TRANSFER, AND DISPOSAL OF ASSETS

A. RECEIPT OF NEW ASSETS

Departments are responsible for tagging Capital Assets, Low Value Furniture and Equipment Assets, and Grant Assets using the barcoded tags provided by Purchasing. Substantial shipments of assets to be received at different locations may require additional planning and tagging assistance from Purchasing. Upon receipt of the new asset, the department or Purchasing will apply the barcode. Any missing information in the fixed asset system including but not limited to serial number, model, make, or asset location should be conveyed to the Fixed Asset Coordinator. Barcode tags should be located in plain view and where access is not impaired or difficult to reach. Tag location should also enable the passing of scanner equipment over the tag's barcoding.

To ensure proper tagging of technology assets, under normal circumstances ALL purchased technology assets must be delivered to and received by ITD. ITD is responsible for creating or procuring specially colored and/or uniquely identifiable barcoded tags to assist in identifying Tarrant County technology assets and then entering the barcode and appropriate information into SAP. ITD will also maintain a comprehensive list of these assets.

In general, tags should be placed in plain view and allow easy access. Tag location should approximate the initial point of user contact with the asset. Asset tags may not be removed from Tarrant County property. Both knowingly removing or causing the tag to be removed, altered or obliterate and possessing, selling, or offering to sell county property knowing that the asset tag number has been removed are criminal offenses under Texas Penal Code Section 31.11 Tampering with Identification Numbers.

Assets such as heavy equipment, vehicles, controlled assets, and some technology assets will NOT be physically tagged. A separate list of asset tags will be maintained by the individual departments.

B. TRANSFER OF ASSETS

The Purchasing Agent is authorized by the Commissioners Court to transfer supplies, materials and equipment among the various county departments. The transfer or trade of any Capital Asset or Low Value Furniture and Equipment Asset from one department to another must be documented on Form FA-01, Transfer or Disposal of County Assets. This form should then be forwarded to Purchasing, while the originating department retains a copy for their files. Facilities Management is responsible for the physical movement of all assets if needed, with the exception of technology assets. Facilities Management will not transfer any asset without completing Form FA-01.

ITD is responsible for the transfer of ***all*** technology assets. Any transfers should be documented by an ITD Transfer Sheet. ITD is also responsible for updating the fixed asset system to show the new location of a transferred technology asset.

C. DISPOSAL OF ASSETS

Assets that are no longer needed or are damaged, worn or replaced by a new asset may be sent to the Purchasing warehouse for disposal or auction. The disposal of these assets must be documented on Form FA-01, Transfer or Disposal of County Assets. This form should then be forwarded to Purchasing, while the originating department retains a copy for their files. Excluding technology assets, Facilities Management is responsible for the physical movement of these assets to the warehouse after completing Form FA-01. Technology assets will be moved by ITD and prepared for disposal or auction after completing the Transfer Sheet. Grant Assets require approval by the granting agency prior to disposal.

The Commissioners Court may authorize the Purchasing Agent to dispose of surplus or salvage items. Surplus or salvage assets may be sold by competitive bid or auction by the Purchasing Agent as provided in Section 263.152 of the Local Government Code. The statute also allows the Commissioners Court to offer the property as a trade-in for new property of the same general type if deemed in the best interest of the county. Any stolen, abandoned or confiscated property seized by a peace officer may be disposed of in accordance with Article 18.17, Texas Code of Criminal Procedure.

LOST/STOLEN PROPERTY

The Department Head must report, in writing, any lost or stolen property immediately to the Purchasing Agent. Stolen property must be reported to the proper law enforcement agency, and a copy of the police report must be provided to the Purchasing Agent. If an asset cannot be located or recovered, it will be removed from the department's asset inventory upon approval by the Commissioners Court.

SURPLUS ASSETS FROM WAREHOUSE

Excluding technology assets, Purchasing will maintain a comprehensive list of assets stored at the warehouse. All county departments are urged to contact Purchasing if they are in need of any particular asset prior to purchasing one. Assets received from the warehouse must be documented on Form FA-01, Transfer or Disposal of County Assets. This form should then be forwarded to Purchasing, while the originating department retains a copy for their files. Facilities Management is responsible for the physical movement of the asset from the warehouse to the using department only after Form FA-01 has been completed.

ANNUAL INVENTORY

Local Government Code 262.011(i) mandates that the County Purchasing Agent must file a complete inventory on or before July 1 of each year. The following information is provided to help departments accomplish their part in this process. In addition, Purchasing will be available to answer questions, if requested.

A. DEPARTMENT ASSET COORDINATOR

Each Department Head should designate one employee per division or area to serve as the Asset Coordinator for that department. The person assigned should be generally familiar with the assets used by that department. The designated Asset Coordinator is then responsible for performing all duties pertaining to asset management for items assigned to that department.

B. ANNUAL ASSET INVENTORY REPORT DISTRIBUTION

The Purchasing Department will send a formal inventory request and an Asset Inventory Report listing all Capital Assets and Low Value Furniture and Equipment Assets to each Department Head as of January 31 annually. The reports will list assets assigned to the department and show the due date the inventory should be completed and returned to the Purchasing Department's Fixed Asset Coordinator.

ITD will prepare a Technology Asset Inventory Report listing all capitalized, grant purchases, and low value technology assets (including hardware and software) assigned to county departments as of January 31 annually.

C. DETERMINING ACTUAL INVENTORY

The department's Asset Coordinator should lead the effort to locate and account for Capital Assets and Low Value Furniture Assets and Equipment Assets assigned to the department. Assets such as heavy equipment, vehicles, controlled assets, and some technology assets will NOT be physically tagged. The process can be most effectively accomplished by assigning pairs of employees to count and record all items within a specific area located and accounted for during inventory.

The department's Asset Coordinator should ensure that any changes, including location changes, are recorded next to the appropriate item on the Asset Inventory Report provided by Purchasing. Purchasing should be notified of any items located by the department, but not found on the Asset Inventory Report for further research. The Purchasing Agent and the Auditor's Office will collaborate to ensure that appropriate changes are made to the fixed asset inventory system.

ITD staff should lead the effort to locate and account for Low Value Technology Assets, and Capital Assets assigned to departments. ITD is responsible for noting any differences between the physical inventory and the fixed asset system to the Purchasing Department's Fixed Asset Coordinator. ITD and the Auditor's Office will collaborate to ensure that appropriate changes are made to the fixed asset inventory system.

Any discrepancies between the physical inventory and the Asset Inventory Report should be noted. Some examples of discrepancies may include a description, location, serial numbers, etc.

Purchasing should be contacted immediately for the disposition of any of the following assets:

1. "Missing" assets are those that cannot be located but are expected to be located within a year. Form FA-01, Transfer, or Disposal of County Assets, should **not** be submitted as long as the item is considered "missing".

2. "Lost" or "stolen" assets are those considered unrecoverable. All stolen items should be reported to the proper law enforcement agency. A police report and Form FA-01, Transfer, or Disposal of County Assets, should be submitted to Purchasing.

Upon completion of the inventory, the department's Asset Coordinator should forward the updated Annual Asset Inventory Report and a copy of the Asset Inventory Verification Form, Form FA-02, signed by each Assets Coordinator and the Department Head/Elected Official, verifying the report's accuracy to Purchasing. Any completed Transfer or Disposal of County Assets forms (FA-01) documenting asset status changes should also be sent to Purchasing at this time.

Upon completion of the inventory of technology assets, ITD should forward the updated Asset Inventory Report and a copy of the Asset Inventory Verification Form, Form FA-02, signed by the department's Asset Coordinator, Department Head, and the Chief Information Officer, to Purchasing.

D. RECEIPT AND UPDATE OF DEPARTMENT ANNUAL ASSET REPORT

After receipt and review of the department's annual Assets Inventory Report, Purchasing will correct any asset locations recorded in the county's fixed asset inventory system.

E. RECONCILIATION OF ACTUAL TO RECORDED INVENTORY

The Auditor's Office will perform a reconciliation of the physical inventory to the inventory recorded and the fixed asset inventory system. The Auditor's Office will also request Commissioners Court approval for the removal of any lost or stolen assets from the fixed asset inventory system.

DISCLOSURE OF INTERESTED PARTIES
House Bill 1295

INTRODUCTION

In 2015, the Texas Legislature adopted House Bill 1295, which added section 2252.908 of the Government Code. The law states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The law applies only to a contract of a governmental entity, or state agency that either (1) requires an action, or vote by the governing body of the entity, or agency before the contract may be signed, or (2) has a value of at least $1 million. The disclosure requirement applies to a contract entered into on or after January 1, 2016.

Procedures related to Vendor Disclosure Requirements amended by Acts 2017, 85th R.S., Chapter 526 (SB 255) changes identified by italicized text apply only to a contract entered into or amended on or after January 1, 2018.

(c) Notwithstanding Subsection (b), this section does not apply to:

1) a sponsored research contract of an institution of higher education;

2) an interagency contract of a state agency or an institution of higher education;

3) a contract related to health and human services if:

(A) the value of the contract cannot be determined at the time the contract is executed; and

(B) any qualified vendor is eligible for the contract;

4) a contract with a publicly traded business entity, including a wholly owned subsidiary of the business entity;

5) a contract with an electric utility, as that term is defined by Section 31.002, Utilities Code; or

6) a contract with a gas utility, as that term is defined by Section 121.001, Utilities Code.

AUTHORITY

House Bill 1295 – Certificate of Interested Parties

POLICY

Prior to award by Commissioners Court, the vendor must complete Certificate of Interested Parties (Form 1295) and submit a signed copy to the Purchasing Agent or his/her designee.

OFFICIAL REPRESENTATIVE

The Buyer shall verify that a Certificate of Interested Parties (Form 1295), is on file prior to approval requiring Commissioners Court action and is filled out in accordance with The Texas Ethics Commission adopted rules.

PROCEDURE

1. Before an award or renewal, including consent, may be presented to Commissioners Court, the Awardee must submit a completed Form 1295 to the Buyer unless exempt by State law.
2. When an apparent Awardee has been identified, the Buyer must contact them immediately and request Form 1295. The awardee must return completed form to the Buyer within ten (10) days of request.
3. Unsuccessful bidders or respondents are not required to complete Form 1295.
4. The Awardee must place the Tarrant County RFB, RFP, RFO, or RFQ number and title on Form 1295, in line #3. These numbers will be provided by the Bid Secretary. Sole Source vendors will need an RFQ number assigned over $50K. These numbers will be provided by the Buyer. For tracking purposes, it is advisable that the Buyer indicates by use of an “I” (informal) or “F” (formal). For example, Request for Qualification: RFQ-2016-001-F; Request for Quotation: RFQ-2016-002-I. Reference this control number in the body of communique.
5. Within thirty (30) days, Buyer must acknowledge, on the TEC website, the receipt of the correctly completed Form 1295. Best practice would be to acknowledge immediately.
6. Do not include Form 1295 in the communique unless it is referenced in a contract. Keep a copy in the appropriate folder.
7. Change orders, contract alterations, modifications, etc. will require a new form from the Vendor. A new form is not required if within a twelve (12) month period referencing the same contract number.
8. When another entity uses a Tarrant County contract, they may request a copy of Form 1295. Cooperative contracts require a vendor to complete another Form 1295 and reference Tarrant County on line 2 and the cooperative bid number and name on line 3.
9. Contracts may require reference to Form 1295. Verify with Tarrant County Criminal District Attorney. If Form 1295 is referenced in a contract, attach a copy with the communique.
10. Contracts involving CSCD do not require Form 1295 unless the CSCD contract is on the Purchasing Commissioners Court Agenda.

NO AWARD WILL BE MADE PRIOR TO TOTAL COMPLIANCE WITH THESE PROCEDURES.

https://www.ethics.state.tx.us/whatsnew/elf_info_form1295.htm

All other policy and procedures regarding contract award, contract modifications and contract administration remain the same.

ATTACHMENT II-28

SUPPORTING DOCUMENTATION CONTROLS

Invoices are filed in the order in which they are received. Invoices are scanned into the system to be processed. The system checks for duplicate by matching the invoice number, date, and amount. Each invoice gets its own document number in SAP. Each of these documents have a copy of the invoice attached to it that can be viewed at any time. Original invoices are kept for 3 years then sent to a warehouse the county uses to store older documentation. All purchases have to be approved by the Purchasing Office through a PO or court order before they can be approved for payment in the Auditor's Office (see purchasing policy). All grant purchases are approved by the appropriate grant auditor before they are processed by AP.

ATTACHMENT II-32

UNALLOWABLE COSTS/EXPENDITURES

Grant Auditors review all payments for allowability prior to purchase, based on grant contract, granting agency financial guides, and governmental grants management publications.

ATTACHMENT II-34A

Tarrant County maintains internal control structures that confirm to the requirements of the standards under COSO (Committee of Sponsoring Organizations of the Treadway Commission). These controls are reviewed annually by the County's outside audit firm during the County's annual Single Audit. Any changes to internal controls recommended annually by the outside audit firm are reviewed by management and, if necessary, implemented the following year. Any such changes occurring would be listed by the outside audit firm in the audit report that is issued and included in the County's annual Single Audit.

ATTACHMENT II-34B

UNAUTHORIZED ACCESS CONTROLS

Each employee is given their own specific login for SAP. SAP tracks all changes made in the system by recording the users ID when something occurs. Each individuals access to SAP is setup specifically for their role in the county to ensure confidential files can only be accessed by those that need it and have been granted access to it.

ATTACHMENT II-42
BACKGROUND CHECK POLICY

TARRANT COUNTY

NEW HIRE BACKGROUND CHECKS POLICY

I. POLICY STATEMENT

The Tarrant County Commissioners Court, being the policy development and budgetary control unit of county government, has set forth guidelines, regulations and procedures for the terms and conditions under which background checks are conducted on new hire applicants prior to employment. The Commissioners Court may authorize exceptions to this policy or amend this policy at anytime.

II. POLICY GUIDELINES

A. General. The primary purpose of the background check is to verify the accuracy of information provided by the applicant during the hiring process as well as to evaluate the applicant's qualifications for employment. Background checks may consist of criminal, credit, motor vehicle, educational or employment checks by Tarrant County staff or a third party vendor. Background checks must be administered in a consistent manner. The results of these checks must not be used in any discriminatory manner against any protected class or to retaliate against any individual for having engaged in protected conduct.

1. All positions will be subject to a pre-employment criminal background check prior to being filled with the exception of positions in departments that must comply with specific background check laws and regulations. However, only designated positions will be subject to motor vehicle or financial background checks prior to being filled. The background check must be completed and results verified before any personnel actions are finalized.

2. All checks will be in compliance with applicable laws (Fair Credit Reporting Act, Texas Government Code and Department of Transportation).

3. The Fair Credit and Reporting Act (FCRA) imposes strict limits and disclosure requirements regarding the use of credit and consumer reports in making hiring decisions. The FCRA applies when an employer uses a third party vendor to conduct background checks on applicants. Consumer reports are defined as any communication of any information by a consumer reporting agency. Tarrant County's responsibilities under the FCRA:

   a. Provide a clear and conspicuous disclosure that Tarrant County may conduct a background check separate from the application. This information should be included in the position description as well as any vacancy posting.

   b. Tarrant County must certify to the third party vendor that, as the employer, the County will be in compliance with the FCRA and will not misuse the information.

   c. Obtain written permission from the applicant or employee to conduct the background check.

   d. Provide the applicant or employee with a summary of his/her rights under the FCRA. This provides the individual with information about the Act including possible disputes and steps for their resolution.

   e. Inform the applicant or employee of his/her right to request additional information on the nature of the report and how the information was obtained.

   f. If employment is denied based on the background check results, Human Resources will provide the employee, either via email or the U.S. Mail, the following information:

      1. Notice to the applicant of the decision by the hiring department not to hire the applicant.

      2. A copy to the applicant of his/her rights under the Fair Credit Reporting Act as well as a copy of the results of the background check.

B. <u>Designation of Positions Subject to Credit and/or Motor Vehicle Background Checks.</u> When an appointing authority makes the decision to designate a position to require specific background checks, the following factors should be considered:

- "Safety-sensitivity" of the position as defined by the Department of Transportation;
- Independent interaction with the public (home visits, etc.);
- Interaction with minors, the elderly or disabled individuals;
- Handling of funds or access to sensitive information;
- Required driving to perform the essential functions of the position.

C. Types of Background Checks.

1. Employment History Checks. Employment history of an applicant selected for hiring should be verified by the hiring department. Areas of inquiry should include verification of dates of employment, job titles, duties, reason for leaving and rehire status.

2. Educational Attainment Checks. All applicants must provide proof of the educational attainment as stated on their application for employment. Applicants will be instructed to provide appropriate documents at the time of processing.

3. Motor Vehicle Checks. If applicable to the position sought, a driving history check shall be conducted. The background check must be completed and results verified before any personnel action can be processed for said applicant.

4. Financial (Credit) Checks. In accordance with applicable laws and if applicable to the position sought, a financial check shall be conducted. This check must be completed and results verified before any personnel action can be processed for said applicant.

5. Criminal History Checks. In accordance with applicable laws, background checks for criminal convictions shall be conducted on all applicants who have been selected for hiring in specific departments. The background check must be completed and results verified before any personnel action can be processed for said applicant. When evaluating the results of a criminal background check, the following factors should be considered:

    - Type of conviction (misdemeanor or felony);
    - Nature of the offense;
    - Number of convictions;
    - Age of the convictions;
    - Stability in employment, pursuit of education, etc. since the time of the conviction;
    - Relationship of the convictions to the position being sought;

D. Denial of Employment. Departments must examine whether there is a sound business reason to deny employment to an individual. Consideration should be given to the type, frequency and severity of the violation. If the hiring department chooses to deny employment, the hiring department must be able to articulate non-discriminatory and non-retaliatory reasons as to why employment is being denied. A background check may not automatically disqualify an individual from employment. Each situation will be evaluated on a case-by-case basis by the Appointing Authority, or his/her designee, with the assistance of Human Resources and, when necessary, a legal advisor.

III. ADMINISTRATIVE GUIDELINES

A. The Human Resources department is responsible for the oversight and implementation of this policy. The Human Resources department may develop additional procedures in compliance with this policy in order to insure a clear, fair and consistent process. All such procedures shall be provided to hiring departments.

B. In order to administer background checks in a consistent manner, written guidelines should be established by the Appointing Authority with regard to what factors may disqualify an individual for a specific position. The written guidelines should be reviewed and approved by Human Resources.

C. The County shall require that the selected applicant complete a Background Check Authorization form and forward a copy of the completed form to Human Resources. Human Resources will coordinate the request with the County's selected third-party vendor. All information obtained during the background check is considered confidential. Results of a background check will be considered valid for six (6) months.

D. All documents or records collected related to criminal, motor vehicle or credit checks must be maintained separately from other personnel records for a period of two (2) years from the creation or receipt of the document or record, whichever is later.

180 New Hire Background Checks Policy
Adopted: Court Order #109214 (November 9, 2010)

Attachment II-C43 Travel Policy

TARRANT COUNTY

TRAVEL AND MEETINGS POLICY

I. POLICY STATEMENT

The Tarrant County Commissioners Court, being the policy development and budgetary control unit of county government, has formulated a policy to review and control expenditures related to travel and meetings by County officials and employees and is intended to provide a standardized set of rules and policies governing travel and meeting expenses and reimbursements. The Commissioners Court may authorize exceptions to this policy or amend this policy at anytime.

It is the policy of Tarrant County to reimburse its officials and employees for all reasonable and necessary expenditures incurred resulting from the performance of their official duties. These reimbursements are subject to certain restrictions and limitations as defined in this policy. Nothing in this policy should be construed as authorizing expenditures beyond the budget authority established by the Tarrant County Commissioners Court for the respective departments.

II. DEFINITIONS

Local, or within region travel, refers to the geographic area served by the North Central Texas Council of Governments (Tarrant, Dallas, Collin, Denton, Ellis, Erath, Hood, Hunt, Johnson, Kaufman, Navarro, Palo Pinto, Parker, Rockwall, Somervell and Wise Counties).

Out-of-region, or out-of-region travel, refers to any location outside the geographic area served by the North Central Texas Council of Governments.

Out-of-state, or out-of-state travel, refers to any location outside the State of Texas and requires Commissioners Court approval prior to travel as outlined in this policy.

III. POLICY GUIDELINES

1. It is the policy of Tarrant County that attendance at out-of-state and out-of-region seminars and technical meetings are kept to a minimum. All County officials and employees are strongly encouraged to attend local seminars, meetings, and other applicable offerings whenever possible. In addition,

where practical, attendance should be limited to one individual per department, per seminar or trip. In all matters, County officials and employees should use the most economic means available.

2. Charges for personal items are not eligible for reimbursement. An official or employee may be asked to reimburse the County for any travel or meeting expense (i.e. airfare, registration, etc.) that is paid but not used or attended. Expenses incurred by or as a result of an accompanying spouse or other individual will not be reimbursed.

3. If funds are paid in advance on behalf of or to an official or employee, a Travel Expense Reimbursement Request, along with typically required receipts and other documentation, must be submitted to the County Auditor upon return from the trip.

4. Even though travel and/or education funds have been allocated in the fiscal year budget, all requests for out-of-state travel funds to attend seminars, conferences and other applicable offerings must receive approval of the Commissioners Court before the date of travel. The Travel Expense Reimbursement Request form should be completed for Court consideration and include travel details and reasonable estimated expenses. Prior approval for travel related to job-specific certification and/or continuing education requirements by elected or appointed officials is specifically excluded from this provision of the travel policy.

5. Elected or appointed officials who are in the final year of the current term of office, or in the final year of the current appointment, and who will no longer be an incumbent in that elected or appointed position after the end of the current term or appointment, must have prior Commissioners Court approval to be reimbursed for any out-of-state or out-of-region travel and/or educational costs. The Commissioners Court may authorize additional exceptions to this rule.

6. If, after the Commissioners Court has approved a travel request for a specific employee and the employee is unable to undertake the travel for any reason, the elected official or department head (or acting official or acting department head) may name a substitute individual to replace the employee who is unable to travel. The elected official or department head shall forward the name of the substitute individual to the County Administrator's Office along with a brief explanation concerning the reason for the substitution. If warranted, the County Administrator may ask the Commissioners Court to review and approve the proposed substitution.

7. If travel is cancelled for any reason, cancel as soon as possible to avoid any fees or charges. If any expenditures related to the trip has been made and the elected official or department head does not name a substitute, the department shall seek the maximum available refund of all such expenditures. The elected official or department head shall provide written notice to the County Administrator's Office that a trip has been cancelled,

along with a brief explanation concerning the reason for the cancellation, if funds were expended and how much, if any, will be refunded.

8. If an official or employee has a scheduled reservation and does not arrive at their scheduled time and/or date (also known as a "no show"), the department shall seek the maximum available refund of any prepaid expenses, or refund of any charges or fees resulting from the "no show." The elected official or department head shall provide written notice to the County Administrator's Office of the "no show" situation, along with a brief explanation concerning the reason for the "no show," if any funds were expended and how much, if any, will be refunded.

9. If a bona fide County emergency requires early return and results in additional charges or fees, the County may pay the additional expenses based on appropriate documentation being submitted with the Travel Expense Reimbursement Request along with a detailed explanation of the County emergency.

10. Early return charges and fees for personal reasons will not be paid by the County without appropriate documentation and detailed explanation being submitted with the Travel Expense Reimbursement Request. If an employee requests reimbursement for early return fees for personal reasons, the County Administrator or their designee may review the Travel Expense Reimbursement Request after review by the County Auditor's Office. After reviewing the request, the County Administrator or their designee may authorize the reimbursement.

11. Travel expenditures related to extradition, court witnesses or criminal investigations may be pre-approved by the appropriate department head.

12. **Meals.** In order to be eligible for reimbursement for meal expenses, the employee or official must be on an official County trip/travel which is outside of their standard work routine or job function. If a County trip/travel does not require or include an overnight stay, the meal reimbursement will be considered a taxable fringe benefit, according to the IRS. The reimbursement, prior to the taxable fringe benefit deduction, will be at the local (in-region) and out-of-region established daily rates as indicated below:

Daily Rate (Local, In-region)	$16.00
Daily Rate (Out-of-Region)	$35.00

If the trip/travel includes an overnight stay, meals will be reimbursed using the established per diem rates. Meals on the first and last day(s) of travel will be reimbursed at a reduced level of the daily maximum. The per diem rates are indicated below:

Daily Maximum	$50.00 (Per Diem)
1st/Last Day	$35.00 (Per Diem)

If the trip/travel includes an overnight stay, meals can be reimbursed as indicated below, but not to exceed the daily per diem rate:

Breakfast	$10.00
Lunch	$15.00
Dinner	$25.00

Based on this Policy, it is the department's responsibility to verify that the proper reimbursement is requested. These amounts are reimbursable without need for actual receipts and include gratuities. Actual amounts incurred in excess of these amounts are not reimbursable.

When an employee attends a special function where a specific meal price has been pre-established and exceeds the County's established meal rate, the employee may be reimbursed for that specific meal cost.

In instances where a County official or employee will be out-of-town more than one (1) day, the maximum daily meal allowance amount may be requested in advance.

13. **Hotel.** Actual hotel room expenses will not be reimbursed for any stay within the local travel area without the prior approval of the Commissioners Court. These counties are considered to be within a distance that is reasonably commutable from Tarrant County on a daily basis.

Officials and employees will be reimbursed for actual hotel room expenses for approved stays only. County officials and employees are encouraged to seek reasonable and moderate accommodations and should request a "government rate" if available. Officials and employees will be reimbursed a maximum of $3.00 per day for personal telephone calls. Receipts/folio must be returned with the Travel Expense Reimbursement Form. Non-reimbursable hotel related expenses include:

- In-room movie(s)
- Liquor
- Laundry charges
- Personal Internet service.

Hotel bills may be prepaid. If demonstrated that it is financially beneficial to the County, hotel accommodations may be extended before or after the required stay with the approval of the elected official or department head.

14. **Ground Transportation:**

a. Public Transportation – Business related expenses, including gratuities, for public transportation, including taxis, local bus and train service, etc., will be reimbursed upon proper receipt.

b. Ride Share Services – Commercial ride share services (ex.: Uber, Lyft) expenses, including gratuities, for business purposes will be reimbursed based on detailed receipts.

c. Rental Vehicle – Rental vehicles are authorized only when the amount of travel at the out-of-region destination will make a rental vehicle more economical than a taxi or other ground transportation. When a rental vehicle is used, the official or employee should decline all supplemental vehicle rental insurance offered by the rental agency to cover incidents while using the vehicle for County purposes. The County Risk Management Office will provide all necessary insurance coverage for employees and officials using rental vehicles for County purposes. While not condoned, all use of a rental vehicle for personal reasons is at the risk of the employee or official.

When one (1) or two (2) persons are traveling together and/or attending the same function, a mid-size, intermediate or smaller vehicle may be rented. If three (3) or four (4) persons are traveling together and/or attending the same function, a full-size or smaller vehicle may be rented. For five (5) or more attendees, the most economical and practical vehicle may be rented. Government rental rates should be requested, if available.

If an employee or official wishes to upgrade the vehicle size, they must pay for the rate difference plus fees and taxes. A statement from the rental agency should itemize the additional cost of the upgrade. If the rental agency provides an upgrade at no cost to the County, the employee or official may accept the upgrade. A receipt for rental vehicles and any associated fuel purchases is required before reimbursement will be made.

Employees should plan their trip in advance to include maps and directions so they are able to find their destination(s). The County will not reimburse for GPS devices as part of a rental agreement.

Employees may make their own reservations and seek reimbursement, or use a rental agency voucher issued by the Purchasing Department.

15. **Airfare.** Employees may make their own reservations and seek reimbursement, or use a County designated travel resource where tickets may be obtained and billed to the County. Without regard to the destination, the County will not pay for business class or first class service unless approved by the County Administrator as an exception to this policy.

If a baggage fee is charged, the County will only reimburse for one (1) personal piece of luggage and will not pay for overweight charges. If the purpose of the trip requires the employee to transport equipment or other

business related items, additional charges may be reimbursed with appropriate documentation of the business purpose. The County will not pay additional fees related to the transport of recreational or other personal items. The County will not pay for early boarding fees.

The employee is responsible for providing acceptable proof of actual airline travel with the Travel Expense Reimbursement Request to obtain reimbursement for any travel expenses.

If it is necessary to purchase an airline ticket that is refundable or transferable, it is recommended that the ticket be purchased through the State Travel Office. Travel protection fees are not recommended and will not be reimbursed.

16. **Trip Mileage Using a Personal Vehicle.** Officials and employees driving their personal vehicles on official County business as a part of their trip/travel will be reimbursed at a rate established by the Commissioners Court. Mileage reimbursements for use of a personal vehicle related to normal, daily work activities including local meetings are outlined in the Tarrant County Vehicle Usage Policy. In addition to the requirements within the Vehicle Usage Policy, the following additional requirements specifically apply to mileage reimbursements for trips such as conferences, out-of-region meetings, etc.:

    a. Mileage will be reimbursed for only the shortest, most direct route using an Internet based mapping service.

    b. If using a personal vehicle while on a County business trip where airfare is an option, the total mileage reimbursement for the trip to and from the destination city will not be reimbursed more than the most economical airfare before fees.

    c. If using a personal vehicle while on a County business trip, mileage while on County business may be reimbursed up to twenty-five (25) miles per day while in the destination city. Reimbursement must be claimed on the County's Travel Expense Reimbursement Request form.

    d. If an official or employee drives a County-owned vehicle, all reasonable and necessary direct expenses for which receipts are furnished will be reimbursed (i.e., gas, oil and emergency repairs).

    e. Officials and employees who are assigned County vehicles, but who elect to use their personal vehicles, shall be reimbursed for actual gas expenditures based on detailed receipts.

17. **Out-of-State Usage of County Vehicle.** County-owned vehicles shall not be used for out-of-state travel, or otherwise removed from the boundaries of Texas, without such trip or use being first formally and clearly approved

prior to travel. The request and approval shall use the same criteria and standards utilized for out-of-state travel requests outlined in this Policy.

The use of a vehicle for out-of-state travel without the required prior approval shall subject the user, the department and the vehicle to the results and consequences that are prescribed in the Tarrant County Vehicle Usage Policy for an unauthorized or unapproved use of County-owned vehicles.

18. **Liaison Expense.** In certain instances, the interests of the County are served by providing meals for non-compensated board or committee members, members of the legislative process, and County officials, employees and their guests. In these instances, the County will reimburse/pay up to $50.00 per person, per meal not including gratuities or other charges including taxes. An itemized receipt should be provided and gratuities should not exceed 20%.

    In order to utilize this provision, the department must have a Commissioners Court budget appropriation designated in its operating budget as “Liaison Expense”.

    To seek reimbursement, the County official and employee must provide the following minimum information:

    - Name(s) of party(ies);
    - Business purpose of the meeting (i.e., benefit expected to be gained by Tarrant County as a result of the meeting); and
    - Reimbursement requested.

    This type of expense may be incurred locally, as well as out-of-County.

19. **Other Expenses.** Non-meal and non-ground transportation gratuities will be reimbursed to a maximum of $10.00 for the total trip with or without receipt. Parking, including local parking, will be reimbursed at actual cost or to a maximum of $10.00 for the total trip without receipt. Parking, while conducting business in Tarrant County facilities, is not subject to reimbursement. Complete explanation and receipts must be furnished for all other expenses.

    Types of expenses anticipated include:

    - Prisoner meal(s) cost
    - Parking (above $10.00)
    - Tolls
    - Conference fees (if not prepaid)

    County officials and employees are strongly cautioned against purchasing items while traveling that may be purchased through the normal purchasing

cycle of Tarrant County. Items such as books and computer software are examples of non-refundable purchases.

20. **Non-specified Expenses.** In certain instances, the interests of the County are served by an employee or official incurring certain expenses that are not specifically identified in the previous elements of this policy. These expenses could include reasonable entertainment expenses and other non-traditional expenses (in excess of the maximum limits established by this policy). In order to be paid or reimbursed, such expenditures must be pre-approved by the County Administrator, and documented on a bill, invoice or other independent documentation. The County Auditor will develop a form for certification by the elected official as to the valid county purpose. The determination of such expenses being for valid County purpose shall be the sole discretion of the County Administrator, subject to review by the entire Commissioners Court.

IV. ADMINISTRATIVE GUIDELINES

1. Any exceptions to the provisions of this policy or any item of expense not properly substantiated by receipt or other verifiable evidence will not be reimbursed without specific review and approval by the County Administrator, or their designee, regarding the intent and purpose of the policy. The County Administrator may seek Commissioners Court review and approval regarding the exception and/or reimbursement.

2. The County Auditor determines if receipts or other documentation are acceptable to pay a claim. All officials and employees requesting reimbursement for travel expenses shall utilize the Travel Expense Reimbursement Request form developed by the County Auditor. The same deadlines that apply to the submission of items for inclusion on the Commissioners Court claims agenda will apply to travel requests.

TARRANT COUNTY, TEXAS

COUNTY OWNED ASSETS
POLICY AND PROCEDURES MANUAL

WRITTEN AND COMPILED BY
THE
TARRANT COUNTY PURCHASING DEPARTMENT

April 2003

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

INTRODUCTION

The Taxpayers of Tarrant County have an enormous investment in our county buildings, equipment and furnishings. Not only is it good accounting policy to maintain accurate inventory records of all assets of the county, it is mandated by State Law that these records be kept.

This Asset Policy and Procedure Manual is written documentation of the county policy concerning control, regulation, and accounting of all county assets. Exceptions to these policies and procedures must be approved by the Commissioners Court.

In Tarrant County, the County Purchasing Agent serves as "property manager" of the county. The Purchasing Agent must present an inventory of all the property on hand and belonging to the county on or before July 1st of each year. This inventory is filed with the Commissioners Court, County Judge, County Auditor, and each member of the County Purchasing Board. (See: Section 262.011(i) - Local Government Code of Texas).

The Purchasing Agent also has control over the transfer of equipment from one Department to another, with the approval of the Commissioners Court. (See: Section 262.011(j) - Local Government Code of Texas).

This manual will cover each phase of our assets inventory system. It is important that every county official, department head, and employee have a basic understanding of the policies associated with the county owned assets, because each official, department head, and employee shares in the responsibility of accounting for, using, and maintaining county buildings, equipment, and furnishings. As you read through this document, you will note that it is the responsibility of the county official and/or department head to account for all equipment and furnishings assigned to his/her department. Should property be lost, it becomes the responsibility of the official or department head to replace the lost equipment, or reimburse the county for the lost asset.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

State law is very specific concerning the use of public property for personal use or gain. As a matter of fact, there are very stiff penalties imposed on anyone using county-owned property for personal use. It is the purpose of this manual to make everyone aware of these laws to help prevent any misuse of county-owned property.

While no set of procedures or policies can address all circumstances, the manual is prepared to answer most of the questions of interested persons about the county owned assets. It is not the purpose of this manual to cause hardship to any person, but to provide for a better understanding of the importance of asset management, responsibilities and controls. By establishing standards for property control, the job of controlling and managing county property will be made easier for all concerned.

Jack Beacham, C.P.M.
County Purchasing Agent

TARRANT COUNTY
ASSET HANDLING AND DISPOSAL PROCEDURES

The information contained herein is designed to assist all county departments and agencies in effectively fulfilling their responsibilities as required by law for safeguarding of, and accounting for, all inventoriable county assets.

I. DEFINITIONS

A. Fixed Asset - Property or equipment valued at $500 or more.

B. Volatile Asset - Assets with a value of $500 to $1,499.

C. Salvage Property - Property that, because of use, time, or accident, is so worn, damaged, or consumed that it has no value for the purpose for which it was originally intended, but does otherwise have value.

D. Surplus Property - Property, other than salvage, not currently useful, but considered to have future usefulness, either as originally intended or otherwise.

II. RESPONSIBILITIES BY DEPARTMENT

In general, though it is the responsibility of each department to annually account for all assigned county volatile and fixed assets, the purchasing department and/or the auditor's office may "spot check," or conduct a full inventory of, any county department, and recommend changes. Purchasing shall also, with documentation from the department, adjust the county inventory records to reflect actual inventory results.

A. PURCHASING DEPARTMENT

The Local Government Code states that each year,"...the county purchasing agent shall file with the county auditor and each of the members of the board that appoints the county purchasing agent an inventory of all property on hand and belonging to the county and each subdivision, officer and employee of the county." Further, ..."the county purchasing agent shall transfer county supplies, materials, and equipment from a subdivision, department, officer, or employee of the county that are not needed or used to another subdivision, department, officer, or employee requiring the supplies or materials or the use of the equipment."

B. AUDITING DEPARTMENT

The Local Government Code states that, "The county auditor shall carefully examine the inventory and make an accounting for all property purchased or previously inventoried and not appearing in the inventory."

C. ALL DEPARTMENTS

Each Department Head or Elected Official has the primary responsibility for safeguarding, and accounting for, all county volatile and fixed assets which have been assigned to their department. This responsibility includes conducting an annual inventory and comparing the results to the record of assets as contained in the Tarrant County computerized fixed asset inventory system. Any appropriate documentation should be subsequently submitted to the Purchasing Department for reconciliation of records.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

III. RECEIPT, TRANSFER AND DISPOSAL OF ASSETS

A. RECEIPT OF NEW ASSETS

The using department is responsible for "tagging" new volatile and fixed assets as they are received. Barcoded tags will be provided to the using departments by Purchasing. Substantial shipments of assets to be received at different locations may require additional planning and tagging assistance from Purchasing. Upon receipt of new assets the using department will apply the barcode and record its nomenclature, cost, site location, floor and room on Form FA-01, Report of Receipt, Transfer or Disposal of Assets. This form should then be forwarded to Purchasing, while the originating department retains a copy for their files. Barcoded tags should be located in plain view and where access is not impaired or difficult to reach. Tag location should also enable the passing of scanner equipment over the tag's bar coding.

B. BARCODED TAG PLACEMENT GUIDELINES

The following are general guidelines for "tagging" specific inventoriable items:

1. DESKS - Desks should be tagged on the left hand side of the opening that your legs go in.
2. CHAIRS - Chairs should be tagged on the inside of the left, back leg. Chairs that are on a rolling pedestal and have no legs, should be tagged on the pedestal in plain view.
3. FILE CABINETS - File cabinets should be tagged on the top, left hand front.
4. CREDENZAS - Credenzas should be tagged on the forward facing surface in plain view.
5. TABLES - Tables should be tagged on the inside of the front leg.
6. TYPEWRITERS - Typewriters should be tagged on the top in plain view.
7. BOOKCASES - Bookcases should be tagged on the lower, left hand, forward facing corner.
8. COPY MACHINES - Copiers should be tagged on the front, preferably near the name or model sticker.
9. COMPUTER EQUIPMENT - Computers, monitors, printers and any related hardware will be tagged by Data Services. Data Services will also maintain a comprehensive list of these assets.
10. VEHICLES/HEAVY EQUIPMENT - These assets will not be tagged. A separate list will be maintained by the Purchasing Department on these items.

These are a few placement locations for barcoded tags. In general, tags should be placed in plain view and allow easy access. Tag location should approximate the initial point of user contact with the asset.

C. TRANSFER OF ASSETS

The Purchasing Agent is authorized by Commissioners Court to transfer supplies, materials and equipment among the various County departments. The transfer or trade of any volatile or fixed assets from one department to another must be documented on Form FA-01, Report of Receipt, Transfer or Disposal of Assets. This form should then be forwarded to Purchasing, while the originating department retains a copy for their files. Facilities Management is responsible for the physical movement of all assets if needed, with the exception of computer equipment which Data Services will move.

D. DISPOSAL OF ASSETS

Volatile or fixed assets that are no longer needed or are damaged, worn or replaced by a new asset may be sent to the may be sent to the warehouse for disposal or auction. The disposal of these assets must be documented on Form FA-01, Report of Receipt, Transfer or Disposal of Assets. This form should then be forwarded to Purchasing, while the originating department retains a copy for their files. Facilities Management is responsible for the physical movement of these assets to the warehouse, with the exception of computer equipment, which will be moved by the Data Services Department. Commissioners Court will periodically authorize the Purchasing Agent to dispose of surplus or salvage properties. Surplus or salvage assets may be sold by competitive bid or auction by the Purchasing Agent as provided in Section 263 of the Local Government Code. Any stolen, abandoned or confiscated property seized by a peace officer may be disposed of in accordance with Article 18.17, Texas Code of Criminal Procedure.

E. MISSING PROPERTY

Lost or stolen property must be reported immediately. Reports of loss or theft must be made by the Elected Official or Department Head in writing to the Purchasing Agent . Reports of theft must have a copy of the theft report compiled by the proper law enforcement agency. If an item cannot be located it will be removed from the departments Asset Inventory after the proper authorization is received.

IV. SURPLUS ASSETS FROM WAREHOUSE

Purchasing will maintain a comprehensive list of all volatile or fixed assets stored at the warehouse. All county departments are urged to contact Purchasing if they are in need of any particular asset prior to purchasing one. Assets received from the warehouse must be documented on Form FA-01, Report of Receipt, Transfer or Disposal of Assets. This form should then be forwarded to Purchasing, while the originating department retains a copy for their files. Facilities Management is responsible for the physical movement of the asset from the warehouse to the using department.

V. ANNUAL INVENTORY

The Local Government Code Of Texas (Section 262.011(i)) mandates that the County Purchasing Agent must file a complete inventory on or before 1 July each year. The following information is provided to help departments accomplish their part in this process. In addition, the Purchasing Department will be available to answer questions, if requested.

A. DEPARTMENT ASSET COORDINATOR

Each Department Head should designate one employee per division or area to serve as the Asset Coordinator for that department. The person assigned should be generally familiar with the assets used by that department. The designated Asset Coordinator is then responsible for performing all duties pertaining to asset management for items assigned to that department.

B. ANNUAL ASSET INVENTORY REPORT DISTRIBUTION

Three months prior to scheduled inventory date, an Annual Asset Inventory Report will be given to each Department Head and Elected Official. The report will indicate all inventoriable items charged to that department.

C. DETERMINING ACTUAL INVENTORY

The department's Assets Coordinator should lead the effort to locate and account for all items charged to that department's inventory. The process can be most effectively accomplished by assigning pairs of employees to count and record all items within a specific area. Leaders may be appointed to "float" among pairs of employees, so as to delay the process as little as possible.

Any changes should be recorded next to the appropriate item found on the Asset Inventory Report as provided by purchasing. Each county department has the responsibility to note and maintain location changes. Any items accounted for, but not found on the Annual Asset Inventory Report, should be "tagged" with a barcode and so noted on Form FA-01.

D. RECONCILIATION OF ACTUAL TO RECORDED INVENTORY

Any discrepancies between the actual inventory and the inventory of record should be recorded on the Annual Asset Inventory Report. Some examples of discrepancies include description, location, serial numbers, etc.

Purchasing should be contacted concerning disposition of any of the following inventoriable items to assure correct adjustment of the Annual Asset Inventory Report:

* "missing" items, those not able to be located but for which recovery is anticipated, usually within a year. Form FA-01, Receipt, Transfer, or Disposal of Assets, should not be submitted as long as the item is considered "missing".

* "lost" or "stolen" items, those considered unrecoverable. Form FA-01, Receipt, Transfer, or Disposable of Assets, accounting for these items should be submitted to Purchasing. In addition, a police report compiled by the proper law enforcement agency should accompany Form FA-01.

Upon completion of the inventory, the department's Assets Coordinator should forward the updated Annual Asset Inventory Report and a copy of the Asset Verification Form, Form FA-02, signed by the coordinator and the Department Head/Elected Official, verifying the reports accuracy to the Purchasing Department. Any completed Form FA-01 documenting asset status changes should also be sent to Purchasing at this time.

E. RECEIPT AND UPDATE OF DEPARTMENT ANNUAL ASSETS REPORT

After the receipt and reconciliation of a department's Annual Assets Inventory Report, Purchasing will update the master records for assets maintained in the county's computer mainframe. After all county departments have been updated Purchasing will continue to process receipts, transfers, and disposals until just prior to printing the Annual Asset Report for that July 1st deadline.

This concludes the general outline for maintaining a department's assets. While no set of procedures can address all circumstances, this guide was prepared to answer most questions by interested persons about county fixed assets. If you or your Assets Coordinator have any questions or concerns, please feel free to contact the Purchasing Department for assistance.

76106/76164 Community Youth Development Sub-recipient Monitoring Plan

FISCAL AGENT: Tarrant County
Community Youth Development (CYD)
2100 North Main Street, Suite 230
Fort Worth, Texas 76164

FREQUENCY OF MONITORING:

Formal monitoring (on-site reviews) will be conducted annually. On-site monitoring dates are coordinated by the CYD Project Manager with the Grant Auditor and sub-recipient.
Monthly desk reviews will be held to review all fiscal and programmatic documentation for each sub-recipient.

MONTHLY DESK REVIEW

Sub-recipients are given a budget which details allowable uses of State and Federal Award money, and instructions on program performance measures/objectives.

Each month, desk reviews will be conducted by the CYD Project Manager and Grant Auditor to ensure that:

- All costs that the sub-recipient bills for are budgeted and allowable (expenditures are tracked on a spreadsheet maintained on the County's shared drives to compare to budget).
- The sub-recipient has the proper documentation for all expenditures.
- The sub-recipient has proper programmatic documentation.

ANNUAL ON-SITE REVIEW

A fiscal/programmatic/administrative on-site review is performed annually by the Grant Auditor and CYD Project Manager for each sub-recipient. Fiscal compliance is verified by the Grant Auditor, and programmatic/administrative compliance is verified by the CYD Project Manager. The monitoring samples include the highest three months of billed expenditures and a 25% sample of youth served.

Fiscal Review:

The Grant Auditor will review the following areas:

- Adequacy of accounting systems and internal controls, grant administration, equipment and property management and maintenance of project files.

- Relationship of actual expenditures compared to the approved budget.
- Accuracy of financial information and reporting.
- Necessity, reasonableness, and authorizations of costs for the proper administration of the grant.
- Adherence to Federal and State regulations, and compliance with provisions of the sub-award.
- Proper documentation for each expenditure is verified (receipts, invoices, time/attendance records, travel logs, cancelled checks, etc.).
- Bank records are checked to verify each expenditure.
- Tax documentation is verified (941 form).
- Compliance with audit requirements (2 CFR 200.501) is verified, and audited financial statements are reviewed.
- Equipment inventory is verified.
- Fiscal policies are reviewed to see if they are reasonable/allowable (payroll policy, travel policy, cost allocation policy, etc.).

Programmatic Review:

The CYD Project Manager will review the following areas:

- Plan of Operations
- CYD Required Program Services
- CYD Youth Eligibility
- CYD Program Progress
- Community Awareness
- Training and Technical Assistance

Administrative Review:

The CYD Project Manager will review the following areas:

- Administration
- Employees and Volunteers
- Criminal Background Checks
- Personnel Files
- Training
- Internal Controls / Client Confidentiality
- Reporting Abuse
- Childcare Licensing
- 2-1-1 Area Information Center

DOCUMENTATION FOR SUB-RECIPIENT MONITORING:

The Grant Auditor will create a separate file for each sub-recipient to document the on-site fiscal review and will complete the Fiscal Monitoring Tool. The annual fiscal monitoring report will be prepared by the Grant Auditor and submitted to the Grant

Auditor's supervisor for review. Upon approval from the supervisor – the on-site monitoring report (letter), which will disclose any findings that require corrective action, will be distributed to the sub-recipient and CYD Project Manager.

The Grant Auditor will maintain electronic documentation of the on-site review on the County's shared drives. The "submonitoring review tracker" spreadsheet is updated by the Grant Auditor to track all relevant dates (dates of the on-site monitoring, the dates that the fiscal monitoring report is sent out, dates that a response would be due from a sub-recipient, and dates that a corrective action plan must be implemented). The Grant Auditor will update the "single audit tracker" spreadsheet to document each sub-recipient's compliance with the single audit requirement.

A monitoring tool developed by the fiscal agent and approved by Dept. of Family and Protective Services (DFPS) will be used to document the results of the programmatic/administrative monitoring review. All working papers and supporting documentation relating to the programmatic/administrative on-site review will be maintained in a separate monitoring file for each sub-recipient by the CYD Project Manager.

All documentation will be retained for a minimum of 7 years.

HOW WE WILL RESPOND TO FINDINGS:

All sub-recipients will receive a written monitoring report outlining findings/deficiencies, amounts to be recouped, required corrective actions, time frames for implementation of corrective actions, and information regarding plans for follow-up by the fiscal agent.

- The sub-recipient is required to provide a written response within 10 days, and must implement the stated corrective action plan.
- The sub-recipient's response will be reviewed and filed.
- The Grant Auditor and/or the CYD Project Manager will verify that the corrective action plan is implemented and the issue is resolved.
- Non-compliance, or failure to rectify any issue disclosed could result in Tarrant County withholding payments, terminating the sub-award agreement, or implementing any other remedies as allowed by 2 CFR 200.338 – These remedies will be implemented accordingly depending on the situation.
- If necessary, follow-up visits will be scheduled to assist/monitor the sub-recipient.
- Technical assistance will be provided to the sub-recipient throughout the fiscal year as necessary.

ATTACHMENT II-50B

RISK EVALUATION

Prior to assigning a sub award to a sub-recipient, a risk evaluation is done.

- An RFP is developed by Tarrant County, according to the program guidelines in the CYD RFP from HHSC/DFPS.
- The CYD Project Manager reviews proposals submitted by potential service providers to ensure all organizational requirements and program guidelines outlined in the RFP are followed by each sub-recipient.
- As part of the proposal, each potential sub-recipient must complete an Internal Control Structure Questionnaire (ICSQ), which provides information about the entity's financial position, internal controls, personnel, prior audits, etc.
- The ICSQ will be reviewed by the Project Manager and the Grant Auditor for accuracy and completeness.
- CYD past performance (program and budget goal attainment, monitoring reviews, etc) is reviewed for all sub-recipients who received prior CYD funding.
- The CYD Review Committee selects service providers for funding based on risk evaluation and funding priorities set by the CYD Community Strength and Needs Assessment.
- The Project Manager uses the information obtained during the risk assessment and works with the DA's office to write the sub award agreement (contract).

ATTACHMENT II-51

Determination of Subcontractors, Contractors, and Pass-Through Entities

Per CFR 200.330, the following definitions are given.

Subrecipients. A subaward is for the purpose of carrying out a portion of a Federal award and creates a Federal assistance relationship with the subrecipient. See § 200.92 Subaward. Characteristics which support the classification of the non-Federal entity as a subrecipient include when the non-Federal entity:

(1) Determines who is eligible to receive what Federal assistance;

(2) Has its performance measured in relation to whether objectives of a Federal program were met;

(3) Has responsibility for programmatic decision making;

(4) Is responsible for adherence to applicable Federal program requirements specified in the Federal award; and

(5) In accordance with its agreement, uses the Federal funds to carry out a program for a public purpose specified in authorizing statute, as opposed to providing goods or services for the benefit of the pass-through entity.

Contractors. A contract is for the purpose of obtaining goods and services for the non-Federal entity's own use and creates a procurement relationship with the contractor. See § 200.22 Contract. Characteristics indicative of a procurement relationship between the non-Federal entity and a contractor are when the contractor:

(1) Provides the goods and services within normal business operations;

(2) Provides similar goods or services to many different purchasers;

(3) Normally operates in a competitive environment;

(4) Provides goods or services that are ancillary to the operation of the Federal program; and

(5) Is not subject to compliance requirements of the Federal program as a result of the agreement, though similar requirements may apply for other reasons.

Tarrant County makes a determination regarding whether an entity is a subcontractor or contractor based on the services being provided and their primary beneficiary. For the CYD program, the subcontractor are providing services to clients using federal funding and do not directly provide services to the County for the County's own benefit. Based on the guidance from 2.CFR.330, the agencies receiving funds from Tarrant County would be classified as subcontractors.

Exhibit D – Project Work Plan

COMMUNITY YOUTH DEVELOPMENT PROGRAM

PROJECT WORK PLAN

The Project Work Plan provides specific details of how services will be implemented under this Grant. The Project Work Plan is designed to be a flexible document that may be revised periodically over the Period of Performance. This flexibility allows the Grantee to propose minor revisions to services or operations to respond to changing context. Revisions to the Project Work Plan must not change the overall scope of the project and must be approved by DFPS prior to implementation. DFPS reserves the right to make the final determination on any proposed revisions.

Do you have a process to determine if your agency or any subgrantees require a childcare license based upon the type and frequency of programming? If so, please describe your process for making your determination.

Each subgrantee contacts our local Child Care Licensing Office – Fort Worth (1501 Circle Dr., Suite 310 Fort Worth, TX 76119) to determine if a license is required for their CYD program. If a license is not required, they complete the

appropriate Request for Exemption from Regulation, and receive an email or letter of determination from DFPS. This information is submitted to CYD Project Manager (Program Director) with their application submitted for CYD competitive grant opportunity, or with contract documents for new subgrantees. This documentation is also reviewed during our annual formal monitoring review for each subgrantee.

TARGET POPULATION	
AGE RANGE	ANTICIPATED PERCENTAGE OF YOUTH SERVED ANNUALLY
Youth Ages 6-9	30%
Youth Ages 10-17	70%

GOALS AND OBJECTIVES

Please outline the goals and objectives for the first year of the Grant. Objectives are intended to operationalize goals and should be Specific, Measurable, Achievable, Relevant and Time-bound (SMART). (http://www.health.state.mn.us/divs/opi/qi/toolbox/objectives.html). This section will be updated annually prior to the beginning of each fiscal year.

Goals for the program

1. Provide all required CYD program components.
2. Provide family and primary caregiver engagement activities.

3. Maintain Community Collaborative Committee (Local Coalition)
Goal 1: Provide all required CYD program components.
Objective 1: Conduct competitive grant opportunity for all subawards during Spring 2021. Objective 2: Expand CYD services to 76112 and 76119 in addition to historically served 76106 and 76164 through service provider recruitment during Spring 2021. Objective 3: Establish Mentoring, Youth Advisory Committee (YAC), Youth Leadership Development (YLD), Post-High School Readiness (PHSR), and additional ancillary CYD programs through subawards by September 1, 2020.
Goal 2: Provide family and primary caregiver engagement activities.
Objective 1: Each subgrantee will provide activities to involve families and primary caregivers at least once per quarter (varies depending on program) within the first quarter of FY22. CYD will provide monthly activities as a whole throughout each fiscal year. Objective 2: Invite families and primary caregivers to annual CYD Vision Awards ceremony, in April. Objective 3: Invite families and primary caregivers to attend annual CYD Summer Leadership Workshops, in July.
Goal 3: Maintain Community Collaborative Committee (Local Coalition)
Objective 1: Hold quarterly meetings in-person at community location or virtually, starting first quarter of FY22. Objective 2: Include at least 2 YAC representatives at every meeting. Objective 3: Utilize Tarrant County PEI Collaborative to provide presentations at least twice per fiscal year during quarterly meetings.

LOGIC MODEL

There is a wide variety of logic model formats, but most have the same key components including (resources/inputs, activities, outputs, outcomes and impact). Please include your logic model below.

Inputs/ Resources	Activities	Participants	Short-Term Outcomes (Knowledge)	Medium-Term Outcomes (Action/ Behavior)	Long-Term Outcomes (Economic/ Conditions)
Funding Service Providers Youth Staff Volunteers Donations Businesses Facilities (ex: libraries, community centers, etc.) Schools Technology Transportation	Mentoring YAC YLD PHSR Ancillary CYD Programs College Visits Field Trips Service Learning Projects CCC	Youth Families Staff Volunteers Partners	Expand youth knowledge/experiences. Increase life skills. Increase leadership skills. Career Exploration (expose youth to multiple pathways after high school graduation).	Improve scholastic competence (study skills, attendance, etc.). Increase community service. Increase workforce readiness & job opportunities. Increase college readiness.	Reduce juvenile crime. Reduce disciplinary referrals in schools. Increase high school graduation rates. Increase number of youth applying for and/or attending college.

Measures: CYD registrations, referrals, program sites, and funding sources.	**Measures:** # of Activities performed Types of Activities		**Measures:** Program Attendance. Pre/Post Survey.	**Measures:** Data from schools (attendance, report cards) # of community service learning projects. Pre/Post Survey. # of youth who take College Readiness exams.	**Measures:** # of youth involved in juvenile justice system. Data from schools (disciplinary action). # of youth applying for/attending college after graduation.

Purpose/Mission	Context/External Factors
The purpose of Community Youth Development (CYD) is to assist a community in alleviating conditions in the family and community that lead to juvenile crime.	Youth ages 6-17 and their families who live in or attend school in 76106, 76164, 76119, and 76112. Youth must exhibit at least 2 priority characteristics, such as behavioral concern, family conflict, low-income household, school engagement concern, etc.

COMMUNITY STRENGTHS AND NEEDS ASSESSMENT (CSNA)

Include CSNA as an attachment to this Project Work Plan and label Attachment D-1 CSNA

What methods will be used to collect data for the CSNA?

Data will be gathered through various sources (U.S. Census Bureau, TEA, NCTCOG, TC-Juvenile Services, FWISD, Internet, etc.) to establish a demographic and social community profile for the CYD ZIP codes. All results will be included in the CSNA. CYD Project Manager (Program Director) is responsible for this task and implementation.

Community surveys, interviews and community mapping will be conducted by YAC when appropriate to include in our CSNA. At least one project will be completed by YAC each fiscal year.

Community events and meetings will be attended by Community Collaborative Committee (CCC) members (including CYD Project Manager and subgrantees). During these events, information will be gathered from community residents through dialog. This information includes: issues facing youth in the community, service needs, community resources, and programs currently offered in the community. CCC members will discuss community events and dialog during our quarterly CCC meetings. CYD Project Manager will document all valuable information to include in the CSNA.

Please summarize your process for implementing your CSNA, including how data will be utilized to identify Community strengths, needs, assets and gaps in available Youth programming to determine the most appropriate priorities and program array for your local CYD program. Reference CYD RFA Section 2.5.1.E and F for list of CSNA required components.

Data included in the CSNA is compiled and analyzed to include identified service delivery areas, action steps and funding priorities for CYD programming. The CSNA is used to provide outreach for CYD and network with community service providers. These efforts will help provide resources to youth and families in need of services, and help recruit service providers for CYD funding. The CSNA is used to educate and direct subgrantees on content for programming to best meet the needs of the community youth and families, identify best locations and times to conduct programming, and build/sustain partnerships with community schools, community centers and libraries for program referrals and group meeting sites.

Using our CSNA developed for this application, Tarrant County proposes to expand our service area. We propose to continue serving 76106 and 76164 as we have for the past twenty-five years, and add a pilot program in 76112 and 76119 to expand CYD services with at least one new or existing subgrantee. Since 76112 and 76119 are geographically next to one another, and most children and

youth live and attend school interchangeably between the two ZIP codes, CYD will attempt to serve both 76112 and 76119 ZIP codes as one community as we do 76106 and 76164. Therefore, Tarrant County CYD will serve two distinct communities/service areas. It is believed that the presence of CYD will attract more support and services to these communities over the next five years.

The CSNA is posted on our website www.tarrantcounty.com, distributed to community partners and all Community Collaborative Committee members, and included in our local competitive grant opportunity for CYD subgrantees.

How will CSNA results and recommendations for changes to programming be implemented as part of your action plan?

During Spring 2021, Tarrant County will conduct a local competitive grant opportunity for all CYD subawards for services starting September 1, 2021. The most recent CSNA will be part of this local competitive grant opportunity for CYD funding. CSNA results, recommendations for programming, and funding priorities will be used by potential subgrantees to develop their applications and action plans. All potential subgrantees are asked to use the CSNA to identify community characteristics and needs, referral sources and group meeting spaces.

Throughout the five-year contract term, our CSNA will be updated every two years. Subgrantees will be required to review each new CSNA, and modify their action plans based on the current results and recommendations for programming. Action plans will be reviewed and evaluated annually by the CYD Project Manager to ensure efforts are based on current community needs.

How will the Youth Advisory Committee (YAC) be involved in developing the CSNA?

YAC will help strategize and develop the CSNA, which is an ongoing process throughout every fiscal year for Tarrant County CYD. YAC will assist in gathering data through several avenues, which include but are not limited to community surveys, interviews, focus groups and mapping projects. YAC will complete at least one project each fiscal year to include in our CSNA. YAC will lead, design and implement the projects with the supervision of CYD Project Manager and YAC Coordinator.

During FY22, YAC will develop and complete a community resource mapping project for our CSNA. This project will include the youth identify existing community resources within their respective neighborhoods.

LOCAL COALITION

Describe the Local Coalition structure, and if it is exclusively focused on the CYD Program or has a broader community mission with the CYD Program as one focus area.

Tarrant County CYD Community Collaborative Committee (CCC), our Local Coalition, was established with the inception of CYD in 1995. It is exclusively focused on the CYD Program. Our CCC meets quarterly, and includes at least two YAC representatives, diverse social service agency representatives, and all CYD subgrantees. Our diverse social service agency representatives include: Fort Worth ISD, Tarrant County Juvenile Services, Fort Worth Police Department, Workforce Solutions, Northside Community Center, ACH Child & Family Services, Headline Mentors & Performing Arts, Community Learning Center, All Saints Catholic School, Tarrant County, Disability Rights Texas, Overstreet Law Firm, Diamond Hill North Side Youth Association, Artes de la Rosa, Boy Scouts of America, and JP Elder Middle School. Our CCC is constantly networking and recruiting new members. All CYD subgrantees are encouraged to bring their outstanding youth leaders to our CCC meetings as well.

Meeting agendas are developed according to identified needs and issues. Typically, CCC 1st Quarter meeting includes program introductions/information/updates and planning for the fiscal year. CCC 2nd Quarter meeting includes networking with community partners and education on community resources. CCC 3rd Quarter meeting includes the annual CYD Vision Awards ceremony. CCC 4th Quarter meeting includes networking with community partners, outreach for CYD summer programs, and annual CYD Summer Leadership Workshops. Tarrant County will utilize Tarrant County PEI Collaborative to provide presentations at least twice per fiscal year during quarterly meetings.

Our CCC regularly communicates through email with community news and events, youth/family needs, and program referrals.

Describe how Youth will be actively involved in collaborative leadership and decision-making. Youth should assume shared responsibility with appropriate levels of support and have the ability to and carry out youth-initiated activities. Please reference Hart's Ladder of Participation.

At the beginning of every CCC meeting, our YAC representatives are asked to share updates on YAC goals and achievements, monthly service learning projects, and CYD Youth Summit. They also share ideas on creative and interactive programming. For example, after attending the CYD Youth Summit at A&M University, they wanted to emulate that experience locally. They provided CYD Summer Leadership Workshops on July 17-18, 2019 at North Fort Worth Boys & Girls Club. Five CYD subgrantees participated, with 48 youth leaders attending the two-day workshops. Our theme was "Say Yes to Success", and youth enjoyed interactive teambuilding, youth leadership, success, stress awareness & management, and cultural diversity workshops. Youth received breakfast and lunch each day, as well as t-shirts and certificates of achievement for their participation. Youth reported they were very satisfied with the workshops and were greatly impacted by the experience. As a result, YAC chose to provide the CYD Summer Leadership Workshops annually, however Summer 2020 was canceled due to COVID-19. Tarrant County CYD plans to continue providing these annual workshops during the next five fiscal years.

At least two YAC representatives are also involved in our Tarrant County Review Committee for our local competitive grant opportunity for CYD subawards. The Review Committee scores eligible proposals submitted during the grant opportunity, and makes funding recommendations to Tarrant County CYD. The Review Committee makes recommendations regarding specific issues or concerns to address during subaward negotiations. Tarrant County CYD negotiates contracts based on these recommendations, Tarrant County policies, applicable state and federal regulations, and any other applicable DFPS requirements. Once subawards are negotiated, the CYD Project Manager informs the Review Committee of the finalized subcontract terms. The Review Committee may be called upon during the course of the year to help Tarrant County CYD make decisions about redistributing any funds that may otherwise be unspent or other substantial changes to program services. Having youth voices on this committee is important given youth are the target audience.

Describe how the Local Coalition will assist with the CYD Strengths and Needs Assessment (CSNA).

CCC members are charged with establishing the mission and vision of the Tarrant County CYD Program, assessing community needs and strengths, and keeping the community informed regarding CYD services and program status. CCC members already have a grasp on the community strengths and needs because they live and/or work in the community. In addition, they collect information on community needs through accessing current statistical data, attending community meetings, and participating in forums/discussions. CCC members will be called on to distribute and collect surveys from community members if needed.

CYD Project Manager and selected CCC members regularly attend meetings with the following community groups: Diamond Hill Neighborhood Association, Northside Neighborhood Association, Hispanic Wellness Coalition, Our Community Resources & Chicano Luncheons, North Texas Anti-Trafficking Team, Fort Worth Kiwanis Club, Inter-Agency Workforce Group, Unity in the Community, Tarrant County PEI Collaborative, and resource sharing groups. All meetings are attended on an ongoing basis for the purpose of networking with professional collaboration partners, providing outreach, and gaining information for our CSNA. New found resources and professional partners are invited to our quarterly CCC meetings to share information and network.

Determine how Local Coalition will integrate and promote the CYD Program into the Community. Examples may include: outreach events, community events, utilizing existing resources, identifying external funding sources, and connecting to community stakeholders and other existing family support systems.

The CYD program has existed in the 76106/76164 community for the past twenty-five years. The past and current CYD staff and CCC members have worked very hard to ensure all families, schools, community centers, libraries, etc. know about our CYD services and embrace our programs. CCC

members continue to inform the community through attending community events, speaking engagements, community meetings, networking events, etc. CYD information is also promoted on the Tarrant County website (www.tarrantcounty.com).

Our CCC will utilize our 76112/76119 CSNA to identify community partners, community stakeholders and existing service providers. Over the past year, our CYD Project Manager has attended community networking groups in the area to develop community partners and expand our CCC to the new service area with recruitment of new members. Our local CYD RFA will be distributed to all known potential subgrantees and advertised widely through all avenues. Our current CYD subgrantees serving 76106/76164 will also have the opportunity to propose expanding their programs into the new 76112/76119 service area. Community outreach events will be attended to recruit youth participants, and referral sources will be contacted and developed for long-term partnerships (schools, community centers, libraries, service providers, etc.).

Describe how the Local Coalition will encourage collaboration among area agencies to provide an integrated means of identifying barriers to program delivery, finding solutions to these barriers, providing a diverse menu of resources to meet a range of client needs.

CCC members will encourage collaboration among area agencies through their ties in the community. They are charged with keeping the community informed regarding CYD services and program status, and will seek opportunities through community events and local organizations to promote collaborations. Our CCC meetings have a definite agenda, based on outlined goals and objectives, but we also designate time for open discussions. CCC members are asked to bring program information, community statistics, community needs, referrals, and program barriers to each meeting. Members are given time to discuss their particular program and community news/information. This allows for an organic approach to identifying common barriers. Once barriers are identified, subcommittees are formed as needed to address issues of importance. In addition, most CCC meetings include presenters from a wide variety of outside resources.

Describe how the Local Coalition will work collectively to promote Positive Youth Development in the Community.

CCC members are dedicated to positive youth development in the community. CCC members give valuable information to our subgrantees, such as community events/activities, training opportunities, school and community statistics, political information, outside funding and donation opportunities, etc.

CCC will continue to host an annual CYD Vision Awards ceremony, in April. The ceremony includes: YAC officer as Master of Ceremonies, subgrantee program presentations, entertainment and/or teambuilding activities lead by CYD youth, as well as food and decorations. YAC officers and selected outstanding youth leaders will receive a framed certificate. They will be awarded by their program staff, detailing their many achievements, leadership qualities, and why they won the award. Their family and primary caregivers will be invited to attend, who are always proud and excited to witness the award presentation. The ceremony will be located at one of the local subgrantee's facilities in the community, which promotes family participation. We typically have approximately 160 attendees at this ceremony.

CCC will continue to host an annual CYD Summer Leadership Workshop, in July. The workshop topics and activities are selected by YAC. CYD subgrantee staff or guest speakers will lead the workshops, and allow youth leaders to lead when appropriate. 50 selected youth leaders from all CYD subgrantee programs will be selected to attend. In addition to leadership workshops, participants will engage in a collective service learning project. CCC will also implement a parent track (workshops specifically designed for parents). Families and primary caregivers will be invited to attend the parent track, as well as the closing ceremony. Food, t-shirts and supplies are provided by CYD and CCC.

Describe any barriers to collaboration between the Local Coalition and the fiscal agent and explain its strategy for addressing those barriers.

The primary barriers to bringing a substantial number of community stakeholders to the Community Collaborative Committee include: finding a suitable meeting time and date for the group (not everyone can meet on the same day/time), keeping members active, and having to conduct meetings

during weekends/evenings to accommodate youth participation. Our CCC has tried many strategies over the years to gain new membership and keep members active. The CYD Project Manager maintains an updated contact list, and contacts all members through email regarding CCC meetings, community events, referral needs, etc. The CCC has developed a flyer for recruitment, which is distributed at community meetings and events. New found resources and professional partners are often invited to our quarterly CCC meetings to share information and network with our CYD subgrantees and CCC members. These partners are asked to become members of our CCC.
Please attach a list of entities that will participate in the collaboration as **Attachment D-2 Local Coalition** Participants.

REQUIRED & ANCILLARY PROGRAMMING PROVIDED (SCHOOL YEAR)
Please describe in detail the CYD Required and Ancillary Programming your agency provides and how the program will be delivered.

REQUIRED PROGRAMMING – SCHOOL YEAR (*Add Sections as Necessary)*

MENTORING	
Organization/Program Name: TBD	**FY22: Program Funding Amount:** TBD
Grant Agreement Period: From: September 1, 2021 To: August 31, 2022	
All addresses (locations) where services will be provided, (please use full address):	
Describe the Mentoring services to be provided in detail, and Mentoring guidelines as outlined in Section 2.5.10(A)(1) of the RFA:	
What is the adult mentor to Youth mentee ratio:	
Youth Population to be served:	
☒ **Males** ☒ **Females**	☒ **6-9 years of age** ☒ **10-17 years of age**
Race/Ethnicity: All	**Grades Targeted:**

YOUTH ADVISORY COMMITTEE (YAC)	
Organization/Program Name: TBD	**FY22: Program Funding Amount:** TBD
Contract Period: From: September 1, 2021 To: August 31, 2022	
All addresses (locations) where services will be provided, (please use full address):

Family and Primary Caregiver Engagement:
Please outline your plan for how families and primary caregivers will be engaged in the CYD program.

What strategies will be used to demonstrate a commitment to the meaningful involvement of Families and Primary Caregivers in CYD?

Every CYD subgrantee will strive to incorporate as many family and primary caregiver involvement activities as possible in their program throughout each fiscal year. This varies according to program structure. Each program is required to provide at least one activity per quarter. Collectively, Tarrant County CYD will provide at least one activity per month during each fiscal year. Subgrantees document these activities on their monthly reports, which are submitted to the CYD Project Manager during monthly desk reviews. Strategies will include: establishing primary caregiver committees; attendance at community service learning projects, community events, youth performances, sporting events and field trips; program open houses; program family nights; and home visits/phone calls with primary caregivers to keep them informed and involved. Primary caregivers are invited to attend all CCC meetings, annual CYD Vision Awards ceremony, and annual CYD Summer Leadership Workshops.

Please detail the timeline for implementing your plan and strategies as described above.

Subgrantees will submit their plan for quarterly family and primary caregiver involvement activities in their application for CYD funding, which will be submitted as their response to our local CYD RFA for competitive grant opportunity. Only those programs with a detailed, realistic and robust plan will be selected for funding. Subgrantee Project Work Plans will be reviewed and approved by the CYD Project Manager and DFPS prior to finalizing subawards. CYD Project Manager will help coordinate the calendar of activities to ensure at least one activity is provided each month during the fiscal year. Activities will begin September 2021.

PROGRAM CURRICULUM AND EVIDENCE-BASED AND PROMISING PROGRAMS
Please briefly describe how all funded evidence-based or promising programs will be implemented.

Provide **Exhibit H Evidence-Based Ranking Tool** and label as **Attachment D-4 Evidence-Based Ranking Tool**
Applicant provides documentation of evidence-base, research or information on each proposed program with a curriculum by completing the PEI Evidence-Based Program Ranking Tool.
For each Evidence-Based Program or Promising Practice Program proposed, describe any variations from the Evidence-Based Program(s) that have been approved by the developer.
TBD

Curriculums
Add additional rows as needed

Curriculum Name	Program Component (to be used with)	Link to Website or Information	Notes/Comments
TBD			

Virtual Programming
Please briefly describe how you may shift components of your program to virtual if needed.

What is your plan if for any reason **training** must shift to a **virtual format** due to social distancing, local restrictions etc.?
Tarrant County CYD offers annual in-person cultural competency training (3 hours) for all CYD subgrantee staff and volunteers. Virtual training will be provided if necessary through Go-To-Meeting virtual platform. Online cultural competency training resources will also be distributed by CYD Project Manager if training must be conducted virtually. Additional youth development training opportunities will also be offered through Go-To-Meeting virtual platform as available.
If applicable, please indicate whether any events may need to be modified or cancelled should social distancing or local restrictions be in effect. Add additional rows if necessary.

Event or Initiative	Begin Date	End Date	Audience/ Stakeholders
CYD Vision Awards	April 2022		5 YAC officers + 30 subgrantee outstanding leaders. Families & primary caregivers.
CYD Summer Leadership Workshops	July 2022		50 subgrantee youth leaders. Families & primary caregivers for parent track and closing ceremony.

For each Program Component able to be provided virtually, describe any variations or modifications.
TBD

Collaborating with PEI Grantees within Service Area *Please detail efforts to collaborate with PEI Grantees within Service Area*
Describe planned work with PEI Grantees within the service area to plan for partnerships. Outline work that will take place within 60 calendar days of the Grant's execution.
In 2019, the Tarrant County PEI Collaborative was formed to provide an opportunity for all PEI programs to network and partner in serving youth/families in Tarrant County. All PEI programs in Tarrant County are invited to participate. This group has met quarterly since April 2020. The group is still formulating goals and within 60 calendar days of the grants execution, CYD will identify one collaborative project with PEI members to occur over the first grant year.
Describe partnership and collaboration efforts with local Family And Youth Success Program (FAYS).
Tarrant County CYD Project Manager has worked closely with the STAR (now FAYS) program since 1996. She has actively referred youth/families to the program on a regular basis over the years. Many primary caregivers and youth call CYD with emergency and intervention needs that CYD does not provide, and referral to FAYS is always given. CYD subgrantees are also made aware of the resource and refer families as appropriate. ACH Child and Family Services Director of Youth and Family Services manages the current FAYS program in Tarrant County. He is an official member of our CCC. Now that he is a member of our CCC and we collaborate through the Tarrant County PEI Collaborative, CYD and FAYS will have an official and ongoing partnership to collaborate and best serve our community.

PROGRAM IMPLEMENTATION *Please describe in detail how program will be implemented under this Grant Agreement*
Please indicate what startup activities will be necessary at the start of a Grant Agreement (e.g. adding a new sub-awardee) including hiring and training staff, publicizing your PEI program in the community, and recruiting Youth to the program.
Tarrant County provides all direct CYD services through subawards. Spring 2021, Tarrant County will need to perform a formal competitive grant opportunity for CYD services starting September 1, 2021. All subawards will need to be determined. All subawards will be approved by DFPS prior to contracting with Tarrant County. Once awarded, subgrantee staff will immediately register youth, and start recruiting new youth in order to achieve service goals. The CYD Project Manager will facilitate a CYD Orientation prior to the start of each fiscal year for all subgrantees, which includes a CYD handbook that thoroughly details all CYD policies and procedures. If new employees are hired by subgrantees for CYD positions throughout the year, the CYD Project Manager facilitates an individual CYD Orientation within thirty-days of hire. Tarrant County's current CYD Project Manager has held this position for thirteen years, and is fully trained. Tarrant County proposes to add a pilot program in 76112/76119 to expand CYD services with at least one new or existing subgrantee, which will be determined through our local competitive grant opportunity. After subgrantee(s) are selected during Summer 2021, CYD staff will immediately start publicizing the program to the community through all avenues, and work with referral sources to recruit appropriate youth. All services will begin September 1, 2021.
Describe outreach and recruitment strategies and plans. Include plans to reach and engage families demonstrating priority characteristics. If any special population of Youth and families were identified through your CSNA to be served by the program, please provide and the ways the organization will tailor program delivery or outreach to meet the unique strengths, circumstances and needs of the population(s).
All CYD subgrantee programs work with schools, community centers, libraries and service providers in the ZIP code areas to recruit youth and promote program awareness. Social media and virtual platforms will be used for outreach and recruitment. Outreach materials are also distributed and posted on our Tarrant County website. CYD Project Manager develops a CYD flyer at the beginning of each fiscal year (English and Spanish), which lists all CYD subgrantees, services provided, contact information, as well as CYD eligibility information. This flyer is used by CYD Project

Manager, Tarrant County, CCC and YAC for program recruitment and outreach at community meetings and events. CCC members help spread the word to community agencies serving youth and families.

The majority of our community is Spanish-speaking; therefore, all outreach materials will continue to be provided in Spanish.

Outreach, recruitment, entertainment activities, incentives, food and program supplies for each subgrantee are funded by other grants, fundraisers, donations, etc.

Describe plans to alleviate barriers to engagement and participation. Outreach and retention plans should include consideration of community context and information gathered from the CSNA such as Youth with the potential to be underrepresented in programming such as young men or Youth of color.

All CYD subgrantee programs will ensure client engagement by forming positive relationships with staff, volunteers, and program participants. Youth will enjoy a variety of classes and activities that will keep them engaged, which include cultural events, educational field trips, service learning projects, college tours, etc. Youth will be recognized for their achievements and participation in the program with celebrations, including the CYD Vision Awards and CYD Summer Leadership Workshops. Program staff will use social media and virtual platforms, as well as phone calls, texts, home visits and school visits to ensure youth participation and primary caregiver involvement.

When working with teens, it has been found that gender-specific groups are beneficial. Issues are sensitive, and youth are more engaged and comfortable discussing personal matters with their own gender. Tarrant County will seek to include gender-specific programs through our competitive grant opportunity for subgrantees.

Over ninety percent of youth in the 76106/76164 community are Hispanic. Over seventy-five percent of the youth in the 76112/76119 community are Hispanic (approx. 34%) and African-American (approx. 42%). Therefore, most of the youth we serve will be youth of color. All programs must provide Spanish outreach materials, have staff who can speak both Spanish and English, and have a diverse staff to both reflect the youth served and teach youth about different cultures. Referral sources, such as schools, community centers and libraries, will be educated on our programs in order to make appropriate referrals to meet the needs and interests of each individual youth. A variety of programs will be offered.

Describe accessibility of programming to Youth. Applicant must offer programming at times and places that meet the needs of local Youth.

TBD

All subgrantee program service locations will be located within the community, to minimize transportation barriers. Programs will be offered at a variety of times and locations to meet the needs of local youth, including evenings and weekends.

Describe how transportation needs will be met. Address any Youth transportation barriers or needs, and how you will coordinate or provide transportation of Youth to participate in CYD program activities.

TBD

Subgrantee programs will provide transportation when needed through their organization's owned or rented vans/busses. Permission from primary caregiver will be obtained, and all safety procedures will be followed.

Describe the procedures or processes for enrollment, including how a family's eligibility will be assessed. Include information on any screening and assessment instruments your program will use to determine eligibility, needs, and strengths. Include details on the completion of PEI forms and action plans. Include your process for obtaining a new data authorization form annually for each Participant.

TBD

All CYD requirements are listed in the local CYD RFA. All subgrantees must identify how they will

screen for eligibility. If a subgrantee's application does not address how they will meet these administrative requirements, they are not considered for funding. It is a contractual requirement that all subgrantees meet all administrative requirements.

All subgrantees must obtain a new Data Authorization form annually for each participant, prior to receiving services. Index child/youth information is completed with each new registration to assess eligibility of age and ZIP code. Eligibility for Program Participation form is completed by subgrantee staff by gathering information from the referral source and youth. At least two priority characteristics must be exhibited by the youth and selected on the form. For each new participant, the Data Authorization Form, index child/youth information, and Eligibility for Program Participation form are stapled together and submitted by the subgrantee to CYD during monthly desk reviews.

CYD Project Manager maintains a local roster on a monthly basis, which is shared with each subgrantee. This roster tracks each youth and the date of each Data Authorization form. A new form must be obtained by the primary caregiver of the youth participant prior to receiving services for each new fiscal year (starting September 1).

List any pre- or post-assessment tools or surveys that will be utilized during program (e.g. 40 Developmental Assessments or organizational surveys etc.)

Tarrant County will follow all DFPS policies and procedures, and utilize all assessment tools or surveys provided. Program Experience Surveys will be completed for youth closed or exiting the program.

If DFPS does not provide a pre/post assessment tool or survey for CYD, each CYD subgrantee will develop internal youth pre/post surveys for their program, administer the surveys, and complete a survey summary report to analyze the results on a fiscal year basis. CYD subgrantees will submit hard copies of the surveys to CYD for individual client files, which will be available for monitoring. When able, subgrantees will follow the best practice of using unique codes for youth names to ensure youth responses remain anonymous. All surveys will be entered electronically, either by the youth (when completing the survey) or program staff (entering survey results into their electronic system), so that survey summary reports will be completed and submitted to CYD as part of their fiscal year annual report. All subgrantee surveys will be approved by DFPS prior to administering to youth.

Outline retention plans. If incentives will be used to support retention, describe plans for incentives, including the types of incentives to be provided, the intervals in the program at which the incentives will they be given, and what added benefit the incentives provide to the client.

TBD

All subgrantee CYD programs will maintain contact with the youth and families through social media, virtual platforms, flyers, regular phone calls and texts, and/or home visits to ensure effective communication and interest in their program.

CYD Vision Awards and CYD Summer Leadership Workshops are used for retention and incentives. Youth are awarded for their outstanding leadership and participation in CYD programs throughout the fiscal year with a framed certificate. Ceremonies also include food, donated baskets to raffle, entertainment and teambuilding activities.

Describe how Youth are referred to other needed supports when a Participant would benefit from additional programming or supports or when program is at capacity. Include how referrals to other programs or providers are documented, tracked, and supported.

CYD subgrantees all participate in our CCC. Therefore, they have ongoing communication with each other regarding program schedules, activities, topics, capacity, etc. Subgrantees refer youth to other CYD programs, as well as outside service providers and resources when appropriate.

The majority of youth are referred to CYD by referral sources, such as schools, community centers and libraries. Therefore, subgrantees receive a list of youth (group) who are referred to the CYD program, which includes the date of referral and referral source. The CYD staff will inform each

referral source of CYD eligibility factors to ensure only eligible youth are referred. If a participant does not receive services, staff documents reasons why services were not provided on this list. These lists are submitted by each subgrantee to the CYD Project Manager during monthly desk reviews, and maintained in a subgrantee electronic file per fiscal year.

CYD Project Manager has developed a referral form for those youth who are referred by an individual, such as primary caregiver, family member, friend, etc. This form includes the participant name, date of referral, origin of referral, participant eligibility for services, and date participant began the program. If the participant does not receive services, staff documents reasons why services were not provided or why the participant was determined to be ineligible. These referral forms are submitted by each subgrantee to the CYD Project Manager during monthly desk reviews. If the participant receives CYD services, they will have an individual client file maintained by CYD. This referral form will be maintained in their file. If the participant does not receive CYD services, these referral forms will be maintained in a subgrantee electronic file per fiscal year.

Describe Participant activity documentation system(s), processes, and procedures. Include a description of how documentation is maintained and utilized to support program activities as well as information that will be required in Participant file or activity notes.

Tarrant County CYD plans to maintain the following process:

Each subgrantee will meet individually with the CYD Project Manager during a monthly desk review. Desk reviews are scheduled on a consistent monthly day/time for each subgrantee (typically second week of month). All monthly documentation is submitted to CYD during this review. The monthly reviews afford the CYD Project Manager and subgrantees an opportunity to jointly review and discuss services, program goals and attainment, grant expenses, technical assistance needs, and corrective action plans (if applicable). Monthly reports submitted during desk reviews include: monthly report, monthly service tracking form, attendance logs, participant forms, training certificates, and billing. All reports are maintained by subgrantee in electronic files per fiscal year.

Tarrant County has developed a monthly report template, which is completed by each subgrantee on a monthly basis. This monthly report includes: name of agency; name of program; contracted youth goals; list of classes, activities, field trips and special events that were provided for CYD youth (including date, time and location, as well as topic/curriculum/activity); family and primary caregiver engagement activities; collaborative meetings; outreach and awareness efforts; strengths and successes (notable program strengths and successes including client and parent success stories, notable community collaborations and partnership success stories, awards or other recognition, and new initiatives); program challenges (implementation of program services, youth engagement/retention, meeting contractual performance measures, outreach/recruitment and hiring/retaining CYD staff); monthly supervision of CYD staff; and youth referrals. This monthly report helps track specific services provided through each program on a monthly basis.

Tarrant County has also developed a local roster, which documents each subgrantee program's youth served. The roster includes: youth name, DOB, age, 6-9 or 10-17 years old, gender, PEIRS enrollment ID number, date of current CYD data authorization form, duplicates, surveys, closures and number of monthly services. Clients participating in multiple CYD programs (duplicates) are highlighted, and each program is listed on the roster. Monthly, rosters are emailed to each subgrantee after monthly reports/data are processed. Therefore, subgrantees are aware of clients participating in multiple CYD programs, and can work together to best meet their needs.

Hard copy CYD client files are maintained in the CYD office by the CYD Project Manager. Client files include: CYD Data Authorization form, index child/youth information, Eligibility for Program Participation form, referral form (if applicable), pre/post surveys, assessments and surveys required by agency and program model (if applicable), Program Experience Survey, and closure form.

Describe how program completion for Participants will be determined, as well as processes and procedures for Participant closure and any follow-up. Include details of Participant closure documentation, Post surveys, and administration of the Program Experience Survey.

TBD

Tarrant County CYD plans to maintain the following process:

Monthly client participation is tracked on our local CYD roster. Subgrantees follow up with clients who have not participated in the past month(s) to encourage participation and tackle any obstacles. All clients are closed after 90 days of inactivity.

Post-surveys will be completed by youth when they exit the program or annually at the end of each school year (May/June). Pre/post surveys are used to measure individual client growth, increase in protective factors, and success in the program.

Program Experience Surveys will be completed by youth when they exit the program. Program Experience Surveys are used to report positive outcomes, program satisfaction, and improvement suggestions. Results are discussed with CYD Project Manager during monthly desk reviews and annual monitoring reviews. Subgrantees use this information to guide future program initiatives and enhancements to continually improve their program and meet the current needs of youth.

Outline plans to sustain programming beyond the five-year Period of Performance.

Tarrant County continually seeks additional funding sources through grants in order to enhance and sustain programming. All subgrantees supplement CYD funding with additional funding sources, fundraisers, donations, etc. CYD does not fund any of our programs one-hundred percent, all subgrantees use supplemental funding for staff time, supplies, food, incentives, activities and field trips.

Are program offerings listed on 2-1-1 current?

☒ **YES or** ☐ **NO**

ORGANIZATIONAL COMPETENCE

Describe strategies program will use in acknowledging and respecting the diversity of Youth and Families, including their cultural traditions, languages, values, socio-economic status, family structures, sexuality, gender identification, religion, individual abilities and other aspects.

All CYD requirements are listed in the local RFA for CYD, which includes strategies for acknowledging and respecting diversity of youth and families, as well as staff. If a subgrantee's proposal does not address how they will meet these requirements, they are not considered for funding.

Cultural humility trainings will continue to be provided by Tarrant County on an annual basis for all CYD subgrantees. Subgrantees are encouraged to develop task forces and offer ongoing cultural competency workshops for staff. These activities will be documented on their monthly reports.

Describe diversity within organizational leadership and plans to increase diverse backgrounds and demographics of board members or other leadership during the grant period.

Tarrant County Public Health is a nationally accredited by the Public Health Accreditation Board (PHAB), who requires we have a performance management system that requires establishing goals and measures, monitoring and evaluating performance, identifying and implementing improvement strategies and reporting results.

TCPH strives to increase equity not only within our agency, but with our county. Our values, listed in our Strategic Plan, include prevention, diversity, equity, collaboration, individual and organizational excellence, and integrity. We have developed a Health Equity Committee, which works on projects throughout every year to improve equity. The CYD Project Manager is a member of this committee. This committee addresses health equity issues and decreases health disparities in Tarrant County

through community assessment, research of best practices, partnering and collaborating with government agencies, training staff on health equity issues and developing programs to support a broad-based health equity movement.

Tarrant County Commissioner's Court is the general governing body of Tarrant County. The Court is made up of the County Judge, who is elected countywide and presides over the full Court, and the four County Commissioners – each elected from one of the County's four precincts.

Describe plans for utilization of the Youth Program Quality Assessment (YPQA), including your organization's plan for completing training and ongoing improvement planning and improvement plan implementation processes across the 5-year grant cycle. These plans should include Subawardees, if applicable.

YPQA will be used to assess subgrantee activities and programs services for effectiveness and responsiveness to the needs of CYD youth and enhance their approach during the grant term.

CYD Project Manager will complete the YPQA training during FY21. Training will be provided to subgrantee during the first half of FY22 for any selected CYD subgrantees who have not already been trained. CYD Project Manager will begin utilizing the YPQA with all subgrantees during the second half of FY22, and every fiscal year thereafter. Subgrantees submit an annual report to CYD, which will include program assessment results and improvement plans for the following fiscal year. All YPQA information will be gathered by the CYD Project Manager to include in our 4th Quarter/Annual Report submitted to DFPS.

PROJECT STRUCTURE & STAFFING

PEI programs for which the organization is currently receiving funding:

Community Youth Development (CYD) and Nurse Family Partnership (NFP)

Provide the following attachment(s):

- **Agency organization chart** for the lead agency that shows how the PEI-funded program activities fit into the overall structure. Please include names and titles for positions that will directly work on this project. Label as **Attachment D-5 Agency Org Chart**.
- **CYD Program Chart** should include all lead agency staff and volunteers funded by CYD and clearly show lines of reporting and supervision. Label as **Attachment D-6 CYD Program Chart**.
- If sub-awardees will be used, please include a project chart that shows the reporting structure between the lead and the subawardee(s), as well as sub-awardee positions that will work on this project. Label as **Attachment D-7 Subawardee Org Chart**.

Describe the staffing structure for the project. Describe qualifications for administrator(s), supervisor(s), staff working directly with program Participants and data staff. Describe intentional recruitment of staff with diverse backgrounds and experience supporting Positive Youth Development.

Tarrant County Key Personnel include:
1. Supervisor of Program Director: Associate Director, Family Health Services (not CYD funded)
2. Program Director: CYD Project Manager
3. Data Support: Data Entry Position
4. Fiscal Manager: Grant Auditor (not CYD funded)
5. YAC Coordinator: Subgrantee (TBD)

Tarrant county is an Equal Opportunity Employer and does not discriminate against applicants or employees on the basis of race, color, religion, gender, sexual orientation, gender identity, mentor or physical disability, age, national origin or veteran status, or on the basis of genetic information.

1. Associate Director, Family Health Services: minimum requirements = master's degree in Public Health, Nursing, Nutrition, Community Health or related field. An advanced graduate degree in Maternal and Child Health or a related field strongly preferred. Seven years of experience in public health or a related field including four years in management. Three years of work experience in maternal and child health strongly preferred. Nursing or dietitian registration required if incumbent is

a nurse or dietitian. Ability to work well with others including strong communications and presentation skills. Ability to problem solve and plan activities. Possess strong organizational skills. Possess strategic thinking and planning skills and passion for public health. Organized, critical thinker with time management skills. Comfortable working with the clinicians, funders, professional organizations, and community partners to achieve goals.

- Role = supervise CYD Project Manager and CYD program oversight.
  - J'Vonnah Maryman, the current Associate Director, Family Health Services, has been with TCPH since September 2017. She holds a PhD and MPH.

2. CYD Project Manager: minimum requirements = bachelor's degree or equivalent. Minimum of three years relevant work experience. Background in Accounting and Finance, Technical Writing, Community Youth Development or Juvenile Services or related experience preferred. Management and supervisory experience preferred. Grant preparation and administration background. Computer experience. Ten key by touch. Must possess a valid Texas Driver's License, automobile insurance and reliable transportation.

- Roles (as described in RFA) = Program Director, Program Coordinator, YPQA Coordinator, and Data Support. CYD Project Manager is responsible for all data entry. Data Entry Position will assist with data entry when position is filled, and CYD Project Manager will supervise.
  - Jodi Newton, the current CYD Project Manager, has been with TCPH since April 2008. She has a Bachelor's degree in Social Work, and has worked with CYD since 1996.

3. Data Entry Position (part-time): minimum requirements = high school diploma or equivalent. Minimum of one year experience in related field, including data entry experience. Detail and organizational skills required. Customer service experience preferred.

- Role (as described in RFA) = Data Support
  - TBD

4. Grant Auditor: minimum requirements = bachelor's degree in business required, accounting degree preferred. Two years of accounting or auditing experience required. Ability to collect and analyze financial data and draw logical conclusions. Ability to recognize risks and communicate those risks to management for action. Ability to make decisions based on relevant criteria. Effective verbal and written communication skills. Proficient use of spreadsheets and word processing. Grant experience preferred.

- Role (as described in RFA) = Financial Manager
  - Brittany Drake, the current Grant Auditor, has been with Tarrant County Auditor's Office since January 2008. She has a Bachelor's Degree in Business.

5. YAC Coordinator: Subgrantee (TBD)

Subgrantee Staff (TBD): minimum requirements = 18 years of age (minimum), high school diploma or GED, one year of experience in health and human services field to include work with youth. All staff and volunteers must follow the highest ethical standards in the performance of duties. All client information is privileged and confidential, and must be protected at all times.

All TBD subgrantees will have their own minimum requirements for each position within their CYD program, as well as strategies for recruitment of staff with diverse backgrounds and experience supporting Positive Youth Development.

Describe supervision structure. Detail plans for administrative, clinical, and reflective supervision for staff.

Tarrant County CYD plans to maintain the following process:

Associate Director, Family Health Services meets with CYD Project Manager every other week during a set day/time. CYD Project Manager submits a report prior to each meeting that details ongoing project updates/status, CSNA, new communication pieces for review, CCC updates, training, upcoming vacation, action plans, and outputs/outcomes. During each meeting, the report is discussed and there is an opportunity to gain insight and reflection.

CYD Project Manager formally meets with the Data Entry Position on a weekly basis to discuss weekly tasks, offer technical assistance and training, and gain insight and reflection. In addition, both positions work in the CYD office; therefore there is constant communication and oversight.

Grant Auditor meets with CYD Project Manager on a monthly basis to ensure all CYD expenses are billed to the correct line item and submitted to DFPS correctly and timely. The Grants Auditor is supervised by the Senior Grants Auditor. They also meet on a monthly basis to ensure CYD is on target and all expenses are processed correctly.

YAC Coordinator, as well as all subgrantee designated program staff, meets with the CYD Project Manager on a monthly basis during our monthly desk reviews. All monthly reports are submitted. Program progress, successes and challenges, technical assistance, program observation, referrals, outreach, and reflection are all discussed.

All subgrantees must provide support and at minimum monthly supervision of all staff that provide direct services to clients, including volunteers. This supervision must provide the direct staff and volunteers an opportunity to gain professional development, support, and advice about their work with the clients. Monthly meetings are detailed on each subgrantee's monthly report. Therefore, CYD Project Manager can verify this monthly requirement has been met.

Indicate whether volunteers or interns will be used. If so, please specify tasks or duties, minimum qualifications, trainings, and supervision structure.

Volunteers or interns are not planned to be used by Tarrant County CYD at this time. Subgrantee volunteers and interns are TBD.

Identify who will be responsible for ensuring background checks are conducted. Describe your process for ensuring background checks are conducted.

Tarrant County CYD plans to maintain the following process:

CYD Project Manager is responsible for ensuring background checks are conducted.

Initially – CYD Project Manager hosts a CYD Orientation for all subgrantees prior to start of services. CYD handbook is given to each subgrantee during the orientation, which includes DFPS required background check forms and policies/procedures. All staff and volunteers must submit the forms to the CYD Project Manager before hire. She enters the information into ABCS. Once the clearances are obtained from DFPS, she sends them to the subgrantee and notifies them of CYD clearance/start date.

Ongoing – The CYD Project Manager maintains individual personnel files for all subgrantee staff and volunteers, which include criminal background checks (updated every 2 years), I-9's, job descriptions, resume/application, diploma/transcript, and training documentation. CYD Project Manager maintains a personnel spreadsheet, which tracks all of this information. When documentation is needed, or a criminal background check is expiring within the next 2-3 months, information/forms are requested from the subgrantee HR department through email or task list. If a background check expires, the staff or volunteer is not allowed to interact with CYD clients or information in any way until they are cleared again. Staff will only be paid through CYD if clearances are active.

Annually – CYD Project Manager conducts a formal on-site monitoring review for each subgrantee. Background forms, clearances and personnel files are part of this review.

Describe plan for maintaining required activities during vacancies and staff transitions. Include tangible plans for program oversight; program delivery; recruitment and outreach; sustainment of relationships; and community and systems-level strategy.

In the instance of any CYD staff position being vacant, other Tarrant County Public Health staff members will be able to administer their duties until the position is filled. The Associate Director,

Family Health Services will support CYD staff members to ensure services are not hindered by any staff vacancy. All staff will go through DFPS background check process prior to being assigned tasks that involve handling CYD client information, client contact and finances.

CYD on-the-job training is provided by the CYD Project Manager. CYD specific trainings would include: PEIRS database, ABCS system, reports, processes, filing systems, etc. In the absence of the CYD Project Manager, the Associate Director, Family Health Services will be responsible for administering training to new hires.

Describe your organization's policies and procedures for reviewing case files for quality and completeness.

Tarrant County CYD plans to maintain the following process:

Hard copy CYD client files are maintained in the CYD office by the CYD Project Manager. Client files include: CYD Data Authorization form, index child/youth information, Eligibility for Program Participation form, referral form (if applicable), pre/post surveys, assessments and surveys required by agency and program model (if applicable), Program Experience Survey, and closure form. All youth who have turned eighteen (18) years old are closed at the end of each fiscal year. Data Entry Position assists with filing, and all files are reviewed by CYD Project Manager to ensure quality and completeness.

CYD Project Manager documents all client information, including dates of completed forms/surveys, on a local roster on a monthly basis. This tool serves as a checklist, and is used to ensure all forms/surveys are submitted for each client as required/appropriate. If forms/surveys are needed, CYD Project Manager submits tasks lists to each subgrantee on a monthly basis. If forms/surveys are delinquent on a quarterly basis, subgrantees must submit a corrective action plan, which is reviewed during monthly desk reviews until all actions are completed satisfactorily.

Describe your process for tracking all training for staff including tracking of training at the Subawardee level (if applicable) and the position(s) responsible for tracking.

Tarrant County CYD plans to maintain the following process:

All CYD funded positions are required to have at least twelve hours of training annually, including three hours of cultural competency/diversity training.

Subgrantees submit training certificates during monthly desk reviews, which include the title of training, presenter, date, location and number of hours. CYD Project Manager tracks training hours for each staff per fiscal year on a personnel spreadsheet. Training accomplishments and needs are documented on quarterly reports submitted by CYD Project Manager to each Subgrantee. Numerous training opportunities are hosted and shared by CYD Project Manager and CCC to each subgrantee to ensure training hours are met. If subgrantees are chronically delinquent in completing training requirements, they must submit a corrective action plan, which is reviewed during monthly desk reviews until all trainings are completed. Training hours and certificates are also reviewed during our annual on-site formal monitoring reviews.

List the training your staff and Subawardee staff (if applicable) will receive as part of your training plan. In addition to evidence-based training requirements (if applicable), list any specialized trainings you anticipate providing to staff (e.g. cultural humility, cultural competency, mental health first aid, etc.). Please add additional rows as needed.

Training Type/Title	Staff Roles Receiving	Training Process	Timeframe
New Employee Orientation	All new CYD staff/volunteers (Tarrant County & subgrantee)	☐ In-person by model ☐ In-person consultant ☒ By supervisor/staff ☒ Webinar ☐ Self-guided	At Hire

DATA & DATA USE *Please briefly describe the quality assurance processes that will be utilized for this Grant Agreement*
Describe how your agency will use data to identify ongoing client and community needs and inform ongoing program improvement.
CSNA will be completed every two years, and CYD staff review this data with subgrantees to identify emerging community needs and suggestions for program modifications if needed. In addition, Program Experience Surveys, client interviews, and internal subgrantee surveys will be used to determine satisfaction of each CYD subgrantee program. This data will be reported on an annual basis to CYD through subgrantee annual reports. Subgrantees are also required to analyze and strategize program improvement for the next fiscal year based on these results. The CYD Project Manager compiles all subgrantee annual reports into our Tarrant County CYD annual report to DFPS. Improvement strategies are discussed and monitored through monthly desk reviews and corrective action plans if applicable.

During quarterly CCC meetings, new and innovative ideas for programming, community events, service learning project opportunities, trainings, resources, referrals and youth voice will be discussed to identify ongoing client and community needs and inform ongoing program improvement.

Describe your quality control procedures to ensure the accuracy and timeliness of data entry for all CYD programming provided, including the staff position(s) responsible for data entry, quality assurance, and analysis.

Tarrant County CYD plans to maintain the following process:

Data Entry Position will be responsible for data entry into the PEIRS data system. CYD Project Manager will be responsible for data entry if the Data Entry Position is not filled/unavailable/absent. CYD Project Manager will ensure all data is entered timely and accurately each month.

Each subgrantee meets individually with the CYD Project Manager during a monthly desk review. All monthly documentation is submitted to CYD during this review.

The procedure for data review is as follows:

First – all CYD Data Authorization forms are compared to the local roster, which tracks participants for the entire CYD program from 2010 to present. If the client has participated in CYD and already has a file, the file will be pulled and updated with new forms. If the client is new, a file will be established.

Second – subgrantee's Monthly Service Tracking form (MST) is compared to the local roster, which tracks program participants for the overall CYD program and each subgrantee. This process ensures clients are active in CYD and have all required registration forms. Client closures are documented on the MST, so client services will not be counted if the client is closed.

Third – all new CYD registrations (CYD Data Authorization form, index child/youth information, and Eligibility for Program Participation) are entered into the PEIRS database. Prior to entering, attendance logs are analyzed to determine first date of service for each new client. Services are only counted after the date of primary caregiver consent for authorization of service on the CYD Data Authorization form.

Fourth – all sign-in sheets/attendance logs are reviewed to ensure MST service data is correct for each subgrantee. Sign-in sheets/attendance logs are also compared to the monthly reports to ensure all services are counted. All sign-in sheets/attendance logs must be signed by subgrantee program staff for verification.

Fifth – each client name on the MST is queried. When the named queried matches the PEIRS database information, the number of times attended (services) is entered, and the CYD assigned enrollment number is checked or written in red ink beside the client's name on the MST. If there are any problems with spellings, parts of the name missing, or incorrect date of birth, the information is compared to the database and the hard copy registration form. At the time of entry, discrepancies may be found with the client information listed on either a CYD Data Authorization form or MST. Those participants cannot be entered until this correction of the problem issue is resolved. The CYD Project Manager works with the subgrantee to resolve any discrepancies before the data entry deadline. This process is completed monthly to ensure that the participant data is accurate, and is correctly listed by both the subgrantee and fiscal agent records.

Sixth – data entry information is reviewed by the CYD Project Manager to ensure accuracy (comparing MST and PEIRS reports).

Seventh – all information is entered on the local roster, including all survey dates. After all information for the current month is entered on the roster, all clients who have not participated in the

program for 90 days are highlighted in red. Client Discharge form is completed, and the client is closed in PEIRS database. Subgrantees use this roster as a checklist of closed clients who need a Program Experience Survey.

Eighth – all CYD events, as well as events listed on subgrantee monthly reports, are entered in PEIRS database. Events include: (1) collaborative meetings, (2) outreach and awareness, (3) staffing and training, and (4) family and primary caregiver engagement. A local spreadsheet is maintained with the same information (tab for each category) to ensure accuracy.

Ninth – processed MST, local roster, and attendance logs saved in CYD electronic files per subgrantee per fiscal year, are emailed to each subgrantee for their records. Task lists are also compiled by the CYD Project Manager for outstanding client forms or surveys needed, which are emailed to each subgrantee on a monthly basis. This process allows subgrantees and CYD Project Manager to communicate clearly and analyze data on a monthly basis. Outputs, outcomes, attendance, closures, and survey completion are all gathered from the roster. Needed corrective actions can be identified and implemented on a monthly basis to ensure overall success of the program.

Tenth – all forms and surveys are filed. Each youth has their own hard copy client file, which helps determine duplications.

GRANT ADMINISTRATION

Describe how you will effectively administer the grant to ensure that contractual deadlines are met and that the budget is appropriately managed.

The CYD Project Manager is responsible for reviewing the CYD RFA, and ensuring all contractual obligations are met on every level. All programmatic and fiscal aspects of the CYD program are supervised by the Associate Director, Family Health Services.

Tarrant County CYD plans to maintain the following process:

The CYD Project Manager develops the CYD budget according to historic and projected expenses. The overall budget is maintained on the 2030 spreadsheet by the CYD Project Manager and Grants Auditor. This spreadsheet is evaluated on a monthly basis to ensure actual costs are consistent with budget projections. The CYD Project Manager and Grants Auditor work together to make sure all expenses follow contract and governing regulations. The Grants Auditor, responsible for submitting bills to DFPS, ensures all expenses are paid prior to billing DFPS. If budget transfers are needed for the fiscal agent or subgrantee budgets, CYD Project Manager requests the transfer from DFPS. Once DFPS approves the transfer, CYD Project Manager updates the 2030 billing spreadsheet and sends it to Tarrant County and subgrantee (if applicable). This process ensures all funds are spent before the end of the fiscal year.

Describe the quality assurance procedures you have in place.

Tarrant County CYD plans to maintain the following process:

The CYD Project Manager and Grant Auditor compares the Tarrant County General Ledger to the 2030 billing spreadsheet monthly, to ensure accuracy and correct billing of each line item. Associate Director, Family Health Services and Senior Grants Auditor also provide budget/billing oversight for quality assurance.

All reports of program activity are reviewed by the CYD Project Manager and the Associate Director, Family Health Services to ensure adherence to program standards.

SUB AWARDEE MANAGEMENT & MONITORING

If applicable, please describe how you will ensure quality and compliance for any partner agencies

Which components of your CYD program do you intend to subaward? Describe below.
All CYD direct services will be provided through subawards.
Describe your process for awarding Subgrantees.
Tarrant County will host a competitive grant opportunity for FY22 subgrantees. Tarrant County purchasing policies and procedures will be followed. Tarrant County will release and advertise a local Request for Applications (RFA) for Community Youth Development Program subgrantees during Spring 2021. This RFA will be posted on our Tarrant County website (www.tarrantcounty.com) and Commercial Recorder. CYD Project Manager will send notices to all known potential service providers in our county. CYD Project Manager will provide a Bidder's Conference shortly after the RFA is released. All applications will be submitted to Tarrant County CYD. Tarrant County CYD will establish a Review Committee, which will include five members, of which at least two will be YAC representatives. The Review Committee will meet twice. During the initial meeting, Review Committee members will sign a Conflict of Interest Statement & Confidentiality Certification, receive instructions, score sheets and proposals. During the final meeting, Review Committee members will return all score sheets and proposals, and discuss all information to determine final funding recommendations. CYD Project Manager will enter into negotiations with selected CYD subgrantees, and finalize project work plans and budgets. Tarrant County will submit all required forms to DFPS for approval. Tarrant County District Attorney will also approve all forms. After all approvals were obtained, subgrantees will sign their subaward contracts. CYD Project Manager will then arrange for signing and submittal of subaward contracts through Tarrant County Commissioner's Court. Contracted services will begin on September 1, 2021.
Describe your quality control procedures to ensure accuracy and timeliness of data entry from information submitted by your Subgrantees.
Tarrant County CYD plans to maintain the following process: Subgrantee monthly reports, MST, sign-in sheets/attendance logs, new registration forms and surveys, and billings are submitted for prior months services at the monthly desk review (held during second week of month) with the CYD Project Manager. The date and time received is stamped on all forms. The forms are reviewed for errors and completeness during the meeting. A subgrantee Programmatic Tally is completed and signed by the CYD Project Manager during the meeting. This Programmatic Tally tracks: outputs (youth served for month and total for fiscal year), performance measures (age percentage of participating youth, CCC meeting attendance, and YAC requirements if applicable), submission of reports/forms (monthly report, MST, sign-in sheets/attendance logs, participant forms and surveys, training certificates, and billing), and meeting notes. This procedure allows the Data Entry Position and CYD Project Manager at least two weeks to enter all data into the PEIRS database, which enables Tarrant County to meet data entry deadline of the 30th each month.
Describe how you will effectively administer the Grant to ensure that the budget and billing is appropriately managed to prevent any lapse in grant funds.
Tarrant County CYD plans to maintain the following process: All subgrantees submit monthly billings to the CYD Project Manager during their monthly desk review. After the billing has been processed and approved by the CYD Project Manager, an electronic copy is filed on the Tarrant County server. The billing is then submitted electronically through Readsoft (Tarrant County system) to the Grants Auditor by 30th of each month. The Grants Auditor reviews and approves the billing, and submits to Tarrant County Commissioner's Court for final approval and payment.

Subgrantees are notified in writing via email of any billing discrepancies. Billing Invoice Adjustment Forms are completed by the CYD Project Manager, which lists all corrections made to the billing submitted by the subgrantee. This form is emailed to the subgrantee with an updated 2030 billing spreadsheet and a scanned copy of the approved billing as soon as the billing is finalized and complete.

CYD Project Manager tracks subgrantee fiscal progress on a monthly, quarterly and annual basis. CYD Project Manager discusses fiscal progress with each subgrantee during their monthly desk reviews. A written Quarterly Report is also completed by the CYD Project Manager and distributed to each subgrantee. If subgrantee spending varies more than five percent (5%) below the projected quarterly goal, then a Corrective Action Plan (CAP) is required to explain and rectify any discrepancies. This CAP may also include a budget transfer to adjust their budget according to actual expenses. The subgrantee will have ten days to respond with a CAP. Compliance with contract goals and spending is a condition of CYD subawards, and subgrantee's chronic non-compliance will result in their subaward not being renewed and/or the current subaward being terminated. If the area of concern is the possibility of lapsing funds, and the proposed CAP is not acceptable, the CYD Project Manager will re-negotiate the subaward budget amount and has the option to either reallocate those funds to another CYD subgrantee or procure new services. In addition to monthly and quarterly reporting with subgrantees, each subgrantee will also be reviewed on fiscal compliance during the on-site formal compliance fiscal monitoring.

Please indicate how you will ensure fiscal compliance including timely billing, allowability, necessity, reasonableness and allocability of expenses.

Tarrant County CYD plans to maintain the following process:

Initially, all subgrantee budgets are scrutinized by the CYD Project Manager to ensure costs are reasonable, necessary, allowable and allocable under the contract and governing regulations. Budgets must be clear and indicate specific expenses allowed under each line item. The CYD Project Manager submits all budgets to DFPS for approval before subawards are approved and executed by Tarrant County.

Monthly subgrantee billings must include all supporting documentation: signed reimbursement request, receipt tally, timesheets, payrolls, receipts, credit card statements, etc. The billing is evaluated according to the subgrantee's 2030 budget spreadsheet and monthly report to ensure line item details and expenses, salary rates, etc. are correct.

Annual on-site formal compliance fiscal monitoring is also performed for each subgrantee by the Grant Auditor and CYD Project Manager.

Describe how you will perform ongoing management of any Subgrants to ensure compliance with Grant requirements and quality in program delivery. Include plans for orientation, training, support, communication, and monitoring.

Tarrant County CYD plans to maintain the following process:

The CYD Project Manager will track and report programmatic progress for each CYD subgrantee on a monthly, quarterly and annual basis. All aspects of the CYD program are supervised by the Associate Director, Family Health Services.

Initially – CYD Project Manager hosts a CYD Orientation for all subgrantees prior to start of services. CYD handbook is given to each subgrantee during the orientation, which includes: program history, CCC, CSNA, client characteristics and eligibility, services, subawards, plan changes, performance measures, recruitment, youth enrollment, youth exit/evaluation, pre/post surveys, program complaints, staff and volunteers, training requirements, background checks, personnel file requirements, monthly desk reviews and reports, quarterly reports, annual reports, program monitoring, DFPS policies, monthly billing requirements, and budget transfers. If new staff is hired during the fiscal year, the CYD Project Manager gives them an individual orientation and handbook within thirty days of hire.

Ongoing – CYD Project Manager maintains individual personnel files for all subgrantee staff and volunteers, which include criminal background checks (updated every 2 years), I-9's, job descriptions, resume/application, diploma/transcript, and training documentation. CYD Project Manager maintains a personnel spreadsheet, which tracks all of this information. When documentation is needed, or a criminal background check is expiring within the next 2-3 months, information/forms are requested from the subgrantee HR department through emailed task list.

Monthly –

- Each subgrantee meets individually with the CYD Project Manager during a monthly desk review. Subgrantees are required to have a consistent representative attend each of these meetings. All monthly reports are submitted by the subgrantee to the CYD Project Manager. CYD Project Manager completes a Programmatic Tally during the desk review.
- A local roster is maintained by CYD Project Manager. This roster tracks program participants for the overall CYD program and each subgrantee.
- After all monthly data is processed, the CYD Project Manager submits the following to each subgrantee:
  - Processed MST
  - Processed Attendance
  - Local Roster

Quarterly –

- CYD Project Manager conducts quarterly site visits for each CYD subgrantee. A Site Visit Log is utilized to document the visit. If there are issues of concern, site visits will be conducted more frequently and as needed.
- The CYD Project Manager submits a program and fiscal quarterly progress report to all subgrantees. Quarterly goals are stated, as well as the subgrantee's current quarterly progress including: annual participant goal, monthly participant goal, age of participant goal, registration forms and surveys, outcome measures, reporting issues, CCC meetings goal, training goals, Tarrant County CYD annual participant goal, Tarrant County CYD monthly participant goal, and number of duplications among other CYD subgrantees.

Annually –

- CYD Project Manager conducts a formal on-site compliance programmatic and administrative monitoring review. The CYD Project Manager and Grant Auditor conduct a formal on-site compliance fiscal monitoring review. Formal tools are used for documentation of each review.
- Subgrantees submit an annual report to CYD Project Manager. This report includes: service output goals, service outcome goals, strengths and successes (outreach, recruitment and retention; notable community collaborations and partnerships; awards, public acknowledgements or other recognition; client success stories; top three successes for FY; family and primary caregiver involvement; and new initiatives), program challenges (implementation of program services; youth engagement/retention; meeting contractual performance measures; outreach and recruitment activities; hiring and retaining staff; budget and billing), training, plan of operation, evaluation, complaints, and graduation statistics. This report allows the subgrantee and CYD Project Manager to properly evaluate the success of the program for the fiscal year, and ensure subgrantee has achieved the expected outcomes, outputs and contracted deliverables.

Please indicate how you will ensure Subgrant fiscal compliance including timely billing, allowability, necessity, reasonableness and allocability of expenses.

Fiscal compliance is evaluated through monthly desk reviews, quarterly reports and annual on-site compliance fiscal monitoring reviews.

Will a risk assessment process be used to identify Subgrantees to include in the monitoring? If yes, describe the risk assessment process. Any tools to be used during the process should be attached and labeled as **Attachment D-8 Risk Assessment Tools**.

Tarrant County CYD monitors all subgrantees on an annual basis. Risk assessments are not used.

Provide a preliminary schedule for formal compliance monitoring of Subgrantees during the Period of Performance. Attach copies of monitoring tools utilized to review Subgrantees including fiscal, programmatic and administrative information and label as **Attachment D-9 Monitoring Tools**.
Tarrant County CYD plans to maintain the following process: Formal compliance monitoring for subgrantees are performed annually during March and/or April of every fiscal year. Fiscal, programmatic and administrative tools are used, which are completed by the Grant Auditor (fiscal) and CYD Project Manager (programmatic and administrative). All reviews are scheduled to be completed on the same day on-site at the subgrantee's office location. Notice is sent to each subgrantee, with detailed list of needed documents to review, at least thirty days in advance. After the monitoring review is completed, a letter outlining monitoring details, findings and comments, as well as completed monitoring tools are sent to the subgrantee within thirty days.
Describe the process for continually monitoring Subgrantee Outputs to ensure they are met on a monthly and annual basis.
Tarrant County CYD plans to maintain the following process: Subgrantee outputs are monitored - Monthly: monthly desk reviews, monthly reports, MST, attendance, participant forms/surveys, and training. All information is documented on local roster after processed. Quarterly: quarterly site visits and quarterly progress reports submitted by the CYD Project Manager to each subgrantee. Annually: formal compliance monitoring and annual reports submitted by the subgrantee to CYD.
Describe the process and systems for Subgrantee performance accountability, including but not limited to when Corrective Action Plans will be implemented.
TCPH CYD plans to maintain the following process: Quarterly Reports – Subgrantees are required to stay within five percent (5%) of their goals. If they are below five percent (5%), they are required to submit a Corrective Action Plan (CAP). The subgrantee will have ten days to respond with a CAP, and thirty days to implement the changes. Annual Compliance Monitoring – In instances of program or budget findings, subgrantees must respond with a Corrective Action Plan (CAP). The subgrantee will have ten days to respond with a CAP, and thirty days to implement the changes. All Corrective Action Plans – monthly progress toward changes are monitored through monthly reports, monthly desk reviews, and quarterly program site visits (additional site visits as needed). Compliance with contract goals is a condition of CYD subawards and a subgrantee's chronic non-compliance will result in their contract not being renewed and/or the current contract being terminated. If the CAP is not acceptable or effective, the CYD Project Manager will re-negotiate the contract budget amount and has the option to either reallocate those funds to another CYD subgrantee or procure new services.

INTRODUCTION

History of Program

The Community Youth Development (CYD) Program was established in 1995 with funds authorized by the 74th Legislature to assist communities in alleviating conditions in the family and community that lead to juvenile crime. In 2015, the CYD statute moved to the Texas Family Code from the Texas Human Resources Code without any amendments and is as follows: Sec. 265.057. COMMUNITY YOUTH DEVELOPMENT GRANTS. (a) Subject to available funding, the department shall award Community Youth Development grants to communities identified by incidence of crime. The department shall give priority to awarding grants under this section to areas of the state in which there is a high incidence of juvenile crime. (b) The purpose of a grant under this section is to assist a community in alleviating conditions in the family and community that lead to juvenile crime.

The program has expanded over the last twenty-five years and supports youth by fostering safe spaces, positive relationships, and structured opportunities to build developmental assets and skills. These supports lead to strengthened connection, engagement, and contribution to their community. The Texas Department of Family and Protective Services (DFPS) Prevention's Early Intervention (PEI) Division has adopted a Positive Youth Development approach for CYD to meet the goal of assisting communities in alleviating conditions in the family and community that lead to juvenile crime. This approach encompasses more than solely providing early intervention or preventing risk behaviors that lead to juvenile crime; it also builds skills, attributes, and developmental assets that are needed to prepare youth people to grow into thriving adults[1].

Tarrant County was involved in the planning stages and establishment of the local CYD program in December 1995, and has acted as the Fiscal Agent since program inception in April 1996. ZIP code 76106 was identified by the Legislature to receive CYD funding in 1996. In 2007, the United States Postal Service split 76106 into two ZIP codes, 76106 and 76164. Tarrant County has continued to serve the 76106 and 76164 ZIP code areas as one CYD community until present. The 76106/76164 CYD program operates in partnership with Tarrant County Public Health Department (TCPH), Community Collaborative Committee (CCC), Youth Advisory Committee (YAC), and contracted service providers.

Purpose of CSNA

The Community Strengths and Needs Assessment (CSNA) is a tool to help identify local resources and community needs for promoting positive youth development. The results of this assessment are used to develop a prioritized list of youth service needs, effective strategies, and a responsive action plan. Furthermore, it identifies community strengths and protective factors, and includes community attitudes and expectations of youth. Therefore, Tarrant County CYD can better promote protective factors in youth to prevent negative outcomes such as juvenile delinquency by conducting, reviewing, and analyzing the outcomes of this CSNA.

[1] CYD RFA No. HHS0008417

Scope of CSNA

The CSNA is focused on juvenile delinquency prevention and protective factors of youth ages 6-17. Information gathered through this CSNA relates to and is analyzed in terms of the issues that impact youth, describes the needs for services, identifies strengths and protective factors within the community, and includes community attitudes and expectations of community youth. In addition to being a collaborative effort based on community input, the input and voice of community youth is a key component of this CSNA.

Goals of CSNA

1. Establish a profile of the 76106 and 76164 community.
2. Identify and list community needs.
3. Identify and list community assets and resources.
4. Develop a prioritized list of youth service needs.
5. Develop a prioritized list of effective strategies.
6. Share assessment outcomes with community partners and providers.
7. Match established community services with identified needs.
8. Establish funding priorities for CYD competitive process for service providers.

COMMUNITY DESCRIPTION

Community History

Established at the fork of the Trinity River in 1849 by Major Ripley Arnold, the Fort Worth Stockyards represented the last “civilized” outpost for cowboys driving cattle to market along the famous Chisholm Trail. By the mid-1870’s, Fort Worth had become a major center for the buying and shipping of livestock, thanks to the Texas & Pacific Railroad. It soon became known as “Cowtown.”

Between the 1880’s and 1950’s, the Fort Worth Stockyards (located in ZIP code 76164) grew to become the largest livestock-trading center in the southwest, and during the Great Depression, in the country. Cattle, hogs and sheep were bought and sold here, and with the building of the Horse and Mule Barnes in 1912, the Stockyards hosted the largest horse and mule market in the U.S. during the First World War. The Stockyards continued to grow throughout the next few decades, reaching a commercial peak during the 1940’s.

The 1950’s signaled a shift from rail transportation to the less expensive, more flexible trucking industry, and business gradually declined at the Stockyards as trading moved to countryside auctions. Today, live auctions at the Stockyards are primarily restricted to prize-winning bulls and “show” longhorns, bought and displayed for their fine lines and stunning animal beauty[2].

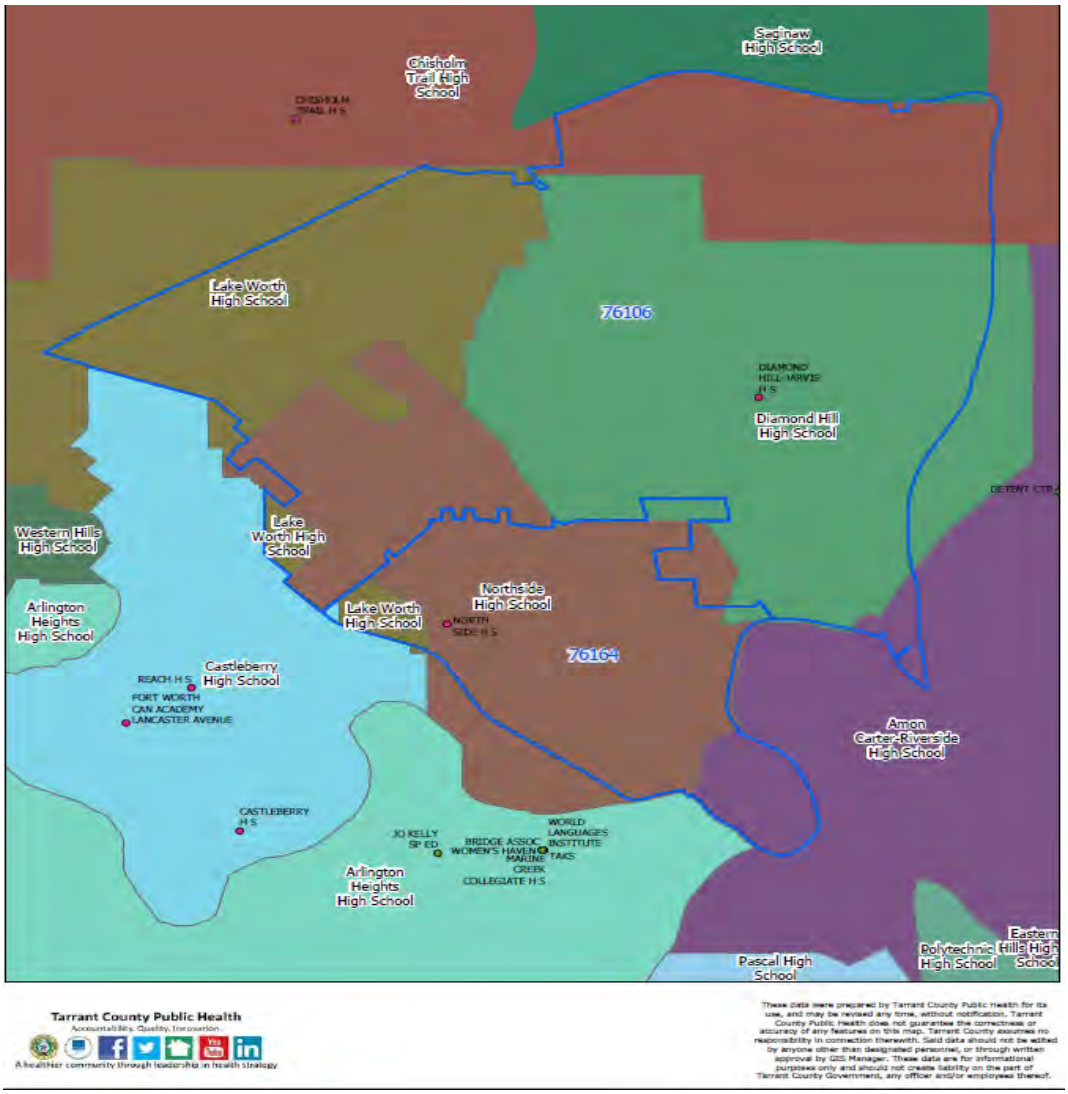
[2] Fort Worth Stockyards History

Decades later, gangs infiltrated this low-income area, which was predominantly inhabited by immigrants from Mexico. Mexican Cartels were very prevalent, bringing crime, drugs and human trafficking into the community.

In 2019, the Northside Area was selected by the City of Fort Worth as the third target area to participate in the Neighborhood Improvement Program. The program granted over $3.052 million to improve public safety and attract private investment in underserved neighborhoods[3].

Community Map

Area Surveyed – 76106 and 76164 ZIP codes are located in North Fort Worth. The northern section of the area is 76106, and the southern section is 76164. Together, the ZIP codes borders extend from Jacksboro Highway (west) and Loop 820 (north), to Belknap/Downtown Fort Worth (south) and Interstate I-35 (east). The 76106 and 76164 ZIP codes are comprised of two (2) neighborhoods: (1) Northside neighborhood – primarily the south and west portion, and (2) Diamond Hill neighborhood – primarily the north and east portion.



[3] City of Fort Worth, 2019

DATA COLLECTION METHODS

There were three main components to the assessment:

1. Collection of data through various sources (U.S. Census Bureau and American Community Survey, Texas Education Agency, Tarrant County Juvenile Services, Fort Worth ISD, etc.) to establish a demographic and social community profile for the 76106 and 76164 ZIP codes.
2. Youth Advisory Committee (YAC):
   - During November and December 2018, YAC surveyed members of the community to discover the prevalent needs and challenges they feel the youth are faced with daily, and what programs could improve these challenges. For accuracy, the surveys were conducted anonymously and participants were picked at random. Two separate surveys were conducted, (1) youth survey for adolescents in the community, and (2) adult survey for parents, school staff and community members.
   - During January 2019, YAC compiled and analyzed survey results to include in the CSNA.
   - During January and February 2019, YAC interviewed prominent leaders in their community with pre-formulated questions in relation to the CSNA survey.
   - At least 2 YAC members attended each of our quarterly Community Collaborative Committee (CCC) meetings. At each CCC meeting, they give a presentation, which includes an update on YAC meetings and activities, community service projects, and Youth Summit. During our annual CCC planning meeting, they gave valuable ideas regarding youth recruitment, involvement and retention, as well as desired program activities and field trips.
3. Community meetings and events attended by CCC members (including CYD Project Manager and service providers). During these meeting and events, information was gathered from community residents and service providers through dialog. This information included: issues facing youth in the community, service needs, community resources, and programs currently offered in the community.

DATA ANALYSIS

There were two main components to creating this assessment: Determination of ZIP Codes and Data Collection.

Methodology of Determination of ZIP Codes

Due to high juvenile delinquency rates, ZIP code 76106 (now 76106 and 76164) was identified by the Legislature to receive CYD funding since the inception of the program. Tarrant County has served the 76106 and 76164 community for the past twenty-five years.

After performing a Strengths-Challenges-Opportunities-Threats (SCOT) analysis, which looked at communities' basic demographics, resources and CYD service locations, CYD funding is still needed in 76106 and 76164 to provide services to youth and families. Although CYD funding has proven to reduce juvenile crime amongst program participants, and provide many services to youth, the community still has many high risk factors and issues to combat. Child maltreatment risks were considered to be "average," and juvenile delinquency rates were considered to be "above average." School ratings were determined by Texas Education Agency's (TEA) 2019 Accountability Rating, which showed 94% of students are low income. Middle and high schools'

overall accountability rating was C or D. 2020 Public School Review showed middle and high schools' overall testing rank was in the bottom 15% of Texas schools, and graduation rate was 87%.

CYD funding would also provide a continuation of services for those youth currently participating in CYD programs, maintain current partners in the community, and sustain positive progress.

Data Collection

YAC interviewed six community leaders. Those interviewed were community activists, local service providers and school personnel. Findings from the interviews are recorded in the *Interview* section. YAC also completed surveys with 218 community youth and adults to gather community opinion regarding community needs and desired programming. Survey results are recorded in the *Survey* section.

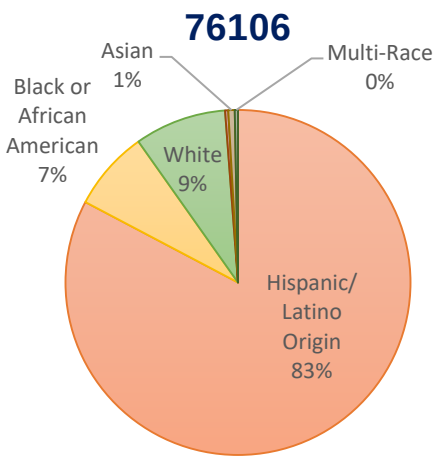
RESULTS

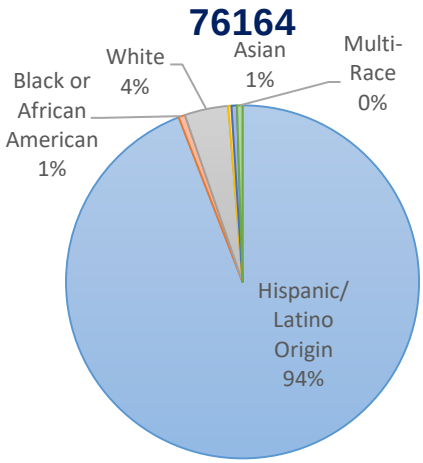
The following section is a visual depiction of demographics, community resources, survey results, and other valuable information discovered during data collection.

Demographics

Race & Ethnicity[4]

The majority of people in ZIP codes 76106 and 76164 are people of Hispanic or Latino origin. 82.8% of the 39,218 residents of 76106 and 94.3% of 16,091 residents in 76164 are of Hispanic or Latino origin.



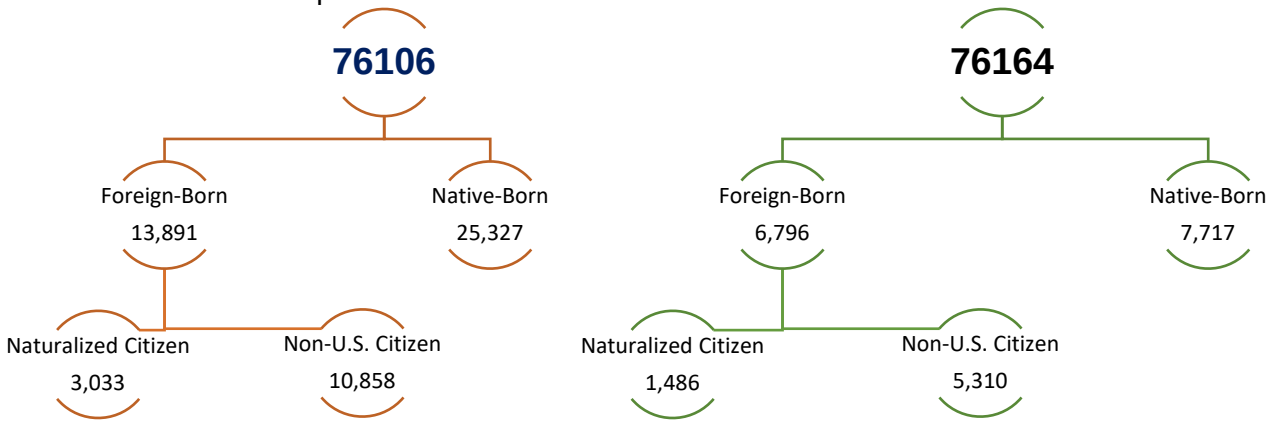


[4] U.S. Census Bureau, Demographic and Housing Estimates

ETHNICITY/RACE	76106 NUMBER	76106 PERCENT (%)	76164 NUMBER	76164 PERCENT (%)
Total population	39,218	100.00	16,091	100.0
Hispanic or Latino (of any race)	32,218	82.8	15,175	94.3
Mexican	31,201	79.6	14,251	88.6
Puerto Rican	225	0.6	43	0.3
Cuban	19	0.0	29	0.2
Other Hispanic or Latino	1,208	2.6	852	5.3
Not Hispanic or Latino	1,028	17.2	916	5.7
White alone	6,745	17.2	646	4.0
Black or African American alone	2,935	7.5	97	0.6
American Indian and Alaska Native alone	100	0.3	62	0.4
Asian alone	233	0.6	233	0.6
Native Hawaiian and Other Pacific Islander	0	0.0	86	0.5
Some other race alone	0	0.0	0	0.0
Two or more races	107	0.3	25	0.2
Two races including some other race	0	0.0	0	0.0
Two or more races excluding some other race	107	0.3	25	0.2

Nativity[5]

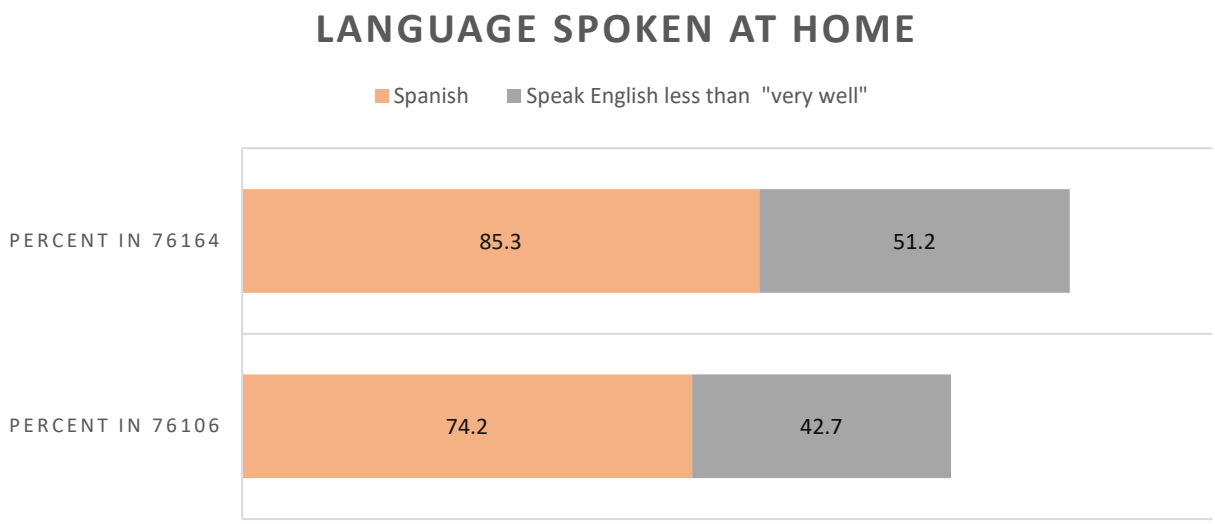
In 76106, 28% of residents are Non-U.S. Citizens. In 76164, 37% of residents are Non-U.S. Citizens. Immigration can be a barrier to receiving many resources, and brings fear to families when threatened with deportation.



[5] U.S. Census Bureau, Selected Characteristics of the Native and Foreign-Born Populations

Language[6]

In both ZIP codes, the most prominent language spoken in homes is Spanish. 85.3**%** of 76164 speak Spanish; while 74.2% of 76106 speak Spanish at home. Out of the Spanish speaking residents, 42.7% and 51.2% reported speaking English less than “very well” in 76106 and 76164, respectively. Language can be a communication barrier to receiving resources like education and healthcare.



Age[7]

76106

Age	Number	Percent (%)
Under 10	7,517	19.1
10-14	3,358	8.6
15-19	3,309	8.4
20-34	9,331	23.8
35-54	9,491	24.2
55-64	3,473	8.9
65 and older	2,739	7

76164

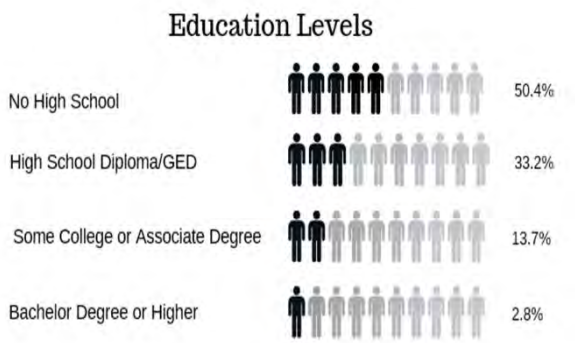
Age	Number	Percent (%)
Under 10	2,982	18.5
10-14	1,156	7.2
15-19	1,155	7.2
20-34	3,496	21.7
35-54	4,287	26.6
55-64	1,498	9.3
65 and older	1,517	9.4

[6] U.S. Census Bureau, Selected Characteristics of the Native and Foreign-Born Populations
[7] U.S. Census Bureau, Demographic and Housing Estimates

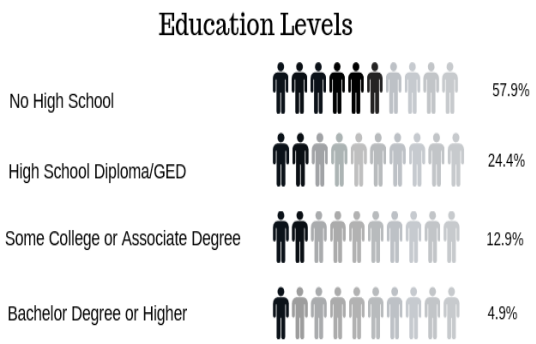
Education[8]

Education levels in both 76106 and 76164 resemble the design of an inverted pyramid—with little to no education, *No High School Diploma,* as the predominant education level and *Completed Bachelors or Higher Degree* as the least prevalent education level. Education levels are associated with job opportunities and income for adults. For adolescents, higher education levels are associated with lower levels of juvenile delinquents.

76106



76164



Employment [9]

Despite the significant difference in labor force size, 76106 with 16,905 and 76164 with 7,368 working individuals, both ZIP codes share a commonality. In both ZIP codes, production, transportation, and material-moving is the most common job industry; while management, business, science, and industries art are the least prevalent.

	Production, Transportation, and Material-Moving	Natural Resources, Construction, and Maintenance	Service	Sales and Office	Management, Business, Science, and Art
76164	1,744	1,610	1,440	1,316	726
76106	4,044	3,658	3,342	3,323	1,459

Community Strengths & Assets

North Fort Worth, where ZIP codes 76106 & 76164 are located, is a community that prides itself on hard work, friendliness, and culture. There is an admiration and celebration of the various nuances that make the culture and community so unique.

Cultural Attractions

Fort Worth Stockyards
Established in 1866, Fort Worth Stockyards National Historic District owes its fame and unique character to the cattle industry. The last big stopover on the Chisholm Trail - and the last remaining historic stockyard in the United States - it once saw millions of cattle pass through. Today, the area has been transformed into one of Fort Worth's biggest tourist attractions and takes visitors back to the days of the great cattle round-ups with all kinds of entertainment and

[16] Fort Worth ISD

fun things to see and do, from rodeos to live music shows, museums, and western-themed shopping. Some of the old cattle driving traditions live on, and volunteers can still be seen demonstrating the art; for those wanting to try their hand at being a cowboy or cowgirl, a number of fun horse treks are available. Start your adventure at the Stockyards Visitor Center or the Stockyards Museum in the Livestock Exchange Building.
Visit https://www.fortworthstockyards.org for more details.

Rose Marine Theater
Artes de la Rosa, formerly Latin Arts Association of Fort Worth, is the non-profit organization that manages the historic gem of Fort Worth's Northside – The Rose Marine Theater, and Fort Worth's only Hispanic theater company - Teatro de la Rosa. Artes de la Rosa obtained its non-profit status from the IRS in November, 1999, and though still a young organization, has quickly managed to become an award-winning organization receiving praise for its children's programming and critical acclaim for its productions. The Rose Marine Theater, the home of Artes de la Rosa, opened as a movie house in the 1920s and has operated under three names, and has a legacy of presenting Spanish language films to generations of the Northside's ever increasing Hispanic population. The theater is listed on the National Register of Historic places. Today, the Rose Marine Theater has a seating capacity of 254 seats and provides an intimate setting with excellent acoustics for any type of performance. Adjacent to the theater is a gorgeous outdoor plaza and art gallery, both of which provide ample space for performances and receptions. Visit https://www.artesdelarosa.org for more details.

Vintage Flying Museum
The primary mission is to preserve America's flying heritage in Word, Deed and Action. Over 200 members now support these efforts. Twenty aircraft are on exhibit including several which are extremely rare and historic. Our goal is to give the public a hands-on approach to our aviation heritage by educational tours of our aircraft and learning about aviation history through our extensive artifact and memorabilia collection ranging from WWI, WWII, Korea and the Vietnam era. Program such as our “Take Flight Days” are offered to students throughout the year. The collections are made available to the general public through the museum’s many outreach activities. Visit http://www.vintageflyingmuseum.org for more details.

Local Businesses

Fort Worth Hispanic Chamber of Commerce
Located in 76164 since 1982, the chamber has hundreds of businesses and professional leaders. Today the FWHCC is a dynamic force, promoting international trade, education, opportunity and economic mobility for all and the continuous development of its members. The chamber particularly strives to serve its members through business and professional seminars, workshops, networking opportunities and business procurement assistance through its Economic Development Programs. The chamber also works to give back to our community through the FWHCC Scholarship fund created in 1991. Since then, it has provided over a million dollars in scholarship awards. Visit https://www.fwhcc.org for more details.

Meacham International Airport
Meacham International Airport is the city’s oldest operating airport; dating to 1925. Situated on 900 acres and strategically located just five miles north of historic downtown Fort Worth, Meacham shares a rich history with the City of Fort Worth and is poised for growth as North Texas’ premier corporate and general aviation facility. Meacham’s current facilities include three full-

service FBOs, aircraft maintenance facilities, flight schools, ASOS and onsite rental car facilities. Visit https://www.meacham.com for more details.

Churches[17]

There are approximately 57 churches in ZIP codes 76106 and 76164. 41 were identified in 76106, and 16 were identified in 76164. Denominations vary greatly and include: Catholic, Baptist, Pentecostal, and Methodist, to name a few. Both communities feature churches that cater to Spanish speakers.

Community Liabilities

Co-occurring Factors

The following are coexisting social determinants that affect Tarrant County adolescents. Information provided by Tarrant County Public Health Department and Centers for Disease Control and Prevention Youth Behavior Survey.

2019 CDC Youth Behavior Survey Results[18]

The Centers for Disease Control and Prevention (CDC) conducts an annual Youth Risk Behavior Surveillance System (YRBSS) survey. **Appendix A** illustrates results from Fort Worth, TX. Unless specified otherwise, statistics show behavior performed in the 12 months prior to the survey.

Community Maltreatment Risk Maps[19]

The Community Maltreatment Risk Maps are tools that use risk-mapping and geographically-based risk and resiliency models to illustrate the distribution of maltreatment rates in the state by ZIP Code. These maps were designed to identify and allocate resources in communities that may benefit from additional resources.

All data presented in these maps are expressed as z-scores, which reflects how far from the average a measure is. Values very close to zero are near the average. Negative values are below the average and positive values are above the average. For the purpose of this project, values that are more than .25 away from zero are importantly different from the average.

Vaping

Vaping has become popular in recent years because it is falsely believed to be the safer alternative to cigarette smoking. This liquid-based vapor carries the highly addictive nicotine into the lungs, which is later absorbed into the bloodstream.

Nationally, more than 1 in 4 high school students vaped in 2019. This is a 26% increase from 2011.[20]

According to the 2018 Texas Youth Tobacco Survey, 19% of high school students and 6% of middle school students vaped in the past 30 days.[21]

Teen Pregnancy[22]

In 2015, Tarrant County had a teen pregnancy rate of 30.2 per 1,000 females aged 15-19 years. 50% of Tarrant County teen pregnancies were Hispanic. In 2017, Tarrant County's teen live birth rate was 23.3 per 1,000 females, which is lower than the Texas rate (27.6), yet higher than the U.S. rate (18.8).

Teen Dating Violence[23]

Teen dating violence includes unhealthy actions or threats that occur in a teenage dating relationship with a current or previous partner. It is a type of intimate partner violence that can occur in-person or electronically. Among high school students in 2017: a significantly higher percentage of female students reported *sexual dating violence* compared to male students in both the United States (10.7% female and 2.8% male) and Texas (8.8% female and 3.1% male); and a significantly higher percentage of female students (9.1%) reported *physical dating violence* compared to male students (6.5%) in the United States; however, in Texas these differences were not significant (7.6% female and 6.1% male).

[20] ETR.org
[21] Texas Department of State and Health Services
[22] Tarrant County Public Health Department, *Teen Pregnancy Data Brief*
[23] Tarrant County Public Health Department, *Teen Dating Violence Data Brief*

Teen dating violence increases the risk of: substance use, suicide, risky sexual behaviors, domestic violence in adulthood, eating disorders, depression and anxiety, and antisocial behavior.

Types of Teen Dating Violence

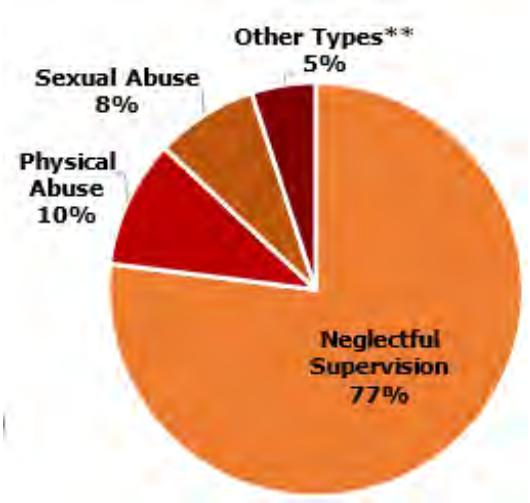
Digital	•Use of technology to track or control partner
Financial	•Controlling or abusing partner's money or job
Physical	•Use of physical force to purposely harm partner on purpose
Psychological Aggression	•Communication that harms partner's mental and emotional health
Sexual	•Forcing sex and related acts without partner's consent
Stalking	•Undesired contact or attention causing a partner to experience fear, anxiety, and feeling unsafe

Human Trafficking[24]

Texas is ranked 2nd for human trafficking cases reported to the National Human Trafficking Hotline (NHTH). Human trafficking can include both labor and sex work. Tarrant County is ranked as the 7th highest county with students attending public schools within 1,000 ft. of suspected illegal massage businesses.

Abuse and Neglect[25]

5,842 Tarrant County children, ages 0-17, experienced some form of abuse and neglect in 2018.



Gangs[26]

Gangs are extremely prevalent in the 76106 and 76164 community. There are too many gangs and sets to name, but the following list includes the most prevalent gangs in the 76106 and 76164 communities.

TOTAL REFERRALS	1195	1286	1225	1287	1038

Number of Juveniles

Between January 1, 2015 and December 31, 2019, a total of 280 juveniles were referred to Tarrant County Juvenile Probation Department (JPD) from ZIP codes 76106 and 76164. The table below displays the number of juveniles who were referred to Tarrant County JPD per year from each ZIP code[28].

[27] Courtesy of Tarrant County Juvenile Services

[28] The total number of juveniles referred per year does not equal the total number of juveniles referred in the 9 year period because a number of juveniles had referrals in more than one year.

Year	Number of Juveniles
2015	46
2016	87
2017	61
2018	90
2019	79

Juvenile Demographics

The majority (77.1%) of the juveniles referred to Tarrant County JPD from the identified ZIP codes during the years under investigation were male. In regards to ethnicity, the majority of youth were Hispanic (76.8%), followed by Caucasian (12.1%), and African American (11.1%).[29]

Demographic Variable	Characteristic	Number (%)
Gender	Male	216 (77.1%)
	Female	64 (22.9%)
Ethnicity	Hispanic	215 (76.8%)
	Caucasian	34 (12.1%)
	African American	31 (11.1%)
	Asian	0 (0.0%)

Age at time of Referral

The average age at time of referral was **14.4** years with a range of 10-23 years.[30]

Number of Referrals

These 280 juveniles accounted for 514 separate referrals. The average number of referrals per juvenile was 1.8 referrals (range of 1 to 11 referrals). The table below displays the number of referrals per year.

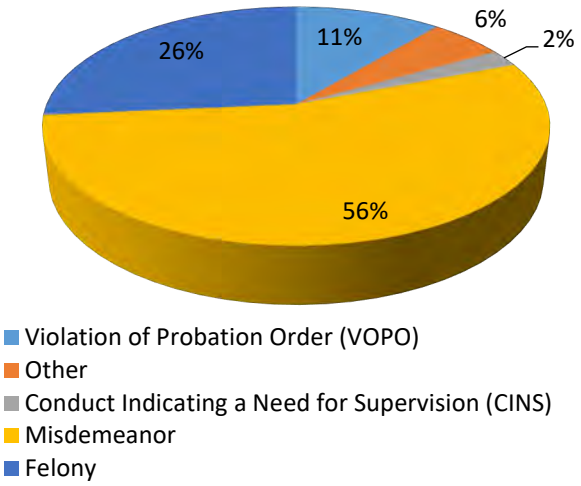
Year	Number of Referrals		
	76106	76164	Total
2015	46	21	67
2016	89	41	130
2017	55	29	84
2018	84	46	130
2019	64	39	103
TOTAL	**338**	**176**	**514**

[29] According to the 2010 National Census, the majority of the residents in this area classify themselves as being Hispanic or Latino (86.2%).

[30] There were five individuals over the age of 17 at time of referral. Three were felony offenses committed at the time they were juveniles and 2 were committed at or above 17.

Type of Referral

Of the 514 referrals between January 1, 2015 and December 31, 2019, the majority (n=280) were for misdemeanors. Felony offenses were the second most frequent referral category (n=136), followed by Violations of Probation Orders (n=57), other referrals (n=29), and Conduct Indicating a Need for Supervision (n=12).[31][32][33]



Top 11 Offenses

The following table presents information on the top 11 delinquent offenses for the 5 years under investigation. These 11 offenses accounted for over half (61.3%) of the offenses reported during the timeframe.

Offense	Type	Level/Degree	Number	Percent
Assault with Bodily Injury	Person	Class A Misdemeanor	74	14.4%
Possession of Marijuana Less than 2oz	Drug	Class B Misdemeanor	42	8.2%
Violation of Court Order – Technical	VOPO	n/a	39	7.6%
Family Violence Assault with Bodily Injury	Person	Class A Misdemeanor	31	6.0%
Possession of Marijuana Less than 2oz in Drug Free Zone	Drug	Class A Misdemeanor	25	4.9%
Directive to Apprehend/Warrant	Other	n/a	20	3.9%
Violation of Court Order – New Offense	VOPO	n/a	18	3.5%
Burglary of a Building	Property	State Jail Felony	17	3.3%
Burglary of a Habitation	Property	2nd Degree Felony	17	3.3%
Evading Arrest Detention	Obstruction of Justice	Class A Misdemeanor	16	3.1%
Theft of Property less than or equal to $100 and less than $750	Property	Class B Misdemeanor	16	3.1%

[31] The less severe offenses and status offenses are found in the conduct indicating a need for supervision category. *Conduct indicating a need for supervision* (CINS) is defined as conduct, other than jailable traffic offenses, that violates: 1) penal laws punishable by fine only or penal ordinances of any political subdivision of the state; 2) truancy; 3) runaway; 4) inhalant abuse; 5) public intoxication; 6) an act that violates a school districts previously communicated written standards of student conduct for which the student has been expelled; or 7) conduct that violates a court order for a child declared at risk.
[32] Other referral types include Directive to Apprehend (e.g. a warrant), Detention Holds for other jurisdictions, and youth who are detained pending a court hearing.
[33] A violation of probation order involves the juvenile violating the terms and conditions of the probation in which he/she is currently serving.

Interview and Survey Results

Interviews

During January and February 2019, the Youth Advisory Committee of Tarrant County interviewed six prominent leaders in their community with pre-formulated questions in relation to the CSNA survey.

Questions/Responses

1. What are some prevalent issues you have encountered or observed from teens in our area?

a. **Interviewee 1** – "The most prevalent issue I have seen is the lack of activities available for 12-18-year olds. We have sports available at the schools, but outside of campus and school hours there are not enough programs that spark the youth's interest."

b. **Interviewee 2** – "Teens lack options and activities that meet their interests. Aside from sports, teens would like to be involved in art, music, theatre, STEM, etc."

c. **Interviewee 3** – "There needs to be more activities outside of school that connect people with similar interests. Teens often stay out of trouble if they are involved in an after-school or weekend activity that they are passionate about. People need to feel connected and focusing energy in these types of groups deters energy from being used negatively."

d. **Interviewee 4** – "The lack of education on programs available to parents, family members, and students is a prevalent issue. There are many resources out there and our community needs to be educated on these."

e. **Interviewee 5** – "As for challenges in our community, I cannot speak negatively. In fact, our crime rates are not top ten in the county anymore. Referrals and truancy has gone down."

f. **Interviewee 6** – "As a community, our crime reports on drugs and theft have decreased immensely. As a whole, we are being affected by opioid use and drug use by minors. This is a prevalent issue of the nation. Sex trafficking is also an issue we are seeing spark across the U.S. People need to be more aware of sex trafficking, that is: what signs to look for, how to report it, and who to go to if they were or are a victim."

2. Can you offer some thoughts on drug use in the local area?

a. **Interviewee 1** – "Marijuana and cocaine were popular in the 90's, but drug use has decreased. I advise people to attend community patrol meetings to become more informed. While the drug use reported has decreased, reporting these incidents is vital in determining how much action can take."

b. **Interviewee 2** – "Drug use has been around for a long time. The types of drugs being used have shifted to perhaps methane and heroine. Marijuana use has been prevalent (as in the previous decades)."

c. **Interviewee 3** – "Teens and parents need to be more informed about the dangers of substance abuse. Students should be encouraged to speak up for their friends who are struggling."

d. **Interviewee 4** – "E-cigarettes are very popular now; some pre-teens and teens have found ways to use other substances besides tobacco in them. Drugs are also laced with fatal substances. I find that students are experimenting more with drugs without being educated about what could be inside them."

e. **Interviewee 5** – "Drug use has decreased in the community. In our previous efforts with CYD as a patrol officer, we insured drug use went down over the past ten years."

f. **Interviewee 6** – "Again, opioid use has risen across the country. Minors are using illegal drugs such as marijuana."

3. What resources are you aware of that are in place to help with issues in the community?

a. **Interviewee 1** – "The neighborhood patrol meetings, community meetings, school board meetings, and community centers are all in place to help and give a voice to the community. People who attend these are also great resources and advocates."

b. **Interviewee 2** – "Community centers, libraries, non-profit organizations (Boys and Girls Club, Girls Inc., Campfire, etc.) are helpful resources. These also provide classes, recreational sports, and a safe environment."

c. **Interviewee 3** – "The Neighborhood Association connects the community with city officials, the Neighborhood Patrol Officers (NPO) provide security, and the Boys and Girls Clubs provide a safe space to learn. Other resources are the community libraries, the Trinity Metro (for transportation), and the museums."

d. **Interviewee 4** – "The Good Will, Texas Workforce, Girls Inc., and any chamber of commerce are great resources. These agencies help connect people with resources and are closer to us than we think."

e. **Interviewee 5** – "There are intervention programs in place, but because crime has decreased we need more preventative programs. We have some non-profits who have made an impact in the community, and we need more. These programs should be immersed in the culture of the community, speak the jargon, and be equipped with trustworthy, genuine people. Our efforts should engage students early and throughout their teen years to reverse the negative stigmas."

f. **Interviewee 6** – "We have enough intervention programs in place, we need more prevention programs in the libraries, community centers, and schools."

4. Where can you suggest others seek support if there is lack of evident support from those around them?

a. **Interviewee 1** – "Counselors, teachers, and even community service staff provide great support. If you are shy, hot lines are also vital in providing support."

b. **Interviewee 2** – "Teachers, counselors, older students, mentors, and other people who teens are comfortable with are great support if support is lacking from their peers or family."

c. **Interviewee 3** – "Some of the resources provided in Question 3 provide great support and are filled with mentors. There are mentors at the Boys and Girls Clubs, NPO's, and even those who work in health care services."

d. **Interviewee 4** – "Counselors and teachers are great providers of support. They see students on a regular basis and are easily accessible. They are people just like everyone else and will notice if something is wrong almost immediately because of their experience and amount of exposure to the students."

e. **Interviewee 5** – "People can seek support from school staff, their neighborhood patrol officers, and mentors in their after-school programs."

f. **Interviewee 6** – "The teachers, coaches, counselors, and community center adults are a great source of support, knowledge, and encouragement."

5. How can we encourage more interaction/involvement from others in the local area?

a. **Interviewee 1** – "I encourage you to find your passion and get involved with the community through community service. Meeting people through community service can open many doors for you. Your energy and involvement encourage others to participate and could maybe link you to new opportunities."

b. **Interviewee 2** – "Find what you like to do, encourage others through social media, and volunteer at events that have similarities to your career goals."

c. **Interviewee 3** – "You can encourage more involvement by reaching out to other student leaders in other high schools, finding adults who are willing to be sponsors, and creating events that bring people with similar interests together."

d. **Interviewee 4** – "Volunteering in the community and building relationships with people will encourage their involvement as well. You can volunteer at your local church, at a shelter, or even at the community centers."

e. **Interviewee 5** – "Identify a strong group, or network of people, with the same mentality and change the narrative being provided through social media. The narrative should be how proud you are of your community because the North Side is a great place to live. People who graduate high school and college are coming back home because this is an excellent community."

f. **Interviewee 6** – "Bring volunteers to help and build their own community. Reiterate the cause when inviting them, and provide opportunities that meet their momentum. Find and identify other leaders in the community. Highlight how many great things are happening and encourage other to fill in gaps where they see a need."

6. **What are some ways of dealing with influence from peers and other members of the community?**

   a. **Interviewee 1** – "Simply reject their invitation politely and encourage them to do something positive with you instead."

   b. **Interviewee 2** – "Say no to peer pressure and tell a trusted adult if needed."

   c. **Interviewee 3** – "I have found that simply saying, 'No' is a great way to resist peer-pressure. If you have to involve an adult, go ahead and do so. You are protecting your friend and their life and health comes first."

   d. **Interviewee 4** – "Be honest and true to yourself. Go with your gut feeling and be confident that if you are not comfortable with something, you do not have to participate in it. Become a leader of a group in your community and encourage those around you in a positive manner."

   e. **Interviewee 5** – *Time did not allow.*

   f. **Interviewee 6** – *Time did not allow.*

Surveys

During November and December 2018, the Youth Advisory Committee of Tarrant County surveyed members of the community to discover the prevalent needs and challenges they feel the youth are faced with daily, and what programs could improve these challenges. For accuracy, the surveys were conducted anonymously and participants were picked at random. Two separate surveys were conducted: (1) youth survey for adolescents in the community, and (2) adult survey for parents, school staff and community members.

Adult Surveys

These results are based on a total of 62 survey responses.

1. Boredom (78)
2. Bad Influences from friends/Peers (71)
3. Bullying (68)
4. Gossiping/ Drama (60)
5. Drug Use (58)

IMPLICATION OF FINDINGS

Survey/Interview Summary

ISSUES			
COMMUNITY		SCHOOL	
ADULT	YOUTH	ADULT	YOUTH
Alcohol use	Alcohol use	Bad influences from friends	Boredom
Drug use	Homelessness	Bullying/teasing	Bad influences from friends
Cigarette use	Stray Animals	Stress	Bullying
Poverty	Drug use/Cigarette use	Truancy	Gossiping/Drama
Violence	Lack of safety in neighborhood	Low Self-Esteem	Drug use
		Thoughts of Suicide	

Programs needed in community:

- Career Exploration and Work Readiness
- Education and Academic Support/Tutoring
- Youth Leadership
- College Prep
- Bullying Prevention
- Community Service
- Health & Nutrition
- Life Skills

Interview Summary:

- Teens ages 12-18 need more activities after school.
- Community is being affected by opioid use and drug use by minors.
- Need education on sex trafficking.
- E-cigarettes are very popular and being used during school (used with tobacco and marijuana).
- Need more prevention programs.
- Encourage others through social media and volunteer at events, community service, build relationship with local church, community centers, libraries, etc.

Community Summary

76106 and 76164 Notable Characteristics:

- The communities make up is primarily Spanish-speaking Hispanics or Latinos.
- A large percentage of residents are Non-U.S. Citizens.
- The majority of citizens have less than a high school education.
- The poverty levels are more than twice the national average; 94% of students are low income.
- Schools have low accountability ratings; schools testing rank was in the bottom 15% of Texas schools.
- Amongst all Tarrant County ZIP codes, 76106 is #7 in highest number of referrals in Tarrant County to Juvenile Services.
- Assault with bodily injury and possession of marijuana are the top 2 offences for juveniles.
- Alcohol and drug use, poverty and violence are prevalent in the community.

Funding Priorities

CYD has evaluated all needs reported by the community, and has ranked funding priorities according to CYD policies, community issues, survey results and forum/event discussions.

CYD Funding Priorities:

1. Mentoring – required by grant
2. Youth Advisory Committee (YAC) – required by grant
3. Youth Leadership Development (YLD) – required by grant
4. Post-High School Readiness – required by grant
5. Life Skills
6. Education and Academic Support/Tutoring
7. Prevention – drug/alcohol (including vaping), sex trafficking, teen pregnancy and teen dating violence.
8. Career Exploration and Work Readiness
9. College Prep
10. Bullying Prevention
11. Community Service
12. Recreational Programs, to include Health & Nutrition

CONCLUSION & RECOMMENDATIONS

This CSNA was created to provide a profile of Tarrant County ZIP codes, 76106 and 76164, which is historically Tarrant County CYD's designated service area. Based on current data, ZIP codes 76106 and 76164 were selected for continued funding, due to high incidence of juvenile crime and additional determining factors. CYD programming is needed in this community to alleviate conditions in the family and community that lead to juvenile crime. CYD Programs should continue in this service area.

Reflections

CYD programs have been in this community for twenty-five years, which has helped to decrease juvenile delinquency, drug use, teen pregnancy, and truancy/dropout rates amongst program participants. Community relationships are strong, and should continue to sustain positive progress.

CYD programs should continue to:

- Include group sessions addressing topics listed under “Programs needed in Community.”
- Offer programs before school, during school, after school, and on weekends. CYD should continue to fund a variety of programs offered at a variety of times to meet the needs of all youth.
- Utilize all community assets for programming and outreach, including schools, community centers and libraries.
- Provide program information and outreach materials in Spanish, due to majority of parents are Spanish-speaking.
- Provide academic support and tutoring to ensure all schoolwork is completed at a high level (youth are not able to access help from home).
- Form positive relationships with primary caregivers through all avenues, including home visits, phone calls and primary caregiver/family involvement events.

Action Steps

Tarrant County CYD proposes to continue serving 76106 and 76164 as we have for the past twenty-five years, and add a pilot program in 76112 and 76119 to expand CYD services with at least one new or existing service provider. Since 76112 and 76119 are geographically next to one another, and most children and youth live and attend school interchangeably between the two ZIP codes, CYD will attempt to serve both 76112 and 76119 ZIP codes as one community as we do 76106 and 76164. Therefore, Tarrant County CYD will serve 2 distinct communities/service areas. It is believed that the presence of CYD will attract more support and services to these communities over the next five years.

- Identify current and potential service providers.
- Conduct competitive grant opportunity for Tarrant County CYD service providers for services starting September 1, 2021.
- Utilize CSNA to educate and direct service providers on content for programming.
- When working with teens, it has been found that gender-specific groups are beneficial. Programming should continue and/or seek to sponsor these types of programs.
- Continue to provide outreach for CYD and network with community service providers. These efforts will help provide additional resources to youth and families in need of services. These efforts will also help recruit new service providers for CYD funding.
- Ensure provision of services based on community needs (ex. times/locations).
- Continue to build and sustain partnerships with community schools, community centers and libraries for program referrals and group sites.
- Continue to build and sustain collaborations with Diamond Hill and Northside Community Neighborhood Associations, coalitions and networking groups to best meet the needs of youth and families in our community.

- Continue to provide community service projects and attend community events.
  - Continue to listen to youth voice through all avenues, including YAC and youth leader participation in quarterly CCC meetings.
  - Continue to provide annual CYD Vision Awards ceremony to highlight outstanding youth leaders and special projects of CYD; must include primary caregivers.
  - All CYD service providers must continue to provide primary caregiver and family involvement to the highest level possible; at least quarterly (monthly as a whole).
  - YAC will explore new projects to include in CSNA for FY2023; including new ideas and lessons learned from Youth Summit.

Appendix A: CDC Youth Risk Behavior Surveillance System (YRBSS)

High School Youth Risk Behavior Survey			
Question %	**Fort Worth, TX %**	**Texas %**	**United States %**
Unintentional Injuries and Violence			
Rarely or never wore a seat belt (when riding in a car driven by someone else)	7.0†	7.4	6.5
Rode with a driver who had been drinking alcohol (in a car or other vehicle, one or more times during the 30 days before the survey)	21.7	19.4	16.7
Drove when they had been drinking alcohol (in a car or other vehicle, one or more times during the 30 days before the survey, among students who had driven a car or other vehicle during the 30 days before the survey)	7.2	5.3	5.4
Texted or e-mailed while driving a car or other vehicle (on at least 1 day during the 30 days before the survey, among students who had driven a car or other vehicle during the 30 days before the survey)	38.6	41.7	39.0
Carried a weapon (such as a gun, knife, or club, on at least 1 day during the 30 days before the survey)	11.4	15.0	13.2
Carried a weapon on school property (such as a gun, knife, or club, on at least 1 day during the 30 days before the survey)	2.4	3.3	2.8
Carried a gun (on at least 1 day during the 12 months before the survey,not counting the days when they carried a gun only for hunting or for a sport such as target shooting)	6.4	6.1	4.4
Were threatened or injured with a weapon on school property (such as a gun, knife, or club, one or more times during the 12 months before the survey)	6.3	6.7	7.4
Were in a physical fight (one or more times during the 12 months before the survey)	22.6	23.5	21.9
Were in a physical fight on school property (one or more times during the 12 months before the survey)	10.1	8.0	8.0

Were electronically bullied (counting being bullied through texting, Instagram, Facebook, or other social media, during the 12 months before the survey)	9.6	12.2	15.7
Were bullied on school property (during the 12 months before the survey)	11.3	14.3	19.5
Did not go to school because they felt unsafe at school or on their way to or from school (on at least 1 day during the 30 days before the survey)	11.1	12.1	8.7
Were ever physically forced to have sexual intercourse (when they did not want to)	8.6	10.3	7.3
Experienced sexual violence by anyone (including kissing, touching, or being physically forced to have sexual intercourse when they did not want to, one or more times during the 12 months before the survey)	9.7	10.0	10.8
Experienced sexual dating violence (being forced to do sexual things (counting such things as kissing, touching, or being physically forced to have sexual intercourse) they did not want to do by someone they were dating or going out with, one or more times during the 12 months before the survey, among students who dated or went out with someone during the 12 months before the survey)	6.3	5.4	8.2
Experienced physical dating violence (being physically hurt on purpose (counting such things as being hit, slammed into something, or injured with an object or weapon) by someone they were dating or going out with, one or more times during the 12 months before the survey, among students who dated or went out with someone during the 12 months before the survey)	6.7	8.3	8.2
Felt sad or hopeless (almost every day for 2 or more weeks in a row so that they stopped doing some usual activities, during the 12 months before the survey)	33.5	38.3	36.7
Seriously considered attempting suicide (during the 12 months before the survey)	14.8	18.9	18.8
Made a plan about how they would attempt suicide (during the 12 months before the survey)	12.6	15.0	15.7
Actually attempted suicide (one or more times during the 12 months before the survey)	11.1	10.0	8.9
Suicide attempt resulted in an injury, poisoning, or overdose that had to be treated by a doctor or nurse (during the 12 months before the survey)	3.9	3.4	2.5
Tobacco Use			
Ever tried cigarette smoking (even one or two puffs)	20.9		24.1
First tried cigarette smoking before age 13 years (even one or two puffs)	7.0	10.6	7.9
Currently smoked cigarettes (on at least 1 day during the 30 days before the survey)	3.3	4.9	6.0
Currently smoked cigarettes frequently (on 20 or more days during the 30 days before the survey)	0.4	0.7	1.3

Currently smoked cigarettes daily (on all 30 days during the 30 days before the survey)	0.3	0.6	1.1
Smoked more than 10 cigarettes per day (on the days they smoked during the 30 days before the survey, among students who currently smoked cigarettes)	N/A	N/A	8.1
Ever used electronic vapor products (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods)	43.2	48.7	50.1
Currently used electronic vapor products (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, on at least 1 day during the 30 days before the survey)	12.5	18.7	32.7
Currently used electronic vapor products frequently (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, on 20 or more days during the 30 days before the survey)	3.2	6.5	10.7
Currently used electronic vapor products daily (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, on all 30 days during the 30 days before the survey)	2.4	4.8	7.2
Usually got their own electronic vapor products by buying them in a store (such as a convenience store, supermarket, discount store, gas station, or vape store, including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, during the 30 days before the survey, among the __% of students nationwide who currently used electronic vapor products and who were aged <18 years)	15.3	15.3	8.1
Currently used smokeless tobacco (chewing tobacco, snuff, dip, snus, or dissolvable tobacco products, such as Redman, Levi Garrett, Beechnut, Skoal, Skoal Bandits, Copenhagen, Camel Snus, Marlboro Snus, General Snus, Ariva, Stonewall, or Camel Orbs, not counting any electronic vapor products, on at least 1 day during the 30 days before the survey)	2.6	3.4	3.8
Currently smoked cigars (cigars, cigarillos, or little cigars, on at least 1 day during the 30 days before the survey)	5.1	5.7	5.7
Currently smoked cigars frequently (cigars, cigarillos, or little cigars, on 20 or more days during the 30 days before the survey)	0.9	0.9	1.1
Currently smoked cigars daily (cigars, cigarillos, or little cigars, on all 30 days during the 30 days before the survey)	0.6	0.5	0.8
Currently smoked cigarettes or cigars (on at least 1 day during the 30 days before the survey)	6.4	8.2	9.2
Currently smoked cigarettes or cigars or used smokeless tobacco (on at least 1 day during the 30 days before the survey)	7.1	9.5	10.5

Currently smoked cigarettes or cigars or used smokeless tobacco or electronic vapor products (on at least 1 day during the 30 days before the survey)	15.1	21.8	36.5
Currently smoked cigarettes or used electronic vapor products (on at least 1 day during the 30 days before the survey)	13.8	20.0	34.4
Did not try to quit using all tobacco products (including cigarettes, cigars, smokeless tobacco, shisha or hookah tobacco, and electronic vapor products, ever during the 12 months before the survey, among students who used any tobacco products during the 12 months before the survey)	54.4	55.1	52.4
Alcohol and Other Drug Use			
Had their first drink of alcohol before age 13 years (other than a few sips)	16.9	17.0	15.0
Currently drank alcohol (at least one drink of alcohol, on at least 1 day during the 30 days before the survey)	22.4	27.8	29.2
Currently were binge drinking (four or more drinks of alcohol in a row for female students or five or more drinks of alcohol in a row for male students, that is, within a couple of hours, on at least 1 day during the 30 days before the survey)	8.4	11.5	13.7
Usually obtained the alcohol they drank by someone giving it to them (during the 30 days before the survey, among students who currently drank alcohol)	41.8	40.5	40.5
Reported that the largest number of drinks they had in a row was 10 or more (within a couple of hours, during the 30 days before the survey)	2.2	3.8	3.1
Ever used marijuana (also called pot, weed, or cannabis, one or more times during their life)	36.8	33.5	36.8
Tried marijuana for the first time before age 13 years (also called pot, weed, or cannabis)	7.7	6.7	5.6
Currently used marijuana (also called pot, weed, or cannabis, one or more times during the 30 days before the survey)	18.5	17.7	21.7
Ever used synthetic marijuana (also called "Spice," "fake weed," "K2," "King Kong," "Yucatan Fire," or "Skunk," one or more times during their life)	7.6	7.1	7.3
Ever took prescription pain medicine without a doctor's prescription or differently than how a doctor told them to use it (counting drugs such as codeine, Vicodin, Oxycontin, Hydrocodone, and Percocet, one or more times during their life)	15.0	16.6	14.3
Currently took prescription pain medicine without a doctor's prescription or differently than how a doctor told them to use it (one or more times during the 30 days before the survey)			7.2
Ever used cocaine (any form of cocaine, such as powder, crack, or freebase, one or more times during their life)	5.1	4.8	3.9

Ever used inhalants (sniffed glue, breathed the contents of aerosol spray cans, or inhaled any paints or sprays to get high, one or more times during their life)	5.7	6.3	6.4
Ever used heroin (also called "smack," "junk," or "China White," one or more times during their life)	2.4	1.3	1.8
Ever used methamphetamines (also called "speed," "crystal meth," "crank," "ice," or "meth," one or more times during their life)	2.5	2.2	2.1
Ever used ecstasy (also called "MDMA," one or more times during their life)	3.6	4.0	3.6
Ever used hallucinogenic drugs (such as LSD, acid, PCP, angel dust, mescaline, or mushrooms, one or more times during their life)			7.0
Ever took steroids without a doctor's prescription (pills or shots, one or more times during their life)	2.7	2.1	1.9
Ever injected any illegal drug (used a needle to inject any illegal drug into their body, one or more times during their life)	2.0	1.2	1.6
Were offered, sold, or given an illegal drug on school property (during the 12 months before the survey)	26.0	27.6	21.8
Ever used select illicit drugs (counting cocaine, inhalants, heroin, methamphetamines, ecstasy, or hallucinogens, one or more times during their life)			14.8
Sexual Behaviors			
Ever had sexual intercourse	37.8	42.7	38.4
Had sexual intercourse for the first time before age 13 years	2.9	2.9	3.0
Had sexual intercourse with four or more persons (during their life)	8.1	9.7	8.6
Were currently sexually active (had sexual intercourse with at least one person, during the 3 months before the survey)	25.2	29.3	27.4
Did not use a condom during last sexual intercourse (among students who were currently sexually active)	45.1	51.0	45.7
Did not use birth control pills before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	86.2	84.9	77.0
Did not use an IUD (e.g., Mirena or ParaGard) or implant (e.g., Implanon or Nexplanon) before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	92.5	95.8	95.2
Did not use birth control pills; an IUD (e.g., Mirena or ParaGard) or implant (e.g., Implanon or Nexplanon); or a shot (e.g., Depo-Provera), patch (e.g., OrthoEvra), or birth control ring (e.g., NuvaRing) before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	76.8	78.0	69.1

Did not use both a condom during last sexual intercourse and birth control pills; an IUD (e.g., Mirena or ParaGard) or implant (e.g., Implanon or Nexplanon); or a shot (e.g., Depo-Provera), patch (e.g., OrthoEvra), or birth control ring (e.g., NuvaRing) before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	94.4	92.9	90.9
Did not use any method to prevent pregnancy during last sexual intercourse (among students who were currently sexually active)	21.1	22.1	11.9
Drank alcohol or used drugs before last sexual intercourse (among students who were currently sexually active)	14.6	17.6	21.2
Were never tested for human immunodeficiency virus (HIV) (not counting tests done if they donated blood)	87.3	89.0	90.6
Were not tested for a sexually transmitted disease (STD) other than HIV (such as chlamydia or gonorrhea, during the 12 months before the survey)	88.1	90.5	91.4
Dietary Behaviors			
Did not eat fruit or drink 100% fruit juices (such as orange juice, apple juice, or grape juice, not counting punch, Kool-Aid, sports drinks, or other fruit-flavored drinks, during the 7 days before the survey)	6.9	8.8	6.3
Did not eat vegetables (green salad, potatoes (not counting French fries, fried potatoes, or potato chips), carrots, or other vegetables, during the 7 days before the survey)	12.2	11.5	7.9
Did not drink milk (counting milk in a glass or cup, from a carton, or with cereal and the half pint of milk served at school as equal to one glass, during the 7 days before the survey)	29.2	33.6	30.6
Drank soda or pop (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop, during the 7 days before the survey)	75.0	76.4	68.3
Drank a can, bottle, or glass of soda or pop one or more times per day (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop, during the 7 days before the survey)	15.2	19.5	15.1
Drank a can, bottle, or glass of soda or pop two or more times per day (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop, during the 7 days before the survey)	9.0	10.6	9.3
Drank a sports drink (such as Gatorade or Powerade, not counting low-calorie sports drinks such as Propel or G2, during the 7 days before the survey)			49.9
Drank a can, bottle, or glass of a sports drink one or more times per day (such as Gatorade or Powerade, not counting low-calorie sports drinks such as Propel or G2, during the 7 days before the survey)			10.6

Drank a can, bottle, or glass of a sports drink two or more times per day (such as Gatorade or Powerade, not counting low-calorie sports drinks such as Propel or G2, during the 7 days before the survey)			6.1
Did not drink a bottle or glass of plain water (counting tap, bottled, and unflavored sparkling water, during the 7 days before the survey)			4.0
Did not eat breakfast (during the 7 days before the survey)	23.7	18.0	16.7
Did not eat breakfast on all 7 days (during the 7 days before the survey)	75.7	72.4	66.9
Physical Activity			
Did not participate in at least 60 minutes of physical activity on at least 1 day (in any kind of physical activity that increased their heart rate and made them breathe hard some of the time, during the 7 days before the survey)	19.0	20.1	17.0
Were not physically active at least 60 minutes per day on 5 or more days (doing any kind of physical activity that increased their heart rate and made them breathe hard some of the time, during the 7 days before the survey)	62.6	58.2	55.9
Were not physically active at least 60 minutes per day on all 7 days (in any kind of physical activity that increased their heart rate and made them breathe hard some of the time, during the 7 days before the survey)	79.7	77.1	76.8
Did not do exercises to strengthen or tone muscles on three or more days (such as push-ups, sit-ups, or weight-lifting, during the 7 days before the survey)			50.5
Played video or computer games or used a computer 3 or more hours per day (counting time spent playing games, watching videos, texting, or using social media on their smartphone, computer, Xbox, PlayStation, iPad, or other tablet, for something that was not school work, on an average school day)	41.8	46.1	46.1
Watched television 3 or more hours per day (on an average school day)	21.2	20.9	19.8
Did not attend physical education (PE) classes on 1 or more days (in an average week when they were in school)	50.8	53.0	47.8
Did not attend physical education (PE) classes on all 5 days (in an average week when they were in school)	69.3	64.9	74.1
Did not play on at least one sports team (counting any teams run by their school or community groups, during the 12 months before the survey)	51.0	51.5	42.6
Had a concussion from playing a sport or being physically active (one or more times during the 12 months before the survey)	15.6	13.4	15.1
Obesity, Overweight, and Weight Control			

Had obesity (students who were >= 95th percentile for body mass index, based on sex- and age-specific reference data from the 2000 CDC growth charts)	21.3	16.9	15.5
Were overweight (students who were >= 85th percentile but <95th percentile for body mass index, based on sex- and age-specific reference data from the 2000 CDC growth charts)	19.2	17.8	16.1
Described themselves as slightly or very overweight	36.5	33.1	32.4
Were not trying to lose weight	46.2	48.7	51.7
Other Health Topics			
Ever told by a doctor or nurse that they had asthma	21.0	22.6	21.8
Never saw a dentist (for a check-up, exam, teeth cleaning, or other dental work)	2.4	2.7	1.9
Did not get 8 or more hours of sleep (on an average school night)	74.5	76.9	77.9
Used an indoor tanning device (such as a sunlamp, sunbed, or tanning booth, not counting getting a spray-on tan, one or more times during the 12 months before the survey)			4.5
Rarely or never wear sunscreen with an SPF of 15 or higher (when being outside for more than one hour on a sunny day)			15.5
Had to avoid some foods because eating the food could cause an allergic reaction (such as skin rashes, swelling, itching, vomiting, coughing, or trouble breathing)			16.7

INTRODUCTION

History of Program

The Community Youth Development (CYD) Program was established in 1995 with funds authorized by the 74th Legislature to assist communities in alleviating conditions in the family and community that lead to juvenile crime. In 2015, the CYD statute moved to the Texas Family Code from the Texas Human Resources Code without any amendments and is as follows: Sec. 265.057. COMMUNITY YOUTH DEVELOPMENT GRANTS. (a) Subject to available funding, the department shall award Community Youth Development grants to communities identified by incidence of crime. The department shall give priority to awarding grants under this section to areas of the state in which there is a high incidence of juvenile crime. (b) The purpose of a grant under this section is to assist a community in alleviating conditions in the family and community that lead to juvenile crime.

The program has expanded over the last twenty-five years and supports youth by fostering safe spaces, positive relationships, and structured opportunities to build developmental assets and skills. These supports lead to strengthened connection, engagement, and contribution to their community. The Texas Department of Family and Protective Services (DFPS) Prevention's Early Intervention (PEI) Division has adopted a Positive Youth Development approach for CYD to meet the goal of assisting communities in alleviating conditions in the family and community that lead to juvenile crime. This approach encompasses more than solely providing early intervention or preventing risk behaviors that lead to juvenile crime; it also builds skills, attributes, and developmental assets that are needed to prepare youth people to grow into thriving adults[1].

Tarrant County was involved in the planning stages and establishment of the local CYD program in December 1995, and has acted as the Fiscal Agent since program inception in April 1996. ZIP code 76106 was identified by the Legislature to receive CYD funding in 1996. In 2007, the United States Postal Service split 76106 into two ZIP codes, 76106 and 76164. Tarrant County has continued to serve the 76106 and 76164 ZIP code areas as one CYD community until present. The 76106/76164 CYD program operates in partnership with Tarrant County Public Health Department (TCPH), Community Collaborative Committee (CCC), Youth Advisory Committee (YAC), and contracted service providers.

Tarrant County is proposing to expand CYD programming into 76112 and 76119 ZIP code areas with Fiscal Year 2022 CYD funding.

Purpose of CSNA

The Community Strengths and Needs Assessment (CSNA) is a tool to help identify local resources and community needs for promoting positive youth development. The results of this assessment are used to develop a prioritized list of youth service needs, effective strategies, and a responsive action plan. Furthermore, it identifies community strengths and protective factors, and includes community attitudes and expectations of youth. Therefore, Tarrant County CYD can

[1] CYD RFA No. HHS0008417

better promote protective factors in youth to prevent negative outcomes such as juvenile delinquency by conducting, reviewing, and analyzing the outcomes of this CSNA.

Scope of CSNA

The CSNA is focused on juvenile delinquency prevention and protective factors of youth ages 6-17. Information gathered through this CSNA relates to and is analyzed in terms of the issues that impact youth, describes the needs for services, identifies strengths and protective factors within the community, and includes community attitudes and expectations of community youth. In addition to being a collaborative effort based on community input, the input and voice of community youth is a key component of this CSNA.

Goals of CSNA

1. Select ZIP codes for program expansion.
2. Establish the profiles of the 76112 and 76119 community.
3. Identify and list community needs.
4. Identify and list community assets and resources.
5. Develop a prioritized list of youth service needs
6. Develop a prioritized list of effective strategies.
7. Share assessment outcomes with community partners and providers.
8. Match established community services with identified needs.
9. Establish funding priorities for CYD competitive process for service providers.

COMMUNITY DESCRIPTION

Community History

The ZIP codes 76112 and 76119 are home to historical neighborhoods like Carver Heights, Handley, and Stop Six. The most recognized neighborhood, Stop Six, received its name for being the sixth stop on an interurban streetcar route that operated from Dallas to Fort Worth in the early 1900s[2]. During its earliest settlement, many rural Black landowners moved into the east Fort Worth area. The area then became increasingly segregated and, as a result, marginalized and neglected[1] by national and local government [3,4]. Decades later, gangs infiltrated the area forever changing the trajectory of the east Fort Worth community. However, in the late 1990s and early 2000s Dunbar boys' basketball team brought attention, hope, and pride back to east Fort Worth.

Recently, disinvestment of businesses, unemployment, and subsequent poverty has negatively affected east Fort Worth. In 2016, City Council voted to remove the historic designation of east

[2] Melton, 2019
[3] Brown, 2018
[4] Nishimura, 2018

Fort Worth[5]. In 2017, Stop Six was selected by the City of Fort Worth as the first target area to participate in the Neighborhood Improvement Strategy pilot program. The program granted $2.56 million to invest in the program, which will be focused on reducing the number of felony incidents, enhancing pedestrian safety, improving residents' perception of their community, improve neighborhood aesthetics, and leverage additional public and private investment[6].

Community Map

Area Surveyed – 76112 and 76119 are located in south east Fort Worth. Together they border Lake Arlington on the east. 76112 is bordered by Tierney road (west), Randol Mill road (north), and Loop 820 and Ramey Place (south). Sections of Interstate 30 and State Highway 180 runs through 76112 while U.S. Highway 287 runs through 76119. Additionally, Interstate 20 borders the south side of 76119 as east Berry road borders the north side. Ramey Place and Loop 820 borders the northeast while Sycamore Creek borders the west.

76112 neighborhoods include Meadowbrook, Eastern Hills, Handley, Woodhaven, Ryanwood, Ederville, Carver Heights, and parts of Stop Six. 76119 neighborhoods include Glencrest, Echo Heights, Edgewood, Eastland, parts of Stop Six.

DATA COLLECTION METHODS

Juvenile, school, health, and demographic statistics were collected through secondary research methods and partnerships. The Tarrant County CYD intern obtained quantitative demographic statistics by using the 2018 American Community Survey of the U.S. Census Bureau to create community profiles of 76112 and 76119. Google searches were conducted to find the communities' history, attractions, local businesses, and potential service providers. Tarrant County's CYD Program Manager utilized community partners (Fort Worth ISD, Tarrant County Juvenile Services, and Boys & Girls Club) to receive recent information about ZIP code specific data regarding school performance, juvenile delinquency, and gang involvement.

During Spring 2020, CYD staff conducted in-person interviews to collect qualitative data about the ZIP codes' need for youth programs. Paper surveys were distributed to public middle and high schools in the targeted ZIP codes to assess the youths' perspective of their community needs and desired programming.

DATA ANALYSIS

There were two main components to creating this assessment: Determination of ZIP Codes, which included multiple rounds of analysis, and Data Collection.

Methodology of Determination of ZIP Codes

To find the most eligible ZIP codes, all 97 Tarrant County ZIP codes were compared by child maltreatment risks and juvenile delinquency rates provided by University of Texas Population Health and Department of Family Protective Services (DFPS), respectively. Seven ZIP codes (76119, 76112, 76105, 76104, 76103, 76020, & 76011) were found to have rates of child maltreatment risks and juvenile rates that were considered to be "above average". The top seven ZIP codes were then compared by middle and high schools. School ratings were determined by Texas Education Agency's (TEA) 2019 Accountability Rating, the percentage of students that are "economically disadvantaged", percentage of students who "met grade level academic performance expectations", percentage of graduates, and the percentage of students who dropped out. Two of the ZIP codes (76103 & 76011) were automatically removed for their lack of middle and high schools. One ZIP code (76020) was eliminated for receiving average scoring school ratings.

After considering maltreatment risks, juvenile rates, and school ratings, only four ZIP codes (76104, 76105, 76112, & 76119) remained. To advance into the next step, one ZIP code had to be eliminated. 76105 was removed because, in comparison to the other ZIP codes, it had more protective factors (i.e. higher school ratings, lower maltreatment risks, etc.). So, 76112, 76119 and 76104 were chosen as the top three ZIP codes.

A Strengths-Challenges-Opportunities-Threats (SCOT) analysis was conducted on the top three ZIP codes. The SCOT analysis looked at communities' basic demographics, resources, and potential CYD service locations. No ZIP codes were formally eliminated; however, ZIP codes were ranked in the following order: 76112, 76119, and 76104. After conducting surveys and

interviews, 76112 and 76119 were chosen due to community gun violence, drug and alcohol use, homelessness and gangs. School ratings were determined by Texas Education Agency's (TEA) 2019 Accountability Rating, which showed 95% of students are low income. Middle and high schools' overall accountability rating was C, D or F. 2020 Public School Review showed middle and high schools' overall testing rank was in the bottom 7% of Texas schools, and graduation rate was 84%. Additional determining factors included: ZIP codes proximity to each other (serve as one community), high maltreatment rates, high poverty rates, high need of juvenile crime prevention, and potential to accommodate youth development programs and services.

Data Collection

CYD staff interviewed fifteen community leaders to receive a more intimate look at each ZIP code. Those interviewed were community leaders, local service providers, and school personnel. Findings from the interview are recorded in the *Interview* section. CYD staff also attended community events and public schools to distribute over 300 surveys to determine if and how community needs could be met by CYD services. Survey results are recorded in the *Survey* section.

RESULTS

The following section is a visual depiction of demographics, community resources, survey results, and other valuable information discovered during data collection.

Demographics

Race & Ethnicity[7]

Community Liabilities

Co-occurring Factors

The following are coexisting social determinants that affect Tarrant County adolescents. Information provided by Tarrant County Public Health Department and Centers for Disease Control and Prevention Youth Behavior Survey.

2019 CDC Youth Behavior Survey Results[21]

The Centers for Disease Control and Prevention (CDC) conducts an annual Youth Risk Behavior Surveillance System (YRBSS) survey. **Appendix A** illustrates results from Fort Worth, TX. Unless specified otherwise, statistics show behavior performed in the 12 months prior to the survey.

Community Maltreatment Risk Maps[22]

The Community Maltreatment Risk Maps are tools that use risk-mapping and geographically-based risk and resiliency models to illustrate the distribution of maltreatment rates in the state by ZIP Code. These maps were designed to identify and allocate resources in communities that may benefit from additional resources. All data presented in these maps are expressed as z-scores, which reflects how far from the average a measure is. Values very close to zero are near the average. Negative values are below the average and positive values are above the average. For the purpose of this project, values that are more than .25 away from zero are importantly different from the average.

Vaping

Vaping has become popular in recent years because it is falsely believed to be the safer alternative to cigarette smoking. This liquid-based vapor carries the highly addictive nicotine into the lungs, which is later absorbed into the bloodstream.

Nationally, more than 1 in 4 high school students vaped in 2019. This is a 26% increase from 2011.[23]

According to the 2018 Texas Youth Tobacco Survey, 19% of high school students and 6% of middle school students vaped in the past 30 days.[24]

Teen Pregnancy[25]

In 2015, Tarrant County had a teen pregnancy rate of 30.2 per 1,000 females aged 15-19 years. 50% of Tarrant County teen pregnancies were Hispanic. In 2017, Tarrant County's teen live birth rate was 23.3 per 1,000 females, which is lower than the Texas rate (27.6), yet higher than the U.S. rate (18.8).

Teen Dating Violence[26]

Teen dating violence includes unhealthy actions or threats that occur in a teenage dating relationship with a current or previous partner. It is a type of intimate partner violence that can occur in-person or electronically. Among high school students in 2017: a significantly higher percentage of female students reported *sexual dating violence* compared to male students in both the United States (10.7% female and 2.8% male) and Texas (8.8% female and 3.1% male); and a significantly higher percentage of female students (9.1%) reported *physical dating violence* compared to male students (6.5%) in the United States; however, in Texas these differences were not significant (7.6% female and 6.1% male).

Teen dating violence increases the risk of: substance use, suicide, risky sexual behaviors, domestic violence in adulthood, eating disorders, depression and anxiety, and antisocial behavior.

[26] Tarrant County Public Health Department, *Teen Dating Violence Data Brief*

Types of Teen Dating Violence

Digital	•Use of technology to track or control partner
Financial	•Controlling or abusing partner's money
Physical	•Use of physical force to purposely harm partner
Psychological Aggression	•Communication that harms partner's mental and emotional health
Sexual	•Coerced sexual activity without partner's consent
Stalking	•Undesired contact or attention that causes partner to feel unsafe and anxious

Human Trafficking[27]

Texas is ranked 2nd for human trafficking cases reported to the National Human Trafficking Hotline (NHTH). Human trafficking can include both labor and sex work. Tarrant County is ranked as the 7th highest county with students attending public schools within 1,000 ft. of suspected illegal massage businesses.

Abuse and Neglect[28]

5,842 Tarrant County children, ages 0-17, experienced some form of abuse and neglect in 2018.

TOTAL REFERRALS	1195	1286	1225	1287	1038

Number of Juveniles

Between January 1, 2015 and December 31, 2019, a total of 635 juveniles were referred to Tarrant County Juvenile Probation Department (JPD) from ZIP codes 76112 and 76119. The table below displays the number of juveniles who were referred to Tarrant County JPD per year from each ZIP code.[30]

Year	Number of Juveniles
2015	135
2016	141
2017	185
2018	206
2019	193

[29] Courtesy of Tarrant County Juvenile Services

[30] The total number of juveniles referred per year does not equal the total number of juveniles referred in the 9 year period because a number of juveniles had referrals in more than one year.

Juvenile Demographics

The majority (68.2%) of the juveniles referred to Tarrant County JPD from the identified ZIP codes during the years under investigation were male. In regards to ethnicity, the majority of youth were African American (71.0%), followed by Hispanic (24.0%), and Caucasian (4.5%).[31]

Demographic Variable	Characteristic	Number (%)
Gender	Male	434 (68.3%)
	Female	201 (31.7%)
Ethnicity	Hispanic	137 (21.6%)
	Caucasian	33 (5.2%)
	African American	461 (72.6%)
	Asian	2 (0.3%)
	Unknown	2 (0.3%)

Age at time of Referral

The average age at time of referral was **14.3** years with a range of 10-26 years.[32]

Number of Referrals

These 635 juveniles accounted for 1460 separate referrals. The average number of referrals per juvenile was 2.3 referrals (range of 1 to 18 referrals). The table below displays the number of referrals per year.

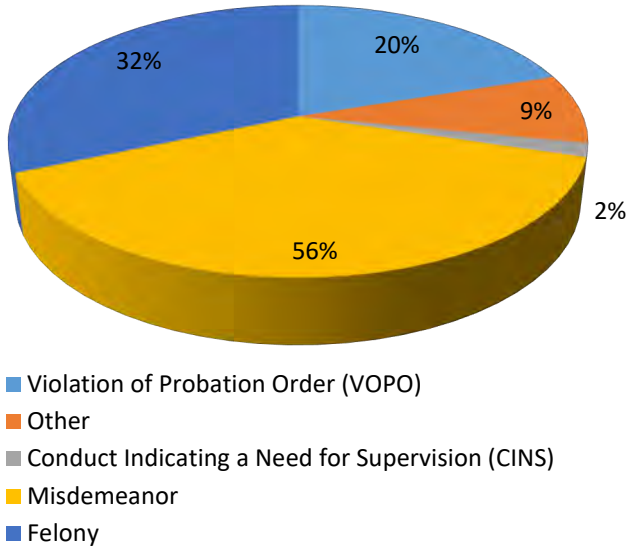
Year	Number of Referrals		
	76112	76119	Total
2015	112	109	221
2016	103	144	247
2017	161	154	315
2018	150	169	319
2019	123	235	358
TOTAL	**649**	**811**	**1460**

[31] According to the 2010 National Census, the majority of the residents in this area classify themselves as being African American (47.1%).

[32] There were ten individuals over the age of 17 at time of referral. Four were felony offenses committed at the time they were juveniles, three were for other offenses commited at the time they were juveniles, and three were committed at or above 17.

Type of Referral

Of the 1980 referrals between January 1, 2015 and December 31, 2019, the majority (n=541) were for misdemeanors. Felony offenses were the second most frequent referral category (n=464), followed by Violations of Probation Orders (n=295), other referrals (n=133), and Conduct Indicating a Need for Supervision (n=27).[33][34][35]



Top 11 Offenses

The following table presents information on the top 11 delinquent offenses for the 5 years under investigation. These 11 offenses accounted for over half (61.9%) of the offenses reported during the timeframe.

Offense	Type	Level/Degree	Number	Percent
Violation of Court Order – Technical	VOPO	n/a	170	11.6%
Assault with Bodily Injury	Person	Class A Misdemeanor	139	9.5%
Violation of Court Order – New Offense	VOPO	n/a	118	8.1%
Directive to Apprehend/Warrant	Other	n/a	118	8.1%
Family Violence Assault with Bodily Injury	Person	Class A Misdemeanor	86	5.9%
Aggravated Robbery	Person	1st Degree Felony	61	4.2%
Burglary of a Habitation	Property	2nd Degree Felony	52	3.6%
Evading Arrest Detention	Obstruction of Justice	Class A Misdemeanor	43	2.9%
Possession of Marijuana Less than 2oz	Drug	Class B Misdemeanor	42	2.9%
Unauthorized Use of Vehicle	Property	State Felony	38	2.6%
Assault Public Servant	Person	3rd Degree Felony	37	2.5%

[33] The less severe offenses and status offenses are found in the conduct indicating a need for supervision category. *Conduct indicating a need for supervision* (CINS) is defined as conduct, other than jailable traffic offenses, that violates: 1) penal laws punishable by fine only or penal ordinances of any political subdivision of the state; 2) truancy; 3) runaway; 4) inhalant abuse; 5) public intoxication; 6) an act that violates a school districts previously communicated written standards of student conduct for which the student has been expelled; or 7) conduct that violates a court order for a child declared at risk.

[34] Other referral types include Directive to Apprehend (e.g. a warrant), Detention Holds for other jurisdictions, and youth who are detained pending a court hearing.

[35] A violation of probation order involves the juvenile violating the terms and conditions of the probation in which he/she is currently serving.

Interview and Survey Results

Interviews

During Spring 2020, Tarrant County CYD staff interviewed fifteen prominent leaders. Common themes that emerged from the interviews were students are currently involved in the juvenile justice system and are in need more evidence-based prevention interventions in hopes to create a culture change. Interviewees shared that students engage in behavior problems such as truancy, fighting, and vaping. Most interviewees attributed these behavioral problems to difficulties youth may be experiencing at home (i.e. single-parent homes because parents have died or in jail, living in temporary housing due to financial and custodial issues).

All interview participants agreed that youth need mentoring and positive programs to give them life skills, social skills, coping skills, tutoring, anger management, and positive peers. However, there was not consensus in when services should be provided. Some interviewees suggested that older students should attend programs during school hours because of having to catch a bus ride home, babysit younger siblings, or attend practices. Other interviewees suggested that programs occur after school to provide students with positive programming to prevent the opportunity to engage in delinquent behavior.

Surveys

During Spring 2020, the Tarrant County CYD staff surveyed over 300 members of the community to discover the prevalent needs and challenges they feel the youth are faced with daily, and what programs could improve these challenges. Survey data was collected using paper surveys and participants were selected randomly from community events, etc.

IMPLICATION OF FINDINGS

Survey Summary

Top 5 problems in schools

1. Boredom- 157
2. Gossip/rumors- 144
3. Stress- 136
4. Bullying- 123
5. Bad influences from friends- 122

Top 5 problems in community

1. Gun violence- 126
2. Alcohol use- 119
3. Drug use- 116
4. Homelessness- 115
5. Gangs- 107

Top 5 requested programs

1. Field trips- 145
2. Life skills- 134
3. Sports- 121
4. Counseling- 112
5. Music- 109

Top 3 suggested times

1. After school- 185
2. During school- 170
3. Before school- 68

Top 3 suggested locations

1. School
2. Community center
3. Gym

Community Summary

76112 and 76119 Notable Characteristics:

- The community's make up is primarily Black/African American and Hispanics/Latinos.
- The majority of citizens have less than a high school education.
- The poverty levels are twice the national average; 95% of students are low income.
- Schools have low accountability ratings; schools testing rank was in the bottom 7% of Texas schools.
- Amongst all Tarrant County ZIP codes, 76119 is #1 and 76112 is #2 in highest number of referrals in Tarrant County to Juvenile Services.
- Assault with bodily injury is the top offence for juveniles.
- Community Maltreatment Risk Maps are comparatively high.
- Gun violence, alcohol and drug use, homelessness and gangs are prevalent in the community.

Funding Priorities

CYD has evaluated all needs reported by the community, and has ranked funding priorities according to CYD policies, community issues, survey results and interviews.

CYD Funding Priorities:

1. Mentoring – required by grant
2. Youth Advisory Committee (YAC) – required by grant
3. Youth Leadership Development (YLD) – required by grant
4. Post-High School Readiness (PHSR) – required by grant
5. Life Skills
6. Recreational Activities (Field Trips and Sports)
7. Counseling
8. Arts (Music, Dance, Photography, Acting, and Arts & Crafts)
9. Bullying Prevention
10. Academic Assistance (Mentoring, College Prep, and Tutoring)
11. Health

CONCLUSION & RECOMMENDATIONS

This CSNA was created to select additional ZIP codes to expand Tarrant County CYD programming. Based on the data, ZIP codes 76112 and 76119 were selected, due to high incidence of juvenile crime and additional determining factors. CYD programming is needed in this community to alleviate conditions in the family and community that lead to juvenile crime.

Action Steps

Tarrant County CYD proposes to add a pilot program in 76112 and 76119 to expand CYD services with at least one new or existing service provider. Since 76112 and 76119 are geographically next to one another, and most children and youth live and attend school interchangeably between the two ZIP codes, CYD will attempt to serve both 76112 and 76119 ZIP codes as one community as we do 76106 and 76164. Therefore, Tarrant County CYD will serve 2 distinct communities/service areas. It is believed that the presence of CYD will attract more support and services to these communities over the next five years.

- Identify potential service providers.
- Conduct competitive grant opportunity for Tarrant County CYD service providers for services starting September 1, 2021.
- Utilize CSNA to educate and direct Service Providers on content for programming.
- Provide outreach for CYD and network with community service providers. These efforts will help provide additional resources to youth and families in need of services. These efforts will also help recruit new service providers for CYD funding.
- Ensure provision of services based on community needs (ex. times/locations).
- Build and sustain partnerships with community schools, community centers and libraries for program referrals and group sites.
- Build and sustain collaborations with Unity in the Community, neighborhood associations, coalitions and networking groups to best meet the needs of youth and families in the community.
- Provide community service projects and attend community events.
    - Listen to youth voice through all avenues, including YAC and youth leader participation in quarterly CCC meetings.

- Provide annual CYD Vision Awards ceremony to highlight outstanding youth leaders and special projects of CYD; must include primary caregivers.
- CYD service providers must provide primary caregiver and family involvement to the highest level possible; at least quarterly (monthly as a whole).
- YAC will explore new projects to include in CSNA for FY2023; including new ideas and lessons learned from Youth Summit.

Appendix A: CDC Youth Risk Behavior Surveillance System (YRBSS)

High School Youth Risk Behavior Survey			
Question %	**Fort Worth, TX %**	**Texas %**	**United States %**
Unintentional Injuries and Violence			
Rarely or never wore a seat belt (when riding in a car driven by someone else)	7.0†	7.4	6.5
Rode with a driver who had been drinking alcohol (in a car or other vehicle, one or more times during the 30 days before the survey)	21.7	19.4	16.7
Drove when they had been drinking alcohol (in a car or other vehicle, one or more times during the 30 days before the survey, among students who had driven a car or other vehicle during the 30 days before the survey)	7.2	5.3	5.4
Texted or e-mailed while driving a car or other vehicle (on at least 1 day during the 30 days before the survey, among students who had driven a car or other vehicle during the 30 days before the survey)	38.6	41.7	39.0
Carried a weapon (such as a gun, knife, or club, on at least 1 day during the 30 days before the survey)	11.4	15.0	13.2
Carried a weapon on school property (such as a gun, knife, or club, on at least 1 day during the 30 days before the survey)	2.4	3.3	2.8
Carried a gun (on at least 1 day during the 12 months before the survey,not counting the days when they carried a gun only for hunting or for a sport such as target shooting)	6.4	6.1	4.4
Were threatened or injured with a weapon on school property (such as a gun, knife, or club, one or more times during the 12 months before the survey)	6.3	6.7	7.4
Were in a physical fight (one or more times during the 12 months before the survey)	22.6	23.5	21.9
Were in a physical fight on school property (one or more times during the 12 months before the survey)	10.1	8.0	8.0
Were electronically bullied (counting being bullied through texting, Instagram, Facebook, or other social media, during the 12 months before the survey)	9.6	12.2	15.7
Were bullied on school property (during the 12 months before the survey)	11.3	14.3	19.5
Did not go to school because they felt unsafe at school or on their way to or from school (on at least 1 day during the 30 days before the survey)	11.1	12.1	8.7
Were ever physically forced to have sexual intercourse (when they did not want to)	8.6	10.3	7.3

Experienced sexual violence by anyone (including kissing, touching, or being physically forced to have sexual intercourse when they did not want to, one or more times during the 12 months before the survey)	9.7	10.0	10.8
Experienced sexual dating violence (being forced to do sexual things (counting such things as kissing, touching, or being physically forced to have sexual intercourse) they did not want to do by someone they were dating or going out with, one or more times during the 12 months before the survey, among students who dated or went out with someone during the 12 months before the survey)	6.3	5.4	8.2
Experienced physical dating violence (being physically hurt on purpose (counting such things as being hit, slammed into something, or injured with an object or weapon) by someone they were dating or going out with, one or more times during the 12 months before the survey, among students who dated or went out with someone during the 12 months before the survey)	6.7	8.3	8.2
Felt sad or hopeless (almost every day for 2 or more weeks in a row so that they stopped doing some usual activities, during the 12 months before the survey)	33.5	38.3	36.7
Seriously considered attempting suicide (during the 12 months before the survey)	14.8	18.9	18.8
Made a plan about how they would attempt suicide (during the 12 months before the survey)	12.6	15.0	15.7
Actually attempted suicide (one or more times during the 12 months before the survey)	11.1	10.0	8.9
Suicide attempt resulted in an injury, poisoning, or overdose that had to be treated by a doctor or nurse (during the 12 months before the survey)	3.9	3.4	2.5
Tobacco Use			
Ever tried cigarette smoking (even one or two puffs)	20.9		24.1
First tried cigarette smoking before age 13 years (even one or two puffs)	7.0	10.6	7.9
Currently smoked cigarettes (on at least 1 day during the 30 days before the survey)	3.3	4.9	6.0
Currently smoked cigarettes frequently (on 20 or more days during the 30 days before the survey)	0.4	0.7	1.3
Currently smoked cigarettes daily (on all 30 days during the 30 days before the survey)	0.3	0.6	1.1
Smoked more than 10 cigarettes per day (on the days they smoked during the 30 days before the survey, among students who currently smoked cigarettes)	N/A	N/A	8.1
Ever used electronic vapor products (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods)	43.2	48.7	50.1

Currently used electronic vapor products (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, on at least 1 day during the 30 days before the survey)	12.5	18.7	32.7
Currently used electronic vapor products frequently (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, on 20 or more days during the 30 days before the survey)	3.2	6.5	10.7
Currently used electronic vapor products daily (including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, on all 30 days during the 30 days before the survey)	2.4	4.8	7.2
Usually got their own electronic vapor products by buying them in a store (such as a convenience store, supermarket, discount store, gas station, or vape store, including e-cigarettes, vapes, vape pens, e-cigars, e-hookahs, hookah pens, and mods, during the 30 days before the survey, among the __% of students nationwide who currently used electronic vapor products and who were aged <18 years)	15.3	15.3	8.1
Currently used smokeless tobacco (chewing tobacco, snuff, dip, snus, or dissolvable tobacco products, such as Redman, Levi Garrett, Beechnut, Skoal, Skoal Bandits, Copenhagen, Camel Snus, Marlboro Snus, General Snus, Ariva, Stonewall, or Camel Orbs, not counting any electronic vapor products, on at least 1 day during the 30 days before the survey)	2.6	3.4	3.8
Currently smoked cigars (cigars, cigarillos, or little cigars, on at least 1 day during the 30 days before the survey)	5.1	5.7	5.7
Currently smoked cigars frequently (cigars, cigarillos, or little cigars, on 20 or more days during the 30 days before the survey)	0.9	0.9	1.1
Currently smoked cigars daily (cigars, cigarillos, or little cigars, on all 30 days during the 30 days before the survey)	0.6	0.5	0.8
Currently smoked cigarettes or cigars (on at least 1 day during the 30 days before the survey)	6.4	8.2	9.2
Currently smoked cigarettes or cigars or used smokeless tobacco (on at least 1 day during the 30 days before the survey)	7.1	9.5	10.5
Currently smoked cigarettes or cigars or used smokeless tobacco or electronic vapor products (on at least 1 day during the 30 days before the survey)	15.1	21.8	36.5
Currently smoked cigarettes or used electronic vapor products (on at least 1 day during the 30 days before the survey)	13.8	20.0	34.4

Did not try to quit using all tobacco products (including cigarettes, cigars, smokeless tobacco, shisha or hookah tobacco, and electronic vapor products, ever during the 12 months before the survey, among students who used any tobacco products during the 12 months before the survey)	54.4	55.1	52.4
Alcohol and Other Drug Use			
Had their first drink of alcohol before age 13 years (other than a few sips)	16.9	17.0	15.0
Currently drank alcohol (at least one drink of alcohol, on at least 1 day during the 30 days before the survey)	22.4	27.8	29.2
Currently were binge drinking (four or more drinks of alcohol in a row for female students or five or more drinks of alcohol in a row for male students, that is, within a couple of hours, on at least 1 day during the 30 days before the survey)	8.4	11.5	13.7
Usually obtained the alcohol they drank by someone giving it to them (during the 30 days before the survey, among students who currently drank alcohol)	41.8	40.5	40.5
Reported that the largest number of drinks they had in a row was 10 or more (within a couple of hours, during the 30 days before the survey)	2.2	3.8	3.1
Ever used marijuana (also called pot, weed, or cannabis, one or more times during their life)	36.8	33.5	36.8
Tried marijuana for the first time before age 13 years (also called pot, weed, or cannabis)	7.7	6.7	5.6
Currently used marijuana (also called pot, weed, or cannabis, one or more times during the 30 days before the survey)	18.5	17.7	21.7
Ever used synthetic marijuana (also called "Spice," "fake weed," "K2," "King Kong," "Yucatan Fire," or "Skunk," one or more times during their life)	7.6	7.1	7.3
Ever took prescription pain medicine without a doctor's prescription or differently than how a doctor told them to use it (counting drugs such as codeine, Vicodin, Oxycontin, Hydrocodone, and Percocet, one or more times during their life)	15.0	16.6	14.3
Currently took prescription pain medicine without a doctor's prescription or differently than how a doctor told them to use it (one or more times during the 30 days before the survey)			7.2
Ever used cocaine (any form of cocaine, such as powder, crack, or freebase, one or more times during their life)	5.1	4.8	3.9
Ever used inhalants (sniffed glue, breathed the contents of aerosol spray cans, or inhaled any paints or sprays to get high, one or more times during their life)	5.7	6.3	6.4
Ever used heroin (also called "smack," "junk," or "China White," one or more times during their life)	2.4	1.3	1.8

Ever used methamphetamines (also called "speed," "crystal meth," "crank," "ice," or "meth," one or more times during their life)	2.5	2.2	2.1
Ever used ecstasy (also called "MDMA," one or more times during their life)	3.6	4.0	3.6
Ever used hallucinogenic drugs (such as LSD, acid, PCP, angel dust, mescaline, or mushrooms, one or more times during their life)			7.0
Ever took steroids without a doctor's prescription (pills or shots, one or more times during their life)	2.7	2.1	1.9
Ever injected any illegal drug (used a needle to inject any illegal drug into their body, one or more times during their life)	2.0	1.2	1.6
Were offered, sold, or given an illegal drug on school property (during the 12 months before the survey)	26.0	27.6	21.8
Ever used select illicit drugs (counting cocaine, inhalants, heroin, methamphetamines, ecstasy, or hallucinogens, one or more times during their life)			14.8
Sexual Behaviors			
Ever had sexual intercourse	37.8	42.7	38.4
Had sexual intercourse for the first time before age 13 years	2.9	2.9	3.0
Had sexual intercourse with four or more persons (during their life)	8.1	9.7	8.6
Were currently sexually active (had sexual intercourse with at least one person, during the 3 months before the survey)	25.2	29.3	27.4
Did not use a condom during last sexual intercourse (among students who were currently sexually active)	45.1	51.0	45.7
Did not use birth control pills before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	86.2	84.9	77.0
Did not use an IUD (e.g., Mirena or ParaGard) or implant (e.g., Implanon or Nexplanon) before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	92.5	95.8	95.2
Did not use birth control pills; an IUD (e.g., Mirena or ParaGard) or implant (e.g., Implanon or Nexplanon); or a shot (e.g., Depo-Provera), patch (e.g., OrthoEvra), or birth control ring (e.g., NuvaRing) before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	76.8	78.0	69.1

Did not use both a condom during last sexual intercourse and birth control pills; an IUD (e.g., Mirena or ParaGard) or implant (e.g., Implanon or Nexplanon); or a shot (e.g., Depo-Provera), patch (e.g., OrthoEvra), or birth control ring (e.g., NuvaRing) before last sexual intercourse (to prevent pregnancy, among students who were currently sexually active)	94.4	92.9	90.9
Did not use any method to prevent pregnancy during last sexual intercourse (among students who were currently sexually active)	21.1	22.1	11.9
Drank alcohol or used drugs before last sexual intercourse (among students who were currently sexually active)	14.6	17.6	21.2
Were never tested for human immunodeficiency virus (HIV) (not counting tests done if they donated blood)	87.3	89.0	90.6
Were not tested for a sexually transmitted disease (STD) other than HIV (such as chlamydia or gonorrhea, during the 12 months before the survey)	88.1	90.5	91.4
Dietary Behaviors			
Did not eat fruit or drink 100% fruit juices (such as orange juice, apple juice, or grape juice, not counting punch, Kool-Aid, sports drinks, or other fruit-flavored drinks, during the 7 days before the survey)	6.9	8.8	6.3
Did not eat vegetables (green salad, potatoes (not counting French fries, fried potatoes, or potato chips), carrots, or other vegetables, during the 7 days before the survey)	12.2	11.5	7.9
Did not drink milk (counting milk in a glass or cup, from a carton, or with cereal and the half pint of milk served at school as equal to one glass, during the 7 days before the survey)	29.2	33.6	30.6
Drank soda or pop (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop, during the 7 days before the survey)	75.0	76.4	68.3
Drank a can, bottle, or glass of soda or pop one or more times per day (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop, during the 7 days before the survey)	15.2	19.5	15.1
Drank a can, bottle, or glass of soda or pop two or more times per day (such as Coke, Pepsi, or Sprite, not counting diet soda or diet pop, during the 7 days before the survey)	9.0	10.6	9.3
Drank a sports drink (such as Gatorade or Powerade, not counting low-calorie sports drinks such as Propel or G2, during the 7 days before the survey)			49.9
Drank a can, bottle, or glass of a sports drink one or more times per day (such as Gatorade or Powerade, not counting low-calorie sports drinks such as Propel or G2, during the 7 days before the survey)			10.6

Drank a can, bottle, or glass of a sports drink two or more times per day (such as Gatorade or Powerade, not counting low-calorie sports drinks such as Propel or G2, during the 7 days before the survey)			6.1
Did not drink a bottle or glass of plain water (counting tap, bottled, and unflavored sparkling water, during the 7 days before the survey)			4.0
Did not eat breakfast (during the 7 days before the survey)	23.7	18.0	16.7
Did not eat breakfast on all 7 days (during the 7 days before the survey)	75.7	72.4	66.9
Physical Activity			
Did not participate in at least 60 minutes of physical activity on at least 1 day (in any kind of physical activity that increased their heart rate and made them breathe hard some of the time, during the 7 days before the survey)	19.0	20.1	17.0
Were not physically active at least 60 minutes per day on 5 or more days (doing any kind of physical activity that increased their heart rate and made them breathe hard some of the time, during the 7 days before the survey)	62.6	58.2	55.9
Were not physically active at least 60 minutes per day on all 7 days (in any kind of physical activity that increased their heart rate and made them breathe hard some of the time, during the 7 days before the survey)	79.7	77.1	76.8
Did not do exercises to strengthen or tone muscles on three or more days (such as push-ups, sit-ups, or weight-lifting, during the 7 days before the survey)			50.5
Played video or computer games or used a computer 3 or more hours per day (counting time spent playing games, watching videos, texting, or using social media on their smartphone, computer, Xbox, PlayStation, iPad, or other tablet, for something that was not school work, on an average school day)	41.8	46.1	46.1
Watched television 3 or more hours per day (on an average school day)	21.2	20.9	19.8
Did not attend physical education (PE) classes on 1 or more days (in an average week when they were in school)	50.8	53.0	47.8
Did not attend physical education (PE) classes on all 5 days (in an average week when they were in school)	69.3	64.9	74.1
Did not play on at least one sports team (counting any teams run by their school or community groups, during the 12 months before the survey)	51.0	51.5	42.6
Had a concussion from playing a sport or being physically active (one or more times during the 12 months before the survey)	15.6	13.4	15.1
Obesity, Overweight, and Weight Control			

Had obesity (students who were >= 95th percentile for body mass index, based on sex- and age-specific reference data from the 2000 CDC growth charts)	21.3	16.9	15.5
Were overweight (students who were >= 85th percentile but <95th percentile for body mass index, based on sex- and age-specific reference data from the 2000 CDC growth charts)	19.2	17.8	16.1
Described themselves as slightly or very overweight	36.5	33.1	32.4
Were not trying to lose weight	46.2	48.7	51.7
Other Health Topics			
Ever told by a doctor or nurse that they had asthma	21.0	22.6	21.8
Never saw a dentist (for a check-up, exam, teeth cleaning, or other dental work)	2.4	2.7	1.9
Did not get 8 or more hours of sleep (on an average school night)	74.5	76.9	77.9
Used an indoor tanning device (such as a sunlamp, sunbed, or tanning booth, not counting getting a spray-on tan, one or more times during the 12 months before the survey)			4.5
Rarely or never wear sunscreen with an SPF of 15 or higher (when being outside for more than one hour on a sunny day)			15.5
Had to avoid some foods because eating the food could cause an allergic reaction (such as skin rashes, swelling, itching, vomiting, coughing, or trouble breathing)			16.7
† Percentage, confidence interval, cell size			
N/A < 100 respondents for the subgroup			

Appendix B: ZIP Search, Risks

ZIP	2017 Juvenile Rate	Avg. Maltreatment Risk across ages	Reason for Elimination
76001		2	Low maltreatment
76002		2	Low maltreatment
76006		3	Low maltreatment

Attachment D-4: PEI Evidence-Based Ranking Tool

Exhibit H-
PEI Evidence-Based Program Ranking Tool

About the Evidence-Based Program (EBP) Ranking Tool:
The Evidence-Based Program Ranking Tool was developed by PEI to help programs move towards Evidence-Based and Promising Practice Programs. The tool allows Respondents to propose programs with an emerging research and evaluation base that may not yet have been reviewed by a traditional clearinghouse. In addition, the tool ensures fit between a program's evidence and implementation. PEI's research round table, a group of experts in the field of child maltreatment prevention, developed and reviewed the tool for this purpose.

Section I: Evidence-Based Program Description
All Respondents must complete this section of the ranking tool. Proposed Program Models will be evaluated for rigor and appropriateness for the goals of this procurement.

PART A: Basic Information

Name of Evidence-Based Program: Tarrant County CYD – Subgrantees are TBD
Evidence-Based Program Developer/Creator:

Description of the Program:

How did you hear about the program?

Has this program been ranked by an Evidence-Based Clearinghouse?

☐ Yes ☐ No

If so, which clearinghouse?

What is the program's current numerical rank and ranking category (Evidence-Based Practice, Psychometrics Well-Demonstrated, Promising Practice, etc.)?

Ranking	Ranking Category

Please provide the URL for the clearinghouse ranking that you referenced above:

Attachment D-4: PEI Evidence-Based Ranking Tool

Exhibit H-
PEI Evidence-Based Program Ranking Tool

Why do you want to use this EBP, and which of your target populations will it be targeted towards?

Based on the information above, who will be receiving this program and which type of service will it be used for?

Section I, Part A points (1 to 5):	

Ranking Justification/Notes

PART B. Training and Program Materials

Please describe the program's training requirements and required qualifications. Include any licensing or educational requirements needed to implement the program to fidelity and any programmatic training offered by the program developers. For programmatic training, indicate the length (in hours, days, or weeks, as applicable), frequency (one-time, annual, etc.), and mode (webinar, in-person, observational, written, etc.) of the training and whether the training is optional or required.

Based on the information above, does your staff meet the educational, licensing, and training requirements of the program?

☐ Yes, our staff meets the requirements

☐ No, our staff does not meet the requirements

☐ Our staff does not currently meet the requirements, but we have a training plan to meet the requirements (describe below)

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Attachment D-4: PEI Evidence-Based Ranking Tool

Exhibit H-
PEI Evidence-Based Program Ranking Tool

Please provide a brief description of and links to (or attachments of) the program's written program materials. Include the types of materials available, including written guidance on program administration and practice protocol:

Ranking (For PEI use only): (Select all that apply)

Section I, Part B points (1 to 5):	

Ranking Justification/Notes

Section II: Evidence Based Program Ranking
This section should be completed by Respondents proposing an Evidence-Based or Promising Practice Program that has not already been approved by PEI. Approved Evidence-Based or Promising Practice Programs are listed in the tool's appendix (starting on p. 10).

PART A. Theoretical Basis
Please provide a brief description of and a link to (or attachment of) the program's logic model or conceptual framework:

Ranking (For PEI use only): (Select all that apply)

Section II, Part A points (1 to 4):	

Ranking Justification/Notes

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Attachment D-4: PEI Evidence-Based Ranking Tool

Exhibit H-
PEI Evidence-Based Program Ranking Tool

PART B: Program Replication

Please provide a brief description of and links to (or attachments of) information related to program replication. Include information on how frequently the program has been replicated and where/for whom it has been replicated.

Ranking (For PEI use only):

Section II, Part B points (1 to 5):	

Ranking Justification/Notes:

PART C: Outcomes of Intervention

Please provide a brief description of and a link to (or attachment of) research illustrating the outcomes of the program. Include a description of the outcomes, the target population for whom the outcomes were illustrated, the length over which the tested outcomes were illustrated or sustained in the research, and why you believe the outcomes are relevant to your proposed program.

Ranking (For PEI use only):

Section II, Part C points (1 to 10):	

Ranking Justification/Notes

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Attachment D-4: PEI Evidence-Based Ranking Tool

Exhibit H-
PEI Evidence-Based Program Ranking Tool

Part D: Publication of Evaluations

Please provide a brief description of and link to (or attachment of) the most relevant published evaluation research of the program. Please prioritize research that has been published in peer-reviewed literature and conducted by an external evaluator within the past five to ten years. Make sure to include details on the research design and the methodologies used in the research.

Ranking (For PEI use only):

Section II, Part D points (1 to 17):	

Ranking Justification/Notes

Section III: Required Components:
In addition to the information above, please include anything additional that is needed to illustrate that the program is involved in continuous improvement and would not constitute a risk of harm to those who would receive it. (Include links or attachments as appropriate).

Evaluation of Required Criteria (For PEI use only):

Section III, Part A points (1 to 5):	

Evaluation Criteria/Notes:

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

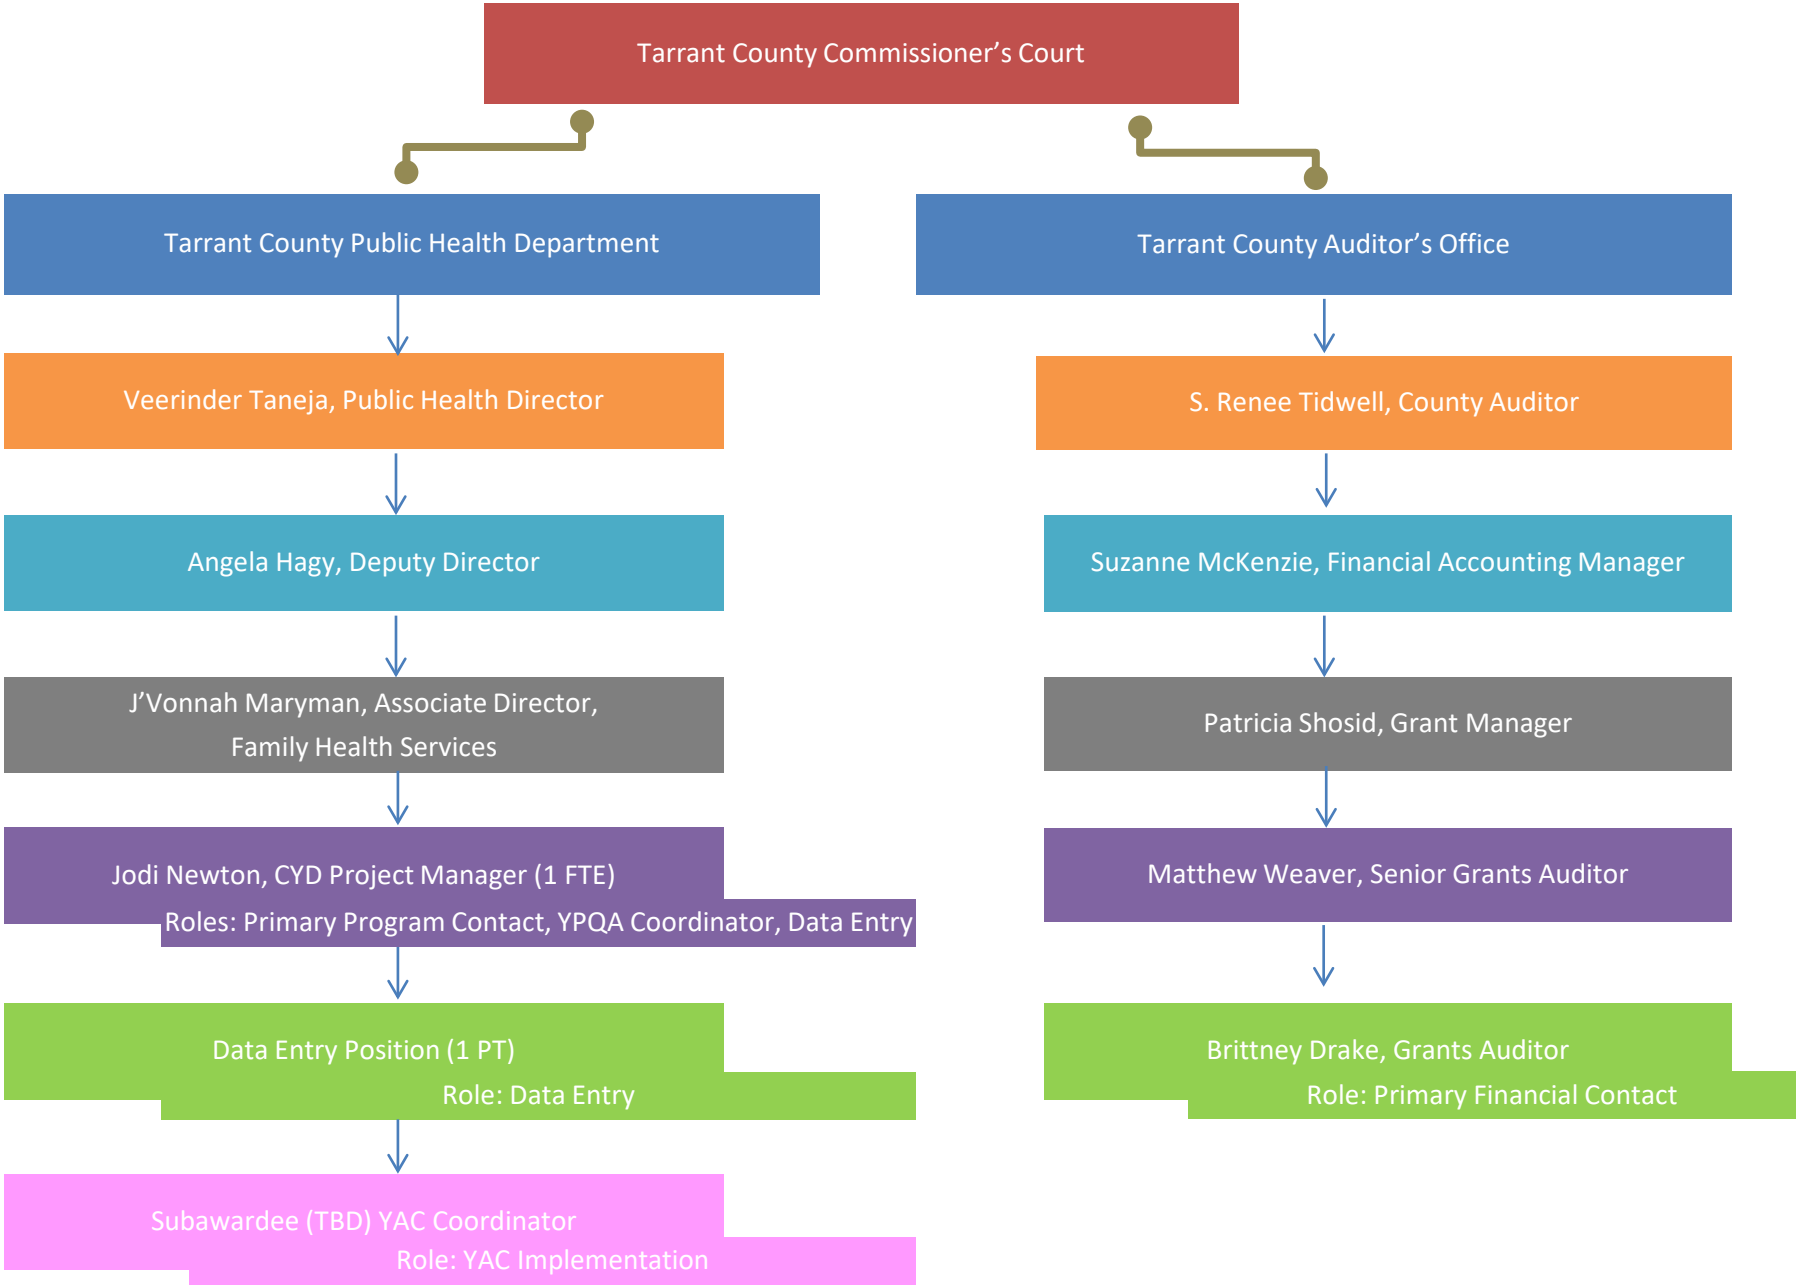
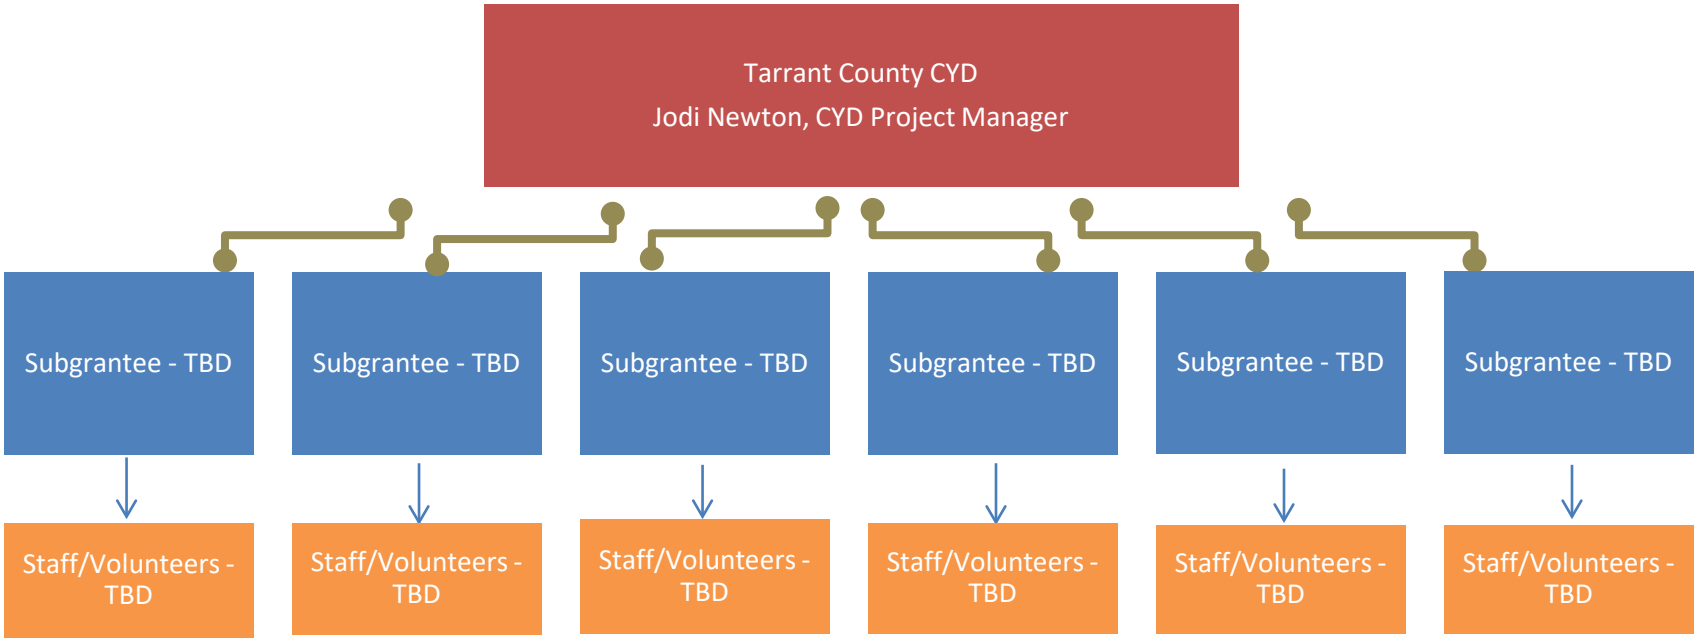
Attachment D-6: CYD Program Chart



Attachment D-7: Subawardee Organizational Chart



Attachment D-8: Risk Assessment Tools

N/A - Tarrant County CYD monitors all subgrantees on an annual basis. Risk assessments are not used.

Attachment D-9-a: Monitoring Tools-Administrative

Community Youth Development (CYD) – FY22
SUBAWARD ADMINISTRATIVE MONITORING TOOL
Tarrant County, Texas

BACKGROUND (Section I)

Date of Review:

Name of Fiscal Agent:
DFPS Contract Number:

Subaward Organization Name:
Program Name:
Program Service Dates:

Contact Name:
Contact Phone Number:
Address of Monitoring:

ADMINISTRATION (Section II)

1. **Describe all communication methods and means for clients to access services:**

2. **Maintenance of Contract**

   A. **Does the provider have the FY22 CYD subaward contract on file?** Yes or No?

      If yes, where is it maintained?

   B. **Does the provider have plan changes and/or budget transfers on file?** Yes, No, or N/A?

      If yes, where are they maintained?

3. **Maintenance of Data Collection Forms:**

   A. **Does the provider have current internal written procedures and deadlines in place for processing CYD data collection forms monthly?** Yes or No?

      If yes, insert copy as attachment.

   B. **Does the provider turn in programmatic forms to the Fiscal Agent according to the desk review deadline dates?** Yes or No?

Programmatic Forms:
Monthly Report
Monthly Service Tracking Form
Attendance Logs
Participant Forms
Training Certificates

If no, explain:

C. **Does the provider turn in monthly billings to the Fiscal Agent according to the desk review deadline dates?** Yes or No?

If no, explain:

D. **Does the provider have daily/monthly sign-in sheets or attendance logs on file for all CYD services?** Yes or No?

If yes, where are they located?

If yes, do they include a signature certifying the validity of the information? Yes or No?

E. **Does the provider have Monthly Service Tracking Forms on file?** Yes or No?

If yes, where are the forms located?

F. **Does the provider have individual/group progress notes, materials/hand-outs used, and additional documentation on file as appropriate to the program?** Yes or No?

If yes, describe:

EMPLOYEES / VOLUNTEERS (Section III)

1. **List employees working with CYD, including position title and role.**

2. **List volunteers working with CYD. What is their role, and how are they used?**

3. **Are job descriptions on file for each employee and volunteer position?** Yes or No?

If no, explain:

If yes, where are job descriptions filed?

4. **How are appropriate levels of staff maintained to operate the program, per your contract with Tarrant County?**

5. **Has staff turnover been a problem?** Yes or No?

If yes, how is it being addressed?

6. **Is the staffing plan outlined in the provider's CYD contract being followed?** Yes or No?

   If no, explain:

7. **Does the current Signature Authority Designation form on file with CYD list the current and correct signatories?** Yes or No?

   If no, explain:

CRIMINAL BACKGROUND CHECKS (Section IV)

1. **How are employees and volunteers screened?**

   List all methods:

2. **Are agency Criminal Background Checks (CBC) on file for all employees and volunteers?** Yes or No?

   If no, explain:

3. **Were all DFPS clearances (criminal history, abuse/neglect, and FBI if applicable) received before the employee or volunteer began work with CYD?** Yes or No?

   If no, explain:

4. **Where are files located to validate criminal background checks?**

5. **Are they kept secure?** Yes or No?

PERSONNEL FILES (Section V)

1. **Where are personnel files located?**

2. **Are they kept secure?** Yes or No?

3. **Do all employees meet the education requirements (must be at least 18 years of age, have a High School Diploma or GED, and 1 year of experience in the health and human services field to include work with youth)?** Yes or No?

   If no, explain:

4. Personnel Files Checklist:

Employee/Volunteer Name	Employee or Volunteer	I-9	Job Description	Resume or Application	Diploma or Transcript	New Hire Training	Annual Agency/CYD Training	Cultural Competency Training	Form 2970c	Form 2971c	DPS Clearance (criminal)	FPS Clearance (abuse/neglect)	FBI Clearance	Clearance completed every 2 years

Are all forms on file for employees and volunteers as required under contract? Yes or No?

If no, explain:

<u>TRAINING (Section VI)</u>

1. How are employees trained?

2. How are volunteers trained?

3. Have all staff and volunteers received new hire training? Yes or No?

If no, explain:

4. Have all staff received 9 hours of annual training during FY22? Yes or No?

If no, explain:

5. Have all staff and volunteers received 3 hours of Cultural Competency training during FY22? Yes or No?

If no, explain:

6. What types of training does the provider offer to staff and volunteers to address reporting suspected abuse, neglect, or exploitation of a client?

7. Service Providers must provide monthly (minimum) supervision of all staff that provide direct services to clients, including volunteers. This supervision must provide the direct staff and volunteers an opportunity to gain professional development, support, and advice about their work with the clients. Describe this process for your organization:

INTERNAL CONTROLS / CLIENT CONFIDENTIALITY (Section VII)

1. **Are CYD Data Authorization forms on file for all participants?** Yes or No?

   If no, explain:

2. **Where are files located to validate CYD participant records?**

3. **Are CYD participants records kept secure?** Yes or No?

4. **Specify the internal control measures the provider implements in order to maintain the confidentiality of participant files.**

5. **Client File Checklist (25% or 30 max):**

Client Name		PEIRS Enrollment ID Number	CYD Data Authorization Form	Eligibility for Program Participation Form	Pre-Survey	Post-Survey	Program Experience Survey

REPORTING ABUSE (Section VIII)

1. **What would your staff do if they suspected abuse, neglect or exploitation of a client?**

CHILDCARE LICENSING (Section IX)

1. **Has your agency applied for or received either a childcare license or exemption from DFPS Childcare Licensing Division?** Yes, No or N/A?

   If yes, insert copy as attachment.

2-1-1 AREA INFORMATION CENTER (Section X)

1. **Has the agency added their services to the 2-1-1 Texas and United Way of Tarrant County 2-1-1 Community Resource Directory? Were both updated appropriately within 30 days of any changes in the scope of the program?** Yes or No?

   Explain details:

OTHER CONCERNS (Section XI)

1. **List other Concerns:**

ADMINISTRATIVE MONITORING COMPLETED (Section XII):

Agency Representatives Participating in Monitoring Review:

CYD Staff Conducting Monitoring Review:

Attachment D-9-b: Monitoring Tools-Program

Community Youth Development (CYD) – FY22
SUBAWARD PROGRAM MONITORING TOOL
Tarrant County, Texas

BACKGROUND (Section I)

Date of Review:

Name of Fiscal Agent:
DFPS Contract Number:

Subaward Organization Name:
Program Name:
Program Service Dates:

Contact Name:
Contact Phone Number:
Address of Monitoring:

PLAN OF OPERATIONS (Section II)

1. **List subcontractor service location(s), days, and times documented in current CYD Project Work Plan:**

2. **Are CYD services occurring at any locations(s), days, or times not listed in the current CYD Project Work Plan?** Yes or No?

   If yes, list current service information:

3. **List subcontractor's service type(s):**

4. **Is the subcontractor providing programming under the contracted service type(s)?** Yes or No?

   If no, explain:

5. **Is the subcontractor providing programming according to their program description in the CYD Project Work Plan?** Yes or No?

   If no, explain:

6. **List referral sources:**

7. **What could be done to improve the program?**

CYD REQUIRED PROGRAM SERVICES (Section III)

1. Youth Advisory Committee (YAC) and Youth Leadership Development (YLD):

A. Is your agency the subcontracted YAC and YLD provider for 76106/76164? Yes or No?

<u>If Yes</u>:

1) Do you have 10-20 youth per month who participate in YAC meetings (verify through local roster)? Yes or No?

If no, explain:

2) Are YAC meetings held at least once per month according to the monthly service tracking form and monthly agency sign-in sheets? Yes or No?

If no, explain:

3) Do you provide at least one YLD community service activity per month according to the monthly service tracking form and monthly agency sign-in sheets? Yes or No?

If no, explain:

4) Have you had two YAC representatives attend at least <u>75%</u> of the Community Collaborative Committee meetings held since September 1 (use CCC attendance log to track adherence)? Yes or No?

If no, explain:

5) Describe your process for ensuring opportunities are provided to youth to serve in leadership roles in YAC and the larger community.

<u>YAC</u>:
<u>Larger Community</u>:

<u>If No</u>:

1) Do any of your CYD youth participate in YAC? Yes or No?

If yes, describe their role in YAC:

If yes, describe your process for referring youth to YAC:

If yes, how do they benefit from YAC?

2) Describe your process for ensuring opportunities are provided to youth to serve in leadership roles in your individual program and the larger community.

Individual Program:

Larger Community:

2. Mentoring:

A. Is your agency the subcontracted Mentoring provider for CYD? Yes or No?

If Yes:

1) Describe the mentoring services provided and the mentoring guidelines:

2) Describe the specific mentoring needs of youth that you serve:

If No:

1) Does your program offer any type of mentoring? Yes or No?

If yes, please explain:

2) Describe the specific mentoring needs of youth that you serve:

CYD YOUTH ELIGIBILITY (Section IV)

1. Do 100% of youth served in your program live and/or attend school in the CYD ZIP codes? Yes or No?

2. Age Requirements.

A. Are 100% of youth served between the ages of 6 and 17 years old? Yes or No?

B. What is the percentage of youth served between the ages of 10 to 17 (using age at FY registration)?

C. What is the percentage of youth served between the ages of 6 to 9?

1) Is it under 30%? Yes or No?

If no, explain how your program will meet this requirement:

CYD PROGRAM PROGRESS (Section V)

1. What is your participant goal for Fiscal Year?

youth

What is your actual participant output / % of goal?

youth / %

2. **What is your average monthly output goal for Fiscal Year?**

youth per month

What is your actual average monthly output / % of goal?

youth per month / %

On Target? Yes, No or N/A?

If no, explain and provide a detailed corrective action to be taken:

3. **What program services do you provide that will help youth increase protective factors?**

Explain:

4. **95% of program youth (ages 10-16) not engaged in delinquent behavior?** Yes, No or N/A?

If No or N/A, explain:

5. **Has your agency been placed on a Corrective Action Plan (CAP) to address any fiscal or programmatic performance and compliance areas regarding contracted services?** Yes, No or N/A?

Explain:

Corrective Action Plan (if applicable):

6. **How will you ensure that the intended program goals or measures are met before the end of the fiscal year?**

7. **Name some of the barriers you are experiencing in carrying out your program operations.**

8. **Does your agency think it should be a future CYD service provider?** Yes or No?

Explain:

COMMUNITY AWARENESS (Section VI)

1. **Has agency ensured that at least one agency representative attend at least 75% of the Community Collaborative Committee meetings held since September 1 (use CCC attendance log to track adherence)?** Yes or No?

   If no, explain:

2. **How does your agency advertise or promote the CYD Program to the community?**

3. **Do you have written community awareness information regarding your CYD program? Is the information available in Spanish, whether print or vocal?** Yes or No?

   If yes, insert copy as attachment.

4. **How current is the information you are providing the community? How often is community awareness information updated?**

5. **Does the community appear to be involved with and in support of the program?** Yes or No?

   Explain:

TRAINING AND TECHNICAL ASSISTANCE (Section VII)

1. **Describe any training and/or technical assistance the subgrantee feels would be beneficial to the program.**

2. **List any special area of training or technical assistance the subgrantee would like for the Project Manager and/or DFPS to provide.**

OTHER CONCERNS (Section VIII)

1. **List other Concerns:**

PROGRAM MONITORING COMPLETED (Section IX):

Agency Representatives Participating in Monitoring Review:

CYD Staff Conducting Monitoring Review:

TARRANT COUNTY FISCAL MONITORING TOOL

Subgrantee Name: _____ **Contract #:** _____ **Date:** _____

Reviewer: _____ **Fiscal Year:** _____ **Month(s) Reviewed:** _____

Objective: To define and document the scope and focus of the monitoring review.

Documentation Item	Responses/Comments/Remarks
A. Has the monitoring team reviewed the most current versions of the following: • 2 CFR 200 • Texas Administrative Code • Contract Handbook • Contract including Service Provisions, Outputs/Inputs and Match Requirements	☐ Yes ☐ No Comments:
B. If required, is there a completed current fiscal year ICSQ or ICC in the contract file? (If not, the required, completed ICSQ or ICC must be obtained from the subgrantee.)	☐ Yes ☐ No Date of Original ICSQ: _____ Comments:
C. Is the ICSQ complete with submittals, comments and documents attached?	☐ Yes ☐ No Comments:
D. Based on your review of the ICSQ, are there any potential issues	☐ Yes ☐ No

Documentation Item	Responses/Comments/Remarks
or areas of concern based on your review of the ICSQ? If so, what are they?	Comments:
E. Has the monitoring team researched other risk assessment information, including: • Client complaints from caseworkers and Child Care Licensing staff • Serious incidents • Corrected/adjusted billings • Any audits and/or reviews conducted by program staff or others • Prior monitoring reports • Any other pertinent contract documentation	☐ Yes ☐ No Comments:
F. Is the monitoring team using the most current versions of the monitoring tools?	☐ Yes ☐ No Comments:
G. What is the total amount of all monthly payments made to the subgrantee for the current contract period?	Comments:
H. What is the focus of this monitoring review (programmatic, fiscal	☐ Programmatic ☐ Fiscal ☐ Both

Documentation Item	Responses/Comments/Remarks
or both)?	Comments:
I. What is the scope of this monitoring review (months to be tested and test areas)?	Comments:
J. Has the sampling methodology been documented on the Sampling Worksheet?	☐ Yes ☐ No Comments:
K. Document the number of resources and days/hours required to complete the monitoring review.	Comments:
L. What are the dates on which the monitoring will be conducted?	Comments:

Note: As you are conducting this review, any overpayments and/or underpayments should be documented on the *Monitoring Summary Sheet* page of this monitoring tool.

Cost Allocation Plan/Method

Subgrantee Name: _____ **Contract #:** _____ **Date:** _____

Reviewer: _____ **Fiscal Year:** _____ **Month(s) Reviewed:** _____

Objective: To determine if the subgrantee has a properly documented cost allocation plan/method.

Documentation Item	Responses/Comments/Remarks
A. Does the subgrantee have a written plan/method for allocating expenditures/purchases to each of its funding sources, including CYD Program?	☐ Yes ☐ No Comments:
B. Does the written allocation plan/method document and explain how the costs are to be allocated and why?	☐ Yes ☐ No Comments:
C. If the subgrantee does not have a written allocation plan/method, can the subgrantee legitimately explain how shared costs are allocated? **Note:** If the cost allocation plan/method is not written, the subgrantee will be required to properly document the plan.	☐ Yes ☐ No Comments:
D. Does the subgrantee's cost allocation plan/method comply with state and federal regulations (e.g., reasonable and equitable)?	☐ Yes ☐ No Comments:
E. Is CYD Program receiving its fair share of shared costs based on the method used for cost allocation?	☐ Yes ☐ No Comments:

Salaries

Subgrantee Name: _____ **Contract #:** _____ **Date:** _____

Reviewer: _____ **Fiscal Year:** _____ **Month(s) Reviewed:** _____

Enter a check mark for "yes", an x for "no", or n/a for "not applicable", as appropriate, on the worksheet in the respective column once the item has been tested.

Objective: To determine if Salary expenditures are allowable, authorized, properly supported and correctly allocated to the CYD Program contract.

Legend
Accuracy of Supporting Documents
a) For selected hourly employees, do the hours worked multiplied by the hourly rate equal the gross pay as per the automated payroll system?
b) Is the amount paid in close proximity to (not materially different from) the amount approved in the budget? If applicable, document any overpayment or underpayment.
c) Do the hours paid as per the payroll register match the total hours worked as per the timekeeping records? If applicable, document any overpayment or underpayment.
d) For salaried employees, are the expenditures as per the payroll register supported by timekeeping records?
e) Is the payroll register free of unreasonable (i.e., unsubstantiated) supplemental payments?
Allocation
f) Are the percentages charged to the CYD Program and any other programs/funding sources supported by a timesheet or time study?
g) Do 100% of the allocated salary costs coincide with the accounting system?
h) Was no more than 100% of the total salary allocated in the accounting system?
i) Was the CYD Program charged its fair share of the total salary?
Billing
j) Do the total hourly amounts recorded on the timesheets actually reflect the direct service delivery time?
k) For the selected month, does the amount claimed on the billing agree with the payroll register?

Employee Name	Position	Gross Pay	Net Pay	% of Time Billed	% of Time Budgeted	Check #	Check Date	Amount	Pay Period	Legend #										
										a	b	c	d	e	f	g	h	i	j	k

Fringe Benefits

Subgrantee Name: _____ **Contract #:** _____ **Date:** _____

Reviewer: _____ **Fiscal Year:** _____ **Month(s) Reviewed:** _____

Enter a check mark for "yes", an x for "no", or n/a for "not applicable", as appropriate, on the worksheet in the respective column once the item has been tested.

Objective: To determine if Fringe Benefit expenditures are allowable, authorized, properly supported and correctly allocated to the CYD Program contract.

Legend	
a)	Were FICA deductions (also known as the Social Security tax) withheld from taxable wages at the required tax rate of 6.2%?
b)	Were Medicare deductions withheld from taxable wages at the required tax rate of 1.45%?
c)	If other fringe benefits were deducted and billed to DFPS, were the approved rates not exceeded?
d)	Does the percentage of fringe benefits billed to DFPS match the percentage of the employee's salary billed to DFPS?
e)	Were payroll taxes paid to the IRS on a consistent basis and in accordance with the due date set by the IRS, as evidenced on IRS Form 941, *Employee's Quarterly Federal Tax Return*?
f)	Do the total salary and the payroll taxes recorded in the general ledger agree with Form 941?
g)	Do the total payroll taxes recorded on Form 941 agree with the debits recorded on the respective bank statement?

Employee Name	Gross Pay	Taxable Wages	FICA Deducted	% of Taxable Wages	Medicare Deducted	% of Taxable Wages	Other Fringe	% of Taxable Wages	Legend #						
									a	b	c	d	e	f	g

Travel

Subgrantee Name: _____ **Contract #:** _____ **Date:** _____

Reviewer: _____ **Fiscal Year:** _____ **Month(s) Reviewed:** _____

Enter a check mark for "yes", an x for "no", or n/a for "not applicable", as appropriate, on the worksheet in the respective column once the item has been tested.

Objective: To determine if Travel expenditures are allowable, authorized, properly supported and correctly allocated to the CYD Program contract.

Legend
Travel Voucher
a) Is there evidence of supervisory review for accuracy, support, and allowability?
b) Was the voucher approved by an authorized person prior to payment?
c) Is all supporting documentation available, and does it match the voucher/form?
d) Is the transaction mathematically accurate?
e) Was the travel for purposes of the CYD program?
Allocation
f) If the travel expenditure was a cost that was shared with other programs, was an allowable allocation method used?
g) If the travel expenditure was a cost that was shared with other programs/funding sources, do the supporting documents show the allocation to the CYD Program and the other programs?
h) Was no more than 100% of the total travel amount allocated in the accounting system?
i) Was the CYD Program charged its fair share of the allocated travel amount?
Supporting Documents
j) Do the amounts on the travel voucher agree with the General Ledger entry?
k) Do the amounts on the supporting documentation agree with the amount the subgrantee billed the grantee?
l) Did the transaction hit the subgrantee's bank account, according to their bank statement?
m) Are the expenditures within state-mandated rates?
n) If the travel occurred out-of-state, was prior approval obtained from the CYD Program?
o) For the selected month, does the amount claimed on the billing agree with the General Ledger?

Payee Name	Title/Position	Check #	Date	Amount	Legend #														
					a	b	c	d	e	f	g	h	i	j	k	l	m	n	o

Equipment

Subgrantee Name: _____ **Contract #:** _____ **Date:** _____

Reviewer: _____ **Fiscal Year:** _____ **Month(s) Reviewed:** _____

Enter a check mark for "yes", an x for "no", or n/a for "not applicable", as appropriate, on the worksheet in the respective column once the item has been tested.

Objective: To determine if Equipment expenditures are allowable, authorized, properly supported and correctly allocated to the CYD Program contract.

Legend
Related Party
a) If the equipment transaction involved a related party, was the amount charged in compliance with Federal regulations?
Purchase
b) Was the purchase approved by an authorized person, DFPS, and the CYD Project Manager prior to purchase?
c) Is supporting documentation available?
d) Is the transaction mathematically accurate?
e) Do the amounts on the supporting documents agree with the General Ledger entry?
f) Do the amounts on the supporting documentation agree with the amount the subgrantee billed the grantee?
g) Did the transaction hit the subgrantee's bank account, according to their bank statement?
Allocation
h) If the equipment is shared with other programs/funding sources, is an allowable allocation method used?
i) If the equipment is shared with other programs/funding sources, do the supporting documents show the allocation?
j) Was no more than 100% of the total equipment amount allocated in the accounting system?
k) Was the CYD Program charged its fair share of the allocated equipment amount?
Depreciation/Use Allowance
l) Was the depreciation expense or use allowance appropriately billed?
Billing
m) For the selected month, does the amount claimed on the billing agree with the General Ledger?
Inspection
n) Are the description, serial number, inventory number, and location of the equipment consistent with the inventory records?
o) Is the equipment properly tagged?
p) Does it appear that the equipment is being used?
q) Is the equipment located on the premises?
r) If the equipment is out for repair, is there supporting documentation to prove that it is being repaired?
s) If the equipment was stolen, is there a filed police report?

Materials and Supplies

Subgrantee Name: _____ **Contract #:** _____ **Date:** _____

Reviewer: _____ **Fiscal Year:** _____ **Month(s) Reviewed:** _____

Enter a check mark for "yes", an x for "no", or n/a for "not applicable", as appropriate, on the worksheet in the respective column once the item has been tested.

Objective: To determine if expenditures for Materials and Supplies are allowable, authorized, properly supported and correctly allocated to the CYD Program contract.

Legend
Related Party
a) If the purchase was from a related party, was the price at or below fair market value?
Supporting Documentation
b) Is all of the supporting documentation for the purchased supplies provided (i.e., no supporting documentation is missing)?
c) Is the transaction mathematically accurate?
d) Do the amounts on the supporting documents agree with the General Ledger entry?
e) Do the amounts on the supporting documentation agree with the amount the subgrantee billed the grantee?
f) Did the transaction hit the subgrantee's bank account, according to their bank statement?
g) Are the items purchased allowable per state and federal regulations?
Allocation
h) If the supplies are shared with other programs/funding sources, do the supporting documents show the allocation?
i) Was no more than 100% of the total materials/supplies amount allocated in the accounting system?
j) Was the CYD Program charged its fair share of the allocated materials/supplies amount?
k) If the supplies are shared with other programs/funding sources, is an allowable allocation method used?
Billing
l) For the selected month, does the amount claimed on the billing agree with the General Ledger?

Payee	Description	Check #	Date	Amount	Legend #

RFA HHS0008417 CYD

Exhibit L – EXECUTIVE SUMMARY

Tarrant County Public Health (TCPH) is responsible for safeguarding the health of our community's 2.08 million residents. Headquartered in Fort Worth, TCPH provides a variety of services that promote good health, prevent disease and injury, protect our communities, as well as reduce the physical and fiscal impact of health threats. This responsibility is fulfilled by many programs and services, including the Community Youth Development (CYD) Program. The services of the CYD Program empower and support youth to influence their community, to sustain meaningful relationships with others, to develop leadership skills, and to build positive self-image. The Texas Department of Family and Protective Services (DFPS), TCPH, and CYD missions work hand-in-hand to provide quality prevention programs to children and families.

Tarrant County was involved in the planning stages and establishment of the local CYD program in December 1995, and has acted as the Fiscal Agent since program inception in April 1996. During this tenure, we have often been labeled as a "model site" by DFPS' staff.

Over Tarrant County's twenty-five-year tenure as Fiscal Agent for CYD, we have acquired a wealth of knowledge that will ensure success in all areas of CYD program management. These areas include: Community Strengths and Needs Assessment (CSNA); local competitive grant opportunities for CYD services; contract management; tracking program and service providers' goals, outputs and outcomes; working with the Youth Advisory Committee (YAC); providing orientations and trainings; using ABCS to obtain criminal and abuse/neglect clearances; entering all data into the PEIRS database; and completing DFPS reports and evaluations.

Tarrant County aims to reach CYD program goals for the 2022 through 2026 funding period by (1) establishing and providing all required CYD program components and expanding services based on need, (2) further developing family and primary caregiver engagement activities, and (3) maintaining our Community Collaborative Committee (Local Coalition).

Tarrant County proposes to expand CYD services by adding two additional ZIP codes (76112 and 76119), and continuing to serve ZIP codes 76106 and 76164 as our main service delivery area. These are two distinctly different service delivery areas within Tarrant County that will benefit from CYD based on Community Maltreatment Risk Maps and our Community Strengths and Needs Assessments. All service providers will promote Positive Youth Development by providing opportunities for youth to increase development assets and protective factors through participation. Programs will cultivate participants as mentors and leaders. Program activities and program offerings will be assessed through Youth Program Quality Assessment (YPQA), as well as monthly, quarterly and annual monitoring by Tarrant County.

Tarrant County will further develop family and primary care engagement strategies by establishing collaborative strategies amongst service providers. Family and primary caregiver engagement will be implemented quarterly by every service provider (monthly as a whole). These activities will strengthen communication and support amongst families as well as across programs.

Tarrant County CYD Community Collaborative Committee (CCC) will be maintained and hold quarterly meetings, which will include at least two YAC representatives. Our CCC will assist with CSNA, program outreach, collaboration amongst area agencies, overcome barriers, and work collectively to promote Positive Youth Development in the community.

Tarrant County looks forward to Fiscal Years 2022 through 2026. The Community Youth Development Program will continue to be an integral part of alleviating conditions in the family and community that lead to juvenile crime.

Exhibit M: Program Narrative

PROGRAM NARRATIVE

A. Applicant's Background and Experience

1. What is the Applicant's experience with administering programs of a similar scale and scope?

Tarrant County Public Health (TCPH) funding from all revenue sources in Fiscal Year 2020 was over $90 million. For over twenty-five years, TCPH has been an ongoing contract service provider for the Texas Department of State Health Services (DSHS). During Fiscal Year 2020, TCPH provided health services via DSHS contracts that totaled $17,089,980.00. Among these contracts, those most similar to CYD would be non-clinical in nature and would include Nurse Family Partnership (NFP), Special Supplemental Nutritional Program for Women, Infants and Children (WIC), and Preparedness. These projects have continuously met program goals. Similar to Community Youth Development (CYD), these programs focus on the provision of services to Tarrant County residents that help to improve their environments and individual circumstanes.

2. If Subawards are proposed, what is the Applicant's experience managing Subawards?

Tarrant County Public Health has been the prime Grantee for Texas Department of Family and Protective Services, Community Youth Development (CYD) program from Fiscal Year 1996 through Fiscal Year 2021. The most recent Contract #24427016 renewal for Fiscal Year 2021 was in the amount of $458,509.64. The contract renewal term began on September 1, 2020 and will end on August 31, 2021. There are five subawards for services as part of this contract, which include Big Brothers Big Sisters Lone Star, Boys and Girls Clubs of Greater Tarrant County, Camp Fire First Texas, Girls Inc. of Tarrant County, and Northside Inter-Community Agency, Inc. TCPH has ongoing relationships with these subgrantees, but all subgrantees for CYD services starting September 1, 2021 will be competitively procured during Spring 2021 and are to be determined. TCPH will use subawards for all CYD services, which has been successful for the past twenty-five years.

TCPH is the prime Grantee for the Pritzker Children's Initiative Foundation grant contract in the amount of $550,000.00. The contract term began on 07/01/2020 and will end 06/30/2023. There is one subaward for services as part of this contract.

3. What is the Applicant's experience with working with Youth in a prevention capacity and Youth development programming?

Tarrant County was involved in the planning stages and establishment of the local Community Youth Development (CYD) program in December 1995, and has acted as the Fiscal Agent since program inception in April 1996. Therefore, we have a lot of experience in managing all of the aspects of the program.

The current CYD Project Manager (Program Director) has worked with CYD since 1996. She started working with CYD as Program Coordinator for The Bridge Emergency Youth Services, which was a CYD subgrantee. She worked diligently to provide effective prevention and youth leadership programs for twelve years. She then became the CYD Project Manager at TCPH, and is responsible for reviewing the CYD RFA, and ensuring all contractual obligations are met on every level. Due to her long history with CYD, Texas Department of Family and Protective Services (DFPS) has relied on our CYD Project Manager to mentor new CYD sites across Texas, provide trainings during CYD Regional Meetings and annual Partners in Prevention Conferences, and

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

review reporting documents. She even won the Outstanding Leader Award at the 2020 PIP Conference.

Tarrant County conducts a competitive grant opportunity for CYD subgrantees to ensure the best prevention and youth development programs are selected for funding, and all required CYD program components are fulfilled. CYD Orientations, as well as youth development and cultural humility trainings, are hosted throughout each fiscal year by TCPH. For example, Youth Mental Health First Aid Training and Trust-Based Relational Intervention (TBRI) trainings have been effective trainings offered by TCPH for CYD subgrantee staff. Each subgrantee is monitored monthly through monthly reports and in-person desk reviews, quarterly through quarterly reports to each subgrantee from TCPH (requires Corrective Action Plan for any goals not met by 95%), and annually through on-site formal administrative, programmatic and fiscal monitoring. All programmatic and fiscal aspects of the CYD program are supervised by the Associate Director, Family Health Services.

4. How is your organization currently performing on any existing DFPS grants or contracts? In the response, address whether, over the current contract term, the organization: meets output and outcome performance measures; submits timely program reporting and billing; has or has had monitoring findings.

TCPH has a number of DFPS contracts. PEI funded projects include both CYD and NFP.

The CYD program has consistently met and exceeded all program and budget goals. Since Fiscal Year 2010, we have exceeded our annual unduplicated youth served output target by 130% (average) and spent 99% (average) of our fiscal year CYD grant funds. All CYD program reports and billings have been submitted to DFPS on time. During our last onsite monitoring visit by DFPS during Fiscal Year 2018, TCPH did not have any findings, observations or opportunities for improvement. Deloitte & Touche LLP performed State Single Audit Report for the Year ended September 30, 2019 for Promoting Safe and Stable Families – CYD. CYD did not have any material weaknesses identified, significant deficiencies identified, noncompliance material to financial statements noted, or audit findings disclosed that were required to be reported in accordance with UGMS.

The NFP program continues to meet program performance measures even in light of COVID and the need to implement virtual homevisits. The program has been able to retain clients at a rate higher than other NFP programs in the state. The program has not received any monitoring findings of concern and submits complete and timely reports.

Both CYD and NFP have been funded by PEI for over six years. Both programs routinely maximize budget expenditures and are routinely asked to share program achievements and processes with other PEI programs.

Texas Department of Family and Protective Services
Prevention & Early Intervention
Community Youth Development (CYD)

To Whom It May Concern:

It is my pleasure to write this letter of support for Tarrant County to receive funds for the next grant cycle and continue to serve as the fiscal agent for the Community Youth Development Program (CYD).

Over the past 25 years, I have watched CYD positively impact the 76106 and 76164 (North Side and Diamond Hill) community by providing youth leadership, community service, mentoring and life skills to thousands of at-risk youth. Tarrant County has gone above and beyond to provide CYD events in the community, such as Annual CYD Vision Awards Ceremonies for outstanding youth leaders, CYD Summer Leadership Workshops, and numerous community events and service projects. The CYD Community Collaborative Committee has provided long-standing opportunities for community leaders and service providers to network, plan events, support one another, and refer youth/families to needed services.

I have worked with Tarrant County Juvenile Services and am now the President of Fort Worth ISD School Board. I am also a resident of the North Side community. The success of this program is personally important to me. It is vital to continue funding the existing programs within the 76106 and 76164 community to continue the trajectory of success, maintain positive partnerships, and combat negative influences. I am also excited to hear Tarrant County is proposing to expand CYD into the 76112 and 76119 community. Our schools and neighborhoods in that community are in dire need of CYD services.

Tarrant County has proven to be a successful fiscal agent of the CYD program and continues to strive for excellence. The CYD Project Manager works diligently to provide quality and culturally competent programs for our youth and families, participates in numerous community coalitions, and continually seeks learning opportunities and trainings for CYD staff. She goes above and beyond to ensure every need of our youth and families are met through program services and community resources.

Jodi Newton
CYD Project Manager
Tarrant County – Community Youth Development (CYD)
2100 N Main Street, Suite 230 Fort Worth, TX 76164

Dear Jodi Newton,

I am writing this letter in support of Tarrant County – Community Youth Development (CYD). I have served as a member of the Community Collaborative Committee (CCC) since 2009, and I can professionally and personally attest to the fact that CYD is a much-needed service in the community. Under the leadership of Jodi Newton, CYD programs have supported and nurtured youth and families in the 76164 and 76106 communities. Jodi and I have known each other, and worked in the same building, her with CYD and me with Job Corps, for 11 years and I personally and professionally believe she has done a fantastic job with this program. Her never-ending commitment and support of the youth she is responsible for, through the various programs CYD funds, is an inspiration. I have had the good fortune to participate in youth led meetings, focus groups, awards programs and community activities. The annual Vision Awards program has grown into a beautiful celebration, showcasing the achievements and successes of youth participants in school, participation with programs such as BBBS, Boys and Girls club, NICA, Girls Inc, and other programs. There is no greater feeling, then the feeling you get when you see the joy on a parents face or the pride in a young person's eyes when there is a banquet held in their honor, and they are rewarded for loving their community. Jodi's mentorship and direction has taught youth to become leaders in school, in their communities and in their homes.

Over the years, I have participated in the Review Committee process with other CCC members and YAC. Jodi always held a Pre-Proposal Reading training with the review team to discuss the review procedures, the scoring process and Q&A. She provided each member with his/her individual set of proposals to review and score. This review process requires the Review Team's commitment to reading proposals of Service Providers seeking funding from CYD. The review process requires the Review Team to be thorough when reading the proposals and determine, through a scoring matrix established by the CYD Project Manager – Jodi Newton, whether the organizations seeking funding, will provide mentoring, leadership training, community support, participant safety, individual development, parent participation and recognition, growth and fun for a determined number of youth who would participate in their program. Service Provider proposals had to follow a structured, established format provided to them at the Bidder's Conference held and conducted by the CYD Project Manager – Jodi Newton. I have attended these Bidder's Conferences and found them to be informative and beneficial for interested service providers. The review team is given sufficient time the review and score each individual proposal, and then we come together as a group with CYD Project Manager to discuss each proposal and share our individual scores. The Review Committee takes seriously the reviewing and scoring of submitted proposals and makes a recommendation to CYD Project Manager – Jodi Newton of which programs we think would provide supportive services to the community and therefore, should receive funding. I was always amazed at how, during this review process, the review committee members were

Lori L Wynne
2300 Ridgmar Plaza
Fort Worth, TX 76116
wynne.lori5@yahoo.com

in sync with the programs we thought were good for the community and the ones we did not feel met the needs of the community. It could have been the organization didn't follow the prescribed format for writing the proposal which made it tough for review committee members to understand the proposal, not enough information provided by the organization to support the program award or the organization followed the format provided by CYD Project Manager – Jodi Newton and made the review of the proposal easy, the proposal was clear and informative and we believed the program would be successful in the community.

Over the years, I have witnessed youth participants go on to college and other forms or education or training programs, and it was due to the exposure, mentoring and support they got from participating in a CYD funded program. I have invited my staff to participate in CCC meetings so that they could see the good works that were happening in the community where we worked. This is a great program and I have always thought it should be expanded to other communities in Fort Worth needing these services. When you are a part of something this great, you want to share it with others.

I look forward to many more years of working with Jodi and CYD as a member of the CCC.

Sincerely,

Lori L. Wynne
Community Collaborative Committee Member

ASSET INVENTORY

Grantee: **Tarrant County**
DFPS PAC # **31000**
Contract # **CYD**

Asset Type	Asset Tag #	Acquisition Cost	Asset Description	Transaction Date	Serial #	Manaufacturer	Physical Location	Life of Asset	Asset Disposal Date

Controlled Class Codes

This spreadsheet tracks controlled assets that are purchased with PEI funds. The State of Texas Comptroller defines Controlled Assets as property classes with acquisition costs between $500 and $5,000. A single unit's acquisition cost that is $5,000 or greater should be reported as a Capital Asset and is not tracked on this spreadsheet. We are requesting PEI's contractors to track these acquisition using this same methodology.

The list below includes the items the Comptroller requires DFPS to report to the State Property Accounting system. Your organization should have an internal review to make sure you know who has these items and where they are at all times.

Controlled (at any cost)	
Class Code	**Property Item**
106	HAND GUNS
107	RIFLES & SHOTGUNS

Controlled ($500.00 to $4,999.99)	
Class Code	**Property Item**
129	SOUND SYSTEMS AND OTHER AUDIO EQUIPMENT
130	CAMERA – PORTABLE – DIGITAL, SLR
131	TVs, VIDEO PLAYERS/RECORDERS
204	COMPUTER, DESKTOP
218	DATA PROJECTORS
219	SMARTPHONES, TABLETS & OTHER HAND HELD DEVICES
284	LAPTOP COMPUTERS

Exhibit A. HHSC AND DFPS AFFIRMATIONS AND GRANT OPPORTUNITY ACCEPTANCE

In this document, the terms Applicant, Contractor, and Vendor, when referring to the following affirmations (whether framed as certifications, representations, warranties, or in other terms) refer to Applicant, and the affirmations apply to all Applicants regardless of their business form (e.g., individual, partnership, corporation).

Applicant affirms, without exception, as follows:

1. Applicant represents and warrants that all certifications, representations, warranties, and other provisions in this Affirmations and Grant Opportunity Acceptance apply to Applicant and all of Applicant's principals, officers, directors, shareholders, partners, owners, agents, employees, subcontractors, subawards, independent contractors, and any other representatives who may provide services under, who have a financial interest in, or otherwise are interested in this Grant Opportunity or any Grant Agreement resulting from this Grant Opportunity.
2. Applicant represents and warrants that all statements and information provided to HHSC and DFPS are current, complete, and accurate. This includes all statements and information in this Grant Application.
3. Applicant understands that HHSC and DFPS will comply with the Texas Public Information Act (Chapter 552 of the Texas Government Code) as interpreted by judicial rulings and opinions of the Attorney General of the State of Texas. Information, documentation, and other material prepared and submitted in connection with this Grant Opportunity or any resulting Grant Agreement may be subject to public disclosure pursuant to the Texas Public Information Act. In accordance with Section 2252.907 of the Texas Government Code, Applicant is required to make any information created or exchanged with the State pursuant to the Grant Agreement, and not otherwise excepted from disclosure under the Texas Public Information Act, available in a format that is accessible by the public at no additional charge to the State.
4. Applicant represents and warrants that it will comply with the requirements of Section 552.372(a) of the Texas Government Code. Except as provided by Section 552.374(c) of the Texas Government Code, the requirements of Subchapter J (Additional Provisions Related to Contracting Information), Chapter 552 of the Government Code, may apply to the Grant Agreement and the Applicant agrees that the Grant Agreement can be terminated if the Applicant knowingly or intentionally fails to comply with a requirement of that subchapter.
5. Applicant acknowledges its obligation to specifically identify information it contends to be confidential or proprietary and, if Applicant designated substantial portions of its

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Grant Application or its entire Grant Application as confidential or proprietary, the Grant Application is subject to being disqualified.

6. Applicant's Grant Application will remain a firm and binding offer for 240 days from the date the Grant Application is due.

7. Applicant shall not assign its rights under the Grant Agreement or delegate the performance of its duties under the Grant Agreement without prior written approval from HHSC or DFPS. Any attempted assignment in violation of this provision is void and without effect.

8. Applicant accepts the Grant Opportunity terms and conditions unless specifically noted by exceptions advanced in the form and manner directed in the Grant Opportunity. No exceptions, terms, or conditions will be considered if not advanced in the form and manner directed in the Grant Opportunity. Applicant agrees that all exceptions to the Grant Opportunity as well as terms and conditions advanced by Applicant that differ in any manner from DFPS's terms and conditions are rejected unless expressly accepted by DFPS in writing in a fully executed Grant Agreement.

9. Applicant agrees that HHSC and DFPS has the right to use, produce, and distribute copies of and to disclose to HHSC and DFPS employees, agents, and contractors and other governmental entities all or part of Applicant's Grant Application as HHSC or DFPS deems necessary to complete the procurement process or comply with state or federal laws.

10. Applicant generally releases from liability and waives all claims against any party providing information about the Applicant at the request of HHSC or DFPS.

11. Applicant acknowledges all addenda and amendments to the Grant Opportunity.

12. Applicant certifies that if a Texas address is shown as the address of Applicant on this Application, Applicant qualifies as a Texas Bidder as defined in Section 2155.444(c) of the Texas Government Code.

13. Applicant represents and warrants that it qualifies for all preferences claimed under 34 Texas Administrative Code, Section 20.306 or Chapter 2155, Subchapter H of the Texas Government Code as indicated below (check applicable boxes):

- ☐ Goods produced or offered by a Texas bidder that is owned by a Texas resident service-disabled veteran
- ☐ Goods produced in Texas or offered by a Texas bidder that is not owned by a Texas resident service-disabled veteran
- ☐ Agricultural products grown in Texas
- ☐ Agricultural products offered by a Texas bidder
- ☐ Services offered by a Texas bidder that is owned by a Texas resident service-disabled veteran

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

- ☐ Services offered by a Texas bidder that is not owned by a Texas resident service-disabled veteran
- ☐ Texas Vegetation Native to the Region
- ☐ USA-produced supplies, materials or equipment
- ☐ Products of persons with mental or physical disabilities
- ☐ Products made of recycled, remanufactured, or environmentally sensitive materials including recycled steel
- ☐ Energy efficient products
- ☐ Rubberized asphalt paving material
- ☐ Recycled motor oil and lubricants
- ☐ Products produced at facilities located on formerly contaminated property
- ☐ Products and services from economically depressed or blighted areas
- ☐ Vendors that meet or exceed air quality standards
- ☐ Recycled or reused computer equipment of other manufacturers
- ☐ Foods of higher nutritional value
- ☐ Commercial production company or advertising agency located in Texas

14. Applicant has not given, has not offered to give, and does not intend to give at any time hereafter any economic opportunity, future employment, gift, loan, gratuity, special discount, trip, favor, or service to a public servant in connection with this Grant Application, this Grant Opportunity, or any Grant Agreement resulting from this Grant Opportunity.

15. Under Section 2155.004, Texas Government Code (relating to financial participation in preparing Grant Opportunitys), Applicant certifies that the individual or business entity named in this Application or Grant Agreement is not ineligible to receive the specified Grant Agreement and acknowledges that this Grant Agreement may be terminated and payment withheld if this certification is inaccurate.

16. Under Sections 2155.006 and 2261.053 of the Texas Government Code (relating to convictions and penalties regarding Hurricane Rita, Hurricane Katrina, and other disasters), the Applicant certifies that the individual or business entity named in this bid or Grant Agreement is not ineligible to receive the specified Grant Agreement and acknowledges that this Grant Agreement may be terminated and payment withheld if this certification is inaccurate.

17. Under Section 231.006(d) of the Texas Family Code regarding child support, Applicant certifies that the individual or business entity named in this Application is not ineligible to receive the specified payment and acknowledges that the Grant Agreement may be terminated and payment may be withheld if this certification is inaccurate. Furthermore, any Applicant subject to Section 231.006 of the Texas Family Code must

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

include in the Application the names and social security numbers (SSNs) of each person with at least 25% ownership of the business entity submitting the Application:

Name: _____ SSN: _____

Name: _____ SSN: _____

Name: _____ SSN: _____

Name: _____ SSN: _____

FEDERAL PRIVACY ACT NOTICE: This notice is given pursuant to the Federal Privacy Act. Disclosure of requested SSNs is required under Section 231.006(c) and Section 231.302(c)(2), Texas Family Code. The SSNs will be used to identify persons that may owe child support. The SSNs will be kept confidential to the fullest extent permitted by law.

If submitted by email, Applications containing SSNs must be encrypted. Failure by a Applicant to provide or encrypt the SSNs as required may result in disqualification of the Applicant's Application.

18. Applicant certifies that it and its principals are not suspended or debarred from doing business with the state or federal government as listed on the *State of Texas Debarred Vendor List* maintained by the Texas Comptroller of Public Accounts and the *System for Award Management (SAM)* maintained by the General Services Administration. This certification is made pursuant to the regulations implementing Executive Order 12549 and Executive Order 12689, Debarment and Suspension, 2 C.F.R. Part 376, and any relevant regulations promulgated by the Department or Agency funding this project. This provision shall be included in its entirety in Applicant's subawards, if any, if payment in whole or in part is from federal funds.

19. Applicant certifies that it is not listed in the prohibited vendors list authorized by Executive Order 13224, *"Blocking Property and Prohibiting Transactions with Persons Who Commit, Threaten to Commit, or Support Terrorism,"* published by the United States Department of the Treasury, Office of Foreign Assets Control.

20. Applicant represents and warrants that it is not engaged in business with Iran, Sudan, or a foreign terrorist organization, as prohibited by Section 2252.152 of the Texas Government Code.

21. In accordance with Section 669.003 of the Texas Government Code, relating to contracting with the executive head of a state agency, Applicant certifies that it is not (1) the executive head of an HHS agency, (2) a person who at any time during the four years before the date of the Grant Agreement was the executive head of an HHS agency, or (3) a person who employs a current or former executive head of an HHS agency.

22. Under Section 2155.0061 of the Texas Government Code, the Applicant certifies that the individual or business entity named in this Application or Grant Agreement is not

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

ineligible to receive the specified Grant Agreement and acknowledges that this Grant Agreement may be terminated and payment withheld if this certification is inaccurate.

23. Applicant represents and warrants that it is not currently delinquent in the payment of any franchise taxes owed the State of Texas under Chapter 171 of the Texas Tax Code.

24. Applicant agrees that any payments due under any Grant Agreement resulting from this Grant Opportunity shall be applied towards any debt or delinquency that is owed to the State of Texas.

25. Applicant represents and warrants that payments to Applicant and Applicant's receipt of appropriated or other funds under any Grant Agreement resulting from this Grant Opportunity are not prohibited by Sections 556.005, 556.0055, or 556.008 of the Texas Government Code (relating to use of appropriated money or state funds to employ or pay lobbyists, lobbying expenses, or influence legislation).

26. Applicant agrees to comply with Section 2155.4441 of the Texas Government Code, requiring the purchase of products and materials produced in the State of Texas in performing service contracts.

27. Applicant agrees that upon request of HHSC or DFPS, Applicant shall provide copies of its most recent business continuity and disaster recovery plans.

28. Applicant expressly acknowledges that state funds may not be expended in connection with the purchase of an automated information system unless that system meets certain statutory requirements relating to accessibility by persons with visual impairments. Accordingly, Applicant represents and warrants to HHSC and DFPS that the technology provided to HHSC or DFPS for purchase is capable, either by virtue of features included within the technology or because it is readily adaptable by use with other technology, of:

    - providing equivalent access for effective use by both visual and non-visual means;
    - presenting information, including prompts used for interactive communications, in formats intended for non-visual use; and
    - being integrated into networks for obtaining, retrieving, and disseminating information used by individuals who are not blind or visually impaired.

    For purposes of this Section, the phrase "equivalent access" means a substantially similar ability to communicate with or make use of the technology, either directly by features incorporated within the technology or by other reasonable means such as assistive devices or services which would constitute reasonable accommodations under the Americans With Disabilities Act or similar state or federal laws. Examples of methods by which equivalent access may be provided include, but are not limited to, keyboard alternatives to mouse commands and other means of navigating graphical displays, and customizable display appearance.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

29. If Applicant is submitting a Application for the purchase or lease of computer equipment, then Applicant certifies that it is in compliance with Subchapter Y, Chapter 361 of the Texas Health and Safety Code related to the Computer Equipment Recycling Program and the Texas Commission on Environmental Quality rules in 30 TAC Chapter 328.

30. If Applicant is submitting a Application for the purchase or lease of covered television equipment, then Applicant certifies that it is compliance with Subchapter Z, Chapter 361 of the Texas Health and Safety Code related to the Television Equipment Recycling Program.

31. Applicant represents and warrants that it will comply with the requirements of Section 2054.5192 of the Texas Government Code relating to cybersecurity training and required verification of completion of the training program.

32. Applicant acknowledges that, pursuant to Section 572.069 of the Texas Government Code, a former state officer or employee of a state agency who during the period of state service or employment participated on behalf of a state agency in a procurement or contract negotiation involving Applicant may not accept employment from Applicant before the second anniversary of the date the Grant Agreement is signed or the procurement is terminated or withdrawn.

33. Applicant represents and warrants that it has no actual or potential conflicts of interest in providing the requested goods or services to DFPS under this Grant Opportunity and any resulting Grant Agreement and that Applicant's provision of the requested goods and/or services under this Grant Opportunity and any resulting Grant Agreement will not constitute an actual or potential conflict of interest or reasonably create an appearance of impropriety.

34. Applicant understands that HHSC and DFPS do not tolerate any type of fraud. HHSC and DFPS policy is to promote consistent, legal, and ethical organizational behavior by assigning responsibilities and providing guidelines to enforce controls. Violations of law, agency policies, or standards of ethical conduct will be investigated, and appropriate actions will be taken. All employees or contractors who suspect fraud, waste or abuse (including employee misconduct that would constitute fraud, waste, or abuse) are required to immediately report the questionable activity to both the Health and Human Services Commission's Office of the Inspector General at 1-800-436-6184 and the State Auditor's Office. Applicant agrees to comply with all applicable laws, rules, regulations, including DFPS and HHSC policies regarding fraud including, but not limited to, HHS Circular C-027.

35. The undersigned affirms under penalty of perjury of the laws of the State of Texas that (a) in connection with this Application, neither I nor any representative of the Applicant has violated any provision of the Texas Free Enterprise and Antitrust Act, Tex. Bus. & Comm. Code Chapter 15; (b) in connection with this Application, neither I nor any

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

representative of the Applicant has violated any federal antitrust law; and (c) neither I nor any representative of the Applicant has directly or indirectly communicated any of the contents of this Application to a competitor of the Applicant or any other company, corporation, firm, partnership or individual engaged in the same line of business as the Applicant.

36. Applicant represents and warrants that it is not aware of and has received no notice of any court or governmental agency proceeding, investigation, or other action pending or threatened against Applicant or any of the individuals or entities included in numbered paragraph 1 of this Affirmations and Grant Opportunity Acceptance within the five (5) calendar years immediately preceding the submission of this Grant Application that would or could impair Applicant's performance under any Grant Agreement resulting from this Grant Opportunity, related to the grant services, or otherwise be relevant to DFPS' consideration of entering into a Grant Agreement. If Applicant is unable to make the preceding representation and warranty, then Applicant instead represents and warrants that it has provided to HHSC and DFPS a complete, detailed disclosure of any such court or governmental agency proceeding, investigation, or other action that would or could impair Applicant's performance under a grant awarded as a result of this Grant Opportunity, related to the grant services, or otherwise be relevant to DFPS' consideration of entering into a Grant Agreement. In addition, Applicant acknowledges this is a continuing disclosure requirement. Applicant represents and warrants that, if awarded a grant as a result of this Grant Opportunity, Applicant shall notify DFPS in writing within five (5) business days of any changes to the representations or warranties in this clause and understands that failure to so timely update DFPS shall constitute breach of contract and may result in immediate grant termination.

37. Applicant certifies that for this grant, Applicant shall utilize the U.S. Department of Homeland Security's E-Verify system during the Period of Performance to determine the eligibility of:

    (a) all persons employed by Applicant to perform duties within Texas; and

    (b) all persons, including subawards, assigned by Applicant to perform work pursuant to the grant within the United States of America.

38. Pursuant to Section 2271.002 of the Texas Government Code, Applicant certifies that either (i) it meets an exemption criteria under Section 2271.002; or (ii) it does not boycott Israel and will not boycott Israel during the term of the contract resulting from this Grant Opportunity. If Applicant refuses to make that certification, Applicant shall state here any facts that make it exempt from the boycott certification:

_____

_____

_____.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

39. Applicant understands, acknowledges, and agrees that, pursuant to Article IX, Section 6.25 of the General Appropriations Act (the Act), to the extent allowed by federal and state law, money appropriated by the Texas Legislature may not be distributed to any individual or entity that, during the period for which funds are appropriated under the Act: (i) performs an abortion procedure that is not reimbursable under the state's Medicaid program; (ii) is commonly owned, managed, or controlled by an entity that performs an abortion procedure that is not reimbursable under the state's Medicaid program; or (iii) is a franchise or affiliate of an entity that performs an abortion procedure that is not reimbursable under the state's Medicaid program. The provision does not apply to a hospital licensed under Chapter 241, Health and Safety Code, or an office exempt under Section 245.004(2), Health and Safety Code. Applicant represents and warrants that it is not ineligible, nor will it be ineligible during the Period of Peformance resulting from this Grant Opportunity, to receive appropriated funding pursuant to Article IX, Section 6.25.

40. Applicant understands, acknowledges, and agrees that, pursuant to Chapter 2272 of the Texas Government Code, except as exempted under that Chapter, DFPS cannot award grants to an abortion provider or an affiliate of an abortion provider. Applicant certifies that it is not ineligible to provide services to DFPS under the terms of Chapter 2272 of the Texas Government Code. If Applicant refuses to make that certification, Applicant shall state here any facts that make it exempt from the certification:

_____

_____

_____.

41. Applicant understands, acknowledges, and agrees, that Grant Applications and Agreements are subject to the Texas Public Information Act (PIA), Texas Government Code Chapter 552, and may be disclosed to the public upon request or through posting on HHSC or DFPS website, the LBB's website, or as otherwise required by law. Applicant certifies that it:

☐ asserts that information provided in its Application is exempt from disclosure under the PIA, and Applicant, therefore, has submitted a "Public Information Act Copy" as required under the Grant Opportunity; or

☐ asserts that there is no information provided in its Application that is exempt from disclosure under the PIA, and Applicant, therefore, has not submitted a "Public Information Act Copy."

42. Applicant understands, acknowledges, and agrees that any false representation or any failure to comply with a representation, warranty, or certification made by Applicant is subject to all civil and criminal consequences provided at law or in equity including, but not limited to, immediate termination of any grant resulting from this Grant Opportunity.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

43. Applicant represents and warrants that it will comply with all applicable laws and maintain all permits and licenses required by applicable city, county, state, and federal rules, regulations, statutes, codes, and other laws that pertain to any grant resulting from this Grant Opportunity.

44. Applicant represents and warrants that all statements and information prepared and submitted in this document are current, complete, true, and accurate. Submitting an Application with a false statement or material misrepresentations made during the performance of a grant is a material breach of contract and may void the submitted Application and any resulting Grant Agreement.

45. By submitting this Application, Applicant represents and warrants that the individual submitting this document and the documents made part of this Application is authorized to sign such documents on behalf of the Applicant and to bind the Applicant under any grant that may result from the submission of this Application.

Exhibit T - Certification Regarding Lobbying

CERTIFICATION REGARDING LOBBYING

Certification for Contracts, Grants, Loans, and Cooperative Agreements

The undersigned certifies, to the best of his or her knowledge and belief, that:

(1) No Federal appropriated funds have been paid or will be paid, by or on behalf of the undersigned, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.

(2) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this Federal contract, grant, loan, or cooperative agreement, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions.

(3) The undersigned shall require that the language of this certification be included in the award documents for all subawards at all tiers (including subcontracts, subgrants, and contracts under grants, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly. This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Statement for Loan Guarantees and Loan Insurance

The undersigned states, to the best of his or her knowledge and belief, that:

If any funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with this commitment providing for the United States to insure or guarantee a loan, the undersigned shall complete and submit Standard Form-LLL, "Disclosure of Lobbying Activities," in accordance with its instructions. Submission of this statement is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required statement shall be subject to a civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

EXHIBIT S

OMB Approval No. 0348-0040

ASSURANCES - NON-CONSTRUCTION PROGRAMS

Public reporting burden for this collection of information is estimated to average 15 minutes per response, including time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Send comments regarding the burden estimate or any other aspect of this collection of information, including suggestions for reducing this burden, to the Office of Management and Budget, Paperwork Reduction Project (0348-0040), Washington, DC 20503.

PLEASE DO NOT RETURN YOUR COMPLETED FORM TO THE OFFICE OF MANAGEMENT AND BUDGET. SEND IT TO THE ADDRESS PROVIDED BY THE SPONSORING AGENCY.

NOTE: Certain of these assurances may not be applicable to your project or program. If you have questions, please contact the awarding agency. Further, certain Federal awarding agencies may require applicants to certify to additional assurances. If such is the case, you will be notified.

As the duly authorized representative of the applicant, I certify that the applicant:

1. Has the legal authority to apply for Federal assistance and the institutional, managerial and financial capability (including funds sufficient to pay the non-Federal share of project cost) to ensure proper planning, management and completion of the project described in this application.

2. Will give the awarding agency, the Comptroller General of the United States and, if appropriate, the State, through any authorized representative, access to and the right to examine all records, books, papers, or documents related to the award; and will establish a proper accounting system in accordance with generally accepted accounting standards or agency directives.

3. Will establish safeguards to prohibit employees from using their positions for a purpose that constitutes or presents the appearance of personal or organizational conflict of interest, or personal gain.

4. Will initiate and complete the work within the applicable time frame after receipt of approval of the awarding agency.

5. Will comply with the Intergovernmental Personnel Act of 1970 (42 U.S.C. §§4728-4763) relating to prescribed standards for merit systems for programs funded under one of the 19 statutes or regulations specified in Appendix A of OPM's Standards for a Merit System of Personnel Administration (5 C.F.R. 900, Subpart F).

6. Will comply with all Federal statutes relating to nondiscrimination. These include but are not limited to: (a) Title VI of the Civil Rights Act of 1964 (P.L. 88-352) which prohibits discrimination on the basis of race, color or national origin; (b) Title IX of the Education Amendments of 1972, as amended (20 U.S.C. §§1681-1683, and 1685-1686), which prohibits discrimination on the basis of sex; (c) Section 504 of the Rehabilitation Act of 1973, as amended (29 U.S.C. §794), which prohibits discrimination on the basis of handicaps; (d) the Age Discrimination Act of 1975, as amended (42 U.S.C. §§6101-6107), which prohibits discrimination on the basis of age; (e) the Drug Abuse Office and Treatment Act of 1972 (P.L. 92-255), as amended, relating to nondiscrimination on the basis of drug abuse; (f) the Comprehensive Alcohol Abuse and Alcoholism Prevention, Treatment and Rehabilitation Act of 1970 (P.L. 91-616), as amended, relating to nondiscrimination on the basis of alcohol abuse or alcoholism; (g) §§523 and 527 of the Public Health Service Act of 1912 (42 U.S.C. §§290 dd-3 and 290 ee-3), as amended, relating to confidentiality of alcohol and drug abuse patient records; (h) Title VIII of the Civil Rights Act of 1968 (42 U.S.C. §§3601 et seq.), as amended, relating to nondiscrimination in the sale, rental or financing of housing; (i) any other nondiscrimination provisions in the specific statute(s) under which application for Federal assistance is being made; and, (j) the requirements of any other nondiscrimination statute(s) which may apply to the application.

7. Will comply, or has already complied, with the requirements of Titles II and III of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 (P.L. 91-646) which provide for fair and equitable treatment of persons displaced or whose property is acquired as a result of Federal or federally-assisted programs. These requirements apply to all interests in real property acquired for project purposes regardless of Federal participation in purchases.

8. Will comply, as applicable, with provisions of the Hatch Act (5 U.S.C. §§1501-1508 and 7324-7328) which limit the political activities of employees whose principal employment activities are funded in whole or in part with Federal funds.

9. Will comply, as applicable, with the provisions of the Davis-Bacon Act (40 U.S.C. §§276a to 276a-7), the Copeland Act (40 U.S.C. §276c and 18 U.S.C. §874), and the Contract Work Hours and Safety Standards Act (40 U.S.C. §§327-333), regarding labor standards for federally-assisted construction subagreements.

10. Will comply, if applicable, with flood insurance purchase requirements of Section 102(a) of the Flood Disaster Protection Act of 1973 (P.L. 93-234) which requires recipients in a special flood hazard area to participate in the program and to purchase flood insurance if the total cost of insurable construction and acquisition is $10,000 or more.

11. Will comply with environmental standards which may be prescribed pursuant to the following: (a) institution of environmental quality control measures under the National Environmental Policy Act of 1969 (P.L. 91-190) and Executive Order (EO) 11514; (b) notification of violating facilities pursuant to EO 11738; (c) protection of wetlands pursuant to EO 11990; (d) evaluation of flood hazards in floodplains in accordance with EO 11988; (e) assurance of project consistency with the approved State management program developed under the Coastal Zone Management Act of 1972 (16 U.S.C. §§1451 et seq.); (f) conformity of Federal actions to State (Clean Air) Implementation Plans under Section 176(c) of the Clean Air Act of 1955, as amended (42 U.S.C. §§7401 et seq.); (g) protection of underground sources of drinking water under the Safe Drinking Water Act of 1974, as amended (P.L. 93-523); and, (h) protection of endangered species under the Endangered Species Act of 1973, as amended (P.L. 93-205).

12. Will comply with the Wild and Scenic Rivers Act of 1968 (16 U.S.C. §§1271 et seq.) related to protecting components or potential components of the national wild and scenic rivers system.

13. Will assist the awarding agency in assuring compliance with Section 106 of the National Historic Preservation Act of 1966, as amended (16 U.S.C. §470), EO 11593 (identification and protection of historic properties), and the Archaeological and Historic Preservation Act of 1974 (16 U.S.C. §§469a-1 et seq.).

14. Will comply with P.L. 93-348 regarding the protection of human subjects involved in research, development, and related activities supported by this award of assistance.

15. Will comply with the Laboratory Animal Welfare Act of 1966 (P.L. 89-544, as amended, 7 U.S.C. §§2131 et seq.) pertaining to the care, handling, and treatment of warm blooded animals held for research, teaching, or other activities supported by this award of assistance.

16. Will comply with the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. §§4801 et seq.) which prohibits the use of lead-based paint in construction or rehabilitation of residence structures.

17. Will cause to be performed the required financial and compliance audits in accordance with the Single Audit Act Amendments of 1996 and OMB Circular No. A-133, "Audits of States, Local Governments, and Non-Profit Organizations."

18. Will comply with all applicable requirements of all other Federal laws, executive orders, regulations, and policies governing this program.

DATE: February 3, 2026

Texas Identification Number: 17560011706
CONTACT NAME: Juanita Mendoza, Grants Manager
GRANTEE: Tarrant County
ADDRESS: 100 E Weatherford St. #506, Fort Worth TX 76196 -0301

The indirect cost rate(s) contained herein are for use on grants with Federal, State, or both governments to which 2 CFR Part 200 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards or the State of Texas Uniform Grant Management Standards apply, subject to the limitations contained in the sections below.

SECTION 1: HHS SYSTEMS ISSUED RATE(S)

HHS System Issued Rate

Rate Type	RATE PERIOD Start Date	End Date	Rate*	Rate Base	Applicable To	Next Proposal Due
Fixed with Carry-forward	Oct 1, 2025	Sep 30, 2026	36.41% Restricted ** 36.60% Unrestricted	Direct Salaries	Health Department	Aug 31, 2026

*If the indirect cost rate for the next fiscal year is not approved prior to the start of the next fiscal year use this rate as a billing rate until a new rate is established. This exception shall not exceed one year from the End Date shown above. ICR Proposals must be submitted within the above timelines to continue recovering indirect costs. Extensions to these dates must be approved by the Indirect Cost Rate Group for extenuating circumstances that may occur.

**The Restricted rate is applicable to US HHS grant awards and subawards. US HHS grant awards and subawards are subject to salary cap limitation which is reflected in the restricted rate. The Unrestricted rate is applicable to non-US HHS grant awards and subawards.

Rate Base Details

Direct Salaries means total direct salaries and wages, excluding fringe benefits. The rate applies to all programs administered by the non-federal entity. To determine the amount of indirect costs to be billed under this agreement, direct salaries and wages should be summed and multiplied by the rate. All other program costs, including fringe benefits associated with direct salaries, should be eliminated.

SECTION 2: ACCOUNTING TREATMENT OF FRINGE BENEFITS COST

Accounting Methods

Fringe Benefit Rate:	N/A
Fringe Benefits:	Vacation, Sick pay, F.I.C.A, Retirements, Health and Life Insurance, Worker's Compensation, car, mobile phone and uniform allowance meals, clothing, adoption assistance, tuition reimbursement, longevity, premium pays, (I.e... shift, field training, etc. certification pay, juvenile supplement pay, flexible spending account, health saving accounts and employee assistance programs.
Paid Absences:	Vacation, Holiday and Sick leave is claimed on Grants, contracts and on other agreements as part of the normal costs for salaries and wedges. Separate claims made for the costs of these paid absences.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

SECTION 3: Deadlines for Proposal Submissions

Your FY2027Fixed with Carry-forward ICR proposal with the FY2025carry-forward adjustment must be submitted via the ICRG Landing Page no later than August 31, 2026
Please provide your FY 2025 audit report* along with the ICR Proposal Packet. Select the "Submit ICR Proposal" option to upload all required documents. The proposal packet must be submitted on the HHS Indirect Cost Rate Group approved ICR Proposal Packet templates. Select "Technical Assistance" to request copies of the approved templates.

*Your audit should include a Schedule of Indirect Costs. The Schedule of Indirect Costs must show the incurred expenses versus the recovered expenses for the carry-forward calculation. Please see the enclosed example.

SECTION 4: KEY GUIDELINES AND CONDITIONS

A. LIMITATIONS: Use of the rate(s) contained in the Agreement is subject to all statutory or administrative limitations and is applicable to a given Federal award or contract only to the extent that funds are available. Acceptance of the rate(s) agreed to herein is predicated upon the following conditions: (1) that no costs other than those incurred by the grantee were included in its indirect cost pool as finally accepted and that such incurred costs are legal obligations of the grantee and allowable under the governing cost principles, (*See* 2 CFR 200, Subpart E); (2) Unallowable costs have been adjusted appropriately when allocating costs identified in the proposal; (3) that the same costs that have been treated as indirect costs have not been claimed as direct costs; (4) that similar types of costs have been accorded consistent treatment; and (5) that the information provided by the grantee which was used as a basis for acceptance of the rate(s) agreed to herein is not subsequently found to be materially inaccurate; (6) that a restricted rate or limit to the indirect cost rate or amount is not required under the enabling statute or by the cognizant federal agency; (7) indirect costs may only be recovered to the extent direct costs were incurred; and (8) the rates cited in this Agreement may be subject to audit. Indirect cost elements and the type of distribution base used in computing the rates are subject to revision when a final rate is negotiated to settle the provisional rate or if unusual circumstances affect the negotiated predetermined rate. In such situations, the rate(s) may be subject to renegotiation at the discretion of the cognizant agency.

B. CHANGES IMPACTING THE INDIRECT COST RATE PROPOSAL: This agreement is based on the organizational structure and the accounting methodology purported by the grantee to be in effect during the Agreement period. Changes which affect the amount of reimbursement resulting from the use of this Agreement require prior approval from the cognizant organization. Failure to obtain approval may result in subsequent cost disallowance. To notify us of organizational changes which impact the indirect cost rate, please submit a Technical Assistance request at the Landing Page referenced in Section 3 of this agreement.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

C. **NOTIFICATION TO FEDERAL AND STATE AGENCIES:** A copy of this document may be provided by the grantee to other Federal or State funding sources as a means of notifying them of the Agreement contained herein.

D. **APPLICATION OF INDIRECT COST RATE TO EXISTING GRANTS**: Indirect costs charged to a grant by means other than the rate(s) cited in this Agreement should be adjusted to the applicable rate cited herein.

E. **GOVERNMENT COMMISSIONS** (REGIONAL PLANNING COMMISSIONS, COUNCILS OF GOVERNMENT, ETC): Title 12 of Texas Local Government Code §391.0115(e) limits your organization's indirect costs to 15% or less of your organization's total expenditures, not including capital expenditures, subcontracts, subawards, and pass-through expense.

SECTION 5: RATE TYPE DEFINITIONS

A. **Fixed Carry-forward and Adjustments:** A fixed carry-forward rate means an indirect cost rate which has the same characteristics as a predetermined rate, except that the difference between the estimated costs and the actual, allowable costs of the period covered by the rate is carried forward as an adjustment to the rate computation of a subsequent period. When the actual costs for this period are determined, an adjustment will be made to a rate of a future year(s) to compensate for the difference between the costs used to establish the fixed rate and actual costs.

ADDITIONAL PROVISIONS

The terms and conditions of these Additional Provisions are incorporated into and made a part of the Grant Agreement. Terms included in these Additional Provisions and not otherwise defined have the meanings assigned to them in HHS Uniform Terms and Conditions, Attachment C.

1. TURNOVER PLAN

System Agency, in its sole discretion, may require Grantee to develop and submit a Turnover Plan at any time during the term of the Grant Agreement. Grantee must submit the Turnover Plan to System Agency for review and approval. The Turnover Plan must describe Grantee's policies and procedures that will ensure:

i. The least disruption in the implementation and performance of grant-funded activities during Turnover; and
ii. Full cooperation with System Agency or its designee in transferring the performance and obligations of the Grant Agreement.

2. TURNOVER ASSISTANCE

Grantee will provide any assistance and actions reasonably necessary to enable System Agency or its designee to effectively close out the Grant Agreement and transfer the performance and obligations of the Grant Agreement to another Grantee or to System Agency if necessary. Grantee agrees that this obligation survives the termination, regardless of whether for cause or convenience, or the expiration of the Grant Agreement and remains in effect until completed to the satisfaction of System Agency.

3. SERVICES AND INFORMATION FOR PERSONS WITH LIMITED ENGLISH PROFICIENCY

A. Grantee shall take reasonable steps to provide services and information both orally and in writing, in appropriate languages other than English, to ensure that persons with limited English proficiency are effectively informed and can have meaningful access to programs, benefits and activities. Meaningful access may entail providing language assistance services, including oral interpretation and written translation, if necessary. More information can be found at https://www.lep.gov/.
B. Grantee shall identify and document on the client records the primary language/dialect of a client who has limited English proficiency and the need for translation or interpretation services and shall not require a client to provide or pay for the services of a translator or interpreter.
C. Grantee shall make every effort to avoid use of any persons under the age of 18 or any family member or friend of the client as an interpreter for essential communications with a client with limited English proficiency, unless the client has requested that person and using the person would not compromise the effectiveness of services or violate the client's confidentiality and the client is advised that a free interpreter is available.

4. INTERIM EXTENSION AMENDMENT

A. Prior to or on the expiration date of this Grant Agreement, the Parties agree that this Grant Agreement can be extended as provided under this section.
B. The System Agency shall provide written notice of interim extension amendment to the

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

Grantee under one of the following circumstances:

i. Continue provision of services in response to a disaster declared by the governor; or
ii. To ensure that services are provided to clients without interruption.

C. The System Agency will provide written notice of the interim extension amendment that specifies the reason for it and period of time for the extension.
D. Grantee will provide and invoice for services in the same manner that is stated in the Grant Agreement.
E. An interim extension under subsection (B)(i) of this section shall extend the term of the Grant Agreement not longer than 30 days after the governor declares a disaster unless the Parties agree to a shorter period of time.
F. An interim extension under subsection (B)(i) of this section shall be a one-time extension for a period of time determined by the System Agency.

5. PROJECT COMMENCEMENT

The Grantee shall begin the grant-funded project on the start date of the grant term or grant execution date, whichever is later, unless otherwise approved by System Agency. If project commencement is delayed, the Grantee must submit in writing to the assigned contract manager the steps taken to initiate the project, the reasons for the delay, and the expected start date. System Agency may require Grantee to take immediate remedial or corrective action in response to any delay.

6. BACKGROUND CHECKS AND DISCIPLINARY ACTIONS

A. Grantee shall develop, implement, and maintain written policies and procedures to ensure the health and safety of all participants receiving services under this Grant Agreement, including clearly defined disciplinary action steps and processes for addressing violations of health and safety standards.
B. Grantee must follow HHSC requirements regarding background checks and records maintenance as outlined in the background check requirements on the HHS contractor resource page https://fss.hhs.texas.gov/Grantees/contractor_resources.asp.
C. Grantee shall document in employee or volunteer file, and make available upon request during monitoring, when Grantee learns of or has any reason to believe it or any person with ownership or controlling interest in Grantee, or their agent, employee, volunteer or other person working with the help and support of a grantee who has direct contact with children or families or access to personally identifying information and is providing services under this Grant Agreement has been placed on community supervision, received deferred adjudication, or been indicted for or convicted of a criminal offense involving financial misconduct, misuse of federal or state funds, or a felony sex crime. If there is any indication that action may be required regarding the individual's continued role, the Grantee must consult the Licensed or Certified Child Care Operations: Criminal History Requirements chart to determine appropriate steps based on the offense. See https://www.hhs.texas.gov/sites/default/files/documents/doing-business-with-hhs/provider-portal/protective-services/ccl/criminal-history/lcco-chart.pdf.

Docusign Envelope ID: 88A4D9DD-A236-411A-B4FE-52B704A262AC

D. Grantee shall not permit any employee, volunteer, or other person working with the help and support of a grantee who engaged, or was alleged to have engaged, in any activity subject to reporting under this section to perform direct client services, have direct contact with clients, or have access to personally identifying information, unless otherwise directed in Licensed or Certified Child Care Operations: Criminal History Requirements. See https://www.hhs.texas.gov/sites/default/files/documents/doing-business-with-hhs/provider-portal/protective-services/ccl/criminal-history/lcco-chart.pdf.

7. NOTICE OF GRANT AGREEMENT ACTION

Grantee shall notify the assigned System Agency contract manager if Grantee has any grant agreement or contract suspended or terminated for cause by any local, state, or federal department or agency or nonprofit entity within five business days of becoming aware of the action and include the following:

i. Reason for such action;
ii. Name and contact information of the local, state, or federal department or agency or entity;
iii. Effective start date of the grant agreement;
iv. Date of suspension or termination; and
v. Grant agreement or case reference number.

8. NOTICE OF BANKRUPTCY

Grantee shall notify in writing the assigned System Agency contract manager of its plan to seek bankruptcy protection within five business days of such action by Grantee.

9. NOTICE OF CHANGE OF CONTACT PERSON OR KEY PERSONNEL

The Grantee shall notify in writing the assigned System Agency contract manager within five business days of any change to the Grantee's Contact Person or Key Personnel.

10. NOTICE OF INSOLVENCY, INCAPACITY, OR OUTSTANDING UNPAID OBLIGATIONS

Grantee shall notify in writing its assigned System Agency contract manager of any insolvency, incapacity, or outstanding unpaid obligations of Grantee owed to the Internal Revenue Service or the State of Texas, or any agency or political subdivision of the State of Texas within five business days of the date of Grantee becoming aware of such.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 4
Department: Purchasing	**Prepared By:** Wanyu Chen	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

RFO No. F2026107 - Annual Contract for VMware Cloud Foundation - TIPS #240101 - Information Technology - New Tech Solutions, Inc. - Per Unit Price

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award RFO No. F2026107, Annual Subscription for VMware Cloud Foundation, utilizing The Interlocal Purchasing System (TIPS) Contract #240101, for Information Technology, to New Tech Solutions, Inc. at the per unit price.

BACKGROUND

One thousand two hundred ninety-nine (1,299) vendors were contacted and requested to submit written offers for RFO No. F2026107, Annual Subscription for VMware Cloud Foundation, under cooperative contracts. Three (3) offers and six (6) no-bids were received.

Offers were evaluated by Information Technology and Purchasing representatives. The offer received from New Tech Solutions, Inc. meets all specifications and is acceptable to Information Technology.

This purchase is for the continuation of existing software that supports the County's virtual infrastructure. In use since 2010, this platform provides critical virtualization for servers, enabling secure, efficient delivery of departmental and Countywide applications in a hybrid cloud environment.

New Tech Solutions, Inc. offers the software through the TIPS #240101. The TIPS contract expires on May 31, 2029.

The term of the contract is twelve (12) months, effective July 1, 2026.

Request for Offer (RFO) was issued in accordance with Texas Government Code Chapter 791, Interlocal Cooperation Act and Section 271.101, et seq., of the Texas Local Government Code and Section 791.025 " (c) A local government that purchases good and services under this section satisfies the requirement of the local government to seek competitive bids for the purchase of goods and services."

FISCAL IMPACT

Funding in the amount of $168,912.00 is available in account 10000-2026 General Fund/1810201000 Network Oper/Communication/578025 Software Maintenance and Licenses.

SUBJECT:

RFP No. 2021-137 - Annual Contract for Jail System Food Services - Sheriff's Office - Various Vendors - Exercise Fifth and Final Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. 2021-137, Annual Contract for Jail System Food Services, for the fifth and final optional twelve (12) month period for at the rate of $1.580 per meal for inmates and $5.126 for officers. All previous terms of the contract shall remain in full force and effect..

BACKGROUND

On September 28, 2021, the Commissioners Court, through Court Order #136503, awarded RFP No. 2021-137, Annual Contract for Jail System Food Services, for the Sheriff's Office, to the following vendors:

Primary	Five Star Correctional Services, Inc.
Secondary	Selrico Services, Inc.
Alternate	Trinity Services Group, Inc. d/b/a Trinity Corrections Services, Inc. in Texas

The awards were based upon evaluation criteria set forth in the RFP specifications and contained options to renew for five (5) additional twelve (12) month periods.

On April 26, 2022, the Commissioners Court, through Court Order #138012, approved the cancellation of the primary award to Five Star Correctional Services, Inc. and awarded the next proposals meeting specifications to the following vendors:

Primary	Selrico Services, Inc.
Secondary	Trinity Services Group, Inc. d/b/a Trinity Corrections Services, Inc. in Texas

On September 20, 2022, the Commissioners Court, through Court Order #139200, approved the first renewal option.

On August 15, 2023, the Commissioners Court, through Court Order #141493, approved the second renewal option.

On August 20, 2024, the Commissioners Court, through Court Order #143703, approved the third renewal option.

On August 5, 2025, the Commissioners Court, through Court Order #145634, approved the fourth renewal option.

The contract is for the serving of inmate and officers' meals three (3) times per day, 365 days per year. The per meal price is on a sliding scale based on the number of meals served.

In a letter dated April 30, 2026, Selrico Services, Inc. requested a price redetermination of $1.580 per meal for inmates from $1.534 (2.998% increase of $0.046) and $5.126 per meal for officers from $4.977 (2.993% increase of $0.149), as outlined in Section III of the RFP and in accordance with the sliding scale defined on page 13 of the RFP. This section provides that a price redetermination may be considered prior to exercising a contract renewal option. The price redetermination is based upon the Consumer Price Index, All Urban Consumers (CPI-U), for prices in the Dallas-Fort Worth and Arlington area published by the Bureau of Labor Statistics.

The vendors notified Purchasing in writing that they will extend the same contract terms through September 30, 2027. The Sheriff's Office notified Purchasing in writing that that they are pleased with the vendors and wants to renew.

Therefore, it is the joint recommendation of Sheriff's Office and Purchasing that the Commissioners Court approve renewal of RFP No. 2021-137, Annual Contract for Jail System Food Services, for another twelve (12) month period.

FISCAL IMPACT

Expenses for the last twelve (12) months were $5,880,000.00. Funding in the amount of $11,265,137.00 has been requested in the FY27 budget in accounts:

10000-2027 General Fund/2120910000 Confinement Administration/565012 Food Contract/Prisoners/565015 Food Contract/Employees

Re: RFP No. 2021-137 – Jail System Food Services

Dear Ms. Aleman:

Referenced bid was for twelve (12) months with five (5) options to renew for an additional twelve (12) months each. The original contract was for the period of October 1, 2021, through September 30, 2022. The effective dates for the fifth renewal option will run from October 1, 2026, through September 30, 2027.

Tarrant County Purchasing Department hereby extends an invitation to Selrico Services, Inc. to accept the first option for an additional one (1) year period as the primary vendor for this bid as awarded on September 28, 2021. Selrico Services acknowledges formal renewal of the option, and any contract is contingent upon review and approval by the Tarrant County Commissioners' Court at a later date. Please mark the appropriate response below and provide your signature above your printed name. All prices must remain firm for the optional renewal period through September 30, 2027.

☒ Yes, Selrico Services will accept the offer with a 3% price increase as stipulated in the contract. This contract pricing must remain firm through September 30, 2027. **Please include a current 1295 Form with your response.**

☐ No, Selrico Services will NOT accept the offer with a 3% price increase as stipulated in the contract through September 30, 2027.

Are any other governmental entities currently utilizing this contract? ☐ Yes ☒ No

Yes, please return a listing of the participating entities with this letter.

Please email or fax your signed response.

SELRICO SERVICES

SERVICE • SOLUTIONS • SUCCESS • SELRICO

To: Jill Stine, CPPB
Tarrant County Purchasing
100 E Weatherford St, Ste. 303
Fort Worth, TX 76196

April 30, 2026

Ms. Stine,

Selrico Services respectfully submits the following request for a CPI increase for October 2026 – September 2027. The proposed CPI increase is based on the U.S. Bureau of Labor Statistics Consumer Price Index for the Dallas-Fort Worth-Arlington area for April 2026. We have included the section of U.S. Bureau of Labor Statistics website that refers to food, for your reference. With the price of food continuing to increase over the last year we are requesting a 3% CPI increase based on the following:

1. Our employees have continued to show their commitment to not only Selrico but to Tarrant County by showing up to work on time and ready to prepare the best food possible for each patron that will consume our food. Our employees ensure that inmate meals and officer's dining room meals are equally prepared and served with the same pride and care as the others. A CPI increase will allow Selrico to give cost of living wage increase to our employees working at the Tarrant County Jail and we feel a wage increase for our staff is well deserved.
2. This contract requires a performance bond, and just like most insurance policies and coverage, the cost of the performance bond has increased over the last three years. Other insurance coverage such as health, vision, dental, and liability has increased as well.
3. The number of Kosher meals has dramatically increased over the last three years. Each Kosher meal that is served costs Selrico $9.50 per inmate per meal period equaling $28.50 per day per inmate. The median cost per day to feed a non-kosher inmate is $4.602. For each inmate that is served a kosher meal item results in Selrico losing approximately $23.89 per inmate per day. Unfortunately, Selrico has no control over the Kosher verification process so there isn't a way for us to control who is eligible for Kosher meals. This results in a constant need to always keep meals on hand to ensure that we are in compliance when a kosher eligible inmate is in custody and consuming our food

The proposed median cost for inmate and officer meals is as follows:

Inmate Meals $1.580
Officer Meals $ 5.126

Selrico would like to thank the Tarrant County Jail administration and staff for their patience and understanding they have all shown to Selrico. We view this contract as a partnership between Selrico and Tarrant County and we appreciate the opportunity to continue our relationship in the future.

I am available to answer any questions that you may have regarding this CPI increase request. Please feel free to contact me on my cell phone at (210)240-7201 or by email at RickA@selricoservices.com.

Sincerely,
Rick Aleman

President

CPI chart package

CPI Historical Annual Average

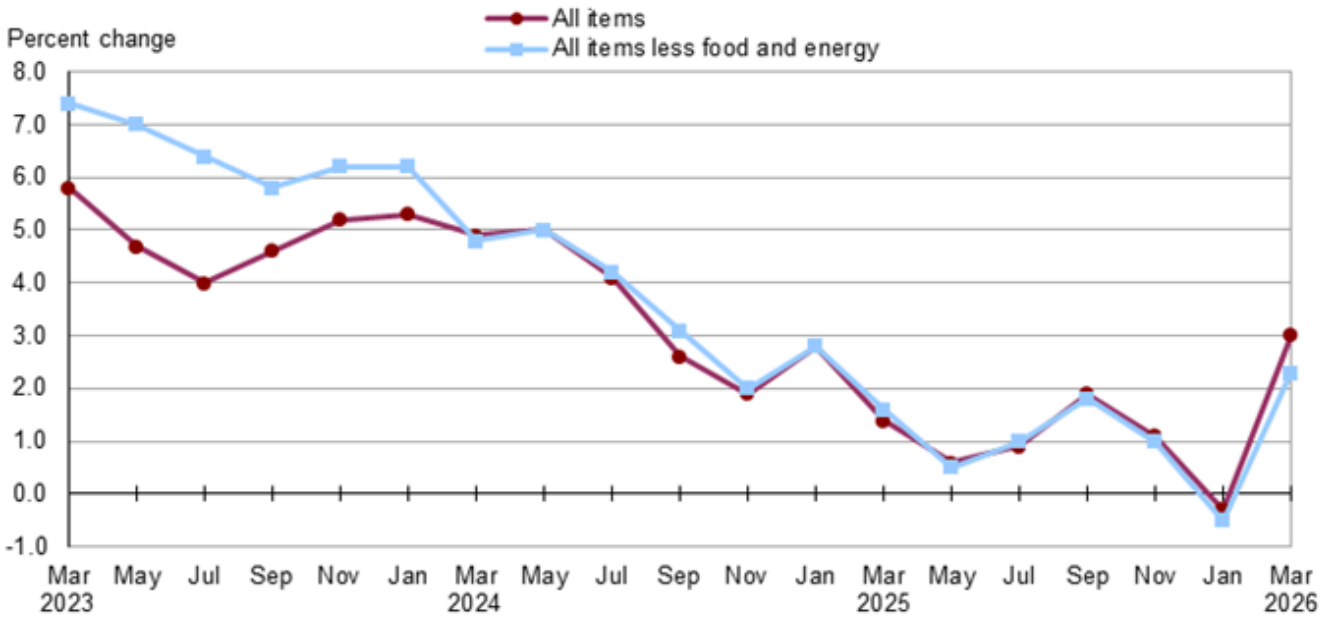
Consumer Price Index, Dallas-Fort Worth-Arlington area — March 2026

Area prices were up 2.9 percent in February and March, up 3.0 percent over the year

The Consumer Price Index for All Urban Consumers (CPI-U) in the Dallas-Fort Worth-Arlington area advanced 2.9 percent for the two months ending in March 2026, the U.S. Bureau of Labor Statistics (BLS) reported today. Acting Regional Commissioner Jerome Watters noted that the all items less food and energy index increased 2.2 percent. The energy index was up 16.3 percent, while the food index rose 0.4 percent over the two-month period. (Data in this report are not seasonally adjusted. Accordingly, bi-monthly changes may reflect seasonal influences.)

The Dallas-Fort Worth-Arlington area all items CPI-U increased 3.0 percent for the 12 months ending in March. The index for all items less food and energy advanced 2.3 percent, and the energy index rose 11.7 percent. The food index was up 2.8 percent over the same period.

Chart 1. Over-the-year percent change in CPI-U, Dallas-Fort Worth-Arlington, TX, March 2023–March 2026



Source: U.S. Bureau of Labor Statistics.

View Chart Data

Food

Food prices advanced 0.4 percent for the two months ending in March. The index for food at home (grocery store purchases) increased 0.5 percent, and the index for food away from home (restaurant, cafeteria, and vending purchases) rose 0.4 percent for the same period. Within the food at home index, the category for nonalcoholic beverages and beverage materials (+4.2 percent) led the rise, followed by meats, poultry, fish, and eggs (+0.9 percent). The index for other food at home (-0.7 percent) saw the largest decline over the two-month period.

Over the year, food prices advanced 2.8 percent. Prices for food at home rose 3.3 percent, and prices for food away from home advanced 2.2 percent. Four of the six major grocery store food group categories increased over the same period, led by meats, poultry, fish, and eggs (+5.7 percent).

Energy

The energy index advanced 16.3 percent for the two months ending in March. The index for gasoline increased 37.0 percent over the same period.

From March 2025 to March 2026, energy prices rose 11.7 percent. Prices paid for gasoline were up 19.7 percent over the year.

All items less food and energy

The index for all items less food and energy advanced 2.2 percent during the two-month period. Among the index's components, prices were higher for apparel (+11.0 percent), medical care services, and lodging away from home. In contrast, prices were lower for other goods and services (-5.3 percent) and used cars and trucks (-1.0 percent).

The index for all items less food and energy rose 2.3 percent over the year. Components contributing to the increase included medical care services, public transportation, and apparel (+3.1 percent). In contrast, prices were lower for shelter (-0.6 percent) and used cars and trucks (-3.8 percent).

The May 2026 Consumer Price Index for the Dallas-Fort Worth-Arlington area is scheduled to be released on Wednesday, June 10, 2026.

Technical Note

The Consumer Price Index (CPI) is a measure of the average change in prices over time in a fixed market basket of goods and services. The Consumer Price Index for Dallas-Fort Worth is published bi-monthly. The set of components and sub-aggregates published for regional and metropolitan indexes is more limited than at the U.S. city average level; these indexes are byproducts of the national CPI program. Each local index has a much smaller sample size than the national or regional indexes and is, therefore, subject to substantially more sampling and other measurement error. As a result, local-area indexes are more volatile than the national or regional indexes. In addition, local indexes are not adjusted for seasonal influences. **NOTE: Area indexes do not measure differences in the level of prices between cities; they only measure the average change in prices for each area since the base period.**

The **Dallas-Fort Worth-Arlington, TX, Core Based Statistical Area** includes the counties of Collin, Dallas, Denton, Ellis, Hood, Hunt, Johnson, Kaufman, Parker, Rockwall, Somervell, Tarrant, and Wise in Texas.

Refer to the national CPI news release technical note or the Handbook of Methods for more information.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 5
Department: Purchasing	**Prepared By:** Teresa Ralls	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

RFP No. 2023-158 - Annual Contract for Defendant-Paid Continuous Alcohol Monitoring Services - Community Supervision and Corrections Department - Recovery Monitoring Solutions, LLC - Exercise Second and Final Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. 2023-158, Annual Contract for Defendant-Paid Continuous Alcohol Monitoring Services, for the second and final optional twelve (12) month period at the same contract terms.

BACKGROUND

On August 1, 2023, the Commissioners Court, through Court Order #141396, awarded RFP No. 2023-158, Annual Contract for Defendant-Paid Continuous Alcohol Monitoring Services, for Community Supervision and Corrections Department (CSCD), to Recovery Monitoring Solutions, LLC.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for two (2) additional twelve (12) month periods.

On May 20, 2025, the Commissioners Court, through Court Order #145274, approved the first renewal option.

A continuous alcohol monitoring device is an ankle bracelet that tracks and quantifies a defendant's alcohol consumption 24 hours a day, seven days a week. This supervision tool allows CSCD to monitor compliance with abstinence orders and serves as an alternative to confinement.

The vendor notified Purchasing in writing that they will extend the same contract terms through August 31, 2027. CSCD notified Purchasing in writing that they are pleased with the vendor and wants to renew.

Therefore, it is the joint recommendation of CSCD and Purchasing that the Commissioners Court approve renewal of RFP No. 2023-158, Annual Contract for Defendant-Paid Continuous Alcohol Monitoring Services, for another twelve (12) month period.

FISCAL IMPACT

Services are paid for by offenders/defendants. No Tarrant County funds are required.

Re: RFP No. 2023-158 – Annual Contract for Defendant-Paid Continuous Alcohol Monitoring Services

Dear Mr. Fain:

Referenced bid was for twenty-four (24) months with two (2) options to renew for an additional twelve (12) months each. The effective dates for the second and final renewal option will run from September 1, 2026 through August 31, 2027.

Tarrant County Purchasing Department hereby extends an invitation to Recovery Monitoring Solutions to accept the second and final option for an additional twelve (12) month period as the vendor for this bid as awarded on August 1, 2023. Recovery Monitoring Solutions acknowledges formal renewal of the option and any contract is contingent upon review and approval by the Tarrant County Commissioners Court at a later date. Please mark the appropriate response below and provide your signature above your printed name. All prices must remain firm for the optional renewal period through August 31, 2027.

☑ Yes, Recovery Monitoring Solutions will accept the offer to extend the same contract terms through August 31, 2027. **Please include a current 1295 Form with your response.**

☐ No, Recovery Monitoring Solutions will NOT accept the offer to extend the same contract terms through August 31, 2027.

Please email your signed response.

Sincerely,

Teresa Ralls, Senior Buyer

SUBJECT:

RFP No. F2024093 - Annual Contract for Procurement Card Services - Countywide - J.P. Morgan Chase Bank, N.A. - Exercise Second Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. F2024093, Annual Contract for Procurement Card Services, for the second optional twelve (12) month period at the same contract terms

BACKGROUND

On August 20, 2024, the Commissioners Court, through Court Order #143690, awarded RFP No. F2024093, Annual Contract for Procurement Card Services, Countywide, to J.P. Morgan Chase Bank, N.A

On May 6, 2025, the Commissioners Court, through Court Order #145171, approved the first renewal option.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for three (3) additional twelve (12) month periods.

The primary purpose of the procurement card program is to provide immediate access for goods and services in work stoppage situations for official business purposes of the County. In addition, other purchases may be considered with the prior written authorization of the Purchasing Agent. The procurement card program is governed by Tarrant County's Procurement Card Procedures.

J.P. Morgan Chase Bank, N.A notified Purchasing in writing that they will extend the same contract terms through August 24, 2027. The Purchasing Agent has verified in writing that they are pleased with the vendor and wants to renew.

Therefore, it is the recommendation of Purchasing that the Commissioners Court approve renewal of RFP No. F2024093, Annual Contract for Procurement Card Services, for another twelve (12) month period.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew August 25, 2028 hereafter for one (1) twelve (12) month period ending on August 24, 2029 unless sooner terminated by either party as provided herein.

FISCAL IMPACT

JP Morgan Chase Bank, N.A. will pay each participant a rebate based on the annual combined total charge volume achieved by all participants and the annual combined total charge volume achieved by the individual participant according to the schedule in the Master Agreement.

Applicable fees will be charged to participants based on the Master Agreement.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 5
Department: Purchasing	**Prepared By:** Jill E. Stine	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

RFP No. F2024122 - Annual Contract for Broker of Record - Budget and Risk Management - Higginbotham Insurance Agency, Inc. - Exercise Second and Final Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. F2024122, Annual Contract for Broker of Record, for the second and final optional twelve (12) month period at the same contract terms.

BACKGROUND:

On September 4, 2024, the Commissioners Court, through Court Order #143805, awarded RFP No. F2024122, Annual Contract for Broker of Record, for Budget and Risk Management, to Higginbotham Insurance Agency, Inc.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for two (2) additional twelve (12) month periods.

On August 19, 2025, the Commissioners Court, through Court Order #145767, approved the first renewal option.

The purpose of this contract is to obtain an agent who will advise the County in the evaluation of current County insurance policies, as well as recommend and negotiate rates and terms for potential replacement policies, according to what is in the best interest of the County.

The vendor notified Purchasing in writing that they will extend the same contract terms through September 3, 2027. Budget and Risk Management notified Purchasing in writing that they are pleased with the vendor and wants to renew.

Therefore, it is the joint recommendation of Budget and Risk Management and Purchasing that the Commissioners Court approve renewal of RFP No. F2024122, Annual Contract for Broker of Record, for another twelve (12) month period.

FISCAL IMPACT:

Expenses for the last twelve (12) months were $44,500.00. Funding in the amount of $44,500.00 is available in account 10000-2026 General Fund/1140100000 Non-Departmental/575011 Casualty Insurance.

Re: F2024122 – Annual Contract for Broker of Record

Dear Ms. Howard:

Referenced bid was for twelve (12) months with two (2) options to renew for an additional twelve (12) months each. The original contract was for the period of September 3, 2024, through September 3, 2025. The effective dates for the second renewal option will run from September 4, 2026, through September 3, 2027.

Tarrant County Purchasing Department hereby extends an invitation to Higginbotham Insurance Agency, Inc. to accept the second option for an additional one (1) year period as the primary vendor for this bid as awarded on September 4, 2024. Higginbotham Insurance Agency, Inc. acknowledges formal renewal of the option, and any contract is contingent upon review and approval by the Tarrant County Commissioners Court at a later date. Please mark the appropriate response below and provide your signature above your printed name. All prices must remain firm for the optional renewal period through September 3, 2027.

☒ Yes, Higginbotham Insurance Agency, Inc. will accept the offer to extend the same contract terms or firm fixed prices through September 3, 2027. **Please include a current 1295 Form with your response.**

☐ No, Higginbotham Insurance Agency, Inc., will NOT accept the offer to extend the same contract terms or firm fixed prices through September 3, 2027.

Are any other governmental entities currently utilizing this contract? ☐ Yes ☒ No

If Yes, please return a listing of the participating entities with this letter.

Please email or fax your signed response.

Sincerely,

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 15
Department: Purchasing	**Prepared By:** Erin N. Dawdy	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

RFP No. F2024125 - Annual Contract for Family Support and Aftercare Program - Juvenile Services - Lena Pope Home, Inc. - Exercise Second and Final Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. F2024125, Annual Contract for Family Support and Aftercare Program, for the second and final optional twelve (12) month period at the same contract terms.

BACKGROUND:

On August 20, 2024 the Commissioners Court, through Court Order #143691, awarded RFP No. F2024125, Annual Contract for Family Support and Aftercare Program, for Juvenile Services, to Lena Pope Home, Inc.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for two (2) additional twelve (12) month periods.

On August 19, 2025 the Commissioners Court, through Court Order #1457687, approved the first renewal option.

The purpose of this contract is for the implementation of a specialized family support and aftercare program specifically designed to reduce recidivism for moderate to high-risk youth who are court ordered to out-of-home residential placement. Tarrant County Juvenile Services provides family support and aftercare services that will ensue from the moment youth are ordered into a residential placement facility and will include case management and therapeutic services to family members in the youth's household while the youth is in placement.

The vendor notified Purchasing in writing that they will extend the same contract terms through August 31, 2027. Juvenile Services notified Purchasing in writing that they are pleased with the vendor and wants to renew.

Therefore, it is the joint recommendation of Juvenile Services and Purchasing that the Commissioners Court approve renewal of RFP No. F2024125, Annual Contract for Family Support and Aftercare Program, for another twelve (12) month period.

FISCAL IMPACT:

Expenses for the last twelve (12) months were $98,700. Funding in the amount of $120,000 is expected to be available in account P0032-2027 Discretionary State Aid/261015000 Juvenile Services Placement/569011 Professional Services/Grant-2004, pending July Juvenile Board approval of grant fund acceptance.

RFP No. F2024135 - Annual Contract for Dispute Resolution Case Management Solution and Maintenance - Dispute Resolution - ADR Notable, LLC - Exercise Second and Final Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. F2024135, Annual Contract for Dispute Resolution Case Management Solution and Maintenance, for the second and final optional twelve (12) month period at the same contract terms.

BACKGROUND

On September 4, 2024, the Commissioners Court, through Court Order #143808, awarded RFP No. F2024135, Annual Contract for Dispute Resolution Case Management Solution and Maintenance, for the County Administrator's Office, to ADR Notable, LLC.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for two (2) additional twelve (12) month periods.

On July 1, 2025, the Commissioners Court, through Court Order #145507, approved the first renewal option.

This contract is used to track cases referred from courts for mediation. It allows reporting back to the courts on the status of individual cases, provides overall program statistics and performance metrics, and includes functionality to manage volunteer mediators, assign cases, and maintain basic case and litigant information.

The vendor notified Purchasing in writing that they will extend the same contract terms through September 3, 2027. Dispute Resolution notified Purchasing in writing that they are pleased with the vendor and wants to renew.

Therefore, it is the joint recommendation of Dispute Resolution and Purchasing that the Commissioners Court approve renewal of RFP No. F2024135, Annual Contract for Dispute Resolution Case Management Solution and Maintenance, for another twelve (12) month period.

FISCAL IMPACT

Expenses for the last twelve (12) months were $2,160.00 Funding will be requested in the FY 2027 budget in the amount of $2,160.00 in 22500-2027 Dispute Resolution Fund/4840100000 Dispute Resolution/578025 Software Maintenance and Licenses.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 6
Department: Purchasing	**Prepared By:** Wanyu Chen	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

RFP No. F2024143 - Annual Contract for HIV and Related Services - HIV Administrative Agency - Collaborative Research, LLC - Exercise Second and Final Option for Renewal - Same Contract Terms

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. F2024143, Annual Contract for HIV and Related Services, for the second and final optional twelve (12) month period at the same contract terms.

BACKGROUND

On October 1, 2024, the Commissioners Court, through Court Order #144014, awarded RFP No. F2024143, Annual Contract for HIV and Related Services, for HIV Administrative Agency, to Collaborative Research, LLC.

On July 1, 2025, the Commissioners Court, through Court Order #145510, approved the first renewal option.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for two (2) additional twelve (12) month periods.

Services to be provided under this contract include comprehensive subrecipient compliance monitoring, needs assessments, training and technical assistance, development of service standards, and client satisfaction surveys.

The vendor notified Purchasing in writing that they will extend the same contract terms through September 30, 2027. HIV Administrative Agency notified Purchasing in writing that they are pleased with the vendor and wants to renew.

Therefore, it is the joint recommendation of HIV Administrative Agency and Purchasing that the Commissioners Court approve renewal of RFP No. F2024143, Annual Contract for HIV and Related Services, for another twelve (12) month period.

FISCAL IMPACT

Expenses for the last twelve (12) months were $116,200.00. Funding is available in the following accounts:
E0024-2027 DHHS-Ryan White Ending the HIV Epidemic: A Plan for America/1132000000 HIV Administration/569011 Professional Services
E0025-2026 Affected Family/1132000000 HIV Administration/569011 Professional Services
E0027-2026 DHHS/HRSA-Ryan White Part C - Outpatient EIS Program/1132000000 HIV Administration/569011 Professional Services
E0028-2027 DHHS/HRSA-Ryan White HIV/AIDS Treatment Modernization Act Part A/1132000000 HIV Administration/569011 Professional Services
E0032-2027 DSHS-Ryan Treatment Modernization Act Part B/1132000000 HIV Administration/569011 Professional Services

Re: RFP No. F2024143 – Annual Contract for HIV and Related Services

Dear Lorie:

Referenced bid was for twelve (12) months with two (2) options to renew for an additional twelve (12) months each. The original contract was for the period of October 1, 2024 through September 30, 2025. The effective dates for the second and final renewal option will run from October 1, 2026, through September 30, 2027.

Tarrant County Purchasing Department hereby extends an invitation to Collaborative Research, LLC to accept the second and final option for an additional one (1) year period as the primary vendor for this bid as awarded on October 1, 2024. Collaborative Research, LLC acknowledges formal renewal of the option and any contract is contingent upon review and approval by the Tarrant County Commissioners Court at a later date. Please mark the appropriate response below and provide your signature above your printed name. All prices must remain firm for the optional renewal period through September 30, 2027.

(●) Yes, Collaborative Research, LLC will accept the offer to extend the same contract terms through September 30, 2027. **Please include a current 1295 Form with your response.**

( ) No, Collaborative Research, LLC will NOT accept the offer to extend the same contract terms through September 30, 2027

Are any other governmental entities currently utilizing this contract? ( ) Yes (●) No

If Yes, please return a listing of the participating entities with this letter.

Please email your signed response.

Sincerely,

Wanyu Chen

Re: Renewal of RFP F2024143, Annual Contract for HIV and Related Services

---

The above-mentioned contract will expire on September 30, 2026. This contract included two (2) options to renew with the vendors for two (2) additional twelve (12) month terms. The second and final optional twelve (12) month period would commence on October 1, 2026, and would expire on September 30, 2027.

If you wish to exercise this second and final option to renew and continue this contract with Collaborative Research, LLC for twelve more months, please check the appropriate item and email this form back to me by April 20, 2026.

(●) Yes, I wish to continue the current contract with Collaborative Research, LLC for the second and final renewal term of the contract.

Funds to support this contract will be provided by the following accounts:

_____/_____/_____

fund # & year | cost center # | expense code #

( ) No, I do not wish to continue the current contract with Collaborative Research, LLC for the following reason (s):

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 10
Department: Purchasing	**Prepared By:** Jill E. Stine	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2025105 - Annual Contract for Non-Emergency Transportation Services - Public Health - Various Vendors - Exercise First Option for Renewal - Same Firm Fixed Prices

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of Bid No. F2025105, Non-Emergency Transportation Services, for the first optional twelve (12) month period at the same firm fixed prices.

BACKGROUND

On August 5, 2025, the Commissioners Court, through Court Order #145618, awarded Bid No. F2025105, Annual Contract for Non-Emergency Transportation Services, for Public Health, to the following vendors:

Section 1	Fort Worth Non-Emergency Transportation LLC Hilal Non-Emergency Transportation LLC WHC DFW, LLC d/b/a zTrip
Section 2	Fort Worth Non-Emergency Transportation LLC Hilal Non-Emergency Transportation LLC Just Ride Transportation, LLC

The awards were based upon low bid meeting specifications and contained options to renew for two (2) additional twelve (12) month periods.

The purpose of this contract is to provide non-emergency transportation services for clients of Tarrant County Public Health, specifically for travel to and from medical appointments, County facilities, or other locations as deemed necessary.

The vendors notified Purchasing in writing that their prices will remain firm through August 4, 2027. Public Health notified Purchasing in writing that they are pleased with the vendors and wants to renew.

Therefore, it is the joint recommendation of Public Health and Purchasing that the Commissioners Court approve renewal of Bid No. F2025105, Annual Contract for Non-Emergency Transportation Services, for another twelve (12) month period.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew August 4, 2027, hereafter for one (1) twelve (12) month period ending on August 3, 2028, unless sooner terminated by either party as provided herein.

FISCAL IMPACT

Expenses for the last twelve (12) months were $6,975.00. Funding is available in the following accounts:

$1,000	F0046-2026 Tuberculosis Prevention and Control Outreach Program/5100402000 Health TB Clinics/5 Transportation
$10,100.00	F0046-2027 Tuberculosis Prevention and Control Outreach Program/5100402000 Health TB Clinics/5 Transportation

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 5
Department: Purchasing	**Prepared By:** Erin N. Dawdy	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

RFP No. F2025144 - Annual Contract for Intensive Spanish Language Mental Health Services - Juvenile Services - Lena Pope Home, Inc. - Exercise First Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. F2025144, Annual Contract for Intensive Spanish Language Mental Health Services, for the first optional twelve (12) month period at the same contract terms.

BACKGROUND:

On August 19, 2025 the Commissioners Court, through Court Order #145744, awarded RFP No. F2025144, Annual Contract for Intensive Spanish Language Mental Health Services, for Juvenile Services, to Lena Pope Home, Inc.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for two (2) additional twelve (12) month periods.

The purpose of this contract is to provide court-ordered community based mental health treatment services for Spanish-speaking youth and their families under the supervision of Tarrant County Juvenile Services.

The vendor notified Purchasing in writing that they will extend the same contract terms through August 31, 2027. Juvenile Services notified Purchasing in writing that they are pleased with the vendor and wants to renew.

Therefore, it is the joint recommendation of Juvenile Services and Purchasing that the Commissioners Court approve renewal of RFP No. F2025144, Annual Contract for Intensive Spanish Language Mental Health Services, for another twelve (12) month period.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew September 1, 2028, hereafter for one (1) twelve (12) month period ending on August 31, 2029.

FISCAL IMPACT:

Expenses for the last twelve (12) months were $29,230.00. Funding in the amount of $25,000.00 is expected to be available in P0011-2027 TJJD State Aid/2610350000 Community Based Mental Health/569011 Professional Services/Grant-2004, pending July Juvenile Board approval of grant fund acceptance.

Re: RFP No. F2025144 - Annual Contract for Intensive Spanish Language Mental Health Services

Dear Lena Pope Home:

Referenced RFP was for twelve (12) months with two (2) options to renew for additional twelve (12) months each. The original contract was for the period of September 1, 2025 through August 31,2026. The effective dates for the first renewal option will run from September 1, 2026, through August 31, 2027.

Tarrant County Purchasing Department hereby extends an invitation to Lena Pope Home to accept the first option for an additional one (1) year period as the primary vendor for this contract as awarded on August 19, 2025. Please mark the appropriate response below and provide your signature above your printed name. All prices must remain firm for the optional renewal period through August 31, 2027.

☒ Yes, Lena Pope Home will accept the offer to extend the same contract terms through August 31, 2027. **Please include a current 1295 Form with your response.**

☐ No, Lena Pope Home will NOT accept the offer to extend the same contract terms through August 31, 2027.

Are any other governmental entities currently utilizing this contract? ☐ Yes ☒ No

If Yes, please return a listing of the participating entities with this letter.

Please email your signed response.

Sincerely,

Erin Dawdy

RFP No. F2025155 - Annual Contract for Transportation Services for Juvenile Justice Alternative Education Program - Juvenile Services - Durham School Services - Exercise First Option for Renewal - Same Contract Terms

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of RFP No. F2025155, Annual Contract for Transportation Services for Juvenile Justice Alternative Education Program (JJAEP), for the first optional twelve (12) month period at the same contract terms.

BACKGROUND

On August 19, 2025, the Commissioners Court, through Court Order #145746, awarded RFP No. F2025155, Annual Contract for Transportation Services for Juvenile Justice Alternative Education Program, for Juvenile Services, to Durham School Services.

The award was based upon evaluation criteria set forth in the RFP specifications and contained options to renew for two (2) additional twelve (12) month periods.

The purpose of this contract is for a vendor to provide transportation services to JJAEP students. It is projected that most students residing within the city limits of Fort Worth will utilize the public transportation system but will need transportation to and from bust stops. Students residing outside of the Fort Worth city limits will need transportation to and from school.

The vendor notified Purchasing in writing that they will extend the same contract terms through August 31, 2027. Juvenile Services notified Purchasing in writing that they are pleased with the vendor and want to renew.

Therefore, it is the joint recommendation of Juvenile Services and Purchasing that the Commissioners Court approve renewal of RFP No. F2025155, Annual Contract for Transportation Services for Juvenile Justice Alternative Education Program, for another twelve (12) month period.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew September 1, 2027 hereafter for one (1) twelve (12) month period ending on August 31, 2028 unless sooner terminated by either party as provided herein.

FISCAL IMPACT

Expenses for the last twelve (12) months were $167,800. Funding in the amount of $223,700 is expected to be available in account P0027-2027 TJJD-JJAEP Program/2610115000 Juvenile Justice Alternative Education Program/576121 Transportation/Grant- 2004, pending July Juvenile Board approval of grant fund acceptance.

SUBJECT:

Bid No. F2025164 - Annual Contract for Purchase and Installation of Ice and Water Machines - Facilities Management - Culinary Depot - Exercise First Option for Renewal - Same Firm Fixed Prices and Discount from List Price

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve renewal of Bid No. F2025164, Annual Contract for Purchase and Installation of Ice and Water Machines, for the first optional twelve (12) month period with Culinary Depot at the same firm fixed prices and discount from list price.

BACKGROUND

On August 5, 2025, the Commissioners Court, through Court Order #145626, awarded Bid No. F2025164, Annual Contract for Purchase and Installation of Ice and Water Machines, for Facilities Management, to the following vendors:

Primary	Culinary Depot
Secondary	Associated Food Equipment and Supplies Inc.

The award was based upon low bid meeting specifications and contained options to renew for two (2) additional twelve (12) month periods.

The purpose of this contract is to purchase and install ice and water machines of various sizes in Tarrant County buildings.

Associated Food Equipment and Supplies Inc did not respond to the request to renew. The remaining vendor notified Purchasing in writing that their prices will remain firm through August 4, 2027. Facilities Management notified Purchasing in writing that they are pleased with the vendor and want to renew.

Therefore, it is the joint recommendation of Facilities Management and Purchasing that the Commissioners Court approval renewal of Bid No. F2025164, Annual Contract for Purchase and Installation of Ice and Water Machines, for another twelve (12) month period.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew August 5, 2027 hereafter for one (1) twelve (12) month period ending on August 4, 2028, unless sooner terminated by either party as provided herein.

FISCAL IMPACT

Expenses for the last twelve (12) months were $75,942.00. Funding is available in account 45100-2026 Non-Debt Capital/Various Cost Centers/540000 Capital. The department has included funding in the FY2027 budget request.

SUBJECT:

Bid No. F2025076 - Annual Contract for Installation and Removal of Guard Fence - Precinct 1 Maintenance Facility - Vann/Elli, Inc.

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve payment bond for Bid No. F2025076, Annual Contract for Installation and Removal of Guard Fence, for Precinct 1 Maintenance Facility, with Vann/Elli, Inc. for $27,143.01, and authorize Purchasing to approve all required payment and performance bonds, when received, for all Precincts going forward.

BACKGROUND

On April 2, 2025, the Commissioners Court, through Court Order #144962, awarded Bid No. F2025076, Annual Contract for Installation and Removal of Guard Fence, for all Precincts, to Vann/Elli, Inc.

On December 9, 2025, the Commissioners Court, through Court Order #146130, approved the first renewal option.

The quote received from Vann/Elli, Inc. meets all specifications and is acceptable to Precinct 1 Maintenance Facility. Vann/Elli, Inc. will provide all labor, materials, and equipment to repair existing guardrails on St. Francis Village Road.

A payment bond is part of the requirements in order for the contractor to begin work. The bond is required solely for the protection of all claimants supplying labor or furnishing materials used on the project.

FISCAL IMPACT

Funding in the amount of $27,143.01 is available in account 26100-2026 Road and Bridge/6110300000 Precinct #1 Maintenance/553011 Bridge Programs.

STATUTORY PAYMENT BOND
(Texas Public Work)

Travelers Casualty and Surety Company of America
Hartford, CT 06183

Bond No.: 108079276

KNOW ALL MEN BY THESE PRESENTS, that Vann/Elli, Inc.

(hereinafter called the Principal), as Principal and Travelers Casualty and Surety Company of America (hereinafter called the Surety), as Surety, are held and firmly bound unto Tarrant County Pct 1

(hereinafter called the Obligee), as Obligee, in the amount of Twenty Seven Thousand, One Hundred Forty Three and 01/100 ----------

($27,143.01) Dollars for the payment where of, the said Principal and Surety bind themselves, and their heirs, administrators, executors, successors and assigns, jointly and severally, firmly by these presents.

WHEREAS, the Principal has entered into a certain contract with the Obligee, dated the 21st day of April , 2026 , to St. Francis Village Road - Installation and Removal of Guard Fence

which contract is hereby referred to and made a part hereof and to the same extent if copied at length herein.

NOW, THEREFORE, THE CONDITION OF THIS OBLIGATION IS SUCH, that if the said Principal shall pay all claimants supplying labor and material to him or a subcontractor in the prosecution of the work provided for in said contract , then, this obligation shall be void; otherwise to remain in full force and effect.

PROVIDED, HOWEVER, that this bond is executed pursuant to Chapter 2253 of the Texas Government Code and all liabilities on this bond shall be determined in accordance with the provisions of said Code to the same extent as if it were copied at length herein.

IN WITNESS WHEREOF, the said Principal and Surety have signed and sealed this instrument this 20th day of April , 2026 .

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That Travelers Casualty and Surety Company of America, Travelers Casualty and Surety Company, and St. Paul Fire and Marine Insurance Company are corporations duly organized under the laws of the State of Connecticut (herein collectively called the "Companies"), and that the Companies do hereby make, constitute and appoint **Robbi Morales** of **DALLAS**, **Texas**, their true and lawful Attorney(s)-in-Fact to sign, execute, seal and acknowledge any and all bonds, recognizances, conditional undertakings and other writings obligatory in the nature thereof on behalf of the Companies in their business of guaranteeing the fidelity of persons, guaranteeing the performance of contracts and executing or guaranteeing bonds and undertakings required or permitted in any actions or proceedings allowed by law.

IN WITNESS WHEREOF, the Companies have caused this instrument to be signed, and their corporate seals to be hereto affixed, this **21st** day of **April, 2021**.

State of Connecticut

City of Hartford ss.

By: _____
Robert L. Raney, Senior Vice President

On this the **21st** day of **April**, **2021**, before me personally appeared **Robert L. Raney**, who acknowledged himself to be the Senior Vice President of each of the Companies, and that he, as such, being authorized so to do, executed the foregoing instrument for the purposes therein contained by signing on behalf of said Companies by himself as a duly authorized officer.

IN WITNESS WHEREOF, I hereunto set my hand and official seal.

My Commission expires the **30th** day of **June, 2026**

_____
Anna P. Nowik, Notary Public

This Power of Attorney is granted under and by the authority of the following resolutions adopted by the Boards of Directors of each of the Companies, which resolutions are now in full force and effect, reading as follows:

RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President, any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary may appoint Attorneys-in-Fact and Agents to act for and on behalf of the Company and may give such appointee such authority as his or her certificate of authority may prescribe to sign with the Company's name and seal with the Company's seal bonds, recognizances, contracts of indemnity, and other writings obligatory in the nature of a bond, recognizance, or conditional undertaking, and any of said officers or the Board of Directors at any time may remove any such appointee and revoke the power given him or her; and it is

FURTHER RESOLVED, that the Chairman, the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President may delegate all or any part of the foregoing authority to one or more officers or employees of this Company, provided that each such delegation is in writing and a copy thereof is filed in the office of the Secretary; and it is

FURTHER RESOLVED, that any bond, recognizance, contract of indemnity, or writing obligatory in the nature of a bond, recognizance, or conditional undertaking shall be valid and binding upon the Company when (a) signed by the President, any Vice Chairman, any Executive Vice President, any Senior Vice President or any Vice President, any Second Vice President, the Treasurer, any Assistant Treasurer, the Corporate Secretary or any Assistant Secretary and duly attested and sealed with the Company's seal by a Secretary or Assistant Secretary; or (b) duly executed (under seal, if required) by one or more Attorneys-in-Fact and Agents pursuant to the power prescribed in his or her certificate or their certificates of authority or by one or more Company officers pursuant to a written delegation of authority; and it is

FURTHER RESOLVED, that the signature of each of the following officers: President, any Executive Vice President, any Senior Vice President, any Vice President, any Assistant Vice President, any Secretary, any Assistant Secretary, and the seal of the Company may be affixed by facsimile to any Power of Attorney or to any certificate relating thereto appointing Resident Vice Presidents, Resident Assistant Secretaries or Attorneys-in-Fact for purposes only of executing and attesting bonds and undertakings and other writings obligatory in the nature thereof, and any such Power of Attorney or certificate bearing such facsimile signature or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by such facsimile signature and facsimile seal shall be valid and binding on the Company in the future with respect to any bond or understanding to which it is attached.

I, **Kevin E. Hughes**, the undersigned, Assistant Secretary of each of the Companies, do hereby certify that the above and foregoing is a true and correct copy of the Power of Attorney executed by said Companies, which remains in full force and effect.

Dated this **29th** day of **April**, **2026**.

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 10
Department: Purchasing	**Prepared By:** Elizabeth Callarman	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Consideration of Amendment No. 1 - RFP No. F2025135 - Annual Contract for Fire Permit and Inspection Software and Maintenance - Fire Marshal - First Due Locality Media, Inc.

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider Amendment No. 1 for RFP No. F2025135, Annual Contract for Fire Permit and Inspection Software and Maintenance, for the Fire Marshal, with First Due Locality Media, Inc.

BACKGROUND

On October 14, 2025, the Commissioners Court, through Court Order #146191, awarded RFP No. F2025135, Annual Contract for Fire Permit and Inspection Software and Maintenance, for the Fire Marshal, to First Due Locality Media, Inc.

Amendment No. 1 is for the addition of a payment processing solution. This enhancement will provide a seamless and quick payment processing solution that allows sending of invoices, mobile payments, and payment reconciliation. Currently, fees are collected via cash or check only.

The term of the contract is effective through October 14, 2026.

Amendment No. 1 is attached for approval and signature. The District Attorney's Office reviewed Amendment No. 1 as to form.

FISCAL IMPACT

No fiscal impact for FY 2026. Funding in the amount of $3,500.00 will be requested in the FY 2027 budget through T2900-2026 Fire Marshal Code/2410100000 Fire Marshal/578025 Software Maintenance and Licenses.

PASSED AND APPROVED on June 9, 2026.

COUNTY OF TARRANT
STATE OF TEXAS

Statement of Work

For
Tarrant County Fire Marshal's Office
Quote Number: 1545132000611313187

1. Introduction

1.1 Purpose

The purpose of this Statement of Work ("SOW") is to clearly define the Implementation, Training, Data Migration, Integrations, Customer Success Manager, Customer Support, and Assumptions for Customer from First Due for the purchased product(s) set forth in this Add-On Quote ("Purchased Products").

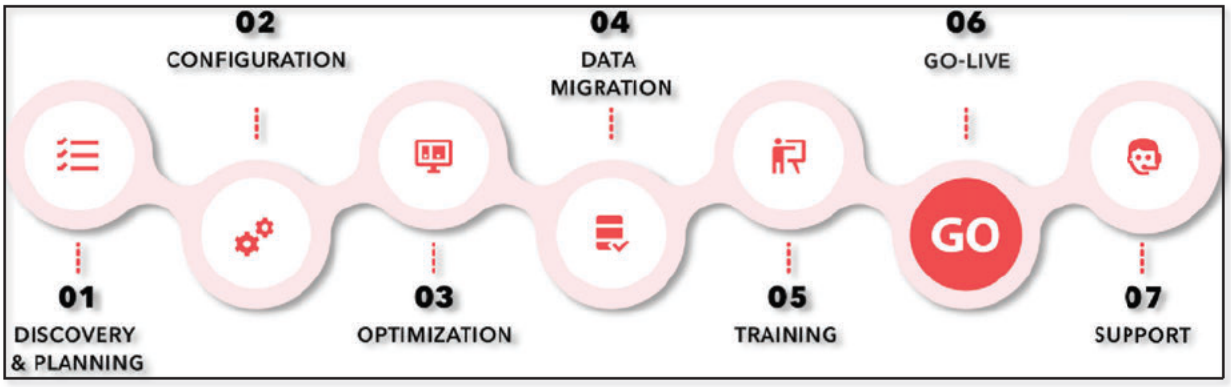
1.2 Scope

This SOW includes the configuration, optimization, and deployment of the Purchased Products with the goal of meeting the organizational needs of the Customer.

2. Implementation

2.1 Overview

First Due utilizes a combination waterfall and iterative approach to implementation. This includes Discovery, Configuration, Optimization, Data Migration, Training, and Go-Live.



2.2 Implementation Resources

- **Implementation Manager**: Project lead and go-to person, acting as the primary liaison between the Customer and the First Due project team. The Implementation Manager will develop and execute the project plan, manage communication, and ensure adherence to predefined timelines and quality standards. This individual is also responsible for helping to configure the core system and some of the more straightforward modules.

- **Implementation Product Specialist(s)**: While the Implementation Manager will lead the overall project, Product Specialists will be brought in to help configure and optimize specialty modules such as Fire Prevention, ePCR, Assets & Inventory, Training, Scheduling, and Reporting. They are product experts in First Due and are versed in industry best practices for their specific product specialties. Depending on the modules purchased and complexity, your project may be assigned 1-3 Product Specialists.

- **Technical Implementation Specialist**: Responsible for managing data migration from your current vendor to First Due and the integration between First Due and CAD. The Technical Implementation Specialist team comes from a diverse background, ranging from database management to public safety software integration.

- **Customer Success Manager**: As the point person after project completion, the Customer Success Manager (CSM) will be part of the implementation as an advocate and to ensure a seamless transition to support

Zoho Sign Document ID: 2AB7F2F4-6J-UX0-DUCVK5HYDTEY7SFXORHFUKVIG-WXK_T19BII

post go-live. During the Implementation they will regularly check-in to ensure progress is being made and help with the addition of new modules or scope from a commercial perspective. Post go-live, they will provide regular check-ins to ensure the Customer is adopting the Purchased Products and deriving value from them.

- **Training Manager:** Responsible for developing and executing the training plan, with the goal of effective adoption of the Purchased Products by Customer. The Training Manager will be involved throughout the project to ensure they have the Customer specific knowledge to design the most effective training plan possible.

2.3 Implementation Phases

2.3.1 Discovery & Planning: Once the Project has been assigned, Customer will receive a set of tailored discovery questionnaires. Once filled out, the Implementation Manager will schedule a Project Kick-Off. During this meeting the Customer will receive access to the First Due platform, meet the project team and receive an initial product tour. The Implementation Manager will also provide an overview of the project plan, decide the meeting cadence, and formalize the next steps. CAD Integration and Data Migration planning meetings are also held during this phase, if required. These meetings will be led by the Technical Implementation Specialist.

- Key Meeting(s): Project Kick-Off, CAD Kick-Off, Data Migration Planning
- Milestone(s): Project Kick-Off, System Access
- Customer Task(s): Fill Discovery Questionnaires
- Deliverable(s): Welcome email, Initial Account Set-Up, System Logins Provided

2.3.2 Configuration: After planning is complete, the Implementation Manager will begin scheduling the Configuration sessions. Before each configuration session there will be some light prep work for the Customer to complete. Generally, there will generally be one (1) configuration session per module, but in cases where there is more complexity, there may be multiple. These sessions will either be run by the Implementation Manager or the Implementation Product Specialist, depending on the module.

- Key Meeting(s): Module Configuration Sessions (1-2 per module)
- Milestone(s): N/A
- Customer Task(s): Configuration Prep Work (per module)
- Deliverable(s): Initial Module Configuration
- Scope: All Purchased Products

2.3.3 Optimization: After the configuration is complete, the Customer will be provided with test work (module User Acceptance Testing (UAT)) to complete. Following the completion of the UAT work, Optimization Sessions will be held to review Customer feedback, correct any issues, and finalize the configuration of the module. There will generally be one (1) Optimization session per module, but in cases where there is more complexity, there may be multiple. Once a module is configured and optimized, the Customer will be provided a module sign-off document to review and sign. Note Configuration and Optimization sessions may run interchangeably to ensure the project stays on-track.

- Key Meeting(s): Module Optimization Sessions (1-2 per module)
- Milestone(s): Module Acceptance and Sign-Off (1 per module)
- Customer Task(s): Optimization Prep Work (UAT per module)
- Deliverable(s): Module Optimization resulting in Customer Acceptance
- Scope: All Purchased Products

2.3.4 Data Migration: Data Migration will occur throughout the project and can be summarized in three steps: (1) initial data migration at the beginning of the project required for configuration, (2) import of historical records, usually occurring throughout the project, and (3) final data migration immediately before go-live. First Due's Data Migration team will review your legacy data environment and provide guidance on the best path to extract, map, and import the data into First Due.

Zoho Sign Document ID: 2AB7F2F4-6J-UX0-DUCVK5HYDTEY7SFXORHFUKVIG-WXK_T19BII

- Key Meeting(s): Data Migration Planning
- Milestone(s): Data Migration Sign-Off
- Customer Task(s): Extract or provide access to legacy data based on guidance from First Due Data Migration team, Data Mapping Assistance, review and approve data load.
- Deliverable(s): Data Migration Plan, Data Mapping Assistance, Data Import

2.3.5 **Training:** As the project is in the final stages, the Training Manager will work with the Customer to arrange a training plan that will result in the successful adoption of the Purchased Products. Note that while Webinar Administrator training will occur during configuration and optimization sessions, the Training Manager will arrange formal Webinar and/or Onsite Train-the-Trainer and/or End User Training Session(s). Additive to the provided training, Customer will also have access to live weekly training academy sessions as well as on demand online training videos and training guides via the First Due Knowledgebase.

- Key Meeting(s): Training Planning, Training Sessions
- Milestone(s): Training Completed
- Customer Task(s): Coordinate staff to be trained
- Deliverable(s): Training Plan and Training Session(s)

2.3.6 **Go-Live:** Once all modules have been signed off and training has been arranged or completed, First Due will work with the Customer to kick-off the Go-live process. This includes: (1) Final System Acceptance, (2) Go-live planning meeting, (3) Final Data Migration, (4) Go-live, and (5) Post go-live implementation support.

- Key Meeting(s): Go-live planning, Post Go-live Check-Ins
- Milestone(s): System Acceptance, Go-live
- Customer Task(s): Final Testing
- Deliverable(s): Post Go-live Implementation Support (2-4 weeks)

2.3.7 **Transition to Customer Success**: Following the completion of the post go-live support period and assuming all critical implementation tasks are complete, Customer will be transitioned to their Customer Success Manager (CSM) and to the First Due Support team.

- Key Meeting(s): Customer Success Transition Meeting
- Milestone(s): Transition to Customer Success and Support
- Customer Task(s): N/A
- Deliverable(s): N/A

3. Training

Training is an integral part of any successful implementation. First Due is focused on providing your agency adequate training to ensure effective user adoption of the platform. As part of this SOW, the Customer shall receive:

- Formal training as outlined in Exhibit A - Quote
- Administrator Training as part of the Configuration / Optimization
- Access to live First Due Academy Webinars
- Access to online recorded training videos and guides via an interactive knowledgebase

Any additional scope or detail related to Training will be listed below.

4. Data Migration

First Due understands the importance of data migration to our customers and has extensive experience working to migrate historical records into the platform. First Due will use best efforts to migrate applicable data from Customer's existing systems utilizing data migration best practices. This includes:

- Data Migration Planning Session
- Assistance/Guidance in extracting data from existing system/s
- Mapping extracted data to First Due import workbooks
- Importing of Data into First Due

Zoho Sign Document ID: 2AB7F2F4-6J-UX0-DUCVK5HYDTEY7SFXORHFUKVIG-WXK_T19BII

The Data Migration scope of this SOW will be to import legacy data from Customer existing systems in order for the Purchased Products to be operational. This includes operational data and historic records. Note that there are times when certain data is not seen as valuable to migrate to First Due. First Due and Customer will agree during the planning phase on what data needs to be migrated and priorities around data migration.

5. Integrations

As part of this SOW, First Due will Implement all integrations and relevant scope outlined in this Add-On Quote. Integrations will be implemented during the configuration and optimization phases outlined above. In most cases, these integrations will be aligned with the module they are related. The only exception to this is the CAD Integration which, if part of scope, will have its own dedicated session at the beginning of an implementation. Customer or complex integrations may follow this same exception and have their own sessions to implement.

First Due will support these integrations post go-live. Note First Due is not responsible for outages, issues, and failures of 3rd Party Vendors. First Due will, however, always endeavor to work with Customer to resolve issues, regardless of responsibility.

Any additional scope or detail related to Integrations will be listed below.

6. Customer Success Manager

First Due understands the value of ongoing Customer Success activities post go-live. As part of this SOW, Customer will receive a Customer Success Manager who will be the point person for Customer post go-live. Customer will receive regular check-ins to ensure the adoption of the Purchased Products. As part of the regular check-ins, the Customer Success Manager can help Customer with any major enhancements or issues, new feature updates, interest in other modules and additional training needs.

7. Customer Support

A customer's success is important to First Due and we understand having a reliable, knowledgeable Customer Support (or Support) team there to help is vital. Customer Support provides a central point of contact to ensure that all customer support requests are responded to and resolved. Below is a summary of the support components.

7.1 Contacting Customer Support

Customer Support is a service provided to our customers when they have questions, requests, or issues with the Services. When Customer submits a support request, a Support Ticket (or Ticket) is created within First Due's Support CRM and a unique ID (or ticket number) is assigned to track and document Customer's support request.

We offer a variety of channels to communicate with our Support team:

- **Online**: https://support.firstduesizeup.com/portal/en/kb/first-due-community-connect-support
- **Email**: support@firstdue.com
- **Phone**: (516) 874-5818

7.2 Self-Service Resources

First Due strives to provide useful, empowering self-service resources that are available 24/7 on our online Support Center. Our Knowledgebase contains step-by-step/how-to articles, FAQs, videos, best practices, etc.

7.3 Hours of Operation

Customer Support hours of operation (Business Hours) are:

- Monday to Friday, 9:00am – 6:00pm ET**
- ** 24x7 Support available for Sev 1 (Down/Urgent) issues.

8. Assumptions

8.1 Customer Participation

Every successful implementation requires adequate participation from the Customer. Although First Due is ultimately responsible for deliverables in the SoW, Customer agrees to attend the necessary calls and complete required preparatory work in order to help drive the project forward. At a minimum, Customer resources will be required for one (1) hour per week for meetings, and half an hour to one (0.5-1) hour of prep work per week by

Zoho Sign Document ID: 2AB7F2F4-6J-UX0-DUCVK5HYDTEY7SFXORHFUKVIG-WXK_T19BII

one or multiple individuals. Customer understands the importance of ensuring the correct Customer resources are available when required.

8.2 Statement of Work Expiration

Excluding significant delays caused by the First Due team, this SOW will expire within twelve (12) months of the Subscription Start Date as detailed in this Add-On Quote. In situations where the project is delayed for no fault of either party, First Due agrees to extend the term, only if there is an agreed plan to complete the project within the extension period. Note the term expiration does not apply to Section 6 & 7 above and will not impact First Due's ability to support the Customer post go-live.

8.3 Best Practice and Standard Workflow

First Due intends to meet the organizational needs of the Customer and their respective software requirements by configuring the Purchased Products to closely align with existing workflows. Although First Due is incredibly flexible, there may be times when First Due recommends using standard functionality or best practice to ensure a timely implementation, and simplification of current process. These workflows may differ from Customer existing workflows. Customer understands the importance of collaboration to achieve the ultimate goal of successfully adopting the Purchased Products and is aware there may be changes to existing workflow to accomplish this.

8.4 Go-live Requirements & Gaps

Over the course of the Implementation, both parties may uncover functionality gaps in the Purchased Products. Some of these gaps may have a material impact on the ability to implement or adopt the product. Gaps of this nature, deemed Go-Live Requirements, will be prioritized to ensure a timely go-live and project completion. However, in the case that certain features are not complete before go-live, they will be added to module and system signoffs as exceptions and will be completed within an agreed upon timeframe.

TAKINGS IMPACT ASSESSMENT CHECKLIST

Complete this form for any county action that involves the adoption of a regulation, policy, guideline, court resolution, or order.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 7
Department: Purchasing	**Prepared By:** James Bocks, CPPB, Senior Contracts Administrator	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Consideration of Cooperative for Construction, Road and Bridge, and Other Related Equipment - Cold Recycler and Soil Stabilizer - BuyBoard #788-25 - Precinct 4 - Kirby-Smith Machinery Inc - Discount from List Price

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider use of cooperative for Construction, Road and Bridge, and Other Related Equipment, for the purchase of a Cold Recycler and Soil Stabilizer, utilizing BuyBoard Contract #788-25, for Precinct 4, from Kirby-Smith Machinery Inc at the per discount from list price.

BACKGROUND

BuyBoard vendor, Kirby-Smith Machinery Inc, was contacted and requested to submit pricing for a Cold Recycler and Soil Stabilizer, under BuyBoard Contract #788-25.

The offer was evaluated by Precinct 4 and Purchasing representatives. The offer received from Kirby-Smith Machinery Inc meets all specifications and is acceptable to Precinct 4.

The purpose of this equipment is for soil treatment and road rehabilitation during road construction and repair projects.

The BuyBoard contract expires November 30, 2028**.**

BuyBoard cooperative contracts are open to state and local government in accordance with Texas Government Code Chapter 791, Interlocal Cooperation Act and Section 271.101, et seq., of the Texas Local Government Code and Section 791.025 “(c) A local government that purchases good and services under this section satisfies the requirement of the local government to seek competitive bids for the purchase of goods and services.” The Texas Association of School Boards (TASB) administers the BuyBoard Cooperative.

FISCAL IMPACT

Funding in the amount of $939,000.00 is available in account 45100-2026 Non-Debt Capital Fund/6410300000 Precinct 4 Maintenance/540000 Capital.

Question 2 - Describe the resources Proposer has to manage staff and successfully perform the Work contemplated under this Contract. State the number and summarize the experience of company personnel who may be utilized for the Work, including those who will be available to Cooperative members for assistance with project development, technical issues, and product selection for Work associated with this Contract.

We proudly provide our world-renowned service through a robust network of over 250 locations, managed by our 34 dealers strategically positioned across the United States and Canada. This extensive presence ensures that we have coverage in every state and province, making our support readily accessible to our customers.

However, our dealer network does much more than simply sell high-quality WIRTGEN GROUP products; the delivery of one of our machines signifies the beginning of a long-term partnership. Our dealers are dedicated to bringing machines, parts, and service expertise directly to our customers, ensuring they receive the support they need for success.

Our dealers can always count on the specialists at Wirtgen America, who are backed by the extensive knowledge and resources of our four specialized brand headquarters. Together, we are committed to fostering strong relationships and providing unparalleled service to meet the evolving needs of our customers.

The dealers Nueces Power Equipment and Kirby-Smith Machinery, Inc., strategically located across Texas, will be assigned to this contract. To ensure the success of the Buyboard contract, Wirtgen America Inc. will provide dedicated support through a team of experienced professionals, including two District Sales Managers with 12 and 10 years of experience, respectively, a Director of Inside Sales Operations with 30 years of experience, and a Contract Administrator with 4.5 years of experience.

This team is committed to promoting the contract to the assigned dealers and customers, offering guidance on its utilization, and collaborating with dealers to develop tailored customer solutions as needed. They work closely with the dealers to ensure prompt delivery and maintain high levels of customer service satisfaction.

Once the sale is completed, the dealers take charge of equipment servicing. They receive factory-built machines, manage installations, and address customer requests for services such as extended warranties and trade-ins. Additionally, they handle pre-delivery inspections, coordinate local deliveries, and provide any required service.

Supporting these dealers is the Wirtgen America service team, comprising approximately 120 dedicated professionals, including Field Service Engineers, Parts Specialists, Warranty Specialists, Service Trainers, and more. This robust support structure ensures that our dealers and customers receive exceptional service and expertise throughout the entire process.

Section I: New Construction, Road, Bridge and Repair Equipment-PURCHASE ONLY

Discount (%) off catalog/price list for **Soil Stabilizing Equipment, Accessories and Attachments.** Catalog/Price list MUST be included or proposal will not be considered. Asphalt Distributors, Accessories and Attachments.

Total: 18%

Item Notes: **PROPOSAL NOTE 1:** Vendors shall submit catalog(s)/price list(s) with their Proposal response or the Proposal will not be considered. Vendors shall submit catalog(s)/price list(s) with the Proposal in a readily available and readable electronic format, with Excel or searchable PDF preferred. **No paper catalogs or manufacturer/vendor websites will be accepted.**

PROPOSAL NOTE 2: A Vendor proposing shall be approved and authorized by the manufacturer to sell, install, and service the brand(s) of product(s) proposed. Proposers responding to this Proposal Invitation shall submit an approval letter from each manufacturer for each product line proposed. The requirement to provide an approval letter from the manufacturer applies to both seller and installers. Manufacturers responding directly to this Proposal Invitation, in lieu of an authorization letter, shall submit a written explanation that the company is the manufacturer of the product line(s) proposed. Dealer authorization agreements will not be accepted as a substitute for the manufacturer authorization letter.

The manufacturer authorization letters must include the following:
1. Composed on manufacturer letterhead (an email message is not a substitute for the letter),
2. Addressed to “The Local Government Purchasing Cooperative”,
3. Dated within the current calendar year,
4. List the regions in Texas and states that Vendor is authorized to sell, install, and service product(s) proposed, and
5. Name, Title, and Signature of Authorized Official from Manufacturer.

PROPOSAL NOTE 3: **"Pre-Owned/Reconditioned/Retired Rental"** shall be defined as equipment having been checked and inspected by a manufacturer-authorized dealer prior to sale and shall be no older than sixty (60) months as of the date of delivery. Proposers responding to this Proposal Invitation for **"Pre-Owned/Reconditioned/Retired Rental"** equipment must also be approved by the manufacturer to sell pre-owned/reconditioned/retired rental equipment for the brand submitted and must submit an approval letter from each manufacturer with the Proposal. Manufacturer authorization letters must include the regions in which equipment can be sold. Equipment listed as **"Pre-Owned/Reconditioned/Retired Rental"** shall be in good and working condition and shall include a minimum warranty of one-hundred eighty (180) days against any defect from workmanship and parts and shall cover equipment repairs and/or component replacement. Total equipment usage hours as displayed on the service meter will have a maximum of one thousand (1,000) hours per year of age and a minimum of seventy-five percent (75%) of wear remaining for tires, track, and/or ground engagement tools.

Vendors proposing multiple manufacturer product lines and/or catalog/price list per line item must submit the information as follows or proposal may not be considered:

- Select **"Add Alternate"** for each additional manufacturer product line and/or catalog/price list proposed
- Vendor’s must list one specific percentage discount for each manufacturer and/or catalog/price list listed

Item Attributes

1. State Name of Manufacturer Catalog or Product Price list Proposed with Discount Percentage

NOTE: Do not reference SKU, Reference Numbers, Websites, and/or "See Attached/Enclosed".

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 25

Department: Housing Assistance Office	**Prepared By:** Delilah Crowe, Executive Secretary	**Approved By:** Wayne Pollard

SUBJECT:

Public Hearing - To Consider the Fiscal Year 2026 Tarrant County Housing Assistance Office Annual Agency Plan

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court hold a public hearing for consideration for the approval of the FY 2026 Annual Agency Plan (AAP) for Tarrant County Housing Assistance Office (TCHAO).

BACKGROUND

Each year, the TCHAO as a Public Housing Agency (PHA), must prepare and submit an AAP to outline TCHAO's policies, rules, and requirements concerning operations, programs, and services to inform HUD, families served, and members of the public on the TCHAO's mission, goals, and objectives for serving the needs of low-income families.

Prior to submission of the AAP, HUD requires the following:

- The AAP is made available for review on an on-going basis
- A Resident Advisory Board (RAB) meeting is held to review the AAP.
- A Public Notice announcing a public hearing is being held by the PHA's governing body

On April 11, 2026, the RAB met to review the AAP and made no significant comments or changes.

A Public Notice was published in the Fort Worth Star-Telegram Legal Notice Section to publicize the June 9, 2026, public hearing. In addition, the AAP has been available for review on an on-going basis at the TCHAO.

At the conclusion of the public hearing, TCHAO will incorporate any modifications that are recommended, and will request signature of the HUD certification forms on July 14, 2026.

FISCAL IMPACT

There is no fiscal impact associated with this item. No indirect costs are allowed for this grant and no match is required.

Streamlined Annual PHA Plan *(High Performer PHAs)*	U.S. Department of Housing and Urban Development Office of Public and Indian Housing	OMB No. 2577-0226 Expires: 09/30/2027

Purpose. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services. They also inform HUD, families served by the PHA, and members of the public of the PHA's mission, goals, and objectives for serving the needs of low-, very low-, and extremely low- income families.

Applicability. The Form HUD-50075-HP is to be completed annually by **High Performing PHAs**. PHAs that meet the definition of a Standard PHA, Troubled PHA, HCV-Only PHA, Small PHA, or Qualified PHA do not need to submit this form. PHAs with zero public housing units must continue to comply with the PHA Plan requirements until they closeout their Section 9 programs (ACC termination).

Definitions.

(1) ***High-Performer PHA*** – A PHA that owns or manages more than 550 combined public housing units and housing choice vouchers (HCVs) and was designated as a high performer on both the most recent Public Housing Assessment System (PHAS) and Section Eight Management Assessment Program (SEMAP) assessments if administering both programs, SEMAP for PHAs that only administer tenant-based assistance and/or project-based assistance, or PHAS if only administering public housing.

(2) ***Small PHA*** - A PHA that is not designated as PHAS or SEMAP troubled, and that owns or manages less than 250 public housing units and any number of vouchers where the total combined units exceed 550.

(3) ***Housing Choice Voucher (HCV) Only PHA*** - A PHA that administers more than 550 HCVs, was not designated as troubled in its most recent SEMAP assessment and does not own or manage public housing.

(4) ***Standard PHA*** - A PHA that owns or manages 250 or more public housing units and any number of vouchers where the total combined units exceed 550, and that was designated as a standard performer in the most recent PHAS or SEMAP assessments.

(5) ***Troubled PHA*** - A PHA that achieves an overall PHAS or SEMAP score of less than 60 percent.

(6) ***Qualified PHA*** - A PHA with 550 or fewer public housing dwelling units and/or HCVs combined and is not PHAS or SEMAP troubled.

A.	PHA Information.
A.1	**PHA Name**: Tarrant County Housing Assistance Office **PHA Code**: TX431 **PHA Plan for Fiscal Year Beginning**: (MM/YYYY): 10/2026 **PHA Inventory** (Based on Annual Contributions Contract (ACC) units at time of FY beginning, above) **Number of Public Housing (PH) Units** 0 **Number of Housing Choice Vouchers (HCVs)** 3534 **Total Combined** 3534 **PHA Plan Submission Type:** ☒ Annual Submission ☐ Revised Annual Submission **Public Availability of Information.** In addition to the items listed in this form, PHAs must have the elements listed below readily available to the public. A PHA must identify the specific location(s) where the proposed PHA Plan, PHA Plan Elements, and all information relevant to the public hearing and proposed PHA Plan are available for inspection by the public. Additionally, the PHA must provide information on how the public may reasonably obtain additional information of the PHA policies contained in the standard Annual Plan but excluded from their streamlined submissions. At a minimum, PHAs must post PHA Plans, including updates, at each Asset Management Project (AMP) and main office or central office of the PHA and should make documents available electronically for public inspection upon request. PHAs are strongly encouraged to post complete PHA Plans on their official websites and to provide each resident council with a copy of their PHA Plans.

☐ **PHA Consortia**: (Check box if submitting a Joint PHA Plan and complete table below)

Participating PHAs	PHA Code	Program(s) in the Consortia	Program(s) not in the Consortia	No. of Units in Each Program	
				PH	HCV
Lead PHA:					

B. Plan Elements

B.1 Revision of Existing PHA Plan Elements.

(a) Have the following PHA Plan elements been revised by the PHA since its last **Annual PHA Plan** submission?

Y	N	
☐	☒	Statement of Housing Needs and Strategy for Addressing Housing Needs.
☐	☒	Deconcentration and Other Policies that Govern Eligibility, Selection, and Admissions.
☐	☒	Financial Resources.
☐	☒	Rent Determination.
☐	☒	Homeownership Programs.
☐	☒	Safety and Crime Prevention.
☐	☒	Pet Policy.
☐	☒	Substantial Deviation.
☐	☒	Significant Amendment/Modification

(b) If the PHA answered yes for any element, describe the revisions for each element below:

(c) The PHA must submit its Deconcentration Policy for Field Office Review.

B.2 **New Activities.**

(a) Does the PHA intend to undertake any new activities related to the following in the PHA's applicable Fiscal Year?

Y	N	
☐	☒	Choice Neighborhoods Grants.
☐	☒	Modernization or Development.
☐	☒	Demolition and/or Disposition.
☐	☒	Conversion of Public Housing to Tenant Based Assistance.
☐	☒	Conversion of Public Housing to Project-Based Rental Assistance or Project-Based Vouchers under RAD.
☐	☒	Homeownership Program under Section 32, 9 or 8(Y)
☒	☐	Project Based Vouchers.
☐	☒	Units with Approved Vacancies for Modernization.
☐	☒	Other Capital Grant Programs (i.e., Capital Fund Community Facilities Grants or Emergency Safety and Security Grants).

(b) If any of these activities are planned for the applicable Fiscal Year, describe the activities. For new demolition activities, describe any public housing development or portion thereof, owned by the PHA for which the PHA has applied or will apply for demolition and/or disposition approval under section 18 of the 1937 Act under the separate demolition/disposition approval process. If using Project-Based Vouchers (PBVs), provide the projected number of project-based units and general locations, and describe how project basing would be consistent with the PHA Plan.

If funding permits, Tarrant County Housing Assistance Office plans to Project Base 150 vouchers, allowing more housing opportunities for voucher holders.

B.3 **Progress Report.**

Provide a description of the PHA's progress in meeting its Mission and Goals described in the PHA 5-Year Plan.

TCHAO continues to make strong progress toward fulfilling its mission of providing safe, affordable housing and expanding opportunities for low income families in Tarrant County. Key accomplishments for the fiscal year include:

1. **Strengthening Landlord Engagement and Expanding Housing Opportunities** TCHAO continues to experience strong landlord participation, with **over 250 new landlords attending monthly landlord briefings.** We consistently receive website inquiries and direct calls from property owners interested in partnering with the Housing Choice Voucher (HCV) Program. This increased engagement has expanded the number of available units for families and strengthened relationships with the rental community.
2. **Maintaining High Performer Status** TCHAO remains a **High Performer for FY 2025,** demonstrating continued excellence in program administration, compliance, and service delivery.
3. **Increasing Access to High Opportunity Areas** TCHAO is seeing a continued rise in landlords located in **high opportunity neighborhoods** who are willing to accept Housing Choice Vouchers. This trend supports our mission to improve mobility and expand access to areas with strong schools, employment, and transportation.
4. **Achieving Exceptional Leasing Performance and Securing Additional Vouchers** Despite a tight rental market, TCHAO has maintained a **98% leasing rate and 98% HAP fund utilization,** meeting HUD's performance expectations. Notably, **most Housing Authorities in North Texas are leasing below 90%,** highlighting TCHAO's strong operational performance. Due to our success in leasing families, TCHAO was awarded **additional HUD VASH vouchers,** bringing our total to **200 vouchers** dedicated to serving homeless veterans. TCHAO has also strengthened its partnership with the **Texas Department of Family and Protective Services,** administering **159 Family Unification Program (FUP) vouchers** and **43 Foster Youth to Independence (FYI) vouchers** to support families and former foster youth at risk of homelessness.
5. **Reducing Family Search Time Through Mobility Assistance** TCHAO continues to implement strategies to reduce the time families spend searching for units. Mobility Assistance efforts—including landlord outreach, neighborhood education, and direct support to voucher holders—are helping families secure housing more quickly.
6. **Expanding the Family Self Sufficiency (FSS) Program** Enrollment in the FSS Program continues to grow as TCHAO strengthens partnerships with local service providers and enhances participant support. Due to the program's success, HUD awarded TCHAO **additional funding to support a fourth FSS Coordinator,** allowing us to serve more families pursuing economic independence.

B.4	**Capital Improvements.** Include a reference here to the most recent HUD-approved 5-Year Action Plan in EPIC and the date that it was approved. Capital Improvements are not applicable to TCHAO because we are a Housing Choice Voucher Program only.
B.5	**Most Recent Fiscal Year Audit**. (a) Were there any findings in the most recent FY Audit? Y N ☐ ☒ (b) If yes, please describe:
C.	**Other Document and/or Certification Requirements.**
C.1	**Resident Advisory Board (RAB) Comments.** (a) Did the RAB(s) have comments to the PHA Plan? Y N ☒ ☐ (b) If yes, comments must be submitted by the PHA as an attachment to the PHA Plan. PHAs must also include a narrative describing their analysis of the RAB recommendations and the decisions made on these recommendations. See attached RAB Comments - Q&A

C.2	**Certification by State or Local Officials.** Form HUD-50077-SL, *Certification by State or Local Officials of PHA Plans Consistency with the Consolidated Plan*, must be submitted by the PHA as an electronic attachment to the PHA Plan.
C.3	**Civil Rights Certification/Certification Listing Policies and Programs that the PHA has Revised since Submission of its Last Annual Plan.** Form 50077-ST-HCV-HP, *PHA Certifications of Compliance with PHA Plan, Civil Rights, and Related Laws and Regulations Including PHA Plan Elements that Have Changed* must be submitted by the PHA as an electronic attachment to the PHA Plan.
C.4	**Challenged Elements.** If any element of the PHA Plan is challenged, a PHA must include such information as an attachment with a description of any challenges to Plan elements, the source of the challenge, and the PHA's response to the public. (a) Did the public challenge any elements of the Plan? Y N ☐ ☒ (b) If yes, include Challenged Elements.

Instructions for Preparation of Form HUD-50075-HP Annual Plan for High Performing PHAs

A. PHA Information. All PHAs must complete this section (24 CFR 903.4).

A.1 Include the full **PHA Name**, **PHA Code**, **PHA Type**, **PHA Fiscal Year Beginning** (MM/YYYY), **PHA Inventory, Number of Public Housing Units and or Housing Choice Vouchers (HCVs), PHA Plan Submission Type**, and the **Availability of Information**, specific location(s) of all information relevant to the public hearing and proposed PHA Plan (24 CFR 903.23(e)).

PHA Consortia: Check box if submitting a Joint PHA Plan and complete the table (24 CFR 943.128(a)).

B. Plan Elements.

B.1 Revision of Existing PHA Plan Elements. PHAs must:

Identify specifically which plan elements listed below that have been revised by the PHA. To specify which elements have been revised, mark the "yes" box. If an element has not been revised, mark "no."

☐ **Statement of Housing Needs and Strategy for Addressing Housing Needs.** Provide a statement addressing the housing needs of low-income, very low-income and extremely low-income families and a brief description of the PHA's strategy for addressing the housing needs of families who reside in the jurisdiction served by the PHA and other families who are on the public housing and Section 8 tenant-based assistance waiting lists. The statement must identify the housing needs of (i) families with incomes below 30 percent of area median income (extremely low-income); (ii) elderly families (iii) households with individuals with disabilities, and households of various races and ethnic groups residing in the jurisdiction or on the public housing and Section 8 tenant-based assistance waiting lists based on information provided by the applicable Consolidated Plan, information provided by HUD, and other generally available data. The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location.

The identification of housing needs must address issues of affordability, supply, quality, accessibility, size of units, and location (24 CFR 903.7(a)(2)(i)). Provide a description of the ways in which the PHA intends, to the maximum extent practicable, to address those housing needs in the upcoming year and the PHA's reasons for choosing its strategy (24 CFR 903.7(a)(2)(ii)).

☐ **Deconcentration and Other Policies that Govern Eligibility, Selection and Admissions**. Describe the PHA's admissions policy for deconcentration of poverty and income mixing of lower-income families in public housing. The Deconcentration Policy must describe the PHA's policy for bringing higher income tenants into lower income developments and lower income tenants into higher income developments. The deconcentration requirements apply to general occupancy and family public housing developments. Refer to 24 CFR 903.2(b)(2) for developments not subject to deconcentration of poverty and income mixing requirements 24 CFR 903.7(b). Describe the PHA's procedures for maintaining waiting lists for admission to public housing and address any site-based waiting lists 24 CFR 903.7(b) A statement of the PHA's policies that govern resident or tenant eligibility, selection and admission including admission preferences for both public housing and HCV (24 CFR 903.7(b)). Describe the unit assignment policies for public housing 24 CFR 903.7(b).

☐ **Financial Resources.** A statement of financial resources, including a listing by general categories, of the PHA's anticipated resources, such as PHA operating, capital and other anticipated Federal resources available to the PHA, as well as tenant rents and other income available to support public housing or tenant-based assistance. The statement also should include the non-Federal sources of funds supporting each Federal program and state the planned use for the resources (24 CFR 903.7(c)).

☐ **Rent Determination.** A statement of the policies of the PHA governing rents charged for public housing and HCV dwelling units, including applicable public housing flat rents, minimum rents, voucher family rent contributions, and payment standard policies (24 CFR 903.7(d)).

☐ **Homeownership Programs**. A description of any homeownership programs (including project number and unit count) administered by the agency or for which the PHA has applied or will apply for approval. For years in which the PHA's 5-Year PHA Plan is also due, this information must be included only to the extent that the PHA participates in homeownership programs under section 8(y) of the 1937 Act (24 CFR 903.7(k) and 24 CFR 903.11(c)(1)).

☐ **Safety and Crime Prevention.** A description of PHA's plan for safety and crime prevention. For High Performing PHAs, the information required by 24 CFR 903.7(m) must be included only to the extent this information is required for PHA's participation in the public housing drug elimination program and the PHA anticipates participating in this program in the applicable year (24 CFR 903.11(c)(1)).

☐ **Pet Policy.** Describe the PHA's policies and requirements pertaining to the ownership of pets in public housing (24 CFR 903.7(n)).

☐ **Substantial Deviation.** PHA must provide its criteria for determining a "substantial deviation" to its 5-Year Plan (24 CFR 903.7(s)(2)(i)).

☐ **Significant Amendment/Modification**. PHA must provide its criteria for determining a "Significant Amendment or Modification" to its 5-Year and Annual Plan (24 CFR 903.7(s)(2)(ii)). For modifications resulting from the Rental Assistance Demonstration (RAD) program, refer to the 'Sample PHA Plan Amendment' found in Notice PIH-2019-23(HA), successor RAD Implementation Notices, or other RAD Notices.

If any boxes are marked "yes", describe the revision(s) to those element(s) in the space provided.

PHAs must submit a Deconcentration Policy for Field Office review. For additional guidance on what a PHA must do to deconcentrate poverty in its development and comply with fair housing requirements, see 24 CFR 903.2 (24 CFR 903.23(b)).

B.2 New Activities. If the PHA intends to undertake any new activities related to these elements or discretionary policies in the applicable Fiscal Year, mark "yes" for those elements, and describe the activities to be undertaken in the space provided. If the PHA does not plan to undertake these activities, mark "no."

☐ **Choice Neighborhoods Grants.** 1) A description of any housing (including project name, number (if known) and unit count) for which the PHA will apply for Choice Neighborhoods Grants; and **2)** A timetable for the submission of applications or proposals. The application and approval process for Choice Neighborhoods is a separate process. See guidance on HUD's website at: https://www.hud.gov/cn (Notice PIH 2011-47).

☐ **Modernization or Development (Conventional & Mixed-Finance). 1)** A description of any housing (including name, project number (if known) and unit count) for which the PHA will apply for modernization or development; and **2)** A timetable for the submission of applications or proposals. The application and approval process for modernization or development is a separate process. See 24 CFR part 905 and guidance on HUD's website at: https://www.hud.gov/program_offices/public_indian_housing/programs/ph/hope6/mfph#4.

☐ **Demolition and/or Disposition.** With respect to public housing only, describe (1) any public housing development(s), or portion of a public housing development projects, owned by the PHA and subject to ACCs (including project number and unit numbers [or addresses]), and the number of affected units along with their sizes and accessibility features) for which the PHA will apply or is currently pending for demolition or disposition approval under section 18 of the 1937 Act (42 U.S.C. 1437p); and (2) a timetable for the demolition or disposition. This statement must be submitted to the extent that approved and/or pending demolition and/or disposition has changed as described in the PHA's last Annual and/or 5-Year PHA Plan submission. The application and approval process for demolition and/or disposition is a separate process. Approval of the PHA Plan does not constitute approval of these activities. See guidance on HUD's website at: https://www.hud.gov/program_offices/public_indian_housing/centers/sac/demo_dispo/ and 24 CFR 903.7(h).

☐ **Conversion of Public Housing under the Voluntary or Mandatory Conversion programs.** Describe **(1)** any public housing building(s) (including project number and unit count) owned by the PHA that the PHA is required to convert or plans to voluntarily convert to tenant-based assistance; **(2)** An analysis of the projects or buildings required to be converted under Section 33; and **(3)** A statement of the amount of assistance received to be used for rental assistance or other housing assistance in connection with such conversion. See guidance on HUD's website at the Special Applications Center (SAC) (https://www.hud.gov/sac) and 24 CFR 903.7(j).

☐ **Conversion of Public Housing under the Rental Assistance Demonstration (RAD) program (including Faircloth to RAD).** Describe any public housing building(s) (including project number and unit count) owned by the PHA that the PHA plans to voluntarily convert to Project-Based Assistance or Project-Based Vouchers under RAD. Note that all PHAs shall be required to provide the information listed in Attachment 1D of Notice PIH 2019-23(HA) as a significant amendment or its successor notice. See additional guidance on HUD's website at: https://www.hud.gov/RAD/library/notices.

☐ **Homeownership Programs**. A description of any homeownership programs (including project number and unit count) administered by the agency or for which the PHA has applied or will apply for approval. For years in which the PHA's 5-Year PHA Plan is also due, this information must be included only to the extent that the PHA participates in homeownership programs under section 8(y) of the 1937 Act (24 CFR 903.7(k) and 24 CFR 903.11(c)(1).

☐ **Project-Based Vouchers.** Describe any plans to use HCVs for new project-based vouchers, which must comply with PBV goals, civil rights requirements, Housing Quality Standards (HQS) and deconcentration standards, as stated in (24 CFR 983.55(b)(1)) and set forth in the PHA Plan statement of deconcentration and other policies that govern eligibility, selection, and admissions. If using project-based vouchers, provide the projected number of project-based units and general locations (including if PBV units are planned on any former or current public housing units or sites) and describe how project-basing would be consistent with the PHA Plan (24 CFR 903.7(b), 24 CFR 903.7(r)).

☐ **Units with Approved Vacancies for Modernization.** The PHA must include a statement related to units with approved vacancies that are undergoing modernization in accordance with 24 CFR 990.145(a)(1).

☐ **Other Capital Grant Programs (i.e., Capital Fund Lead Based Paint, Housing Related Hazards, At Risk/Receivership/Substandard/Troubled Program, and/or Emergency Safety and Security Grants).** For all activities that the PHA plans to undertake in the applicable Fiscal Year, provide a description of the activity in the space provided.

B.3 Progress Report. For all Annual Plans following submission of the first Annual Plan, a PHA must include a brief statement of the PHA's progress in meeting the mission and goals described in the 5-Year PHA Plan (24 CFR 903.7(s)(1)).

B.4 Capital Improvements. PHAs that receive funding from the Capital Fund Program (CFP) must complete this section (24 CFR 903.7 (g)). To comply with this requirement, the PHA must reference the most recent HUD approved Capital Fund 5 Year Action Plan in EPIC and the date that it was approved. PHAs can reference the form by including the following language in the Capital Improvement section of the appropriate Annual or Streamlined PHA Plan Template: "See Capital Fund 5 Year Action Plan in EPIC approved by HUD on XX/XX/XXXX."

B.5 Most Recent Fiscal Year Audit. If the results of the most recent fiscal year audit for the PHA included any findings, mark "yes" and describe those findings in the space provided (24 CFR 903.7(p)).

C. Other Document and/or Certification Requirements

C.1 Resident Advisory Board (RAB) comments. If the RAB had comments on the annual plan, mark "yes," submit the comments as an attachment to the Plan and describe the analysis of the comments and the PHA's decision made on these recommendations (24 CFR 903.13(c), 24 CFR 903.19).

C.2 Certification by State of Local Officials. Form HUD-50077-SL, *Certification by State or Local Officials of PHA Plans Consistency with the Consolidated Plan*, must be submitted by the PHA as an electronic attachment to the PHA Plan. (24 CFR 903.15). Note: A PHA may request to change its fiscal year to better coordinate its planning with planning done under the Consolidated Plan process by State or local officials as applicable.

C.3 Civil Rights Certification/ Certification Listing Policies and Programs that the PHA has Revised since Submission of its Last Annual Plan. Provide a certification that the following plan elements have been revised, provided to the RAB for comment before implementation, approved by the PHA board, and made available for review and inspection by the public. This requirement is satisfied by completing and submitting form HUD-50077 ST-HCV-HP, *PHA Certifications of Compliance with PHA Plan, Civil Rights, and Related Laws and Regulations Including PHA Plan Elements that Have Changed*. Form HUD-50077-ST-HCV-HP, *PHA Certifications of Compliance with PHA Plan, Civil Rights, and Related Laws and Regulations Including PHA Plan Elements that Have Changed* must be submitted by the PHA as an electronic attachment to the PHA Plan. This includes all certifications relating to Civil Rights and related regulations. A PHA will be considered in compliance with the certification requirement to affirmatively further fair housing if the PHA fulfills the requirements of 24 CFR 5.150 et. seq., 903.7(o)(1), and 903.15(d).

C.4 Challenged Elements. If any element of the Annual PHA Plan or 5-Year PHA Plan is challenged, a PHA must include such information as an attachment to the Annual PHA Plan or 5-Year PHA Plan with a description of any challenges to Plan elements, the source of the challenge, and the PHA's response to the public (24 CFR 903.23(b)).

This information collection is authorized by Section 511 of the Quality Housing and Work Responsibility Act, which added a new section 5A to the U.S. Housing Act of 1937, as amended, which introduced the 5-Year and Annual PHA Plan. The 5-Year and Annual PHA Plans provide a ready source for interested parties to locate basic PHA policies, rules, and requirements concerning the PHA's operations, programs, and services, and informs HUD, families served by the PHA, and members of the public of the PHA's mission, goals, and objectives for serving the needs of low- income, very low- income, and extremely low-income families.

Public reporting burden for this information collection is estimated to average 5.26 hours per response, including the time for reviewing instructions, searching existing data sources, gathering. and maintaining the data needed and completing and reviewing the collection of information. Send comments regarding this burden estimate or any other aspect of this collection of information, including suggestions to reduce this burden, to the Reports Management Officer, REE, Department of Housing and Urban Development, 451 7th Street, SW, Room 4176, Washington, DC 20410-5000. When providing comments, please refer to OMB Approval No. 2577-0226. HUD may not collect this information, and respondents are not required to complete this form, unless it displays a currently valid OMB Control Number.

Privacy Notice. The United States Department of Housing and Urban Development is authorized to solicit the information requested in this form by virtue of Title 12, U.S. Code, Section 1701 et seq., and regulations promulgated thereunder at Title 12, Code of Federal Regulations. Responses to the collection of information are required to obtain a benefit or to retain a benefit. The information requested does not lend itself to confidentiality.

Certifications of Compliance with PHA Plan and Related Regulations *(Standard, Troubled, HCV-Only, and High Performer PHAs)*	**U.S. Department of Housing and Urban Development** Office of Public and Indian Housing **OMB No. 2577-0226** **Expires: 09/30/2027**

PHA Certifications of Compliance with PHA Plan, Civil Rights, and Related Laws and Regulations including PHA Plan Elements that Have Changed

Acting on behalf of the Board of Commissioners of the Public Housing Agency (PHA) listed below, as its Chairperson or other authorized PHA official if there is no Board of Commissioners, I approve the submission of the___ 5-Year and/or_X_ Annual PHA Plan, hereinafter referred to as "the Plan," of which this document is a part, and make the following certification and agreements with the Department of Housing and Urban Development (HUD) for the PHA fiscal year beginning _10/2026_, in which the PHA receives assistance under 42 U.S.C. 1437f and/or 1437g in connection with the submission of the Plan and implementation thereof:

1. The Plan is consistent with the applicable comprehensive housing affordability strategy (or any plan incorporating such strategy) for the jurisdiction in which the PHA is located (24 CFR § 91.2).
2. The Plan contains a signed certification by the appropriate State or local official (form HUD-50077-SL) that the Plan is consistent with the applicable Consolidated Plan, which includes any applicable fair housing goals or strategies, for the PHA's jurisdiction and a description of the way the PHA Plan is consistent with the applicable Consolidated Plan (24 CFR §§ 91.2, 91.225, 91.325, and 91.425).
3. The PHA has established a Resident Advisory Board or Boards, the membership of which represents the residents assisted by the PHA, consulted with this Resident Advisory Board or Boards in developing the Plan, including any changes or revisions to the policies and programs identified in the Plan before they were implemented, and considered the recommendations of the Resident Advisory Board (24 CFR 903.13). The PHA has included in the Plan submission a copy of the recommendations made by the Resident Advisory Board or Boards and a description of the way the Plan addresses these recommendations.
4. The PHA provides assurance as part of this certification that:
   i. The Resident Advisory Board had an opportunity to review and comment on the changes to the policies and programs before implementation by the PHA;
   ii. The changes were duly approved by the PHA Board of Directors (or similar governing body); and
   iii. The revised policies and programs are available for review and inspection, at the principal office of the PHA during normal business hours. Where possible, PHAs should make documents available electronically, for public inspection upon request.
5. The PHA made the proposed Plan and all information relevant to the public hearing available for public inspection at least 45 days before the hearing, published a notice that a hearing would be held and conducted a hearing to discuss the Plan and invited public comment. The PHA ensured all notices and meetings provided effective communication with persons with disabilities and further provided meaningful language access for persons with Limited English Proficiency (LEP).
6. The PHA certifies that it will carry out the public housing program of the agency in conformity with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d-2000d—4), the Fair Housing Act (42 U.S.C. 3601-19), Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), Title II of the Americans with Disabilities Act (42 U.S.C. 12101 et seq.), the Violence Against Women Act (34 U.S.C. § 12291 et seq.), and other applicable civil rights requirements, and that it will affirmatively further fair housing in the administration of all HUD programs. In addition, if it administers a Housing Choice Voucher Program, the PHA certifies that it will administer the program in conformity with Title VI of the Civil Rights Act of 1964, the Fair Housing Act, Section 504 of the Rehabilitation Act of 1973, Title II of the Americans with Disabilities Act, the Violence Against Women Act, and other applicable civil rights requirements, and that it will affirmatively further fair housing in the administration of all HUD programs.
7. The PHA will affirmatively further fair housing, in compliance with the Fair Housing Act, 24 CFR § 5.150 et seq., 24 CFR § 903.7(o), and 24 CFR § 903.15, which means that it will take meaningful actions, in addition to combating discrimination, that overcome patterns of segregation and foster inclusive communities free from barriers that restrict access to opportunity based on protected characteristics. Specifically, affirmatively furthering

fair housing means taking meaningful actions that, taken together, address significant disparities in housing needs and in access to opportunity, replacing segregated living patterns with truly integrated and balanced living patterns, transforming racially or ethnically concentrated areas of poverty into areas of opportunity, and fostering and maintaining compliance with civil rights and fair housing laws (24 CFR § 5.151). Pursuant to 24 CFR § 903.15(c)(2), a PHA's policies should be designed to reduce the concentration of tenants and other assisted persons by race, national origin, and disability. PHA policies should include affirmative steps stated in 24 CFR § 903.15(c)(2)(i) and 24 CFR § 903.15(c)(2)(ii). Furthermore, under 24 CFR § 903.7(o), a PHA must submit a civil rights certification with its Annual and 5-year PHA Plans, except for qualified PHAs who submit the Form HUD-50077-CR as a standalone document. The PHA certifies that it will take no action that is materially inconsistent with its obligation to affirmatively further fair housing.

8. For PHA Plans that include a policy for site-based waiting lists:
    - The PHA regularly submits required data to HUD's 50058 PIC/IMS Module and/or its successor system: the Housing Information Portal (HIP) in an accurate, complete and timely manner (as specified in PIH Notice 2011-65);
    - The system of site-based waiting lists provides for full disclosure to each applicant in the selection of the development in which to reside, including basic information about available sites; and an estimate of the period of time the applicant would likely have to wait to be admitted to units of different sizes and types at each site;
    - Adoption of a site-based waiting list would not violate any court order or settlement agreement or be inconsistent with a pending complaint brought by HUD;
    - The PHA shall take reasonable measures to assure that such a waiting list is consistent with affirmatively furthering fair housing; and
    - The PHA provides for review of its site-based waiting list policy to determine if it is consistent with civil rights laws and certifications, as specified in 24 CFR 903.7(o)(1).
9. The PHA will comply with the prohibitions against discrimination based on age pursuant to the Age Discrimination Act of 1975.
10. In accordance with the Fair Housing Act, the PHA will not base a determination of eligibility for housing on actual or perceived sexual orientation, or marital status and will not otherwise discriminate because of sex (including sexual orientation).
11. The PHA will comply with the Architectural Barriers Act of 1968 and 24 CFR Part 41, 'Policies and Procedures for the Enforcement of Standards and Requirements for Accessibility by the Physically Handicapped' for people with physical disabilities.
12. The PHA will comply with the requirements of Section 3 of the Housing and Urban Development Act of 1968, Employment Opportunities for Low-or Very-Low Income Persons, and with its implementing regulation at 24 CFR Part 135.
13. The PHA will comply with the acquisition and relocation requirements of the Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970 and implement the regulations at 49 CFR Part 24 as applicable.
14. The PHA will take appropriate affirmative action to award contracts to minority and women's business enterprises under 24 CFR 5.105(a).
15. The PHA will provide the responsible entity or HUD any documentation that the responsible entity or HUD needs to carry out its review under the National Environmental Policy Act and other related authorities in accordance with 24 CFR Part 58 or Part 50, respectively.
16. With respect to public housing the PHA will comply with Davis-Bacon or HUD determined wage rate requirements under Section 12 of the United States Housing Act of 1937 and the Contract Work Hours and Safety Standards Act.
17. The PHA will keep records in accordance with 2 CFR 200.302 and facilitate an effective audit to determine compliance with program requirements.
18. The PHA will comply with the Lead-Based Paint Poisoning Prevention Act**,** the Residential Lead-Based Paint Hazard Reduction Act of 1992, and 24 CFR Part 35.
19. The PHA will comply with the policies, guidelines, and requirements of 2 CFR Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Financial Assistance, including but not limited to submitting the assurances required under 24 CFR §§ 1.5, 3.115, 8.50, and 107.25 by submitting an SF-424, including the required assurances in SF-424B or D, as applicable.

20. The PHA will undertake only activities and programs covered by the Plan in a manner consistent with its Plan and will utilize covered grant funds only for activities that are approvable under the regulations and included in its Plan.
21. All attachments to the Plan have been and will continue to always be available at all locations that the PHA Plan is available for public inspection. All required supporting documents have been made available for public inspection along with the Plan and additional requirements at the primary business office of the PHA and at all other times and locations identified by the PHA in its PHA Plan and will continue to be made available at least at the primary business office of the PHA and, where possible, should be made available for public inspection in an electronic format.
22. The PHA certifies that it is following all applicable Federal statutory and regulatory requirements, including the Declaration of Trust(s).

Certification by State or Local Official of PHA Plans Consistency with the Consolidated Plan or State Consolidated Plan

I, Tim O'Hare, the Tarrant County Judge
Official's Name *Official's Title*

certify that the 5-Year PHA Plan for fiscal years _____ and/or Annual PHA Plan for fiscal year 2026 of the TX431 - TARRANT COUNTY HOUSING ASSISTANCE OFFICE is consistent with the
PHA Name

Consolidated Plan or State Consolidated Plan including any applicable fair housing goals or strategies to:

Tarrant County, Texas
Local Jurisdiction Name

pursuant to 24 CFR Part 91 and 24 CFR Part 903.15.

Provide a description of how the PHA Plan's contents are consistent with the Consolidated Plan or State Consolidated Plan.

The Department of Community Development and the Tarrant County Housing Assistance Office work in partnership with each other in the development of the 5-Year Agency Plan and Annual Agency Plan. Particular attention is paid to the elements addressing Housing Needs and Strategy for Addressing Needs. Additionally, collaboration in policy and progress is addressed, analyzed and assessed, at least annually, in order to ensure that both departments are pursuing similar goals for the Citizens of Tarrant County. This document resides with the Community Development Department.

I/We, the undersigned, certify under penalty of perjury that the information provided above is true and correct. WARNING: Anyone who knowingly submits a false claim or makes a false statement is subject to criminal and/or civil penalties, including confinement for up to 5 years, fines, and civil and administrative penalties. (18 U.S.C. §§ 287, 1001, 1010, 1012, 1014; 31 U.S.C. §3729, 3802).

04/07/2026

You Are Invited
to attend the Annual
Resident Advisory Board (RAB) Meeting
Saturday, April 11, 2026
9:00 AM – 11:00 AM

THIS MEETING WILL BE CONDUCTED **VIRTUALLY** VIA ZOOM!

All members of the Tarrant County Housing Family Self-Sufficiency Program, upon enrolling, automatically become members of the Resident Advisory Board (RAB) of the Tarrant County Housing Assistance Office (TCHAO). **Therefore, your attendance at this virtual meeting is very important.**

The purpose of this meeting is for TCHAO to present an overview of the 2026 Annual PHA Plan which includes any changes TCHAO has made or proposes to make to our Administrative Plan.

Your feedback and comments are encouraged at this meeting on behalf of all TCHAO participants.

You can choose to join by Video or Audio.

Type in: https://us02web.zoom.us/my/tchousing OR

Audio Only

United States: Dial +1 (224) 501-3412

Access code: 204-469-493

Please Note: Your camera MUST BE ON during this meeting!

You are one of the few of our program participants that have the opportunity to speak for and represent all of the 3200+ participants on the Tarrant County HCV program. We hope you take this privilege very seriously by ***being present, and on time*** for this extremely important meeting.

On behalf of Tarrant County Housing Assistance Office, we thank you in advance and highly encourage your supportive attendance as a valuable FSS member.

NOTICE TO ESTABLISH A BRANCH

In the matter of the establishment of a branch of b1BANK, Baton Rouge, Louisiana. Notice is hereby given that b1BANK, whose main office and domicile is located at 500 Laurel Street, Suite 101, in Baton Rouge, East Baton Rouge Parish, Louisiana 70801, has made application to the Federal Deposit Insurance Corporation and the Louisiana Commissioner of Financial Institutions to establish a branch located at 91 Andorra Drive, Westlake, Tarrant County, TX 76262.

Any person wishing to comment on this application may file his comments in writing with the Regional Director (DOS) of the Federal Deposit Insurance Corporation at its Dallas Regional Office at 600 North Pearl Street, Suite 700, Dallas, TX 75201, not later than June 1, 2026. The nonconfidential portion of the application is on file in the regional office and is available for inspection during regular business hours. Photocopies of the nonconfidential portion of the application file may be made available upon request.

Any person wishing to comment on this application with the Louisiana Office of Financial Institutions may file his or her comments, in writing, with the Commissioner of Financial Institutions, Post Office Box 94095, Baton Rouge, Louisiana, 70804-9095. The Office of Financial Institutions is not required to consider any comments received more than 30 days after the date of publication of this Notice. TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 3

Department: Engineering Services	**Prepared By:** Sarah VanTassel	**Approved By:** Joseph Jackson

SUBJECT:

Public Hearing - To Consider Authorizing the Placement of Stop Signs Within the Bonita Oaks Subdivision - Precinct 4

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court conduct a public hearing to receive public comment regarding the proposed placement of stop signs within the Bonita Oaks Subdivision in Precinct 4 and, following the conclusion of the public hearing, consider authorizing the placement of stop signs within the Bonita Oaks Subdivision as recommended by the County Engineer.

BACKGROUND

A resident of Bonita Oaks subdivision submitted concerns to the Engineering Services regarding intersections within the subdivision that do not have stop signs. The Assistant Director of Engineering Services conducted a site visit and determined additional traffic control is necessary to improve public safety.

On May 12, 2026, the Commissioners Court, through Court Order #147024, approved publication of notice for a public hearing scheduled for June 9, 2026, to consider authorizing the placement of stop signs within the Bonita Oaks Subdivision within Precinct 4. The notice was published in compliance with Texas Transportation Code Section 251.152.

Engineering Services is requesting authorization to place stop signs as recommended by the County Engineer, at the intersection of Viento Oaks Lane (CR 4283-030) and Bonita Oaks Lane (CR 4283-010).

FISCAL IMPACT

The fiscal impact to install stop signs will be $23.32 per sign for a total of $46.64. Funding is available in account 26100-2026 Road and Bridge Fund / 6410300000 Precinct 4 Maintenance / 558041 Road Signs.

SUBJECT:

Consideration of Out-of-State Travel Requests

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the following out of state travel requests.

BACKGROUND

A. AgriLife Extension

1 attendee; 9 days/8 nights; Illinois, Michigan; $0.00

Participation in this event will give the attendee the opportunity to learn more about plant production and landscape management. The attendee is also a leadership member of the host organization and will be present at Board meetings representing the County in this capacity. The entire travel will be funded by the host organization.

B. Commissioner, Precinct 4

1 attendee; 4 days/3 nights; New Orleans; $2,082.00

This conference offers access to best practices, industry trends, and expert-led sessions that will enhance the attendee's knowledge and skills. Additionally, it provides a platform to network with peers and professionals, fostering the exchange of ideas and strategies that can be applied to improve organizational effectiveness.

C. Elections Administration

4 attendees; 6 days/5 nights; Missouri; $8,269.98

This conference will provide updates to state, city, and federal elections procedures including voter registration, new legislation, court decisions, and Justice Department rulings which affect the conduct of the Elections Administration.

D. Engineering Services

1 attendee; 6 days/5 nights; California; $2,314.00

This gathering of geo-spatial professionals allows county employees to gain hands on technical training and direct access to experts, ensuring local infrastructure, emergency response, and land records are manged using the most efficient cost-saving technologies. Registration at this event is waived due to the County's business with this organization.

FISCAL IMPACT

A. AgriLife Extension The travel will be paid for by the host organization.

B. Commissioner, Precinct 4 588261/10000-2026/6410100000 = $2,082.00

C. Elections Administration 588261/10000-2026/1420000000 = $1,440.00

588261/T7300-2026/1420000000 = $6,829.98

D. Engineering Services 588291/26100-2026/6840100000 = $2,314.00

Department: Facilities Management	**Prepared By:** Savannah S. Hawk	**Approved By:** Jon P. Hendrickson

SUBJECT:

Consideration of Tim Curry Criminal Justice Center Reorganization Projects

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider a series of projects to reorganize departments within the Tim Curry Criminal Justice Center (TCCJC).

BACKGROUND

On May 20, 2025, the Commissioners Court declined a Request For Pricing (RFP) for the Second Court of Appeals Construction on the sixth floor of the Tom Vandergriff Civil Courts Building. The Commissioners Court requested further investigation and analysis be undertaken to determine if there could be a more cost-effective methodology to accommodate the needs within the TCCJC Building without moving forward with the relocation of the Second Court of Appeals.

With the focus on efficiency and functionality, the resulting plan forecasts as twenty-three (23) individual, self-performed projects to be facilitated in eight (8) phases over a 16-to-18-month period. The ultimate result of this effort will accommodate the needs of each department, address all known American with Disabilities Act (ADA) compliance elements in public areas, and address departmental security needs. Additionally, the building will have approximately 4,100 square feet of expansion space remaining for additional use once completed.

If approved, these reorganization projects will increase efficiency and meet ADA requirements, while still meeting departmental needs.

FISCAL IMPACT

Funding in the amount of $2,222,876 is available by project in the various funds below:

$552,876 - 45400-2026 Capital Improvement Fund / 3110404000 Tim Curry Criminal Justice Center / 540000 Capital Outlay
$1,023,000 - 45500-2026 Court Facility Fee Fund / 3110404000 Tim Curry Criminal Justice Center / 540000 Capital Outlay
$532,000 - D8700-2026 CDA State Forfeiture Fund / 4510100000 Criminal DA Admin / 540000 Capital Outlay
$115,000 - D8800-2026 CDA Federal Forfeiture Fund / 4510100000 Criminal DA Admin / 540000 Capital Outlay

TCCJC Reorganization Backup.pdf

TARRANT COUNTY

DEPARTMENT OF FACILITIES MANAGEMENT

Tim Curry Criminal Justice Center Reorganization Projects

June 9, 2026

On May 20, 2025, the Commissioners Court declined a Request For Pricing (RFP) for the Second Court of Appeals Construction on the sixth floor of the Tom Vandergriff Civil Courts Building. Estimated at a value of $8.25 million, this construction would have relocated the court out of the Tim Curry Criminal Justice Center (TCCJC) Building, in turn creating areas for construction of offices for the Criminal District Attorney's offices as well as other departments. The total unencumbered costs for that project including construction tally to $10.3 million with an anticipated construction duration of twelve (12) months from Notice to Proceed.

The Commissioners Court requested further investigation and analysis be undertaken to determine if there could be a more cost-effective methodology to accommodate the needs within the TCCJC Building without moving forward with the relocation of the Second Court of Appeals. Facilities Management has completed a review process to include the needs of the various departments, necessary Americans with Disabilities Act (ADA) remedies in public areas, and requested security elements. This review process included coordination and input from the offices of the County Administrator, Criminal District Attorney, District Clerk, County Clerk, Courts Support Services, and the Defense Bar.

With the focus on efficiency and functionality, the resulting plan forecasts twenty-four (24) individual self-performed projects to be facilitated in eight (8) phases over a 16-to-18-month period. The ultimate result of this effort will accommodate the needs of each department, address all known ADA compliance elements in public areas, and address departmental security needs. Additionally, the building will have approximately 4,100 square feet of expansion space remaining for additional use once completed.

The sum cost of work (if self-performed and managed through the Carpenters Shop) tallies to $2,200,000.00, reflecting an approximate reduction in capital expenditure of $8,100,000.00.

Support Documents include:

- Declined RFP for the 2nd Court of Appeals dated May 20, 2025
- Project Listing – Summary Table
- Project Listing – Sequence and Durations
- Building Plans for space planning and coordination
- Individual Project designs and estimates per floor

COMMISSIONERS COURT COMMUNICATION

COURT ORDER NUMBER: Item d- CO# 145268

DATE: 5/20/2025

SUBJECT: **PERMISSION TO TAKE BIDS-RFPS**

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court grant permission to take Bids/RFPs for the following:

a. **RFP for Annual Contract for Court Resources Scheduling Tool**
Estimated Value - $99,000.00
Funding has been requested in the FY 2026 budget.

The purpose of this contract is to obtain a software solution to enhance the scheduling and management of key court resources, such as judges, court coordinators, and court reporters. This solution aims to optimize resource allocation, ensure sufficient coverage during court proceedings to address vacancies when assigned personnel are unavailable, and provide valuable data for workforce planning and reporting. This contract will be used by Criminal Courts and the primary contact is Ruby Romero. This project has been approved by the Information Technology Steering Committee.

b. **Annual Contract for Purchase and Installation of Ice and Water Machines**
Estimated Value - $50,000.00
Funding is available in the FY 2025 budget.

The purpose of this contract is to purchase and install ice and water machines of various sizes in Tarrant County buildings. This contract will be used by Facilities Management and the primary contact is Jason Hewitt.

c. **RFP for Construction of Open Parking Garage at Precinct 2**
Estimated Value - $1,350,000.00
Funding is available in the FY 2025 budget.

The scope of this project consists of the following – Construction of a 100′ x 197′ pre-engineered metal building for the open parking garage with column spacing to allow 15′ wide x 100′ parking aisles. Currently 28 of the 90 pieces of equipment spend 24/7, 365 days in the Texas elements. This contract will be used by Precinct 2 and the primary contact is Husain Al-Rammah.

SUBMITTED BY	Purchasing	PREPARED BY:	Melissa Lee, C.P.M., A.P.P.
		APPROVED BY:	Christopher Lax, CPSM, CPSD, CPCP

d. **Annual Contract for Fitness Classes and Personal Trainer Sessions**
Estimated Value - $55,640.00
Funding has been requested in the FY 2026 budget.

The purpose of this contract is to purchase fitness classes and personal trainer sessions for Tarrant County employees as part of the wellness program. This contract will be used Countywide, and the primary contact is Henry Tolstedt.

e. **RFP for Tom Vandergriff Civil Courts Building 2nd Court of Appeals Build-Out**
Estimated Value - $8,250,000.00
Funding is available in the FY 2025 budget.

The purpose of this contract is to build out the existing shell space on the 6th floor of the Tom Vandergriff Civil Courts Building to relocate the 2nd Court of Appeals courtroom and offices from the 9th floor of the Tim Curry Criminal Justice Center. Work will include general construction and mechanical, electrical, and plumbing. This contract will be used by Facilities Management-Construction Services and the primary contact is Jon Hendrickson.

f. **RFP for Annual Contract for In-Car Mobile Data Computers**
Estimated Value - $300,000.00
Funding is available in the FY 2025 budget.

The initial purchase will be for approximately sixty-three (63) in-car mobile data computers (MDC's) for Sheriff patrol vehicles and warrant vans. Seven (7) units are for the outfitting of new warrant vans and the remaining fifty-six (56) are replacement units for MDC's that are end-of-life after May 30, 2025. Additional units will be purchased in FY2026 to refresh the remainder of the Sheriff's Office and Constable fleet. This contract will be use by the Sheriff's Office and the primary contact is Scott Cermak.

BACKGROUND

The above list is for goods/services to be purchased through the competitive bid process required by Texas Local Government Code 262.002(c).

FISCAL IMPACT

There is no fiscal impact associated with this item.

Department	County District Attorney (CDA)
Floor	Basement
Project	Relocate from TCCJC Basement to Plaza Building
Justification	Reorganize TCCJC for efficiency
Phase	1
Estimated Budget	$71,000.00

Scope:

- Relocate the CDA investigators team from the basement of TCCJC to the second floor of Plaza Building. After relocating, Court Support Services will be reassigned to the vacated space in the basement.

Purpose:

- CDA investigators team maintains functionality as a unit while maintaining efficiency.

Budget:

- Construction costs are estimated at $71,000.00; furniture costs are estimated at $119,000.00. Total estimated investment is $190,000.00.

Relocate CDA to Plaza

Budget Estimate date **4/14/2026**

The budget below is based from the following scope of work:

1. This budget includes a total of ? sf located at address.

3. This budget does not include relocation costs.

4. This budget does not include annual operating costs.

Capital Budget Summary

FILE NAME: 02 12/12/2001
UPDATE LOG:

Department	Public
Floor	Upper Plaza
Project	Replace Entry Doors / Add BR Shields
Justification	Increase security
Phase	1
Estimated Budget	$65,000.00

Scope:

- Replace entry doors at both public entrances. Mobile bullet resistant shields to be provided to Sheriff staff for emergency situations.

Purpose:

- Doors are outdated and need to be replaced to maintain building security.

Budget:

- Doors replacement is estimated at $45,000.00; bullet resistant shields are estimated at $20,000.00. Total estimated investment is $65,000.00.

Department	Public
Floor	Upper Plaza Level
Project	Address ADA Restroom Items (4 Each)
Justification	Address ADA restroom items
Phase	4.5
Estimated Budget	$114,000.00

Scope:

- Renovate restrooms (U021, U023, U032, U033) on Upper Plaza level to meet ADA requirements. Includes new fixtures, restroom accessories, electrical and plumbing adjustments.

Purpose:

- Meet ADA requirements.

Department	County Clerk (Civil)
Floor	2
Project	Suite 2061 - Transaction Desk
Justification	Reorganization of TCCJC for efficiency
Phase	4
Estimated Budget	$58,000.00

Scope:

- Reconfigure cubicles
- Revise and replace transaction counters with windows
- Create cash cage
- Creation of Supervisors Office

Purpose:

- Consolidation of TCCJC while creating efficiency throughout the building

Budget:

- Construction costs estimated at $58,000.00; furniture costs estimated at $122,000.00. Total estimated investment is $180,000.00.

TCCJC Civil Clerk Reconfiguration

SHEET NO.
A-1
1 OF 1 SHEETS

Department	Defense Bar
Floor	5 thru 8
Project	Install 8 Interview Rooms 5, 6, 7, and 8
Justification	Creation of interview rooms for Defense Bar
Phase	7
Estimated Budget	$69,000.00

Scope:

- Creation of two (2) interview rooms on floors 5, 6, 7, and 8 for a total of eight (8) interview rooms for utilization by the Defense Bar. Includes electrical and HVAC rework, card readers, and insulation to ensure privacy.

Purpose:

- Designated interview spaces for Defense Bar on courtroom levels.

Defense Bar - Interview Rooms Floors 5 thru 8

Budget Estimate date **5/19/2026**

The budget below is based from the following scope of work:

1. This budget includes a total of ? sf located at address.

3. This budget does not include relocation costs.

4. This budget does not include annual operating costs.

KEYED NOTES

1. EXISTING SHOWN IN RED DASHED LINE IS TO BE DEMOED / REMOVED AND SALVAGED. RAISED FLOORING TO BE REMOVED. PROVIDE NEW FLOORING AS REQUIRED WHERE REQUIRED. MATCH EXISTING.
2. EXISTING STOREFRONT AND DOORS TO REMAIN AS IS. EXISTING GYP. BD. WALL SECTION TO BE REMOVED TO 8'-0" A.F.F.
3. REMOVE EXISTING DOOR, CABINET AND RESTROOM FIXTURES (Capped Lines behind wall and at floor). REUSE DOOR W/ OPP0SITE SWING.
4. REMOVE EXISTING RESTROOM FIXTURE AND RELOCATE TO NEW LOCATION IN SAME ROOM.
5. REMOVE EXISTING WALLS AND DOORS AND RELOCATE DOORS. REMOVE AND REWORK EXISTING CEILINGS AS REQUIRED. See Reflected Ceiling Plan. PROVIDE NEW FLOORING AS REQUIRED WHERE REQUIRED. MATCH EXISTING.
6. EXISTING CEILING MOUNTED SUPPLY AND RETURN AIR REISTERS AND FIRE SPRINKLERS TO BE RELOCATED / EXTENDED. See Reflected Ceiling Plan.
7. PROVIDE NEW GYP. BD. ON MTL. STUDS WALL TO 12" ABOVE EXISTING LOWER OVERHANG/SOFFIT. SEE WALL SECTION 2-A2 (Typ.).
8. PROVIDE NEW 7'-0" x 3'-0" DOORS IN H.M. FRAME. MATCH EXISTING FINISHES.
9. RELOCATED EXISTING DOOR WITH NEW DOOR SWING.
10. NEW GYP BD WALL TO BOTTOM OF EXISTING CEILING WITH RELOCATED DOOR AND FRAME.
11. RELOCATED WALL MOUNTED SINK. CONNECT TO EXISTING PLUMBING IN ADJACENT WALL.
12. PATCH, REPAIR WALLS AND PAINT .
13. REMOVE AND RELOCATE EXISTING WALL SCONCE TO CENTER OF ROOM. PATCH/REPAIR WALL. See reflected Ceiling Plan..
14. REMOVE AND RELOCATE EXISTING SPRINKLER HEAD AND EXTEND PIPING TO NEW ACOUSTIC CEILING @ 9'-2" +/- A.F.F.
15. APPROXIMATE LOCATION OF SUPPLY AIR REGISTERS LOCATED ON MIDDLE/CENTER OVERHANG/SOFIIT TO BE. EXTENDED INTO NEW OFFICES. SEE 1-A2.

LEGEND

- EXISTING CONSTRUCTION OR PARTITION TO REMAIN
- NEW CONSTRUCTION OR PARTITION (Shown in Red)
- EXISTING CONSTRUCTION OR PARTITION TO BE REMOVED
- TYP. WALL TYPE; 3 5/8" METAL STUDS AT 16" O.C. WITH 5/8" GYP. BD. ON EACH SIDE TO 12" ABOVE EXISTING CEILING / SOFFIT (Provide mtl. kicker studs @ 4'-0"+/- anchored to bottom of structure above)

GENERAL NOTES

1. PATCH / REPAIR AND PAINT WALLS IN COSTRUCTION AREAS
2. PROVIDE NEW FLOORING TO MATCH EXISTING WHERE REQUIRED.

UPDATE LOG:

Department	County District Attorney (CDA)
Floor	7
Project	Renovate Suite 7016 (YODA) to Offices
Justification	Office creation
Phase	1
Estimated Budget	$34,000.00

Scope:

- Demolition of walls, creation of an additional office, and installation of transaction window and counter.

Purpose:

- The Youth Offender Diversion Alternative (YODA) team has relocated from TCCJC to 350 W Belknap. This allows suite 7016 to be available for reassignment to the CDA's office to meet space requirements.

YODA Suite Remodel

Budget Estimate date **5/19/2026**

The budget below is based from the following scope of work:

1. This budget includes a total of ? sf located at address.

3. This budget does not include relocation costs.

4. This budget does not include annual operating costs.

Capital Budget Summary

1. SITE WORK			$	-
2. DEMOLITION / ABATEMENT			$	-
3. CONSTRUCTION COST OF THE BUILDING			$	**32,021.05**
General Requirements	$	-		
Concrete	$	-		
Gypsum Board Assemblies	$	2,698.36		
Openings	$	14,746.10		
Finishes	$	5,321.00		
Elevator	$	-		
Mechanical Systems	$	3,185.60		
Electrical Systems	$	4,180.00		
Plumbing Systems	$	1,890.00		
Special Equipment	$	-		
Low Voltage	$	-		
General Contractor (1 if bid out, 0 if performed in-house)	$	-		
4. PROFESSIONAL SERVICES			$	-
Pre-design (programming, preliminary drawings, site alternates)	$	-		
Full Architect / Engineering Services (triggered if HC is > $50,000)	$	-		
Lab Design Consultant	$	-		
Geotechnical Survey	$	-		
Phase 1 / 2 Asbetos Surveys	$	-		
Inspections / Testing	$	-		
HVAC - Test and Balance	$	-		
Commissioning - LEED	$	-

Department: Human Resources	**Prepared By:** Jennifer Jones	**Approved By:** Roxie Held

SUBJECT:

Consideration of a Memorandum of Understanding between Tarrant County and Rangers Baseball LLC for the 27th Annual Tarrant County Employee Picnic at Globe Life Field

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider a Memorandum of Understanding between Tarrant County and Rangers Baseball LLC (Texas Rangers) for the 27th Annual Tarrant County Employee Picnic to be held on Friday, September 18, 2026, at 7:05 PM and Saturday, September 19, 2026, at 6:05 PM.

BACKGROUND

County employees have two ticket options available for each event, with pricing based on a $20.00 per ticket subsidy:

Tickets for September 18, 2026:
- All-You-Can-Eat Ticket: Valued at $71.06, with a County Employee price of $51.06 per ticket.
- Seat-Only Ticket: Valued at $28.55, with a County Employee price of $8.55 per ticket.

Tickets for September 19, 2026:
- All-You-Can-Eat Ticket: Valued at $85.04, with a County Employee price of $65.04 per ticket.
- Seat-Only Ticket: Valued at $39.59, with a County Employee price of $19.59 per ticket.

FISCAL IMPACT

The Texas Rangers reserved 2,195 tickets for employees and families. At a $20 County subsidy per ticket, the maximum cost is $43,900 before taxes and fees. Funds are available in account 10000-2026 general Fund/1820100000 Human Resources/ 579076 Service Awards.

MEMORANDUM OF UNDERSTANDING BETWEEN TARRANT COUNTY AND RANGERS BASEBALL LLC

This Memorandum of Understanding (the "Agreement") is entered into on May 14, 2026 ("Effective Date") by and between **Tarrant County**, a political subdivision of the State of Texas ("County"), and **Rangers Baseball LLC** ("Texas Rangers"), with its principal location at 734 Stadium Drive, Arlington, Texas 76011.

TERMS AND CONDITIONS

PURPOSE: Texas Rangers has offered to create a Web Portal (defined below) for County's employees to purchase tickets for the Texas Rangers baseball games at Globe Life Field on September 18, 2026 at 7:05pm and September 19, 2026 at 6:05pm (the "Event(s)"). Tickets to the Event will include two options:

1. **All-You-Can-Eat Ticket:** This ticket provides an assigned seat in Sections 27-33 and includes an all-you-can-eat-meal.

2. **Seat Only Ticket:** This ticket provides an assigned seat in Section 306-307 ONLY. No Meal.

Web Portal: https://www.gofevo.com/group/TarrantCountyTX26

PURCHASE PRICE: County employees have two ticket options available for each Event, each with a different value (Calculations are based on the current $20.00 per ticket subsidy):

1. Tickets to the Event on September 18, 2026:

    a. **All-You-Can-Eat Ticket:** This Ticket value is $71.06. The County Employee price will be $51.06 per Ticket.

    b. **Seat Only Ticket:** This Ticket Value is $28.55. The County Employee price will be $8.55 per Ticket.

2. Tickets to the Event on September 19, 2026

    a. **All-You-Can-Eat Ticket:** This ticket is valued at $85.04. The County Employee's price will be $65.04 per ticket.

    b. **Seat Only Ticket:** This ticket is valued at $39.59. The County Employee's price is $19.59 per ticket.

Please note that these prices include applicable taxes or fees.

REIMBURSEMENT: The Texas Rangers will present the County with an invoice during the week of September 7th, 2026, for reimbursement at a rate of $20.00 per ticket sold for the Event. Tarrant County agrees to promptly issue a physical check of final payment to the Texas Rangers

Docusign Envelope ID: 506C1DDF-2014-8879-80D5-049EC8D73053

five (5) days before the Event.

EXECUTION OF AGREEMENT: This Agreement may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Agreement, and all of which, when taken together, shall be deemed to constitute one and the same agreement. The exchange of copies of this Agreement and of signature pages by electronic transmission shall constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted or executed electronically shall be deemed to be their original signatures for any purpose whatsoever.

ENTIRE AGREEMENT: This Agreement represents the entire agreement between the parties. Any oral representations or modifications concerning this Agreement shall be of no force or effect unless contained in a subsequent writing signed by both parties. By their signatures below, the parties accept the terms of this Agreement in full.

[Signature page follows]

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 5
Department: Human Resources	**Prepared By:** Michelle L. Johnson, Assistant Director; Learning & Development	**Approved By:** Roxie Held

SUBJECT:

Consideration to Adopt the Revised Tuition Reimbursement Program Policy

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider adopting the Tarrant County Tuition Reimbursement Program Policy, which will replace the existing policy approved on December 13, 2022, through Court Order #139940, effective October 1, 2026.

BACKGROUND

The proposed Tuition Reimbursement Program Policy would replace the existing policy adopted on December 13, 2022, through Court Order #139940. The new policy updates how tuition reimbursement is calculated and establishes clearer guidelines for eligibility, reimbursement, and program administration.

Under the existing policy, reimbursement is determined using a tuition rate benchmark tied to the University of Texas at Arlington. The new policy bases reimbursement on an employee's actual out-of-pocket tuition and mandatory academic fees, up to an annual approved amount not to exceed Internal Revenue Service (IRS) guidelines.

The new policy also provides clearer structure for the program, including eligibility requirements, covered expenses, application and documentation procedures, repayment requirements for employees who separate within twelve (12) months of receiving reimbursement, and oversight and reporting expectations.

FISCAL IMPACT

The fiscal impact will depend on employee participation rates and the total amount of reimbursements requested.

The annual maximum reimbursement amount per employee will be established during the annual budget process and shall not exceed the non-taxable amount established by the IRS.

Attachments

Tuition Reimbursement Policy 2026.pdf

TARRANT COUNTY

TUITION REIMBURSEMENT PROGRAM

I. Purpose

The Commissioners Court supports employee education that improves performance, fosters career growth, and aligns with County workforce goals. The Tuition Reimbursement Program funds traditional academic degrees through the annual budget process and is a strategic investment in workforce development and retention.

II. Eligibility

To be eligible, employees must:

- Be a full-time, regular-status employee who has completed the County's initial probationary period. After the completion of your initial probation, any additional probationary period does not affect eligibility.
- Be in good standing, meaning no active Performance Improvement Plan (PIP) or disciplinary action on file with HR and none within 90 days prior to application.
    - If standing changes, current approvals are honored, but future requests are denied until standing is restored.
- Not be an elected official, contractor, substitute, or temporary employee.

III. Eligible Programs and Coursework

Accreditations

Courses and educational institutions must be accredited by an agency recognized by the U.S. Department of Education, including approved online programs.

Certifications (e.g., PMP, Six Sigma, etc.) and trade or vocational schools are not eligible.

Job Relevance

Courses must directly support the employee's current role or prepare them for advancement within the County.

The completion of a course or a degree does not obligate the County to promote the employee to a position with a higher pay grade or to a different position. The benefits derived from the successful completion of coursework may be considered by the hiring authority when opportunities for advancement do occur.

IV. Covered and Ineligible Expenses

The program covers tuition and mandatory academic fees charged by an accredited institution as part of enrollment in a credit-bearing academic term.

Mandatory expenses must be billed by the institution and itemized or supported by official documentation. If an itemized tuition bill is not available, the employee must submit official supporting documentation (such as a catalog listing, registrar letter, or financial aid breakdown), confirming that the charges are required for enrollment. Mandatory fees are those listed as required by the institution's official course catalog, billing statement, or registrar. Fees not clearly designated as mandatory will not be reimbursed. *HR reserves the right to request additional documentation such as a course syllabus or an institutional letter, to verify that a fee is required and eligible for reimbursement.*

Only tuition and eligible fees paid out-of-pocket qualify for reimbursement. Any amounts covered by grants, scholarships, or third-party aid will be deducted from the reimbursable total. Student loans are not considered third-party aid and will not be deducted from the reimbursement.

Examples of eligible vs. ineligible expenses:

Eligible Expenses	Ineligible Expenses
Tuition (credit-bearing courses only)	Course materials, textbooks, supplies, access codes
Mandatory lab or course-specific program fees	Parking, meals, transportation, lodging/housing
Registration and enrollment fees	Transcript requests, student ID fees
Technology, facility, or LMS access fees (if clearly required and billed by the institution)	Late registration, schedule change, or reactivation fees
Required Library and student services fees	Graduation, cap & gown, or commencement ceremony fees
Proctoring and testing/exam fees (if required)	Tutoring, test prep, optional workshops
Distance learning delivery fees (online modality fees)	Fees for non-credit, audited, informal, or non-instructional courses
Program-specific fees (e.g., nursing)	Fees charged by non-accredited institutions or organizations

V. Reimbursement Limits

The annual maximum reimbursement amount per employee will be established during the annual budget process and shall not exceed the non-taxable amount established by the IRS.If total approved requests exceed the annual budget, reimbursements will be paid on a first-come, first-served basis based on application date.

VI. Course Attendance

The County is not required to allow course attendance during work hours. If a course is only available during work hours:

- Employees may use vacation, personal leave, or unpaid leave with prior approval.
- Work schedules may be adjusted with prior approval.
- The County will not provide compensation or excuse tardiness due to class attendance.

VII. Application Process

Applications must be submitted within 5 business days after the start of the term or within 10 business days of registration, whichever comes first. Applications must include:

- Course title and description (from catalog or syllabus)
- Start and end dates
- How the course supports the employee's career goals
- The employee's current job description

Applications are term specific. Course or degree plan changes must be reported within 10 business days of registration. HR will review and notify employees of the outcome. Denials may be appealed (see Section IX).

Term Approvals and Schedule Change

Applications are approved for specific courses each term. For programs with nontraditional or rolling academic calendars, the term is defined as the official start and end dates for the course(s) submitted on the tuition reimbursement application.

Any schedule changes must be reported to HR within 10 business days of registration.

VIII. Reimbursement Process

Employees must submit reimbursement documentation within 60 days of the last day of the academic term. Late submissions will not be accepted.

Required Documentation:

a. Official final grade report
b. Current transcript
c. Itemized tuition statement showing:
    - Tuition and eligible fees
    - Any scholarships, grants, or other aid
    - Employee payments with a $0 balance confirming the account is paid in full

Reimbursement Rates

Final Grade	Undergraduate	Graduate	Pass/Fail only
A	100%	100%	—
B	80%	80%	—
C	70%	70%	—
Pass	—	—	100%
Below C / Fail	Not Eligible	Not eligible	Not eligible

Courses previously reimbursed are not eligible again, even if retaken for a higher grade.

IX. Appeal Process

Employees may appeal tuition reimbursement decisions, including application denials or reimbursement adjustments. To appeal:

- Submit a Tuition Reimbursement Appeal Request Form within 10 business days of the decision.
- Appeals will be reviewed by the Tuition Reimbursement Team within 10 business days.
- If needed, a final review may be requested by the Assistant Director of Learning & Development within 5 business days. Final decisions will be issued within 10 business days.

The L&D Assistant Director may consult with appropriate parties to reach a final decision.

X. Repayment Requirement

Employees who voluntarily or involuntarily separate from the County within 12 months of the end of a reimbursed academic term must repay the reimbursement for that term. Repayment is calculated on a term-by-term basis, using the end date of each reimbursed semester, quarter, or other credit-bearing instructional period. Only terms that ended within 12 months prior to the employee's separation are subject to repayment.

The amount owed will be withheld from the employee's final payroll disbursement in an effort to fully reimburse the County. Such withholdings will be made and may result in the net pay being zero. Any remaining balance will be pursued by the County in the form of a promissory note. Unresolved balances will be referred to the Criminal District Attorney's Office for further action.

XI. Oversight and Reporting

HR will maintain records, track program use, and completion rates.

XII. Employee Acknowledgment

By submitting a tuition reimbursement application, employees acknowledge that they have read, understand, and agree to comply with this policy, including the requirement to repay funds as outlined in section X. Submitting false, misleading, or incomplete

information may result in denial of reimbursement, recovery of disbursed funds, and potential disciplinary action.

XIII. Policy Authority

This policy is administered by the Human Resources Department, Learning & Development Division. This version supersedes all previous versions. Revision history is maintained by Human Resources.

Department: Human Resources	**Prepared By:** Michelle L. Johnson, Assistant Director; Learning & Development	**Approved By:** Roxie Held

SUBJECT:

Consideration to Adopt the Entry-Level Driver Training Program for Commercial Driver's License Policy

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider adoption of the new Tarrant County Entry-Level Driver Training (ELDT) Program for Commercial Driver's License (CDL) Policy, which establishes requirements and procedures for County-funded CDL training and replaces previously issued CDL-related training program guidance. The proposed policy will take effect upon Court approval.

BACKGROUND

The proposed ELDT Program for CDL Policy establishes guidelines for consistent, compliant, and cost-effective administration of County-funded CDL training. The policy applies to all positions for which the official job description designates a CDL as an essential condition of employment.

The policy clearly defines eligibility requirements, covered training expenses, and expectations for employees participating in the program. Eligible employees must be in a position requiring a CDL and must complete their CDL training through a County-selected ELDT provider. The policy clarifies that only the cost of the ELDT training vendor is covered, while state and federal fees, such as DPS or TXDOT fees, remain the employee's responsibility.

The policy formalizes program limits tied to departmental budget availability and outlines documentation requirements, including proof of CDL issuance. Employees who fail to obtain the required CDL within the designated timeframe may be subject to termination and repayment of County training costs.

To protect County resources, the new policy establishes repayment requirements for employees who voluntarily or involuntarily separate within two years after receiving County-funded CDL training. The policy also details the repayment process, including deductions from final payroll and potential referral to the District Attorney's Office for unresolved balances. Additional structure is provided regarding oversight responsibilities for both HR and departmental precincts.

FISCAL IMPACT

The fiscal impact will depend on the number of employees requiring CDL training, the cost of training services through the approved ELDT provider, and departmental budget allocations. Because the County funds only the ELDT vendor portion and not state or federal licensing fees, actual County cost exposure is limited to vendor training fees and may vary based on workforce needs each fiscal year.

TARRANT COUNTY

ENTRY-LEVEL DRIVER TRAINING PROGRAM (ELDT) FOR COMMERCIAL DRIVER'S LICENSE (CDL) POLICY

I. Purpose

This policy applies to all Tarrant County positions for which the official Job Description designates a Commercial Driver's License (CDL) as an essential condition of employment. The Entry-Level Driver Training Program (ELDT) for Commercial Driver's License (CDL) policy establishes guidelines for County-funded CDL training and licensing to ensure that employees meet job requirements and to protect County resources associated with required licensure.

II. Eligibility

To be eligible, employees must:

- Be in a position that requires a CDL as outlined in the official job description (JD) or have a documented requirement to obtain a CDL within a specified timeframe
- Not currently carry a CDL or equivalent
- Remain actively employed throughout the duration of the ELDT/CDL training

III. Covered Training and Requirements

Training Coverage

The program covers Training program costs directly associated with obtaining a CDL through an approved provider only. All fees including DPS, TXDOT, and other fees are the responsibility of the employee.

Employees must complete the ELDT and obtain the required CDL within the timeframe established by the department at the time of hire.

Training Requirements

Employees must:

- Successfully complete all required training and testing within the designated timeframe

- Obtain the required CDL classification and any required endorsements
- Maintain compliance with all federal, state, and local CDL regulations
- Complete training only through the County-selected ELDT provider

IV. Ineligible Expenses

County payment covers only the cost of the ELDT training vendor. State and federal fees (including DPS or TXDOT fees) are not covered.

The program does not cover:

- Travel, meals, or lodging associated with training
- Optional study materials or preparatory courses not required for licensure
- Fees associated with retesting due to failure, unless otherwise approved
- Costs not directly tied to obtaining the CDL

HR reserves the right to determine whether an expense is eligible for coverage.

V. Program Limits

Funding for CDL training is subject to departmental budget availability and approval through the annual budget process.

VI. Completion and Documentation

Employees must provide documentation of successful completion, including:

- Proof of CDL issuance
- Any required endorsements

Failure to obtain this licensure within the designated timeframe from employment will result in termination and recoupment of funds.

VII. Repayment Requirement

Employees who voluntarily or involuntarily separate from the County within **two (2) years** of obtaining a CDL must repay the full cost of the training.

Repayment will be based on the County's direct cost for the ELDT training vendor.

VIII. Repayment Process

The amount owed will be withheld from the employee's final payroll disbursement in an effort to fully reimburse the County. Such withholdings will be made and may result in the net pay being zero.

Any remaining balance will be pursued by the County in the form of a promissory note. Unresolved balances will be referred to the Tarrant County District Attorney's Office for further action.

IX. Oversight and Reporting

HR is responsible for maintaining program records, tracking participant progress and completion, and monitoring compliance with service commitments and repayment requirements.

Precincts must notify HR when an employee participating in the program separates from County employment so HR may coordinate with Payroll to initiate the repayment process as required.

Precincts are also responsible for identifying eligible employees for participation, ensuring the employee signs the ELDT/CDL Program Acknowledgment prior to enrollment, and supporting operational needs while the employee attends training.

X. Employee Acknowledgment

Participation in the CDL Training Program constitutes acknowledgment that the employee has read, understands, and agrees to comply with this policy, including the requirement to repay funds as outlined in Section VII. By signing the ELDT/CDL Program Acknowledgment, employees authorize the County to withhold repayment from their final payroll disbursement.

Submitting false, misleading, or incomplete information may result in denial of participation, recovery of funds, and potential disciplinary action.

XI. Policy Authority

This policy is administered by the Human Resources Department, Learning & Development Division. This version supersedes all previous versions. Revision history is maintained by Human Resources.

SUBJECT:

Consideration of a Change to the Table of Organization – 323rd District Court

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the approval of a change to the Table of Organization for the 323rd District Court to add one (1) Judicial Bailiff II position effective June 10, 2026.

BACKGROUND

The 323rd District Court is requesting to add one (1) Grade 53-II Judge's Bailiff II position. The addition of a Judge's Bailiff II position is essential to maintaining safety, order, and operational efficiency within the courtroom. This role provides critical security functions, including managing inmate transport, maintaining courtroom safety, executing warrants, and making arrests, when necessary, duties that directly support the Judge and ensure proceedings can occur without interruption or risk.

As court dockets continue to expand in volume and complexity, the need for a dedicated, certified peace officer to handle inmate movement, confirm active warrants, and monitor potential threats is increasingly vital. The position also performs key administrative and logistical tasks, such as preparing and monitoring budgets, assisting with jury services, coordinating schedules, and ensuring court readiness, which contribute to the smooth and timely operation of the court's daily functions.

Adding this position strengthens courtroom security, enhances the court's ability to manage high-risk individuals, ensures compliance with statutory and procedural requirements, and provides the judge with reliable support that allows them to focus on judicial responsibilities. This role is a direct investment in the safety, efficiency, and effectiveness of court operations.

FISCAL IMPACT

The Table of Organizational change will be offset through existing vacancies within the Sheriff Courts division.

SUBJECT:

Consideration of a Change to the Table of Organization - Criminal Courts

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the approval of a change to the Table of Organization for the Criminal Courts to add one (1) Court Magistrate position and one (1) Magistrate Support Officer position effective June 10, 2026.

BACKGROUND

The Criminal Courts are requesting to add one (1) Grade 97 Court Magistrate and one (1) Grade 17 Magistrate Support Officer position. The addition of these positions is to ensure the timely, consistent, and legally compliant processing of individuals entering the criminal justice system. The duties required to support 24-hour magistration, criminal history evaluation, risk assessment, and bond determinations have grown significantly, and the existing resources are no longer sufficient to meet statutory obligations or operational demands.

The Magistrate position performs essential judicial functions, including hearing and evaluating evidence, making findings of fact, determining bail, issuing orders, and carrying out statutory duties under Chapter 54 of the Texas Government Code. This role operates under the jurisdiction of the elected Criminal Court Judges and ensures that legally mandated duties, such as timely magistration and constitutional advisement are carried out with judicial independence and consistency.

The addition of a Magistrate Support Officer is equally vital to maintain operational efficiency. This position prepares essential magistration documentation, conducts criminal history research, generates risk and financial assessments, assists in creating daily arraignment dockets, verifies court-appointed counsel eligibility, and ensures defendants understand and comply with release conditions. These tasks are fundamental to the Magistrate’s decision-making process and ensure accurate, complete, and legally compliant records. The Support Officer also monitors personal bond dockets, coordinates with multiple criminal justice partners, and serves as a point of contact for defendants on bond, functions that significantly improve efficiency and reduce failures to appear.

Adding these two positions will strengthen compliance with statutory requirements, reduce delays in the magistration workflow, support judicial capacity during peak operational periods, and enhance the accuracy, reliability, and fairness of the pretrial process. Together, the Magistrate and Magistrate Support Officer positions provide a fully integrated support structure that ensures timely processing of arrested individuals, protects constitutional rights, and improves the overall functioning of the Criminal Courts.

FISCAL IMPACT

The Table of Organization salary change will result in an increase of $72,470 including fringe. Releasing six inmates one hour earlier each day after magistration will generate enough savings to offset the added positions.

Consideration of Changes to the Table of Organization - County Administrator/Intergovernmental Relations

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the approval of a change to the Table of Organization for the County Administrator/Intergovernmental Relations Office to re-class one (1) Director of Intergovernmental Relations position effective June 10, 2026.

BACKGROUND

The County Administrator/Intergovernmental Relations Office is requesting that one (1) Vacant Grade MG 6 Director of Intergovernmental Relations position (#20005378) be downward re-classed to a Grade 74 Intergovernmental Relations Specialist position. The County Administrator's Office is consolidating the Director of Communications position into a single department head role that combines the County's comprehensive communications, media relations, legislative engagement, and intergovernmental relations responsibilities, ensuring these interconnected functions operate with unified leadership and consistent strategic direction.

With these responsibilities now centralized under one (1) director-level position, the former Intergovernmental Relations Director role is no longer needed at the director classification level. The position's remaining duties, including legislative research, monitoring policy developments, preparing briefing materials, and supporting intergovernmental engagements, align with a specialist-level scope. The Specialist will serve as the department's second-in-command and support the Director of External Affairs in carrying out legislative and intergovernmental functions. This restructuring strengthens coordination, eliminates duplicate director roles, and aligns resources with operational needs

FISCAL IMPACT

The Table of Organization salary change will result in a savings of $6,903.22 including fringe benefits.

SUBJECT:

Consideration of a Change to the Table of Organization – Criminal District Attorney

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the approval of a change to the Table of Organization for the Criminal District Attorney's Office to re-class one (1) grant funded Attorney V (Felony) position effective June 29, 2026.

BACKGROUND

The Criminal District Attorney's Office is requesting that one (1) Vacant Grade 76 grant funded Attorney V (Felony) position (#20007944) be re-classed to a Grade 77 Managing Attorney I position. The Criminal District Attorney's Office is restructuring this position to better reflect the level of managerial responsibility, legal complexity, and supervisory oversight now required.

The Managing Attorney I role is specifically designed for an attorney who not only prosecutes and defends complex civil and criminal matters, but also exercises significant managerial discretion, coordinates and assigns work, provides formal evaluation and coaching, recommends policies and practices, and interacts with high-level public officials in the course of supervising a unit of attorneys. These responsibilities now represent the core duties of this position and exceed the expectations of the Attorney V role.

Reclassifying the position to Managing Attorney I ensures alignment between the job's actual operational demands and its formal classification, strengthens attorney supervision and case management across the division, and ensures the office can maintain high-quality legal representation while effectively developing attorney talent. This adjustment accurately reflects the leadership, accountability, and advanced expertise the position now provides to the organization.

FISCAL IMPACT

The Table of Organization salary change will result in an increase of $8,180.49 including fringe benefits. Any operational subsidy resulting from the re-class will be funded through D8700 or the Human Trafficking Grant awarded from the Office of the Governor.

RFP No. F2026035 - Annual Contract for Staff Augmentation Services - Information Technology - Various Vendors - Per Contract Terms

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award RFP No. F2026035 Annual Contract for Staff Augmentation Services, for Information Technology, to the following vendors at the per contract terms:

Primary

Open Systems Technologies, Inc.	4 of 4
PMCSServices	2 of 4
GTS Technology Solutions, Inc.	1 of 4

Secondary

Compunnel, Inc. (Compunnel Software Group, Inc.)	4 of 4
International Software Systems, Inc. Information	4 of 4
GTS Technology Solutions, Inc.	3 of 4
PMCSServices	1 of 4

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand six hundred fifteen (1,615) vendors were contacted and requested to participate in this proposal process. All documents pertaining to this RFP were posted on the Tarrant County website and were downloaded by interested parties. A pre-proposal conference held on January 5, 2026, was attended by one hundred fifty-three (153) vendors as well as representatives from Information Technology and Purchasing. One hundred eighty-four (184) proposals and fourteen (14) no-bids were received.

Proposals were evaluated by Information Technology and Purchasing representatives. Evaluations were based upon the criteria and processes set forth in the RFP.

22nd Century Technologies, Inc., A & ASSOCIATES, ADITI LLC, Advanced Cybersecuirty Experts LLC, Advanced Proactive Solutions, LLC, AlgebraIT LLC, American Technology Consulting, BayInfotech LLC, BISOFT CONSULTANCY SERVICES LLC, COGENT Infotech Corporation, Consultadd Inc, Corporate Solutions General Inc., CrowdPlat, Inc., Cutting Edge Tech Talent LLC, Cynosure Technologies LLC, Diskriter, Inc., Elegant Enterprise-Wide Solutions, Inc., E-LOGIC, INC., Encode inc, Enterprise Global Solutions, Inc. The responses received from BuzzClan, LLC, Techgene Solutions LLC, Syntricate Technologies Inc., N2S Global Workforce Solutions LLC, Noor Staffing Group, LLC, MGT Impact Solutions, LLC, Instantserve LLC, Aroha Technologies, Inc, Tryfacta, Inc. and SoftSages LLC were deemed non-responsive for group 1 as the prices bid did not fall into the allowable price bands per the specifications.

The responses received from Netsynk Inc., N2S Global Workforce Solutions LLC, Noor Staffing Group, LLC, MGT Impact Solutions, LLC, Confidential Search Solutions, Tryfacta, Inc. and Softstages LLC were deemed non-responsive for group 2 as the prices bid did not fall into the allowable price bands per the specifications.

The responses received from BuzzClan, LLC, Techgene Solutions LLC, Intellibee,Inc., Syntricate Technologies Inc., Mando Technologies Inc, N2S Global Workforce Solutions LLC, Nohat Staffing, NexXora, vTech Solution, Inc., Tryfacta, Inc., SoftSages LLC were deemed non-responsive for group 3 as the prices bid did not fall into the allowable price bands per the specifications.

The responses received from Techgene Solutions LLC, N2S Global Workforce Solutions LLC, Anand PAG Inc, Tryfacta, Inc. and SoftSages LLC were deemed non-responsive for group 4 as the prices bid did not fall into the allowable price bands per the specifications.

A no-bid response was recieved from E-Panzer Security Consulting Inc. (Panzer Security Consulting, Inc.) for group 1. A no-bid response was recieved from E-Panzer Security Consulting Inc. (Panzer Security Consulting, Inc.), Advanced Cybersecuirty Experts LLC, CloudAI Technologies LLC, and Tunabear Inc for group 2. A no-bid response was recieved from E-Panzer Security Consulting Inc. (Panzer Security Consulting, Inc.) and Advanced Cybersecuirty Experts LLC for group 3.

The proposals received from vendors listed above meet all specifications and are acceptable to Information Technology.

The term of the contract is twenty four (24) months, effective June 9, 2026.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew June 9, 2029 and June 9, 2030, hereafter for two (2) twelve (12) month periods ending on June 8, 2031, unless sooner terminated by either party as provided herein.

This contract allows for the hiring of temporary personnel to support the Information Technology Department when County employees are unavailable. Temporary staff may be used to fill roles on projects, back-fill positions, and cover long-term leaves. The positions would include Senior Lead IT Quality Assurance Analysts, Senior Lead IT Business Analysts, Senior-Lead Project Managers, Change Management Consultants/Trainers, Systems Analysts, Senior IT Service Desk Analysts, IT Service Desk Analysts, Senior Desktop IT Support Engineers, Desktop IT Support Analysts, Part-Time IT Trainers, Senior Command Center Specialist, Senior Programmer Analysts, IT Solution Architects, and Data Architects.

Therefore, it is the joint recommendation of Information Technology and Purchasing that RFP No. F2026035, Annual Contract for Staff Augmentation Services, be awarded to the vendors listed above at the per contract terms.

FISCAL IMPACT

Expenses for the last twelve (12) months were $515,779.80. Funding is available in account 10000-2026 General Fund/1810410000 Application Develop/Support/569011 Professional Services.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 6
Department: Purchasing	**Prepared By:** Amos Jones Jr.	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026064 - Purchase of 4,000 Gallon Water Tank Truck - Precinct 1 - Premier Truck Group - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026064, Purchase of 4,000 Gallon Water Tank Truck, for Precinct 1, to Premier Truck Group at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statue, and posted on the internet, the Arlington Black Chamber of Commerce, The Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Five hundred and fifteen (515) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference was held April 22, 2026 and was attended by four (4) vendors as well as representatives from Precinct 1 and Purchasing. Nine (9) bids and three (3) no bids were received.

Response from Custom Truck One Source, Inc. deemed non-responsive for failing to meet minimum requirement of 385 horsepower (Custom response was 360), failing to meet minimum requirement of a 100-gallon fuel tank (Custom response was 70), and failing to meet minimum power take-off of 675 (Custom response was 500). Response from Murphy-Hoffman Company, LLC deemed non-responsive for failing to meet minimum horsepower of 385 (Murphy response was 300) and failing to meet minimum requirement of a 100-gallon fuel tank (Murphy response was 50).

The low bid received by Premier Truck Group meets all specifications and is acceptable to Precinct 1.

The purpose of this equipment is to prepare the ground for road work to minimize dust and assist pavers in creating an even starting point for road base materials.

Therefore, it is the joint recommendation of Precinct 1 and Purchasing that Bid No. F2026064, Purchase of 4,000 Gallon Water Tank Truck, be awarded to Premier Truck Group at the per unit price.

FISCAL IMPACT

Funding in the amount of $185,900.00 is available in account 45100-2026 Non-Debt Capital/6110300000 Precinct 1 Maintenance/540000 Capital G/L Account.

May 13, 2026

Mr. Amos Jones Jr.
Tarrant County
Purchasing Department
100 East Weatherford Street
Fort Worth, TX 76196

Subject: Award of Bid F2026064

Mr. Jones

This letter is regarding the award of Bid No. F2026064, "Purchase of 4000 Gallon Water Tank Truck".

After reviewing the submitted documentation from "Custom Truck One Source, Inc. (Lowest Bidder)". It has been determined that they do not meet all the requirements in the Specifications as advertised. We specified an engine with 385 horsepower at a minimum and they offered one with 360 horsepower. We specified a 100 Gallon Fuel Tank, and they offered a 70 Gallon Fuel Tank. We specified a PTO driven of 675 GPM minimum and they offered 500 GPM.

After reviewing the submitted documentation from Murphy Hoffman Company, LLC. (Second Lowest Bidder)". It was determined that they do not meet all the requirements in the Specifications as advertised. We specified an engine with 385 horsepower at a minimum and they offered one with 300 horsepower. We specified an Elliptical Shaped Water Tank, and they offer a Trapezoid Shape Water Tank. We specified a 100 Gallon Fuel Tank, and they offered a 50 Gallon Fuel Tank.

After reviewing the submitted documentation from "Premier Truck Group (Third Lowest Bidder)". It was determined that they met or exceeded the Specifications as advertised.

It's recommended that Premier Truck Group be awarded the Contract/Bid F2026064 in the amount of $185,900.00 (Bid Amount) and $7,250.00 (Extended Warranty Amount) for a total of $193,150.00 for the purchase of a 2027 Freightliner 114SD Plus with a 4000 Gallon Water Tank Truck for Precinct 1.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 7
Department: Purchasing	**Prepared By:** Julie Nichols	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026072 - Annual Contract for Dry Bulk Hydraulic Cement - Countywide - Various Vendors - Per Unit Price and Discount from List Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026072, Annual Contract for Dry Bulk Hydraulic Cement, Countywide, to the following vendors at the per unit price and discount from list price:

Primary	Ash Grove Cement a CRH Company
Secondary	Continental Cement Company LLC d/b/a Quikrete Cement

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Five hundred eighty-six (586) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on March 24, 2026 was attended by one (1) vendor as well as representatives from Precincts 2 and 3 and Purchasing. Two (2) bids and seven (7) no-bids were received.

Bids were evaluated by the four (4) Maintenance Precincts and Purchasing representatives. Award recommendations are to the low bids meeting specifications.

The term of the contract is twelve (12) months, effective October 1, 2026.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew October 1, 2027 and October 1, 2028, hereafter for two (2) twelve (12) month periods ending on September 30, 2029, unless sooner terminated by either party as provided herein.

Dry hydraulic cement is used during road construction and repair projects to fix cracks in roads.

Therefore, it is the joint recommendation of the four (4) Maintenance Precincts and Purchasing that Bid No. F2026072, Annual Contract for Dry Bulk Hydraulic Cement, be awarded to the vendors listed above at the per unit price and discount from list price.

FISCAL IMPACT

Expenses for the last twelve (12) months were $394,136.60. Funding has been requested in the FY 2027 budget in the following accounts:
26100-2027 Road and Bridge/6110300000 Precinct 1 Maintenance/558097 Asphalt - Rock/Hot Mix
26100-2027 Road and Bridge/6210300000 Precinct 2 Maintenance/558097 Asphalt - Rock/Hot Mix
26100-2027 Road and Bridge/6310300000 Precinct 3 Maintenance/558097 Asphalt - Rock/Hot Mix

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 8
Department: Purchasing	**Prepared By:** Julie Nichols	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026073 - Annual Contract for Reinforced Concrete Pipes, Concrete Box Culverts, and Safety End Treatments - Countywide - Various Vendors - Per Unit Price and Discount from List Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026073, Annual Contract for Reinforced Concrete Pipes, Concrete Box Culverts, and Safety End Treatments, Countywide, to the following vendors at the per unit price and discount from list price:

Primary	Forterra Pipe & Precast, LLC d/b/a Rinker Materials
Secondary	Ferguson Enterprises, LLC

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Four hundred ninety (490) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on March 24, 2026 was attended by one (1) vendor as well as representatives from Precincts 2 and 3 and Purchasing. Two (2) bids and seven (7) no-bids were received.

Bids were evaluated by the four Maintenance Precincts and Purchasing representatives. Award recommendations are to the low bids meeting specifications.

The term of the contract is twelve (12) months, effective October 1, 2026.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew October 1, 2027 and October 1, 2028, hereafter for two (2) twelve (12) month periods ending on September 30, 2029, unless sooner terminated by either party as provided herein.

Reinforced concrete pipe, concrete box culverts, and safety end treatments are used create and repair drainage on roads.

Therefore, it is the joint recommendation of the four (4) Maintenance Precincts and Purchasing that Bid No. F2026073, Annual Contract for Reinforced Concrete Pipes, Concrete Box Culverts, and Safety End Treatments, be awarded to the vendors listed above at the per unit price and discount from list price.

FISCAL IMPACT

Expenses for the last twelve (12) months were $187,180.69. Funding has been requested in the FY 2027 budget in the following accounts:
26100-2027 Road and Bridge/6110300000 Precinct 1 Maintenance/558081 Culverts
26100-2027 Road and Bridge/6210300000 Precinct 2 Maintenance/558081 Culverts
26100-2027 Road and Bridge/6310300000 Precinct 3 Maintenance/558081 Culverts
26100-2027 Road and Bridge/6410300000 Precinct 4 Maintenance/558081 Culverts

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 20
Department: Purchasing	**Prepared By:** Allan Tucker	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026074 - Public Health Chiller/BAS Replacement - Facilities Management - Freer Mechanical Contractors Inc.

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026074, Public Health Chiller/BAS Replacement, for Facilities Management, to Freer Mechanical Contractors Inc. for $2,497,194.00, approve contract and accept payment and performance bonds.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Eight hundred and twenty-nine (829) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on April 1, 2026 was attended by twelve (12) vendors as well as representatives from Facilities Management and Purchasing. Six (6) bids and eight (8) no-bids were received.

TD Industries Inc. withdrew their bid.

The low bid received from Freer Mechanical Contractors Inc. meets all specifications and is acceptable to Facilities Management.

The purpose of this contract is to replace the aging chiller plant equipment at the Tarrant County Public Health building, including two failing water-cooled centrifugal chillers, associated pumps, and obsolete pneumatic controls. This upgrade will improve system reliability, increase energy efficiency, and ensure the facility maintains proper cooling capacity to support critical public health operations. The existing chillers have reached the end of their useful life, experience frequent maintenance issues, and utilize outdated components that are no longer commercially supported, necessitating their replacement with modern, high-efficiency equipment.

Therefore, it is the joint recommendation of Facilities Management and Purchasing that RFP No. F2026074, Public Health Chiller/BAS Replacement, be awarded to Freer Mechanical Contractors Inc. at the per contract terms.

FISCAL IMPACT

Funding in the amount of $2,497,194.00 is available in account T0400-2026 Public Health Fund/3110505000 Dr. Brooks Building/540000 Capital Outlay.

PASSED AND APPROVED on June 9, 2026.

9 ENUMERATION OF CONTRACT DOCUMENTS

EXHIBIT A INSURANCE AND BONDS

ARTICLE 1 THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary, and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement, and Modifications issued after execution of this Agreement, all of which form the Contract, and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. An enumeration of the Contract Documents, other than a Modification, appears in Article 9.

ARTICLE 2 THE WORK OF THIS CONTRACT

The Contractor shall fully execute the Work described in the Contract Documents, except as specifically indicated in the Contract Documents to be the responsibility of others.

ARTICLE 3 DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION

§ 3.1 The date of commencement of the Work shall be:
(Check one of the following boxes.)

[ ] The date of this Agreement.

[X] A date set forth in a notice to proceed issued by the Owner.

[ ] Established as follows:
(Insert a date or a means to determine the date of commencement of the Work.)

If a date of commencement of the Work is not selected, then the date of commencement shall be the date of this Agreement.

§ 3.2 The Contract Time shall be measured from the date of commencement of the Work.

§ 3.3 Substantial Completion

§ 3.3.1 Subject to adjustments of the Contract Time as provided in the Contract Documents, the Contractor shall achieve Substantial Completion of the entire Work:
(Check one of the following boxes and complete the necessary information.)

AIA Document A101 – 2017. Copyright © 1915, 1918, 1925, 1937, 1951, 1958, 1961, 1963, 1967, 1974, 1977, 1987, 1991, 1997, 2007 and 2017. All rights reserved. User Notes: (6a0b49e1231c9948d13846eb)

[X] Not later than one hundred and sixty five (165) calendar days from the date of commencement of the Work.

[ ] By the following date:

§ 3.3.2 Subject to adjustments of the Contract Time as provided in the Contract Documents, if portions of the Work are to be completed prior to Substantial Completion of the entire Work, the Contractor shall achieve Substantial Completion of such portions by the following dates:

Portion of Work	Substantial Completion Date
None	

§ 3.3.3 If the Contractor fails to achieve Substantial Completion as provided in this Section 3.3, liquidated damages, if any, shall be assessed as set forth in Section 4.5.

ARTICLE 4 CONTRACT SUM

§ 4.1 The Owner shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be Two million four hundred and ninety seven thousand one hundred and ninety four dollars ($ 2,497,194.00), subject to additions and deductions as provided in the Contract Documents.

§ 4.2 Alternates

§ 4.2.1 Alternates, if any, included in the Contract Sum:

Item	Price
None	

§ 4.2.2 Subject to the conditions noted below, the following alternates may be accepted by the Owner following execution of this Agreement. Upon acceptance, the Owner shall issue a Modification to this Agreement.
(Insert below each alternate and the conditions that must be met for the Owner to accept the alternate.)

Item	Price	Conditions for Acceptance
Not Applicable		

§ 4.3 Allowances, if any, included in the Contract Sum:
(Identify each allowance.)

Item	Price
Not Applicable	

§ 4.4 Unit prices, if any:
(Identify the item and state the unit price and quantity limitations, if any, to which the unit price will be applicable.)

Item	Units and Limitations	Price per Unit ($0.00)
Not Applicable		

§ 4.5 Liquidated damages, if any:
(Insert terms and conditions for liquidated damages, if any.)

No Applicable

§ 4.6 Other:
(Insert provisions for bonus or other incentives, if any, that might result in a change to the Contract Sum.)

None

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor in accordance with Chapter 2251 of the Texas Government Code, as well as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

Not Applicable

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the last day of a month, the Owner shall make payment of the amount certified to the Contractor not later than the last day of the following month. If an Application for Payment is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than thirty (30) days after the Architect receives the Application for Payment.
(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

.1 That portion of the Contract Sum properly allocable to completed Work;

.2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and

.3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

.1 The aggregate of any amounts previously paid by the Owner;

.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;

.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and

.5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:
(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

5%

AIA Document A101 – 2017. Copyright © 1915, 1918, 1925, 1937, 1951, 1958, 1961, 1963, 1967, 1974, 1977, 1987, 1991, 1997, 2007 and 2017. All rights reserved. User Notes: (6a0b49e1231c9948d13846eb)

§ 5.1.7.1.1 The following items are not subject to retainage:
(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

Not Applicable

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:
(If the retainage established in Section 5.1.7.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section 3.3.2, insert provisions for such modifications.)

Not Applicable

§ 5.1.7.3 Except as set forth in this Section 5.1.7.3, upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:
(Insert any other conditions for release of retainage upon Substantial Completion.)

Not Applicable

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment; and

.2 a final Certificate for Payment has been issued by the Architect.

§ 5.2.2 The Owner's final payment to the Contractor shall be made no later than 30 days after the issuance of the Architect's final Certificate for Payment, or as follows:

None

§ 5.3 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the statutory interest rate set forth in Texas Government Code Sec. 2251.025.

ARTICLE 6 DISPUTE RESOLUTION

§ 6.1 Initial Decision Maker

Intentionally Omtted.

§ 6.2 Binding Dispute Resolution

Intentionally Omitted.

ARTICLE 7 TERMINATION OR SUSPENSION

§ 7.1 The Contract may be terminated by the Owner or the Contractor as provided in Article 14 of AIA Document A201–2017.

§ 7.1.1 If the Contract is terminated for the Owner's convenience in accordance with Article 14 of AIA Document A201–2017, then the Owner shall pay the Contractor a termination fee as follows:
(Insert the amount of, or method for determining, the fee, if any, payable to the Contractor following a termination for the Owner's convenience.)

None

§ 7.2 The Work may be suspended by the Owner as provided in Article 14 of AIA Document A201–2017.

ARTICLE 8 MISCELLANEOUS PROVISIONS

§ 8.1 Where reference is made in this Agreement to a provision of AIA Document A201–2017 or another Contract Document, the reference refers to that provision as amended or supplemented by other provisions of the Contract Documents.

§ 8.2 The Owner's representative:
(Name, address, email address, and other information)

Tarrant County Facilities Management
200 Taylor Street, Suite 344
Fort Worth, Texas 76196

§ 8.3 The Contractor's representative:
(Name, address, email address, and other information)

Kevin Bottom
Freer Mechanical Contractors, Inc.
1908 Samuels Ave
Fort Worth, Texas 76102
Email: kevin@freermechanical.com

§ 8.4 Neither the Owner's nor the Contractor's representative shall be changed without ten days' prior notice to the other party.

§ 8.5 Insurance and Bonds

§ 8.5.1 The Contractor shall purchase and maintain insurance as set forth in AIA Document A101™–2017, Standard Form of Agreement Between Owner and Contractor where the basis of payment is a Stipulated Sum, Exhibit A, Insurance and Bonds, and elsewhere in the Contract Documents.

§ 8.5.2 The Contractor shall provide bonds as set forth in AIA Document A101™–2017 Exhibit A, and elsewhere in the Contract Documents.

§ 8.6 Notice in electronic format, pursuant to Article 1 of AIA Document A201–2017, may be given in accordance with a building information modeling exhibit, if completed, or as otherwise set forth below:
(If other than in accordance with a building information modeling exhibit, insert requirements for delivering notice in electronic format such as name, title, and email address of the recipient and whether and how the system will be required to generate a read receipt for the transmission.)

Not Applicable

§ 8.7 Other provisions:

Not Applicable

ARTICLE 9 ENUMERATION OF CONTRACT DOCUMENTS

§ 9.1 This Agreement is comprised of the following documents:

.1 AIA Document A101™–2017, Standard Form of Agreement Between Owner and Contractor

.

.3 AIA Document A201™–2017, General Conditions of the Contract for Construction

:

AMERISURE PARTNERS INSURANCE COMPANY

POWER OF ATTORNEY

KNOW ALL MEN BY THESE PRESENTS: That Amerisure Mutual Insurance Company, Amerisure Insurance Company and Amerisure Partners Insurance Company are corporations duly organized under the laws of the State of Michigan (herein collectively the "Companies"), and that the Companies do hereby make, constitute and appoint:

TRACY TUCKER, STEVEN TUCKER, KEVIN J. DUNN, W. LAWRENCE BROWN
DOUGLASS A. REED, BENNETT BROWN AND ROBERTA H. ERB

of Tucker Agency, Ltd., its true and lawful Attorney(s)-in Fact, each in their separate capacity if more than one is named above, to sign, execute, seal and acknowledge, for and on its behalf and as its act and deed, bonds or others writings obligatory in the nature of a bond on behalf of each of said Companies, as surety, on contracts or suretyship as are or may be required or permitted by law, regulation, contract or otherwise, provided that no bond or undertaking or contract or suretyship executed under this authority shall exceed the amount of:

ONE HUNDRED MILLION ($100,000,000.00) DOLLARS

This Power of Attorney is granted and signed by facsimile under and by the authority of the following Resolutions adopted by the Boards of Directors of Amerisure Mutual Insurance Company, Amerisure Insurance Company and Amerisure Partners Insurance Company at meetings duly called and held on February 17, 2022.

"**RESOLVED**, that any two of the President & Chief Executive Officer, the Chief Financial Officer & Treasurer, the Senior Vice President Surety, the Vice President Surety, or the General Counsel & Corporate Secretary be, and each or any of them hereby is authorized to execute, a Power of Attorney qualifying the attorney-in-fact named in the given Power of Attorney to execute on behalf of the Company bonds, undertakings and all contracts of surety, and that President & Chief Executive Officer, Chief Financial Officer & Treasurer or General Counsel & Corporate Secretary each or any of them hereby is authorized to attest to the execution of any such Power of Attorney and to attach therein the seal of the Company;

FURTHER RESOLVED, that the signature of such officers and the seal of the Company may be affixed to any such Power of Attorney or to anycertificate relating thereto electronically/digitally or by facsimile, and any such Power of Attorney or certificate bearing such electronic/digital or facsimile signatures or electronic/digital or facsimile seal shall be binding upon the Company when so affixed and in the future with regard to any bond, undertaking or contract of surety to which it is attached;

FURTHER RESOLVED, that any work carried out by the attorney-in-fact pursuant to this resolution shall be valid and binding upon the Company."

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 7
Department: Purchasing	**Prepared By:** Teresa Ralls	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

RFP No. F2026082 - Annual Contract for In-Person Battering Intervention and Prevention Program - Community Supervisions and Corrections Department - Various Vendors - Per Contract Terms

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award RFP No. F2026082, Annual Contract for In-Person Battering Intervention and Prevention Program, for Community Supervision and Corrections Department (CSCD), to the following vendors at the per contract terms.

Free for Life Group
MEMMS Counseling
Psychotherapy Services & Yokefellows
SafeHaven of Tarrant County d/b/a The Archway
The Polo Group LLC

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Seven hundred seventy-six (776) vendors were contacted and requested to participate in this proposal process. All documents pertaining to this RFP were posted on the Tarrant County website and were downloaded by interested parties. A pre-proposal conference held on March 25, 2026, was attended by three (3) vendors as well as representatives from CSCD and Purchasing. Seven (7) proposals and five (5) no-bids were received.

Proposals were evaluated by CSCD and Purchasing representatives. Evaluations were based upon the criteria and processes set forth in the RFP.

J & S Counseling was deemed non-responsive because their accreditation status is probationary. Weight of the World Counseling & Coaching was deemed non-responsive for not submitting any of the required documentation outlined in the submission requirements.

A Best and Final Offer was then requested from the highest scoring vendors which resulted in a twenty-five percent (25%) reduction in the total price.

The proposals received from the above vendors meet all specifications and are acceptable to CSCD.

The term of the contract is twenty-four (24) months, effective July 1, 2026, with three (3) options for renewal periods of twelve (12) months each.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew July 1, 2028, July 1, 2029 and July 1, 2030, hereafter for three (3) twelve (12) month periods ending on June 30, 2031, unless sooner terminated by either party as provided herein.

The purpose of this contract is for CSCD to partner with qualified providers for the delivery of court-ordered battering intervention and prevention services for offenders, including high-risk offenders, to be used as a supervision tool with the goal of reducing intimate partner violence and promoting public safety.

Therefore, it is the joint recommendation of CSCD and Purchasing that RFP No. F2026082, Annual Contract for In-Person Battering Intervention and Prevention Program, be awarded to the vendors listed above at the per contract terms.

FISCAL IMPACT

Services are paid for by defendants. No Tarrant County funds are required.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 24
Department: Purchasing	**Prepared By:** Gwen Peterson, C.P.M., A.P.P.	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026086 - Green Bay Jail Retrofit Lights - Facilities Management - CraftLink LLC d/b/a Williams Electric & HVAC

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026086, Green Bay Jail Retrofit Lights, for Facilities Management, to CraftLink LLC d/b/a Williams Electric & HVAC for $1,005,020.49, approve contract, and approve payment and performance bonds.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Twelve hundred (1,200) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on April 7, 2026 was attended by eighteen (18) vendors as well as representatives from Baird, Hampton, & Brown, Inc, Facilities Management, the Sheriff's Office, and Purchasing. Nine (9) bids and eleven (11) no-bids were received.

The bid received from GlobenetUSA (Globenet Telecommunications, LLC) did not meet specifications because the materials they bid were not approved as substitutions, the quantities do not match specifications, and they omitted several required fixture types including vandal resistant fixtures, high abuse fixtures, and other specified items. Additionally, the required electrician licenses were not submitted with their bid or in response to subsequent requests. The bid received from Diggs Electrical Supply Inc. did not meet specifications because they did not bid services as required.

The bid received from CraftLink LLC d/b/a Williams Electric & HVAC meets all specifications and is acceptable to Facilities Management.

The purpose of this contract is to replace the interior and exterior lighting at the Green Bay Jail with energy-efficient LED fixtures. This upgrade will reduce ongoing maintenance and electrical utility costs while ensuring the facility complies with current code and regulatory requirements. Additionally, many of the jail's existing lighting fixtures are obsolete and are no longer commercially available, further necessitating their replacement.

Therefore, it is the joint recommendation of Baird, Hampton, & Brown, Inc., Facilities Management, and Purchasing that Bid No. F2026086, Green Bay Jail Retrofit Lights, be awarded to CraftLink LLC d/b/a Williams Electric & HVAC for $1,005,020.49.

The contract is attached for approval and signature. The District Attorney's Office reviewed this contract as to form.

FISCAL IMPACT

Funding in the amount of $1,005,020.49 is available in the following accounts:

$602,376.49	45100-2026 Non-Debt Capital/3110302000 Green Bay Building/540000 Capital Outlay
$402,644.00	47600-2026 Bond Election/3110302000 Green Bay Building/540000 Capital Outlay

Efficiency upgrades will result in recoupment of costs in 3 years.

PASSED AND APPROVED on June 9, 2026.

COUNTY OF TARRANT
STATE OF TEXAS

ARTICLE 1 THE CONTRACT DOCUMENTS

The Contract Documents consist of this Agreement, Conditions of the Contract (General, Supplementary, and other Conditions), Drawings, Specifications, Addenda issued prior to execution of this Agreement, other documents listed in this Agreement, and Modifications issued after execution of this Agreement, all of which form the Contract, and are as fully a part of the Contract as if attached to this Agreement or repeated herein. The Contract represents the entire and integrated agreement between the parties hereto and supersedes prior negotiations, representations, or agreements, either written or oral. An enumeration of the Contract Documents, other than a Modification, appears in Article 9.

ARTICLE 2 THE WORK OF THIS CONTRACT

The Contractor shall fully execute the Work described in the Contract Documents, except as specifically indicated in the Contract Documents to be the responsibility of others.

ARTICLE 3 DATE OF COMMENCEMENT AND SUBSTANTIAL COMPLETION

§ 3.1 The date of commencement of the Work shall be:
(Check one of the following boxes.)

[ ] The date of this Agreement.

[X] A date set forth in a notice to proceed issued by the Owner.

[ ] Established as follows:
(Insert a date or a means to determine the date of commencement of the Work.)

If a date of commencement of the Work is not selected, then the date of commencement shall be the date of this Agreement.

§ 3.2 The Contract Time shall be measured from the date of commencement of the Work.

§ 3.3 Substantial Completion

§ 3.3.1 Subject to adjustments of the Contract Time as provided in the Contract Documents, the Contractor shall achieve Substantial Completion of the entire Work:
(Check one of the following boxes and complete the necessary information.)

[X] Not later than one hundred forty-eight (148) calendar days from the date of commencement of the Work.

[ ] By the following date:

§ 3.3.2 Subject to adjustments of the Contract Time as provided in the Contract Documents, if portions of the Work are to be completed prior to Substantial Completion of the entire Work, the Contractor shall achieve Substantial Completion of such portions by the following dates:

Portion of Work	Substantial Completion Date
Not Applicable	

§ 3.3.3 If the Contractor fails to achieve Substantial Completion as provided in this Section 3.3, liquidated damages, if any, shall be assessed as set forth in Section 4.5.

ARTICLE 4 CONTRACT SUM

§ 4.1 The Owner shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be one million five thousand twenty dollars and forty-nine cents ($ 1,005,020.49), subject to additions and deductions as provided in the Contract Documents.

§ 4.2 Alternates

§ 4.2.1 Alternates, if any, included in the Contract Sum:

Item	Price
Not Applicable	

§ 4.2.2 Subject to the conditions noted below, the following alternates may be accepted by the Owner following execution of this Agreement. Upon acceptance, the Owner shall issue a Modification to this Agreement.
(Insert below each alternate and the conditions that must be met for the Owner to accept the alternate.)

Item	Price	Conditions for Acceptance
Not Applicable		

§ 4.3 Allowances, if any, included in the Contract Sum:
(Identify each allowance.)

Item	Price
Not Applicable	

§ 4.4 Unit prices, if any:
(Identify the item and state the unit price and quantity limitations, if any, to which the unit price will be applicable.)

Item	Units and Limitations	Price per Unit ($0.00)
Not Applicable		

§ 4.5 Liquidated damages, if any:
(Insert terms and conditions for liquidated damages, if any.)

Not Applicable

§ 4.6 Other:
(Insert provisions for bonus or other incentives, if any, that might result in a change to the Contract Sum.)

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor in accordance with Chapter 2251 of the Texas Government Code, as well as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

None

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the last day of a month, the Owner shall make payment of the amount certified to the Contractor not later than the last day of the following month. If an Application for Payment is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than thirty (30) days after the Architect receives the Application for Payment.
(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

.1 That portion of the Contract Sum properly allocable to completed Work;

.2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and

.3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

.1 The aggregate of any amounts previously paid by the Owner;

.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;

.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and

.5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:
(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

5%

User Notes: (69fe1fd90113717686f9bc6c)

§ 5.1.7.1.1 The following items are not subject to retainage:
(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

Not Applicable

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:
(If the retainage established in Section 5.1.7.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section 3.3.2, insert provisions for such modifications.)

Not Applicable

§ 5.1.7.3 Except as set forth in this Section 5.1.7.3, upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:
(Insert any other conditions for release of retainage upon Substantial Completion.)

Not Applicable

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment; and

.2 a final Certificate for Payment has been issued by the Architect.

§ 5.2.2 The Owner's final payment to the Contractor shall be made no later than 30 days after the issuance of the Architect's final Certificate for Payment, or as follows:

None

§ 5.3 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the statutory interest rate set forth in Texas Government Code Sec. 2251.025.

ARTICLE 6 DISPUTE RESOLUTION

§ 6.1 Initial Decision Maker

Intentionally Omtted.

§ 6.2 Binding Dispute Resolution

Intentionally Omitted.

ARTICLE 7 TERMINATION OR SUSPENSION

§ 7.1 The Contract may be terminated by the Owner or the Contractor as provided in Article 14 of AIA Document A201–2017.

§ 7.1.1 If the Contract is terminated for the Owner's convenience in accordance with Article 14 of AIA Document A201–2017, then the Owner shall pay the Contractor a termination fee as follows:
(Insert the amount of, or method for determining, the fee, if any, payable to the Contractor following a termination for the Owner's convenience.)

§ 7.2 The Work may be suspended by the Owner as provided in Article 14 of AIA Document A201–2017.

ARTICLE 8 MISCELLANEOUS PROVISIONS

§ 8.1 Where reference is made in this Agreement to a provision of AIA Document A201–2017 or another Contract Document, the reference refers to that provision as amended or supplemented by other provisions of the Contract Documents.

§ 8.2 The Owner's representative:
(Name, address, email address, and other information)

Tarrant County Facilities Management
200 Taylor Street, Suite 344
Fort Worth, TX 76196

§ 8.3 The Contractor's representative:
(Name, address, email address, and other information)

Raymon Isaiah
Ray@WilliamsElectricHVAC.com
Craftlink LLC
dba Williams Electric & HVAC
1272 E. Highway 199
Springtown, TX 76082

§ 8.4 Neither the Owner's nor the Contractor's representative shall be changed without ten days' prior notice to the other party.

§ 8.5 Insurance and Bonds

§ 8.5.1 The Contractor shall purchase and maintain insurance as set forth in AIA Document A101™–2017, Standard Form of Agreement Between Owner and Contractor where the basis of payment is a Stipulated Sum, Exhibit A, Insurance and Bonds, and elsewhere in the Contract Documents.

§ 8.5.2 The Contractor shall provide bonds as set forth in AIA Document A101™–2017 Exhibit A, and elsewhere in the Contract Documents.

§ 8.6 Notice in electronic format, pursuant to Article 1 of AIA Document A201–2017, may be given in accordance with a building information modeling exhibit, if completed, or as otherwise set forth below:
(If other than in accordance with a building information modeling exhibit, insert requirements for delivering notice in electronic format such as name, title, and email address of the recipient and whether and how the system will be required to generate a read receipt for the transmission.)

Not Applicable

§ 8.7 Other provisions:

Not Applicable

ARTICLE 9 ENUMERATION OF CONTRACT DOCUMENTS

§ 9.1 This Agreement is comprised of the following documents:

.1 AIA Document A101™–2017, Standard Form of Agreement Between Owner and Contractor
.2 AIA Document A101™–2017, Exhibit A, Insurance and Bonds
.3 AIA Document A201™–2017, General Conditions of the Contract for Construction
.4 ~~Building information modeling exhibit, dated as indicated below:~~

OWNER'S REPRESENTATIVE:
(Architect, Engineer or Other Party)

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner to pay for labor, materials and equipment furnished for use in the performance of the Construction Contract, which is incorporated herein by reference, subject to the following terms.

§ 2 If the Contractor promptly makes payment of all sums due to Claimants, and defends, indemnifies and holds harmless the Owner from claims, demands, liens or suits by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract, then the Surety and the Contractor shall have no obligation under this Bond.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation to the Owner under this Bond shall arise after the Owner has promptly notified the Contractor and the Surety (at the address described in Section 13) of claims, demands, liens or suits against the Owner or the Owner's property by any person or entity seeking payment for labor, materials or equipment furnished for use in the performance of the Construction Contract and tendered
defense of such claims, demands, liens or suits to the Contractor and the Surety.

§ 4 When the Owner has satisfied the conditions in Section 3, the Surety shall promptly and at the Surety's expense defend, indemnify and hold harmless the Owner against a duly tendered claim, demand, lien or suit.

§ 5 The Surety's obligations to a Claimant under this Bond shall arise after the following:

§ 5.1 Claimants, who do not have a direct contract with the Contractor,

.1 have furnished a written notice of non-payment to the Contractor, stating with substantial accuracy the amount claimed and the name of the party to whom the materials were, or equipment was, furnished or supplied or for whom the labor was done or performed, within ninety (90) days after having last performed labor or last furnished materials or equipment included in the Claim; and

.2 have sent a Claim to the Surety (at the address described in Section 13).

§ 5.2 Claimants, who are employed by or have a direct contract with the Contractor, have sent a Claim to the Surety (at the address described in Section 13).

§ 6 If a notice of non-payment required by Section 5.1.1 is given by the Owner to the Contractor, that is sufficient to satisfy a Claimant's obligation to furnish a written notice of non-payment under Section 5.1.1.

§ 7 When a Claimant has satisfied the conditions of Sections 5.1 or 5.2, whichever is applicable, the Surety shall promptly and at the Surety's expense take the following actions:

§ 7.1 Send an answer to the Claimant, with a copy to the Owner, within sixty (60) days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed; and

§ 7.2 Pay or arrange for payment of any undisputed amounts.

§ 7.3 The Surety's failure to discharge its obligations under Section 7.1 or Section 7.2 shall not be deemed to constitute a waiver of defenses the Surety or Contractor may have or acquire as to a Claim, except as to undisputed amounts for which the Surety and Claimant have reached agreement. If, however, the Surety fails to discharge its obligations under Section 7.1 or Section 7.2, the Surety shall indemnify the Claimant for the reasonable attorney's fees the Claimant incurs thereafter to recover any sums found to be due and owing to the Claimant.

§ 8 The Surety's total obligation shall not exceed the amount of this Bond, plus the amount of reasonable attorney's fees provided under Section 7.3, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.

§ 9 Amounts owed by the Owner to the Contractor under the Construction Contract shall be used for the performance of the Construction Contract and to satisfy claims, if any, under any construction performance bond. By the Contractor furnishing and the Owner accepting this Bond, they agree that all funds earned by the Contractor in the performance of the Construction Contract are dedicated to satisfy obligations of the Contractor and Surety under this Bond, subject to the Owner's priority to use the funds for the completion of the work.

§ 10 The Surety shall not be liable to the Owner, Claimants or others for obligations of the Contractor that are unrelated to the Construction Contract. The Owner shall not be liable for the payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligation to make payments to, or give notice on behalf of, Claimants or otherwise have any obligations to Claimants under this Bond.

§ 11 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 12 No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the state in which the project that is the subject of the Construction Contract is located or after the expiration of one year from the date (1) on which the Claimant sent a Claim to the Surety pursuant to Section 5.1.2 or 5.2, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 13 Notice and Claims to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears. Actual receipt of notice or Claims, however accomplished, shall be sufficient compliance as of the date received.

§ 14 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted herefrom and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 15 Upon request by any person or entity appearing to be a potential beneficiary of this Bond, the Contractor and Owner shall promptly furnish a copy of this Bond or shall permit a copy to be made.

§ 16 Definitions

§ 16.1 Claim. A written statement by the Claimant including at a minimum:

.1 the name of the Claimant;
.2 the name of the person for whom the labor was done, or materials or equipment furnished;
.3 a copy of the agreement or purchase order pursuant to which labor, materials or equipment was furnished for use in the performance of the Construction Contract;
.4 a brief description of the labor, materials or equipment furnished;
.5 the date on which the Claimant last performed labor or last furnished materials or equipment for use in the performance of the Construction Contract;
.6 the total amount earned by the Claimant for labor, materials or equipment furnished as of the date of the Claim;
.7 the total amount of previous payments received by the Claimant; and
.8 the total amount due and unpaid to the Claimant for labor, materials or equipment furnished as of the date of the Claim.

§ 16.2 Claimant. An individual or entity having a direct contract with the Contractor or with a subcontractor of the Contractor to furnish labor, materials or equipment for use in the performance of the Construction Contract. The term Claimant also includes any individual or entity that has rightfully asserted a claim under an applicable mechanic's lien or similar statute against the real property upon which the Project is located. The intent of this Bond shall be to include without limitation in the terms "labor, materials or equipment" that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Construction Contract, architectural and engineering services required for performance of the work of the Contractor and the Contractor's subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor. materials or equipment were furnished.

§ 16.3 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and all changes made to the agreement and the Contract Documents.

§ 16.4 Owner Default. Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 16.5 Contract Documents. All the documents that comprise the agreement between the Owner and Contractor.

§ 17 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 18 Modifications to this bond are as follows:

OWNER'S REPRESENTATIVE:
(Architect, Engineer or Other Party)

§ 1 The Contractor and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the Owner for the performance of the Construction Contract, which is incorporated herein by reference.

§ 2 If the Contractor performs the Construction Contract, the Surety and the Contractor shall have no obligation under this Bond, except when applicable to participate in a conference as provided in Section 3.

§ 3 If there is no Owner Default under the Construction Contract, the Surety's obligation under this Bond shall arise after

.1 the Owner first provides notice to the Contractor and the Surety that the Owner is considering declaring a Contractor Default. Such notice shall indicate whether the Owner is requesting a conference among the Owner, Contractor and Surety to discuss the Contractor's performance. If the Owner does not request a conference, the Surety may, within five (5) business days after receipt of the Owner's notice, request such a conference. If the Surety timely requests a conference, the Owner shall attend. Unless the Owner agrees otherwise, any conference requested under this Section 3.1 shall be held within ten (10) business days of the Surety's receipt of the Owner's notice. If the Owner, the Contractor and the Surety agree, the Contractor shall be allowed a reasonable time to perform the Construction Contract, but such an agreement shall not waive the Owner's right, if any, subsequently to declare a Contractor Default;

.2 the Owner declares a Contractor Default, terminates the Construction Contract and notifies the Surety; and

.3 the Owner has agreed to pay the Balance of the Contract Price in accordance with the terms of the Construction Contract to the Surety or to a contractor selected to perform the Construction Contract:

§ 4 Failure on the part of the Owner to comply with the notice requirement in Section 3.1 shall not constitute a failure to comply with a condition precedent to the Surety's obligations, or release the Surety from its obligations, except to the extent the Surety demonstrates actual prejudice.

§ 5 When the Owner has satisfied the conditions of Section 3, the Surety shall promptly and at the Surety's expense take one of the following actions:

§ 5.1 Arrange for the Contractor, with the consent of the Owner, to perform and complete the Construction Contract;

§ 5.2 Undertake to perform and complete the Construction Contract itself, through its agents or independent contractors;

§ 5.3 Obtain bids or negotiated proposals from qualified contractors acceptable to the Owner for a contract for performance and completion of the Construction Contract, arrange for a contract to be prepared for execution by the Owner and a contractor selected with the Owner's concurrence, to be secured with performance and payment bonds executed by a qualified surety equivalent to the bonds issued on the Construction Contract, and pay to the Owner the amount of damages as described in Section 7 in excess of the Balance of the Contract Price incurred by the Owner as a result of the Contractor Default; or

§ 5.4 Waive its right to perform and complete, arrange for completion, or obtain a new contractor and with reasonable promptness under the circumstances:

.1 After investigation, determine the amount for which it may be liable to the Owner and, as soon as practicable after the amount is determined, make payment to the Owner; or

.2 Deny liability in whole or in part and notify the Owner, citing the reasons for denial.

§ 6 If the Surety does not proceed as provided in Section 5 with reasonable promptness, the Surety shall be deemed to be in default on this Bond seven days after receipt of an additional written notice from the Owner to the Surety demanding that the Surety perform its obligations under this Bond, and the Owner shall be entitled to enforce any remedy available to the Owner. If the Surety proceeds as provided in Section 5.4, and the Owner refuses the payment or the Surety has denied liability, in whole or in part, without further notice the Owner shall be entitled to enforce any remedy available to the Owner.

§ 7 If the Surety elects to act under Section 5.1, 5.2 or 5.3, then the responsibilities of the Surety to the Owner shall not be greater than those of the Contractor under the Construction Contract, and the responsibilities of the Owner to the Surety shall not be greater than those of the Owner under the Construction Contract. Subject to the commitment by the Owner to pay the Balance of the Contract Price, the Surety is obligated, without duplication, for

.1 the responsibilities of the Contractor for correction of defective work and completion of the Construction Contract;

.2 additional legal, design professional and delay costs resulting from the Contractor's Default, and resulting from the actions or failure to act of the Surety under Section 5; and

.3 liquidated damages, or if no liquidated damages are specified in the Construction Contract, actual damages caused by delayed performance or non-performance of the Contractor.

§ 8 If the Surety elects to act under Section 5.1, 5.3 or 5.4, the Surety's liability is limited to the amount of this Bond.

§ 9 The Surety shall not be liable to the Owner or others for obligations of the Contractor that are unrelated to the Construction Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the Owner or its heirs, executors, administrators, successors and assigns.

§ 10 The Surety hereby waives notice of any change, including changes of time, to the Construction Contract or to related subcontracts, purchase orders and other obligations.

§ 11 Any proceeding, legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the location in which the work or part of the work is located and shall be instituted within two years after a declaration of Contractor Default or within two years after the Contractor ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this Paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.

§ 12 Notice to the Surety, the Owner or the Contractor shall be mailed or delivered to the address shown on the page on which their signature appears.

§ 13 When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the construction was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. When so furnished, the intent is that this Bond shall be construed as a statutory bond and not as a common law bond.

§ 14 Definitions

§ 14.1 Balance of the Contract Price. The total amount payable by the Owner to the Contractor under the Construction Contract after all proper adjustments have been made, including allowance to the Contractor of any amounts received or to be received by the Owner in settlement of insurance or other claims for damages to which the Contractor is entitled, reduced by all valid and proper payments made to or on behalf of the Contractor under the Construction Contract.

§ 14.2 Construction Contract. The agreement between the Owner and Contractor identified on the cover page, including all Contract Documents and changes made to the agreement and the Contract Documents.

§ 14.3 Contractor Default. Failure of the Contractor, which has not been remedied or waived, to perform or otherwise to comply with a material term of the Construction Contract.

§ 14.4 Owner Default. Failure of the Owner, which has not been remedied or waived, to pay the Contractor as required under the Construction Contract or to perform and complete or comply with the other material terms of the Construction Contract.

§ 14.5 Contract Documents. All the documents that comprise the agreement between the Owner and Contractor.

§ 15 If this Bond is issued for an agreement between a Contractor and subcontractor, the term Contractor in this Bond shall be deemed to be Subcontractor and the term Owner shall be deemed to be Contractor.

§ 16 Modifications to this bond are as follows:

IMPORTANT NOTICE – THIS POWER OF ATTORNEY IS VOID IF "LNIC Original" WATERMARK IS NOT PRESENT

POWER OF ATTORNEY
Lexington National Insurance Corporation

Lexington National Insurance Corporation, a corporation duly organized under the laws of the State of Florida and having its principal administrative office in Baltimore County, Maryland, does hereby make, constitute and appoint:

Troy Russell Key, Colin Conly, Debra Lee Moon, Kimberly Rochelle Gonzalez, Ana Owens, Cory Kiper, Andrea Rose Crawford, Teresa Ayala, Emily Allison Mikeska, Allyson W. Dean, Elizabeth Ortiz, Faith Ann Hilty, Crystal Gail Langhorn, Sandra Lee Roney, Bailee Islas

as its true and lawful attorney-in-fact, each in their separate capacity, with full power and authority to execute, acknowledge, seal and deliver on its behalf as surety any bond or undertaking of $6,000,000 or less. This Power of Attorney is void if used for any bond over that amount.

This Power of Attorney is granted under and by authority of the following resolutions adopted by the Board of Directors of the Company on February 15, 2018:

Be it Resolved, that the Chief Executive Officer, President or any Vice-President shall be and is hereby vested with full power and authority to appoint suitable persons as Attorney-in-Fact to represent and act for and on behalf of the Company subject to the following provisions:

Attorney-in-Fact may be given full power and authority for and in the name of and on the behalf of the Company, to execute, acknowledge and deliver any and all bonds, policies, contracts, Consents of Surety, undertakings, indemnity and other conditional or obligatory undertakings, including any and all consents for the release of retained percentages and/or final estimates on engineering and construction contracts, and any all notices and documents cancelling or terminating the Company's liability thereunder and also such instruments and documents which the business of the Company may require, and such instruments and documents so executed by such Attorney-in-Fact shall be binding upon the Company as if signed by the Chief Executive Officer and sealed by the Corporate Secretary.

RESOLVED further, that the signature and attestations of the Chief Executive Officer, President or any Vice-President of the Company may be affixed to any such Power of Attorney or to any certificate relating to the Power of Attorney by electronic means or by facsimile, and the seal of the Company may be embossed, stamped, affixed electronically or by facsimile to any such Power of Attorney. Any such power so executed and sealed shall be valid and binding on the Company.

IN WITNESS WHEREOF, the Company have caused this instrument to be signed and their corporate seal to be hereto affixed.

LEXINGTON NATIONAL INSURANCE CORP. INCORPORATED 1989 FLORIDA

Ronald A. Frank, Chief Executive Officer

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 4
Department: Purchasing	**Prepared By:** Mikaylah Darby	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026087 - Purchase of Steel Drum Padfoot Roller - Precinct 4 - Holt Texas, LTD. DBA Holt Cat - Per Unit Price

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026087, Purchase of Steel Drum Padfoot Roller, for Precinct 4, to Holt Texas, LTD. DBA Holt Cat at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand three hundred seventy-six (1,376) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on April 15, 2026 and was attended by three (3) vendors as well as representatives from Precinct 4 and Purchasing. Three (3) bids and thirteen (13) no-bids were received.

The response submitted by RB Everett & Co. Deemed failed to meet minimum drum roller rim thickness specification of 0.75 inches (RB Everett & Co. response was 0.59 inches).

The low bid received from Holt Texas, LTD. DBA Holt Cat meets all specifications and is acceptable to Precinct 4.

The purpose of this equipment is to compact and knead soil in preparation of laying materials for road construction.

Therefore, it is the joint recommendation of Precinct 4 and Purchasing that Bid No. F2026087 Purchase of Steel Drum Padfoot Roller, be awarded to Holt Texas, LTD. DBA Holt Cat at the per unit price.

FISCAL IMPACT

Funding in the amount of $196,140.00 is available in account 45100-2026 Non-Debt Capital/6410300000 Precinct 4 Maintenance/540000 Capital G/L Account.

SUBJECT:

Bid No. F2026088 - Purchase of Rubber Tire Skid Steer Loader - Precinct 4 - Holt Texas LTD, DBA Holt Cat - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026088, Purchase of Rubber Tire Skid Steer Loader, for Precinct 4, to Holt Texas LTD, DBA Holt Cat, at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, The Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Five hundred ninety-three (593) vendors were contacted and requested to participate in the bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by the interested bidders. A pre-bid conference held on April 7, 2026 was attended by one (1) vendor as well as representatives from Precinct 4 and Purchasing. Four (4) bids and five (5) no-bids were received.

The bid received from RDO Equipment did not meet specifications for exceeding the maximum gross engine power requirement of 74 horsepower (RDO’s response had 98 horsepower). The bid received from ASCO Equipment did not meet specifications for failing to meeting the minimum operating weight requirements of 8,500 pounds (ASCO’s response had 8,000 pounds) and failing to meet the minimum tipping load requirements of 6,000 pounds (ASCO’s response had 5,600 pounds).

The low bid received from Holt Texas LTD, DBA Holt Cat meets all specifications and is acceptable to Precinct 4.

The purpose of this is for the purchase of equipment used for digging, grading, lifting, and moving materials on soft, wet, or loose soil.

Therefore, it is the joint recommendation of Precinct 4 and Purchasing that Bid No. F2026088, Purchase of Rubber Tire Skid Steer Loader, be awarded to Holt Texas LTD, DBA Holt Cat at the per unit price.

FISCAL IMPACT

Funding in the amount of $166,806.00 is available in account 45100-2026 Non-Debt Capital Fund/6410300000 Precinct 4 Maintenance/540000 Capital.

Bid No. F2026090 - Purchase of Track Loader - Precinct 4 - Holt Texas LTD. DBA Holt Cat - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026090, Purchase of Track Loader, for Precinct 4, to Holt Texas LTD, DBA Holt Cat at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Four hundred and sixty-eight (468) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on April 28, 2026 was attended by two (2) vendors as well as representatives from Precinct 4 and Purchasing. Two (2) bids and three (3) no-bids were received.

The low bid received from Holt Texas LTD. DBA Holt Cat meets all specifications and is acceptable to Precinct 4.

Track loaders are used to assist with moving materials, clearing debris, loading trucks, and setting grade within construction zones and sites.

Therefore, it is the joint recommendation of Precinct 4 and Purchasing that Bid No. F2026090, Purchase of Track Loader, be awarded to Holt Texas LTD. DBA Holt Cat at the per unit price.

FISCAL IMPACT

Funding in the amount of $400,072.00 is available in account 45100-2026 Non-Debt Capital/6410300000 Precinct 4 Maintenance/540000 Capital Outlay.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 4
Department: Purchasing	**Prepared By:** Niki Jones	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026092 - Purchase of Self-Propelled Road Widener - Precinct 4 - Holt Texas LTD, DBA Holt CAT - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026092, Purchase of Self-Propelled Road Widener, for Precinct 4, to Holt Texas LTD, DBA Holt Cat at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand one hundred thirty-seven (1,137) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. No vendors attended the pre-bid conference held on April 23, 2026. Three (3) bids and seven (7) no-bids were received.

The low bid received from Holt Texas LTD, DBA Holt Cat meets all specifications and is acceptable to Precinct 4.

The purpose of this is for the purchase of equipment used to add width to existing roads or place material along road edges without needing a full-size paver.

Therefore, it is the joint recommendation of Precinct 4 and Purchasing that Bid No. F2026092, Purchase of Self-Propelled Road Widener, be awarded to Holt Texas LTD, DBA Holt Cat at the per unit price.

FISCAL IMPACT

Funding in the amount of $177,839.00 is available in account 45100-2026 Non-Debt Capital/6410300000 Precinct 4 Maintenance/540000 Capital.

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 4
Department: Purchasing	**Prepared By:** Niki Jones	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026093 - Purchase of Asphalt Crack Sealer Machine - Precinct 2 - Crafco, Inc. - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026093, Purchase of Asphalt Crack Sealer Machine, for Precinct 2, at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Eight hundred eighty-six (886) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. No vendors attended the pre-bid conference held on April 21, 2026. Four (4) bids and five (5) no-bids were received.

The bid received from Southern Equipment Group, LLC did not meet specifications because the offered product has an Crack Melter Filler (CMF) rating not 100 CMF, as required per bid specifications. The bid received from Gemseal/Sealmaster Fort Worth did not meet specifications because the offered product has one axle, not double-axle, as required per bid specifications. The bid received from R B Everett & Co. did not meet specifications because the offered product has an 80 CMF not 100 CMF and has 24 horsepower not 42 horsepower, as required per bid specifications.

The low bid received from Crafco, Inc. meets all specifications and is acceptable to Precinct 2.

The purpose of this piece of equipment is to melt and apply hot, rubberized asphalt sealant into cracks on roads, highways, parking lots, and bridges.

Therefore, it is the joint recommendation of Precinct 2 and Purchasing that Bid No. F2026093, Purchase of Asphalt Crack Sealer Machine, be awarded to Crafco, Inc. at the per unit price.

FISCAL IMPACT

Funding in the amount of $97,383.13 is available in account 45100-2026 Non-Debt Capital/6210300000 Precinct 2 Maintenance/540000 Capital.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 14
Department: Purchasing	**Prepared By:** Cathy Halliburton, CPPO, CPPB, NIGP-CPP, Sr. Contract Administrator	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026096 - Tarrant County Corrections Center Boiler Replacement - Facilities Management - Infinity Contractors International LTD

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026096, Tarrant County Corrections Center Boiler Replacement, for Facilities Management, to Infinity Contractors International LTD, approve contract, and authorize Purchasing to approve payment and performance bonds upon receipt.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. Eight hundred and twenty-one (821) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on April 22, 2026, was attended by twelve (12) vendors as well as representatives from Facilities Management and Purchasing. Three (3) bids and four (4) no-bids were received.

The low bid received from Infinity Contractors International LTD meets all specifications and is acceptable to Facilities Management.

The purpose of this contract is to replace the heat boilers at the Tarrant County Corrections Center. The existing building heat boilers are original to the Corrections Center and are at end of life.

Therefore, it is the joint recommendation of Facilities Management and Purchasing that Bid No. F2026096, Tarrant County Corrections Center Boiler Replacement, be awarded to Infinity Contractors International LTD.

The contract is attached for approval and signature. The District Attorney's Office reviewed this contract as to form.

FISCAL IMPACT

Funding in the amount of $942,252.00 is available in account 45400-2026 Capital Improvement/3110307000 Corrections Center/545000 Capital Outlay.

PASSED AND APPROVED on June 9, 2026.

COUNTY OF TARRANT
STATE OF TEXAS

By: Separate Electronic Signature Page
Tim O'Hare
County Judge

APPROVED AS TO FORM:

[X] Not later than fifty-six (56) calendar days from the date of commencement of the Work.

[ ] By the following date:

§ 3.3.2 Subject to adjustments of the Contract Time as provided in the Contract Documents, if portions of the Work are to be completed prior to Substantial Completion of the entire Work, the Contractor shall achieve Substantial Completion of such portions by the following dates:

Portion of Work	Substantial Completion Date

§ 3.3.3 If the Contractor fails to achieve Substantial Completion as provided in this Section 3.3, liquidated damages, if any, shall be assessed as set forth in Section 4.5.

ARTICLE 4 CONTRACT SUM

§ 4.1 The Owner shall pay the Contractor the Contract Sum in current funds for the Contractor's performance of the Contract. The Contract Sum shall be nine hundred forty-two thousand, two hundred fifty-two dollars ($ 942,252.00), subject to additions and deductions as provided in the Contract Documents.

§ 4.2 Alternates

§ 4.2.1 Alternates, if any, included in the Contract Sum:

Item	Price
Alternate #1 – new PVC Jackets	$54,927.00

§ 4.2.2 Subject to the conditions noted below, the following alternates may be accepted by the Owner following execution of this Agreement. Upon acceptance, the Owner shall issue a Modification to this Agreement.
(Insert below each alternate and the conditions that must be met for the Owner to accept the alternate.)

Item	Price	Conditions for Acceptance

§ 4.3 Allowances, if any, included in the Contract Sum:
(Identify each allowance.)

Item	Price

§ 4.4 Unit prices, if any:
(Identify the item and state the unit price and quantity limitations, if any, to which the unit price will be applicable.)

Item	Units and Limitations	Price per Unit ($0.00)

§ 4.5 Liquidated damages, if any:
(Insert terms and conditions for liquidated damages, if any.)

§ 4.6 Other:
(Insert provisions for bonus or other incentives, if any, that might result in a change to the Contract Sum.)

ARTICLE 5 PAYMENTS

§ 5.1 Progress Payments

§ 5.1.1 Based upon Applications for Payment submitted to the Architect by the Contractor and Certificates for Payment issued by the Architect, the Owner shall make progress payments on account of the Contract Sum to the Contractor in accordance with Chapter 2251 of the Texas Government Code, as well as provided below and elsewhere in the Contract Documents.

§ 5.1.2 The period covered by each Application for Payment shall be one calendar month ending on the last day of the month, or as follows:

§ 5.1.3 Provided that an Application for Payment is received by the Architect not later than the last day of a month, the Owner shall make payment of the amount certified to the Contractor not later than the last day of the following month. If an Application for Payment is received by the Architect after the application date fixed above, payment of the amount certified shall be made by the Owner not later than thirty (30) days after the Architect receives the Application for Payment.
(Federal, state or local laws may require payment within a certain period of time.)

§ 5.1.4 Each Application for Payment shall be based on the most recent schedule of values submitted by the Contractor in accordance with the Contract Documents. The schedule of values shall allocate the entire Contract Sum among the various portions of the Work. The schedule of values shall be prepared in such form, and supported by such data to substantiate its accuracy, as the Architect may require. This schedule of values shall be used as a basis for reviewing the Contractor's Applications for Payment.

§ 5.1.5 Applications for Payment shall show the percentage of completion of each portion of the Work as of the end of the period covered by the Application for Payment.

§ 5.1.6 In accordance with AIA Document A201™–2017, General Conditions of the Contract for Construction, and subject to other provisions of the Contract Documents, the amount of each progress payment shall be computed as follows:

§ 5.1.6.1 The amount of each progress payment shall first include:

.1 That portion of the Contract Sum properly allocable to completed Work;

.2 That portion of the Contract Sum properly allocable to materials and equipment delivered and suitably stored at the site for subsequent incorporation in the completed construction, or, if approved in advance by the Owner, suitably stored off the site at a location agreed upon in writing; and

.3 That portion of Construction Change Directives that the Architect determines, in the Architect's professional judgment, to be reasonably justified.

§ 5.1.6.2 The amount of each progress payment shall then be reduced by:

.1 The aggregate of any amounts previously paid by the Owner;

.2 The amount, if any, for Work that remains uncorrected and for which the Architect has previously withheld a Certificate for Payment as provided in Article 9 of AIA Document A201–2017;

.3 Any amount for which the Contractor does not intend to pay a Subcontractor or material supplier, unless the Work has been performed by others the Contractor intends to pay;

.4 For Work performed or defects discovered since the last payment application, any amount for which the Architect may withhold payment, or nullify a Certificate of Payment in whole or in part, as provided in Article 9 of AIA Document A201–2017; and

.5 Retainage withheld pursuant to Section 5.1.7.

§ 5.1.7 Retainage

§ 5.1.7.1 For each progress payment made prior to Substantial Completion of the Work, the Owner may withhold the following amount, as retainage, from the payment otherwise due:
(Insert a percentage or amount to be withheld as retainage from each Application for Payment. The amount of retainage may be limited by governing law.)

§ 5.1.7.1.1 The following items are not subject to retainage:
(Insert any items not subject to the withholding of retainage, such as general conditions, insurance, etc.)

Not Applicable

§ 5.1.7.2 Reduction or limitation of retainage, if any, shall be as follows:
(If the retainage established in Section 5.1.7.1 is to be modified prior to Substantial Completion of the entire Work, including modifications for Substantial Completion of portions of the Work as provided in Section 3.3.2, insert provisions for such modifications.)

Not Applicable

§ 5.1.7.3 Except as set forth in this Section 5.1.7.3, upon Substantial Completion of the Work, the Contractor may submit an Application for Payment that includes the retainage withheld from prior Applications for Payment pursuant to this Section 5.1.7. The Application for Payment submitted at Substantial Completion shall not include retainage as follows:
(Insert any other conditions for release of retainage upon Substantial Completion.)

Not Applicable

§ 5.1.8 If final completion of the Work is materially delayed through no fault of the Contractor, the Owner shall pay the Contractor any additional amounts in accordance with Article 9 of AIA Document A201–2017.

§ 5.1.9 Except with the Owner's prior approval, the Contractor shall not make advance payments to suppliers for materials or equipment which have not been delivered and stored at the site.

§ 5.2 Final Payment

§ 5.2.1 Final payment, constituting the entire unpaid balance of the Contract Sum, shall be made by the Owner to the Contractor when

.1 the Contractor has fully performed the Contract except for the Contractor's responsibility to correct Work as provided in Article 12 of AIA Document A201–2017, and to satisfy other requirements, if any, which extend beyond final payment; and

.2 a final Certificate for Payment has been issued by the Architect.

§ 5.2.2 The Owner's final payment to the Contractor shall be made no later than 30 days after the issuance of the Architect's final Certificate for Payment, or as follows:

None

§ 5.3 Interest

Payments due and unpaid under the Contract shall bear interest from the date payment is due at the statutory interest rate set forth in Texas Government Code Sec. 2251.025.

ARTICLE 6 DISPUTE RESOLUTION

§ 6.1 Initial Decision Maker

Intentionally Omtted.

§ 6.2 Binding Dispute Resolution

Intentionally Omitted.

ARTICLE 7 TERMINATION OR SUSPENSION

§ 7.1 The Contract may be terminated by the Owner or the Contractor as provided in Article 14 of AIA Document A201–2017.

§ 7.1.1 If the Contract is terminated for the Owner's convenience in accordance with Article 14 of AIA Document A201–2017, then the Owner shall pay the Contractor a termination fee as follows:
(Insert the amount of, or method for determining, the fee, if any, payable to the Contractor following a termination for the Owner's convenience.)

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 4
Department: Purchasing	**Prepared By:** Cathy Halliburton, CPPO, CPPB, NIGP-CPP, Sr. Contract Administrator	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026099 - Annual Contract for Bullet Resistant Glass and Glazing - Facilities Management - Total Security Solutions, Inc. - Per Unit Price and Hourly Rates

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026099, Annual Contract for Bullet Resistant Glass and Glazing, for Facilities Management, to Total Security Solutions, Inc. at the per unit price and hourly rates.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand one hundred and sixteen (1,116) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on April 28, 2026, was attended by one (1) vendor as well as representatives from Facilities Management and Purchasing. One (1) bid and seven (7) no-bids were received.

The low bid received from Total Security Solutions, Inc. meets all specifications and is acceptable to Facilities Management.

The term of the contract is twelve (12) months, effective June 9, 2026.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew on June 9, 2027, and June 9, 2028, hereafter for two (2) twelve (12) month periods ending on June 8, 2029, unless sooner terminated by either party as provided herein.

This contract is for the purchase and installation of bullet resistant glass and glazing for various locations needing hardened security including Constables Offices, Buildings Housing Courts, and other public interface locations.

Therefore, it is the joint recommendation of Facilities Management and Purchasing that Bid No. F2026099, Annual Contract for Bullet Resistant Glass and Glazing, be awarded to Total Security Solutions, Inc. at the per unit price and hourly rates.

FISCAL IMPACT

The costs associated with this action are unknown at this time. This action simply sets the price. The department has included funding in the FY 2027 budget request.

Tarrant County Facilities Management
Interoffice Memo

To: Cathy Halliburton – Senior Contract Administrator,
Tarrant County Purchasing

From: Jon Hendrickson – Assistant Director – Construction Services

Date: May 18, 2026

RE: Recommendation to Contract – F2026099

After careful consideration, having had opportunity to review the proposal received for the Tarrant County Annual Contract for Bullet Resistant Glass and, Tarrant County Facilities Management recommends awarding the vendor contract to Total Security Solutions.

This proposal process included a thorough evaluation of qualifications including cost, materials, company portfolio, and applicable experience in evaluation. Facilities Management recommends finalizing the contract with Total Security Solutions for the best interest of Tarrant County.

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 4
Department: Purchasing	**Prepared By:** Kehinde Olugbile	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026101 - Annual Contract for SolarWinds Database Analyzer - Information Technology - New Tech Solutions, Inc. - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026101, Annual Contract for SolarWinds Database Analyzer, for Information Technology, to New Tech Solutions, Inc. at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand one hundred forty-seven (1,147) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. No vendors attended the pre-bid conference held on April 21, 2026. Four (4) bids and five (5) no-bids were received.

The low bid received from New Tech Solutions, Inc. meets all specifications and is acceptable to Information Technology.

The term of the contract is twelve (12) months, effective July 1, 2026.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew July 1, 2027 and July 1, 2028, hereafter for two (2) twelve (12) month periods ending on June 30, 2029 unless sooner terminated by either party as provided herein.

This purchase is for the continuation of existing software that enables the Information Technology (IT) Department to improve database reliability by identifying and fixing issues early, reduces downtime, supports audit compliance, and helps IT staff work more efficiently. By reducing system delays and improving efficiency, this tool will save time, reduce costs, and support the County's growing technology needs.

Therefore, it is the joint recommendation of Information Technology and Purchasing that Bid No. F2026101, Annual Contract for SolarWinds Database Analyzer, be awarded to New Tech Solutions, Inc. at the per unit price

FISCAL IMPACT

Expenses for the last twelve (12) months were $58,378.00. Funding in the amount of $79,360.00 is available in account 10000-2026 General Fund/1810201000 IT Network Operation/Communications/578025 Software Maintenance. Annual subscription fees of $87,295.00 for Year 2 and $96,025.00 for Year 3 will be requested in future budgets.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 7
Department: Purchasing	**Prepared By:** Kehinde Olugbile	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026102 - Annual Contract for SAP Cloud Platform Software and Licensing - Information Technology - Carahsoft Technology Corp. - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026102, Annual Contract for SAP Cloud Platform Software and Licensing, for Information Technology, to Carahsoft Technology Corp. at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand one hundred forty-seven (1,147) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on April 21, 2026 was attended by three (3) vendors as well as representatives from Purchasing. Three (3) bids and seven (7) no-bids were received.

The low bid received from Carahsoft Technology Corp. meets all specifications and is acceptable to Information Technology.

The term of the contract is twelve (12) months, effective July 1, 2026.

The purpose of this contract is for the continuation of existing SAP software and licenses that are used for high speed database processing, application development, and analytics reporting.

Therefore, it is the joint recommendation of Information Technology and Purchasing that Bid No. F2026102, Annual Contract for SAP Cloud Platform Software and Licensing, be awarded to Carahsoft Technology Corp. at the per unit price.

FISCAL IMPACT

Expenses for the last twelve (12) months were $168,368.52. Funding in the amount of $174,362.88 is available in account 10000-2026 General Fund/1810410000 Application Develop/ Support/578025 Software Maintenance.

Re: F2026102 – Annual Contract for SAP Cloud Platform Software and Licensing

Dear Ms. Olugbile:

After evaluation of the information provided in the responses, Tarrant County Information Technology Department recommends award of Bid F2026102 to Carahsoft Technology Corp.

Very sincerely,

Michael Webb (05/12/2026 11:18:47 CDT)

Mike Webb
Deputy CIO Enterprise Applications

TAKINGS IMPACT ASSESSMENT CHECKLIST

Complete this form for any county action that involves the adoption of a regulation, policy, guideline, court resolution, or order.

Project/Regulation Name: Bid No. F2026102 - Annual Contract for SAP Cloud Platform Software and Licensing - Carahsoft Technology Corp. - Per Unit Price

County Department: PURCHASING

Contact Person: Melissa Lee, C.P.M., A.P.P.

Phone Number for Contact Person: (817) 884-3245

Type of TIA Performed: (SHORT TIA) or FULL TIA. Circle one after answering the questions in Sections II and III below.

****

I. Stated Purpose

Attach to this checklist an explanation of the purpose of the regulation, policy, guideline, court resolution or order.

****

Note: The remainder of this Takings Impact Assessment Checklist should be completed in consultation with the Criminal District Attorney's Office.

II. Potential Effect on Private Real Property

1. Does the county action require a physical invasion, occupation or dedication of real property?

   Yes _____ No √

2. Does the county action limit or restrict a real property right, even partially or temporarily?

   Yes _____ No √

If you answered yes to either question, go to Section III. If you answered no to both, STOP HERE and circle SHORT TIA at the top of the form.

****

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 8
Department: Purchasing	**Prepared By:** Kehinde Olugbile	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026103 - Annual Contract for Appian Cloud Hosting and Licenses - Information Technology - Software Information Resource Corp - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026103, Annual Contract for Appian Cloud Hosting and Licenses, for Information Technology, to Software Information Resource Corp at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand one hundred forty-seven (1,147) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. No vendors attended the pre-bid conference held on April 21, 2026. Ten (10) bids and six (6) no-bids were received.

The low bid received from Software Information Resource Corp meets all specifications and is acceptable to Information Technology.

The term of the contract is twelve (12) months, effective August 1, 2026.

The purpose of this software is for continued use of the Appian Licenses, Cloud Hosting, Support and Maintenance. Appian is a low code cloud hosted platform for the management and optimization of business processes. This software will leverage the cloud to increase scalability and reduce server resources in the data center.

Therefore, it is the joint recommendation of Information Technology and Purchasing that Bid No. F2026103, Annual Contract for Appian Cloud Hosting and Licenses, be awarded to Software Information Resource Corp at the per unit price.

FISCAL IMPACT

Expenses for the last twelve (12) months were $367,034.40. Funding in the amount of $460,337.76 is available in account 10000-2026 General Fund/1810410000 Application Develop/Support /578025 Software Maintenance and Licenses. Funding for the FY 2027 portion of the contract has been requested in the FY 2027 budget.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 6
Department: Purchasing	**Prepared By:** Elizabeth Callarman	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026104 - Purchase of Cutter, Creaser, Folding Unit and Annual Maintenance - Facilities Management - Ubeo Business Solutions - Per Unit Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court award Bid No. F2026104, Purchase of Cutter, Creaser, Folding Unit and Annual Maintenance, for Facilities Management, to Ubeo Business Solutions at the per unit price.

BACKGROUND

Notice of the County's intent to bid was advertised in a local newspaper, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand three hundred and sixty-two (1,362) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on May 4, 2026 was attended by one (1) vendor as well as representatives from Facilities Management and Purchasing. Five (5) bids and eight (8) no-bids were received.

The bid submitted by Toshiba Business Solutions failed to meet the required specifications, as quoted equipment did not include the required folding unit. The bid submitted by Dream Ranch Supply & Procurement Group was deemed non-responsive due to the absence of the required manufacturer's model and item number.

The low bid received from Ubeo Business Solutions meets all specifications and is acceptable to Facilities Management.

The term of the contract is twelve (12) months, effective June 10, 2026.

Subject to continued funding by the Commissioners Court, this agreement shall automatically renew June 10, 2027, hereafter for one (1) twelve (12) month period ending on June 10, 2028, unless sooner terminated by either party as provided herein.

The purpose of this purchase is to replace the Baum Ultrafold floor-model folder 714XE, which was acquired in 1997 and has reached the end of its service life after 27 years of continuous operation. Approximately, one-third of the department's jobs require folding, creasing, cutting or perforating, and the current machine's reduced reliability has created operational inefficiencies. The replacement folding system will restore dependable functionality, improve accuracy and processing speed, and ensure continued support for the department's workload.

Therefore, it is the joint recommendation of Facilities Management and Purchasing that Bid No. F2026104, Purchase of Cutter, Creaser, Folding Unit and Annual Maintenance, be awarded to Ubeo Business Solutions, at the per unit price.

FISCAL IMPACT

Funding in the amount of $91,588.00 is available in account 45100-2026 Non-Debt Capital/1860300000 Facilities Graphics/540000 Capital Outlay. Year Two funding will be requested in future budgets.

TARRANT COUNTY
DEPARTMENT OF FACILITIES MANAGEMENT

To: Elizabeth Callarman

From: Robert Carter Jr., Assistant Director of Support Services

Date: 05/21/2026

RE: F2026104 - Purchase of Cutter, Creaser, Folding Unit and Annual Maintenance

Tarrant County Facilities Management recommends accepting the bid from Ubeo Business Solutions for the purchase of the Duplo DC-618 Cutter, Creaser, and Folding Unit to be located in the Graphics and Printing facility.

A review of the bid package was conducted to verify the scope of product and maintenance services. We have determined that the bid from Ubeo Business Solutions meets the listed requirements.

It is in our determination that it is in the best interest of Tarrant County to accept the bid from Ubeo Business Solutions and that they will meet our expectations.

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 1
Department: Purchasing	**Prepared By:** Emily Salter, CPPB	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Consideration of Contract for SAP License Upgrade to S4 HANA - Information Technology - SAP America, Inc.

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider a contract for SAP License Upgrade to S4 HANA, for Information Technology, with SAP America, Inc. and approve contract.

BACKGROUND

This contract is to upgrade our current, older R3 SAP Enterprise Resource Planning (ERP) system to S4 HANA. Mainstream support for R3 will end on December 31, 2027. This upgrade will provide improved interface and user experience, provide operational savings, and mitigate risks and costs of a deprecated platform.

Contract is on file with Purchasing. Vendor has asserted contract contents are proprietary and confidential, but a copy will be distributed for Court member inspection and review.

The District Attorney's Office reviewed the contract as to form.

FISCAL IMPACT

Funding in the amount of $2,194,561.25 is available in account 45400-2026 Capital Improvement Fund/1810110000 Information Technology/540000 Capital. Additional annual amounts will be requested in the following future budgets:

FY27	$2,289,826.20
FY28	$2,289,826.20
FY29	$2,434,931.37
FY30	$2,434,931.37

PASSED AND APPROVED on June 9, 2026.

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 33
Department: Purchasing	**Prepared By:** Kehinde Olugbile	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Consideration of Cooperative for Euna Budget Solutions - Sourcewell Contract #060624-GTH - Budget and Risk Management - Euna Solutions, Inc. - Per Discount from List Price

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider use of cooperative for Euna Budget Pro Software, utilizing Sourcewell Contract #060624-GTH, for Budget and Risk Management, with Euna Solutions, Inc. at the per discount from list price.

BACKGROUND

Sourcewell vendor, Euna Solutions, Inc., was contacted and requested to submit pricing for Euna Budget Pro Software under Sourcewell Contract #060624-GTH.

The purpose of this contract is to implement a comprehensive budgeting system that will modernize how Tarrant County plans, manages, and reports its financial activities. The services will include system configuration, data migration, integration, training, and project management. Through this agreement, Tarrant County secures a fully configured, supported, and operational budgeting solution aligned with its organizational, financial, and transparency requirements.

Euna Solutions, Inc. offers the services through Sourcewell Contract #060624-GTH.

Sourcewell Contract #060624-GTH expires October 25, 2028.

Sourcewell's cooperative contracts program is open for state and local government in accordance with Texas Government Code Title 10, Subtitle B, Chapter 2054, Subchapter A, Section 2054.0565, Use of Contracts by Other Entities, "(a) The department may include terms in a procurement contract entered into by the department, including a contract entered into under Section 2157.068, that allow the contract to be used by another state agency, a political subdivision of this state, a governmental entity of another state, or an assistance organization as defined by Section 2175.001. (b) A political subdivision that purchases an item or service using a contract under this section satisfies any other law requiring the political subdivision to seek competitive bids for that item or service".

The contract is attached for approval and signature. The District Attorney's Office reviewed this contract as to form.

FISCAL IMPACT

Funding in the amount of $328,250.00 is available in account 45400-2026 Capital Improvement Fund/1810110000 Information Technology/540000 Capital. Future funding will be requested in the FY 2027 and FY 2028 budgets for annual subscription fees of $184,855.00 for Year 2 and $190,431.55 for Year 3 of the contract.

PASSED AND APPROVED on June 9, 2026.

Addendum to Sourcewell Contract_Euna Budget Pro Software - FINAL - SIGNED.pdf

Addendum to Sourcewell Contract #060624-GTH

THIS ADDENDUM (the "Addendum") is between Tarrant County, at Texas political subdivision ("Participating Entity") and **Euna Solutions, Inc.** ("Supplier") and is effective as of 6/9/26 ("Effective Date").

WHEREAS, Supplier is a party to the Contract dated November 26, 2024 between Sourcewell and Supplier known as Sourcewell Contract #060624-GTH (as amended from time to time, the "Sourcewell Contract"); and

WHEREAS, Participating Entity is purchasing Products (as defined in the Sourcewell Contract) from Supplier under such contract; and

WHEREAS, Supplier has provided Participating Entity with that certain Order Form attached hereto as **Exhibit A** (the "Order Form") for the Products; and

WHEREAS, Supplier has provided Participating Entity with that certain Statement of Work attached hereto as **Exhibit B** (the "Statement of Work") for the Products; and

WHEREAS, the parties agree that, except as set forth in this Addendum, the Sourcewell Contract is unaffected and shall continue in full force and effect in accordance with its terms;

NOW, THEREFORE, in consideration of the promises stated herein, and other good and valuable consideration the sufficiency and receipt of which is hereby acknowledged, the parties agree as follows:

1. Governing Terms. The Sourcewell Contract and this Addendum, and not any terms and conditions referenced in the Order Form or Statement of Work, shall govern this purchase.

2. Entire Agreement. This Addendum, together with the Order Form, Statement of Work, and the Sourcewell Contract (collectively, the "Agreement") contains the entire agreement between the parties relating to the subject matter herein and all prior proposals, discussions and writings by and among the parties and relating to the subject matter herein are superseded hereby and thereby. In the event of conflict between this Addendum and the Order Form/Statement of Work or Sourcewell Contract, and notwithstanding anything to the contrary stated or contained in any of the foregoing documents, the terms of this Addendum shall control.

3. Governing Law, Jurisdiction, and Venue. This Agreement shall be governed by and construed in accordance with the laws of the State of Texas, without regard to its laws relating to conflicts of law. Any legal action arising out of or relating to this Agreement shall be brought only in the state or federal courts located in Tarrant County, Texas, and the parties irrevocably consent to the jurisdiction of and venue in such courts with respect thereto.

4. Payment Terms. Participating Entity will make payment within thirty (30) days as required by Texas Government Code Section Sec. 2251.021(a). The Participating Entity shall pay Supplier interest on all overdue payments at the statutory interest rate set forth in Texas Government Code Sec. 2251.025. As required by Texas Government Code Sec. 2251.043, the Participating Entity shall reimburse Supplier for its reasonable attorney fees if Supplier is the prevailing party in a formal administrative or judicial action against the Participating Entity to collect an invoice payment or interest that is due.

5. Budgetary Limitations. Supplier acknowledges and agrees that Participating Entity is a governmental entity and, as such, is subject to an annual budgetary process and the limitation and restrictions of fiscal funding. Notwithstanding any other provision herein, if and to the extent the obligations of this Agreement, either in its initial term or in any automatically or otherwise renewed term, should continue over into the Participating Entity's subsequent fiscal years following that fiscal year when this Agreement was executed and funds are not appropriated or budgeted for this Agreement and completion of the term in question, the Participating Entity may terminate this Agreement without penalty and shall

have no further obligation or liabilities hereunder. However, if the Agreement is terminated pursuant to the terms above, Participating Entity agrees to pay for fees and charges incurred as of the termination date.

6. Tax Exemption. Pursuant to Texas Tax Code Sec. 151.310(2), Participating Entity is exempt from the assessment of state sales, use and excise taxes. Participating Entity shall provide evidence of tax-exempt status to Supplier upon request.

7. Texas Public Information Act. Participating Entity advises Supplier that Participating Entity is a governmental body under Chapter 552 of the Texas Government Code and that certain information that is collected, assembled, or maintained in connection with the transaction of official business by a governmental body is considered public information potentially subject to disclosure pursuant to a valid Texas Public Information Act ("TPIA") request. Supplier's confidential information, including trade secrets, certain financial information, and proprietary information may be subject to an exception to disclosure under Chapter 552 of the Texas Government Code, Subchapter C. If a TPIA request is made on Participating Entity to disclose Supplier information that may be subject to an exception from disclosure, Participating Entity will (i) promptly notify Supplier of such request for disclosure, and (ii) decline to release such information and file a written request with the Texas Attorney General's office seeking a determination as to whether such information may be withheld.

8. Chapters 2271, 2252, 2274, and 2276 Texas Government Code Verification.

(a) *Boycott of Israel Prohibited*. In compliance with Section 2271.001 et seq. of the Texas Government Code, Supplier verifies that neither it nor any of its affiliates currently boycott Israel and neither it nor any of its affiliates will boycott Israel during the term of this Agreement. "Boycott Israel" is defined in Section 808.001(1) of the Texas Government Code.

(b) *Scrutinized Business Operations Prohibited*. In compliance with Section 2252.151 et seq. of the Texas Government Code, Supplier warrants and represents that: (1) neither Supplier nor any of its affiliates engages in scrutinized business operations in Sudan; (2) neither Supplier nor any of its affiliates engages in scrutinized business operations in Iran; and (3) neither Supplier nor any of its affiliates engages in scrutinized business operations with designated foreign terrorist organizations. "Scrutinized business operations in Sudan" is defined in Section 2270.0052 of the Texas Government Code. "Scrutinized business operations in Iran" is defined in Section 2270.0102 of the Texas Government Code. "Scrutinized business operations with designated foreign terrorist organizations" is defined in Section 2270.0152 of the Texas Government Code. Supplier further represents and warrants that neither Supplier nor any of its affiliates appears on any of the Texas Comptroller's Scrutinized Companies Lists.

(c) *Discrimination against Firearm Entities or Firearm Trade Associations Prohibited*. In compliance with Section 2274.002 of the Texas Government Code, Supplier verifies that neither it nor any of its affiliates have a practice, policy, guidance, or directive that discriminates against a firearm entity or firearm trade association; and neither it nor any of its affiliates will discriminate during the term of the Agreement against a firearm entity or firearm trade association. "Discriminate against a firearm entity or firearm trade association" is defined in Section 2274.001(3).

(d) *Boycott of Certain Energy Companies Prohibited*. In compliance with Section 2276.002 of the Texas Government Code, Supplier verifies that neither it nor any of its affiliates currently boycott energy companies and neither it nor any of its affiliates will boycott energy companies during the term of the Agreement. "Boycott energy company" is defined in Section 809.001(1) of the Texas Government Code.

9. Indemnification. Notwithstanding any other provision in the Agreement, Participating Entity's obligation hereunder to indemnify and hold harmless Supplier is only to the extent permitted by the laws and Constitution of the State of Texas, and only to the extent the Texas Legislature waives Participating Entity's existing immunity. Nothing in this indemnification provision requires that the Participating Entity incur any debt, assess or collect funds, or create a sinking fund.

10. Breach Notification.

(a) For purposes of this Agreement, an "Information Security Incident" includes any event involving unauthorized access, use, disclosure, modification, destruction, loss, or compromise of data; any security breach; any material deviation from required security controls; or any other event reasonably believed to pose a security risk to Participating Entity information or systems.

(b) Supplier agrees that upon the discovery of any Information Security Incident resulting in unauthorized access to Participating Entity's data, Supplier shall notify Participating Entity both orally and in writing. In no event shall the notification be made more than forty-eight (48) hours after Supplier knows or reasonably suspect an Information Security Incident has or may have occurred. Supplier shall notify Participating Entity of any breaches related to third party vendors they use within forty-eight (48) hours, whether or not they believe themselves affected.

(c) Supplier's notification shall, to the extent known at the time, include:

i. A general description of the incident

ii. The date and time of detection

iii. The nature and scope of affected systems, data, or accounts

iv. The steps taken or planned to contain, investigate, and remediate the incident

(d) Supplier shall cooperate fully with Participating Entity in the investigation, containment, and remediation of any such incident, including providing timely updates and access to relevant records, personnel, and systems as reasonably required.

(e) Notification shall be directed to Participating Entity's designated Information Security Contact identified in this Agreement.

11. Sovereign Immunity. THIS AGREEMENT IS EXPRESSLY MADE SUBJECT TO PARTICIPATING ENTITY'S SOVEREIGN IMMUNITY, TITLE 5 OF THE TEXAS CIVIL PRACTICES AND REMEDIES CODE, AND ALL APPLICABLE FEDERAL AND STATE LAW. THE PARTIES EXPRESSLY AGREE THAT NO PROVISION OF THIS AGREEMENT IS IN ANY WAY INTENDED TO CONSTITUTE A WAIVER OF ANY IMMUNITIES FROM SUIT OR FROM LIABILITY THAT THE PARTICIPATING ENTITY HAS BY OPERATION OF LAW. NOTHING IN THIS AGREEMENT IS INTENDED TO BENEFIT ANY THIRD PARTY BENEFICIARY.

12. Compliance with Law. In providing the services required by this Agreement, Supplier must observe and comply with all applicable federal, state, and local statutes, ordinances, rules, and regulations, including, without limitation, workers' compensation laws, minimum and maximum salary and wage statutes and regulations, and non-discrimination laws and regulations. Supplier shall be responsible for ensuring its compliance with any laws and regulations applicable to its business, including maintaining any necessary licenses and permits.

13. Form 1295 Certificate of Interested Parties. Supplier acknowledges and agrees that it has fully, accurately, and completely disclosed all interested parties in the Form 1295 electronically filed with the Texas Ethics Commission, at https://www.ethics.state.tx.us/filinginfo/1295/, as required by law, and that the attached signed copy attached as Exhibit C is a full and true copy of said filed form.

14. Execution of Agreement. This Agreement may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Agreement, and all of which, when taken together, shall be deemed to constitute one and the same agreement. The exchange of copies of this Agreement and of signature pages by electronic transmission shall constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes. Signatures of the parties transmitted or executed electronically shall be deemed to be their original signatures for any purpose whatsoever.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the duly authorized representatives of the parties hereto have executed this Addendum effective as of the date indicated above.

ORDER NOTES

Fees By Year:

- Year 1 – $328,250.00
- Year 2 – $184,855.00
- Year 3 – $190,431.55
- Total Contract Value – $703,566.55

Terms of Payment:

- Annual Subscriptions
  - Annual subscription begins on acceptance date
  - Due 100% upon Order Form Acceptance Date (Net 30) and annually in advance for future years
- One-Time Services
  - 25% invoiced upon Tarrant County written acceptance that software installation is complete
  - 25% invoiced upon Tarrant County written acceptance that historical Operating budget is available for validation
  - 25% invoiced upon Tarrant County written acceptance that Operating actuals import integration configuration created and tested
  - 20% invoiced upon Tarrant County written acceptance that training the trainer is complete
  - 5% invoiced upon Tarrant County written acceptance on Go Live

Note: Estimated services for integrating with upgraded SAP Financials/HR systems in the future is $41,850.00

Estimate is contingent on the County continuing to use existing Chart of Account Structure

- Operating – Budget Export, Amended Budget Export, Actuals Import
- Personnel – HR Data Sync, Payroll Actuals Import
- Capital – Budget Export, Amended Budget Export, Actuals Import

Note: $5,100 per onsite PM or Training visit as needed (maximum 1-3 consecutive days)

EXHIBIT B
Statement of Work

Consisting of the following pages **10** through **34**

Statement of Work

Prepared for: Tarrant County

Project Name: Tarrant County TX | EBP

1. Introduction & Purpose

This Statement of Work ("SOW") is entered into and by Euna Solutions ("Euna") and **Tarrant County** ("the County"). This SOW is issued under, and fully incorporates, the terms and conditions set out in **Order Form** and any associated legal terms as previously agreed between Euna and the County. All services and transactions provided through this SOW will follow the terms of this SOW, and the terms and conditions set out in Order Form, together referred to as (the "Agreement"), and any related purchase order (PO). If there is any conflict between this SOW and the Agreement, the Agreement will take precedence.

1.1 Purpose

The purpose of this SOW is to outline the functional and implementation scope, services, responsibilities, period of performance, and terms of engagement for the deployment of **Euna Budget** (the "Solution") for the County.

1.2 Organizational Scope

At the organizational level, Euna and the County commit to a collaborative partnership throughout the implementation. Both parties will designate primary points of contact to facilitate communication, align objectives, and address issues efficiently throughout the project lifecycle.

Mutual obligations include transparent sharing of information, timely feedback, and active engagement in key decision-making milestones. Euna will coordinate all implementation activities, ensure project status reporting, and deliver professional services to configure, integrate, and support the Solution. The County will provide access to relevant resources, subject matter experts, and data as required to enable successful deployment and adoption.

All parties are expected to operate in good faith, upholding agreed-upon standards for responsiveness and availability, with a shared commitment to the overall project timeline and quality objectives. These high-level organizational responsibilities set the foundation for more detailed roles and expectations, as outlined in subsequent sections of this SOW.

1.3 Period of Performance

Euna and the County agree to work in good faith to execute according to the mutually defined project timeline, which is developed during the discovery phase, and the agreed upon scope of work in order to achieve project milestones and deliverables. Euna and the County acknowledge that the achievement of milestones, deliverables, and any planned Go-Live date is dependent upon mutual cooperation and the fulfillment of agreed responsibilities. Adjustments to the timeline or scope may be made, as reasonably required, through the agreed upon change management process. Any extension of the Period of Performance must be documented through a mutually executed Change Order or Amendment.

1.3.1 Expiration of Services

Unless otherwise agreed in writing by both parties, the obligation of Euna to provide professional services under this SOW will automatically expire upon the earlier of:

- Completion of the services described in this SOW; or
- Twelve (12) months from the Effective Date of the applicable Order Form

If the Services are not completed within the initial services period, the parties may extend the period of

performance by mutual written agreement through a Change Order or amendment. Any such extension may include revised timelines, assumptions, resource scheduling, and applicable fees based on the remaining scope of Services. Euna will consider reasonable extension requests in good faith, subject to resource availability and mutual agreement. Prior to executing any extension, Euna will provide County with a written summary of any revised fees, resource costs, or other cost impacts associated with the extended period of performance, and no such costs shall be binding on County unless and until both parties have executed a Change Order or amendment reflecting the agreed-upon terms. County's execution of such Change Order or amendment shall constitute acceptance of the revised timeline, scope assumptions, and any applicable cost adjustments set forth therein.

1.3.1 County Delay Charges

If Euna reasonably determines that a County-caused delay is likely to result in additional fees, schedule impacts, or resourcing inefficiencies, Euna will provide prompt written notice to County describing the cause of the delay and the anticipated impact. For purposes of this Section, a 'County-caused delay' means any delay in Euna's performance of its obligations caused by the County's act or omission, including without limitation: (i) failure to provide required data, documentation, approvals, resources, or system access by the dates specified in the mutually agreed Project Plan; (ii) failure to respond to any written request submitted by Euna within five (5) business days of receipt; or (iii) any other act, omission, or failure of the County that materially impairs Euna's ability to perform in accordance with the Project Plan. A County-caused delay shall toll Euna's performance obligations on a day-for-day basis for the duration of such delay, and any resulting schedule adjustments shall be documented through the Change Control Process set forth in Section 6 of this SOW.

Where County-caused delays result in additional costs, Euna will document such costs and present them to County through the applicable change control process. Any material changes to fees, timing, or scope arising from such delays will be subject to mutual written agreement via Change Order or amendment prior to invoicing. For the avoidance of doubt, Euna's obligation to continue performance shall not be conditioned on County's approval of any proposed Change Order, and Euna reserves the right to adjust project scheduling and resource allocation where County-caused delays materially impact Euna's ability to perform.

Such charges will be billed in accordance with Euna’s then-current professional services rate card and are in addition to the fixed or milestone fees described in this SOW. Delays caused by Euna will not trigger such charges.

2. Scope of Work

The scope of this engagement encompasses the implementation and enablement of one or more Euna software applications. The specific products to be implemented are detailed in the accompanying Order Form 00015247 and will determine the configuration and project structure that follows.

2.1 Project Scope Overview

Euna Budget Pro is a cloud-based software as a service (SaaS) solution hosted by Euna using Microsoft Azure. Euna Budget offers robust support for public sector budget formulation, including operating, personnel, and capital budgeting. Countys may also utilize forecasting tools, scenario planning modules, and amendment workflows to manage dynamic fiscal planning.

2.1.1 In Scope Overview

The following Euna Budget components and services are included in implementation of the Solution:

- Euna Budget Configuration & Shared Components
- Operating Module
- Personnel Planning & Budgeting Module
- Capital Module
- Performance Measures
- Transparency & Reporting
- County-Specific Work

Production System

As per hosting agreement, Euna will establish a single production instance of the Euna Budget system. Note that in addition to the hosted production system, the County must provide user workstation environments as follows:

- A web browser: supported browsers - Microsoft Edge, Firefox latest release, Chrome latest release
- Microsoft .NET Runtime 4.68 installed
- Microsoft Excel® 2007 or newer (if spreadsheet export/import feature is required, and/or saving reports as Excel is required)
- Microsoft Word® 2007 or newer (if scheduled reporting and/or saving reports as Word is required)
- Microsoft's freely available desktop version of Report Builder installed (if self-serve report authoring is required from browsers other than Internet Explorer or Edge) - note that Microsoft has rebranded this "Power BI Report Builder"

Sandbox System

A single sandbox environment is hosted for the County's development/test/QA/training needs. It is refreshed on demand by administrative users from within the application and is a clone of the production database. Integrations are not enabled by default and single sign-on (SSO) may need to be configured for sandboxes. Any additional in scope sandbox environments will be included in the Detailed Scope of Work in Section 2.2.

Project Management & Analysis

The scope includes overhead of project management and analysis. Euna will assign an implementation manager (PM) to lead this implementation on Euna's behalf. The role and responsibility of the PM is to ensure that the product is implemented according to this SOW. The project management approach and roles and responsibilities associated with this SOW are outlined in more detail in Sections 3 and 4, respectively.

The time allocated to project management is estimated **at 35 weeks** contiguous from project kickoff. Any additional, customer-specific, weeks of project management that are in scope will be included in Section 2.2 scope tables below. Where delays are not on the part of Euna Solutions, additional project management and analysis beyond this limit may be billable at Euna Solutions' standard services rate.

Data Loading

The County can use the software's user interface or Euna Budget's Microsoft Excel export/import feature to further amend and maintain data, or to load data where this is a County task. For example, where Euna's work to load prior year data may be limited to a specific number of years in order to

reduce implementation cost, there is no system limit to the number of prior years that the County can load using The Solution's export/import feature.

Standard Entities and Data Structures

The Euna Budget system is a relational database built on a standard data model. Using the system's user interface, this data model may be enhanced to mirror the County's data structures, notably the chart of accounts that is unique to the County's institution. While all of the standard tables ('entities') must be retained, the following points are held to be true:

- Any of the standard entities may be renamed to match the County's terminology
- Out-of-the-box entities may be ignored, or in some cases filled with place-holder data, if not useful
- There is a defined, immutable, relationship between certain entities - for example Costing Centers (Operating) and Projects (Capital) roll up to a single Department, each in turn rolling up to a single Division
- The General Ledger (GL) Account/Account Category, Division/Department, Fund Category/Fund, and Asset Category/Asset Type structures must be consistent across all years and across the modules (Operating, Personnel, Capital, Financial Statements, and Performance)
- GL Account Categories must be categorized as containing either a revenue or expenditure account (accommodation is made for other account types in the Financial Statements module)
- Euna Budget enacts data integrity through the use of relational data structures. Data structures which do not follow accepted data principles (for example, re-using GL Accounts/Object Codes to mean different things to different Departments) can typically be accommodated but is not guaranteed and such accommodation can extend the import timeframe

A list of the standard entities and their relationship is available upon request.

Application-Level Security

Euna will assist the County in determining how and when to use the various security levels available within Euna Budget. The County will be responsible for configuring roles, uploading users and assigning them to groups and roles.

Standard Reports

Provision of Euna Budget's standard reports. These reports are provided as-is and may not fully address the County's specific reporting requirements.

Administrator Authored Reporting

Euna Budget's reporting infrastructure allows users to create ad-hoc views which can be used as datasets when using Report Builder 3.0 for administrator authored reporting; as the data source for dashboard widgets; and as part of the ad-hoc analytics interface. Each ad-hoc view requires a base "entity" (database table), which can be one of Euna Budget's native data entities; a user configured entity; or a custom built "report entity" which consolidates the data from multiple entities and presents it to the ad-hoc view as a single entity ready to report on.

2.1.2 Out of Scope

Any product or service not explicitly listed in Section 2.2 below is considered out of scope. Additionally, the following items are out of scope including but not limited to:

- Major redesign of Chart of Accounts
- Development of non-standard integrations not listed in this SOW
- Data cleanup or reformatting of historical data

2.2 Detailed Scope of Work

The following Euna Budget components and services are included in this SOW.

Euna Budget Configuration & Shared Components	Description
Business Process Management - Essentials	Euna will facilitate a review of: - The budget process for both the operating and capital budgets - The chart of accounts - Personnel planning and budgeting - Reporting requirements This process will require the participation of stakeholders in group workshops and may include one-on-one workshops. Budget Process End to end review, including high level descriptions of the tasks performed, the timing of these tasks, and dependencies. Euna Solutions will facilitate a design of the budget process as it relates to the Euna Budget system being implemented, seeking opportunities for improvement. This output will be documentation of: - Budget process stages - What happens in each stage - Input, outputs, and participants in each stage - Stage permission requirements Chart of Accounts Determine the data model, including the COA, roll-ups (whether part of the GL or not), and other budgetary fields of data. Complete field mapping and prototyping in Euna Budget. Personnel Budgeting Review and refine personnel budgeting process and data. To include common personnel budget issues including vacant positions, overtime, benefits, allowances, and statutory deductions. Reporting Requirements Ensure reporting is supported by the data model. Identify reports in three primary groups: those required for developing budget, those required for managing budget, and those disseminating for information “up and out” (management and public. Reporting can be through traditional print reports, saved searches, dashboards, smart reports, and OpenBook. The County will assume responsibility for maintaining all process documents after hand-off. Includes: - Workshops, to a maximum of 1 half day session or equivalent - Gap document describing Euna Solutions' understanding of gaps, options for filling the gaps, selected option (where one has been identified).

Euna Budget Configuration & Shared Components	Description
Single Sign-On	Configure production instance of Euna Budget to use the County's existing Windows, LDAP, CAS, Google, or SAML Authentication, for user logon. Euna is not responsible for software and configuration changes required to make it authenticate with non-standard implementations of authentication protocols.

Operating Module	Description
Operating Budgeting Implementation - Full Service	Configuration and data import of the following Euna Budget standard data structures, using data supplied by the County in Excel® workbooks provided by Euna: - Division/Department hierarchy - Fund categories and funds - Account categories and expense and revenue GL accounts - Statistical account categories and statistical accounts - Other Chart of Account segment values - Performance Measure units Import the current/future Operating budget from data import workbooks. Create dollar budget line items at the chart of account level by Costing Center. Euna Solutions will import the most recent budget with 1 year of future forecast data. Euna will repeat the import once to accommodate a refresh prior to go live. Import 2 prior years' Operating budgets. All prior years must have a chart of account structure that is the same as, or a subset of, the initial budget. Only the amended OR the approved budget will be imported in each of these prior years. Importing actuals transactions is a customer task to add manually or with an automated integration. The implementation of this module includes 1 point of integration for importing the Operating actual costs from the County's general ledger to Euna Budget operating module at a transaction level on a daily basis when automatically scheduled, and/or on demand. The implementation of this module also includes 1 point of integration for exporting the Operating module budget data from Euna Budget to the County's general ledger at the approved budget object/costing center level when invoked by a user. Euna will load the agreed data once and provide error/validation reports; additional loads or corrections outside scope may require a change order. The Euna PM is not responsible for cleaning data and will not repeatedly load data in order to repair issues and/or add missing information. The implementation of this module includes one training session for training trainers, advanced users and application administrators in the features and use of the Operating module.

Operating Module	Description
Strategic Budgeting Feature Configuration - Pro	Configuration to include strategic plans within the County's budgets. The implementation includes: - Configuration of the system after deployment of the package - Strategic Plan PowerPoint Presentation - Additional configuration of the system including 2 custom dashboards and 4 custom layouts - Strategic plan data import workbooks - Strategic plan training
Amended Budget Export (Operating)	Automated facility to transfer individual approved amendments to the Operating module budget data, from Euna Budget to the County's ERP general ledger, or the other direction as required. This interface is required only in the case where the County requires the amended budget to be synchronized between the two systems and where the general ledger cannot be updated by re-running the full export provided in the included "Budget Export" integration. Euna will create no more than 1 point of integration for the operating budget amendments.

Personnel Planning & Budgeting Module	Description
Personnel Budgeting Implementation - Full Service	Configuration and data import of standard Euna Budget Personnel data structures, using data supplied by the County in Excel® workbooks provided by Euna. At a minimum, the files will contain the data necessary to: - Create positions - Create salary grades - Create salary grade steps - Create modifiers (benefits) - Create employees - Allocate employees to positions - Allocate positions to costing centers For the purpose of the above, the definitions of positions, grades, grade steps, employees and modifiers shall be those found in the Euna Budget Personnel manual. The relationships between them shall be those currently supported by Euna Budget and described in the Euna Budget Manual. Import of Positions & Employees, Grades & Scales and Position Costing is in scope. Creation of Benefits (Modifiers) to generate supplementary personnel costs such as benefits, allowances and insurance is a County task. Euna will load the agreed data once and provide error/validation reports; additional loads or corrections outside scope may require a change order. The Euna PM is not responsible for cleaning data and will not repeatedly load data in order to repair issues and/or add missing information.

Personnel Planning & Budgeting Module	Description
	The implementation of this module includes one training session for training trainers, advanced users and application administrators in the features and use of the Personnel module.
HR Data Sync (Personnel)	Automated facility to synchronize Personnel data between Euna Budget and the County's HR or payroll system. This integration synchronizes: - New, deleted, and updated employees - New, deleted, and updated positions - Changes in employee-position relationships - Changes in position-costing centre relationships The integration of profiles (bargaining units), grades, steps, pay scales and benefits shall not be included unless expressly referred to in the "County-Specific Work" section of this Scope of Work. Notwithstanding responses to Requests for Proposals or other communications between Euna Solutions and the County, the integration of custom chart field items is not included unless expressly set out in the "County-Specific Work" section of this Scope of Work. Euna Solutions will create no more than one integration for Employees, one for Positions, and one for Position Allocations.
Payroll Actuals Import (Personnel)	Automated facility to transfer actual payroll transactions at the employee/position detail level from the County's HR or payroll system to the Euna Budget Operating module; automatically scheduled, and/or on demand. This data may be used to replace existing GL Actuals with payroll detail or may be stored in a separate table. Notwithstanding items expressly referenced in the "County-Specific Work" section of this Scope of Work; and/or other communications between Euna and the County to the contrary, standard limitations of this integration include, but are not limited to, the following points: - Each distinct data source and/or output file is one point of integration - A user interface will be created for the selective import of sections of the budget within two date ranges, no other criteria will be available - Data in each integration point will either replace all GL actuals in the personnel GL account category or be written to a custom entity created to store the payroll actuals, but not both Euna will create no more than 1 point of integration for the payroll actuals.

Capital Module	Description
Capital Budgeting Implementation - Full Service	Configuration and data import of the following Euna Budget standard data structures, using data supplied by the County in Excel® workbooks provided by Euna, if not already done as part of the Operating Module implementation: - Division/Department hierarchy - Fund categories and funds

Capital Module	Description
	- Account categories and expense and revenue GL accounts - Statistical account categories and statistical accounts - Other Chart of Account segment values Configuration and data import of standard Euna Budget Capital data structures, using data supplied by the County in Excel® workbooks provided by Euna. At a minimum, the files will contain the data necessary to: - Create Projects (including closed projects where historical budget is to be loaded) - Add Projects to Departments consistent with, and shared by, the Operating budget module - Define Project Promotion Stages The configuration data may optionally contain data necessary to: - Define Asset Categories & Asset Types - Define Project Regions - Define a Single Set of Project Ranking Metrics Import the current/future capital budget from data import workbooks. Create dollar budget line items with GL Accounts and Funds by Project. Import up to two prior years' capital budgets. All prior years must have a chart of account structure that is the same or a subset of the initial budget. Only the amended OR the approved budget will be imported in each of these prior years. Importing Capital actuals transactions from data import workbooks is a customer task or can be done via integration. The implementation of this module includes 1 point of integration for importing the Capital actual costs from the County's general ledger to Euna Budget capital module at a transaction level on a daily basis when automatically scheduled, and/or on demand. The implementation of this module also includes 1 point of integration for exporting the Capital module budget data from Euna Budget to the County's general ledger at the approved budget object/project level when invoked by a user. Euna will load the agreed data once and provide error/validation reports; additional loads or corrections outside scope may require a change order. The Euna PM is not responsible for cleaning data and will not repeatedly load data in order to repair issues and/or add missing information. The implementation of this module includes one training session for training trainers, advanced users and application administrators in the features and use of the Capital module.
Amended Budget Export (Capital)	Automated facility to transfer individual approved amendments to the Capital module budget data, from Euna Budget to the County’s ERP general ledger or project system, or the other direction as required. This interface is required only in the case where the County requires the amended budget to be synchronized between the two systems and where the general ledger cannot be updated by re-running the full export provided in the

Capital Module	Description
	included “Budget Export” integration. Euna will create no more than 1 point of integration for the capital project budget amendments. This interface is required only in the case where the County requires the amended budget to be synchronized between the two systems and where the general ledger cannot be updated by re-running the full export provided in the item in the “Budget Export” item above. Euna will create no more than 1 point of integration for the capital project budget amendments.

Performance Measures	Description
Performance Feature Configuration	Euna will, with the help of the County, determine and configure the Performance Measures Categories and Units, establishing those lookup values within the system. The implementation of this module includes access to a recorded training session for training trainers, advanced users and application administrators in the features and use of the Performance module.

Transparency & Reporting	Description
OpenBook & Report Studio Implementation-Pro	For OpenBook and Report Studio implementation: - Configure ad hoc views in Euna Budget* as a convenient source of source of OpenBook Core data. Euna will, with the help of the County, configure up to 3 ad hoc views as a source of data for OpenBook Core. The County can configure as many additional views as required - Euna will assist in configuring OpenBook Core Visualizations and Stories to a limit of 6 hours consulting time. The County can add their own datasets and stories - Euna will train the County how to use Report Studio and assist in configuring 1 simple report to a limit of 3 hours consulting time. The customer can configure as many additional reports as required - System Administration of OpenBook is a customer task * Where the source system is not Euna Budget Professional, The County is responsible for providing clean, well-organized data in CSV file for upload
BudgetBook Implementation - Pro	The County can add multiple Budget Books to their OpenBook site following their approval workflow in “Budget Book Studio”. Budget Books are built with a customer-defined layout of data tables, reports, paragraphs of text, images, charts, and can embed OpenBook's “highlights” and “spotlights”. Euna will assist in configuring the first Budget Book, over a period not exceeding 12 weeks to a limit of 40 hours.

Transparency & Reporting	Description

	Euna services include:
	- Training, including an optional introduction for newcomers to OpenBook
	- Review source budget data: account groups, funds, and departments
	- Configuration of a Budget Book to support these structures (Note: Budget Book is not suitable for arbitrary data mapping, complex (re)calculation of values, and/or reporting of budget using roll-ups and segments other than those by which the budget is built and managed in Euna Budget.)
	- Creation of “views” in Euna Budget *
	- Assistance in development of no more than two simple reports in Report Studio incorporating custom formatting, row or column calculations and sub-totals
	- Configuration & testing of data integration from Euna Budget *
	- Configuration of standard content and assistance with requested changes to standard format
	- Guidance on completing tasks, including:
	  - manual input of values deemed non-automatable
	  - insertion of unstructured data from files such as images, maps, award certificates, and charts
	  - sharing experience of layout and content options
	- Miscellaneous configuration and content authoring assistance
	
	* Where the source system is not Euna Budget Professional, the County is responsible for providing clean, well organized data in CSV file for upload. In these cases, changes must be uploaded using point in time data files, as the system does not support automated synchronization from external sources.

2.3 County-Specific Work

County-specific work includes client business rules (CBRs), modifiers, user interface (grids, forms, etc.), non-standard integrations, hand-crafted reports, specialized reporting and dashboard requirements, and ad-hoc entities.

Any customer-specific work not explicitly enumerated in Section 2.2 of this SOW is out of scope. If the County requests additional work, Euna will evaluate feasibility at its sole discretion. If Euna determines the work is feasible and elects to proceed, such work will be authorized solely through a fully executed Change Order, which will specify the scope, deliverables, and an estimate for time and materials charges at Euna's then-current professional services rates. No customer-specific work will commence prior to execution of the applicable Change Order.

2.4 Integrations

“Integration” as used in this SOW refers to the automation of data exchange between Euna Budget Pro and 3rd party systems. For each of the integrations in scope, Euna shall be responsible for:

- Configuring data transformations, as described by the County during the implementation
- Providing the software interface into Euna Budget Pro, and the operational infrastructure required to manage the integration

Euna does not offer services to build the 3rd party system end of integrations. The County is responsible for creating data sources and destinations within their 3rd party systems, either through their IT team or through their system's integrator. Such data sources and destinations may be database queries, delimited files, and/or web services.

The County is advised that in a "cloud" environment, Euna is unlikely to be granted the local network access to the County's other enterprise systems for a direct database-to-database integration. The most likely mode of integration will be exchange of formatted text (.CSV) files transmitted using secure FTP (SFTP or FTPS). Integration via web services may be possible where the 3rd party system provides a web services interface that provides/accepts data required by the County. It will be the County's responsibility to create or cause to be created the necessary file transfer mechanism on their side of the transfer; and to ensure that the 3rd party system's integration components are available, including web services where used.

For all integrations in scope, the following are held to be true except where specifically listed as a customer-specific integration:

- Records being copied into the Solution require a unique key to unambiguously match incoming data with pre-existing records. This key may be a single field value (e.g. Object Code) or a combination of multiple values (e.g. Position+Employee Number). An exception report is provided for data elements which cannot be thus matched. In the case of the Capital integrations this is particularly noteworthy: each record must include a unique project identifier (e.g. Project Number)
- While it is likely that the Solution can accommodate any chart of account segments ("chart fields"), and Euna shall accommodate reasonable requests for mapping chart fields to accommodate situations such as legacy account structures, the encoding and decoding of arbitrary structures and mappings (those which cannot be logically described) is not in-scope
- Euna Budget integrations do not include the synchronization of chart of account strings, segments, or combinations; which is to say that the list of funds, GL accounts, costing centers, and projects, etc. is not automatically updated from the general ledger or other external system
- Each distinct data source and/or output file is considered one point of integration. For example, if Statistical Actuals are required from multiple data sources, Euna will need to configure one integration for each data source and a single Statistical Actuals integration will be insufficient
- Filtering is coded into the integration and there is no custom user interface for the selective export of sections of the budget except to choose a budget year, or in the case of Actuals imports the date range
- Standard budget export integrations, where in scope, do not have the ability to export only changes since the last export. The entire budget is exported each time. A budget amendment export integration is required in order to export selected parts of the budget, such as changes since the last export
- Amended budget export integrations, where in scope, will be either export individual amendments as created, or export the batch of amendments since the last export, or import amendments from the general ledger system as read-only budget lines. Which of these options is used is a detail determined during the implementation, but each amendment integration will only work in one of these modes
- Actuals Import integrations cannot be used to amend the budget

2.5 Data Conversion

Euna will provide standardized templates and guidance for the initial data load, including Chart of Accounts, budget data, and a limited number of prior years as agreed. The County is responsible for preparing and delivering clean, complete, and validated data. Data must align with the system's relational model (e.g., consistent Chart of Accounts, funds, and departments). Final review and sign-off of converted data is the County's responsibility.

Euna is not responsible for cleansing, reconciling, or reformatting County data; all data provided must be accurate, complete, and in the agreed format before loading. Failure by the County to provide clean, validated data in the required format may delay the project schedule, impact deliverable quality, and result in additional cost through a change order.

3. Project Management Approach

3.1 Project Management Methodology

Our professional services team uses a hybrid Agile/Waterfall project management approach that helps align project goals and outcomes with stakeholders. This combined approach emphasizes planning and documentation as well as collaboration between stakeholders and project teams. It allows for regular meetings with stakeholders to gather feedback and ensure that the project is progressing in the right direction.

3.2 Project Governance

Euna and the County will set up a clear governance framework to keep the project on track. This framework will define roles, meeting schedules, escalation paths, and decision-making processes to ensure quick issue resolution and smooth progress. Euna Solutions will support the County's project leadership by:

- Helping define governance and escalation processes
- Supporting change control
- Recommending meeting schedules and formats
- Advising on managing project risks, actions, and decisions

The County is ultimately accountable for governance, including timely decisions, approvals, prioritization, and resourcing. Euna is not responsible for delays or outcomes caused by the County's failure to meet these responsibilities. Delays in governance decisions or approvals may affect the project's schedule, deliverables, or costs. Such impacts will be managed through the change control process.

3.3 Project Planning

Following project kickoff, the Euna Project Manager or Representative will develop a working project plan in consultation with the County's Project Manager and designated team members. The project planning phase will establish the specific approach to implementing the project, including key milestones, deliverables, and responsibilities.

3.4 Implementation Approach

Our 27 years of budget software development and implementation experience guides our delivery methodology. At Euna, we emphasize flexibility, collaboration, and responsiveness – without enforcing rigid frameworks. By delivering solutions iteratively and engaging stakeholders throughout the process,

we ensure that evolving needs are met efficiently and transparently. Customers benefit from a hybrid model that combines the adaptability of Agile with the discipline of milestone-based delivery. This means faster time-to-value, reduced rework, and confidence in both the process and the outcomes.

3.5 Implementation Timeline

A milestone marks a key point in the project where an important phase or deliverable is completed. Milestones provide visibility into project progress and support accountability for both parties throughout the engagement. A deliverable is a specific, agreed-upon output of the work being performed, such as a configured system, completed data migration, or documented configuration.

Implementation timelines vary based on the number of products deployed, the complexity of the County's environment, and the availability of County data and stakeholders. Euna's implementation follows a phased approach progressing from discovery and configuration through testing and go-live. The specific sequencing and timing of project activities will be coordinated by the assigned Euna Project Manager or Representative in collaboration with the County's project team. No fixed milestones or delivery dates are committed to within this SOW.

3.6 Escalations

To ensure timely resolution of project issues, Euna and the County will follow a structured escalation path. This framework ensures that concerns are addressed at the right level, with clear accountability, consistent communication, and senior engagement when necessary.

Entry Point – Implementer

- **Role:** Implementation Manager, Project Manager, or Consultant
- **Purpose:** Serves as the primary point of contact for day-to-day project delivery
- **Responsibilities:** First escalation point, responsible for addressing issues directly, coordinating with supporting teams, and documenting details to support timely resolution

First-Level Management

- **Role:** Direct Manager of the Implementer
- **Purpose:** Provides management oversight and additional expertise to support resolution
- **Responsibilities:** Reviews the situation, engages other functional managers as needed, and ensures consistent, professional communication with the County

Director Level

- **Role:** Product-Line Director of Professional Services
- **Purpose:** Offers senior authority and broader organizational support to ensure resolution
- **Responsibilities:** Oversees escalations that require higher-level decision-making, additional resources, or broader coordination across teams

Senior Director / Executive Level

- **Role:** Senior Director of Professional Services or Chief County Officer
- **Purpose:** Ensures executive engagement and alignment at the highest level of the organization
- **Responsibilities:** Provides direct senior oversight, engages with County leadership when appropriate, and ensures resolution efforts align with overall partnership goals

3.7 Acceptance

All project milestones will go through a simple approval process to keep things clear and accountable. Euna will communicate that a project milestone is complete and ready for County sign-off. The County shall have **thirty (30) business days** to provide written notice of any non-conformance in reasonable detail. If no written notice is provided within that period, the deliverable shall be deemed accepted. Requested changes will restart the review cycle. Final milestone approvals will be captured in project records.

Where deficiencies are identified, Euna shall have a reasonable opportunity to cure the documented issues. Acceptance shall not be unreasonably withheld, conditioned, or delayed. Disputes regarding acceptance shall be escalated pursuant to the Change Control Process outlined herein. Major scope changes and formal change requests also require written approval before moving forward.

The project will be considered complete when all deliverables defined in this SOW have been completed and accepted by the County in accordance with the acceptance criteria. Acceptance can be confirmed by sign-off, written approval, or documented live use of the system. Deliverables that meet the agreed acceptance criteria will be accepted, even if minor issues remain that don't affect core functionality or the County's ability to use the deliverable for its intended purpose.

3.8 Testing

Euna uses a structured testing process for Euna Budget that validates system functionality, performance, and data integrity prior to go-live. Testing responsibilities are shared between Euna and the County, with each phase designed to confirm stability and readiness of the configured environment.

- **System Testing:** System testing is conducted within the configured client environment to verify core functions, workflows, and permissions. Environment backups and restorations are performed through Euna DevOps, ensuring rollback capability if needed. Automated nightly performance jobs run on standard configurations to monitor application stability
- **Integration Testing:** Integration testing applies when data exchanges occur with external systems. For API integrations, Euna validates connectivity and data accuracy. For CSV imports, the County provides a sample file for testing; Euna runs the import, and the County reconciles results
- **Performance Testing:** Euna performs automated load and stress tests to confirm application stability and scalability under normal operating conditions. These tests help identify performance issues prior to production deployment
- **User Acceptance Testing (UAT):** UAT is led by the County to confirm that configured workflows meet business requirements. Euna provides a sample test script as a reference. The County conducts testing, records results, and determines acceptance; the Euna Implementation manager remains available for clarification or technical support as needed

3.9 Training

Training Approach

Euna Solutions' standard training model is to train the trainers / advanced users within the County's organization in all implemented aspects of the application. Training is a blend of online courseware and "live" training, via a web conference. In the case of video training, Euna's PM will field outstanding

questions after the scheduled viewing. Where a specialist trainer is “In Scope” below, this might be as a follow-up to a video or presentation of the entire course.

Training Schedule

As part of Project Planning, the County’s training schedule and timeline will be mututally developed with the County’s and Euna’s PM. Euna’s PM will identify when training should be delivered during implementation. The County may prefer to receive some or all of their training in the early stages of the implementation, in the knowledge that such training will need to be carried out using a generic training database. Alternatively, the County may choose to wait until the implementation is substantially complete in order to be trained on their own instance of Euna Budget.

Having received train-the-trainer training, the County is responsible for training the end users, except where explicitly included in the SOW (Section 2.2).

Training Locations

Remote Training: Additional training provided by Euna will be delivered using web conferencing tools. Attendees can participate in the training from multiple locations using their own computer, or in a conference room with shared screen (their own computer is recommended). Audio is provided by telephone or the computer's own audio facilities. These sessions may be recorded upon request, with the unedited recording provided to the County for storage and dissemination using their own media repository.

Online Resources

Euna Solutions maintains a substantial library of online training courseware. Having signed-up with a valid County email address, all material is available to all users during and after the implementation.

3.10 Support

During Implementation

Throughout implementation, Countys will receive support from a dedicated PM and the project team. The PM oversees scheduling, communication, and milestone completion, serving as the primary point of contact for project coordination and issue tracking. During this phase, all County questions or system-related issues are discussed during weekly project meetings with the PM. Responses are managed directly by the implementation team and verified through scheduled project meetings.

Steady-State Support

Following acceptance, ongoing support transitions to Euna’s Support Services organization. This includes continuous maintenance, issue resolution, and product guidance for the life of the subscription. Support is available via phone at 1.844.226.3862 (Monday through Friday, 8:00 AM–8:00 PM ET, excluding major North American holidays), by email. The portal provides 24/7 access for case submission, tracking, and access to EunaHelp resources, including searchable documentation and training materials. Average response time is typically under two hours, with no cap on the number of support requests. The assigned CSM remains the County’s ongoing liaison, coordinating periodic reviews, updates, and escalation management as required.

4. Roles and Responsibilities

4.1 Project Roles

4.1.1 Euna's Project Team

Euna will assign qualified personnel to deliver the services described in this SOW. All work will be performed in a professional manner consistent with industry best practices. Additional roles may be required depending on project scope, complexity, and County requirements. The complete team structure, including both Euna and County roles, will be confirmed in the jointly developed Project Plan following contract execution. Euna reserves the right to substitute personnel with resources of equivalent qualifications and experience, with prior notice to the County.

Core Roles
At a minimum, Euna anticipates providing the following roles:

- **Executive Sponsor** – Provides overall strategic oversight and serves as an escalation point
- **Project Manager or Representative** – Responsible for day-to-day management, coordination, and reporting

4.1.2 County Team

The County agrees to provide sufficient staffing resources throughout the duration of the project to ensure a successful implementation. These County team roles may include:

- **Project Sponsor:** Senior leader who provides strategic direction and removes barriers to success
- **Project Manager / Coordinator:** Main liaison to the Euna project team. Responsible for internal coordination, scheduling, and approval cycles
- **Subject Matter Experts (SMEs):** Representatives from relevant departments who provide input into requirements, participate in meetings, testing, and training
- **System Administrator(s):** Staff who will manage the solution post-implementation and participate in configuration and administrative training
- **IT Support (as needed):** Assists with data extraction, testing, and internal system access/setup (e.g., SSO, integrations)

The County is responsible for ensuring timely access to relevant personnel, systems, and information as required to meet the project timeline. Lack of availability may result in delays or changes to the schedule.

4.2 Shared Responsibilities

Euna and the County agree that the implementation of the Solution is a shared responsibility, and that they will employ their best efforts to complete their agreed tasks on a timely basis. Neither Euna Solutions nor the County is expected to have resources available to mitigate timeframe slippage caused by the other party, and neither shall have an obligation to do so.

4.3 County Responsibilities

A comprehensive assignment of County responsibilities will be confirmed in the jointly developed Project Plan after project kick-off. Delays or deficiencies in County responsibilities may impact the project timeline, deliverables, or costs. Such impacts will be managed through the change control process. Typical County responsibilities include, but are not limited to:

- Providing timely responses to configuration and data validation requests
- Participating in meetings

- Participating in internal testing of configurations and training activities as appropriate
- Delivering accurate and complete data for migration
- Providing access to required technical resources where integrations are in scope
- Running the County's project according to its own standards, practices, and protocols
- Acting as the primary communication point with the Euna Project Manager
- Providing definitive responses on decision points
- Executing County deliverables in a timely manner and advising the Euna PM of expected completion dates
- Reviewing implementation training materials in a timely manner.
- Ensuring all County team members understand their roles and responsibilities
- Conducting and signing off on end-to-end testing (with Euna providing support)
- Performing all data validation
- Reviewing and providing formal approval (sign-off) on Euna deliverables

4.4 Euna Responsibilities

Euna will provide professional services to deliver the implementation described in this SOW. Euna's responsibilities include guiding the County through a structured implementation process, providing configuration expertise, training, and project oversight to support a successful deployment. Euna reserves the right to allocate resources as needed and may adjust staffing or delivery methods at its discretion, provided qualified personnel are assigned to meet project objectives.

Typical Euna responsibilities include:

- Coordinating the development of the project plan in consultation with the County Project Manager and team members
- Ensuring the timely execution of Euna's deliverables
- Ensuring that members of the County team are sufficiently educated in the Euna Budget application and understand the implications of initial design decisions
- Providing the County with timely and detailed descriptions of the items identified as "County task" within this SOW, along with their expected completion dates
- Providing regular progress status reports to the key team members
- Advising the County of the impact on the expected delivery dates of any Euna or County deliverable is advanced or delayed
- Tracking issues through an issue log
- Authoring and coordinating the approval of change order estimates, and the execution of the deliverables approved

5. Assumptions

This project assumes that implementation will be conducted primarily through remote collaboration using Euna's standard toolsets for communication and documentation. Project success is contingent on timely participation from County stakeholders and data readiness. Any material changes to the project scope or timeline will require a formal change order and may result in adjustments to fees or timelines. Project start is dependent on contracting.

6. Change Control Process

6.1 Purpose

To ensure alignment and control throughout the project, any changes to the approved project scope, schedule, or cost must follow a formal change control process.

6.2 Change Request Submission

Either Euna or the County may initiate a change by completing and submitting **Change Order Form (Exhibit 1)**. The form must include a description of the change, originator, justification, and an assessment of potential impacts on scope, schedule, cost, and resources. Any proposed change must go through an approval process before implementation.

Operational changes, such as adjustments to internal processes, documentation updates, or clarification of existing deliverables that do not materially affect scope, schedule, cost or contractual obligations, may be approved at the project team level and do not require a formal Change Order, provided they do not:

- Add or remove existing deliverables
- Result in additional costs
- Impact contractual milestones or timelines
- Require County sign-off under the terms of the contract

In projects where a dedicated Project Manager is not assigned, change control responsibilities will be carried out by the designated Implementation Lead, or teams within Euna, hereafter referred to collectively as the 'Project Representative'.

- **Identify the change** – a stakeholder identifies a potential change and submits the request to the project representative, including rationale and anticipated impact
- **Internal Review and Impact Assessment** – The project representative will conduct an internal review to assess the impact of the proposed change on scope, timeline, budget, resources, and risk. Based on this assessment, the change may be accepted, modified, or rejected. If the change is accepted or modified and deemed to require formal documentation, a Change Order Form will be submitted to the County for approval.

6.3 Approval and Authorization

All changes requiring a formal Change Order Form must be approved in writing by authorized representatives of both Euna and the County. A signed Change Order Form shall serve as authorization to proceed with the work described therein.

If the County requires a formal amendment to the contract or SOW, Euna will collaborate with the County to execute the amendment in accordance with their contractual procedures. The Change Order will serve as the basis for the amendment. No additional work beyond the scope of the signed Change Order will be initiated until the amendment is fully executed.

6.4 Implementation and Documentation

Once a change is approved through a signed Change Order Form, Euna will update the project management plan, associated baselines, and any relevant documentation to reflect the approved change. If the change affects contractual terms such as scope, cost, timeline, or deliverables, the SOW will be updated through a formal amendment or addendum, in accordance with the County's contractual procedures.

The Project Representative will oversee execution of the change. Implementation will not begin until all required approvals are obtained and, where applicable, the contract amendment is fully executed.

All relevant stakeholders will be informed of the approved change to ensure alignment and transparency. The Project Representative will monitor the change's impact to confirm it supports project goals and does not introduce unintended risks.

The Project Representative will maintain a Change Log to track all approved changes. The Change Log will also serve as the source of truth for the current SOW baseline and version history.

7. Risk Management

Euna and the County will work together to identify and address risks that may affect the project's scope, schedule, budget, or quality. Risks will be reviewed during regular project meetings, and mitigation steps will be agreed upon in writing where appropriate. Each party is responsible for promptly notifying the other of any known or anticipated risks within their control and for taking reasonable steps to minimize such risks. Euna shall not be liable for delays, increased costs, or other impacts arising from risks caused by the County, third-party vendors, or circumstances outside of Euna Solutions' reasonable control. Unresolved risks will be escalated through the governance process defined in this SOW.

8. Support and Maintenance

Euna will provide Support and Maintenance in accordance with its then-current support policy, as described in the Agreement. Support includes incident reporting, resolution tracking, and escalation processes. Service Level Agreements (SLAs) (e.g., uptime commitments, response times) are as defined in the Agreement.

9. Glossary of Terms

This section provides definitions of terms used throughout this document for clarity. The presence of a term in this glossary does not imply that the subject is applicable to this SOW's scope of work unless explicitly stated in Section 2. Scope of Work.

Term	Definition
Euna Team	Project Management, Implementation Consultants, and Technical Support staff assigned by Euna to deliver services defined in the SOW.
County	The organization receiving services and implementing the Euna solution.
Project	A time-bound effort to implement and configure one or more Euna products or services, as outlined in this SOW.
Module	A discrete component of a Euna software product that provides specific functionality. For example, Budget Pro includes modules such as Operating Budget, Personnel, Capital Planning, etc.
Go-Live	The point in a project when the Euna software tool or module is available for use by the County for real business operations.
Sandbox	A non-production environment used for testing, training, and user validation, as applicable.
Configuration	The process of tailoring the system to meet County-specific requirements.

Term	Definition
Customization	Non-standard products or services that are designed and developed to address a particular County's requirements and are not part of Euna's generally available offerings.
Integration	The automated exchange of data between Euna products and third-party systems (e.g., ERP, FMS, HRIS).
Milestone	A significant point or event in a project that marks the completion of a major deliverable, phase, or decision, used to measure progress and signal readiness to move forward.
Deliverable	A clear and agreed-upon result of the work being done such as a document, report, design, system feature, or other item the project team is responsible for providing.
Project Change Order (PCO)	A formal document used to manage scope, timeline, or pricing changes during the project lifecycle.
In Scope	The work performed to deliver the products and services that are included in this SOW.
Out of Scope	The work required to deliver products and services not included in this SOW.

10. Signatures

IN WITNESS WHEREOF, the County, intending to be legally bound, has executed this Statement of Work as of the Effective Date below.

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:**	**Page:** 1 of 2
Department: Purchasing	**Prepared By:** Elizabeth Callarman	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2026077 - Annual Contract for Computer Accessories, Peripherals, and Other Miscellaneous Hardware - Countywide

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court reject all bids for Bid No. F2026077, Annual Contract for Computer Accessories, Peripherals, and Other Miscellaneous Hardware.

BACKGROUND

Notice of the County's intent to bid was advertised in local newspapers, as required by State statute, and posted on the Internet, the Arlington Black Chamber of Commerce, the Fort Worth Hispanic Chamber of Commerce, the Fort Worth Metropolitan Black Chamber of Commerce, and the Tarrant County Asian American Chamber of Commerce. One thousand one-hundred and twelve (1,112) vendors were contacted and requested to participate in this bid process. All documents pertaining to this bid were posted on the Tarrant County website and were downloaded by interested bidders. A pre-bid conference held on March 18, 2026 was attended by six (6) vendors as well as representatives from Information Technology and Purchasing. Seventeen (17) bids and seven (7) no bids were received.

After review of the submitted bids, it was determined that there were flaws in the quality of the specifications and that assumptions would have to be made to present an award recommendation.

Therefore, it is the joint recommendation of Information Technology and Purchasing that the Commissioners Court reject all bids for Bid No. F2026077, Annual Contract for Computer Accessories, Peripherals, and Other Miscellaneous Hardware.

FISCAL IMPACT

There is no fiscal impact associated with this item.

TARRANT COUNTY

COMMISSIONERS COURT COMMUNICATION

Court Date: June 9, 2026	**Court Order #:** {{customNumber.courtOrder}}	**Page:** 1 of 3
Department: Purchasing	**Prepared By:** Mikaylah Darby	**Approved By:** Christopher Lax, CPSM, CPSD, CPCP

SUBJECT:

Bid No. F2024147- Annual Contract for Oil and Lubricants - Countywide - Various Vendors

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve contract termination of Bid No. F2024147, Annual Contract for Oil and Lubricants, Countywide, and grant permission to rebid.

BACKGROUND

On September 17, 2024, the Commissioners Court, through Court Order #143908, awarded Bid F2024147, Annual Contract for Oil and Lubricants, Countywide, to the following vendors:

Primary	Ataram, LLC
Secondary	Reeder Distributors, Inc.
Alternate	Senergy Petroleum LLC

The awards were based upon low bid meeting specifications and contained option to renew for two (2) additional twelve (12) month periods.

On July 1, 2025, the Commissioners Court, through Court Order #145511, approved the first renewal option.

None of the awarded vendors are able to maintain the same firm fixed prices and discount from list price through the end of first renewal period ending September 30, 2026. On May 22, 2026, Ataram LLC provided Purchasing with written notice of contract termination.

Therefore, it is the recommendation of Purchasing that the Commissioners Court approve contract termination of Bid No. F2024147, Annual Contract for Oil and Lubricants, and grant permission to rebid.

FISCAL IMPACT

There is no fiscal impact associated with this item.

Backup_F2024147.pdf

Dear Tarrant County Purchasing,

Following our recent correspondence regarding the price adjustment for PO #4500371140, please accept this letter as formal notice that Ataram Oil Company is terminating our contract, effective immediately.

Due to significant and unforeseen circumstances resulting in a minimum 20% increase across all products and delivery costs, we are invoking the Force Majeure clause of our agreement. As we are unable to fulfill orders at the previously fixed pricing and your office has declined the necessary adjustments, we can no longer sustain our current contractual obligations.

We appreciate your understanding of these market-driven circumstances.

Best regards,

Ataram Oil Company

SUBJECT:

Permission to Take Bids/RFPs

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court grant permission to take Bids/RFP's for the following:

A. Projects/One-Time Purchases

1. **Purchase of Advanced Law Enforcement Pursuit and Defensive Driving Simulator**
Estimated Value - $146,745.00
Funding has been requested in the FY 2027 budget.

The purpose of this contract is purchase an Advanced Law Enforcement Pursuit and Defensive Driving Simulator i subscription. This will be purchased by the Sheriff's Office and the primary contact is Lt. Michael Morris.

2. **RFP for ERP and Related Software Implementation Services**
Estimated Value - $5,500,000.00
Funding has been requested in the FY 2027 budget.

This RFP will provide Tarrant County with proposals for the implementation services necessary to migrate its current or Component (ECC) installation to SAP's Cloud ERP Software As A Service (SaaS) package and its accompanying compleme Tarrant County to dramatically reduce its ongoing cost of operations while radically increasing the functionality currentl operations. This contract will be used by Information Technology and the primary contact is Andre Mendes.

3. **Purchase of ServiceNow Subscriptions**
Estimated Value - $372,500.00
Funding has been requested in the FY 2027 budget.

ServiceNow is a software tool specifically designed to automate enterprise IT operations. It allows Information Technology for issues, requests, changes, configuration, projects, workload measures, and effectiveness metrics, which lowers opera Additionally, its extensive platform allows Information Technology to build custom applications for automating act requirements and service expectations. This is an annual purchase, last obtained through an RFO. This will be purchased l primary contacts are Ayumi Houle and Avdhesh Gupta.

4. **Sale of Refrigerants**
This constitutes revenue for the County.

The purpose of this bid is to sell refrigerants used in chillers no longer utilized by Tarrant County. These refrigerants are be The primary contact is Josh Palmer.

B. Annual Contracts

1. **Annual Contract for Concealed Weapons Detectors and Subscriptions**
   Estimated Value - $200,000.00
   Funding is available in the FY 2026 budget.

   The purpose of this contract is to purchase concealed weapons detectors including installation and software subscription purchased by the Sheriff's Office and the primary contacts are Chief C. Driskell and Sgt. O. George.

2. **RFP for Annual Contract for Dental PPO and Dental HMO Plan**
   Estimated Value for PPO ASO Fee approximately $50,0000 monthly in total PEBC spend. PPO claim amounts are det
   Estimated Value for DHMO Fully Insured Premium - approximately $46,000 for all PEBC spend. Premium estimates are ba
   total expense determined by enrollment and utilization.

   The purpose of this lead agency solicitation is to provide dental insurance for Tarrant County and all other PEPBC recommendation of award, and acceptance by PEBC will be coordinated with other PEBC entities. This contract will be primary contact is Roxie Held.
