Special Parks, Recreation and Human Services Commission Communication

November 5, 2025

Item No. 2A.

## Parks, Recreation and Human Services Commission Annual Goals

TO	PREPARED BY
Chair and Members of the Parks, Recreation, and Human Services Commission	Anthony Godoy, Senior Management Analyst
DEPARTMENT HEAD APPROVAL	CITY MANAGER APPROVAL
Carrie Hernandez, Director of Community Services	Kristin Griffith, City Manager

### **RECOMMENDATION**

That the Commission provide guidance, input and approve the 2025-26 Parks, Recreation and Human Services Goals Matrix.

### **BACKGROUND/DISCUSSION**

Staff will provide a presentation on goals for the upcoming year based on a new matrix that was requested at the September 24, 2025, Commission meeting. Staff will seek input from the Commission on goals needing to be amended or added to the Goals Matrix leading to the Commission's formal adoption of the annual goals.

## Parks, Recreation and Human Services Commission Annual Goals

PRHS goals are represented below as six primary initiatives to be reviewed annually. Goals are broad and intended to provide strategic direction, aligning organizational efforts with the overall mission of the PRHS Commission. Each goal is followed by City of Brea action items, which are specific efforts that City staff can act upon in order to address each of the goals. Goals and action items are not listed in order of importance. Action items are ongoing and dependent upon available funding. An itemized list of tasks has been established to further provide measurable progress and accomplishments in support of the annual PRHS goals.

### A. Establish and Maintain Parks & Facilities Accessible for All

- A1. Perform regular maintenance and conduct routine safety checks on all park equipment and amenities.
- A2. Improve lighting, irrigation, shade, landscaping and infrastructure across all City parks for an enhanced user experience.
- A3. Expand athletic infrastructure by adding fields, courts, equipment and synthetic turf surfaces.
- A4. Pursue ADA improvements to restroom facilities, playgrounds, drinking fountains and parking lots in all City parks.
- A5. Prioritize park and facility renovations using the ADA Transition Plan.

### B. Promote Health, Wellness and Active Lifestyles for Residents

- B1. Expand outdoor recreation options (e.g., pickleball, fitness stations, playgrounds and equipment).
- B2. Explore programming options for fitness and recreation classes available to all age groups.

### C. Provide Needed Services for Brea's Senior Population

- C1. Promote a healthy senior community through classes, activities and events.
- C2. Expand case management and explore new programs to ensure the basic needs of Brea's senior population are met.
- C3. Monitor the County of Orange Master Plan on Aging to adapt service offerings to seniors.
- C4. Explore the needs of next-generation seniors and the evolution of their needs.

### D. Address Homelessness and Community Support

- D1. Maintain and expand partnerships for housing and human services with Community Development and Brea Police Department.
- D2. Build regional partnerships and form teams to support the homeless population.
- D3. Establish a uniform, city-wide goal for addressing homelessness.

### E. Build Community Engagement and Partnerships

- E1. Promote and expand the City of Brea's volunteer program.
- E2. Seek sponsorships and partnerships with local businesses to support City programs, services and events.
- E3. Foster relationships with organizations for joint use of parks, fields and amenities.
- E4. Find creative ways to blend Community Services programming across divisions.

### F. Develop Transportation Services and Connectivity

- F1. Explore transportation options for residents of all generations and income levels.
- F2. Improve trail crossings (bridges, tunnels) and connections to City and regional trail systems.

Special Parks, Recreation and Human Services Commission Communication

Item No. 3A.

## Ad Hoc Committee Appointment – Arovista Park Pickle Ball

TO	PREPARED BY
Chair and Members of the Parks, Recreation, and Human Services Commission	Carrie Hernandez, Director of Community Services
DEPARTMENT HEAD APPROVAL	CITY MANAGER APPROVAL
Carrie Hernandez, Director of Community Services	Kristin Griffith, City Manager

### **RECOMMENDATION**

That the Commission discuss moving forward with establishing an Arovista Park Pickle Ball Ad Hoc Committee. If in agreement, Chair Rifulato would appoint two (2) members to this Ad Hoc Committee.

### **BACKGROUND/DISCUSSION**

Commission members annually serve on current and active ad hoc committees to investigate and review issues and projects that are of special interest to the Commission. It is customary to review the list of Commission ad hoc committees to determine their viability and for the Chair to maintain or modify the existing appointments to these ad hoc committees in the first quarter of the calendar year.

With the Arovista Park Modernization project underway, staff would recommend establishing an Ad Hoc Committee regarding Arovista Park Pickle Ball outside of the normal timeline. It will be imperative to have rules, guidelines and various parameters established before the park opens in 2026.

**Subject:** Urgent Request to Prioritize Playground Replacement at Country Hills Park

Dear Brea Parks and Recreation Committee,

I am writing to express the urgent and long-overdue need for new playground equipment at **Country Hills Park**. The children of the Country Hills community and school deserve safe, modern, and engaging play spaces comparable to those found in other Brea neighborhoods such as **Olinda, Arovista, and Laurel**.

Currently, Country Hills Park still relies on playground equipment that is more than **30 years old**—a situation that highlights a significant disparity in investment and attention. While the City has approved **\$22 million** for improvements at Arovista Park, the ongoing needs of the Country Hills community have been **delayed or overlooked**.

As a **Brea resident**, I respectfully request that the **replacement of the Country Hills Park playground** be added to the **2025 Parks and Recreation agenda** as a priority project. Our community's children have waited patiently for far too long for the safe and updated play environment they deserve.

Thank you for your attention and commitment to improving our city's parks.

Sincerely,

Brea's Parks and Recreation Committee,

This email is to inform the committee of the urgent and overdue need for new playgrounds for Country Hills Park. The children of Country Hills community and school deserve adequate playground equipment comparable to other Brea neighborhoods like Olinda, Arovista, and Laurel. We are practically the last remaining park in the city of Brea with playground equipment dating back more than 30 years! That is ridiculous and a clear sign of disparity. While the city has approved to spend \$22 million on Arovista Park, you have denied and stalled the demands and needs of the Country Hills community and school. The children of Country Hills have suffered and been patient enough.

In a personal note, I have 2 children that attend the school and I am always saddened at the sight of the outdated playgrounds every time I drop them off and pick them up. Also I am an employee of LA County. Whenever I attend community meetings in LA County that are held at parks, I cannot believe how much newer the playgrounds there are versus my own city of residence. Please do not wait on giving the wonderful children of Country Hills Elementary and the surrounding community the playground they need.

Sincerely,

Sarah [REDACTED]

**Subject:** Urgent Request for Playground Replacement at Country Hills Park

Dear Brea Parks and Recreation Committee,

I am writing to bring attention to the urgent and long-overdue need for new playground equipment at Country Hills Park. The children of the Country Hills community and school deserve playgrounds that are on par with those in other Brea neighborhoods, such as Olinda, Arovista, and Laurel.

Unfortunately, Country Hills Park is among the last remaining parks in the city with playground equipment that is over 30 years old. This is not only unacceptable but highlights a concerning disparity in the quality of facilities available to our community. While I understand that significant funding has been allocated for Arovista Park, the needs of the Country Hills community have been consistently delayed or overlooked.

As a resident of Brea, I respectfully urge the committee to prioritize the replacement of the playground equipment at Country Hills Park in the 2025 Parks and Recreation agenda. The children of this community have patiently awaited the necessary upgrades, and it is time to ensure they have a safe, modern, and enjoyable space to play.

Thank you for your attention to this matter. I look forward to your response and a positive resolution.

Sincerely,

Sarah [REDACTED]

Dear Brea Parks and Recreation Committee,

This email is to inform the committee of the urgent and overdue need for new playgrounds for Country Hills Park. I live in Country Hills with my family and was one of the parents that spoke at the meeting back in March 2025. The children of Country Hills community and school deserve adequate playground equipment comparable to other Brea neighborhoods like Olinda, Arovista, and Laurel. We are practically the last remaining park in the city of Brea with playground equipment dating back more than 30 years! Quite frankly, it's

a little embarrassing that the kids at Country Hills grades 1-6 are expected to play on the current playground. While the city has approved to spend \$22 million on Arovista Park, you have denied and stalled the demands and needs of the Country Hills community and school. This email is to document that as a Brea resident, I call for the replacement of the playgrounds of Country Hills Park to be put onto the priority list for the 2025 Parks and Recreation agenda. **Subject:** Urgent Request for New Playground Equipment at Country Hills Park

To the Brea Parks and Recreation Committee,

This email addresses the urgent and long-overdue need for the replacement of playground equipment at Country Hills Park. The children of the Country Hills community and Country Hills Elementary School deserve modern, adequate, and safe playground facilities comparable to those found in other Brea neighborhoods like Olinda, Arovista, and Laurel.

Currently, the playground equipment at Country Hills Park is over 30 years old, a clear sign of disparity when compared to recent investments in other Brea parks. It is unacceptable that our community has been left with such outdated facilities. While the City has committed \$22 million to the Arovista Park project, the documented needs and demands of the Country Hills community and school have been repeatedly denied or stalled.

As a Brea resident, I formally request that the replacement of the Country Hills Park playgrounds be immediately placed on the priority list for the 2025 Parks and Recreation agenda.

The children of Country Hills have been patient enough and should no longer be forced to use equipment that is clearly past its useful life. We expect this matter to be treated with the seriousness and urgency it deserves.

Sincerely,

**Subject:** Concerned parent Country Hills Elementary School

Dear Brea City Council Members,

I am writing on behalf of the Country Hills Elementary School community to express serious concern regarding the lack of a playground on our school campus. Currently, there is no playground available for students in grades 1-6 on school grounds. The only nearby play area is the small, outdated, and ungated playground at Country Hills Park, located just outside the campus.

For years, children have been expected to leave school grounds and use that public park for recess and play. This practice is not only unreasonable but also unsafe. The park's playground equipment is not secured from public access, and with transient activity and the presence of many mentally ill individuals, it poses a very real safety risk. Bathrooms in the park provide places where people can hide, further exacerbating the danger. It should not take a child being harmed for the city to prioritize creating a safe, modern play space within the protection of their own school campus.

Having recently moved to Brea, I must say that while the district has been disappointing, the absence of a playground for children is unacceptable. Play is an essential part of child development—supporting physical health, social interaction, emotional growth, and academic focus. When kids aren't playing, the risk of bullying increases, and we all know that social media and YouTube are not beneficial substitutes.

Every child in Brea deserves a safe place to play, especially during the school day. While the city has approved \$22 million in improvements for Arovista Park, the children of Country Hills continue to be overlooked. This inequity is clear and unacceptable.

As a Brea resident and parent, I am calling on the City Council to prioritize funding for a new, secure playground on the Country Hills Elementary School campus as part of the 2025 Parks and Recreation agenda. Our children deserve the same opportunities for safe and healthy play as every other neighborhood in Brea.

Sincerely,  
Samantha [REDACTED]

We are practically the last remaining park in the city of Brea with playground equipment dating back more than 30 years! That is ridiculous and a clear sign of disparity. While the city has approved to spend \$22 million on Arovista Park, you have denied and stalled the demands and needs of the Country Hills community and school. This email is to document that as a Brea resident, I call for the replacement of the playgrounds of Country Hills Park to be put onto the priority list for the 2025 Parks and Recreation agenda. The children of Country Hills have suffered and been patient enough.**

Sincerely,

Jen [REDACTED]

**Subject:** Urgent: Country Hills Playground Renovation Must Be a Priority

My name is Jacqueline, and I am the mother of [REDACTED] (4th grade) and [REDACTED] (1st grade) at Country Hills Elementary.

I am writing with a heavy heart and deep concern. Although my children were born in the United States, we lived abroad for some time due to my work and recently returned to enroll them at this wonderful school. Thanks to Principal Lopez's passionate leadership and the dedicated teachers, we have been impressed by the rich educational programs and diverse activities offered here.

However, I was shocked to see the condition of the playground facilities. They are not only outdated but also insufficient, leaving many children wandering around during recess and lunch because there is simply not enough equipment for them to play. As you know, physical play is essential for children's growth and development, and it cannot be overstated how critical this is for their well-being.

Compared to other areas—and even other countries—the current playground situation is extremely poor. As a Brea resident, I respectfully urge that the replacement of the playgrounds at Country Hills Park be placed on the priority list for the 2025 Parks and Recreation agenda. Our students are suffering, and if we do not prioritize their growth and health, what could possibly take precedence?

Please, I kindly ask for your help in addressing this urgent matter. Thank you for your time and for your commitment to our community's children.

Sincerely,  
Jacqueline

# Olinda Oil Museum and Trail

During open hours for the museum, visitors totaled 53, which was a slower month with visitors from Orange County and the Inland Empire. There were no special groups tours during August. The docents staffed a booth at Brea Fest sharing information with attendees about the museum and trail.

The trail's popularity remains constant with it being a favorite for walkers and hikers in and around Brea. The weather remains a key factor in volume using the trail. The warmer weather has definitely brought many hiking and walking enthusiasts to the site.

The site's historic landmark *Olinda Well # 1*, which was drilled in 1897, was shut down due to an oil company, Bridgeland Energy having a dispute with the CA Environmental Agency. The docents and City staff have explored various explored our various contacts without resolution.

We continue to review the docent recruitment process, and we are always looking for those interested in volunteering at the site. Thank you for all of our docents/volunteers who spend hours sharing their knowledge with our visitors!

# Park Development Fund (Fund 250) Update

The Park Development Fund has a current balance of \$404,023. At the July 23, 2025, Commission meeting, it was approved to have the Brea Plunge large pool plastered for a not to exceed amount of \$170,000. That leaves a balance of \$234,023. There are two projects that were approved by the Planning Commission on March 11, 2025, and the City Council on April 1, 2025. Brea Plaza would add a 120-unit apartment building and the project at Greenbriar would add 179 single-family units yielding \$673,320 and \$1,757,422 in park development fees respectively. In addition, we have two projects under construction: the Brea Mall Housing project of 380 apartments (\$2,132,180) and the South Brea Townhome project consists of 32 single-family units (\$221,552). The future anticipated park development fees total \$5,018,497.

# Facility Reservations

The Facility Reservations Program continues to receive numerous inquiries for both indoor and outdoor events. In September, we hosted five weddings, two birthdays, one baby shower, the Miracle Ann Club, and four celebration of life services. Business and non-profit clients—including Brea Soccer, North Orange County Community College District, Excel Academy, Prominent Escrow, Peterson Brothers Construction, and Anchor Bay Capital—rented spaces throughout the month. Church clients, including Saddleback Church, Renew Church, and Calvary Life Fellowship, continue to meet each Sunday at the Brea Community Center, Civic & Cultural Center, and Brea Senior Center, respectively.

## Women's Volleyball League Begins Fall Season

The Brea Women's Volleyball League began its Fall season in September. Games take place on the West Court of the Brea Community Center every Monday night. The league consists of eight teams that compete in a 10-week season, with the final three weeks dedicated to playoffs. Four games are played each week, starting at 6 p.m. and ending at 10 p.m. The league has proudly retained the same eight teams for the past four seasons!

# Youth Programs

The After School Program and Teen Zone are off to a strong start for another exciting school year. Children are enjoying new friendships and daily routines at the Community Center. Each day is filled with recreational activities such as arts and crafts, sports, playground time, and games—alongside dedicated study hall time to complete homework. Enrollment is nearly full, with only a few spaces remaining. The programs continue to see an average of 90 students per day.

The Student Advisory Board has been actively engaged in community service over the past month. Members participated in the Inner Coastal Cleanup Day at Brea Creek, attended their first PRHS Commission Meeting of the school year, and assisted at the Junior High dance.

The Tiny Tots part-time preschool program is nearing the end of its Fall session, with 67 students currently enrolled—nearly half of whom also participate in the Lunch Bunch program. It's been a fun and engaging month filled with new friendships, classroom success, and skill-building. The children have been exploring fall themes and are now preparing for their Halloween festivities and mini concert for families. The Holiday Session begins November 7 and will run through the Christmas holiday. Limited spaces remain for the 3- and 4-year-old classes.

## HIGHLIGHTS

### Brea Flu Shot Clinic

In collaboration with Albertsons Pharmacy, the Senior Center held its second Flu Shot Clinic on September 19, drawing a strong turnout from those looking to protect themselves ahead of flu season. Due to ongoing parking lot construction, this year's event was scaled down, with no health screenings or vendor booths. Instead, vaccines for Flu, RSV, Pneumonia, COVID, and Shingles were successfully offered to seniors from Brea and neighboring cities. Each attendee also received a Wellness Bag filled with valuable health resources and information, made possible through the generosity of our community sponsors. We are grateful for everyone's patience and understanding during these temporary adjustments and look forward to returning the event to full capacity next year!

# Senior Center

## Disco Party!

Our first-ever Disco Party was a groovy good time, with seniors dressed in sequins and bell bottoms dancing to the greatest hits of the '70s. Song requests poured in for entertainers Anthony and Donielle Bernasconi, who had the crowd moving to the “Hustle” and “YMCA.” After raffle prizes were awarded, the sold-out crowd enjoyed a comforting meal of Chicken Cordon Bleu, rice pilaf, squash medley, Caesar salad, and a brownie for dessert.

# Resource Center

The Brea Resource Center's Counseling Program continues to provide affordable individual and family counseling to the community. The Counseling Program provides both in-person and telehealth sessions for their clients. Our trainees consist of college students in their respective graduate programs attempting to complete their practicum hours to fulfill their graduation requirements.

Veteran Service Officers Ron Garcia and Gary Colletti continue to provide veteran services to our local veterans at the Brea Resource Center and Senior Center. Ron, who conducts one-on-one veteran services counseling at the Brea Resource Center, will often counsel his clients over the phone to ensure they are provided the resources and information that they need.

Through their services, both Ron and Gary provide benefit claims counseling and referral assistance to our local heroes. For the month of September, our Veteran Service Officers assisted **27 Veterans**.
