— 2. WAIVE further reading and ADOPT Ordinance No. 26-2604U, "AN INTERIM URGENCY ORDINANCE OF THE CITY OF CARSON, CALIFORNIA, EXTENDING URGENCY ORDINANCE NO. 26- 2604U, WHICH INSTITUTED A 45-DAY TEMPORARY MORATORIUM ON THE ESTABLISHMENT OR EXPANSION OF DRIVE-THROUGH RESTAURANTS WITHIN CITY LIMITS DURING THE PENDENCY OF THE CITY'S REVIEW AND ADOPTION OF PERMANENT ZONING REGULATIONS FOR SUCH USES FOR AN ADDITIONAL TEN MONTHS AND FIFTEEN DAYS, AND DECLARING THE URGENCY THEREOF

City Clerk/Agency Secretary/Authority Secretary, Dr. Bradshaw gave the Public Hearing Report.

Mayor/Agency Chairman/Authority Chairman Davis-Holmes declared the Public Hearing open.

Public Comment

Brandi Lewin

Spoke in support of the moratorium and possible drive-through restaurants that should be considered

Council Member/Agency Member/Authority Board Member, Dr. Hilton agreed with Brandi Lewin's comments and asked City Council to consider options on a case-by-case basis.

During discussion of the motion, Council Member/Agency Member/Authority Board Member Dear asked the City Attorney how will it work if the City Council considers a drive-through restaurant during the moratorium and what is staff's plan. City Attorney Soltani and City Manager Roberts, Jr. responded to his questions.

Motion To Approve submitted by Dr. Jawane Hilton seconded by Cedric L. Hicks Sr. resulting in 5-0-0-0-0

DISCUSSION (Items 18-19)

18. CONSIDER AN UPDATE ON CITY PROJECTS (CITY COUNCIL)

RECOMMENDED ACTION

— 1. RECEIVE and FILE this report.

Director Freeman announced and shared copies of the City of Carson Opportunity Sites pamphlet.

Council Member/Agency Member/Authority Board Member Rojas requested a map of the Opportunity Sites. City Manager Roberts, Jr. responded in the affirmative. Director Freeman noted a QR Code on the pamphlet which will direct one to the map of the Opportunity Sites.

Council Member/Agency Member/Authority Board Member, Dr. Hilton asked if there were any updates for funding of the Avalon Boulevard/University Drive area. Director Freeman mentioned possible use of Facade Program Funds and Grant Funds for a shopping center.

Mayor Pro Tempore/Agency Vice Chairman/Authority Vice Chairman Hicks, Sr. requested a status report of having a market back and facade improvement of the Presidents Tract area in District 3. He asked if the area was listed as one of the Opportunity Sites on the pamphlet. Director Freeman responded he would confirm.

The Mayor and City Council thanked Director Freeman for his work.

ACTION: Mayor/Agency Chairman/Authority Chairman Davis-Holmes ordered this item Received and Filed with no objection heard.

19. CONSIDERATION OF ONLY LOCAL UNCONTESTED APPOINTMENTS TO THE CITY'S COMMISSIONS, COMMITTEES, AND BOARDS, AND CITY AFFILIATED ORGANIZATIONS BY MAYOR AND CITY COUNCIL AND CONSIDER ALL (CONTESTED AND UNCONTESTED) APPOINTMENTS TO ALL COMMISSIONS (CITY COUNCIL)- 8:21 PM

RECOMMENDED ACTION

— 1. CONSIDER and only APPOINT uncontested members to the City Commissions, Committees, and Boards;

— 2. CONSIDER and APPOINT all (contested and uncontested) members to all commissions;

— 3. CONSIDER and APPOINT members to City Affiliated Organizations;

— 4. DIRECT the City Clerk to notify all affected appointments of this action in writing;

— 5. IF APPLICABLE, DIRECT the City Clerk to post and publish in accordance with the Maddy Act

ACTION: The Mayor and City Council took the following action:

Public Relations Commission

Mayor Davis-Holmes appointed Shirley Smith as Alternate 2 to the Public Relations Commission.

Motion to ratify the Mayor's appointment of Shirley Smith as Alternate 2 to the Public Relations Commission submitted by Council Member Dear seconded by Mayor Pro Tempore

Hicks, Sr. resulting in 5-0-0-0-0

City Clerk, Dr. Bradshaw requested that commission applications be submitted to her office before any appointments are made by the Mayor and City Council to facilitate the appointment process and will work on updating the commission application.

Motion To Approve submitted by Jim Dear seconded by Cedric L. Hicks Sr. resulting in 5-0-0-0-0

ORDINANCE SECOND READING

None.

ORAL COMMUNICATIONS FOR MATTERS NOT LISTED ON THE AGENDA (MEMBERS OF THE PUBLIC)

This item was heard after Item No. 11.

BJ Douglas

Stated he is an actor, comedian, philanthropist, one of the original Power Rangers, and President of United Rangers of America; spoke about the Carson High School Reading Program

COUNCIL MEMBER REQUESTS TO ADD ITEMS TO FUTURE AGENDAS

None.

ORAL COMMUNICATIONS (COUNCIL MEMBERS)

Council Member/Agency Member/Authority Board Member, Dr. Hilton offered the following comments:

- Reminded everyone of the Town Hall Meeting for District 1, Thursday, March 12, 2026, at 6:30 P.M., Stevenson Park
- Attended a Town Hall Meeting the other night about the "wall" on Avalon Boulevard and requested better advertisement

Mayor/Agency Chairman/Authority Chairman Davis-Holmes offered the following comments:

- Noted the next Town Hall Meeting, Thursday, March 5, 2026, will be held at Anderson Park. She reminded everyone there is only 50 homes in the University area, therefore, would not have the same impact as other Town Hall Meetings. She asked how many homes are near the wall. Deputy City Manager Toman responded there are 24 homes that are close to the central wall in question and gave an update of the survey.

Mayor Pro Tempore/Agency Vice Chairman/Authority Vice Chairman Hicks, Sr. offered the following comments:

- Congratulated everyone who participated in the Black History Month program which was an outstanding event and was pleased to see Halls A, B, and C were full
- Noted a meeting will be held regarding the central wall, Thursday, March 5, 2026, at 6:00 P.M., Anderson Park. He encouraged everyone who live near the area to attend the meeting.

Council Member/Agency Member/Authority Board Member, Dr. Hilton and Mayor Pro Tempore/Agency Vice Chairman/Authority Vice Chairman Hicks, Sr. both addressed the "wall" issue for the residents along Avalon Boulevard who are impacted by the wall.

Council Member/Agency Member/Authority Board Member Rojas offered the following comments:

- Thanked Council Member Ray Jackson from Hermosa Beach, President of Independent Cities Association (ICA), for allowing her to be the Keynote Speaker at the ICA Conference on the Power of Social Media for elected officials
- Thanked Multimedia Manager Myeshia Horton and Multimedia Producer Ravynne Staine for preparing her curriculum and for the work they have done in the new Multimedia Department
- Thanked Council Aide Keichun Graves for her support

Mayor/Agency Chairman/Authority Chairman Davis-Holmes offered the following additional comments:

- Shared that the Black History Month program was outstanding
- Commended Council Member Rojas for her attendance at the ICA Conference
- Thanked the City Manager, staff, and the Multimedia Division for their work
- Stated that she and Council Member Rojas held a Town Hall Meeting at Foisia Park that was well attended
- Thanked her colleagues for hosting Town Hall Meetings

Council Member/Agency Member/Authority Board Member Dear offered the following comments:

- Pleased with the Multimedia Division's work
- Attended the African American History Month Celebration and complimented everyone who participated.

This item was heard again after the Memorial Adjournments portion of the meeting.

Mayor/Agency Chairman/Authority Chairman Davis-Holmes announced the State of the City Address will be held on March 19, 2026. She thanked everyone for their support.

Report to Honorable Mayor and City Council

Tuesday, March 17, 2026, 5:00 PM

CONSENT 10.

To: Honorable Mayor and City Council

From: William Jefferson, Director of Finance FIN Purchasing

Subject: CONSIDER A REPORT OF ALL CITY CONTRACTS APPROVED UNDER THE AUTHORITY OF DEPARTMENT DIRECTORS FOR THE PERIOD FEBRUARY 1, 2026 THROUGH FEBRUARY 28, 2026 PURSUANT TO CMC SECTION 2604 (CITY COUNCIL)

I. SUMMARY

The City Manager is presenting to the City Council a list of all new contracts and amendments procured under City Manager Designee authority as required by Section 2604 of the Carson Municipal Code for the period February 1, 2026 through February 28, 2026.

II. RECOMMENDATION

RECEIVE and FILE this report.

III. ALTERNATIVES

TAKE another action as deemed appropriate by the City Council, consistent with the requirements of the law.

IV. BACKGROUND

On January 9, 2024 (Item No. 27), Council approved Ordinance No. 23-2309 amending various sections of Chapter 6 (Purchasing System) of Article II (Administration) of the Carson Municipal Code. Ordinance No. 23-2309 increased the City Manager's authority to procure materials, supplies, equipment, services and professional services from $25,000 to $75,000. Section 2604 now requires the City Manager to, once per month, present to the City Council a list of all new contracts and amendments procured under City Manager or designee's authority. The City Manager has appointed Directors the authority to approve purchases and sign City contracts of up to $25,000.

Attached as Exhibit 1 is the City Manager's Contract Report for contracts executed by approved designees within the period February 1, 2026 through February 28, 2026.

V. FISCAL IMPACT

None.

CITY OF CARSON

701 East Carson Street

Report to Honorable Mayor and City Council

Tuesday, March 17, 2026, 5:00 PM

CONSENT 12.

To: Honorable Mayor and City Council

From: William Jefferson, Director of Finance FIN Administration

Subject: CONSIDER A REPORT ON ALL INTRADEPARTMENTAL BUDGET TRANSFERS APPROVED UNDER THE CITY MANAGER OR DESIGNEE AUTHORITY FOR THE MONTH OF FEBRUARY 2026 PER ORDINANCE 24-2401 (CITY COUNCIL)

I. SUMMARY

On February 20, 2024 (Item No. 27), Council adopted Ordinance 24 -2401 amending Section 2955.1 (Budget Transfers) of Chapter 9.5 (Fiscal Administration) of Article II (Administration) of the Carson Municipal Code (CMC). CMC Section 2955.1 now requires that once per month during a regular City Council meeting, a list of all interdepartmental budget transfers approved under City Manager authority, including any Departmental Director-approved transfers, shall be presented to the City Council. Per CMC Section 2955.1, staff are presenting to Council a report of interdepartmental budget transfers authorized by the City Manager or designee for the period of February 2026 (Exhibit No. 1).

II. RECOMMENDATION

RECEIVE and FILE the report (Exhibit No. 1).

III. ALTERNATIVES

TAKE another action the City Council deems appropriate and consistent with the requirements of the law.

IV. BACKGROUND

The City's budget is a critical tool for allocating resources to various departments and initiatives, ensuring the efficient delivery of services to residents. Throughout the fiscal year, departments may encounter unforeseen circumstances or evolving priorities that necessitate adjustments to their budgets. These adjustments often involve transferring funds between line items to address emerging needs or to capitalize on new opportunities.

In compliance with CMC 2955.1, the City Manager may approve any budget transfer within the same City department, except for transfers involving personnel-related funds or expenditures, such as salaries or benefits. Department Directors may also approve interdepartmental budget transfers within their respective Departments on terms prescribed by the City Manager (subject to compliance with CMC 2955.1 and applicable law), except that: (i) Department Directors shall not be permitted to approve any interdepartmental budget transfers involving personnel-related funds or expenditures, such as salaries or benefits; and (ii) the City Manager shall have authority to restrict (including by removing) the interdepartmental budget transfer authority of one or more Department Directors as deemed necessary in the City Manager’s sole discretion.

These requests undergo careful review to assess the justification, necessity, and potential impact of the proposed transfers. The City Manager's office then presents these monthly reports to the City Council.

Attached as Exhibit 1 is the Interdepartmental Budget Transfers Report for City Manager or designee authority executed in February 2026.

V. FISCAL IMPACT

No fiscal impact, monthly report is submitted for informational purposes. No policy change or budget action is requested.

Report to Honorable Mayor and City Council

CONSENT 8.

To: Honorable Mayor and City Council

From: William Jefferson, Director of Finance FIN Accounting

Subject: CONSIDER ADOPTING RESOLUTION NO. 26-027, A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON RATIFYING CLAIMS AND DEMANDS IN THE AMOUNT OF $1,300,360.93, DEMAND CHECK NUMBERS 183818 THROUGH 183922 FOR GENERAL DEMAND (CITY COUNCIL)

I. SUMMARY

RESOLUTION NO. 26-027, A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON RATIFYING CLAIMS AND DEMANDS AS FOLLOWS:

- TOTAL OF $1,300,360.93 FOR GENERAL DEMANDS CHECK NUMBERS 183818 THROUGH 183922.

II. RECOMMENDATION

WAIVE further reading and ADOPT Resolution No. 26-027, "A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON RATIFYING CLAIMS AND DEMANDS IN THE AMOUNT OF $1,300,360.93, DEMAND CHECK NUMBERS 183818 THROUGH 183922 FOR GENERAL DEMAND".

III. ALTERNATIVES

None.

IV. BACKGROUND

THE CITY COUNCIL OF THE CITY OF CARSON DOES HEREBY RESOLVE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1: The claims and demands have been reviewed and verified for accuracy and compliance with the budget and applicable agreements and are hereby ratified in the amount herein after set forth, a copy of which is attached hereto as Exhibit No. 1.

SECTION 2: On March 17, 2026, the City Council ratified the above demand numbers 183818 through 183922 for General Demand. The City Treasurer is hereby directed to pay out the funds named hereon, to each of the claimants listed above, the amount of warrant appearing opposite their respective names, for the purpose stated on the respective demands, making a total of $1,300,360.93.

SECTION 3: That the City Clerk shall certify to the passage and adoption of this Resolution and enter it into the book of original resolutions.

PASSED, APPROVED, and ADOPTED this 17TH DAY OF MARCH, 2026.

APPROVED AS TO FORM:

_____
Sunny K. Soltani, City Attorney

CITY OF CARSON:

_____
Lula Davis-Holmes, Mayor

ATTEST:

_____
Dr. Khaleah K. Bradshaw, City Clerk

V. FISCAL IMPACT

CERTIFICATION

In accordance with Section 37202 of the California Government Code, I hereby certify that the above demands are accurate and that funds are available for payment thereof. I certify under penalty of perjury that the foregoing is true and correct.

EXECUTED THE 17TH DAY OF MARCH, 2026 AT CARSON, CALIFORNIA:

_____
David C. Roberts, Jr., City Manager

STATE OF CALIFORNIA)
COUNTY OF LOS ANGELES) ss.
CITY OF CARSON)

I, Dr. Khaleah K. Bradshaw, City Clerk of the City of Carson, California, hereby attest to and certify that the foregoing resolution, being Resolution No. 26-027, adopted by the City of Carson City Council at its meeting held on March 17, 2026 by the following vote:

AYES: COUNCIL MEMBERS:

NOES: COUNCIL MEMBERS:

ABSTAIN: COUNCIL MEMBERS:

ABSENT: COUNCIL MEMBERS:

_____
Dr. Khaleah K. Bradshaw, City Clerk

CONSENT 16.

To: Honorable Mayor and City Council

From: Michael George, Government Affairs Officer CMO Administration

Subject: CONSIDER TAKING A POSITION OF OPPOSITION TO ASSEMBLY BILL 1768 (BRYAN) AND THE RELATED LOS ANGELES COUNTY SALES TAX MEASURE PROPOSED FOR THE JUNE 2026 BALLOT (CITY COUNCIL)

I. SUMMARY

The purpose of this report is to request City Council authorization to submit two letters expressing the City of Carson's opposition to legislation and related actions that would authorize a new countywide sales tax increase in Los Angeles County.

The Los Angeles County Board of Supervisors has voted to place a 0.5% sales tax measure on the June ballot intended to address anticipated reductions in federal health care funding associated with H.R. 1. However, state legislation (AB 1768) is required to exempt this measure from the statewide 2% local sales tax cap. Consequently, both County approval and state authorization are necessary before the tax could take effect if voters approve it.

Staff is requesting City Council direction to submit two letters on behalf of the City of Carson City Council:

1. A letter to the California State Assembly expressing opposition to AB 1768.
2. A letter to the Los Angeles County Board of Supervisors expressing opposition to the proposed sales tax authorization and related ballot measure.

II. RECOMMENDATION

TAKE a position of OPPOSITION and DIRECT staff to submit the two proposed letters.

III. ALTERNATIVES

TAKE another action the City Council deems appropriate and that is consistent with applicable laws.

IV. BACKGROUND

Assembly Bill 1768 has been introduced in the California State Legislature to authorize the County of Los Angeles to levy an additional 0.5 percent sales tax that would be exempt from the statewide 2 percent local sales tax cap.

The Los Angeles County Board of Supervisors has voted to place the proposed measure on the June ballot to address anticipated funding shortfalls for health care and other essential services following federal actions related to H.R. 1. However, the County cannot implement the tax without state authorization to exceed the local sales tax cap. This creates a two-step approval process: voter approval at the County level and statutory authorization at the State level.

Los Angeles County voters recently approved Measure A, which increased the countywide sales tax by 0.5 percent and was also exempted from the state cap. The City of Carson is concerned about the cumulative impact of multiple sales tax increases on residents and local businesses.

Sales tax rates within Los Angeles County are already among the highest in the region, exceeding 10% in some areas, while neighboring counties maintain lower rates. Additional sales tax increases may impact consumer spending, regional competitiveness, and the affordability of everyday goods for residents.

While the City recognizes the importance of maintaining access to essential health services, staff believes that authorizing additional local sales tax increases may place further financial pressure on residents who are already facing rising costs for housing, food, fuel, and other necessities.

The proposed letters would communicate the City Council's concerns regarding the regressive nature of sales taxes, the cumulative impact of multiple tax increases, and the absence of dedicated fiscal safeguards associated with the proposed tax authorization. Submitting letters to both the bill author and the Los Angeles County Board of Supervisors ensures the City's position is communicated to decision-makers at both the state and county levels.

V. FISCAL IMPACT

There is no direct fiscal impact associated with authorizing the proposed opposition letters. However, if the proposed countywide sales tax authorization were ultimately approved by the California State Legislature and subsequently approved by voters, it could increase the sales tax rate paid by residents and businesses within the City of Carson. At this time, the proposed action is limited to communicating the City Council's policy position regarding the legislation and the related proposed tax authorization.

Letter to Assemblymember Bryan

Letter to Los Angeles County Board of Supervisors

The Honorable Isaac G. Bryan
California State Assembly
State Capitol
Sacramento, CA 95814

RE: City of Carson Opposition to AB 1768 (Bryan)

Dear Assemblymember Bryan,

On behalf of the City of Carson City Council, we write to respectfully express our opposition to AB 1768, which would authorize the County of Los Angeles to levy a new 0.5 percent sales tax that would be exempt from the statewide 2 percent local sales tax cap.

The City of Carson recognizes the significant challenges facing the region's health care system, particularly in light of federal actions that have created uncertainty and funding shortfalls for essential health services. Our City supports efforts to ensure that residents across Los Angeles County continue to have access to critical health care services.

However, AB 1768 would authorize a new sales tax increase that would further raise the cost of everyday goods for residents already struggling with the rising cost of living. Sales taxes are inherently regressive and disproportionately impact working families and lower-income households. In communities like Carson, where many residents are already facing significant economic pressures related to housing, utilities, fuel, and groceries, an additional sales tax increase would add further strain.

Los Angeles County voters recently approved Measure A in 2024, which also raised the sales tax by 0.5 percent and was exempted from the state cap. Authorizing yet another increase so soon after that vote raises serious concerns about affordability and the cumulative impact of sales taxes on residents and businesses. In some parts of Los Angeles County, sales tax rates are already among the highest in the state.

Additionally, AB 1768 would authorize a general tax without specific safeguards or guarantees ensuring that the revenue generated would be directed toward the health care purposes being cited as justification for the proposal. The City of Carson believes that any proposal of this magnitude should include strong fiscal safeguards, transparency, and accountability to ensure public trust.

We also believe that the health care funding challenges facing Los Angeles County reflect a broader statewide issue that should be addressed through comprehensive solutions at the state level rather than through piecemeal local tax increases.

For these reasons, the City of Carson respectfully opposes AB 1768 and urges you to reconsider this proposal.

Thank you for your consideration of the City's position. If you have any questions, please feel free to contact our Government Affairs Office at mgeorge@carsonca.gov.

Sincerely,

City of Carson City Council

Chair Hilda L. Solis and Members
Los Angeles County Board of Supervisors
500 West Temple Street
Los Angeles, CA 90012

RE: City of Carson Opposition to Proposed Sales Tax Increase Associated with AB 1768

Dear Chair Solis and Members of the Board:

On behalf of the City of Carson City Council, we write to respectfully express our opposition to the proposed sales tax measure associated with AB 1768 that would authorize the County of Los Angeles to levy an additional 0.5 percent sales tax exempt from the statewide 2 percent local sales tax cap.

The City of Carson recognizes the serious financial challenges facing Los Angeles County's health care system, particularly in light of federal actions that have significantly reduced funding for essential health services. We share the County's concern about ensuring that residents across the region continue to have access to vital health care programs and services.

However, the City has significant concerns about relying on an additional sales tax increase to address this challenge. Sales taxes are inherently regressive and disproportionately impact working families and lower-income residents who already face rising costs for housing, groceries, fuel, and other basic necessities.

Los Angeles County voters recently approved Measure A in 2024, which increased the sales tax by 0.5 percent and was exempted from the state cap. Proposing another sales tax increase so soon after that measure raises concerns about affordability and the cumulative impact of sales taxes on both residents and local businesses. In many areas of the County, sales tax rates are already among the highest in the state, which may also create competitive disadvantages for local businesses compared with neighboring counties with lower tax rates.

The City of Carson is also concerned that the proposed tax is structured as a general tax without clear fiscal safeguards or dedicated spending requirements. Without specific accountability measures or guarantees regarding how the funds will be used, it is difficult for local jurisdictions to support a proposal of this magnitude.

While we strongly support efforts to maintain access to health care services for Los Angeles County residents, we believe that the scale of this challenge warrants a broader statewide solution rather than relying solely on additional local sales taxes.

For these reasons, the City of Carson respectfully opposes the proposed sales tax authorization associated with AB 1768.

Thank you for your consideration of the City's concerns. We look forward to continuing to work collaboratively with the County on solutions that protect essential services while also maintaining affordability for our residents. If you have any questions, please feel free to contact our Government Affairs Office at mgeorge@carsonca.gov.

Sincerely,

City of Carson City Council

CITY OF CARSON

701 East Carson Street

Report to Honorable Mayor and City Council

Tuesday, March 17, 2026, 5:00 PM

CONSENT 17.

To: Honorable Mayor and City Council

From: Dr. Khaleah K. Bradshaw, City Clerk {{department}} {{division}}

Subject: CONSIDER APPROVAL OF CONTRACT AMENDMENT NO. 1 FOR AMERICAN SIGN LANGUAGE INTERPRETATION SERVICES (CITY COUNCIL)

I. SUMMARY

The City Clerk is seeking City Council approval to amend an existing contract with Language Network, Inc. to increase the amount of the contract to cover the services rendered for American Sign Language at all council meetings for the remainder of the fiscal year. The original contract amount was approved by the City Manager in the amount of $60,000. The scope of work remains the same; the sole purpose of this amendment is to increase the dollar amount. It is important to note that the law that requires American Sign Language at council meetings went into effect in the middle of the year, therefore there was not an opportunity to properly budget for this item prior to the law going into effect.

II. RECOMMENDATION

1. APPROVE Amendment No.1 to contract with Language Network. for American Sign Language Interpretation Services, for an increased amount not to exceed $95,000, increasing the total contract sum to $155,000; and
2. AUTHORIZE the Mayor to execute the amendment after approval as to form by the City Attorney.

III. ALTERNATIVES

1. TAKE another action the City Council deems appropriate.

IV. BACKGROUND

Due to higher-than-anticipated demand for ASL interpretation services at commissioner meetings and special events that were named in the original scope but not calculated into the budget, the Contract Sum has been expended faster than anticipated, and unless increased will likely be exhausted prior to the scheduled expiration of the initial three-year term of the Agreement (May 20, 2027).

As a result, staff is requesting the City Council to approve Amendment No. 1 for an additional $95,000 increasing the total contract sum to $155,000.

V. FISCAL IMPACT

The cost associated with Contract Amendment No. 1 with Language Network, Inc. is a total not to exceed the amount of $155,000. The original contract was awarded for $60,000.

G/L Account 101-30-100-101-6004 (Professional Services) will cover the remaining funding for services March-June 2026 estimated in the amount not to exceed $12k, which averages around $1700 per meeting for the remaining 7 meetings. The same account will cover services for the 2026-2027 fiscal year as well.

VI. EXHIBITS

CONTRACT SERVICES AGREEMENT

By and Between

CITY OF CARSON

and

LANGUAGE NETWORK, INC.

AGREEMENT FOR CONTRACT SERVICES
BETWEEN THE CITY OF CARSON AND
LANGUAGE NETWORK, INC.

THIS AGREEMENT FOR CONTRACT SERVICES (herein "Agreement") is made and entered into this 21st day of May, 2024 by and between the **CITY OF CARSON**, a California municipal corporation ("City") and **LANGUAGE NETWORK, INC**., a California corporation ("Consultant"). City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the City to perform those services.

C. Pursuant to the City of Carson's Municipal Code, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which may be referred to herein as the "services" or "work" hereunder. As a material inducement to the City entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be both of good quality as well as fit for the purpose intended. For purposes of this Agreement, the phrase "highest professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

The Scope of Service shall include the Consultant's scope of work or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning, and shall render all services hereunder in accordance with, all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the City of such fact and shall not proceed except at Consultant's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as may be caused by City's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments,

prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum for the actual costs of the extra work, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or, in the time to perform of up to one hundred eighty (180) days, may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively, must be approved by the City Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Consultant hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Consultant anticipates and that Consultant shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors. No claims for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation for the initial three year term, including reimbursement for actual expenses, shall not exceed **Sixty Thousand Dollars ($60,000.00)** (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8. In the event City exercises one or both of its options to extend the Term pursuant to Section 3.4, the total compensation to Consultant for each Extension Term, including reimbursement for actual expenses, shall not exceed **Twenty Thousand Dollars ($20,000)**, unless additional compensation is approved pursuant to Section 1.8.

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services, less contract retention; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at all project meetings reasonably deemed necessary by the City. Coordination of the performance of the work with City is a critical component of the services. If Consultant is required to attend additional meetings to facilitate such coordination, Consultant shall not be entitled to any additional compensation for attending said meetings.

2.4 Invoices.

Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice City for any duplicate services performed by more than one person.

City shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by City, or as provided in Section 7.3, City will use its best efforts to cause Consultant to be paid within forty-five (45) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Consultant for correction and resubmission. Review and payment by City for any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Brenda Rourcke	Business Development Manager
(Name)	(Title)
Jordan Evans	CEO

(Name) (Title)

(Name) (Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing principals were a substantial inducement for City to enter into this Agreement. Therefore, the foregoing principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the foregoing Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of City. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify City of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Consultant.

Consultant shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Consultant expressly waives any claim Consultant may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be Michael George, Assistant to the City Manager, or such other person as may be designated by the City Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the City Manager, to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Consultant, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Consultant's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Consultant shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall not at any

time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Consultant in its business or otherwise or a joint venturer or a member of any joint enterprise with Consultant.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages.

The Consultant shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) General Liability Insurance (Occurrence Form ISO CGL 00 01 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $1,000,000.00 per occurrence or if a general aggregate limit is used, then the general aggregate limit shall be twice the occurrence limit.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for the Consultant against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by the Consultant in the course of carrying out the work or services contemplated in this Agreement, with Employer's Liability insurance coverage limits of at least $1,000,000.00.

(c) Automotive Insurance (Coverage Form ISO CA 00 01 including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000. Said policy shall include coverage for owned, non-owned, leased, hired cars and any automobile.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession as determined by the City's Risk Manager, provided that the limits shall be no less than $1,000,000 per claim and no less than $1,000,000 general aggregate. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Consultant's services or the termination of this Agreement. During this additional 5-year period, Consultant shall annually and upon request of the City submit written evidence of this continuous coverage.

(e) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

(g) Broader Coverages and Higher Limits. Notwithstanding anything else herein to the contrary, if Consultant maintains broader coverages and/or higher limits than the minimums shown above, the City requires and shall be entitled to the broader coverages and/or higher limits maintained by Consultant.

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or its officers, employees or agents may apply in excess of, and not contribute with Consultant's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled, the Consultant shall, prior to the cancellation date, submit new evidence of insurance in conformance with Section 5.1 to the Contract Officer.

No work or services under this Agreement shall commence until the Consultant has provided the City with Certificates of Insurance, additional insured endorsement forms or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of and endorsements to all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

All certificates shall name the City as additional insured (providing the appropriate endorsement) and shall conform to the following "cancellation" notice:

CANCELLATION:

SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATE THEREOF, THE ISSUING COMPANY SHALL MAIL THIRTY (30)-DAY ADVANCE WRITTEN NOTICE TO CERTIFICATE HOLDER NAMED HEREIN.

[to be initialed] _____
Consultant Initials

City, its respective elected and appointed officers, directors, officials, employees, agents and volunteers are to be covered as additional insureds as respects: liability arising out of activities Consultant performs; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or any automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims. The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to City.

5.3 Indemnification.

To the full extent permitted by law, Consultant agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Consultant, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Consultant is legally liable ("indemnitors"), or arising from Consultant's or indemnitors' reckless or willful misconduct, or arising from Consultant's or indemnitors' negligent performance

of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Consultant will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Consultant will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Consultant hereunder; and Consultant agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Consultant for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Consultant hereunder, Consultant agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Consultant shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Consultant shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Consultant in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Consultant and shall survive termination of this Agreement.

5.4 Sufficiency of Insurer.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City ("Risk Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the risk manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Consultant agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to City, and access shall be provided by Consultant's successor in interest. Notwithstanding the above, the Consultant shall fully cooperate with the City in providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Consultant hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the City's sole risk and without liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Consultant fails to secure such assignment, Consultant shall indemnify City for all damages resulting

therefrom. Moreover, Consultant with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives City notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify City should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the City may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the City may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the City to give notice of the Consultant's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant hereby authorizes City to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Consultant's acts or omissions in performing or failing to perform Consultant's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Consultant to insure, indemnify, and protect City as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant shall file a statutory claim pursuant to Government Code Sections 905 et. seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Consultant reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days' written notice to City, except that where termination is due to the fault of the City, the period of notice may be such shorter time as the Consultant may determine. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued

on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects her/his financial interest or the financial interest of any corporation, partnership or association in which (s)he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class in the performance of this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Carson, 701 East Carson, Carson, California 90745 and in the case of the Consultant, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Agreement.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Consultant and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "non-interests" pursuant to Government Code Sections 1091 or 1091.5. Consultant warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Consultant further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Consultant is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Consultant's Authorized Initials

9.7 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date and year first-above written.

EXHIBIT "A"

SCOPE OF SERVICES

I. Consultant will perform the following Services:

A. Provide American Sign Language (ASL) interpretation services performed by qualified ASL interpreters for the deaf and hard-of-hearing for all City Council meetings, except as otherwise directed by the Contract Officer, for the purpose of ensuring City's compliance with the Americans with Disabilities Act of 1990 and other applicable disability-access related laws and regulations.

B. On an on-call basis (pursuant to request of the City on a task-by-task basis pursuant to Section III, below), perform the above-referenced services for other City meetings or events, such as (without limitation) City special events and meetings of the City's commissions, committees and boards.

II. The following requirements shall apply to Consultant's Services:

A. For specified public meetings or types of public meetings as directed by the Contract Officer, Consultant shall provide ASL interpreters who are capable of understanding Spanish, Tagalog, Chinese (Mandarin and Cantonese), and/or Korean, and interpreting it into ASL. For all meetings, Consultant's translators must be capable of understanding English and interpreting it into ASL.

B. Consultant shall be available to deploy interpreters for on-site/in-person, video-remote, or both services upon request of the Contract Officer.

C. Consultant shall be available to deploy multiple interpreters for simultaneous assignments upon request of the Contract Officer.

D. Consultant shall be available to deploy interpreters who can cover the full duration of City meetings, weeknights included.

E. Consultant shall be available to provide interpretation equipment for spoken language needs, including headphones and transmitters, upon request of the Contract Officer.

F. Consultant's interpreters for video-remote assignments shall have working knowledge of platforms such as Zoom, WebEx, Google Meet, and Skype.

G. Consultant shall be available to deploy interpreters to perform services at on-site City meetings as directed by the Contract Officer with pre-scheduled (generally 72-hour) or rush (less than 24-hour) advanced notices, subject to the $10/hr rate adjustment for rush notices as set forth in Exhibit "C."

III. Consultant must perform all on-call Services in compliance with the following requirements:

A. Each task shall be indicated by a written request produced by the Contract Officer with a description of the work to be performed, and the time desired for completion. All tasks shall be carried out in conformity with all provisions of this Agreement.

B. Consultant must prepare a written description of the requested tasks including all components and subtasks; the costs to perform the task ("Task Budget"), using the itemized fees in Exhibit C, Schedule of Compensation, whenever a requested task is provided for in Exhibit C; an explanation of how the cost was determined; and, a schedule for completion of the task ("Task Completion Date"); which shall all collectively be referred to as the "Task Proposal".

C. Contract Officer shall in writing approve, modify or reject the Task Proposal, and may issue a Notice to Proceed.

D. The task shall be performed at a cost not to exceed the Task Budget.

E. Consultant shall complete the task and deliver all deliverables to Contract Officer by the Task Completion Date.

IV. In addition to the requirements of Section 6.2, during performance of the Services, Consultant will keep the City updated of the status of performance by delivering the following status reports: NOT APPLICABLE

V. All work product is subject to review and acceptance by the City, and must be revised by the Consultant without additional charge to the City until found satisfactory and accepted by City.

VI. Consultant will utilize the following personnel to accomplish the Services:

A. Brenda Rourcke, Business Development Manager

B. Jennifer Martinez, Quality Control & Interpreter Resources Manager

C. Devon Reed, Director of Translation Services

D. Valentina Cattaneo, Project Manager

E. ASL-certified interpreters (certified through the Registry of Interpreters for the Deaf and/or National Interpreter Certification (NIC))

EXHIBIT "B"

SPECIAL REQUIREMENTS

(Superseding Contract Boilerplate)
(new text shown in ***bold italics***, deleted text in ~~strikethrough~~)

I. Section 3.4 (Term) is hereby amended as follows:

"3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding ***three (3)*** ~~one (1)~~ years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D"). ***City shall have the option, in its sole discretion and upon notice to Consultant, to extend the term of this Agreement for up to two additional one-year extension terms, at the same rates of compensation set forth in the Schedule of Compensation (Exhibit "C").***"

EXHIBIT "C"

SCHEDULE OF COMPENSATION

I. Consultant shall be compensated in accordance with the following, which will include any and all expenses:

On-site Interpreting Rates - Consecutive

On-Site Interpreting – American Sign Language (ASL)	$130.00	Per Hour

*2-hour minimum charge

Video Remote Interpreting Rates
On Consultant's Platform, On-Demand

Video-Remote-Interpreting – American Sign Language (ASL) and Other Spoken Languages	$3.10	Per Minute

*30-minute minimum charge

Video Remote Interpreting Rates
Pick your Platform - Scheduled

Video-Remote-Interpreting – Languages: American Sign Language (ASL)	$130.00	Per Hour

*2-hour minimum charge

Interpreting Equipment

Headset and Receivers (Minimum 20)	$10	Per Unit
Transmitter	$150	Per Unit

Additional Terms:

· Short Notice Request (less than 24 hours prior to the services requested), Holiday and/or Weekend and After Hour Appointment Times: $10 Per Hour Additional.

· Two-hour minimum fee applies to on-site interpreting. Each hour after 2 hours is billed at a prorated hourly rate. Hourly charge will commence from interpreter's initial arrival to interpreter's final departure.

· Additional Charges: Travel time or Mileage may be billed at $.585/mi or IRS rate whichever is greater, round trip from interpreter's location to site. Parking fees, tolls, entrance fees to be reimbursed at cost. For Simultaneous Interpreting or ASL Interpreting requests, two interpreters may be required, subject to Contract Officer approval, if consistent with industry/professional standards to avoid fatigue and ensure accuracy. This may also apply to consecutive interpreting requests (to be determined situationally).

· Cancelation and Client No-Show Policy: 100% Cancelation Fee if appointment is canceled less than 24 hours before appointment. The interpreters are allocated time for City's assignment alone, therefore cancellation notifications less than 24 hours in advance of scheduled services must be billed.

II. Within the budgeted amounts for each Task, and with the approval of the Contract Officer, funds may be shifted from one Task sub-budget to another so long as the

Contract Sum is not exceeded per Section 2.1, unless Additional Services are approved per Section 2.3.

III. The City will compensate Consultant for the Services performed upon submission of a valid invoice, in accordance with Section 2.2. Each invoice is to include:

A. Line items for all the work performed, the number of hours worked, and the hourly rate.

B. Line items for all materials and equipment properly charged to the Services.

C. Line items for all other approved reimbursable expenses claimed, with supporting documentation.

D. Line items for all approved subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.

IV. The total compensation for the Services shall not exceed $60,000.00, as provided in Section 2.1 of this Agreement.

EXHIBIT "D"

SCHEDULE OF PERFORMANCE

I. Consultant shall perform all Services timely in accordance with the following schedule:

A. For regular services pursuant to Section I of Exhibit "A": in real-time throughout all City Council meetings, except as otherwise directed by the Contract Officer.

B. Consultant shall perform all on-call services timely in accordance with the approved Task Proposal pursuant to Section III of Exhibit "A.

II. The Contract Officer may approve extensions for performance of the Services in accordance with Section 3.2.

AMENDMENT NO. 1

TO AGREEMENT FOR CONTRACT SERVICES

THIS AMENDMENT NO. 1 TO THE AGREEMENT FOR CONTRACT SERVICES ("Amendment") by and between the CITY OF CARSON, a California municipal corporation ("City") and LANGUAGE NETWORK, INC., a California corporation ("Consultant") is effective as of the ____ day of _____, 2026. City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City and Consultant entered into that certain Agreement for Contract Services dated May 21, 2024 ("Agreement), whereby Consultant agreed to provide American Sign Language (ASL) interpretation services performed by qualified ASL interpreters for the deaf and hard-of-hearing for all City Council meetings, and provide such services on an on-call basis for other City meetings such as those of City commissions, committees and boards, for the purpose of ensuring City's compliance with the Americans with Disabilities Act of 1990 and other applicable disability-access related laws and regulations. The Agreement's Contract Sum is $60,000 for a three year term plus two additional extension options for a period of one year each, for an amount not to exceed $20,000 per extended term.

B. Due to higher-than-anticipated demand for ASL interpretation services at commissioner meetings and special events that were named in the original scope but not calculated into the budget, the Contract Sum has been expended faster than anticipated, and unless increased will likely be exhausted prior to the scheduled expiration of the initial three-year term of the Agreement (May 20, 2027).

C. City and Consultant now desire to amend the Agreement to increase the Contract Sum by $95,000, thereby increasing to Contract Sum to $155,000, to authorize additional funding sufficient to cover the anticipated demand for such services through May 20, 2027.

TERMS

1. **Incorporation of Recitals.** The Recitals set forth above are incorporated into and are a part of this Amendment.

2. **Terms and Definitions.** All words, terms, and phrases used or referenced in this Amendment, not expressly defined in this Amendment, shall have the same meaning ascribed to them in the Agreement.

3. **Contract Changes**. The Agreement is amended as provided herein (added text shown in ***bold italics***, deleted text shown in ~~strikethrough~~).

A. Section 2.1 (Contract Sum) is hereby amended to read in its entirety as follows:

"2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached here to as Exhibit "C" and incorporated herein by this reference. The total compensation for the initial three year term, including reimbursement for actual expenses, shall not exceed ~~Sixty~~ ***One Hundred Fifty-Five*** Thousand Dollars ($***155,000*** ~~60,000~~) (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8. In the event City exercises one or both of its options to extend the Term pursuant to Section 3.4, the total compensation to Consultant for each Extension Term, including reimbursement for actual expenses, shall not exceed Twenty Thousand Dollars ($20,000), unless additional compensation is approved pursuant to Section 1.8."

B. Section VI of Exhibit "C" (Schedule of Compensation) is hereby amended to read in its entirety as follows:

"VI. The total compensation from City for the Services shall not exceed ***$155,000*** ~~$60,000~~, as provided in Section 2.1 of this Agreement."

4. **Continuing Effect of Agreement.** Except as amended by this Amendment, all provisions of the Agreement shall remain unchanged and in full force and effect. From and after the date of this Amendment, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement, as amended by this Amendment to the Agreement.

5. **Affirmation of Agreement; Warranty Re Absence of Defaults.** City and Consultant each ratify and reaffirm each and every one of the respective rights and obligations arising under the Agreement. Each party represents and warrants to the other that there have been no written or oral modifications to the Agreement other than as provided herein. Each party represents and warrants to the other that the Agreement is currently an effective, valid, and binding obligation.

Consultant represents and warrants to City that, as of the date of this Amendment, City is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

City represents and warrants to Consultant that, as of the date of this Amendment, Consultant is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

6. **Adequate Consideration.** The parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment.

7. **Authority.** The persons executing this Amendment on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute

and deliver this Amendment on behalf of said party, (iii) by so executing this Amendment, such party is formally bound to the provisions of this Amendment, and (iv) the entering into this Amendment does not violate any provision of any other agreement to which said party is bound.

8. **Counterparts**. This Amendment may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles, or digital. All such counterparts shall together constitute but one and the same Amendment.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties hereto have executed this Amendment on the date and year first set forth above.

CITY OF CARSON

701 East Carson Street

Report to Honorable Mayor and City Council

Tuesday, March 17, 2026, 5:00 PM

CONSENT 18.

To: Honorable Mayor and City Council

From: Debra Scott, Housing Specialist CMO Housing & Neighborhood

Subject: CONSIDER APPROVAL TO AMENDMENT NO. 2 FOR CONTRACT SERVICES WITH MDG ASSOCIATES FOR RESIDENTIAL AND COMMERCIAL FACADE INSPECTIONS AND PROJECT COORDINATION SERVICES (CITY COUNCIL)

I. SUMMARY

The City entered into an Agreement for Contract Services with a consultant on June 21, 2023, for professional services related to housing and commercial rehabilitation programs. The services include inspections, appraisal evaluations, coordination of residential and commercial rehabilitation projects, and administrative and training tasks on an as-needed basis. The original agreement established a three-year term with a total contract amount of $600,000 and included three optional one-year extensions.

On February 6, 2024, the City approved Amendment No. 1, which expanded the consultant's scope of services to include work related to the City's Permanent Local Housing Allocation (PLHA) Residential Rehabilitation Program and modifications related to the Citywide Commercial Façade Improvement Program. Amendment No. 1 increased the contract compensation by $168,250, resulting in a revised contract total of $768,249.00.

Staff has continued to monitor the consultant's performance and is satisfied with the quality and responsiveness of the services being provided. The consultant has effectively supported the implementation and administration of both the Façade Program and the PLHA Residential Rehabilitation Program. To streamline administrative processes and ensure uninterrupted program implementation, staff recommends exercising all three remaining one-year extension options at this time, extending the agreement through June 20, 2029.

The amendment would increase the contract amount by $768,249.99, representing $256,083.33 per year for each of the three extension years, resulting in a new total not-to-exceed contract amount of $1,536,499.99. The agreement will continue to include the City's standard termination provisions, allowing the City to terminate the contract in accordance with standard contractual terms if necessary.

II. RECOMMENDATION

TAKE the following actions:

1. APPROVE the proposed Amendment No. 2 to the Contract Services Agreement with MDG Associates to continue to provide professional services to the City's Housing Division and Community Development Department, increasing the contract amount by by $768,249.99, for a new total not-to-exceed amount of $1,536,499.99, and extend the contract term through June 20, 2029.

2. AUTHORIZE the Mayor to execute the proposed Amendment No. 2, subject to approval as to form by the City Attorney.

III. ALTERNATIVES

TAKE another action as deemed appropriate by the City Council, consistent with applicable legal requirements.

IV. BACKGROUND

On June 21, 2023, the City entered into an Agreement for Contract Services with MDG Associates to provide specialized professional services including inspections, appraisal evaluations, project coordination for residential and commercial rehabilitation projects, and administrative support including training for Department of Housing and Urban Development reporting regulations.

These services support two key City initiatives.

Citywide Commercial Façade Improvement Program

The City Council established the Citywide Commercial Façade Improvement Program pursuant to adopted program guidelines to encourage improvement, stimulation, and revitalization of the exterior facades of existing commercial buildings along various commercial corridors throughout the City.

The program is administered by the City and funded through an authorized $1,000,000 allocation from the City's General Fund, approved by the City Council on June 21, 2022.

The consultant assists the City with inspections, project coordination, and implementation activities necessary to support façade improvement projects under this program.

PLHA Residential Rehabilitation Program

On February 7, 2023, the City Council established the Permanent Local Housing Allocation (PLHA) funded Single-Family Housing Rehabilitation Program. The purpose of the program is to assist income-qualified, owner-occupied single-family homeowners who reside in Carson with needed home rehabilitation improvements. The program is funded through a PLHA grant agreement with the California Department of Housing and Community Development (HCD) in the amount of $529,674.50.

MDG Associates assists with inspections, program coordination, and administrative activities necessary to implement the rehabilitation program and ensure compliance with applicable program requirements.

Amendment No. 1

On February 6, 2024, the City approved Amendment No. 1, which:

- Modified the consultant's scope of services for the Façade Program
- Added services related to the PLHA Residential Rehabilitation Program
- Increased contract compensation by $168,250
- Clarified that the Façade Program is funded by the City's General Fund
- Clarified that the PLHA Residential Rehabilitation Program is funded by the PLHA grant agreement

This amendment increased the contract total to $768,249.00.

Proposed Contract Amendment – Consolidated Extensions

The original agreement includes three optional one-year extensions. Rather than returning annually to exercise each extension separately, staff recommends exercising all three extensions at once in order to streamline operations, maintain continuity of services, and reduce administrative processing.

The proposed amendment would extend the contract term through June 20, 2029.

Staff has reviewed the consultant's performance and confirms that services continue to be delivered effectively and in accordance with program goals. Based on this performance, staff is comfortable recommending the full extension period.

It is important to note that the agreement will continue to include the City's standard termination clause, which preserves the City's right to terminate the contract if necessary.

V. FISCAL IMPACT

The proposed amendment increases the contract amount by $768,249.99, bringing the total not-to-exceed contract amount to $1,536,499.99.

The additional compensation reflects the consolidation of the three remaining one-year extensions and is allocated as follows:

Extension Year 1
June 21, 2026 – June 20, 2027
Amount: $256,083.33

Extension Year 2
June 21, 2027 – June 20, 2028
Amount: $256,083.33

Extension Year 3
June 21, 2028 – June 20, 2029
Amount: $256,083.33

Total Extension Amount: $768,249.99

Funding for the consultant's services come from these budget accounts:

- General Fund: for activities associated with the Citywide Commercial Façade Improvement Program account no. 101-70-701-101-6004
- PLHA Grant Funds: for activities associated with the PLHA Residential Rehabilitation Program account no. 221-50-502-101-6004
- CDBG Grant Funds for activities associated with NPP Rehabilitation Program account no. 215-50-502-964-6062

Sufficient funding is budgeted or will be requested through the City's annual budget process for the applicable program years.

VI. EXHIBITS

CONTRACT SERVICES AGREEMENT

By and Between

CITY OF CARSON

and

MDG ASSOCIATES INC.

EXHIBIT NO. 1

AGREEMENT FOR CONTRACT SERVICES
BETWEEN THE CITY OF CARSON AND
MDG ASSOCIATES INC.

THIS AGREEMENT FOR CONTRACT SERVICES (herein "Agreement") is made and entered into this 21st day of June, 2023 by and between the CITY OF CARSON, a California municipal corporation ("City") and MDG ASSOCIATES INC., a California corporation ("Consultant"). City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the City to perform those services.

C. Pursuant to the City of Carson's Municipal Code, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which may be referred to herein as the "services" or "work" hereunder. As a material inducement to the City entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be both of good quality as well as fit for the purpose intended. For purposes of this Agreement, the phrase "highest

professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

The Scope of Service shall include the Consultant's scope of work or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning, and shall render all services hereunder in accordance with, all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the City of such fact and shall not proceed except at Consultant's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as may be caused by City's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum for the actual costs of the extra work, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or, in the time to perform of up to one hundred eighty (180) days, may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively, must be approved by the City Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Consultant hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Consultant anticipates and that Consultant shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors. No claims for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed **Six Hundred Thousand Dollars ($600,000)** (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8. In the event City elects to exercise its options to extend the Term pursuant to Section 3.4 hereof, the Contract Sum will increase by an amount of **$200,000** per year.

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services, less contract retention; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at all project meetings reasonably deemed necessary by the City. Coordination of the performance of the work with City is a critical component of the services. If Consultant is required to attend additional meetings to facilitate such coordination, Consultant shall not be entitled to any additional compensation for attending said meetings.

2.4 Invoices.

Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice City for any duplicate services performed by more than one person.

City shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by City, or as provided in Section 7.3, City will use its best efforts to cause Consultant to be paid within forty-five (45) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Consultant for correction and resubmission. Review and payment by City for any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Rudy Munoz	President
(Name)	(Title)

(Name)	(Title)
(Name)	(Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing principals were a substantial inducement for City to enter into this Agreement. Therefore, the foregoing principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the foregoing Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of City. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify City of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Consultant.

Consultant shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Consultant expressly waives any claim Consultant may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be Robert Lennox, Assistant City Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the City Manager, to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Consultant, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Consultant's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Consultant shall perform all services required herein as an

independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Consultant in its business or otherwise or a joint venturer or a member of any joint enterprise with Consultant.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages.

The Consultant shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) General Liability Insurance (Coverage Form ISO CGL CG 00 01 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $1,000,000.00 per occurrence or if a general aggregate limit is used, then the general aggregate limit shall be twice the occurrence limit.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for the Consultant against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by the Consultant in the course of carrying out the work or services contemplated in this Agreement, with Employer's Liability insurance coverage limits of at least $1,000,000.00.

(c) Automotive Insurance (Coverage Form ISO CA 00 01 including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less

than $1,000,000. Said policy shall include coverage for owned, non-owned, leased, hired cars and any automobile.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession, as determined by the City's Risk Manager, provided that the limits shall be no less than $1,000,000 per claim and no less than $1,000,000 general aggregate. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Consultant's services or the termination of this Agreement. During this additional 5-year period, Consultant shall annually and upon request of the City submit written evidence of this continuous coverage.

(e) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

(g) Broader Coverages and Higher Limits. Notwithstanding anything else herein to the contrary, if Consultant maintains broader coverages and/or higher limits than the minimums shown above, the City requires and shall be entitled to the broader coverages and/or higher limits maintained by Consultant.

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or its officers, employees or agents may apply in excess of, and not contribute with Consultant's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled, the Consultant shall, prior to the cancellation date, submit new evidence of insurance in conformance with Section 5.1 to the Contract Officer.

No work or services under this Agreement shall commence until the Consultant has provided the City with Certificates of Insurance, additional insured endorsement forms or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of and endorsements to all required insurance policies at any time. Any failure to comply

with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

All certificates shall name the City as additional insured (providing the appropriate endorsement) and shall conform to the following "cancellation" notice:

> CANCELLATION:
>
> SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATED THEREOF, THE ISSUING COMPANY SHALL MAIL THIRTY (30)-DAY ADVANCE WRITTEN NOTICE TO CERTIFICATE HOLDER NAMED HEREIN.
>
> [to be initialed] _____
> Consultant Initials

City, its respective elected and appointed officers, directors, officials, employees, agents and volunteers are to be covered as additional insureds as respects: liability arising out of activities Consultant performs; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or any automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims. The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to City.

5.3 Indemnification.

To the full extent permitted by law, Consultant agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative,

arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Consultant, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Consultant is legally liable ("indemnitors"), or arising from Consultant's or indemnitors' reckless or willful misconduct, or arising from Consultant's or indemnitors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Consultant will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Consultant will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Consultant hereunder; and Consultant agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Consultant for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Consultant hereunder, Consultant agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Consultant shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Consultant shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Consultant in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Consultant and shall survive termination of this Agreement.

5.4 Sufficiency of Insurer.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A-" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City ("Risk

Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the risk manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Consultant agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to City, and access shall be provided by Consultant's successor in interest. Notwithstanding the above, the Consultant shall fully cooperate with the City in providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Consultant hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of

ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the City's sole risk and without liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Consultant fails to secure such assignment, Consultant shall indemnify City for all damages resulting therefrom. Moreover, with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives City notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify City should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions

concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the City may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the City may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the City to give notice of the Consultant's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant hereby authorizes City to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Consultant's acts or omissions in performing or failing to perform Consultant's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Consultant to insure, indemnify, and protect City as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant shall file a statutory claim pursuant to Government Code Sections 905 et. seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Consultant reserves the right to terminate this Contract at any time, with or without cause, upon sixty (60) days' written notice to City, except that where termination is due to the fault of the City, the period of notice may be such shorter time as the Consultant may determine. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects her/his financial interest or the financial interest of any corporation, partnership or association in which (s)he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class in the performance of this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Carson, 701 East Carson, Carson, California 90745 and in the case of the Consultant, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Agreement.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Consultant and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "non-interests" pursuant to Government Code Sections 1091 or 1091.5. Consultant warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Consultant further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Consultant is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Consultant's Authorized Initials

9.7 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

EXHIBIT "A"
SCOPE OF SERVICES

I. Consultant will perform the following Services:

A. Summary of Services:

Consultant shall perform services for inspections, appraisal evaluations, coordination of residential and commercial rehabilitation projects and administrative and HUD IDIS training tasks on an as-needed basis. Consultant shall provide a sufficient complement of qualified inspection personnel to perform the services listed below on an as-needed basis. The City processes and completes approximately 35 to 40 residential and 2 commercial projects per year. Primary objectives and duties shall include the following:

1. The initial assessment and determination of the scope of work necessary to complete rehabilitation projects in the City. Structure types consist of single-family, multi-family, and mobile home type housing and neighborhood commercial structures;

2. Project coordination and job progress/compliance monitoring.

3. Administrative and IDIS training tasks on an as-needed basis; and

4. Appraisal evaluations and reporting services.

B. Consultant will perform the following Services:

1. Initial Inspection of the Property: Identify rehabilitation items eligible under current CDBG and/or HOME (as applicable) program guidelines.

2. Description of Work: Based on the results of the initial inspection, a description of work will be created summarizing the items identified in the initial inspection including a construction cost estimate utilizing the City's Inspection and Project Services Checklist.

    - Abatement of health and safety concerns regarding the foundation, structure, and the garage (where there is one).
    - An evaluation of deficiencies within the property that will include the following:

        - Code violations, and health and safety issues;
        - Roofing;
        - Plumbing;
        - Electrical;

- Heating;
- Pest infestation;
- Interior and exterior painting window replacement;
- Lead-based paint and asbestos abatement as needed on a case by case basis;
- Interior carpet or other flooring;
- Foundation.

(Including all items per the City of Carson Residential Rehabilitation Standards checklist and the program guidelines under the program)

3. Bid Procedure: Compile information for projects that will be used to implement the bid process.

4. Coordination of Pre-Construction Meetings and Job Walks. Coordinate the holding of Pre-Construction Meetings and Job Walks between the eligible homeowner and awarded contractor.

5. Coordination and Monitoring of Job Progress: Conduct inspections to determine work progress and keep written log of inspections and comments.

6. Recommend/Request Payments: Based on results of inspection(s) of work performed, recommend progress and final payments to the contractor.

7. Case File Completion: Complete all paperwork needed to complete and close out each assigned project. Case file shall include a completed check-off list or punch-list.

8. Compliance Monitoring: Monitor compliance with State of California prevailing wage requirements and Federal Davis-Bacon and Related Acts (DBRA) provisions.

9. Section 3 Compliance: Monitoring compliance with Section 3 of the Housing and Community Development Act of 1968, which states that HUD-funded jobs and contracts are to be directed, to the greatest extent possible, to local low-income residents and the businesses that employ them.

10. Administrative Tasks (AS NEEDED):
    - Assistance and training on the HUD IDIS system for employees responsible for administrating the federal and state grant programs
    - Assist and coordinate with the City's Finance Department to prepare HUD IDIS system required drawdown submissions;

- Assistance in preparation of Slum and Blight Analysis for Community Block Grant funded programs; and
- Assist City staff with evaluation oversight of CDBG Public Service recipients.

11. Appraisal Evaluation Services:
    - Prepare interior and exterior evaluations of subject properties
    - Provide a summary appraisal report, photographs, sketches, comparable photographs, comparable property locations, and a signed statement of limiting conditions specifically for the HOME program.

12. Commercial Façade Program Consultant Service:
    - Initial inspection of property
    - Description of work
    - Bid Procedure
    - Pre-construction meetings and job walks
    - Coordination and monitoring of job progress
    - Recommend/request payments
    - Case File completion

13. Notary: Consultant shall perform required notary services, and shall hold a current notary commission at all times during the term of this Agreement.

14. Compliance with Laws: The requested services shall be performed in accordance with all Federal and State laws and regulations applicable to contract involving CDBG, HOME and PLHA program funding, including but not limited to, 12 USC 1706e *et seq.*, 42 USC 12701 *et seq.*, 24 CFR Part 92, 24 CFR Part 570, 2 CFR Part 200, and 25 CCR 8200 *et seq.*

II. In addition to the requirements of Section 6.2, during performance of the Services, Consultant will keep the City appraised of the status of performance by delivering the following status reports:

A. As requested by City, meet with City staff on a regular basis to provide project updates.

B. Any and all reports requested by City.

III. All work product is subject to review and acceptance by the City, and must be revised by the Consultant without additional charge to the City until found satisfactory and accepted by City.

IV. Consultant will utilize the following personnel to accomplish the Services:

A. Rudy Munoz, President, overall management

B. Clint Whited, Senior Vice President, Slum and Blight Analysis and Integrated Disbursement Information System reporting system training

C. Esther Luis, Director, main point of contact and will be on-site as requested by City and assist with administrative tasks and overall project coordination

D. Miguel Ramirez, Manager, assistance with inspection and project coordination and inspection functions of the Commercial Rehabilitation Program

E. Arthur Gomez, Senior Associate, on-site management of day to day functions of the housing rehabilitation and project coordination and assistance with Commercial Rehabilitation Program, as needed

EXHIBIT "B"
SPECIAL REQUIREMENTS
(Superseding Contract Boilerplate)

(new text shown in *bold italics*, deleted text in ~~strikethrough~~)

I. Section 3.4, "Term," of the Agreement is hereby amended to read in its entirety as follows:

"3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding ***three (3)*** ~~one (1)~~ years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D"). ***The City may, at its sole discretion, elect to extend the Term by three (3) additional one-year terms (each, an "Extension Term"). The pricing to be applied for each Extension Term is listed in Exhibit "C" and Exhibit "C-1."*** "

II. A new Article 10, "Federal Contracting Requirements," is hereby added to the Agreement to read it its entirety as follows:

"ARTICLE 10. FEDERAL CONTRACTING REQUIREMENTS

The Agreement shall be subject to compliance with all applicable Federal laws, including those listed below. Consultant shall further agree to require compliance with such laws, to the extent applicable, in any contracts or subcontracts entered into involving HOME or CDBG funding.

A. Anti-Lobbying Certification

Pursuant to the Byrd Anti-Lobbying Amendment (31 USC §1352), Consultant warrants that it has filed the required certification, using the form previously provided by City.

B. Clean Air and Water Pollution Control Acts

Consultant shall agree to comply with all applicable standards, orders or regulations issued pursuant to the Clean Air Act (42 USC §7401–7671q) and the Water Pollution Control Act as amended (33 USC §1251–1387). Any and all violations shall be reported to HUD and the Regional Office of the Environmental Protection Agency (EPA).

C. Conflict of Interest

Under 24 CFR §92.356, this Agreement shall be subject to the conflict of

interest provisions of 2 CFR §§200.318 through 200.326. In accordance with 2 CFR §200.318, Consultant shall comply with all applicable City and State requirements regarding conflicts of interest, and no employee, officer or agent shall participate in the selection, award or administration of this Agreement if employee, officer or agent has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer or agent, or any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of said parties, has a financial interest or other interest in or a tangible personal benefit from a firm considered for a contract.

Under Carson Municipal Code Section 2615, it is unethical for any City employee or official to participate directly or indirectly in a procurement contract when the City employee or official knows that: (1) The City employee or official, or any member of the City employee's or official's immediate family has a financial interest pertaining to the procurement contract; or (2) any other person, business, or organization with whom the City employee or official, or any member of the City employee's or official's immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement contract.

Consultant shall disclose all conflicts of interest to the City's Contract Officer within the meaning of the foregoing authorities, including any known financial interest in connection with the award or implementation of this Agreement. Consultant shall agree to comply with the foregoing authorities and to require all subcontractors to do the same.

D. Environmental Review

Consultant shall acknowledge that, pursuant to 24 CFR §92.352 and other applicable Federal laws and regulations, the National Environmental Policy Act of 1969, 42 USC §§4321-4347 (NEPA), and its implementing regulations (24 CFR Parts 50 and 58) apply to the HOME program, and that applicability of NEPA does not preclude applicability of the California Environmental Quality Act (CEQA) to discretionary approvals of projects of State and local agencies made in connection with the HOME program. Consultant shall agree to comply with, and to require compliance with, any mitigation measures or other applicable environmental restrictions or obligations pursuant to NEPA and CEQA in connection with the activities performed using HOME funding received pursuant to this Agreement.

E. Equal Opportunity

Consultant shall agree to comply with the following laws, and to require its subcontractors to comply with the following laws, to the extent applicable, in connection with performance under said contracts:

1. The Civil Rights Act, Fair Housing Act, and Age Discrimination Act:

Title VI of the Civil Rights Act of 1964 (42 USC § 2000d et seq.), the Fair Housing Act (42 USC §§ 3601- 3620), and the Age Discrimination Act of 1975 (29 USC § 6101), and applicable implementing regulations, which prohibit Consultant from discriminating or excluding from employment or program participation any person due to race, color, national original origin, sex, age, handicap, religion, familial status or religious preference.

2. Rehabilitation Act of 1973 and the "504 Coordinator"

The Rehabilitation Act of 1973 (29 USC §§791 *et seq.*), and the regulations implementing Section 504 thereof (28 CFR Part 42, Subpart G (§§42.501-42.540). This involves evaluating Consultant's current policies and practices and making modifications to ensure compliance with Section 504. Consultants employing 50 or more persons and receiving CDBG assistance of $25,000 or more shall designate at least one person to coordinate compliance with 28 CFR Part 42, Subpart G.

3. Americans with Disabilities Act of 1990 (ADA):

The Americans with Disabilities Act of 1990 (ADA) (42 USC §12101 *et seq.*) and applicable implementing regulations and guidelines, which prohibit discrimination on the basis of disability in employment, State and local government service, and public accommodations and commercial facilities.

4. Construction Contract Equal Employment Opportunity Provisions.

Except as otherwise provided under 41 CFR Part 60, all contracts meeting the definition of "federally assisted construction contract" in 41 CFR Part 60–1.3 must include the equal opportunity clause provided under 41 CFR 60–1.4(b), in accordance with Executive Order 11246, "Equal Employment Opportunity" (30 FR 12319, 12935, 3 CFR Part, 1964–1965 Comp., p. 339), as amended by Executive Order 11375, "Amending Executive Order 11246 Relating to Equal Employment Opportunity," and implementing regulations at 41 CFR part 60, "Office of Federal Contract Compliance Programs, Equal Employment Opportunity, Department of Labor."

F. Flood Disaster Protection

Consultant shall comply with Section 202(a) of the Flood Disaster Protection Act of 1973 (42 USC §4106), which prohibits Federal financial

assistance for buildings located in Special Flood Hazard Areas (SFHAs) within communities not participating in the National Flood Insurance Program. Section 102(a) (42 USC §4012) of that act mandates the purchase of flood insurance for buildings located in SFHAs as a condition of acquisition, construction, re-construction, repair and improvements activities. However, flood Insurance is not required for routine maintenance activities.

G. Labor Standards

For prime construction contracts in excess of $2,000, the consultant shall agree to comply with the Davis- Bacon Act of 1931 (40 USC §§3141-3144, §§3146-3148), as supplemented by 29 CFR Part 5. In accordance with the statute, Consultant shall agree to pay wages to laborers and mechanics at a rate not less than the prevailing wages specified in a wage determination made by the Secretary of Labor, which will be disclosed to Consultant. In addition, contractors shall be required to pay wages not less than once ~~a~~ week. The decision to award a contract or subcontract must be conditioned upon the acceptance of the wage determination. Compliance with said requirements shall not excuse compliance with California prevailing wage laws. The consultant shall also agree to comply with, and to require compliance with, the Copeland "Anti–Kickback" Act (40 USC 3145), as supplemented by 29 CFR Part 3. The Act provides that each contractor or sub-recipient must be prohibited from inducing, by any means, any person employed in the construction, completion, or repair of public work, to give up any part of the compensation to which he or she is otherwise entitled.

H. Contract Work Hours and Safety Standards Act (40 USC §§3701-3708)

Contracts in excess of $100,000 involving the employment of mechanics or laborers shall include a provision for compliance with 40 USC §3702 and §3704, as supplemented by Department of Labor regulations (29 CFR Part 5). Under 40 USC §3702, each contractor shall compute the wages of every mechanic and laborer on the basis of a standard work week of 40 hours. Work in excess of the standard work week is permissible provided that the worker is compensated at a rate of not less than one-and-a-half times the basic rate of pay for all hours worked in excess of 40 hours in the work week. The requirements of 40 USC §3704 are applicable to construction work and provide that no mechanic or laborer must be required to work in surroundings or under working conditions which are unsanitary, hazardous or dangerous. These requirements do not apply to the purchases of supplies or materials or articles ordinarily available on the open market, or contracts for transportation or transmission of intelligence.

I. National Labor Relations Board (NLRB) Certification

By signing the Agreement, Consultant is stating under penalty of perjury that it has had no more than one non-appealable finding of contempt of court issued by a federal court in the preceding two years because of failure to comply with a federal court order or with a NLRB order.

J. Records Retention

Consultant shall retain all records and files relating to this Agreement, including but not limited to the records specified in 24 CFR §92.508, for a period of five years following the final payment under the Agreement or any extensions thereto. Consultant shall make all records and files available upon request by the City, the State of California Department of Housing and Community Development or HUD during the record retention period.

K. Relocation, Displacement and Acquisition

Projects involving acquisition of real property must comply with federal relocation law to accommodate those persons temporarily or permanently displaced by the project. Consultant shall comply with Federal relocation law for projects including rehabilitating rental housing units and results in increased rents to "Targeted Income Group" (TIG) households.

L. Debarment and Suspension Certificate (Executive Orders 12549 and 12689)

A contract award (see 2 CFR §180.220) must not be made to parties listed on the government-wide exclusions in the System for Award Management (SAM), in accordance with the OMB guidelines at 2 CFR Part 180 that implement Executive Orders 12549 (3 CFR part 1986 Comp., p. 189) and 12689 (3 CFR part 1989 Comp., p. 235), "Debarment and Suspension." SAM Exclusions contains the names of parties debarred, suspended, or otherwise excluded by federal agencies, as well as parties declared ineligible under statutory or regulatory authority other than Executive Order 12549.

Consultant warrants that it has submitted a completed and signed Debarment and Suspension Certificate using the form previously provided by City. Consultant acknowledges that falsely providing this certification may result in criminal prosecution or administrative sanctions, and that this certification is a required component of all proposals submitted.

M. Recovered Materials

Consultant shall agree to comply with, and to require compliance with, Section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include: procuring only items designated in guidelines of the Environmental

Protection Agency (EPA) at 40 CFR Part 247 that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds $10,000 or the value of the quantity acquired during the preceding fiscal year exceeded $10,000; procuring solid waste management services in a manner maximizing energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

N. Contract Remedies and Termination Provisions

Consultant shall be aware that contracts for more than the simplified acquisition threshold currently set at $150,000, which is the inflation adjusted amount determined by the Civilian Agency Acquisition Council and the Defense Acquisition Regulations Council (Councils) as authorized by 41 USC §1908, shall address administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as appropriate, and all contracts in excess of $10,000 shall address both termination for cause and for convenience by the contractor including the manner by which it will be effected and the basis for settlement.

O. Contracting with Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms.

In accordance with 2 CFR §200.321, Consultant shall take all necessary affirmative steps (including those set forth in 2 CFR §200.321, to assure that minority businesses, women's business enterprises, and labor surplus area firms are used when possible.

P. Filing of Protests

Pursuant to 2 CFR §200.318(k), the City's procedures apply to protests of contract awards. Proposers may file a protest of a contract award with the City's Community Development Director. In order for a protest to be considered valid, the protest must:

1. Be actually received by the Community Development Director in writing within five calendar days after the date of the contract award.

2. Clearly identify the specific recommendation being protested.

3. Specify, in detail, the grounds of the protest and the facts supporting the protest.

4. Include all relevant, supporting documentation with the protest at time of filing.

If the protest does not comply with each and every one of these requirements, it will be rejected as incomplete. If the protest is complete, the City's Community Development Director or assigned designee shall review the basis of the protest and all relevant information. The Community Development Director will deny or concur with the protest

and provide a written decision to the protestor. The protestor may then appeal the decision of the Community Development Director to the City Manager, by submitting a written appeal containing the information set forth above to the City Clerk within five days of the date the City notifies the protestor of the decision."

EXHIBIT "C"
SCHEDULE OF COMPENSATION

I. Consultant shall perform the following tasks at the following rates:

Time and Personnel Commitment:

The following is a list of personnel that Consultant will commit to City. City will be given the first opportunity to establish the number of hours required for each individual to assure that their services are being provided in accordance with the needs of the City. Adjustments to be made throughout the Agreement period in accordance with the City's needs.

Proposed Staffing/Budget

Program	Staff	Position	Hourly Rate FY 23-24*	Proposed Hrs./ Wk.	Estimated Annual Fees*
Administrative Tasks	Esther Luis	Director	$117.00/Hr.	12 hrs./wk.	$73,008
Commercial Rehabilitation	Miguel Ramirez	Manager	$111.50/Hr.	10 hrs./wk.	$57,980
	Arthur Gomez	Senior Associate	$105.50/Hr.	As needed	As needed
Housing/Commercial Rehabilitation	Arthur Gomez	Senior Associate	$105.50/Hr.	30 hrs./wk.	$163,2800
Slum and Blight Analysis	Clint Whited	Senior Vice President	$128.00/Hr.	To be Determined	Lump Sum price to be provided based on S/B Study Area

***The number of hours noted depicts the number of hours in which each individual is available to the City. The actual number of hours required to implement the programs shall be those determined by the City.**

REIMBURSABLE ITEMS:

Appraisals	$390.00 per appraisal
Project Supplies	At Cost plus 10% surcharge (if applies)
Prints/Reproductions	At Cost plus 10% surcharge (if applies)
Postage/Delivery	At Cost plus 10% surcharge (if applies)

II. Within the budgeted amounts for each Task, and with the approval of the Contract Officer, funds may be shifted from one Task sub-budget to another so long as the Contract Sum is not exceeded per Section 2.1, unless Additional Services are approved per Section 1.8.

III. The City will compensate Consultant for the Services performed upon submission of a valid invoice. Each invoice is to include:

A. Line items for all personnel describing the work performed, the number of hours worked, and the hourly rate.

B. Line items for all materials and equipment properly charged to the Services.

C. Line items for all other approved reimbursable expenses claimed, with supporting documentation.

D. Line items for all approved subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.

IV. **The total compensation for the Services shall not exceed $200,000 as provided in Section 2.1 of this Agreement.**

V. **The Consultant's billing rates for all personnel are attached as Exhibit C-1.**

EXHIBIT "C-1"

BILLING RATES

SCHEDULE OF HOURLY BILLING RATES

Rates effective as of July 1, 2023

Title	PY 2023-2024	PY 2024-2025	PY 2025-2026
President/Senior Vice President	$128.00	$131.00	$134.00

Secretary	$51.00	$52.50	$54.00

Note: If MDG staff is requested by the City to attend a meeting not considered a part of this proposal or on a day in which a consultant is not scheduled to be on site, the City shall be billed for the time it takes to drive to and from the City and its corporate office.

AMENDMENT NO. 1

TO AGREEMENT FOR CONTRACT SERVICES

THIS AMENDMENT TO THE AGREEMENT FOR CONTRACT SERVICES ("Amendment No. 1") by and between the CITY OF CARSON, a California municipal corporation ("City") and MDG ASSOCIATES INC., a California corporation ("Consultant") is effective as of the 6th day of February, 2024.

RECITALS

A. City and Consultant entered into that certain Agreement for Contractual Services dated June 21, 2023 ("Agreement") whereby Consultant agreed to perform services for inspections, appraisal evaluations, coordination of residential and commercial rehabilitation projects and administrative and HUD IDIS training tasks on an as-needed basis for three (3) years with three (3) additional options for one-year extensions, for a total contract sum of $600,000; and

B. City Council established a Citywide Commercial Facade Improvement Program (the "Façade Program") pursuant to the adopted Carson Façade Improvement Program Guidelines for the public purpose of encouraging the improvement, stimulation and revitalization of the exterior facades of existing commercial buildings in various commercial corridors; and

C. The Façade Program is administered by the City and funded by the City's General Fund pursuant to an authorized allocation of $1,000,000 made by the City Council during its meeting of June 21, 2022; and

D. City Council also established a Permanent Local Housing Allocation (PLHA) funded Single-Family Housing Rehabilitation Program ("PLHA Residential Rehabilitation Program") during its meeting of February 7, 2023, for the public purpose of assisting income-qualified, eligible, owner-occupied, and Carson resident single family homeowners; and

E. The PLHA Residential Rehabilitation Program is administered by the City and funded by a PLHA grant agreement with the State of California Department of Housing and Community Development (HCD) pursuant to an authorized allocation of $529,674.50; and

F. City and Consultant now desire to amend the Agreement to: (i) modify the Scope of Services as they relate to the Façade Program and to add services as they pertain to the PLHA Rehabilitation Program through the end of the term, (ii) increase compensation by $168,250 to carry out the modified scope of services of the Agreement through the end of the term, (iii) specify that the Façade Program is to be funded through the City's General Fund, for a new total contract sum of $768,250, and (iv) specify that the PLHA Residential Rehabilitation Program is to be funded through the PLHA grant agreement.

TERMS

1. **Contract Changes**. The Agreement is amended as provided herein (new text is identified in ***bold italics***, deleted text in ~~strike through~~).

A. Section 2.1 (Contract Sum) is hereby amended to read in its entirety as follows:

"Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed ***Seven Hundred Sixty-Eight Thousand Two Hundred Fifty Dollars ($768,250)*** ~~Six Hundred Thousand Dollars ($600,000)~~ (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8. In the event City elects to exercise its options to extend the Term pursuant to Section 3.4 hereof, the Contract Sum will increase by an amount of ***$256,083.33*** ~~$200,000~~ per year."

B. A new Article 11 (Funding for Façade Program) is hereby added to the Agreement to read in its entirety as follows:

"ARTICLE 11. FUNDING FOR FAÇADE PROGRAM

Notwithstanding anything contained in Article 10 of this Agreement, all funding for Consultant's services performed for the Façade Program will be paid out of the City's General Fund."

C. A new Article 12 (Funding for PLHA Residential Rehabilitation Program) is hereby added to the Agreement to read in its entirety as follows:

"ARTICLE 12. FUNDING FOR PLHA RESIDENTIAL REHABILITATION PROGRAM

Notwithstanding anything contained in Article 10 of this Agreement, all funding for Consultant's services performed for the PLHA Residential Rehabilitation Program will be paid out of the PLHA grant agreement with HCD."

D. Section I, Subsection B, Paragraph 12, of Exhibit "A" (Scope of Services), is hereby amended to read in its entirety as follows:

"12. Commercial Façade Program Consultant Service:

- ~~Initial inspection of property~~
- ~~Description of work~~
- ~~Bid Procedure~~
- ~~Pre-construction meetings and job walks~~
- ~~Coordination and monitoring of job progress~~
- ~~Recommend/request payments~~
- ~~Case File completion~~
- ***Property Inspection and Work Specifications***
  - ***Review drawings prepared by City's selected program architect.***

- *Draft Construction Scope of Work – Work Description.*
- *Provide Construction Cost Estimates.*
- *Prepare Pre-Construction Pictures.*
- *Send Applicant Work Description for review and revise as needed.*
- *Provide follow-up and related services as needed.*

- *Bid and Construction Process*
  - *Prepare Bid Packages for distribution.*
  - *Serve as Liaison with Program Applicant and contractor(s).*
  - *Provide Technical Support.*
  - *Coordinate Bid Process*
    - *Conduct Mandatory Bid-Walk with Applicant and Contractors.*
    - *Review bids, prepare Bid comparison, and follow-up with Contractors.*
    - *Verification of License and Insurance Documentation.*
    - *Selection and Award of Contract.*
- *Construction Management Oversight*
  - *Conduct progress inspections.*
  - *Prepare and Submit Progress Payment Requests.*
  - *Prepare Punch List, as needed.*
  - *Submit Change Order Request(s) as needed.*
- *Case File Completion*
  - *Prepare Post-Construction Pictures.*
  - *Assist staff with project close out (i.e., Notice of Completion)"*

E. Section I, Subsection B, Paragraph 15, of Exhibit "A" (Scope of Services), is hereby added to read in its entirety as follows:

"*15. <u>PLHA Residential Rehabilitation Program Consultant Service</u>:*

- *Property Inspection and Work Specifications*
  - *Conduct initial inspection of property.*
  - *Draft Construction Scope of Work – Work Description.*
  - *Provide Construction Cost Estimates.*
  - *Prepare Pre-Construction Pictures.*
  - *Send Applicant Work Description for review and revise as needed.*
  - *Provide follow-up and related services as needed.*

- *Bid and Construction Process*
  - *Prepare Bid Packages for distribution.*
  - *Serve as Liaison with Program Applicant and contractor(s).*
  - *Provide Technical Support.*
  - *Coordinate Bid Process:*
    - *Review bids, prepare Bid comparison, and follow-up with Contractor.*
    - *Verification of License and Insurance Documentation.*
    - *Selection and Award of Contract.*
    - *Prepare Construction and Improvement Agreements.*
    - *Attend Pre-Construction and Contract Signing Meeting.*

- *Construction Management Oversight*
  - *Conduct progress inspections.*
  - *Prepare and Submit Progress Payment Requests.*

- *Prepare Punch List, as needed.*
- *Submit Change Order Request(s) as needed.*

- *Case File Completion*
  - *Prepare Post-Construction Pictures.*
  - *Assist staff with project close out (i.e. Notice of Completion)"*

F. Section IV. of Exhibit "C" (Schedule of Compensation) is hereby amended to read in its entirety as follows:

"**IV.** The total compensation for the Services shall not exceed ***$768,250***~~$200,000~~, as provided in Section 2.1 of this Agreement."

2. **Continuing Effect of Agreement.** Except as amended by this Amendment No. 1, all provisions of the Agreement shall remain unchanged and in full force and effect. From and after the date of this Amendment No. 1, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement, as amended by this Amendment No. 1 to the Agreement.

3. **Affirmation of Agreement; Warranty Re Absence of Defaults.** City and Consultant each ratify and reaffirm each and every one of the respective rights and obligations arising under the Agreement. Each party represents and warrants to the other that there have been no written or oral modifications to the Agreement other than as provided herein. Each party represents and warrants to the other that the Agreement is currently an effective, valid, and binding obligation.

Consultant represents and warrants to City that, as of the date of this Amendment No. 1, City is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

City represents and warrants to Consultant that, as of the date of this Amendment No. 1, Consultant is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

4. **Adequate Consideration.** The parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. 1.

5. **Authority.** The persons executing this Amendment No. 1 on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Amendment No. 1 on behalf of said party, (iii) by so executing this Amendment No. 1, such party is formally bound to the provisions of this Amendment No. 1, and (iv) the entering into this Amendment No. 1 does not violate any provision of any other Agreement to which said party is bound.

6. **Counterparts.** This Amendment No. 1 may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original,

whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Amendment No. 1.

Includes copyrighted material of Insurance Services Office, Inc., with its permission.

With respect to coverage afforded by this endorsement, the provisions of the policy apply unless modified by the endorsement.

A. **NON-OWNED AIRCRAFT**

Under Paragraph 2. **Exclusions** of **Section I - Coverage A - Bodily Injury And Property Damage Liability,** exclusion g. **Aircraft, Auto Or Watercraft** does not apply to an aircraft provided:

1. It is not owned by any insured;
2. It is hired, chartered or loaned with a trained paid crew;
3. The pilot in command holds a currently effective certificate, issued by the duly constituted authority of the United States of America or Canada, designating her or him a commercial or airline pilot; and
4. It is not being used to carry persons or property for a charge.

However, the insurance afforded by this provision does not apply if there is available to the insured other valid and collectible insurance, whether primary, excess (other than insurance written to apply specifically in excess of this policy), contingent or on any other basis, that would also apply to the loss covered under this provision.

B. **NON-OWNED WATERCRAFT**

Under Paragraph 2. **Exclusions** of **Section I - Coverage A - Bodily Injury And Property Damage Liability,** Subparagraph (2) of exclusion g. **Aircraft, Auto Or Watercraft** is replaced by the following:

This exclusion does not apply to:

(2) A watercraft you do not own that is:

(a) Less than 52 feet long; and

(b) Not being used to carry persons or property for a charge.

C. **PROPERTY DAMAGE LIABILITY - ELEVATORS**

1. Under Paragraph 2. **Exclusions** of **Section I - Coverage A - Bodily Injury And Property Damage Liability,** Subparagraphs (3), (4) and (6) of exclusion j. **Damage To Property** do not apply if such "property damage" results from the use of elevators. For the purpose of this provision, elevators do not include vehicle lifts. Vehicle lifts are lifts or hoists used in automobile service or repair operations.

2. The following is added to **Section IV - Commercial General Liability Conditions,** Condition 4. **Other Insurance,** Paragraph b. **Excess Insurance:**

The insurance afforded by this provision of this endorsement is excess over any property insurance, whether primary, excess, contingent or on any other basis.

D. **EXTENDED DAMAGE TO PROPERTY RENTED TO YOU (Tenant's Property Damage)**

If Damage To Premises Rented To You is not otherwise excluded from this Coverage Part:

1. Under Paragraph 2. **Exclusions of Section I - Coverage A - Bodily Injury and Property Damage Liability:**

a. The fourth from the last paragraph of exclusion j. **Damage To Property** is replaced by the following:

Paragraphs (1), (3) and (4) of this exclusion do not apply to "property damage" (other than damage by fire, lightning, explosion, smoke, or leakage from an automatic fire protection system) to:

(i) Premises rented to you for a period of 7 or fewer consecutive days; or

(ii) Contents that you rent or lease as part of a premises rental or lease agreement for a period of more than 7 days.

Paragraphs (1), (3) and (4) of this exclusion do not apply to "property damage" to contents of premises rented to you for a period of 7 or fewer consecutive days.

A separate limit of insurance applies to this coverage as described in **Section III - Limits of Insurance.**

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. The last paragraph of subsection **2. Exclusions** is replaced by the following:

Exclusions **c.** through **n.** do not apply to damage by fire, lightning, explosion, smoke or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to Damage To Premises Rented To You as described in **Section III - Limits Of Insurance.**

2. Paragraph **6.** under **Section III - Limits Of Insurance** is replaced by the following:

6. Subject to Paragraph **5.** above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage A for damages because of "property damage" to:

a. Any one premise:

(1) While rented to you; or

(2) While rented to you or temporarily occupied by you with permission of the owner for damage by fire, lightning, explosion, smoke or leakage from automatic protection systems; or

b. Contents that you rent or lease as part of a premises rental or lease agreement.

3. As regards coverage provided by this provision **D. EXTENDED DAMAGE TO PROPERTY RENTED TO YOU (Tenant's Property Damage)** - Paragraph **9.a.** of **Definitions** is replaced with the following:

9.a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire, lightning, explosion, smoke, or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with the permission of the owner, or for damage to contents of such premises that are included in your premises rental or lease agreement, is not an "insured contract".

E. MEDICAL PAYMENTS EXTENSION

If **Coverage C Medical Payments** is not otherwise excluded, the Medical Payments provided by this policy are amended as follows:

Under Paragraph **1. Insuring Agreement** of **Section I - Coverage C - Medical Payments,** Subparagraph **(b)** of Paragraph **a.** is replaced by the following:

(b) The expenses are incurred and reported within three years of the date of the accident; and

F. EXTENSION OF SUPPLEMENTARY PAYMENTS - COVERAGES A AND B

1. Under **Supplementary Payments - Coverages A and B,** Paragraph **1.b.** is replaced by the following:

b. Up to **$3,000** for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

2. Paragraph **1.d.** is replaced by the following:

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to **$500** a day because of time off from work.

G. ADDITIONAL INSUREDS - BY CONTRACT, AGREEMENT OR PERMIT

1. Paragraph **2.** under **Section II - Who Is An Insured** is amended to include as an insured any person or organization whom you have agreed to add as an additional insured in a written contract, written agreement or permit. Such person or organization is an additional insured but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused in whole or in part by:

a. Your acts or omissions, or the acts or omissions of those acting on your behalf, in the performance of your on going operations for the additional insured that are the subject of the written contract or written agreement provided that the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" is committed, subsequent to the signing of such written contract or written agreement; or

© 2013 Liberty Mutual Insurance

b. Premises or facilities rented by you or used by you; or

c. The maintenance, operation or use by you of equipment rented or leased to you by such person or organization; or

d. Operations performed by you or on your behalf for which the state or political subdivision has issued a permit subject to the following additional provisions:

(1) This insurance does not apply to "bodily injury", "property damage", or "personal and advertising injury" arising out of the operations performed for the state or political subdivision;

(2) This insurance does not apply to "bodily injury" or "property damage" included within the "completed operations hazard".

(3) Insurance applies to premises you own, rent, or control but only with respect to the following hazards:

(a) The existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, street banners, or decorations and similar exposures; or

(b) The construction, erection, or removal of elevators; or

(c) The ownership, maintenance, or use of any elevators covered by this insurance.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

With respect to Paragraph 1.a. above, a person's or organization's status as an additional insured under this endorsement ends when:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

With respect to Paragraph 1.b. above, a person's or organization's status as an additional insured under this endorsement ends when their written contract or written agreement with you for such premises or facilities ends.

With respects to Paragraph 1.c. above, this insurance does not apply to any "occurrence" which takes place after the equipment rental or lease agreement has expired or you have returned such equipment to the lessor.

The insurance provided by this endorsement applies only if the written contract or written agreement is signed prior to the "bodily injury" or "property damage".

We have no duty to defend an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured as required in Paragraph b. of Condition **2. Duties In the Event Of Occurrence, Offense, Claim Or Suit** under **Section IV - Commercial General Liability Conditions.**

© 2013 Liberty Mutual Insurance

2. With respect to the insurance provided by this endorsement, the following are added to Paragraph 2. **Exclusions** under **Section I - Coverage A - Bodily Injury And Property Damage Liability:**

This insurance does not apply to:

a. "Bodily injury" or "property damage" arising from the sole negligence of the additional insured.

b. "Bodily injury" or "property damage" that occurs prior to you commencing operations at the location where such "bodily injury" or "property damage" occurs.

c. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

(1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

d. "Bodily injury" or "property damage" occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

e. Any person or organization specifically designated as an additional insured for ongoing operations by a separate **ADDITIONAL INSURED -OWNERS, LESSEES OR CONTRACTORS** endorsement issued by us and made a part of this policy.

3. With respect to the insurance afforded to these additional insureds, the following is added to **Section III - Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

a. Required by the contract or agreement; or

b. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declaratio ns.

H. PRIMARY AND NON-CONTRIBUTORY ADDITIONAL INSURED EXTENSION

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

Condition **4. Other Insurance** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended as follows:

a. The following is added to Paragraph **a. Primary Insurance:**

If an additional insured's policy has an Other Insurance provision making its policy excess, and you have agreed in a written contract or written agreement to provide the additional insured coverage on a primary and noncontributory basis, this policy shall be primary and we will not seek contribution from the additional insured's policy for damages we cover.

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. The following is added to Paragraph **b. Excess Insurance:**

When a written contract or written agreement, other than a premises lease, facilities rental contract or agreement, an equipment rental or lease contract or agreement, or permit issued by a state or political subdivision between you and an additional insured does not require this insurance to be primary or primary and non-contributory, this insurance is excess over any other insurance for which the additional insured is designated as a Named Insured.

Regardless of the written agreement between you and an additional insured, this insurance is excess over any other insurance whether primary, excess, contingent or on any other basis for which the additional insured has been added as an additional insured on other policies.

I. **ADDITIONAL INSUREDS - EXTENDED PROTECTION OF YOUR "LIMITS OF INSURANCE"**

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

1. The following is added to Condition **2. Duties In The Event Of Occurrence, Offense, Claim or Suit:**

An additional insured under this endorsement will as soon as practicable:

a. Give written notice of an "occurrence" or an offense that may result in a claim or "suit" under this insurance to us;

b. Tender the defense and indemnity of any claim or "suit" to all insurers whom also have insurance available to the additional insured; and

c. Agree to make available any other insurance which the additional insured has for a loss we cover under this Coverage Part.

d. We have no duty to defend or indemnify an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured.

2. The limits of insurance applicable to the additional insured are those specified in a written contract or written agreement or the limits of insurance as stated in the Declarations of this policy and defined in **Section III - Limits of Insurance** of this policy, whichever are less. These limits are inclusive of and not in addition to the limits of insurance available under this policy.

J. **WHO IS AN INSURED - INCIDENTAL MEDICAL ERRORS / MALPRACTICE**
WHO IS AN INSURED - FELLOW EMPLOYEE EXTENSION - MANAGEMENT EMPLOYEES

Paragraph **2.a.(1)** of **Section II - Who Is An Insured** is replaced with the following:

(1) "Bodily injury" or "personal and advertising injury":

(a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

(b) To the spouse, child, parent, brother or sister of that co-"employee" or "volunteer worker" as a consequence of Paragraph **(1) (a)** above;

(c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs **(1) (a)** or **(b)** above; or

(d) Arising out of his or her providing or failing to provide professional health care services. However, if you are not in the business of providing professional health care services or providing professional health care personnel to others, or if coverage for providing professional health care services is not otherwise excluded by separate endorsement, this provision (Paragraph **(d)**) does not apply.

Paragraphs **(a)** and **(b)** above do not apply to "bodily injury" or "personal and advertising injury" caused by an "employee" who is acting in a supervisory capacity for you. Supervisory capacity as used herein means the "employee's" job responsibilities assigned by you, includes the direct supervision of other "employees" of yours. However, none of these "employees" are insureds for "bodily injury" or "personal and

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

advertising injury" arising out of their willful conduct, which is defined as the purposeful or willful intent to cause "bodily injury" or "personal and advertising injury", or caused in whole or in part by their intoxication by liquor or controlled substances.

The coverage provided by provision J. is excess over any other valid and collectable insurance available to your "employee".

K. NEWLY FORMED OR ADDITIONALLY ACQUIRED ENTITIES

Paragraph 3. of **Section II - Who Is An Insured** is replaced by the following:

3. Any organization you newly acquire or form and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:
   a. Coverage under this provision is afforded only until the expiration of the policy period in which the entity was acquired or formed by you;
   b. Coverage A does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and
   c. Coverage B does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.
   d. Records and descriptions of operations must be maintained by the first Named Insured.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations or qualifies as an insured under this provision.

L. FAILURE TO DISCLOSE HAZARDS AND PRIOR OCCURRENCES

Under **Section IV - Commercial General Liability Conditions**, the following is added to Condition **6. Representations:**

Your failure to disclose all hazards or prior "occurrences" existing as of the inception date of the policy shall not prejudice the coverage afforded by this policy provided such failure to disclose all hazards or prior "occurrences" is not intentional.

M. KNOWLEDGE OF OCCURRENCE, OFFENSE, CLAIM OR SUIT

Under **Section IV - Commercial General Liability Conditions**, the following is added to Condition **2. Duties In The Event of Occurrence, Offense, Claim Or Suit:**

Knowledge of an "occurrence", offense, claim or "suit" by an agent, servant or "employee" of any insured shall not in itself constitute knowledge of the insured unless an insured listed under Paragraph **1. of Section II - Who Is An Insured** or a person who has been designated by them to receive reports of "occurrences", offenses, claims or "suits" shall have received such notice from the agent, servant or "employee".

N. LIBERALIZATION CLAUSE

If we revise this Commercial General Liability Extension Endorsement to provide more coverage without additional premium charge, your policy will automatically provide the coverage as of the day the revision is effective in your state.

O. BODILY INJURY REDEFINED

Under **Section V - Definitions**, Definition **3.** is replaced by the following:

3. "Bodily Injury" means physical injury, sickness or disease sustained by a person. This includes mental anguish, mental injury, shock, fright or death that results from such physical injury, sickness or disease.

© 2013 Liberty Mutual Insurance

P. **EXTENDED PROPERTY DAMAGE**

Exclusion a. of COVERAGE A. BODILY INJURY AND PROPERTY DAMAGE LIABILITY is replaced by the following:

a. **Expected Or Intended Injury**

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

Q. **WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US - WHEN REQUIRED IN A CONTRACT OR AGREEMENT WITH YOU**

Under **Section IV - Commercial General Liability Conditions,** the following is added to Condition **8. Transfer Of Rights Of Recovery Against Others To Us:**

We waive any right of recovery we may have against a person or organization because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard" provided:

1. You and that person or organization have agreed in writing in a contract or agreement that you waive such rights against that person or organization; and
2. The injury or damage occurs subsequent to the execution of the written contract or written agreement.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CALIFORNIA BUSINESS AUTO COVERAGE ENHANCEMENT ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

With respect to coverage afforded by this endorsement, the provisions of the policy apply unless modified by the endorsement.

If the policy to which this endorsement is attached also contains a Business Auto Coverage Enhancement Endorsement with a specific state named in the title, this endorsement does not apply to vehicles garaged in that specified state.

SECTION II - LIABILITY COVERAGE is amended as follows:

1. NEWLY FORMED OR ACQUIRED SUBSIDIARIES

SECTION II - LIABILITY COVERAGE, Paragraph **A.1. Who Is An Insured** is amended to include the following as an "insured":

d. Any legally incorporated subsidiary of which you own more than 50 percent interest during the policy period. Coverage is afforded only for 90 days from the date of acquisition or formation. However, "insured" does not include any organization that:

(1) Is a partnership or joint venture; or

(2) Is an "insured" under any other automobile policy except a policy written specificall y to apply in excess of this policy; or

(3) Has exhausted its Limit of Insurance or had its policy terminated under any other automobile policy.

© 2021 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Coverage under this provision d. does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization.

2. **EMPLOYEES AS INSUREDS**

SECTION II - LIABILITY COVERAGE, Paragraph **A.1. Who Is An Insured** is amended to include the following as an "insured":

e. Any "employee" of yours while using a covered "auto" you do not own, hire or borrow but only for acts within the scope of their employment by you. Insurance provided by this endorsement is excess over any other insurance available to any "employee".

f. Any "employee" of yours while operating an "auto" hired or borrowed under a written contract or agreement in that "employee's" name, with your permission, while performing duties related to the conduct of your business and within the scope of their employment. Insurance provided by this endorsement is excess over any other insurance available to the "employee".

3. **ADDITIONAL INSURED BY CONTRACT, AGREEMENT OR PERMIT**

SECTION II - LIABILITY COVERAGE, Paragraph **A.1. Who Is An Insured** is amended to include the following as an "insured":

g. Any person or organization with respect to the operation, maintenance or use of a covered "auto", provided that you and such person or organization have agreed in a written contract, written agreement, or permit issued to you by governmental or public authority, to add such person, or organization, or governmental or public authority to this policy as an "insured".

However, such person or organization is an "insured":

(1) Only with respect to the operation, maintenance or use of a covered "auto";

(2) Only for "bodily injury" or "property damage" caused by an "accident" which takes place after you executed the written contract or written agreement, or the permit has been issued to you; and

(3) Only for the duration of that contract, agreement or permit.

The "insured" is required to submit a claim to any other insurer to which coverage could apply for defense and indemnity. Unless the "insured" has agreed in writing to primary noncontributory wording per enhancement number 23, this policy is excess over any other collectible insurance.

4. **SUPPLEMENTARY PAYMENTS**

SECTION II - LIABILITY COVERAGE, Coverage Extensions, 2.a. Supplementary Payments, Paragraphs (2) and (4) are replaced by the following:

(2) Up to $3,000 for cost of bail bonds (including bonds for related traffic violations) required because of an "accident" we cover. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

5. **AMENDED FELLOW EMPLOYEE EXCLUSION**

In those jurisdictions where, by law, fellow "employees" are not entitled to the protection afforded to the employer by the workers compensation exclusivity rule, or similar protection, the following provision is added:

SECTION II - LIABILITY, Exclusion **B.5. Fellow Employee** does not apply if the "bodily injury" results from the use of a covered "auto" you own or hire if you have workers compensation insurance in force for all of your "employees" at the time of "loss".

This coverage is excess over any other collectible insurance.

SECTION III - PHYSICAL DAMAGE COVERAGE is amended as follows:

6. **HIRED AUTO PHYSICAL DAMAGE**

Paragraph **A.4. Coverage Extensions** of **SECTION III - PHYSICAL DAMAGE COVERAGE**, is amended by adding the following:

If hired "autos" are covered "autos" for Liability Coverage, and if Comprehensive, Specified Causes of Loss or Collision coverage are provided under the Business Auto Coverage Form for any "auto" you own, then the Physical Damage coverages provided are extended to "autos":

© 2021 Liberty Mutual Insurance

a. You hire, rent or borrow; or

b. Your "employee" hires or rents under a written contract or agreement in that "employee's" name, but only if the damage occurs while the vehicle is being used in the conduct of your business,

subject to the following limit and deductible:

a. The most we will pay for "loss" in any one "accident" or "loss" is the smallest of:

(1) $50,000; or

(2) The actual cash value of the damaged or stolen property as of the time of the "loss"; or

(3) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality, minus a deductible.

b. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage.

c. Subject to the limit, deductible and excess provisions described in this provision, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

d. Subject to a maximum of $1,000 per "accident", we will also cover the actual loss of use of the hired "auto" if it results from an "accident", you are legally liable and the lessor incurs an actual financial loss.

e. This coverage extension does not apply to:

(1) Any "auto" that is hired, rented or borrowed with a driver; or

(2) Any "auto" that is hired, rented or borrowed from your "employee" or any member of your "employee's" household.

Coverage provided under this extension is excess over any other collectible insurance available at the time of "loss".

7. **TOWING AND LABOR**

SECTION III - PHYSICAL DAMAGE COVERAGE, Paragraph **A.2. Towing**, is amended by the addition of the following:

We will pay towing and labor costs incurred, up to the limits shown below, each time a covered "auto" classified and rated as a private passenger type, "light truck" or "medium truck" is disabled:

a. For private passenger type vehicles, we will pay up to $75 per disablement.

b. For "light trucks", we will pay up to $75 per disablement. "Light trucks" are trucks that have a gross vehicle weight (GVW) of 10,000 pounds or less.

c. For "medium trucks", we will pay up to $150 per disablement. "Medium trucks" are trucks that have a gross vehicle weight (GVW) of 10,001 - 20,000 pounds.

However, the labor must be performed at the place of disablement.

8. **PHYSICAL DAMAGE - ADDITIONAL TRANSPORTATION EXPENSE COVERAGE**

Paragraph **A.4.a. Coverage Extensions, Transportation Expenses** of **SECTION III - PHYSICAL DAMAGE COVERAGE**, is amended to provide a limit of $50 per day and a maximum limit of $1,500.

9. **RENTAL REIMBURSEMENT**

SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage, is amended by adding the following:

a. We will pay up to $75 per day for rental reimbursement expenses incurred by you for the rental of an "auto" because of "accident" or "loss", to an "auto" for which we also pay a "loss" under Comprehensive, Specified Causes of Loss or Collision Coverages. We will pay only for those expenses incurred after the first 24 hours following the "accident" or "loss" to the covered "auto."

b. Rental Reimbursement requires the rental of a comparable or lesser vehicle, which in many cases may be substantially less than $75 per day, and will only be allowed for the period of time it should take to repair or replace the vehicle with reasonable speed and similar quality, up to a maximum of 30 days.

c. We will also pay up to $500 for reasonable and necessary expenses incurred by you to remove and replace your tools and equipment from the covered "auto". This limit is excess over any other collectible insurance.

© 2021 Liberty Mutual Insurance

d. This coverage does not apply unless you have a business necessity that other "autos" available for your use and operation cannot fill.

e. If "loss" results from the total theft of a covered "auto" of the private passenger type, we will pay under this coverage only that amount of your rental reimbursement expenses which is not already provided under Paragraph **4. Coverage Extension**.

f. No deductible applies to this coverage.

g. The insurance provided under this extension is excess over any other collectible insurance.

If this policy also provides Rental Reimbursement Coverage you purchased, the coverage provided by this Enhancement Endorsement is in addition to the coverage you purchased.

For the purposes of this endorsement provision, materials and equipment do not include "personal effects" as defined in provision **11.B.**

10. EXTRA EXPENSE - BROADENED COVERAGE

Under **SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage**, we will pay for the expense of returning a stolen covered "auto" to you. The maximum amount we will pay is $1,000.

11. PERSONAL EFFECTS COVERAGE

A. SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage, is amended by adding the following:

If you have purchased Comprehensive Coverage on this policy for an "auto" you own and that "auto" is stolen, we will pay, without application of a deductible, up to $600 for "personal effects" stolen with the "auto."

The insurance provided under this provision is excess over any other collectible insurance.

B. SECTION V - DEFINITIONS is amended by adding the following:

For the purposes of this provision, "personal effects" mean tangible property that is worn or carried by an "insured." "Personal effects" does not include tools, equipment, jewelry, money or securities.

12. ACCIDENTAL AIRBAG DEPLOYMENT

SECTION III - PHYSICAL DAMAGE COVERAGE, B. Exclusions is amended by adding the following:

If you have purchased Comprehensive or Collision Coverage under this policy, the exclusion for "loss" relating to mechanical breakdown does not apply to the accidental discharge of an airbag.

Any insurance we provide shall be excess over any other collectible insurance or reimbursement by manufacturer's warranty. However, we agree to pay any deductible applicable to the other coverage or warranty.

13. PHYSICAL DAMAGE DEDUCTIBLE - VEHICLE TRACKING SYSTEM

SECTION III - PHYSICAL DAMAGE COVERAGE, D. Deductible, is amended by adding the following:

Any Comprehensive Deductible shown in the **Declarations** will be reduced by 50% for any "loss" caused by theft if the vehicle is equipped with a vehicle tracking device such as a radio tracking device or a global position device and that device was the method of recovery of the vehicle.

14. AUDIO, VISUAL AND DATA ELECTRONIC EQUIPMENT COVERAGE

SECTION III - PHYSICAL DAMAGE COVERAGE, B. Exclusions, Paragraph a. of the exception to exclusions 4.c. and 4.d. is deleted and replaced with the following:

Exclusions 4.c. and 4.d. do not apply to:

a. Electronic equipment that receives or transmits audio, visual or data signals, whether or not designed solely for the reproduction of sound, if the equipment is:

(1) Permanently installed in the covered "auto" at the time of the "loss" or removable from a housing unit that is permanently installed in the covered "auto"; and

(2) Designed to be solely operated by use from the power from the "auto's" electrical system; and

(3) Physical damage coverages are provided for the covered "auto".

If the "loss" occurs solely to audio, visual or data electronic equipment or accessories used with this equipment, then our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by a $100 deductible.

© 2021 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

15. **LOAN / LEASE GAP COVERAGE (Not Applicable In New York)**

A. Paragraph **C. Limit Of Insurance** of **SECTION III - PHYSICAL DAMAGE COVERAGE** is amended by adding the following:

The most we will pay for a "total loss" to a covered "auto" owned by or leased to you in any one "accident" is the greater of the:

1. Balance due under the terms of the loan or lease to which the damaged covered "auto" is subject at the time of the "loss" less the amount of:
   a. Overdue payments and financial penalties associated with those payments as of the date of the "loss";
   b. Financial penalties imposed under a lease due to high mileage, excessive use or abnormal wear and tear;
   c. Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease;
   d. Transfer or rollover balances from previous loans or leases;
   e. Final payment due under a "Balloon Loan";
   f. The dollar amount of any unrepaired damage which occurred prior to the "total loss" of a covered "auto";
   g. Security deposits not refunded by a lessor;
   h. All refunds payable or paid to you as a result of the early termination of a lease agreement or as a result of the early termination of any warranty or extended service agreement on a covered "auto";
   i. Any amount representing taxes;
   j. Loan or lease termination fees; or
2. The actual cash value of the damage or stolen property as of the time of the "loss".

   An adjustment for depreciation and physical condition will be made in determining the actual cash value at the time of the "loss". This adjustment is not applicable in Texas.

B. **Additional Conditions**

This coverage applies only to the original loan for which the covered "auto" that incurred the "loss" serves as collateral, or lease written on the covered "auto" that incurred the "loss".

C. **SECTION V - DEFINITIONS** is changed by adding the following:

As used in this endorsement provision, the following definitions apply:

"Total loss" means a "loss" in which the cost of repairs plus the salvage value exceeds the actual cash value.

A "balloon loan" is one with periodic payments that are insufficient to repay the balance over the term of the loan, thereby requiring a large final payment.

16. **GLASS REPAIR - WAIVER OF DEDUCTIBLE**

Paragraph **D. Deductible** of **SECTION III - PHYSICAL DAMAGE COVERAGE** is amended by the addition of the following:

No deductible applies to glass damage if the glass is repaired rather than replaced.

17. **PARKED AUTO COLLISION COVERAGE (WAIVER OF DEDUCTIBLE)**

Paragraph **D. Deductible** of **SECTION III - PHYSICAL DAMAGE COVERAGE** is amended by the addition of the following:

The deductible does not apply to "loss" caused by collision to such covered "auto" of the private passenger type or light weight truck with a gross vehicle weight of 10,000 lbs. or less as defined by the manufacturer as maximum loaded weight the "auto" is designed to carry while it is:

a. In the charge of an "insured";
b. Legally parked; and
c. Unoccupied.

© 2021 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

The "loss" must be reported to the police authorities within 24 hours of known damage.

The total amount of the damage to the covered "auto" must exceed the deductible shown in the Declarations.

This provision does not apply to any "loss" if the covered "auto" is in the charge of any person or organization engaged in the automobile business.

18. TWO OR MORE DEDUCTIBLES

Under **SECTION III - PHYSICAL DAMAGE COVERAGE**, if two or more company policies or coverage forms apply to the same "accident", the following applies to Paragraph **D. Deductible**

a. If the applicable Business Auto deductible is the smaller (or smallest) deductible, it will be waived; or

b. If the applicable Business Auto deductible is not the smaller (or smallest) deductible , it will be reduced by the amount of the smaller (or smallest) deductible; or

c. If the "loss" involves two or more Business Auto coverage forms or policies, the smaller (or smallest) deductible will be waived.

For the purpose of this endorsement, company means any company that is part of the Liberty Mutual Group.

SECTION IV - BUSINESS AUTO CONDITIONS is amended as follows:

19. UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS

SECTION IV- BUSINESS AUTO CONDITIONS , Paragraph **B.2.** is amended by adding the following:

If you unintentionally fail to disclose any hazards, exposures or material facts existing as of the inception date or renewal date of the Business Auto Coverage Form, the coverage afforded by this policy will not be prejudiced.

However, you must report the undisclosed hazard of exposure as soon as practicable after its discovery, and we have the right to collect additional premium for any such hazard or exposure.

20. AMENDED DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS

SECTION IV - BUSINESS AUTO CONDITIONS , Paragraph **A.2.a.** is replaced in its entirety by the following:

a. In the event of "accident", claim, "suit" or "loss", you must promptly notify us when it is known to:

(1) You, if you are an individual;

(2) A partner, if you are a partnership;

(3) Member, if you are a limited liability company;

(4) An executive officer or the "employee" designated by the Named Insured to give such notice, if you are a corporation.

To the extent possible, notice to us should include:

(a) How, when and where the "accident" or "loss" took place;

(b) The "insured's" name and address; and

(c) The names and addresses of any injured persons and witnesses.

21. WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US

SECTION IV - BUSINESS AUTO CONDITIONS , Paragraph **A.5. Transfer Of Rights Of Recovery Against Others To Us**, is amended by the addition of the following:

If the person or organization has in a written agreement waived those rights before an "accident" or "loss", our rights are waived also.

22. HIRED AUTO COVERAGE TERRITORY

SECTION IV - BUSINESS AUTO CONDITIONS , Paragraph **B.7. Policy Period, Coverage Territory** , is amended by the addition of the following:

f. For "autos" hired 30 days or less, the coverage territory is anywhere in the world, provided that the "insured's" responsibility to pay for damages is determined in a "suit", on the merits, in the United States, the territories and possessions of the United States of America, Puerto Rico or Canada or in a settlement we agree to.

© 2021 Liberty Mutual Insurance

This extension of coverage does not apply to an "auto" hired, leased, rented or borrowed with a driver.

23. **PRIMARY AND NON-CONTRIBUTING IF REQUIRED BY WRITTEN CONTRACT OR WRITTEN AGREEMENT**

The following is added to **SECTION IV - BUSINESS AUTO CONDITIONS, General Conditions, B.5. Other Insurance** and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage is primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and
2. You have agreed in a written contract or written agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

SECTION V - DEFINITIONS is amended as follows:

24. **BODILY INJURY REDEFINED**

Under **SECTION V - DEFINITIONS**, Definition **C.** is replaced by the following:

"Bodily injury" means physical injury, sickness or disease sustained by a person, including mental anguish, mental injury, shock, fright or death resulting from any of these at any time.

AMENDMENT NO. 1

TO AGREEMENT FOR CONTRACT SERVICES

THIS AMENDMENT TO THE AGREEMENT FOR CONTRACT SERVICES ("Amendment No. 1") by and between the CITY OF CARSON, a California municipal corporation ("City") and MDG ASSOCIATES INC., a California corporation ("Consultant") is effective as of the 6th day of February, 2024.

RECITALS

A. City and Consultant entered into that certain Agreement for Contractual Services dated June 21, 2023 ("Agreement") whereby Consultant agreed to perform services for inspections, appraisal evaluations, coordination of residential and commercial rehabilitation projects and administrative and HUD IDIS training tasks on an as-needed basis for three (3) years with three (3) additional options for one-year extensions, for a total contract sum of $600,000; and

B. City Council established a Citywide Commercial Facade Improvement Program (the "Façade Program") pursuant to the adopted Carson Façade Improvement Program Guidelines for the public purpose of encouraging the improvement, stimulation and revitalization of the exterior facades of existing commercial buildings in various commercial corridors; and

C. The Façade Program is administered by the City and funded by the City's General Fund pursuant to an authorized allocation of $1,000,000 made by the City Council during its meeting of June 21, 2022; and

D. City Council also established a Permanent Local Housing Allocation (PLHA) funded Single-Family Housing Rehabilitation Program ("PLHA Residential Rehabilitation Program") during its meeting of February 7, 2023, for the public purpose of assisting income-qualified, eligible, owner-occupied, and Carson resident single family homeowners; and

E. The PLHA Residential Rehabilitation Program is administered by the City and funded by a PLHA grant agreement with the State of California Department of Housing and Community Development (HCD) pursuant to an authorized allocation of $529,674.50; and

F. City and Consultant now desire to amend the Agreement to: (i) modify the Scope of Services as they relate to the Façade Program and to add services as they pertain to the PLHA Rehabilitation Program through the end of the term, (ii) increase compensation by $168,250 to carry out the modified scope of services of the Agreement through the end of the term, (iii) specify that the Façade Program is to be funded through the City's General Fund, for a new total contract sum of $768,250, and (iv) specify that the PLHA Residential Rehabilitation Program is to be funded through the PLHA grant agreement.

TERMS

1. **Contract Changes**. The Agreement is amended as provided herein (new text is identified in ***bold italics***, deleted text in ~~strike through~~).

A. Section 2.1 (Contract Sum) is hereby amended to read in its entirety as follows:

"Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed ***Seven Hundred Sixty-Eight Thousand Two Hundred Fifty Dollars ($768,250)*** ~~Six Hundred Thousand Dollars ($600,000)~~ (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8. In the event City elects to exercise its options to extend the Term pursuant to Section 3.4 hereof, the Contract Sum will increase by an amount of ***$256,083.33*** ~~$200,000~~ per year."

B. A new Article 11 (Funding for Façade Program) is hereby added to the Agreement to read in its entirety as follows:

"ARTICLE 11. FUNDING FOR FAÇADE PROGRAM

Notwithstanding anything contained in Article 10 of this Agreement, all funding for Consultant's services performed for the Façade Program will be paid out of the City's General Fund."

C. A new Article 12 (Funding for PLHA Residential Rehabilitation Program) is hereby added to the Agreement to read in its entirety as follows:

"ARTICLE 12. FUNDING FOR PLHA RESIDENTIAL REHABILITATION PROGRAM

Notwithstanding anything contained in Article 10 of this Agreement, all funding for Consultant's services performed for the PLHA Residential Rehabilitation Program will be paid out of the PLHA grant agreement with HCD."

D. Section I, Subsection B, Paragraph 12, of Exhibit "A" (Scope of Services), is hereby amended to read in its entirety as follows:

"12. Commercial Façade Program Consultant Service:

- ~~Initial inspection of property~~
- ~~Description of work~~
- ~~Bid Procedure~~
- ~~Pre-construction meetings and job walks~~
- ~~Coordination and monitoring of job progress~~
- ~~Recommend/request payments~~
- ~~Case File completion~~
- ***Property Inspection and Work Specifications***
  - ***Review drawings prepared by City's selected program architect.***

- *Draft Construction Scope of Work – Work Description.*
- *Provide Construction Cost Estimates.*
- *Prepare Pre-Construction Pictures.*
- *Send Applicant Work Description for review and revise as needed.*
- *Provide follow-up and related services as needed.*

- *Bid and Construction Process*
  - *Prepare Bid Packages for distribution.*
  - *Serve as Liaison with Program Applicant and contractor(s).*
  - *Provide Technical Support.*
  - *Coordinate Bid Process*
    - *Conduct Mandatory Bid-Walk with Applicant and Contractors.*
    - *Review bids, prepare Bid comparison, and follow-up with Contractors.*
    - *Verification of License and Insurance Documentation.*
    - *Selection and Award of Contract.*
- *Construction Management Oversight*
  - *Conduct progress inspections.*
  - *Prepare and Submit Progress Payment Requests.*
  - *Prepare Punch List, as needed.*
  - *Submit Change Order Request(s) as needed.*
- *Case File Completion*
  - *Prepare Post-Construction Pictures.*
  - *Assist staff with project close out (i.e., Notice of Completion)"*

E. Section I, Subsection B, Paragraph 15, of Exhibit "A" (Scope of Services), is hereby added to read in its entirety as follows:

"15. <u>PLHA Residential Rehabilitation Program Consultant Service</u>:

- *Property Inspection and Work Specifications*
  - *Conduct initial inspection of property.*
  - *Draft Construction Scope of Work – Work Description.*
  - *Provide Construction Cost Estimates.*
  - *Prepare Pre-Construction Pictures.*
  - *Send Applicant Work Description for review and revise as needed.*
  - *Provide follow-up and related services as needed.*

- *Bid and Construction Process*
  - *Prepare Bid Packages for distribution.*
  - *Serve as Liaison with Program Applicant and contractor(s).*
  - *Provide Technical Support.*
  - *Coordinate Bid Process:*
    - *Review bids, prepare Bid comparison, and follow-up with Contractor.*
    - *Verification of License and Insurance Documentation.*
    - *Selection and Award of Contract.*
    - *Prepare Construction and Improvement Agreements.*
    - *Attend Pre-Construction and Contract Signing Meeting.*

- *Construction Management Oversight*
  - *Conduct progress inspections.*
  - *Prepare and Submit Progress Payment Requests.*

- *Prepare Punch List, as needed.*
- *Submit Change Order Request(s) as needed.*

- *Case File Completion*
  - *Prepare Post-Construction Pictures.*
  - *Assist staff with project close out (i.e. Notice of Completion)"*

F. Section IV. of Exhibit "C" (Schedule of Compensation) is hereby amended to read in its entirety as follows:

"**IV.** The total compensation for the Services shall not exceed *$768,250*~~$200,000~~, as provided in Section 2.1 of this Agreement."

2. **Continuing Effect of Agreement.** Except as amended by this Amendment No. 1, all provisions of the Agreement shall remain unchanged and in full force and effect. From and after the date of this Amendment No. 1, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement, as amended by this Amendment No. 1 to the Agreement.

3. **Affirmation of Agreement; Warranty Re Absence of Defaults.** City and Consultant each ratify and reaffirm each and every one of the respective rights and obligations arising under the Agreement. Each party represents and warrants to the other that there have been no written or oral modifications to the Agreement other than as provided herein. Each party represents and warrants to the other that the Agreement is currently an effective, valid, and binding obligation.

Consultant represents and warrants to City that, as of the date of this Amendment No. 1, City is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

City represents and warrants to Consultant that, as of the date of this Amendment No. 1, Consultant is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

4. **Adequate Consideration.** The parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. 1.

5. **Authority.** The persons executing this Amendment No. 1 on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Amendment No. 1 on behalf of said party, (iii) by so executing this Amendment No. 1, such party is formally bound to the provisions of this Amendment No. 1, and (iv) the entering into this Amendment No. 1 does not violate any provision of any other Agreement to which said party is bound.

6. **Counterparts.** This Amendment No. 1 may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original,

whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Amendment No. 1.

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

With respect to coverage afforded by this endorsement, the provisions of the policy apply unless modified by the endorsement.

A. **NON-OWNED AIRCRAFT**

Under Paragraph **2. Exclusions** of **Section I - Coverage A - Bodily Injury And Property Damage Liability**, exclusion **g. Aircraft, Auto Or Watercraft** does not apply to an aircraft provided:

1. It is not owned by any insured;
2. It is hired, chartered or loaned with a trained paid crew;
3. The pilot in command holds a currently effective certificate, issued by the duly constituted authority of the United States of America or Canada, designating her or him a commercial or airline pilot; and
4. It is not being used to carry persons or property for a charge.

However, the insurance afforded by this provision does not apply if there is available to the insured other valid and collectible insurance, whether primary, excess (other than insurance written to apply specifically in excess of this policy), contingent or on any other basis, that would also apply to the loss covered under this provision.

B. **NON-OWNED WATERCRAFT**

Under Paragraph **2. Exclusions** of **Section I - Coverage A - Bodily Injury And Property Damage Liability**, Subparagraph **(2)** of exclusion **g. Aircraft, Auto Or Watercraft** is replaced by the following:

This exclusion does not apply to:

(2) A watercraft you do not own that is:

(a) Less than 52 feet long; and

(b) Not being used to carry persons or property for a charge.

C. **PROPERTY DAMAGE LIABILITY - ELEVATORS**

1. Under Paragraph **2. Exclusions** of **Section I - Coverage A - Bodily Injury And Property Damage Liability**, Subparagraphs **(3)**, **(4)** and **(6)** of exclusion **j. Damage To Property** do not apply if such "property damage" results from the use of elevators. For the purpose of this provision, elevators do not include vehicle lifts. Vehicle lifts are lifts or hoists used in automobile service or repair operations.

2. The following is added to **Section IV - Commercial General Liability Conditions**, Condition **4. Other Insurance**, Paragraph **b. Excess Insurance:**

The insurance afforded by this provision of this endorsement is excess over any property insurance, whether primary, excess, contingent or on any other basis.

D. **EXTENDED DAMAGE TO PROPERTY RENTED TO YOU (Tenant's Property Damage)**

If Damage To Premises Rented To You is not otherwise excluded from this Coverage Part:

1. Under Paragraph **2. Exclusions of Section I - Coverage A - Bodily Injury and Property Damage Liability:**

a. The fourth from the last paragraph of exclusion **j. Damage To Property** is replaced by the following:

Paragraphs **(1)**, **(3)** and **(4)** of this exclusion do not apply to "property damage" (other than damage by fire, lightning, explosion, smoke, or leakage from an automatic fire protection system) to:

(i) Premises rented to you for a period of 7 or fewer consecutive days; or

(ii) Contents that you rent or lease as part of a premises rental or lease agreement for a period of more than 7 days.

Paragraphs **(1)**, **(3)** and **(4)** of this exclusion do not apply to "property damage" to contents of premises rented to you for a period of 7 or fewer consecutive days.

A separate limit of insurance applies to this coverage as described in **Section III - Limits of Insurance.**

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. The last paragraph of subsection **2. Exclusions** is replaced by the following:

Exclusions **c.** through **n.** do not apply to damage by fire, lightning, explosion, smoke or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with permission of the owner. A separate limit of insurance applies to Damage To Premises Rented To You as described in **Section III - Limits Of Insurance.**

2. Paragraph 6. under **Section III - Limits Of Insurance** is replaced by the following:

6. Subject to Paragraph 5. above, the Damage To Premises Rented To You Limit is the most we will pay under Coverage A for damages because of "property damage" to:

a. Any one premise:

(1) While rented to you; or

(2) While rented to you or temporarily occupied by you with permission of the owner for damage by fire, lightning, explosion, smoke or leakage from automatic protection systems; or

b. Contents that you rent or lease as part of a premises rental or lease agreement.

3. As regards coverage provided by this provision **D. EXTENDED DAMAGE TO PROPERTY RENTED TO YOU (Tenant's Property Damage)** - Paragraph **9.a.** of **Definitions** is replaced with the following:

9.a. A contract for a lease of premises. However, that portion of the contract for a lease of premises that indemnifies any person or organization for damage by fire, lightning, explosion, smoke, or leakage from automatic fire protection systems to premises while rented to you or temporarily occupied by you with the permission of the owner, or for damage to contents of such premises that are included in your premises rental or lease agreement, is not an "insured contract".

E. MEDICAL PAYMENTS EXTENSION

If **Coverage C Medical Payments** is not otherwise excluded, the Medical Payments provided by this policy are amended as follows:

Under Paragraph 1. **Insuring Agreement** of **Section I - Coverage C - Medical Payments,** Subparagraph **(b)** of Paragraph a. is replaced by the following:

(b) The expenses are incurred and reported within three years of the date of the accident; and

F. EXTENSION OF SUPPLEMENTARY PAYMENTS - COVERAGES A AND B

1. Under **Supplementary Payments - Coverages A and B,** Paragraph **1.b.** is replaced by the following:

b. Up to **$3,000** for cost of bail bonds required because of accidents or traffic law violations arising out of the use of any vehicle to which the Bodily Injury Liability Coverage applies. We do not have to furnish these bonds.

2. Paragraph **1.d.** is replaced by the following:

d. All reasonable expenses incurred by the insured at our request to assist us in the investigation or defense of the claim or "suit", including actual loss of earnings up to **$500** a day because of time off from work.

G. ADDITIONAL INSUREDS - BY CONTRACT, AGREEMENT OR PERMIT

1. Paragraph 2. under **Section II - Who Is An Insured** is amended to include as an insured any person or organization whom you have agreed to add as an additional insured in a written contract, written agreement or permit. Such person or organization is an additional insured but only with respect to liability for "bodily injury", "property damage" or "personal and advertising injury" caused in whole or in part by:

a. Your acts or omissions, or the acts or omissions of those acting on your behalf, in the performance of your on going operations for the additional insured that are the subject of the written contract or written agreement provided that the "bodily injury" or "property damage" occurs, or the "personal and advertising injury" is committed, subsequent to the signing of such written contract or written agreement; or

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. Premises or facilities rented by you or used by you; or

c. The maintenance, operation or use by you of equipment rented or leased to you by such person or organization; or

d. Operations performed by you or on your behalf for which the state or political subdivision has issued a permit subject to the following additional provisions:

(1) This insurance does not apply to "bodily injury", "property damage", or "personal and advertising injury" arising out of the operations performed for the state or political subdivision;

(2) This insurance does not apply to "bodily injury" or "property damage" included within the "completed operations hazard".

(3) Insurance applies to premises you own, rent, or control but only with respect to the following hazards:

(a) The existence, maintenance, repair, construction, erection, or removal of advertising signs, awnings, canopies, cellar entrances, coal holes, driveways, manholes, marquees, hoist away openings, sidewalk vaults, street banners, or decorations and similar exposures; or

(b) The construction, erection, or removal of elevators; or

(c) The ownership, maintenance, or use of any elevators covered by this insurance.

However:

1. The insurance afforded to such additional insured only applies to the extent permitted by law; and

2. If coverage provided to the additional insured is required by a contract or agreement, the insurance afforded to such additional insured will not be broader than that which you are required by the contract or agreement to provide for such additional insured.

With respect to Paragraph 1.a. above, a person's or organization's status as an additional insured under this endorsement ends when:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

With respect to Paragraph 1.b. above, a person's or organization's status as an additional insured under this endorsement ends when their written contract or written agreement with you for such premises or facilities ends.

With respects to Paragraph 1.c. above, this insurance does not apply to any "occurrence" which takes place after the equipment rental or lease agreement has expired or you have returned such equipment to the lessor.

The insurance provided by this endorsement applies only if the written contract or written agreement is signed prior to the "bodily injury" or "property damage".

We have no duty to defend an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured as required in Paragraph b. of Condition **2. Duties In the Event Of Occurrence, Offense, Claim Or Suit** under **Section IV - Commercial General Liability Conditions.**

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

2. With respect to the insurance provided by this endorsement, the following are added to Paragraph 2. **Exclusions** under **Section I - Coverage A - Bodily Injury And Property Damage Liability:**

This insurance does not apply to:

a. "Bodily injury" or "property damage" arising from the sole negligence of the additional insured.

b. "Bodily injury" or "property damage" that occurs prior to you commencing operations at the location where such "bodily injury" or "property damage" occurs.

c. "Bodily injury", "property damage" or "personal and advertising injury" arising out of the rendering of, or the failure to render, any professional architectural, engineering or surveying services, including:

(1) The preparing, approving, or failing to prepare or approve, maps, shop drawings, opinions, reports, surveys, field orders, change orders or drawings and specifications; or

(2) Supervisory, inspection, architectural or engineering activities.

This exclusion applies even if the claims against any insured allege negligence or other wrongdoing in the supervision, hiring, employment, training or monitoring of others by that insured, if the "occurrence" which caused the "bodily injury" or "property damage", or the offense which caused the "personal and advertising injury", involved the rendering of, or the failure to render, any professional architectural, engineering or surveying services.

d. "Bodily injury" or "property damage" occurring after:

(1) All work, including materials, parts or equipment furnished in connection with such work, on the project (other than service, maintenance or repairs) to be performed by or on behalf of the additional insured(s) at the location of the covered operations has been completed; or

(2) That portion of "your work" out of which the injury or damage arises has been put to its intended use by any person or organization other than another contractor or subcontractor engaged in performing operations for a principal as a part of the same project.

e. Any person or organization specifically designated as an additional insured for ongoing operations by a separate **ADDITIONAL INSURED -OWNERS, LESSEES OR CONTRACTORS** endorsement issued by us and made a part of this policy.

3. With respect to the insurance afforded to these additional insureds, the following is added to **Section III - Limits Of Insurance:**

If coverage provided to the additional insured is required by a contract or agreement, the most we will pay on behalf of the additional insured is the amount of insurance:

a. Required by the contract or agreement; or

b. Available under the applicable Limits of Insurance shown in the Declarations;

whichever is less.

This endorsement shall not increase the applicable Limits of Insurance shown in the Declaratio ns.

H. PRIMARY AND NON-CONTRIBUTORY ADDITIONAL INSURED EXTENSION

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

Condition **4. Other Insurance** of **SECTION IV - COMMERCIAL GENERAL LIABILITY CONDITIONS** is amended as follows:

a. The following is added to Paragraph **a. Primary Insurance:**

If an additional insured's policy has an Other Insurance provision making its policy excess, and you have agreed in a written contract or written agreement to provide the additional insured coverage on a primary and noncontributory basis, this policy shall be primary and we will not seek contribution from the additional insured's policy for damages we cover.

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

b. The following is added to Paragraph **b. Excess Insurance:**

When a written contract or written agreement, other than a premises lease, facilities rental contract or agreement, an equipment rental or lease contract or agreement, or permit issued by a state or political subdivision between you and an additional insured does not require this insurance to be primary or primary and non-contributory, this insurance is excess over any other insurance for which the additional insured is designated as a Named Insured.

Regardless of the written agreement between you and an additional insured, this insurance is excess over any other insurance whether primary, excess, contingent or on any other basis for which the additional insured has been added as an additional insured on other policies.

I. **ADDITIONAL INSUREDS - EXTENDED PROTECTION OF YOUR "LIMITS OF INSURANCE"**

This provision applies to any person or organization who qualifies as an additional insured under any form or endorsement under this policy.

1. The following is added to Condition **2. Duties In The Event Of Occurrence, Offense, Claim or Suit:**

   An additional insured under this endorsement will as soon as practicable:

   a. Give written notice of an "occurrence" or an offense that may result in a claim or "suit" under this insurance to us;

   b. Tender the defense and indemnity of any claim or "suit" to all insurers whom also have insurance available to the additional insured; and

   c. Agree to make available any other insurance which the additional insured has for a loss we cover under this Coverage Part.

   d. We have no duty to defend or indemnify an additional insured under this endorsement until we receive written notice of a "suit" by the additional insured.

2. The limits of insurance applicable to the additional insured are those specified in a written contract or written agreement or the limits of insurance as stated in the Declarations of this policy and defined in **Section III - Limits of Insurance** of this policy, whichever are less. These limits are inclusive of and not in addition to the limits of insurance available under this policy.

J. **WHO IS AN INSURED - INCIDENTAL MEDICAL ERRORS / MALPRACTICE**
WHO IS AN INSURED - FELLOW EMPLOYEE EXTENSION - MANAGEMENT EMPLOYEES

Paragraph **2.a.(1)** of **Section II - Who Is An Insured** is replaced with the following:

(1) "Bodily injury" or "personal and advertising injury":

(a) To you, to your partners or members (if you are a partnership or joint venture), to your members (if you are a limited liability company), to a co-"employee" while in the course of his or her employment or performing duties related to the conduct of your business, or to your other "volunteer workers" while performing duties related to the conduct of your business;

(b) To the spouse, child, parent, brother or sister of that co-"employee" or "volunteer worker" as a consequence of Paragraph **(1) (a)** above;

(c) For which there is any obligation to share damages with or repay someone else who must pay damages because of the injury described in Paragraphs **(1) (a)** or **(b)** above; or

(d) Arising out of his or her providing or failing to provide professional health care services. However, if you are not in the business of providing professional health care services or providing professional health care personnel to others, or if coverage for providing professional health care services is not otherwise excluded by separate endorsement, this provision (Paragraph **(d)**) does not apply.

Paragraphs **(a)** and **(b)** above do not apply to "bodily injury" or "personal and advertising injury" caused by an "employee" who is acting in a supervisory capacity for you. Supervisory capacity as used herein means the "employee's" job responsibilities assigned by you, includes the direct supervision of other "employees" of yours. However, none of these "employees" are insureds for "bodily injury" or "personal and

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

advertising injury" arising out of their willful conduct, which is defined as the purposeful or willful intent to cause "bodily injury" or "personal and advertising injury", or caused in whole or in part by their intoxication by liquor or controlled substances.

The coverage provided by provision J. is excess over any other valid and collectable insurance available to your "employee".

K. NEWLY FORMED OR ADDITIONALLY ACQUIRED ENTITIES

Paragraph 3. of **Section II - Who Is An Insured** is replaced by the following:

3. Any organization you newly acquire or form and over which you maintain ownership or majority interest, will qualify as a Named Insured if there is no other similar insurance available to that organization. However:
   a. Coverage under this provision is afforded only until the expiration of the policy period in which the entity was acquired or formed by you;
   b. Coverage A does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization; and
   c. Coverage B does not apply to "personal and advertising injury" arising out of an offense committed before you acquired or formed the organization.
   d. Records and descriptions of operations must be maintained by the first Named Insured.

No person or organization is an insured with respect to the conduct of any current or past partnership, joint venture or limited liability company that is not shown as a Named Insured in the Declarations or qualifies as an insured under this provision.

L. FAILURE TO DISCLOSE HAZARDS AND PRIOR OCCURRENCES

Under **Section IV - Commercial General Liability Conditions**, the following is added to Condition **6. Representations:**

Your failure to disclose all hazards or prior "occurrences" existing as of the inception date of the policy shall not prejudice the coverage afforded by this policy provided such failure to disclose all hazards or prior "occurrences" is not intentional.

M. KNOWLEDGE OF OCCURRENCE, OFFENSE, CLAIM OR SUIT

Under **Section IV - Commercial General Liability Conditions**, the following is added to Condition **2. Duties In The Event of Occurrence, Offense, Claim Or Suit:**

Knowledge of an "occurrence", offense, claim or "suit" by an agent, servant or "employee" of any insured shall not in itself constitute knowledge of the insured unless an insured listed under Paragraph 1. of **Section II - Who Is An Insured** or a person who has been designated by them to receive reports of "occurrences", offenses, claims or "suits" shall have received such notice from the agent, servant or "employee".

N. LIBERALIZATION CLAUSE

If we revise this Commercial General Liability Extension Endorsement to provide more coverage without additional premium charge, your policy will automatically provide the coverage as of the day the revision is effective in your state.

O. BODILY INJURY REDEFINED

Under **Section V - Definitions**, Definition 3. is replaced by the following:

3. "Bodily Injury" means physical injury, sickness or disease sustained by a person. This includes mental anguish, mental injury, shock, fright or death that results from such physical injury, sickness or disease.

© 2013 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

P. **EXTENDED PROPERTY DAMAGE**

Exclusion a. of COVERAGE A. BODILY INJURY AND PROPERTY DAMAGE LIABILITY is replaced by the following:

a. **Expected Or Intended Injury**

"Bodily injury" or "property damage" expected or intended from the standpoint of the insured. This exclusion does not apply to "bodily injury" or "property damage" resulting from the use of reasonable force to protect persons or property.

Q. **WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US - WHEN REQUIRED IN A CONTRACT OR AGREEMENT WITH YOU**

Under **Section IV - Commercial General Liability Conditions,** the following is added to Condition **8. Transfer Of Rights Of Recovery Against Others To Us:**

We waive any right of recovery we may have against a person or organization because of payments we make for injury or damage arising out of your ongoing operations or "your work" done under a contract with that person or organization and included in the "products-completed operations hazard" provided:

1. You and that person or organization have agreed in writing in a contract or agreement that you waive such rights against that person or organization; and
2. The injury or damage occurs subsequent to the execution of the written contract or written agreement.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

CALIFORNIA BUSINESS AUTO COVERAGE ENHANCEMENT ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

With respect to coverage afforded by this endorsement, the provisions of the policy apply unless modified by the endorsement.

If the policy to which this endorsement is attached also contains a Business Auto Coverage Enhancement Endorsement with a specific state named in the title, this endorsement does not apply to vehicles garaged in that specified state.

SECTION II - LIABILITY COVERAGE is amended as follows:

1. NEWLY FORMED OR ACQUIRED SUBSIDIARIES

SECTION II - LIABILITY COVERAGE, Paragraph **A.1. Who Is An Insured** is amended to include the following as an "insured":

d. Any legally incorporated subsidiary of which you own more than 50 percent interest during the policy period. Coverage is afforded only for 90 days from the date of acquisition or formation. However, "insured" does not include any organization that:

(1) Is a partnership or joint venture; or

(2) Is an "insured" under any other automobile policy except a policy written specificall y to apply in excess of this policy; or

(3) Has exhausted its Limit of Insurance or had its policy terminated under any other automobile policy.

© 2021 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

Coverage under this provision d. does not apply to "bodily injury" or "property damage" that occurred before you acquired or formed the organization.

2. **EMPLOYEES AS INSUREDS**

SECTION II - LIABILITY COVERAGE, Paragraph **A.1. Who Is An Insured** is amended to include the following as an "insured":

e. Any "employee" of yours while using a covered "auto" you do not own, hire or borrow but only for acts within the scope of their employment by you. Insurance provided by this endorsement is excess over any other insurance available to any "employee".

f. Any "employee" of yours while operating an "auto" hired or borrowed under a written contract or agreement in that "employee's" name, with your permission, while performing duties related to the conduct of your business and within the scope of their employment. Insurance provided by this endorsement is excess over any other insurance available to the "employee".

3. **ADDITIONAL INSURED BY CONTRACT, AGREEMENT OR PERMIT**

SECTION II - LIABILITY COVERAGE, Paragraph **A.1. Who Is An Insured** is amended to include the following as an "insured":

g. Any person or organization with respect to the operation, maintenance or use of a covered "auto", provided that you and such person or organization have agreed in a written contract, written agreement, or permit issued to you by governmental or public authority, to add such person, or organization, or governmental or public authority to this policy as an "insured".

However, such person or organization is an "insured":

(1) Only with respect to the operation, maintenance or use of a covered "auto";

(2) Only for "bodily injury" or "property damage" caused by an "accident" which takes place after you executed the written contract or written agreement, or the permit has been issued to you; and

(3) Only for the duration of that contract, agreement or permit.

The "insured" is required to submit a claim to any other insurer to which coverage could apply for defense and indemnity. Unless the "insured" has agreed in writing to primary noncontributory wording per enhancement number 23, this policy is excess over any other collectible insurance.

4. **SUPPLEMENTARY PAYMENTS**

SECTION II - LIABILITY COVERAGE, Coverage Extensions, 2.a. Supplementary Payments, Paragraphs (2) and (4) are replaced by the following:

(2) Up to $3,000 for cost of bail bonds (including bonds for related traffic violations) required because of an "accident" we cover. We do not have to furnish these bonds.

(4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

5. **AMENDED FELLOW EMPLOYEE EXCLUSION**

In those jurisdictions where, by law, fellow "employees" are not entitled to the protection afforded to the employer by the workers compensation exclusivity rule, or similar protection, the following provision is added:

SECTION II - LIABILITY, Exclusion **B.5. Fellow Employee** does not apply if the "bodily injury" results from the use of a covered "auto" you own or hire if you have workers compensation insurance in force for all of your "employees" at the time of "loss".

This coverage is excess over any other collectible insurance.

SECTION III - PHYSICAL DAMAGE COVERAGE is amended as follows:

6. **HIRED AUTO PHYSICAL DAMAGE**

Paragraph **A.4. Coverage Extensions** of **SECTION III - PHYSICAL DAMAGE COVERAGE**, is amended by adding the following:

If hired "autos" are covered "autos" for Liability Coverage, and if Comprehensive, Specified Causes of Loss or Collision coverage are provided under the Business Auto Coverage Form for any "auto" you own, then the Physical Damage coverages provided are extended to "autos":

© 2021 Liberty Mutual Insurance

a. You hire, rent or borrow; or

b. Your "employee" hires or rents under a written contract or agreement in that "employee's" name, but only if the damage occurs while the vehicle is being used in the conduct of your business,

subject to the following limit and deductible:

a. The most we will pay for "loss" in any one "accident" or "loss" is the smallest of:

(1) $50,000; or

(2) The actual cash value of the damaged or stolen property as of the time of the "loss"; or

(3) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality, minus a deductible.

b. The deductible will be equal to the largest deductible applicable to any owned "auto" for that coverage.

c. Subject to the limit, deductible and excess provisions described in this provision, we will provide coverage equal to the broadest coverage applicable to any covered "auto" you own.

d. Subject to a maximum of $1,000 per "accident", we will also cover the actual loss of use of the hired "auto" if it results from an "accident", you are legally liable and the lessor incurs an actual financial loss.

e. This coverage extension does not apply to:

(1) Any "auto" that is hired, rented or borrowed with a driver; or

(2) Any "auto" that is hired, rented or borrowed from your "employee" or any member of your "employee's" household.

Coverage provided under this extension is excess over any other collectible insurance available at the time of "loss".

7. **TOWING AND LABOR**

SECTION III - PHYSICAL DAMAGE COVERAGE, Paragraph **A.2. Towing**, is amended by the addition of the following:

We will pay towing and labor costs incurred, up to the limits shown below, each time a covered "auto" classified and rated as a private passenger type, "light truck" or "medium truck" is disabled:

a. For private passenger type vehicles, we will pay up to $75 per disablement.

b. For "light trucks", we will pay up to $75 per disablement. "Light trucks" are trucks that have a gross vehicle weight (GVW) of 10,000 pounds or less.

c. For "medium trucks", we will pay up to $150 per disablement. "Medium trucks" are trucks that have a gross vehicle weight (GVW) of 10,001 - 20,000 pounds.

However, the labor must be performed at the place of disablement.

8. **PHYSICAL DAMAGE - ADDITIONAL TRANSPORTATION EXPENSE COVERAGE**

Paragraph **A.4.a. Coverage Extensions, Transportation Expenses** of **SECTION III - PHYSICAL DAMAGE COVERAGE**, is amended to provide a limit of $50 per day and a maximum limit of $1,500.

9. **RENTAL REIMBURSEMENT**

SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage, is amended by adding the following:

a. We will pay up to $75 per day for rental reimbursement expenses incurred by you for the rental of an "auto" because of "accident" or "loss", to an "auto" for which we also pay a "loss" under Comprehensive, Specified Causes of Loss or Collision Coverages. We will pay only for those expenses incurred after the first 24 hours following the "accident" or "loss" to the covered "auto."

b. Rental Reimbursement requires the rental of a comparable or lesser vehicle, which in many cases may be substantially less than $75 per day, and will only be allowed for the period of time it should take to repair or replace the vehicle with reasonable speed and similar quality, up to a maximum of 30 days.

c. We will also pay up to $500 for reasonable and necessary expenses incurred by you to remove and replace your tools and equipment from the covered "auto". This limit is excess over any other collectible insurance.

© 2021 Liberty Mutual Insurance

d. This coverage does not apply unless you have a business necessity that other "autos" available for your use and operation cannot fill.

e. If "loss" results from the total theft of a covered "auto" of the private passenger type, we will pay under this coverage only that amount of your rental reimbursement expenses which is not already provided under Paragraph **4. Coverage Extension** .

f. No deductible applies to this coverage.

g. The insurance provided under this extension is excess over any other collectible insurance.

If this policy also provides Rental Reimbursement Coverage you purchased, the coverage provided by this Enhancement Endorsement is in addition to the coverage you purchased.

For the purposes of this endorsement provision, materials and equipment do not include "personal effects" as defined in provision **11.B.**

10. EXTRA EXPENSE - BROADENED COVERAGE

Under **SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage**, we will pay for the expense of returning a stolen covered "auto" to you. The maximum amount we will pay is $1,000.

11. PERSONAL EFFECTS COVERAGE

A. SECTION III - PHYSICAL DAMAGE COVERAGE, A. Coverage , is amended by adding the following:

If you have purchased Comprehensive Coverage on this policy for an "auto" you own and that "auto" is stolen, we will pay, without application of a deductible, up to $600 for "personal effects" stolen with the "auto."

The insurance provided under this provision is excess over any other collectible insurance.

B. SECTION V - DEFINITIONS is amended by adding the following:

For the purposes of this provision, "personal effects" mean tangible property that is worn or carried by an "insured." "Personal effects" does not include tools, equipment, jewelry, money or securities.

12. ACCIDENTAL AIRBAG DEPLOYMENT

SECTION III - PHYSICAL DAMAGE COVERAGE, B. Exclusions is amended by adding the following:

If you have purchased Comprehensive or Collision Coverage under this policy, the exclusion for "loss" relating to mechanical breakdown does not apply to the accidental discharge of an airbag.

Any insurance we provide shall be excess over any other collectible insurance or reimbursement by manufacturer's warranty. However, we agree to pay any deductible applicable to the other coverage or warranty.

13. PHYSICAL DAMAGE DEDUCTIBLE - VEHICLE TRACKING SYSTEM

SECTION III - PHYSICAL DAMAGE COVERAGE, D. Deductible , is amended by adding the following:

Any Comprehensive Deductible shown in the Declarations will be reduced by 50% for any "loss" caused by theft if the vehicle is equipped with a vehicle tracking device such as a radio tracking device or a global position device and that device was the method of recovery of the vehicle.

14. AUDIO, VISUAL AND DATA ELECTRONIC EQUIPMENT COVERAGE

SECTION III - PHYSICAL DAMAGE COVERAGE, B. Exclusions, Paragraph a. of the exception to exclusions 4.c. and 4.d. is deleted and replaced with the following:

Exclusions 4.c. and 4.d. do not apply to:

a. Electronic equipment that receives or transmits audio, visual or data signals, whether or not designed solely for the reproduction of sound, if the equipment is:

(1) Permanently installed in the covered "auto" at the time of the "loss" or removable from a housing unit that is permanently installed in the covered "auto"; and

(2) Designed to be solely operated by use from the power from the "auto's" electrical system; and

(3) Physical damage coverages are provided for the covered "auto".

If the "loss" occurs solely to audio, visual or data electronic equipment or accessories used with this equipment, then our obligation to pay for, repair, return or replace damaged or stolen property will be reduced by a $100 deductible.

© 2021 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

15. **LOAN / LEASE GAP COVERAGE (Not Applicable In New York)**

A. Paragraph **C. Limit Of Insurance** of **SECTION III - PHYSICAL DAMAGE COVERAGE** is amended by adding the following:

The most we will pay for a "total loss" to a covered "auto" owned by or leased to you in any one "accident" is the greater of the:

1. Balance due under the terms of the loan or lease to which the damaged covered "auto" is subject at the time of the "loss" less the amount of:
   a. Overdue payments and financial penalties associated with those payments as of the date of the "loss";
   b. Financial penalties imposed under a lease due to high mileage, excessive use or abnormal wear and tear;
   c. Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease;
   d. Transfer or rollover balances from previous loans or leases;
   e. Final payment due under a "Balloon Loan";
   f. The dollar amount of any unrepaired damage which occurred prior to the "total loss" of a covered "auto";
   g. Security deposits not refunded by a lessor;
   h. All refunds payable or paid to you as a result of the early termination of a lease agreement or as a result of the early termination of any warranty or extended service agreement on a covered "auto";
   i. Any amount representing taxes;
   j. Loan or lease termination fees; or
2. The actual cash value of the damage or stolen property as of the time of the "loss".

   An adjustment for depreciation and physical condition will be made in determining the actual cash value at the time of the "loss". This adjustment is not applicable in Texas.

B. **Additional Conditions**

This coverage applies only to the original loan for which the covered "auto" that incurred the "loss" serves as collateral, or lease written on the covered "auto" that incurred the "loss".

C. **SECTION V - DEFINITIONS** is changed by adding the following:

As used in this endorsement provision, the following definitions apply:

"Total loss" means a "loss" in which the cost of repairs plus the salvage value exceeds the actual cash value.

A "balloon loan" is one with periodic payments that are insufficient to repay the balance over the term of the loan, thereby requiring a large final payment.

16. **GLASS REPAIR - WAIVER OF DEDUCTIBLE**

Paragraph **D. Deductible** of **SECTION III - PHYSICAL DAMAGE COVERAGE** is amended by the addition of the following:

No deductible applies to glass damage if the glass is repaired rather than replaced.

17. **PARKED AUTO COLLISION COVERAGE (WAIVER OF DEDUCTIBLE)**

Paragraph **D. Deductible** of **SECTION III - PHYSICAL DAMAGE COVERAGE** is amended by the addition of the following:

The deductible does not apply to "loss" caused by collision to such covered "auto" of the private passenger type or light weight truck with a gross vehicle weight of 10,000 lbs. or less as defined by the manufacturer as maximum loaded weight the "auto" is designed to carry while it is:

a. In the charge of an "insured";
b. Legally parked; and
c. Unoccupied.

© 2021 Liberty Mutual Insurance
Includes copyrighted material of Insurance Services Office, Inc., with its permission.

The "loss" must be reported to the police authorities within 24 hours of known damage.

The total amount of the damage to the covered "auto" must exceed the deductible shown in the Declarations.

This provision does not apply to any "loss" if the covered "auto" is in the charge of any person or organization engaged in the automobile business.

18. **TWO OR MORE DEDUCTIBLES**

Under **SECTION III - PHYSICAL DAMAGE COVERAGE**, if two or more company policies or coverage forms apply to the same "accident", the following applies to Paragraph **D. Deductible**

a. If the applicable Business Auto deductible is the smaller (or smallest) deductible, it will be waived; or

b. If the applicable Business Auto deductible is not the smaller (or smallest) deductible , it will be reduced by the amount of the smaller (or smallest) deductible; or

c. If the "loss" involves two or more Business Auto coverage forms or policies, the smaller (or smallest) deductible will be waived.

For the purpose of this endorsement, company means any company that is part of the Liberty Mutual Group.

SECTION IV - BUSINESS AUTO CONDITIONS is amended as follows:

19. **UNINTENTIONAL FAILURE TO DISCLOSE HAZARDS**

SECTION IV- BUSINESS AUTO CONDITIONS , Paragraph **B.2.** is amended by adding the following:

If you unintentionally fail to disclose any hazards, exposures or material facts existing as of the inception date or renewal date of the Business Auto Coverage Form, the coverage afforded by this policy will not be prejudiced.

However, you must report the undisclosed hazard of exposure as soon as practicable after its discovery, and we have the right to collect additional premium for any such hazard or exposure.

20. **AMENDED DUTIES IN THE EVENT OF ACCIDENT, CLAIM, SUIT OR LOSS**

SECTION IV - BUSINESS AUTO CONDITIONS , Paragraph A.2.a. is replaced in its entirety by the following:

a. In the event of "accident", claim, "suit" or "loss", you must promptly notify us when it is known to:

(1) You, if you are an individual;

(2) A partner, if you are a partnership;

(3) Member, if you are a limited liability company;

(4) An executive officer or the "employee" designated by the Named Insured to give such notice, if you are a corporation.

To the extent possible, notice to us should include:

(a) How, when and where the "accident" or "loss" took place;

(b) The "insured's" name and address; and

(c) The names and addresses of any injured persons and witnesses.

21. **WAIVER OF TRANSFER OF RIGHTS OF RECOVERY AGAINST OTHERS TO US**

SECTION IV - BUSINESS AUTO CONDITIONS , Paragraph **A.5. Transfer Of Rights Of Recovery Against Others To Us**, is amended by the addition of the following:

If the person or organization has in a written agreement waived those rights before an "accident" or "loss", our rights are waived also.

22. **HIRED AUTO COVERAGE TERRITORY**

SECTION IV - BUSINESS AUTO CONDITIONS , Paragraph **B.7. Policy Period, Coverage Territory** , is amended by the addition of the following:

f. For "autos" hired 30 days or less, the coverage territory is anywhere in the world, provided that the "insured's" responsibility to pay for damages is determined in a "suit", on the merits, in the United States, the territories and possessions of the United States of America, Puerto Rico or Canada or in a settlement we agree to.

© 2021 Liberty Mutual Insurance

 Includes copyrighted material of Insurance Services Office, Inc., with its permission.

This extension of coverage does not apply to an "auto" hired, leased, rented or borrowed with a driver.

23. **PRIMARY AND NON-CONTRIBUTING IF REQUIRED BY WRITTEN CONTRACT OR WRITTEN AGREEMENT**

The following is added to **SECTION IV - BUSINESS AUTO CONDITIONS, General Conditions, B.5. Other Insurance** and supersedes any provision to the contrary:

This Coverage Form's Covered Autos Liability Coverage is primary to and will not seek contribution from any other insurance available to an "insured" under your policy provided that:

1. Such "insured" is a Named Insured under such other insurance; and
2. You have agreed in a written contract or written agreement that this insurance would be primary and would not seek contribution from any other insurance available to such "insured".

SECTION V - DEFINITIONS is amended as follows:

24. **BODILY INJURY REDEFINED**

Under **SECTION V - DEFINITIONS**, Definition **C.** is replaced by the following:

"Bodily injury" means physical injury, sickness or disease sustained by a person, including mental anguish, mental injury, shock, fright or death resulting from any of these at any time.

AMENDMENT NO. 2

TO AGREEMENT FOR CONTRACT SERVICES

THIS AMENDMENT NO. 2 TO THE AGREEMENT FOR CONTRACT SERVICES ("Amendment No. 2") by and between the CITY OF CARSON, a California municipal corporation ("City") and MDG ASSOCIATES, INC., a California corporation ("Consultant") is effective as of the _____ day of March, 2026. City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City and Consultant entered into that certain Agreement for Contract Services dated June 21, 2023 ("Agreement"), whereby Consultant agreed to perform services for inspections, appraisal evaluations, coordination of residential and commercial rehabilitation projects and administrative and HUD IDIS training tasks on an as-needed basis for an initial three (3) year term for a total contract sum of $600,000 with three (3) additional options for one-year extensions.

B. City Council established a Citywide Commercial Façade Improvement Program (the "Façade Program") pursuant to the adopted Carson Façade Improvement Program Guidelines for the public purpose of encouraging the improvement, stimulation, and revitalization of the exterior facades of existing commercial buildings in various commercial corridors.

C. The Façade Program is administered by the City and funded by the City's General Fund pursuant to an authorized allocation of $1,000,000 made by the City Council during its meeting of June 21, 2022.

D. City Council also established a Permanent Local Housing Allocation (PLHA) funded Single-Family Housing Rehabilitation Program ("PLHA Residential Rehabilitation Program") during its meeting of February 7, 2023, for the public purpose of assisting income-qualified, eligible, owner-occupied, and Carson resident single family homeowners.

E. The PLHA Residential Rehabilitation Program is administered by the City and funded by a PLHA grant agreement with the State of California Department of Housing and Community Development (HCD) pursuant to an authorized allocation of $529,674.50.

F. On February 6, 2024, City and Consultant entered into an amendment to the Agreement ("Amendment No. 1") to: (i) modify the Scope of Services as they relate to the Façade Program and to add services as they pertain to the PLHA Rehabilitation Program through the end of the term; (ii) increase compensation by $168,250 to carry out the modified scope of services of the Agreement through the end of the term; (iii) specify that the Façade Program is to be funded through the City's General Fund, for a new total contract sum of $768,250; and (iv) specify that the PLHA Residential Rehabilitation Program is to be funded through the PLHA grant agreement.

G. City and Consultant now desire to amend the Agreement to exercise all three (3) of the additional options for one-year extensions thereby extending the Term through June 20, 2029 and increasing the contract sum by $768,249.99 ($256,083.33 per year) for a new total not-to-exceed Contract Sum of $1,536,499.99.

TERMS

1. Incorporation of Recitals. The Recitals set forth above are incorporated into and are a part of this Amendment No. 2.

2. Terms and Definitions. All words, terms and phrases used or referenced in this Amendment No. 2, not expressly defined in this Amendment No. 2, shall have the same meaning ascribed to them in the Agreement.

3. Contract Changes. The Agreement is amended as provided herein (new text in ***bold italics*** and deleted text in ~~strikethrough~~).

A. Section 2.1 (Contract Sum) of the Agreement is hereby amended to read in its entirety as follows:

"2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed ***One Million Five*** ~~Seven~~ Hundred ***Thirty-Six*** ~~Sixty-Eight~~ Thousand ~~Two~~ ***Four*** Hundred ***Ninety-Nine*** ~~Fifty~~ Dollars ***and Ninety-Nine Cents*** ($***1,536,499.99*** ~~768,250)~~ (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8~~. In the event City elects to exercise its options to extend the Term pursuant to Section 3.4 hereof, the Contract Sum will increase by an amount of $256,083.33 per year.~~"

B. Section 3.4 (Term) of the Agreement is hereby amended to read in its entirety as follows:

"3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding ~~three (3)~~ ***six (6)*** years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D"). ~~The City may, at its sole discretion, elect to extend the Term by three (3) additional one-year terms (each, an "Extension Term"). The pricing to be applied for each Extension Term is listed in Exhibit "C" and Exhibit "C-1."~~"

C. Section IV of Exhibit "C" (Schedule of Compensation") of the Agreement is hereby amended to read in its entirety as follows:

"IV. The total compensation for the Services shall not exceed $***1,536,499.99*** ~~768,250~~ as provided in Section 2.1 of this Agreement."

4. Continuing Effect of Agreement. Except as amended by Amendment No. 1 and this Amendment No. 2, all provisions of the Agreement shall remain unchanged and in full force

and effect. From and after the date of this Amendment No. 2, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement, as amended by Amendment No. 1 and this Amendment No. 2 to this Agreement.

5. Affirmation of Agreement; Warranty Re Absence of Defaults. City and Consultant each ratify and reaffirm each and every one of the respective rights and obligations arising under the Agreement and Amendment No. 1. Each party represents and warrants to the other that there have been no written or oral modifications to the Agreement other than as provided herein and Amendment No. 1. Each party represents and warrants to the other that the Agreement, as amended by Amendment No. 1 and this Amendment No. 2, is currently an effective, valid, and binding obligation.

Consultant represents and warrants to City that, as of the date of this Amendment No. 2, City is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

City represents and warrants to Consultant that, as of the date of this Amendment No. 2, Consultant is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

6. Adequate Consideration. The parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. 2.

7. Authority. The persons executing this Amendment No. 2 on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Amendment No. 2 on behalf of said party, (iii) by so executing this Amendment No. 2, such party is formally bound to the provisions of this Amendment No. 2, and (iv) the entering into this Amendment No. 2 does not violate any provision of any other agreement to which said party is bound.

8. Counterparts. This Amendment No. 2 may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Amendment No. 2.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the Parties hereto have executed this Amendment No. 2 on the date(s) and year first-above written

Report to Honorable Mayor and City Council

Tuesday, March 17, 2026, 5:00 PM

CONSENT 19.

To: Honorable Mayor and City Council

From: Michael Whittiker, Community Services Director CS Parks & Recreation

Subject: CONSIDER APPROVAL OF A CONTRACT SERVICES AGREEMENT WITH SAMI'S REFEREES, LLC TO PROVIDE ON-CALL YOUTH SPORTS OFFICIATING SERVICES FOR THE CITY'S RECREATION PROGRAMS (CITY COUNCIL)

I. SUMMARY

The City currently has an agreement with Sami's Referees, LLC to provide on-call sports officiating services for the City's Youth Sports programs. These services include providing trained referees and umpires to officiate games and ensure that league competitions are conducted fairly, safely, and in accordance with established rules. The current agreement is scheduled to expire on April 20, 2026.

To ensure that officiating services continue without interruption and that youth sports games are not canceled due to a lack of officials, the Recreation Division recently conducted a Request for Proposals (RFP) process (RFP No. 26-008) to select one or more qualified firms to provide these services for the City (see Exhibit No. 1). An RFP is a competitive procurement process that allows the City to invite qualified vendors to submit proposals outlining their experience, qualifications, and pricing to provide a specific service. The RFP sought proposals for officiating services for the City's youth baseball, softball, flag football, soccer, and basketball leagues, which serve many youth participants in the community. The RFP also invited firms to submit proposals for adult sports officiating services, which are used for the City's adult recreation leagues.

At the close of the proposal period, the City received one proposal, submitted by Sami's Referees, LLC (see Exhibit No. 2). City staff reviewed and evaluated the proposal in accordance with the requirements outlined in the RFP and the City's Purchasing Ordinance, which governs how the City conducts competitive procurements. Based on this evaluation, staff issued a Notice of Intent to Award recommending Sami's Referees, LLC for the youth sports officiating services portion of the contract. However, staff is not recommending an award for adult sports officiating services under this RFP. During the evaluation process, staff determined that the pricing submitted by Sami's Referees, LLC for adult league officiating services was higher than anticipated. As a result, staff intends to explore a separate procurement process in the future that will focus specifically on adult sports officiating services, which may allow the City to obtain more competitive pricing for those services.

In order to ensure that youth sports leagues continue to operate smoothly and without disruption, staff recommends that the City Council approve a new five-year agreement with Sami's Referees, LLC to provide on-call officiating services for the City's youth sports leagues, including baseball, softball, flag football, soccer, and basketball. The agreement would have an average annual cost not to exceed $224,000, for a total contract amount not to exceed $1,120,000 over the five-year contract term (see Exhibit No. 4). Approval of this agreement will allow the City to

continue providing consistent and reliable officiating services that support safe and organized youth sports programs for the community.

II. RECOMMENDATION

TAKE the following actions:

1. WAIVE any minor irregularities or informalities in the proposal, in accordance with Carson Municipal Code (CMC) Section 2611(I)(2);
2. AWARD a contract for youth sports officiating services only and APPROVE the proposed Contract Services Agreement with Sami's Referees, LLC, for a total not-to-exceed contract amount of $1,120,000 over a five-year term, beginning April 21, 2026 (Exhibit No. 4; "Agreement"); and,
3. AUTHORIZE the Mayor to execute the Agreement with Sami's Referees, LLC, subject to approval as to form by the City Attorney.

III. ALTERNATIVES

1. REJECT the proposal received for RFP No. 26-008 and DECLINE to award the proposed contract to Sami's Referees, LLC. However, if this action is taken, staff would need to evaluate next steps, which may include issuing a new Request for Proposals or identifying another approach to ensure that youth sports officiating services continue without interruption.
2. TAKE any other action the City Council deems appropriate and consistent with applicable law.

IV. BACKGROUND

The City's Youth Sports programs provide a wide range of opportunities for children and young adults in the community to participate in organized team sports. These programs help promote physical activity, teamwork, sportsmanship, and positive community engagement. Current youth sports offerings include baseball, softball, basketball, flag football, and soccer, each of which includes multiple age divisions to accommodate participants of different skill levels and age groups. Because these leagues operate throughout the year and involve many teams and scheduled games, there is an ongoing need for qualified and experienced sports officials, such as referees and umpires. These officials are responsible for enforcing the rules of the game, ensuring fair play, maintaining a safe environment for participants, and helping games run smoothly and on schedule.

Beginning in July 2018, the City transitioned to using contracted, on-call sports officiating services for the more advanced divisions of its Youth Sports programs. These divisions involve a higher level of competitive play and require officials with specialized experience and training. Prior to that time, the City trained and hired officials internally. However, contracting with a professional officiating service has allowed the City to access a larger pool of qualified officials and ensure consistent coverage for scheduled games.

The City's current agreement with Sami's Referees, LLC, which provides these officiating services, is scheduled to expire on April 20, 2026. To ensure that officiating services continue without interruption and that youth sports games are not canceled due to a lack of available officials, staff initiated Request for Proposals (RFP) No. 26-008 to solicit proposals from qualified firms interested in providing these services. At the conclusion of the RFP process, the City received one proposal, submitted by Sami's Referees, LLC (see Exhibit No. 3). The proposal was reviewed and evaluated by a panel of City staff members in accordance with the evaluation criteria outlined in RFP No. 26-008 and consistent with the requirements of the City's Purchasing Ordinance (Carson Municipal Code Section 2611(b)–(c)), which establishes the procedures for evaluating competitive proposals. The evaluation process considered several factors, such as the proposer's experience, qualifications, staffing capacity, and pricing. Each proposal was scored using a standardized evaluation method designed to ensure a fair and consistent review process. An example of the evaluation criteria and the point-scoring methodology used for this RFP is provided below for reference.

No.	Evaluation Criteria	Max Points
1	**Experience, References & Past Performance**: Experience providing adult and youth sports officiating services. Experience with municipal or public agency sports program. Demonstrated ability to manage high-volume, multi-sport schedules. Record of reliability, professionalism, and rules enforcement.	30
2	**Staffing, Certifications & Organizational Capacity:** Qualifications and experience of key management staff. Recruitment, training, and retention of officials. Confirmation that officials meet certification experience standards. Background screening process. Ability to consistently provide the required number of officials per game.	30
3	**Technical Approach & Service Delivery Plan**: Scheduling and assignment system. Methods to ensure full game coverage, punctuality, and uniform compliance. Communications protocols with City staff. Incident reporting, protest handling, and scorecard controls. Plan to handle last-minute changes, cancellations, and tournaments.	30
4	**Cost Proposal**: Reasonableness and competitiveness of rates. Completeness and clarity of Exhibit C Cost File. Inclusion of all required services, site checks, and administrative components. Overall best value to the City.	10
	Total Points Possible:	100

At the conclusion of the RFP evaluation process, Sami's Referees, LLC received evaluation scores of 96 and 93 from the two staff evaluators who reviewed the proposal. These scores reflect the firm's overall qualifications, experience providing sports officiating services, staffing capacity, responsiveness to the RFP requirements, and the proposed cost of services. As part of the proposal, Sami's Referees, LLC submitted a schedule of rates for providing officiating services for the various youth sports leagues operated by the City. These rates represent the cost for providing trained referees or umpires to officiate games across the different sports programs offered by the City. The submitted rate schedule from Sami's Referees, LLC is summarized below.

Sport	Officials per game	Year 1	Year 2	Year 3	Year 4	Year 5
1A Baseball/Softball	1	$75	$75	$75	$80	$80
2A Baseball/Softball	1	$80	$80	$80	$85	$85
3A Baseball	2	$85	$85	$85	$85	$85
3A Softball	1	$90	$90	$90	$95	$95
4A Baseball	2	$85	$85	$85	$85	$85

Sandlot Flag Football	2	$55	$55	$55	$55	$55
Rookie Flag Football	2	$65	$65	$65	$65	$65
1A Flag Football	2	$70	$70	$70	$75	$75
2A Flag Football	2	$70	$70	$70	$75	$75
3A Flag Football	2	$70	$70	$70	$75	$75
Rookie Soccer	1	$65	$65	$65	$65	$65
1A Soccer	1	$75	$75	$75	$80	$80
2A Soccer	1	$75	$75	$75	$80	$80
3A Soccer	1	$75	$75	$75	$80	$80
Sandlot Basketball	1	$50	$50	$50	$50	$50
Rookie Basketball	2	$60	$60	$60	$60	$60
1A Basketball	2	$70	$70	$70	$75	$75
2A Basketball	2	$70	$70	$70	$75	$75
3A Basketball	2	$70	$70	$70	$75	$75
4A Basketball	2	$70	$70	$70	$75	$75

The RFP stated that the City may choose to award either a single contract or multiple contracts in order to create a panel of on-call vendors that could provide sports officiating services as needed. In this case, the City received one proposal, submitted by Sami's Referees, LLC. After completing the evaluation process, staff determined that Sami's Referees, LLC has the experience, qualifications, and staffing capacity necessary to continue providing the required officiating services for the City's Youth Sports programs. The firm has also served as the City's current provider of these services and has demonstrated the ability to reliably support the City's youth sports leagues. Based on this evaluation and the firm's proven performance, staff concluded that Sami's Referees, LLC can adequately provide the officiating services needed for the upcoming contract period. Accordingly, on March 4, 2026, the City issued a Notice of Intent to Award, which formally announced the City's intent to enter into a new agreement with Sami's Referees, LLC to provide youth sports officiating services. The proposed agreement would have a five-year contract term with a total not-to-exceed contract amount of $1,120,000, which represents an average annual amount not to exceed $224,000 for officiating services across the City's youth sports leagues (see Exhibit No. 4). Approval of this agreement will allow the City to continue providing consistent and reliable officiating services that support the safe and organized operation of its Youth Sports programs.

V. FISCAL IMPACT

There is no additional fiscal impact associated with this agreement. Funding for youth sports officiating services has already been included, and will continue to be included, in the City's annual budget under the Youth Sports account (Account No. 101-90-950-701-6004). As a result, approval of the proposed agreement will utilize funds that have already been budgeted for this purpose and will not require any additional funding beyond what has been allocated in the City's adopted budget.

Josilla Togiola, Purchasing Manager

A. SUMMARY

The City of Carson ("City"), through its Community Services Department, is requesting proposals from qualified and experienced contractors to provide professional on-call sports officiating services for the City's adult and youth recreational sports programs. The selected contractor(s) will be responsible for furnishing trained, certified, professional sports officials to officiate games across multiple sports, leagues, age divisions, and City facilities.

This solicitation may result in a single award or multiple awards, at the sole discretion of the City, based on proposer qualifications, expertise, capacity, and the City's evolving needs. The City anticipates awarding within 90 days of the proposal deadline; however, additional time may be required to complete a thorough evaluation and negotiation process.

B. BACKGROUND

Incorporated as a general law city on February 20, 1968, the City of Carson became a California charter city on November 6, 2018, following voter approval. As one of the youngest municipalities in the South Bay region of Los Angeles County, Carson has grown significantly—from a population of 61,000 in 1968 to nearly 100,000 residents today. The City spans 19.2 square miles and is located less than 20 miles south of downtown Los Angeles.

Carson is a culturally diverse and strategically located community with exceptional accessibility. The City is served by four major freeways—the Harbor (110), San Diego (405), Artesia (91), and Long Beach (710)—and is conveniently near Los Angeles International Airport, Long Beach Airport, the Port of Los Angeles, and the Port of Long Beach. Public transportation options include the MTA Bus Line and the City-operated Carson Circuit, providing efficient local transit.

Known for its modern infrastructure and business-friendly environment, Carson is home to major petrochemical, electronics, automotive, aerospace, trucking, and high-tech industries. Many companies headquartered here have received regional and local beautification awards. Through strong public-private partnerships, Carson continues to foster economic vitality and a promising future.

C. GENERAL RFP POLICIES

The City of Carson reserves the right to modify this Request for Proposals (RFP) at its sole discretion. Any revisions or clarifications will be issued in writing through official addenda via PlanetBids. Oral communications or modifications will not be recognized. All addenda released during the solicitation period shall become part of this RFP.

Proposals must be submitted electronically through the City's online bid management system (PlanetBids) by the specified due date and time. The City reserves the right to take any action deemed to be in its best interest.

Proposals may be withdrawn without penalty prior to the deadline by selecting the "Withdraw" option on Planet Bids. Once the deadline has passed and proposals are opened by the Purchasing Manager or designee, submissions may not be withdrawn for a period of ninety (90) calendar days.

No contract shall exist unless and until the City Council formally awards a contract and full execution has occurred. If awarded, the contract is anticipated to be executed within approximately ninety (90) calendar days following the proposal due date; however, additional time may be required to complete a thorough evaluation and negotiation process.

Unless otherwise stated, all proposal documents must be submitted in PDF format. It is the sole responsibility of the proposer to ensure that all documents are properly formatted, complete, and successfully uploaded to the City's online bid system. Incomplete, corrupted, or unreadable submissions may be deemed nonresponsive.

For technical assistance with electronic submission (e.g., vendor registration, document upload, password reset, bid confirmation), proposers must contact PlanetBids directly at (818) 992-1771. All questions or requests for clarification regarding this RFP must be submitted electronically through PlanetBids by the deadline specified in the RFP. Direct contact with City personnel or elected officials regarding this RFP is strictly prohibited. Any response not provided through PlanetBids is considered unauthorized and invalid.

Proposers are solely responsible for ensuring timely submission. Late proposals will not be accepted—no exceptions. A confirmation number with timestamp will be issued by PlanetBids upon successful submission. Only proposals with a verified timestamp will be considered.

This RFP does not commit the City of Carson to award a contract or to reimburse any costs incurred in the preparation or submission of a response. All materials submitted become the property of the City.

NOTE: E-bids are sealed and cannot be viewed by the City until the official closing date and time. To withdraw a submission before the deadline, return to the PlanetBids portal and select the "Withdraw" option.

D. CITY'S RIGHTS RESERVED

The City reserves the right, at its sole discretion to:

1. Accept or reject any or all proposals, in whole or in part, and to waive any informalities or irregularities in the proposals.
2. Request clarification, correction, or additional information from any proposer regarding their submittal.
3. Conduct interviews or presentations with one or more of the highest-ranked proposers prior to making a final selection.
4. Reject non-conforming, non-responsive, or conditional proposals including any proposer who has previously failed to perform properly, has a record of noncompliance with contract requirements, or has engaged in conduct that may affect the proposer's ability to perform responsibly;
5. Reissue the RFP, in whole or in part, or issue a modified solicitation as deemed necessary.
6. Select the proposal that best meets the City's needs and represents the best overall value.
7. Negotiate contract terms, including scope, schedule, and compensation, with the tentatively selected proposer(s).
8. Award a contract or contracts based solely on written proposals, without interviews; and
9. Modify or clarify evaluation criteria or procedures prior to commencing the evaluation process, with appropriate notice to all proposers.
10. Award contracts to more than one proposer if such action is determined to be advantageous to the City.
11. Withhold award or not award a contract if the proposals received do not meet the City's needs, if funding changes, or if the City's needs change.
12. Take any action it deems necessary to protect the City's interests, including actions not specifically described in this section but permitted by law; and to
13. Cancel, postpone, or extend the RFP process at any time prior to contract award, without

liability of obligation to any proposer.

E. PROPOSAL SUBMISSION

All proposals in response to this RFP must be submitted electronically via PlanetBids no later than the due date and time established on the cover page of this solicitation document. All proposal submission documents must be signed and dated by an official authorized to legally bind the entity and enter into a contract. All proposal submission documents shall be uploaded in PDF format.

It is the sole responsibility of the bidder to ensure sufficient time to prepare, scan, and upload your documents into PlanetBids prior to the deadline, as the system will lock and not allow entry of bids after the designated deadline. Any technical questions regarding the use of PlanetBids must be directed to PlanetBids.

Failure to include all required Sections and Attachments may result in a proposal being deemed nonresponsive. All proposals shall include the following, at minimum:

1. <u>Required Proposal Sections</u> – Proposals shall not exceed 20 pages, Cost File and Required General Attachments are not to be included in the proposal page limit.

- ☐ **Cover Letter and Company Profile** – Signed by an officer of the firm authorized to execute a contract with the City. The primary contact's name, phone number, email, and mailing address shall also be included.
- ☐ **Proposer Qualifications** – Summarize the qualifications of the Proposer. Include general information such as, but not limited to, the number of years in business, areas of expertise, etc.
- ☐ **Key Staff and Team** – identify Key Staff that will be assigned to the project and include a description of their skills, qualifications, and experience. Include a proposed project structure and organization chart.
- ☐ **Project Understanding** – Demonstrate an understanding of the Scope, key goals, and objectives.
- ☐ **Project Approach and Work Plan** – Include a detailed work approach and methodology, incorporating project stages, deliverables, project milestones, project timeline, and any other necessary information required to complete the Scope of Services.
- ☐ **Subcontractor List (if applicable)** – Include a list of subcontractors, if applicable, that will be utilized to complete the Scope of Work. Identify the subcontractor's qualifications and extent of work to be performed by each subcontractor. Include a summary of the subcontractor's qualifications, key personnel, primary contact name, phone number, and email.

- The majority of the work required herein must be performed by the awarded contractor. The work may not be subcontracted to another contractor unless the subcontractor has been included in the Proposal, or a substitution has been approved in writing by the City's Contracting Officer in advance of work performed.

2. <u>Cost File</u> – Attached as Exhibit C

☐ **Cost File**

All cost information must be:

- Completed using the official Cost File form provided (**Attached as Exhibit C**)
- Entered directly into the PlanetBids system as line items, if applicable.

Failure to complete both steps may result in your bid being deemed non-responsive.

- Bidder shall provide everything necessary, at their own expense, to deliver the required products and services. This includes, but is not limited to, labor, preparation work, materials, supplies, parts, tools, and equipment. The lump sum bid price must encompass all

necessary materials, labor, and fees required to fulfill the contract obligations.

- All permits, licenses, and fees must be obtained and paid for solely by the awarded Bidder.
- The City is exempt from federal taxes; therefore, federal taxes must **not** be included in the bid price. However, the City is required to pay applicable sales tax on purchases, which must be included as a **separate line item** within the total bid price.
- The following additional charges will **not** be allowed under this contract: fuel surcharges, mileage rates, fines, entertainment, advertising, or any other costs deemed inappropriate for reimbursement with public funds.

3. <u>Required General Attachments</u> – Attached as Exhibit A

- ☐ **Affidavit of Non-Collusion and Non-Discrimination**
- ☐ **Affidavit of Non-Federal Lobbyist Requirement**
- ☐ **Bidder/Proposer Affidavit**
- ☐ **Client Reference List**
- ☐ **Debarment and Suspension Certification**
- ☐ **Acknowledgment of Insurance Endorsements** – Insurance requirements are outlined in Section 5.1 of the City's Form Contract **(Attached as Exhibit B)**
- ☐ **W9** (cover page only)
- ☐ **Modifications to the City's Form Contract (Attached as Exhibit B)**

- Proposers requesting modification to the City's Form Contract (Attached as Exhibit B) shall include a redlined version at the time of submission for the City's consideration.
- Award is based on a successful negotiation. Failure of the City and any proposer to reach a mutual agreement regarding the Contract or any other portions of the award, may result in the City moving to negotiation with another proposer.

F. QUESTIONS AND ADDENDA

Any requests for clarification or other questions must be submitted via PlanetBids using the Q&A tab no later than the date and time established on the cover page of this solicitation document. No verbal requests or requests made in any other format will be accepted. Each question must be submitted separately, not combined into a single submission or written in paragraph form. Be sure to include the corresponding Section and page number with each question.

Requests submitted for City's consideration of proposed terms and conditions, including modifications to the City's RFP and/or standard form Contract Services Agreement (Attached as Exhibit B) must be included at the time of proposal submission. Such requests should include an attachment in PDF format or company letterhead that shows the requested modifications.

The City will provide formal answers to all questions. Change to the RFP itself shall only be made by the City via formal written addenda. Addenda will be published and distributed through the Vendor Portal. All addenda shall become a part of the RFP document requiring both signature and acknowledgment by the proposer. It is the sole responsibility of the bidder to ensure that they have received the entire RFP including any questions, answers, and addenda by visiting the City of Carson Planet Bids Vendor Portal.

City's Purchasing Process	Josilla Togiola, Purchasing Manager	jtogiola@carsonca.gov, (310) 952-1758

G. MINIMUM QUALIFICATIONS & ELIGIBILITY REQUIREMENTS

To be considered responsive and responsible, proposers must meet the following minimum qualifications. The City may require proposers to submit documentation verifying compliance at any time during the evaluation process or contract term.

☐ **Contractor Qualifications**

1. Proposer must have a minimum of three (3) years of experience providing organized sports officiating services for municipal, school district, league, or a comparable recreational sports programs.
2. Proposers must demonstrate experience managing and staffing officials for **multiple sports, age divisions, and facilities**, including scheduling, training, supervision, and performance management.
3. Proposers must have the organizational capacity to provide **sufficient certified officials** to support a high-volume, year-round sports program involving thousands of games annually.

☐ **Official Certification Requirements**

All officials provided under any resulting agreement must, at a minimum:

1. Be currently certified by a **recognized governing body or officiating association** appropriate to the sport(s) being officiated, such as but not limited to:
    - California Interscholastic Federation (CIF)
    - National Federation of State High School Association (NFHS)
    - Baseball/Softball: USA Softball, USSSA (United States Specialty Sports Association, PONY, (Protect Our Nation's Youth) or Babe Ruth (baseball/softball)
    - Soccer: USSF (U.S. Soccer Federation), CalSouth, or AYSO (American Youth Soccer Organization)
    - Basketball: NFHS, CIF, or IAABO (International Association of Approved Basketball Officials)
    - or other **City-approved equivalent organizations**
2. Maintain **current-year rules certification and training** applicable to each sport officiated.
3. Possess document training or experience officiating at a level appropriate to the assigned league and age division.

The City reserves the right to approve or reject any official based on certification status, experience, performance, or conduct.

☐ **Background & Safety Requirements**

1. Proposer and all assigned officials must successfully complete the City's **mandated background screening** prior to assignment.
2. Officials must complete **youth safety and conduct training**, including but not limited to:

- Sexual harassment prevention training
- Concussion awareness and play safety training

3. Proposer must maintain documentation of all background checks and training certifications and provide copies upon request.

☐ Compliance with Local Business Requirements: The proposer must be qualified to conduct business within the City of Carson, including maintaining a valid City business license and the required insurance coverage for the duration of the contract. A valid City business license and certificate of insurance are only required of the selected awardee and must be obtained prior to contract award. It is not required at the time of proposal submission.

H. PREVAILING WAGES REQUIREMENTS

It is the sole responsibility of the proposer to carefully review the scope of work and determine whether any portion of the work is subject to prevailing wage requirements. The proposer shall include any associated labor costs accordingly in their proposal.

Proposers must be registered with the California Department of Industrial Relations (DIR) pursuant to Labor Code Section 1725.5. Contractors are responsible for maintaining active DIR registration for the duration of the contract.

Pursuant to California Labor Code Section 1771, certain types of work, including but not limited to maintenance, installation, repair, or construction, may be considered public works and therefore subject to prevailing wage requirements as established by the DIR for the locality in which the work is performed, for each craft, classification, or type of worker required.

Prevailing wage determinations may be found on the DIR website at: http://www.dir.ca.gov/dlsr
If any portion of the work is deemed subject to prevailing wage, the contractor shall comply with all applicable requirements, including but not limited to:

- Paying not less than the applicable prevailing wage rates;
- Submitting certified payroll records to the DIR via the online portal;
- Complying with all DIR and Labor Code requirements regarding public works projects.

The City shall not be responsible for any additional costs incurred due to a proposer's failure to consider or comply with prevailing wage requirements, if applicable.

I. PROPOSAL OPENING, DOCUMENT REVIEW, AND AWARD OF CONTRACT

Proposals will be evaluated on the basis of the responsiveness to all requirements and provisions of this RFP. The City reserves the right to award one or multiple contracts.

Unless all proposals are rejected, the award shall be made in accordance with the Carson Municipal Code (CMC) Section 2611(c) Professional Services Procurement.

An evaluation panel, consisting of City staff and/or other individuals selected by City staff, will review and evaluate all timely and responsive proposals. The City will negotiate the final scope and fee with the highest-ranked proposer. If negotiations fail to produce an agreement, the City may then negotiate with the next highest-ranked proposer.

The evaluation process may include 1 or 2 phases, at the City's sole discretion:

Phase 1 – Proposal Review

In Phase 1, proposals will be scored based solely on the written submissions according to the following criteria:

Criteria		Maximum Points
Experience, References & Past Performance	Experience providing adult and youth sports officiating services. Experience with municipal or public agency sports programs. Demonstrated ability to manage high-volume, multi-sport schedules. Record of reliability, professionalism, and rule enforcement.	30
Staffing, Certifications & Organizational Capacity	Qualifications and experience of key management staff. Recruitment, training, and retention of officials. Confirmation that officials meet certification experience standards. Background screening process. Ability to consistently provide the required number of officials per game.	30
Technical Approach & Service Delivery Plan	Scheduling and assignment system. Methods to ensure full game coverage, punctuality, and uniform compliance. Communication protocols with City staff. Incident reporting, protest handling, and scorecard controls. Plans to handle last-minute changes, cancellations, and tournaments.	30
Cost Proposal	Reasonableness and competitiveness of rates. Completeness and clarity of Exhibit C Cost File. Inclusion of all required services, site checks, and administrative components. Overall best value to the City.	10
Total Points Possible		100

Phase 2 – Interview/Presentations (Optional)

If deemed necessary, the City may conduct interviews or oral presentations with the highest-scoring firms from Phase 1. The results of Phase 2, combined with the Phase 1 evaluation, will be used to finalize the proposer rankings. The City reserves the right to conduct Phase 2 evaluations or proceed to contract negotiation based solely on the written proposals.

Performance Expectations

The successful Contractor(s) shall be required to meet the following performance standards. The City reserves the right to monitor performance, require corrective action plans, and consider KPI results in determining continued contract eligibility, task assignments, and/or contract extensions.

Game Coverage & Staffing	
Games fully staffed	98% or higher of all scheduled games staffed with the required number of officials
No-shows	Zero tolerance goal; corrective action required if more than 1% per month
Backup coverage	Contractor must demonstrate ability to replace officials within 2 hours of notice
Tournament & playoff coverage	100% coverage required
Punctuality & Professional Conduct	
In-time arrival	95%+ of officials arrive 15 minutes prior to scheduled start
Uniform compliance	100% of officials in proper CIF-compliant uniform
Professional conduct	Zero substantiated incidents of unprofessional behavior
Scorecards, Reporting & Documentation	
Scorecard completeness	98%+ accurate and complete submission rate
Incident reports	100% submitted within 24 hours
Protest documentation	100% compliance with City rulebooks
Training, Knowledge & Rule Enforcement	
Certified/qualified officials	100% meet CIF/NFHS-equivalent experience
City-specific rules training	100% completion prior to season start
Season startup readiness	Officials list delivered before first game
Communication & Responsiveness	
Schedule accuracy	99%+ accurate assignments
Response time to City	Same business day acknowledgment; 24-hour resolution goal
Cancellation processing	Notifications issued within 30 minutes of City notice
Overall Contract Performance	
Season performance rating	Satisfactory or higher on City evaluations
Complaint resolution	90%+ resolved within 5 business days
Corrective actions	Implemented within 10 business days
Renewal consideration	KPI performance used in extension decisions

SCOPE OF SERVICES
RFP 26-008
PROFESSIONAL ON-CALL OFFICIATING SERVICES FOR
ADULT & YOUTH SPORTS PROGRAMS

PROJECT SCOPE & SPECIFICATIONS

The Contractors are to provide officiating services for the City's Adult and Youth Sports programs in an unbiased, professional manner that is consistent with set league rules, and guidelines. The term of the agreement shall be for up to three (3) years with an option for two (2) one-year extensions.

It is estimated that Contractors (collectively, if more than one contract is awarded, with the allocation of work being in the sole discretion of the City) will officiate over 3800 games throughout the City over the course of a calendar year. Work will be performed in accordance with the project scope and specifications set forth herein, without limitation.

DESCRIPTION OF OFFICIATING SERVICES

B. *Adult Baseball Seasons:* There will be three (3) seasons per calendar year, each with a maximum of 300 regular season games and 30 playoff games for a total of 330 games maximum for the season. Seasons will run as follows:

Winter – January through April
Summer – May through August
Fall – September through December

C. *Adult Softball Seasons*: There will be four (4) seasons per calendar year, each with a maximum of 200 regular season games and 20 playoff games for a total of 220 games maximum for the season. Seasons will run as follows:

Winter – January through March
Spring – April through June
Summer – July through September

Fall – October through December

A maximum of eight (8) tournaments may be added by City throughout the year.

A maximum of eight (8) tournaments may be added by City throughout the year.

D. *Youth Baseball/Softball Season*: There will be a maximum of 600 games, playoffs, for the season starting no earlier than April 1st and ending no later than July 15th. There will be a maximum of 190 games, including playoffs, for the Dodger Dreamteam Summer League, starting no earlier than July 1st and ending no later than August 31st. Tournaments may be added by City after the conclusion of the regular season.

E. *Adult 8 Player Flag Football*: There will be a maximum of 100 regular season games and 20 playoff games for a total of 120 games for the season, starting no earlier than February 1st and ending no later than May 30th .

F. *Youth Flag Football*: There will be a maximum of 150 games, including playoffs, for the season starting no earlier than September 1st and ending no later than December 15th. Tournaments may be added by City after the conclusion of the regular season.

G. *Youth Soccer*: There will be a maximum of 400 games, including playoffs, for the season starting no earlier than September 1st and ending no later than December 15th. Tournaments may be added by City after the conclusion of the regular season.

H. *Adult Basketball Seasons*: There will be four (4) seasons per calendar year, each with a maximum of 400 regular season games and 40 playoff games for a maximum total of 440 games for the season. Seasons will run as follows:

Winter – January through March
Spring – April through June
Summer – July through September
Fall – October through December

I. *Youth Basketball Season*: There will be a maximum of 650 games, including playoffs, for the season starting no earlier than December 1st and ending no later than February 28th. There will be a maximum of 50 games for the Summer Run League, starting no earlier than July 1st and ending no later than August 31. Tournaments may be added by City after the conclusion of the regular season.

J. Youth clinic games for the Rookie & Sandlot divisions consist of a maximum 300 games for basketball, a maximum of 75 games for football, and a maximum of 350 games for soccer.

Specifications

1. Contractors must have all required insurance (per this RFP and the Contract Services Agreement) prior to commencement of contract and must maintain it throughout the term of the contract. In the event uncertified officials are used, prior authorization by the City is required.

2. Contractors must provide sufficient qualified staff (over the age of 18) to perform the services proposed.

3. Completion of the City's mandated background screening check is required for Contractor and all personnel, instructors, staff, or contractors associated with provision of professional officiating services.

4. Contractors are responsible for providing the City with officials that have the knowledge and experience to effectively to officiate adult and youth games effectively, confidently and objectively throughout the City.

5. Contractors are required to ensure that their game officials have the required experience and background to officiate at a level that's equivalent to being CIF (California Interscholastic Federation) or NFHS (National Federation of State High School) certified.

6. For Adult Sports, officials will be compensated at the game site by each participating team. By submitting a proposal, proposers understand, acknowledge and agree that City is not responsible for providing compensation to officials for Adult Sports games, and that payment is the sole responsibility of the Adult Sports program participants/teams. However, proposers are required to include pricing for all proposed Adult Sports program officiating services in their cost proposals submitted in response to this RFP, so that firm pricing can be set and made known to the Adult Sports participants/teams.

7. Contractors are responsible to fiscally manage the officiating services for Adult and Youth Sports in coordination with the City Recreation Division, and to maintain complete accounting records and implement appropriate accounting controls consistent with standard business practices. Accounting records shall be available for audit/inspection by the City during regular working hours.

8. Contractors are required to adhere to Federal and State financial reporting requirements. Provide financial statements on a monthly, quarterly and annual basis to the City Finance Department within 30 days of the period end.

9. Contractors are required to secure and maintain all licenses necessary to do business in Los Angeles County, California, City of Carson, and State of California. All licenses and permits are to be obtained at Contractors' expense.

10. Contractors are responsible for payment of any and all pertinent federal, state, or local self-employment, Workers Compensation or income taxes, or other assessments levied by governmental authorities on any monies earned as a result of the Adult and Youth Sports officiating services contractual relationship with the City. The City is to be reimbursed for any claim or assessment, including interest and penalties, by any taxing authority arising out of Contractors' failure to fulfill the foregoing responsibilities.

11. Contractors shall not incur any costs or expenses on behalf of the City, except as specifically approved in advance and in writing by the City.

12. Contractors shall maintain complete and adequate accounting records supporting all charges, fees, expenses and costs associated with the contract.

13. Contractors shall provide, at the game site, one (1) umpire for each assigned 1A/2A division baseball and all softball games, two (2) umpires for each assigned 3A division baseball game, two (2) officials for each assigned flag football game, one (1) official for each assigned soccer game, and two (2) officials for each assigned basketball game except for Clinic Sandlot games, which shall be one (1) official for each assigned game. Consultant shall supply the required number of officials/umpires as specified above to cover all scheduled games as assigned by the City (vis its Contract Officer). Upon a 24 hours' notice, additional officials/umpires may be requested by City for any and all games, including playoffs and tournament games.

14. The City will give a 2-hour minimum advanced notice of any cancelled or rescheduled games. This allows time to contact officials that game/games are cancelled. If the City fails to provide the 2-hour notice of cancellation, a one game fee will be paid. No other fees shall be charged.

15. Games that are cancelled at the scheduled starting time, due to bad weather, will be paid a one game fee. If any subsequent games are scheduled, game officials are to remain on site, unless dismissed by a site supervisor.

16. When Contractors receive more than a 2-hour notice for any game(s) that have been cancelled or rescheduled a $10 fee per game will be paid. No other fees will be paid.

17. In the event that there is a scheduling error by the Contractors or a no-show by officials which requires any scheduled game(s) to be cancelled, the Contractors will be assessed a fee that is equal to 50% of contracted per game fee for each cancelled game. No other fees will be paid.

18. Contractors shall require each game official to be at the assigned game location no less than 15 minutes prior to the scheduled game time. Game officials are not to leave the facility during the time frame in which they are assigned to officiate and must remain on site during any forfeited game(s), unless dismissed by a site supervisor. Contractors must notify the Youth Sports Coordinator of any games that were forfeited and the reason for the forfeiture.

19. Contractors will be notified of a game official's late arrival. City may request or require that Contractor not schedule a specific game official that has repeatedly arrived after the designated starting time of their scheduled game(s).

20. All game officials provided by Contractors are required to wear the correct uniform. Uniforms are to meet the standards set by the California Interscholastic Federation (CIF) and the City.

21. Contractors are responsible for ensuring that all scheduled game officials are knowledgeable and familiar with the City's rules and modifications for each sport and that these rules will be properly enforced at each game throughout the season. Upon request and with just cause as determined by City based on demonstrated poor knowledge or familiarity with the foregoing, City may request or require that Contractors not schedule a specific game official.

22. Game officials will sign and properly complete all score cards during each baseball, softball, flag football and soccer game. The following information must be recorded on each score card: List of players for each team, names of the teams playing, current date, actual starting and ending game times, name(s) of official(s), location of game, the results of any pre-game coin toss; indication of when substitutes have entered/exited the game, number of runs, touchdowns or goals scored, last out of inning per team, number of innings pitched by pitcher, number of timeouts taken and the final game score for each team. Game officials are required to document all necessary game information related to a protest on the game score card, as outlined in the section titled 'Protests' in the City of Carson Youth Sports Rule Book for each sport. Contractors will be assessed a fee/liquidated damages equal to 50% of the contracted game fee for each score card that game officials fail to comply with this requirement, as in that event City would need to track down/reconstruct this information.

23. In the case of a game protested over a misapplication of a rule, and such protest is upheld, that game will be replayed from the point of protest.

24. Contractors are required to notify and submit a written statement of reported information to the Youth Sports Coordinator on any protest that is brought to the game official's attention within 24-hours of the conclusion of the game. Any coach, player or spectator ejections shall also be reported to the Youth Sports Coordinator within 24-hours of the conclusion of the game. Game officials must submit a written statement describing the incident and the action that was taken by the official.

25. Contractors shall require game officials to cooperate with City staff concerning any incident or injury situations and will provide the name(s) and phone number(s) of any official(s) upon request. Game officials will supply any/all information necessary for proper documentation by site supervisor regarding incident or injury situations.

26. City staff members can evaluate game officials on a random basis throughout the course of the regular season and tournament play. Evaluations will be discussed with the Contractors when necessary. Contractors agree that the City may terminate any contract services agreement for cause based upon (without limitation) game officials not meeting an acceptable level of evaluation standards as determined by City staff.

27. Contractors agree that City staff members have the right to evaluate, and when justified, refuse the service of any official. Written justification will be provided to the Contractor explaining why a game official was precluded from performing such contract services.

28. Contractors are responsible for ensuring that all game officials are aware that their presence and actions, while officiating, must always represent the city in the best possible manner.

29. City's Contract Officer or the Adult and/or Youth Sports Coordinators will assign, and may add or delete, games as necessary, and charges for added or deleted games will be pursuant to Exhibit C – Schedule of Compensation. The number of games scheduled in total shall depend on the number of participants registered, and the number of scheduled games assigned to each successful proposer(s) will be in the sole discretion of the City's Contract Officer. The

City shall provide updated assigned schedules to Contractors when they become available schedules to Contractors when they become available

30. Cost proposals submitted should be all inclusive of services provided and shall include assignor fees, site checks, and official payment. Please provide cost proposals in Exhibit C, below.

31. Proposers should include any fees associated with site checks in the cost proposal along with a brief description of what is to be accomplished during a site check and how often they will occur.

32. Contractors shall submit an invoice bi-weekly to the Recreation Division. For Adult Sports officiating services, Attn: Adult Sports Coordinator, Matt Jordan and for Youth Sports officiating services, Attn: Youth Sports Coordinator, Nancy Rusas. The coordinators will review invoices and submit them to the Finance Department to process payment.

33. Contractors agree to maintain and honor all terms, conditions and specifications of the proposal for any additions to programs during the dates listed in the scope.

34. At the start of the sport season, Contractors shall provide a list containing the names and certifications of all officials that may be assigned to work games to the Adult and Youth Sports Coordinators. The preference is for contractors to use a cloud-based program like Arbiter or similar when assigning game officials, so that the City's Contract Officer and the Adult and Youth Sports Coordinators will have the ability to access assignments and confirm that all games are covered.

35. Each task shall be indicated by a written request produced by the Contract Officer with a description of the work to be performed, and the time desired for completion. All tasks shall be carried out in conformity with all provisions of this Agreement.

36. Consultant must prepare a written description of the requested tasks including all components and subtasks; the costs to perform the task ("Task Budget"), using the itemized fees in Exhibit C, Schedule of Compensation, whenever a requested task is provided for in Exhibit C; explain how the cost was determined; and, a schedule for completion of the task ("Task Completion Date"); which shall all collectively be referred to as the "Task Proposal".

Affidavit of Non-Collusion and Non-Discrimination

I hereby swear (or affirm) under the penalty of perjury:

That the attached proposal or bid has been arrived at by the responder independently and has been submitted without collusion with and without any agreement, understanding, or planned common course of action with any other firm or entity designed to limit fair and open competition;

That the contents of the proposal or bid response have not been communicated by the responder or its employees or agents to any person not an employee or agent of the responder and will not be communicated to any such persons prior to the official opening of the solicitation responses; and

The proposer/bidder does not and shall not discriminate, will provide equal employment practices, and will adhere to an affirmative action program to ensure that in their employment practices, persons are employed and employees are treated equally and without regard to or because of race, religion, ancestry, national origin, sex, sexual orientation, age, disability, marital status or medical condition.

I certify that the above statements are true and accurate.

Affidavit of Non-Federal Lobbyist Requirement

Name of Firm: _____

Address: _____

_____

Telephone: _____

I hereby swear (or affirm) under the penalty of perjury:

1. No Federal appropriated funds have been paid, by or on behalf of the above named firm to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer of employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, loan or cooperative agreement, and any extension, continuation, renewal, amendment, or modification thereof, and;

2. If any funds other than Federal appropriated funds have paid or will be paid to any person for influencing or attempting to influence an officer or employee or any agency, a Member of Congress or employee of Congress or an employee of a Member of Congress in connection with this Federal contract, grant loan, or cooperative agreement, the above named firm shall complete and submit Standard Form-LLL, “Disclosure Form to Report Lobbying”, in accordance with its instructions, and;

3. The above-name firm shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreement) and that all sub-recipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into the transaction imposed by Section 1352 Title 31, U.S. Code. Any person who fails to file the required certification shall be subject to civil penalty of not less than $10,000 and not more than $100,000 for each such failure.

Debarment and Suspension Certification

Name of Firm: _____

Acting on behalf of the above-named firm ("Consultant"), as its Authorized Official, I, the undersigned, certify as follows:

I am a duly authorized representative of ("Consultant"). Consultant certifies, to the best of its knowledge and belief, that Consultant, including its principals:

Is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency, and not does not have a proposed debarment pending;

Has not within the three-year period preceding this certification been convicted of or had a civil judgment rendered against it for commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) transaction, contract, or subcontract under a public transaction; for violation of federal or state antitrust statutes; or for commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements or receiving stolen property;

Is not presently indicted for or otherwise criminally or civilly charged by a governmental entity (federal, state, or local) with commission of any of the offenses enumerated in paragraph (2) above; and

Has not within the three-year period preceding this certification had one or more public transactions (federal, state or local) terminated for cause or default.

Consultant further certifies that Consultant, including its principals, is not listed on the government-wide exclusions in the System for Award Management.

Consultant acknowledges that falsely providing this certification may result in criminal prosecution or administrative sanctions, and that this certification is a required component of all proposals in response to this IFB/RFP/RFQ.

A proposal that does not include a completed and signed version of this certification will be deemed incomplete and materially nonresponsive, and will not be considered.

Form **W-9**
(Rev. March 2024)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☐ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) . . . . .

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

Requester's name and address (optional)

6 City, state, and ZIP code

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

☐☐☐ – ☐☐ – ☐☐☐☐

or

Employer identification number

☐☐ – ☐☐☐☐☐☐☐

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person** **Date**

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

must obtain your correct taxpayer identification number (TIN), which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following.

- Form 1099-INT (interest earned or paid).
- Form 1099-DIV (dividends, including those from stocks or mutual funds).
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds).
- Form 1099-NEC (nonemployee compensation).
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers).
- Form 1099-S (proceeds from real estate transactions).
- Form 1099-K (merchant card and third-party network transactions).
- Form 1098 (home mortgage interest), 1098-E (student loan interest), and 1098-T (tuition).
- Form 1099-C (canceled debt).
- Form 1099-A (acquisition or abandonment of secured property).

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

Caution: If you don't return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding*, later.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued);

2. Certify that you are not subject to backup withholding; or

3. Claim exemption from backup withholding if you are a U.S. exempt payee; and

4. Certify to your non-foreign status for purposes of withholding under chapter 3 or 4 of the Code (if applicable); and

5. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting is correct. See *What Is FATCA Reporting*, later, for further information.

Note: If you are a U.S. person and a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien;
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States;
- An estate (other than a foreign estate); or
- A domestic trust (as defined in Regulations section 301.7701-7).

Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding. Payments made to foreign persons, including certain distributions, allocations of income, or transfers of sales proceeds, may be subject to withholding under chapter 3 or chapter 4 of the Code (sections 1441–1474). Under those rules, if a Form W-9 or other certification of non-foreign status has not been received, a withholding agent, transferee, or partnership (payor) generally applies presumption rules that may require the payor to withhold applicable tax from the recipient, owner, transferor, or partner (payee). See Pub. 515, Withholding of Tax on Nonresident Aliens and Foreign Entities.

The following persons must provide Form W-9 to the payor for purposes of establishing its non-foreign status.

- In the case of a disregarded entity with a U.S. owner, the U.S. owner of the disregarded entity and not the disregarded entity.
- In the case of a grantor trust with a U.S. grantor or other U.S. owner, generally, the U.S. grantor or other U.S. owner of the grantor trust and not the grantor trust.
- In the case of a U.S. trust (other than a grantor trust), the U.S. trust and not the beneficiaries of the trust.

See Pub. 515 for more information on providing a Form W-9 or a certification of non-foreign status to avoid withholding.

Foreign person. If you are a foreign person or the U.S. branch of a foreign bank that has elected to be treated as a U.S. person (under Regulations section 1.1441-1(b)(2)(iv) or other applicable section for chapter 3 or 4 purposes), do not use Form W-9. Instead, use the appropriate Form W-8 or Form 8233 (see Pub. 515). If you are a qualified foreign pension fund under Regulations section 1.897(l)-1(d), or a partnership that is wholly owned by qualified foreign pension funds, that is treated as a non-foreign person for purposes of section 1445 withholding, do not use Form W-9. Instead, use Form W-8EXP (or other certification of non-foreign status).

Nonresident alien who becomes a resident alien. Generally, only a nonresident alien individual may use the terms of a tax treaty to reduce or eliminate U.S. tax on certain types of income. However, most tax treaties contain a provision known as a saving clause. Exceptions specified in the saving clause may permit an exemption from tax to continue for certain types of income even after the payee has otherwise become a U.S. resident alien for tax purposes.

If you are a U.S. resident alien who is relying on an exception contained in the saving clause of a tax treaty to claim an exemption from U.S. tax on certain types of income, you must attach a statement to Form W-9 that specifies the following five items.

1. The treaty country. Generally, this must be the same treaty under which you claimed exemption from tax as a nonresident alien.

2. The treaty article addressing the income.

3. The article number (or location) in the tax treaty that contains the saving clause and its exceptions.

4. The type and amount of income that qualifies for the exemption from tax.

5. Sufficient facts to justify the exemption from tax under the terms of the treaty article.

Example. Article 20 of the U.S.-China income tax treaty allows an exemption from tax for scholarship income received by a Chinese student temporarily present in the United States. Under U.S. law, this student will become a resident alien for tax purposes if their stay in the United States exceeds 5 calendar years. However, paragraph 2 of the first Protocol to the U.S.-China treaty (dated April 30, 1984) allows the provisions of Article 20 to continue to apply even after the Chinese student becomes a resident alien of the United States. A Chinese student who qualifies for this exception (under paragraph 2 of the first Protocol) and is relying on this exception to claim an exemption from tax on their scholarship or fellowship income would attach to Form W-9 a statement that includes the information described above to support that exemption.

If you are a nonresident alien or a foreign entity, give the requester the appropriate completed Form W-8 or Form 8233.

Backup Withholding

What is backup withholding? Persons making certain payments to you must under certain conditions withhold and pay to the IRS 24% of such payments. This is called "backup withholding." Payments that may be subject to backup withholding include, but are not limited to, interest, tax-exempt interest, dividends, broker and barter exchange transactions, rents, royalties, nonemployee pay, payments made in settlement of payment card and third-party network transactions, and certain payments from fishing boat operators. Real estate transactions are not subject to backup withholding.

You will not be subject to backup withholding on payments you receive if you give the requester your correct TIN, make the proper certifications, and report all your taxable interest and dividends on your tax return.

Payments you receive will be subject to backup withholding if:

1. You do not furnish your TIN to the requester;

2. You do not certify your TIN when required (see the instructions for Part II for details);

3. The IRS tells the requester that you furnished an incorrect TIN;

4. The IRS tells you that you are subject to backup withholding because you did not report all your interest and dividends on your tax return (for reportable interest and dividends only); or

5. You do not certify to the requester that you are not subject to backup withholding, as described in item 4 under "*By signing the filled-out form*" above (for reportable interest and dividend accounts opened after 1983 only).

Certain payees and payments are exempt from backup withholding. See *Exempt payee code*, later, and the separate Instructions for the Requester of Form W-9 for more information.

See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier.

What Is FATCA Reporting?

The Foreign Account Tax Compliance Act (FATCA) requires a participating foreign financial institution to report all U.S. account holders that are specified U.S. persons. Certain payees are exempt from FATCA reporting. See *Exemption from FATCA reporting code*, later, and the Instructions for the Requester of Form W-9 for more information.

Updating Your Information

You must provide updated information to any person to whom you claimed to be an exempt payee if you are no longer an exempt payee and anticipate receiving reportable payments in the future from this person. For example, you may need to provide updated information if you are a C corporation that elects to be an S corporation, or if you are no longer tax exempt. In addition, you must furnish a new Form W-9 if the name or TIN changes for the account, for example, if the grantor of a grantor trust dies.

Penalties

Failure to furnish TIN. If you fail to furnish your correct TIN to a requester, you are subject to a penalty of $50 for each such failure unless your failure is due to reasonable cause and not to willful neglect.

Civil penalty for false information with respect to withholding. If you make a false statement with no reasonable basis that results in no backup withholding, you are subject to a $500 penalty.

Criminal penalty for falsifying information. Willfully falsifying certifications or affirmations may subject you to criminal penalties including fines and/or imprisonment.

Misuse of TINs. If the requester discloses or uses TINs in violation of federal law, the requester may be subject to civil and criminal penalties.

Specific Instructions

Line 1

You must enter one of the following on this line; **do not** leave this line blank. The name should match the name on your tax return.

If this Form W-9 is for a joint account (other than an account maintained by a foreign financial institution (FFI)), list first, and then circle, the name of the person or entity whose number you entered in Part I of Form W-9. If you are providing Form W-9 to an FFI to document a joint account, each holder of the account that is a U.S. person must provide a Form W-9.

• **Individual.** Generally, enter the name shown on your tax return. If you have changed your last name without informing the Social Security Administration (SSA) of the name change, enter your first name, the last name as shown on your social security card, and your new last name.

Note for ITIN applicant: Enter your individual name as it was entered on your Form W-7 application, line 1a. This should also be the same as the name you entered on the Form 1040 you filed with your application.

• **Sole proprietor.** Enter your individual name as shown on your Form 1040 on line 1. Enter your business, trade, or "doing business as" (DBA) name on line 2.

• **Partnership, C corporation, S corporation, or LLC, other than a disregarded entity.** Enter the entity's name as shown on the entity's tax return on line 1 and any business, trade, or DBA name on line 2.

• **Other entities.** Enter your name as shown on required U.S. federal tax documents on line 1. This name should match the name shown on the charter or other legal document creating the entity. Enter any business, trade, or DBA name on line 2.

• **Disregarded entity.** In general, a business entity that has a single owner, including an LLC, and is not a corporation, is disregarded as an entity separate from its owner (a disregarded entity). See Regulations section 301.7701-2(c)(2). A disregarded entity should check the appropriate box for the tax classification of its owner. Enter the owner's name on line 1. The name of the owner entered on line 1 should never be a disregarded entity. The name on line 1 should be the name shown on the income tax return on which the income should be reported. For example, if a foreign LLC that is treated as a disregarded entity for U.S. federal tax purposes has a single owner that is a U.S. person, the U.S. owner's name is required to be provided on line 1. If the direct owner of the entity is also a disregarded entity, enter the first owner that is not disregarded for federal tax purposes. Enter the disregarded entity's name on line 2. If the owner of the disregarded entity is a foreign person, the owner must complete an appropriate Form W-8 instead of a Form W-9. This is the case even if the foreign person has a U.S. TIN.

Line 2

If you have a business name, trade name, DBA name, or disregarded entity name, enter it on line 2.

Line 3a

Check the appropriate box on line 3a for the U.S. federal tax classification of the person whose name is entered on line 1. Check only one box on line 3a.

IF the entity/individual on line 1 is a(n) . . .	THEN check the box for . . .
• Corporation	Corporation.
• Individual or • Sole proprietorship	Individual/sole proprietor.
• LLC classified as a partnership for U.S. federal tax purposes or • LLC that has filed Form 8832 or 2553 electing to be taxed as a corporation	Limited liability company and enter the appropriate tax classification: P = Partnership, C = C corporation, or S = S corporation.
• Partnership	Partnership.
• Trust/estate	Trust/estate.

Line 3b

Check this box if you are a partnership (including an LLC classified as a partnership for U.S. federal tax purposes), trust, or estate that has any foreign partners, owners, or beneficiaries, and you are providing this form to a partnership, trust, or estate, in which you have an ownership interest. You must check the box on line 3b if you receive a Form W-8 (or documentary evidence) from any partner, owner, or beneficiary establishing foreign status or if you receive a Form W-9 from any partner, owner, or beneficiary that has checked the box on line 3b.

Note: A partnership that provides a Form W-9 and checks box 3b may be required to complete Schedules K-2 and K-3 (Form 1065). For more information, see the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

If you are required to complete line 3b but fail to do so, you may not receive the information necessary to file a correct information return with the IRS or furnish a correct payee statement to your partners or beneficiaries. See, for example, sections 6698, 6722, and 6724 for penalties that may apply.

Line 4 Exemptions

If you are exempt from backup withholding and/or FATCA reporting, enter in the appropriate space on line 4 any code(s) that may apply to you.

Exempt payee code.

• Generally, individuals (including sole proprietors) are not exempt from backup withholding.

• Except as provided below, corporations are exempt from backup withholding for certain payments, including interest and dividends.

• Corporations are not exempt from backup withholding for payments made in settlement of payment card or third-party network transactions.

• Corporations are not exempt from backup withholding with respect to attorneys' fees or gross proceeds paid to attorneys, and corporations that provide medical or health care services are not exempt with respect to payments reportable on Form 1099-MISC.

The following codes identify payees that are exempt from backup withholding. Enter the appropriate code in the space on line 4.

1—An organization exempt from tax under section 501(a), any IRA, or a custodial account under section 403(b)(7) if the account satisfies the requirements of section 401(f)(2).

2—The United States or any of its agencies or instrumentalities.

3—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.

4—A foreign government or any of its political subdivisions, agencies, or instrumentalities.

5—A corporation.

6—A dealer in securities or commodities required to register in the United States, the District of Columbia, or a U.S. commonwealth or territory.

7—A futures commission merchant registered with the Commodity Futures Trading Commission.

8—A real estate investment trust.

9—An entity registered at all times during the tax year under the Investment Company Act of 1940.

10—A common trust fund operated by a bank under section 584(a).

11—A financial institution as defined under section 581.

12—A middleman known in the investment community as a nominee or custodian.

13—A trust exempt from tax under section 664 or described in section 4947.

The following chart shows types of payments that may be exempt from backup withholding. The chart applies to the exempt payees listed above, 1 through 13.

IF the payment is for . . .	THEN the payment is exempt for . . .
• Interest and dividend payments	All exempt payees except for 7.
• Broker transactions	Exempt payees 1 through 4 and 6 through 11 and all C corporations. S corporations must not enter an exempt payee code because they are exempt only for sales of noncovered securities acquired prior to 2012.
• Barter exchange transactions and patronage dividends	Exempt payees 1 through 4.
• Payments over $600 required to be reported and direct sales over $5,000[1]	Generally, exempt payees 1 through 5.[2]
• Payments made in settlement of payment card or third-party network transactions	Exempt payees 1 through 4.

[1] See Form 1099-MISC, Miscellaneous Information, and its instructions.

[2] However, the following payments made to a corporation and reportable on Form 1099-MISC are not exempt from backup withholding: medical and health care payments, attorneys' fees, gross proceeds paid to an attorney reportable under section 6045(f), and payments for services paid by a federal executive agency.

Exemption from FATCA reporting code. The following codes identify payees that are exempt from reporting under FATCA. These codes apply to persons submitting this form for accounts maintained outside of the United States by certain foreign financial institutions. Therefore, if you are only submitting this form for an account you hold in the United States, you may leave this field blank. Consult with the person requesting this form if you are uncertain if the financial institution is subject to these requirements. A requester may indicate that a code is not required by providing you with a Form W-9 with "Not Applicable" (or any similar indication) entered on the line for a FATCA exemption code.

A—An organization exempt from tax under section 501(a) or any individual retirement plan as defined in section 7701(a)(37).

B—The United States or any of its agencies or instrumentalities.

C—A state, the District of Columbia, a U.S. commonwealth or territory, or any of their political subdivisions or instrumentalities.

D—A corporation the stock of which is regularly traded on one or more established securities markets, as described in Regulations section 1.1472-1(c)(1)(i).

E—A corporation that is a member of the same expanded affiliated group as a corporation described in Regulations section 1.1472-1(c)(1)(i).

F—A dealer in securities, commodities, or derivative financial instruments (including notional principal contracts, futures, forwards, and options) that is registered as such under the laws of the United States or any state.

G—A real estate investment trust.

H—A regulated investment company as defined in section 851 or an entity registered at all times during the tax year under the Investment Company Act of 1940.

I—A common trust fund as defined in section 584(a).

J—A bank as defined in section 581.

K—A broker.

L—A trust exempt from tax under section 664 or described in section 4947(a)(1).

M—A tax-exempt trust under a section 403(b) plan or section 457(g) plan.

Note: You may wish to consult with the financial institution requesting this form to determine whether the FATCA code and/or exempt payee code should be completed.

Line 5

Enter your address (number, street, and apartment or suite number). This is where the requester of this Form W-9 will mail your information returns. If this address differs from the one the requester already has on file, enter "NEW" at the top. If a new address is provided, there is still a chance the old address will be used until the payor changes your address in their records.

Line 6

Enter your city, state, and ZIP code.

Part I. Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. If you are a resident alien and you do not have, and are not eligible to get, an SSN, your TIN is your IRS ITIN. Enter it in the entry space for the Social security number. If you do not have an ITIN, see *How to get a TIN* below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN.

If you are a single-member LLC that is disregarded as an entity separate from its owner, enter the owner's SSN (or EIN, if the owner has one). If the LLC is classified as a corporation or partnership, enter the entity's EIN.

Note: See *What Name and Number To Give the Requester*, later, for further clarification of name and TIN combinations.

How to get a TIN. If you do not have a TIN, apply for one immediately. To apply for an SSN, get Form SS-5, Application for a Social Security Card, from your local SSA office or get this form online at *www.SSA.gov*. You may also get this form by calling 800-772-1213. Use Form W-7, Application for IRS Individual Taxpayer Identification Number, to apply for an ITIN, or Form SS-4, Application for Employer Identification Number, to apply for an EIN. You can apply for an EIN online by accessing the IRS website at *www.irs.gov/EIN*. Go to *www.irs.gov/Forms* to view, download, or print Form W-7 and/or Form SS-4. Or, you can go to *www.irs.gov/OrderForms* to place an order and have Form W-7 and/or Form SS-4 mailed to you within 15 business days.

If you are asked to complete Form W-9 but do not have a TIN, apply for a TIN and enter "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester before you are subject to backup withholding on payments. The 60-day rule does not apply to other types of payments. You will be subject to backup withholding on all such payments until you provide your TIN to the requester.

Note: Entering "Applied For" means that you have already applied for a TIN or that you intend to apply for one soon. See also *Establishing U.S. status for purposes of chapter 3 and chapter 4 withholding*, earlier, for when you may instead be subject to withholding under chapter 3 or 4 of the Code.

Caution: A disregarded U.S. entity that has a foreign owner must use the appropriate Form W-8.

Part II. Certification

To establish to the withholding agent that you are a U.S. person, or resident alien, sign Form W-9. You may be requested to sign by the withholding agent even if item 1, 4, or 5 below indicates otherwise.

For a joint account, only the person whose TIN is shown in Part I should sign (when required). In the case of a disregarded entity, the person identified on line 1 must sign. Exempt payees, see *Exempt payee code*, earlier.

Signature requirements. Complete the certification as indicated in items 1 through 5 below.

1. Interest, dividend, and barter exchange accounts opened before 1984 and broker accounts considered active during 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, dividend, broker, and barter exchange accounts opened after 1983 and broker accounts considered inactive during 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real estate transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services, payments made in settlement of payment card and third-party network transactions, payments to certain fishing boat crew members and fishermen, and gross proceeds paid to attorneys (including payments to corporations).

5. Mortgage interest paid by you, acquisition or abandonment of secured property, cancellation of debt, qualified tuition program payments (under section 529), ABLE accounts (under section 529A), IRA, Coverdell ESA, Archer MSA or HSA contributions or distributions, and pension distributions. You must give your correct TIN, but you do not have to sign the certification.

What Name and Number To Give the Requester

For this type of account:	Give name and SSN of:
1. Individual	The individual
2. Two or more individuals (joint account) other than an account maintained by an FFI	The actual owner of the account or, if combined funds, the first individual on the account[1]
3. Two or more U.S. persons (joint account maintained by an FFI)	Each holder of the account
4. Custodial account of a minor (Uniform Gift to Minors Act)	The minor[2]
5. a. The usual revocable savings trust (grantor is also trustee)	The grantor-trustee[1]
b. So-called trust account that is not a legal or valid trust under state law	The actual owner[1]
6. Sole proprietorship or disregarded entity owned by an individual	The owner[3]
7. Grantor trust filing under Optional Filing Method 1 (see Regulations section 1.671-4(b)(2)(i)(A))**	The grantor*
8. Disregarded entity not owned by an individual	The owner
9. A valid trust, estate, or pension trust	Legal entity[4]
10. Corporation or LLC electing corporate status on Form 8832 or Form 2553	The corporation
11. Association, club, religious, charitable, educational, or other tax-exempt organization	The organization
12. Partnership or multi-member LLC	The partnership
13. A broker or registered nominee	The broker or nominee
14. Account with the Department of Agriculture in the name of a public entity (such as a state or local government, school district, or prison) that receives agricultural program payments	The public entity
15. Grantor trust filing Form 1041 or under the Optional Filing Method 2, requiring Form 1099 (see Regulations section 1.671-4(b)(2)(i)(B))**	The trust

[1] List first and circle the name of the person whose number you furnish. If only one person on a joint account has an SSN, that person's number must be furnished.

[2] Circle the minor's name and furnish the minor's SSN.

[3] You must show your individual name on line 1, and enter your business or DBA name, if any, on line 2. You may use either your SSN or EIN (if you have one), but the IRS encourages you to use your SSN.

[4] List first and circle the name of the trust, estate, or pension trust. (Do not furnish the TIN of the personal representative or trustee unless the legal entity itself is not designated in the account title.)

* **Note:** The grantor must also provide a Form W-9 to the trustee of the trust.

** For more information on optional filing methods for grantor trusts, see the Instructions for Form 1041.

Note: If no name is circled when more than one name is listed, the number will be considered to be that of the first name listed.

Secure Your Tax Records From Identity Theft

Identity theft occurs when someone uses your personal information, such as your name, SSN, or other identifying information, without your permission to commit fraud or other crimes. An identity thief may use your SSN to get a job or may file a tax return using your SSN to receive a refund.

To reduce your risk:

- Protect your SSN,
- Ensure your employer is protecting your SSN, and
- Be careful when choosing a tax return preparer.

If your tax records are affected by identity theft and you receive a notice from the IRS, respond right away to the name and phone number printed on the IRS notice or letter.

If your tax records are not currently affected by identity theft but you think you are at risk due to a lost or stolen purse or wallet, questionable credit card activity, or a questionable credit report, contact the IRS Identity Theft Hotline at 800-908-4490 or submit Form 14039.

For more information, see Pub. 5027, Identity Theft Information for Taxpayers.

Victims of identity theft who are experiencing economic harm or a systemic problem, or are seeking help in resolving tax problems that have not been resolved through normal channels, may be eligible for Taxpayer Advocate Service (TAS) assistance. You can reach TAS by calling the TAS toll-free case intake line at 877-777-4778 or TTY/TDD 800-829-4059.

Protect yourself from suspicious emails or phishing schemes. Phishing is the creation and use of email and websites designed to mimic legitimate business emails and websites. The most common act is sending an email to a user falsely claiming to be an established legitimate enterprise in an attempt to scam the user into surrendering private information that will be used for identity theft.

The IRS does not initiate contacts with taxpayers via emails. Also, the IRS does not request personal detailed information through email or ask taxpayers for the PIN numbers, passwords, or similar secret access information for their credit card, bank, or other financial accounts.

If you receive an unsolicited email claiming to be from the IRS, forward this message to *phishing@irs.gov*. You may also report misuse of the IRS name, logo, or other IRS property to the Treasury Inspector General for Tax Administration (TIGTA) at 800-366-4484. You can forward suspicious emails to the Federal Trade Commission at *spam@uce.gov* or report them at *www.ftc.gov/complaint*. You can contact the FTC at *www.ftc.gov/idtheft* or 877-IDTHEFT (877-438-4338). If you have been the victim of identity theft, see *www.IdentityTheft.gov* and Pub. 5027.

Go to *www.irs.gov/IdentityTheft* to learn more about identity theft and how to reduce your risk.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to provide your correct TIN to persons (including federal agencies) who are required to file information returns with the IRS to report interest, dividends, or certain other income paid to you; mortgage interest you paid; the acquisition or abandonment of secured property; the cancellation of debt; or contributions you made to an IRA, Archer MSA, or HSA. The person collecting this form uses the information on the form to file information returns with the IRS, reporting the above information. Routine uses of this information include giving it to the Department of Justice for civil and criminal litigation and to cities, states, the District of Columbia, and U.S. commonwealths and territories for use in administering their laws. The information may also be disclosed to other countries under a treaty, to federal and state agencies to enforce civil and criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism. You must provide your TIN whether or not you are required to file a tax return. Under section 3406, payors must generally withhold a percentage of taxable interest, dividends, and certain other payments to a payee who does not give a TIN to the payor. Certain penalties may also apply for providing false or fraudulent information.

EXHIBIT B

CITY FORM CONTRACT

Exhibit B contains the City's standard contract template, provided for reference. Proposers seeking modifications must submit a redlined version with their proposal for the City's consideration. Award is contingent upon successful negotiations; if agreement cannot be reached, the City may proceed with another proposer.

CONTRACT SERVICES AGREEMENT

By and Between

CITY OF CARSON

and

_____

AGREEMENT FOR CONTRACT SERVICES
BETWEEN THE CITY OF CARSON AND

_____

THIS AGREEMENT FOR CONTRACT SERVICES (herein "Agreement") is made and entered into this ____ day of _____, 2026 by and between the CITY OF CARSON, a California municipal corporation ("City") and _____, _____ ("Consultant"). City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the City to perform those services.

C. Pursuant to the City of Carson's Municipal Code, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which may be referred to herein as the "services" or "work" hereunder. As a material inducement to the City entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be both of good quality as well as fit for the purpose intended. For purposes of this Agreement, the phrase "highest

professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

The Scope of Service shall include the Consultant's scope of work or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning, and shall render all services hereunder in accordance with, all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the City of such fact and shall not proceed except at Consultant's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as may be caused by City's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum for the actual costs of the extra work, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or, in the time to perform of up to one hundred eighty (180) days, may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively, must be approved by the City Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Consultant hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Consultant anticipates and that Consultant shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors. No claims for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed _____ Dollars ($_____) (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8.

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at all project meetings reasonably deemed necessary by the City. Coordination of the performance of the work with City is a critical component of the services. If Consultant is required to attend additional meetings to facilitate such coordination, Consultant shall not be entitled to any additional compensation for attending said meetings.

2.4 Invoices.

Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice City for any duplicate services performed by more than one person.

City shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by City, or as provided in Section 7.3, City will use its best efforts to cause Consultant to be paid within forty-five (45) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Consultant for correction and resubmission. Review and payment by City for any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding five (5) years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

_____

(Name) (Title)

(Name)	(Title)
(Name)	(Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing principals were a substantial inducement for City to enter into this Agreement. Therefore, the foregoing principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the foregoing Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of City. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify City of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Consultant.

Consultant shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Consultant expressly waives any claim Consultant may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be _____, or as otherwise designated by the City Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the City Manager, to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Consultant, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Consultant's employees, servants, representatives or agents, or in fixing their number,

compensation or hours of service. Consultant shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Consultant in its business or otherwise or a joint venturer or a member of any joint enterprise with Consultant.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages.

The Consultant shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) General Liability Insurance (Coverage Form ISO CGL CG 00 01 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $1,000,000.00 per occurrence or if a general aggregate limit is used, then the general aggregate limit shall be twice the occurrence limit.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for the Consultant against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by the Consultant in the course of carrying out the work or services contemplated in this Agreement, with Employer's Liability insurance coverage limits of at least $1,000,000.00.

(c) Automotive Insurance (Coverage Form ISO CA 00 01 including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability

insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000. Said policy shall include coverage for owned, non-owned, leased, hired cars and any automobile.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession, as determined by the City's Risk Manager, provided that the limits shall be no less than $1,000,000 per claim and no less than $1,000,000 general aggregate. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Consultant's services or the termination of this Agreement. During this additional 5-year period, Consultant shall annually and upon request of the City submit written evidence of this continuous coverage.

(e) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

(g) Broader Coverages and Higher Limits. Notwithstanding anything else herein to the contrary, if Consultant maintains broader coverages and/or higher limits than the minimums shown above, the City requires and shall be entitled to the broader coverages and/or higher limits maintained by Consultant.

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or its officers, employees or agents may apply in excess of, and not contribute with Consultant's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled, the Consultant shall, prior to the cancellation date, submit new evidence of insurance in conformance with Section 5.1 to the Contract Officer.

No work or services under this Agreement shall commence until the Consultant has provided the City with Certificates of Insurance, additional insured endorsement forms or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of and endorsements to all required insurance policies at any time. Any failure to comply

with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

All certificates shall name the City as additional insured (providing the appropriate endorsement) and shall conform to the following "cancellation" notice:

> CANCELLATION:
>
> SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATED THEREOF, THE ISSUING COMPANY SHALL MAIL THIRTY (30)-DAY ADVANCE WRITTEN NOTICE TO CERTIFICATE HOLDER NAMED HEREIN.
>
> [to be initialed] _____
> Consultant Initials

City, its respective elected and appointed officers, directors, officials, employees, agents and volunteers are to be covered as additional insureds as respects: liability arising out of activities Consultant performs; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or any automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims. The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to City.

5.3 Indemnification.

To the full extent permitted by law, Consultant agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative,

arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Consultant, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Consultant is legally liable ("indemnitors"), or arising from Consultant's or indemnitors' reckless or willful misconduct, or arising from Consultant's or indemnitors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Consultant will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Consultant will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Consultant hereunder; and Consultant agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Consultant for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Consultant hereunder, Consultant agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Consultant shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Consultant shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Consultant in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Consultant and shall survive termination of this Agreement.

5.4 Sufficiency of Insurer.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A-" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City ("Risk

Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the risk manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Consultant agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to City, and access shall be provided by Consultant's successor in interest. Notwithstanding the above, the Consultant shall fully cooperate with the City in providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Consultant hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of

ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the City's sole risk and without liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Consultant fails to secure such assignment, Consultant shall indemnify City for all damages resulting therefrom. Moreover, with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives City notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify City should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions

concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the City may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the City may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the City to give notice of the Consultant's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant hereby authorizes City to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Consultant's acts or omissions in performing or failing to perform Consultant's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Consultant to insure, indemnify, and protect City as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant shall file a statutory claim pursuant to Government Code Sections 905 et. seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Agreement except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, Consultant may terminate this Agreement if and only if all of the following criteria are met: (i) City is in default under the terms of this Agreement; (ii) Consultant has given City thirty (30) days' written notice (or longer, if circumstances warrant) of the default and the reasons for the default; and (iii) City has failed to cure the default within said cure period. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of City's termination without cause pursuant to this Section, the City need not provide the Consultant with the opportunity to cure pursuant to Section 7.2.

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such

damages), and City may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects her/his financial interest or the financial interest of any corporation, partnership or association in which (s)he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class in the performance of

this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Carson, 701 East Carson, Carson, California 90745 and in the case of the Consultant, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Agreement.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification

of this Agreement shall be valid unless made in writing and approved by the Consultant and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "non-interests" pursuant to Government Code Sections 1091 or 1091.5. Consultant warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Consultant further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Consultant is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Consultant's Authorized Initials _____

9.7 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

EXHIBIT "A"
SCOPE OF SERVICES

I. Consultant will perform the following Services:

A.

B.

C.

II. As part of the Services, Consultant will prepare and deliver the following tangible work products to the City:

A.

B.

C.

III. In addition to the requirements of Section 6.2, during performance of the Services, Consultant will keep the City appraised of the status of performance by delivering the following status reports:

A.

B.

C.

IV. All work product is subject to review and acceptance by the City, and must be revised by the Consultant without additional charge to the City until found satisfactory and accepted by City.

V. Consultant will utilize the following personnel to accomplish the Services:

A.

B.

C.

EXHIBIT "B"
SPECIAL REQUIREMENTS
(Superseding Contract Boilerplate)

EXHIBIT "C"
SCHEDULE OF COMPENSATION

I. Consultant shall perform the following tasks at the following rates:

	RATE	TIME	SUB-BUDGET
A.	_____	_____	_____
B.	_____	_____	_____
C.	_____	_____	_____
D.	_____	_____	_____

II. Within the budgeted amounts for each Task, and with the approval of the Contract Officer, funds may be shifted from one Task sub-budget to another so long as the Contract Sum is not exceeded per Section 2.1, unless Additional Services are approved per Section 1.8.

III. The City will compensate Consultant for the Services performed upon submission of a valid invoice. Each invoice is to include:

A. Line items for all personnel describing the work performed, the number of hours worked, and the hourly rate.

B. Line items for all materials and equipment properly charged to the Services.

C. Line items for all other approved reimbursable expenses claimed, with supporting documentation.

D. Line items for all approved subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.

IV. The total compensation for the Services shall not exceed $_____ as provided in Section 2.1 of this Agreement.

V. The Consultant's billing rates for all personnel are attached as Exhibit C-1.

EXHIBIT "D"
SCHEDULE OF PERFORMANCE

I. Consultant shall perform all services timely in accordance with the following schedule:

		Days to Perform	Deadline Date
A.	**Task A**	_____	_____
B.	**Task B**	_____	_____
C.	**Task C**	_____	_____

II. Consultant shall deliver the following tangible work products to the City by the following dates.

A.

B.

C.

III. The Contract Officer may approve extensions for performance of the services in accordance with Section 3.2.

Purchasing Division
701 E. Carson Street
Carson, CA 90745

EXHIBIT C

COST FILE

Exhibit C contains the City's required Cost File template. Proposers must complete and submit this form in full; failure to do so may result in disqualification.

COST FILE
RFP 26-008
PROFESSIONAL ON-CALL OFFICIATING SERVICES FOR
ADULT & YOUTH SPORTS PROGRAMS

A. Cost proposals submitted should be all inclusive of services provided and shall include assignor fees, site checks, and official payments. Proposers shall complete cost proposal for all sports for which services are proposed. Rates provided shall be per official, per game; hourly rates will not be accepted. Proposers may provide two different rates for games requiring two officials where appropriate (e.g., baseball plate umpire rate and base umpire rate)

YOUTH SPORTS				
	Sport	**Rate per Official per Game**	**Officials per Game**	**Approx # of Total Games**
A.	**Youth Baseball/Softball**			**790**

PlanetBids Opened By: Anyar Lopez O. (Print Legibly) ALO (Initials)

To Whom It May Concern:

My name is Navin Sami. I am extremely passionate about the youth and adult sports referees in the city of Carson, California.

My passion was born as a child growing up in the great city of Carson playing soccer from age of three years old, which developed into me participating in four different sports throughout my childhood career.

Will Henderson, the trainer and senior sports official at the time, mentored me on the rules and standard procedures of refereeing the games efficiently.

Under the guidance of Will, I was able to have a successful twenty-three years as a proud referee.

In 2007, I became C-I-F certified.

In 2015, I started supplying referees for different tournaments throughout South Bay.

In 2017, I was privileged to become the referee coordinator for Redondo Beach Youth Basketball Organization.

Since then, I have been honored to supply them with referees, which include seventy-five games on a standard weekend.

In 2022, I created my business, "Sami's Referees," which is a supplies referees for adult and youth sports programs.

In 2022 I secured a contract with the City of Gardena for all youth sports programs, which we still provide services for

In 2023 I secured a contract with the City of Carson for all youth sports programs for 3 years, which we are currently finishing. I am hoping to secure this contract for the future.

Also, in 2023 I secured a contract the Boys & Girls club for Long Beach, San Pedro and the ports, which we still provide services for.

In 2025 I secured a contract with PVYBL, which we still provide services for.

Like I stated this is a passion of mine. Sports, especially with the youth, have been proven to be an effective tool in keeping them from falling into a cycle of violence, crime and drug use.

I want to continue to be a part of this solution and would be honored to be the on-call officiating services for adult and youth sports program for the city of Carson again.

SECTION 1 – YOUTH SPORTS OFFICIATING (5-YEAR MULTI-YEAR RATES)

(All rates are per official, per game.)

A. Youth Baseball / Softball

Division	Officials per Game	Year 1 Rate	Year 2 Rate	Year 3 Rate	Year 4 Rate	Year 5 Rate

CONTRACT SERVICES AGREEMENT

By and Between

CITY OF CARSON

and

SAMI'S REFEREES, LLC

AGREEMENT FOR CONTRACT SERVICES
BETWEEN THE CITY OF CARSON AND
SAMI'S REFEREES, LLC

THIS AGREEMENT FOR CONTRACT SERVICES (herein "Agreement") is made and entered into effective the 21st day of April, 2026, by and between the CITY OF CARSON, a California municipal corporation ("City") and SAMI'S REFEREES, LLC, a California limited liability company ("Consultant"). City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the City to perform those services.

C. Pursuant to the City of Carson's Municipal Code, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which may be referred to herein as the "services" or "work" hereunder. As a material inducement to the City entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be both of good quality as well as fit for the purpose intended. For purposes of this Agreement, the phrase "highest

professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

The Scope of Service shall include the Consultant's scope of work or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning, and shall render all services hereunder in accordance with, all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the City of such fact and shall not proceed except at Consultant's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as may be caused by City's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum for the actual costs of the extra work, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or, in the time to perform of up to one hundred eighty (180) days, may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively, must be approved by the City Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Consultant hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Consultant anticipates and that Consultant shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors. No claims for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed **One Million One Hundred Twenty Thousand Dollars ($1,120,000.00)** (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8.

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at all project meetings reasonably deemed necessary by the City. Coordination of the performance of the work with City is a critical component of the services. If Consultant is required to attend additional meetings to facilitate such coordination, Consultant shall not be entitled to any additional compensation for attending said meetings.

2.4 Invoices.

Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice City for any duplicate services performed by more than one person.

City shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by City, or as provided in Section 7.3, City will use its best efforts to cause Consultant to be paid within forty-five (45) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Consultant for correction and resubmission. Review and payment by City for any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding five (5) years from the effective date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Navin Sami	CEO
(Name)	(Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing principals were a substantial inducement for City to enter into this Agreement. Therefore, the foregoing principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the foregoing Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of City. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify City of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Consultant.

Consultant shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Consultant expressly waives any claim Consultant may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be Timothy Grierson, Recreation Superintendent, or such other person as may be designated by the City Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the City Manager, to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Consultant, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Consultant's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Consultant shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of

Consultant in its business or otherwise or a joint venturer or a member of any joint enterprise with Consultant.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty-five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages.

The Consultant shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) General Liability Insurance (Coverage Form ISO CGL CG 00 01 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $2,000,000.00 per occurrence or if a general aggregate limit is used, then the general aggregate limit shall be twice the occurrence limit.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for the Consultant against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by the Consultant in the course of carrying out the work or services contemplated in this Agreement, with Employer's Liability insurance coverage limits of at least $1,000,000.00.

(c) Automotive Insurance (Coverage Form ISO CA 00 01 including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000. Said policy shall include coverage for owned, non-owned, leased, hired cars and any automobile.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession, as determined by the City's Risk Manager, provided that the limits shall be no less than $1,000,000 per claim and no less than $1,000,000 general aggregate. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Consultant's services or the termination of this Agreement. During this additional 5-year period, Consultant shall annually and upon request of the City submit written evidence of this continuous coverage.

(e) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

(g) Broader Coverages and Higher Limits. Notwithstanding anything else herein to the contrary, if Consultant maintains broader coverages and/or higher limits than the minimums shown above, the City requires and shall be entitled to the broader coverages and/or higher limits maintained by Consultant.

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or its officers, employees or agents may apply in excess of, and not contribute with Consultant's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled, the Consultant shall, prior to the cancellation date, submit new evidence of insurance in conformance with Section 5.1 to the Contract Officer.

No work or services under this Agreement shall commence until the Consultant has provided the City with Certificates of Insurance, additional insured endorsement forms or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of and endorsements to all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

All certificates shall name the City as additional insured (providing the appropriate endorsement) and shall conform to the following "cancellation" notice:

> CANCELLATION:
>
> SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATED THEREOF, THE ISSUING COMPANY SHALL MAIL THIRTY (30)-DAY ADVANCE WRITTEN NOTICE TO CERTIFICATE HOLDER NAMED HEREIN.

> Consultant Initials

City, its respective elected and appointed officers, directors, officials, employees, agents and volunteers are to be covered as additional insureds as respects: liability arising out of activities Consultant performs; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or any automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims. The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to City.

5.3 Indemnification.

To the full extent permitted by law, Consultant agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in

connection with the negligent performance of the work, operations or activities provided herein of Consultant, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Consultant is legally liable ("indemnitors"), or arising from Consultant's or indemnitors' reckless or willful misconduct, or arising from Consultant's or indemnitors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Consultant will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Consultant will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Consultant hereunder; and Consultant agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Consultant for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Consultant hereunder, Consultant agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Consultant shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Consultant shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Consultant in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Consultant and shall survive termination of this Agreement.

5.4 Sufficiency of Insurer.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A-" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City ("Risk Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the risk manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Consultant

agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to City, and access shall be provided by Consultant's successor in interest. Notwithstanding the above, the Consultant shall fully cooperate with the City in providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Consultant hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the City's sole risk and without

liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Consultant fails to secure such assignment, Consultant shall indemnify City for all damages resulting therefrom. Moreover, with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives City notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify City should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal

jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the City may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the City may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the City to give notice of the Consultant's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant hereby authorizes City to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Consultant's acts or omissions in performing or failing to perform Consultant's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Consultant to insure, indemnify, and protect City as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant shall file a statutory claim pursuant to Government Code Sections 905 et. Seq. and 910 et. Seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Agreement except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, Consultant may terminate this Agreement if and only if all of the following criteria are met: (i) City is in default under the terms of this Agreement; (ii) Consultant has given City 30 days' written notice (or longer, if circumstances warrant) of the default and the reasons for the default; and (iii) City has failed to cure the default within said cure period. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of City's termination without cause pursuant to this Section, the City need not provide the Consultant with the opportunity to cure pursuant to Section 7.2

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such

damages), and City may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed by City therefor.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects her/his financial interest or the financial interest of any corporation, partnership or association in which (s)he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class in the performance of

this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Carson, 701 East Carson, Carson, California 90745 and in the case of the Consultant, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Agreement.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification

of this Agreement shall be valid unless made in writing and approved by the Consultant and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "non-interests" pursuant to Government Code Sections 1091 or 1091.5. Consultant warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Consultant further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Consultant is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Consultant's Authorized Initials _____

9.7 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties hereto have executed this Agreement on the date(s) and year set forth below, with express intent that this Agreement shall be effective on the date and year first-above written.

22328 S. Main Street
Carson, CA 90745

12. Rancho Dominguez Preparatory
4110 Santa Fe Avenue
Long Beach, CA 90810

13. Curtiss Middle School
1254 E. Helmick Street
Carson, CA 90746

14. Stephen White Middle School
22102 Figueroa Street
Carson, CA 90745

C. Youth Baseball/Softball Season: There will be a maximum of 600 games, including playoffs, for the season starting no earlier than April 1st and ending no later than July 15th. Additionally, there will be a maximum of 190 games, including playoffs, for the Dodger Dreamteam Summer League, starting no earlier than July 1st and ending no later than August 31st. Tournaments may be added by City after the conclusion of the regular season.

D. Youth Flag Football: There will be a maximum of 150 games, including playoffs, for the season, starting no earlier than September 1st and ending no later than December 15th. Tournaments may be added by City after the conclusion of the regular season.

E. Youth Soccer: There will be a maximum of 400 games, including playoffs, for the season, starting no earlier than September 1st and ending no later than December 15th. Tournaments may be added by City after the conclusion of the regular season.

F. Youth Basketball Season: There will be a maximum of 650 games, including playoffs, for the season, starting no earlier than December 1st and ending no later February 28th. There will be a maximum of 50 games for the Summer Run League, starting no earlier than July 1st and ending no later than August 31. Tournaments may be added by City after the conclusion of the regular season.

G. Youth clinic games for the Rookie & Sandlot divisions consist of a maximum 300 games for basketball, a maximum of 75 games for football, and a maximum of 350 games for soccer.

H. Unless otherwise directed or approved by the Contract Officer, Consultant shall provide, at the game site, one (1) umpire for each assigned 1A/2A division baseball

and all softball games, two (2) umpires for each assigned 3A division baseball game, two (2) officials for each assigned flag football game, one (1) official for each assigned soccer game, and two (2) officials for each assigned basketball game except for youth clinic Sandlot games, which shall be one (1) official for each assigned game. Consultant shall supply the required number of officials/umpires as specified above to cover all scheduled games as assigned by the City (vis its Contract Officer). Upon a 24 hours' notice, additional officials/umpires may be requested by City for any and all games, including playoffs and tournament games.

I. In the case of a game protested over a misapplication of a rule, and such protest is upheld, that game will be replayed from the point of protest at no additional charge to the City. The resumption of play shall take place on a date/time determined by the Contract Officer.

J. City's Contract Officer or the Youth Sports Coordinators will assign, and may add or delete, games as necessary, and charges or reductions for added or deleted games will be pursuant to Exhibit "C." The number of games scheduled in total shall be in the sole discretion of the Contract Officer, and may involve consideration of the number of participants registered and the number of scheduled games assigned to each on-call officiating services vendor under contract with the City, if the City has multiple vendors under contract at the relevant time. City staff will make best efforts to provide updated assigned game schedules to Consultant as soon as they become available.

K. Staffing:

1. Consultant must maintain sufficient qualified staff over the age of 18 available to perform the officiating services for all of the maximum total sports/seasons/games referenced above at all dates/times referenced in Exhibit "D," although the City is not obligated to assign all or any such games to Consultant.

2. Completion of the City's mandated background screening check is required for all of Consultant's personnel associated with provision of the professional officiating services under this Agreement.

3. Consultant is responsible for providing the City with officials that have the knowledge and experience to officiate youth games effectively, confidently and objectively at all City locations specified above.

4. Consultant is required to ensure that all game officials have the required experience and background to officiate at a level that is equivalent to being CIF (California Interscholastic Federation) or NFHS (National Federation of State High School) certified.

5. Consultant agrees that City staff members have the right to evaluate game officials on a random basis throughout the course of the regular season and tournament play and, when deemed justified by City, refuse the services of

any game official at any time. Written justification will be provided to Consultant explaining why a game official was precluded from performing services on that basis. Evaluations will be discussed with Consultant when deemed necessary by City. Consultant agrees that the City may terminate this Agreement for cause based upon (without limitation) game officials not meeting an acceptable level of evaluation standards as determined by City staff.

6. Consultant is responsible for ensuring that all scheduled game officials are knowledgeable and familiar with the City's rules and modifications for each sport and that these rules will be properly enforced at each assigned game throughout each season. Upon request and with just cause as determined by City based on demonstrated poor knowledge or familiarity with the foregoing, City may request or require that Consultants not schedule a specific game official.

7. All game officials are required to wear the correct uniform. Uniforms are to meet the standards set by the California Interscholastic Federation (CIF) and the City.

8. Consultant will be notified of a game official's late arrival. City may request or require that Consultant not schedule a specific game official that has repeatedly arrived after the designated starting time of their scheduled game(s).

9. Consultant is responsible for ensuring that all game officials are aware that their presence and actions, while officiating, or while on City premises in connection with officiating, will be visible to participants and the general public including residents and guests of the City, and therefore reflect the highest level of personal conduct and professionalism.

L. Financial Responsibility:

1. Consultant is responsible to fiscally manage the officiating services for youth sports leagues/games assigned to it in coordination with the City Recreation Division, and to maintain complete accounting records and implement appropriate accounting controls consistent with standard business practices for all of the services. Accounting records shall be available for audit/inspection by the City during regular working hours.

2. Consultant shall adhere to Federal and State financial reporting requirements, and provide financial statements on a monthly, quarterly and annual basis to the City Finance Department within 30 days of the period end.

3. Consultant shall secure and maintain, at its sole expense, all licenses necessary to do business in Los Angeles County, California, City of Carson, and State of California.

4. Consultant is responsible for payment of any and all pertinent federal, state, or local self-employment, Workers Compensation, or income taxes, or other assessments levied by governmental authorities on any monies earned as a result of this Agreement. The City is to be indemnified and reimbursed for any claim or assessment, including interest and penalties, by any taxing authority arising out of Consultant's failure to fulfill the foregoing responsibilities.

II. Consultant must perform all on-call Services in compliance with the following requirements:

A. Each task shall be indicated by a written request ("Task Order") produced by the Contract Officer with a description of the work to be performed, and the time desired for completion. All tasks shall be carried out in conformity with all provisions of this Agreement. Task Orders may include multiple games (e.g., a full regular season schedule) collectively within one Task Order, or may be issued for just an individual game.

B. Consultant must promptly prepare a written description of the requested tasks including all components and subtasks; the compensation to perform the task, using the itemized fees/rates in Section I of Exhibit "C" ("Task Budget"); an explanation of how the compensation was determined; and, a schedule for completion of the task ("Task Completion Date"); which shall all collectively be referred to as the "Task Proposal."

C. Contract Officer shall in writing approve, modify, or reject the Task Proposal, and may issue a Notice to Proceed.

D. The task shall be performed at a cost not to exceed the Task Budget.

E. Consultant shall complete the task and deliver all deliverables to Contract Officer by the Task Completion Date.

III. As part of the Services, Consultant will prepare and deliver the following tangible work products to the City:

A. Game officials shall sign and properly complete score cards during each assigned baseball, softball, flag football and soccer game. The following information must be recorded on each score card: List of players for each team, names of the teams playing, current date, actual starting and ending game times, name(s) of official(s), location of game, the results of any pre-game coin toss; indication of when substitutes have entered/exited the game, number of runs, touchdowns or goals scored, last out of inning per team, number of innings pitched by pitcher, number of timeouts taken and the final game score for each team. Game officials are required to document all necessary game information related to a protest on the game score card, as outlined in the section titled 'Protests' in the City of Carson Youth Sports Rule Book for each sport. In the event that any of Consultant's game officials fail to comply with this requirement, City would need to track

down/reconstruct this information. This information must be tracked and recorded as it would be needed in the event of a protested game, and tracking this information in real time is the responsibility of Consultant's game officials. As such, City and Consultant agree that: (i) it is impracticable or extremely difficult to determine what the actual damages to City would be for a violation of this requirement by Consultant, and how those damages might be calculated; (ii) they have made a reasonable endeavor to estimate fair compensation for such a violation; and (iii) upon doing so, they have concluded that 50% of the contracted game fee for each score card that game officials fail to comply with this requirement represents a fair and reasonable estimate of such damages. Accordingly, Consultant will be assessed liquidated damages equal to 50% of the contracted game fee for each score card for which game officials fail to comply with this requirement.

IV. In addition to the requirements of Section 6.2, during performance of the Services, Consultant will keep the City apprised of the status of performance by delivering the following status reports:

A. Consultant shall notify and submit a written statement of reported information to the City's Contract Officer and the Youth Sports Coordinator on any protest that is brought to the game official's attention within 24-hours of the conclusion of the game. Any coach, player or spectator ejections shall also be reported to the Contract Officer or Youth Sports Coordinator within 24-hours of the conclusion of the game. Game officials must submit a written statement describing the incident and the action that was taken by the official.

B. Consultant shall require game officials to cooperate with City staff concerning any incident or injury situations, and shall provide the name(s) and phone number(s) of any official(s) upon request. Game officials will supply any and all information necessary for proper documentation by site supervisor regarding incident or injury situations.

V. All work product is subject to review and acceptance by the City, and must be revised by the Consultant without additional charge to the City until found satisfactory and accepted by City.

VI. Consultant will utilize the following personnel to accomplish the Services:

A. Navin Sami, CEO

B. Duly qualified officials of Consultant.

EXHIBIT "B"
SPECIAL REQUIREMENTS
(Superseding Contract Boilerplate)

(additions shown in ***bold italics***, deletions in ~~strikethrough~~)

I. The first paragraph of Section 2.4 (Invoices) is hereby deleted in its entirety and replaced with the following:

"Consultant shall furnish to City original invoices for all work performed and expenses incurred, as further detailed below. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. Consultant shall not invoice City for any duplicate services performed by more than one person. Unless otherwise directed by the Contract Officer, for Youth Sports officiating services, invoice to the attention of Youth Sports Coordinator, Nancy Rusas. Invoices shall reflect all work performed and expenses incurred during the preceding two weeks, shall be in a form approved by the Director of Finance, and shall comply with the requirements of Exhibit "C" (Schedule of Compensation)."

II. Subsection (a) (General Liability) of Section 5.1 (Insurance Coverage) is hereby amended to read as follows:

"(a) General Liability Insurance (Coverage Form ISO CGL CG 00 01 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $2,000,000.00 per occurrence or if a general aggregate limit is used, then the general aggregate limit shall be twice the occurrence limit. ***The General Liability Insurance policy must include coverage for Sexual and /or Physical Abuse or Molestation. Or, a separate insurance policy must be provided with a $1,000,000 limit per claim. Evidence of Sexual and/or Physical Abuse or Molestation coverage must be provided with the certificate of insurance."***

III. Subsection (d) (Professional Liability) of Section 5.1 (Insurance Coverage) is hereby amended to read as follows:

" (d) Professional Liability. ***Referee/Umpire*** Professional liability insurance appropriate to the Consultant's profession, as determined by the City's Risk Manager, provided that the limits shall be no less than $1,000,000 per claim and no less than $1,000,000 general aggregate. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Consultant's services or the termination of this Agreement. During this additional 5-year period, Consultant shall annually and upon request of the City submit written evidence of this continuous coverage."

IV. Subsection (e) (Subcontractors) of Section 5.1 (Insurance Coverage) is hereby amended to read as follows:

"(e) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein. ***Consultant and its subcontractors shall have insurance prior to the Consultant or its subcontractors being assigned to provide services pursuant to this Agreement. Consultant shall not use uninsured officials unless authorized in writing by the Contract Officer. Consultant's officials are required to obtain their own accident/injury policies. The City of Carson is not responsible for any accident or injury sustained by Consultant's officials.***"

EXHIBIT "C"
SCHEDULE OF COMPENSATION

I. Consultant shall perform the following tasks at the following rates (all rates are per official, per game):

A. Youth Baseball / Softball

Division	Officials Per Game	Year 1 Rate	Year 2 Rate	Year 3 Rate	Year 4 Rate	Year 5 Rate

3A Division Softball (Ages 13-15) – Approx. 2 hrs	1	$90.00	$90.00	$90.00	$95.00	$95.00

B. Youth Flag Football

Division	Officials Per Game	Year 1 Rate	Year 2 Rate	Year 3 Rate	Year 4 Rate	Year 5 Rate
1A Division (Ages 9-10) – Approx.1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
2A Division (Ages 11-12) – Approx.1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
3A Division (Ages 13-14) – Approx. 1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
Rookie Division (Ages 7-8) – Approx. 1 hr	2	$65.00	$65.00	$65.00	$65.00	$65.00
Sandlot Division (Ages 5-6) – Approx. 1 hr	2	$55.00	$55.00	$55.00	$55.00	$55.00

C. Youth Soccer

Division	Officials Per Game	Year 1 Rate	Year 2 Rate	Year 3 Rate	Year 4 Rate	Year 5 Rate

1A Division (Ages 9-10) – Approx.1 hr	1	$75.00	$75.00	$75.00	$80.00	$80.00
2A Division (Ages 11-12) – Approx.1 hr	1	$75.00	$75.00	$75.00	$80.00	$80.00
3A Division Boys (Ages 13-14) – Approx. 1 hr	1	$75.00	$75.00	$75.00	$80.00	$80.00
3A Division Girls (Ages 13-15) – Approx. 1 hr	1	$75.00	$75.00	$75.00	$80.00	$80.00
Rookie Division (Ages 7-8) – Approx. 1 hr	1	$65.00	$65.00	$65.00	$65.00	$65.00

D. Youth Basketball

Division	**Officials Per Game**	**Year 1 Rate**	**Year 2 Rate**	**Year 3 Rate**	**Year 4 Rate**	**Year 5 Rate**
1A Division (Ages 9-10) – Approx.1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
2A Division (Ages 11-12) – Approx.1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
3A Division Boys (Ages 13-14) – Approx. 1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
3A Division Girls (Ages 13-15) – Approx. 1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
4A Division Boys (Ages 15-17) – Approx. 1 hr	2	$70.00	$70.00	$70.00	$75.00	$75.00
Rookie Division (Ages 7-8) – Approx. 45 min	2	$60.00	$60.00	$60.00	$60.00	$60.00
Sandlot Division (Ages 5-6) – Approx. 45 min	1	$50.00	$50.00	$50.00	$50.00	$50.00

II. Within the budgeted amounts for each Task or annual year, and with the approval of the Contract Officer, funds may be shifted from one Task sub-budget to another so long as the Contract Sum is not exceeded per Section 2.1, unless additional services are approved per Section 1.8.

III. Fees; Cancellations

A. The City will give Consultant a 2-hour minimum advance notice (via email to an address provided by Consultant to the Contract Officer) of any cancelled or rescheduled games. This allows time for Consultant to notify its officials that game/games are cancelled, which Consultant shall do within 30 minutes of receiving City's email notice. If the City fails to provide the 2-hour notice of cancellation, a one game fee will be paid. No other fees shall be charged.

B. For games that are cancelled at the scheduled starting time due to bad weather, Consultant will be paid a one game fee as noted above. If any subsequent games are scheduled for that day, game officials are to remain on site, unless dismissed by a site supervisor, at no additional charge.

C. If City gives Consultant more than a 2-hour notice from City that any game(s) have been cancelled or rescheduled, then City will pay Consultant a cancellation/rescheduling fee of $10 per subject game. No other fees will be paid for the cancellation or rescheduling, although if/when rescheduled and held, the subject game would be compensated accordingly to the applicable rates set forth in Section I above.

D. In the event there is a scheduling error by the Consultant or a no-show by game officials that results in the cancellation of any scheduled game(s), the Consultant will not be paid for the cancelled game(s) and will be assessed liquidated equal to 50% of the contracted per game fee for each cancelled game. City and Consultant agree that: (i) it is impracticable or extremely difficult to determine what the actual damages to City would be for a violation of this requirement by Consultant, and how those damages might be calculated; (ii) they have made a reasonable endeavor to estimate fair compensation for such a violation; and (iii) upon doing so, they have concluded that 50% of the contracted game fee for a scheduling error by the Consultant or no-show by game officials that results in the cancellation of any scheduled game represents a fair and reasonable estimate of such damages. No other fees will be paid.

E. Consultant will be assessed liquidated damages equal to 50% of the contracted game fee for each score card that fails to comply with the requirements of Section III of Exhibit "A" as further detailed in that section.

IV. Consultant shall not incur any costs or expenses on behalf of the City, except as specifically approved in advance and in writing by the City. Consultant shall maintain complete and adequate accounting records supporting all charges, fees, expenses, and costs associated with this Agreement.

V. The City will compensate Consultant for the Services performed upon submission of a valid invoice. Each invoice is to include:

A. Line items for all personnel describing the work performed, the number of hours worked, and the hourly rate.

B. Line items for all materials and equipment properly charged to the Services.

C. Line items for all other approved reimbursable expenses claimed, with supporting documentation.

D. Line items for all approved subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.

VI. The total compensation for the Services shall not exceed $1,120,000, as provided in Section 2.1 of this Agreement.

EXHIBIT "D"
SCHEDULE OF PERFORMANCE

I. Consultant shall perform all services timely in accordance with the schedule of assigned games established pursuant to Exhibit "A" and the following:

A. All games will be played weeknights starting as early as 5:00 p.m. and going as late as 10:30 p.m. Games on weekends can start as early as 8:00 a.m. and go as late as 10:00 p.m. Games may be rescheduled by City staff at any time.

B. Youth Baseball/Spring Softball season starts no earlier than April 1st and ends no later than July 15th. For the Dodger Dreamteam Summer League, the season starts no earlier than July 1st and ends no later than August 31st, excluding any tournaments which may be added by City after the conclusion of each season.

C. Youth Flag Football/Soccer season starts no earlier than September 1st and ends no later than December 15th, excluding any tournaments which may be added by City after the conclusion of each season.

D. Youth Basketball Season starts no earlier than December 1st and ends no later than February 28th. For the Summer Run Leage, the season starts no earlier than July 1st and ends no later than August 31st, excluding tournaments which may be added by City after the conclusion of each season.

E. Consultant shall require each game official to be at the assigned game location no less than 15 minutes prior to the scheduled game time. Game officials are not to leave the facility during the time frame in which they are assigned to officiate and must remain on site during any forfeited game(s), unless dismissed by a site supervisor, at no additional charge. Consultant must notify the Youth Sports Coordinator of any games that were forfeited and the reason for the forfeiture.

II. Consultant shall deliver the following tangible work products to the City by the following dates.

A. Completed score cards – Immediately after each assigned game, unless otherwise approved by the Contract Officer.

III. The Contract Officer may approve extensions for performance of the services in accordance with Section 3.2.

Report to Honorable Mayor and City Council

Tuesday, March 17, 2026, 5:00 PM

CONSENT 20.

To: Honorable Mayor and City Council

From: Dr. Arlington Rodgers, Director of Public Works PW Engineering

Subject: CONSIDER APPROVING MEMORANDUM OF UNDERSTANDING (MOU) WITH LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY (LACMTA) FOR THE CITY OF CARSON TO BECOME A MEMBER OF THE REGIONAL INTEGRATION OF INTELLIGENT TRANSPORTATION SYSTEMS (RIITS) (CITY COUNCIL)

I. SUMMARY

The Configuration Management Committee (CMC) that oversees the Regional Integration of Intelligent Transportation System (RIITS) approved Carson to join the CMC as a voting member on the condition that Carson exchange information through RIITS infrastructure and operational resources. The RIITS was established for the purpose of exchanging infrastructure and operational resources, including, but not limited to, near real time traffic, transit, video, and other data relating to all modes of transportation.

The City Council is requested to approve the Memorandum of Understanding (MOU) between the City of Carson and LACMTA (Exhibit No. 1) to allow Carson to become a member of the CMC that oversees the RIITS, and to exchange information to be used for transportation related system management.

II. RECOMMENDATION

TAKE the following actions:

1. APPROVE Memorandum of Understanding between the City of Carson and LACMTA.
2. AUTHORIZE the Mayor to execute Memorandum of Understanding between the City of Carson and LACMTA, following approval as to form by the City Attorney.

III. ALTERNATIVES

1. DO NOT APPROVE the above recommendations.
2. TAKE any other action the City Council deems appropriate and is consistent with the requirements of the law.

IV. BACKGROUND

In April 2004, the State of California, Department of Transportation for District 7 (Caltrans), the City of Los Angeles, Department of Transportation (LADOT), and the Los Angeles County Metropolitan Transportation Administration (LACMTA) entered into an Interagency Memorandum of Understanding (MOU) to establish the Regional Integration of Intelligent Transportation Systems (RIITS) for the purpose of exchanging infrastructure and operation resources, including, but not limited to, near real time traffic, transit, video, and other data relating to all modes of transportation. In December 2004, LACMTA, Caltrans, and LADOT named LACMTA as the Administrator of the RIITS, and established a Configuration Management Committee (CMC) to oversee the RIITS. On September 25, 2025, the CMC voted and approved Carson to join the CMC as a voting member on the condition that Carson exchanges information through RIITS.

The City of Carson becoming a member of the CMC and exchanging information on the RIITS will increase collaboration with neighboring agencies for the purposes of transportation management and planning, which is increasingly important as the City prepares for hosting the 2028 Olympic and Paralympic Games.

The City Council is requested to approve the MOU between the City of Carson and LACMTA to allow Carson to become a member of the CMC that oversees the RIITS, and to exchange information to be used for transportation related system management.

V. FISCAL IMPACT

There is no fiscal impact related to the proposed MOU. The MOU agreement is not a cost Agreement and neither Party shall incur any cost from the other or charge anything related to this Agreement.

VI. EXHIBITS

1. Memorandum of Understanding

Attachments

Exhibit 1 - Memorandum of Understanding

INTERAGENCY MEMORANDUM OF UNDERSTANDING

between

Los Angeles County Metropolitan Transportation Authority, in its capacity as the Administrator of the Regional Integration of Intelligent Transportation Systems ("RIITS"), located at 1 Gateway Plaza, Los Angeles, California 90012

and

City of Carson ("Carson"), located at 701 E Carson Street, Carson, CA 90745

This Interagency Memorandum of Understanding (the "Agreement") between the Los Angeles County Metropolitan Transportation Administration in its capacity as the RIITS Administrator ("Administrator") and Carson sets forth the obligations and rights of membership in the Configuration Management Committee that oversees RIITS. Administrator and Carson may be referred to individually as a "Party" and collectively as "Parties". This is a no cost Agreement. Neither Party shall incur any cost from the other or charge for anything related to this Agreement. This Agreement will be effective on the last date of signatures below (the "Effective Date").

RECITALS

WHEREAS, on or about April 15, 2004, the State of California, Department of Transportation for District 7 ("Caltrans"), the City of Los Angeles, Department of Transportation ("LADOT"), and the Los Angeles County Metropolitan Transportation Administration ("LACMTA") entered into an interagency memorandum of understanding (the "RIITS MOU") to establish the Regional Integration of Intelligent Transportation Systems ("RIITS") for the purpose of exchanging infrastructure and operational resources, including, but not limited to, near real time traffic, transit, video, and other data relating to all modes of transportation;

WHEREAS, on or about December 1, 2004, LACMTA, Caltrans, and LADOT entered into Amendment No. 1 to the RIITS MOU to:

- name LACMTA as the Administrator and delegate authority to LACMTA to administer, maintain, operate, manage and monitor RIITS access, codify system changes, process Member, Associate, and User agreements, and enforce the terms and conditions of the processed agreements; and

- establish a Configuration Management Committee ("CM Committee") to oversee RIITS;

WHEREAS, the CM Committee adopted bylaws (the "Bylaws") to establish among other things, rules of membership, roles and responsibilities of Members and officers of the CM Committee, and the voting process by which the CM Committee may take action as the governing body of RIITS;

WHEREAS, to participate in RIITS, each Member and/or Associate must first enter into an Interagency Memorandum of Understanding substantially similar to this Agreement and authorize the Administrator to exchange data through RIITS;

WHEREAS, on September 25, 2025, the CMC voted and approved Carson to join the CM Committee as a voting Member on the condition that Carson exchanges Information through RIITS; and

WHEREAS, Carson desires to join the CM Committee as a voting Member and exchange Information through RIITS infrastructure and operational resources;

NOW, THEREFORE, in consideration for the promises set forth herein, the receipt and adequacy of which is hereby acknowledged, the Parties hereto agree as follows:

1. DEFINITIONS

1.1. "Information" means any and all data, records, materials, including specifically but not limited to near or real time traffic, transit, video, and other data relating to all modes of transportation. As defined herein below, a subset of Information is RIITS Data, and a subset of RIITS Data is Transportation Data.

1.2. “Interagency Memorandum of Understanding” means an agreement entered into between Administrator and a public agency setting forth the terms and conditions of the agency’s membership in the CM Committee.

1.3. “Member” or “Members” means any entity that has been approved by the CM Committee to be a voting member of the CM Committee and has entered into an Interagency Memorandum of Understanding.

1.4. “Associate” or “Associates” means any entity that has been approved by the CM Committee to be a non-voting member of the CM Committee and has entered into an Interagency Memorandum of Understanding.

1.5. “Users” means non-members that have access to Transportation Data Members and Associates authorize Administrator to make available.

1.6. “RIITS Data” means Information available through RIITS and any other data that RIITS Administrator makes available under this Agreement during the Term from sources of data supplied through RIITS, including, but not limited to, data provided via Members’ and Associate’s infrastructure and operational resources. Members and Associates may have login access to RIITS Data and access to operational and infrastructure resources that may not be available to Users or the general public.

1.7. “Transportation Data” means a subset of the RIITS Data that the Member which is the source of the Information authorizes to be incorporated into the public facing section of www.riits.net, shared or exchanged with Users, and that may be included in the public facing applications of Members, Associates, and Users.

2. MEMBERSHIP

2.1. Upon execution of this Agreement by both Parties, Carson will become a Member.

2.2. As a Member, Carson agrees to abide by and uphold the Bylaws and jointly with other Members, develop, review, and approve additional Bylaws, guidelines, protocols, terms and conditions, agreements, memorandum of understandings between and for Members, Associates, and Users and/or licensees. To the extent a conflict may arise between this Agreement and the Bylaws, the Bylaws shall govern.

2.3. Carson understands that Information accessed via RIITS is to be used for transportation related system management purposes only. RIITS Data shall only be used to provide general information about transportation and to assist Members and Associates in transportation management operations. RIITS Data shall not be used for any non-transportation related system management purposes, including but not limited to, law enforcement, except law enforcement and emergency management agencies may use the RIITS Data for the purpose of situational awareness, tactical planning, infrastructure protection, or incident response. RIITS Data shall not be recorded in any manner without the prior approval of the source of the RIITS Data.

2.4. Members may exchange Information per this Agreement. Members may choose to add or remove infrastructure and operational resources, including Information exchanged through RIITS by Member's written notice to Administrator. As a Member, Carson may have access to Information and may use RIITS Data according to this Agreement. Carson acknowledges and agrees that Members and Associates may access and use Information provided by Carson as RIITS Data subject to this Agreement.

2.5. Carson is responsible for the procurement, maintenance, and upgrade of its equipment required for transmitting, receiving, and displaying the RIITS Data.

2.6. Carson may enter into third party contracts on behalf of RIITS to obtain and provide transportation and related data, service, or maintenance agreements for the benefit of Carson and RIITS Members and Associates, with Administrator approval.

3. DISSEMINATION OF THE DATA

3.1. With the approval of the voting Members of the CM Committee and the execution of a written agreement, Transportation Data may be licensed to Users.

3.2. At any time, the source of Information may:

3.2.1. Revoke the authority to use its Transportation Data in public facing applications and the public facing www.riits.net website.

3.2.2. Revoke the authority to license its Transportation Data to Users.

3.2.3. Cause the Administrator to remove from RIITS the RIITS Data it has provided.

3.3. Carson shall prevent any unauthorized use of the RIITS Data by its personnel.

3.4. As between the Administrator and/or any and all Members and/or Associates, on the one side, and the Party providing its Information and access to operational and infrastructure resources, on the other, the Party providing Information and access to operational and infrastructure resources retains ownership and control of said Information and access to operational and infrastructure resources.

4. COMPENSATION

This is a no cost Agreement. Neither Party shall incur any cost from the other or charge for anything related to this Agreement. However, Members may enter into a separate written agreement for the provision of hardware, software, license, training, warranty, service, product, and other work provided by Members and Associates.

5. AMENDMENTS

No amendment, modification, alteration or variation of the terms of this Agreement shall be valid unless made in writing and signed by the Parties hereto.

6. PUBLIC RECORDS ACT

6.1 Each Party understands and agrees that any and all Information is subject to the provisions of the California Public Records Act, California Government Code sections 7920.000, *et seq.* ("CPRA") and/or the Federal Freedom of Information Act, Title 5 USC 552 ("FOIA")

6.2 Administrator will not advise as to the nature or content of Information entitled to protection from disclosure under the CPRA or FOIA but will use best efforts to provide the source Party timely notification of any third-party request for disclosure.

6.3 The source Party shall timely (1) notify Administrator in writing whether and to the extent it objects to disclosure of Information and (2) seek the appropriate judicial relief under the CPRA or FOIA.

6.4 If the source Party does not timely notify Administrator of any objection to disclosure and obtain judicial instruction or relief, then Administrator may comply with the request to the extent required by the CPRA or FOIA.

6.5 In the event of any judicial proceeding or action concerning or seeking the disclosure of any Information, the source Party understands and agrees that Administrator's sole involvement will be as a custodial stakeholder to retain the Information until otherwise ordered by a court of competent jurisdiction. The source Party, at its sole expense and risk, shall be responsible for any and all fees for prosecuting or defending any proceeding or action concerning Information, and shall indemnify, defend, and hold Administrator harmless from all liability, including attorney's fees, costs, and expenses, in connection with any such proceeding or action.

7. CONFIDENTIALITY

7.1. Parties agree that for and during the entire term of the Agreement, all information, except Transportation Data, including, but not limited to data, figures, records, findings and the like received or generated by the Agreement and in the performance of the Agreement, shall be considered and kept private and confidential and shall not be divulged to any person, firm, corporation, or other entity, unless required by the California Public Records Act or any other applicable law.

7.2. Upon termination of the Agreement for any cause, Parties agree that they will continue to treat as private and confidential any information other than Transportation Data, including but not limited to, data, figures, records and the like, and will not release any such information to any person, firm, corporation or other entity, unless required by the California Public Records Act or any other applicable law.

8. REPRESENTATIONS AND WARRANTIES

8.1. Neither Administrator nor any of the Members and Associates, nor any of their respective employees, officers, agents, or consultants makes any warranty, express or implied, with respect to infrastructure and operational resources, sources of data and Information, nor with respect to the accuracy, sufficiency or completeness thereof, nor with respect to any of the software or other systems provided by Administrator or any Member or Associate under this Agreement. RIITS is provided on an "as is" and "with all faults" basis, with Carson using RIITS at its own risk.

8.2. Neither Administrator, Members, nor Associates make any representations or warranties, express or implied, that the RIITS Data will perform on Carson's equipment. Further, Administrator makes no representations or warranties, express or implied, that RIITS Data will be suitable for the purposes for which it is permitted to be used under the terms of this Agreement. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND OF FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY EXPRESSLY WAIVED BY THE PARTIES.

8.3. Carson warrants that all work necessary to transmit its Information through RIITS has been completed. In the event of breach of this warranty, Carson shall take the necessary actions to correct the breach and the consequences thereof, at Carson's sole expense, in the most expeditious manner as permitted by existing circumstances. Upon notification from Administrator of Carson's breach, if Carson does not promptly take steps to correct the breach, Administrator may: 1) Correct the breach or cause others to do so upon written consent of Carson. Administrator may require Carson to reimburse Administrator for any work that is completed by Administrator or others to correct the breach; 2) disconnect Carson from RIITS; or 3) terminate this Agreement and Carson's Membership. The remedies described above are non-exclusive and Administrator's use of these remedies does not waive any other rights or remedies it may have at law or otherwise.

9. LIMITATION OF LIABILITY

9.1. Except for Indemnity obligations set forth in section 10, neither Carson, Administrator, any Member, or any Associate, or any of their respective employees, officers, agents, or consultants shall be liable for any damages, claim or loss incurred by a Member or Associate (including without limitation, compensatory, incidental, indirect, special, consequential, or exemplary damages, lost profits, lost sales or business, expenditures, investments or commitments in connection with any business, or loss of goodwill) resulting from the RIITS Data or inability to use the provided RIITS Data irrespective of whether Administrator, Carson, Members and/or Associates have been informed of, knew of, or should have known of the likelihood of such damages, claim, or loss.

9.2. Members and Associates assume no liability or responsibility for Carson equipment.

9.3. Carson will not hold any Member or Associate liable or responsible in any way for unforeseen interruptions in providing the RIITS Data regardless of cause.

9.4. Carson, on behalf of itself and its agents, sub-licensees, employees, clients, and customers, hereby waives and releases Administrator and all Members and Associates from any and all liability, including but not limited to claims, causes of action, losses, costs, damages, and expenses of any kind or nature whatsoever, whether known or unknown, to the extent caused by or attributable to RIITS, this Agreement, or the use of RIITS Data by Carson .

Carson (for itself and its clients, customers and employees) expressly waives the benefit of Section 1542 of the California Civil Code, which provides as follows: “a general release does not extend to claims which the creditor does not know or suspect to exist in his or her favor at the time of executing the release, which if known by him or her must have materially affected his or her settlement with the debtor”.

(Carson’s Initials) _____

10. INDEMNIFICATION

10.1. To the fullest extent permitted by law, and with counsel approved by the Administrator, Carson shall defend, indemnify, and hold harmless the Administrator, Members, and Associates, including the respective agents, employees, directors, or officers of each (the "Indemnified Parties"), from and against any and all liability, to the extent arising out of, connected with, or resulting from any act or omission of Carson or any of its officers, authorized representative, employees, subcontractors or suppliers, or any person or organization directly or indirectly employed by any of them, which liability includes but is not limited to claims, actions, suits (including but not limited to workers' compensation suits and breaches of contract claims made by employees of Carson against Indemnified Parties), demands, costs, judgments, liens, penalties, damages, losses, and/or expenses, including but not limited to any fees of accountants, attorneys or other professionals.

10.2. The indemnification specified in this Section shall survive termination or closeout of the Agreement hereunder and is in addition to any other rights or remedies that Members and Associates may have under the law or under this Agreement.

10.3. Parties acknowledge that all Members and Associates enter into an Interagency Memorandum of Understanding with substantially similar indemnification language under which Carson shall be indemnified as a Member.

10.4. Claims against the indemnified Members and/or Associates by any employee of the Members and/or Associates, its subcontractors, suppliers, anyone directly or indirectly employed by any of them, and/or anyone for whose acts any of them may be liable shall not in any way limit Carson's indemnification obligation as set forth above, including the Agreement and/or type of damages, compensation, and/or benefits payable by or for Carson or its subcontractors under workers' compensation acts, disability benefit acts, and/or other employee benefit acts and/or insurances.

11. NO WAIVER

11.1. Failure of Administrator to enforce at any time, or from time to time, any provision of the Agreement shall not be construed as a waiver thereof.

11.2. No waiver by Administrator of any breach of any provision of the Agreement shall constitute a waiver of any other breach or of such provision.

11.3. Failure or delay by Administrator to insist upon strict performance of any terms or conditions of the Agreement, or to exercise any rights or remedies provided by law, shall not be deemed a waiver of any right of Administrator to insist upon performance of Carson's obligations set forth in the Agreement, or rights or remedies as to any prior or subsequent default hereunder.

12. TERM OF THE AGREEMENT

12.1. The term of the Agreement shall begin upon the date of the last Party to sign this Agreement and shall continue for one (1) year (the "Initial Term").

12.2. The Agreement shall automatically renew month to month (each a "Renewal Term"), unless either Party sends written notice to the other Party at least thirty (30) days before expiration of the Initial Term or any Renewal Term that it does not wish to renew the Agreement.

12.3. The term of the Agreement shall consist of the Initial Term and any Renewal Term (the "Term").

13. TERMINATION

13.1. If Carson fails to comply with any of the terms and conditions contained within this Agreement, Administrator may revoke Carson's access privileges to RIITS Data and, upon written notification, terminate this Agreement immediately. In addition, Administrator shall have the right to enforce any and all rights and remedies herein or which may be now or hereafter available at law or in equity.

13.2. Except as provided in the preceding paragraph, CM Committee reserves the right to revoke Carson's access privileges to RIITS and terminate this Agreement at any time, upon thirty (30) days prior written notice to Carson.

13.3. Carson may terminate this Agreement upon thirty (30) days prior written notice to Administrator.

14. OTHER TERMS AND CONDITIONS

14.1. This Agreement may be executed in counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument.

14.2. Each Member and Associate of the CM Committee is an express third-party beneficiary of this Agreement.

14.3. The persons executing this Agreement on behalf of the Parties shall be duly authorized to execute this Agreement on behalf of its respective Party.

15. ASSIGNMENT

Carson shall not assign, transfer, convey, or otherwise dispose of the Agreement (or the right, title, or interest in it or any part of it) without the prior written consent of the CM Committee and endorsement of the Administrator, which consent shall not be unreasonably withheld.

16. AUTHORITY TO ENTER AGREEMENTS AND MANAGEMENT OF RIITS

16.1. LACMTA as the Administrator is authorized to execute Member, Associate, and User agreements which contain provisions regarding guidelines, protocols, terms and conditions on use of RIITS that have been approved by the CM Committee on behalf of all Members and Associates, including Carson.

16.2. Carson hereby acknowledges that Administrator or any successor Administrator selected by the CM Committee is delegated authority to provide for the day-to-day operation, maintenance, management, and monitoring of RIITS, codify system changes, provide administrative support to the CM Committee, execute related agreements, and enforce the terms and conditions of agreements.

17. GOVERNING LAW

The Agreement has been negotiated, entered into, and shall be performed, within the State of California, and as such California substantive and procedural law shall apply, except to the extent preempted or superseded by federal law. By entering into the Agreement, the Parties consent and submit to the jurisdiction of the courts of the State of California, County of Los Angeles, over any action at law, suit in equity, and/or other proceeding that may arise out of the Agreement.

18. SEVERABILITY

In the event any article, section, sub-article, paragraph, sentence, clause, phrase contained in the Agreement shall be determined, declared, adjudged invalid, illegal, unconstitutional, or otherwise void, such determination, declaration, or adjudication shall in no manner affect the other articles, sections, sub-articles, paragraphs, sentences, clauses, or phrases of the Agreement, which shall remain in full force and effect as if the article, section, sub-article, paragraph, sentence, clause, or phrase declared, determined, or adjudged invalid, illegal, unconstitutional, or otherwise void, was not originally contained in the Agreement.

19. ENTIRE AGREEMENT

This Agreement constitutes the entire understanding between Carson and the Administrator regarding RIITS, and supersedes any and all previous and contemporaneous agreements, whether written or oral, and all communications between the Parties regarding RIITS.

20. BINDING ON SUCCESSORS AND ASSIGNS

This Agreement shall run to the benefit of and be binding upon any successors and assigns.

21. CONTACT INFORMATION

Notices under this Agreement shall be sent by first-class U.S. mail, postage prepaid, to the Carson contact and to the Administrator, at the address specified. Each Party will notify the other in writing of changes to their designated contact person. Notices shall be deemed effective five business days after such mailing.

Contact information regarding any aspects of this Agreement is as follows:

21.1. Carson Contact Information

Carson may provide a primary and a technical contact. Carson contact information is as follows:

21.1.1. Primary Contact Name

Name:	City of Carson
Contact Name:	Mr. Ian Holst
Title:	Associate Civil Engineer
Address:	701 E Carson Street Carson, CA 90745
Telephone:	(310) 847-3539
Email:	iholst@carsonca.gov

21.1.2. Technical Contact Name

Name:	City of Carson
Contact Name:	Mr. Gilbert M. Marquez
Title:	City Engineer
Address:	701 E Carson Street Carson, CA 90745
Telephone:	(310) 952-1700 x1713
Email:	gmarquez@carsonca.gov

21.2. LACMTA in its capacity as RIITS Administrator Contact

Agency Name:	Los Angeles County Metropolitan Transportation Authority
Contact Name:	Mr. Kali Fogel
Title:	RIITS Administrator
Address:	1 Gateway Plaza Los Angeles, CA 90012
Telephone:	(213) 922-2665
Email:	fogelk@metro.net

22. ELECTRONIC SIGNATURES

Each Party agrees that electronic signatures, whether digital or encrypted, of the Parties included in this Agreement are intended to authenticate this writing and to have the same force and effect as manual signatures. Delivery of a copy of this Agreement or any other document contemplated hereby bearing an original or electronic signature by facsimile, by electronic mail in "portable document format" (".pdf") form, or by any other electronic means intended to preserve the original graphic and pictorial appearance of a document, will have the same effect as physical delivery of the paper document bearing an original or electronic signature.

IN WITNESS WHEREOF, the Parties have caused this Agreement to be executed by their duly authorized representatives as of the dates indicated below.

Los Angeles County Metropolitan Transportation Authority, in its capacity as the duly authorized RIITS Administrator

Report to Honorable Mayor and City Council

Tuesday, March 17, 2026, 5:00 PM

CONSENT 21.

To: Honorable Mayor and City Council

From: Dr. Arlington Rodgers, Director of Public Works PW Engineering

Subject: CONSIDER AUTHORIZING STAFF TO ADVERTISE FOR CONSTRUCTION BIDS FOR PROJECT NO. 1776 - CALAS PARK STORMWATER AND WATER QUALITY IMPROVEMENTS SUPPLEMENTAL ENVIRONMENTAL PROJECT, APPROVE REQUIRED CEQA ACTIONS, AND APPROVE A USE AND MAINTENANCE AGREEMENT WITH THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT (CITY COUNCIL)

I. SUMMARY

Project No. 1776, titled the Calas Park Stormwater and Water Quality Improvements - Supplemental Environmental Project, is part of the City's Capital Improvement Program (CIP). The CIP is the City's program for planning and building major public improvements such as park upgrades, roadway repairs, and infrastructure projects that benefit the community. This project is funded through an Administrative Civil Liability payment from the Los Angeles County Sanitation Districts (Exhibit No. 1). This funding source results from a regulatory settlement and must be used for projects that improve stormwater quality and help protect local waterways and the environment.

The purpose of this project is to improve how stormwater/rainwater that runs off streets, sidewalks, and other hard surfaces, is captured and treated before it is released into the regional drainage system. The project includes the installation of underground stormwater diversion systems that will redirect runoff into a treatment chamber located beneath the baseball field at Calas Park. Inside this underground chamber, the stormwater will pass through filtration and treatment systems designed to remove pollutants and debris before the water is discharged by the City into the storm drain system. These improvements will help improve local water quality and support the City's compliance with state and regional stormwater regulations. In addition to the stormwater treatment improvements, the project also includes several park enhancements intended to improve accessibility, safety, and the overall appearance of the park. These improvements include constructing a new landscaped planter area near the tennis courts, installing a new walkway to improve access within the park, upgrading fencing in certain areas, and planting new trees to enhance the park environment.

The Plans, Specifications, and Engineer's Estimates (PS&E) for Project No. 1776 have been completed and the project is ready to move forward to the construction bidding phase. The PS&E are the detailed engineering drawings and technical construction documents that contractors use to prepare their bids and build the project according to the City's requirements. These documents are on file in the City Engineer's office. The estimated construction cost for the project is $6,102,502, which includes a 10 percent contingency to cover potential unforeseen conditions that may arise during construction.

The project has also completed the required environmental review under the California Environmental Quality Act (CEQA), which is a state law that requires public agencies to evaluate potential environmental impacts of proposed projects. Compliance with CEQA for this project was achieved through preparation of an Initial Study and Mitigated Negative Declaration (Exhibit No. 2). This environmental document concluded that the project will not have significant environmental impacts if certain mitigation measures are implemented. Following project approval, the City will file a Notice of Determination with the Los Angeles County Clerk and the State Clearinghouse (Exhibit No. 3). Filing this notice formally documents that the City has completed the CEQA review process.

Because several of the stormwater diversion connections will link to storm drains that are owned and operated by the Los Angeles County Flood Control District (LACFCD), the City must obtain permits from that agency before construction can begin. In order to obtain these permits, the City must enter into a Use and Maintenance Agreement with LACFCD (Exhibit No. 4). This agreement establishes the City's responsibility for operating and maintaining the stormwater diversion improvements after they are constructed.

At this time, City Council is being asked to authorize staff to move forward with the next steps needed to implement the project. Specifically, the City Council is requested to authorize staff to advertise the project for construction bids, authorize the execution and recording of the required CEQA documents, and approve the Use and Maintenance Agreement with the Los Angeles County Flood Control District so that the project may proceed to construction.

II. RECOMMENDATION

TAKE the following actions:

1. AUTHORIZE staff to advertise the project and invite construction bids for Project No. 1776 – Calas Park Stormwater and Water Quality Improvements Supplemental Environmental Project;
2. APPROVE the California Environmental Quality Act (CEQA) Initial Study and Mitigated Negative Declaration (MND) for the proposed project, which confirms that the project will not have significant environmental impacts when required mitigation measures are implemented;
3. AUTHORIZE staff to file and record a Notice of Determination for the project with the Los Angeles County Clerk and the State Clearinghouse at the Governor's Office of Planning and Research, as required under CEQA following project approval;
4. APPROVE the Use and Maintenance Agreement with the Los Angeles County Flood Control District, which allows the project to connect to and utilize the County's storm drain system and establishes the City's responsibility for maintaining the related stormwater improvements; and,
5. AUTHORIZE the Mayor to execute the Use and Maintenance Agreement with the Los Angeles County Flood Control District, subject to approval as to form by the City Attorney.

III. ALTERNATIVES

1. DO NOT APPROVE the above recommendations. However, staff will not be able to proceed with the construction of the project.
2. TAKE another action the City Council deems appropriate, consistent with the requirements of the law.

IV. BACKGROUND

Project No. 1776, titled Calas Park Stormwater and Water Quality Improvements, is included in the City's Capital Improvement Program (CIP) for Fiscal Year 2025-2026. The CIP is the City's long-term program used to plan and construct major public improvements such as park upgrades, roadway repairs, and infrastructure projects that serve the community. This project is funded through the Los Angeles County Sanitation Districts as part of a Supplemental Environmental Project, and the estimated cost to construct the improvements is $6,102,502.

The primary purpose of Project No. 1776 is to improve stormwater management and water quality within the City. Stormwater is rainwater that flows off streets, sidewalks, parking lots, and other hard surfaces and can carry pollutants such as trash, oil, and sediment into the storm drain system and nearby waterways. The project includes the installation of underground stormwater diversion systems, which will capture runoff and direct it into a treatment chamber located beneath the baseball field at Calas Park. Within this chamber, the stormwater will be temporarily detained and filtered to remove pollutants before being released into the Dominguez Channel, a regional waterway that ultimately conveys water to the Pacific Ocean.

In addition to the underground stormwater treatment system, the project will include a new landscaped planter area designed to collect stormwater runoff from nearby streets. This planter area will allow water to naturally filter through soil and vegetation, which helps remove pollutants before the water enters the storm drain system. The project also includes several above-ground improvements that will enhance park accessibility, safety, and overall usability. These improvements include the construction of a new pedestrian pathway within the park, repairs to an existing pathway located near the underground treatment chamber, installation of a taller fence around the baseball field, and the planting of new trees throughout the project area to enhance the park environment.

On July 2, 2024, the City Council awarded a professional services contract to Craftwater Engineering to prepare the project's Plans, Specifications, and Engineer's Estimates (commonly referred to as PS&E). These documents include the detailed engineering drawings and technical requirements that contractors use to prepare construction bids and build the project according to the City's design standards. Craftwater Engineering has completed the PS&E, which have been reviewed and approved by the Engineering Services Division of the Public Works Department. The project is now ready to move forward to the construction bidding phase. Craftwater Engineering will also continue to support the City during construction by providing engineering and technical assistance as needed.

The project has completed the required environmental review under the California Environmental Quality Act (CEQA), which is a state law that requires public agencies to evaluate the potential environmental impacts of proposed projects. The environmental review concluded that the project will not result in significant environmental impacts when mitigation measures are implemented. This determination was documented through the preparation of an Initial Study and Mitigated Negative Declaration (MND). The MND was circulated for a required 30-day public review and comment period, which concluded on November 24, 2025. During this review period, the City received one public comment, which has since been addressed.

Because the project will connect to existing storm drain facilities owned and operated by the Los Angeles County Flood Control District (LACFCD), the City must obtain permits from LACFCD before construction can begin. As part of the permitting process, the City is required to accept LACFCD's terms for using the storm drain system and enter into a Use and Maintenance Agreement with LACFCD. Under this agreement, the City agrees to operate and maintain the new stormwater diversion structures once they are constructed. The agreement has been reviewed and approved by the City Attorney and is now ready for City Council consideration and approval.

At this time, City Council is being asked to authorize staff to move forward with the next steps necessary to implement the project. Specifically, staff is requesting authorization to advertise the project for construction bids, authorize the signing and recording of documents required to complete the CEQA process, and approve the Use and Maintenance Agreement with the Los Angeles County Flood Control District so that the project may proceed to construction.

V. FISCAL IMPACT

No funding approval is being requested as part of this staff report at this time. Instead, staff is requesting authorization from the City Council to advertise the project for construction bids. The current preliminary estimate for construction of the project is $6,102,502. Funding for this project is primarily being provided through a regulatory settlement associated with stormwater compliance. On January 17, 2024, the California Regional Water Quality Control Board - Los Angeles Region issued Order No. R4-2023-0088, which established an Administrative Civil Liability (ACL) Order related to stormwater management requirements. Under this order, the Los Angeles County Flood Control District (LACFCD) agreed to provide $5,980,000 to the City of Carson to implement Project No. PW1776 - Calas Park Stormwater and Water Quality Improvements Supplemental Environmental Project. These funds are being held and distributed through an escrow agreement (Exhibit No. 5), which ensures that the funding is used specifically for the approved environmental improvement project. A portion of the ACL funding has already been used to complete the project design. The City previously awarded a design contract to Craftwater Engineering to prepare the project's detailed engineering plans, specifications, and cost estimates. The design contract totaled $719,942, which was paid from the ACL funds. After accounting for this design cost, approximately $5,260,058 remains available from the ACL funding source to support construction of the project. If the final construction cost exceeds the remaining ACL funds, any additional costs will be covered using Measure W funding. Measure W is a voter-approved funding program in Los Angeles County that supports projects designed to improve stormwater capture, water quality, and regional water sustainability.

Construction of the project is currently anticipated to begin in summer 2026, following completion of the bidding process and award of a construction contract. The construction funding for this project will be formally incorporated into the City's Fiscal Year 2026-2027 Capital Improvement Program (CIP) budget as part of the City's annual budget development and approval process.

1 Introduction

The City of Carson (City) has prepared this mitigated negative declaration (MND) to assess and disclose the potential impacts on the environment of the Calas Park Stormwater and Water Quality Improvements Supplemental Environmental Project (project) pursuant to the California Environmental Quality Act (CEQA) (California Public Resources Code [PRC] Section 21000, et. seq). This section of the MND provides information on project background, explains the project's purpose and need, and describes the City's CEQA obligations associated with approving and implementing the project.

1.1 Project Background and Overview

Calas Park is a public recreational facility maintained by the City's Parks and Recreation Department, located west of the Dominguez Channel. It is located in the southern portion of the City at 1000 East 220th Street, south of East 220th Street between Bonita Street and South Edgar Street. Additional information regarding Calas Park is provided in Section 2.1, Project Location and Environmental Setting. Calas Park amenities include a community center with an activity room and recreation room, playground equipment, two tennis courts, a basketball court, a soccer field, two baseball/softball fields, a wading pool, and restroom facilities. The majority of Calas Park is owned by the City, and the west side of Calas Park is in a utility easement maintained by Los Angeles City Department of Water and Power.

The project would divert and capture stormwater runoff from existing storm drains into a subterranean concrete basin proposed beneath the northeast corner of the baseball/softball and soccer outfields in the park. Prior to flowing into the subsurface basin, runoff would be directed through a pre-treatment device that would remove trash, sediments, and solids present in the runoff. An electric pump would be installed to return treated stormwater back to the existing catch basin. Other improvements associated with the stormwater capture infrastructure include installation of a vegetated bioswale north of the tennis courts to capture street runoff, planting of 11 new trees, and reconstructing the sidewalk and drain immediately west of the tennis courts to repair surface lifting and damage, and the accompanying drain on its edge.

Once the proposed stormwater capture and filtration facility is installed, the existing baseball/softball and soccer outfields would be replaced. The existing outfield fence along East 220th Street would be replaced with a 12-foot fence and ballfield turf removed for construction of the project would be replaced with city-provided soil and sod specifications, and a new booster pump to assist the existing irrigation system would be evaluated

The project is the result of the 2023 Settlement Agreement and Stipulation Order No. R4-2023-0088 (Stipulated Order) between the Sanitation Districts and the Los Angeles Regional Water Quality Control Board. The Sanitation Districts have agreed to provide funding for the City to implement the project workplan in response to violations occurring from discharge of untreated wastewater into the Dominguez Channel. The performance goal included in the Stipulated Order is for the project to capture and pre-treat 2.8 acre-feet of stormwater annually and infiltrate the stormwater onsite through the use of underground storage vaults, bioswales, rain gardens, and infiltration galleries.

The City is a member of the Dominguez Channel Watershed Management Area Group (DC WMG). The DC WMG formed to plan, implement, and manage water quality control projects in the Dominguez Channel watershed. The DC WMG is a collaborative effort of eight municipalities[1] and the Los Angeles County Flood Control District, which

[1] The DC WMG municipalities are County of Los Angeles, City of Los Angeles, City of Hawthorne, City of Inglewood, City of El Segundo, City of Lomita, City of Carson, and City of Lawndale.

respectively are governed by the Los Angeles County Municipal Separate Storm Sewer System (MS4) Permit (Order No. R4-2012-0175). The DC WMG prepared the Enhanced Watershed Management Program (EWMP) in 2016 (revised in June 2021) to plan and prioritize projects implementing the requirements of the MS4 permits on a watershed scale (DC WMG 2016). The MS4 permit sets effluent and receiving water limitations for municipal drainage systems in Los Angeles County, and requires permittees to establish plans to meet specific total maximum daily load requirements for discharge of pollutants in their respective receiving waters. This project has the potential to offer runoff storage and water quality benefits for the City and other DC WMG members, helping to achieve EWMP goals and MS4 permit compliance.

The City is implementing the project in their capacity as a result of the Stipulated Order between the Sanitation Districts and the Los Angeles Regional Water Quality Control Board and would be responsible for operating and maintaining the project facilities.

1.2 Purpose and Need

The project's primary purpose is to decrease the amount of pollutants in stormwater and dry-weather runoff entering the Dominguez Channel. The City's objectives in implementing the project are as follows:

- Comply with the requirements of the Stipulated Order
- Improve water quality within the Dominguez Channel
- Restore and rehabilitate park facilities
- Educate the public on the local stormwater issues

1.3 California Environmental Quality Act Compliance

1.3.1 Authority to Prepare an MND

Approval by the Carson City Council to issue a construction contract for the project constitutes a discretionary action that triggers environmental review requirements pursuant to CEQA, with the City serving as lead agency. The City prepared a CEQA initial study (IS) to analyze and consider the environmental impacts of implementing the project, which is included as Chapter 3 of this document. Based on the results of the IS, the City determined that an MND is the appropriate environmental document for compliance with CEQA. As stated in Section 21064 of the CEQA statute, an MND may be prepared for a project subject to CEQA when an IS has identified no potentially significant effects on the environment when mitigation is identified that can reduce impacts to less-than-significant levels.

1.3.2 Public Review and Final MND Process

The City is making the MND available for public review and comment pursuant to Section 15073 of the CEQA Guidelines. A physical copy of the MND may be reviewed at Carson City Hall, Planning Division, during regular business hours at 701 East Carson Street, California 90745. The MND and supporting appendices are also available for review on the City's website (https://ci.carson.ca.us/PublicWorks/CEQA.aspx). The City has identified a 30-day review and comment period for the MND commencing October 24, 2025 and terminating November 24, 2025.

Comments on the MND may be submitted to the City in writing before the end of the public review period. In reviewing and commenting on the MND, interested public agencies and members of the public should focus on the adequacy of the document in identifying and analyzing the project's potential impacts on the environment. Written comments on the IS/MND will be accepted in hard copy or email format, and should be received at the following street address or email address by 5:00 p.m., November 24, 2025:

City of Carson
701 East Carson Street
Carson, California 90745
Contact: Roland Jen
Email: rjen@ccarsonca.gov

Following the close of the public comment period, City staff will review all comments and may revise the MND if necessary to clarify the document's content. City staff will then prepare a final version of the MND that includes all comment letters received during the public review period and will send the MND to the City Council for adoption and consideration in their decision to approve the project.

The environmental impact review presented in this MND is based on an initial design of the stormwater capture project (90% design). As additional design is completed following the City Council's adoption of the MND, City staff will review project details, compare them to the information presented in the MND, and determine conformance with the project's CEQA record. Minor deviations from the design assumed in the MND may be addressed either by a consistency determination by City staff or by an addendum to the MND. If subsequent changes in the project are substantial to the extent that they "require major revisions of the previous…negative declaration due to the involvement of new significant environmental effects or a substantial increase in the severity of previously identified significant effects," then the City would be required by Section 15162 of the CEQA Guidelines to prepare a subsequent MND, initiate an additional CEQA public review period, and send the subsequent MND to the City Council for adoption.

INTENTIONALLY LEFT BLANK

2 Project Description

2.1 Project Location and Environmental Setting

The project is located in the southern portion of the City, which is in southwestern Los Angeles County, as shown in Figure 1, Project Location. The project site includes portions of East 220th Street between Bonita Street and South Edgar Street and covers approximately 5.87 acres, including the two baseball/softball outfields, the soccer field, the tennis courts, the basketball court, and the parking area at Calas Park. The park is in a developed part of the City that primarily features residential, commercial, office, and light industrial/warehousing uses and schools. The park is upside down L-shaped with a transmission line corridor running along the western portion of the park. The primary components of the park are concentrated in the north and northeast areas of the park. To the north, the park is bounded by East 220th Street, followed by Carnegie Middle School, a grassy area containing the transmission line corridor, and residential uses. To the south, the park is bounded by East Jay Street, followed by residential uses, and East 223rd Street, followed by light industrial/warehousing, office, and commercial uses. To the east, the park is bounded by South Edgar Street, followed by residential uses. To the west, the park is bounded by residential uses. Regional access to the park is from Interstate (I)-405, which is approximately 0.18 miles to the east; State Route 47, which is approximately 1.55 miles to the east; and I-110, which is 1.60 miles to the west; and I-710, which is approximately 2.72 miles to the east. The site is designated as Park/Open Space in the City General Plan Land Use Policy Map (City of Carson 2023) and is zoned as Open Space in the City Zoning Map (City of Carson 2017).

Calas Park features flat terrain and is approximately 8.80 acres. Existing park uses are shown in Figure 2, Project Site and Existing Features. The majority of the park is made up of baseball/softball fields, a soccer field that is configured in the outfield areas of the baseball/softball fields, the tennis courts, and the basketball court. An asphalt parking lot is located in the northeastern portion of the park accessed from East 220th Street, and features 16 regular parking spaces and two ADA parking spaces. There are paved walking paths, benches, and picnic tables throughout the park. Field lighting is provided from a series of light poles situated around the fields. Mature trees grow in various areas around the park. An irrigation system with underground pipes and sprinkler heads is in place throughout the park. The grass fields are currently used for formal sports leagues for youth and adults year-round.

2.2 Project Characteristics

The project entails constructing and operating a stormwater capture and treatment facility within the northern portion of Calas Park, as well as other ancillary park improvements. The project is currently in the final design phase, and the City has developed certain design and engineering assumptions for purposes of defining the project for informational purposes and conducting environmental impact review pursuant to CEQA. Actual details of the project may vary from the information provided below.

2.2.1 Stormwater Capture System

The stormwater capture and treatment facility would intercept stormwater and dry-weather flow from three existing underground storm drains, one north of the intersection of East 220th Street and Bonita Street; one along East 220th Street; and one north of the existing tennis courts where the proposed bioswale would be located, and a box culvert storm drain in East 220th Street and convey flows into an underground storage reservoir that would be

installed beneath the northeast corner of the baseball/softball and soccer outfields area. An electric pump would be installed to return treated stormwater back to the existing catch basin. The stormwater capture project features are shown in Figure 3, Proposed Stormwater Capture and Treatment System.

Stormwater Diversion Infrastructure and Pretreatment Devices

A 5.6 cubic feet per second concrete diversion pipeline with manhole access would be constructed within East 220th Street running from the intersection of East 220th Street and Bonita Street to north of the tennis courts at Calas Park. The diversion pipeline would be constructed to connect the proposed system to the existing 42-inch storm drain north of the intersection of East 220th Street and Bonita Street, the existing 24-inch storm drain located south of the intersection of East 220th Street and Foley Avenue intersection underneath Calas Park, and the existing 6' × 2.25' box culvert storm drain located west of the East 220th Street and Foley Avenue intersection under the north sidewalk. Diversion structures along the diversion pipeline would be underground concrete vaults encasing the existing storm drains and connecting the existing storm drains to the 18-inch-diameter underground diversion pipeline. The diversion structures would have a manhole for personnel and equipment access. The diversion structures and pipeline would carry water by gravity into an underground pretreatment unit installed along the diversion pipeline alignment inside a concrete vault with a manhole for personnel and equipment access. The pretreatment device is a 5.6 cubic feet per second hydrodynamic separator, which directs water through a screen to filter out large debris and into a cylindrical separation chamber where water swirls and forces particles out of the runoff, settling them in an isolated sump. Hydrocarbons float to the top of the water surface and are prevented from being transported downstream.

Storage Reservoir and Infiltration Galleries

After pretreatment, water would flow into a filter along the diversion line and then into an underground storage reservoir installed beneath the northeast corner of the baseball and soccer fields area. The underground storage reservoir would have a capacity of 1 acre-foot and would have an area of approximately 0.14 acres according to preliminary design information. The field surface would be removed, and earth material would be excavated, removed, and hauled off site for reuse or disposal. The excavation is anticipated to be 20 feet deep. The underground stormwater storage system would be formed as a series of precast cells made of reinforced, high-strength concrete that would be hauled to the site on flatbed trucks, lowered into place by a crane, and grouted together to form a single chamber. Once the system is installed and tested, the baseball/softball and soccer fields surfaces would be replaced and would continue to function as under current conditions.

A geotechnical evaluation of the project site concluded that soils beneath Calas Park are of insufficient infiltrative capability to allow for subgrade percolation (Ninyo & Moore 2025). The reservoir will be designed to facilitate filtration of captured stormwater. The storage reservoir will be supported on spread footings on compacted fill, in accordance with the geotechnical evaluation (Ninyo & Moore 2025).

Discharge System and Treatment

A pump station with an electric pump would be installed to pump treated stormwater to the existing catch basin. Water flowing back into the storm drain would be cleaner than when originally diverted, having been through a pre-treatment hydrodynamic separator system and cartridge filter system, as well as having been clarified while retained in the reservoir.

Bioswale

A vegetated bioswale would be installed north of the park's tennis courts and south of East 220th Street, featuring native vegetation and decorative boulders. The bioswale and permavoid located beneath the bioswale would capture and detain surface storm runoff from East 220th Street and a portion of the park and carry it to an inlet pipe connecting to the diversion pipeline to be filtered and stored within the stormwater capture system.

2.2.2 Park Improvements

The proposed park improvements would replace existing amenities with improved features that would allow for similar active and passive recreation uses as under existing conditions, but with an enhanced experience for park users. Once the stormwater capture system is installed, the existing baseball/softball and soccer outfields would be replaced. The existing outfield fence along East 220th Street would be replaced with a 12-foot fence and ballfield turf removed for construction of the project would be replaced with city-provided soil and fescue specifications, and a new booster pump to assist the existing irrigation system would be evaluated. The project would reconstruct the sidewalk and drain immediately west of the tennis courts to repair surface lifting and damage, and the accompanying drain on its eastern edge. A decomposed granite path would be installed on the east side of the tennis courts to provide a connection from the sidewalk into the park. A new landscaped area would be installed adjacent to the decomposed granite path between the tennis courts and parking lot. Two new benches would be installed adjacent to the bioswale area north of the tennis courts and 11 new trees would be planted within the project area.

2.2.3 Temporary Construction Access, Staging, and Park Closure

Construction access would be provided from East 220th Street. Temporary equipment staging and construction trailers would be established within the existing park boundary, with no additional off-site staging anticipated to be needed. The baseball and soccer fields are expected to be closed to the public for the duration of project construction, which is anticipated to be 14 months. The remaining portions of the park (tennis courts, basketball courts, the parking lot, and the existing structures) would be open to the public during construction.

2.3 Construction Phasing and Schedule

Table 2-1 presents the anticipated construction phasing, equipment usage, and duration assumed for the project for purposes of environmental impact analysis in this MND. These assumptions were developed in consultation with the project design engineers for consideration in Section 3.3, Air Quality; Section 3.6, Energy; Section 3.8, Greenhouse Gas Emissions; and Section 3.13, Noise. The total duration of project construction is anticipated to be approximately 14 months, with some phases overlapping. Typical construction work hours would be Monday through Friday, 7:00 a.m. to 6:00 p.m. Night work is not anticipated. Temporary partial road closures for construction of the project would be performed pursuant to a traffic control plan prepared by the construction contractor and subject to City approval. Construction is anticipated to begin in October 2026 with a duration of approximately 14 months.

Table 2-1. Anticipated Construction Phasing and Equipment

Construction Phase	Anticipated Equipment	Estimated Duration
Demolition of existing field and structures	Dozer	10 weeks
	Grader	
	Skid steer loader	
	Haul trucks	
Site preparation, clearing, and grubbing	Dozer	4 weeks
	Tractor/loader/backhoe	
	Jack hammer	
	Haul trucks	
Reservoir excavation	Dozer	14 weeks
	Tractor/loader/backhoe	
	Skid steer loader	
	Haul trucks	
Reservoir construction	Crane	10 weeks
	Dozer	
	Skid steer loader	
Installation of pipe, diversion structures, pre-treatment facility, pump, and bioswale overflow inlet	Crane	10 weeks
	Trencher	
	Skid steer loader	
	Haul trucks	
Outlet line construction	Dozer	4 weeks
	Skid steer loader	
	Tractor/loader/backhoe	
Field replacement, bioswale planting/landscaping, and other site improvement	Grader	16 weeks
	Skid steer loader	
	Pavers	
	Paving equipment	
	Rollers	
	Turf aerator	
	Spreader sprayer	
	Telehandler	
	Cement mixer	
	Boom lift	

2.4 Project Operation

Once construction is complete, project operation is anticipated to entail routine maintenance performed by the City at the stormwater capture facility and other park features. Routine maintenance and operations would require up to two workers. Reservoir maintenance would entail removal of debris and pollutant constituents from the treatment devices, pump testing and calibration, and cleaning the storage reservoir.

2.5 Permits and Approvals

The City of Carson is the CEQA lead agency, with the Carson City Council holding primary responsibility for adopting this MND and approving commencement of project construction. The project will also require the issuance of an excavation permit and an encroachment permit by the City for the proposed digging and construction within the public right-of-way. Other public agency approvals include the following:

- A Major Modification Permit issued by the Los Angeles County Flood Control District
- The State Water Resources Control Board will serve as a responsible agency under CEQA for their approval of a stormwater pollution prevention plan (SWPPP) in compliance with the Construction General Permit.

INTENTIONALLY LEFT BLANK

3 Initial Study Checklist

1. **Project title:**

   Calas Park Stormwater and Water Quality Improvements Supplemental Environmental Project

2. **Lead agency name and address:**

   City of Carson
   701 East Carson Street
   Carson, California 90745

3. **Contact person and phone number:**

   Roland Jen
   Public Works Department
   701 East Carson Street
   Carson, California 90745

4. **Project location:**

   The project is located in the southern portion of the City of Carson within a portion of the existing Calas Park at 1000 East 220th Street, Carson, California.

5. **Project sponsor's name and address:**

   City of Carson
   701 East Carson Street
   Carson, California 90745

6. **General plan designation:**

   Park/Open Space

7. **Zoning:**

   Open Space

8. **Description of project. (Describe the whole action involved, including but not limited to later phases of the project, and any secondary, support, or off-site features necessary for its implementation. Attach additional sheets if necessary):**

   Refer to Chapter 2, Project Description, above.

9. **Surrounding land uses and setting: Briefly describe the project's surroundings:**

   Refer to Section 2.1, Project Location and Environmental Setting, above.

10. **Other public agencies whose approval is required (e.g., permits, financing approval, or participation agreement):**

    Los Angeles County Flood Control District; State Water Resources Control Board

11. **Have California Native American tribes traditionally and culturally affiliated with the project area requested consultation pursuant to Public Resources Code section 21080.3.1? If so, is there a plan for consultation that includes, for example, the determination of significance of impacts to tribal cultural resources, procedures regarding confidentiality, etc.?**

    Refer to Sections 3.5 and 3.18, below.

Environmental Factors Potentially Affected

The environmental factors checked below would be potentially affected by this project, involving at least one impact that is a "Potentially Significant Impact," as indicated by the checklist on the following pages.

☐ Aesthetics	☐ Agriculture and Forestry Resources	☐ Air Quality
☐ Biological Resources	☐ Cultural Resources	☐ Energy
☐ Geology and Soils	☐ Greenhouse Gas Emissions	☐ Hazards and Hazardous Materials
☐ Hydrology and Water Quality	☐ Land Use and Planning	☐ Mineral Resources
☐ Noise	☐ Population and Housing	☐ Public Services
☐ Recreation	☐ Transportation	☐ Tribal Cultural Resources
☐ Utilities and Service Systems	☐ Wildfire	☐ Mandatory Findings of Significance

Determination (To be completed by the Lead Agency)

On the basis of this initial evaluation:

☐ I find that the proposed project COULD NOT have a significant effect on the environment, and a NEGATIVE DECLARATION will be prepared.

☒ I find that although the proposed project could have a significant effect on the environment, there will not be a significant effect in this case because revisions in the project have been made by or agreed to by the project proponent. A MITIGATED NEGATIVE DECLARATION will be prepared.

☐ I find that the proposed project MAY have a significant effect on the environment, and an ENVIRONMENTAL IMPACT REPORT is required.

☐ I find that the proposed project MAY have a "potentially significant impact" or "potentially significant unless mitigated" impact on the environment, but at least one effect (1) has been adequately analyzed in an earlier document pursuant to applicable legal standards, and (2) has been addressed by mitigation measures based on the earlier analysis as described on attached sheets. An ENVIRONMENTAL IMPACT REPORT is required, but it must analyze only the effects that remain to be addressed.

☐ I find that although the proposed project could have a significant effect on the environment, because all potentially significant effects (a) have been analyzed adequately in an earlier ENVIRONMENTAL IMPACT REPORT or NEGATIVE DECLARATION pursuant to applicable standards, and (b) have been avoided or mitigated pursuant to that earlier ENVIRONMENTAL IMPACT REPORT or NEGATIVE DECLARATION, including revisions or mitigation measures that are imposed upon the proposed project, nothing further is required.

Date

Evaluation of Environmental Impacts

1. A brief explanation is required for all answers except "No Impact" answers that are adequately supported by the information sources a lead agency cites in the parentheses following each question. A "No Impact" answer is adequately supported if the referenced information sources show that the impact simply does not apply to projects like the one involved (e.g., the project falls outside a fault rupture zone). A "No Impact" answer should be explained where it is based on project-specific factors as well as general standards (e.g., the project would not expose sensitive receptors to pollutants, based on a project-specific screening analysis).
2. All answers must take account of the whole action involved, including off-site as well as on-site, cumulative as well as project-level, indirect as well as direct, and construction as well as operational impacts.
3. Once the lead agency has determined that a particular physical impact may occur, then the checklist answers must indicate whether the impact is potentially significant, less than significant with mitigation, or less than significant. "Potentially Significant Impact" is appropriate if there is substantial evidence that an effect may be significant. If there are one or more "Potentially Significant Impact" entries when the determination is made, an Environmental Impact Report (EIR) is required.
4. "Negative Declaration: Less Than Significant With Mitigation Incorporated" applies where the incorporation of mitigation measures has reduced an effect from "Potentially Significant Impact" to a "Less Than Significant Impact." The lead agency must describe the mitigation measures, and briefly explain how they reduce the effect to a less than significant level.
5. Earlier analyses may be used where, pursuant to the tiering, program EIR, or other CEQA process, an effect has been adequately analyzed in an earlier EIR or negative declaration. Section 15063(c)(3)(D). In this case, a brief discussion should identify the following:
    a. Earlier Analysis Used. Identify and state where they are available for review.
    b. Impacts Adequately Addressed. Identify which effects from the above checklist were within the scope of and adequately analyzed in an earlier document pursuant to applicable legal standards, and state whether such effects were addressed by mitigation measures based on the earlier analysis.
    c. Mitigation Measures. For effects that are "Less Than Significant With Mitigation Measures Incorporated," describe the mitigation measures which were incorporated or refined from the earlier document and the extent to which they address site-specific conditions for the project.
6. Lead agencies are encouraged to incorporate into the checklist references to information sources for potential impacts (e.g., general plans, zoning ordinances). Reference to a previously prepared or outside document should, where appropriate, include a reference to the page or pages where the statement is substantiated.
7. Supporting Information Sources: A source list should be attached, and other sources used or individuals contacted should be cited in the discussion.
8. This is only a suggested form, and lead agencies are free to use different formats; however, lead agencies should normally address the questions from this checklist that are relevant to a project's environmental effects in whatever format is selected.
9. The explanation of each issue should identify:
    a. the significance criteria or threshold, if any, used to evaluate each question; and
    b. the mitigation measure identified, if any, to reduce the impact to less than significance

3.1 Aesthetics

		Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
I.	**AESTHETICS** – Except as provided in Public Resources Code Section 21099, would the project**:**				
a)	Have a substantial adverse effect on a scenic vista?	☐	☐	☒	☐
b)	Substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?	☐	☐	☐	☒
c)	In non-urbanized areas, substantially degrade the existing visual character or quality of public views of the site and its surroundings? (Public views are those that are experienced from publicly accessible vantage point). If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?	☐	☐	☐	☒
d)	Create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?	☐	☐	☒	☐

a) Would the project have a substantial adverse effect on a scenic vista?

Less-than-Significant Impact. Scenic vistas generally refer to views of expansive open space areas or other natural features, such as mountains, undeveloped hillsides, large natural water bodies, or coastlines. Certain urban settings or features, such as a striking or renowned skyline, may also represent a scenic vista. Scenic vistas are generally accessible from public vantage points, such as public roadways and parks. The City's General Plan Open Space and Environmental Conservation Element, which provides guidance and policies for the management of the City's natural resources, does not specifically list or identify any designated scenic vistas or specific scenic resources within the City. Calas Park is in a predominantly residential area of the City that features a single-family residential development, interspersed with commercial, industrial, and public uses. Project construction would result in temporary visual changes to the park, including the presence of excavated areas and staging of construction equipment. Upon completion of construction, these temporary visual changes would cease, and the visual quality of the project site would return to conditions similar to pre-construction conditions. The project's infrastructure would mostly be located underground and would not be visible during project operation. Other project components would include replacement of existing amenities with improved features, as described in Section 2.2.2, Park Improvements, which are intended in part as improvements to the visual environment. As such, impacts would be **less than significant**.

b) Would the project substantially damage scenic resources, including, but not limited to, trees, rock outcroppings, and historic buildings within a state scenic highway?

No Impact. There are no designated state scenic highways in the vicinity of the project site. The nearest eligible scenic highway is a segment of Highway 1 located approximately 7 miles southeast of the project site (Caltrans 2024). Due to intervening development and distance, the project site is not visible from this segment of Highway 1. Therefore, the project would not substantially damage scenic resources within a state scenic highway and **no impact** would occur.

c) In non-urbanized areas, would the project substantially degrade the existing visual character or quality of public views of the site and its surroundings? (Public views are those that are experienced from publicly accessible vantage point). If the project is in an urbanized area, would the project conflict with applicable zoning and other regulations governing scenic quality?

No Impact. Per PRC Section 21071, an "urbanized area" is defined as "(a) An incorporated city that meets either of the following criteria: (1) Has a population of at least 100,000 persons. [or] (2) Has a population of less than 100,000 persons if the population of that city and not more than two contiguous incorporated cities combined equals at least 100,000 persons." The project site is located in the incorporated City of Carson, which has a population of 95,558 persons as of the 2020 census (U.S. Census Bureau 2020). However, with the incorporation of the population of a contiguous city such as the City of Compton, which has a population of 95,740 as of the 2020 census, the project site is considered to be located in an urbanized area (U.S. Census Bureau 2020).

As discussed in Section 3.1(a), Aesthetics, above, the project site is not visible from any prominent public viewpoints. Temporary visible elements associated with the project include construction equipment, staging activities, and temporary fencing to be included for safety and security purposes. Visual impacts resulting from construction activities would be temporary, ceasing upon completion of construction.

The project would comply with any applicable zoning or other regulations governing scenic quality. The project site is not subject to overlay zones or other such designations specific to scenic resources or quality. The proposed stormwater capture and treatment facility would be located primarily underground. In addition, the project would include replacement of existing amenities with improved features as described in Section 2.2.2, Park Improvements, which would enhance the park's visual quality. The project would result in the continued use of the site as a park and would not substantially differ visually from its current use. Implementation of the project would not conflict with the applicable zoning and other regulations governing scenic quality. **No impact** would occur.

d) Would the project create a new source of substantial light or glare which would adversely affect day or nighttime views in the area?

Less-than-Significant Impact. The project is located in an urban area with existing sources of nighttime lighting from roadways, residences, and the existing Calas Park. Existing lighting at Calas Park consists of lighting within facilities, including existing field lighting, and along pedestrian pathways for safety and security. No nighttime work would occur during construction of the project; therefore, construction activities would not result in a new source of nighttime light. The proposed project would not include removal, replacement, or installation of any lighting. The materials that would be used for the project would not be reflective in nature and would not serve as a new source of glare (such as large areas of glass). Therefore, impacts would be **less than significant**.

3.2 Agriculture and Forestry Resources

		Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
II.	**AGRICULTURE AND FORESTRY RESOURCES** – In determining whether impacts to agricultural resources are significant environmental effects, lead agencies may refer to the California Agricultural Land Evaluation and Site Assessment Model (1997) prepared by the California Dept. Conservation as an optional model to use in assessing impacts on agriculture and farmland. In determining whether impacts to forest resources, including timberland, are significant environmental effects, lead agencies may refer to information compiled by the California Department of Forestry and Fire Protection regarding the state's inventory of forest land, including the Forest and Range Assessment Project and the Forest Legacy Assessment project; and forest carbon measurement methodology provided in Forest Protocols adopted by the California Air Resources Board. Would the project:				
a)	Convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?	☐	☐	☐	☒
b)	Conflict with existing zoning for agricultural use, or a Williamson Act contract?	☐	☐	☐	☒
c)	Conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code Section 12220(g)), timberland (as defined by Public Resources Code Section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g))?	☐	☐	☐	☒
d)	Result in the loss of forest land or conversion of forest land to non-forest use?	☐	☐	☐	☒
e)	Involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use or conversion of forest land to non-forest use?	☐	☐	☐	☒

a) ***Would the project convert Prime Farmland, Unique Farmland, or Farmland of Statewide Importance (Farmland), as shown on the maps prepared pursuant to the Farmland Mapping and Monitoring Program of the California Resources Agency, to non-agricultural use?***

No Impact. According to the California Important Farmland Finder database, the project site and its immediate surroundings are classified as "Urban and Built-Up Land" (DOC 2025a). The project would not be located on land classified as Farmland pursuant to the Farmland Mapping and Monitoring Program and would therefore not convert any Farmland to non-agricultural use. **No impact** would occur.

b) Would the project conflict with existing zoning for agricultural use, or a Williamson Act contract?

No Impact. The project site is zoned Open Space. Surrounding Calas Park are areas zoned Residential – Single Family (City of Carson 2017). The City does not contain any lands zoned for agricultural use. There are no existing lands under a Williamson Act contract within the City. Therefore, the project would not conflict with existing zoning for agricultural use or a Williamson Act contract. **No impact** would occur.

c) Would the project conflict with existing zoning for, or cause rezoning of, forest land (as defined in Public Resources Code Section 12220(g)), timberland (as defined by Public Resources Code Section 4526), or timberland zoned Timberland Production (as defined by Government Code Section 51104(g))?

No Impact. The project site and surrounding areas are entirely urbanized, and are not zoned for nor contain any forest land or timberland. Therefore, the project would not conflict with or cause the rezoning or conversion of forest land or timberland. **No impact** would occur.

d) Would the project result in the loss of forest land or conversion of forest land to non-forest use?

No Impact**.** Refer to Section 3.2(c), Agriculture and Forestry Resources. **No impact** would occur.

e) Would the project involve other changes in the existing environment which, due to their location or nature, could result in conversion of Farmland, to non-agricultural use or conversion of forest land to non-forest use?

No Impact. Refer to Sections 3.2(a) through 3.2(d). The project site is located in an urbanized area with no existing agricultural uses, Farmland, or forest lands in the vicinity. The City does not contain any lands zoned for agricultural uses. Therefore, the project would not involve other changes that could result in conversion of Farmland to non-agricultural use or conversion of forest land to non-forest use. **No impact** would occur.

3.3 Air Quality

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
III. AIR QUALITY – Where available, the significance criteria established by the applicable air quality management district or air pollution control district may be relied upon to make the following determinations. Would the project:				
a) Conflict with or obstruct implementation of the applicable air quality plan?	☐	☐	☒	☐
b) Result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard?	☐	☐	☒	☐

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
c) Expose sensitive receptors to substantial pollutant concentrations?	☐	☒	☐	☐
d) Result in other emissions (such as those leading to odors) adversely affecting a substantial number of people?	☐	☐	☒	☐

This section is based on technical analysis conducted by Dudek, including quantitative estimates of air pollutant emissions based on assumptions developed in consultation with the project design engineers. The results of the emissions estimates are provided as Appendix A, Air Quality and Greenhouse Gas Modeling, and Appendix B, Construction Health Risk Assessment Modeling, to this MND.

a) Would the project conflict with or obstruct implementation of the applicable air quality plan?

Less-than-Significant Impact. The project site is located within the South Coast Air Basin (SCAB), which includes all of Orange County and the western, non-desert portions of Los Angeles, Riverside, and San Bernardino Counties. The site is within the jurisdictional boundaries of the South Coast Air Quality Management District (SCAQMD).

The SCAQMD administers the SCAB's air quality management plan (AQMP), which is a comprehensive document outlining an air pollution control program for attaining the California Ambient Air Quality Standards (CAAQS) and National Ambient Air Quality Standards (NAAQS). The most recently adopted AQMP for the SCAB is the 2022 AQMP (SCAQMD 2022). The 2022 AQMP provides the regional path towards improving air quality and meeting federal standards for air pollutants. The 2022 AQMP builds upon measures already in place from previous AQMPs. It also includes a variety of additional strategies such as regulation, accelerated deployment of available cleaner technologies (e.g., zero emissions technologies, when cost-effective and feasible, and low oxides of nitrogen [NO_x] technologies in other applications), best management practices (BMPs), co-benefits from existing programs (e.g., climate and energy efficiency), incentives, and other Clean Air Act measures to achieve the 2015 federal ozone (O_3) standard by 2037 (SCAQMD 2022).

The purpose of a consistency finding with regard to the AQMP is to determine if a project is consistent with the assumptions and objectives of the 2022 AQMP, and if it would interfere with the region's ability to comply with federal and state air quality standards. The SCAQMD has established criteria for determining consistency with the currently applicable AQMP in Chapter 12, Sections 12.2 and 12.3 of the SCAQMD CEQA Air Quality Handbook. These criteria are as follows (SCAQMD 1993):

- Consistency Criterion No. 1: Whether the project would result in an increase in the frequency or severity of existing air quality violations, cause or contribute to new violations, or delay timely attainment of the ambient air quality standards or interim emission reductions in the AQMP.
- Consistency Criterion No. 2: Whether the project would exceed the assumptions in the AQMP or increments based on the year of project buildout and phase.

To address the first criterion, project-generated criteria air pollutant emissions have been estimated and analyzed for significance and are addressed under Section 3.3(b), Air Quality. Detailed results of this analysis are included in Appendix A, Air Quality and Greenhouse Gas Modeling. As presented in that analysis and summarized in Section 3.3(b), Air Quality, the proposed project would not generate construction or operational criteria air pollutant emissions that exceed the SCAQMD's thresholds, and the project would therefore be consistent with Criterion No. 1.

The second criterion regarding the potential of the proposed project to exceed the assumptions in the AQMP or increments based on the year of project buildout and phase is primarily assessed by determining consistency between the proposed project's land use designations and its potential to generate population growth. In general, projects are considered consistent with, and not in conflict with or obstructing implementation of, the AQMP if the growth in socioeconomic factors is consistent with the underlying regional plans used to develop the AQMP (SCAQMD 1993). The SCAQMD primarily uses demographic growth forecasts for various socioeconomic categories (e.g., population, housing, and employment by industry) developed by the Southern California Association of Governments (SCAG) for its Regional Transportation Plan/Sustainable Communities Strategy (RTP/SCS). Thus, demographic growth forecasts for various socioeconomic categories (e.g., population, housing, employment by industry) developed by SCAG for their 2020–2045 Regional Transportation Plan/Sustainable Community Strategy (RTP/SCS) were used to estimate future emissions in the 2022 AQMP (SCAQMD 2022; SCAG 2020).[2,3] The SCAG 2020–2045 RTP/SCS, and associated Regional Growth Forecast, are generally consistent with the local plans; therefore, the 2022 AQMP is generally consistent with local government plans.

The project would not change the existing use of Calas Park and would be consistent with the underlying land use and zoning designations. Upon completion, project operation is anticipated to entail routine maintenance, which would require up to two workers for operations and maintenance. Therefore, the project would not result in substantial unplanned population growth in the area. Accordingly, the project does not conflict with the SCAG RTP/SCS forecasts used in the SCAQMD AQMP development and does not propose activities that would induce additional population in the project area. Impacts would be **less than significant**.

b) Would the project result in a cumulatively considerable net increase of any criteria pollutant for which the project region is non-attainment under an applicable federal or state ambient air quality standard?

Less-than-Significant Impact. Air pollution is largely a cumulative impact. The nonattainment status of regional pollutants is a result of past and present development, and the SCAQMD develops and implements plans for future attainment of ambient air quality standards. Based on these considerations, project-level thresholds of significance for criteria pollutants are used to determine whether a project's individual emissions would have a cumulatively considerable contribution to air quality. If a project's emissions would

2 SCAG adopted Connect SoCal 2024, the 2024–2050 RTP/SCS (SCAG 2024), but the growth projections therein have not yet been incorporated into an adopted AQMP.

3 Information necessary to produce the emission inventory for the SCAB is obtained from the SCAQMD and other governmental agencies, including CARB, the California Department of Transportation, and SCAG. Each of these agencies is responsible for collecting data (e.g., industry growth factors, socioeconomic Projections, travel activity levels, emission factors, emission speciation profile, and emissions) and developing methodologies (e.g., model and demographic forecast improvements) required to generate a comprehensive emissions inventory. SCAG incorporates these data into their Travel Demand Model for estimating/projecting vehicle miles traveled and driving speeds. SCAG's socioeconomic and transportation activities Projections in their 2020–2045 RTP/SCS are integrated in the 2022 AQMP (SCAQMD 2022).

exceed the SCAQMD significance thresholds, it would be considered to have a cumulatively considerable contribution. Conversely, projects that do not exceed the project-specific thresholds are generally not considered to be cumulatively significant (SCAQMD 2003).

A quantitative analysis was conducted to determine whether the proposed project might result in emissions of criteria air pollutants that may cause exceedances of the NAAQS or CAAQS, or cumulatively contribute to existing nonattainment ambient air quality standards. Criteria air pollutants include O_3, nitrogen dioxide (NO_2), carbon monoxide (CO), sulfur dioxide (SO_2), particulate matter with an aerodynamic diameter less than or equal to 10 microns (PM_{10}), particulate matter with an aerodynamic diameter less than or equal to 2.5 microns ($PM_{2.5}$), and lead. Pollutants that are evaluated herein include volatile organic compounds (VOCs) and NO_x, which are important because they are precursors to O_3, as well as CO, sulfur oxides (SO_x), PM_{10}, and $PM_{2.5}$.

Regarding NAAQS and CAAQS attainment status,[4] the SCAB is designated as a nonattainment area for national and California O_3 standards and $PM_{2.5}$ standards. The SCAB is designated as a nonattainment area for California PM_{10} standards; however, it is designated as an attainment area for national PM_{10} standards. The SCAB is designated as an attainment area for national and California CO standards, national and California NO_2 standards, and national and California SO_2 standards (EPA 2025; CARB 2023). Although southern Los Angeles County, where the project is located, has been designated as nonattainment for the federal rolling 3-month average lead standard, it is designated attainment for the state lead standard.[5]

The proposed project would result in emissions of criteria air pollutants for which the California Air Resources Board (CARB) and U.S. Environmental Protection Agency (EPA) have adopted ambient air quality standards (i.e., the NAAQS and CAAQS). Projects that emit these pollutants have the potential to cause, or contribute to, violations of these standards. SCAQMD has established Air Quality Significance Thresholds, as revised in March 2023, that set forth quantitative emission significance thresholds below which a project would not have a significant impact on ambient air quality (SCAQMD 2023). The quantitative air quality analysis provided herein applies the SCAQMD thresholds identified in Table 3.3-1 to determine the potential for the project to result in a significant impact under CEQA.

Table 3.3-1. SCAQMD Air Quality Significance Thresholds

Criteria Pollutants Mass Daily Thresholds		
Pollutant	**Construction (pounds per day)**	**Operation (pounds per day)**
VOCs	75	55
NO_x	100	55
CO	550	550
SO_x	150	150
PM_{10}	150	150

[4] An area is designated as in attainment when it is in compliance with the NAAQS and/or the CAAQS. These standards for the maximum level of a given air pollutant that can exist in the outdoor air without unacceptable effects on human health or the public welfare are set by the EPA and CARB, respectively. Attainment = meets the standards; attainment/maintenance = achieves the standards after a nonattainment designation; nonattainment = does not meet the standards.

[5] Re-designation of the lead NAAQS designation to attainment for the Los Angeles County portion of the SCAB is expected based on current monitoring data. The phase-out of leaded gasoline started in 1976. Since gasoline no longer contains lead, the project is not anticipated to result in impacts related to lead; therefore, it is not discussed in this analysis.

Table 3.3-1. SCAQMD Air Quality Significance Thresholds

Criteria Pollutants Mass Daily Thresholds		
$PM_{2.5}$	55	55
Lead[a]	3	3
Toxic Air Contaminants (TACs) and Odor Thresholds		
TACs[b]	Maximum incremental cancer risk ≥10 in 1 million Cancer Burden > 0.5 excess cancer cases (in areas ≥1 in 1 million) Chronic and acute hazard index ≥1.0 (Project increment)	
Odor	Project creates an odor nuisance pursuant to SCAQMD Rule 402	
Ambient Air Quality Standards for Criteria Pollutants[c]		
NO_2 1-hour average NO_2 annual arithmetic mean	SCAQMD is in attainment; Project is significant if it causes or contributes to an exceedance of the following attainment standards: 0.18 ppm (state) 0.030 ppm (state) and 0.0534 ppm (federal)	
CO 1-hour average CO 8-hour average	SCAQMD is in attainment; Project is significant if it causes or contributes to an exceedance of the following attainment standards: 20 ppm (state) and 35 ppm (federal) 9.0 ppm (state/federal)	
PM_{10} 24-hour average PM_{10} annual average	10.4 μg/m³ (construction)[d] 2.5 μg/m³ (operation) 1.0 μg/m³	
$PM_{2.5}$ 24-hour average	10.4 μg/m³ (construction)[d] 2.5 μg/m³ (operation)	

Source: SCAQMD 2023.
Notes: SCAQMD = South Coast Air Quality Management District; VOC = volatile organic compounds; NO_x = oxides of nitrogen; CO = carbon monoxide; SO_x = sulfur oxides; PM_{10} = coarse particulate matter; $PM_{2.5}$ = fine particulate matter; TAC = toxic air contaminant; NO_2 = nitrogen dioxide; ppm = parts per million by volume; μg/m³ = micrograms per cubic meter.
greenhouse gas emissions thresholds for industrial Projects, as added in the March 2015 revision to the SCAQMD Air Quality Significance Thresholds, were not include included in this table as they are addressed within the greenhouse gas emissions analysis and not the air quality analysis.

[a] The phaseout of leaded gasoline started in 1976. Since gasoline no longer contains lead, the Project is not anticipated to result in impacts related to lead; therefore, it is not discussed in this analysis.
[b] TACs include carcinogens and noncarcinogens.
[c] Ambient air quality standards for criteria pollutants are based on SCAQMD Rule 1303, Table A-2, unless otherwise stated.
[d] Ambient air quality threshold are based on SCAQMD Rule 403.

A project would result in a cumulatively considerable net increase for O_3, which is a nonattainment pollutant, if the proposed project's construction or operational emissions would exceed the SCAQMD VOC or NO_x thresholds shown in Table 3.3-1. These emission-based thresholds for O_3 precursors are intended to serve as a surrogate for an O_3 significance threshold (i.e., the potential for adverse O_3 impacts to occur) because O_3 itself is not emitted directly, and the effects of an individual project's emissions of O_3 precursors (i.e., VOCs and NO_x) on O_3 levels in ambient air cannot be determined reliably or meaningfully through air quality models or other quantitative methods.

California Emissions Estimator Model (CalEEMod) Version 2022.1.1.29 was used to estimate emissions from construction and operation of the project. CalEEMod is a statewide computer model developed in cooperation with air districts throughout the state to quantify criteria air pollutant emissions associated

with construction and operational activities from a variety of land use projects, including recreational development. The following discussion summarizes the quantitative project-generated construction and operational emissions and impacts that would result from implementation of the proposed project.

Construction Emissions

Construction of the proposed project would include demolition, site preparation, reservoir excavation, reservoir construction, pipeline/diversion/treatment facility installation, outlet line construction, and field replacement/bioswale planting and landscaping. These construction activities would result in the temporary addition of pollutants to the local airshed caused by on-site sources (e.g., off-road construction equipment, and soil disturbance) and off-site sources (e.g., vendor trucks, haul trucks, and worker vehicle trips). Specifically, entrained dust results from the exposure of earth surfaces to wind from the direct disturbance and movement of soil, resulting in PM_{10} and $PM_{2.5}$ emissions. Internal combustion engines used by construction equipment, haul trucks, vendor trucks (i.e., delivery trucks), and worker vehicles would result in emissions of VOC, NO_x, CO, PM_{10}, and $PM_{2.5}$. Construction emissions can vary substantially from day to day depending on the level of activity; the specific type of operation; and, for dust, the prevailing weather conditions.

Proposed project construction emissions were estimated using a combination of CalEEMod default assumptions and information provided by the project engineer. It was assumed that approximately 3,980 cubic yards of soil would be exported during reservoir excavation. In addition, demolition of the existing asphalt pavement and concrete sidewalks was estimated to result in approximately 141 tons of material that would be hauled off site. Air quality emissions modeling assumed that construction of the project would commence in October 2026 and would last approximately 14 months. Default values for horsepower and load factor provided in CalEEMod were used for all construction equipment, and the equipment mix was provided by the project engineer. For the analysis, it was generally assumed that heavy-duty construction equipment would be operating at the site 5 days per week, up to a maximum of 8 hours per day. It was assumed that some construction phases would overlap. Construction modeling assumptions are provided in Table 3.3-2.

Table 3.3-2. Construction Scenario Assumptions

Construction Phase	Average Daily One-Way Vehicle Trips			Equipment		
	Worker Trips	Vendor Truck Trips	Haul Truck Trips	Equipment Type	Quantity	Daily Usage Hours
Demolition of existing field and structures	18	4	4	Rubber Tired Dozers	2	8
				Skid Steer Loader	1	8

Notes: Appendix A, Air Quality and Greenhouse Gas Modeling.

Emissions generated during construction and operation of the project are subject to the rules and regulations of the SCAQMD. Rule 403, Fugitive Dust,[6] requires the implementation of measures to control the emission of visible fugitive/nuisance dust, such as wetting soils that would be disturbed. It was assumed that the active sites would be watered at least two times daily, resulting in an approximately 61% reduction of fugitive dust (CalEEMod default value), to represent compliance with SCAQMD standard dust control measures in Rule 403.

[6] SCAQMD Rule 403 requires implementation of various best available fugitive dust control measures for different sources for all construction activity sources within its jurisdictional boundaries. Dust control measures include, but are not limited to, maintaining stability of soil through pre-watering of site prior to clearing, grubbing, cut and fill, and earth-moving activities; stabilizing soil during and immediately after clearing, grubbing, cut and fill, and other earth-moving activities; stabilizing backfill during handling and at completion of activity; and pre-watering material prior to truck loading and ensuring that freeboard exceeds 6 inches. Although SCAQMD Rule 403 requires fugitive dust control beyond watering control measures, compliance with Rule 403 is represented in CalEEMod by assuming twice daily watering of active sites (61% reduction in PM_{10} and $PM_{2.5}$ [CAPCOA 2022]).

CalEEMod calculates maximum daily emissions for summer and winter periods. As such, the estimated maximum daily construction emissions for both summer and winter periods are summarized in Table 3.3-3. Detailed construction model outputs are presented in Appendix A, Air Quality and Greenhouse Gas Modeling.

Table 3.3-3. Estimated Maximum Daily Construction Criteria Air Pollutant Emissions - Unmitigated

Year	VOC	NO_x	CO	SO_x	PM_{10}	$PM_{2.5}$
	Pounds per Day					
Summer						
2027	4.59	42.41	49.22	0.08	7.36	4.34
Winter						
2026	6.04	54.66	55.69	0.10	10.66	6.26
2027	4.58	42.46	44.07	0.08	7.36	4.34
Maximum Daily Emissions	**6.04**	**54.66**	**55.69**	**0.10**	**10.66**	**6.26**
SCAQMD Threshold	*75*	*100*	*550*	*150*	*150*	*55*
Threshold Exceeded?	**No**	**No**	**No**	**No**	**No**	**No**

Source: Appendix A, Air Quality and Greenhouse Gas Modeling.
Notes: VOC = volatile organic compound; NO_x = oxides of nitrogen; CO = carbon monoxide; SO_x = sulfur oxides; PM_{10} = coarse particulate matter; $PM_{2.5}$ = fine particulate matter; SCAQMD = South Coast Air Quality Management District.
Emissions estimates include watering of the active sites two times per day per Rule 403 compliance.

As shown in Table 3.3-3, the proposed project's maximum daily construction emissions would not exceed SCAQMD thresholds for any criteria pollutant and impacts would be less than significant.

Operational Emissions

The first full year of project operations would be in 2028. Once construction is complete, project operation is anticipated to entail routine maintenance performed by the City at the stormwater capture facility and other park features. Reservoir maintenance would entail removal of debris and pollutant constituents from the treatment devices, pump testing and calibration, and cleaning the storage reservoir. During long-term operations, the project would generate air pollutants from mobile sources, including maintenance workers accessing the site, and area sources, including consumer products and architectural coatings. CalEEMod was used to estimate emissions from these sources. Table 3.3-4 summarizes the maximum daily emissions of criteria pollutants that would be generated by the proposed project and compares the emissions to the SCAQMD's operational thresholds.

Table 3.3-4. Estimated Maximum Daily Operational Criteria Air Pollutant Emissions - Unmitigated

Source	VOC	NO_x	CO	SO_x	PM_{10}	$PM_{2.5}$
	Pounds per Day					
Summer						
Mobile	0.01	0.01	0.18	<0.01	0.05	0.01
Area	0.01	0.00	0.00	0.00	0.00	0.00

Table 3.3-4. Estimated Maximum Daily Operational Criteria Air Pollutant Emissions - Unmitigated

Source	VOC	NO_x	CO	SO_x	PM_{10}	$PM_{2.5}$
	Pounds per Day					
Total	**0.02**	**0.01**	**0.18**	**<0.01**	**0.05**	**0.01**
Winter						
Mobile	0.01	0.02	0.16	<0.01	0.05	0.01
Area	<0.01	0.00	0.00	0.00	0.00	0.00
Total	**0.01**	**0.02**	**0.16**	**<0.01**	**0.05**	**0.01**
SCAQMD Threshold	*55*	*55*	*550*	*150*	*150*	*55*
Threshold Exceeded?	**No**	**No**	**No**	**No**	**No**	**No**

Source: Appendix A, Air Quality and Greenhouse Gas Modeling.
Notes: VOC = volatile organic compound; NO_x = oxides of nitrogen; CO = carbon monoxide; SO_x = sulfur oxides; PM_{10} = coarse particulate matter; $PM_{2.5}$ = fine particulate matter; <0.01 = value is less than 0.005; SCAQMD = South Coast Air Quality Management District.

As shown in Table 3.3-4, the proposed project's maximum daily operational emissions would not exceed SCAQMD thresholds for any criteria pollutant and impacts would be less than significant.

Cumulative Impacts

Cumulative localized impacts would potentially occur if a project were to occur concurrently with another off-site project. Schedules for potential future projects near the project area are currently unknown; therefore, potential impacts associated with two or more simultaneous projects would be considered speculative.[7] However, the project is located in an already developed urban area and any future projects would be subject to CEQA and would require air quality analysis and, where necessary, mitigation. Criteria air pollutant emissions associated with construction activity of future projects would be reduced through implementation of control measures required by the SCAQMD. Cumulative PM_{10} and $PM_{2.5}$ emissions would be reduced because all future projects would be subject to SCAQMD Rule 403, Fugitive Dust, which sets forth general and specific requirements for all sites in the SCAQMD.

Therefore, the proposed project would not result in a cumulatively considerable increase in emissions of nonattainment pollutants and impacts would be **less than significant** during construction and operation.

c) Would the project expose sensitive receptors to substantial pollutant concentrations?

Less-than-Significant Impact with Mitigation Incorporated. Sensitive receptors are those individuals more susceptible to the effects of air pollution than the population at large. People most likely to be affected by air pollution include children, the elderly, and people with cardiovascular and chronic respiratory diseases. According to SCAQMD, sensitive receptors include residences, schools, playgrounds, childcare centers, long-term healthcare facilities, rehabilitation centers, convalescent centers, and retirement homes (SCAQMD 1993).

7 The CEQA Guidelines state that if a particular impact is too speculative for evaluation, the agency should note its conclusion and terminate discussion of the impact (14 CCR 15145).

The closest off-site sensitive receptors to the project site are single-family residences adjacent to the south and west of the project site, Bonita Street Elementary School adjacent to the northwest of the project site, and Carnegie Middle School adjacent to the north of the project site.

Localized Significance Thresholds

The SCAQMD recommends a localized significance threshold (LST) analysis to evaluate the potential of localized air quality impacts to sensitive receptors in the immediate vicinity of a proposed project from construction and operation; however, an operational LST analysis is not required for the project due to no substantial on-site sources of localized emissions. For projects that disturb 5 acres or less per day, the SCAQMD *Final Localized Significance Threshold Methodology* (SCAQMD 2008a) includes lookup tables that can be used to determine the maximum allowable daily emissions that would satisfy the localized significance criteria (i.e., the emissions would not cause an exceedance of the applicable concentration limits for NO_2, CO, PM_{10}, and $PM_{2.5}$) without performing project-specific dispersion modeling.

The LST significance thresholds for NO_2 and CO represent the allowable increase in concentrations above background levels in the vicinity of a project that would not cause or contribute to an exceedance of the relevant ambient air quality standards, while the threshold for PM_{10} represents compliance with Rule 403 (Fugitive Dust). The LST significance threshold for $PM_{2.5}$ is intended to ensure that construction emissions do not contribute substantially to existing exceedances of the $PM_{2.5}$ ambient air quality standards. The allowable emission rates depend on the following parameters:

1. Source-Receptor Area in which the project is located
2. Size of the project site
3. Distance between the project site and the nearest sensitive receptor (e.g., residences, schools, hospitals)

The proposed project site is located in Source-Receptor Area 4 (South Coastal LA County). The maximum number of acres disturbed on the peak day was estimated using the *Fact Sheet for Applying CalEEMod to Localized Significance Thresholds* (SCAQMD n.d.), which provides estimated acres per 8-hour per day per piece of earth-moving equipment. Based on the SCAQMD guidance, it was estimated that the maximum acres on the project site that would be disturbed by off-road equipment would be 3.5 acres per day; therefore, LSTs for a 3.5-acre disturbed area were interpolated from the SCAQMD 2- and 5-acre LST thresholds. The nearest sensitive receptor land use is located adjacent to the project site. Accordingly, the distance in the LST lookup table of 25 meters is assumed.

According to the *Final Localized Significance Threshold Methodology*, "off-site mobile emissions from the project should not be included in the emissions compared to the LSTs" (SCAQMD 2008a). Trucks and worker trips associated with the project are not expected to cause substantial air quality impacts to sensitive receptors along off-site roadways since emissions would be relatively brief in nature and would cease once the vehicles pass through the main streets. Nonetheless, vehicle activity may occur within the project boundary (i.e., fence line); therefore, a small portion (i.e., 0.25 miles) of the off-site vehicle travel for worker vehicles, vendor trucks, and haul trucks was conservatively assumed as on-site emissions for the LST analysis.

The maximum daily on-site emissions generated from construction of the proposed project are presented in Table 3.3-5 and are compared to the SCAQMD localized significance criteria to determine whether project-generated on-site emissions would result in potential LST impacts.

Table 3.3-5. Construction Localized Significance Thresholds Analysis - Unmitigated

Year	NO_x	CO	PM_{10}	$PM_{2.5}$
	Pounds per Day			
Summer				
2027	41.71	46.88	6.84	4.21
Winter				
2026	53.84	54.09	10.07	6.10
2027	41.72	42.78	6.84	4.21
Maximum Daily Emissions	**53.84**	**54.09**	**10.07**	**6.10**
SCAQMD LST Criteria[a]	*102.5*	*1,186.0*	*10.5*	*6.5*
Threshold exceeded?	**No**	**No**	**No**	**No**

Source: Appendix A, Air Quality and Greenhouse Gas Modeling.
Notes: NO_x = oxides of nitrogen; CO = carbon monoxide; PM_{10} = particulate matter with a diameter less than or equal to 10 microns; $PM_{2.5}$ = particulate matter with a diameter less than or equal to 2.5 microns; SCAQMD = South Coast Air Quality Management District; LST = localized significance threshold.
The values shown are the maximum summer or winter daily emissions results from CalEEMod. The total values may not add up exactly due to rounding. Emissions estimates include watering of the active sites two times per day per Rule 403 compliance.
[a] Localized significance thresholds are shown for a 3.5-acre disturbed area for a sensitive receptor distance of 25 meters in Source-Receptor Area 4 (South Coastal LA County).

As shown in Table 3.3-5, proposed construction activities would not generate emissions that would exceed the site-specific LST criteria, and impacts would be less than significant.

CO Hotspots

Traffic-congested roadways and intersections have the potential to generate localized high levels of CO. Localized areas where ambient concentrations exceed federal and/or state standards for CO are termed CO "hotspots." CO transport is extremely limited and disperses rapidly with distance from the source. Under certain extreme meteorological conditions, however, CO concentrations near a congested roadway or intersection may reach unhealthy levels affecting sensitive receptors. Typically, high CO concentrations are associated with severely congested intersections operating at an unacceptable level of service (LOS) (LOS E or worse is unacceptable). Projects contributing to adverse traffic impacts may result in the formation of a CO hotspot. Additional analysis of CO hotspot impacts would be conducted if a project would result in a significant impact or contribute to an adverse traffic impact at a signalized intersection that would potentially subject sensitive receptors to CO hotspots.

At the time that the SCAQMD Handbook (1993) was published, the SCAB was designated nonattainment under the CAAQS and NAAQS for CO. In 2007, the SCAQMD was designated in attainment for CO under both the CAAQS and NAAQS as a result of the steady decline in CO concentrations in the SCAB due to turnover of older vehicles, introduction of cleaner fuels, and implementation of control technology on

industrial facilities. The SCAQMD conducted CO modeling for the 2003 AQMP[8] (SCAQMD 2003) for the four worst-case intersections in the SCAB: (1) Wilshire Boulevard and Veteran Avenue, (2) Sunset Boulevard and Highland Avenue, (3) La Cienega Boulevard and Century Boulevard, and (4) Long Beach Boulevard and Imperial Highway. At the time, the 2003 AQMP was prepared, the intersection of Wilshire Boulevard and Veteran Avenue was the most congested intersection in Los Angeles County, with an average daily traffic volume of about 100,000 vehicles per day. The 2003 AQMP also projected 8-hour CO concentrations at these four intersections for 1997 and from 2002 through 2005. From years 2002 through 2005, the maximum 8-hour CO concentration was 3.8 ppm at the Sunset Boulevard and Highland Avenue intersection in 2002; the maximum 8-hour CO concentration was 3.4 ppm at the Wilshire Boulevard and Veteran Avenue in 2002. Accordingly, CO concentrations at congested intersections would not exceed the 1-hour or 8-hour CO CAAQS unless projected daily traffic would be at least over 100,000 vehicles per day. The project's anticipated increase in trips is minimal and is not of a magnitude expected to raise the traffic volumes at intersections within proximity of the proposed project to the 100,000 vehicles per day that could result in a CO hotspot.

Additionally, ambient CO levels are monitored at the air quality monitoring station located at 700 North Bullis Road, Compton, which is approximately 6 miles northeast of the project site and represents ambient air quality in the project area. Ambient CO levels monitored at this representative monitoring station indicate that the highest recorded 1-hour concentration of CO is 3.5 ppm (the State standard is 20 ppm) and highest 8-hour concentration is 3.1 ppm (the State standard is 9 ppm) during the past 3 years of available data (EPA 2025a). As discussed above, the highest CO concentrations typically occur during peak traffic hours, so CO impacts calculated under peak traffic conditions represent a worst-case analysis. Given the considerably low level of CO concentrations in the project area, and the minimal increase in daily trips, project-related mobile emissions are not expected to contribute significantly to CO concentrations, and a CO hotspot is not anticipated to occur. Finally, due to continued improvement in vehicular emissions at a rate faster than the rate of vehicle growth and/or congestion, the potential for CO hotspots in the SCAB is steadily decreasing. Based on these considerations, the proposed project would result in a less-than-significant impact regarding potential CO hotspots.

Toxic Air Contaminants

The greatest potential for toxic air contaminant (TAC) emissions during project construction would be diesel particulate matter (DPM) emissions from heavy equipment operations and heavy-duty trucks. Use of heavy-duty construction equipment is subject to a CARB Airborne Toxics Control Measure for in-use diesel construction equipment to reduce diesel particulate emissions; use of diesel trucks is also subject to an Airborne Toxics Control Measure. Based on the adjacent residential and school receptors, a quantitative health risk assessment (HRA) was prepared for the project. The following discussion summarizes the dispersion modeling, HRA methodology, and results for the proposed project; supporting HRA documentation, including detailed assumptions, is presented in Appendix B.

SCAQMD has adopted a cancer risk threshold of 10 in a million (SCAQMD 2023), which indicates that a person has an additional risk of 10 chances in a million (0.001%) of developing cancer during their lifetime as a result of the air pollution scenario being evaluated. For context, the National Cancer Institute estimates that approximately 38.9% of people will be diagnosed with cancer during their lifetimes (National Cancer

[8] SCAQMD's CO hotspot modeling guidance has not changed since 2003.

Institute 2025). The SCAQMD has also adopted a hazard index less than 1.0, below which indicates that people are not likely to experience any non-cancer health effects (SCAQMD 2023).

The SCAQMD's Modeling Guidance for American Meteorological Society/EPA Regulatory Model (AERMOD) (SCAQMD 2025a) provides guidance to perform dispersion modeling for use in HRAs within the SCAB. The cancer risk parameters for exposure to TACs, such as age-sensitivity factors, daily breathing rates, exposure period, fraction of time at home, and cancer potency factors used in the analysis herein are based on the values and data recommended by the Office of Environmental Health Hazard Assessment *Air Toxics Hot Spots Program Risk Assessment Guidelines Guidance Manual for Preparation of Health Risk Assessments 2015* (2015 Risk Assessment Guidelines Manual) (OEHHA 2015), as implemented in the Hotspots Analysis and Reporting Program Version 2 (HARP2). Accordingly, this HRA evaluates and reflects conservative, health-protective methodologies to assess health impacts to adults, as well as infants, children, and other sensitive subpopulations.

For risk assessment purposes, PM_{10} in diesel exhaust is considered DPM, originating mainly from off-road equipment operating at a defined location for a given length of time at a given distance from sensitive receptors. Less-intensive, more-dispersed emissions result from on-road vehicle exhaust (e.g., heavy-duty diesel trucks).

Air dispersion modeling was performed using the EPA's AERMOD Version 24142 modeling system (computer software) with the Lakes Environmental Software implementation/user interface, AERMOD View Version 13.0. The dispersion modeling included the use of standard regulatory default options. AERMOD parameters were selected as representative of the project site and project activities. Principal parameters of this modeling are presented in Table 3.3-6.

Table 3.3-6. American Meteorological Society/Environmental Protection Agency Regulatory Model Principal Parameters

Parameter	Details
Meteorological Data	AERMOD-specific meteorological data for the Long Beach/Daugherty Field/Airport air monitoring station (KLGB) was used for the dispersion modeling (SCAQMD 2025b). A meteorological data set from 2015-2019 was obtained from the SCAQMD in a preprocessed format suitable for use in AERMOD.
Urban versus Rural Option	Urban areas typically have more surface roughness as well as structures and low-albedo surfaces that absorb more sunlight—and thus more heat—relative to rural areas. According to SCAQMD guidelines, the urban dispersion option was selected (SCAQMD 2025a).
Terrain Characteristics	Digital elevation data were imported into AERMOD and elevations were assigned to receptors and emission sources, as necessary. Digital elevation data were obtained through the AERMOD View in the U.S. Geological Survey's National Elevation Dataset format with a resolution of 1 arc-second resolution. The elevation of the modeled site is 9.65 meters above sea level.
Source Release Characterizations	Off-road equipment and trucks were modeled as a line of adjacent volume sources across the project site with a release height of 5 meters, a plume height of 10 meters, and plume width of 10 meters (SCAQMD 2008a).
Receptors	A nested grid of receptors was centered over the project site with the following resolutions: ▪ 20-meter spacing from the project site out to 200 meters; ▪ 50-meter spacing from 200 meters to 500 meters;

Table 3.3-6. American Meteorological Society/Environmental Protection Agency Regulatory Model Principal Parameters

Parameter	Details
	▪ 100-meter spacing from 500 meters to 1,000 meters; ▪ 200-meter spacing from 1,000 meters to 2,000 meters; ▪ 500-meter spacing from 2,000 meters to 5,000 meters.

Source: SCAQMD 2008a; SCAQMD 2025a; SCAQMD 2025b.
Notes: AERMOD = American Meteorological Society/Environmental Protection Agency Regulatory Model; SCAQMD = South Coast Air Quality Management District.
See Appendix B, Construction Health Risk Assessment Modeling, for complete model parameter inputs.

AERMOD was run with the line source emitting unit emissions (1 gram per second) to obtain the necessary input values for HARP2. The ground-level concentration plot files were then used to estimate the long-term cancer health risk to an individual, and the noncancerous chronic health indices. There is no reference exposure level for acute health impacts from diesel particulate matter, and, thus, acute risk was not evaluated.

Cancer risk is defined as the increase in probability (chance) of an individual developing cancer due to exposure to a carcinogenic compound, typically expressed as the increased chances in 1 million. For the construction HRA, the TAC exposure parameters are described below:

- Maximally Exposed Individual Resident (MEIR): For residential receptors during project construction and operation, TAC exposure was assumed to begin in the 3rd trimester of pregnancy (assumed to be the worst-case scenario for cancer risk) for a duration of 1.17 years (construction).
- School: For school children at Bonita Street Elementary School and Carnegie Middle School during project construction, TAC exposure was assumed to begin at 4 years old for a duration of 1.17 years (construction).

The SCAQMD has also established noncarcinogenic risk parameters for use in HRAs since some TACs increase noncancerous health risk due to long-term (chronic) exposures and some TACs increase noncancerous health risk due to short-term (acute) exposures. Chronic exposure is evaluated in the construction HRA. Noncarcinogenic risks are quantified by calculating a hazard index, expressed as the ratio between the ambient pollutant concentration and its toxicity or reference exposure level, which is a concentration at or below which health effects are not likely to occur. The chronic hazard index is the sum of the individual substance chronic hazard indices for all TACs affecting the same target organ system. A hazard index less than 1.0 means that adverse health effects are not expected.

Results of the construction HRA without mitigation are presented in Table 3.3-7.

Table 3.3-7. Construction Health Risk Assessment Results – Unmitigated

Impact Parameter	Units	Project Impact	CEQA Threshold	Level of Significance
Cancer Risk – MEIR	Per Million	59.8	10	**Potentially Significant**
Chronic Hazard Index – MEIR	Index Value	0.06	1.0	Less than Significant
Cancer Risk – School	Per Million	1.6	10	Less than Significant

Table 3.3-7. Construction Health Risk Assessment Results – Unmitigated

Impact Parameter	Units	Project Impact	CEQA Threshold	Level of Significance
Chronic Hazard Index – School	Index Value	0.01	1.0	Less than Significant

Source: Appendix B, Construction Health Risk Assessment Modeling.
Notes: CEQA = California Environmental Quality Act; MEIR = maximally exposed individual resident.

As shown in Table 3.3-7, the results of the construction HRA for the project demonstrate that the unmitigated construction DPM emissions would result in a potential maximum cancer risk at the MEIR that would exceed the 10 in a million-cancer risk threshold; however, construction DPM emissions would be below the Chronic Hazard Index threshold. Unmitigated construction DPM emissions would result in a health risk at the nearby schools that would be less than both the cancer risk threshold and the Chronic Hazard Index threshold. Therefore, TAC emissions from construction of the project would result in a potentially significant impact. Mitigation Measure (MM)-AQ-1, which requires use of Level 3 diesel particulate filters for off-road equipment to reduce DPM emissions during project construction, is detailed below.

Table 3.3-8 summarizes the results of the HRA after implementation of **MM-AQ-1** for construction of the proposed project.

Table 3.3-8. Construction Health Risk Assessment Results – Mitigated

Impact Parameter	Units	Project Impact	CEQA Threshold	Level of Significance
Cancer Risk – MEIR	Per Million	9.0	10	Less than Significant
Chronic Hazard Index – MEIR	Index Value	0.009	1.0	Less than Significant
Cancer Risk – School	Per Million	0.02	10	Less than Significant
Chronic Hazard Index – School	Index Value	0.001	1.0	Less than Significant

Source: Appendix B, Construction Health Risk Assessment Modeling.
Note: CEQA = California Environmental Quality Act.; MEIR = maximally exposed individual resident.
Includes implementation of MM-AQ-1.

After mitigation, TAC exposure from construction diesel exhaust emissions would result in a residential cancer risk below the 10 in 1 million threshold and the Chronic Hazard Index would still be less than the 1.0 threshold. The health risk at the nearby schools would be further reduced below thresholds. Therefore, after mitigation, the project would result in a less-than-significant impact related to exposure to TAC emissions during construction.

Health Effects of Criteria Pollutants

Short-term project construction would not exceed the significance thresholds for any criteria air pollutants. In addition, long-term project operational emissions would not exceed any significance thresholds.

VOCs and NO_x are precursors to O_3, for which the SCAB is designated as nonattainment with respect to the NAAQS and CAAQS. The health effects associated with O_3 include respiratory symptoms, worsening of lung disease leading to premature death, and damage to lung tissue (CARB 2025a). The contribution of VOCs and NO_x to regional ambient O_3 concentrations is the result of complex photochemistry. The increases in O_3 concentrations in the SCAB due to O_3 precursor emissions tend to be found downwind from the source

location to allow time for the photochemical reactions to occur. However, the potential for exacerbating excessive O_3 concentrations would also depend on the time of year that the VOC emissions would occur because exceedances of the O_3 CAAQS/NAAQS tend to occur between April and October when solar radiation is highest. The holistic effect of a single project's emissions of O_3 precursors is speculative due to the lack of quantitative methods to reliably and meaningfully assess this impact. However, the project would not exceed the significance thresholds for VOC or NO_x; therefore, implementation of the project would contribute minimally to regional O_3 concentrations and the associated health effects.

Health effects associated with NO_x and NO_2 (which is a constituent of NO_x) include lung irritation and enhanced allergic responses (CARB 2025b). However, because project-generated NO_x emissions would not exceed the significance threshold during construction or operations, the project would not result in potential health effects associated with NO_2 and NO_x.

Health effects associated with CO include chest pain in patients with heart disease, headache, light-headedness, and reduced mental alertness (CARB 2025c). CO tends to be a localized impact associated with congested intersections. The associated potential for CO hotspots were discussed previously and are determined to be a less-than-significant impact. Thus, the project's CO emissions would not contribute to significant health effects associated with this pollutant.

Health effects associated with particulate matter include premature death and hospitalization, primarily for worsening of respiratory disease (CARB 2025d). Construction of the project would not exceed the LSTs for PM_{10} or $PM_{2.5}$ and would not contribute to exceedances of the NAAQS and CAAQS for particulate matter or obstruct the SCAB from coming into attainment for these pollutants. Due to the minimal contribution of particulate matter during construction and operation, the project is not anticipated to result in health effects associated with PM_{10} or $PM_{2.5}$.

In summary, because implementation of the project would not result in exceedances of the SCAQMD significance thresholds during construction and operation, the potential health effects associated with criteria air pollutants are considered **less than significant with mitigation incorporated**.

MM-AQ-1 Construction Equipment Diesel Particulate Exhaust Minimization. Prior to the start of construction activities and issuance of grading permits, the City or its designee shall ensure that all diesel-powered construction equipment is equipped with a California Air Resources Board (CARB)-certified Level 3 diesel particulate filter or better.

d) Would the project result in other emissions (such as those leading to odors) adversely affecting a substantial number of people?

Less-than-Significant Impact. Based on available information, the project is not anticipated to result in other emissions that have not been addressed under Section 3.3(a) through Section 3.3(c). As such, this analysis focuses on the potential for the project to generate odors.

The analysis of other emissions is focused on the potential for an odor impact to occur. The occurrence and severity of potential odor impacts depends on numerous factors. The nature, frequency, and intensity of the source; the wind speeds and direction; and the sensitivity of the receiving location each contribute to

the intensity of the impact. Although offensive odors seldom cause physical harm, they can be annoying and cause distress among the public and generate citizen complaints.

Odors would be generated from vehicles and/or equipment exhaust emissions during construction of the project. Odors produced during construction would be attributable to concentrations of unburned hydrocarbons from tailpipes of construction equipment, architectural coatings, and asphalt pavement application. Such odors would disperse rapidly from the project site and generally occur at magnitudes that would not affect substantial numbers of people. Therefore, impacts associated with odors during construction would be considered less than significant.

Land uses and industrial operations associated with odor complaints include agricultural uses, wastewater treatment plants, food-processing plants, chemical plants, composting operations, refineries, landfills, dairies, and fiberglass molding facilities (SCAQMD 1993). The project does not propose and would not engage in any of these activities or other potential activities that would generate operational odors. The project entails construction of a stormwater capture and treatment facility and improvements to an existing park and would not create any new sources of odors during operation. Therefore, the project would result in an odor impact that is **less than significant.**

3.4 Biological Resources

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
IV. BIOLOGICAL RESOURCES – Would the project:				
a) Have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?	☐	☒	☐	☐
b) Have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?	☐	☐	☐	☒
c) Have a substantial adverse effect on state or federally protected wetlands (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
d) Interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?	☐	☐	☐	☒
e) Conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?	☐	☐	☐	☒
f) Conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan?	☐	☐	☐	☒

The following analysis relies on a biological resources assessment utilizing the most recent relevant literature, published research, maps, soil data, biological baseline information, special-status habitats, and species distribution data to assess the potential for biological resources to occur within the project site and a surrounding 100-foot buffer (the study area).

The analysis included a review of the California Department of Fish and Wildlife's California Natural Diversity Database (CDFW 2025a), the California Native Plant Society's Inventory of Rare and Endangered Plants (CNPS 2025), and the U.S. Fish and Wildlife Service's Information for Planning and Consultation (IPaC; USFWS 2025a). These sources were queried based on the U.S. Geological Survey (USGS) 7.5-minute Torrance quadrangle and the surrounding eight quadrangles (San Pedro, Redondo Beach, Venice, Inglewood, South Gate, and Long Beach).

Potential and/or historic drainages and aquatic features were evaluated through review of USGS 1:24,000-scale topographic maps, aerial imagery, the National Wetland Inventory database (USFWS 2025b), and the Natural Resources Conservation Service Web Soil Survey (USDA 2025).

Under existing conditions, the entirety of the project site consists of developed land, including partially paved surfaces and buildings. Medium to Large non-native ornamental trees are also present throughout the site.

Field Visit

Dudek biologist Eilleen Salas performed a field survey on February 10, 2025. Temperatures during the survey were between 56°F and 57°F, with 80% cloud cover, and wind speeds ranging between 4 mph and 5 mph. The biological survey included vegetation mapping, the mapping of sensitive biological resources (if present) within the project site plus survey buffer (biological study area), and an evaluation of the potential for special-status species to occur. Photograph documentation is provided in Appendix C, Biological Resources Species List.

a) Would the project have a substantial adverse effect, either directly or through habitat modifications, on any species identified as a candidate, sensitive, or special status species in local or regional plans, policies, or regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?

Less than Significant with Mitigation Incorporated. There are 48 special-status plant species and 32 special-status wildlife species with recorded occurrences in the U.S. Geologic Survey's Torrance, California 7.5-minute topographic quadrangle, in which the project is located, and surrounding eight quadrangles (CDFW 2025a; CNPS 2025; USFWS 2025a). The biological study area supports three land cover types (ornamental plantings, parks, and urban/developed), as shown on Figure 4, Vegetation Communities and Land Cover Types. Plant species observed within the site generally consisted of non-native ornamental species including tree of heaven (*Ailanthus altissima*), canary island pine (*Pinus canariensis*) London plane tree *(Platanus acerifolia*), and Bermuda grass (*Cynodon dactylon*). No special-status plants or wildlife were found to have a potential to occur due to the lack of suitable habitat (see Appendix C, Biological Resources Species List, to this MND). Wildlife species observed during the biological resources survey include common avian species found in urbanized settings such as American crow (*Corvus brachyrhynchos*), black phoebe (*Sayornis nigricans*), Anna's hummingbird (*Calypte anna*), and house finch (*Haemorhous mexicanus*).

Due to the presence of ornamental trees on the project site that can support nesting for a variety of common, native, and migratory birds, the project may result in significant direct or indirect impacts to nesting birds if project activities occur during the avian nesting season of February through August. To reduce the project's potential impacts on nesting birds to a less-than-significant level, **MM-BIO-1** recommends nesting season avoidance and pre-project nesting bird surveys if the nesting season cannot be avoided.

MM-BIO-1 Nesting Bird Avoidance. The project should avoid the avian nesting season to reduce all potential impacts to protected birds and their nests. In the event the project must commence during the nesting season (February – August), a pre-construction nesting survey should be conducted within 3 days prior to ground disturbing activities to determine the presence/absence of nesting birds. If an active nest is found on the study area, a qualified biologist will establish a buffer around the nest (up to 500 feet for raptors and 300 feet for passerine birds) and ongoing biological monitoring during construction may be required until the nestlings have fledged and the nest is no longer active. The buffer will be established by a biologist based on the sensitivity of the species to disturbance and the proximity to project activities. Construction activities may commence outside of the buffer under the discretion of a monitoring biologist. Once the monitoring biologist has determined the nest is no longer active, the buffer can be removed, and construction may continue.

b) Would the project have a substantial adverse effect on any riparian habitat or other sensitive natural community identified in local or regional plans, policies, regulations, or by the California Department of Fish and Wildlife or U.S. Fish and Wildlife Service?

No Impact. The proposed project site is within a highly developed and urbanized area lacking natural or native vegetation communities. There are no riparian habitats or other sensitive natural communities identified in local or regional plans, policies, or regulations or by the California Department of Fish and Wildlife or the U.S. Fish and Wildlife Service that were identified on the project site. As such, impacts to

these biological resources would not occur as a result of the project. Therefore, the project would have **no impacts** to riparian habitats or other sensitive natural communities.

c) Would the project have a substantial adverse effect on state or federally protected wetlands (including, but not limited to, marsh, vernal pool, coastal, etc.) through direct removal, filling, hydrological interruption, or other means?

No Impact. The project site is developed and urbanized with no riparian habitat present. No permanent or ephemeral natural drainages or watercourses, water bodies, or other resources associated with wetland and non-wetland waters are located on the project site. The project site does not contain any federal jurisdictional wetlands or support any aquatic resources regulated by the U.S. Army Corps of Engineers, Los Angeles Regional Water Quality Control Board, or California Department of Fish and Wildlife as jurisdictional waters of the United States or waters of the state. Therefore, **no impacts** associated with state or federally protected wetlands would occur.

d) Would the project interfere substantially with the movement of any native resident or migratory fish or wildlife species or with established native resident or migratory wildlife corridors, or impede the use of native wildlife nursery sites?

No Impact. Meffe and Carrol (1997) define wildlife movement corridors, also referred to as dispersal corridors or landscape linkages, as linear features along which animals can travel from one habitat or resource area to another. According to the California Natural Diversity Database search, the project site does not contain any greenbelts for wildlife movement or native vegetation capable of supporting the movement of wildlife, particularly corridors that facilitate movement of species between larger stands of native habitat. The proposed project is within a highly urbanized area lacking habitat that could provide opportunities for wildlife movement. Construction of the proposed project would not result in encroaching onto or impeding the use of a wildlife corridor or nursery site that local wildlife could use. Therefore, the proposed project would have **no impact** on wildlife movement corridors or wildlife nursery sites.

e) Would the project conflict with any local policies or ordinances protecting biological resources, such as a tree preservation policy or ordinance?

No Impact. The removal of City-owned trees or shrubs that occur within the public right-of-way would be required to comply with all applicable provisions in the City of Carson's Tree Preservation and Protection Ordinance. However, the proposed project does not include the removal of any trees within the Study Area. Therefore, **no impacts** associated with local policies or ordinances would occur.

f) Would the project conflict with the provisions of an adopted Habitat Conservation Plan, Natural Community Conservation Plan, or other approved local, regional, or state habitat conservation plan?

No Impact. The biological study area is not within any habitat conservation plan, natural community conservation plan, or other approved local, regional, or state habitat conservation plan (CDFW 2019). As such, the project would not conflict with the provisions of an adopted conservation plan and **no impact** would occur.

3.5 Cultural Resources

		Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
V.	**CULTURAL RESOURCES** – Would the project:				
a)	Cause a substantial adverse change in the significance of a historical resource pursuant to Section 15064.5?	☐	☐	☐	☒
b)	Cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?	☐	☒	☐	☐
c)	Disturb any human remains, including those interred outside of formal cemeteries?	☐	☐	☒	☐

The analysis contained within this section is based on the Cultural Resources Inventory Report prepared for the project by Dudek in April 2025 (Appendix D).

a) Would the project cause a substantial adverse change in the significance of a historical resource pursuant to Section 15064.5?

No Impact. Historic-age structures are those that are built more than 45 years ago and, therefore, have the potential to be considered historical resources pursuant to Section 15064.5 of the CEQA Guidelines. While some historical resources are also considered archaeological resources, such resources are addressed in Section 2.5(b), as part of the discussion of archaeological resources.

No historical resources were identified in the project site based on the analysis of historic aerial photographs (1952–2022), historic topographic maps (1886–2021), or archival background research (NETR 2025). In its current extent, the baseball/softball fields, tennis courts, and associated structures do not meet the minimum age threshold to be considered an historical resource under CEQA.

On December 19, 2024, Dudek conducted a records search of the California Historical Resources Information System (CHRIS) database at the South Central Coastal Information Center (SCCIC), located on the campus of California State University, Fullerton, in Fullerton, California. The records search results identified a total of 17 previous cultural resources studies that have been conducted within 1 mile of the project (Table 3.5-1); one cultural resource inventory (LA-04512) covers the entirety of the project site.

Report LA-04512 is a Cultural Resources Inventory of the City of Carson, California (Appendix D) that documents the results of an inventory and evaluation of the cultural heritage resources located within the bounds of the City of Carson. The report was drafted by A.V. Eggers, consulting archaeologist, and consisted of an archival records search, literature review, pedestrian survey, data evaluation and report preparation. The study area overlaps 100% with the project site. During the pedestrian survey, 8 prehistoric resources were recorded, and 15 historic-era resources were recorded or updated. Three of the cultural resources

identified in support of this project fall within the records search 1-mile radius of the currently proposed project. No project-specific management recommendations were proposed for areas adjacent to Calas Park or the other currently proposed work areas but instead reiterated current regulations regarding the treatment of cultural resources.

The CHRIS records search results identified five previously recorded cultural resources within a 1-mile radius of the project site, and none of these resources are located within or are adjacent to the project site (Table 3.5.2).

Note: CRHR = California Register of Historic Resources.

Dudek Archaeologist Ryan Glenn, MA, RPA, conducted a reconnaissance-level pedestrian survey of the project site on January 17, 2025. The pedestrian survey employed standard archaeological procedures and techniques consistent with the Secretary of the Interior's Standards for an archaeological resources inventory. Wherever possible, the survey was conducted in parallel transects, spaced no more than 5 meters apart. Due to the majority of the project site being fully developed with paved parking lots and existing structures, an opportunistic method of examining any visible ground surface was required. Where visible, the ground surface was examined for prehistoric artifacts (e.g., flaked stone tools, tool-making debris, stone milling tools, ceramics, fire-affected rock, imported marine shell), soil discoloration that might indicate the presence of a cultural midden, soil depressions, features indicative of the current or former presence of structures or buildings (e.g., standing exterior walls, post holes, foundations), and historic

artifacts (e.g., metal, glass, ceramics, building materials). Ground disturbances such as rodent/reptile burrows and drainages were also visually inspected for exposed subsurface materials.

When the survey was conducted, the project site was more than 40% developed and covered with either pavement or buildings. Ground surface visibility within the existing project site was variable, with none to fair visibility. Areas that provided some surface visibility included landscaped areas around and within the parking lot, open space south of the parking lot, and the baseball/softball diamonds measuring approximately 98 meters by 122 meters. These areas contained both areas with no vegetation and areas with dense grasses and provided fair to good ground surface visibility. No cultural resources were identified during the pedestrian survey of the project site. As such, there would be **no impact.**

b) Would the project cause a substantial adverse change in the significance of an archaeological resource pursuant to Section 15064.5?

Less Than Significant Impact with Mitigation Incorporated. The analysis of project impacts on archaeological resources is primarily based on the results of the SCCIC records search, review of historic maps and aerial images, and the pedestrian survey. A review of the historic aerials reveals that the project site has undergone ground-disturbing activities to create and maintain the baseball/softball fields, tennis courts, parking lot, and associated structures over the last 40 years. Prior to that, the project site underwent ground-disturbing activities to support a containment pond, and structures utilized for staging of used cars and other equipment (NETR 2025).

Dudek contacted the Native American Heritage Commission (NAHC) on January 30, 2025, and requested a review of their Sacred Lands File (SLF) for the proposed project site. The SLF consists of a database of known Native American cultural resources. These resources may not be included in the SCCIC database and depicted in the records search results. The NAHC replied via email correspondence on February 11, 2025, stating that the SLF search was completed with negative results. The NAHC additionally provided a list of Native American individuals and/or tribal organizations that should be contacted for more information on potential tribal sensitivities regarding the currently proposed project.

Based on the negative results of the SCCIC records search, NAHC SLF request, and pedestrian survey, the project would not cause a substantial adverse change in the significance of an archaeological resource pursuant to CEQA Guidelines Section 15064.5. However, there are previously recorded prehistoric resources located within the 1-mile record search radius and due to the landscaping and grading that has occurred because of the development of the park it is difficult to determine the presence or absence of subsurface archaeological deposits based on surface observations. Additionally, based on the results of the geotechnical analysis there is a possibility of encountering intact foundations over 50 years in age and the presence of alluvium, which has a moderate potential for supporting the presence of subsurface archaeological deposits. Therefore, the following mitigation measures, **MM-CUL-1**, **MM-CUL-2**, and **MM-CUL-3**, are recommended to ensure that the potential for impacts to unknown archaeological resources would be appropriately addressed and reduced to less-than-significant levels.

MM-CUL-1 Archaeological Monitoring. Prior to ground disturbance activities, the City and/or subsequent responsible parties should retain a Principal Investigator/Archaeologist, meeting the Secretary of the Interior's Standards, and with experience in California prehistoric and historic resources (experience within Los Angeles County preferred), to complete the

following: compose a Cultural Resource Monitoring and Inadvertent Discovery Plan (Plan), manage archaeological monitoring, and address any inadvertent discoveries identified during project implementation. Proof of retainment of the Principal Investigator/Archaeologist should be provided to the City prior to the granting of a grading permit. The purpose of the Plan is to outline cultural monitoring (archaeological and Native American/tribal) protocols and a program of treatment and mitigation in the case of an inadvertent discovery of cultural (archaeological or Native American/tribal) resources during ground-disturbing phases and to provide for the proper identification, evaluation, treatment, and protection of any cultural resources in accordance with CEQA throughout the duration of the project. Existence and importance of adherence to this Plan should be stated on all project site plans intended for use by those conducting the ground-disturbing activities.

The Principal Investigator/Archaeologist should manage archaeological monitoring conducted by archaeological technicians during initial ground disturbances. Initial excavation is defined as initial construction-related earth moving of sediments from their place of deposition. As it pertains to cultural monitoring (archaeological or Native American/tribal), this definition excludes movement of sediments after they have been initially disturbed or displaced by project-related construction. The retained Principal Investigator/Archaeologist should oversee and establish monitoring efforts as needed (increase, decrease, or discontinue monitoring frequency) based on the observed potential for construction activities to encounter cultural deposits or material. Project monitoring may be adjusted based on observed surface conditions if sediments appear unlikely to contain buried intact cultural resources. The archaeological monitor should be responsible for maintaining daily monitoring logs. The requirement for archaeological monitoring should be noted on all construction plans to ensure implementation. Upon completion of all ground-disturbing activities, an archaeological monitoring report should be prepared within 60 days following completion of ground disturbance and submitted to the City for review. This report should document compliance with approved cultural mitigation, all monitoring efforts, and include an appendix with daily monitoring logs. The final report should be submitted to the City and the South Central Coastal Information Center.

MM-CUL-2 Workers Environmental Awareness Program (WEAP) Training. All construction personnel and monitors who are not trained archaeologists should be briefed regarding unanticipated discoveries prior to the start of ground-disturbing activities. A basic presentation should be prepared and presented by a qualified archaeologist to inform all personnel working on the project about the archaeological sensitivity of the area. The purpose of the WEAP training is to provide specific details on the kinds of archaeological materials that may be identified during construction of the project and explain the importance of and legal basis for the protection of significant cultural (archaeological or Native American/tribal) resources. Each worker should also be instructed on the proper procedures to follow in the event that cultural resources or human remains are uncovered during ground-disturbing activities. These procedures include work curtailment or redirection, and the immediate contact of the on-call archaeologist and if appropriate, tribal representative. Necessity of training attendance should be stated on all project site plans intended for use by those conducting the ground-disturbing activities.

MM-CUL-3 Unanticipated Discovery of Archaeological Resources. In the event that archaeological resources (sites, features, or artifacts) are exposed during construction activities for the project, all construction work occurring within 100 feet of the find shall immediately stop until a qualified archaeologist meeting the Secretary of the Interior's Professional Qualification Standards can evaluate the significance of the find. Construction activities may continue in other areas but should be redirected a safe distance from the find. If the new discovery is evaluated and found to be significant under CEQA and avoidance is not feasible, additional work such as data recovery may be warranted. A data recovery plan shall be developed by the qualified archaeologist in consultation with the City and Native American representatives, if applicable. Ground disturbance can continue only after the resources has been properly mitigated and with approval by the City.

c) Would the project disturb any human remains, including those interred outside of formal cemeteries?

Less Than Significant Impact. As discussed above, the project site has undergone maintenance and modification over the past 70+ years of operation. No prehistoric or historic-period burials, including those interred outside of formal cemeteries, were identified within the project site as a result of the CHRIS records search, NAHC SLF search, or archival background research. Based on the results of the previous research and ground-disturbing activities, the potential for human remains to exist within the project site is considered unlikely. However, it is possible that unknown human remains could be encountered during ground disturbance activities associated with project construction.

In the event that human remains are inadvertently encountered during construction activities, the remains and associated resources must be treated in accordance with state and local regulations that provide requirements with regard to the accidental discovery of human remains, including California Health and Safety Code Section 7050.5, California Public Resources Code Section 5097.98, and CEQA Guidelines Section 15064.5(e). In accordance with these regulations, if human remains are found, the County Coroner must be immediately notified of the discovery. No further excavation or disturbance of the project site or any nearby area (within 100 feet of the find) reasonably suspected to overlie adjacent remains must occur until the County Coroner has determined if the remains are potentially human in origin. If the County Coroner determines that the remains are, or are believed to be, Native American, he or she is required to immediately notify the NAHC. The NAHC must immediately notify those persons it believes to be the most likely descendant from the deceased Native American. The most likely descendant must then complete their inspection and determine, in consultation with the property owner, the treatment and disposition of the human remains. Therefore, compliance with state and local regulations identified above would ensure that the project would result in a **less-than-significant impact** related to the inadvertent disturbance of any human remains.

3.6 Energy

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
VI. Energy – Would the project:				
a) Result in potentially significant environmental impact due to wasteful, inefficient, or unnecessary consumption of energy resources, during project construction or operation?	☐	☐	☒	☐
b) Conflict with or obstruct a state or local plan for renewable energy or energy efficiency?	☐	☐	☒	☐

a) Would the project result in potentially significant environmental impact due to wasteful, inefficient, or unnecessary consumption of energy resources, during project construction or operation?

Less-than-Significant Impact. Project implementation would result in energy use for construction and operation, including use of electricity and petroleum-based fuels. The following analysis evaluates the potential wasteful, inefficient, or unnecessary consumption of these energy sources during construction and operation.

Construction Energy Use

Electricity

Electricity consumed during project construction would vary throughout the construction period based on the construction activities being performed. Various construction activities would require electricity, including conveying water that would be used for dust control (supply and conveyance), powering any necessary lighting or electronic equipment, or other construction activities necessitating electrical power. Such electricity demand would be temporary, nominal, and would cease upon the completion of construction. Therefore, the use of electricity during project construction would not be wasteful, inefficient, or unnecessary.

Natural Gas

There would be no natural gas used during construction. Equipment and vehicles would be powered by petroleum-based fuels as discussed below. Therefore, the use of natural gas during project construction would not be wasteful, inefficient, or unnecessary.

Petroleum-Based Fuels

Construction of the project would consume energy resources as a result of the use of heavy-duty construction equipment, on-road delivery and haul trucks, and workers commuting to and from the project

site. Petroleum emissions associated with the use of construction equipment and vehicles, which were used to calculate gallons of petroleum consumed, were calculated using CalEEMod and are provided in Appendix C, Biological Resources Species List. Fuel consumption from construction equipment was estimated by converting the total carbon dioxide (CO_2) emissions from each construction phase to gallons using the conversion factors for CO_2 to gallons of gasoline or diesel. The conversion factor for gasoline is 8.78 kilograms per metric ton (MT) CO_2 per gallon, and the conversion factor for diesel is 10.21 kilograms per MT CO_2 per gallon (The Climate Registry 2025). The estimated fuel usage from construction of the project is shown in Table 3.6-1.

Table 3.6-1. Total Proposed Project Construction Petroleum Demand

Scenario	Off-Road Equipment (diesel)	Haul Trucks (diesel)	Vendor Trucks (diesel)	Worker Vehicles (gasoline)
	Gallons			
Project Construction	58,192	3,444	1,156	3,594
Total Petroleum Consumed for Project Construction				66,386

Source: Appendix E, Energy Calculations.

In summary, construction associated with the development of the project is estimated to consume a total of approximately 66,386 gallons of petroleum. The project would be subject to CARB's In-Use Off-Road Diesel Vehicle Regulation that applies to certain off-road diesel engines, vehicles, or equipment greater than 25 horsepower. The regulation (1) imposes limits on idling, requires a written idling policy, and requires a disclosure when selling vehicles; (2) requires all vehicles to be reported to CARB (using the Diesel Off-Road Online Reporting System) and labeled; (3) restricts the adding of older vehicles into fleets starting on January 1, 2014; and (4) requires fleets to reduce their emissions by retiring, replacing, or repowering older engines or installing Verified Diesel Emission Control Strategies (i.e., exhaust retrofits). The fleet must either show that its fleet average index was less than or equal to the calculated fleet average target rate, or that the fleet has met the Best Achievable Control Technology requirements.

Overall, while construction activities would consume petroleum-based fuels, consumption of such resources would be temporary and would cease upon the completion of construction. Further, the petroleum consumed related to construction would be typical of construction projects of similar types and sizes and would not necessitate new petroleum resources beyond what are typically consumed in California. Therefore, because petroleum use during project construction would be temporary and minimal and would not be wasteful or inefficient, impacts would be **less than significant**.

Operational Energy Use

Once construction is complete, operation of the proposed project would involve routine maintenance activities performed by the City. The proposed park improvements would not expand the footprint of the park or result in a major expansion of facilities that would induce substantial demand or park users. Overall, the project would result in minimal energy consumption during operation.

Petroleum fuel consumption associated with motor vehicles is a function of the vehicle miles traveled (VMT) and fuel efficiency. Utilizing the same methodology for construction petroleum use, operation of the project would lead to an incremental increase of approximately 159 gallons of diesel and 720 gallons of gasoline

per year for a total of 879 gallons of petroleum per year. By comparison, Los Angeles County consumed approximately 2.3 billion gallons of gasoline in 2022 (CEC 2025a). The energy used for maintenance purposes would be minimal and would decrease over time, as staff vehicles and equipment become increasingly efficient, as there are numerous regulations in place that require and encourage increased fuel efficiency. For example, CARB has adopted a new approach to passenger vehicles by combining the control of smog-causing pollutants and greenhouse gas (GHG) emissions into a single coordinated package of standards. The new approach also includes efforts to support and accelerate the numbers of plug-in hybrids and zero-emission vehicles in California (CARB 2025e).

Electricity consumption from the operation of electric pumps would be approximately 86,585 kilowatt-hours (kWh) per year. For context, local electricity demand in Los Angeles County was approximately 68 billion kWh in 2022 (CEC 2025b). Overall, the increase in electricity demand would be minimal and would not be considered inefficient, wasteful, or unnecessary, and impacts would be less than significant. As such, the project's operational energy use would be **less than significant**.

*b) **Would the project conflict with or obstruct a state or local plan for renewable energy or energy efficiency?***

Less-than-Significant Impact. The project would be subject to and would comply with, at a minimum, the California Building Energy Efficiency Standards (24 CCR Part 6 and Part 11), where applicable. These energy efficiency standards are reviewed every 3 years by the Building Standards Commission and the California Energy Commission and are revised if necessary (PRC Section 25402[b][1]). Part 6 of Title 24 establishes energy efficiency standards for non-residential buildings constructed in California in order to reduce energy demand and consumption. Part 11 of Title 24 sets forth voluntary and mandatory energy measures that are applicable to the project under the California Green Building Standards. Overall, impacts related to the project's potential to conflict with plans for renewable energy and energy efficiency would be **less than significant**.

3.7 Geology and Soils

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
VII. GEOLOGY AND SOILS – Would the project:				
a) Directly or indirectly cause potential substantial adverse effects, including the risk of loss, injury, or death involving:				
i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.	☐	☐	☒	☐
ii) Strong seismic ground shaking?	☐	☐	☒	☐

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
iii) Seismic-related ground failure, including liquefaction?	☐	☐	☒	☐
iv) Landslides?	☐	☐	☐	☒
b) Result in substantial soil erosion or the loss of topsoil?	☐	☐	☒	☐
c) Be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?	☐	☐	☒	☐
d) Be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial direct or indirect risks to life or property?	☐	☐	☒	☐
e) Have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?	☐	☐	☐	☒
f) Directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?	☐	☒	☐	☐

a) Would the project directly or indirectly cause potential substantial adverse effects, including the risk of loss, injury, or death involving:

i) Rupture of a known earthquake fault, as delineated on the most recent Alquist-Priolo Earthquake Fault Zoning Map issued by the State Geologist for the area or based on other substantial evidence of a known fault? Refer to Division of Mines and Geology Special Publication 42.

and

ii) Strong seismic ground shaking?

Less-than-Significant Impact. The project site is located within a seismically active region, as is most of the Southern California region. The project would likely be exposed to seismic ground shaking at multiple points in the future. The intensity of ground shaking at any specific location within the region depends on the characteristics of the earthquakes, the distance from the earthquake epicenter, and the local geologic and soil conditions. Earthquake fault zones are delineated boundaries encompassing active faults that constitute potential hazards to structures from surface faulting or fault creep (DOC 2018).

The project site is not located within an Alquist-Priolo Earthquake Fault Zone; the nearest faults are the Avalon-Compton Fault located approximately 2.9 miles east of the project site, the Cherry Hill Fault located approximately 3.1 miles east of the project site, and the Northeast Flank Fault located approximately 5.6 miles southeast of the project site (DOC 2025b). Although the project is not located within a delineated earthquake fault zone, it is located within a seismically active region. However, project construction and operation would not increase or exacerbate the potential for fault rupture to occur. Therefore, the project would not directly or indirectly cause potential adverse effects involving rupture of a known earthquake fault, and impacts would be **less than significant**.

iii) Seismic-related ground failure, including liquefaction?

Less-than-Significant Impact. Ground failure is a secondary effect of ground shaking and can include landslides, liquefaction, lurching, and differential settlement. Liquefaction is the loss of soil strength due to seismic forces generating various types of ground failure. Liquefaction occurs when saturated and poorly consolidated granular material is shaken during an earthquake and is transformed into a fluid-like state.

According to maps obtained through the California Department of Conservation and California Geological Survey, a majority of the site is not located in a liquefaction zone except for a small portion in the northeast corner of the park (DOC 2024b). The project's geotechnical investigation determine that based on the soil types and densities encountered in borings, the potential for liquefaction and dynamic settlement at the site is considered low. Full project design would include engineering design standards associated with seismic events, including liquefaction. Standard design and construction techniques such as spread footings, mat foundations, or other design considerations would be incorporated per California Building Code requirements, minimizing hazards due to liquefaction. Therefore, impacts would be **less than significant**.

iv) Landslides?

No Impact. Landslides typically occur on moderate to steep slopes that are affected by such physical factors as slope height, slope steepness, shear strength, and orientation of weak layers in the underlying geologic units. The project site and surroundings are generally flat with soils stabilized by development and landscaping. The project would not result in the creation of moderate to steep slopes that may become susceptible to landslides. As such, **no impact** would occur.

b) Would the project result in substantial soil erosion or the loss of topsoil?

Less-than-Significant Impact. Construction of the project would require earthwork activities that could potentially contribute to soil erosion or loss of topsoil. Construction of the project would result in more than 1 acre of land disturbance; therefore, a site-specific SWPPP in accordance with State Water Resources Control Board Order No. 2009 0008 DWQ, National Pollutant Discharge Elimination System General Permit No. CAS00002 (Construction General Permit), amended by Order No. 2010-0014-DWQ and Order No. 2012-0006-DWQ, would be prepared and implemented during project construction. One of the purposes of the SWPPP is to address potential pollutants and their sources, including sources of sediment and site erosion. Conditions of these existing regulations would include adherence to sediment and stormwater pollutant control BMPs, such as covering of exposed soil stockpiles, sediment barriers, storm drain protection, and various other measures designed to minimize potential for soil erosion and loss of

topsoil. Disturbed areas would be returned to existing conditions or stabilized by new field replacement, asphalt, or landscape plantings. Operation of the proposed stormwater capture and treatment facility would not affect erosion. Therefore, the project would not result in substantial soil erosion of the loss of topsoil and impacts would be **less than significant**.

c) Would the project be located on a geologic unit or soil that is unstable, or that would become unstable as a result of the project, and potentially result in on- or off-site landslide, lateral spreading, subsidence, liquefaction or collapse?

Less-than-Significant Impact. As previously discussed, the project site does not contain soils susceptible to liquefaction. Full project design would include continued geotechnical investigations to inform final design and construction of the project relative to minimization of potential geotechnical risks, including soil stability, per applicable California Building Code requirements. Therefore, the project would not exacerbate geotechnical hazards related to unstable soils and impacts would be **less the significant**.

d) Would the project be located on expansive soil, as defined in Table 18-1-B of the Uniform Building Code (1994), creating substantial direct or indirect risks to life or property?

Less-than-Significant Impact. Expansive soils are clay-based and tend to increase in volume due to water absorption and decrease in water volume due to drying. Full project design would include continued geotechnical investigations including sampling and analysis of soils on site. If such conditions are encountered, the project would employ standard engineering protocols to limit the potential effects on project-related infrastructure. Therefore, impacts would be **less than significant**.

e) Would the project have soils incapable of adequately supporting the use of septic tanks or alternative waste water disposal systems where sewers are not available for the disposal of waste water?

No Impact. The project would not involve the use of septic tanks or alternative wastewater disposal systems. Therefore, **no impact** would occur.

f) Would the project directly or indirectly destroy a unique paleontological resource or site or unique geologic feature?

Less-than-Significant Impact with Mitigation. Paleontological resources are the remains or traces of plants and animals that are preserved in Earth's crust, and per the Society of Vertebrate Paleontology (SVP 2010) guidelines, are older than written history or older than approximately 5,000 years, which approximates the middle Holocene. They are limited, nonrenewable resources of scientific and educational value, which are afforded protection under state laws and regulations.

According to surficial geologic mapping by Dibblee et al. (1999) at a scale of 1:24,000 and by Saucedo et al. (2016) at a scale of 1:100,000, and the geologic time scale of Cohen et al. (2024), the project site is underlain by late Holocene (present to 4,200 years ago) alluvium (map unit Qa) and early Holocene (8,200 to 11,700 years ago) alluvium that has been slightly elevated and dissected (map unit Qae). Saucedo et al. (2016) shows the area underlain by early Holocene to late Pleistocene (8,200 to 129,000 years ago) young alluvial fan deposits, undivided (map unit Qyf) and late Pleistocene (11,700 to 129,000 years ago) old alluvium, undivided (map unit Qoa). Geotechnical borings conducted by Ninyo & Moore (2025) show

alluvium underlying fill. At approximately 7.5 feet below ground surface, small amounts of caliche were encountered within several boreholes, which may be an indicator of older (e.g., Pleistocene age) sediments. Fill was generally encountered to a depth of approximately 2.5 feet and up to 6 feet below the ground surface (bgs) in one borehole. The retention basin has an anticipated excavation of up to 20 feet bgs, pipelines up to 10 feet of excavation, and bioswales up to 5 feet of excavation (Ninyo & Moore 2025).

Dudek requested a paleontological records search from the Natural History Museum of Los Angeles County (NHMLA) on December 6, 2024, and the results were received on March 9, 2025. The NHMLA reported no vertebrate fossil localities from within the proposed project site; however, they did nearby localities from similar sediments that likely underlie the project site on the surface and at depth. Nearby localities reported by the NHMLA are as follows (closest locality listed first): LACM VP 4129, approximately 1.15 miles southeast of the project site, yielded a camel and a proboscidean (e.g., mammoths and mastodons) from 24 feet bgs; LACM VP 3319, approximately 1.73 miles northeast of the project site, produced a mammoth from 30 feet bgs; LACM IP 4788/4806/20338, approximately 2.22 miles southwest of the project site, yielded invertebrates; and LACM IP 21125, approximately 2.93 miles northwest of the project site, produced invertebrates. All localities were found in Pleistocene age sedimentary deposits (unnamed Quaternary sedimentary deposits and the San Pedro Formation (NHMLA 2025- Confidential Appendix F). The San Pedro Formation likely underlies the project site at an undetermined depth bgs.

A search of online paleontological databases and previous localities reported for other projects in the area produced three nearby localities, all from the Palos Verdes Sand, which is not anticipated to be impacted based on anticipated construction plans for the project. Fossil locality LACM IP 129, approximately 2.01 miles south/southwest, produced invertebrates from 20 feet bgs; LACM VP 3085 and LACM IP 77, approximately 2.31 miles southwest, included fish, rays, a toothed whale, and invertebrates; CIT 484, approximately 2.84 miles northwest, produced a fossil seal (PBDB 2025; NHMLA 2025).

No paleontological resources were identified within the project site as a result of the institutional records search or desktop geological and paleontological review. In addition, the project site is not anticipated to be underlain by unique geologic features. Areas of the project site underlain by Holocene age deposits have low paleontological sensitivity increasing to high sensitivity with depth, where middle Holocene and Pleistocene age deposits have high paleontological sensitivity. If intact paleontological resources are discovered on site, ground-disturbing activities associated with construction of the project have the potential to destroy a unique paleontological resource or site. As such, the project site is considered to be potentially sensitive for paleontological resources, and without mitigation, the potential damage to paleontological resources during construction associated with the project is considered a potentially significant impact. With the implementation of **MM-GEO-1**, impacts would be reduced to a less-than-significant level.

MM-GEO-1 Prior to commencement of any grading activity on site, the City shall retain a qualified paleontologist per the Society of Vertebrate Paleontology (SVP) (2010) guidelines. The paleontologist shall prepare a Paleontological Resources Impact Mitigation Program (PRIMP) for the project. The PRIMP shall be consistent with the SVP (2010) guidelines and should outline requirements for preconstruction meeting attendance and worker environmental awareness training; where monitoring is required within the proposed project site based on construction plans and/or geotechnical reports; procedures for adequate paleontological monitoring and discoveries treatment; and paleontological

methods (including sediment sampling for microvertebrate fossils), reporting, and collections management. The qualified paleontologist shall attend the preconstruction meeting and a qualified paleontological monitor shall be on site during all rough grading and other significant ground-disturbing activities (including augering) in previously undisturbed, middle Holocene and Pleistocene age alluvial deposits. In the event that paleontological resources (e.g., fossils) are unearthed during grading, the paleontological monitor will temporarily halt and/or divert grading activity to allow recovery of paleontological resources. The area of discovery will be roped off with a 50-foot radius buffer. Once documentation and collection of the find is completed, the monitor will remove the rope and allow grading to recommence in the area of the find.

3.8 Greenhouse Gas Emissions

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
VIII. GREENHOUSE GAS EMISSIONS – Would the project:				
a) Generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment?	☐	☐	☒	☐
b) Conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases?	☐	☐	☒	☐

a) Would the project generate greenhouse gas emissions, either directly or indirectly, that may have a significant impact on the environment?

Less-than-Significant Impact. GHGs are those that absorb infrared radiation (i.e., trap heat) in the Earth's atmosphere. The trapping and buildup of heat in the atmosphere near the Earth's surface (the troposphere) is referred to as the "greenhouse effect" and is a natural process that contributes to the regulation of the Earth's temperature, creating a livable environment on Earth. The Earth's temperature depends on the balance between energy entering and leaving the planet's system, and many factors (natural and human) can cause changes in Earth's energy balance. Human activities that generate and emit GHGs into the atmosphere increase the amount of infrared radiation that gets absorbed before escaping into space, thus enhancing the greenhouse effect and causing the Earth's surface temperature to rise. This rise in temperature has led to large-scale changes to the Earth's system (e.g., temperature, precipitation, wind patterns), which are collectively referred to as climate change. Global climate change is a cumulative impact; a project contributes to this impact through its incremental contribution combined with the cumulative increase of all other sources of GHGs. Thus, GHG impacts are recognized exclusively as cumulative impacts (CAPCOA 2008).

As defined in California Health and Safety Code Section 38505(g) for purposes of administering many of the state's primary GHG emissions reduction programs, GHGs include CO_2, methane (CH_4), nitrous oxide (N_2O), hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride, and nitrogen trifluoride (see also CEQA Guidelines Section 15364.5). The primary GHGs that would be emitted by project-related construction and operations include CO_2, CH_4, and N_2O.[9]

The Intergovernmental Panel on Climate Change developed the global warming potential (GWP) concept to compare the ability of each GHG to trap heat in the atmosphere relative to another gas. The reference gas used is CO_2; therefore, GWP-weighted emissions are measured in MT of CO_2 equivalent (CO_2e). The current version of CalEEMod assumes that the GWP for CH_4 is 25 (so emissions of 1 MT of CH_4 are equivalent to emissions of 25 MT of CO_2), and the GWP for N_2O is 298, based on the Intergovernmental Panel on Climate Change's Fourth Assessment Report (IPCC 2007).

Section 15064.7(c) of the CEQA Guidelines specifies that "when adopting thresholds of significance, a lead agency may consider thresholds of significance previously adopted or recommended by other public agencies, or recommended by experts, provided the decision of the lead agency to adopt such thresholds is supported by substantial evidence." The CEQA Guidelines do not prescribe specific methodologies for performing an assessment, establish specific thresholds of significance, or mandate specific mitigation measures. Rather, the CEQA Guidelines emphasize the lead agency's discretion to determine the appropriate methodologies and thresholds of significance that are consistent with the manner in which other impact areas are handled in CEQA (CNRA 2009).

As discussed in Section 3.3, Air Quality, the proposed project is located within the jurisdictional boundaries of the SCAQMD. In October 2008, the SCAQMD proposed recommended numeric CEQA significance thresholds for GHG emissions for lead agencies to use in assessing GHG impacts of residential and commercial development projects as presented in its Draft Guidance Document—Interim CEQA Greenhouse Gas (GHG) Significance Threshold (SCAQMD 2008b). This document, which builds on the California Air Pollution Control Officers Association's previous guidance, explored various approaches for establishing a significance threshold for GHG emissions. The draft interim CEQA thresholds guidance document was not adopted or approved by the Governing Board. However, in December 2008, the SCAQMD adopted an interim 10,000 MT CO_2e per-year screening level threshold for stationary source/industrial projects for which the SCAQMD is the lead agency (SCAQMD 2010). The 10,000 MT CO_2e per-year threshold, which was derived from GHG reduction targets established in Executive Order S-3-05, was based on the conclusion that the threshold was consistent with achieving an emissions capture rate of 90% of all new or modified stationary source projects.

The SCAQMD formed a GHG CEQA Significance Threshold Working Group to work with SCAQMD staff on developing GHG CEQA significance thresholds until statewide significance thresholds or guidelines are established. From December 2008 to September 2010, the SCAQMD hosted working group meetings and revised the draft threshold proposal several times, although it did not officially provide these proposals in a subsequent document. The SCAQMD has continued to consider adoption of significance thresholds for residential and general land use development projects. The most recent proposal issued by SCAQMD,

[9] Emissions of hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride, and nitrogen trifluoride are generally associated with industrial activities, including the manufacturing of electrical components and heavy-duty air conditioning units and the insulation of electrical transmission equipment (substations, power lines, and switch gears). Therefore, emissions of these GHGs were not evaluated or estimated in this analysis because the project would not include these activities or components and would not generate hydrofluorocarbons, perfluorocarbons, sulfur hexafluoride, or nitrogen trifluoride in measurable quantities.

issued in September 2010, uses the following tiered approach to evaluate potential GHG impacts from various uses (SCAQMD 2010):

Tier 1. Determine if CEQA categorical exemptions are applicable. If not, move to Tier 2.

Tier 2. Consider whether or not the proposed project is consistent with a locally adopted GHG reduction plan that has gone through public hearing and CEQA review, that has an approved inventory, includes monitoring, etc. If not, move to Tier 3.

Tier 3. Consider whether the project generates GHG emissions in excess of screening thresholds for individual land uses. The 10,000 MT CO_2e per-year threshold for industrial uses would be recommended for use by all lead agencies. Under option 1, separate screening thresholds are proposed for residential projects (3,500 MT CO_2e per year), commercial projects (1,400 MT CO_2e per year), and mixed-use projects (3,000 MT CO_2e per year). Under option 2, a single numerical screening threshold of 3,000 MT CO_2e per year would be used for all non-industrial projects. If the project generates emissions in excess of the applicable screening threshold, move to Tier 4.

Tier 4. Consider whether the project generates GHG emissions in excess of applicable performance standards for the project service population (population plus employment). The efficiency targets were established based on the goal of AB 32 to reduce statewide GHG emissions to 1990 levels by 2020. The 2020 efficiency targets are 4.8 MT CO_2e per-service population for project-level analyses and 6.6 MT CO_2e per-service population for plan-level analyses. If the project generates emissions in excess of the applicable efficiency targets, move to Tier 5.

Tier 5. Consider the implementation of CEQA mitigation (including the purchase of GHG offsets) to reduce the project efficiency target to Tier 4 levels.

To determine the proposed project's potential to generate GHG emissions that would have a significant impact on the environment, its GHG emissions were compared to the SCAQMD 3,000 MT CO_2e per year screening threshold recommended for non-industrial projects.

Construction Emissions

Construction of the project would result in GHG emissions, which are primarily associated with off-road construction equipment, on-road haul and vendor trucks, and worker vehicles. The SCAQMD recommends that "construction emissions be amortized over a 30-year project lifetime, so that GHG reduction measures will address construction GHG emissions as part of the operational GHG reduction strategies" (SCAQMD 2008b). CalEEMod was used to calculate the annual GHG emissions based on the construction scenario described in Section 3.3, Air Quality. Table 3.8-1 presents the GHG emissions resulting from construction of the project. For further detail on the assumptions and results of this analysis, please refer to Appendix A, Air Quality and Greenhouse Gas Modeling.

Table 3.8-1. Estimated Annual Construction Greenhouse Gas Emissions

Year	CO_2	CH_4	N_2O	R	CO_2e
	Metric Tons				
2026	183.32	0.01	<0.01	0.02	184.61
2027	489.34	0.02	0.01	0.07	492.81
				Total	**677.42**
				Amortized Construction Emissions (Over 30-Years)	*22.58*

Source: Appendix A, Air Quality and Greenhouse Gas Modeling.
Notes: CO_2 = carbon dioxide; CH_4 = methane; N_2O = nitrous oxide; R = refrigerants; CO_2e = carbon dioxide equivalent; 0.01 = value is less than 0.005.
Totals may not sum due to rounding.

As shown in Table 3.8-1, the estimated total GHG emissions during construction would be approximately 677 MT CO_2e. Estimated project-generated construction emissions amortized over 30 years would be approximately 23 MT CO_2e per year. In addition, as with project-generated construction criteria air pollutant emissions, GHG emissions generated during proposed construction activities would be short term, lasting only for the duration of the construction period, and would not represent a long-term source of GHG emissions.

Operational Emissions

Once construction is complete, project operation is anticipated to entail routine maintenance performed at the stormwater capture facility and other park features. Reservoir maintenance would entail removal of debris and pollutant constituents from the treatment devices, pump testing and calibration, and cleaning the storage reservoir. During long-term operations, the project would generate GHG emissions from mobile sources, including two maintenance workers accessing the site, and energy sources, including one electric pump to pump stormwater and one electric pump to assist the existing irrigation system. The electric pumps would consume approximately 86,585 kWh of electricity per year. The electric pumps were modeled as off-road equipment in CalEEMod, and the GHG emissions associated with their use were accounted for as an Energy source.

Table 3.8-2 presents the GHG emissions resulting from operation of the project. For further detail on the assumptions and results of this analysis, please refer to Appendix A, Air Quality and Greenhouse Gas Modeling.

Table 3.8-2. Estimated Annual Operational Greenhouse Gas Emissions

Emissions Source	CO_2	CH_4	N_2O	R	CO_2e
	Metric Tons				
Mobile	7.95	<0.01	<0.01	0.01	8.05
Energy	13.60	<0.01	<0.01	N/A	13.68
				Total Operational Emissions	**21.73**
				Amortized Construction Emissions	*22.58*
				Total	**44.31**
				SCAQMD Threshold	*3,000*

Table 3.8-2. Estimated Annual Operational Greenhouse Gas Emissions

Emissions Source	CO_2	CH_4	N_2O	R	CO_2e
	Metric Tons				
				Exceeds Threshold?	No

Source: Appendix A, Air Quality and Greenhouse Gas Modeling.
Notes: CO_2 = carbon dioxide; CH_4 = methane; N_2O = nitrous oxide; R = refrigerants; CO_2e = carbon dioxide equivalent; 0.01 = value is less than 0.005.
Totals may not sum due to rounding.

As shown in Table 3.8-2, the project would not exceed the SCAQMD threshold of 3,000 MT CO_2e per year. Projects below this significance criterion have a minimal contribution to global GHG emissions and are considered to have less-than-significant impacts. Therefore, operational impacts associated with directly or indirectly generating a significant quantity of GHG emissions would be **less than significant**.

b) Would the project generate conflict with an applicable plan, policy or regulation adopted for the purpose of reducing the emissions of greenhouse gases?

Less-than-Significant Impact. Applicable plans for the project site include SCAG's 2024–2050 RTP/SCS, CARB's 2017 and 2022 Scoping Plan Updates to address Senate Bill (SB) 32 and AB 1279, and the 2017 City of Carson Climate Action Plan (CAP). Each of these plans is described below along with an analysis of the proposed project's potential to conflict with the related GHG emission reduction goals.

Project Consistency with SCAG's 2024-2050 RTP/SCS

On April 4, 2024, SCAG adopted the 2024–2050 RTP/SCS, also referred to as Connect SoCal 2024. Connect SoCal 2024 builds on the prior RTP/SCS and identifies the following strategy areas to support its environmental goals: Sustainable Development, Air Quality, Clean Transportation, Natural and Agricultural Lands Preservation, and Climate Resilience (SCAG 2024). The primary objective of the 2024–2050 RTP/SCS is to provide guidance for future regional growth (i.e., the location of new residential and non-residential land uses) and transportation patterns throughout the region, as stipulated under SB 375. Given that the proposed project involves the renovation of an existing park and the construction of a stormwater capture and treatment facility, the goals and strategies of the 2024–2050 RTP/SCS are not directly applicable. As such, the proposed project would not conflict with the goals and policies of the 2024–2050 RTP/SCS and impacts would be less than significant.

Project Consistency with State Reduction Targets and CARB's Scoping Plans

The California State Legislature passed the Global Warming Solutions Act of 2006 (Assembly Bill [AB] 32) to provide initial direction to limit California's GHG emissions to 1990 levels by 2020 and initiate the state's long-range climate objectives. Since the passage of AB 32, the state has adopted GHG emissions reduction targets for future years beyond the initial 2020 horizon year. For the proposed project, the relevant GHG emissions reduction targets include those established by SB 32 and AB 1279, which require GHG emissions be reduced to 40% below 1990 levels by 2030, and 85% below 1990 levels by 2045, respectively. In addition, AB 1279 requires the state achieve net zero GHG emissions by no later than 2045 and achieve and maintain net negative GHG emissions thereafter.

As defined by AB 32, CARB is required to develop the Scoping Plan, which provides the framework for actions to achieve the state's GHG emission targets. The Scoping Plan is required to be updated every 5 years and requires CARB and other state agencies to adopt regulations and initiatives that will reduce GHG emissions statewide. The first Scoping Plan was adopted in 2008, and it was updated in 2014, 2017, and most recently in 2022. Although the Scoping Plan is not directly applicable to specific projects, nor is it intended to be used for project-level evaluations,[10] it is the official framework for the measures and regulations that will be implemented to reduce California's GHG emissions in alignment with the adopted targets. Therefore, a project would be found to not conflict with the statutes if it would meet the Scoping Plan policies and would not impede attainment of the goals therein.

CARB's 2017 Scoping Plan update was the first to address the state's strategy for achieving the 2030 GHG reduction target set forth in SB 32 (CARB 2017); the most recent CARB 2022 Scoping Plan update outlines the state's plan to reduce emissions and achieve carbon neutrality by 2045 in alignment with AB 1279 and assesses progress toward the 2030 SB 32 target (CARB 2022). As such, given that SB 32 and AB 1279 are the relevant GHG emission targets, the 2017 and 2022 Scoping Plan updates are the most applicable to the proposed project.

The 2017 Climate Change Scoping Plan Update included measures to promote renewable energy and energy efficiency (including the mandates of SB 350), measures to increase stringency of the Low Carbon Fuel Standard, measures identified in the Mobile Source and Freight Strategies, measures identified in the proposed Short-Lived Climate Pollutant Plan, and measures to increase stringency of SB 375 targets. The 2022 Scoping Plan for Achieving Carbon Neutrality builds upon and accelerates programs currently in place, including moving to zero-emission transportation; phasing out use of fossil gas use for heating homes and buildings; reducing chemical and refrigerants with high GWP; providing communities with sustainable options for walking, biking, and public transit; and displacement of fossil fuel fired electrical generation through use of renewable energy alternatives (e.g., solar arrays and wind turbines) (CARB 2022).

Many of the measures and programs included in the Scoping Plan would result in the reduction of project-related GHG emissions with no action required at the project-level, including GHG emission reductions through increased energy efficiency and renewable energy production (SB 350), reduction in carbon intensity of transportation fuels (Low Carbon Fuel Standard), and the accelerated efficiency and electrification of the statewide vehicle fleet (Mobile Source Strategy). Given that the proposed project is also not anticipated to result in substantial increase in mobile trips, the project would also not conflict with the 2017 update's goal of reducing GHG emissions through reductions in VMT statewide.

The 2045 carbon neutrality goal required CARB to expand proposed actions in the 2022 update to include those that capture and store carbon in addition to those that reduce anthropogenic sources of GHG emissions. The proposed project would support the state's carbon neutrality goals, as implementation includes addition of urban trees and native plantings throughout the project site, which represent opportunities for potential carbon removal and sequestration over the project lifetime. However, the 2022 update emphasizes that reliance on carbon sequestration in the state's natural and working lands will not be sufficient to address residual GHG emissions, and achieving carbon neutrality will require research,

[10] The Final Statement of Reasons for the amendments to the CEQA Guidelines reiterates the statement in the Initial Statement of Reasons that "the Scoping Plan may not be appropriate for use in determining the significance of individual projects because it is conceptual at this stage and relies on the future development of regulations to implement the strategies identified in the Scoping Plan" (CNRA 2009).

development, and deployment of additional methods to capture atmospheric GHG emissions (e.g., mechanical direct air capture). Given that the specific path to neutrality will require development of technologies and programs that are not currently known or available, the project's role in supporting the statewide goal would be speculative and cannot be wholly identified at this time.

Overall, the proposed project would comply with all regulations adopted in furtherance of the Scoping Plan to the extent applicable and required by law. As mentioned above, several Scoping Plan measures would result in reductions of project-related GHG emissions with no action required at the project-level, including those related to energy efficiency, reduced fossil fuel use, and renewable energy production. As demonstrated above, the proposed project would not conflict with CARB's 2017 or 2022 Scoping Plan updates or with the state's ability to achieve the 2030 and 2045 GHG reduction and carbon neutrality goals.

Project Consistency with City of Carson Climate Action Plan

The South Bay Cities Council of Governments developed the City of Carson CAP in December 2017, which outlines a comprehensive strategy to address climate change and promote sustainability within the community. The CAP identifies key areas to support its goals, Land Use and Transportation, Energy Efficiency, Solid Waste, Urban Greening, and Energy Generation and Storage. The primary objectives of the CAP are to reduce GHG emissions, enhance community and neighborhood sustainability, promote zero-emission vehicles, advance energy and water efficiency, reduce waste, transform built environments into green spaces, and support renewable energy and storage. Given that the proposed project involves the construction of a stormwater capture and treatment facility and improvements to an existing park, many of the goals and strategies of the CAP are not directly applicable. However, the project would support the goals related to community and neighborhood sustainability and water efficiency through the stormwater capture and treatment facility and park improvements. As such, the proposed project would not conflict with the goals and policies of the CAP, and impacts would be less than significant.

Based on the preceding considerations, the proposed project would not conflict with any applicable plan, policy, or regulation of an agency adopted for the purpose of reducing GHG emissions, and impacts would be **less than significant**.

3.9 Hazards and Hazardous Materials

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
IX. HAZARDS AND HAZARDOUS MATERIALS – Would the project:				
a) Create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?	☐	☐	☒	☐

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
b) Create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?	☐	☐	☒	☐
c) Emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?	☐	☐	☒	☐
d) Be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?	☐	☐	☐	☒
e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard or excessive noise for people residing or working in the project area?	☐	☐	☐	☒
f) Impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?	☐	☐	☒	☐
g) Expose people or structures, either directly or indirectly, to a significant risk of loss, injury or death involving wildland fires?	☐	☐	☐	☒

a) Would the project create a significant hazard to the public or the environment through the routine transport, use, or disposal of hazardous materials?

Less-than-Significant Impact. Relatively small amounts of commonly used hazardous substances such as gasoline, diesel fuel, lubricating oil, adhesive materials, grease, solvents, and architectural coatings would be used during construction. Operation and maintenance of the project would also require routine use of common hazardous substances. These materials are used routinely throughout urban environments for construction projects and operation of utility infrastructure. These materials would be transported and handled in accordance with all federal, state, and local laws regulating the management and use of hazardous materials. Consequently, use of these materials for their intended purpose would not pose a significant risk to the public or environment. With adherence to state and local regulations, impacts associated with routine transport, use, and disposal of hazardous materials would be **less than significant**.

b) Would the project create a significant hazard to the public or the environment through reasonably foreseeable upset and accident conditions involving the release of hazardous materials into the environment?

Less-than-Significant Impact. As discussed under Section 3.9(a), Hazards and Hazardous Materials, construction and operation would involve relatively small amounts of commonly used hazardous substances such as gasoline, diesel fuel, lubricating oil, grease, adhesive materials, and solvents. These materials are not considered acutely hazardous and are used routinely throughout urban environments for both construction and operation of projects. Further, these materials would be transported, handled, and disposed of in accordance with all federal, state, and local laws regulating the management of, spill prevention, and spill response, related to, hazardous materials. Impacts would be **less than significant**.

c) Would the project emit hazardous emissions or handle hazardous or acutely hazardous materials, substances, or waste within one-quarter mile of an existing or proposed school?

Less-than-Significant Impact. Two schools are located within 0.25 miles of the project site. This includes Carnegie Middle School, located at 21820 Bonita Street, adjacent to the project site's northern boundary along East 220th Street and Bonita Elementary School, located at 21929 Bonita Street, adjacent to the project site's western boundary along Bonita Street. Construction and operation of the project would involve relatively small amounts of commonly used hazardous substances such as gasoline, diesel fuel, lubricating oil, grease, adhesive materials, and solvents. These materials are used routinely throughout urban environments for construction projects and would not pose a significant risk to the public or environment. Additionally, these materials would be transported and handled in accordance with all federal, state, and local laws regulating the management and use of hazardous materials. Additionally, a construction HRA was performed for the project, which demonstrates that the TAC exposure from construction diesel exhaust emissions would not result in cancer risk above the 10 in 1 million threshold or a Chronic Hazard Index more than 1 for school children at Bonita Street Elementary School and Carnegie Middle School (see Table 3.3-7). As such, impacts would be **less than significant**.

d) Would the project be located on a site that is included on a list of hazardous materials sites compiled pursuant to Government Code Section 65962.5 and, as a result, would it create a significant hazard to the public or the environment?

No Impact. According to the California Department of Toxic Substances Control EnviroStor database, no sites or facilities are located within or adjacent to the project site. The nearest identified active site is Gardena Valley Landfill No. 6, a Voluntary Cleanup Site, located approximately 0.75 miles north of the project site (DTSC 2025). Other state and local government agencies are required to provide additional hazardous materials release information for the Cortese List. The State Water Resources Control Board GeoTracker database identifies leaking underground storage tanks, waste discharge sites, oil and gas sites, and other waste or cleanup sites. A review of GeoTracker did not identify any sites or facilities within or adjacent to the project site. The nearest identified site with open-site assessment status is the Dominguez Channel at Carson Street (ID No. T10000003058) a Cleanup Program Site, located approximately 0.22 miles northeast of the project site (SWRCB 2025). These hazardous materials sites are located at adequate distances from the project site such that they would be of no concern to present a worker hazard for construction crews. Therefore, **no impact** would occur.

e) For a project located within an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project result in a safety hazard or excessive noise for people residing or working in the project area?

No Impact. The project site is approximately 4.2 miles south of the Compton/Woodley Airport, 5 miles northeast of the Torrance Municipal Airport, 5.4 miles west of the Long Beach Airport, 7.6 miles south of the Hawthorne Municipal Airport, and 10.5 miles southeast of the Los Angeles International Airport. The project site does not fall within the airport land use plan for these airports. The project is not located within 2 miles of a public use airport. Therefore, **no impact** would occur.

f) Would the project impair implementation of or physically interfere with an adopted emergency response plan or emergency evacuation plan?

Less-than-Significant Impact. The City has prepared a Draft Hazard Mitigation Plan. The hazard mitigation plan is a document that contains information to assist communities in reducing risk from hazards by identifying resources, information, and strategies for risk reduction (City of Carson 2024). A stormwater diversion structure would be constructed to connect the proposed system to existing storm drains under East 220th Street and Bonita Street. Additionally, an underground storage reservoir installed beneath the baseball/softball and soccer outfields at Calas Park would be connected directly to the diversion pipeline and an outflow pipeline for sending water back into an existing catch basin beneath East 220th Street. As such, project construction would require the temporary partial closures of East 220th Street and small portion of Bonita Street. The temporary partial closures of East 220th Street and Bonita Street would be performed pursuant to a traffic control plan prepared by the contractor and subject to City approval, which would demonstrate that emergency access or evacuation would not be impeded. Traffic on East 220th Street and Bonita Street would resume to existing conditions upon completion of the project. Impacts would be **less than significant**.

g) Would the project expose people or structures, either directly or indirectly, to a significant risk of loss, injury or death involving wildland fires?

No Impact. According to the California Department of Forestry and Fire Protection (CAL FIRE), The project site is located within a Local Responsibility Area and is not located within a Very High Fire Hazard Severity Zone (CAL FIRE 2024). The nearest Very High Fire Hazard Severity Zone is located approximately 4.7 miles southwest of the project site. In the event of an emergency, fire response services for the project are provided by the Los Angeles Couty Fire Department. Construction and operation of the project would comply with Article III, Chapter 1 of the City's Municipal Code, which adopts the Los Angeles County Fire Code by reference. The project would not include structures intended for long-term occupancy or include development that could exacerbate fire risk. Furthermore, the project site is relatively flat and the proposed project would not alter land on the project site; therefore it would not influence prevailing winds or other factors that could exacerbate wildfire risk. As such, people and structures would not be exposed to a significant risk of loss, injury, or death involving wildfires. **No impact** would occur.

3.10 Hydrology and Water Quality

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
X. HYDROLOGY AND WATER QUALITY – Would the project:				
a) Violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or ground water quality?	☐	☐	☒	☐
b) Substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin?	☐	☐	☒	☐
c) Substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would:				
i) result in substantial erosion or siltation on- or off-site;	☐	☐	☒	☐
ii) substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off site;	☐	☐	☒	☐
iii) create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff; or	☐	☐	☒	☐
iv) impede or redirect flood flows?	☐	☐	☒	☐
d) In flood hazard, tsunami, or seiche zones, risk release of pollutants due to project inundation?	☐	☐	☐	☒
e) Conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan?	☐	☐	☒	☐

a) Would the project violate any water quality standards or waste discharge requirements or otherwise substantially degrade surface or ground water quality?

Less-than-Significant Impact. The project site is located within the boundaries of the DC WMG. The DC WMG EWMP outlines the water quality objectives, and includes measures to reduce discharge pollutants, and protect and improve the Dominguez Channel water bodies (DC WMG 2016).

Construction of the project would involve ground-disturbing activities for grading that could result in sediment discharge in stormwater runoff. Additionally, construction would involve the use of oil, lubricants, and other chemicals that could be discharged from leaks or accidental spills. These potential sediment and chemical discharges during construction would have the potential to impact water quality in receiving water bodies. However, because the project would disturb over 1 acre of land, the project would be required to prepare and implement a SWPPP, which would include water quality BMPs to ensure that water quality standards are met and that runoff from the construction work areas does not cause degradation of water quality in receiving water bodies. Through the incorporation of BMPs through implementation of SWPPP requirements, impacts associated with water quality standards during construction would be less than significant.

The project is a result of the Stipulated Order, which is in response to violations occurring from the discharge of untreated wastewater into the Dominguez Channel. The project would decrease the amount of pollutants in stormwater and dry-weather runoff entering the Dominguez Channel, helping to achieve EWMP goals and MS4 permit compliance. Upon operation, existing stormwater flows would be diverted and treated prior to infiltration and/or discharge, resulting in water quality benefits compared to existing conditions. Ongoing maintenance and sampling would ensure that the project is performing as expected in terms of treatment of stormwater. Therefore, impacts during operation would be **less than significant**.

b) Would the project substantially decrease groundwater supplies or interfere substantially with groundwater recharge such that the project may impede sustainable groundwater management of the basin?

Less-than-Significant Impact. Groundwater was measured at a depth of approximately 28 feet for borings taken as part of the project's geotechnical investigation (Ninyo & Moore 2025). The project would include the installation of an underground storage reservoir that would connect to existing storm drains to collect stormwater. would facilitate infiltration of captured stormwater, allowing water to seep into the underlying aquifer and providing natural filtration through the soil. In this way, the project would increase groundwater recharge in areas under the park. The project would not otherwise result in a substantial change in impervious surfaces that would affect groundwater infiltration because the proposed park rehabilitation would replace all existing amenities with improved features that would not substantially alter the amount of impervious surface and would be consistent with the existing uses and conditions at the park. Additionally, the project would not entail temporary or permanent use of groundwater and, thus, would not deplete groundwater within the project vicinity. Therefore, the project would not substantially decrease groundwater supplies or interfere substantially with groundwater recharge; impacts would be **less than significant**.

c) Would the project substantially alter the existing drainage pattern of the site or area, including through the alteration of the course of a stream or river or through the addition of impervious surfaces, in a manner which would:

i) Result in substantial erosion or siltation on- or off-site?

and

ii) Substantially increase the rate or amount of surface runoff in a manner which would result in flooding on- or off site?

and

iii) Create or contribute runoff water which would exceed the capacity of existing or planned stormwater drainage systems or provide substantial additional sources of polluted runoff?

and

iv) Impede or redirect flood flows?

Less-than-Significant Impact. The project would not substantially alter existing drainage patterns, including streams or river courses. Construction of the project would entail temporary earthwork to excavate and install the storage reservoir and associated infrastructure. Implementation of the project-specific SWPPP, including BMPs, would prevent substantial erosion and siltation of exposed soils during construction activities. Once construction of the stormwater infrastructure is complete, the park facilities would be replaced with enhanced facilities to serve the needs of park visitors.

In operation, the intent of the project is to capture and divert stormwater flows, which would be directed to the underground system and therefore would not result in substantial erosion, siltation, or runoff. Operation of the stormwater infrastructure would improve the stormwater system because it would improve storage and filtration capabilities, which would reduce pollution of stormwater runoff. The project would not result in a substantial change in impervious surfaces within the project site because the proposed park rehabilitation would include the replacement of existing features with similar, enhanced park features. Therefore, implementation of the project would not substantially alter the existing drainage pattern of the site or area in a way that would cause substantial erosions, flooding, polluted runoff, or changes to flood flows. Impacts would be **less than significant**.

d) In flood hazard, tsunami, or seiche zones, would the project risk release of pollutants due to project inundation?

No Impact. According to Federal Emergency Management Agency flood maps, the project site is located in a Flood Zone X. The western portion of the project site is mapped as an "area of minimal flood hazard" and the eastern portion of the site is mapped as an "Area with reduced flood risk due to levee (FEMA 2008). Additionally, the project site is not located within a tsunami inundation zone and seiches do not pose a hazard to the project site (DOC 2025c). The project would include the construction of a stormwater capture and treatment facility, which would improve the water quality of the Dominguez Channel Estuary. As discussed in Section 3.10(a), Hydrology and Water Resources, the project would prepare a SWPPP, which would include water quality BMPs to ensure that water quality standards are met and that runoff from the construction work areas would not cause degradation of water quality in receiving water bodies. Upon completion of construction, the project would not require the storage of pollutants that, in the event of inundation, could be released. A pump would be installed to pump stormwater back to the storm drain system during low flow conditions and discharging into the Dominguez Channel, similar to existing flow conditions except the stormwater flow would be pre-treated. Therefore, **no impact** associated with the risk of release of pollutants due to project inundation in a flood hazard, tsunami, or seiche zone would occur.

e) Would the project conflict with or obstruct implementation of a water quality control plan or sustainable groundwater management plan?

Less-than-Significant Impact. As discussed in greater detail in Chapter 1, Introduction, the proposed project is a result of the Stipulated Order, which is in response to violations occurring from the discharge of

untreated wastewater into the Dominguez Channel. The project would include runoff storage and water quality benefits for the City and other DC WMG members, helping to achieve EWMP goals and MS4 permit compliance. As such, the project would implement the applicable water quality control plan for the region. As discussed previously, the project would allow for infiltration into the underlying soils and would not interfere with groundwater supplies. Therefore, the project would not conflict with a water quality control plan or sustainable groundwater management plan and impacts would be **less than significant**.

3.11 Land Use and Planning

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XI. LAND USE AND PLANNING – Would the project:				
a) Physically divide an established community?	☐	☐	☐	☒
b) Cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect?	☐	☐	☐	☒

a) Would the project physically divide an established community?

No Impact. The project site would be located on approximately 4.6 acres of Calas Park. The project would not create a physical division of an existing community, like what could occur with the development of a freeway or large linear infrastructure. The project would not result in a removal of an existing means of access, such as a road or bridge, that would impede mobility with an existing community and other areas. Upon completion, recreational use of the affected portion of the park would resume consistent with existing conditions. Therefore, the project would not physically divide an established community, and **no impact** would occur.

b) Would the project cause a significant environmental impact due to a conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect?

No Impact. The project site is zoned as Open Space and has a General Plan land use designation of Park/Open Space. The project would include the construction of a stormwater capture and treatment facility, primarily located underground, and park improvements to the existing Calas Park. Upon completion, recreational use of the affected portion of the park would resume under similar conditions. Implementation of the project would not result in a change to land uses. Potential environmental impacts associated with the implementation of the project are analyzed throughout this MND. The project will incorporate applicable mitigation measures to reduce environmental impacts. Therefore, the project would not be in conflict with any land use plan, policy, or regulation adopted for the purpose of avoiding or mitigating an environmental effect. Therefore, **no impacts** would occur.

3.12 Mineral Resources

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XII. MINERAL RESOURCES – Would the project:				
a) Result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?	☐	☐	☐	☒
b) Result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?	☐	☐	☐	☒

a) ***Would the project result in the loss of availability of a known mineral resource that would be of value to the region and the residents of the state?***

and

b) ***Would the project result in the loss of availability of a locally important mineral resource recovery site delineated on a local general plan, specific plan or other land use plan?***

No Impact. The project site is entirely developed and within an urban area. No mineral resources are known to occur on or near the project site (USGS 2025). Therefore, the project would not result in any loss of availability of a known mineral resource or locally important mineral resource recovery site, and **no impact** would occur.

3.13 Noise

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XIII. NOISE – Would the project result in:				
a) Generation of a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?	☐	☒	☐	☐
b) Generation of excessive groundborne vibration or groundborne noise levels?	☐	☐	☒	☐

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
c) For a project located within the vicinity of a private airstrip or an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?	☐	☐	☐	☒

This section is based on technical analysis conducted by Dudek, including quantitative estimates of noise emissions based on assumptions developed in consultation with the project design engineers. The results of the noise estimates are provided as Appendix G, Noise Assessment Data, to this MND.

Existing Setting

The Project is located in the southern portion of the City of Carson, which is in southwestern Los Angeles County, California. To the north, the park is bounded by East 220th Street, followed by Carnegie Middle School, a grassy area containing the transmission line corridor, and residential uses. To the south, the park is bounded by East Jay Street, followed by residential uses, and East 223rd Street, followed by light industrial/warehousing, office, and commercial uses. To the east, the park is bounded by South Edgar Street, followed by residential uses. To the west, the park is bounded by residential uses.

Represented by locations ST1, ST2, and ST3 in Table 3.13-1, the existing outdoor ambient sound environment of the project location was sampled during a field survey conducted on February 20, 2025 (see Figure 5). Collected sample sound pressure level measurements at these locations, along with documented investigator observations regarding perceived or witnessed acoustical contributors to this baseline or pre-project noise environment, also appear in Table 3.13-1. These locations are intended to be representative of the existing single-family homes adjoining the project area. Photographs, tagged survey positions, and instrument details can be found in Appendix G, Noise Assessment Data.

Table 3.13-1. Measured Samples of Existing Outdoor Ambient Sound Level

Survey Position	Description/Address	Time	L_{eq} (dBA)	L_{max} (dBA)	L_{min} (dBA)	Notes (Perceived Sound Sources)
ST1	1037 E 220th St, Carson, California 90745	1:12 p.m.–1:27 p.m.	59.6	74.7	47.4	Traffic, Birds, Distant Landscape Noise, Aircraft Noise
ST2	Western Calas Park boundary	12:37 p.m.–12:52 p.m.	54.7	75.9	47.7	Traffic, Birds, Distant Dog Barking, Rustling Leaves, Distant Aircraft
ST3	1002 E Jay St, Carson, California 90745	12:54 p.m.–1:09 p.m.	52.1	65.7	46.8	Traffic, Birds, Distant Landscape Noise, Rustling Leaves

Source: Appendix G, Noise Assessment Data.

Notes: L_{eq} = equivalent continuous sound level (time-averaged sound level); dBA = A-weighted decibels; L_{max} = maximum sound level during the measurement interval; L_{min} = minimum sound level during the measurement interval.

The measured outdoor energy-equivalent sound level (L_{eq}) values appearing in Table 3.13-1 range from 52.1 to 59.6 A-weighted decibels (dBA) and are consistent with expectations for the environment based on the distance to roadways, such as East 220th Street.

Regulatory Setting and Thresholds of Significance

In the City of Carson, construction activities near single-family residential areas are regulated under the Carson Municipal Code, specifically Section 5502(c), which amends the Los Angeles County Noise Control Ordinance to establish local standards. Construction is permitted Monday through Saturday from 7:00 a.m. to 8:00 p.m., and is prohibited on Sundays and legal holidays. For construction activities lasting 20 days or less, the maximum allowable exterior noise level is 75 dBA during permitted hours and 60 dBA during prohibited hours. For activities extending beyond 20 days, the limits are reduced to 65 dBA during permitted hours and 55 dBA during prohibited hours. These noise levels are measured at the property line of the affected single-family residence. Compliance with these standards is mandatory for all construction projects and is enforced by the City of Carson to minimize noise impacts on residential neighborhoods.

a) Would the project result in generation of a substantial temporary or permanent increase in ambient noise levels in the vicinity of the project in excess of standards established in the local general plan or noise ordinance, or applicable standards of other agencies?

Construction

Less-than-Significant Impact with Mitigation. Construction of the project would result in the temporary generation of noise at the project site. Construction would involve the use of heavy equipment and machinery, such as excavators, loaders, cranes, temporary generators, scrapers, and other equipment. Construction would generate levels of noise that can vary from hour to hour and day to day depending on the equipment in use, the operations being performed, and the distance between the source and receptor. Typically, construction equipment operates in alternating cycles of full power and low power, producing average noise levels less than the maximum noise level. The average sound level of construction activity also depends on the amount of time that the equipment operates and the intensity of construction activities during that time. Aggregate noise emission from construction activities, broken down by phase, was predicted at two evaluation distances to the nearest existing noise-sensitive receptor: (1) from the nearest position of the construction site boundary, and (2) from the center of the construction site. The closest existing noise-sensitive residential receptor is approximately 50 feet to the west of the proposed project's western boundary. At the site boundary, this analysis assumes that only the two loudest pieces of equipment, comparable to Federal Transit Administration general assessment guidance, for the listed phase will be involved in construction activity for a limited portion of the 8-hour workday. In other words, at such proximity, the operating equipment cannot "stack" or crowd the vicinity and still operate.

Table 3.13-2 presents the estimated construction noise level (8-hour L_{eq}) for each anticipated phase of project construction activity. Details of these predictions in Appendix G, Noise Assessment Data, show the expected acoustical contribution from each type of operating construction equipment for each phase.

Table 3.13-2. Estimated Per-Phase Construction Noise Levels

Project Construction Activity Phase	Nearest Horizontal Distance to Nearest Noise-sensitive Receptor (Feet)	Predicted 8-hour L_{eq} (dBA) for Nearest Distance	Centroid Horizontal Distance to Nearest Noise-sensitive Receptor (Feet)	Predicted 8-hour L_{eq} (dBA) for Centroid Distance
Demolition	50	72.9	200	68.5
Site Preparation	50	74.2	200	69.2
Underground Stromwater Storage system excavation	150	67.5	200	68
Underground stormwater storage system construction	150	67.6	200	64.6
Storm drain diversion and pretreatment	50	74	200	64.4
Outlet Line	50	74.7	200	67.4
Landscape and Site improvements	50	73.9	200	63.8

Source: Appendix G, Noise Assessment Data.
Note: L_{eq} = energy-equivalent sound level; dBA = A-weighted decibel

As presented in Table 3.13-2, the estimated construction noise levels are predicted to reach up to 74.7 dBA L_{eq} over an 8-hour period at the nearest existing residences, located approximately 50 feet from the project's western boundary during outlet line activities. These estimates are based on modeling assumptions that limit the operation of heavy equipment to a cumulative period of up to 1 hour per day during the demolition, site preparation, and landscape and site improvement phases. However, if construction equipment were to operate for longer durations or concurrently during the same workday, the noise levels could potentially exceed the 65 dBA 8-hour L_{eq} threshold established by the City for single-family residential areas, as specified in Carson Municipal Code Section 5502(c) for long-term construction activities (lasting more than 20 days).

At more typical distances, closer to the center of the project site (approximately 200 feet from the nearest residence), construction noise levels are estimated to range from approximately 64 dBA L_{eq} to 69 dBA L_{eq}. To ensure compliance with the 65 dBA 8-hour L_{eq} threshold and to mitigate potential exceedances, **MM- NOI-1** shall be implemented. Proper implementation of **MM-NOI-1**, including the installation of 8-foot-tall temporary noise barriers along the project boundaries, can reduce noise levels by up to 12 decibels, thereby reducing the estimated unmitigated construction noise levels to approximately 64.7 dBA L_{eq}, which is within the acceptable limit.

In summary, while construction noise during allowable daytime hours (between 7:00 a.m. and 8:00 p.m.) has the potential to exceed the 65 dBA 8-hour L_{eq} threshold at the nearest residential receptors, the incorporation of **MM-NOI-1** is recommended to reduce construction noise exposure levels. With the implementation of this mitigation measure, temporary construction-related noise would be less than significant.

The outcome of the King & Gardiner Farms versus Kern County judge's decision established a requirement for construction noise analyses to disclose the relative increase of construction noise over ambient noise

levels. Construction noise levels would cause a temporary increase of up to 15 dB to 23 dB L_{eq} over existing ambient noise levels, which would be perceived as being up to four times as loud to average healthy hearing.

Operation

Less-than-Significant Impact. Upon completion of construction, the project would feature underground infrastructure to convey stormwater. Operation of powered mechanical systems would be enclosed in a concrete "wet well" below grade with only a double-door hatch to the above-surface environment. Hence, noise from operation of pump would be isolated by the closed access hatch and would result in predicted noise levels that are less than 30 dBA at a radius of over 50 feet from the hatch, well below the existing noise environment (Table 3.13-1). On this basis and compared to the measurement samples of L_{eq} presented in Table 3.13-1, project operation noise is anticipated to be less than the existing outdoor ambient level at the noise-sensitive residential receptor.

Replacement of the athletic fields after construction of the subsurface stormwater capture system would restore Calas Park conditions prior to the proposed project, which includes visitors enjoying sports or spectating from bleachers at locations on the field perimeters. Therefore, noise from these on-site field activities that involve participant and spectator speech and related sound emission would be relatively unchanged. Project operation noise would be considered **less than significant**.

The following mitigation measure would apply during project construction activities:

MM-NOI-1 Temporary Construction Noise Reduction. The City or its contractor shall implement one or more of the following options for on-site noise control and sound abatement means that, in aggregate, would yield a minimum of 10 dB of construction noise reduction during construction of the project:

- ***Administrative controls*** (e.g., further reduce operating time of equipment and/or prohibit usage of equipment type[s] within certain distances to a nearest receiving occupied off-site property).
- ***Engineering controls*** (change equipment operating parameters [e.g., speed, capacity], or install features or elements that otherwise reduce equipment noise emission [e.g., upgrade engine exhaust mufflers]).
- ***Install noise abatement*** on the site boundary fencing (or within, as practical and appropriate) in the form of sound blankets or comparable temporary solid barriers to occlude construction noise emission between the site (or specific equipment operation as the situation may define) and the noise-sensitive receptor(s) of concern.

b) Would the project result in generation of excessive groundborne vibration or groundborne noise levels?

Less-than-Significant Impact. Vibration is oscillatory movement of mass (typically a solid) over time. Depending on their distances to a sensitive receptor, operation of large bulldozers, graders, loaded dump trucks, or other heavy construction equipment and vehicles on a construction site have the potential to cause high vibration amplitudes.

The Carson Municipal Code does not have a vibration threshold against which project construction-related ground-borne vibration impacts to the community can be assessed. For purposes of this impact assessment, a vibration velocity level of 0.2 inches per second (ips) peak particle velocity (PPV) is used as

the standard for evaluating human annoyance (to perceived ground-borne vibration within an occupied structure) and the potential risk for residential building damage due to "continuous" or frequently occurring ground-borne vibration events (Caltrans 2020).

Ground-borne vibration attenuates rapidly, even over short distances. The attenuation of ground-borne vibration as it propagates from source to receptor through intervening soils and rock can be estimated with expressions found in Federal Transit Administration and Caltrans guidance. By way of example, for a bulldozer or grader operating as close as 50 feet to the nearest receiving residential land use during the site preparation construction phase as shown in Table 3.13-2, the estimated vibration velocity level would be 0.031 ips per the equation as follows (FTA 2018):

$$PPV_{rcvr} = PPV_{ref} \times (25/D)^{1.5} = 0.031 \text{ ips PPV} = 0.089 \times (25/50)^{1.5}$$

In the above equation, PPV_{rcvr} is the predicted vibration velocity at the receiver position (i.e., residence), PPV_{ref} is the reference value at 25 feet from the vibration source (the bulldozer), and D is the actual horizontal distance to the receiver from the source.

Predicted ground-borne vibration velocity PPV values associated with project construction are below the 0.2 ips PPV threshold for building occupant annoyance and building damage risk. Impacts during construction would be less than significant.

Once operational, the proposed project would not be expected to feature major producers of ground-borne vibration. For this reason, project operation ground-borne vibration at off-site receptors would be considered **less than significant**.

c) ***For a project located within the vicinity of a private airstrip or an airport land use plan or, where such a plan has not been adopted, within two miles of a public airport or public use airport, would the project expose people residing or working in the project area to excessive noise levels?***

No Impact. There are no public airports or private airfields within 2 miles of the project and the project area is far from any aviation traffic noise contour greater than 65 dBA community noise equivalent level. Construction workers and park users would not be exposed to significant aviation noise levels. **No impact** would occur.

3.14 Population and Housing

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XIV. POPULATION AND HOUSING – Would the project:				
a) Induce substantial unplanned population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?	☐	☐	☐	☒

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
b) Displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere?	☐	☐	☐	☒

a) Would the project induce substantial unplanned population growth in an area, either directly (for example, by proposing new homes and businesses) or indirectly (for example, through extension of roads or other infrastructure)?

No Impact. Construction of the project would result in a temporary direct increase in construction jobs in the area. However, given the relatively small nature of the project construction and anticipated schedule, the demand for construction employment would likely be met within the existing and future labor market in the City and in the greater Los Angeles County area. If construction workers live outside of the City, these workers would likely commute during the temporary construction period. Operationally, the project does not contain land uses that typically result in direct population growth, such as new homes or large commercial/business centers. The project would not change the use of the existing Calas Park. Upon completion, the project would improve Calas Park to further serve the existing and anticipated future demand for recreational uses within the City. Additionally, the project is consistent with underlying land use and zoning designations. Therefore, the project would not directly result in substantial unplanned population growth in the area.

The project is located in an area served by existing roads and infrastructure. The project does not include the extension of utility infrastructure, such as sewer lines or roads, into previously undeveloped areas that may indirectly induce growth. Therefore, the project would not indirectly result in substantial unplanned population growth in the area. **No impact** would occur.

b) Would the project displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere?

No Impact. The project site does not contain any existing housing or provide other means of housing people. The project would not displace substantial numbers of existing people or housing, necessitating the construction of replacement housing elsewhere. **No impact** would occur.

3.15 Public Services

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XV. PUBLIC SERVICES – Would the project:				
a) Result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the public services:				
Fire protection?	☐	☐	☐	☒
Police protection?	☐	☐	☐	☒
Schools?	☐	☐	☐	☒
Parks?	☐	☐	☒	☐
Other public facilities?	☐	☐	☐	☒

a) ***Would the project result in substantial adverse physical impacts associated with the provision of new or physically altered governmental facilities, need for new or physically altered governmental facilities, the construction of which could cause significant environmental impacts, in order to maintain acceptable service ratios, response times, or other performance objectives for any of the public services:***

Fire protection? Police protection? Schools? Other public facilities?

No Impact. As discussed in Section 3.14, Population and Housing, the project would not induce substantial unplanned population growth in the area. As such, construction, operation, and maintenance of the project would not require new or physically altered facilities associated with fire protection, police protection, schools, or other public facilities. Therefore, **no impacts** would occur.

Parks?

Less-than-Significant Impact. The project is located within Calas Park and would result in physical alteration to an existing park. The total duration of project construction is anticipated to last 14 months and would require temporary closure of the park. Depending on the construction phase, affected portions of Calas Park would be temporarily closed to the public for the duration of the construction phase. The construction area would be fenced off for safety and security purposes and made unavailable for public use during project construction. The proposed stormwater capture and treatment facility would be located primarily underground and would not affect park use. The project would also include replacing the existing baseball/softball and soccer fields, replacing the outfield fence along East 220th Street, and planting new trees as described in Section 2.2.2, Park Improvements. Upon completion of construction, recreational use of the park would resume similar to existing conditions. As such, implementation of the project would not require the provision of new parks. Therefore, impacts to parks as a result of the project would be **less then significant**.

3.16 Recreation

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XVI. RECREATION				
a) Would the project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?	☐	☐	☒	☐
b) Does the project include recreational facilities or require the construction or expansion of recreational facilities which might have an adverse physical effect on the environment?	☐	☐	☒	☐

a) ***Would the project increase the use of existing neighborhood and regional parks or other recreational facilities such that substantial physical deterioration of the facility would occur or be accelerated?***

Less-than-Significant Impact. The total duration of project construction is anticipated to last 14 months and would require the temporary closure of portions of Calas Park. As such, project construction may result in the temporary increase in use of other parks in the City. However, upon completion of construction, recreational use of the affected portion of the park would resume under existing conditions. As such, impacts to recreational facilities would be **less than significant**.

b) ***Does the project include recreational facilities or require the construction or expansion of recreational facilities, which might have an adverse physical effect on the environment?***

Less-than-Significant Impact. The project would include improvements to the existing Calas Park. As discussed in Section 3.16(a), Recreation, the temporary closure of the park may result in an increase in use of other parks in the City. However, upon completion of construction, recreational use of the affected portion of the park would resume under existing conditions. Furthermore, as discussed in Section 3.14, Population and Housing, implementation of the project would not induce population growth. As such, the project would not require the construction or expansion of recreational facilities. Potential environmental impacts associated with the implementation of the project are analyzed throughout this MND. Impacts would be **less than significant**.

3.17 Transportation

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XVII. TRANSPORTATION – Would the project:				
a) Conflict with a program, plan, ordinance, or policy addressing the circulation system, including transit, roadway, bicycle, and pedestrian facilities?	☐	☐	☒	☐
b) Conflict or be inconsistent with CEQA Guidelines Section 15064.3, subdivision (b)?	☐	☐	☒	☐
c) Substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?	☐	☐	☒	☐
d) Result in inadequate emergency access?	☐	☐	☒	☐

a) Would the project conflict with a program, plan, ordinance, or policy addressing the circulation system, including transit, roadway, bicycle and pedestrian facilities?

Less-than-Significant Impact. The project would not conflict with applicable programs, plans, ordinances, or policies addressing the circulation system, as further discussed below. This includes the City's General Plan Circulation Element (City of Carson 2023); the Carson Master Plan of Bikeways (City of Carson 2013); and the existing and proposed roadway, pedestrian, bicycle and transit facilities and services in the project area.

General Plan Circulation Element

The Circulation Element furthers the General Plan's vision and objectives of promoting multi-modal mobility, enhancing connection and access across the community, and supporting development of "Complete Streets," while minimizing adverse impacts of truck traffic. The Circulation Element seeks to improve access and safety for all roadway users, and encourage walking, biking, and the use of public transit to meet local and regional goals. (City of Carson 2023). The following guiding policies are relevant to the project:

- **CIR-G-1:** Provide a balanced transportation system of multimodal networks providing a broad range of travel options to make transportation convenient, comfortable, and safe for people of all abilities.
- **CIR-G-2:** Promote bicycling and walking, and support and improve connections to local and regional transit service.
- **CIR-G-3:** Manage the transportation network to minimize roadway congestion, while balancing traffic Level of Service (LOS) objectives with promoting reduction in vehicle miles traveled and considerations of community character and design.

Carson Master Plan of Bikeways

The Carson Master Plan of Bikeways lays out a strategic vision for enhancing bicycle transportation in the city. This plan is the guiding document for all bicycle infrastructure, policies, and programs in Carson. The plan is a blueprint to enable citizens to feel safe and comfortable when bicycling throughout the City, and it aims to encourage more citizens to partake in this healthy, environmentally conscious transportation choice. The plan proposes an extensive network of streets designed to be safe and comfortable for bicyclists, with the goal of enhancing the practical use of bicycles as a transportation choice. Using the planned network, people in Carson can reach schools, shopping, jobs, recreational activities, and other important destinations—all without the need to drive. In addition to the proposed bikeway network, the Master Plan of Bikeways also contains bikeway design guidelines, recommended programs and policies to encourage bicycle travel and increase cyclist safety, potential funding sources for implementing the plan, and an implementation framework that prioritizes the most important bikeway projects.

Transit, Bicycle, and Pedestrian Facilities

Public transportation in the City is provided by the Los Angeles County Metropolitan Transportation Authority, Torrance Transit, Long Beach Transit, Compton Renaissance Transit, and Gardena Transit. The City of Carson provided a service called the Carson Circuit; however, it was discontinued during the COVID- 19 pandemic and the City has instead offered Dial-A-Ride services for all adult Carson residents (City of Carson 2022). The nearest transit route to the site is Long Beach Transit Route 8, with service on East 223rd Street. Long Beach Transit Route 8 is an east-west route that connects Long Beach and Carson. The nearest bus stop to the project site is located at the intersection of East 223rd Street and South Edgar Street, approximately 0.18 miles south of the project site, servicing Long Beach Transit Route 8. The route operates from approximately 5:05 a.m. to 8:10 p.m. on weekdays, and from 10:45 a.m. to 5:55 p.m. on Saturday. The bus stop at the intersection of Bonita Street and Carson Street is located approximately 0.27 miles northwest of the projects, servicing Long Beach Transit Route 4. Long Beach Transit Route 4 operates from approximately 5:11 a.m. to 8:49 p.m. on weekdays, and from 10:10 a.m. to 5:49 p.m. on Saturdays.

There are numerous existing and proposed bike facilities within the vicinity of the project site, including a Class III bike route on Carson Street, between Figueroa Street and the Dominguez Channel, and a Class II bike lane on Avalon Boulevard, between East 223rd Street and Deloras Drive. Proposed bike facilities in the vicinity of the project site include Class III bike routes on East 220th Street, between Figueora Street and East 223rd Street, and on Bonita Street, between East 223rd Street and East 213th Street (City of Carson 2023).

The City of Carson is well served by sidewalks, with relatively few gaps in the sidewalk network. Sidewalks are present along most streets throughout the City except for some neighborhoods and industrial areas. Pedestrian crosswalks are provided at signalized and, occasionally, unsignalized intersections (City of Carson 2023).

Impact Analysis

The project entails constructing and operating a stormwater capture and treatment facility within the northern portion of Calas Park, replacing the existing baseball/softball and soccer fields once construction is complete, and improving amenities that will be similar in nature to the existing features.

Construction

The project would result in a temporary, short-term increase in traffic during construction. This includes construction workers arriving to and from the project site and the delivery of large construction equipment and hauling trips to the site as needed. The total duration of project construction is anticipated to be 14 months, with some phases overlapping. Typical construction work hours would be Monday through Friday, 7:00 a.m. to 8:00 p.m., pursuant to the City of Carson Noise Control Ordinance. Night work is not anticipated.

Regional access to the park is from I-405, which is approximately 0.2 miles to the northeast; State Route 47, which is approximately 1.6 miles to the east; and I-110, which is approximately 1.7 miles to the west. Local construction access would be provided from East 220th Street. Temporary equipment staging and construction trailers would be established within the existing park boundary, with no additional off-site staging anticipated to be needed. Project construction would require the temporary partial closures of East 220th Street and Bonita Street. No full road closures are anticipated, and access to surrounding driveways would be maintained at all times. The temporary partial closures of East 220th Street and Bonita Street would be performed pursuant to a traffic control plan prepared by the contractor and subject to City approval. The traffic control plan would include measures such as identifying the proposed truck routes, minimizing and/or avoiding truck travel during peak hours, using flaggers for local site access, and other measures. All lane closures would be performed pursuant to the traffic control plan. With implementation of the traffic control plan, the potential impact to the local circulation would be minimized and there would be no changes that would affect the safety and accessibility of the transportation system.

Construction of the reservoir would entail removing the field surface and excavating earth material up to approximately 20 feet below ground surface. Material would be placed into dump trucks and hauled off site to a licensed landfill or quarry for reuse or disposal. The full extent of the material haul route or routes would be determined by the contractor and City of Carson Public Works Department once a disposal site has been identified. It is anticipated that the local route would follow South Edgar Street to East 223rd Street, which is a designated truck route in the City of Carson (City of Carson 2023), to Figueroa Street to access I-405 or I-110. Due to the nominal and temporary increase in construction traffic, any effect on the operations of roadways or the overall circulation system along these roads would be minimal.

The baseball/softball and soccer fields are expected to be closed to the public for the duration of project construction, which is anticipated to be approximately 14 months. The remaining portions of the park (tennis courts, basketball courts, parking lot, and playground) would be open to the public during construction.

The nearest bicycle facility to the project site is a Class III bike route on Carson Street between Figueroa Street and the Dominguez Channel. Long Beach Transit Route 8 is the nearest transit route to the site, with service on East 223rd Street, and a bus stop located on East 223rd Street, near South Edgar Street. The transit, bicycle, and pedestrian facilities would remain open during construction, and the temporary and minimal increase in construction-related traffic would not interfere with existing public transit, bicycle, or pedestrian facilities. Impacts would be **less than significant**.

Operations

The proposed park improvements would replace existing amenities with improved features that would allow for similar active and passive recreation uses as under existing conditions, but with an enhanced experience for park users. Once the stormwater capture system is installed, Field 2 would be replaced with an updated multipurpose field to be used for both softball and soccer. Other improvements include replacing the existing outfield fence along East 220th Street with a 12-foot fence and planting three new sycamore trees with root barriers.

Calas Park is served by multiple existing roads, including East 220th Street, South Edgar Street, and numerous local streets surrounding the site. Park users would also continue to be served by the existing transit, bicycle, and pedestrian facilities near the site. The project would reconstruct the sidewalk and drain immediately west of the tennis courts to repair surface lifting and damage. A decomposed granite path would be installed on the east side of the tennis courts to provide a connection from the sidewalk into the park.

The project would not include site improvements that would extend into the public right-of-way or interfere with the existing roadway network, public transit, bicycle, or pedestrian facilities, or impede the construction of new or the expansion of existing facilities in the future. Bicyclist and pedestrian safety would be maintained at existing levels in the area. The project would also not severely delay, impact, or reduce the service level of transit in the area.

Therefore, the proposed project would not conflict with the circulation policies within the City's General Plan or the Carson Master Plan of Bikeways. Impacts would be **less than significant**.

b) Would the project conflict or be inconsistent with CEQA Guidelines Section 15064.3, subdivision (b)?

Less-than-Significant Impact. CEQA Guidelines Section 15064.3(b) focuses on VMT for determining the significance of transportation impacts. The Updated CEQA Guidelines state that "generally, vehicle miles traveled (VMT) is the most appropriate measure of transportation impacts," and define VMT as "the amount and distance of automobile travel attributable to a project." "Automobile" refers to on-road passenger vehicles, specifically cars and light trucks. The Governor's Office of Land Use and Climate Innovation (LCI), formerly known as the Governor's Office of Planning and Research, has clarified in its *Technical Advisory on Evaluating Transportation Impacts in CEQA* (LCI Technical Advisory) that heavy-duty truck VMT is not required to be included in the estimation of a project's VMT (LCI 2018).

The City has not yet established VMT guidelines or thresholds for evaluating transportation impacts under CEQA; therefore, the VMT Analysis was based on the LCI Technical Advisory and the Los Angeles County Public Works *Transportation Impact Analysis Guidelines* (Los Angeles County Public Works 2020). Based on guidance provided from LCI, and per the County's guidelines, land use projects can be screened from a VMT analysis if it generates 110 or fewer daily (permanent) trips, is a local serving retail use (50,000 square feet or less), is and office or residential use located in a low VMT area, is within a transit priority area, or is an affordable housing project. A project only needs to satisfy one of the screening criteria to be exempt from further VMT.

Construction

CEQA Guidelines Section 15064.3(b) is divided into four subdivisions: (1) land use projects, (2) transportation projects, (3) qualitative analysis, and (4) methodology. The project is not a land use or transportation project; and the project would not result in a major expansion of Calas Park. Therefore, neither Section 15064.3(b)(1) nor Section 15064.3(b)(2) of the CEQA Guidelines apply. Instead, the project would be categorized under Section 15064.3(b)(3), suitable for qualitative analysis and not subject to a quantitative threshold. Furthermore, the County's project size screening criterium (projects generating 110 daily trips or less) are intended to address permanent vehicle trips. Therefore, a qualitative analysis of the project construction is provided.

The project would involve construction that would generate temporary construction-related traffic for approximately 14 months. Even though worker and vendor trips would generate VMT, once construction is completed, the construction-related traffic would cease, and traffic would return to pre-construction conditions. Measures to reduce the VMT generated by workers and trucks are limited, and there are no thresholds or significance criteria for temporary, construction-related VMT. The project construction would be generally consistent with construction activities in terms of the temporary nature of activities, trip generation characteristics, and the types of vehicles and equipment required. The increase in VMT associated with the projects' construction is expected to be temporary; therefore, VMT impact would be **less than significant**.

Operations

Once construction is complete, project operation is anticipated to entail routine maintenance activities at the stormwater capture facility performed by City staff. Activities would include removal of debris and pollutant constituents from the treatment devices, pump testing and calibration, monitoring/sampling of treatment, and cleaning the storage reservoir. Proposed park improvements would not expand the footprint of Calas Park or result in a major expansion of facilities that would induce substantial demand or park users. The operation of the project can be considered a "small project" per the County's Transportation Impact Analysis Guidelines and OPR's Technical Advisory, given that it would not generate greater than 110 daily trips[11] and would therefore be presumed to have a **less-than-significant** VMT impact.

Therefore, the project would not conflict or be inconsistent with CEQA Guidelines Sections 15064.3(b)(1) and 15064.3(b)(3) and impacts would be **less than significant**.

[11] This threshold ties directly to the OPR technical advisory and notes that CEQA provides a categorical exemption for existing facilities, including additions to existing structures of up to 10,000 square feet, so long as the project is in an area where public infrastructure is available to allow for maximum planned development and the project is not in an environmentally sensitive area (14 CCR 15301[e][2]). Typical project types for which trip generation increases relatively linearly with building footprint (i.e., general office building, single tenant office building, office park, and business park) generate or attract an additional 110-124 trips per 10,000 square feet. Therefore, absent substantial evidence otherwise, it is reasonable to conclude that the addition of 110 or fewer trips could be considered not to lead to a significant impact.

c) Would the project substantially increase hazards due to a geometric design feature (e.g., sharp curves or dangerous intersections) or incompatible uses (e.g., farm equipment)?

Construction

Less-than-Significant Impact. The project site is located in an established, developed area with direct access to designated local and regional truck routes. Transportation and haul permits would be required from Caltrans and the City of Carson for construction truck traffic. The project would not introduce uses (types of vehicles) that are incompatible with existing uses already served by the area's road system during either construction or operations.

Construction would also require temporary work in East 220th Street and Bonita Street and portions of traffic lanes would be closed. No full road closures are anticipated. The project would implement a traffic control plan to be prepared by the contractor and approved by the City Engineer. All lane closures would be performed pursuant to the traffic control plan. With implementation of the traffic control plan, there would be no changes that would affect the safety and accessibility of the transportation system. Therefore, impacts associated with hazardous design features or incompatible land uses during construction of the project would be **less than significant**.

Operations

Less-Than-Significant Impact. Access to the site would be provided from existing city streets and from the existing park driveway. There would be no changes to the existing off-site circulation on City roads. Therefore, the project would not substantially increase hazards due to a roadway design feature or introduce incompatible uses during operation of the project. Impacts would be **less than significant**.

d) Would the project result in inadequate emergency access?

Construction

Less-Than-Significant Impact. The project site is located in an established, developed area with sufficient access for emergency service providers. Construction would require temporary work in East 220th Street and Bonita Street, which would require closing portions of the travel lanes. However, construction activities would occur on the project site and no full road closures in the public right-of-way or driveway closures are anticipated that would impact adopted emergency access or response plans. As part of the traffic control plan, the contractor would follow standard construction practices and ensure that adequate on-site circulation and access is always maintained for all users, including coordinating with local emergency response providers (local police, fire, and medical dispatch) regarding proposed construction activities. As such, construction of the project would have a **less-than-significant impact** related to emergency access.

Operations

Less-than-Significant Impact. As previously discussed, the project site is located in an established, developed area with sufficient access for emergency service providers. There would be no changes to the existing off-site circulation on City roads during project operations. As such, operation of the project would have a **less-than-significant impact** related to emergency access.

3.18 Tribal Cultural Resources

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XVIII. TRIBAL CULTURAL RESOURCES				
Would the project cause a substantial adverse change in the significance of a tribal cultural resource, defined in Public Resources Code Section 21074 as either a site, feature, place, cultural landscape that is geographically defined in terms of the size and scope of the landscape, sacred place, or object with cultural value to a California Native American tribe, and that is:				
a) Listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as defined in Public Resources Code Section 5020.1(k), or	☐	☐	☒	☐
b) A resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code Section 5024.1? In applying the criteria set forth in subdivision (c) of Public Resources Code Section 5024.1, the lead agency shall consider the significance of the resource to a California Native American tribe.	☐	☒	☐	☐

The evaluation of potential impacts to Tribal Cultural Resources (TCRs) is primarily based on the findings resulting from tribal consultation conducted by the City, as the lead agency, as well as the findings of Section 3.5, Cultural Resources, in this MND. Background research and fieldwork conducted to inform this analysis include a NAHC SLF search, archival research and CHRIS database records search, a pedestrian survey of the project site, and the results of formal tribal consultation pursuant to California AB 52.

The project is subject to compliance with AB 52 (PRC 21074), which requires consideration of impacts to TCRs as part of the CEQA process, and that the lead agency notify California Native American Tribal representatives (that have requested notification) who are traditionally or culturally affiliated with the geographic area of the proposed project. All NAHC-listed California Native American Tribal representatives that have requested project notification pursuant to AB 52 were sent letters by the City on April 30, 2025. The notification letters contained a project description, outline of AB 52 timing, an invitation to consult, a project site figure, and contact information for the appropriate lead agency representative. To date, one response has been received by the City from the Santa Rosa Band of Cahuilla Indians deferring any comments to the Sobaba Band of Luiseno Indians. A response was not received from the Sobaba Band of Luiseno Indians.

Would the project cause a substantial adverse change in the significance of a tribal cultural resource, defined in Public Resources Code Section 21074 as either a site, feature, place, cultural landscape that is geographically defined in terms of the size and scope of the landscape, sacred place, or object with cultural value to a California Native American tribe, and that is:

a) Listed or eligible for listing in the California Register of Historical Resources, or in a local register of historical resources as defined in Public Resources Code Section 5020.1(k)?

Less-Than-Significant Impact. As discussed in Section 3.5, Cultural Resources, no previously recorded archaeological resources of Native American origin or TCRs listed in the California Register of Historical Resources or a local register were identified within the project area as a result of the SCCIC records search, the NAHC SLF results, or the pedestrian survey. Additionally, the City notified California Native American Tribal representatives who are traditionally or culturally affiliated with the geographic area of the project pursuant to AB 52. As discussed above, one response was received from the Santa Rosa Band of Cahuilla Indians deferring any comments to the Sobaba Band of Luiseno Indians. A response was not received from the Sobaba Band of Luiseno Indians. Therefore, the project would not adversely affect TCRs that are listed or eligible for listing in the state or local register. Impacts would be **less than significant**.

b) A resource determined by the lead agency, in its discretion and supported by substantial evidence, to be significant pursuant to criteria set forth in subdivision (c) of Public Resources Code Section 5024.1? In applying the criteria set forth in subdivision (c) of Public Resource Code Section 5024.1, the lead agency shall consider the significance of the resource to a California Native American tribe.

Less Than Significant Impact with Mitigation Incorporated**.** The project is subject to compliance with AB 52 (PRC 21074), which requires consideration of impacts to TCRs as part of the CEQA process and requires lead agencies to provide notification of proposed projects to California Native American Tribal representatives that have requested such notifications.

No TCRs were identified as a result of the response provided from the Santa Rosa Band of Cahuilla Indians. However, in an abundance of caution and in an effort to protect unknown TCRs, the City has developed mitigation measures (**MM-CUL-1** through **MM-CUL-3**), as outlined in Section 3.5, Cultural Resources, to ensure the proper treatment of unknown subsurface cultural and tribal cultural resources in the event of an inadvertent discovery. Impacts would be **less than significant with mitigation**.

3.19 Utilities and Service Systems

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XIX. UTILITIES AND SERVICE SYSTEMS – Would the project:				
a) Require or result in the relocation or construction of new or expanded water, waste water treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects?	☐	☐	☒	☐
b) Have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry, and multiple dry years?	☐	☐	☒	☐
c) Result in a determination by the waste water treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?	☐	☐	☐	☒
d) Generate solid waste in excess of state or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals?	☐	☐	☒	☐
e) Comply with federal, state, and local management and reduction statutes and regulations related to solid waste?	☐	☐	☐	☒

a) Would the project require or result in the relocation or construction of new or expanded water, waste water treatment or storm water drainage, electric power, natural gas, or telecommunications facilities, the construction or relocation of which could cause significant environmental effects?

Less-than-Significant Impact. The project includes the construction of a stormwater capture and treatment facility and improvements to the existing Calas Park. The proposed stormwater facility would intercept stormwater and dry-weather flow from existing storm drain channels within East 220th Street and route it into the filtration facility, where it would be allowed to infiltrate into underlying soils or it would be treated and discharged into an existing catch basin. The proposed pump associated with the treatment facility would be electrically powered, thus requiring an additional connection to the electrical power that currently serve the park's lights and irrigation system. Connection to these existing distribution facilities would be sufficient for providing power to the project and would not require any other relocation or construction of electrical power facilities. The project would also require

reconstruction of minor existing water infrastructure in the removal and replacement of the existing irrigation pipes and sprinkler heads. These minor improvements are features of the project that would be subject to engineering design to ensure adjacent facilities and users are not negatively affected. Any relocation of existing facilities would not be substantial enough to result in a significant impact pursuant to CEQA. Impacts would be **less than significant**.

b) Would the project have sufficient water supplies available to serve the project and reasonably foreseeable future development during normal, dry and multiple dry years?

Less-than-Significant Impact. Project construction would temporarily require a minor amount of water primarily associated with site watering in compliance with SCAQMD Rule 403 to prevent, reduce, or mitigate fugitive dust emissions from construction activities. Once construction is complete, operational changes in water use would include the minor irrigation changes. Other existing components of the park that require water would not change their existing usage. As such, operation of the project would not demand additional water use. Therefore, impacts would be **less than significant**.

c) Would the project result in a determination by the waste water treatment provider which serves or may serve the project that it has adequate capacity to serve the project's projected demand in addition to the provider's existing commitments?

No Impact. Construction and operation of the project would not generate wastewater demand. Therefore, **no impacts** would occur.

d) Would the project generate solid waste in excess of state or local standards, or in excess of the capacity of local infrastructure, or otherwise impair the attainment of solid waste reduction goals?

Less-than-Significant Impact. During construction, the project would generate solid waste such as residual wastes, plastics, and soils. Construction-generated solid waste would be temporary and would cease once construction is completed. Solid waste generated by project construction would be properly disposed of at designated landfill facilities for construction and demolition debris. In 2011, California AB 341 was passed, establishing a state goal to reduce, recycle, or compost no less than 75% of waste generated by the year 2020. Operation of the project would not generate any substantial additional solid waste beyond current park conditions. As such, solid waste generated by the project would not exceed state or local standards or the capacity of local infrastructure. Impacts would be **less than significant**.

e) Would the project comply with federal, state, and local management and reduction statutes and regulations related to solid waste?

No Impact. As discussed in Section 3.19(d), Utilities and Service Systems, construction-generated solid waste would be temporary, and operation of the project would not generate substantially more solid waste than existing conditions. Solid waste generated by the project construction would be disposed of at designated landfill facilities under federal, state, and local regulation. Additionally, the project would be required to adhere to City and county ordinances with respect to waste reduction and recycling. As a result, **no impacts** related to state and local statutes governing solid waste are anticipated.

3.20 Wildfire

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XX. WILDFIRE – If located in or near state responsibility areas or lands classified as very high fire hazard severity zones, would the project:				
a) Substantially impair an adopted emergency response plan or emergency evacuation plan?	☐	☐	☒	☐
b) Due to slope, prevailing winds, and other factors, exacerbate wildfire risks, and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire?	☐	☐	☒	☐
c) Require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment?	☐	☐	☒	☐
d) Expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes?	☐	☐	☒	☐

a) Would the project substantially impair an adopted emergency response plan or emergency evacuation plan?

Less-than-Significant Impact. According to the CAL FIRE Hazard Severity Zone Viewer, the project site is located within a Local Responsibility Area and is not located within a Very High Fire Hazard Severity Zone (CAL FIRE 2024). The City has prepared a Draft Hazard Mitigation Plan. The hazard mitigation plan is a document that contains information to assist communities in reducing risk from hazards by identifying resources, information, and strategies for risk reduction (City of Carson 2024). A stormwater diversion structure would be constructed to connect the proposed system to existing storm drains under East 220th Street and Bonita Street. Additionally, an underground storage reservoir installed beneath the baseball/softball and soccer outfields at Calas Park would be connected directly to the diversion pipeline and an outflow pipeline for sending water back into an existing catch basin beneath East 220th Street. As such, project construction would require the temporary partial closures of East 220th Street and small portion of Bonita Street. The temporary partial closures of East 220th Street and Bonita Street would be performed pursuant to a traffic control plan prepared by the contractor and subject to City approval, which would demonstrate that emergency access or evacuation would not be impeded. Traffic on East 220th Street and Bonita Street would resume to existing conditions upon completion of the project. Impacts would be **less than significant**.

b) Due to slope, prevailing winds, and other factors, would the project exacerbate wildfire risks, and thereby expose project occupants to pollutant concentrations from a wildfire or the uncontrolled spread of a wildfire?

Less-than-Significant Impact. Construction of the project would comply with Article III, Chapter 1 of the City's Municipal Code, which adopts the Los Angeles County Fire Code by reference, which is based on the California Fire Code with amendments and additions. Chapter 33 of the California Fire Code outlines general fire safety precautions during construction and demolition that are intended to maintain minimum levels of fire protection and limit the spread of fire. The project would not include structures intended for long-term occupancy. Furthermore, the project site is relatively flat and would not influence prevailing winds or other factors that could exacerbate wildfire risk. As such, the project would not exacerbate wildfire risks such that project users would be exposed to pollutants concentrations. Impacts would be **less than significant**.

c) Would the project require the installation or maintenance of associated infrastructure (such as roads, fuel breaks, emergency water sources, power lines, or other utilities) that may exacerbate fire risk or that may result in temporary or ongoing impacts to the environment?

Less-than-Significant Impact. As discussed previously, the project overall would not exacerbate fire risk. Construction would comply with California Fire Code requirements to manage and minimize fire risk during construction. Operation of the project would not contain potential sources for fire risk. As such, the project would not result in installation or maintenance of associated infrastructure that may exacerbate fire risk. Impacts would be **less than significant**.

d) Would the project expose people or structures to significant risks, including downslope or downstream flooding or landslides, as a result of runoff, post-fire slope instability, or drainage changes?

Less-than-Significant Impact. For reasons described previously in Sections 3.9(g) and 3.20(a), (b), and (c), the project would not pose a substantial risk for wildfire. The project would be located on relatively flat land within Calas Park. As such, implementation of the project would not expose people or structures to significant risks from post-fire slope instability or drainage changes. Impacts would be **less than significant**.

3.21 Mandatory Findings of Significance

	Potentially Significant Impact	Less Than Significant Impact With Mitigation Incorporated	Less Than Significant Impact	No Impact
XXI. MANDATORY FINDINGS OF SIGNIFICANCE				
a) Does the project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, substantially reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?	☐	☒	☐	☐
b) Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)	☐	☒	☐	☐
c) Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?	☐	☒	☐	☐

a) ***Does the project have the potential to substantially degrade the quality of the environment, substantially reduce the habitat of a fish or wildlife species, cause a fish or wildlife population to drop below self-sustaining levels, threaten to eliminate a plant or animal community, substantially reduce the number or restrict the range of a rare or endangered plant or animal, or eliminate important examples of the major periods of California history or prehistory?***

Less Than Significant Impact with Mitigation Incorporated. Potential impacts related to sensitive and special-status habitat, wildlife species, and plant species are discussed in Section 3.4, Biological Resources. As discussed in Section 3.4, Biological Resources, all potentially significant impacts to biological resources would be reduced to a level below significance with incorporation of mitigation measures. The proposed project would not substantially degrade the quality of the environment or impact fish or wildlife species or plant communities. As discussed in Section 3.5, Cultural Resources, potential impacts to cultural resources would be reduced to a level below significance with incorporation of mitigation measures. The proposed project would not eliminate important examples of the major periods of California history or prehistory. Overall, impacts would be **less than significant with incorporation of mitigation measures**.

b) Does the project have impacts that are individually limited, but cumulatively considerable? ("Cumulatively considerable" means that the incremental effects of a project are considerable when viewed in connection with the effects of past projects, the effects of other current projects, and the effects of probable future projects.)

Less Than Significant Impact with Mitigation Incorporated. As indicated in the analysis presented throughout Chapter 3, Initial Study Checklist, of this MND, the proposed project would not result in significant and unavoidable impacts in any issue area. Mitigation measures would reduce impacts to below a level of significance.

Cumulative projects in the City include the Imperial Avalon Specific Plan; the District at South Bay Specific Plan; the Brookhollow Group Warehouse project located at 1210 East 223rd Street, approximately 0.24 miles southeast of the project site; the Perry Street Residences located at 21611 Perry Street, approximately 0.36 miles northeast of the project site; the Carson Hyundai service building project located at 2205 East 223rd Street, approximately 1.27 miles southeast of the project site; the Dutch Bro's Coffee project located at 20377 Avalon Boulevard, approximately 1.45 miles north of the project site; the Carson Triangle project located at 21140, 21212, and 21126 Avalon Boulevard, located approximately 0.78 miles north of the project site; the ASPCA Animal Clinic project located at 16300 South Figueroa Street, approximately 4.14 miles north of the project site; the Shell Compressed Natural Gas Dispensing Station project located at 20945 South Wilmington Avenue, approximately 0.97 miles northeast of the project site; and the Carson to Paramount Hydrogen Gas Pipeline project located at 23300 South Alameda Street, approximately 1.78 miles southeast of the project site. The project is not located in the immediate vicinity of any large cumulative projects whose construction phase would overlap to create cumulative impacts. The proposed project, as with potential cumulative projects, would incorporate mitigation measures to reduce impacts, as applicable, particularly during construction. Upon completion of construction, the proposed project would have no potential to contribute to a cumulative impact. Impacts would be **less than significant with incorporation of mitigation measures**.

c) Does the project have environmental effects which will cause substantial adverse effects on human beings, either directly or indirectly?

Less Than Significant Impact with Mitigation Incorporated. The potential for adverse direct or indirect impacts to human beings was considered throughout Chapter 3 of this MND. Based on this evaluation, there is no substantial evidence that construction or operation of the project with the proposed mitigation measures incorporated would result in a substantial adverse effect on human beings. Impacts would be **less than significant with incorporation of mitigation measures**.

7.6. Health & Equity Custom Measures

8. User Changes to Default Data

1. Basic Project Information

1.1. Basic Project Information

Data Field	Value
Project Name	Calas Park Stormwater Capture Project
Construction Start Date	10/1/2026
Operational Year	2028
Lead Agency	—
Land Use Scale	Project/site
Analysis Level for Defaults	County
Windspeed (m/s)	3.50
Precipitation (days)	17.4
Location	33.827447691220186, -118.2571402051142
County	Los Angeles-South Coast
City	Carson
Air District	South Coast AQMD
Air Basin	South Coast
TAZ	4617
EDFZ	7
Electric Utility	Southern California Edison
Gas Utility	Southern California Gas
App Version	2022.1.1.29

1.2. Land Use Types

Land Use Subtype	Size	Unit	Lot Acreage	Building Area (sq ft)	Landscape Area (sq ft)	Special Landscape Area (sq ft)	Population	Description
City Park	5.72	Acre	5.72	0.00	6,620	6,620	—	Park fields

Other Asphalt Surfaces	3.26	1000sqft	0.07	0.00	0.00	—	—	Pavement
Other Non-Asphalt Surfaces	3.49	1000sqft	0.08	0.00	0.00	—	—	Concrete sidewalks

1.3. User-Selected Emission Reduction Measures by Emissions Sector

No measures selected

2. Emissions Summary

2.1. Construction Emissions Compared Against Thresholds

Criteria Pollutants (lb/day for daily, ton/yr for annual) and GHGs (lb/day for daily, MT/yr for annual)

Un/Mit.	TOG	ROG	NOx	CO	SO2	PM10E	PM10D	PM10T	PM2.5E	PM2.5D	PM2.5T	BCO2	NBCO2	CO2T	CH4	N2O	R	CO2e
Daily, Summer (Max)	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—
Unmit.	5.48	4.59	42.4	49.2	0.08	1.72	5.79	7.36	1.58	2.79	4.34	—	9,377	9,377	0.39	0.19	2.80	9,445
Daily, Winter (Max)	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—	—

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	5.08	annual days of extreme heat
Extreme Precipitation	4.20	annual days with precipitation above 20 mm
Sea Level Rise	—	meters of inundation depth
Wildfire	0.00	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	1	0	0	N/A
Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	1	1	1	2
Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	1	1	2

Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

6.4. Climate Risk Reduction Measures

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	22.2
AQ-PM	80.6
AQ-DPM	86.0
Drinking Water	29.4
Lead Risk Housing	59.8
Pesticides	0.00
Toxic Releases	98.8
Traffic	95.4
Effect Indicators	—
CleanUp Sites	89.2
Groundwater	94.0

Haz Waste Facilities/Generators	67.0
Impaired Water Bodies	93.4
Solid Waste	54.8
Sensitive Population	—
Asthma	76.6
Cardio-vascular	82.7
Low Birth Weights	74.9
Socioeconomic Factor Indicators	—
Education	62.2
Housing	28.2
Linguistic	77.1
Poverty	49.7
Unemployment	43.1

7.2. Healthy Places Index Scores

The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Economic	—
Above Poverty	57.92377775
Employed	62.37649172
Median HI	55.88348518
Education	—
Bachelor's or higher	53.18875914

2016 Voting	18.3

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	92.0
Healthy Places Index Score for Project Location (b)	51.0
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	Yes
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	Wilmington Long Beach Carson

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

8. User Changes to Default Data

Screen	Justification
Construction: Construction Phases	Adjusted default construction phases and durations based on Project description.
Construction: Off-Road Equipment	Revised default equipment assumptions based on Project Description
Construction: Trips and VMT	Conservatively rounded default trips up to nearest even number. Added vendor trips to account for water and delivery trucks.
Construction: Dust From Material Movement	Excavation quantities provided by applicant.
Operations: Solid Waste	No increase in solid waste compared to existing conditions.
Operations: Refrigerants	No increase in refrigerants compared to existing conditions.
Operations: Water and Waste Water	No increase in outdoor water use compared to existing conditions.

Operations: Off-Road Equipment	Larger electric pump to pump treated stormwater into the proposed bioswale (HP from project design plans). Smaller booster pump to assist the existing irrigation system (default HP).

5.18.1.1. Unmitigated

Biomass Cover Type	Initial Acres	Final Acres

5.18.2. Sequestration

5.18.2.1. Unmitigated

Tree Type	Number	Electricity Saved (kWh/year)	Natural Gas Saved (btu/year)

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	5.08	annual days of extreme heat
Extreme Precipitation	4.20	annual days with precipitation above 20 mm
Sea Level Rise	—	meters of inundation depth
Wildfire	0.00	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	1	0	0	N/A
Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	0	0	N/A

Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	1	1	1	2
Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

6.4. Climate Risk Reduction Measures

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	22.2
AQ-PM	80.6
AQ-DPM	86.0
Drinking Water	29.4
Lead Risk Housing	59.8
Pesticides	0.00
Toxic Releases	98.8
Traffic	95.4
Effect Indicators	—
CleanUp Sites	89.2

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	92.0
Healthy Places Index Score for Project Location (b)	51.0
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	Yes
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	Wilmington Long Beach Carson

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

8. User Changes to Default Data

Screen	Justification
Construction: Construction Phases	Adjusted default construction phases and durations based on Project description.
Construction: Off-Road Equipment	Revised default equipment assumptions based on Project Description
Construction: Trips and VMT	Conservatively rounded default trips up to nearest even number. Added vendor trips to account for water and delivery trucks. 0.25 miles for on-site travel.
Construction: Dust From Material Movement	Excavation quantities provided by applicant.
Operations: Solid Waste	No increase in solid waste compared to existing conditions.
Operations: Refrigerants	No increase in refrigerants compared to existing conditions.
Operations: Water and Waste Water	No increase in outdoor water use compared to existing conditions.
Operations: Off-Road Equipment	Larger electric pump to pump treated stormwater into the proposed bioswale (HP from project design plans). Smaller booster pump to assist the existing irrigation system (default HP).

Calas Park Stormwater Capture Project Construction HRA Detailed Report

Table of Contents

1. Basic Project Information

1.1. Basic Project Information

1.2. Land Use Types

1.3. User-Selected Emission Reduction Measures by Emissions Sector

2. Emissions Summary

2.1. Construction Emissions Compared Against Thresholds

2.2. Construction Emissions by Year, Unmitigated

2.3. Construction Emissions by Year, Mitigated

3. Construction Emissions Details

3.1. Demolition (2026) - Unmitigated

3.2. Demolition (2026) - Mitigated

3.3. Site Preparation (2026) - Unmitigated

3.4. Site Preparation (2026) - Mitigated

3.5. Reservoir Excavation (2027) - Unmitigated

3.6. Reservoir Excavation (2027) - Mitigated

3.7. Outlet Line (2027) - Unmitigated

3.8. Outlet Line (2027) - Mitigated

3.9. Reservoir Construction (2027) - Unmitigated

3.10. Reservoir Construction (2027) - Mitigated

3.11. Pipe/Diversion/Treatment Facility/Pump/Bioswale (2027) - Unmitigated

3.12. Pipe/Diversion/Treatment Facility/Pump/Bioswale (2027) - Mitigated

3.13. Field/Bioswale/Landscaping (2027) - Unmitigated

3.14. Field/Bioswale/Landscaping (2027) - Mitigated

4. Operations Emissions Details

4.10. Soil Carbon Accumulation By Vegetation Type

4.10.1. Soil Carbon Accumulation By Vegetation Type - Unmitigated

4.10.2. Above and Belowground Carbon Accumulation by Land Use Type - Unmitigated

4.10.3. Avoided and Sequestered Emissions by Species - Unmitigated

4.10.4. Soil Carbon Accumulation By Vegetation Type - Mitigated

4.10.5. Above and Belowground Carbon Accumulation by Land Use Type - Mitigated

4.10.6. Avoided and Sequestered Emissions by Species - Mitigated

5. Activity Data

5.1. Construction Schedule

5.2. Off-Road Equipment

5.2.1. Unmitigated

5.2.2. Mitigated

5.3. Construction Vehicles

5.3.1. Unmitigated

5.3.2. Mitigated

5.4. Vehicles

5.4.1. Construction Vehicle Control Strategies

5.5. Architectural Coatings

5.6. Dust Mitigation

5.6.1. Construction Earthmoving Activities

5.6.2. Construction Earthmoving Control Strategies

5.7. Construction Paving

5.8. Construction Electricity Consumption and Emissions Factors

5.18. Vegetation

5.18.1. Land Use Change

5.18.1.1. Unmitigated

5.18.1.2. Mitigated

5.18.1. Biomass Cover Type

5.18.1.1. Unmitigated

5.18.1.2. Mitigated

5.18.2. Sequestration

5.18.2.1. Unmitigated

5.18.2.2. Mitigated

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

6.2. Initial Climate Risk Scores

6.3. Adjusted Climate Risk Scores

6.4. Climate Risk Reduction Measures

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

7.2. Healthy Places Index Scores

7.3. Overall Health & Equity Scores

7.4. Health & Equity Measures

7.5. Evaluation Scorecard

7.6. Health & Equity Custom Measures

8. User Changes to Default Data

1. Basic Project Information

1.1. Basic Project Information

Data Field	Value
Project Name	Calas Park Stormwater Capture Project Construction HRA
Construction Start Date	10/1/2026
Lead Agency	—
Land Use Scale	Project/site
Analysis Level for Defaults	County
Windspeed (m/s)	3.50
Precipitation (days)	17.4
Location	33.827447691220186, -118.2571402051142
County	Los Angeles-South Coast
City	Carson
Air District	South Coast AQMD
Air Basin	South Coast
TAZ	4617
EDFZ	7
Electric Utility	Southern California Edison
Gas Utility	Southern California Gas
App Version	2022.1.1.29

1.2. Land Use Types

Land Use Subtype	Size	Unit	Lot Acreage	Building Area (sq ft)	Landscape Area (sq ft)	Special Landscape Area (sq ft)	Population	Description
City Park	5.72	Acre	5.72	0.00	6,620	6,620	—	Park fields
Other Asphalt Surfaces	3.26	1000sqft	0.07	0.00	0.00	—	—	Pavement

Other Non-Asphalt Surfaces	3.49	1000sqft	0.08	0.00	0.00	—	—	Concrete sidewalks

1.3. User-Selected Emission Reduction Measures by Emissions Sector

Sector	#	Measure Title
Construction	C-6	Use Diesel Particulate Filters

2. Emissions Summary

2.1. Construction Emissions Compared Against Thresholds

6. Climate Risk Detailed Report

6.1. Climate Risk Summary

Cal-Adapt midcentury 2040–2059 average projections for four hazards are reported below for your project location. These are under Representation Concentration Pathway (RCP) 8.5 which assumes GHG emissions will continue to rise strongly through 2050 and then plateau around 2100.

Climate Hazard	Result for Project Location	Unit
Temperature and Extreme Heat	5.08	annual days of extreme heat
Extreme Precipitation	4.20	annual days with precipitation above 20 mm

Sea Level Rise	—	meters of inundation depth
Wildfire	0.00	annual hectares burned

Temperature and Extreme Heat data are for grid cell in which your project are located. The projection is based on the 98th historical percentile of daily maximum/minimum temperatures from observed historical data (32 climate model ensemble from Cal-Adapt, 2040–2059 average under RCP 8.5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Extreme Precipitation data are for the grid cell in which your project are located. The threshold of 20 mm is equivalent to about ¾ an inch of rain, which would be light to moderate rainfall if received over a full day or heavy rain if received over a period of 2 to 4 hours. Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.
Sea Level Rise data are for the grid cell in which your project are located. The projections are from Radke et al. (2017), as reported in Cal-Adapt (Radke et al., 2017, CEC-500-2017-008), and consider inundation location and depth for the San Francisco Bay, the Sacramento-San Joaquin River Delta and California coast resulting different increments of sea level rise coupled with extreme storm events. Users may select from four scenarios to view the range in potential inundation depth for the grid cell. The four scenarios are: No rise, 0.5 meter, 1.0 meter, 1.41 meters
Wildfire data are for the grid cell in which your project are located. The projections are from UC Davis, as reported in Cal-Adapt (2040–2059 average under RCP 8.5), and consider historical data of climate, vegetation, population density, and large (> 400 ha) fire history. Users may select from four model simulations to view the range in potential wildfire probabilities for the grid cell. The four simulations make different assumptions about expected rainfall and temperature are: Warmer/drier (HadGEM2-ES), Cooler/wetter (CNRM-CM5), Average conditions (CanESM2), Range of different rainfall and temperature possibilities (MIROC5). Each grid cell is 6 kilometers (km) by 6 km, or 3.7 miles (mi) by 3.7 mi.

6.2. Initial Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	1	0	0	N/A
Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	0	0	N/A
Wildfire	1	0	0	N/A
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	0	0	0	N/A

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores do not include implementation of climate risk reduction measures.

6.3. Adjusted Climate Risk Scores

Climate Hazard	Exposure Score	Sensitivity Score	Adaptive Capacity Score	Vulnerability Score
Temperature and Extreme Heat	1	1	1	2

Extreme Precipitation	N/A	N/A	N/A	N/A
Sea Level Rise	1	1	1	2
Wildfire	1	1	1	2
Flooding	N/A	N/A	N/A	N/A
Drought	N/A	N/A	N/A	N/A
Snowpack Reduction	N/A	N/A	N/A	N/A
Air Quality Degradation	1	1	1	2

The sensitivity score reflects the extent to which a project would be adversely affected by exposure to a climate hazard. Exposure is rated on a scale of 1 to 5, with a score of 5 representing the greatest exposure.
The adaptive capacity of a project refers to its ability to manage and reduce vulnerabilities from projected climate hazards. Adaptive capacity is rated on a scale of 1 to 5, with a score of 5 representing the greatest ability to adapt.
The overall vulnerability scores are calculated based on the potential impacts and adaptive capacity assessments for each hazard. Scores include implementation of climate risk reduction measures.

6.4. Climate Risk Reduction Measures

7. Health and Equity Details

7.1. CalEnviroScreen 4.0 Scores

The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Exposure Indicators	—
AQ-Ozone	22.2
AQ-PM	80.6
AQ-DPM	86.0
Drinking Water	29.4
Lead Risk Housing	59.8
Pesticides	0.00
Toxic Releases	98.8
Traffic	95.4
Effect Indicators	—

CleanUp Sites	89.2
Groundwater	94.0
Haz Waste Facilities/Generators	67.0
Impaired Water Bodies	93.4
Solid Waste	54.8
Sensitive Population	—
Asthma	76.6
Cardio-vascular	82.7
Low Birth Weights	74.9
Socioeconomic Factor Indicators	—
Education	62.2
Housing	28.2
Linguistic	77.1
Poverty	49.7
Unemployment	43.1

7.2. Healthy Places Index Scores

The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

Indicator	Result for Project Census Tract
Economic	—
Above Poverty	57.92377775
Employed	62.37649172
Median HI	55.88348518
Education	—
Bachelor's or higher	53.18875914
High school enrollment	100
Preschool enrollment	48.45374054
Transportation	—

Auto Access	31.27165405
Active commuting	35.41639933
Social	—

7.3. Overall Health & Equity Scores

Metric	Result for Project Census Tract
CalEnviroScreen 4.0 Score for Project Location (a)	92.0
Healthy Places Index Score for Project Location (b)	51.0
Project Located in a Designated Disadvantaged Community (Senate Bill 535)	Yes
Project Located in a Low-Income Community (Assembly Bill 1550)	Yes
Project Located in a Community Air Protection Program Community (Assembly Bill 617)	Wilmington Long Beach Carson

a: The maximum CalEnviroScreen score is 100. A high score (i.e., greater than 50) reflects a higher pollution burden compared to other census tracts in the state.
b: The maximum Health Places Index score is 100. A high score (i.e., greater than 50) reflects healthier community conditions compared to other census tracts in the state.

7.4. Health & Equity Measures

No Health & Equity Measures selected.

7.5. Evaluation Scorecard

Health & Equity Evaluation Scorecard not completed.

7.6. Health & Equity Custom Measures

No Health & Equity Custom Measures created.

8. User Changes to Default Data

Screen	Justification
Construction: Construction Phases	Adjusted default construction phases and durations based on Project description.
Construction: Off-Road Equipment	Revised default equipment assumptions based on Project Description
Construction: Trips and VMT	Conservatively rounded default trips up to nearest even number. Added vendor trips to account for water and delivery trucks. 0.25 miles for on-site travel of trucks for construction HRA.
Construction: Dust From Material Movement	Excavation quantities provided by applicant.
Operations: Solid Waste	No increase in solid waste compared to existing conditions.
Operations: Refrigerants	No increase in refrigerants compared to existing conditions.

Operations: Water and Waste Water	No increase in outdoor water use compared to existing conditions.
Operations: Off-Road Equipment	Larger electric pump to pump treated stormwater into the proposed bioswale (HP from project design plans). Smaller booster pump to assist the existing irrigation system (default HP).

- - - - - - - - - - - - - - - - - - - - - -

 ** Model Options Selected:
      * Model Uses Regulatory DEFAULT Options
      * Model Is Setup For Calculation of Average CONCentration Values.
      * NO GAS DEPOSITION Data Provided.
      * NO PARTICLE DEPOSITION Data Provided.
      * Model Uses NO DRY DEPLETION. DDPLETE  =  F
      * Model Uses NO WET DEPLETION. WETDPLT  =  F
      * Stack-tip Downwash.
      * Model Accounts for ELEVated Terrain Effects.
      * Use Calms Processing Routine.
      * Use Missing Data Processing Routine.
      * No Exponential Decay.
      * Model Uses URBAN Dispersion Algorithm for the SBL for   141 Source(s),
```

```
        for Total of    1 Urban Area(s):
   Urban Population =   9663345.0 ;  Urban Roughness Length =  1.000 m
      * Urban Roughness Length of 1.0 Meter Used.
      * ADJ_U*   - Use ADJ_U* option for SBL in AERMET
      * CCVR_Sub - Meteorological data includes CCVR substitutions
      * TEMP_Sub - Meteorological data includes TEMP substitutions
      * Model Assumes No FLAGPOLE Receptor Heights.
      * The User Specified a Pollutant Type of: PM_10

 **Model Calculates  1 Short Term Average(s) of:   1-HR
     and Calculates PERIOD Averages

 **This Run Includes:    141 Source(s);       1 Source Group(s); and    2229
Receptor(s)

                with:      0 POINT(s), including
                           0 POINTCAP(s) and      0 POINTHOR(s)
                 and:    141 VOLUME source(s)
                 and:      0 AREA type source(s)
                 and:      0 LINE source(s)
                 and:      0 RLINE/RLINEXT source(s)
                 and:      0 OPENPIT source(s)
                 and:      0 BUOYANT LINE source(s) with a total of     0 line(s)
                 and:      0 SWPOINT source(s)

 **Model Set To Continue RUNning After the Setup Testing.

 **The AERMET Input Meteorological Data Version Date:  22112

 **Output Options Selected:
          Model Outputs Tables of PERIOD Averages by Receptor
          Model Outputs Tables of Highest Short Term Values by Receptor (RECTABLE
Keyword)
          Model Outputs External File(s) of High Values for Plotting (PLOTFILE
Keyword)
          Model Outputs Separate Summary File of High Ranked Values (SUMMFILE
Keyword)

 **NOTE:  The Following Flags May Appear Following CONC Values:  c for Calm Hours
                                                                 m for Missing Hours
                                                                 b for Both Calm and
Missing Hours

 **Misc. Inputs:  Base Elev. for Pot. Temp. Profile (m MSL) =     9.65 ;  Decay
Coef. =    0.000     ;  Rot. Angle =     0.0
                  Emission Units = GRAMS/SEC                                ;
Emission Rate Unit Factor =   0.10000E+07
                  Output Units   = MICROGRAMS/M**3
```
