TO: HONORABLE MEMBERS OF THE CULTURAL ARTS COUNCIL

FROM: AMY BRINK, DIRECTOR OF COMMUNITY SERVICES

BY: AMY BRINK, DIRECTOR OF COMMUNITY SERVICES

SUBJECT: LADYFACE GREENWAY PUBLIC ART

Ladyface Greenway is an innovative transportation hub that will offer outdoor recreational and non-motorized transit opportunities, including walking, biking, and equestrian trails. Seating area, educational art elements and butterfly gardens benefit the City's community members. To accomplish this project, the City has partnered with national, regional, and local organizations and offered community outreach programs to best meet the needs of Agoura Hills residents. Funding for construction of the project has been made available through the California Department of Parks and Recreation and LA County Metropolitan Transit Authority (Metro) Regional funds (Measure R and M). Thanks to the support of the Las Virgenes Malibu COG Supervisor and Assembly member. The Ladyface Greenway will be located on top of the existing Los Angeles County runoff channel running along Agoura Road east of Cornell Road.

The project was designed to emphasize art and education. Therefore, the project will include several pieces of public art along the meandering paths, threaded into the native landscapes. The City Council approved a theme for the art and education of Native and Natural. More specifically, the focus will be on community, heritage, and wildlife. The City Council also identified the Cultural Arts Council as the group to spearhead the installation of public art. This will include a "Call for Artists" process which will commence in the beginning of 2026.

Staff will present the Cultural Arts Council with a review of the project design, along with a draft timeline of the public art installation.
