14. The City of Rochester Hills is exempt from all sales, excise, and transportation taxes. However, such exemption is subject to the City of Rochester Hills completing and submitting Offeror's tax forms evidencing the City of Rochester Hills' exemption. Offeror will provide Customer with such tax forms as are reasonably requested in order to reduce or eliminate the amount of any withholding or deduction for taxes in respect of payments made under this Agreement.

15. The selected firm must maintain for the life of the agreement insurance coverage meeting the minimum limits of liabilities as outlined herein.

16. No faxed, email, or mailed proposals will be accepted. All information requested herein must be submitted with the proposal; failure to do so may result in rejection of the proposal as non-responsive and/or incomplete.

17. All proposals must be in accordance with the Purchasing Ordinances of the City of Rochester Hills and the requirements of this solicitation to be deemed responsive. Any deviation from the specifications must be noted in the proposal.

18. All data, materials and documentation originated and prepared for the City of Rochester Hills pursuant to the Request for Proposals and the subsequent contract shall be in the possession of the City of Rochester Hills. Subsequent contract is defined as this General Terms and Conditions/Contract Information Agreement executed between the Offeror and City of Rochester Hills.

19. If Offeror uses Subcontractors, Offeror will (a) impose appropriate contractual obligations upon its Subcontractors, and (b) be responsible if the acts or omissions of its Subcontractors cause Offeror to breach any of its obligations under this Agreement. The use of Subcontractors will not release Offeror from any of its obligations under this Agreement. "Subcontractor" means an unaffiliated third party to whom Offeror has delegated a material portion of its obligations to provide the Services to Customer under this Agreement.

20. The City of Rochester Hills reserves the rights to waive any informalities, or immaterial omissions or defects not involving price, time or changes in the work and to reject any or all proposals, if to do so is deemed in the best interest of the City. In no event will an award be made until all necessary investigations are made as to the responsibility and qualifications of the consultant to whom it is proposed to make such award. Any contract awarded to a person or company who is discovered to have been in default or disqualified at the time of the awarding of the contract shall be voidable at the discretion of the Mayor or the City of Rochester Hills.

21. Proposers are advised that the RFP is considered to be under evaluation until contract award. The Purchasing Division and City staff are restricted from giving any information relative to the proposals and the "progress" of the evaluation during this time, except as described in this RFP and as required to administer the evaluation process. Proposers will be notified when an award is made and a notice posted on the MITN website. Proposal information will be available upon award of the contract.

22. In the event bankruptcy proceedings are commenced by or against Contractor or under any provisions of the United States Bankruptcy Act or for the appointment of a receiver or trustee or a general assignment for the benefit creditors of either party, then City shall be entitled to terminate the Agreement/Contract between the City of Rochester Hills and the Offeror without further cost or liability beyond the City's usage of the Offeror's Services.

23. As this Request for Proposals is being made available by electronic means, the proposer accepts full responsibility to insure that no changes are made to the Request for Proposals documents. In the event

of conflict between a version of the Request for Proposals submitted by proposer and the version maintained by the City of Rochester Hills Purchasing Division, the version maintained by the City of Rochester Hills Purchasing Division shall govern.

24. It shall be the proposer's responsibility to make inquiry as to the changes or addenda issued. Addendum will be posted on the MITN system. All such changes or addenda shall become a part of the Agreement and all Contractors shall be bound by such changes or addenda.

25. Under 2012, PA517, an Iran linked business, as defined therein, is not eligible to contract with the City and shall not submit a proposal.

26. In the event sufficient budgeted funds are not available for a new fiscal period, the City shall notify the vendor of such occurrence and the contract shall terminated. Notwithstanding the foregoing, the City of Rochester Hills shall be responsible for terminating their use of the Offeror's Services and for any charges incurred due to the use of the Services.

27. Offeror warrants that the Services furnished to the City will perform substantially in accordance with the AWS Documentation.

28. Indemnification (Hold Harmless) Clause

To the fullest extent permitted by law, the Consultant agrees to defend, pay on behalf of, indemnify, and hold harmless the City of Rochester Hills, its elected and appointed officials, employees and volunteers and others working on behalf of the City of Rochester Hills against any and all claims, demands, suits, or loss, including all costs and attorney fees connected therewith, and for any damages which may be asserted, claimed or recovered against or from the City of Rochester Hills, its elected and appointed officials, employees, volunteers or others working on behalf of the City of Rochester Hills, by reason of personal injury, including bodily injury or death and/or property damage, including loss of use thereof, which arises out of or is in any way connected or associated with this Agreement.

29. Liability Disclaimer/Limitation of Liability

In no event will (a) either party be liable for loss of data, loss of profits, cost of cover or other special, incidental, consequential, indirect, punitive, exemplary or reliance damages arising from or in relation to this Agreement, however caused and regardless of theory of liability; and (b) either party's aggregate liability under this Agreement exceed USD $1,000,000.00.

City of Rochester Hills Enterprise Agreement

This Enterprise Agreement (this "Agreement") is made and entered into by and among the AWS Contracting Party specified on this Cover Page, any other AWS Contracting Party that is added to this Agreement pursuant to Section 12.14, and the customer specified on this Cover Page ("Customer"). The AWS Contracting Parties are collectively referred to herein as "AWS."

In consideration of the mutual promises contained in this Agreement, AWS and Customer agree to all terms of the Agreement effective as of the date the last party signs this Agreement (the "Effective Date").

Defined terms used in this Agreement with initial letters capitalized have the meanings given in Section 13 below.

AWS Contracting Party:	Customer Name: City of Rochester Hills, Michigan
Amazon Web Services, Inc.

1. **Use of the Service Offerings.**

1.1 Generally. Customer may access and use the Services in accordance with this Agreement. Service Level Agreements apply to certain Services. Customer's use of the Service Offerings will comply with the terms of this Agreement.

1.2 AWS Account. To access the Services, Customer must create one or more AWS Enterprise Accounts. Unless explicitly permitted by the Service Terms, Customer will only create one AWS Enterprise Account per email address. All AWS Enterprise Accounts will be covered by this Agreement. For all AWS Enterprise Accounts, this Agreement supersedes any acceptance of the AWS Customer Agreement by Customer or any of its employees acting on behalf of Customer. If any of Customer's AWS accounts do not meet the definition of an "AWS Enterprise Account," those accounts will be governed by the AWS Customer Agreement.

1.3 Third-Party Content. Third-Party Content may be used by Customer at Customer's election. Third-Party Content is governed by this Agreement unless accompanied by separate terms and conditions, which may include separate fees and charges.

1.4 Customer Affiliates. Any Customer Affiliate may use the Service Offerings under its own AWS Enterprise Account(s) under the terms of this Agreement by executing an addendum to this Agreement with AWS, as mutually agreed by AWS and the Customer Affiliate.

2. **Changes.**

2.1 To the Service Offerings. AWS may change or discontinue any of the Service Offerings, from time to time. For any AWS Enterprise Accounts enrolled in AWS Support at the Developer-level tier or above (or any successor service providing such communications alerts), AWS will provide at least 12 months' prior Notice to Customer if AWS decides to discontinue a Service that it makes generally available to its customers and that Customer is using. AWS will not be obligated to provide Notice under this Section 2.1 if the discontinuation is necessary to address an emergency or threat to the security or integrity of AWS, respond to claims, litigation, or loss of license rights related to third-party intellectual property rights, or comply with the law or requests of a government entity.

2.2 To the Service Level Agreements. AWS may change Service Level Agreements from time to time, but will provide 90 days' prior Notice to Customer before materially reducing the benefits offered to Customer under any Service Level Agreement(s) that are available as of the Effective Date.

3. **Privacy and Security.**

3.1 AWS Security. AWS will implement reasonable and appropriate measures for the AWS Network (as determined by AWS) designed to help Customer secure Customer Content against accidental or unlawful loss, access or disclosure (the "**Security Objectives**") in accordance with the AWS Security Standards. AWS may modify the AWS Security Standards from time to time, but will continue to provide at least the same level of security as is described in the AWS Security Standards on the Effective Date.

3.2 Data Privacy. Customer may specify the AWS regions in which Customer Content will be stored. Customer consents to the storage of Customer Content in, and transfer of Customer Content into, the AWS regions Customer selects. AWS will not access or use Customer Content except as necessary to maintain or provide the Service Offerings, or as necessary to comply with the law or a binding order of a governmental body. AWS will not (a) disclose Customer Content to any government or third party, or (b) move Customer Content from the AWS regions selected by Customer; except in each case as necessary to comply with the law or a binding order of a governmental body (such as a subpoena or court order). Unless it would be in violation of a court order or other legal requirement, AWS will give Customer reasonable Notice of any legal requirement or order referred to in this Section 3.2, to enable Customer to seek a protective order or other appropriate remedy. AWS will only use Account Information in accordance with the Privacy Notice, and Customer consents to such usage. The Privacy Notice does not apply to Customer Content.

3.3 AWS Information Security Program. As of the Effective Date, the AWS Information Security Management System (ISMS) is ISO 27001 certified. AWS will maintain an information security program designed to provide at least the same level of protection as evidenced by that certification on the Effective Date.

3.4 Audits of Technical and Organizational Measures. Upon Customer's request, and provided that the parties have an applicable NDA in place, AWS will provide to Customer a copy of the AWS System and Organization Controls 1, Type 2 report or such alternative industry standard reports or certifications that are substantially equivalent as reasonably determined by AWS. AWS will make this documentation available to Customer via AWS Artifact (or an alternative means accessible via the AWS Site) and this documentation will be treated as Confidential Information of AWS under the NDA.

4. Customer Responsibilities.

4.1 Customer Content. Customer is solely responsible for the development, content, operation, maintenance, and use of Customer Content. Customer agrees that Customer Content will not violate any of the Policies or any applicable law.

4.2 Customer's Security and Redundancy. Customers have a variety of options to choose from when configuring their accounts, and for all sensitive or otherwise valuable content AWS recommends that Customer uses strong security and redundancy features, such as access controls, encryption, and backup. Customer is responsible for properly configuring and using the Service Offerings in a manner that provides security and redundancy of its AWS Enterprise Accounts and Customer Content, such as, for example, using enhanced access controls to prevent unauthorized access to AWS Enterprise Accounts and Customer Content, using encryption technology to prevent unauthorized access to Customer Content, and ensuring the appropriate level of backup to prevent loss of Customer Content.

4.3 Log-In Credentials and Account Keys. AWS log-in credentials and private keys generated by the Services are for Customer's internal use only and Customer may not sell, transfer or sublicense them to any other entity or person, except that Customer may disclose its private key to its agents and subcontractors (including any of its Affiliates who are acting as an agent or subcontractor of Customer) performing work on behalf of Customer. Except to the extent caused by AWS's breach of this Agreement, as between the parties, Customer is responsible for all activities that occur under its AWS Enterprise Accounts.

4.4 End Users. If Customer uses the Services to provide services to, or otherwise interact with, End Users, then Customer, and not AWS, will have the relationships (e.g., via executed contracts between Customer and End Users or via online terms of service) with End Users. Therefore Customer, and not AWS, is responsible for End Users' use of Customer Content and the Service Offerings. To the extent that Customer enables End Users to access the Services or Customer Content, Customer will ensure that all End Users comply with any applicable obligations of Customer under this Agreement and that any terms of any agreement with each End User are not inconsistent with this Agreement. AWS does not provide any support or services to End Users unless AWS has a separate agreement with Customer or an End User obligating AWS to provide support or services to End Users. Customer is responsible for providing customer service (if any) to End Users.

5. Fees and Payment.

5.1 Service Fees. Unless otherwise stated on the AWS Site, AWS will invoice Customer at the end of each month for all applicable fees and charges accrued for use of the Service Offerings, as described on the AWS Site, during the month. Customer will pay AWS all invoiced amounts within 30 days of the date of the invoice (other than Disputed Amounts). For any Disputed Amounts, Customer will provide Notice to AWS, including the basis for the dispute (including any supporting documentation), and the parties will meet within 30 days of the date of the Notice to resolve the dispute. If the parties fail to resolve the dispute within such 30 day period, AWS may, at its option, limit (in full or in part) Customer's or any End User's right to access or use the Service Offerings until the dispute is resolved. All amounts payable by Customer under this Agreement will be paid to AWS without setoff or counterclaim and without deduction or withholding, provided that Disputed Amounts will be handled as set forth above. Fees and charges for any new Service or new feature of a Service will be effective when AWS posts updated fees and charges on the AWS Site, unless expressly stated otherwise in a Notice. AWS may increase or add new fees and charges for any existing Service by giving Customer at least 60 days' prior Notice. AWS may

charge Customer interest at the rate of 1.5% per month (or the highest rate permitted by law, whichever is less) on all late payments.

5.2 Taxes. Each party will be responsible, as required under applicable law, for identifying and paying all taxes and other governmental fees and charges (and any penalties, interest, and other additions thereto) that are imposed on that party upon or with respect to the transactions and payments under this Agreement. All fees payable by Customer are exclusive of Indirect Taxes, except where applicable law requires otherwise. AWS may charge and Customer will pay applicable Indirect Taxes that AWS is legally obligated or authorized to collect from Customer. Customer will provide such information to AWS as reasonably required to determine whether AWS is obligated to collect Indirect Taxes from Customer. AWS will not collect, and Customer will not pay, any Indirect Tax for which Customer furnishes AWS a properly completed exemption certificate or a direct payment permit certificate for which AWS may claim an available exemption from such Indirect Tax. All payments made by Customer to AWS under this Agreement will be made free and clear of any deduction or withholding, as may be required by law. If any such deduction or withholding (including but not limited to cross-border withholding taxes) is required on any payment, Customer will pay such additional amounts as are necessary so that the net amount received by AWS is equal to the amount then due and payable under this Agreement. AWS will provide Customer with such tax forms as are reasonably requested in order to reduce or eliminate the amount of any withholding or deduction for taxes in respect of payments made under this Agreement.

6. Temporary Limitation of Access and Use Rights. AWS may temporarily limit (in full or in part, as set forth in this Section 6) Customer's or any End User's right to access or use the Service Offerings upon Notice to Customer (which will be reasonable prior notice unless AWS reasonably believes immediate limitation is necessary) if AWS reasonably determines that Customer's or an End User's use of the Service Offerings poses a security risk or threat to the function of the Service Offerings, or poses a security or liability risk or threat of harm to AWS, its Affiliates or any third party. AWS will only limit Customer's right to access or use the instances, data or portions of the Service Offerings that caused the security or liability risk or threat. AWS will restore Customer's access and use rights promptly after Customer has resolved the issue giving rise to the limitation. Customer remains responsible for all fees and charges for the Service Offerings during the period of limitation.

7. Term; Termination.

7.1 Term. The term of this Agreement will commence on the Effective Date and will remain in effect until terminated pursuant to this Agreement. Any Notice of termination of this Agreement must include a Termination Date.

7.2 Termination.

(a) Termination for Convenience. Customer may terminate this Agreement for any reason by providing AWS Notice. AWS may terminate this Agreement for any reason by providing Customer at least two years' Notice.

(b) Termination for Cause.

(i) By Customer or AWS. Either Customer or AWS may terminate this Agreement for cause if the other is in material breach of this Agreement and the material breach remains uncured for a period of 30 days from receipt of Notice by the breaching party.

(ii) By AWS. AWS may terminate this Agreement for cause (a) upon 90 days' Notice to Customer if AWS has the right to limit Customer's or any End User's right to access or use the Service Offerings under Section 6 and Customer has not cured the condition giving rise to that right to limit within such 90 day period, or (b) upon 30 days' Notice to Customer in order to comply with applicable law or requirements of governmental entities.

7.3 Effect of Termination.

(a) Generally. Upon the Termination Date:

(i) except as provided in this Section 7.3, all of Customer's rights under this Agreement immediately terminate;

(ii) Customer remains responsible for all fees and charges Customer has incurred through the Termination Date; and

(iii) Sections 4, 5, 7.3, 8.1, 8.3, 8.4, 9, 10.3, 11, 12 and 13 will continue to apply in accordance with their terms.

(b) Post-Termination Retrieval of Customer Content. During the 90 days following the Termination Date, AWS will not take action to remove any Customer Content as a result of the termination from any open AWS Enterprise Account. In addition, during such period, Customer may retrieve any remaining Customer Content from the Services, unless (i) prohibited by law or the order of a governmental or regulatory body or it could subject AWS or its Affiliates to liability, or (ii) Customer has not paid all amounts due under this Agreement, other than Disputed Amounts. For any use of the Services during such period, all terms of this Agreement will continue to apply and Customer will pay the applicable fees at the rates under Section 5. No later than the end of this 90 day period, Customer will close all AWS Enterprise Accounts and return or, if instructed by AWS, destroy all AWS Content in Customer's possession (except for AWS Content that is publicly available on the AWS Site).

8. Proprietary Rights.

8.1 Customer Content. As between Customer and AWS, Customer (or Customer's licensors) own all right, title, and interest in and to Customer Content. Except as provided in this Agreement, AWS obtains no rights under this Agreement from Customer (or Customer's licensors) to Customer Content.

8.2 Intellectual Property License. The Intellectual Property License applies to the use of AWS Content and the Services.

8.3 Restrictions. Neither Customer nor any End User may use the Service Offerings in any manner or for any purpose other than as expressly permitted by this Agreement. Neither Customer nor any End User may, or may attempt to (a) reverse engineer, disassemble, or decompile the Services or AWS Content or apply any other process or procedure to derive the source code of any software included in the Services or AWS Content, (b) access or use the Services or AWS Content in a way intended to avoid incurring fees or exceeding usage limits or quotas, or (c) resell the Services or AWS Content. The AWS Trademark Guidelines apply to the use of AWS Marks. Customer will not misrepresent or embellish the relationship between AWS and Customer (including by expressing or implying that AWS supports, sponsors, endorses, or contributes to Customer or Customer's business endeavors). Customer will not imply any relationship or affiliation between AWS and Customer except as expressly permitted by this Agreement.

8.4 Suggestions. If Customer elects to provide any Suggestions to AWS or its Affiliates, AWS and its Affiliates will be entitled to use the Suggestions without restriction.

9. Third-Party Claims.

9.1 Policies and End User Disputes. Customer will defend AWS, its Affiliates, and their respective employees, officers, directors, and representatives against any third-party claim that arises from a violation of the Policies by Customer or any End User, or that arises from any dispute between Customer and any Customer's End Users, which as defined herein means any individual or entity that directly or indirectly through another user (a) accesses or uses Customer Content, or (b) otherwise accesses or uses the Service Offerings under an AWS Enterprise Account, and will pay the amount of any adverse final judgment or settlement.

9.2 Intellectual Property.

(a) Subject to the limitations in this Section 9, AWS will defend Customer and its employees, officers, and directors against any third-party claim alleging that the Services infringe or misappropriate that third party's intellectual property rights, and will pay the amount of any adverse final judgment or settlement.

(b) Subject to the limitations in this Section 9, Customer will defend AWS, its Affiliates, and their respective employees, officers, and directors against any third-party claim alleging that any Customer Content infringes or misappropriates that third party's intellectual property rights, and will pay the amount of any adverse final judgment or settlement.

(c) No party will have obligations or liability under this Section 9.2 arising from infringement by combinations of the Services or Customer Content, as applicable, with any other product, service, software, data, content, or method. In addition, AWS will have no obligations or liability arising from Customer's or any End User's use of the Services after AWS has notified Customer to discontinue such use. The remedies provided in this Section 9.2 are the sole and exclusive remedies for any third-party claims of infringement or misappropriation of intellectual property rights by the Services or by Customer Content.

(d) For any claim covered by Section 9.2(a), AWS will, at its election, either: (i) procure the rights to use that portion of the Services alleged to be infringing; (ii) replace the alleged infringing portion of the Services with a non-infringing alternative; (iii) modify the alleged infringing portion of the Services to make it non-infringing; or (iv) terminate the allegedly infringing portion of the Services or this Agreement.

9.3 Process. The obligations under this Section 9 will apply only if the party seeking defense, payment or indemnity from another party: (a) gives that party prompt Notice of the claim; (b) permits that party to control the defense and settlement of the claim; and (c) reasonably cooperates with that party (at that party's expense) in the defense and settlement of the claim. In no event will AWS or Customer agree to any settlement of any claim that involves any commitment, other than the payment of money, without the written consent of the other.

10. AWS Warranties and Warranty Disclaimers.

10.1 AWS Warranties. AWS represents and warrants to Customer that the Services will perform substantially in accordance with the Documentation.

10.2 Mutual Warranties. Customer and AWS each represents and warrants to the other that (a) it has full power and authority to enter into and perform this Agreement, (b) the execution and delivery of this Agreement has been duly authorized, (c) it will comply with all applicable laws, rules, regulations and ordinances in the performance of this Agreement (and, in the case of Customer, the use of the Service Offerings), and (d) its performance hereunder does not breach any other agreement to which it is bound.

10.3 Warranty Disclaimers. EXCEPT AS EXPRESSLY SET FORTH IN SECTION 10.1 AND SECTION 10.2, AND EXCEPT TO THE EXTENT PROHIBITED BY LAW, AWS, ITS AFFILIATES AND ITS LICENSORS MAKE NO REPRESENTATIONS OR WARRANTIES OF ANY KIND, WHETHER EXPRESS, IMPLIED, STATUTORY OR OTHERWISE, REGARDING THE SERVICE OFFERINGS OR THE THIRD-PARTY CONTENT, AND DISCLAIM ALL OTHER WARRANTIES, INCLUDING ANY IMPLIED OR EXPRESS WARRANTIES (A) OF MERCHANTABILITY, SATISFACTORY QUALITY, FITNESS FOR A PARTICULAR PURPOSE, NON-INFRINGEMENT, OR QUIET ENJOYMENT, (B) ARISING OUT OF ANY COURSE OF DEALING OR USAGE OF TRADE, (C) THAT THE SERVICE OFFERINGS OR THIRD-PARTY CONTENT WILL BE UNINTERRUPTED, ERROR FREE, OR FREE OF HARMFUL COMPONENTS, AND (D) THAT ANY CONTENT, INCLUDING CUSTOMER CONTENT OR THIRD-PARTY CONTENT, WILL BE SECURE OR NOT OTHERWISE LOST OR DAMAGED.

11. Limitations of Liability.

11.1 Liability Disclaimers. NEITHER AWS NOR CUSTOMER, NOR ANY OF THEIR AFFILIATES OR LICENSORS, WILL BE LIABLE TO THE OTHER UNDER ANY CAUSE OF ACTION OR THEORY OF LIABILITY, EVEN IF A PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES, FOR (A) INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES, (B) THE VALUE OF CUSTOMER CONTENT, (C) LOSS OF PROFITS, REVENUES, CUSTOMERS, OPPORTUNITIES, OR GOODWILL, OR (D) UNAVAILABILITY OF THE SERVICE OFFERINGS (THIS DOES NOT LIMIT ANY SERVICE CREDITS THAT MAY BE AVAILABLE UNDER SERVICE LEVEL AGREEMENTS). THIS SECTION 11.1 WILL NOT LMIT OBLIGATIONS UNDER SECTION 9.1 OR SECTION 9.2 TO PAY THE AMOUNT OF ANY ADVERSE FINAL JUDGMENT OR SETTLEMENT TO WHICH THE PARTY OBLIGATED TO DEFEND AND PAY AGREES, ARISING OUT OF A THIRD-PARTY CLAIM TO WHICH SECTION 9.1 OR SECTION 9.2 APPLIES, EVEN IF SUCH ADVERSE FINAL JUDGMENT OR SETTLEMENT INCLUDES INDIRECT, INCIDENTAL, SPECIAL, CONSEQUENTIAL OR EXEMPLARY DAMAGES INCURRED BY THE THIRD PARTY.

11.2 Damages Cap. EXCEPT FOR PAYMENT OBLIGATIONS ARISING UNDER SECTION 9, THE AGGREGATE LIABILITY UNDER THIS AGREEMENT OF EITHER AWS OR CUSTOMER, AND ANY OF THEIR RESPECTIVE AFFILIATES OR LICENSORS, WILL NOT EXCEED THE AMOUNTS PAID BY CUSTOMER TO AWS UNDER THIS AGREEMENT FOR THE SERVICES THAT GAVE RISE TO THE LIABILITY DURING THE 12 MONTHS BEFORE THE LIABILITY AROSE; PROVIDED,

HOWEVER THAT NOTHING IN THIS SECTION 11 WILL LIMIT CUSTOMER'S OBLIGATION TO PAY AWS FOR CUSTOMER'S USE OF THE SERVICE OFFERINGS PURSUANT TO SECTION 5, OR ANY OTHER PAYMENT OBLIGATIONS UNDER THIS AGREEMENT.

12. Miscellaneous.

12.1 Assignment. Neither Customer nor AWS may assign or otherwise transfer this Agreement or any of its rights and obligations under this Agreement without the prior written approval of the other; except that either Customer or AWS may assign or otherwise transfer this Agreement without the consent of the other (a) in connection with a merger, acquisition or sale of all or substantially all of its assets, or (b) to any Affiliate or as part of a corporate reorganization, or (c) in the case of AWS, with respect to specific AWS Enterprise Accounts, to an Affiliate. Effective upon such assignment or transfer, subject to the assignee/transferee's consent, the assignee/transferee is deemed substituted for the assignor/transferor as a party to this Agreement and the assignor/transferor is fully released from all of its obligations and duties to perform under this Agreement. Subject to the foregoing, this Agreement will be binding upon, and inure to the benefit of the parties and their respective permitted successors and assigns.

12.2 Counterparts; Facsimile. This Agreement may be executed by facsimile or by electronic signature in a format approved by AWS, and in counterparts, each of which (including signature pages) will be deemed an original, but all of which together will constitute one and the same instrument.

12.3 Entire Agreement. This Agreement incorporates the Policies and the AWS Contracting Party Site by reference and is the entire agreement between Customer and AWS regarding the subject matter of this Agreement. This Agreement supersedes all prior or contemporaneous representations, understandings, agreements, or communications between Customer and AWS, whether written or verbal, regarding the subject matter of this Agreement (including, as set forth in Section 1.2, any acceptance of the AWS Customer Agreement by Customer or any of its employees acting on behalf of Customer). AWS will not be bound by any term, condition or other provision which is different from or in addition to the provisions of this Agreement (whether or not it would materially alter this Agreement) including for example, any term, condition or other provision (a) submitted by Customer in any order, receipt, acceptance, confirmation, correspondence or other document, (b) related to any online registration, response to any Request for Bid, Request for Proposal, Request for Information, or other questionnaire, or (c) related to any invoicing process that Customer submits or requires AWS to complete. If the terms of this document are inconsistent with the terms contained in any Policy or the AWS Contracting Party Site, the terms contained in this document will control, except that (i) the Service Terms will control over this document and (ii) the AWS Contracting Party Site will control over this document with respect to any AWS Enterprise Accounts associated with an AWS Contracting Party that is added to this Agreement pursuant to Section 12.14. No modification or amendment of any portion of this Agreement will be effective unless in writing and signed by the parties to this Agreement.

12.4 Force Majeure. Except for payment obligations, no party will be liable for any delay or failure to perform any obligation under this Agreement where the delay or failure results from any cause beyond its reasonable control, including acts of God, labor disputes or other industrial disturbances, electrical or power outage, utilities or telecommunications failures, earthquake, storms or other elements of nature, blockages, embargoes, riots, acts or orders of government, acts of terrorism, or war.

12.5 Governing Law; Venue. The laws of the State of Michigan, without reference to conflict of law rules, govern this Agreement and any dispute of any sort that might arise between the parties. Any dispute relating in any way to the Service Offerings or this Agreement will only be adjudicated in a state or federal court located in Oakland County, Michigan. Each party consents to exclusive jurisdiction and venue in these courts. Notwithstanding the foregoing, any party may seek injunctive relief in any state, federal, or national court of competent jurisdiction for any actual or alleged infringement of such party's, its Affiliates' or any third party's intellectual property or other proprietary rights. The United Nations Convention for the International Sale of Goods does not apply to this Agreement.

12.6 Trade Compliance. In connection with this Agreement, each party will comply with all applicable import, re-import, sanctions, anti-boycott, export, and re-export control laws and regulations, including all such

laws and regulations that apply to a U.S. company, such as the Export Administration Regulations, the International Traffic in Arms Regulations, and economic sanctions programs implemented by the Office of Foreign Assets Control. Customer is solely responsible for compliance with applicable laws related to the manner in which Customer chooses to use the Service Offerings, including (i) Customer's transfer and processing of Customer Content, (ii) the provision of Customer Content to End Users, and (iii) specifying the AWS region in which any of the foregoing occur. Customer represents that Customer and the entities that own or control Customer, and the financial institutions used to pay AWS under this Agreement, are not subject to sanctions or otherwise designated on any list of prohibited or restricted parties, including but not limited to the lists maintained by the United Nations Security Council, the U.S. Government (e.g., the U.S. Department of Treasury's Specially Designated Nationals list and Foreign Sanctions Evaders list, and the U.S. Department of Commerce's Entity List), the European Union or its member states, or other applicable government authority.

12.7 Independent Contractors. AWS and Customer are independent contractors, and this Agreement will not be construed to create a partnership, joint venture, agency, or employment relationship. Neither Customer nor AWS, nor any of their respective Affiliates, is an agent of the other for any purpose or has the authority to bind the other.

12.8 Language. All communications and Notices made or given pursuant to this Agreement must be in the English language. If AWS provides a translation of the English language version of this Agreement, the English language version of the Agreement will control if there is any conflict.

12.9 Nondisclosure; Publicity. If the parties have an NDA, then the NDA is incorporated by reference into this Agreement, except that the security provisions in Section 3, not the NDA, apply to Customer Content. Except to the extent permitted by applicable law, neither Customer nor AWS will issue any press release or make any other public communication with respect to this Agreement or Customer's use of the Service Offerings. AWS and Customer agree that the contents of this Agreement are not publicly known and will not be disclosed by them.

12.10 Notice.

(a) General. Except as otherwise set forth in Section 12.10(b), to give notice to a party under this Agreement, each party must contact that other party as follows: (i) by facsimile transmission; or (ii) by personal delivery, overnight courier or registered or certified mail. Notices must be sent to the fax number of the other party listed on the Cover Page to this Agreement or addressed to the address of the other party listed on the Cover Page to this Agreement (or in the case of any AWS Contracting Party that is added to this Agreement pursuant to Section 12.14, to such fax number or address provided on the AWS Contracting Party Site), or such other fax number or address as a party may subsequently provide in writing to the other party. Notices provided by personal delivery will be effective immediately. Notices provided by facsimile transmission or overnight courier will be effective one business day after they are sent. Notices provided by registered or certified mail will be effective three business days after they are sent.

(b) Electronic Notice. AWS may provide notice to Customer (i) under Sections 2.2 or 5.1 by (A) sending a message to the email address then associated with at least one of Customer's AWS Enterprise Accounts, or (B) posting a notice on the AWS Site, (ii) under Section 6 or Attachment A by sending a message to the email address then associated with Customer's applicable AWS Enterprise Account, and (iii) under Section 2.1 by sending a message to the email address then associated with at least one of Customer's AWS Enterprise Accounts (or such other email address as agreed upon by the parties) or via a support case. Any notices provided by posting on the AWS Site will be effective upon posting and notices provided by email will be effective when AWS sends the email.

12.11 No Third-Party Beneficiaries. Except as set forth in Section 9, this Agreement does not create any third-party beneficiary rights in any individual or entity that is not a party to this Agreement.

12.12 No Waivers. The failure by a party to enforce any provision of this Agreement will not constitute a present or future waiver of such provision nor limit such party's right to enforce such provision at a later time. All waivers by a party must be provided in a Notice to be effective.

12.13 Severability. If any portion of this Agreement is held to be invalid or unenforceable, the remaining portions of this Agreement will remain in full force and effect. Any invalid or unenforceable portions will be interpreted to give effect to the intent of the original portion. If such construction is not possible, the invalid or unenforceable portion will be severed from this Agreement but the rest of the Agreement will remain in full force and effect.

12.14 Account Servicing; Addition of AWS Contracting Parties. The AWS Contracting Party for each AWS Enterprise Account is identified on the AWS Contracting Party Site and is determined based on the geographic location associated with each such account. The AWS Contracting Party for each AWS Enterprise Account is solely responsible for providing the Service Offerings and for all of AWS's obligations under this Agreement for each such account. If the geographic location associated with a new or existing AWS Enterprise Account is set or changed to a location that corresponds to a party on the AWS Contracting Party Site that is not yet a party to this Agreement, then such party independently offers the terms of this Agreement (including any applicable terms that may be specified on the AWS Contracting Party Site) to Customer. Unless Customer is notified otherwise by AWS, such party will be added to this Agreement as an AWS Contracting Party as of the date of the setting or change, without any further action required by the parties.

13. Definitions. Defined terms used in this Agreement with initial letters capitalized have the meanings given below:

"**Acceptable Use Policy**" means the policy located at http://aws.amazon.com/aup (and any successor or related locations designated by AWS), as it may be updated by AWS from time to time.

"**Account Information**" means information about Customer that Customer provides to AWS in the creation or administration of an AWS Enterprise Account. For example, Account Information includes names, usernames, phone numbers, email addresses and billing information associated with an AWS Enterprise Account.

"**Affiliate**" means any entity that directly or indirectly controls, is controlled by or is under common control with that party.

"**API**" means an application program interface.

"**AWS Content**" means Content that AWS or any of its Affiliates makes available related to the Services or on the AWS Site to allow access to and use of the Services, including APIs; WSDLs; sample code; software libraries; command line tools; proofs of concept, templates, and other related technology (including but not limited to any of the foregoing that are provided by any AWS personnel). AWS Content does not include the Services or Third-Party Content.

"**AWS Contracting Party**" means each party identified on the AWS Contracting Party Site that is or becomes a party to this Agreement.

"**AWS Contracting Party Site**" means https://aws.amazon.com/legal/aws-contracting-party (and any successor or related locations designated by AWS), as may be updated by AWS from time to time.

"**AWS Customer Agreement**" means AWS's standard user agreement located on the AWS Site at http://aws.amazon.com/agreement (and any successor or related locations designated by AWS), as may be updated by AWS from time to time.

"**AWS Enterprise Account**" means any AWS account that (a) is listed on Attachment A, as that list may be updated from time to time as described in Attachment A, (b) is opened by Customer using a Customer-issued email address (with an email domain name that is owned by Customer), (c) includes Customer's full legal name in the "Company Name" field associated with the AWS account, and (d) is associated with a geographic location that corresponds to an AWS Contracting Party that is a party to this Agreement, as set forth in Section 12.14.

"**AWS Marks**" means any trademarks, service marks, service or trade names, logos, and other designations of AWS and its Affiliates that AWS may make available to Customer in connection with this Agreement.

"**AWS Network**" means AWS's data center facilities, servers, networking equipment, storage media, and host software systems (e.g., virtual firewalls) that are within AWS's control and are used to provide the Services.

"**AWS Security Standards**" means the security standards attached to this Agreement as Attachment B.

"**AWS Site**" means http://aws.amazon.com (and any successor or related locations designated by AWS), as may be updated by AWS from time to time.

"**AWS Trademark Guidelines**" means the guidelines and trademark license located at http://aws.amazon.com/trademark-guidelines (and any successor or related locations designated by AWS), as may be updated by AWS from time to time.

"**Content**" means software (including machine images), data, text, audio, video, or images.

"**Customer Content**" means Content that Customer or any End User transfers to AWS for processing, storage or hosting by the Services in connection with an AWS Enterprise Account and any computational results that Customer or any End User derive from the foregoing through its use of the Services. For example, Customer Content includes Content that Customer or any End User stores in Amazon Simple Storage Service. Customer Content does not include Account Information.

"**Disputed Amounts**" means amounts disputed by Customer in a Notice and in good faith as billing errors.

"**Documentation**" means the user guides and admin guides (in each case exclusive of content referenced via hyperlink) for the Services located at http://aws.amazon.com/documentation (and any successor or related locations designated by AWS), as such user guides and admin guides may be updated by AWS from time to time.

"**End User**" means any individual or entity that directly or indirectly through another user (a) accesses or uses Customer Content, or (b) otherwise accesses or uses the Service Offerings under an AWS Enterprise Account. The term "End User" does not include individuals or entities when they are accessing or using the Services or any Content under their own AWS account, rather than under an AWS Enterprise Account.

"**Indirect Taxes**" means applicable taxes and duties, including, without limitation, VAT, GST, excise taxes, sales and transactions taxes, and gross receipts tax.

"**Intellectual Property License**" means the separate license terms that apply to Customer's access to and use of AWS Content and Services located at https://aws.amazon.com/legal/aws-ip-license-terms (and any successor or related locations), as may be updated from time to time.

"**NDA**" means the Mutual Nondisclosure Agreement between Customer and Amazon.com, Inc., dated [_____], 202__.

"**Notice**" means any notice provided in accordance with Section 12.10.

"**Policies**" means the Acceptable Use Policy, Privacy Notice, and the Service Terms.

"**Privacy Notice**" means the privacy notice located at http://aws.amazon.com/privacy (and any successor or related locations designated by AWS), as may be updated by AWS from time to time.

"**Service**" means each of the services made available by AWS or its Affiliates for which Customer registers via the AWS Site (or by such other means made available by AWS), including those web services described in the Service Terms. Services do not include Third-Party Content.

"**Service Level Agreement**" means all service level agreements that AWS offers with respect to the Services and post on the AWS Site, as they may be updated by AWS from time to time. The service level agreements that AWS offers with respect to the Services are located at https://aws.amazon.com/legal/service-level-agreements (and any successor or related locations designated by AWS), as may be updated by AWS from time to time.

"**Service Offerings**" means the Services, the AWS Content, the AWS Marks, and any other product or service provided by AWS under this Agreement. Service Offerings do not include Third-Party Content.

"**Service Terms**" means the rights and restrictions for particular Services located at http://aws.amazon.com/serviceterms (and any successor or related locations designated by AWS), as may be updated by AWS from time to time.

"**Suggestions**" means all suggested improvements to the Service Offerings that Customer provides to AWS.

"**Term**" means the term of this Agreement described in Section 7.1.

"**Termination Date**" means the effective date of termination provided in a Notice in accordance with Section 7.

"**Third-Party Content**" means Content of a third party made available on the AWS Marketplace or on developer forums, sample code repositories, public data repositories, community-focused areas of the AWS Site, or any other part of the AWS Site that allows third parties to make available software, products, or data.

Attachment A

AWS Account ID(s):

The list above includes any Management Account or Member Accounts joined to such accounts via AWS Organizations, as described in the Service Terms.

Customer may add AWS accounts to the list above or remove AWS accounts from the list above by providing notice to AWS via email to enterprise-accounts@amazon.com, that includes (1) Customer's full name, (2) the Enterprise Agreement number (which begins with "CC" and is found on the upper right corner of each page of this Agreement), and (3) the AWS Account ID of each added or removed AWS account. Upon Notice, AWS may replace the notification process or make available another means of adding and removing AWS accounts to the list above.

Attachment B
AWS Security Standards

Capitalized terms not otherwise defined in this document have the meanings assigned to them in the applicable AWS Enterprise Agreement.

1. Information Security Program. AWS will maintain an information security program (including the adoption and enforcement of internal policies and procedures) designed to (a) satisfy the Security Objectives, (b) identify reasonably foreseeable and internal risks to security and unauthorized access to the AWS Network, and (c) minimize security risks, including through risk assessment and regular testing. AWS will designate one or more employees to coordinate and be accountable for the information security program. The information security program will include the following measures:

1.1 Network Security. The AWS Network will be electronically accessible to employees, contractors and any other person as necessary to provide the Services. AWS will maintain access controls and policies to manage what access is allowed to the AWS Network from each network connection and user, including the use of firewalls or functionally equivalent technology and authentication controls. AWS will maintain corrective action and incident response plans to respond to potential security threats.

1.2 Physical Security

1.2.1 Physical Access Controls. Physical components of the AWS Network are housed in nondescript facilities (the "**Facilities**"). Physical barrier controls are used to prevent unauthorized entrance to the Facilities both at the perimeter and at building access points. Passage through the physical barriers at the Facilities requires either electronic access control validation (e.g., card access systems, etc.) or validation by human security personnel (e.g., contract or in-house security guard service, receptionist, etc.). Employees and certain contractors are assigned photo-ID badges that must be worn while the employees and contractors are at any of the Facilities. Visitors and any other contractors are required to sign-in with designated personnel, must show appropriate identification, are assigned a visitor ID badge that must be worn while the visitor or contractor is at any of the Facilities, and are continually escorted by authorized employees or contractors while visiting the Facilities.

1.2.2 Limited Employee and Contractor Access. AWS provides access to the Facilities to those employees and contractors who have a legitimate business need for such access privileges. When an employee or contractor no longer has a business need for the access privileges assigned to him/her, the access privileges are promptly revoked, even if the employee or contractor continues to be an employee of AWS or its affiliates.

1.2.3 Physical Security Protections. All access points (other than main entry doors) are maintained in a secured (locked) state. Access points to the Facilities are monitored by video surveillance cameras designed to record all individuals accessing the Facilities. AWS also maintains electronic intrusion detection systems designed to detect unauthorized access to the Facilities, including monitoring points of vulnerability (e.g., primary entry doors, emergency egress doors, roof hatches, dock bay doors, etc.) with door contacts, glass breakage devices, interior motion-detection, or other devices designed to detect individuals attempting to gain access to the Facilities. All physical access to the Facilities by employees and contractors is logged and routinely audited.

2. Continued Evaluation. AWS will conduct periodic reviews of the security of its AWS Network and adequacy of its information security program as measured against industry security standards and its policies and procedures. AWS will continually evaluate the security of its AWS Network and associated Services to determine whether additional or different security measures are required to respond to new security risks or findings generated by the periodic reviews.

CITY OF ROCHESTER HILLS, MICHIGAN
REQUEST FOR PROPOSALS

Project Title:
Software Marketplace including Cloud Solutions
RFP-RH-22-026

Submission Closing Date and Time:
August 17, 2022 at 3:00:00 P.M. (Local Time)

Non-Mandatory Pre-Proposal Conference:
A pre-proposal conference for the purpose of reviewing the RFP and answering questions regarding the project will be held on Wednesday, July 27, 2022, at 1:00 p.m. via Zoom Teleconference with the following login instructions:

PROPOSAL INVITATION

The City of Rochester Hills acting as the Principal Procurement Agency, on behalf of OMNIA Partners is requesting proposals from experienced and qualified firms for an On-line Marketplace for the purchase of software including cloud solutions. The City requires a firm or firms who can provide a diverse and extensive marketplace for cloud and software products/services. Sealed proposals will be received by the City of Rochester Hills Purchasing Division, 1000 Rochester Hills Drive, Rochester Hills, MI 48309 **until EXACTLY 3:00 P.M. Local Time, on August 17, 2022, via electronic proposal submission ONLY at which time the names and addresses ONLY of submitting proposers will be publicly read via Zoom Teleconference.**

A non-mandatory pre-proposal conference for the purpose of reviewing the RFP and answering questions regarding the project will be held via Zoom Teleconference (login instructions on coversheet) on July 27, 2022, at 1:00 p.m. EST

Due to the COVID-19 pandemic, some City processes have been affected and as such, are requiring adjustment to the normal processes. It is important that you read all the information to ensure you submit your bid response to the City in the correct manner. Please ensure all documents are signed. If you are interested in providing a bid, please read the document in its entirety and submit the requested information and proper forms and upload to the MITN website. Electronic submission ONLY will be accepted. Hardcopy, emailed, faxed and late submittals will not be accepted.

The City of Rochester Hills officially distributes bid/proposal documents from the Purchasing Division or through the Michigan Intergovernmental Trade Network (MITN). Copies of proposal documents obtained from any other source are not considered official copies. Only those vendors who obtain proposal documents from either the Purchasing Division or the MITN System are guaranteed access to receive addendum information, if such information is issued. The first step to do business with the City is to become a registered vendor by visiting the City website at www.rochesterhills.org, select Departments, select Fiscal, Accounting & Purchasing, then Procurement Division then Vendor Registration click the link to the MITN website. Final proposal results will be posted on the MITN website after award.

THE CITY OF ROCHESTER HILLS RESERVES THE RIGHT TO REJECT ANY AND ALL PROPOSALS.

Any deviation from the specifications must be noted on the proposal.

Please submit proposal on or before the date and time given above to:

Lisa Cummins, CPPB
Procurement Manager
City of Rochester Hills
1000 Rochester Hills Drive
Rochester Hills, Michigan 48309

All proposals must be submitted electronically via the MITN website. Hardcopy, Faxed or Emailed proposals will not be accepted. The City of Rochester Hills is capable of accepting documents in docx, xlsx, pdf, jpg, tif or rtf formats. It is requested that you upload one complete document, versus that of several individual sheets. Please name your files accordingly if more than one file is uploaded.

The submission of a proposal hereunder shall be considered evidence that the vendor is satisfied with respect to the conditions to be encountered and the character, quantity and quality of work to be performed.

Proposals shall be in conformance with the documents. Any deviation from the specifications must be noted in the Proposal.

With a view to obtaining the most acceptable services, these specifications cover the general requirements. Recommendations from proposers are encouraged and will be reviewed and evaluated based on the best interests of the City.

PROPOSAL OPENING VIA ZOOM TELECONFERENCE

Proposers wanting to view the opening are invited to do so utilizing the following meeting information listed below. We are requesting that you not attend in person to limit capacity within City Hall during this time and it is possible that City buildings may not be open to the public at the time of the opening.

You are invited to a Zoom webinar.

When: Aug 17, 2022 03:00 PM Eastern Time (US and Canada)

Webinar ID: 881 3530 0723

PURPOSE/OVERVIEW

The City of Rochester Hills (herein referred to as "City" or Lead Public Agency) is acting as the Principal Procurement Agency, on behalf of OMNIA Partners (see Attachment A for National Contract requirements), to create a nationwide Master Agreement for an on-line marketplace for the purchase of cloud and software products and services. The term of the agreement will be for a five (5) year period with a five (5) year renewal option.

The purpose and intent of this Request for Proposal (RFP) is to establish a cooperative contract, or contracts, for an on-line marketplace for the purchase of cloud and software products and services. Requirements

and qualifications are defined in detail in the scope of services section of this Request for Proposal. The City seeks a firm that can provide the specified products and services (on a nationwide basis).

To respond to this RFP, interested proposers must include a response to all criteria that are listed in the Proposal Format and Content section. Failure to include a response to all the evaluation criteria may be cause for rejection.

Attendance at the Pre-Proposal Conference is highly encouraged. The conference will explain the RFP process and clarify the contents of this solicitation. Any doubt as to the requirements of this Request for Proposal or any apparent omission or discrepancy should be presented to the City at this conference. The City will then determine the appropriate action necessary, if any, and may issue a written addendum/amendment to the Request for Proposal. If a proposer is unable to attend the Pre-Proposal Conference, questions should be directed to:

Lisa Cummins, CPPB
Procurement Manager
1000 Rochester Hills Drive
Rochester Hills, MI 48309
(248) 841-2537
cumminsl@rochesterhills.org

Please carefully review this document. This document is a Request for Proposal. It differs from a Request for Bid/Quotation in that the City is seeking a solution as described herein, not a bid/quotation meeting firm specifications for the lowest price. Proposers are to provide their proposed solution based on their professional knowledge and developed around the general requirements defined within this proposal. As such, the lowest cost proposal will not guarantee an award. Competitive sealed proposals will be evaluated based upon criteria formulated around the most important features of a product or service, of which methodology, product offerings, references, or capability, may be overriding factors, and price may not be determinative in the issuance of a contract or award. The proposed evaluation criteria should be viewed as standards, which measure how well a proposer's approach meets the desired requirements and needs of the City. The criteria that will be used and considered in evaluation for award are set forth in this document. The City reserves the right to award multiple contracts for the same or similar item(s).

BACKGROUND

The City of Rochester Hills is a residential community in Oakland County, Michigan, with a population exceeding 70,000. The City of Rochester Hills is organized as a strong Mayor form of government with legislative power vested in City Council. The City is a full service municipality, exclusive of police and trash collection. The community includes important research, manufacturing and services employers as well as educational and cultural institutions. It enjoys an excellent reputation in southeast Michigan for its proactive government and community planning. General information regarding the City of Rochester Hills is available at www.rochesterhills.org.

SUBMITTAL GUIDELINES

a. Submit one (1) original and one (1) redacted copy (said PDF document shall be clearly marked as "REDACTED COPY";
b. It is the proposer's responsibility to clearly identify and to describe the products and services being offered in response to this solicitation;
c. The solicitation forms must be completed legibly and in their entirety;
d. All required information must be furnished and presented in an organized, comprehensive and easy to follow manner;
e. Unnecessarily elaborate brochures of other presentations beyond that sufficient to present a complete and effective proposal is not desired; and
f. Elaborate artwork; expensive paper, bindings, visual and other presentation aids are not required.
g. Faxed, Hardcopy, and/or emailed proposals WILL NOT be accepted.

TERM

The term of the agreement will be for a five (5) year period with a five (5) year renewal option. Orders for products and services, including maintenance agreements executed against this Master Agreement during the effective term may survive beyond the expiration of the Master Agreement as established and agreed to by both parties.

ADDENDA TO REQUEST FOR PROPOSAL DOCUMENTS

No interpretation or clarification of the meaning of any part of this RFP will be made orally to any vendor with the exception of questions posed at the pre-proposal conference. Otherwise, vendors must request such interpretations or clarification in writing from the City. Request for information or clarification of this RFP must be made in writing and addressed to Lisa Cummins, CPPB at the address, fax, or email address listed below, with email being the preferred method of communication. Questions should reference the RFP page and section number.

Lisa Cummins, CPPB
Procurement Manager
City of Rochester Hills
Purchasing Division
1000 Rochester Hills Drive
Rochester Hills, MI 48309
Telephone: (248) 841-2537
Fax: (248) 608-8178
Email: cumminsl@rochesterhills.org

Questions relative to this solicitation must be submitted to Lisa Cummins, CPPB, Procurement Manager, City of Rochester Hills Purchasing Division, 1000 Rochester Hills Drive, Rochester Hills, Michigan 48309, in writing prior to July 28, 2022, at 5:00 p.m. No negotiations, decision or actions shall be initiated by any firm as a result of any verbal discussion with any individual City employee prior to the due date or during the

evaluation process. All communications shall be conducted through the City of Rochester Hills Purchasing Division, unless specific written documentation is provided to the vendor.

The City reserves the right to change or amend the RFP documents, prior to the proposal due date by the issuance of Addendum posted on the MITN website. It shall be the vendor's responsibility to make inquiry as to the changes or addenda issued. All such changes or addenda shall become a part of the contract and all vendors shall be bound by such changes or addenda. The authorized version of this Request for Proposals document shall be that document appearing on the MITN with amendments, addendums and updates.

The City reserves the right to disqualify any proposer who contacts any City employee, representatives, or agent concerning this RFP other than in accordance with this section. Nothing in this section shall prohibit the City from conducting discussions with proposers after the proposal opening.

NATIONAL CONTRACT REQUIREMENTS

The City of Rochester Hills, MI, as the Principal Procurement Agency, defined in ATTACHMENT A, has partnered with OMNIA Partners, Public Sector ("OMNIA Partners") to make the resultant contract (also known as the "Master Agreement" in materials distributed by OMNIA Partners) from this solicitation available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The City of Rochester Hills, MI is acting as the contracting agency for any other Public Agency that elects to utilize the resulting Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners (a "Participating Public Agency") and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of a Master Intergovernmental Cooperative Purchasing Agreement, a form of which is attached hereto on ATTACHMENT A, or as otherwise agreed to. ATTACHMENT A contains additional information about OMNIA Partners and the cooperative purchasing program.

OMNIA Partners is the largest and most experienced purchasing organization for public and private sector procurement. Through the economies of scale created by OMNIA Partners public sector subsidiaries and affiliates, National IPA and U.S. Communities, our participants now have access to more competitively solicited and publicly awarded cooperative agreements. The lead agency contracting process continues to be the foundation on which we are founded. OMNIA Partners is proud to offer more value and resources to state and local government, higher education, K-12 education and non-profits.

OMNIA Partners provides shared services and supply chain optimization to government, education and the private sector. With corporate, pricing and sales commitments from the Supplier, OMNIA Partners provides marketing and administrative support for the Supplier that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis. Participating Public Agencies benefit from pricing based on aggregate spend and the convenience of a contract that has already been advertised and

publicly competed. The Supplier benefits from a contract that generally allows Participating Public Agencies to directly purchase goods and services without the Supplier's need to respond to additional competitive solicitations. As such, the Supplier must be able to accommodate a nationwide demand for services and to fulfill obligations as a nationwide Supplier and respond to the OMNIA Partners documents (ATTACHMENT A).

The City of Rochester Hills anticipates spending approximately $1 million over the full potential Master Agreement term for Software and Cloud Marketplace & Related Services. While no minimum volume is guaranteed to the Supplier, the estimated annual volume of Software and Cloud Marketplace & Related Services purchased under the Master Agreement through OMNIA Partners is approximately $500 million. This projection is based on the current annual volumes among the City of Rochester Hills, other Participating Public Agencies anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between the Supplier and OMNIA Partners.

OBJECTIVES

This RFP has been developed with the intent of achieving the following objectives:

1. Provide a competitively solicited Master Agreement offering Cloud and Software Products and Services to Participating Public Agencies;

2. Establish a Master Agreement as the Supplier's featured offering to Participating Public Agencies;

3. Achieve cost savings for Suppliers and Participating Public Agencies through a single competitive solicitation process that eliminates the need for multiple bids or proposals;

4. Aggregate demand for software and cloud marketplace and related cloud services to enable Participating Public Agencies to achieve value added benefits;

5. Reduce the administrative and overhead costs of Suppliers and Participating Public Agencies through innovative ordering and management systems;

6. Provide Participating Public Agencies with a broad range of curated third-party, commercially available, software and cloud marketplace solutions.

SCOPE OF SERVICES

The City seeks to establish a nationwide purchasing agreement with direct provider(s) a software cloud marketplace() that offers a broad range of solutions including but not limited to SaaS, data exchanges, pre-built images, pre-configured cloud technology stacks, and other related items. The marketplace should include third-party software cloud solutions (listings) that are commonly desired and/or required by public sector organizations. Offers shall provide the three key models for cloud computing as defined below and may include other related solutions and services.

- Infrastructure as a Service (IaaS): This model contains the basic building blocks for cloud IT and typically provides access to networking features, computers (virtual or on dedicated hardware), and data storage space. IaaS provides the highest level of flexibility and management control IT resources.

- Platform as a Service (PaaS): This model removes the need for organizations to manage the underlying infrastructure (usually hardware and operating systems) and allows focus on the deployment and management of your applications.

- Software as a Service (SaaS): This model provides a complete product that is run and managed by the service provider.

Given the cooperative nature of this RFP, it is expected that offerors shall offer a better value than what they would ordinarily offer to the public or to a single government entity. Vendors shall also offer value-added solutions to support cloud marketplace transactions, such as consumption and management tools and account support. Value-added features may include procurement system integration, consolidated billing, reporting, analytics and application programming interfaces (APIs) and tools for third-party software vendors to integrate with the cloud marketplace.

The software marketplace and cloud solutions should offer a variety of pricing structures, such as consumption-based, monthly, annual or multi-year contracts, free or trial solutions, and bring your own license (BYOL). Due to varying pricing structures of cloud marketplaces available, the Lead Public Agency shall not define the contract price structure and instead vendors should provide pricing based on their marketplace model. The City anticipates that the market established best value and the City will not need to amend the contract when the market goes up or down.

Given the highly innovative nature of cloud marketplaces and the solutions offered, the City anticipates future related solutions not specifically named in this solicitation. Vendors will be allowed to offer services via the contract that are directly related to the contract scope as "related services." The Principal Procurement Agency may also add to the Scope of Services or make changes in the Scope of Services for services of a similar nature to those specified in the Scope of Services as mutually agreed. The change must be approved by the Procurement Manager and a contract Modification issued by the Purchasing Division for any changes to the contract.

The intent is for each offeror to submit their complete product line so that Participating Public Agencies may procure/order a wide array of products and services as appropriate for their needs.

PRODUCT CATEGORIES

Category 1: Security

Category 2: Infrastructure/DevOps/OS

Category 3: Database and Data Analytics

Category 4: Business Apps

Category 5: Networking

Category 6: Storage, Backup, and Recovery

Category 7: Miscellaneous/Other Category
Proposers are encouraged to provide product/service/solution categories that are purchased by public agencies.

PROPOSAL FORMAT AND CONTENT

The proposal should address the items included in the Scope of Services and Evaluation Criteria Sections. Proposals should provide straightforward and concise responses to requested information and provide descriptions of qualifications and capabilities. The proposal should be properly named and tabbed and submitted electronically through the MITN website. It is preferable that all the information be included in one document, if practical. If not, then please ensure each attachment is named appropriately and uploaded in order. Incomplete proposals may be deemed nonresponsive.

Each section of the Offerors proposal shall be organized in the order listed below so that the requirement to which information or data applies shall be plainly evident at the top of each page. Material not so identified may be discarded without evaluation. Information should not include generalized promotion material, resumes, statement of experience, qualifications or capabilities, or other material that is not applicable to the proposed agreement.

Offerors should organize their proposals using the following format:

Item	Proposal Content Requirements
1.	Vendor Questionnaire/Signature Page (original signature required)
2.	Executive Summary
3.	Proposal Profile
4.	Project Methodology/Approach
5.	Supplier Information
6.	References
7.	Proprietary Information
8.	Exceptions
9.	Other Information
10.	Attachment A - OMNIA Partners Administration Agreement
11.	Attachment B – Price Proposal

1. Vendor Questionnaire
   Offeror shall include a fully completed Vendor Questionnaire and Signature Page as the cover sheet to their proposal response. The Vendor Questionnaire and Signature Page is located in this Request for Proposals (pages 18-25). Failure to include these forms fully completed with an original signature shall cause the proposal to be declared non-responsive and eliminate it from further consideration.

2. Executive Summary
   Offeror shall provide an Executive Summary that presents in brief, concise terms, a summary level description of the contents of the Proposal. This summary shall state the Product Categories in which its Proposal is based.

3. Proposal Profile
   The Offeror shall provide a profile of its organization and all other companies who will be providing products and services through a dealer, distribution or subcontractor arrangement with the Offeror. At a minimum, the Offeror will provide the following information:
   - Name of company submitting proposal
   - List any company dba's
   - Main office address
   - If a corporation, when and where incorporated
   - Number of years in business
   - Total number of employees

4. Project Methodology/Approach
   Offeror shall respond to the Scope of Services. The Offeror shall provide a written narrative describing the ability to meet the requirements set forth herein. Sufficient detail shall be provided to demonstrate the Offeror's understanding, ability and/or willingness to satisfy all specified requirements. Offeror shall provide a detailed description and explanation of products and services offered in response to each Product Category listed in the Scope of Services. Information regarding innovative breakthroughs and any one-of-a-kind programs offered related to the On-Line Marketplace for the purchases of Cloud and Software Products is encouraged.

   In addition, Offeror shall provide a timeline and schedule for completion of this project, highlighting critical points in the process.

5. Supplier Information
   a) Supplier Qualifications (Ref. Attachment A, Section 2.0): Offeror shall include a narrative of its understanding and acceptance of the Supplier Commitments.
   b) Supplier Information (Ref. Attachment A, Section 3.0) Offeror shall include a response to each item within the section.

6. References
   The Offeror shall complete the Contractor Data Sheet (Attachment A), to include a minimum of three (3) organizations for which the Offeror has provided these products of the same or greater scope within the past three (3) years and can attest to the Offeror's qualifications and ability to perform the services described in the Statement of Needs. Include the business name, address, and name, telephone number, fax number and email address of the contract administrator.

7. Proprietary Information
   Any such information must be submitted under this section.

8. Exceptions
   Any exceptions being taken to the RFP must be listed under this section.

9. Other Information
   Included any other relevant information the Offeror deems necessary to describe its qualifications to provide the services needed to successfully complete work described in the Scope of Services or which the Offeror deems are relevant to its selection.

   Based on the information provided in this Request for Proposals, the Offeror should identify all materials and services expected from the City in addition to general assistance.

10. Attachment A - OMNIA Partners Administration Agreement

11. Attachment B – Price Proposal

PROPOSAL EVALUATION PROCESS

All proposals will be evaluated and ranked. The City reserves the right to reject any and all proposals or to make an award based directly on the proposals. The City reserves the right to interview from any number of qualifying providers as part of the evaluation process. The decision of which provider to contact (if any) will be based on the most qualified, cost effective, best value, and experienced provider(s) determined in the evaluation process. Meetings with short-listed proposers will provide additional information and criteria upon which the City will base its selection decision.

The City reserves the right to negotiate separately with any proposer after the opening of this Request for Proposal when such action is considered in its best interest. Subsequent negotiations may be conducted, but such negotiations will not constitute acceptance, rejection or a counter-offer on the part of the City. The firm(s) selected for the award will be chosen on the basis of the apparent greatest benefit to the City.

The City of Rochester Hills reserves the right to select, and subsequently recommend for award, the proposed firm(s)' services which best meets its required needs, quality levels and budget constraints. The City reserves the right to select, and subsequently recommend for award, the proposed products/services which best meets its required needs, quality levels and budget constraints.

The City is not required to award and/or to accept the lowest proposal in all or in part. The proposal award will not be based solely upon cost, but will be evaluated based upon criteria formulated around the most important features of the product/services, of which proposed approach, products and services, and ability to perform the requirements of the contract may be overriding factors. The proposal evaluation criteria should be viewed as standards, which measure how well a proposer's approach meets the desired requirements and needs of the City.

EVALUATION CRITERIA

The firm(s) selected for the award will be chosen on the basis of the apparent greatest benefit to the City of Rochester Hills, including but not limited to:

1. Understanding of Project. How well does the proposal demonstrate a thorough understanding of the purpose and scope of the project?

2. Methodology Used for Project. How well does the methodology depict a logical approach to fulfilling the requirements of the RFP? How well does the methodology match and contribute to achieving the objectives set out in the RFP?

3. Management Plan for Project. How well does the management plan support all the project requirements and logically lead to the deliverables required in the RFP? Is accountability completely and clearly defined? Is the organization of the project team clear? How well does the management plan illustrate the lines of authority and communication? To what extent does the Proposer already have the hardware, equipment, labor, etc. necessary to perform the contract? Does it appear the Proposer can meet the schedule set out in the RFP? Has the Proposer offered alternate deliverables and gone beyond minimum task necessary to meet the objectives of this RFP? Is the proposal practical and feasible? How well have any potential problems been identified? Is the proposal submitted responsive to all material requirements in the RFP?

4. Supplier Information/Qualifications/Ability to Perform. Do the individuals assigned to the project have experience on similar projects? How well has the firm demonstrated experience in completing similar projects on time and within budget? How successful is the general history of the firm.

5. Proposed Costs.

PRICING INSTRUCTIONS

All offeror's must provide pricing based on their marketplace model. Offerors are highly encouraged to include in their proposal a description of any significant task, product, or services not listed in the Scope of Services which they know to be necessary under the proposed contract.

The City may add to the Scope of Services or make changes in the Scope of Services for services of a similar nature to those specified in the Scope of Services of this Request for Proposals as mutually agreed to at a

price mutually agreed upon. The change must be approved by the Procurement Manager and a Contract Modification issued by the Purchasing Division to change the contract.

GENERAL CONDITIONS/CONTRACT INFORMATION

1. All correspondence from interested firms regarding this proposal must be directed to the attention of Lisa Cummins, CPPB, Procurement Manager, 1000 Rochester Hills Drive, Rochester Hills, Michigan 48309, 248/841-2537. All inquiries will be made in writing in order that a written response in the form of an addendum can be processed before the proposals are opened. Inquiries received after June 28, 2022 at 5:00 p.m., will not be considered.

2. Additional information to this proposal from prospective firms shall be requested by the Purchasing Division of the City of Rochester Hills.

3. Proposals will not be accepted from, or contract awarded to any person, firm, or corporation that is in arrears or is in default to the City of Rochester Hills upon any debt or contract, or that is in default as surety or otherwise, or failed to perform faithfully any previous contract with the City.

4. Proposals may not be withdrawn after they have been deposited with the City of Rochester Hills, except as provided by law.

5. All costs incurred in the preparation, submission, and presentation of this proposal, in any way whatsoever, will be wholly absorbed by the prospective firm. All supporting documentation will become the property of the City of Rochester Hills unless requested otherwise at the time of submission. Michigan FOIA requires the disclosure, upon request, of all public records that are not exempt from disclosure under section 13 of the Act, which are subject to disclosure under the Act. Therefore, confidentiality of information submitted in response to this Request for Proposals is not assured.

6. Trade Secrets or proprietary information submitted by an Offeror in connection with this procurement transaction shall not be subject to public disclosure under the Michigan Freedom of Information Act; however, the Offeror must invoke these protections upon submission of the data or the materials, and must identify the data or other materials to be protected and state the reason why protection is necessary. References may be made within the body of the proposal to proprietary or trade secret information (Item 7); however all information contained within the body of the proposal not in the separate section labeled proprietary shall be public information.

7. Mandatory provisions of this Request for Proposals are indicated by the inclusion of the words "shall" or "must" to identify the contractor's obligations.

8. The City's proposed contract documents and this Request for Proposals contain terms and conditions the City favors and intends to use for the resultant contract. If the Offeror wishes the City to consider

any changes to these documents, such changes must be submitted as part of the Offeror's proposal (Item 8).

9. If an Offeror requires additional agreements, i.e., master service agreement, end user licensing agreement, etc. a copy of the proposed agreement must be included with the proposal. Any additional agreements provided by the Offeror are complimentary to the terms and conditions stated herein or for the use of Participating Public Agencies and shall not replace City of Rochester terms and conditions

10. The City reserves the right to reject any and all proposals, to waive any informality in the proposal received, and to accept any proposal (or part thereof) which it will deem to be most favorable to the interests of the City or to award to multiple proposers.

11. The City reserves the right to modify the scope of services during the course of the contract. Such modification may include adding or deleting any tasks this project will encompass and/or any other modifications deemed necessary. Any changes in pricing or payment terms proposed by the consultant resulting from the requested changes are subject to acceptance by the City. Changes may be increases or decreases.

12. The City reserves the right to terminate the contract without penalty upon 30 days written notice due to poor performance or for reasons deemed to be in its best interest. A designated representative of the City will be solely responsible for determining acceptable performance levels. His/her decision will be deemed in the City's best interest and will be final. The City reserves the right to re-award the contract to the second most qualified proposal, re-bid the contract or do whatever is deemed to be in its best interest.

13. The successful proposer must furnish documentation complying with State of Michigan and Federal laws relating to discrimination under Equal Employment Opportunity (EEO).

14. The City of Rochester Hills is exempt from all sales, excise, and transportation taxes.

15. The selected firm must maintain for the life of the agreement insurance coverage meeting the minimum limits of liabilities as outlined herein.

16. No faxed, email, or mailed proposals will be accepted. All information requested herein must be submitted with the proposal; failure to do so may result in rejection of the proposal as non-responsive and/or incomplete.

17. All proposals must be in accordance with the Purchasing Ordinances of the City of Rochester Hills and the requirements of this solicitation to be deemed responsive. Any deviation from the specifications must be noted in the proposal.

18. Ownership of all data, materials and documentation originated and prepared for the City of Rochester

Hills pursuant to the Request for Proposals and the subsequent contract shall belong exclusively to the City of Rochester Hills.

19. The supplier shall not subcontract any or all portions of the work unless the City grants prior written approval. Any subcontractor, so approved, shall be bound by the terms and conditions of this contract. The supplier shall be fully liable for all acts and omissions of its subcontractor(s) and shall indemnify the City of Rochester Hills for such acts or omissions.

20. Advanced payments will not be authorized.

21. The City of Rochester Hills reserves the rights to waive any informalities, or immaterial omissions or defects not involving price, time or changes in the work and to reject any or all proposals, if to do so is deemed in the best interest of the City. In no event will an award be made until all necessary investigations are made as to the responsibility and qualifications of the consultant to whom it is proposed to make such award. Any contract awarded to a person or company who is discovered to have been in default or disqualified at the time of the awarding of the contract shall be voidable at the discretion of the Mayor or the City of Rochester Hills.

22. Proposers are advised that the RFP is considered to be under evaluation until contract award. The Purchasing Division and City staff are restricted from giving any information relative to the proposals and the "progress" of the evaluation during this time, except as described in this RFP and as required to administer the evaluation process. Proposers will be notified when an award is made and a notice posted on the MITN website. Proposal information will be available upon award of the contract.

23. In the event bankruptcy proceedings are commenced by or against contractor or under any provisions of the United States Bankruptcy Act or for the appointment of a receiver or trustee or a general assignment for the benefit creditors of either party. City shall be entitled to terminate without further cost or liability. The City may cancel the Agreement/Contract or affirm the Contract and hold the contractor responsible for damages.

24. As this Request for Proposals is being made available by electronic means, the proposer accepts full responsibility to insure that no changes are made to the Request for Proposals documents. In the event of conflict between a version of the Request for Proposals submitted by proposer and the version maintained by the City of Rochester Hills Purchasing Division, the version maintained by the City of Rochester Hills Purchasing Division shall govern.

25. It shall be the proposer's responsibility to make inquiry as to the changes or addenda issued. Addendum will be posted on the MITN system. All such changes or addenda shall become a part of the contract and all contractors shall be bound by such changes or addenda.

26. Under 2012, PA517, an Iran linked business, as defined therein, is not eligible to contract with the City and shall not submit a proposal.

27. In the event sufficient budgeted funds are not available for a new fiscal period, the City shall notify the vendor of such occurrence and the contract shall terminate on the last day of the current fiscal period without penalty or expense to the City.

28. Except as otherwise specified, all materials and equipment shall be fully guaranteed against defects in material and workmanship for a period of one (1) year following date of delivery or by manufacturer's warranty, whichever is greater. Should any defect be noted by the City, the Purchasing Division will notify the Contractor of such defect or nonconformance. Notification will state either (1) that the Contractor shall replace or correct, or (2) the owner does not require replacement or correction, but an equitable adjustment to the contract price will be negotiated. If the Contractor is required to correct or replace, it shall be at no cost to the City and shall be subject to all provisions of this clause to the same extent as materials initially delivered. If the Contractor fails or refuses to replace or correct the deficiency, the office issuing the purchase order may have the materials corrected or replaced with similar items and charge the Contractor the cost occasioned thereby or obtains an equitable adjustment in the contract price.

29. Indemnification (Hold Harmless) Clause

To the fullest extent permitted by law, the Consultant agrees to defend, pay on behalf of, indemnify, and hold harmless the City of Rochester Hills, its elected and appointed officials, employees and volunteers and others working on behalf of the City of Rochester Hills against any and all claims, demands, suits, or loss, including all costs and attorney fees connected therewith, and for any damages which may be asserted, claimed or recovered against or from the City of Rochester Hills, its elected and appointed officials, employees, volunteers or others working on behalf of the City of Rochester Hills, by reason of personal injury, including bodily injury or death and/or property damage, including loss of use thereof, which arises out of or is in any way connected or associated with this contract.

30. Insurance Requirements (If applicable)

The vendor shall not commence work until he has obtained and delivered to the City of Rochester Hills the certificate of insurance required under this paragraph. All insurance carriers must be acceptable to the City and licensed and admitted to do business in the State of Michigan. Certificate of Insurance and required endorsements shall be sent electronically to the City of Rochester Hills to the attention of the purchasing division at the following email address: purchasing@rochesterhills.org.

A new certificate of insurance shall be provided to the City each year at the time of policy renewal. New certificates shall be delivered to the City in the same format as outlined in the SAMPLE certificate attached. Failure of the Vendor to maintain the required insurance shall be grounds for contract cancellation.

a) Workers' Compensation Insurance: The Consultant shall procure and maintain during the life of this contract, Workers' Compensation Insurance, including Employers Liability Coverage, in accordance with all applicable statutes of the State of Michigan.

b) Commercial General Liability Insurance: The Consultant shall procure and maintain during the life of this contract, Commercial General Liability Insurance on an "Occurrence Basis" with limits of liability not less than $1,000,000.00 per occurrence, Personal Injury, Bodily Injury and Property Damage. Coverage shall include the following extensions: (A) Contractual Liability; (B) Products and Completed Operations; (C) Independent Contractors Coverage; (D) Broad Form General Liability Extensions or equivalent; (E) Deletion of all Explosion, Collapse and Underground (XCU) Exclusions, if applicable; (F) per Contract Aggregate.

c) Umbrella Liability Insurance: The Vendor shall procure and maintain during the life of this contract Umbrella Liability Insurance with limits of liability of not less than $1,000,000 per occurrence.

d) Motor Vehicle Liability: The Consultant shall procure and maintain during the life of this contract Motor Vehicle Liability Insurance, including Michigan No-Fault Coverages, with limits of liability of not less than $1,000,000.00 per occurrence combined single limit Bodily Injury and Property Damage. Coverage shall include all owned vehicles, all non-owned vehicles, and all hired vehicles.

e) Additional Insured. Commercial General Liability and Motor Vehicle Liability Insurance, as described above, shall include an endorsement stating the following shall be Additional Insureds "The City of Rochester Hills, all elected and appointed officials, all employees and volunteers, all boards, commissions and/or authorities and board members, including employees and volunteers thereof. This coverage shall be primary to the Additional Insureds, and not contributing with any other insurance or similar protection available to the Additional Insureds, whether other available coverage be primary, contributing or excess."

f) Cancellation Notice. Workers' Compensation Insurance, Commercial General Liability Insurance and Motor Vehicle Liability Insurance, as described above, shall include an endorsement stating the following "It is understood and agreed that Sixty (60) days Advance Written Notice of Cancellation, Non-Renewal, Reduction and/or Material Change shall be sent to City of Rochester Hills, 1000 Rochester Hills Drive, Rochester Hills, Michigan 48309."

g) Proof of Insurance. The Contractor shall provide the City of Rochester Hills, at the time that the contracts are returned by him/her for execution, a Certificate of Insurance as well as the required endorsements. In lieu of required endorsements, if applicable, a copy of the policy sections where coverage is provided for additional insured and cancellation notice would be acceptable. Copies or certified copies of all policies mentioned above shall be furnished, if so requested.

h) If any of the above coverages expire during the term of the contract, the Consultant shall deliver renewal certificates and/or policies to the City of Rochester Hills at least ten (10) days prior to the expiration date.

The undersigned hereby declares that he/she has carefully examined the general conditions and specifications and will provide an On-Line Marketplace for Cloud and Software Products/Services, as described herein for the prices set forth in this proposal. Any changes to the specifications and its impact on the final cost will be discussed and mutually agreed upon before the delivery of the services.

It is understood that all proposed prices shall remain in effect for at least one hundred twenty (120) days from the date of the proposal opening to allow for the award and that, if chosen the successful vendor, the prices will remain firm through invoice.

The proposer affirms that he/she is duly authorized to execute this proposal, that this company, corporation, firm, partnership or individual has not prepared this proposal in collusion with any other proposer and that the contents of this proposal as to prices, terms or conditions have not been communicated by the undersigned, nor by any employee or agent, to any competitor, and will not be, prior to the award and the proposer has full authority to execute any resulting contract awarded as the result of, or on the basis of the proposal.

By submission of a response, the Proposer agrees that at the time of submittal, he/she: (1) has no interest (including financial benefit, commission, finder's fee, or any other remuneration) and shall not acquire any interest, either direct or indirect, that would conflict in any manner or degree with the performance of Proposer's services, or (2) benefit from an award resulting in a "Conflict of Interest." A "Conflict of Interest" shall include holding or retaining membership, or employment, on a board, elected office, department, division or bureau, or committee sanctioned by and/or governed by the City of Rochester Hills. Proposers shall identify any interests, and the individuals involved, on separate paper with the response and shall understand that the City, at its discretion may reject their proposal.

AWS is pleased to submit the attached package for your review. AWS has provided answers based on its current knowledge, but these answers may change due to a variety of factors, including changes in your requirements, the capabilities of any third party selected to assist with implementation, and changes to AWS service offerings. Unless required by law, Customer agrees not to disclose the contents of this document. Where Customer is required to disclose document contents by law, Customer will provide AWS with written notice and an opportunity to seek redactions or otherwise prevent disclosure of the information to the maximum extent permitted by law. This package may include a set of suggested solutions for this opportunity. These solutions are potential suggestions for your evaluation based on our limited understanding of Customer's requirements. The responsibilities and liabilities of AWS to its customers are controlled by AWS agreements, and this document is not part of, nor does it modify, any agreement between AWS and its customers. For current prices for AWS services, please refer to the AWS website at www.aws.amazon.com

Attn: Lisa Cummins

Re: Software Marketplace Including Cloud Solutions RFP-RH-22-026

Dear Lisa Cummins,

The City of Rochester Hills is working with OMNIA Partners to establish a nationwide cooperative purchasing agreement for a cloud and software product marketplace. This agreement will help the City and OMNIA Members find the technology that meets the needs of the citizens and communities they serve. This agreement is a continuation of the City's demonstrated procurement excellence. The City has repeatedly shown its ability to innovate, find the best value in procurement, and effectively serve its community. With a procurement team nationally recognized for innovation and professionalism, the City is truly a leader in public sector procurement.

In the following proposal, Amazon Web Services, Inc. (AWS) offers our cloud marketplace, AWS Marketplace, to help the City and OMNIA Partners achieve their goal of establishing a nationwide cooperative agreement for cloud and software products. AWS Marketplace is the most extensive cloud marketplace, with more than 12,000 vetted solutions from more than 2,000 providers across 50 product categories.

AWS Marketplace helps public sector customers of any size—from small cities to large state agencies—transform how they buy and manage software, data, and related services. We help customers save thousands in resources, and months of time, by simplifying the procurement process with Private Offers, and private marketplace options. We offer innovative tools to help customers automate aspects of software procurement, further eliminating the costs and effort associated with traditional methods. We help customers manage costs through a variety of pricing structures, financing options, and cost-management tools. Finally, we offer tools to help customers navigate their options to quickly find the right solutions for their environment and use case.

We look forward to further dialogue and an exchange of more detailed information as we progress this initiative. If you have any questions, I can be contacted [redacted]

1.1. Please describe the tool or process customers use to negotiate end user license agreement terms or pricing with software vendors.

Summary Response

Private Offers are an AWS Marketplace purchasing option that allows buyers and sellers to negotiate custom pricing, payment schedules, and contract terms (such as end user license agreement [EULA] terms) for products in AWS Marketplace. After the offer details have been worked out with the buyer, the seller creates a Private Offer for the AWS account that the customer designates. **Private Offers provide a simplified procurement process that can help accelerate customer procurement efforts.**

Additional Details

Each Private Offer has pricing and licensing terms specifically offered to the account. The seller of the product extends a Private Offer to the customer. The customer can then access this offer from their AWS Marketplace console in the account to which the offer was extended or by using a unique URL linking directly to the seller's offer. From the offer page, as shown in **Figure 1**, the customer can review details for accuracy then complete the purchase.

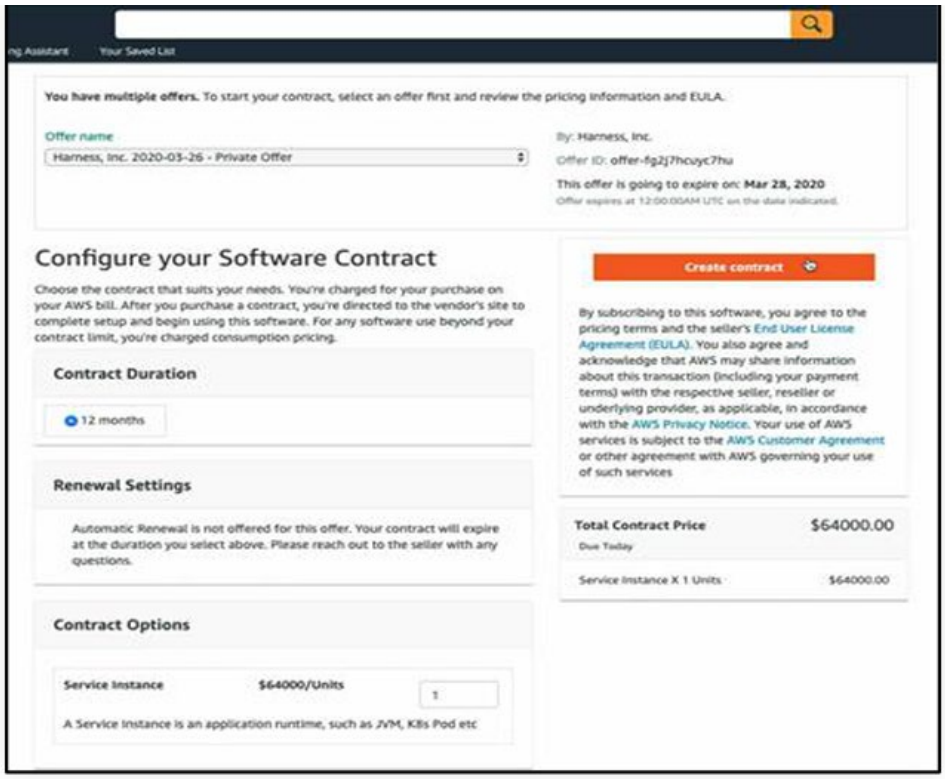

Figure 1. AWS Marketplace Purchasing Program Private Offers Acceptance Page.

Consulting Partner Private Offers (CPPOs) enable customers to purchase directly through an AWS Marketplace Consulting Partner, simplifying the procurement process. Customers can receive guidance from an expert in their field and purchase the software solution through their preferred partner. With a CPPO:

- The consulting partner and independent software vendor (ISV) establish an agreement to resell one or more of the ISV's products
- The consulting partner sets the price and payment schedule
- The consulting partner then extends the offer to the buyer for that product.

Like a Private Offer, each CPPO is extended to the buyer's AWS account of choice, with the offer visible only to the buyer. The process by which a customer receives and accepts a CPPO is identical to that detailed for a Private Offer.

Customers migrating to cloud-based products or trying out new software solutions often find that they want to upgrade or renew their software as a service (SaaS) agreements early—as their workloads expand. AWS Marketplace streamlines this process. SaaS Contract Upgrades and Renewals for AWS Marketplace make the process of upgrading and renewing these contracts easier than ever before. While the initial contract is still in effect, buyers can communicate with sellers to negotiate a new Private Offer or CPPO that best meets their needs. The offer can include additional entitlements to use the product, pricing discounts, a payment schedule, a revised contract end date, and changes to terms such as the EULA, all in accord with the needs of a specific buyer.

Once the buyer accepts the offer, the new terms go into effect immediately. This new, streamlined process means that buyers and sellers no longer need to track parallel paper and digital contracts. Streamlining also means buyers receive continuous service.

Additionally, we understand not all customers can agree to an ISV's standard—or "click-through"—EULA and negotiations can delay a needed purchase. AWS Marketplace offers standardized license agreement options for eligible products, including the Standard Contract for AWS Marketplace (SCMP). The SCMP is an accommodation between common EULA terms and the terms public sector customers redline most frequently. ISVs and customers can opt in to accept all SCMP terms or use it as a starting point for Private Offer negotiations. This allows customers to abbreviate or eliminate lengthy negotiations, decrease time to contract, and build at the speed of cloud.

The SCMP gives customers access to standard license terms for eligible products and simplifies software procurement. The SCMP is built for customers of all sizes, from startups to enterprise, and offers well-balanced license terms for public product listings found in AWS Marketplace. Customers can review SCMP terms, then use the terms across eligible products, eliminating the need to negotiate contracts for every purchase. Please see **Section 1.9** for more information on SCMP from a governance perspective.

1.2. Please provide third party analyst reports evaluating your Marketplace.

Circle One:

Attached: (Yes) No

In **Table 2,** we present a selection of our analyst reports for download. Customers can access additional reports through the AWS Marketplace Resource Hub.

Table 2. Analyst Reports

Analyst or Research Organization	Available Reports
Forrester	AWS has been evaluated by Forrester in multiple AWS Marketplace-related reports, including:

1.3. Does your Marketplace integrate with 3rd party procurement systems?

Summary Response

Yes, AWS Marketplace can integrate with third-party procurement systems. **This integration helps to simplify the procurement process and helps customers more easily comply with internal procurement policies.**

Additional Details

As detailed in **Section 4.2**, "PunchOut" integration is available. PunchOut integration enables AWS Marketplace to make a direct connection with cXML procurement systems. AWS Marketplace currently supports punchouts to Coupa and SAP Ariba procurement systems. This integration allows customers to use their existing procurement system and processes when transacting in AWS Marketplace. Once a customer finds the software they need and clicks to request approval, AWS Marketplace redirects them back to their procurement system to complete a requisition request.

Not every public sector customer has the procurement capabilities or budget to procure a traditional third-party procurement system. However, most customers would benefit from common features offered by these systems, such as budget tracking, cost estimations, and order management. AWS offers many tools to manage and monitor AWS services and spend, offering member customers some of the same functionalities as a traditional procurement system without the cost. AWS services such as AWS Budgets, AWS Cost Explorer, and AWS Purchase Order Management can help customers streamline purchasing, gain better visibility

and control into their organization's spend, and maximize their budget dollars. **Section 9.2** details how other AWS services can help augment customer procurement management and budgeting.

1.4. How many products are listed within your Marketplace?

Summary Response

With more than 12,000 products listed, AWS Marketplace is the most extensive cloud marketplace.

Additional Details

There are currently over 12,000 products across 65 categories available within AWS Marketplace. These products are offered by more than 2,000 sellers, including ISVs, value-added resellers (VARs), consulting partners, distributors, and other providers. As the first cloud infrastructure provider to launch a marketplace, we have spent a decade building and innovating the AWS Marketplace portfolio. We continue to rapidly expand the AWS Marketplace solutions available to our customers. We have added over 4,000 products and 15 categories to our portfolio since the end of 2020. The expansion of our catalog is largely organic, based on customer requests or recommendations, and follows the quality assurance process described in **Question 1.12**. This means that not only does AWS Marketplace have more products available than alternative cloud marketplaces, but our portfolio is comprised of solutions our customers want from the suppliers they know and trust.

1.5. How many customers are actively using your Marketplace?

We currently have over 325,000 active AWS Marketplace customers that account for over two million active subscriptions.

1.6. Other than SaaS, what types of products are available in your Marketplace?

Summary Response

In addition to SaaS, AWS Marketplace listings include third-party data through AWS Data Exchange, AWS-built AMIs, private AMIs built by third parties, APIs, Amazon SageMaker ML models and algorithms, AWS CloudFormation templates, container images, Helm charts, and professional services. **These offerings contribute to AWS Marketplace being the most extensive cloud marketplace.** A few of the most popular product options are detailed **in Figure 2 .** These offerings help to meet the varying needs and technical know-how of our customers.

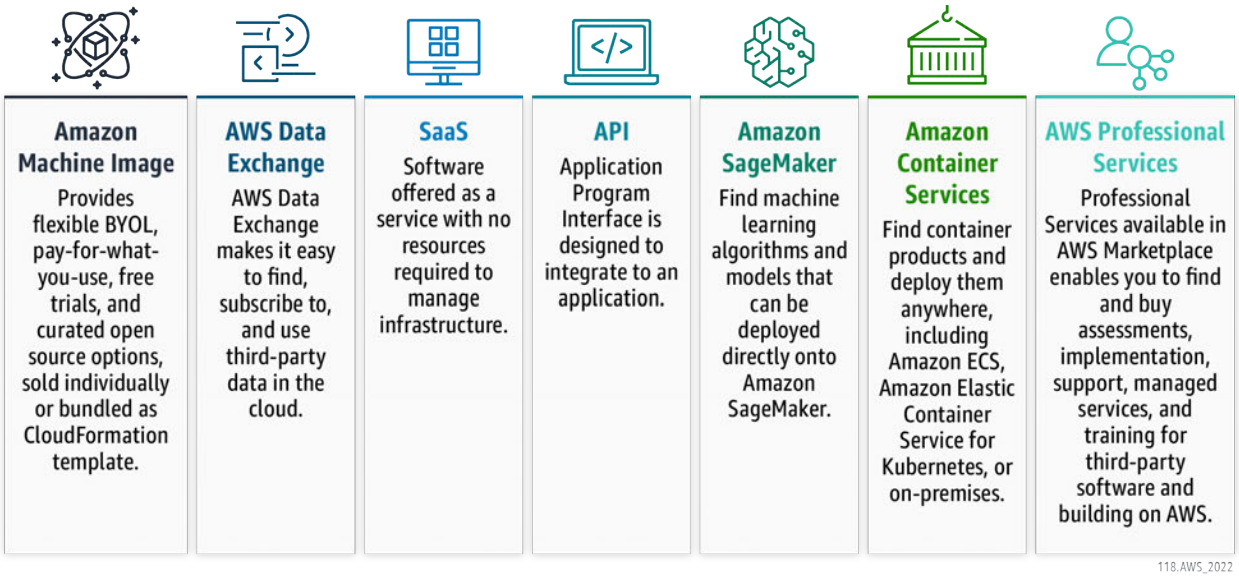

Figure 2. Sample Products Availble in AWS Marketplace.

Additional Details

Customers can find and buy professional services offered by trusted AWS Marketplace sellers to help them assess, deploy, manage, support, and conduct training for third-party software running on AWS or for services related to building on, migrating to, and training on AWS. Any AWS Marketplace seller, including ISVs and AWS Marketplace Consulting Partners, can publish a professional services product listing to the public catalog and sell direct to customers. Sellers create a product offering that describes the services they provide, negotiate with customers to create an agreement on terms, and then create a custom Private Offer for services through AWS Marketplace.

This allows customers to find and buy complete solutions from one platform. Customers can find the available services in the “professional services” category when searching in AWS Marketplace. Customers can purchase these services through AWS Marketplace, but will need to work with the seller to scope the professional services to meet their needs.

Additional information on available delivery methods are detailed in **Section 9.3** and in the AWS Marketplace Buyers Guide.

1.7. How can your Marketplace help us meet our supplier diversity goals?

Summary Response

AWS Marketplace can help the City and OMNIA Members procure directly from sellers in a variety of categories that may help meet supplier diversity goals. The City and OMNIA Members can track transactions with diverse AWS Marketplace sellers. For diverse vendors that are not currently AWS Marketplace sellers, our streamlined seller onboarding processes, including our AWS Marketplace Startup Program, help diverse suppliers list their solutions quickly. The City and OMNIA Members can also find diverse AWS Partners on the AWS Partner Network (APN) using our search functionality.

Additional Details

While AWS is agnostic in the process and AWS Marketplace merely provides billing and invoicing for transactions, we enable customers to procure many solutions directly from Independent Software Vendors (ISVs) and consulting partners from a variety of diverse categories. Examples include service ISVs like Solodev (women-owned), Enquizit Inc. (8(a)) and channel partners like Ventech Solutions (minority-owned), SHI (women-owned), and WWT (minority-owned). AWS Marketplace is continually adding new ISV and consulting partners. AWS is open to working with the City and other OMNIA members to identify and onboard preferred diverse suppliers.

With AWS Marketplace purchases, the supplier of the product listed is the seller of record in AWS Marketplace transactions. Each seller's name is detailed on the invoice, as shown in **Figure 3**, to assist in verification. As customers have different requirements and capabilities regarding how they recognize diverse spend, some customers may recognize AWS Marketplace purchases from diverse suppliers as Tier-1 purchases where others would consider these Tier-2 purchases.

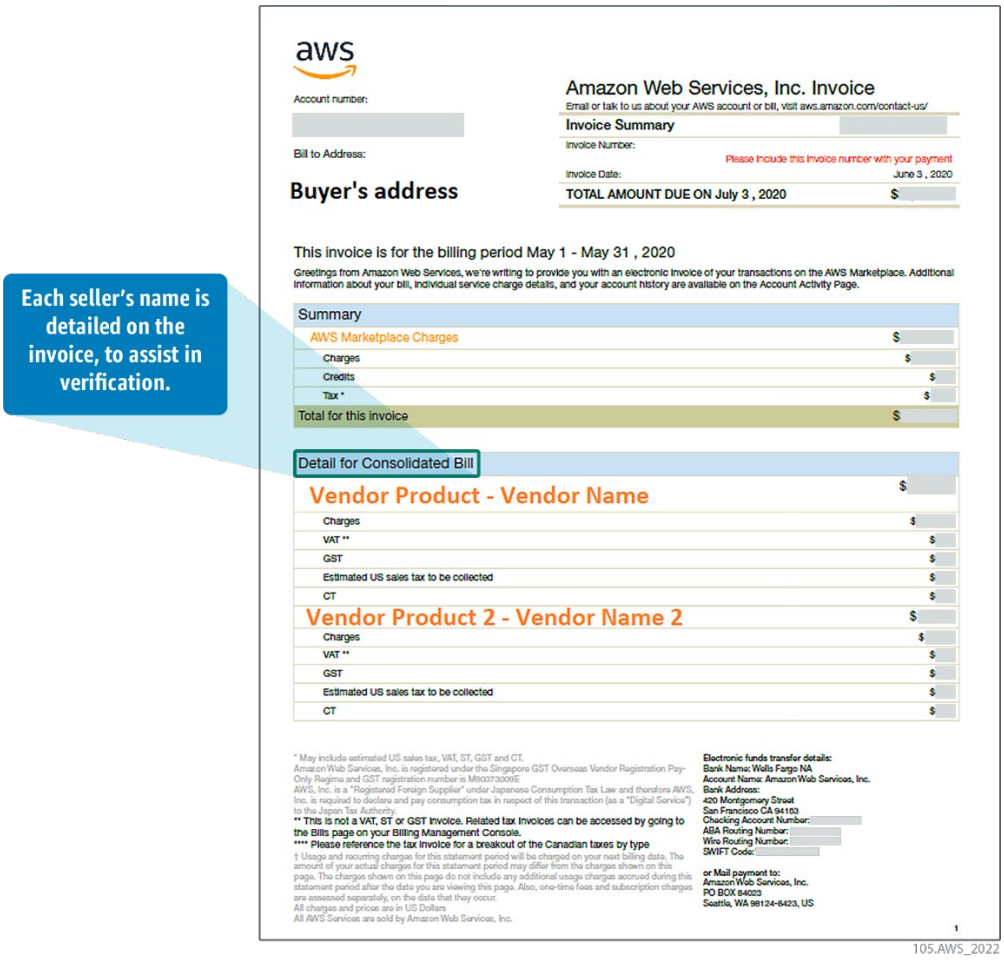

Figure 3. Using AWS Marketplace to Help Meet Supplier Diversity Goals

AWS focuses on expanding the AWS Marketplace portfolio to include diverse ISV and channel partners. For diverse suppliers interested in becoming AWS Marketplace sellers, our streamlined seller onboarding and listing process makes it easy for suppliers to start selling their solutions on AWS Marketplace. We have AWS Marketplace Business Development resources dedicated to recruiting and supporting channel partners, ISV partners offering government-focused solutions, and ISVs offering education-specific solutions.

We offer additional support through our AWS Marketplace Startup Program for qualifying vendors. This program is designed to provide additional guidance and resources to startups to help build, market, and sell their solutions. Benefits include white-glove assistance from AWS Marketplace Business Development teams and AWS credits for proofs of concepts and to offset integration costs to launch an initial listing.

How to Find Diverse AWS Partners through the APN

Many types of diverse suppliers are publicly accessible through AWS. As shown in **Figure 4**, customers can use filtering options to search for AWS Partners on the APN Directory (outside of AWS Marketplace) who meet their specific needs. Example filtering options include economically disadvantaged women-owned small business (EDWOSB), historically underutilized business zone (HUBZone), and minority-owned businesses.

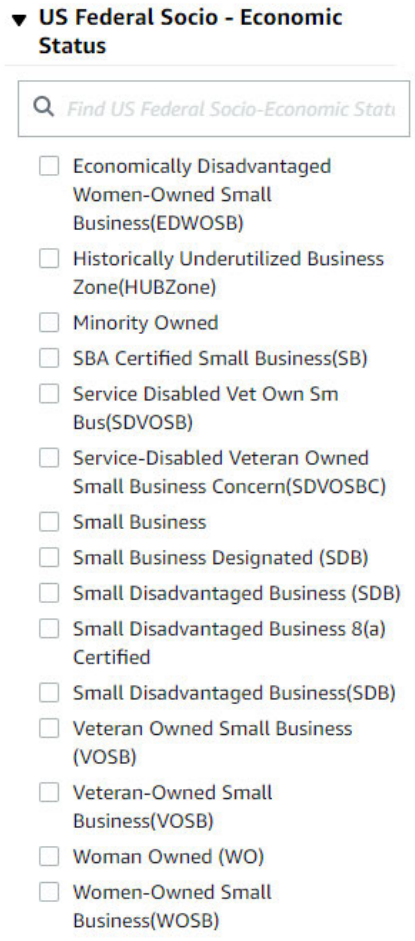

Figure 4. Sample Diverse Supplier Filtering Options

1.8. Please describe any features your Marketplace offers to streamline the software purchasing process.

Summary Response

AWS Marketplace can help the City and OMNIA Members **simplify the software purchasing process** through Private Offers, the SCMP, Private Marketplaces, Marketplace Vendor Insights, integration with e-procurement systems, and AWS Cost Management tools. These tools help customers negotiate, buy, manage, and govern software procurement on one platform, AWS Marketplace.

Additional Details

Public sector organizations must balance extensive regulatory and compliance objectives with cost-effective procurement strategies. The City and other OMNIA members have traditionally required expensive and complex procurement processes. Procuring even simple software can cost the City thousands of dollars, in addition to licensing and deployment costs. AWS Marketplace helps to simplify and streamline procurement for public sector organizations, enabling them to spend their budgets driving their missions forward rather than on administrative overhead.

AWS Marketplace is more than just a location for transactions—it offers various features to streamline software purchasing. These include:

- **Private Offers—**Private Offers are described in our response to **Question 1.1**. With Private Offers, buyers can negotiate custom pricing, payment schedules, and terms (such as EULAs) for products in AWS Marketplace. This flexibility can help buyers avoid lengthy procurement periods usually associated with custom terms.
- **SCMP—**The SCMP is described in our response to **Question 1.1**. The SCMP is an accomodation between common EULA terms and the terms public sector customers redline most frequently. Using the SCMP allows customers to alleviate lengthy negotiations, decrease time to contract, and build at the speed of cloud.
- **Private Marketplace—**Private Marketplace is described in our response to **Question 1.9.** Private Marketplace allows customers to create a customized private catalog of preapproved products. Administrators can create unique sets of vetted software available in AWS Marketplace for different AWS accounts within their organization to purchase. Preapproval can help accelerate procurement within an organization.
- **Marketplace Vendor Insights—**This new feature helps streamline third-party software risk assessment by enabling sellers to make security and compliance information available through AWS Marketplace. Using Vendor Insights can help buyers reduce assessment lead time to a few hours by allowing buyers to access the vendor's validated security profile, saving months of effort from questionnaires and back-and-forth with vendors. Vendor Insights notifications also help buyers avoid periodic reassessments and provide ongoing visibility and alerts about the vendor's security hygiene, such as an expiring compliance certification.
- **Procurement System Integration—**Procurement system integration is described in **Question 1.3**. AWS Marketplace currently supports integration with Coupa and SAP Ariba procurement systems. This integration allows customers to use their existing procurement system and processes when transacting in AWS Marketplace.
- **AWS Cost Management Tools—**AWS Cost Management tools are detailed in **Section 4.4.1.1.** These tools provide many of the core features of procurement systems, such as budget tracking, cost estimations, and order management.

AWS Marketplace offers all these features to streamline the procurement process while offering an end-to-end supply chain that works to fit customers' specific needs.

The majority of the products on AWS Marketplace are available as self-service, allowing customers to purchase and start using their product in minutes with a few clicks. Customers can select from the deployment options detailed in **Question 1.6** and from various pricing options such as pay-as-you-go, monthly, annual, and multi-year—all billed from one source. AWS handles billing and payments, and charges appear on customers' AWS bill.

In a 2022 Total Economic Impact™ of AWS Marketplace by Forrester, respondents indicated time savings of 66% due to procurement efficiencies with AWS Marketplace and a 75% reduction in onboarding effort for new vendors.

Please also see this Technical Validation by the Enterprise Strategy Group (ESG), "AWS Marketplace Purchasing Efficiency," describing how AWS Marketplace improves purchasing efficiency by accelerating and simplifying the software procurement lifecycle.

1.9. Does your Marketplace offer features to enable governance and control of software procurement? If so, please describe the features.

Summary Response

Yes. AWS Marketplace can enable governance and control of software procurements through AWS governance tools, Private Marketplaces, Private Offers, and the SCMP. **These tools help customers simplify compliance with their internal procurement policies.**

Additional Details

AWS Marketplace offers several governance and control features, allowing customers to pick the features best suited to their needs. These features are designed with a balance of centralizing governance while enabling speed and innovation. Features include AWS Governance tools, Private Marketplace, Private Offers, and the SCMP.

AWS Governance Tools

For guardrails on users making AWS Marketplace purchases, customers can use AWS Identity and Access Management (IAM) and Private Marketplace or both. Using IAM, administrators can manage access to AWS Marketplace services securely. IAM policies allow the administrator to specify each action, including subscribing to products and managing their AWS accounts. Customers can use AWS managed policies to provide basic AWS Marketplace permissions or create their own policies. For spend management, customers can use AWS Budgets and Cost Explorer or AWS Marketplace e-procurement system integration, as described in **Question 1.3** and **Section 4.2**.

Private Marketplace

Private Marketplace enables administrators to build customized digital catalogs of approved products from AWS Marketplace, as shown in **Figure 5.** Administrators can create unique sets of vetted software available in AWS Marketplace for different AWS accounts within their organization to purchase. In addition to building and managing catalogs of approved products from AWS Marketplace that comply with an organization's internal policies, administrators can also customize their Private Marketplace with an organization logo, color scheme, and messaging. By customizing the Private Marketplace interface, users know they are in an approved environment.

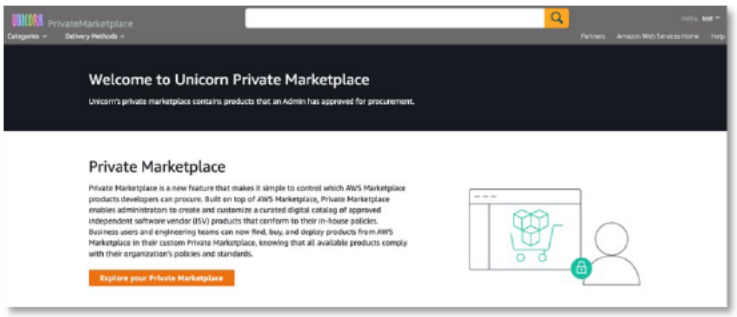

Figure 5. Private Marketplace

Users can easily find and deploy products that have been vetted for their use with Private Marketplace. Approved products are labeled as "Approved for Procurement" to quickly identify their organization's vetted products.

Private Offers

Private Offers are described in our response to **Question 1.1**. For granular governance and standardization on seller agreements, customers can use Private Offers.

SCMP

The SCMP is described in our response to **Question 1.1**. Buyers and sellers can use the SCMP to address the fundamental needs of both parties. Leading with common ground helps organizations alleviate the friction of negotiation and accelerate the sales cycle. With AWS Marketplace, buyers and sellers can transact using SCMP to govern software usage and define obligations of each party.

Standardized contracts can also be amended to support custom transaction requirements agreed upon between buyer and seller. AWS recently engaged sellers and buyers for feedback on the SCMP templates, including public sector buyers. The revised templates better align to government requirements and may reduce the need to negotiate the SCMP for our government and education customers. The updated SCMP will be launched later this year. If customers are interested in using the new template prior to launch, they can request sellers use the “SCMP 2022” template through Private Offers.

The Standard Contract Amendment template is available to capture agreed changes to the SCMP. It is extended to the buyer by the participating seller through Private Offers. AWS Marketplace also has the following two optional addenda for use in Private Offers:

- The Enhanced Security Addendum is designed to support heightened requirements of financial services organizations or transactions with sensitive data concerns.
- The Business Associate Addendum is designed to support heightened requirements associated with HIPAA compliance for the healthcare industry.

Customers can also continue to use the current versions of these documents, available at https://aws.amazon.com/marketplace/features/standardized-contracts.

1.10. Please describe any features your Marketplace offers to enable financing.

Summary Response

AWS Marketplace enables financing through select AWS Marketplace Consulting Partners and other third-party financing groups. We also enable flexible payments for Private Offers through our Flexible Payment Scheduler feature.

Additional Details

AWS Marketplace supports flexible options to help our customers maximize value on their most strategic software purchases. Customer financing is possible through select AWS Marketplace Consulting Partners and other third-party financing groups, such as Optiv, Presidio, and SHI. Financing is available for both Private Offers and Consulting Partner Private Offers and is available whether or not a consulting partner is part of the opportunity. Financing enables customers to negotiate favorable pricing through longer commitments while splitting payments over a financing agreement spanning one, two, or three years.

The Flexible Payment Scheduler, shown in **Figure 6**, is another popular AWS Marketplace feature that allows sellers to extend Private Offers to customers with a custom payment schedule. Similar to financing, with Flexible Payment Scheduler customers can reap the benefits of longer commitments, while spreading the payment schedule over the contract duration (up to five years). Flexible Payment Scheduler is available through most marketplace sellers for Private Offers on SaaS contracts and Amazon Machine Image (AMI) multi-year products.

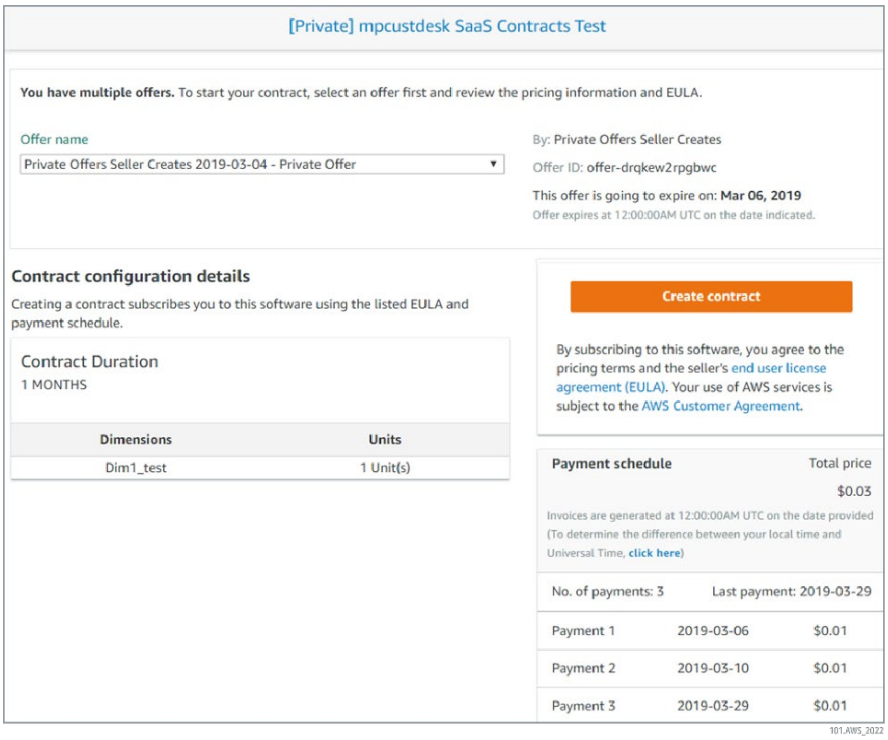

Figure 6. Sample Flexible Payment Schedule

Payment schedules are displayed in Private Offers, allowing the customer to view and confirm the payment schedule prior to committing to the purchase. Once they are subscribed, the customer can see all the payments on the schedule and on their AWS invoice, helping them track their spending.

Customers must be on invoice terms to use this feature. For customers who pay their AWS bill using a credit card but who are interested in using Flexible Payment Scheduler (FPS) to switch to invoicing, AWS Account Managers can help.

1.11. Does your Marketplace include free trial listings?

Summary Response

Yes, free trial listings are included in AWS Marketplace.

Additional Details

AWS Marketplace currently offers over 3,400 free products spanning numerous categories like data products, infrastructure software, and business applications and delivery methods such as AWS Data Exchange, AMIs, and container images. No-cost products are offered from a wide range of sellers including Intel, Veeam, TIBCO Software, and Bitnami by VMware.

In May of 2022, AWS Marketplace introduced free trials for SaaS contract products so customers can try products before they buy them. Customers can discover SaaS contract products that offer free trials, review usage terms and trial duration, and start a free trial in a few clicks directly in AWS Marketplace. SaaS contract free trials do not require an upfront payment, allowing customers to evaluate software without a commitment. During the trial period a customer can choose to subscribe to the available public offer, or negotiate a Private Offer with the seller. SaaS contract free trials will not automatically convert into paid agreements, so if a customer decides that the product is not the right fit, they can simply let the free trial expire.

Popular ISVs like CrowdStrike, Okta, Sumo Logic, and Tanium are a few of the sellers that are early adopters of the program and are currently offering free trials.

Additionally, some sellers on AWS Marketplace offer a bring-your-own-license (BYOL) pricing model to customers, with over 750 BYOL products currently available. This lets customers migrate their existing product licenses to AWS, which is useful for customers migrating workloads to the cloud with their existing vendors. There is no license cost, as related billing is maintained with the external channel the customer used to purchase the licenses. Related AWS charges are limited to the infrastructure costs to deploy the licenses.

With the AWS Free Tier program, certain participating AWS services up to a specific maximum amount of usage each month are available free of charge. Applicable services and usage limits are defined at aws.amazon.com/free. With the AWS Free Tier program, customers can eliminate or reduce these infrastructure costs, depending on instance type and hours used. With Free Tier, Amazon Elastic Compute Cloud (Amazon EC2) compute charges for Micro Instances are free for up to 750 hours a month for qualifying customers.

1.12. Please describe the quality assurance process for new listings on your Marketplace.

Summary Response

Before their products are available on AWS Marketplace, sellers must meet specific listing and product requirements. To register as a seller, vendors must create a public profile and provide tax and banking information. Additional steps are required for sellers of certain regions to comply with local laws. Once the seller's registration is verified complete, they prepare their

products for publishing. Each product type has its own product guidelines that must be met. AWS Marketplace maintains these guidelines for products and offerings on AWS Marketplace to promote a safe, secure, and trustworthy platform for our customers. We also encourage sellers to review implementation of additional controls and protocols as applicable to meet the needs of their specific products.

Additional Details

Once a seller has prepared their product for listing on AWS Marketplace, they create a product request. The product request must follow AWS listing guidelines requiring transparency regarding product, seller, and pricing. The seller submits the product request for review by the AWS Marketplace team, which then reviews the products and related metadata to check they meet or exceed the listing guidelines.

The guidelines are focused on policy and security compliance, software vulnerabilities, and product usability. They are reviewed and adjusted to meet our evolving security requirements. If there are any questions or issues with a request, the AWS Marketplace team connects with the seller to resolve. Once approved, a mock-up of the product's page is created. After the seller reviews the page, they accept or reject the mock-up. Once approved and accepted, AWS adds the listing page to the AWS Marketplace. Products are also reviewed when updates or changes are made. Our QA process is depicted in **Figure 7.**

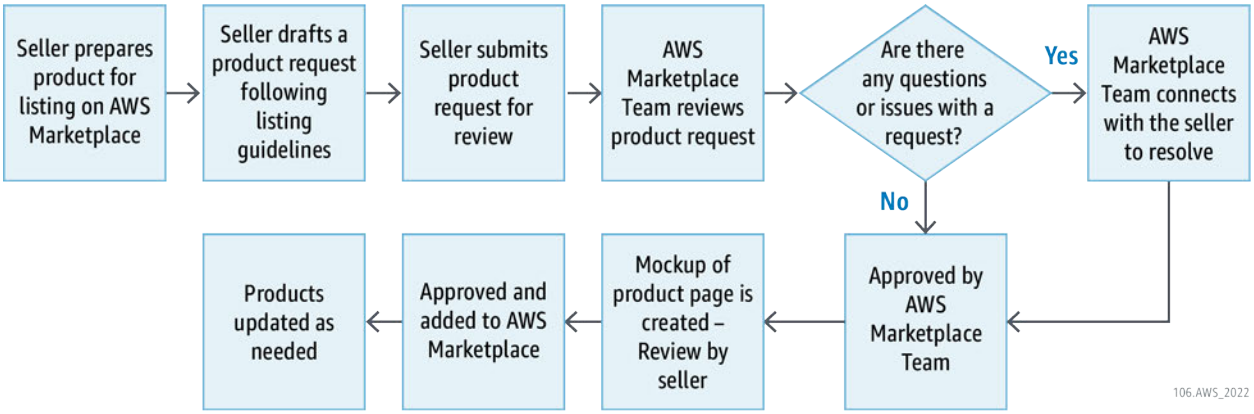

Figure 7. AWS's Quality Assurance Process Ensures Buyers Have Access to High-Quality Offerings

In addition, AWS Marketplace continuously reviews products to verify that they meet any changes to our guidelines. If products fall out of compliance, we might require that a seller update their product and in some cases a seller's product might temporarily be unavailable to new subscribers until issues are resolved.

1.13. Does your Marketplace allow for customers to deploy solutions in a restricted government public cloud?

Summary Response

Yes. AWS Marketplace allows customers to deploy solutions in AWS GovCloud (US), a restricted government public cloud.

Additional Details

AWS Marketplace makes it easy for customers to find, buy, and deploy solutions in AWS GovCloud (US) Regions. AWS GovCloud (US) gives government customers and their partners the flexibility to architect secure cloud solutions that comply with the FedRAMP High baseline; the DOJ's Criminal Justice Information Systems (CJIS) Security Policy; U.S. International Traffic in Arms Regulations (ITAR); Export Administration Regulations (EAR); Department of Defense (DoD) Cloud Computing Security Requirements Guide (SRG) for Impact Levels 2, 4, and 5; FIPS 140-2; IRS-1075; and other compliance regimes. AWS GovCloud (US-East) and (US-West) Regions are operated by US citizens on US soil.

The following links are to software available in AWS Marketplace for AWS GovCloud (US), with options for AMIs and CloudFormation templates, among others:

- SaaS solutions available in AWS Marketplace for AWS GovCloud (US)
- AWS GovCloud (US-East) Region AMIs and CloudFormation Templates AWS Marketplace Catalog
- AWS GovCloud (US-West) Region AMIs and CloudFormation Templates AWS Marketplace Catalog.

How AWS Marketplace Differs for AWS GovCloud (US)

Due to the security requirements, there are some differences in how AWS Marketplace functions for AWS GovCloud (US), including:

- The full catalog of solutions is currently not available for use.
- Product Support Connection is currently not available.
- Container products and Amazon Machine Learning products are not currently supported in AWS GovCloud (US).
- Launch from the AWS Marketplace website is not supported with GovCloud AWS accounts. GovCloud AWS accounts are a separate account than a customer's standard AWS account. Users must subscribe to software in AWS Marketplace using their AWS account. Once subscription is complete AMI and CloudFormation template products can be deployed from the EC2 console in the AWS GovCloud Regions. SaaS product access varies and depends on the product/vendor.
- Integration with AWS Service Catalog is currently not available.

While the full AWS Marketplace catalog of solutions is not currently available, we are actively working with AWS Marketplace sellers to offer their solutions in AWS GovCloud (US). AWS Marketplace currently offers over 2200 AMIs, CloudFormation templates, and SaaS solutions in the AWS GovCloud (US) Regions.

1.14. What's the average length of time for a customer to deploy a solution purchased from your Marketplace (from transaction to go-live)? Are professional services usually required to facilitate deployment?

Summary Response

Deployment time can vary based on solution type and customer technical capability. Professional services, while available if required by customers, are not usually required to facilitate deployment.

Additional Details

Some AWS Marketplace offerings, such as AMIs, can be configured and go live in minutes, with more complex deployments taking more time. In 2020, AWS Marketplace surveyed 500 IT decisions makers at US companies. In addition to indications of high customer satisfaction, responses revealed that when purchasing cloud software and services on AWS Marketplace, respondents spent on average 49% less time finding, buying, and deploying solutions than when not using AWS Marketplace. This saved them an average of 25 hours of staff time, freeing up staff for other activities. Participants in this survey indicated the area AWS Marketplace saved the most time was deployment, accounting for over 44% of the total time saved.

While professional services are not typically needed, many of our sellers offer implementation services for purchase in AWS Marketplace in case a customer requires more in-depth deployment support. Most sellers include documentation in the listing, which provides deployment guidance. In addition, AWS provides resources to support customers deploying products, such as the AWS Marketplace Buyer Guide, implementation guides, AWS Quick Starts, and instructional videos.

1.15. What support, if any, do you offer customers to assist with Marketplace issues or questions?

Summary Response

To assist AWS Marketplace customers with issues or questions, we offer the AWS Marketplace Buyer Guide, implementation guides, quick starts, instructional videos, FAQ, a resource hub, access to an AWS account manager, and access to AWS Marketplace customer advisors. Additionally, sellers must include support and refund information in each product listing so buyers can easily contact the seller directly.

Additional Details

As demonstrated in **Question 1.14**, we have a vast collection of publicly available resources to help customers address their issues and questions. The AWS Marketplace Help and FAQ page addresses the most common questions we receive and the AWS Marketplace Resource Hub is includes more in-depth content categorized by role, solution type, and content type.

For issues or questions regarding a specific listing, each seller includes on the listing page at least one method to connect with the product's support channels, typically an email address or URL. We direct sellers to include information on the level of support a customer can expect and encourage them to include details for both pre-purchase questions and post-purchase issues, such as support for issues using the services, troubleshooting, and requesting refunds. All paid products, regardless of pricing model, must have a stated refund policy for software charges. The policy must include the terms of the refund and a method of contacting the seller to request a refund.

Customers can also contact their AWS account manager for assistance. If the issue or question is not one the account manager can resolve on their own, they can call upon numerous resources dedicated to AWS Marketplace for support, such as AWS Marketplace customer advisors. Customer advisors support specific customers and regions (e.g., education customers in the eastern part of the US) and work collaboratively with account managers, customers, and sellers to answer questions, resolve issues, and mitigate any potential friction in the buying process, especially for first-time users.

1.16. What support, if any, do you offer vendors to assist with listing their solutions in your Marketplace?

Summary Response

To assist vendors with listing their solutions in AWS Marketplace, we offer quick starts, an easy to navigate user interface, simple transactions, reporting, and extensive training including videos, webcasts, exercises, templates, and a self-service workshop. **These tools help vendors to offer AWS Marketplace customers solutions faster, with simpler transactions, and more flexible terms.**

> "Marketplace allows us to unlock further business with AWS down the stretch, whether that be through coselling or comarketing."
>
> —*Chief Growth Officer, Americas ISV*

Additional Details

A recent Forrester study (2022) found that by listing their products and including AWS Marketplace as a strategic part of their overall go-to-market strategy, ISVs realized 80% richer deal sizes, 27% higher win rates, and 40% faster sales cycles when using AWS Marketplace compared to outside of AWS Marketplace.

Beyond these business benefits, AWS is constantly innovating to provide an improved overall third-party seller experience, from beginning to end. This includes tools to speed up the listing process, training on transacting in AWS Marketplace, and visibility into sales through AWS Marketplace. In addition to the resources described below, AWS Marketplace sellers have access to category managers—subject matter experts who answer questions about listing within AWS Marketplace and help ISVs build AWS Marketplace pipeline.

Figure 8 shows a simplified process for selling software products on AWS Marketplace.

Figure 8. Selling Software Products on AWS Marketplace is Simple.

Sellers choose AWS Marketplace for a variety of reasons. These include a faster listing process and simple transactions compared to AWS Marketplace alternatives.

A Faster Listing Process

For SaaS listings, AWS has created a Quick Start to cut down on the effort required to list. Registered AWS Marketplace sellers can use it to deploy a lightweight serverless option for integrating new SaaS listings. The Quick Start fulfills the core capabilities required to integrate a vendor's SaaS solution with its corresponding listing on AWS Marketplace. These capabilities include accepting new customer registrations, granting and revoking customer access, updating customer entitlements, and reporting metered usage. With this Quick Start, software vendors can complete a listing within a few hours.

> "We've got a great partnership with AWS. It cuts the sales cycle down when we use the AWS Marketplace by almost 50%."
>
> —*George Kurtz, CEO, Crowdstrike*

Simple Transactions and Comprehensive Training.

AWS Marketplace has an easy-to-navigate user interface for sellers to create and manage listings and Private Offers. In addition, AWS has created comprehensive documentation to cover all technical and operational aspects of transacting within AWS Marketplace and a YouTube playlist of operational how-to videos. For third-party marketing and sales organizations, AWS has built the 180 Day Go-to-Market (GTM) Academy—a portal with videos, webcasts, exercises, templates, and a self-service workshop that allows sellers to move through the materials at their own pace, and eventually become certified to execute on GTM campaigns in AWS Marketplace.

> **"Training our sellers on AWS Marketplace was so much easier than training them to work with VARs because our integration with a cloud marketplace platform allows us to register a deal and get credit for it with the click of a button."**
>
> *—Director of Technical Alliances, Global ISV*

Sellers can use the AWS Marketplace Management Portal (AMMP) to:

- Get listing information from AWS Marketplace, such as long and short product descriptions, marketplace categories, badges, media, pricing model/unit, information, publisher, reviews, and more
- Populate their website, platform, and Private Marketplace with AWS Marketplace listings
- Create a custom view of AWS Marketplace listings for customers where the seller shows offerings from other sellers and offers value-added functionality
- Gain visibility into Marketplace Sales.

AWS Marketplace sellers can set up a variety of automated reports depending on their visibility needs. AWS Marketplace provides reports that include information about product usage, buyers, billing, and payment information. Reports are available to all registered AWS Marketplace sellers and include the following options: daily business report, daily customer subscriber report, disbursement report, monthly billed revenue report, sales compensation report, and US sales and use tax report. The AWS Marketplace Notifications team also sends email notifications that verify the transaction for offers and agreements made in AWS Marketplace. The notifications are sent in real time based on the successful fulfillment of a customer subscription and include the following information: purchase date, time, and time zone; customer AWS account ID; product name; product identification; offer name; offer identification; agreement identification; service start date; service end date; and purchase amount (for contract and consulting partner).

City of Rochester Hills
On-Line Marketplace for Cloud and Software Products/Services

RFP-RH-22-026

SIGNATURE PAGE

The undersigned hereby declares that he/she has carefully examined the general conditions and specifications and will provide an On-Line Marketplace for Cloud and Software Products/Services, as described herein for the prices set forth in this proposal. Any changes to the specifications and its impact on the final cost will be discussed and mutually agreed upon before the delivery of the services.

~~It is understood that all proposed prices shall remain in effect for at least one hundred twenty (120) days from the date of the proposal opening to allow for the award and that, if chosen the successful vendor, the prices will remain firm through invoice.~~

The proposer affirms that he/she is duly authorized to execute this proposal, that this company, corporation, firm, partnership or individual has not prepared this proposal in collusion with any other proposer and that the contents of this proposal as to prices, terms or conditions have not been communicated by the undersigned, nor by any employee or agent, to any competitor, and will not be, prior to the award and the proposer has full authority to execute any resulting contract awarded as the result of, or on the basis of the proposal.

By submission of a response, the Proposer agrees that at the time of submittal, he/she: (1) has no interest (including financial benefit, commission, finder's fee, or any other remuneration) and shall not acquire any interest, either direct or indirect, that would conflict in any manner or degree with the performance of Proposer's services, or (2) benefit from an award resulting in a "Conflict of Interest." A "Conflict of Interest" shall include holding or retaining membership, or employment, on a board, elected office, department, division or bureau, or committee sanctioned by and/or governed by the City of Rochester Hills. Proposers shall identify any interests, and the individuals involved, on separate paper with the response and shall understand that the City, at its discretion may reject their proposal.

Representative's Name: Shannon Lowther

2. Executive Summary

Public sector cooperative purchasing agreements make it easier for public sector institutions to procure the software they need in a cost-effective manner. The City and OMNIA Partners aim to establish a nationwide purchasing agreement to give state and local governments, educational institutions, and non-profits access to a cloud software marketplace. We provide a complete response to RFP-RH-22-026 and RFP-RH-22-026_OMNIA Solicitation Attachment, and a completed Attachment B Pricing Summary.

AWS offers comprehensive cloud services infrastructure. AWS Marketplace augments and extends the AWS Cloud through third-party software, services, and data. Throughout this proposal we highlight our innovative cloud software marketplace, our efforts to simplify procurement, and our ability to market the purchasing agreement to potential buyers. We also highlight the real benefits customers see today by using AWS Marketplace.

Project Methodology and Approach

AWS meets the City's requirements for a cloud marketplace with existing AWS Marketplace features and AWS services. However, to make the project a success, we identified three critical focus areas for additional attention and support: marketing, sales, and contract management.

We name AWS owners for each category. We also outline specific recommended activities within each category—these are actions AWS would perform according to the included timelines. To coordinate between AWS, the City, and OMNIA, we have named a primary point of contact, [redacted].

Scope of Services and Product Categories

AWS Marketplace solutions cover all listed product categories, including security; infrastructure/DevOps/OS; database and data analytics; business apps; networking; storage, backup, and recovery; and miscellaneous/other category.

AWS Marketplace is the most extensive cloud software marketplace. We offer more than 12,000 solutions across every product category identified in this proposal. We are growing every year, with more than 2,000 new solutions added in the last year alone.

Value-Added Features

AWS offers tools to increase procurement efficiency and reduce risks. **AWS Marketplace simplifies software procurement.** Software procurement can be a time-consuming, expensive process for the public sector. For many, each procurement costs thousands of dollars in resources to release request for quotes, evaluate responses, and negotiate. This process is both costly and time-consuming, and can delay purchases by months.

With AWS Marketplace, the City and OMNIA Members will benefit from simplified licensing and pricing, and save on procurement-related administrative overhead. AWS Marketplace is the only cloud solution marketplace to offer end-to-end transactions for many solutions. Customers can purchase and deploy solutions without leaving AWS Marketplace.

AWS Marketplace also helps customers comply with their internal policies. We enable customers to build preapproved catalogs of software for their internal teams to choose from, we have standard terms that suit standard procurements, and customers can negotiate new terms and pricing, if required.

Pricing Structure

Anyone with an AWS account can use AWS Marketplace at no charge. **A variety of pricing structures are available on AWS Marketplace** including consumption-based monthly, annual, or multi-year contracts; free or trial solutions; and BYOL. There are some AWS Marketplace listings, like BYOL and consumption-based models, that require the purchase of AWS infrastructure services to deploy the software in the customer's account. When the purchase of AWS infrastructure is required, the City and OMNIA Members benefit from periodic cost reductions in these underlying AWS services. We have reduced prices for AWS Services 115 times since AWS launched in 2006.

As an incentive to the City of Rochester Hills and OMNIA members, AWS will provide infrastructure credits to customers procuring through this Master Agreement. This credit incentive program is outlined in more detail in **Section 11 Attachment B—Price Proposal.**

Supplier Information and Marketing and Sales

To be successful, this purchasing agreement requires extensive marketing and sales support. We have outlined how AWS will work with OMNIA to meet these requirements. **AWS can raise awareness of the proposed purchasing agreement with other public sector agencies.** AWS has extensive experience working with state and local governments, educational institutions, and nonprofit organizations. We will drive the success of this purchasing agreement by:

- Training and enabling our sales teams
- Creating a customer-facing contract website
- Marketing the contract through webinars and blog posts.

We will also promote the agreement at national and regional conferences and trade shows.

In the years to come, the City and OMNIA Partners need a cloud marketplace provider that can keep pace with digital transformation. The continued success of this contract requires continuous innovation to remain an effective resource for state and local governments, non-profits, and educational organizations. Our proven experience innovating within our cloud marketplace makes AWS the right choice for a long-term provider.

AWS Marketplace benefits from our emphasis on creating new, customer-centered products and services. Our efforts to innovate have led to growth in our selection of quality offerings, simplified procurement, simplified compliance, and an expanding variety of pricing structures. We look forward to providing future innovations to customers of this agreement in partnership with the City and OMNIA Partners.

3. Proposal Profile

Please see **Table 3** for a complete response to the proposal profile section questions. We have also provided a brief history of AWS as part of **Response A** in **Section 5.2.1.** Please note that because of the nature of AWS Marketplace offerings, providing a profile of all other companies that will be providing products and services through a dealer, distribution, or subcontractor arrangement with the offeror is not applicable.

Table 3. Proposal Profile Information

Requested Information	AWS Response
Name of Company Submitting Proposal	Amazon Web Services, Inc.
List Any Company DBA's	Amazon Web Services, Inc.
Main Office Address	410 Terry Avenue North Seattle, WA 98109-5210
If a Corporation, When and Where Incorporated	05/03/2006 – Delaware, USA
Number of Years in Business	16 years
Total Number of Employees	Amazon does not disclose AWS-specific employment statistics. According to the Q2 2022 report, Amazon employed approximately 1,523,000 full-time and part-time employees as of June 30, 2022. Note that employment levels fluctuate due to seasonal factors affecting our business.

4. Project Methodology and Approach

The City seeks to establish a nationwide purchasing agreement to give public sector organizations access to a cloud software marketplace. To do so, they need to work with a marketplace provider that can offer an extensive catalog of services, help to manage and promote a nationwide purchasing agreement, and continue to innovate throughout the term of the agreement.

Following the RFP evaluation criteria, including the Scope of Services, in this section we demonstrate our ability and willingness to satisfy the contract requirements by providing our prescribed project management methodology and approach, including:

- The approach for this agreement, including our approach to marketing, sales, and contract management
- How AWS Marketplace can address the Scope of Services and Product Categories
- Innovative value-added features unique to AWS Marketplace
- The pricing structures available on AWS Marketplace.

Because this section encompasses the requirements of three different RFP sections, we have included a compliance table in **Table 4**.

Table 4. Project Methodology and Approach Compliance Table

RFP Requirement	Response Section
Requirement: 4. Project Methodology/Approach **Requirement Language:** Offeror shall provide a timeline and schedule for completion of this project, highlighting critical points in the process	**Section 4.1**
Requirement: 4. Project Methodology/Approach **Requirement Language:** Offeror shall provide a detailed description and explanation of products and services offered in response to each Product Category listed in the Scope of Services.	**Section 4.3**
Requirement: 4. Project Methodology/Approach **Requirement Language:** Information regarding innovative breakthroughs and any one-of-a-kind programs offered related to the On-Line Marketplace for the purchases of Cloud and Software Products is encouraged.	**Section 4.4**
Requirement: Evaluation Criteria, 2. **Requirement Language:** Methodology Used for Project How well does the methodology depict a logical approach to fulfilling the requirements of the RFP? How well does the methodology match and contribute to achieving the objectives set out in the RFP?	**Section 4.1.1**
Requirement: Evaluation Criteria, 3. **Requirement Language:** Management Plan for Project How well does the management plan support all the project requirements and logically lead to the deliverables required in the RFP? Is accountability completely and clearly defined? Is the organization of the project team clear? How well does the management plan illustrate the lines of authority and communication? To what extent does the Proposer already have the hardware, equipment, labor, etc. necessary to perform the contract? Does it appear the Proposer can meet the schedule set out in the RFP? Has the Proposer offered alternate deliverables and gone beyond minimum task necessary to meet the objectives of this RFP? Is the proposal practical and feasible? How well have any potential problems been identified? Is the proposal submitted responsive to all material requirements in the RFP?	**Section 4.1**
Requirement:	**Section 4.2**

RFP Requirement	Response Section
Scope of Services, p. 7-8 **Requirement Language:** Offers shall provide the three key models for cloud computing as defined below and may include other related solutions and services.	
Requirement: Scope of Services, p. 8 **Requirement Language:** Given the cooperative nature of this RFP, it is expected that offerors shall offer a better value than what they would ordinarily offer to the public or to a single government entity.	**Section 4.4.1**
Requirement: Scope of Services, p. 8 **Requirement Language:** Vendors shall also offer value-added solutions to support cloud marketplace transactions, such as consumption and management tools and account support. Value-added features may include procurement system integration, consolidated billing, reporting, analytics and application programming interfaces (APIs) and tools for third-party software vendors to integrate with the cloud marketplace.	**Section 4.4.1**
Requirement: Scope of Services, p. 8 **Requirement Language:** The software marketplace and cloud solutions should offer a variety of pricing structures, such as consumption-based, monthly, annual or multi-year contracts, free or trial solutions, and bring your own license (BYOL). Due to varying pricing structures of cloud marketplaces available, the Lead Public Agency shall not define the contract price structure and instead vendors should provide pricing based on their marketplace model. The City anticipates that the market established best value and the City will not need to amend the contract when the market goes up or down.	**Section 4.5**
Requirement: Scope of Services, p. 8 **Requirement Language:** Given the highly innovative nature of cloud marketplaces and the solutions offered, the City anticipates future related solutions not specifically named in this solicitation. Vendors will be allowed to offer services via the contract that are directly related to the contract scope as “related services.” The Principal Procurement Agency may also add to the Scope of Services or make changes in the Scope of Services for services of a similar nature to those specified in the Scope of Services as mutually agreed. The change must be approved by the Procurement	**Section 4.2.1**

RFP Requirement	Response Section
Manager and a contract Modification issued by the Purchasing Division for any changes to the contract.	
Requirement: Scope of Services, p. 8 **Requirement Language:** The intent is for each offeror to submit their complete product line so that Participating Public Agencies may procure/order a wide array of products and services as appropriate for their needs.	**Section 4.3**
Requirement: Product Categories, p. 8-9 **Requirement Language:** Product Categories Category 1: Security Category 2: Infrastructure/DevOps/OS Category 3: Database and Data Analytics Category 4: Business Apps Category 5: Networking Category 6: Storage, Backup, and Recovery Category 7: Miscellaneous/Other Category Proposers are encouraged to provide product/service/solution categories that are purchased by public agencies.	**Section 4.3**

4.1. Project Management Approach and Timeline

The City needs a faster way to procure software—one that avoids time-intensive, costly solicitations while satisfying procurement rules and regulations. The City also wants to establish a national cooperative contract enabling broader access to a cloud marketplace.

With purpose-built features, AWS Marketplace satisfies the needs outlined throughout the RFP by providing procurement control and visibility, along with excellent product selection within each of the RFP's seven categories. To promote success of the contract, AWS has also assigned a highly experienced team to handle all major obligations—both to give the contract a strong launch and consistently excellent support over its term.

4.1.1. Project Management Methodology and Approach

AWS satisfies the requirements of this RFP through existing features of AWS Marketplace and other AWS services. In addition to matching features to needs in **Section 1**, we have identified the activities that are critical to this contract's success. These include marketing, sales, contract administration, and marketplace activities. In this section, we summarize those activities and assign a single-threaded owner for each category. To safeguard against possible delays caused by human error, we have added an escalation point for each major category owner.

To maintain consistency, promote the contract, and support swift resolution of any action falling outside of the major categories, we have assigned a business development manager, [redacted], to be OMNIA's primary point of contact (POC). [redacted] will be responsible for ensuring AWS meets all commitments outlined in this proposal and that any required escalations receive prompt attention.

AWS's proposed approach to marketing, sales, and contract management are covered in depth in **Section 5.2.3**. In summary:

- **Marketing**—As outlined in **Response A** of **Section 5.2.3**, AWS will market this agreement through AWS-hosted webinars, blog posts, participation in trade shows and professional association conferences (such as NIGP), and a co-branded contract announcement. [redacted] owns coordination and execution of these activities in collaboration with AWS and OMNIA Partners stakeholders.
- **Sales**—As outlined in **Response A** of **Section 5.2.3**, AWS Sales Leadership will promote this contract internally as a valuable path for AWS customers to satisfy their jurisdiction's procurement requirements. AWS Sales will receive internal training, both synchronously and asynchronously, as well as a playbook with templated customer-facing communications, call scripting, and FAQ. [redacted] owns sales sponsorship.
- **Contract Management**—As outlined in **Response I** of **Section 5.2.3**, AWS Contract Management will comply with the reporting and administrative fee requirements as mutually agreed. [redacted] owns contract management.

The AWS Marketplace team owns other critical aspects of the management approach, not covered in **Section 5.2.3**. The AWS Marketplace team will ensure that qualifying customers receive AWS infrastructure credits, as outlined in **Section 11**. The AWS Marketplace team will also educate AWS Marketplace software sellers on the benefits of the Master Agreement and perform live training for customers transacting using AWS Marketplace and the Master Agreement for the first time. [redacted] is the primary point of contact for AWS Marketplace.

Please see **Figure 9** for an organizational chart describing how AWS will manage this contract.

AWS has the hardware, labor and equipment to perform this contract. All AWS Marketplace features and capabilities described within this proposal are generally available. Any specific

individuals cited in this proposal are subject to change. Any substitutions will have similar levels of experience and capabilities.

4.1.2. Timeline and Schedule for Completion of Project, Including Critical Points in the Process

AWS is fully equipped to deliver on the commitments made within this proposal and has assigned an owner for each critical area. The primary OMNIA contact for the Master Agreement at AWS will hold AWS internal stakeholders accountable to ensure AWS hits all milestones to launch the contract and maintain sales, marketing, and business development activities throughout its term. The timeline shown in **Figure 10** depicts critical milestones and activities and the anticipated timeline for completion. The presumed start date is the effective date of the contract.

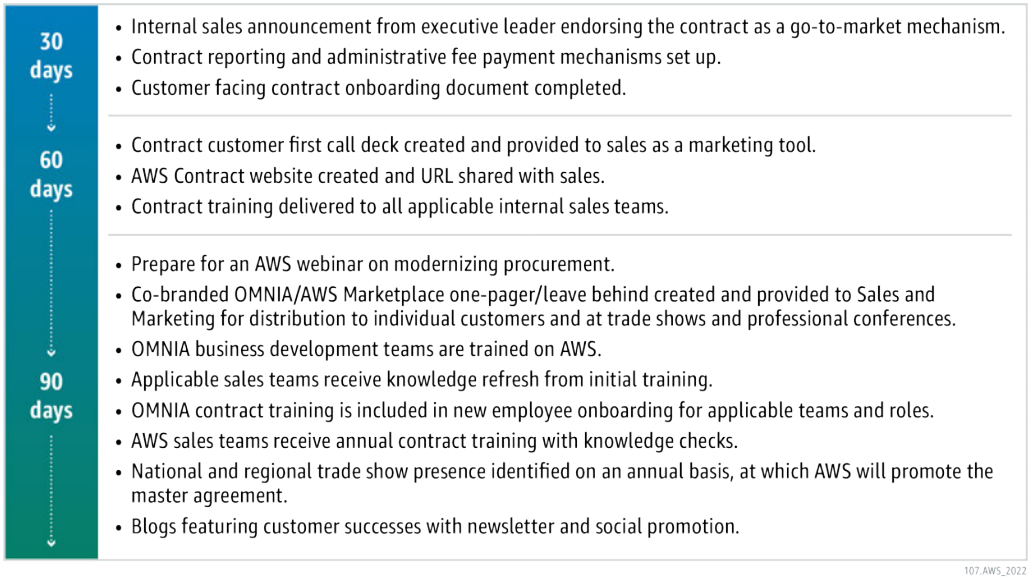

Figure 10. Project Milestone and Activities

4.2. Scope of Services

AWS offers comprehensive cloud services infrastructure with compute power, storage, content delivery, and other functionality that organizations can use to deploy applications and services. AWS Marketplace augments and extends the AWS Cloud through third-party solutions.

In addition to the full functionality and offerings available through AWS Marketplace, AWS also offers the City of Rochester Hills and OMNIA members over 200 AWS Cloud services, encompassing IaaS, PaaS, and SaaS. The full list of services and their respective pricing is available at aws.amazon.com/pricing/. Please see **Section 4.4.1** for details on how AWS Marketplace helps customers manage their services and subscriptions.

Infrastructure as a Service (IaaS). IaaS offerings allow customers to move, modernize, and manage their IT infrastructure with AWS. To support the level of flexibility that customers require when transitioning their legacy systems to the cloud, AWS supports a wide variety of application, compute, and storage options to meet the needs of almost any OMNIA member's legacy or future workload.

With IaaS solutions, customers can migrate existing applications and architectures into the cloud rapidly while maturing their cloud practice and proving the business value of cloud migration. Among other benefits, this transition to the cloud lets customers shift their business focus (and associated costs) away from maintaining their own data centers and inherit security and compliance controls from cloud service provider (CSP) infrastructure.

Platform as a Service (PaaS): AWS PaaS offerings support application deployment and development through infrastructure management, DevOps, business intelligence (BI), database management, and other tools. With PaaS solutions, organizations do not need to worry about resource procurement, capacity planning, software maintenance, patching, or any of the other infrastructure management involved in running an application. In other words, AWS handles the tedious and often difficult tasks that do not add value to the mission of the organization.

Software as a Service (SaaS): AWS Marketplace includes thousands of SaaS-type software listings from popular categories including security, business applications, and data and analytics, and across industries, such as healthcare, financial services, and the public sector. AWS Marketplace simplifies SaaS procurement by making it easier to discover, buy, and launch SaaS products.

4.2.1. Additions to the Scope of Services

We consider all AWS services, including those that will be added over the term of the agreement, to be in scope of our response. If the City accepts that all AWS services, present and future, are in scope, changes to the Scope of Services during the term of the agreement should be minimal. AWS has more services, and more features within those services, than any other cloud provider. We have been continually expanding services to support virtually any cloud workload, and we now offer more than 200 fully featured services, including compute, storage, databases, networking, analytics, robotics, machine learning and artificial intelligence, Internet of Things (IoT), mobile, security, hybrid, virtual and augmented reality (VR and AR), media, application development, deployment, management, and much more.

AWS is also innovating faster than anyone else, and our portfolio continues to expand at the fastest rate. In 2011, AWS released over 80 new significant services and features, followed by nearly 160 in 2012; 280 in 2013; 516 in 2014; 722 in 2015; 1,017 in 2016; 1,430 in 2017; and 1,957 in 2018; 2,345 in 2019, 2,757 in 2020, and 3,084 in 2021.

As an AWS service, AWS Marketplace has experienced a similar pace of innovation. At the time AWS Marketplace launched 10 years ago, it was a novel innovation. As far as we know, there was no other website that allowed customers to rent hosted servers running commonly used software. In the decade since, our customers and sellers have asked us to do so much more. In addition to the machine images we started with, customers asked for more deployment options. Customers asked for SaaS solutions that sellers manage on their behalf, container images, machine-learning models, professional services to augment software purchases, and data via file-based data sets, APIs, and Redshift tables.

Customers also asked for different ways to buy. In addition to pay-as-you-go hourly billing, customers asked for BYOL, contract-based pricing, and privately negotiated rates—either direct from the seller or indirect through a reseller. And, last but not least, customers asked for governance capabilities to curate private catalogs, govern who spends what with whom, tie purchasing into existing approval and procurement systems, share entitlements across organizations, and more.

We listened. We launched all of the above and more over the last ten years, with the results detailed in the next section on product categories.

4.3. Product Categories

AWS Marketplace has over 12,000 listings and is rapidly expanding. In fact, we have gained 2,000 listings since the same time last year, all meeting and maintaining the product guidelines described in **Question 1.12**. AWS Marketplace Category Managers actively recruit software vendors to AWS Marketplace based on customer requests and market trends. The solutions that education, state and local government, and nonprofit customers want are available today in AWS Marketplace.

We understand that **Attachment B** is a small representative sample of the items the City expects to find in a marketplace. To showcase the depth and breadth of available products, we have taken an approximate snapshot of the number of product listings per category in **Table 5**. Please note that AWS Marketplace uses different product categories to those used by the City, so we have done our best to map the categories.

Table 5. AWS Product Catagories

Category	Number of Listings as of July 2022
Category 1: Security	2,571
Category 2: Infrastructure/DevOps/OS	6,532 Infrastructure/4,448 DevOps/1,378 OS
Category 3: Database and Data Analytics	2,197
Category 4: Business Apps	2,183
Category 5: Networking	1,111
Category 6: Storage, Backup, and Recovery	287 Storage, 231 Backup and Recovery
Category 7: Miscellaneous/Other Category	Over 12,000 AWS Marketplace listings and all other AWS services

4.3.1. Security

AWS Marketplace has 2,571 security listings, including CrowdStrike, Trend Micro, Palo Alto Networks, and Splunk. Whether securing endpoints, identifying vulnerabilities, or safeguarding sensitive data, customers can find the security software and security tools they need on AWS Marketplace.

4.3.2. Infrastructure/DevOps/OS

AWS Marketplace has 6,532 infrastructure listings, 4,448 DevOps listings, and 1,378 operating systems listings, including New Relic, Red Hat, and HashiCorp. We consider operating systems to be a sub-category of infrastructure. The infrastructure category also includes the following sub-categories: backup and recovery, data analytics, high performance computing, migration, network infrastructure, security, and storage.

4.3.3. Database and Data Analytics

AWS Marketplace has 2,197 database and data analytics listings, including Snowflake, MongoDB, Databricks, and Redis. Increasingly, organizations have stringent requirements regarding the elapsed time from when data is generated to when actionable insights are delivered to users. The solutions available in AWS Marketplace are comprehensive, secure,

scalable, and cost-effective. These offers enable customers to manage their data in the cloud, provide effective data governance, and derive actionable insights.

4.3.4. Business Apps

AWS Marketplace has 2,183 business applications listings, including Infor, Pluralsight, and Preservica. The business applications category includes the following sub-categories: blockchain, collaboration and productivity, contact center, content management, customer relationship management (CRM), ecommerce, e-learning, human resources, IT business management, and project management.

4.3.5. Networking

AWS Marketplace has 1,110 networking infrastructure listings, including Cisco, Citrix, and F5. Networking ISVs in AWS Marketplace bring feature and operational consistency to on-premises and AWS workloads. By using networking infrastructure solutions from popular vendors in AWS Marketplace, customers can take full advantage of existing investments in on-premises systems and the cloud to meet their unique business challenges.

4.3.6. Storage, Backup, and Recovery

AWS Marketplace has 287 storage listings and 231 backup and recovery listings, including Clumio, Druva, and Netapp. Public sector organizations need to ensure their systems are always available. AWS Marketplace provides solutions to protect customer data from physical and logical errors, such as system failure, application error, or accidental deletion.

4.3.7. Miscellaneous/Other Category

AWS Marketplace has a rapidly expanding portfolio of listings, including software, professional services, datasets, and Amazon Machine Images. AWS Marketplace can help local government customers quickly make the transition to smart cities with solutions like RUBICONSmartCity, which helps city governments run waste and recycling operations faster, smarter, and more effectively, and Esper, which allows for data driven research, collaborative policymaking, and public-facing engagement on the policies that impact citizens and employees. Public-safety customers appreciate the ability to quickly procure mission-critical applications like Scout PD, which streamlines investigation capabilities and evidence management into one application, and Guardian Alliance, which enables electronic gathering, management, automation, and evaluation of pre-employment law enforcement background investigations. Education customers will find Moodle Learning Management Systems from multiple sellers and products for virtual classrooms, lecture capture, webinars and live events, and student outreach, such as Kaltura.

Beyond AWS Marketplace, we are submitting all AWS Cloud services in scope of our proposal. Today, state and local customers are using AWS's database, storage, compute, AI/ML, and many other services to transform data to insights, modernize open source and Microsoft applications, engage constituents, and improve security and compliance. Education customers are using AWS to provide secure access to desktops and applications 24/7 from any device and to share data across platforms to get a comprehensive view of student performance and uncover insights.

4.4. Value-Added Features

Software delivery has changed dramatically over the last 50 years—from physical delivery of highly configurable systems to off-the-shelf software delivered over the internet. However, software procurement has lagged, bogging public sector purchasers down in decades-old, time-consuming processes. These processes are intended to enforce security and governance but frequently have the opposite effect when departments opt for under-the-radar buying to speed the overall procurement. Until recently, software purchasers faced trade-offs between speed and convenience on one hand and security and compliance on the other.

According to Forrester, "AWS has broken new ground in areas that procurement cares about and offers a new way to streamline SaaS buying and thereby increase efficiency while lowering risk." Ever focused on our customers, AWS has continued to innovate with new and improved solutions designed to enhance the buyer and seller experience. Our pace of innovation is demonstrated in our What's New posts, which highlight AWS service, feature, and region expansion announcements as they are released.

> **"Procuring in AWS Marketplace offered us the needed flexibility and helped us to realize massive cost savings—up to 50% compared to our classic procurement model."**
>
> *—Alexander Schnelhardt*
> *Head of Cloud Service Operations,*
> *Software AG*

4.4.1. AWS Marketplace Tools

AWS Marketplace benefits both customers and third-party sellers by making transacting simpler and faster with numerous value-added features. Sellers appreciate the ability to speed up their sales cycle; customers appreciate visibility into their purchases, eliminating waste, and saving money. AWS provides tools to help customers with governance, control, and visibility, and to third-party sellers to make listing and transacting via AWS Marketplace easy. **Section 8** describes the value AWS offers beyond what it would normally offer a single government entity.

4.4.1.1. Customer Tools

In this section, we describe the value-added tools available to support cloud marketplace transactions in AWS Marketplace.

Manage AWS Marketplace Subscriptions

From the AWS Marketplace homepage, customers logged into their AWS account can view their subscriptions by selecting "Your Marketplace Software." From there they are taken to the Manage Subscriptions page. As shown in **Figure 11**, this page lists the customer's subscriptions to products. Customers can search to find products based on name, description, or other attributes, and filter based on the product type. Customers can view information about their current monthly charges by choosing an item from the Actions menu. The Actions menu includes shortcuts for customers to navigate directly to the subscriptions page. From the Actions menu, customers can also access Budgets and Cost Explorer to monitor and manage the costs of their subscriptions.

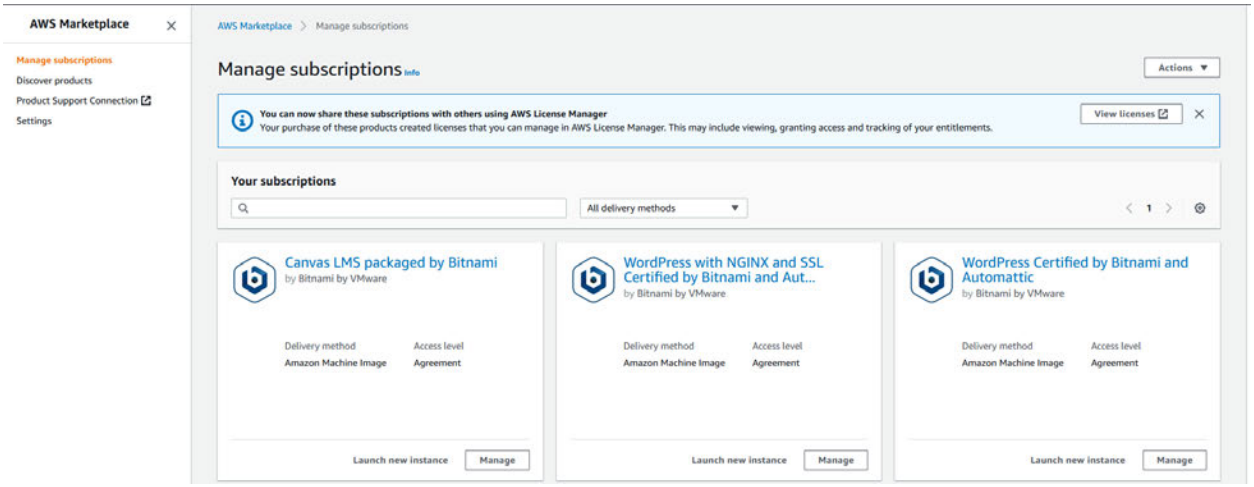

Figure 11. AWS Marketplace Manage Subscriptions Page.

The customer can also perform actions on a specific product by clicking on the subscription. Depending on the product type, they can:

- View current usage of the product
- Deploy or configure a product
- View the seller profile
- Go to the AWS Management Console to manage their instances
- View or share licenses for their subscriptions with other accounts in their AWS Organization
- Go to their current Amazon EC2 instances to configure their software
- Unsubscribe from a product.

From this page a customer can also use the shortcuts on the left of the page, including Discover Products which takes the user to the AWS Marketplace homepage. The Product Support Connection shortcut takes a customer to a site that provides the support contact details for any third-party software subscriptions they have. From the Settings shortcut a customer can configure integration with AWS Organizations and AWS Billing, two features that are described below.

Managed Entitlements Help Bring Third-Party Spend Under Procurement Discipline

Managed entitlements enable customers to distribute, activate, and track software license entitlements acquired in AWS Marketplace through AWS License Manager. Administrators can use AWS License Manager to automate the distribution and activation of software entitlements to end-users and workloads across accounts in their AWS organization. Managed entitlements also provide built-in controls that allow only approved users and workloads to consume licenses. Customers can subscribe to, track, and manage software licenses at scale, as third-party products purchased in AWS Marketplace create managed entitlements in AWS License Manager.

Manage Billing with the AWS Billing Console

The AWS Billing console is the portal for all AWS customers, from the smallest higher education institution to the largest state agencies. Customers can use the console to see the resources

that are running in their AWS accounts, manage billing preferences, and access billing artifacts that are needed to make payments to AWS. As shown in **Figure 12**, the AWS Billing console provides a high-level explanation of the spending for a customer's account, and serves as the entry point for enrolling in products in the AWS Cost Management products. Popular tools within the billing console include AWS Cost Categories, AWS Cost and Usage Reports, and AWS Purchase Order.

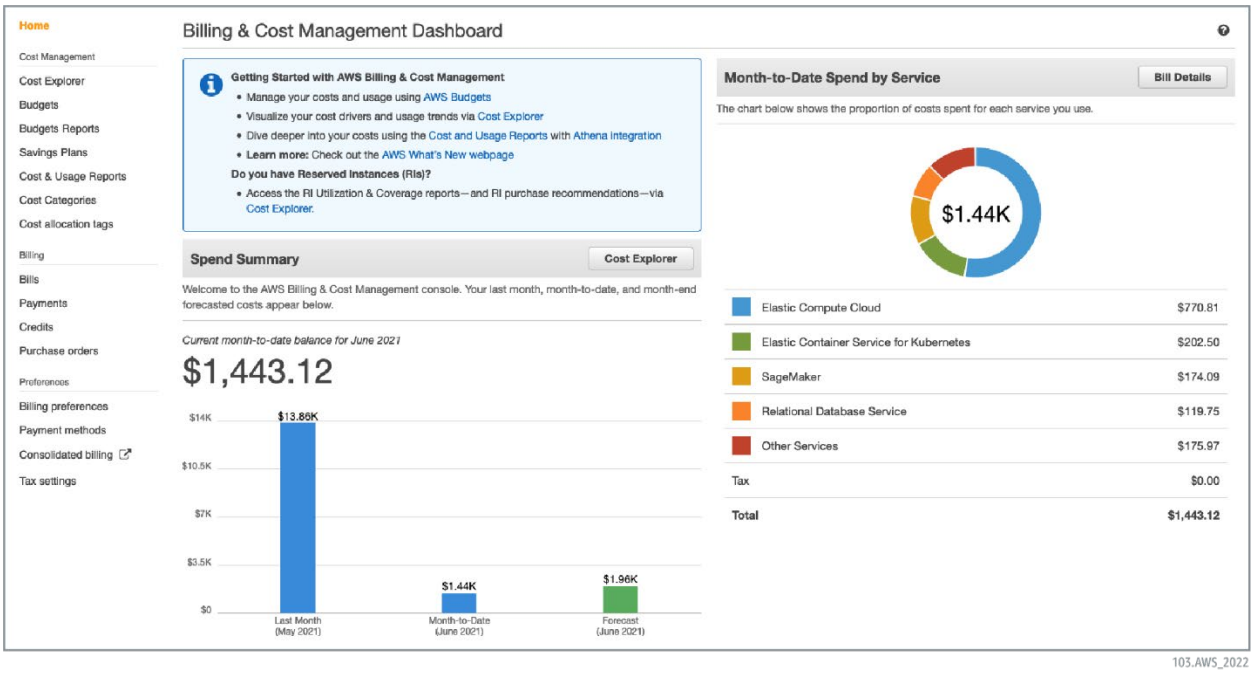

Figure 12. AWS Billing Console Billing and Usage Report.

Management and AWS Consolidated Billing

Consolidated billing is available to customers using AWS Organizations. Customers can use the consolidated billing feature to consolidate payments for agencies and institutions that use multiple AWS accounts. The designated management account has visibility into AWS charges that occur in member accounts and can pay the charges of all of the associated member accounts. Organizations receive one bill for the multiple accounts, providing better visibility into spend across departments and buyers. For further cost savings, customers can use the combined view to pinpoint potential areas where usage can be combined to share volume pricing discounts.

Manage Costs Using AWS Cost Explorer

Customers can use both the Billing console and the AWS Cost Management console for a holistic approach to managing costs. The Billing console contains resources to manage ongoing payments and payment methods registered to a customer's AWS account where the features in the AWS Cost Management console are used to optimize future costs. AWS Cost Explorer is a tool within the cost management console that enables customers to view and analyze costs and usage. Customers can explore their usage and costs using the main graph, the Cost Explorer cost and usage reports, or the Cost Explorer Reserved Instance (RI) reports. Cost Explorer also includes filters that allow customers to limit the report specifically to AWS Marketplace

expenses. **Figure 13** shows how AWS Cost Explorer can help customers visualize, understand, and manage their costs.

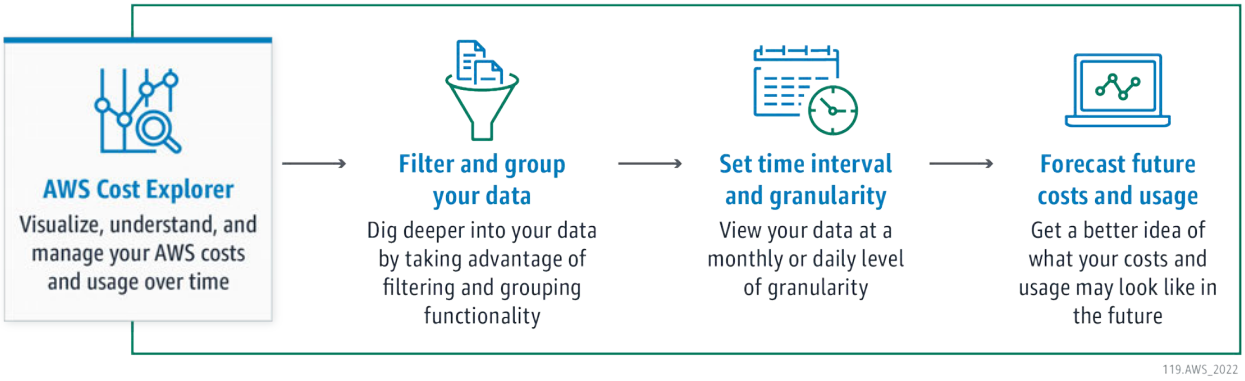

Figure 13. How OMNIA Members Benefit From AWS Cost Explorer.

Shown in **Figure 14**, Cost Explorer allows customers to view data for up to the last 12 months, forecast how much they are likely to spend for the next 12 months, and get recommendations for what RIs to purchase. AWS Cost Explorer can also be used to identify areas that need further inquiry and trends, such as spikes associated with “back to school” or end of fiscal year. AWS Cost Explorer provides preconfigured views that display at-a-glance information about cost trends and give customers a head start on customizing views that suit their specific needs.

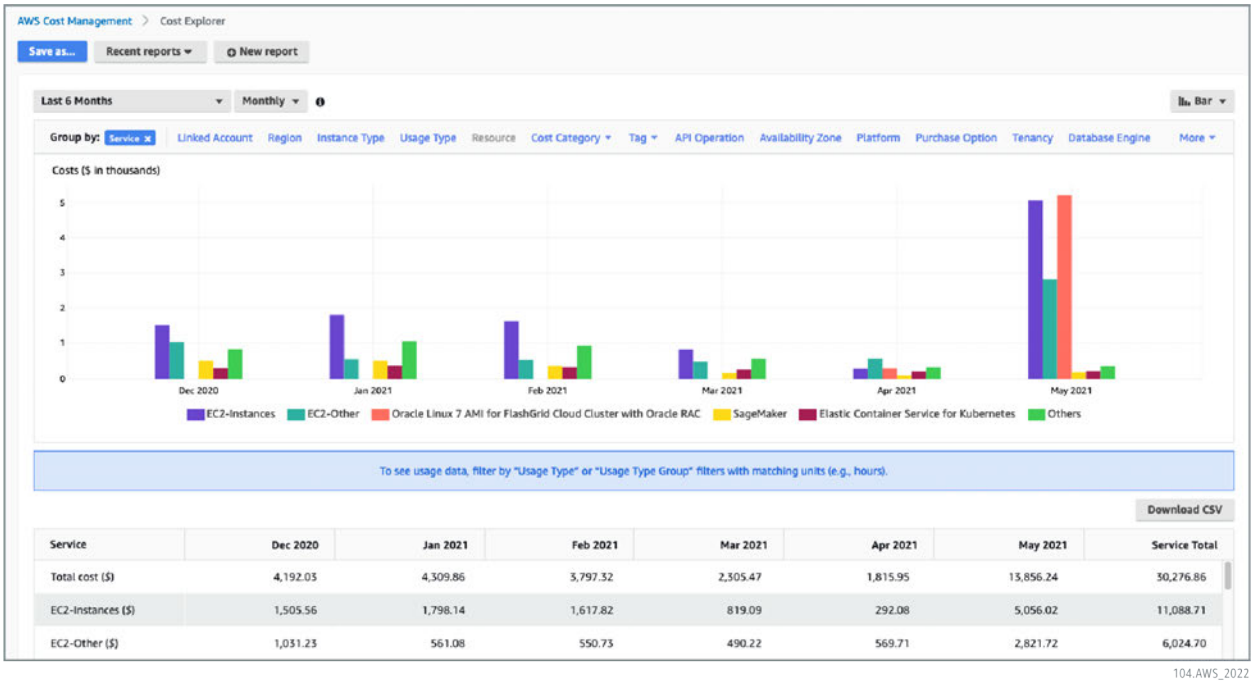

Figure 14. Cost Explorer Cost Trends Display.

Simplify Procurement with Procurement System Integrations

Procurement System Integration allows organizations to integrate AWS Marketplace with procurement systems through an industry standard open communication protocol, Commerce XML (cXML). Integration is currently available with Coupa and SAP Ariba, allowing customers to use their existing procurement system and processes when transacting in AWS Marketplace. With this feature, builders can find, buy, and deploy from thousands of solutions quickly. IT administrators can streamline approvals and manage spend directly from their procurement system while purchasing teams maintain visibility and controls into the AWS Marketplace purchases made within their organization.

AWS offers the Procurement System Integration User Guide to assist IT administrators in getting started with their system integration. We have additional resources and subject matter experts to assist should a customer need further help with integration.

Find Help with Customer Advisors

AWS recognizes many customers may be unfamiliar with the benefits of cloud marketplaces and how to integrate these marketplaces into their current procurement processes. To assist, AWS introduced AWS Marketplace customer advisors. Customer advisors help customers transform their software procurement processes as they help customers find, buy, and deploy from AWS Marketplace. They collaborate with customers, AWS Account Managers, and AWS Marketplace sellers to guide the purchasing process and remove potential roadblocks caused by gaps in communication or understanding. Our public sector customer advisors are knowledgeable of the common procurement rules and processes of government, education, and nonprofit entities and help customers to understand how they can purchase through AWS Marketplace and meet their procurement requirements.

Find and Learn About New Technology with Curated Solution Pages

AWS understands that technology need and know-how can vary from customer to customer. To help customers navigate the many technology solutions available, AWS created curated solution pages for our public sector customers including state and local government, education, healthcare, justice and public safety, and non-profit. **Figure 15** is a sample page. The pages can also be found on our public-sector page. The industry-specific pages include a wealth of information such as common use cases, popular vendor solutions, customer testimonials, and resources focused on the relevant industry. For example, our state and local government solutions page highlights emergency response solutions, our healthcare solutions page includes available and upcoming webinars for healthcare professionals, and our education solutions page provides resources focused on remote learning.

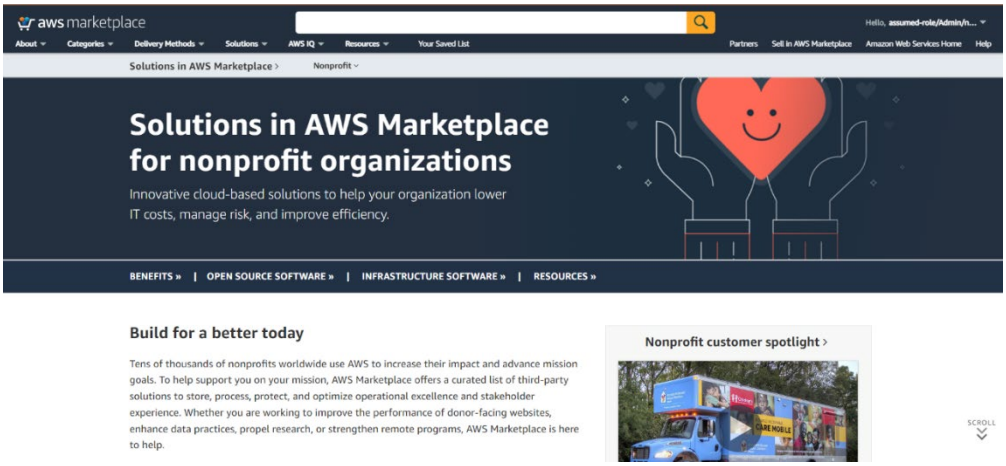

Figure 15. AWS Marketplace Solutions Page.

The solution pages are an example of the many resources we have available to support OMNIA members in selecting technology solutions for their needs. Members can always reach out to their AWS account manager for additional support and guidance, when needed.

4.4.1.2. Seller Resources

AWS has highlighted seller resources, including analytics, APIs, and tools, in our response to **Question 1.16**. Please see the follow subsections for additional information.

4.4.2. Innovative Efficiency

As mentioned in **Question 1.8**, AWS Marketplace reduces time to onboard new vendors by 75% and time to procure by 66%. Some of the features that contribute to these time savings are Private Offers, the SCMP, and AWS Cost Management services. With one-click deployment, we also help customers speed up transactions and deployment for many commercial offerings.

Private Offers

Please see **Question 1.1** for details on Private Offers. With Private Offers, buyers and sellers can easily negotiate custom pricing, payment schedules, and EULA terms for products in AWS Marketplace.

Standardized License Terms for Onboarding New Software Sellers

Please see **Questions 1.1** and **1.9** for more details on the SCMP. Through the SCMP, AWS Marketplace provides a set of well-balanced, scalable terms that address the fundamental requirements of both buyers and sellers for select products. Organizations can review the terms once, then use them across a broad set of sellers and digital solutions, eliminating the need to negotiate contracts for every purchase. They can easily find and deploy solutions enabled with the SCMP, request the terms to support custom Private Offers, and amend where necessary to support specific transaction requirements.

Consolidated Invoices with AWS Cost Management Services

Please see **Question 1.3** and **Section 4.2**. for details on AWS Cost Management services. In just a few simple steps customers can opt in to have all third-party software and services charged through AWS Marketplace consolidated into a single, detailed bill. AWS provides rich tooling for better visibility and control of costs. One of these tools is Cost Allocation Tagging, which enables customers to identify, gain visibility into, and track AWS Marketplace AMI

software usage and spend with user-defined tags. Customers can use tags to categorize, allocate, and perform cost reporting on AWS Marketplace usage-based AMI spend.

Another tool, AWS Budgets, allows customers to set custom budgets to track their cost and usage from the simplest to the most complex use cases. With AWS Budgets, customers can choose to be alerted by email or SNS notification when actual or forecasted cost and usage exceed their budget threshold, or when their actual RI and Savings Plans' utilization or coverage drops below their desired threshold.

One-Click Deployment to Procure Software, Amazon Machine Images, and Professional Services

Customers wanted to find and buy software and services in one place, and avoid punching out to vendor websites to make a purchase. In response, we built the only cloud marketplace with end-to-end transactability, and we support purchasing through both our website and the AWS console.

Customers can select commercial software from well-known sellers, as well as many widely used open source offerings. When customers find products they want, they can buy and deploy that software to their own Amazon virtual server instance with one click. Customers can simultaneously deploy software into the cloud with the underlying cloud-based servers and storage, freeing their IT team from hours of setup work.

4.4.3. Tools to Lower Risk

Decision-makers felt 2.4 times better about purchasing using AWS Marketplace compared to other sources, based on an online survey of 500 IT decision-makers and influencers in the US. AWS offers tools to help customers increase governance and compliance, while lowering their overall risk. AWS Marketplace customers can use Private Marketplace and AWS License Manager to bring more third-party spend under procurement discipline. They can use flexible payment schedule options and financing to negotiate lower annual costs in exchange for longer-term commitments. They can negotiate price, financing, and terms with their preferred seller to receive customized discounts and consolidated billing. For customers that use purchase orders to manage procurements, AWS Marketplace has a feature to tie subscriptions back to purchase orders.

Build a Preapproved Digital Catalog with Private Marketplace

Private Marketplace is described in our response to **Question 1.9.** Private Marketplace allows organizations to build customized digital catalogs of approved products from AWS Marketplace. This helps an organization’s users easily find and deploy approved third-party software.

Managed Entitlements for AWS Marketplace

Many of the AWS services described in **Section 4.4.1.1** can help customers manage risks and lower costs. For example, managed entitlements for AWS Marketplace enable customers to distribute, activate, and track software license entitlements acquired in AWS Marketplace through AWS License Manager.

Flexible Payment Scheduling and Financing

Flexible Payment Scheduler, described in our response to **Question 1.10**, enables software sellers to offer custom payment schedules to customers. By allowing customers to pay in installments over time with custom dates, customers can purchase the product they need at a fair price, and pay in a way that aligns with their budget cycle.

Negotiated Pricing and Terms

Customers can meet their unique requirements with custom license terms, volume discounts, and flexible payment options. Customers can negotiate pricing and terms with the software seller or reseller, and they will create an offer for designated AWS accounts. Once the Private Offer is accepted, the negotiated price and terms will be accessible to the customer's users.

Purchase Order Management

Purchase Order Management for SaaS contracts allows customers to add purchase order numbers to their AWS invoices for SaaS contracts purchased in AWS Marketplace. When set up, purchase order numbers entered in AWS Marketplace appear on corresponding invoices, easing software spend allocation to internal budgets. Customers can see the purchase order number entries in the Purchase Order Management system within AWS Billing, as well as on the AWS invoice generated for the SaaS transaction. Providing this level of granular control over budget allocation for AWS Marketplace transactions reduces the operational overhead associated with budgeting and spend chargeback calculations when purchasing from AWS Marketplace.

Poor procurement processes lead many organizations to acquire data and cloud software outside of the procurement department.

Nearly 60% of data and 45% of cloud software purchases are frequently routed outside of procurement; the overwhelming majority of organizations at least occasionally purchase these services outside the purview of their procurement processes. This shadow procurement only further exposes them to excessive risk.

4.5. Pricing Structure

The City requests that respondents offer a variety of pricing structures, such as consumption-based monthly, annual, or multi-year contracts; free or trial solutions; and BYOL. We understand and comply with this requirement.

There is no charge to use AWS Marketplace. Customers are only charged for products purchased via AWS Marketplace and any underlying AWS usage. Sellers, such as software vendors that list software within AWS Marketplace, define the pricing for their product and service listings—AWS does not control seller pricing on AWS Marketplace. Sellers can offer discounts through a Private Offer (described in **Section 1.1**).

As shown in **Figure 16**, AWS Marketplace offers consumption-based, monthly, annual, or multi-year contracts; free trials; and BYOL delivery methods. The seller selects the delivery method when creating an AWS Marketplace listing. For BYOL and consumption-based models, customers will be billed for underlying AWS usage. With some delivery types, underlying AWS usage is billed to the ISV. In each case, the customer will be aware upon purchase whether they will be billed for AWS usage.

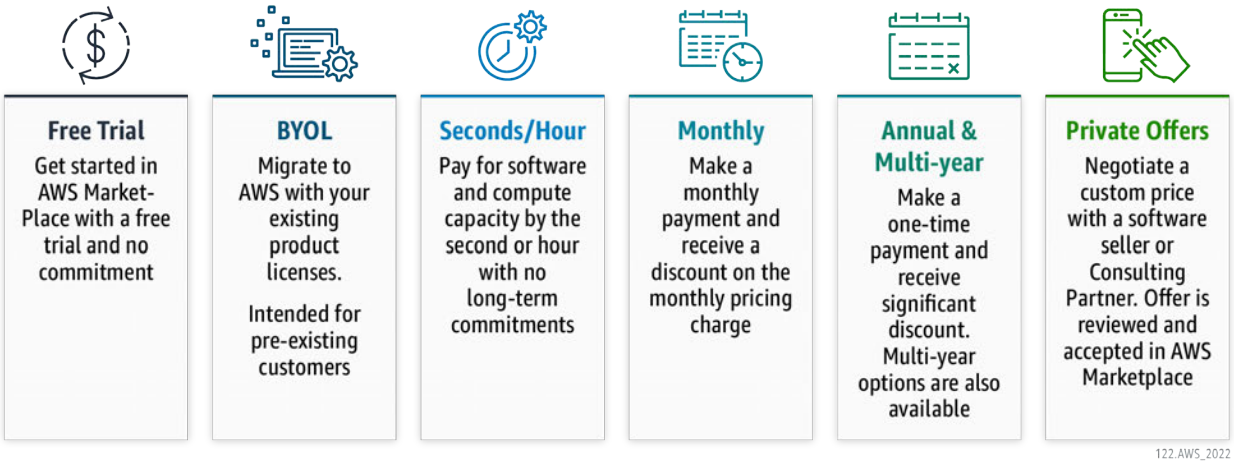

Figure 16. Flexible Consumption and Contract Models

Underlying AWS Service Price Drops

For BYOL and consumption-based models, customers will be billed for underlying AWS usage. With other delivery types, underlying AWS usage is billed to the ISV. Periodic price reductions are a normal part of business for AWS. As of April 7, 2022, we have reduced prices 115 times since AWS launched in 2006. We expect to continue to lower prices this year and for many years to come. Our pricing philosophy is to work relentlessly to reduce our own operating costs and to pass those savings back to customers in the form of lower prices. When AWS drops its pricing, both customers and AWS Marketplace sellers benefit from cost savings.

5. Supplier Information

In this section we provide answers to the Supplier Qualifications and Supplier Information questionnaires presented in Attachment A-Exhibit A of the request.

5.1. Supplier Qualifications (Ref. Attachment A, Section 2.0)

AWS acknowledges and understands the Supplier Commitments listed in Exhibit A, Section 2.0 of Attachment A, Requirements for National Cooperative Contract to Be Administered by OMNIA Partners. Please refer to **Section 8 Exceptions** for a list of terms, conditions, and other requirements to which AWS cannot agree without modification.

5.2. Supplier Information (Ref. Attachment A, Section 3.0)

In the following section, AWS provides the requested supplier information.

5.2.1. Company

A. Brief history and description of Supplier to include experience providing similar products and services.

Amazon has a long history of using a decentralized IT infrastructure. This has enabled our development teams to access compute and storage resources on demand, and it has increased overall productivity and agility. By 2005, Amazon had spent over a decade and millions of dollars building and managing the large-scale, reliable, and efficient IT infrastructure that powers one of the world's largest online retail platforms. Amazon launched AWS so that other

organizations could benefit from Amazon's experience and investment in running a large-scale, distributed, transactional IT infrastructure. AWS has been operating since 2006 and now serves millions of active customers every month worldwide.

Forrester, a leading industry analyst firm, named AWS Marketplace as a leader in SaaS cloud marketplaces in their *Forrester New Wave™: Marketplaces for SaaS Sourcing*, Q1 2022 report. Forrester rated AWS Marketplace as differentiated in buyer interface, contract terms, artificial intelligence and automation, roadmap, and go-to market approach. The report states that AWS Marketplace is "well suited to procurement and IT" and "provides advanced features relevant for procurement in areas such as contracting."

In 2012, AWS introduced AWS Marketplace, becoming the first CSP to offer an online store with products curated for the cloud. By 2014, we already had more than 500 listings from category-leading sellers such as Cisco, Palo Alto Networks, Trend Micro, and F5. In response to what they told us they wanted, we launched the first cloud infrastructure marketplace to offer annual subscriptions. This enables customers to get a discount on the hourly rate of metered third-party software by committing to a year of usage.

In 2017, we worked with Splunk and other customers to become the first cloud infrastructure marketplace to launch Private Offers, which enabled customers to pay a privately negotiated rate with sellers as they migrated those relationships to AWS.

Then, customers told us they often negotiate their contracts with resellers, distributors, and managed service providers. So, in 2018, we were the first cloud infrastructure marketplace to launch CPPO, described in **Question 1.1**. CPPO enables customers to transact using the channel partner of their choice. We now work with more than a thousand channel partners including Presidio, SHI, Rackspace, and GuidePoint Security.

Today, more than 325,000 customers use AWS Marketplace to find, buy, deploy, and govern more than 12,000 listings from more than 2,000 sellers.

B. Total number and location of salespersons employed by Supplier.

Amazon does not disclose AWS-specific employment statistics. According to the Amazon 2022 Q2 Quarterly Report, Amazon employed approximately 1,523,000 full-time and part-time employees as of June 30, 2022. Note that employment levels fluctuate due to seasonal factors affecting our business. AWS has state and local government, education, and nonprofit organization sales coverage across the United States.

C. Number and location of support centers (if applicable) and location of corporate office.

AWS's corporate office is located at 410 Terry Avenue North Seattle, WA 98109-5210. As related to customer support for this contract and referenced previously in **Question 1.15**, the AWS Marketplace Help page addresses the most common questions we receive from customers and our AWS Marketplace Resources Hub includes more in-depth categorized content. Customers can also directly contact their AWS account manager for assistance. We offer numerous options to connect directly with AWS support through our website at aws.amazon.com/contact-us.

D. Annual sales for the three previous fiscal years.

Annual sales for AWS (in millions):

- Fiscal Year 2019: $35,026

- Fiscal Year 2020: $45,370
- Fiscal Year 2021: $62,202.

Please refer to https://ir.aboutamazon.com/quarterly-results for more information on AWS revenue.

a. Submit FEIN and Dun & Bradstreet report.

Our FEIN is 204938068. Our Dun & Bradstreet number is 965048981. Please see **Appendix B** for AWS's Dun & Bradstreet report.

E. Describe any green or environmental initiatives or policies

AWS is committed to running our business in the most environmentally friendly way possible and achieving 100% renewable energy usage for our global infrastructure. A study by 451 Research found that AWS infrastructure is 3.6 times more energy efficient than the median of surveyed enterprise data centers. More than two thirds of this advantage is attributable to running more energy efficient servers and higher server utilization—the latter a product of AWS's unique scale. AWS data centers are also more energy efficient than enterprise sites because of comprehensive efficiency programs that touch every facet of our facilities. For instance, when 451 Research factored in the carbon intensity of consumed electricity and renewable energy purchases (which reduce associated carbon emissions), they found that AWS performs the same task with an 88% lower carbon footprint.

> By using the Customer Carbon Footprint Tool—a new AWS calculator for carbon footprint—customers can calculate the environmental impact of their AWS workloads. This tool uses easy-to-understand data visualizations to provide customers with their historical carbon emissions, evaluate emission trends as their use of AWS evolves, approximate the estimated carbon emissions they have avoided by using AWS instead of an on-premises data center, and review forecasted emissions based on current use.
>
> The forecasted emissions are based on current usage, and show how a customer's carbon footprint will change as Amazon stays on path to powering its operations with 100% renewable energy by 2025, five years ahead of its original target of 2030, and drives toward net zero carbon by 2040 as part of The Climate Pledge.

In addition to the environmental benefits inherently associated with running applications in the cloud, Amazon is committed to powering our operations with 100% renewable energy by 2025, five years ahead of the original target. In 2020, Amazon became the world's largest corporate purchaser of renewable energy, reaching 65% renewable energy across our business.

Our push to use more renewable energy is one step on our path to net zero carbon by 2040 as part of Amazon's commitment to The Climate Pledge. To achieve this sustainability goals, Amazon focuses on four complementary areas:

- Increasing energy efficiency in facilities and equipment
- Continuous innovation in data centers
- Advocacy at the global, federal, and state levels to create a favorable environment for renewable energy
- Working with various power providers around the world to increase the availability of renewable energy.

To learn more about AWS renewable energy projects across the globe and AWS sustainability practices across Amazon, see the following resources:

- Amazon Around the Globe: View an interactive map and other resources to see Amazon's sustainability efforts happening all around the globe.
- Sustainability in the Cloud: Learn how AWS is working to achieve Amazon's goal of 100% renewable energy.
- Amazon Sustainability: Learn about our ongoing efforts to fulfill our commitment to sustainability.

F. Describe any diversity programs or partners supplier does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

Supporting supplier diversity is a fundamental part of the work of Amazon—AWS's parent company—and an extension of Amazon's customer-centric culture. As a leading retailer, Amazon invests in the success of small- and medium-sized businesses (SMBs) by providing them with logistics services and technology support to thrive in the Amazon.com marketplace.

Amazon has contributed tens of billions in infrastructure and built hundreds of tools to help SMBs and Minority- and Women- Owned Business Enterprises (MWBEs) succeed, including data analytics that help independent sellers to better understand and reach customers. From 2019 to 2020, Amazon invested more than **$30 billion** in logistics, tools, services, and programs to foster the growth of SMB sellers. Amazon's 2020 Small and Medium Sized Business Impact Report summarizes how Amazon has helped a diverse pool of SMB sellers succeed.

AWS builds on Amazon's commitment to SMBs and MWBEs by helping hundreds of thousands of SMBs, startups, and partners launch and scale their businesses. SMBs today are adopting cloud-based working models and shifting to flexible IT platforms. This enables them to respond faster to customer needs and proactively improve products and services—all while reducing costs and freeing up resources for critical projects.

SMBs can achieve better outcomes faster by using the AWS Cloud and software from the AWS Marketplace. Our cloud solutions can help SMBs reach new customers, strengthen relationships with existing customers, gain audience insights, streamline operations, and make their IT environments more secure. We provide SMBs and MWBEs with free tools and resources to accelerate their growth and development on AWS, as highlighted by the programs below.

How Participating Agencies May Use Diverse Partners Through the Master Agreement

AWS Marketplace can help the City and OMNIA Members procure directly from sellers in a variety of categories that may help meet supplier diversity goals. Our search functionality can help the City and OMNIA Members find diverse APN Partners and track transactions with these AWS Marketplace sellers. Please see our response to **Question 1.7** for details on how AWS can help the City and OMNIA Members meet their diversity goals.

Please note that pricing is not affected by using these tools. Additionally, AWS is not a member of any diversity alliance. AWS Marketplace buyers should work with sellers directly to receive copies of their certifications where applicable.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

Yes No

If yes, list certifying agency: _____

b. **Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)**

Yes No

If yes, list certifying agency: _____

c. **Historically Underutilized Business (HUB)**

Yes No

If yes, list certifying agency: _____

d. **Historically Underutilized Business Zone Enterprise (HUBZone)**

Yes No

If yes, list certifying agency: _____

e. **Other recognized diversity certificate holder**

Yes No

If yes, list certifying agency: _____

No certifications held.

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

AWS might decide to use subcontractors to meet some of its contractual obligations under the Agreement (for example, using subcontractors to provide certain services, such as support services, on AWS's behalf). If AWS decides to use a subcontractor, AWS will enter into an agreement with the subcontractor on terms that AWS considers appropriate in light of the subcontractor's role and duties.

I. Describe how supplier differentiates itself from its competitors.

AWS Marketplace makes it easy to find, test, buy, deploy, and manage third-party software that runs on AWS. AWS Marketplace helps you find the software and associated professional services you need to innovate all in one place, simplifying procurement. You can discover complete business solutions and curated service offerings from ISVs and consulting partners, and select payment options and contract terms that fit your needs. All charges are simplified onto your AWS bill. AWS Marketplace simplifies software licensing and procurement processes due to its flexible pricing options and multiple deployment methods. Customers can select commercial software from well-known vendors, as well as many widely used open source offerings. Procurement professionals can leverage AWS Marketplace to accelerate innovation and enable cloud users to rapidly and securely deploy solutions, while reducing TCO and improving operational oversight.

According to The Total Economic Impact of Using AWS Marketplace (an AWS-commissioned study by Forrester Consulting), customers who procure solutions via AWS Marketplace can benefit from:

- **Up to a 75% reduction in onboarding effort for new vendors**
- **66% time savings due to procurement efficiency**

- **Up to a 10% reduction in licensing costs.**

AWS Marketplace can help public sector customers drive efficiency throughout the procurement process, save on licensing fees by transitioning to more flexible licensing models, and vet and onboard new vendors with less effort than traditional practices.

The Forrester New Wave: Marketplaces for SaaS Sourcing report names AWS Marketplace as a leader in SaaS cloud marketplaces. The report reveals findings from Forrester's evaluation of marketplaces for SaaS sourcing and evaluates the 9 most significant providers across 10 criteria and where they stand in relation to one another. Vendors are scored as *differentiated*, *on par*, *needs improvement*, or *no capability* across the criteria.

Forrester rated AWS Marketplace as **differentiated** in buyer interface, contract terms, artificial intelligence and automation, roadmap, and market approach. The report states that AWS Marketplace is "well suited to procurement and IT" and "provides advanced features relevant for procurement in areas such as contracting." Forrester states that AWS "has invested significantly in its marketplace and continues to push the envelope in areas like standard contract terms; custom contract negotiation in its marketplace; and integration with leading procurement tools, such as Coupa. AWS has broken new ground in areas that procurement cares about and offers a new way to streamline SaaS buying and thereby increase efficiency while lowering risk."

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

AWS is a multi-national company. Providing a substantive response to this question poses a significant burden. AWS can work with the City and OMNIA Partners to narrow the scope of this request if needed.

K. Felony Conviction Notice: Indicate if the supplier

a. **is a publicly held corporation and this reporting requirement is not applicable;**
b. **is not owned or operated by anyone who has been convicted of a felony; or**
c. **is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.**

AWS is a subsidiary of a publicly held corporation and this reporting requirement is not applicable.

L. Describe any debarment or suspension actions taken against supplier

To the best of our knowledge and belief, AWS is not currently debarred or suspended from doing business with any US entities.

5.2.2. Distribution and Logistics

A. Each offeror awarded an item under this solicitation may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by supplier.

Please refer to **Section 4.2** for a detailed overview of our approach to the Scope of Services, and a description of the full line of products and services offered through AWS Marketplace. At a high level, AWS offers comprehensive cloud services infrastructure with compute power, storage, content delivery, and other functionality that organizations can use to deploy

applications and services cost effectively. AWS Marketplace augments and extends the AWS Cloud through third-party solutions.

AWS Marketplace solutions are built on and for AWS, offering compatibility and security AWS customers have grown to trust. Currently AWS Marketplace offers over 12,000 listings from 2,000 ISVs and 1,000 consulting partners offering solutions across 65 categories and numerous pricing and deployment models.

We consider all AWS services, including those that will be added or removed over the term of the agreement, to be in scope of our response. AWS has more than 200 fully featured services, including compute, storage, databases, networking, analytics, robotics, machine learning and AI, IoT, mobile, security, hybrid, VR, AR, media, application development, deployment, management, and much more.

B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

Nationwide distribution of the products and services outlined in this proposal will occur through AWS Marketplace. Solutions in AWS Marketplace offer multiple deployment options including Amazon Machine Image (AMI), SaaS, containers, Amazon SageMaker, and CloudFormation. Customers can choose to purchase directly through AWS Marketplace's self-service option or via Private Offers, either directly with the ISV or through a consulting partner. To simplify procurement further, AWS Marketplace offers end-to-end transactability for public listings—customers do not need to visit the ISV's website to complete transactions.

Launch and distribution of the solution is dependent on the deployment option selected. For our most popular option, SaaS, customers can use the Amazon EC2 console to choose Region and instance type to launch or use or "1-click" launch. For software products, the seller chooses which AWS Regions to make their software available in, as well as the instance types. 1-click launch helps customers launch quickly with recommended default options such as security groups and instance types. With 1-click launch, customers can also see an estimated monthly bill.

Product availability is based on supported AWS Regions. The AWS Marketplace website is available in all seven North American Regions, including our two AWS GovCloud Regions, and 24 Regions worldwide. All sellers offering paid products must be from eligible jurisdictions, which currently include United States (US), Australia, Bahrain, European Union (EU) member states, Hong Kong SAR, Israel, Japan, New Zealand, Norway, Qatar, Switzerland, United Arab Emirates (UAE), and United Kingdom (UK).

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

AWS offers the City of Rochester Hills and OMNIA Partners members all AWS services at publicly available pricing (found at aws.amazon.com/pricing/). We additionally offer an infrastructure credit incentive program, described in **Section 11,** to customers procuring through this Master Agreement. Customers can negotiate pricing with AWS Marketplace sellers using the Private Offer and CPPO functionalities. Customers can verify negotiated pricing of their Private Offer or CPPO prior to accepting the offer.

Customers can use AWS Cost Explorer to monitor and analyze costs and usage for data up to the last 12 months.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

Customers can access software they know and trust from over 2,000 ISVs; 1,000 AWS Marketplace Consulting Partners; and 250 Data Providers. Due to the nature of an online cloud marketplace and third-party vendors, AWS recommends the City and OMNIA Members reference aws.amazon.com/marketplace for an up-to-date list of companies involved in processing, handling, or shipping the products and services to end users for purchases made through AWS Marketplace.

With AWS Marketplace purchases, the supplier of the product listed is the seller of record in AWS Marketplace transactions. Each seller's name is detailed on the invoice to assist in verification. AWS Marketplace provides an automated way for ISVs and Channel Partners to sell to customers. When the seller submits a product in AWS Marketplace, they define the price of the product, and the terms and conditions of use. When a customer purchases from the seller, they are agreeing to the pricing and terms and conditions set for the offer by the seller, which can be directly negotiated via a Private Offer and Consulting Partner Private Offers. Customers can meet their software procurement needs with custom terms, volume pricing, and flexible payment options negotiated privately with their preferred ISV or consulting partner.

While AWS Marketplace is agnostic in the process and merely providing billing and invoicing for transactions, it enables customers to procure many solutions directly from AWS Marketplace sellers, including ISVs and channel partners, and provides billing and invoicing for transactions we enable.

E. Provide the number, size and location of Supplier's distribution facilities, warehouses and retail network as applicable.

For software products, the seller chooses which AWS Regions to make their software available in, as well as the instance types. AWS encourages sellers to make products available in all available Regions and on all instance types that make sense. As mentioned in **Response B** of **Section 5.2.2**, AWS Marketplace website is available in 24 Regions worldwide and all seven North American Regions, including our two AWS GovCloud Regions.

5.2.3. Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams nationwide, to include, but not limited to:

i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

In the first 10 business days from award, AWS executive leadership will distribute internal communication via email announcing the award and describing upcoming training materials. The audience for this communication will be our relevant sales teams—including teams covering state and local government, education, and non-profits—and the teams covering the ISVs selling to these customers—EdTechs and GovTechs.

ii. Training and education of Supplier's national sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days

In the first 30 days, the OMNIA primary point of contact will conduct a live sales kick-off training that will be recorded. Executive sales leadership will make an introduction. During the live kick-off, all elements of **Response F** will be addressed, as well as:

- How to set up an AWS account
- Credits available to OMNIA AWS customers
- How to check if a prospective customer is already an OMNIA member
- Talk track on OMNIA's scope and benefits.

The live kick-off will be followed by a knowledge check. We will create an internal OMNIA resource hub within our communication tool to accompany this training. This resource hub will also address all elements of **Response F** and contain FAQ. An internal Slack channel will be established to answer OMNIA questions as they arise.

From days 30 through 60, business development managers will attend each individual sales team meeting to refresh knowledge from the kick-off training and answer questions about OMNIA.

From 60 through 90 days and beyond, OMNIA training will be included in onboarding (required new hire training) and annual refreshers for tenured employees. This training will be accompanied by knowledge checks.

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

i. Creation and distribution of a co-branded press release to trade publications

ii. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

v. Commitment to attend, exhibit and participate at the NIGP Annual Forum. in an area reserved by OMNIA Partners for partner suppliers. Booth space Version October 19, 2021 will be purchased and staffed by Supplier. In addition, Supplier commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

vii. Ongoing marketing and promotion of the Master Agreement throughout its term

viii. Dedicated OMNIA Partners internet web-based homepage on Supplier's website with:

- **OMNIA Partners standard logo;**
- **Copy of original Request for Proposal;**
- **Copy of Master Agreement and amendments between Principal**
- **Procurement Agency and Supplier;**
- **Summary of Products and pricing;**
- **Marketing Materials**
- **Electronic link to OMNIA Partners' website including the online registration page;**
- **A dedicated toll-free number and email address for OMNIA Partners**

AWS recognizes the value of a coordinated marketing effort with OMNIA Partners. We are committed to continued dialogue with OMNIA Partners to plan and help drive customer awareness of the award. Any items that AWS cannot comply with are noted in **Section 8**. Within 90 days of award, AWS aims to:

- Review our tentative 2023 calendar of national, regional, and supplier-specific trade shows, conferences, and meetings with OMNIA Partners. While we expect to identify events of mutual interest, creation of a complete list of events may exceed ninety days depending on team-specific planning guidelines. At the agreed upon events, AWS to promote the agreement through marketing collateral distributed at the event. Examples of events we have attended in the past include:
  - National Association of Counties (NACo) Annual Conference
  - EDUCAUSE Annual Conference for Higher Education
  - E.Repbulic/Government Technology Digital Government Summits for State and Local Government
  - National Association of State Chief Information Officers (NASCIO) Annual Conference
  - Consortium for School Networking (CoSN) Annual Conference for K-12 Education
- Host a webinar on modernizing software procurement featuring speakers from AWS and OMNIA Partners. If AWS is unable to conduct a webinar in the first 90 days, we commit to having the abstract complete, AWS speakers onboard, and a target date planned during the first 90 days. The webinar will be recorded and available on demand for continuous consumption and promotion.
- Publish a blog post (for example, on the AWS Public Sector Blog) announcing the Master Agreement and explaining "Why OMNIA Partners and AWS" with newsletter and social promotion.
- Review OMNIA's press release of the Master Agreement details and contact information. OMNIA will provide the initial draft, and the AWS Public Relations team will review, provide edits, and approve for distribution.
- Create a dedicated OMNIA Partners page on an AWS website with OMNIA Partners standard logo; copy of original Request for Proposal; copy of Master Agreement and amendments between Principal, procurement agency, and supplier; summary of products and pricing; marketing materials; electronic link to OMNIA Partners' website including the online registration page; and a dedicated toll-free number and email address for OMNIA Partners.

- Plan to produce additional co-branded sales materials. AWS cannot guarantee completion of all materials within the first 90 days but will begin planning all such materials during this timeframe. Co-branded sales materials include:
  - A customer-facing contract website detailing how to use the contract.
  - An AWS Marketplace hosted landing page with featured software vendors. See **Figure 17** for a sample landing page.
  - A "Why OMNIA and AWS" one-pager. This collateral will demonstrate the benefits of the agreement. It will be used by AWS public sector field sales and business development teams.
  - A co-branded customer-facing first call deck. This will be available for use by AWS public sector field sales and business development teams for use, as well as OMNIA business development teams.

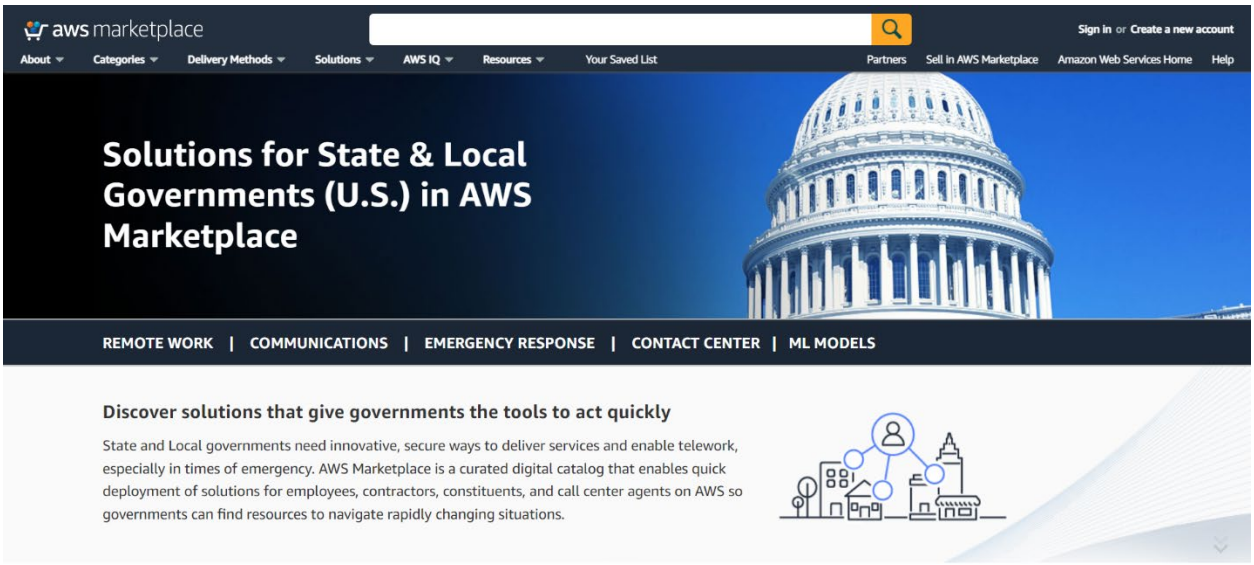

Figure 17. Sample AWS Marketplace Hosted Landing Page.

Beyond the first 90 days, AWS will promote the agreement through expanded marketing efforts, such as:

- AWS to promote OMNIA Partners-hosted events with public sector sales personnel who wish to attend OMNIA Partners-hosted events tailored specifically to information technology suppliers each year the Master Agreement is in effect.
- AWS to design and distribute national and regional advertising in trade publications throughout the term of the Master Agreement. AWS reserves the right to select publications based on existing relationships and sponsorships.
- AWS to attend and participate as an exhibitor in the NIGP Annual Forum.
- AWS to incorporate OMNIA Partners into AWS Marketplace webinars focused on the public sector audience.
- AWS to work with OMNIA Partners on nominating a joint speaking engagement session based on the list of mutual public sector events.
- AWS to plan blog posts featuring customer success stories for shared customers.

C. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Customer usage of this contract or any other managed contracts held by AWS or our AWS partners is entirely the customer's decision. AWS does not dictate which cooperative agreement its customers use.

AWS will market the agreement to small and medium sized government and educational customers. We will make this agreement available to any OMNIA member that wishes to use it for any AWS service. Due to its scope, this agreement is particularly suited to AWS Marketplace customers. At the time of this submission, AWS does not directly hold any nationwide government or educational cooperative agreements with AWS Marketplace in scope.

A list of current cooperative contracts available via APN Partners is provided on the following site: https://aws.amazon.com/contract-center/state-local-edu-contracts/.

D. Acknowledge Supplier agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

AWS acknowledges that use of the OMNIA Partners logo will require permission for reproduction.

Within 90 days of award, AWS Sales will initiate an internal approval request for third-party usage of the AWS logo and provide OMNIA Partners with a Limited Logo Usage Agreement for execution.

E. Confirm Supplier will be proactive in direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Supplier's sales initiatives should communicate:

- **i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency**
- **ii. Best government pricing**
- **iii. No cost to participate**
- **iv. Non-exclusive**

AWS will create an OMNIA customer onboarding document, a customer-facing website, a customer-facing first call deck, and a one-page leave behind. Please see **Response A** for details. Where possible, we will comply with items requested in **Response E**. However, we cannot agree to: *ii. Best government pricing*.

F. Confirm Supplier will train its national sales force on the Master Agreement. At a minimum, sales training should include:

- **i. Key features of Master Agreement**
- **ii. Working knowledge of the solicitation process**

iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners

iv. Knowledge of benefits of the use of cooperative contracts

AWS will provide sales training material. We will comply with the items requested in **Response F**. We will provide training in live and recorded formats, as well as through an internal resource hub. Our internal resource hub will contain comprehensive material covering key features of the Master Agreement, the solicitation process, public agency types that can use the OMNIA Master Agreement, and overall benefits of cooperative contracts. Please see **Response A** for more details.

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

i. Executive Support

ii. Marketing

iii. Sales

iv. Sales Support

v. Financial Reporting

vi. Accounts Payable

vii. Contracts

One of AWS's core values is hiring, recognizing, and developing exceptional talent. We have hand selected leaders to provide an exceptional experience for OMNIA members at every level. **Table 6** provides a brief professional biography for key personnel. To protect employee privacy, AWS does not provide employee emails and phone numbers in proposals.

Table 6. AWS Key Personnel

Name	Role	Professional Biography
[redacted]	Executive Support and Sales Lead	[redacted]
[redacted]	Marketing	[redacted]
[redacted]	Sales Support	[redacted]

Name	Role	Professional Biography
[redacted]	Financial Reporting and Contracts	[redacted]
[redacted]	Accounts Payable	[redacted]

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

Like everything at AWS, we start with the customer and work backwards from the core customer needs. The structure we describe here is peculiar to state and local government, and education customer segments. [redacted]

I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

Beyond the marketing, training, and go-to-market plans, as described in **Response A**, AWS small and medium public sector sales will maintain a consistent focus on enabling customers on OMNIA. These efforts will include in-person call blitz days, cross-training with the OMNIA business development teams, account management enablement on OMNIA, establishing lead-sharing mechanisms, and setting up rep-to-rep meetings between AWS sellers and their OMNIA counterparts.

> "One of the lesser known facts about innovative companies like Amazon is that they are relentlessly debating, re-defining, tinkering, iterating, and experimenting to take the seed of a big idea and make it into something that resonates with customers and meaningfully changes their customer experience over a long period of time."
>
> —*Andy Jassy*

I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including

ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account setup, timely contract administration, etc.

AWS manages multiple statewide and national contract agreements. Through these engagements, we have developed tools, processes, and practices that can help customers easily access the benefits of the agreement. In this response, we highlight some tools we will use to manage the national program throughout the term of the agreement.

Coordination of Marketing and Sales

AWS will manage ongoing coordination of marketing and sales efforts as described in **Response A** of **Section 5.2.3**.

Account Setup

Customers using the agreement can set up an AWS account through our website, www.aws.amazon.com. From there:

1. Users select “Sign in to the Console.” They will see a sign-in form, underneath which is a “Create a new AWS account” button.
2. Users select the “Create a new AWS account” button and click through. They will be prompted to provide the information and verifications required to set up an AWS account. Users should have an original email address and chosen AWS account nickname ready. They should also be prepared to retrieve a verification code from the associated email address.
3. After this, users will provide either business or personal identification information covering name, address, and phone number. Please note that customers do not need to provide credit card or other payment information at this stage. Instead, they can return to the sign-in page and enter their email address and password.

Account Onboarding

AWS manages multiple agreements that require customer onboarding. When the agreement is in place, AWS will create a step-by-step guide for customers to get set up to purchase services through the agreement. At a high level, the process for onboarding to the agreement is as follows:

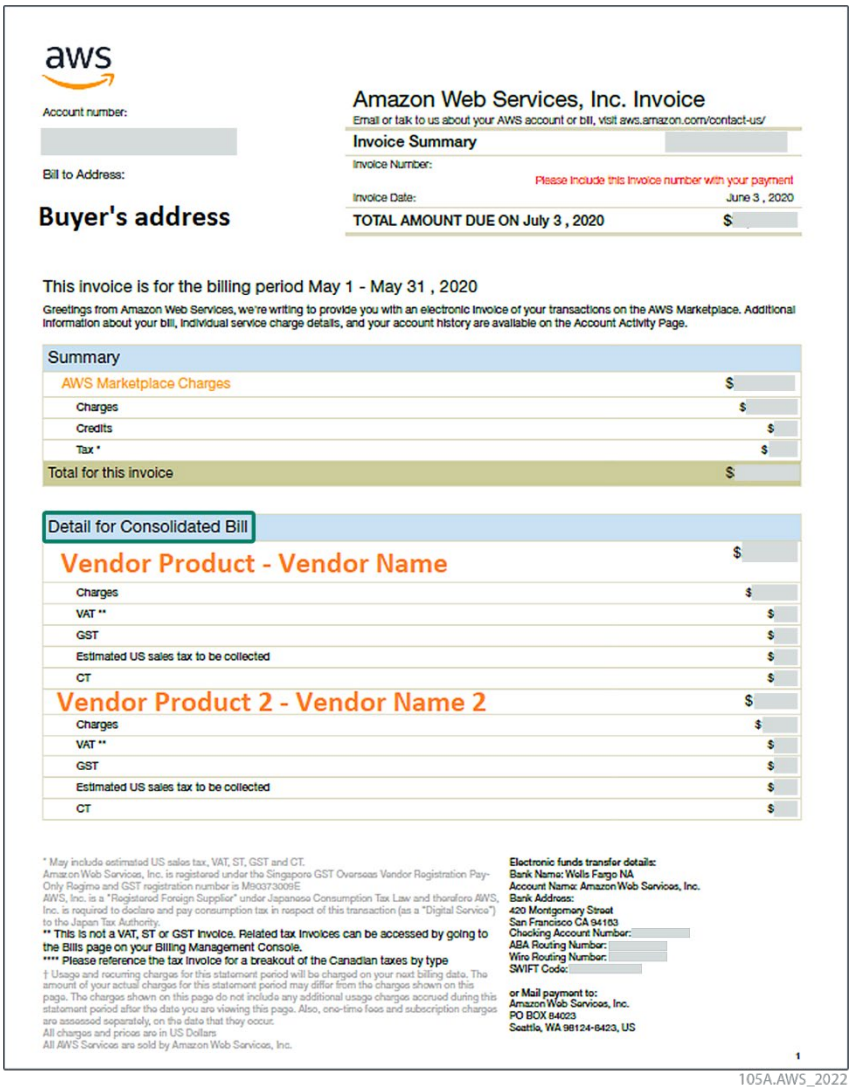
1. Customers create an AWS account. This can be accomplished through the process described above. AWS also offers direct account manager support to help customers with this step.
2. Customers wishing to purchase through the agreement will register their account. This is done by emailing their Payer Account ID(s) to aws-omnia-partners@amazon.com. The AWS Contract Management team will provide the customer with an acceptance email, confirming that they have been added under the terms of the agreement. A customer must receive acceptance from AWS that it has been onboarded to the contract, at which point a customer may start using the contract's terms and conditions and will also earn incentive credits as outlined in **Section 11**.

Contract Management

The AWS Contract Management team will comply with the reporting and administrative fee requirements as mutually agreed. AWS will pay the administrative fee and submit reporting by the 25th calendar day of the second month following the date of the reported sale. For example, AWS reports January sales and submits administrative fees for January sales by March 25. AWS Contract Management will also collaborate with AWS Marketing to create an AWS-hosted

OMNIA contract webpage featuring the Master Agreement (please see **Response A** of **Section 5.2.3** for details). Finally, AWS Contract Management will create a customer onboarding document with detailed instructions for OMNIA members to open or transfer AWS accounts under the OMNIA terms of the Master Agreement.

J. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.



AWS does not share specific details about individual customers unless publicly detailed by the customers themselves. Millions of active customers a month (including tens of thousands of government agencies, education institutions, and nonprofit organizations) are already using AWS to address a diverse set of use cases, from simple website hosting all the way up to mission-critical intelligence projects dealing with large volumes of sensitive data. Refer to https://aws.amazon.com/solutions/case-studies to learn more about how customers are currently using AWS Cloud services.

K. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

After onboarding to the contract, customers will begin subscriptions or using services through the AWS Management Console and AWS Marketplace. The majority of the products on AWS Marketplace are available as self-service, allowing customers to purchase and start using their product in minutes with a few clicks. Customers can select from the deployment options detailed above and from various pricing options such as pay-as-you-go (seconds/hour), monthly, annual, and multi-year. Please also refer to our description of Private Offers available in **Section 1.1**.

Section 4.2.1.1 describes the systems AWS offers to enable customers to manage AWS Marketplace subscriptions, manage overall AWS billing, consolidate billing between multiple departments, view potential savings, and integrate customer procurement systems with Marketplace.

AWS standard invoices, as shown in **Figure 18**, provide a breakdown of all services used, account ID used, ordering period, customer name, and customer address. Customers can provide payment through EFT or check.

Figure 18. Sample Invoice.

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

Version October 19, 2021

$_____.00 in year one

$_____.00 in year two

$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative

Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

AWS cannot guarantee Contract Sales and we will not publicly report any kind of financial projection at this level.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

We cannot make commitments in **Response M**, other than carefully considering each unique solicitation and responding (or not) accordingly. In AWS Marketplace, software vendors control how their products are priced, not AWS. Please see **Section 4.5** for details on the pricing structures available in AWS Marketplace.

9. Other Information

In the following subsections, we provide additional information covering cost management tools and product delivery information in order for The City to garner a better understanding of the topics discussed in our response.

9.1. AWS Cost Management and Billing Console Tools

AWS Cost Management and Billing console tools allow users to manage costs and billing through AWS. **Table 9** describes common use cases and how the AWS Cost Management and Billing consoles can help customers address them.

Table 9. AWS Cost Management and Billing Console Tools

Use Cases	Description	AWS Cost Management Feature Names	Billing Console Feature Names
Organize	Construct cost allocation and governance foundation with a custom own tagging strategy.		AWS Cost Categories AWS Cost Allocation Tags
Report	Raise awareness and accountability of cloud spend with the detailed, allocable cost data.	AWS Cost Explorer	AWS Cost and Usage Reports
Access	Track billing information across the organization in one consolidated view.		AWS Consolidated Billing AWS Purchase Order Management AWS Credits
Control	Establish effective governance mechanisms with the right guardrails in place.	AWS Cost Anomaly Detection	
Forecast	Estimate resource utilization and spend with forecast dashboards that customers can create.	AWS Cost Explorer AWS Budgets	
Budget	Keep spend in check with custom budget threshold and auto alert notification.	AWS Budgets AWS Budgets Actions	
Purchase	Use free trials and programmatic discounts based on workload pattern and needs.	Savings Plans AWS Reserved Instances	AWS Free Tier

Use Cases	Description	AWS Cost Management Feature Names	Billing Console Feature Names
Rightsize	Align service allocation size to actual workload demand.	Rightsizing Recommendations	
Inspect	Stay up to date with resource deployment and cost optimization opportunities.	AWS Cost Explorer	

9.2. Product Delivery

Table 10 details the available product delivery methods and how AWS Marketplace buyers can find each type of deliverable in the AWS Marketplace console.

Table 10. Product Delivery Methods

Product Delivery Method	Delivery Method Filter on the Console	Description
Single AMI	**AMI**	Sellers deliver a single custom AMI for the product. The AMI provides the information required to launch an Amazon EC2 instance. Buyers can use the single AMI to create Amazon EC2 instances with the seller's product already installed and ready to use.
AMI delivered using AWS CloudFormation templates	**CloudFormation Template**	Sellers can list AMI-based products that are delivered to AWS Marketplace buyers by using CloudFormation templates. Buyers can purchase a single solution that entitles them to all of the AMIs in that product.
Private image build	**Private Image Build**	Sellers offer products in a way that lets buyers install the seller's product on a base gold image that meets their internal standards for operating system configuration.
Container-based product or application	**Container**	Sellers deliver products packaged in container images. Container products consist of options, which are a set of container images and deployment templates that work together.
Data products	**AWS Data Exchange**	Sellers use AWS Data Exchange to create data products.
Machine learning algorithms and model packages	**SageMaker Model**	Sellers use Amazon SageMaker to create the algorithm or model package, and then publish it on AWS Marketplace.
Software as a service (SaaS)	**SaaS**	Sellers can offer SaaS products with subscription-based, contract-based, or contract with consumption pricing models.

Product Delivery Method	Delivery Method Filter on the Console	Description
Professional services	**Professional Services**	Sellers can offer professional services that support or work with other AWS Marketplace products and building on AWS.

10. Attachment A—OMNIA Partners

[redacted] Please see sections 10.1, 10.2 10.3, and 10.4 for AWS's Attachment A – Exhibits A, B, F, and G.

10.1. Exhibit A

Exhibit A
Response for National Cooperative Contract

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

The City of Rochester Hills, MI (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting proposals for Software Marketplace including Cloud Solutions . The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Suppliers based on OMNIA Partners' requirements to market the resulting Master Agreement nationally to Public Agencies. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this document
September 7, 2022

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls

B. Joint sales calls

C. Communications/customer service

D. Training sessions for Public Agency teams

E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Serving as the subject matter expert for questions regarding joint powers authority and state statutes and regulations for cooperative purchasing
B. Training sessions for Public Agency teams
C. Training sessions for Supplier teams
D. Regular business reviews to monitor program success
E. General contract administration

Suppliers are required to pay an Administrative Fee of 3% of the greater of the Contract Sales under the Master Agreement and Guaranteed Contract Sales under this Request for Proposal. Supplier will be required to execute the OMNIA Partners Administration Agreement (Exhibit B).

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Supplier and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement to further define the level of service requirements over and above the minimum defined in the Master Agreement (e.g., governing law, invoice requirements, order requirements, specialized delivery, diversity requirements such as minority and woman owned businesses, historically underutilized business, etc.) ("Supplemental Agreement"). It shall be the

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this document
September 7, 2022

responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. In instances where supplemental terms and conditions create additional risk and cost for Supplier, Supplier and Participating Public Agency may negotiate additional pricing above and beyond the stated contract not-to-exceed pricing so long as the added price is commensurate with the additional cost incurred by the Supplier. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;

B. Establish the Master Agreement as the Supplier's primary go to market strategy to Public Agencies nationwide;

C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is Supplier's primary "go to market" strategy for Public Agencies, (3) the

Master Agreement will be promoted to all Public Agencies, including any existing customers, and Supplier will transition existing customers, upon their request, to the Master Agreement, and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Supplier commits the not-to-exceed pricing provided under the Master Agreement pricing is its lowest available (net to buyer) to Public Agencies nationwide and further commits that if a Participating Public Agency is eligible for lower pricing through a national, state, regional or local or cooperative contract, the Supplier will match such lower pricing to that Participating Public Agency under the Master Agreement.

2.3 Sales Commitment

Supplier commits to aggressively market the Master Agreement as its go to market strategy in this defined sector and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement. Supplier also commits its sales force will be compensated, including sales incentives, for sales to Public Agencies under the Master Agreement in a consistent or better manner compared to sales to Public Agencies if the Supplier were not awarded the Master Agreement.

3.0 SUPPLIER RESPONSE

Supplier must supply the following information for the Principal Procurement Agency to determine Supplier's qualifications to extend the resulting Master Agreement to Participating Public Agencies through OMNIA Partners.

3.1 Company

A. Brief history and description of Supplier to include experience providing similar products and services.

B. Total number and location of salespersons employed by Supplier.

C. Number and location of support centers (if applicable) and location of corporate office.

D. Annual sales for the three previous fiscal years.

   a. Submit FEIN and Dunn & Bradstreet report.

E. Describe any green or environmental initiatives or policies.

F. Describe any diversity programs or partners supplier does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this document
September 7, 2022

are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

☐ Yes ☐ No

If yes, list certifying agency: _____

b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

☐ Yes ☐ No

If yes, list certifying agency: _____

c. Historically Underutilized Business (HUB)

☐ Yes ☐ No

If yes, list certifying agency: _____

d. Historically Underutilized Business Zone Enterprise (HUBZone)

☐ Yes ☐ No

If yes, list certifying agency: _____

e. Other recognized diversity certificate holder

☐ Yes ☐ No

If yes, list certifying agency: _____

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

I. Describe how supplier differentiates itself from its competitors.

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

K. Felony Conviction Notice: Indicate if the supplier

a. is a publicly held corporation and this reporting requirement is not applicable;

b. is not owned or operated by anyone who has been convicted of a felony; or

c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.

L. Describe any debarment or suspension actions taken against supplier

3.2 Distribution, Logistics

A. Each offeror awarded an item under this solicitation may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by supplier.

B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

E. Provide the number, size and location of Supplier's distribution facilities, warehouses and retail network as applicable.

3.3 Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams nationwide, to include, but not limited to:

i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

ii. Training and education of Supplier's national sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

i. Creation and distribution of a co-branded press release to trade publications

ii. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

v. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner suppliers. Booth space

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this document
September 7, 2022

will be purchased and staffed by Supplier. In addition, Supplier commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

vii. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

viii. Dedicated OMNIA Partners internet web-based homepage on Supplier's website with:

- OMNIA Partners standard logo;
- Copy of original Request for Proposal;
- Copy of Master Agreement and amendments between Principal Procurement Agency and Supplier;
- Summary of Products and pricing;
- Marketing Materials
- Electronic link to OMNIA Partners' website including the online registration page;
- A dedicated toll-free number and email address for OMNIA Partners

C. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

D. Acknowledge Supplier agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

E. Confirm Supplier will be proactive in direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Supplier's sales initiatives should communicate:

i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency

ii. Best government pricing

iii. No cost to participate

iv. Non-exclusive

F. Confirm Supplier will train its national sales force on the Master Agreement. At a minimum, sales training should include:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this document
September 7, 2022

i. Key features of Master Agreement
ii. Working knowledge of the solicitation process
iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners
iv. Knowledge of benefits of the use of cooperative contracts

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

i. Executive Support
ii. Marketing
iii. Sales
iv. Sales Support
v. Financial Reporting
vi. Accounts Payable
vii. Contracts

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

J. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.

K. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

$_____.00 in year one
$_____.00 in year two
$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

Detail Supplier's strategies under these options when responding to a solicitation.

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this document

10.1.1. Supplier Qualifications (Ref. Attachment A, Section 2.0)

AWS acknowledges and understands the Supplier Commitments listed in Exhibit A, Section 2.0 of Attachment A, Requirements for National Cooperative Contract To Be Administered by OMNIA Partners. Please refer to **Section 8 Exceptions** for a list of terms, conditions, and other requirements to which AWS cannot agree without modification.

10.1.2. Supplier Information (Ref. Attachment A, Section 3.0)

In the following section, AWS provides the requested supplier information.

10.1.2.1. Company

A. Brief history and description of Supplier to include experience providing similar products and services.

A. Brief history and description of Supplier to include experience providing similar products and services.

Amazon has a long history of using a decentralized IT infrastructure. This has enabled our development teams to access compute and storage resources on demand, and it has increased overall productivity and agility. By 2005, Amazon had spent over a decade and millions of dollars building and managing the large-scale, reliable, and efficient IT infrastructure that powers one of the world's largest online retail platforms. Amazon launched AWS so that other organizations could benefit from Amazon's experience and investment in running a large-scale, distributed, transactional IT infrastructure. AWS has been operating since 2006 and now serves millions of active customers every month worldwide.

Forrester, a leading industry analyst firm, named AWS Marketplace as a leader in SaaS cloud marketplaces in their *Forrester New Wave™: Marketplaces for SaaS Sourcing*, Q1 2022 report. Forrester rated AWS Marketplace as differentiated in buyer interface, contract terms, artificial intelligence and automation, roadmap, and go-to market approach. The report states that AWS Marketplace is "well suited to procurement and IT" and "provides advanced features relevant for procurement in areas such as contracting."

In 2012, AWS introduced AWS Marketplace, becoming the first CSP to offer an online store with products curated for the cloud. By 2014, we already had more than 500 listings from category-leading sellers such as Cisco, Palo Alto Networks, Trend Micro, and F5. In response to what they told us they wanted, we launched the first cloud infrastructure marketplace to offer annual subscriptions. This enables customers to get a discount on the hourly rate of metered third-party software by committing to a year of usage.

In 2017, we worked with Splunk and other customers to become the first cloud infrastructure marketplace to launch Private Offers, which enabled customers to pay a privately negotiated rate with sellers as they migrated those relationships to AWS.

Then, customers told us they often negotiate their contracts with resellers, distributors, and managed service providers. So, in 2018, we were the first cloud infrastructure marketplace to launch CPPO, described in **Question 1.1**. CPPO enables customers to transact using the channel partner of their choice. We now work with more than a thousand channel partners including Presidio, SHI, Rackspace, and GuidePoint Security.

Today, more than 325,000 customers use AWS Marketplace to find, buy, deploy, and govern more than 12,000 listings from more than 2,000 sellers.

B. Total number and location of salespersons employed by Supplier.

Amazon does not disclose AWS-specific employment statistics. According to the Amazon 2022 Q2 Quarterly Report, Amazon employed approximately 1,523,000 full-time and part-time employees as of June 30, 2022. Note that employment levels fluctuate due to seasonal factors affecting our business. AWS has state and local government, education, and nonprofit organization sales coverage across the United States.

C. Number and location of support centers (if applicable) and location of corporate office.

AWS's corporate office is located at 410 Terry Avenue North Seattle, WA 98109-5210. As related to customer support for this contract and referenced previously in **Question 1.15**, the AWS Marketplace Help page addresses the most common questions we receive from customers and our AWS Marketplace Resources Hub includes more in-depth categorized content. Customers can also directly contact their AWS account manager for assistance. We offer numerous options to connect directly with AWS support through our website at aws.amazon.com/contact-us.

D. Annual sales for the three previous fiscal years.

Annual sales for AWS (in millions):

- Fiscal Year 2019: $35,026
- Fiscal Year 2020: $45,370
- Fiscal Year 2021: $62,202.

Please refer to https://ir.aboutamazon.com/quarterly-results for more information on AWS revenue.

a. Submit FEIN and Dun & Bradstreet report.

Our FEIN is 204938068. Our Dun & Bradstreet number is 965048981. Please see **Appendix B** for AWS's Dun & Bradstreet report.

E. Describe any green or environmental initiatives or policies

AWS is committed to running our business in the most environmentally friendly way possible and achieving 100% renewable energy usage for our global infrastructure. A study by 451 Research found that AWS infrastructure is 3.6 times more energy efficient than the median of surveyed enterprise data centers. More than two thirds of this advantage is attributable to running more energy efficient servers and higher server utilization—the latter a product of AWS's unique scale. AWS data centers are also more energy efficient than enterprise sites because of comprehensive efficiency programs that touch every facet of our facilities. For instance, when 451 Research factored in the carbon intensity of consumed electricity and renewable energy purchases (which reduce associated carbon emissions), they found that AWS performs the same task with an 88% lower carbon footprint.

By using the Customer Carbon Footprint Tool—a new AWS calculator for carbon footprint—customers can calculate the environmental impact of their AWS workloads. This tool uses easy-to-understand data visualizations to provide customers with their historical carbon emissions, evaluate emission trends as their use of AWS evolves, approximate the estimated carbon emissions they have avoided by using AWS instead of an on-premises data center, and review forecasted emissions based on current use.

The forecasted emissions are based on current usage, and show how a customer's carbon footprint will change as Amazon stays on path to powering its operations with 100% renewable energy by 2025, five years ahead of its original target of 2030, and drives toward net zero carbon by 2040 as part of The Climate Pledge.

In addition to the environmental benefits inherently associated with running applications in the cloud, Amazon is committed to powering our operations with 100% renewable energy by 2025, five years ahead of the original target. In 2020, Amazon became the world's largest corporate purchaser of renewable energy, reaching 65% renewable energy across our business.

Our push to use more renewable energy is one step on our path to net zero carbon by 2040 as part of Amazon's commitment to The Climate Pledge. To achieve this sustainability goals, Amazon focuses on four complementary areas:

- Increasing energy efficiency in facilities and equipment
- Continuous innovation in data centers
- Advocacy at the global, federal, and state levels to create a favorable environment for renewable energy
- Working with various power providers around the world to increase the availability of renewable energy.

To learn more about AWS renewable energy projects across the globe and AWS sustainability practices across Amazon, see the following resources:

- Amazon Around the Globe: View an interactive map and other resources to see Amazon's sustainability efforts happening all around the globe.
- Sustainability in the Cloud: Learn how AWS is working to achieve Amazon's goal of 100% renewable energy.
- Amazon Sustainability: Learn about our ongoing efforts to fulfill our commitment to sustainability.

F. Describe any diversity programs or partners supplier does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

Supporting supplier diversity is a fundamental part of the work of Amazon—AWS's parent company—and an extension of Amazon's customer-centric culture. As a leading retailer, Amazon invests in the success of small- and medium-sized businesses (SMBs) by providing them with logistics services and technology support to thrive in the Amazon.com marketplace.

Amazon has contributed tens of billions in infrastructure and built hundreds of tools to help SMBs and Minority- and Women- Owned Business Enterprises (MWBEs) succeed, including data analytics that help independent sellers to better understand and reach customers. From 2019 to 2020, Amazon invested more than **$30 billion** in logistics, tools, services, and programs to foster the growth of SMB sellers. Amazon's 2020 Small and Medium Sized Business Impact Report summarizes how Amazon has helped a diverse pool of SMB sellers succeed.

AWS builds on Amazon's commitment to SMBs and MWBEs by helping hundreds of thousands of SMBs, startups, and partners launch and scale their businesses. SMBs today are adopting cloud-based working models and shifting to flexible IT platforms. This enables them to respond

faster to customer needs and proactively improve products and services—all while reducing costs and freeing up resources for critical projects.

SMBs can achieve better outcomes faster by using the AWS Cloud and software from the AWS Marketplace. Our cloud solutions can help SMBs reach new customers, strengthen relationships with existing customers, gain audience insights, streamline operations, and make their IT environments more secure. We provide SMBs and MWBEs with free tools and resources to accelerate their growth and development on AWS, as highlighted by the programs below.

How Participating Agencies May Use Diverse Partners Through the Master Agreement

AWS Marketplace can help the City and OMNIA Members procure directly from sellers in a variety of categories that may help meet supplier diversity goals. Our search functionality can help the City and OMNIA Members find diverse APN Partners and track transactions with these AWS Marketplace sellers. Please see our response to **Question 1.7** for details on how AWS can help the City and OMNIA Members meet their diversity goals.

Please note that pricing is not affected by using these tools. Additionally, AWS is not a member of any diversity alliance. AWS Marketplace buyers should work with sellers directly to receive copies of their certifications where applicable.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. **Minority Women Business Enterprise**

Yes (**No**)

If yes, list certifying agency: _____

b. **Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)**

Yes (**No**)

If yes, list certifying agency: _____

c. **Historically Underutilized Business (HUB)**

Yes (**No**)

If yes, list certifying agency: _____

d. **Historically Underutilized Business Zone Enterprise (HUBZone)**

Yes (**No**)

If yes, list certifying agency: _____

e. **Other recognized diversity certificate holder**

Yes (**No**)

If yes, list certifying agency: _____

No certifications held.

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

AWS might decide to use subcontractors to meet some of its contractual obligations under the Agreement (for example, using subcontractors to provide certain services, such as support services, on AWS's behalf). If AWS decides to use a subcontractor, AWS will enter into an agreement with the subcontractor on terms that AWS considers appropriate in light of the subcontractor's role and duties.

I. Describe how supplier differentiates itself from its competitors.

AWS Marketplace makes it easy to find, test, buy, deploy, and manage third-party software that runs on AWS. AWS Marketplace helps you find the software and associated professional services you need to innovate all in one place, simplifying procurement. You can discover complete business solutions and curated service offerings from ISVs and consulting partners, and select payment options and contract terms that fit your needs. All charges are simplified onto your AWS bill. AWS Marketplace simplifies software licensing and procurement processes due to its flexible pricing options and multiple deployment methods. Customers can select commercial software from well-known vendors, as well as many widely used open source offerings. Procurement professionals can leverage AWS Marketplace to accelerate innovation and enable cloud users to rapidly and securely deploy solutions, while reducing TCO and improving operational oversight.

According to The Total Economic Impact of Using AWS Marketplace (an AWS-commissioned study by Forrester Consulting), customers who procure solutions via AWS Marketplace can benefit from:

- **Up to a 75% reduction in onboarding effort for new vendors**
- **66% time savings due to procurement efficiency**
- **Up to a 10% reduction in licensing costs.**

AWS Marketplace can help public sector customers drive efficiency throughout the procurement process, save on licensing fees by transitioning to more flexible licensing models, and vet and onboard new vendors with less effort than traditional practices.

The Forrester New Wave: Marketplaces for SaaS Sourcing report names AWS Marketplace as a leader in SaaS cloud marketplaces. The report reveals findings from Forrester's evaluation of marketplaces for SaaS sourcing and evaluates the 9 most significant providers across 10 criteria and where they stand in relation to one another. Vendors are scored as *differentiated*, *on par*, *needs improvement*, or *no capability* across the criteria.

Forrester rated AWS Marketplace as **differentiated** in buyer interface, contract terms, artificial intelligence and automation, roadmap, and market approach. The report states that AWS Marketplace is "well suited to procurement and IT" and "provides advanced features relevant for procurement in areas such as contracting." Forrester states that AWS "has invested significantly in its marketplace and continues to push the envelope in areas like standard contract terms; custom contract negotiation in its marketplace; and integration with leading procurement tools, such as Coupa. AWS has broken new ground in areas that procurement cares about and offers a new way to streamline SaaS buying and thereby increase efficiency while lowering risk."

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

AWS is a multi-national company. Providing a substantive response to this question poses a significant burden. AWS can work with the City and OMNIA Partners to narrow the scope of this request if needed.

K. Felony Conviction Notice: Indicate if the supplier

a. **is a publicly held corporation and this reporting requirement is not applicable;**

b. **is not owned or operated by anyone who has been convicted of a felony; or**

c. **is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.**

AWS is a subsidiary of a publicly held corporation and this reporting requirement is not applicable.

L. Describe any debarment or suspension actions taken against supplier

To the best of our knowledge and belief, AWS is not currently debarred or suspended from doing business with any US entities.

10.1.2.2. Distribution and Logistics

A. Each offeror awarded an item under this solicitation may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by supplier.

Please refer to **Section 4.2** for a detailed overview of our approach to the Scope of Services, and a description of the full line of products and services offered through AWS Marketplace. At a high level, AWS offers comprehensive cloud services infrastructure with compute power, storage, content delivery, and other functionality that organizations can use to deploy applications and services cost effectively. AWS Marketplace augments and extends the AWS Cloud through third-party solutions.

AWS Marketplace solutions are built on and for AWS, offering compatibility and security AWS customers have grown to trust. Currently AWS Marketplace offers over 12,000 listings from 2,000 ISVs and 1,000 consulting partners offering solutions across 65 categories and numerous pricing and deployment models.

We consider all AWS services, including those that will be added or removed over the term of the agreement, to be in scope of our response. AWS has more than 200 fully featured services, including compute, storage, databases, networking, analytics, robotics, machine learning and AI, IoT, mobile, security, hybrid, VR, AR, media, application development, deployment, management, and much more.

B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

Nationwide distribution of the products and services outlined in this proposal will occur through AWS Marketplace. Solutions in AWS Marketplace offer multiple deployment options including Amazon Machine Image (AMI), SaaS, containers, Amazon SageMaker, and CloudFormation. Customers can choose to purchase directly through AWS Marketplace's self-service option or via Private Offers, either directly with the ISV or through a consulting partner. To simplify procurement further, AWS Marketplace offers end-to-end transactability for public listings—customers do not need to visit the ISV's website to complete transactions.

Launch and distribution of the solution is dependent on the deployment option selected. For our most popular option, SaaS, customers can use the Amazon EC2 console to choose Region and instance type to launch or use or "1-click" launch. For software products, the seller chooses which AWS Regions to make their software available in, as well as the instance types. 1-click

launch helps customers launch quickly with recommended default options such as security groups and instance types. With 1-click launch, customers can also see an estimated monthly bill.

Product availability is based on supported AWS Regions. The AWS Marketplace website is available in all seven North American Regions, including our two AWS GovCloud Regions, and 24 Regions worldwide. All sellers offering paid products must be from eligible jurisdictions, which currently include United States (US), Australia, Bahrain, European Union (EU) member states, Hong Kong SAR, Israel, Japan, New Zealand, Norway, Qatar, Switzerland, United Arab Emirates (UAE), and United Kingdom (UK).

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

AWS offers the City of Rochester Hills and OMNIA Partners members all AWS services at publicly available pricing (found at aws.amazon.com/pricing/). We additionally offer an infrastructure credit incentive program, described in **Section 11,** to customers procuring through this Master Agreement. Customers can negotiate pricing with AWS Marketplace sellers using the Private Offer and CPPO functionalities. Customers can verify negotiated pricing of their Private Offer or CPPO prior to accepting the offer.

Customers can use AWS Cost Explorer to monitor and analyze costs and usage for data up to the last 12 months.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

Customers can access software they know and trust from over 2,000 ISVs; 1,000 AWS Marketplace Consulting Partners; and 250 Data Providers. Due to the nature of an online cloud marketplace and third-party vendors, AWS recommends the City and OMNIA Members reference aws.amazon.com/marketplace for an up-to-date list of companies involved in processing, handling, or shipping the products and services to end users for purchases made through AWS Marketplace.

With AWS Marketplace purchases, the supplier of the product listed is the seller of record in AWS Marketplace transactions. Each seller's name is detailed on the invoice to assist in verification. AWS Marketplace provides an automated way for ISVs and Channel Partners to sell to customers. When the seller submits a product in AWS Marketplace, they define the price of the product, and the terms and conditions of use. When a customer purchases from the seller, they are agreeing to the pricing and terms and conditions set for the offer by the seller, which can be directly negotiated via a Private Offer and Consulting Partner Private Offers. Customers can meet their software procurement needs with custom terms, volume pricing, and flexible payment options negotiated privately with their preferred ISV or consulting partner.

While AWS Marketplace is agnostic in the process and merely providing billing and invoicing for transactions, it enables customers to procure many solutions directly from AWS Marketplace sellers, including ISVs and channel partners, and provides billing and invoicing for transactions we enable.

E. Provide the number, size and location of Supplier's distribution facilities, warehouses and retail network as applicable.

For software products, the seller chooses which AWS Regions to make their software available in, as well as the instance types. AWS encourages sellers to make products available in all available Regions and on all instance types that make sense. As mentioned in **Response B** of **Section 10.1.2.2**, AWS Marketplace website is available in 24 Regions worldwide and all seven North American Regions, including our two AWS GovCloud Regions.

10.1.2.3. Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams nationwide, to include, but not limited to:

i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

In the first 10 business days from award, AWS executive leadership will distribute internal communication via email announcing the award and describing upcoming training materials. The audience for this communication will be our relevant sales teams—including teams covering state and local government, education, and non-profits—and the teams covering the ISVs selling to these customers—EdTechs and GovTechs.

ii. Training and education of Supplier's national sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days

In the first 30 days, the OMNIA primary point of contact will conduct a live sales kick-off training that will be recorded. Executive sales leadership will make an introduction. During the live kick-off, all elements of **Response F** will be addressed, as well as:

- How to set up an AWS account
- Credits available to OMNIA AWS customers
- How to check if a prospective customer is already an OMNIA member
- Talk track on OMNIA's scope and benefits.

The live kick-off will be followed by a knowledge check. We will create an internal OMNIA resource hub within our communication tool to accompany this training. This resource hub will also address all elements of **Response F** and contain FAQ. An internal Slack channel will be established to answer OMNIA questions as they arise.

From days 30 through 60, business development managers will attend each individual sales team meeting to refresh knowledge from the kick-off training and answer questions about OMNIA.

From 60 through 90 days and beyond, OMNIA training will be included in onboarding (required new hire training) and annual refreshers for tenured employees. This training will be accompanied by knowledge checks.

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

i. Creation and distribution of a co-branded press release to trade publications

ii. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

v. Commitment to attend, exhibit and participate at the NIGP Annual Forum. in an area reserved by OMNIA Partners for partner suppliers. Booth space Version October 19, 2021 will be purchased and staffed by Supplier. In addition, Supplier commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

vii. Ongoing marketing and promotion of the Master Agreement throughout its term

viii. Dedicated OMNIA Partners internet web-based homepage on Supplier's website with:

- **OMNIA Partners standard logo;**
- **Copy of original Request for Proposal;**
- **Copy of Master Agreement and amendments between Principal**
- **Procurement Agency and Supplier;**
- **Summary of Products and pricing;**
- **Marketing Materials**
- **Electronic link to OMNIA Partners' website including the online registration page;**
- **A dedicated toll-free number and email address for OMNIA Partners**

AWS recognizes the value of a coordinated marketing effort with OMNIA Partners. We are committed to continued dialogue with OMNIA Partners to plan and help drive customer awareness of the award. Any items that AWS cannot comply with are noted in **Section 8**. Within 90 days of award, AWS aims to:

- Review our tentative 2023 calendar of national, regional, and supplier-specific trade shows, conferences, and meetings with OMNIA Partners. While we expect to identify events of mutual interest, creation of a complete list of events may exceed ninety days depending on team-specific planning guidelines. At the agreed upon events, AWS to promote the agreement through marketing collateral distributed at the event. Examples of events we have attended in the past include:
  - National Association of Counties (NACo) Annual Conference
  - EDUCAUSE Annual Conference for Higher Education
  - E.Repbulic/Government Technology Digital Government Summits for State and Local Government

  - National Association of State Chief Information Officers (NASCIO) Annual Conference
  - Consortium for School Networking (CoSN) Annual Conference for K-12 Education
- Host a webinar on modernizing software procurement featuring speakers from AWS and OMNIA Partners. If AWS is unable to conduct a webinar in the first 90 days, we commit to having the abstract complete, AWS speakers onboard, and a target date planned during the first 90 days. The webinar will be recorded and available on demand for continuous consumption and promotion.
- Publish a blog post (for example, on the AWS Public Sector Blog) announcing the Master Agreement and explaining "Why OMNIA Partners and AWS" with newsletter and social promotion.
- Review OMNIA's press release of the Master Agreement details and contact information. OMNIA will provide the initial draft, and the AWS Public Relations team will review, provide edits, and approve for distribution.
- Create a dedicated OMNIA Partners page on an AWS website with OMNIA Partners standard logo; copy of original Request for Proposal; copy of Master Agreement and amendments between Principal, procurement agency, and supplier; summary of products and pricing; marketing materials; electronic link to OMNIA Partners' website including the online registration page; and a dedicated toll-free number and email address for OMNIA Partners.
- Plan to produce additional co-branded sales materials. AWS cannot guarantee completion of all materials within the first 90 days but will begin planning all such materials during this timeframe. Co-branded sales materials include:
  - A customer-facing contract website detailing how to use the contract.
  - An AWS Marketplace hosted landing page with featured software vendors. See **Figure 19** for a sample landing page.
  - A "Why OMNIA and AWS" one-pager. This collateral will demonstrate the benefits of the agreement. It will be used by AWS public sector field sales and business development teams.
  - A co-branded customer-facing first call deck. This will be available for use by AWS public sector field sales and business development teams for use, as well as OMNIA business development teams.

Figure 19. Sample AWS Marketplace Hosted Landing Page.

Beyond the first 90 days, AWS will promote the agreement through expanded marketing efforts, such as:

- AWS to promote OMNIA Partners-hosted events with public sector sales personnel who wish to attend OMNIA Partners-hosted events tailored specifically to information technology suppliers each year the Master Agreement is in effect.
- AWS to design and distribute national and regional advertising in trade publications throughout the term of the Master Agreement. AWS reserves the right to select publications based on existing relationships and sponsorships.
- AWS to attend and participate as an exhibitor in the NIGP Annual Forum.
- AWS to incorporate OMNIA Partners into AWS Marketplace webinars focused on the public sector audience.
- AWS to work with OMNIA Partners on nominating a joint speaking engagement session based on the list of mutual public sector events.
- AWS to plan blog posts featuring customer success stories for shared customers.

C. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Customer usage of this contract or any other managed contracts held by AWS or our AWS partners is entirely the customer's decision. AWS does not dictate which cooperative agreement its customers use.

AWS will market the agreement to small and medium sized government and educational customers. We will make this agreement available to any OMNIA member that wishes to use it for any AWS service. Due to its scope, this agreement is particularly suited to AWS Marketplace customers. At the time of this submission, AWS does not directly hold any nationwide government or educational cooperative agreements with AWS Marketplace in scope.

A list of current cooperative contracts available via APN Partners is provided on the following site: https://aws.amazon.com/contract-center/state-local-edu-contracts/.

D. Acknowledge Supplier agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

AWS acknowledges that use of the OMNIA Partners logo will require permission for reproduction.

Within 90 days of award, AWS Sales will initiate an internal approval request for third-party usage of the AWS logo and provide OMNIA Partners with a Limited Logo Usage Agreement for execution.

E. Confirm Supplier will be proactive in direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Supplier's sales initiatives should communicate:

i. **Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency**

ii. **Best government pricing**

iii. **No cost to participate**

iv. **Non-exclusive**

AWS will create an OMNIA customer onboarding document, a customer-facing website, a customer-facing first call deck, and a one-page leave behind. Please see **Response A** for details. Where possible, we will comply with items requested in **Response E**. However, we cannot agree to: *ii. Best government pricing*.

F. Confirm Supplier will train its national sales force on the Master Agreement. At a minimum, sales training should include:

i. **Key features of Master Agreement**

ii. **Working knowledge of the solicitation process**

iii. **Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners**

iv. **Knowledge of benefits of the use of cooperative contracts**

AWS will provide sales training material. We will comply with the items requested in **Response F**. We will provide training in live and recorded formats, as well as through an internal resource hub. Our internal resource hub will contain comprehensive material covering key features of the Master Agreement, the solicitation process, public agency types that can use the OMNIA Master Agreement, and overall benefits of cooperative contracts. Please see **Response A** for more details.

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

i. **Executive Support**

ii. **Marketing**

iii. **Sales**

iv. **Sales Support**

v. **Financial Reporting**

vi. **Accounts Payable**

vii. **Contracts**

One of AWS's core values is hiring, recognizing, and developing exceptional talent. We have hand selected leaders to provide an exceptional experience for OMNIA members at every level. **Table 11** provides a brief professional biography for key personnel. To protect employee privacy, AWS does not provide employee emails and phone numbers in proposals.

Table 11. AWS Key Personnel

Name	Role	Professional Biography
[redacted]	Executive Support and Sales Lead	[redacted]
[redacted]	Marketing	[redacted]
[redacted]	Sales Support	[redacted]
[redacted]	Financial Reporting and Contracts	[redacted]
[redacted]	Accounts Payable	[redacted]

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

Like everything at AWS, we start with the customer and work backwards from the core customer needs. The structure we describe here is peculiar to state and local government, and education customer segments. [redacted]

I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

Beyond the marketing, training, and go-to-market plans, as described in **Response A**, AWS small and medium public sector sales will maintain a consistent focus on enabling customers on OMNIA. These efforts will include in-person call blitz days, cross-training with the OMNIA business development teams, account management enablement on OMNIA, establishing lead-sharing mechanisms, and setting up rep-to-rep meetings between AWS sellers and their OMNIA counterparts.

> "One of the lesser known facts about innovative companies like Amazon is that they are relentlessly debating, re-defining, tinkering, iterating, and experimenting to take the seed of a big idea and make it into something that resonates with customers and meaningfully changes their customer experience over a long period of time."
>
> —*Andy Jassy*

I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account setup, timely contract administration, etc.

AWS manages multiple statewide and national contract agreements. Through these engagements, we have developed tools, processes, and practices that can help customers easily access the benefits of the agreement. In this response, we highlight some tools we will use to manage the national program throughout the term of the agreement.

Coordination of Marketing and Sales

AWS will manage ongoing coordination of marketing and sales efforts as described in **Response A** of **Section 10.1.2.3**

Account Setup

Customers using the agreement can set up an AWS account through our website, www.aws.amazon.com. From there:

1. Users select "Sign in to the Console." They will see a sign-in form, underneath which is a "Create a new AWS account" button.

2. Users select the “Create a new AWS account” button and click through. They will be prompted to provide the information and verifications required to set up an AWS account. Users should have an original email address and chosen AWS account nickname ready. They should also be prepared to retrieve a verification code from the associated email address.
3. After this, users will provide either business or personal identification information covering name, address, and phone number. Please note that customers do not need to provide credit card or other payment information at this stage. Instead, they can return to the sign-in page and enter their email address and password.

Account Onboarding

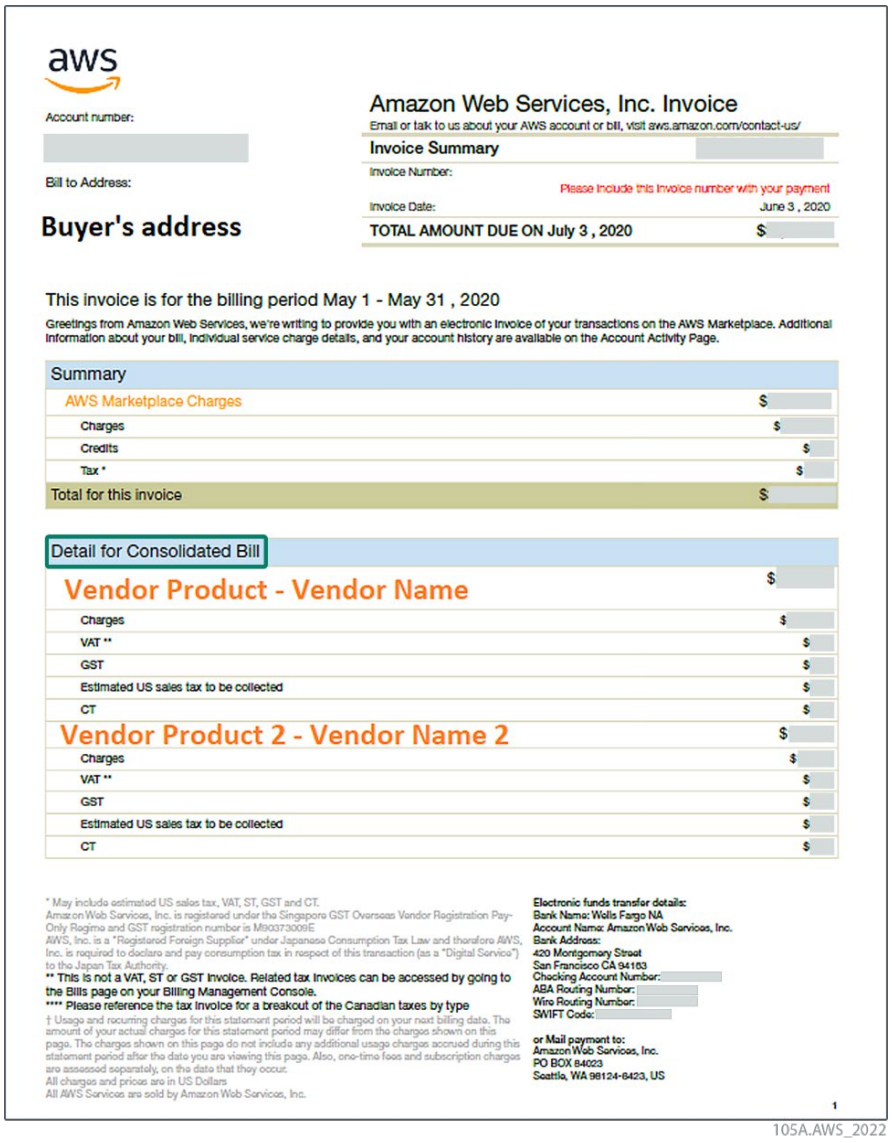
AWS manages multiple agreements that require customer onboarding. When the agreement is in place, AWS will create a step-by-step guide for customers to get set up to purchase services through the agreement. At a high level, the process for onboarding to the agreement is as follows:

1. Customers create an AWS account. This can be accomplished through the process described above. AWS also offers direct account manager support to help customers with this step.
2. Customers wishing to purchase through the agreement will register their account. This is done by emailing their Payer Account ID(s) to aws-omnia-partners@amazon.com. The AWS Contract Management team will provide the customer with an acceptance email, confirming that they have been added under the terms of the agreement. A customer must receive acceptance from AWS that it has been onboarded to the contract, at which point a customer may start using the contract's terms and conditions and will also earn incentive credits as outlined in **Section 11**.

Contract Management

The AWS Contract Management team will comply with the reporting and administrative fee requirements as mutually agreed. AWS will pay the administrative fee and submit reporting by the 25th calendar day of the second month following the date of the reported sale. For example, AWS reports January sales and submits administrative fees for January sales by March 25. AWS Contract Management will also collaborate with AWS Marketing to create an AWS-hosted OMNIA contract webpage featuring the Master Agreement (please see **Response A** of **Section 10.1.2.3** for details). Finally, AWS Contract Management will create a customer onboarding document with detailed instructions for OMNIA members to open or transfer AWS accounts under the OMNIA terms of the Master Agreement.

J. State the amount of Supplier’s Public Agency sales for the previous fiscal year. Provide a list of Supplier’s top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.



AWS does not share specific details about individual customers unless publicly detailed by the customers themselves. Millions of active customers a month (including tens of thousands of government agencies, education institutions, and nonprofit organizations) are already using AWS to address a diverse set of use cases, from simple website hosting all the way up to mission-critical intelligence projects dealing with large volumes of sensitive data. Refer to https://aws.amazon.com/solutions/case-studies to learn more about how customers are currently using AWS Cloud services.

K. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

After onboarding to the contract, customers will begin subscriptions or using services through the AWS Management Console and AWS Marketplace. The majority of the products on AWS Marketplace are available as self-service, allowing customers to purchase and start using their product in minutes with a few clicks. Customers can select from the deployment options detailed above and from various pricing options such as pay-as-you-go (seconds/hour), monthly, annual, and multi-year. Please also refer to our description of Private Offers available in **Section 1.1**.

Section 4.2.1.1 describes the systems AWS offers to enable customers to manage AWS Marketplace subscriptions, manage overall AWS billing, consolidate billing between multiple departments, view potential savings, and integrate customer procurement systems with Marketplace.

AWS standard invoices, as shown in **Figure 20**, provide a breakdown of all services used, account ID used, ordering period, customer name, and customer address. Customers can provide payment through EFT or check.

Figure 20. Sample Invoice.

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

Version October 19, 2021

$_____.00 in year one

$_____.00 in year two

$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative

Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

AWS cannot guarantee Contract Sales and we will not publicly report any kind of financial projection at this level.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

We cannot make commitments in **Response M**, other than carefully considering each unique solicitation and responding (or not) accordingly. In AWS Marketplace, software vendors control how their products are priced, not AWS. Please see **Section 4.5** for details on the pricing structures available in AWS Marketplace.

[redacted]

11. Attachment B—Price Proposal

In addition to the completion of Attachment B, provided under separate cover, [redacted] customers are only charged for products purchased from sellers via AWS Marketplace. Sellers, such as ISVs that list software within AWS Marketplace, define the pricing for their product and service listings. Sellers can offer discounts via a Private Offer (described in **Section 1.1**). When a customer accepts a Private Offer from an AWS Marketplace seller or subscribes to a listing via AWS Marketplace self-service, the charge becomes part of their AWS bill. After the customer pays AWS, AWS Marketplace pays the seller.

There are some AWS Marketplace listings that require the purchase of AWS infrastructure services to deploy the software in the customer's account. AWS offers the City of Rochester Hills and OMNIA Partners members all AWS services, which include more than 200 global cloud-based products, including compute, storage, databases, analytics, networking, mobile, developer tools, management tools, IoT, security and enterprise applications. These services help organizations move faster, lower IT costs, and scale. Please review the full list of services and their respective pricing at aws.amazon.com/pricing. **Figure 21** illustrates the breadth and depth of AWS Cloud services.

Figure 21. High-Level View of AWS Cloud Solutions.

We offer “pay-as-you-go” pricing for AWS Cloud services. This means customers pay only for the individual services they use when they use them, without requiring long-term contracts or complex licensing. AWS pricing is based on a consumption-based model, similar to how customers pay for utilities like water and electricity. Customers pay for the services they consume and when they stop using them, there are no additional costs or termination fees.

In addition to our pay-as-you-go pricing model, customers can also take advantage of the following:

- **Pay Less When You Reserve**: For certain AWS products, customers can pay a low upfront fee to receive a discount. This results in overall savings of up to ***75%*** (depending on the type of instance reserved) over equivalent on-demand capacity.

- **Pay Less per Unit by Using More**: AWS pricing is tiered for storage and data transfer—the more customers use, the less they pay per gigabyte.
- **Pay Less as AWS Grows**: Through innovation and economies of scale, we continue to reduce our data center hardware costs, improve our operational efficiencies, and lower our power consumption. This lowers costs, which we pass on to customers with price reductions. We have reduced prices for AWS Services **115 times** since AWS launched in 2006.

For more information about pricing at AWS, see AWS Pricing. More tools and resources are provided on our Pricing Resources page.

Appendix A. Glossary of Terms

Term	Description	Further Information
Amazon Elastic Compute Cloud (Amazon EC2)	Provides scalable computing capacity in the AWS Cloud, eliminating the need for customers to invest in hardware up front. Amazon EC2 integrates with AWS Marketplace, allowing customers to launch applications on EC2 instances direct from Marketplace.	https://docs.aws.amazon.com/AWSEC2/latest/UserGuide/concepts.html
Amazon Machine Image (AMI)	An image of a server, including an operating system and often additional software, which runs on AWS. The software listed in AWS Marketplace is only available to run on Amazon EC2. It is not available for download.	https://docs.aws.amazon.com/marketplace/latest/buyerguide/buyer-server-products.html
AWS Partner Network (APN)	A global community of AWS partners that use programs, expertise, and resources to build, market, and sell customer offerings.	https://aws.amazon.com/partners/?nc=sn&loc=0
AWS Budgets	Service that allows customers to set custom budgets to track costs and usage, set alert notifications, and configure spend-based actions.	https://aws.amazon.com/aws-cost-management/aws-budgets/
AWS Cost Explorer	Service that provides dashboards and reporting that enables customers to analyze cost and usage data.	https://aws.amazon.com/aws-cost-management/aws-cost-explorer/
AWS Data Exchange (ADX)	Portfolio of cloud-based third-party data sets available for purchase and no cost in AWS Marketplace.	https://aws.amazon.com/data-exchange/
AWS Free Tier	Program that provides a free tier of EC2 to eligible customers. AWS Free Tier customers are eligible to use free AWS Marketplace software for up to 750 hours EC2 usage each month for one year.	https://docs.aws.amazon.com/marketplace/latest/buyerguide/buyer-aws-free-tier.html
AWS GovCloud (US)	Secure AWS Regions that are operated by employees who are US citizens on US soil. The Regions are only accessible to US entities and root account holders who pass a screening process.	https://aws.amazon.com/govcloud-us
AWS License Manager	Console to automate the distribution and activation of software entitlements to end-users and workloads across accounts in their AWS organization.	https://aws.amazon.com/license-manager/

Term	Description	Further Information
AWS Marketplace Management Portal (AMMP)	Tool used to register as an AWS Marketplace seller. Sellers use the portal to manage their listings and offers.	https://docs.aws.amazon.com/marketplace/latest/userguide/user-guide-for-sellers.html
AWS Organizations	Service that helps customers pragmatically manage and govern their AWS environment with a centralized approach.	https://aws.amazon.com/organizations/
AWS Purchase Order Management	An AWS Billing Console service that enables self-service management of a customer's AWS purchase orders (POs).	https://aws.amazon.com/aws-cost-management/aws-purchase-order-management/
AWS Regions	Physical location around the world where AWS clusters data centers. Each group of logical data centers is an Availability Zone, with each AWS Region consisting of a minimum of three isolated and physically separate Availability Zones within a geographic area.	https://aws.amazon.com/about-aws/global-infrastructure/regions_az/
AWS Service Catalog	Service that allows organizations to create and manage catalogs of IT services that are approved for use on AWS, such as virtual machine images, servers, software, and databases.	https://docs.aws.amazon.com/servicecatalog/latest/adminguide/what-is_concepts.html
CloudFormation Template	Enables customers to create a template that describes all the needed AWS resources and CloudFormation handles provisioning and configuring those resources. Removes the need for customers to individually create and configure AWS resources and determine dependencies.	https://docs.aws.amazon.com/AWSCloudFormation/latest/UserGuide/Welcome.html
Consulting Partner Private Offer (CPPO)	A type of Private Offer that allows consulting partners to resell ISV products on AWS Marketplace.	https://docs.aws.amazon.com/marketplace/latest/userguide/consulting-partner-offers.html
Container Products	Standalone products fulfilled as container images. Container products can either be free or must be paid for using a seller-provided pricing option.	https://docs.aws.amazon.com/marketplace/latest/buyerguide/buyer-what-is-aws-marketplace-for-containers.html
Flexible Payment Scheduler (FPS)	Seller feature available for AMI multi-year and SaaS contracts Private Offers that enables the seller to offer a custom payment schedule.	https://docs.aws.amazon.com/marketplace/latest/userguide/flexible-payment-scheduler.html
Identity and Access	Service that allows administrators to specify who or what can access services and	https://aws.amazon.com/iam/

Term	Description	Further Information
Management (IAM)	resources in AWS, manage permissions, and analyze access across AWS.	
Managed Entitlements	Feature that enables customers to distribute, activate, and track software license entitlements acquired in AWS Marketplace through AWS License Manager.	https://aws.amazon.com/marketplace/features/managed-entitlements/
Micro Instance	A low-cost EC2 instance type designed for less demanding applications that require lower throughput.	https://aws.amazon.com/about-aws/whats-new/2010/09/09/announcing-micro-instances-for-amazon-ec2/
Private Marketplace	A feature that controls which products users in an AWS account can procure from AWS Marketplace. Administrators can create and customize curated digital catalogs of products.	https://docs.aws.amazon.com/marketplace/latest/buyerguide/private-marketplace.html
Private Offer	A purchasing program that allows sellers and buyers to negotiate custom pricing, payment schedules, and terms in AWS Marketplace.	https://docs.aws.amazon.com/marketplace/latest/buyerguide/buyer-private-offers.html
Reserved Instance (RI)	Provides a discounted hourly rate and an optional capacity reservation for EC2 instances.	https://aws.amazon.com/ec2/pricing/reserved-instances/
Savings Plan	A flexible pricing model offering lower prices compared to on-demand pricing, in exchange for a specific usage commitment.	https://aws.amazon.com/savingsplans/
Seller of Record	The supplier of the AWS Marketplace product, typically the ISV or consulting partner.	https://docs.aws.amazon.com/marketplace/latest/userguide/user-guide-for-sellers.html

ATTACHMENT A

OMNIA®
PARTNERS

Requirements for National Cooperative Contract To Be Administered by OMNIA Partners

The following documents are used in evaluating and administering national cooperative contracts and are included for Supplier's review and response.

Exhibit A – Response for National Cooperative Contract

Exhibit G – New Jersey Business Compliance

(For documents with exceptions, AWS will work directly with member agency to meet their individual requirements)

Exhibit H - Advertising Compliance Requirement

Exhibit A
Response for National Cooperative Contract

1.0 Scope of National Cooperative Contract

Capitalized terms not otherwise defined herein shall have the meanings given to them in the Master Agreement or in the Administration Agreement between Supplier and OMNIA Partners.

1.1 Requirement

The City of Rochester Hills, MI (hereinafter defined and referred to as "Principal Procurement Agency"), on behalf of itself and the National Intergovernmental Purchasing Alliance Company, a Delaware corporation d/b/a OMNIA Partners, Public Sector ("OMNIA Partners"), is requesting proposals for Software Marketplace including Cloud Solutions. The intent of this Request for Proposal is any contract between Principal Procurement Agency and Supplier resulting from this Request for Proposal ("Master Agreement") be made available to other public agencies nationally, including state and local governmental entities, public and private primary, secondary and higher education entities, non-profit entities, and agencies for the public benefit ("Public Agencies"), through OMNIA Partners' cooperative purchasing program. The Principal Procurement Agency has executed a Principal Procurement Agency Certificate with OMNIA Partners, an example of which is included as Exhibit D, and has agreed to pursue the Master Agreement. Use of the Master Agreement by any Public Agency is preceded by their registration with OMNIA Partners as a Participating Public Agency in OMNIA Partners' cooperative purchasing program. Registration with OMNIA Partners as a Participating Public Agency is accomplished by Public Agencies entering into a Master Intergovernmental Cooperative Purchasing Agreement, an example of which is attached as Exhibit C, and by using the Master Agreement, any such Participating Public Agency agrees that it is registered with OMNIA Partners, whether pursuant to the terms of the Master Intergovernmental Purchasing Cooperative Agreement or as otherwise agreed to. The terms and pricing established in the resulting Master Agreement between the Supplier and the Principal Procurement Agency will be the same as that available to Participating Public Agencies through OMNIA Partners.

All transactions, purchase orders, invoices, payments etc., will occur directly between the Supplier and each Participating Public Agency individually, and neither OMNIA Partners, any Principal Procurement Agency nor any Participating Public Agency, including their respective agents, directors, employees or representatives, shall be liable to Supplier for any acts, liabilities, damages, etc., incurred by any other Participating Public Agency. Supplier is responsible for knowing the tax laws in each state.

This Exhibit A defines the expectations for qualifying Supplier. Each section in this Exhibit A refers to the capabilities, requirements, obligations, and prohibitions of competing Suppliers on a national level in order to serve Participating Public Agencies through OMNIA Partners.

These requirements are incorporated into and are considered an integral part of this RFP. OMNIA Partners reserves the right to determine whether to make the Master Agreement awarded by the Principal Procurement Agency available to Participating Public Agencies, in its sole and absolute discretion, and any party submitting a response to this RFP acknowledges that any award by the Principal Procurement Agency does not obligate OMNIA Partners to make the Master Agreement available to Participating Procurement Agencies.

1.2 Marketing, Sales and Administrative Support

During the term of the Master Agreement OMNIA Partners intends to provide marketing, sales, partnership development and administrative support for Supplier pursuant to this section that directly promotes the Supplier's products and services to Participating Public Agencies through multiple channels, each designed to promote specific products and services to Public Agencies on a national basis.

OMNIA Partners will assign the Supplier a Director of Partner Development who will serve as the main point of contact for the Supplier and will be responsible for managing the overall relationship between the Supplier and OMNIA Partners. The Director of Partner Development will work with the Supplier to develop a comprehensive strategy to promote the Master Agreement and will connect the Supplier with appropriate stakeholders within OMNIA Partners including, Sales, Marketing, Contracting, Training, and Operations & Support.

The OMNIA Partners marketing team will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through channels that may include:

A. Marketing collateral (print, electronic, email, presentations)

B. Website

C. Trade shows/conferences/meetings

D. Advertising

E. Social Media

The OMNIA Partners sales teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through initiatives that may include:

A. Individual sales calls

B. Joint sales calls

C. Communications/customer service

D. Training sessions for Public Agency teams

E. Training sessions for Supplier teams

The OMNIA Partners contracting teams will work in conjunction with Supplier to promote the Master Agreement to both existing Participating Public Agencies and prospective Public Agencies through:

A. Training sessions for Public Agency teams

B. Training sessions for Supplier teams

C. Regular business reviews to monitor program success

D. General contract administration

1.3 Estimated Volume

The dollar volume purchased under the Master Agreement is estimated to be approximately $500 million annually. While no minimum volume is guaranteed to Supplier, the estimated annual volume is projected based on the current annual volumes among the Principal Procurement Agency, other Participating Public Agencies that are anticipated to utilize the resulting Master Agreement to be made available to them through OMNIA Partners, and volume growth into other Public Agencies through a coordinated marketing approach between Supplier and OMNIA Partners.

1.4 Award Basis

The basis of any contract award resulting from this RFP made by Principal Procurement Agency will, at OMNIA Partners' option, be the basis of award on a national level through OMNIA Partners. If multiple Suppliers are awarded by Principal Procurement Agency under the Master Agreement, those same Suppliers will be required to extend the Master Agreement to Participating Public Agencies through OMNIA Partners. Utilization of the Master Agreement by Participating Public Agencies will be at the discretion of the individual Participating Public Agency. Certain terms of the Master Agreement specifically applicable to the Principal Procurement Agency (e.g., governing law) are subject to modification for each Participating Public Agency as Supplier and such Participating Public Agency may agree without being in conflict with the Master Agreement as a condition of the Participating Agency's purchase and not a modification of the Master Agreement applicable to all Participating Agencies. Participating Agencies may request to enter into a separate supplemental agreement ("Supplemental Agreement"). It shall be the responsibility of the Supplier to comply, when applicable, with the prevailing wage legislation in effect in the jurisdiction of the Participating Agency. It shall further be the responsibility of the Supplier to monitor the prevailing wage rates as established by the appropriate department of labor for any increase in rates during the term of the Master Agreement and adjust wage rates accordingly. Any supplemental agreement developed as a result of the Master Agreement is exclusively between the Participating Agency and the Supplier (Contract Sales are reported to OMNIA Partners).

All signed Supplemental Agreements and purchase orders issued and accepted by the Supplier may survive expiration or termination of the Master Agreement. Participating Agencies' purchase orders may exceed the term of the Master Agreement if the purchase order is issued prior to the expiration of the Master Agreement. Supplier is

responsible for reporting all sales and paying the applicable Administrative Fee for sales that use the Master Agreement as the basis for the purchase order, even though Master Agreement may have expired.

1.5 Objectives of Cooperative Program

This RFP is intended to achieve the following objectives regarding availability through OMNIA Partners' cooperative program:

A. Provide a comprehensive competitively solicited and awarded national agreement offering the Products covered by this solicitation to Participating Public Agencies;

B. Establish the Master Agreement as one of the Supplier's go to market strategies to Public Agencies nationwide;

C. Achieve cost savings for Supplier and Public Agencies through a single solicitation process that will reduce the Supplier's need to respond to multiple solicitations and Public Agencies need to conduct their own solicitation process;

D. Combine the aggregate purchasing volumes of Participating Public Agencies to achieve cost effective pricing.

2.0 REPRESENTATIONS AND COVENANTS

As a condition to Supplier entering into the Master Agreement, which would be available to all Public Agencies, Supplier must make certain representations, warranties and covenants to both the Principal Procurement Agency and OMNIA Partners designed to ensure the success of the Master Agreement for all Participating Public Agencies as well as the Supplier.

2.1 Corporate Commitment

Supplier commits that (1) the Master Agreement has received all necessary corporate authorizations and support of the Supplier's executive management, (2) the Master Agreement is one of the Supplier's "go to market" strategies for Public Agencies, (3) the Master Agreement will be promoted to all Public Agencies, as set forth in AWS' response to Exhibit A (AWS proposal section reference 5.2.3 and 10.1.2.3) , and (4) that the Supplier has read and agrees to the terms and conditions of the Administration Agreement with OMNIA Partners and will execute such agreement concurrent with and as a condition of its execution of the Master Agreement with the Principal Procurement Agency. Supplier will identify an executive corporate sponsor and a separate national account manager within the RFP response that will be responsible for the overall management of the Master Agreement.

2.2 Pricing Commitment

Pricing offered under this agreement is public listed current pricing at https://aws.amazon.com/pricing.

2.3 Sales Commitment

Supplier commits to market the Master Agreement as and that its sales force will be trained, engaged and committed to offering the Master Agreement to Public Agencies

through OMNIA Partners nationwide. Supplier commits that all Master Agreement sales will be accurately and timely reported to OMNIA Partners in accordance with the OMNIA Partners Administration Agreement.

3.0 SUPPLIER RESPONSE

Supplier must supply the following information for the Principal Procurement Agency to determine Supplier's qualifications to extend the resulting Master Agreement to Participating Public Agencies through OMNIA Partners.

3.1 Company

A. Brief history and description of Supplier to include experience providing similar products and services.

B. Total number and location of salespersons employed by Supplier.

C. Number and location of support centers (if applicable) and location of corporate office.

D. Annual sales for the three previous fiscal years.

   a. Submit FEIN and Dunn & Bradstreet report.

E. Describe any green or environmental initiatives or policies.

F. Describe any diversity programs or partners supplier does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

   a. Minority Women Business Enterprise

      ☐ Yes ☐ No

      If yes, list certifying agency: _____

   b. Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)

      ☐ Yes ☐ No

      If yes, list certifying agency: _____

   c. Historically Underutilized Business (HUB)

      ☐ Yes ☐ No

      If yes, list certifying agency: _____

   d. Historically Underutilized Business Zone Enterprise (HUBZone)

      ☐ Yes ☐ No

      If yes, list certifying agency: _____

   e. Other recognized diversity certificate holder

      ☐ Yes ☐ No

      If yes, list certifying agency: _____

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

I. Describe how supplier differentiates itself from its competitors.

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

K. Felony Conviction Notice: Indicate if the supplier

   a. is a publicly held corporation and this reporting requirement is not applicable;

   b. is not owned or operated by anyone who has been convicted of a felony; or

   c. is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.

L. Describe any debarment or suspension actions taken against supplier

3.2 Distribution, Logistics

A. Each offeror awarded an item under this solicitation may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by supplier.

B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

E. Provide the number, size and location of Supplier's distribution facilities, warehouses and retail network as applicable.

3.3 Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to implement the Master Agreement as one of supplier's go to market strategies for Public Agencies to supplier's teams, to include, but not limited to:

   i. Executive leadership endorsement and sponsorship of the award as a public sector go-to-market strategy within first 10 days

ii. Training and education of Supplier's U.S. state and local government and education sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

i. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days

ii. Upon mutual agreement, design, submission and distribution of co-branded marketing materials within first 90 days

iii. Commitment to attendance and participation with OMNIA Partners at national e.g., NIGP Annual Forum, etc.), regional e.g., Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

iv. Commitment to attend, exhibit and participate at the NIGP Annual Forum in an area reserved by OMNIA Partners for partner suppliers. Booth space will be purchased and staffed by Supplier. In addition, Supplier commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as mutually agreed.

v. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement. Supplier reserves the right to select publications based on existing relationships and sponsorships.

vi. Ongoing marketing and promotion of the Master Agreement throughout its term (case studies, collateral pieces, presentations, promotions, etc.)

vii. Dedicated OMNIA Partners page on Supplier's website with:

- OMNIA Partners standard logo;
- Summary of Products and links to public pricing lists on Supplier's website;
- Marketing Materials
- Electronic link to OMNIA Partners' website including the online registration page;
- A dedicated email address for OMNIA Partners
- Purchase order and invoicing instructions

C. Describe how the Master Agreement will be positioned among the other cooperative agreements.

D. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

E. . At a minimum, the Supplier's sales initiatives should communicate:

i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency

ii. No cost to participate

iii. Non-exclusive

F. Confirm Supplier will train its U.S. state and local government and education sales force on the Master Agreement. At a minimum, sales training should include:

i. Key features of Master Agreement

ii. Working knowledge of the solicitation process

iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners

iv. Knowledge of benefits of the use of cooperative contracts

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

i. Executive Support
ii. Marketing
iii. Sales
iv. Sales Support
v. Financial Reporting
vi. Accounts Payable
vii. Contracts

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account set-up, timely contract administration, etc.

J. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

Detail Supplier's strategies under these options when responding to a solicitation.

5. Supplier Information

In this section we provide answers to the Supplier Qualifications and Supplier Information questionnaires presented in Attachment A-Exhibit A of the request.

5.1. Supplier Qualifications (Ref. Attachment A, Section 2.0)

AWS acknowledges and understands the Supplier Commitments listed in Exhibit A, Section 2.0 of Attachment A, Requirements for National Cooperative Contract to Be Administered by OMNIA Partners. Please refer to **Section 8 Exceptions** for a list of terms, conditions, and other requirements to which AWS cannot agree without modification.

5.2. Supplier Information (Ref. Attachment A, Section 3.0)

In the following section, AWS provides the requested supplier information.

5.2.1. Company

A. Brief history and description of Supplier to include experience providing similar products and services.

Amazon has a long history of using a decentralized IT infrastructure. This has enabled our development teams to access compute and storage resources on demand, and it has increased overall productivity and agility. By 2005, Amazon had spent over a decade and millions of dollars building and managing the large-scale, reliable, and efficient IT infrastructure that powers one of the world's largest online retail platforms. Amazon launched AWS so that other

organizations could benefit from Amazon's experience and investment in running a large-scale, distributed, transactional IT infrastructure. AWS has been operating since 2006 and now serves millions of active customers every month worldwide.

Forrester, a leading industry analyst firm, named AWS Marketplace as a leader in SaaS cloud marketplaces in their *Forrester New Wave™: Marketplaces for SaaS Sourcing*, Q1 2022 report. Forrester rated AWS Marketplace as differentiated in buyer interface, contract terms, artificial intelligence and automation, roadmap, and go-to market approach. The report states that AWS Marketplace is "well suited to procurement and IT" and "provides advanced features relevant for procurement in areas such as contracting."

In 2012, AWS introduced AWS Marketplace, becoming the first CSP to offer an online store with products curated for the cloud. By 2014, we already had more than 500 listings from category-leading sellers such as Cisco, Palo Alto Networks, Trend Micro, and F5. In response to what they told us they wanted, we launched the first cloud infrastructure marketplace to offer annual subscriptions. This enables customers to get a discount on the hourly rate of metered third-party software by committing to a year of usage.

In 2017, we worked with Splunk and other customers to become the first cloud infrastructure marketplace to launch Private Offers, which enabled customers to pay a privately negotiated rate with sellers as they migrated those relationships to AWS.

Then, customers told us they often negotiate their contracts with resellers, distributors, and managed service providers. So, in 2018, we were the first cloud infrastructure marketplace to launch CPPO, described in **Question 1.1**. CPPO enables customers to transact using the channel partner of their choice. We now work with more than a thousand channel partners including Presidio, SHI, Rackspace, and GuidePoint Security.

Today, more than 325,000 customers use AWS Marketplace to find, buy, deploy, and govern more than 12,000 listings from more than 2,000 sellers.

B. Total number and location of salespersons employed by Supplier.

Amazon does not disclose AWS-specific employment statistics. According to the Amazon 2022 Q2 Quarterly Report, Amazon employed approximately 1,523,000 full-time and part-time employees as of June 30, 2022. Note that employment levels fluctuate due to seasonal factors affecting our business. AWS has state and local government, education, and nonprofit organization sales coverage across the United States.

C. Number and location of support centers (if applicable) and location of corporate office.

AWS's corporate office is located at 410 Terry Avenue North Seattle, WA 98109-5210. As related to customer support for this contract and referenced previously in **Question 1.15**, the AWS Marketplace Help page addresses the most common questions we receive from customers and our AWS Marketplace Resources Hub includes more in-depth categorized content. Customers can also directly contact their AWS account manager for assistance. We offer numerous options to connect directly with AWS support through our website at aws.amazon.com/contact-us.

D. Annual sales for the three previous fiscal years.

Annual sales for AWS (in millions):

- Fiscal Year 2019: $35,026

- Fiscal Year 2020: $45,370
- Fiscal Year 2021: $62,202.

Please refer to https://ir.aboutamazon.com/quarterly-results for more information on AWS revenue.

a. Submit FEIN and Dun & Bradstreet report.

Our FEIN is 204938068. Our Dun & Bradstreet number is 965048981. Please see **Appendix B** for AWS's Dun & Bradstreet report.

E. Describe any green or environmental initiatives or policies

AWS is committed to running our business in the most environmentally friendly way possible and achieving 100% renewable energy usage for our global infrastructure. A study by 451 Research found that AWS infrastructure is 3.6 times more energy efficient than the median of surveyed enterprise data centers. More than two thirds of this advantage is attributable to running more energy efficient servers and higher server utilization—the latter a product of AWS's unique scale. AWS data centers are also more energy efficient than enterprise sites because of comprehensive efficiency programs that touch every facet of our facilities. For instance, when 451 Research factored in the carbon intensity of consumed electricity and renewable energy purchases (which reduce associated carbon emissions), they found that AWS performs the same task with an 88% lower carbon footprint.

By using the Customer Carbon Footprint Tool—a new AWS calculator for carbon footprint—customers can calculate the environmental impact of their AWS workloads. This tool uses easy-to-understand data visualizations to provide customers with their historical carbon emissions, evaluate emission trends as their use of AWS evolves, approximate the estimated carbon emissions they have avoided by using AWS instead of an on-premises data center, and review forecasted emissions based on current use.

The forecasted emissions are based on current usage, and show how a customer's carbon footprint will change as Amazon stays on path to powering its operations with 100% renewable energy by 2025, five years ahead of its original target of 2030, and drives toward net zero carbon by 2040 as part of The Climate Pledge.

In addition to the environmental benefits inherently associated with running applications in the cloud, Amazon is committed to powering our operations with 100% renewable energy by 2025, five years ahead of the original target. In 2020, Amazon became the world's largest corporate purchaser of renewable energy, reaching 65% renewable energy across our business.

Our push to use more renewable energy is one step on our path to net zero carbon by 2040 as part of Amazon's commitment to The Climate Pledge. To achieve this sustainability goals, Amazon focuses on four complementary areas:

- Increasing energy efficiency in facilities and equipment
- Continuous innovation in data centers
- Advocacy at the global, federal, and state levels to create a favorable environment for renewable energy
- Working with various power providers around the world to increase the availability of renewable energy.

To learn more about AWS renewable energy projects across the globe and AWS sustainability practices across Amazon, see the following resources:

- Amazon Around the Globe: View an interactive map and other resources to see Amazon's sustainability efforts happening all around the globe.
- Sustainability in the Cloud: Learn how AWS is working to achieve Amazon's goal of 100% renewable energy.
- Amazon Sustainability: Learn about our ongoing efforts to fulfill our commitment to sustainability.

F. Describe any diversity programs or partners supplier does business with and how Participating Agencies may use diverse partners through the Master Agreement. Indicate how, if at all, pricing changes when using the diversity program. If there are any diversity programs, provide a list of diversity alliances and a copy of their certifications.

Supporting supplier diversity is a fundamental part of the work of Amazon—AWS's parent company—and an extension of Amazon's customer-centric culture. As a leading retailer, Amazon invests in the success of small- and medium-sized businesses (SMBs) by providing them with logistics services and technology support to thrive in the Amazon.com marketplace.

Amazon has contributed tens of billions in infrastructure and built hundreds of tools to help SMBs and Minority- and Women- Owned Business Enterprises (MWBEs) succeed, including data analytics that help independent sellers to better understand and reach customers. From 2019 to 2020, Amazon invested more than **$30 billion** in logistics, tools, services, and programs to foster the growth of SMB sellers. Amazon's 2020 Small and Medium Sized Business Impact Report summarizes how Amazon has helped a diverse pool of SMB sellers succeed.

AWS builds on Amazon's commitment to SMBs and MWBEs by helping hundreds of thousands of SMBs, startups, and partners launch and scale their businesses. SMBs today are adopting cloud-based working models and shifting to flexible IT platforms. This enables them to respond faster to customer needs and proactively improve products and services—all while reducing costs and freeing up resources for critical projects.

SMBs can achieve better outcomes faster by using the AWS Cloud and software from the AWS Marketplace. Our cloud solutions can help SMBs reach new customers, strengthen relationships with existing customers, gain audience insights, streamline operations, and make their IT environments more secure. We provide SMBs and MWBEs with free tools and resources to accelerate their growth and development on AWS, as highlighted by the programs below.

How Participating Agencies May Use Diverse Partners Through the Master Agreement

AWS Marketplace can help the City and OMNIA Members procure directly from sellers in a variety of categories that may help meet supplier diversity goals. Our search functionality can help the City and OMNIA Members find diverse APN Partners and track transactions with these AWS Marketplace sellers. Please see our response to **Question 1.7** for details on how AWS can help the City and OMNIA Members meet their diversity goals.

Please note that pricing is not affected by using these tools. Additionally, AWS is not a member of any diversity alliance. AWS Marketplace buyers should work with sellers directly to receive copies of their certifications where applicable.

G. Indicate if supplier holds any of the below certifications in any classified areas and include proof of such certification in the response:

a. Minority Women Business Enterprise

Yes (No)

If yes, list certifying agency: _____

b. **Small Business Enterprise (SBE) or Disadvantaged Business Enterprise (DBE)**

Yes (No)

If yes, list certifying agency: _____

c. **Historically Underutilized Business (HUB)**

Yes (No)

If yes, list certifying agency: _____

d. **Historically Underutilized Business Zone Enterprise (HUBZone)**

Yes (No)

If yes, list certifying agency: _____

e. **Other recognized diversity certificate holder**

Yes (No)

If yes, list certifying agency: _____

No certifications held.

H. List any relationships with subcontractors or affiliates intended to be used when providing services and identify if subcontractors meet minority-owned standards. If any, list which certifications subcontractors hold and certifying agency.

AWS might decide to use subcontractors to meet some of its contractual obligations under the Agreement (for example, using subcontractors to provide certain services, such as support services, on AWS's behalf). If AWS decides to use a subcontractor, AWS will enter into an agreement with the subcontractor on terms that AWS considers appropriate in light of the subcontractor's role and duties.

I. Describe how supplier differentiates itself from its competitors.

AWS Marketplace makes it easy to find, test, buy, deploy, and manage third-party software that runs on AWS. AWS Marketplace helps you find the software and associated professional services you need to innovate all in one place, simplifying procurement. You can discover complete business solutions and curated service offerings from ISVs and consulting partners, and select payment options and contract terms that fit your needs. All charges are simplified onto your AWS bill. AWS Marketplace simplifies software licensing and procurement processes due to its flexible pricing options and multiple deployment methods. Customers can select commercial software from well-known vendors, as well as many widely used open source offerings. Procurement professionals can leverage AWS Marketplace to accelerate innovation and enable cloud users to rapidly and securely deploy solutions, while reducing TCO and improving operational oversight.

According to The Total Economic Impact of Using AWS Marketplace (an AWS-commissioned study by Forrester Consulting), customers who procure solutions via AWS Marketplace can benefit from:

- **Up to a 75% reduction in onboarding effort for new vendors**
- **66% time savings due to procurement efficiency**

- **Up to a 10% reduction in licensing costs.**

AWS Marketplace can help public sector customers drive efficiency throughout the procurement process, save on licensing fees by transitioning to more flexible licensing models, and vet and onboard new vendors with less effort than traditional practices.

The Forrester New Wave: Marketplaces for SaaS Sourcing report names AWS Marketplace as a leader in SaaS cloud marketplaces. The report reveals findings from Forrester's evaluation of marketplaces for SaaS sourcing and evaluates the 9 most significant providers across 10 criteria and where they stand in relation to one another. Vendors are scored as *differentiated*, *on par*, *needs improvement*, or *no capability* across the criteria.

Forrester rated AWS Marketplace as **differentiated** in buyer interface, contract terms, artificial intelligence and automation, roadmap, and market approach. The report states that AWS Marketplace is "well suited to procurement and IT" and "provides advanced features relevant for procurement in areas such as contracting." Forrester states that AWS "has invested significantly in its marketplace and continues to push the envelope in areas like standard contract terms; custom contract negotiation in its marketplace; and integration with leading procurement tools, such as Coupa. AWS has broken new ground in areas that procurement cares about and offers a new way to streamline SaaS buying and thereby increase efficiency while lowering risk."

J. Describe any present or past litigation, bankruptcy or reorganization involving supplier.

AWS is a multi-national company. Providing a substantive response to this question poses a significant burden. AWS can work with the City and OMNIA Partners to narrow the scope of this request if needed.

K. Felony Conviction Notice: Indicate if the supplier

a. **is a publicly held corporation and this reporting requirement is not applicable;**

b. **is not owned or operated by anyone who has been convicted of a felony; or**

c. **is owned or operated by and individual(s) who has been convicted of a felony and provide the names and convictions.**

AWS is a subsidiary of a publicly held corporation and this reporting requirement is not applicable.

L. Describe any debarment or suspension actions taken against supplier

To the best of our knowledge and belief, AWS is not currently debarred or suspended from doing business with any US entities.

5.2.2. Distribution and Logistics

A. Each offeror awarded an item under this solicitation may offer their complete product and service offering/a balance of line. Describe the full line of products and services offered by supplier.

Please refer to **Section 4.2** for a detailed overview of our approach to the Scope of Services, and a description of the full line of products and services offered through AWS Marketplace. At a high level, AWS offers comprehensive cloud services infrastructure with compute power, storage, content delivery, and other functionality that organizations can use to deploy

applications and services cost effectively. AWS Marketplace augments and extends the AWS Cloud through third-party solutions.

AWS Marketplace solutions are built on and for AWS, offering compatibility and security AWS customers have grown to trust. Currently AWS Marketplace offers over 12,000 listings from 2,000 ISVs and 1,000 consulting partners offering solutions across 65 categories and numerous pricing and deployment models.

We consider all AWS services, including those that will be added or removed over the term of the agreement, to be in scope of our response. AWS has more than 200 fully featured services, including compute, storage, databases, networking, analytics, robotics, machine learning and AI, IoT, mobile, security, hybrid, VR, AR, media, application development, deployment, management, and much more.

B. Describe how supplier proposes to distribute the products/service nationwide. Include any states where products and services will not be offered under the Master Agreement, including U.S. Territories and Outlying Areas.

Nationwide distribution of the products and services outlined in this proposal will occur through AWS Marketplace. Solutions in AWS Marketplace offer multiple deployment options including Amazon Machine Image (AMI), SaaS, containers, Amazon SageMaker, and CloudFormation. Customers can choose to purchase directly through AWS Marketplace's self-service option or via Private Offers, either directly with the ISV or through a consulting partner. To simplify procurement further, AWS Marketplace offers end-to-end transactability for public listings—customers do not need to visit the ISV's website to complete transactions.

Launch and distribution of the solution is dependent on the deployment option selected. For our most popular option, SaaS, customers can use the Amazon EC2 console to choose Region and instance type to launch or use or "1-click" launch. For software products, the seller chooses which AWS Regions to make their software available in, as well as the instance types. 1-click launch helps customers launch quickly with recommended default options such as security groups and instance types. With 1-click launch, customers can also see an estimated monthly bill.

Product availability is based on supported AWS Regions. The AWS Marketplace website is available in all seven North American Regions, including our two AWS GovCloud Regions, and 24 Regions worldwide. All sellers offering paid products must be from eligible jurisdictions, which currently include United States (US), Australia, Bahrain, European Union (EU) member states, Hong Kong SAR, Israel, Japan, New Zealand, Norway, Qatar, Switzerland, United Arab Emirates (UAE), and United Kingdom (UK).

C. Describe how Participating Agencies are ensured they will receive the Master Agreement pricing; include all distribution channels such as direct ordering, retail or in-store locations, through distributors, etc. Describe how Participating Agencies verify and audit pricing to ensure its compliance with the Master Agreement.

AWS offers the City of Rochester Hills and OMNIA Partners members all AWS services at publicly available pricing (found at aws.amazon.com/pricing/). We additionally offer an infrastructure credit incentive program, described in **Section 11,** to customers procuring through this Master Agreement. Customers can negotiate pricing with AWS Marketplace sellers using the Private Offer and CPPO functionalities. Customers can verify negotiated pricing of their Private Offer or CPPO prior to accepting the offer.

Customers can use AWS Cost Explorer to monitor and analyze costs and usage for data up to the last 12 months.

D. Identify all other companies that will be involved in processing, handling or shipping the products/service to the end user.

Customers can access software they know and trust from over 2,000 ISVs; 1,000 AWS Marketplace Consulting Partners; and 250 Data Providers. Due to the nature of an online cloud marketplace and third-party vendors, AWS recommends the City and OMNIA Members reference aws.amazon.com/marketplace for an up-to-date list of companies involved in processing, handling, or shipping the products and services to end users for purchases made through AWS Marketplace.

With AWS Marketplace purchases, the supplier of the product listed is the seller of record in AWS Marketplace transactions. Each seller's name is detailed on the invoice to assist in verification. AWS Marketplace provides an automated way for ISVs and Channel Partners to sell to customers. When the seller submits a product in AWS Marketplace, they define the price of the product, and the terms and conditions of use. When a customer purchases from the seller, they are agreeing to the pricing and terms and conditions set for the offer by the seller, which can be directly negotiated via a Private Offer and Consulting Partner Private Offers. Customers can meet their software procurement needs with custom terms, volume pricing, and flexible payment options negotiated privately with their preferred ISV or consulting partner.

While AWS Marketplace is agnostic in the process and merely providing billing and invoicing for transactions, it enables customers to procure many solutions directly from AWS Marketplace sellers, including ISVs and channel partners, and provides billing and invoicing for transactions we enable.

E. Provide the number, size and location of Supplier's distribution facilities, warehouses and retail network as applicable.

For software products, the seller chooses which AWS Regions to make their software available in, as well as the instance types. AWS encourages sellers to make products available in all available Regions and on all instance types that make sense. As mentioned in **Response B** of **Section 5.2.2**, AWS Marketplace website is available in 24 Regions worldwide and all seven North American Regions, including our two AWS GovCloud Regions.

5.2.3. Marketing and Sales

A. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to immediately implement the Master Agreement as supplier's primary go to market strategy for Public Agencies to supplier's teams nationwide, to include, but not limited to:

i. Executive leadership endorsement and sponsorship of the award as the public sector go-to-market strategy within first 10 days

In the first 10 business days from award, AWS executive leadership will distribute internal communication via email announcing the award and describing upcoming training materials. The audience for this communication will be our relevant sales teams—including teams covering state and local government, education, and non-profits—and the teams covering the ISVs selling to these customers—EdTechs and GovTechs.

ii. Training and education of Supplier's national sales force with participation from the Supplier's executive leadership, along with the OMNIA Partners team within first 90 days

In the first 30 days, the OMNIA primary point of contact will conduct a live sales kick-off training that will be recorded. Executive sales leadership will make an introduction. During the live kick-off, all elements of **Response F** will be addressed, as well as:

- How to set up an AWS account
- Credits available to OMNIA AWS customers
- How to check if a prospective customer is already an OMNIA member
- Talk track on OMNIA's scope and benefits.

The live kick-off will be followed by a knowledge check. We will create an internal OMNIA resource hub within our communication tool to accompany this training. This resource hub will also address all elements of **Response F** and contain FAQ. An internal Slack channel will be established to answer OMNIA questions as they arise.

From days 30 through 60, business development managers will attend each individual sales team meeting to refresh knowledge from the kick-off training and answer questions about OMNIA.

From 60 through 90 days and beyond, OMNIA training will be included in onboarding (required new hire training) and annual refreshers for tenured employees. This training will be accompanied by knowledge checks.

B. Provide a detailed ninety-day plan beginning from award date of the Master Agreement describing the strategy to market the Master Agreement to current Participating Public Agencies, existing Public Agency customers of Supplier, as well as to prospective Public Agencies nationwide immediately upon award, to include, but not limited to:

i. Creation and distribution of a co-branded press release to trade publications

ii. Announcement, Master Agreement details and contact information published on the Supplier's website within first 90 days

iii. Design, publication and distribution of co-branded marketing materials within first 90 days

iv. Commitment to attendance and participation with OMNIA Partners at national (i.e. NIGP Annual Forum, NPI Conference, etc.), regional (i.e. Regional NIGP Chapter Meetings, Regional Cooperative Summits, etc.) and supplier-specific trade shows, conferences and meetings throughout the term of the Master Agreement

v. Commitment to attend, exhibit and participate at the NIGP Annual Forum. in an area reserved by OMNIA Partners for partner suppliers. Booth space Version October 19, 2021 will be purchased and staffed by Supplier. In addition, Supplier commits to provide reasonable assistance to the overall promotion and marketing efforts for the NIGP Annual Forum, as directed by OMNIA Partners.

vi. Design and publication of national and regional advertising in trade publications throughout the term of the Master Agreement

vii. Ongoing marketing and promotion of the Master Agreement throughout its term

viii. Dedicated OMNIA Partners internet web-based homepage on Supplier's website with:

- **OMNIA Partners standard logo;**
- **Copy of original Request for Proposal;**
- **Copy of Master Agreement and amendments between Principal**
- **Procurement Agency and Supplier;**
- **Summary of Products and pricing;**
- **Marketing Materials**
- **Electronic link to OMNIA Partners' website including the online registration page;**
- **A dedicated toll-free number and email address for OMNIA Partners**

AWS recognizes the value of a coordinated marketing effort with OMNIA Partners. We are committed to continued dialogue with OMNIA Partners to plan and help drive customer awareness of the award. Any items that AWS cannot comply with are noted in **Section 8**. Within 90 days of award, AWS aims to:

- Review our tentative 2023 calendar of national, regional, and supplier-specific trade shows, conferences, and meetings with OMNIA Partners. While we expect to identify events of mutual interest, creation of a complete list of events may exceed ninety days depending on team-specific planning guidelines. At the agreed upon events, AWS to promote the agreement through marketing collateral distributed at the event. Examples of events we have attended in the past include:
  - National Association of Counties (NACo) Annual Conference
  - EDUCAUSE Annual Conference for Higher Education
  - E.Repbulic/Government Technology Digital Government Summits for State and Local Government
  - National Association of State Chief Information Officers (NASCIO) Annual Conference
  - Consortium for School Networking (CoSN) Annual Conference for K-12 Education
- Host a webinar on modernizing software procurement featuring speakers from AWS and OMNIA Partners. If AWS is unable to conduct a webinar in the first 90 days, we commit to having the abstract complete, AWS speakers onboard, and a target date planned during the first 90 days. The webinar will be recorded and available on demand for continuous consumption and promotion.
- Publish a blog post (for example, on the AWS Public Sector Blog) announcing the Master Agreement and explaining "Why OMNIA Partners and AWS" with newsletter and social promotion.
- Review OMNIA's press release of the Master Agreement details and contact information. OMNIA will provide the initial draft, and the AWS Public Relations team will review, provide edits, and approve for distribution.
- Create a dedicated OMNIA Partners page on an AWS website with OMNIA Partners standard logo; copy of original Request for Proposal; copy of Master Agreement and amendments between Principal, procurement agency, and supplier; summary of products and pricing; marketing materials; electronic link to OMNIA Partners' website including the online registration page; and a dedicated toll-free number and email address for OMNIA Partners.

- Plan to produce additional co-branded sales materials. AWS cannot guarantee completion of all materials within the first 90 days but will begin planning all such materials during this timeframe. Co-branded sales materials include:
  - A customer-facing contract website detailing how to use the contract.
  - An AWS Marketplace hosted landing page with featured software vendors. See **Figure 17** for a sample landing page.
  - A "Why OMNIA and AWS" one-pager. This collateral will demonstrate the benefits of the agreement. It will be used by AWS public sector field sales and business development teams.
  - A co-branded customer-facing first call deck. This will be available for use by AWS public sector field sales and business development teams for use, as well as OMNIA business development teams.

Figure 17. Sample AWS Marketplace Hosted Landing Page.

Beyond the first 90 days, AWS will promote the agreement through expanded marketing efforts, such as:

- AWS to promote OMNIA Partners-hosted events with public sector sales personnel who wish to attend OMNIA Partners-hosted events tailored specifically to information technology suppliers each year the Master Agreement is in effect.
- AWS to design and distribute national and regional advertising in trade publications throughout the term of the Master Agreement. AWS reserves the right to select publications based on existing relationships and sponsorships.
- AWS to attend and participate as an exhibitor in the NIGP Annual Forum.
- AWS to incorporate OMNIA Partners into AWS Marketplace webinars focused on the public sector audience.
- AWS to work with OMNIA Partners on nominating a joint speaking engagement session based on the list of mutual public sector events.
- AWS to plan blog posts featuring customer success stories for shared customers.

C. Describe how Supplier will transition any existing Public Agency customers' accounts to the Master Agreement available nationally through OMNIA Partners. Include a list of current cooperative contracts (regional and national) Supplier holds and describe how the Master Agreement will be positioned among the other cooperative agreements.

Customer usage of this contract or any other managed contracts held by AWS or our AWS partners is entirely the customer's decision. AWS does not dictate which cooperative agreement its customers use.

AWS will market the agreement to small and medium sized government and educational customers. We will make this agreement available to any OMNIA member that wishes to use it for any AWS service. Due to its scope, this agreement is particularly suited to AWS Marketplace customers. At the time of this submission, AWS does not directly hold any nationwide government or educational cooperative agreements with AWS Marketplace in scope.

A list of current cooperative contracts available via APN Partners is provided on the following site: https://aws.amazon.com/contract-center/state-local-edu-contracts/.

D. Acknowledge Supplier agrees to provide its logo(s) to OMNIA Partners and agrees to provide permission for reproduction of such logo in marketing communications and promotions. Acknowledge that use of OMNIA Partners logo will require permission for reproduction, as well.

AWS acknowledges that use of the OMNIA Partners logo will require permission for reproduction.

Within 90 days of award, AWS Sales will initiate an internal approval request for third-party usage of the AWS logo and provide OMNIA Partners with a Limited Logo Usage Agreement for execution.

E. Confirm Supplier will be proactive in direct sales of Supplier's goods and services to Public Agencies nationwide and the timely follow up to leads established by OMNIA Partners. All sales materials are to use the OMNIA Partners logo. At a minimum, the Supplier's sales initiatives should communicate:

- **i. Master Agreement was competitively solicited and publicly awarded by a Principal Procurement Agency**
- **ii. Best government pricing**
- **iii. No cost to participate**
- **iv. Non-exclusive**

AWS will create an OMNIA customer onboarding document, a customer-facing website, a customer-facing first call deck, and a one-page leave behind. Please see **Response A** for details. Where possible, we will comply with items requested in **Response E**. However, we cannot agree to: *ii. Best government pricing*.

F. Confirm Supplier will train its national sales force on the Master Agreement. At a minimum, sales training should include:

- **i. Key features of Master Agreement**
- **ii. Working knowledge of the solicitation process**

iii. Awareness of the range of Public Agencies that can utilize the Master Agreement through OMNIA Partners

iv. Knowledge of benefits of the use of cooperative contracts

AWS will provide sales training material. We will comply with the items requested in **Response F**. We will provide training in live and recorded formats, as well as through an internal resource hub. Our internal resource hub will contain comprehensive material covering key features of the Master Agreement, the solicitation process, public agency types that can use the OMNIA Master Agreement, and overall benefits of cooperative contracts. Please see **Response A** for more details.

G. Provide the name, title, email and phone number for the person(s), who will be responsible for:

i. Executive Support

ii. Marketing

iii. Sales

iv. Sales Support

v. Financial Reporting

vi. Accounts Payable

vii. Contracts

One of AWS's core values is hiring, recognizing, and developing exceptional talent. We have hand selected leaders to provide an exceptional experience for OMNIA members at every level. **Table 6** provides a brief professional biography for key personnel. To protect employee privacy, AWS does not provide employee emails and phone numbers in proposals.

Name	Role	Professional Biography
	Executive Support and Sales Lead	
	Marketing	
	Sales Support	

Name	Role	Professional Biography
	Financial Reporting and Contracts	
	Accounts Payable	

H. Describe in detail how Supplier's national sales force is structured, including contact information for the highest-level executive in charge of the sales team.

Like everything at AWS, we start with the customer and work backwards from the core customer needs. The structure we describe here is peculiar to state and local government, and education customer segments.

I. Explain in detail how the sales teams will work with the OMNIA Partners team to implement, grow and service the national program.

Beyond the marketing, training, and go-to-market plans, as described in **Response A**, AWS small and medium public sector sales will maintain a consistent focus on enabling customers on OMNIA. These efforts will include in-person call blitz days, cross-training with the OMNIA business development teams, account management enablement on OMNIA, establishing lead-sharing mechanisms, and setting up rep-to-rep meetings between AWS sellers and their OMNIA counterparts.

"One of the lesser known facts about innovative companies like Amazon is that they are relentlessly debating, re-defining, tinkering, iterating, and experimenting to take the seed of a big idea and make it into something that resonates with customers and meaningfully changes their customer experience over a long period of time."

—Andy Jassy

I. Explain in detail how Supplier will manage the overall national program throughout the term of the Master Agreement, including

ongoing coordination of marketing and sales efforts, timely new Participating Public Agency account setup, timely contract administration, etc.

AWS manages multiple statewide and national contract agreements. Through these engagements, we have developed tools, processes, and practices that can help customers easily access the benefits of the agreement. In this response, we highlight some tools we will use to manage the national program throughout the term of the agreement.

Coordination of Marketing and Sales

AWS will manage ongoing coordination of marketing and sales efforts as described in **Response A** of **Section 5.2.3**.

Account Setup

Customers using the agreement can set up an AWS account through our website, www.aws.amazon.com. From there:

1. Users select "Sign in to the Console." They will see a sign-in form, underneath which is a "Create a new AWS account" button.
2. Users select the "Create a new AWS account" button and click through. They will be prompted to provide the information and verifications required to set up an AWS account. Users should have an original email address and chosen AWS account nickname ready. They should also be prepared to retrieve a verification code from the associated email address.
3. After this, users will provide either business or personal identification information covering name, address, and phone number. Please note that customers do not need to provide credit card or other payment information at this stage. Instead, they can return to the sign-in page and enter their email address and password.

Account Onboarding

AWS manages multiple agreements that require customer onboarding. When the agreement is in place, AWS will create a step-by-step guide for customers to get set up to purchase services through the agreement. At a high level, the process for onboarding to the agreement is as follows:

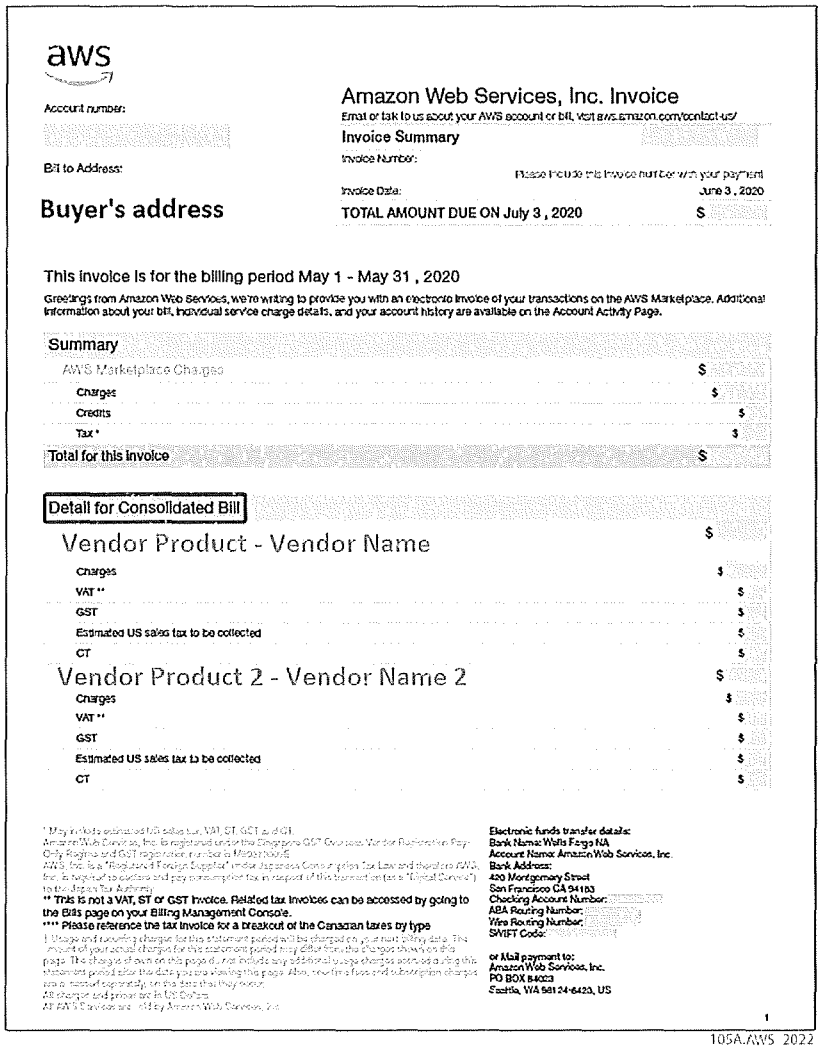
1. Customers create an AWS account. This can be accomplished through the process described above. AWS also offers direct account manager support to help customers with this step.
2. Customers wishing to purchase through the agreement will register their account. This is done by emailing their Payer Account ID(s) to aws-omnia-partners@amazon.com. The AWS Contract Management team will provide the customer with an acceptance email, confirming that they have been added under the terms of the agreement. A customer must receive acceptance from AWS that it has been onboarded to the contract, at which point a customer may start using the contract's terms and conditions and will also earn incentive credits as outlined in **Section 11**.

Contract Management

The AWS Contract Management team will comply with the reporting and administrative fee requirements as mutually agreed. AWS will pay the administrative fee and submit reporting by the 25th calendar day of the second month following the date of the reported sale. For example, AWS reports January sales and submits administrative fees for January sales by March 25. AWS Contract Management will also collaborate with AWS Marketing to create an AWS-hosted

OMNIA contract webpage featuring the Master Agreement (please see **Response A** of **Section 5.2.3** for details). Finally, AWS Contract Management will create a customer onboarding document with detailed instructions for OMNIA members to open or transfer AWS accounts under the OMNIA terms of the Master Agreement.

J. State the amount of Supplier's Public Agency sales for the previous fiscal year. Provide a list of Supplier's top 10 Public Agency customers, the total purchases for each for the previous fiscal year along with a key contact for each.



AWS does not share specific details about individual customers unless publicly detailed by the customers themselves. Millions of active customers a month (including tens of thousands of government agencies, education institutions, and nonprofit organizations) are already using AWS to address a diverse set of use cases, from simple website hosting all the way up to mission-critical intelligence projects dealing with large volumes of sensitive data. Refer to https://aws.amazon.com/solutions/case-studies to learn more about how customers are currently using AWS Cloud services.

K. Describe Supplier's information systems capabilities and limitations regarding order management through receipt of payment, including description of multiple platforms that may be used for any of these functions.

After onboarding to the contract, customers will begin subscriptions or using services through the AWS Management Console and AWS Marketplace. The majority of the products on AWS Marketplace are available as self-service, allowing customers to purchase and start using their product in minutes with a few clicks. Customers can select from the deployment options detailed above and from various pricing options such as pay-as-you-go (seconds/hour), monthly, annual, and multi-year. Please also refer to our description of Private Offers available in **Section 1.1**.

Section 4.2.1.1 describes the systems AWS offers to enable customers to manage AWS Marketplace subscriptions, manage overall AWS billing, consolidate billing between multiple departments, view potential savings, and integrate customer procurement systems with Marketplace.

AWS standard invoices, as shown in **Figure 18**, provide a breakdown of all services used, account ID used, ordering period, customer name, and customer address. Customers can provide payment through EFT or check.

Figure 18. Sample Invoice.

L. Provide the Contract Sales (as defined in Section 12 of the OMNIA Partners Administration Agreement) that Supplier will guarantee each year under the Master Agreement for the initial three years of the Master Agreement ("Guaranteed Contract Sales").

Version October 19, 2021

$_____.00 in year one

$_____.00 in year two

$_____.00 in year three

To the extent Supplier guarantees minimum Contract Sales, the Administrative

Fee shall be calculated based on the greater of the actual Contract Sales and the Guaranteed Contract Sales.

AWS cannot guarantee Contract Sales and we will not publicly report any kind of financial projection at this level.

M. Even though it is anticipated many Public Agencies will be able to utilize the Master Agreement without further formal solicitation, there may be circumstances where Public Agencies will issue their own solicitations. The following options are available when responding to a solicitation for Products covered under the Master Agreement.

i. Respond with Master Agreement pricing (Contract Sales reported to OMNIA Partners).

ii. If competitive conditions require pricing lower than the standard Master Agreement not-to-exceed pricing, Supplier may respond with lower pricing through the Master Agreement. If Supplier is awarded the contract, the sales are reported as Contract Sales to OMNIA Partners under the Master Agreement.

iii. Respond with pricing higher than Master Agreement only in the unlikely event that the Public Agency refuses to utilize Master Agreement (Contract Sales are not reported to OMNIA Partners).

iv. If alternative or multiple proposals are permitted, respond with pricing higher than Master Agreement, and include Master Agreement as the alternate or additional proposal.

We cannot make commitments in **Response M**, other than carefully considering each unique solicitation and responding (or not) accordingly. In AWS Marketplace, software vendors control how their products are priced, not AWS. Please see **Section 4.5** for details on the pricing structures available in AWS Marketplace.

Exhibit G
New Jersey Business Compliance

NEW JERSEY BUSINESS COMPLIANCE

Suppliers intending to do business in the State of New Jersey must comply with policies and procedures required under New Jersey statues. All offerors submitting proposals must complete the following forms specific to the State of New Jersey. Completed forms should be submitted with the offeror's response to the RFP. Failure to complete the New Jersey packet will impact OMNIA Partners' ability to promote the Master Agreement in the State of New Jersey.

DOC #3, continued

P.L. 1995, c. 127 (N.J.A.C. 17:27)
MANDATORY AFFIRMATIVE ACTION LANGUAGE

PROCUREMENT, PROFESSIONAL AND SERVICE CONTRACTS

During the performance of this contract, the contractor agrees as follows:

The contractor or subcontractor, where applicable, will not discriminate against any employee or applicant for employment because of age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. The contractor will take affirmative action to ensure that such applicants are recruited and employed, and that employees are treated during employment, without regard to their age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation. Such action shall include, but not be limited to the following: employment, upgrading, demotion, or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. The contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices to be provided by the Public Agency Compliance Officer setting forth provisions of this non-discrimination clause.

~~The contractor or subcontractor, where applicable will, in all solicitations or advertisement for employees placed by or on behalf of the contractor, state that all qualified applicants will receive consideration for employment without regard to age, race, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation.~~

~~The contractor or subcontractor, where applicable, will send to each labor union or representative of workers with which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the agency contracting officer advising the labor union or workers' representative of the contractor's commitments under this act and shall post copies of the notice in conspicuous places available to employees and applicants for employment.~~

~~The contractor or subcontractor, where applicable, agrees to comply with any regulations promulgated by the Treasurer pursuant to P.L. 1975, c. 127, as amended and supplemented from time to time and the Americans with Disabilities Act.~~

~~The contractor or subcontractor agrees to attempt in good faith to employ minority and female workers trade consistent with the applicable county employment goal prescribed by N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time or in accordance with a binding determination of the applicable county employment goals determined by the Affirmative Action Office pursuant to N.J.A.C. 17:27-5.2 promulgated by the Treasurer pursuant to P.L. 1975, C.127, as amended and supplemented from time to time.~~

~~The contractor or subcontractor agrees to inform in writing appropriate recruitment agencies in the area, including employment agencies, placement bureaus, colleges, universities, labor unions, that it does not discriminate on the basis of age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and that it will discontinue the use of any recruitment agency which engages in direct or indirect discriminatory practices.~~

~~The contractor or subcontractor agrees to revise any of it testing procedures, if necessary, to assure that all personnel testing conforms with the principles of job related testing, as established by the statutes and court decisions of the state of New Jersey and as established by applicable Federal law and applicable Federal court decisions.~~

~~The contractor or subcontractor agrees to review all procedures relating to transfer, upgrading, downgrading and lay off to ensure that all such actions are taken without regard to age, creed, color, national origin, ancestry, marital status, sex, affectional or sexual orientation, and conform with the applicable employment goals, consistent with the statutes and court decisions of the State of New Jersey, and applicable Federal law and applicable Federal court decisions.~~

~~The contractor and its subcontractors shall furnish such reports or other documents to the Affirmative Action Office as may be requested by the office from time to time in order to carry out the purposes of these regulations, and public agencies shall furnish such information as may be requested by the Affirmative Action Office for conducting a compliance investigation pursuant to Subchapter 10 of the Administrative Code (NJAC 17:27).~~

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Public Agency Instructions

This page provides guidance to public agencies entering into contracts with business entities that are required to file Political Contribution Disclosure forms with the agency. **It is not intended to be provided to contractors.** What follows are instructions on the use of form local units can provide to contractors that are required to disclose political contributions pursuant to N.J.S.A. 19:44A-20.26 (P.L. 2005, c. 271, s.2). Additional information on the process is available in Local Finance Notice 2006-1 (http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). Please refer back to these instructions for the appropriate links, as the Local Finance Notices include links that are no longer operational.

1. The disclosure is required for all contracts in excess of $17,500 that are **not awarded** pursuant to a "fair and open" process (N.J.S.A. 19:44A-20.7).

2. Due to the potential length of some contractor submissions, the public agency should consider allowing data to be submitted in electronic form (i.e., spreadsheet, pdf file, etc.). Submissions must be kept with the contract documents or in an appropriate computer file and be available for public access. **The form is worded to accept this alternate submission.** The text should be amended if electronic submission will not be allowed.

3. The submission must be **received from the contractor and** on file at least 10 days prior to award of the contract. Resolutions of award should reflect that the disclosure has been received and is on file.

4. The contractor must disclose contributions made to candidate and party committees covering a wide range of public agencies, including all public agencies that have elected officials in the county of the public agency, state legislative positions, and various state entities. The Division of Local Government Services recommends that contractors be provided a list of the affected agencies. This will assist contractors in determining the campaign and political committees of the officials and candidates affected by the disclosure.

   a. The Division has prepared model disclosure forms for each county. They can be downloaded from the "County PCD Forms" link on the Pay-to-Play web site at http://www.nj.gov/dca/divisions/dlgs/programs/lpcl.html#12. They will be updated from time to time as necessary.
   b. A public agency using these forms **should edit them to properly reflect the correct legislative district**(s). As the forms are county based, **they list all legislative districts** in each county. **Districts that do not represent the public agency should be removed from the lists.**
   c. Some contractors may find it easier to provide a single list that covers all contributions, regardless of the county. These submissions are appropriate and should be accepted.
   d. The form may be used "as is", subject to edits as described herein.
   e. The "Contractor Instructions" sheet is intended to be provided with the form. It is recommended that the Instructions and the form be printed on the same piece of paper. The form notes that the Instructions are printed on the back of the form; where that is not the case, the text should be edited accordingly.
   f. The form is a Word document and can be edited to meet local needs, and posted for download on web sites, used as an e-mail attachment, or provided as a printed document.

5. It is recommended that the contractor also complete a "Stockholder Disclosure Certification." This will assist the local unit in its obligation to ensure that contractor did not make any prohibited contributions to the committees listed on the Business Entity Disclosure Certification in the 12 months prior to the contract. (See Local Finance Notice 2006-7 for additional information on this obligation at http://www.nj.gov/dca/divisions/dlgs/resources/lfns_2006.html). A sample Certification form is part of this package and the instruction to complete it is included in the Contractor Instructions. NOTE: This section is not applicable to Boards of Education.

DOC #4, continued

C. 271 POLITICAL CONTRIBUTION DISCLOSURE FORM

Contractor Instructions

Business entities (contractors) receiving contracts from a public agency that are NOT awarded pursuant to a "fair and open" process (defined at N.J.S.A. 19:44A-20.7) are subject to the provisions of P.L. 2005, c. 271, s.2 (N.J.S.A. 19:44A-20.26). This law provides that 10 days prior to the award of such a contract, the contractor shall disclose contributions to:

- any State, county, or municipal committee of a political party
- any legislative leadership committee*
- any continuing political committee (a.k.a., political action committee)
- any candidate committee of a candidate for, or holder of, an elective office:
  - of the public entity awarding the contract
  - of that county in which that public entity is located
  - of another public entity within that county
  - or of a legislative district in which that public entity is located or, when the public entity is a county, of any legislative district which includes all or part of the county

The disclosure must list reportable contributions to any of the committees that exceed $300 per election cycle that were made during the 12 months prior to award of the contract. See N.J.S.A. 19:44A-8 and 19:44A-16 for more details on reportable contributions.

N.J.S.A. 19:44A-20.26 itemizes the parties from whom contributions must be disclosed when a business entity is not a natural person. This includes the following:

- individuals with an "interest" ownership or control of more than 10% of the profits or assets of a business entity or 10% of the stock in the case of a business entity that is a corporation for profit
- all principals, partners, officers, or directors of the business entity or their spouses
- any subsidiaries directly or indirectly controlled by the business entity
- IRS Code Section 527 New Jersey based organizations, directly or indirectly controlled by the business entity and filing as continuing political committees, (PACs).

When the business entity is a natural person, "a contribution by that person's spouse or child, residing therewith, shall be deemed to be a contribution by the business entity." [N.J.S.A. 19:44A-20.26(b)] The contributor must be listed on the disclosure.

Any business entity that fails to comply with the disclosure provisions shall be subject to a fine imposed by ELEC in an amount to be determined by the Commission which may be based upon the amount that the business entity failed to report.

The enclosed list of agencies is provided to assist the contractor in identifying those public agencies whose elected official and/or candidate campaign committees are affected by the disclosure requirement. It is the contractor's responsibility to identify the specific committees to which contributions may have been made and need to be disclosed. The disclosed information may exceed the minimum requirement.

The enclosed form, a content-consistent facsimile, or an electronic data file containing the required details (along with a signed cover sheet) may be used as the contractor's submission and is disclosable to the public under the Open Public Records Act.

The contractor must also complete the attached Stockholder Disclosure Certification. This will assist the agency in meeting its obligations under the law. **NOTE: This section does not apply to Board of Education contracts.**

* N.J.S.A. 19:44A-3(s): "The term "legislative leadership committee" means a committee established, authorized to be established, or designated by the President of the Senate, the Minority Leader of the Senate, the Speaker of the General Assembly or the Minority Leader of the General Assembly pursuant to section 16 of P.L.1993, c.65 (C.19:44A-10.1) for the purpose of receiving contributions and making expenditures."

DISCLOSURE OF INVESTMENT ACTIVITIES IN IRAN FORM

STATE OF NEW JERSEY
DEPARTMENT OF THE TREASURY - DIVISION OF PURCHASE AND PROPERTY
33 WEST STATE STREET, P.O. BOX 230 TRENTON, NEW JERSEY 08625-0230

BID SOLICITATION # AND TITLE: RFP-RH-22-026, Software Marketplace including Cloud Solutions

VENDOR NAME: Amazon Web Services, Inc.

Pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4) any person or entity that submits a bid or proposal or otherwise proposes to enter into or renew a contract must certify that neither the person nor entity, nor any of its parents, subsidiaries, or affiliates, is identified on the New Jersey Department of the Treasury's Chapter 25 List as a person or entity engaged in investment activities in Iran. The Chapter 25 list is found on the Division's website at https://www.state.nj.us/treasury/purchase/pdf/Chapter25List.pdf. Vendors/Bidders must review this list prior to completing the below certification. If the Director of the Division of Purchase and Property finds a person or entity to be in violation of the law, s/he shall take action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

CHECK THE APPROPRIATE BOX

[X] I certify, pursuant to N.J.S.A. 52:32-57, et seq. (P.L. 2012, c.25 and P.L. 2021, c.4), that neither the Vendor/Bidder listed above nor any of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List of entities determined to be engaged in prohibited activities in Iran.

OR

[ ] ~~I am unable to certify as above because the Vendor/Bidder and/or one or more of its parents, subsidiaries, or affiliates is listed on the New Jersey Department of the Treasury's Chapter 25 List. I will provide a detailed, accurate and precise description of the activities of the Vendor/Bidder, or one of its parents, subsidiaries or affiliates, has engaged in regarding investment activities in Iran by completing the information requested below.~~

~~Entity Engaged in Investment Activities~~ _____
~~Relationship to Vendor/ Bidder~~ _____
~~Description of Activities~~ _____
_____
_____
~~Duration of Engagement~~ _____
~~Anticipated Cessation Date~~ _____
~~*Attach Additional Sheets If Necessary.~~

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein, ~~and that the Vendor is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I may be subject to criminal prosecution under the law, and it will constitute a material breach of my contract(s) with the State, permitting the State to declare any contract(s) resulting from this certification void and unenforceable.~~

MACBRIDE-PRINCIPLES

STATE OF NEW JERSEY DEPARTMENT OF THE TREASURY
DIVISION OF PURCHASE AND PROPERTY

33 WEST STATE STREET, P.O. BOX 230
TRENTON, NEW JERSEY 08625-0230

MACBRIDE PRINCIPALS FORM

BID SOLICITATION #: RFP-RH-22-026 **VENDOR/BIDDER:** Amazon Web Services, Inc.

VENDOR'S/BIDDER'S REQUIREMENT TO PROVIDE A CERTIFICATION IN COMPLIANCE WITH THE MACBRIDE PRINCIPALS AND NORTHERN IRELAND ACT OF 1989

Pursuant to Public Law 1995, c. 134, a responsible Vendor/Bidder selected, after public bidding, by the Director of the Division of Purchase and Property, pursuant to N.J.S.A. 52:34-12, must complete the certification below by checking one of the two options listed below and signing where indicated. If a Vendor/Bidder that would otherwise be awarded a purchase, contract or agreement does not complete the certification, then the Director may determine, in accordance with applicable law and rules, that it is in the best interest of the State to award the purchase, contract or agreement to another Vendor/Bidder that has completed the certification and has submitted a bid within five (5) percent of the most advantageous bid. If the Director finds contractors to be in violation of the principals that are the subject of this law, he/she shall take such action as may be appropriate and provided by law, rule or contract, including but not limited to, imposing sanctions, seeking compliance, recovering damages, declaring the party in default and seeking debarment or suspension of the party.

I, the undersigned, on behalf the Vendor/Bidder, certify pursuant to N.J.S.A. 52:34-12.2 that:

CHECK THE APPROPRIATE BOX

☐ The Vendor/Bidder has no business operations in Northern Ireland; or

OR

☒ The Vendor/Bidder will take lawful steps in good faith to conduct any business operations it has in Northern Ireland in accordance with the MacBride principals of nondiscrimination in employment as set forth in section 2 of P.L. 1987, c. 177 (N.J.S.A. 52:18A-89.5) and in conformance with the United Kingdom's Fair Employment (Northern Ireland) Act of 1989, and permit independent monitoring of its compliance with those principals.

CERTIFICATION

I, the undersigned, certify that I am authorized to execute this certification on behalf of the Vendor/Bidder, that the foregoing information and any attachments hereto, to the best of my knowledge are true and complete. I acknowledge that the State of New Jersey is relying on the information contained herein~~, and that the Vendor/Bidder is under a continuing obligation from the date of this certification through the completion of any contract(s) with the State to notify the State in writing of any changes to the information contained herein; that I am aware that it is a criminal offense to make a false statement or misrepresentation in this certification. If I do so, I will be subject to criminal prosecution under the law, and it will constitute a material breach of my agreement(s) with the State, permitting the State to declare any contract(s) resulting from this certification to be void and unenforceable.~~

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

CONSENT 21.

To: Honorable Mayor and City Council

From: Nora A. Garcia , Director of Public Safety & Emergency Management PS Administration

Subject: CONSIDER APPROVAL OF AMENDMENT NO. 4 TO THE CLIMATEC, LLC SERVICES AGREEMENT (C24-109) TO INCREASE THE CONTRACT SUM AND MEMORIALIZE THE NAME CHANGE FROM CLIMATEC, LLC TO BOSCH BUILDING TECHNOLOGIES LLC (CITY COUNCIL)

I. SUMMARY

On May 27, 2022, City and West Coast Fire & Integration, Inc. (Contractor) entered into a contract to provide comprehensive fire alarm and intrusion alarm system monitoring services at a cost not to exceed $328,820.56.

The parties have since amended the Agreement multiple times, and staff is now requesting City Council approval of Amendment No. 4 to increase the contract sum by a not to exceed amount of $50,000.00 to provide sufficient contract authority for services through the remaining term of the Agreement. Approval of Amendment No. 4 will increase the contract sum from $438,985.23 to $488,985.23. Amendment No. 4 will also memorialize the name change from Climatec, LLC to Bosch Building Technologies LLC, effective January 1, 2026.

II. RECOMMENDATION

TAKE the following actions:

1. APPROVE Amendment No. 4 to the agreement with Bosch Building Technologies LLC, formerly Climatec, LLC, to increase the contract sum from $438,985.23 to $488,985.23 and memorialize the name change from Climatec, LLC to Bosch Building Technologies LLC; and,
2. AUTHORIZE the Mayor to execute Amendment No. 4, following approval as to form by the City Attorney.

III. ALTERNATIVES

TAKE any other action the City Council deems appropriate that is consistent with the requirement of law.

IV. BACKGROUND

City Council approved a five-year contract to the lowest responsive and qualified bidder West Coast Fire & Integration, Inc., to provide citywide comprehensive fire and intrusion alarm system monitoring and maintenance services at City Hall, Community Center, Corporate Yard, and City Parks, at a cost not to exceed $328,820.56.

On June 14, 2023, staff was informed that the new HVAC units at City Hall required LFS system integration and the Basement and IT room AHU systems for the Fire Suppression System project needed a shutdown sequence to comply with the fire code. Additionally, a replacement SIGA-270 pull station needed to be provided at the Community Center and a new wireless communicator was added by changing the cell carrier from Verizon to AT&T at Stevenson Park. Incorporation of these additional services to the original contract's scope of services resulted in Amendment No. 1, which was approved by the City Council on October 3, 2023. This amendment resulted in an increase to the base contract sum of $328,820.56 to $361,045.56.

On or about December 19, 2023, under the City's Contract Officer's authority pursuant to Section 1.8 of the Agreement, the Contract Sum was increased by $2,415.00 for extra work performed by West Coast Fire & Integration, Inc., which increased the contract sum from $361,045.56 to $363,460.56.

On September 8, 2023, West Coast Fire & Integration, Inc. (WCF) was acquired by Climatec, LLC (Climatec) with the intention for Climatec to accept all of WCF's rights, interest, duties and obligations under the agreement. Section 4.5 of the original agreement states that “neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City." As a result, Amendment No. 2, approved by the City Council on February 20, 2024, authorized the assignment of the agreement from WCF to Climatec, effective retroactively as of September 8, 2023.

On June 14, 2024 and July 24, 2024, under the City's Contract Officer's authority pursuant to Section 1.8 of the Agreement, extra work performed at various city facilities in the amount of $2,965.00 and $12,559.67, respectively, was authorized thereby increasing the contract sum to $378,985.23.

The City Hall basement underwent renovations (Capital Improvement Project PW1731) to provide necessary upgrades. This included the Emergency Operation Center (EOC), as well as the administrative office space for the Public Safety & Emergency Management (PS/EM) and the Information Technology and Security Departments. Additional work related to the fire and life safety systems was identified and needed to support the upgrades being completed as part of the basement renovation project. As a result, Amendment No. 3 was approved by the City Council on May 21, 2025, increasing the contract by a total not to exceed amount of $60,000.00. Amendment No. 3 increased the total contract sum from $378,985.23 to $438,985.23.

Climatec subsequently notified the City that Climatec, LLC and Paladin Technologies rebranded their U.S. operations under the Bosch brand, effective January 1, 2026. As part of this transition, Climatec now operates as Bosch Building Technologies LLC, and existing contracts and accounts receivable are being formally assumed by Bosch Building Technologies LLC.

Staff is now requesting City Council approval of Amendment No. 4 to increase the contract by a total not to exceed amount of $50,000.00 to provide sufficient contract authority for services through the remaining term of the Agreement. Amendment No. 4 will increase the total contract sum from $438,985.23 to $488,985.23 and will also memorialize the name change from Climatec, LLC to Bosch Building Technologies LLC.

V. FISCAL IMPACT

If Amendment No. 4 is approved, the contract sum will increase by $50,000.00, from $438,985.23 to $488,985.23. Funding for the additional $50,000.00 is available in GL Account No. 101-55-552-127-6004.

AMENDMENT NO. 4

TO AGREEMENT FOR CONTRACT SERVICES

THIS AMENDMENT TO THE AGREEMENT FOR CONTRACT SERVICES ("Amendment No. 4") by and between the CITY OF CARSON, a California municipal corporation ("City") and BOSCH BUILDING TECHNOLOGIES LLC, an Arizona limited liability company ("Consultant") is effective as of the ____ day of _____, 2026.

RECITALS

A. City and West Coast Fire & Integration, Inc. ("WCF") entered into that certain Agreement for Contractual Services dated May 27, 2022 ("Agreement") whereby WCF agreed to provide fire and security systems monitoring and maintenance Services for 5 years, commencing July 1, 2022 and expiring on June 30, 2027, for a total Contract Sum of $328,820.56.

B. Additional services were required to include: connecting all existing relays to new HV AC units for shutdown at City Hall, conducting troubleshooting at City Hall for various issues, providing a replacement SIGA-270 pull station at the Community Center, and providing a new wireless communicator by changing the cell carrier from Verizon to AT&T at Stevenson Park Community Center (collectively, "Additional Services"), all of which were needed to be completed for fire and safety purposes.

C. On October 3, 2023, City and WCF entered into an amendment to the Agreement to add the Additional Services and increase compensation by $32,225 to cover the cost of the Additional Services for a total Contract Sum of $361,045.56 ("Amendment No. l").

D. On or about December 19, 2023, under City's Contract Officer authority ("CO Authority") pursuant to Section 1.8 of the Agreement, the Contract Sum was increased by $2,415.00 for extra work performed by WCF consisting of purchase and installation of batteries needed for equipment needed for the Services, thereby increasing the Contract Sum from $361,045.56 to $363,460.56.

E. On or around September 8, 2023, Climatec, LLC ("Climatec") acquired WCF's assets and liabilities and otherwise acquired WCF' s business operations, and WCF assigned all of its rights, interests, duties and obligations under the Agreement to Climatec, and Climatec assumed the same. WCF evidenced its intent to assign by issuance of a letter dated September 8, 2023, remitted to the City, advising of Climatec's acquisition of WCF and transfer of WCF's rights and responsibilities under the Agreement to Climatec, effective September 8, 2023.

F. Section 4.5 of the Agreement provides that "neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City." Accordingly, WCF's September 8, 2023, letter was ineffective to serve as a transfer of any rights under the Agreement because it lacked City approval. Furthermore, a retroactive transfer is not permitted under the Agreement due to the requirement of prior City approval, and as such, the Agreement, absent an amendment, does not permit a transfer from WCF to Climatec that is effective as of September 8, 2023. However, the City was amenable to the

requested assignment, as was Climatec. Therefore, the City and Climatec sought to enter into an amendment to add an exception to Section 4.5 of the Agreement to authorize a transfer and assignment of WCF's rights, interests, duties and obligations under the Agreement to Climatec, effective retroactively as of September 8, 2023, and WCF acknowledged and consented to same.

G. The invoices received by the City for services performed under the Agreement commencing as of September 26, 2023 were under the name of Climatec, not WCF. However, under the Agreement, as originally executed, the City was only authorized to make payments to WCF. Therefore, an amendment to the Agreement was necessary to ensure proper authorization for the City to process and pay invoices to Climatec for services performed under the Agreement dating back to September 26, 2023.

H. On May 8, 2024, City and Climatec entered into an amendment to the Agreement to authorize the assignment of the Agreement from WCF to Climatec, retroactive to September 8, 2023, and to thereby authorize the provision of the services under the Agreement by Climatec commencing as of said date, and to ratify and affirm the continuous and uninterrupted term of the Agreement commencing as of July 1, 2022 ("Amendment No. 2").

I. On or about June 14, 2024, under City's CO Authority pursuant to Section 1.8 of the Agreement, the Contract Sum was increased by $2,965.00 for extra work performed by Climatec consisting of sale and installation of batteries for equipment needed for the Services, thereby increasing the Contract Sum to $366,425.56.

J. On or about July 24, 2024, under City's CO Authority pursuant to Section 1.8 of the Agreement, the Contract Sum was increased by $12,559.67 for extra work performed by Climatec needed for the Services, thereby increasing the Contract Sum to $378,985.23. The Parties acknowledged that the Contract Officer Form which is the instrument by which the extra work was provided, does not include a stated date, but mutually agree to deem the effective date of the Contract Officer Form to be July 24, 2024, based on the upload date in the City's financial system when the funding increase was recorded.

K. Additional services were required for City Hall basement renovations to include: safe off all smoke detectors and coil up all the detectors for new tile construction, re-install all smoke detectors once tile is ready, re-route existing wires for HVAC ducts or any reason due to new layouts, supply materials as needed, supply new parts and programming, and complete any final inspection required by the authority having jurisdiction (collectively, "Amendment No. 3 Services"), all of which were needed to be completed for fire and safety purposes.

L. On June 1, 2025, City and Climatec entered into an amendment to the Agreement to increase compensation by $60,000 to cover the cost of Amendment No. 3 Services, for a total adjusted Contract Sum of $438,985.23 ("Amendment No. 3").

M. Climatec advised City that, effective January 1, 2026, Climatec and Paladin Technologies rebranded their United States operations under Consultant's Bosch brand and that the combined organization operates as Bosch Building Technologies LLC. Consultant acquired Climatec's assets and liabilities and otherwise acquired Climatec's business operations, and in connection therewith, Climatec has assigned all of its rights, interests, duties and obligations under

the Agreement to Consultant, and Consultant has assumed the same. Climatec evidenced that intent by issuance of a correspondence remitted to the City, advising of the transfer of Climatec's rights and responsibilities under the Agreement to Consultant, effective January 1, 2026.

N. Climatec's notification to City was ineffective to serve as a transfer of any rights under the Agreement under Section 4.5 of the Agreement because it lacked City approval. Furthermore, a retroactive transfer is not permitted under the Agreement due to the requirement of prior City approval, and as such, the Agreement, absent an amendment, does not permit a transfer from Climatec to Consultant that is effective as of January 1, 2026. However, the City is amenable to the requested assignment, as is Consultant. Therefore, the City and Consultant now see fit to enter into this Amendment No. 4 to add an exception to Section 4.5 of the Agreement to authorize a transfer and assignment of Climatec's rights, interests, duties and obligations under the Agreement to Consultant, effective retroactively as of January 1, 2026, and Climatec acknowledges and consents to same.

O. The invoices received by the City for services performed under the Agreement commencing as of January 1, 2026 have been under the name of Consultant and Climatec. However, under the Agreement, the City is only authorized to make payments to Climatec. Therefore, an amendment to the Agreement is necessary to ensure proper authorization for the City to process and pay invoices to Consultant for services performed under the Agreement dating back to January 1, 2026.

P. Based on the foregoing, City and Consultant now desire and intend to amend the Agreement to authorize the assignment of the Agreement from Climatec to Consultant, retroactive to January 1, 2026, and to thereby authorize the provision of the Services under the Agreement by Consultant commencing as of said date, and to ratify and affirm the continuous and uninterrupted term of the Agreement as of July 1, 2022.

Q. City and Consultant also desire to amend the Agreement to increase compensation by $50,000 to cover the cost of Services already performed and the remaining Services to be performed under the existing Scope of Services for a total adjusted Contract Sum of $488,985.23. The Scope of Services will not expand but the additional cost is needed due to certain Services already completed having to be performed again, such as fire testing resulting from failed tests.

TERMS

1. Incorporation of Recitals. The Recitals set forth above are incorporated into and are a part of this Amendment No. 4.

2. Terms and Definitions. All words, terms and phrases used or referenced in this Amendment No. 4, not expressly defined in this Amendment No. 4, shall have the same meaning ascribed to them in the Agreement.

3. Contract Changes. The Agreement is amended as provided herein (new text is identified in ***bold italics***, deleted text in ~~strike through~~).

A. Section 2.1 (Contract Sum) is hereby amended to read in its entirety as follows:

"2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed Four Hundred ~~Thirty~~ ***Eighty***-Eight Thousand Nine Hundred Eighty-Five Dollars and Twenty-Three Cents ($***488,985.23*** ~~438,985.23~~) (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8."

B. The Agreement is hereby amended such that the term "Consultant," and all references to "Climatec, LLC" as used in the Agreement, shall be construed, commencing from and after January 1, 2026, to mean and refer to "Bosch Building Technologies LLC, an Arizona limited liability company."

C. Section VI. of Exhibit "C" (Schedule of Compensation) is hereby amended to read in its entirety, as follows:

"VI. The total compensation for the Services shall not exceed ~~$438,985.23~~ ***$488,985.23,*** as provided in Section 2.1 of this Agreement."

4. Continuing Effect of Agreement. Except as amended by this Amendment No. 4, all provisions of the Agreement, Amendment No. 1, Amendment No. 2, and Amendment No. 3 shall remain unchanged and in full force and effect. From and after the date of this Amendment No. 4, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement, as amended by Amendment No. 1, Amendment No. 2, Amendment No. 3, and this Amendment No. 4.

5. Affirmation of Agreement; Warranty Re Absence of Defaults. City and Consultant each ratify and reaffirm each and every one of the respective rights and obligations arising under the Agreement, Amendment No. 1**,** Amendment No. 2, and Amendment No. 3. Each party represents and warrants to the other that there have been no written or oral modifications to the Agreement other than as provided herein, Amendment No. 1, Amendment No. 2, and Amendment No. 3. Each party represents and warrants to the other that the Agreement, as amended by Amendment No. 1, Amendment No. 2, Amendment No. 3, and this Amendment No. 4, is currently an effective, valid, and binding obligation.

Consultant represents and warrants to City that, as of the date of this Amendment No. 4, City is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

City represents and warrants to Consultant that, as of the date of this Amendment No. 4, Consultant is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

6. **Adequate Consideration**. The parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. 4.

7. **Authority**. The persons executing this Amendment No. 4 on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Amendment No. 4 on behalf of said party, (iii) by so executing this Amendment No. 4, such party is formally bound to the provisions of this Amendment No. 4, and (iv) the entering into this Amendment No. 4 does not violate any provision of any other agreement to which said party is bound.

8. **Counterparts**. This Amendment No. 4 may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Amendment No. 4.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the parties hereto have executed this Amendment No. 4 on the date and year first-above written.

BOSCH

Paladin Technologies

Dear Valued Customer,

As outlined in the attached press release, Climatec LLC and Paladin Technologies have rebranded their U.S. operations under the Bosch brand, effective January 1, 2026. Beginning on this date, the combined organization will operate as **Bosch Building Technologies LLC**. As part of this transition, all existing contracts and accounts receivable will be formally assumed by Bosch Building Technologies LLC.

To support a smooth transition within your contracting and payment systems, we have included the following documentation:

- Official Press Release
- W-9 Form

If you have any questions regarding open accounts receivable or payment processing, please contact our team at accountsreceivable@climatec.com.

Thank you for your continued partnership.

Climatec is Becoming Bosch Building Technologies

Dear Valued Customer,

Bosch acquired Climatec, LLC in January 2015. Since then, Climatec has operated as a wholly owned subsidiary of Bosch. As the next step in this journey, we are excited to share that **Climatec alongside Paladin Technologies** will rebrand its North American operations under the **Bosch brand** and under the **name Bosch Building Technologies,** effective **January 1, 2026**. This change is part of a global initiative to unify several trusted companies under one powerful name, reflecting our shared commitment to innovation, reliability, and excellence in complex building technology solutions.

What This Means for You Right Now

While our name and visual identity will be evolving, **our dedication to you remains unchanged**. You will continue to collaborate with the same local teams you know and trust, now backed by the global strength and resources of the Bosch brand.

Here is what you can expect:

- **No immediate change:** While some branding updates, such as vehicle signage, will begin in 2025, our legal entity will remain unchanged until January 2026. You will receive a full rebrand information package in December 2025. License numbers and EIN will remain the same post-rebrand. Until further notice, all existing invoicing and business practices will continue as usual.
- **Same People and Partnerships**: Your current contacts, account managers, and support teams remain unchanged, dedicated to delivering the same high-quality service and solutions. Our commitment to service excellence and partnership continues as always.
- **Expanded Capabilities**: As part of Bosch Building Technologies, we look forward to offering a broader range of services across security, building automation, networking, AV, structured cabling, fire solutions, and more, delivered with the same local expertise and responsiveness.
- **Stronger Together**: This rebrand and transformation bring together the expertise of industry leaders under one unified brand, enhancing our ability to serve you across North America.

We recognize that this is a significant undertaking, and we are committed to making this transition as smooth and gradual as possible. Our priority is to ensure you continue to get the service and support from the teams you rely on with minimal interruptions.

On the following page, you will find a timeline along with a reconfirmation of our business details. Please note that no changes will take effect until the new year.

If you have any questions about this change or what it means for your business, please do not hesitate to reach out to your account representative or contact us directly at Info.BT-NA@bosch.com.

Thank you for your continued trust and partnership. We celebrate our journey together and are excited for what is ahead.

Request for Taxpayer Identification Number and Certification

Go to *www.irs.gov/FormW9* for instructions and the latest information.

Give form to the requester. Do not send to the IRS.

Before you begin. For guidance related to the purpose of Form W-9, see *Purpose of Form*, below.

Print or type. See ***Specific Instructions*** on page 3.

1 Name of entity/individual. An entry is required. (For a sole proprietor or disregarded entity, enter the owner's name on line 1, and enter the business/disregarded entity's name on line 2.)

BOSCH BUILDING TECHNOLOGIES LLC

2 Business name/disregarded entity name, if different from above.

3a Check the appropriate box for federal tax classification of the entity/individual whose name is entered on line 1. Check only **one** of the following seven boxes.

☐ Individual/sole proprietor ☐ C corporation ☐ S corporation ☐ Partnership ☐ Trust/estate

☑ LLC. Enter the tax classification (C = C corporation, S = S corporation, P = Partnership) C

Note: Check the "LLC" box above and, in the entry space, enter the appropriate code (C, S, or P) for the tax classification of the LLC, unless it is a disregarded entity. A disregarded entity should instead check the appropriate box for the tax classification of its owner.

☐ Other (see instructions)

3b If on line 3a you checked "Partnership" or "Trust/estate," or checked "LLC" and entered "P" as its tax classification, and you are providing this form to a partnership, trust, or estate in which you have an ownership interest, check this box if you have any foreign partners, owners, or beneficiaries. See instructions . . . . . ☐

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from Foreign Account Tax Compliance Act (FATCA) reporting code (if any)

(Applies to accounts maintained outside the United States.)

5 Address (number, street, and apt. or suite no.). See instructions.

2851 W KATHLEEN RD

6 City, state, and ZIP code

PHOENIX, AZ 85053

Requester's name and address (optional)

7 List account number(s) here (optional)

REMIT TO: PO BOX 743024 LOS ANGELES, CA 90074-3024

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the instructions for Part I, later. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN*, later.

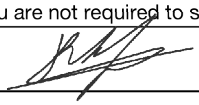
Note: If the account is in more than one name, see the instructions for line 1. See also *What Name and Number To Give the Requester* for guidelines on whose number to enter.

Social security number

			–		–				

or

Employer identification number



8	6	–	0	9	4	5	8	5	3

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and, generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions for Part II, later.

Sign Here **Signature of U.S. person**  **Date** 1/1/26

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. For the latest information about developments related to Form W-9 and its instructions, such as legislation enacted after they were published, go to *www.irs.gov/FormW9*.

What's New

Line 3a has been modified to clarify how a disregarded entity completes this line. An LLC that is a disregarded entity should check the appropriate box for the tax classification of its owner. Otherwise, it should check the "LLC" box and enter its appropriate tax classification.

New line 3b has been added to this form. A flow-through entity is required to complete this line to indicate that it has direct or indirect foreign partners, owners, or beneficiaries when it provides the Form W-9 to another flow-through entity in which it has an ownership interest. This change is intended to provide a flow-through entity with information regarding the status of its indirect foreign partners, owners, or beneficiaries, so that it can satisfy any applicable reporting requirements. For example, a partnership that has any indirect foreign partners may be required to complete Schedules K-2 and K-3. See the Partnership Instructions for Schedules K-2 and K-3 (Form 1065).

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS is giving you this form because they

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

CONSENT 22.

To: Honorable Mayor and City Council

From: Michael Whittiker, Community Services Director CS Community Services

Subject: CONSIDER APPROVAL OF A THREE-YEAR CONTRACT SERVICES AGREEMENT WITH LONG BEACH PUBLIC TRANSPORTATION COMPANY FOR CONTINUED FIXED-ROUTE BUS SERVICES FROM JANUARY 1, 2027, THROUGH DECEMBER 31, 2029 (CITY COUNCIL)

I. SUMMARY

On September 27, 2021, the City entered into a Contract Services Agreement with Long Beach Public Transportation Company (Long Beach Transit or LBT) to provide fixed-route bus services on Routes 2, 4, and 8 within the City of Carson. The current agreement, as subsequently amended, is scheduled to expire on December 31, 2026. Throughout the agreement, LBT has demonstrated strong service performance and ridership results, representing a notable improvement over the City's previous transit service provider. LBT has also maintained a positive and collaborative working relationship with City staff, supporting continued improvements to public transportation services.

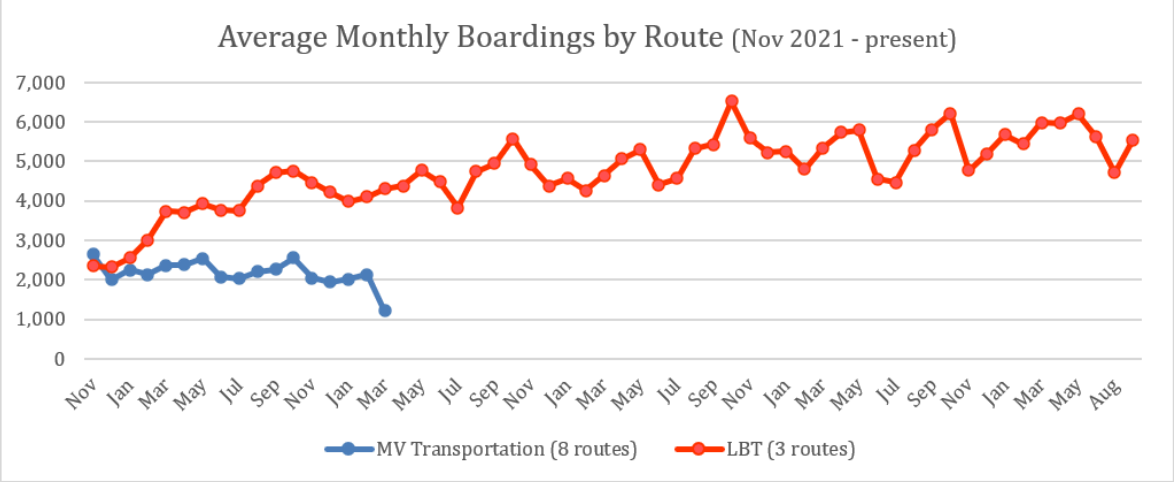
To maintain these services without interruption, staff recommends that the City Council approve a new three-year Contract Services Agreement with LBT, effective January 1, 2027, through December 31, 2029. Under the proposed agreement, annual compensation would not exceed $2,081,105, for a total three-year contract amount not to exceed $6,243,315. The proposed annual cost represents a modest 1% increase, or $20,605 per year, over the current annual rate of $2,060,500. Approval of the agreement would allow LBT to continue operating the City's three established bus routes while maintaining reliable transportation options for residents, students, employees, and visitors. The proposed agreement also provides the City with predictable costs over the three-year term and supports the continued delivery of essential public transportation services.

II. RECOMMENDATION

TAKE the following actions:

1. APPROVE the proposed Agreement for Contract Services between the City of Carson and Long Beach Public Transportation Company (Exhibit No. 1) to continue fixed-route bus services for a three-year term, from January 1, 2027, through December 31, 2029, for a total contract amount not to exceed $6,243,315; and,
2. AUTHORIZE the Mayor to execute the Agreement following approval as to form by the City Attorney.

III. ALTERNATIVES



TAKE any other action the City Council deems appropriate.

IV. BACKGROUND

The City provides public transportation services to residents, employees, students, and visitors through an agreement with Long Beach Transportation Company (Long Beach Transit or LBT). Under the current agreement, LBT operates three fixed-route bus services, Routes 2, 4, and 8, that follow established routes and schedules, with buses arriving approximately every 40 minutes on weekdays and Saturdays (Exhibit No. 2). Route 2 connects passengers to major destinations, including California State University, Dominguez Hills, SouthBay Pavilion, City Hall, and Carson High School. Route 4 operates along Carson Street, providing access to Rancho Dominguez High School and connections to the Metro A Line (formerly the Blue Line). Route 8 serves the 223rd Street corridor, connecting passengers to Carson High School and the Metro A Line. These routes complement the City's separately operated Carson Circuit neighborhood bus service, which provides additional connections to LBT, Torrance Transit, and Metro. Together, these services help residents and commuters travel throughout Carson and neighboring communities for work, school, shopping, and other daily activities.

On September 27, 2021, the City entered into an agreement with LBT for an initial three-year term, with the option to extend the agreement for two additional one-year periods. In 2024, the City approved Amendment No. 1, temporarily extending the agreement through December 31, 2024, while the City and LBT finalized compensation for the first optional extension year. Amendment No. 2 subsequently extended the agreement through December 31, 2025, at an annual cost of $2,060,500. Amendment No. 3 exercised the second and final one-year extension, continuing services through December 31, 2026. As a result, the current agreement will expire at the end of 2026, and a new agreement is necessary to maintain uninterrupted service beginning January 1, 2027.

Throughout the current agreement, LBT has provided reliable transit services and maintained a positive, collaborative working relationship with City staff. LBT regularly provides information that allows the City to evaluate service performance, including passenger ridership, on-time performance, customer complaints and compliments, and fare revenue (Exhibit No. 3). City and LBT staff have also worked together on public outreach, transit marketing, improvements to bus stops and passenger amenities, and other efforts to improve the overall customer experience. Based on LBT's performance, established operations, and continued coordination with the City, staff recommends maintaining the existing service arrangement.

To avoid any interruptions to public transportation services when the current agreement expires, City staff negotiated a new three-year agreement with LBT for the period of January 1, 2027, through December 31, 2029. The proposed agreement would continue LBT's operation of Routes 2, 4, and 8 at an annual cost of $2,081,105, representing a 1% increase, or $20,605 annually, over the current agreement. The annual cost would remain unchanged throughout the three-year term, providing the City with predictable transit operating expenses. LBT would submit invoices every three months, following delivery of services, in the amount of $520,276.25 per quarter. Total compensation under the proposed agreement would not exceed $6,243,315 over the three-year period.

The proposed agreement also maintains LBT's responsibility to provide regular service performance reports to the City. These reports would include passenger ridership, on-time performance, compliance with established bus schedules, customer complaints and compliments, transit-related security information, and fare revenue. This information allows City staff to monitor service quality, evaluate how effectively the routes serve the community, identify potential operational concerns, and work with LBT to make improvements when necessary. These reporting requirements also promote accountability and help ensure that the City continues to receive appropriate value for its investment in public transportation.

As the City prepares to serve as a major venue city for the 2028 Olympic and Paralympic Games, maintaining reliable public transportation for residents and visitors will be a priority. The Los Angeles County Metropolitan Transportation Authority (Metro) will oversee Games-related transportation through its Games Enhanced Transit Service (GETS), which will connect spectators to Olympic venues and designated transportation hubs. However, temporary adjustments to local bus routes, schedules, or service levels may be necessary to accommodate increased demand while minimizing impacts on existing riders. The proposed agreement with Long Beach Transit (LBT) would maintain the City's current fixed-route services through December 31, 2029, including the Olympic and Paralympic Games, while providing a foundation for future coordination with Metro and LBT. As transportation plans are finalized, City staff will evaluate potential service adjustments, associated costs, and opportunities to better connect local transit services with the Games transportation network.

Consistent with the City's current agreement, the proposed contract with LBT is exempt from the competitive bidding requirements of the Carson Municipal Code under Section 2611(i)(7). This provision allows the City to enter into the agreement without conducting a competitive solicitation process, subject to the applicable requirements of the Municipal Code. Approval of the proposed agreement would allow the City to continue providing established public transportation services without interruption through December 31, 2029, while maintaining the existing routes, service frequency, and performance reporting requirements. Staff recommends approval of the agreement based on LBT's demonstrated service performance, the continuity of existing transit operations, and the negotiated annual cost, which would remain fixed throughout the three-year term. Continuing these services supports reliable transportation options for residents and commuters, connections to regional transit systems, and access to schools, employment, shopping, and other important community destinations.

V. FISCAL IMPACT

If the City Council approves the proposed agreement, funding for the first six months of service, from January 1, 2027, through June 30, 2027, is already included in the City's adopted Fiscal Year 2026-27 Operating Budget. The total cost for this period is $1,040,552.50, funded through two dedicated transportation funding sources: Proposition A, which will provide $416,221 (40%) from Account No. 218-90-960-180-6010, and Proposition C, which will provide $624,331.50 (60%) from Account No. 219-90-960-180-6010. These funds are designated to support public transportation services and related improvements.

Funding for the following six-month period, from July 1, 2027, through December 31, 2027, will be included in the City's proposed Fiscal Year 2027-28 Operating Budget, subject to City Council approval through the annual budget process. The anticipated cost for this period is also $1,040,552.50, with the same 40% allocation from Proposition A ($416,221) and 60% allocation from Proposition C ($624,331.50), using the same accounts identified above. Funding for subsequent years of the three-year agreement will be requested through the City's annual budget process. This approach allows the City to maintain uninterrupted transit services while planning for the agreement's costs within its established transportation funding sources.

AGREEMENT FOR CONTRACT SERVICES BETWEEN THE CITY OF CARSON AND LONG BEACH PUBLIC TRANSPORTATION COMPANY

THIS AGREEMENT FOR CONTRACT SERVICES (herein "Agreement") is made and entered into effective as of the 1st day of January, 2027 by and between the CITY OF CARSON, a California municipal corporation ("City") and LONG BEACH PUBLIC TRANSPORTATION COMPANY, a California nonprofit mutual benefit corporation ("Long Beach Transit"). City and Long Beach Transit may be referred to, individually or collectively, as "Party" or "Parties."

RECITALS

A. City has sought the performance of the services defined and described in Article 1 of this Agreement.

B. Long Beach Transit is ready, willing and able to perform the services defined and described in Article 1 of this Agreement.

C. Pursuant to the City of Carson's Municipal Code, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Long Beach Transit for performance of those services defined and described in Article 1 of this Agreement and desire that the terms of that performance be as defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF LONG BEACH TRANSIT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, Long Beach Transit shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which may be referred to herein as the "services" or "work" hereunder. As a material inducement to the City entering into this Agreement, Long Beach Transit represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Long Beach Transit shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

1.2 Compliance with Law.

Long Beach Transit shall keep itself informed concerning, and shall render all services hereunder in accordance with, all ordinances, resolutions, statutes, rules, grant requirements and regulations of the City and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.3 Licenses, Permits, Fees and Assessments.

Long Beach Transit shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Long Beach Transit shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for Long Beach Transit's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.4 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

1.5 No Franchise Rights.

Neither Long Beach Transit nor City intend by this Agreement to grant to Long Beach Transit any franchise, right, or agreement to use the streets of the City of Carson, it being further agreed and understood that whether or not Long Beach Transit has such a franchise or is required to have such a franchise is not the subject of this Agreement, and no term or provision of this Agreement shall be used to prejudice the rights of either party in that regard.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Long Beach Transit the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed **Six Million Two Hundred Forty-Three Thousand Three Hundred Fifteen Dollars ($6,243,315)** for the three-year term of this Agreement (the "Contract Sum"). The annual compensation shall not exceed **Two Million Eighty-One Thousand One Hundred Five Dollars ($2,081,105.00)** for each year of the three-year term.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

2.2 Invoices

On a quarterly basis in arrears, Long Beach Transit will invoice the City for services rendered. Except as provided in Section 7.3, City will use its best efforts to cause Long Beach Transit to be paid for the services within 45 days of the submitted invoice; however, Long Beach Transit acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. Review and payment by City for any services provided by Long Beach Transit shall not constitute a waiver of any default by Long Beach Transit or any rights or remedies provided herein or any applicable law.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Long Beach Transit shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended, including via a temporary suspension of services, because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of Long Beach Transit, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, pandemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if City or Long Beach Transit shall within thirty (30) days of the commencement of such delay notify the other Party's contract representative in writing of the causes of the delay. The Parties shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Parties such delay is justified. In no event shall Long Beach Transit be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Long Beach Transit's sole remedy being extension of the Agreement pursuant to this Section. During the delay, Long Beach Transit shall not render services to the City. Long Beach Transit shall not invoice City for, and shall not be entitled to, any compensation or fixed costs from City for the duration of the delay period.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect for a term of three (3) years from the effective date hereof.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Long Beach Transit.

Kenneth A. McDonald, President and CEO and/or his designees ("Principals") are hereby designated as being the principals and representatives of Long Beach Transit authorized to act on its behalf with respect to the work specified herein and make all decisions in connection therewith. It is expressly understood that the experience, knowledge, capability and reputation of the foregoing principals were a substantial inducement for City to enter into this Agreement. Therefore, the foregoing principals shall be responsible during the term of this Agreement for directing all activities of Long Beach Transit and devoting sufficient time to personally supervise the services hereunder. All personnel of Long Beach Transit, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the foregoing Principals may not be replaced nor may their responsibilities be substantially reduced by Long Beach Transit without prior notice to City. Long Beach Transit shall notify City of any changes in Long Beach Transit's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Long Beach Transit.

Long Beach Transit shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Long Beach Transit shall not at any time or in any manner represent that Long Beach Transit or any of Long Beach Transit's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Long Beach Transit, nor any of its officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Long Beach Transit expressly waives any claim Long Beach Transit may have to any such rights.

4.3 Contract Officer.

The City of Carson's Contract Officer shall be Jason Jo, Transportation Program Manager, or such other person as may be designated by the City Manager. It shall be Long Beach Transit's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services. Long Beach Transit shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the City Manager, to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Contractor.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Long Beach Transit, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Long Beach Transit's employees, representatives or agents, or in fixing their number, compensation or hours of service. Long Beach Transit shall perform all services

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. City shall not in any way or for any purpose become or be deemed to be a partner of Long Beach Transit in its business or otherwise or a joint venturer or a member of any joint enterprise with Long Beach Transit.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Long Beach Transit, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Long Beach Transit shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. No approved transfer shall release Long Beach Transit or any surety of Long Beach Transit of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages.

Long Beach Transit shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) General Liability Insurance (Coverage Form ISO CGL CG 00 01 or equivalent). A policy of comprehensive commercial general liability insurance written on a per occurrence basis for products and completed operations, bodily injury, personal and advertising injury and property damage. The policy of insurance shall be in an amount not less than $10,000,000.00 per occurrence.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for Long Beach Transit against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by Long Beach Transit in the course of carrying out the services contemplated in this Agreement, and Employer's Liability Insurance with a limit of no less than $1,000,000 per accident for bodily injury or disease.

(c) Automotive Insurance (Coverage Form ISO CA 00-01 including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability insurance written on a per occurrence basis for bodily injury and property damage in an amount not less than $10,000,000. Said policy shall include coverage for owned, non-owned, leased, hired cars and any automobile.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

(d) Subcontractors. Long Beach Transit shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(e) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or its officers, employees or agents may apply in excess of, and not contribute with Long Beach Transit's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention. If Long Beach Transit maintains broader coverage and/or higher limits than the minimums shown in Section 5.1 above, the City requires and shall be entitled to the broader coverage and/or the higher limits maintained by Long Beach Transit. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled, Long Beach Transit shall, prior to the cancellation date, submit new evidence of insurance in conformance with Section 5.1 to the Contract Officer.

No work or services under this Agreement shall commence until Long Beach Transit has provided the City with Certificates of Insurance, additional insured endorsement forms or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of and endorsements to all required insurance policies at any time. Any failure to comply with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

All certificates shall name the City as additional insured (providing the appropriate endorsement) and shall conform to the following "cancellation" notice:

CANCELLATION:

SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATED THEREOF, THE ISSUING COMPANY SHALL MAIL THIRTY (30)-DAY ADVANCE WRITTEN NOTICE TO CERTIFICATE HOLDER NAMED HEREIN.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

[to be initialed] KM

Long Beach Transit Initials

City, its respective elected and appointed officers, directors, officials, employees, agents and volunteers are to be covered as additional insureds as respects: liability arising out of activities Long Beach Transit performs; products and completed operations of Long Beach Transit; premises owned, occupied or used by Long Beach Transit; or any automobiles owned, leased, hired or borrowed by Long Beach Transit. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, employees or volunteers. Long Beach Transit's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Any deductibles or self-insured retentions must be declared to and approved by City. Long Beach Transit agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which Long Beach Transit may be held responsible for the payment of damages to any persons or property resulting from Long Beach Transit's activities or the activities of any person or persons for which Long Beach Transit is otherwise responsible nor shall it limit Long Beach Transit's indemnification liabilities as provided in Section 5.3.

In the event Long Beach Transit subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between Long Beach Transit and such subcontractor shall require the subcontractor to maintain the same policies of insurance that Long Beach Transit is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to City.

5.3 Indemnification.

To the full extent permitted by law, Long Beach Transit agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the performance of the work, operations or activities provided herein of Long Beach Transit, its officers, employees, agents, subcontractors, or any individual or entity for which Long Beach Transit is legally liable ("indemnitors"), or arising from Long Beach Transit's or indemnitors' reckless or willful misconduct, or arising from Long Beach Transit's or indemnitors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Long Beach Transit will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

(b) Long Beach Transit will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities; and Long Beach Transit agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Long Beach Transit for any such claims or liabilities, Long Beach Transit agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Should any liability or sanctions be imposed against City pursuant to 8 U.S.C.A §§1101 *et seq.* arising from Long Beach Transit's employment practices or the status of individuals used by Long Beach Transit to provide services pursuant to this Agreement, Long Beach Transit hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

Long Beach Transit shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Long Beach Transit shall be fully responsible to indemnify City hereunder therefor, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Long Beach Transit in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Long Beach Transit and shall survive any expiration or termination of this Agreement.

5.4 Sufficiency of Insurer.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A-" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City ("Risk Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the Risk Manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the City, Long Beach Transit agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Reports.

Long Beach Transit shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Long Beach Transit hereby acknowledges that the City is greatly concerned

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

about the cost of work and services to be performed pursuant to this Agreement. For this reason, Long Beach Transit agrees that if Long Beach Transit becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein, Long Beach Transit shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Long Beach Transit covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Disputes; Default.

In the event that Long Beach Transit is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Long Beach Transit for any work or services performed after the date of default. Instead, the City may give notice to Long Beach Transit of the default and the reasons for the default. The notice shall include the timeframe in which Long Beach Transit may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Long Beach Transit is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Long Beach Transit does not cure the default, the City may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the City to give notice of Long Beach Transit's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

In the event that the City is in default under the terms of this Agreement, Long Beach Transit may give notice to the City of the default and the reasons for the default. The notice shall include the timeframe in which the City may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. If the City does not cure the default, Long Beach Transit may take necessary steps to terminate this Agreement under this Article. Any failure on the part of Long Beach Transit to give notice of the City's default shall not be deemed to result in a waiver of Long Beach Transit's legal rights or any rights arising out of any provision of this Agreement.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

7.3 Resolution of Disputed Invoices/Claims.

The Parties have established a mutually agreed-upon dispute resolution process and related terms/provisions that would apply in the event City disputes an invoice submitted by Long Beach Transit on the basis that it does not accurately reflect services rendered pursuant to this Agreement. The dispute resolution process and related terms are attached hereto as Exhibit "E," incorporated herein by this reference. The foregoing dispute resolution process and related provisions would also apply with respect to any and all amounts for which City may be liable to third parties by reason of Long Beach Transit's acts or omissions in performing or failing to perform Long Beach Transit's obligation under Article 5 of this Agreement, including but not limited to, for (i) amounts of any claims made by a third party, the amounts or validity of which is disputed by Long Beach Transit, or (ii) any indebtedness that may exist which shall appear to be the basis for a claim of lien.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Long Beach Transit shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Contract except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Contract at any time, with or without cause, upon ninety (90) days' written notice to Long Beach Transit, except that where termination is due to the fault of Long Beach Transit, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, Long

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

Beach Transit reserves the right to terminate this Contract at any time, with or without cause, upon ninety (90) days' written notice to City, except that where termination is due to the fault of the City, the period of notice may be such shorter time as Long Beach Transit may determine. Upon receipt of any notice of termination, Long Beach Transit shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Long Beach Transit shall be entitled to compensation for all services rendered prior to the date of receipt of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.8 Termination for Default of Long Beach Transit.

If termination is due to the failure of Long Beach Transit to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work or services and prosecute the same to completion by contract or otherwise, and Long Beach Transit shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to Long Beach Transit for the purpose of set-off or partial payment of the amounts owed the City therefor.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to Long Beach Transit, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to Long Beach Transit or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

City and Long Beach Transit each covenant that neither it, nor any of its officers or employees, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of the other or which would in any way hinder Long Beach Transit's performance of services under this Agreement. Long Beach Transit further covenants that in the

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Long Beach Transit agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects her/his financial interest or the financial interest of any corporation, partnership or association in which (s)he is, directly or indirectly, interested, in violation of any State statute or regulation. Long Beach Transit warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Carson, 701 East Carson, Carson, California 90745 and in the case of Long Beach Transit, to the person(s) at the address designated on the execution page of this Agreement, copy to Long Beach Transit General Counsel. Either Party may change its address by notifying the other Party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either Party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in any number of counterparts, and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles, or digital. All such counterparts shall together constitute one and the same instrument.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the Parties. It is understood that there are no oral agreements between the Parties affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the Parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by Long Beach Transit and by

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

the City Council, except as otherwise provided herein. The Parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the Parties hereunder unless the invalid provision is so material that its invalidity deprives either Party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "non-interests" pursuant to Government Code Sections 1091 or 1091.5. Long Beach Transit warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Long Beach Transit further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Long Beach Transit is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Long Beach Transit's Authorized Initials KM

9.7 Corporate Authority.

The persons executing this Agreement on behalf of the Parties warrant that (i) such Party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said Party, (iii) by so executing this Agreement, such Party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said Party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the Parties.

EXHIBIT "A"
SCOPE OF SERVICES

I. Long Beach Transit will perform the following Services:

A. Long Beach Transit will perform fixed-route public transit bus services as detailed in this Section.

B. Long Beach Transit will operate the three fixed routes depicted below (identified as routes 2, 4, and 8) within the City, at the times and frequencies indicated below:

Route	Frequency	Service Span
2 (CSU – SW Carson)	40 minutes	5:40 AM – 8:24 PM (M-F) 10:05 AM – 5:56 PM (Sat)
4 (Carson St)	40 minutes	5:11 AM – 8:59 PM (M-F) 10:10 AM – 5:50 PM (Sat)
8 (223rd St)	40 minutes	5:05 AM – 8:10 PM (M-F) 10:45 AM – 5:55 PM (Sat)

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

C. Operation of the fixed routes at the times and frequencies set forth in subsection (B), above, will require six (6) buses.

D. Further increases, additions or enhancements to the services, including the following, may be authorized subject to a City Council and Long Beach Transit-approved and duly executed written amendment to this Agreement between the Parties:

1. Increase service frequency from 40 minutes to 30 minutes.

2. Expand the service routes to provide access to key destinations such as Carson High School, South Bay Pavilion, Harbor Gateway, LA Harbor College, and UCLA Harbor Medical Center.

3. Provide enhanced connections to regional high-capacity transit, including the J (Silver) Line and the A (Blue) Line.

4. Complement existing regional transit services provided by other regional providers,

5. Extend service span to align with other Long Beach Transit services.

6. Serve priority transit arterials identified by the City.

7. Add additional service hours, implement Sunday service, or adjust service frequency for the aforementioned potential expanded services.

E. All buses utilized for services pursuant to this Agreement shall be provided and operated by Long Beach Transit, and shall be ADA-accessible at all times. Additional ADA-accessible buses shall be provided by Long Beach Transit as necessary to replace and continue services in the event of a breakdown, as detailed in subsection (G), below. For the avoidance of doubt, "ADA," as used in this Agreement, means and refers to the Americans with Disabilities Act of 1990.

F. All of the services required under this Agreement will be performed by Long Beach Transit or approved subcontractors under its supervision, and all personnel engaged in the work shall be duly qualified to perform such services.

G. Long Beach Transit shall provide towing and replacement buses as soon as reasonably practicable in the event of a vehicle breakdown. No request for towing of any vehicle pursuant to this Agreement shall be made by City, nor shall any such request be required for Long Beach Transit to perform the aforementioned obligations.

Long Beach Transit shall be responsible for providing adequate training to its staff to ensure proper operation and maintenance of buses used in the performance of the services. All drivers providing the services under this Agreement shall possess a

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

Commercial Driver's license for the State of California, Medical Examiner's Certificate and any other required certificates.

H. Long Beach Transit shall maintain and implement a policy of drug and alcohol testing for its employees as required for compliance with all laws, regulations, and grant program requirements as stated in Section 1.2.

I. Long Beach Transit will collect and retain all fares and will count and record the ridership or number of passengers using the services.

J. Vehicle Operation and Maintenance:

1. At all times, Long Beach Transit shall maintain all components of each vehicle as stated in Section 1.2.

II. In the event City or Long Beach Transit, for any reason, determines that there is a need to reduce the hours of operation of any or all the fixed routes below the base hours of operation specified in this Agreement for the services without completely suspending services, then such reduction in service hours may be effectuated via a City-approved and Long Beach Transit-approved written amendment to this Agreement, executed by both Parties (City Manager may approve and execute on behalf of City), prior to the reduction taking effect.

III. All of the services required under this Agreement will be performed by Long Beach Transit or under its supervision, and all personnel engaged in the work shall be qualified to perform such services. Long Beach Transit reserves the right to determine the assignment of its employees to the performance of Long Beach Transit's services under this Agreement. In the event City's Contract Officer determines there is a need to exclude any employee of Long Beach Transit from performing services for City under this Agreement, Long Beach Transit agrees to do so, provided no action shall be taken that would violate any federal, state or local law or regulation, including any applicable labor agreement between Long Beach Transit and bus operators.

EXHIBIT "C"
SCHEDULE OF COMPENSATION

I. **Long Beach Transit shall perform the Services at the flat quarterly rate of $520,276.25 (i.e., per 3 months of service), payable in accordance with Section 2.2.**

II. **The total compensation for the Services shall not exceed $6,243,315 for the three-year term of this Agreement, as provided in Section 2.1 of this Agreement.**

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

EXHIBIT "D"
SCHEDULE OF PERFORMANCE

I. Long Beach Transit shall perform all Services timely in accordance with the following schedule:

A. Service to the public is provided in accordance with the schedule set forth in Section I.B of Exhibit "A."

B. Long Beach Transit shall provide as requested service performance reports to the City such as:

- Ridership;
- On-Time Performance;
- Adherence to the Plan Schedule;
- Complaints or Compliments of Service;
- Security Statistics;
- Revenue Data.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

EXHIBIT "E"
RESOLUTION OF DISPUTED INVOICES/CLAIMS

Notwithstanding Section 7.2 of the Contract, any dispute, claim, or controversy that may arise between the Parties that is within the scope of Section 7.3 of this Agreement ("Dispute") shall be resolved as herein provided. Prior to the initiation of any legal action pursuant to Section 7.6 of the Agreement, the Parties shall first attempt to resolve their Dispute informally, in a timely and cost-effective manner, as follows:

1. If a Party has a Dispute with the other Party, the disputing Party shall give written notice thereof within five (5) business days following identification of the cause of the Dispute to Long Beach Transit's President and CEO and City's City Manager, as applicable, which notice shall describe the Dispute and recommend corrective action to be taken by the other Party. Notwithstanding the foregoing, the failure of a Party to give notice of a Dispute within the foregoing timeframe shall not, in and of itself, constitute a waiver of any claim or legal right or remedy related to the Dispute, nor a waiver of any default or any provision of the Agreement. Nothing in this exhibit is intended to alter any applicable statute of limitations. "Business days" as used in this exhibit shall exclude Fridays and holidays observed by City or Long Beach Transit (hereinafter, "LBT").

    a. While the Dispute is pending, and provided the Agreement remains in effect and has not been terminated pursuant to Section 7.7 or 7.8, and services for the relevant period have not been suspended pursuant to Section 3.3, City will continue paying LBT's invoices for services rendered pursuant to the Agreement and LBT will continue providing services pursuant to the Agreement. With respect to the first type of dispute identified in Section 7.3 of the Agreement, i.e., where City disputes an invoice submitted by LBT on the basis that it does not accurately reflect services rendered pursuant to the Agreement, City does not have the right to retain funds that are subject to the Dispute and that come due pursuant to LBT's invoices while the Dispute is pending (the "Disputed Payments"), provided LBT's President/CEO, upon being notified of the Dispute, in good faith verifies and affirms to City's City Manager that LBT reasonably believes the Disputed Payments accurately reflect services rendered pursuant to the Agreement. LBT does not have the right to stop services pursuant to the Agreement while the Dispute is pending, provided the Agreement remains in effect and has not been terminated pursuant to Section 7.7 or 7.8, and services for the relevant period have not been suspended pursuant to Section 3.3.

2. LBT's President and CEO and City's City Manager shall, within eight (8) business days of receiving written notice of the Dispute ("Resolution Deadline"), meet and confer in a good faith attempt to resolve it. Other persons may be included in the meet and confer process as deemed necessary by LBT's President and CEO and City's City Manager.

3. If the Parties are unable to resolve the Dispute at least in principle prior to the Resolution Deadline, either Party may pursue a legal action pursuant to Section 7.6 of the Agreement.

Docusign Envelope ID: FFCC9A20-C3E4-87EA-80AD-11A8204D2254

If the Parties agree in principle but do not have sufficient time to effectuate final approval of such agreement prior to the Resolution Deadline, then provided each Party acts diligently and in good faith to finalize the agreement, a reasonable time period not exceeding thirty (30) days beyond the Resolution Deadline shall be allowed to finalize such agreement prior to either Party pursuing a legal action thereon.

4. The prevailing party in a legal action regarding the Dispute shall be entitled to recover reasonable attorneys' fees and costs in accordance with Section 7.9 of the Agreement.

Long Beach Transit Service in the City of Carson

LBT Routes	Weekday	Saturday	Sunday
1	5:24 a.m. - 7:49 p.m.	7:28 a.m. - 7:48 p.m.	6:45 a.m. - 7:46 p.m.
2	5:40 a.m. - 8:24 p.m.	10:05 a.m. - 5:56 p.m.	No Service

CITY OF CARSON SERVICE PERFORMANCE REPORT *(Continued)*

Docusign Envelope ID: 1E363E1B-1B5F-85BA-816E-BB5B85F610E5

MONTH OVER MONTH

EXPLANATION: INCREASE IN RIDERSHIP

August boardings increased 17.69% month over month, improving customers per revenue hour. Route 2 drove this month's growth, with ridership up 34.48% from July. The noticeable increase on Route 2 began around August 17, coinciding with the start of the fall semester at CSUDH, suggesting returning student activity likely contributed to the ridership growth. Routes 4 and 8 remained relatively consistent with prior periods while sustaining higher ridership levels, continuing to demonstrate stable commute demand throughout the service area. Compared to August 2025, total ridership increased from 15,839 to 16,650 boardings, a 5.1% year-over-year increase that signals modest growth in overall service demand.

EXPLANATION: DECREASE IN OTP

August OTP finished at 83.6%, with performance temporarily impacted by increased travel activity associated with the back-to-school season. Route 2 experienced challenges around 8:00-8:30 AM, 12:00-12:30 PM, and 2:00-2:30 PM, indicating periods of increased travel demand that align with morning commute and school-dismissal activity. In addition, Route 4 saw greater OTP challenges later in the afternoon, potentially due to increased traffic and passenger activity during the afternoon commute. Overall, service performance remained manageable and relatively consistent with the prior year, with no material year-over-year variance despite increased demand in August.

EXPLANATION: CUSTOMER COMMENTS

Incident Date	Route	Customer Comment	Action/Resolution
08/05/26 6:04 PM	4	Pass By	In accordance with LBT policy and procedure, LBT investigated claim and provided retraining and counseling to the operator.
08/18/26 2:36 PM	2	ADA – Rude Behavior	In accordance with LBT policy and procedure, LBT investigated claim and provided retraining and counseling to the operator.
8/20/26	4	Pass By	In accordance with LBT policy and procedure, LBT investigated claim and provided retraining and counselling to the operator.

CITY OF CARSON

701 East Carson Street

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

CONSENT 23.

To: Honorable Mayor and City Council

From: Michael Whittiker, Community Services Director CS Community Services

Subject: CONSIDER APPROVAL OF TWO MEMORANDA OF UNDERSTANDINGS BETWEEN THE CITY OF CARSON AND THE LOS ANGELES COUNTY METROPOLITAN TRANSPORTATION AUTHORITY FOR PROPOSITION A DISCRETIONARY INCENTIVE GRANT PROGRAM FUNDING FOR REPORT YEARS 2023 AND 2024 (CITY COUNCIL)

I. SUMMARY

The Los Angeles County Metropolitan Transportation Authority (Metro) administers the Proposition A Discretionary Incentive Grant Program, which provides transportation funding to more than 40 participating public agencies, including the City of Carson. Through this voluntary program, agencies submit information about their public transportation services to support local, regional, state, and federal transportation planning. In exchange, participating agencies may receive grant funding based on their reported transit service levels. To receive these funds, agencies must enter into a Memorandum of Understanding (MOU), a formal agreement establishing the conditions for receiving and using the funding. Due to an initial discrepancy in reported transit data, processing of the City's Report Year 2023 agreement was delayed. As a result, staff is requesting City Council approval of two MOUs covering Report Years 2023 and 2024. Approval of both agreements would allow the City to submit invoices to Metro for a combined $148,900 in grant funding associated with public transportation services provided during these prior reporting periods. Securing these funds would provide additional revenue to support the City's public transportation programs without requiring additional services or expenditures.

II. RECOMMENDATION

TAKE the following actions:

1. APPROVE the Proposition A Discretionary Incentive Grant Program Memorandum of Understanding between the City of Carson and the Los Angeles County Metropolitan Transportation Authority (Metro) for Report Year 2023, in the amount of $68,462; and,
2. APPROVE the Proposition A Discretionary Incentive Grant Program Memorandum of Understanding between the City of Carson and Metro for Report Year 2024, in the amount of $80,438; and,
3. AUTHORIZE the Mayor to execute both Memoranda of Understanding, for a combined grant funding amount of $148,900, following approval as to form by the City Attorney.

III. ALTERNATIVES

1. TAKE any other action the City Council deems appropriate.

IV. BACKGROUND

The Los Angeles County Metropolitan Transportation Authority (Metro) administers the Proposition A Discretionary Incentive Grant Program, which provides transportation funding to more than 40 participating public agencies, including the City of Carson. The program encourages local transit agencies to report information about their public transportation services to the National Transit Database (NTD), a federal system that collects and tracks transit information nationwide. Participating agencies submit information from the previous fiscal year by October 31 of each year, including data on the types and levels of transportation services provided. The Federal Transit Administration (FTA) uses this information to evaluate public transportation services, identify trends, compare performance across agencies, and support transportation planning and funding decisions at the local, regional, state, and federal levels.

In exchange for submitting the required transit information, participating agencies may receive funding through Metro's Proposition A Discretionary Incentive Grant Program. The amount awarded to each agency is based on the number of revenue miles reported during the applicable fiscal year. Revenue miles generally represent the miles traveled by transit vehicles while providing passenger service, excluding travel for maintenance or other non-service purposes. Metro typically distributes these funds approximately two years after the reporting period and requires participating agencies to execute a Memorandum of Understanding (MOU), a formal agreement establishing the terms and conditions for receiving and using the funds.

The City is currently eligible to receive funding for two prior reporting periods: Report Year 2023, covering July 1, 2022, through June 30, 2023, and Report Year 2024, covering July 1, 2023, through June 30, 2024. Processing of the Report Year 2023 agreement was delayed due to an initial reporting discrepancy that required resolution through Metro. As a result, both funding agreements are now being presented to the City Council for consideration at the same time. Based on the City's reported Dial-A-Ride and fixed-route bus services, Metro has identified $68,462 in available funding for Report Year 2023 and $80,438 for Report Year 2024. Together, these allocations represent $148,900 in transportation funding available to the City for services previously provided.

To receive these funds, the City must enter into separate MOUs with Metro for each reporting year. Approval of both agreements would allow the City to submit invoices to Metro for the combined $148,900 allocation. Because the funding is associated with transit services already provided during prior fiscal years, approval would allow the City to recover eligible transportation funding without requiring additional transit operations or services. These funds would support the City's ongoing transportation programs, subject to the applicable funding requirements.

The proposed MOUs are standard agreements prepared by Metro and used by participating agencies throughout Los Angeles County. The City has not requested changes to the agreements' standard provisions. Article 4 establishes the conditions for receiving and using the funds. These conditions require the City to use the funding only for eligible transportation purposes and comply with Metro's Proposition A and Proposition C Local Return guidelines, which establish requirements for how local transportation funds may be spent, documented, audited, and used within applicable deadlines. Article 4 also includes an indemnification provision, which establishes certain circumstances under which the City may be responsible for claims or losses involving Metro. In addition, expenditures made using these funds are subject to review through Metro's annual Consolidated Audit, a process used to verify that participating agencies have properly accounted for and spent transportation funds in accordance with program requirements. Article 5 further provides Metro with the authority to terminate an agreement and withhold or recover funding if the City fails to comply with federal requirements for collecting and submitting transit information to the National Transit Database. These provisions are intended to ensure that agencies receiving public transportation funding accurately report their services, maintain appropriate financial records, and use the funds for authorized purposes.

Consequently, staff recommends that the City Council approve both MOUs to secure the $148,900 in available Proposition A Discretionary Incentive Grant funding for Report Years 2023 and 2024. Approval would allow the City to claim funding associated with previously provided Dial-A-Ride and fixed-route bus services, while maintaining compliance with Metro's reporting and financial accountability requirements. Securing these funds supports the City's continued investment in public transportation and helps maximize available regional transportation resources for the benefit of Carson residents and transit users.

V. FISCAL IMPACT

If the City Council approves staff's recommendation, the City will be eligible to receive a one-time payment of $148,900 from the Los Angeles County Metropolitan Transportation Authority (Metro) for transportation services provided during Report Years 2023 and 2024. Upon receipt, the funds will be deposited into the City's Proposition A revenue account (Account No. 218-99-999-999-4513). These funds will provide additional revenue to support eligible public transportation services and programs, consistent with Proposition A funding requirements.

PROPOSITION A DISCRETIONARY INCENTIVE GRANT PROGRAM
MEMORANDUM OF UNDERSTANDING
FOR COLLECTING AND REPORTING DATA FOR THE
NATIONAL TRANSIT DATABASE
FOR REPORT YEAR 2023

This Memorandum of Understanding (MOU) is entered into as of June 1, 2025 by and between Los Angeles County Metropolitan Transportation Authority ("LACMTA") and the City of Carson (the "City").

WHEREAS, on November 14, 1980, the voters of the County of Los Angeles approved by majority vote Proposition A, an ordinance establishing a one-half percent sales tax for public transit purposes; and

WHEREAS, at its September 26, 2001 meeting, the LACMTA authorized payment of Proposition A Discretionary Incentive funds to each participating agency in an amount equal to the Federal funds generated for the region by each agency's reported data; and

WHEREAS, at its June 27, 2024 meeting, LACMTA approved the Fiscal Year FY 2024-25 transit fund allocations, which included funds to make payments to all cities that voluntarily reported NTD data for FY 2022-23; and

WHEREAS, the City has voluntarily submitted their FY2022-23 data to the National Transit Database (NTD) and have successfully met all NTD and Federal Transit Administration (FTA) requirements in order to generate Federal 5307 funds for the Los Angeles County region; and

WHEREAS, the City has requested funds under the Proposition A Discretionary Incentive Program for collecting and reporting data for the NTD from the FY 2022-23 Report Year (the "Project"); and

WHEREAS, on May 5, 2025, the Federal Transit Administration (FTA) published in the Federal Register the FY 2024-25 Apportionments, Allocations, and Program Information including unit values for the data reported to the NTD; and

WHEREAS, the parties desire to agree on the terms and conditions for payment for the Project.

NOW, THEREFORE, LACMTA and the City hereby agree to the following terms and procedures:

ARTICLE 1. TERM

1.0 This Memorandum of Understanding ("MOU") will be in effect from **June 1, 2025**, through **June 30, 2028** at which time all unused funds shall lapse.

ARTICLE 2. STANDARDS

2.0 To receive payment for the submittal of the FY 2022-23 NTD statistics, the City warrants that it:

A. Adhered to the Federal Guidelines for collecting and Reporting NTD statistics including all audit requirements;

B. Prepared and submitted the FY 2022-23 ANNUAL NTD REPORT of the City's fixed-route and/or demand response transit service to the NTD on or before **October 31, 2023**;

C. Prepared and submitted the FY 2022-23 ANNUAL NTD REPORT of the City's fixed-route and/or demand response transit service to the LACMTA on or before **February 15, 2024**;

ARTICLE 3. PAYMENT OF FUNDS TO CITY

3.0 LACMTA shall pay the City for collecting and reporting FY 2022-23 NTD statistics. LACMTA shall pay the City for submitting the FY 2022-23 **ANNUAL NTD REPORT** for the applicable transit services as follows:

MOTOR BUS SERVICE
For City's motor bus service, LACMTA shall pay an amount equal to the 28,100 revenue vehicle miles reported by the City multiplied by the FTA unit value of 0.686483228324693 per revenue vehicle mile. See Attachment A for detail.

DIAL-A-RIDE SERVICE
For City's dial-a-ride service, LACMTA shall pay an amount equal to the 71,628 revenue vehicle miles reported by the City multiplied by the FTA unit value of 0.686483228324693 per revenue vehicle mile. See Attachment A for detail.

3.1 The City shall submit one invoice to LACMTA prior to **June 30, 2028**, in the amount of **$68,462** to receive its payment described above.

3.2 INVOICE BY CITY:

Send invoice with supporting documentation to:

Los Angeles County Metropolitan Transportation Authority
Accounts Payable
P. O. Box 512296
Los Angeles, CA 90051-0296

Re: LACMTA MOU# MOUPAICARS25000 M.S. Chelsea Meister (99-21-3)

ARTICLE 4. CONDITIONS

4.0 The City agrees to comply with all requirements specified by the FTA guidelines for reporting NTD statistics.

4.1 The City understands and agrees that LACMTA shall have no liability in connection with the City's use of the funds. The City shall indemnify, defend, and hold harmless LACMTA and its officers, agents, and employees from and against any and all liability and expenses including defense costs and legal fees and claims for damages of any nature whatsoever, arising out of any act or omission of the City, its officers, agents, employees, and subcontractors in performing the services under this MOU.

4.2 The City is not a contractor, agent or employee of LACMTA. The City shall not represent itself as a contractor, agent or employee of LACMTA and shall have no power to bind LACMTA in contract or otherwise.

4.3 The City agrees that expenditure of the Proposition A Discretionary Incentive funds will be used for projects that meet the eligibility, administrative, audit and lapsing requirements of the Proposition A and Proposition C Local Return guidelines most recently adopted by the LACMTA Board.

4.4 These expenditures will be subject to **AUDIT** as part of LACMTA's annual Consolidated Audit.

ARTICLE 5. REMEDIES

5.0 LACMTA reserves the right to terminate this MOU and withhold or recoup funds if it determines that the City has not met the requirements specified by the FTA for collecting and submitting NTD statistics through LACMTA.

ARTICLE 6. MISCELLANEOUS

6.0 This MOU constitutes the entire understanding between the parties, with respect to the subject matter herein.

6.1 The MOU shall not be amended, nor any provisions or breach hereof waived, except in writing signed by the parties who agreed to the original MOU or the same level of authority.

ARTICLE 7. CONTACT INFORMATION

MOUPAICARS26000

PROPOSITION A DISCRETIONARY INCENTIVE GRANT PROGRAM
MEMORANDUM OF UNDERSTANDING
FOR COLLECTING AND REPORTING DATA FOR THE
NATIONAL TRANSIT DATABASE
FOR REPORT YEAR 2024

This Memorandum of Understanding (MOU) is entered into as of June 1, 2026 by and between Los Angeles County Metropolitan Transportation Authority ("LACMTA") and the City of Carson (the "City").

WHEREAS, on November 14, 1980, the voters of the County of Los Angeles approved by majority vote Proposition A, an ordinance establishing a one-half percent sales tax for public transit purposes; and

WHEREAS, at its September 26, 2001 meeting, the LACMTA authorized payment of Proposition A Discretionary Incentive funds to each participating agency in an amount equal to the Federal funds generated for the region by each agency's reported data; and

WHEREAS, at its June 26, 2025 meeting, LACMTA approved the Fiscal Year FY 2025-26 transit fund allocations, which included funds to make payments to all cities that voluntarily reported NTD data for FY 2023-24; and

WHEREAS, the City has voluntarily submitted their FY2023-24 data to the National Transit Database (NTD) and have successfully met all NTD and Federal Transit Administration (FTA) requirements in order to generate Federal 5307 funds for the Los Angeles County region; and

WHEREAS, the City has requested funds under the Proposition A Discretionary Incentive Program for collecting and reporting data for the NTD from the FY 2023-24 Report Year (the "Project"); and

WHEREAS, on March 31, 2026, the Federal Transit Administration (FTA) published in the Federal Register the FY 2025-26 Apportionments, Allocations, and Program Information including unit values for the data reported to the NTD; and

WHEREAS, the parties desire to agree on the terms and conditions for payment for the Project.

NOW, THEREFORE, LACMTA and the City hereby agree to the following terms and procedures:

ARTICLE 1. TERM

1.0 This Memorandum of Understanding ("MOU") will be in effect from **June 1, 2026**, through **June 30, 2029** at which time all unused funds shall lapse.

ARTICLE 2. STANDARDS

2.0 To receive payment for the submittal of the FY 2023-24 NTD statistics, the City warrants that it:

A. Adhered to the Federal Guidelines for collecting and Reporting NTD statistics including all audit requirements;

B. Prepared and submitted the FY 2023-24 ANNUAL NTD REPORT of the City's fixed-route and/or demand response transit service to the NTD on or before **October 31, 2024**;

C. Prepared and submitted the FY 2023-24 ANNUAL NTD REPORT of the City's fixed-route and/or demand response transit service to the LACMTA on or before **February 15, 2025**;

ARTICLE 3. PAYMENT OF FUNDS TO CITY

3.0 LACMTA shall pay the City for collecting and reporting FY 2023-24 NTD statistics. LACMTA shall pay the City for submitting the FY 2023-24 **ANNUAL NTD REPORT** for the applicable transit services as follows:

MOTOR BUS SERVICE
For City's motor bus service, LACMTA shall pay an amount equal to the 27,569 revenue vehicle miles reported by the City multiplied by the FTA unit value of 0.67530381923223126 per revenue vehicle mile. See Attachment A for detail.

DIAL-A-RIDE SERVICE
For City's dial-a-ride service, LACMTA shall pay an amount equal to the 91,545 revenue vehicle miles reported by the City multiplied by the FTA unit value of 0.67530381923223126 per revenue vehicle mile. See Attachment A for detail.

3.1 The City shall submit one invoice to LACMTA prior to **June 30, 2029**, in the amount of **$80,438** to receive its payment described above.

3.2 INVOICE BY CITY:

Send invoice with supporting documentation to:

Los Angeles County Metropolitan Transportation Authority
Accounts Payable
P. O. Box 512296
Los Angeles, CA 90051-0296
accountspayable@metro.net

Re: LACMTA MOU# MOUPAICARS26000 M.S. Chelsea Meister (99-4-3)

ARTICLE 4. CONDITIONS

4.0 The City agrees to comply with all requirements specified by the FTA guidelines for reporting NTD statistics.

4.1 The City understands and agrees that LACMTA shall have no liability in connection with the City's use of the funds. The City shall indemnify, defend, and hold harmless LACMTA and its officers, agents, and employees from and against any and all liability and expenses including defense costs and legal fees and claims for damages of any nature whatsoever, arising out of any act or omission of the City, its officers, agents, employees, and subcontractors in performing the services under this MOU.

4.2 The City is not a contractor, agent or employee of LACMTA. The City shall not represent itself as a contractor, agent or employee of LACMTA and shall have no power to bind LACMTA in contract or otherwise.

4.3 The City agrees that expenditure of the Proposition A Discretionary Incentive funds will be used for projects that meet the eligibility, administrative, audit and lapsing requirements of the Proposition A and Proposition C Local Return guidelines most recently adopted by the LACMTA Board.

4.4 These expenditures will be subject to **AUDIT** as part of LACMTA's annual Consolidated Audit.

ARTICLE 5. REMEDIES

5.0 LACMTA reserves the right to terminate this MOU and withhold or recoup funds if it determines that the City has not met the requirements specified by the FTA for collecting and submitting NTD statistics through LACMTA.

ARTICLE 6. MISCELLANEOUS

6.0 This MOU constitutes the entire understanding between the parties, with respect to the subject matter herein.

6.1 The MOU shall not be amended, nor any provisions or breach hereof waived, except in writing signed by the parties who agreed to the original MOU or the same level of authority.

To: Honorable Mayor and City Council

From: Dr. Arlington Rodgers, Director of Public Works PW Operations

Subject: CONSIDER APPROVAL OF AMENDMENT NO. 3 TO THE CONTRACT SERVICES AGREEMENT WITH Z&K CONSULTANTS, INC., FOR CONTINUED ON-CALL CONSTRUCTION MANAGEMENT AND INSPECTION SERVICES TO SUPPORT THE CITYWIDE PAVEMENT MAINTENANCE PROGRAM AND OTHER HIGH-PRIORITY CAPITAL IMPROVEMENT PROJECTS, INCREASING THE CONTRACT NOT-TO-EXCEED AMOUNT AND EXTENDING THE AGREEMENT THROUGH JUNE 30, 2028 (CITY COUNCIL)

I. SUMMARY

The Public Works Department is responsible for managing and delivering the City's Capital Improvement Program (CIP), which includes improvements to streets, storm drains, public facilities, and other essential infrastructure. The Department also oversees the annual Citywide Pavement Maintenance Program, which provides for the ongoing repair and rehabilitation of City streets. To support these efforts and supplement existing staff resources, the City contracts with qualified consulting firms to provide construction management and inspection services. These services help ensure that construction projects are completed on schedule, within budget, and in accordance with approved plans and construction standards.

On November 21, 2023, the City Council approved a 30-month Contract Services Agreement with Z&K Consultants, Inc. (Z&K) for construction management and inspection services, in an amount not to exceed $482,635. The original agreement extended through June 30, 2026, and included two optional one-year extensions. The City also maintains a separate agreement with Z&K for project management services, which has a different scope of work and is not affected by the proposed amendment.

As the City advanced Phases 5, 6, and 7 of the Citywide Pavement Maintenance Program, the City Council approved Amendment No. 1, increasing the contract amount by $308,986. In November 2025, the City Council approved Amendment No. 2, adding $500,797 to support construction management and inspection services for Phases 8, 9, and 10. These amendments increased the total authorized contract amount to $1,292,418 and allowed the City to maintain construction oversight as additional roadway improvements moved forward.

With new phases of the Citywide Pavement Maintenance Program underway and other capital improvement projects requiring continued construction oversight, staff recommends that the City Council approve Amendment No. 3 to the existing agreement with Z&K. The proposed amendment would increase the contract amount by $414,278, bringing the total authorized compensation to an amount not to exceed $1,706,696, and exercise the second and final one-year extension option, extending the agreement through June 30, 2028. Approval of Amendment No. 3 would allow the Public Works Department to continue using Z&K's construction management and inspection services on an as-needed basis to support ongoing and upcoming infrastructure projects. Maintaining these services will help the City monitor construction progress, verify the quality of completed work, manage project costs, and address potential issues before they result in delays or additional expenses. The proposed amendment supports the timely and cost-effective delivery of planned capital improvements while maintaining appropriate oversight of the City's infrastructure investments.

II. RECOMMENDATION

TAKE the following actions:

1. APPROVE the proposed Amendment No. 3 to the Contract Services Agreement with Z&K Consultants, Inc., for on-call Construction Management and Inspection Professional Services, increasing the contract amount by $414,278, for a revised total not-to-exceed amount of $1,706,696, and extending the agreement through June 30, 2028; and,
2. AUTHORIZE the Mayor to execute Amendment No. 3 following approval as to form by the City Attorney.

III. ALTERNATIVES

1. DO NOT APPROVE the proposed Amendment No. 3 to the Contract Services Agreement with Z&K Consultants, Inc., for on-call Construction Management and Inspection Professional Services, which would increase the contract amount by $414,278, for a revised total not-to-exceed amount of $1,706,696, and extend the agreement through June 30, 2028.
2. TAKE any other action the City Council deems appropriate, consistent with applicable law.

IV. BACKGROUND

On June 16, 2026, the City Council approved the Fiscal Year 2026-2031 Five-Year Capital Improvement Program (CIP), which identifies planned investments in the City's streets, transportation systems, parks, public facilities, and other essential infrastructure. The approved program includes a growing number of projects, many of which involve increasingly complex construction activities and require additional oversight. At the same time, the City continues to advance its annual Citywide Pavement Maintenance Program, which improves the condition of residential streets through scheduled phases of roadway rehabilitation and maintenance. As these projects move forward, the Public Works Department requires additional professional support to manage construction activities, inspect completed work, monitor costs and schedules, and ensure that improvements meet approved plans, construction standards, and applicable regulations.

To support these efforts, the Public Works Department issued Request for Qualifications (RFQ) No. 23-002Q in 2023, inviting qualified consulting firms to submit their experience and credentials for providing construction management and inspection services on an as-needed basis. These services supplement City staff when additional technical expertise or staffing resources are needed for specific projects. Following a competitive selection process, the City Council approved agreements with three consulting firms on November 21, 2023, including Z&K Consultants, Inc. (Z&K). The original agreement with Z&K established a maximum contract amount of $482,635 for a 30-month term ending June 30, 2026, with the option to extend the agreement for two additional one-year periods.

As the City advanced Phases 5, 6, and 7 of the Citywide Pavement Maintenance Program, the City Council approved Amendment No. 1, increasing Z&K's contract by $308,986, for a revised total not to exceed $791,621. The additional funding allowed the City to continue receiving construction management and inspection services as roadway improvements progressed. Subsequently, to support Phases 8, 9, and 10 of the program, the City Council approved Amendment No. 2, increasing the contract by an additional $500,797, for a revised total not to exceed $1,292,418, and extending the agreement through June 30, 2027.

With additional pavement maintenance work scheduled during the current fiscal year and several other priority infrastructure projects entering or continuing construction, the Public Works Department anticipates an ongoing need for construction management and inspection support. These services help City staff coordinate contractors, monitor construction progress, review the quality of completed work, identify potential problems early, and verify that projects are constructed according to approved plans and specifications. Maintaining access to these services is particularly important as the City manages multiple construction projects simultaneously while continuing to provide its regular public works services. To address this need, staff recommends that the City Council approve Amendment No. 3 to the existing Contract Services Agreement with Z&K Consultants, Inc. The proposed amendment would increase the contract amount by $414,278, bringing the total authorized compensation to an amount not to exceed $1,706,696, and extend the agreement for one additional year, through June 30, 2028. The amendment would allow the City to continue using Z&K's professional services on an as-needed basis for eligible capital improvement projects and pavement maintenance activities, without having to establish a new consulting agreement for each assignment.

Approval of the proposed amendment would provide the Public Works Department with continued access to construction management and inspection services as the City's infrastructure improvement program advances. These services help protect the City's investment in public infrastructure by supporting construction quality, monitoring project expenditures, and identifying scheduling or construction issues before they result in more significant delays or costs. Staff recommends approval of Amendment No. 3 to maintain continuity of construction oversight, support timely project delivery, and help ensure that roadway and other public infrastructure improvements are completed in accordance with City requirements.

V. FISCAL IMPACT

If the City Council approves Amendment No. 3, the Contract Services Agreement with Z&K Consultants, Inc. for construction management and inspection services will increase by $414,278, bringing the total contract amount to a not-to-exceed amount of $1,706,696. Of the proposed $414,278 increase, approximately $210,240 is anticipated to be spent during Fiscal Year 2026-27. Sufficient funding is available in the City's adopted Fiscal Year 2026-27 Capital Improvement Program (CIP) budget for Project No. PW1791, Citywide Pavement Maintenance Program (Account No. 101-99-999-904-8009). The remaining $204,038 will be included in the proposed Fiscal Year 2027-28 budget, subject to City Council approval through the annual budget process. Approval of the amendment will allow the City to continue receiving construction management and inspection services for planned roadway improvements while using existing budgeted funds for the current fiscal year. No additional budget appropriation is required for Fiscal Year 2026-27.

CONTRACT SERVICES AGREEMENT

By and Between

CITY OF CARSON

and

Z & K CONSULTANTS, INC.

AGREEMENT FOR CONTRACT SERVICES
BETWEEN THE CITY OF CARSON AND
Z & K CONSULTANTS, INC.

THIS AGREEMENT FOR CONTRACT SERVICES (herein "Agreement") is made and entered into this 22nd day of January, 2024 by and between the CITY OF CARSON, a California municipal corporation ("City") and Z & K CONSULTANTS, INC., a California corporation ("Consultant"). City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City has sought, by issuance of a Request for Proposals or Invitation for Bids, the performance of the services defined and described particularly in Article 1 of this Agreement.

B. Consultant, following submission of a proposal or bid for the performance of the services defined and described particularly in Article 1 of this Agreement, was selected by the City to perform those services.

C. Pursuant to the City of Carson's Municipal Code, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Consultant for performance of those services defined and described particularly in Article 1 of this Agreement and desire that the terms of that performance be as particularly defined and described herein.

OPERATIVE PROVISIONS

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1. SERVICES OF CONSULTANT

1.1 Scope of Services.

In compliance with all terms and conditions of this Agreement, the Consultant shall provide those services specified in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by this reference, which may be referred to herein as the "services" or "work" hereunder. As a material inducement to the City entering into this Agreement, Consultant represents and warrants that it has the qualifications, experience, and facilities necessary to properly perform the services required under this Agreement in a thorough, competent, and professional manner, and is experienced in performing the work and services contemplated herein. Consultant shall at all times faithfully, competently and to the best of its ability, experience and talent, perform all services described herein. Consultant covenants that it shall follow the highest professional standards in performing the work and services required hereunder and that all materials will be both of good quality as well as fit for the purpose intended. For purposes of this Agreement, the phrase "highest

professional standards" shall mean those standards of practice recognized by one or more first-class firms performing similar work under similar circumstances.

1.2 Consultant's Proposal.

The Scope of Service shall include the Consultant's scope of work or bid which shall be incorporated herein by this reference as though fully set forth herein. In the event of any inconsistency between the terms of such proposal and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Law.

Consultant shall keep itself informed concerning, and shall render all services hereunder in accordance with, all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental entity having jurisdiction in effect at the time service is rendered.

1.4 Licenses, Permits, Fees and Assessments.

Consultant shall obtain at its sole cost and expense such licenses, permits and approvals as may be required by law for the performance of the services required by this Agreement. Consultant shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Consultant's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.5 Familiarity with Work.

By executing this Agreement, Consultant warrants that Consultant (i) has thoroughly investigated and considered the scope of services to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Consultant warrants that Consultant has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder. Should the Consultant discover any latent or unknown conditions, which will materially affect the performance of the services hereunder, Consultant shall immediately inform the City of such fact and shall not proceed except at Consultant's risk until written instructions are received from the Contract Officer.

1.6 Care of Work.

The Consultant shall adopt reasonable methods during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as may be caused by City's own negligence.

1.7 Further Responsibilities of Parties.

Both parties agree to use reasonable care and diligence to perform their respective obligations under this Agreement. Both parties agree to act in good faith to execute all instruments, prepare all documents and take all actions as may be reasonably necessary to carry out the purposes of this Agreement. Unless hereafter specified, neither party shall be responsible for the service of the other.

1.8 Additional Services.

City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer to the Consultant, incorporating therein any adjustment in (i) the Contract Sum for the actual costs of the extra work, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum or $25,000, whichever is less; or, in the time to perform of up to one hundred eighty (180) days, may be approved by the Contract Officer. Any greater increases, taken either separately or cumulatively, must be approved by the City Council. It is expressly understood by Consultant that the provisions of this Section shall not apply to services specifically set forth in the Scope of Services. Consultant hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Services may be more costly or time consuming than Consultant anticipates and that Consultant shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors. No claims for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.9 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed Four Hundred Eighty Two Thousand Six Hundred Thirty Five Dollars and Zero Cents (**$482,635.00**) (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8. In the event City elects to exercise its options to extend the Term pursuant to Section 3.4 hereof, the Contract Sum will increase consistent with the additional not to exceed compensation applicable to each Extension Term, as set out in in Exhibit "C."

2.2 Method of Compensation.

The method of compensation may include: (i) a lump sum payment upon completion; (ii) payment in accordance with specified tasks or the percentage of completion of the services, less contract retention; (iii) payment for time and materials based upon the Consultant's rates as specified in the Schedule of Compensation, provided that (a) time estimates are provided for the performance of sub tasks, (b) contract retention is maintained, and (c) the Contract Sum is not exceeded; or (iv) such other methods as may be specified in the Schedule of Compensation.

2.3 Reimbursable Expenses.

Compensation may include reimbursement for actual and necessary expenditures for reproduction costs, telephone expenses, and travel expenses approved by the Contract Officer in advance, or actual subcontractor expenses of an approved subcontractor pursuant to Section 4.5, and only if specified in the Schedule of Compensation. The Contract Sum shall include the attendance of Consultant at all project meetings reasonably deemed necessary by the City. Coordination of the performance of the work with City is a critical component of the services. If Consultant is required to attend additional meetings to facilitate such coordination, Consultant shall not be entitled to any additional compensation for attending said meetings.

2.4 Invoices.

Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Agreement, Consultant is certifying compliance with all provisions of the Agreement. The invoice shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice City for any duplicate services performed by more than one person.

City shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by City, or as provided in Section 7.3, City will use its best efforts to cause Consultant to be paid within forty-five (45) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Consultant for correction and resubmission. Review and payment by City for any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.5 Waiver.

Payment to Consultant for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Consultant.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Time of Essence.

Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance.

Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding one hundred eighty (180) days cumulatively.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) years from the date hereof, except as otherwise provided in the Schedule of Performance (Exhibit "D").

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Consultant.

The following principals of Consultant ("Principals") are hereby designated as being the principals and representatives of Consultant authorized to act in its behalf with respect to the work specified herein and make all decisions in connection therewith:

Crystal Fraire, PE, QSD/P	Principal-in-Charge
(Name)	(Title)

(Name)	(Title)
(Name)	(Title)

It is expressly understood that the experience, knowledge, capability and reputation of the foregoing principals were a substantial inducement for City to enter into this Agreement. Therefore, the foregoing principals shall be responsible during the term of this Agreement for directing all activities of Consultant and devoting sufficient time to personally supervise the services hereunder. All personnel of Consultant, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the foregoing Principals may not be replaced nor may their responsibilities be substantially reduced by Consultant without the express written approval of City. Additionally, Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Consultant shall notify City of any changes in Consultant's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Consultant.

Consultant shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Consultant shall not at any time or in any manner represent that Consultant or any of Consultant's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Consultant, nor any of Consultant's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Consultant expressly waives any claim Consultant may have to any such rights.

4.3 Contract Officer.

The Contract Officer shall be Raymond Velasco, P.E., Public Works Operations Manager, or as otherwise designated by the City Manager. It shall be the Consultant's responsibility to assure that the Contract Officer is kept informed of the progress of the performance of the services and the Consultant shall refer any decisions which must be made by City to the Contract Officer. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Contract Officer. The Contract Officer shall have authority, if specified in writing by the City Manager, to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Consultant.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Consultant, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Consultant's employees, servants, representatives or agents, or in fixing their number,

compensation or hours of service. Consultant shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City. City shall not in any way or for any purpose become or be deemed to be a partner of Consultant in its business or otherwise or a joint venturer or a member of any joint enterprise with Consultant.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages.

The Consultant shall procure and maintain, at its sole cost and expense, in a form and content satisfactory to City, during the entire term of this Agreement including any extension thereof, the following policies of insurance which shall cover all elected and appointed officers, employees and agents of City:

(a) General Liability Insurance (Coverage Form ISO CGL CG 00 01 or equivalent). A policy of comprehensive general liability insurance written on a per occurrence basis for bodily injury, personal injury and property damage. The policy of insurance shall be in an amount not less than $1,000,000.00 per occurrence or if a general aggregate limit is used, then the general aggregate limit shall be twice the occurrence limit.

(b) Worker's Compensation Insurance. A policy of worker's compensation insurance in such amount as will fully comply with the laws of the State of California and which shall indemnify, insure and provide legal defense for the Consultant against any loss, claim or damage arising from any injuries or occupational diseases occurring to any worker employed by or any persons retained by the Consultant in the course of carrying out the work or services contemplated in this Agreement, with Employer's Liability insurance coverage limits of at least $1,000,000.00.

(c) Automotive Insurance (Coverage Form ISO CA 00 01 including "any auto" and endorsement CA 0025 or equivalent). A policy of comprehensive automobile liability

insurance written on a per occurrence for bodily injury and property damage in an amount not less than $1,000,000. Said policy shall include coverage for owned, non-owned, leased, hired cars and any automobile.

(d) Professional Liability. Professional liability insurance appropriate to the Consultant's profession, as determined by the City's Risk Manager, provided that the limits shall be no less than $1,000,000 per claim and no less than $1,000,000 general aggregate. This coverage may be written on a "claims made" basis, and must include coverage for contractual liability. The professional liability insurance required by this Agreement must be endorsed to be applicable to claims based upon, arising out of or related to services performed under this Agreement. The insurance must be maintained for at least 5 consecutive years following the completion of Consultant's services or the termination of this Agreement. During this additional 5-year period, Consultant shall annually and upon request of the City submit written evidence of this continuous coverage.

(e) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

(g) Broader Coverages and Higher Limits. Notwithstanding anything else herein to the contrary, if Consultant maintains broader coverages and/or higher limits than the minimums shown above, the City requires and shall be entitled to the broader coverages and/or higher limits maintained by Consultant.

5.2 General Insurance Requirements.

All of the above policies of insurance shall be primary insurance and shall name the City, its elected and appointed officers, employees and agents as additional insureds and any insurance maintained by City or its officers, employees or agents may apply in excess of, and not contribute with Consultant's insurance. The insurer is deemed hereof to waive all rights of subrogation and contribution it may have against the City, its officers, employees and agents and their respective insurers. Moreover, the insurance policy must specify that where the primary insured does not satisfy the self-insured retention, any additional insured may satisfy the self-insured retention.

All of said policies of insurance shall provide that said insurance may not be amended or cancelled by the insurer or any party hereto without providing thirty (30) days prior written notice by certified mail return receipt requested to the City. In the event any of said policies of insurance are cancelled, the Consultant shall, prior to the cancellation date, submit new evidence of insurance in conformance with Section 5.1 to the Contract Officer.

No work or services under this Agreement shall commence until the Consultant has provided the City with Certificates of Insurance, additional insured endorsement forms or appropriate insurance binders evidencing the above insurance coverages and said Certificates of Insurance or binders are approved by the City. City reserves the right to inspect complete, certified copies of and endorsements to all required insurance policies at any time. Any failure to comply

with the reporting or other provisions of the policies including breaches or warranties shall not affect coverage provided to City.

All certificates shall name the City as additional insured (providing the appropriate endorsement) and shall conform to the following "cancellation" notice:

> CANCELLATION:
>
> SHOULD ANY OF THE ABOVE DESCRIBED POLICIES BE CANCELLED BEFORE THE EXPIRATION DATED THEREOF, THE ISSUING COMPANY SHALL MAIL THIRTY (30)-DAY ADVANCE WRITTEN NOTICE TO CERTIFICATE HOLDER NAMED HEREIN.

[to be initialed] _____
Consultant Initials

City, its respective elected and appointed officers, directors, officials, employees, agents and volunteers are to be covered as additional insureds as respects: liability arising out of activities Consultant performs; products and completed operations of Consultant; premises owned, occupied or used by Consultant; or any automobiles owned, leased, hired or borrowed by Consultant. The coverage shall contain no special limitations on the scope of protection afforded to City, and their respective elected and appointed officers, officials, employees or volunteers. Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the limits of the insurer's liability.

Any deductibles or self-insured retentions must be declared to and approved by City. At the option of City, either the insurer shall reduce or eliminate such deductibles or self-insured retentions as respects City or its respective elected or appointed officers, officials, employees and volunteers or the Consultant shall procure a bond guaranteeing payment of losses and related investigations, claim administration, defense expenses and claims. The Consultant agrees that the requirement to provide insurance shall not be construed as limiting in any way the extent to which the Consultant may be held responsible for the payment of damages to any persons or property resulting from the Consultant's activities or the activities of any person or persons for which the Consultant is otherwise responsible nor shall it limit the Consultant's indemnification liabilities as provided in Section 5.3.

In the event the Consultant subcontracts any portion of the work in compliance with Section 4.5 of this Agreement, the contract between the Consultant and such subcontractor shall require the subcontractor to maintain the same policies of insurance that the Consultant is required to maintain pursuant to Section 5.1, and such certificates and endorsements shall be provided to City.

5.3 Indemnification.

To the full extent permitted by law, Consultant agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative,

arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Consultant, its officers, employees, agents, subcontractors, or invitees, or any individual or entity for which Consultant is legally liable ("indemnitors"), or arising from Consultant's or indemnitors' reckless or willful misconduct, or arising from Consultant's or indemnitors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, and in connection therewith:

(a) Consultant will defend any action or actions filed in connection with any of said claims or liabilities and will pay all costs and expenses, including legal costs and attorneys' fees incurred in connection therewith;

(b) Consultant will promptly pay any judgment rendered against the City, its officers, agents or employees for any such claims or liabilities arising out of or in connection with the negligent performance of or failure to perform such work, operations or activities of Consultant hereunder; and Consultant agrees to save and hold the City, its officers, agents, and employees harmless therefrom;

(c) In the event the City, its officers, agents or employees is made a party to any action or proceeding filed or prosecuted against Consultant for such damages or other claims arising out of or in connection with the negligent performance of or failure to perform the work, operation or activities of Consultant hereunder, Consultant agrees to pay to the City, its officers, agents or employees, any and all costs and expenses incurred by the City, its officers, agents or employees in such action or proceeding, including but not limited to, legal costs and attorneys' fees.

Consultant shall incorporate similar indemnity agreements with its subcontractors and if it fails to do so Consultant shall be fully responsible to indemnify City hereunder therefore, and failure of City to monitor compliance with these provisions shall not be a waiver hereof. This indemnification includes claims or liabilities arising from any negligent or wrongful act, error or omission, or reckless or willful misconduct of Consultant in the performance of professional services hereunder. The provisions of this Section do not apply to claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions, but, to the fullest extent permitted by law, shall apply to claims and liabilities resulting in part from City's negligence, except that design professionals' indemnity hereunder shall be limited to claims and liabilities arising out of the negligence, recklessness or willful misconduct of the design professional. The indemnity obligation shall be binding on successors and assigns of Consultant and shall survive termination of this Agreement.

5.4 Sufficiency of Insurer.

Insurance required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A-" or better in the most recent edition of Best Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better, unless such requirements are waived by the Risk Manager of the City ("Risk

Manager") due to unique circumstances. If this Agreement continues for more than 3 years duration, or in the event the risk manager determines that the work or services to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Consultant agrees that the minimum limits of the insurance policies may be changed accordingly upon receipt of written notice from the Risk Manager.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Consultant shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of three (3) years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Consultant's business, custody of the books and records may be given to City, and access shall be provided by Consultant's successor in interest. Notwithstanding the above, the Consultant shall fully cooperate with the City in providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement as the Contract Officer shall require. Consultant hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Consultant agrees that if Consultant becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein or, if Consultant is providing design services, the cost of the project being designed, Consultant shall promptly notify the Contract Officer of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto and, if Consultant is providing design services, the estimated increased or decreased cost estimate for the project being designed.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Consultant, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of

ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Consultant will be at the City's sole risk and without liability to Consultant, and Consultant's guarantee and warranties shall not extend to such use, reuse or assignment. Consultant may retain copies of such documents for its own use. Consultant shall have the right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Consultant fails to secure such assignment, Consultant shall indemnify City for all damages resulting therefrom. Moreover, with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

6.4 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Contract Officer.

(b) Consultant, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Contract Officer or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives City notice of such court order or subpoena.

(c) If Consultant, or any officer, employee, agent or subcontractor of Consultant, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorneys fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify City should Consultant, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by Consultant. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions

concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Consultant covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Disputes; Default.

In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the City may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended, though not reduced, if circumstances warrant. During the period of time that Consultant is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. In the alternative, the City may, in its sole discretion, elect to pay some or all of the outstanding invoices during the period of default. If Consultant does not cure the default, the City may take necessary steps to terminate this Agreement under this Article. Any failure on the part of the City to give notice of the Consultant's default shall not be deemed to result in a waiver of the City's legal rights or any rights arising out of any provision of this Agreement.

7.3 Retention of Funds.

Consultant hereby authorizes City to deduct from any amount payable to Consultant (whether or not arising out of this Agreement) (i) any amounts the payment of which may be in dispute hereunder or which are necessary to compensate City for any losses, costs, liabilities, or damages suffered by City, and (ii) all amounts for which City may be liable to third parties, by reason of Consultant's acts or omissions in performing or failing to perform Consultant's obligation under this Agreement. In the event that any claim is made by a third party, the amount or validity of which is disputed by Consultant, or any indebtedness shall exist which shall appear to be the basis for a claim of lien, City may withhold from any payment due, without liability for interest because of such withholding, an amount sufficient to cover such claim. The failure of City to exercise such right to deduct or to withhold shall not, however, affect the obligations of the Consultant to insure, indemnify, and protect City as elsewhere provided herein.

7.4 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Consultant shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.5 Rights and Remedies are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.6 Legal Action.

In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant shall file a statutory claim pursuant to Government Code Sections 905 et. seq. and 910 et. seq., in order to pursue a legal action under this Agreement.

7.7 Termination Prior to Expiration of Term.

This Section shall govern any termination of this Agreement except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Consultant reserves the right to terminate this Agreement at any time, with or without cause, upon sixty (60) days' written notice to City, except that where termination is due to the fault of the City, the period of notice may be such shorter time as the Consultant may determine. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer, except as provided in Section 7.3. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder. In the event of termination without cause pursuant to this Section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.8 Termination for Default of Consultant.

If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

7.9 Attorneys' Fees.

If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which may be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees. Attorney's fees shall include attorney's fees on any appeal, and in addition a party entitled to attorney's fees shall be entitled to all other reasonable costs for investigating such action, taking depositions and discovery and all other necessary costs the court allows which are incurred in such litigation. All such fees shall be deemed to have accrued on commencement of such action and shall be enforceable whether or not such action is prosecuted to judgment.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Consultant covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Consultant's performance of services under this Agreement. Consultant further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Contract Officer. Consultant agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects her/his financial interest or the financial interest of any corporation, partnership or association in which (s)he is, directly or indirectly, interested, in violation of any State statute or regulation. The Consultant warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Consultant covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, that there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class in the performance of this Agreement. Consultant shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry or other protected class.

8.4 Unauthorized Aliens.

Consultant hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C.A. §§ 1101, *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Consultant so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Consultant hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Carson, 701 East Carson, Carson, California 90745 and in the case of the Consultant, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.2 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.3 Counterparts.

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Agreement.

9.4 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Consultant and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.5 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.6 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "non-interests" pursuant to Government Code Sections 1091 or 1091.5. Consultant warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Consultant further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Consultant is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Consultant's Authorized Initials 

9.7 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

EXHIBIT "A"
SCOPE OF SERVICES

I. Consultant will perform the following Services on an on-call basis:

CONSTRUCTION MANAGEMENT SERVICES:

General construction management services may include, but not be limited to:

1. Coordinating and conducting Pre-Construction meetings.
2. Preparation and distribution of meeting minutes.
3. Quality assurance and quality control.
4. Administration and management of construction contracts.
5. Ensure construction efforts are completed per approved plans, on-schedule, and on-budget.
6. Ensure that local and state inspections have been completed as necessary.
7. Review construction schedule, including activity sequences and duration, schedule of submittals and delivery schedule of long lead materials and equipment. Review contractor's updates and revisions as may be required to reflect actual progress of work.
8. Provide construction schedule and budget updates to City's Contract Officer.
9. Schedule and conduct progress meetings to discuss contract issues, procedures, progress, problems, Construction Change Orders (CCO), submittals, requests for information (RFIs), deficiencies and schedules.
10. Process, review and approve contractor's submittals for City staff. Process and review project design consultant's submittals and provide recommendation to the City.
11. Process, review and track RFIs, submittals, shop drawings, proposed change orders and revisions, and provide recommendation to the City.
12. Review, evaluate and recommend approval for proposed CCOs. Review estimates for reasonableness and cost effectiveness and render recommendations to City. Administrate contracts, process CCOs (provide merit determination, quantification of cost and schedule impacts, render recommendations), review pay requests for accuracy.
13. Maintain cost accounting records on authorized work performed under contract unit costs and additional work performed based on actual costs of time (labor) and materials (T&M).
14. Review contractor submittals for extra or unforeseen work. Review potential CCO for accuracy and provide recommendation(s) to the City's Construction Management and Inspection Services Project Manager for proper course of action and processing of CCOs.
15. Assist City in coordinating services of other consultants (design, geotechnical, National

Pollutant Discharge Elimination System (NPDES), materials testing, inspection, special laboratory testing, etc.) that may be hired or selected for the project.

16. Coordinate with project designer the contractor's requests for interpretation or clarification of meaning and intent of project plans and specifications.
17. Coordinate construction activities with City's Public Works Maintenance Department.
18. Coordinate and oversee public notifications and public inquiries.
19. Establish and implement job safety procedures in compliance with CAL-OSHA requirements. Monitor contractor's compliance with established safety program, respond to deficiencies and hazards, and investigate and report on accidents.
20. Track quantities of work completed for progress payment(s). Develop and implement procedures for review and processing of progress payment applications. Assist the City with review(s) and certification for payment(s).
21. Establish procedures and monitor contractor compliance with federal and state prevailing wage regulations and requirements.
22. Provide a recovery plan and/or work-around schedule as necessary to mitigate any project impacts.
23. Confirm delivery and storage of all materials, supplies, and equipment.
24. Provide recommendation and assistance to the City and the Design/Engineering Team in resolving any dispute(s) arising from the performance of the contractor and sub-contractors.
25. Ensure that the Prime/General Contractor has an appropriate safety program in place.
26. Recommend the accrual and assessment of Liquidated Damages as necessary.
27. City's Construction Manager shall manage and coordinate with contractor the project Substantial Completion Punchlist.
28. Provide a Construction Project Close-Out Report with all construction-related project documents.

<u>INSPECTION SERVICES (as part of Construction Management Services):</u>

General construction management inspection services may include, but not be limited to:

1. Become familiar with construction documents, traffic control plans, construction schedules, construction sequences, and permit requirements from other agencies.
2. Photograph and log a pre-work video documenting existing conditions prior, during, and after construction.
3. Attend pre-construction meetings and present special concerns, if any.

4. Interpret plans, specifications and regulations and ensure that contractors and sub-contractors are following their contracts, and any Federal, State, or local regulations in effect at time work is performed.

5. Inspect construction activities to ensure projects are constructed in accordance with the approved construction documents (including, but not limited to plans, specifications, as-built drawings, reports, etc.).

6. Document in writing and notify construction contractors about non-compliance; and direct Contractor in writing to correct non-compliance items as soon as they are discovered. Maintain a status log of all Non-Compliant items discovered and identified during the performance of this project.

7. Prepare and maintain daily Inspection Reports showing site and weather conditions; traffic control measures taken by contractors; labor (record headcount of prime contractor and subcontractors/vendors), equipment and materials used; quantity of work performed; and major incidents/safety violations. Daily Inspection Reports shall be submitted to City upon project completion.

8. Review and maintain record of construction progress on a regular basis; verify schedules are on track with project milestones; identify deviations; and ensure that corrective actions are taken to bring projects back on schedule.

9. Provide accurate measurements of work completed by contractors in accordance with contract documents.

10. Review soil compaction and materials testing certifications of compliance (COC).

11. Coordinate with materials testing firms regarding quality of work completed.

12. Ensure that contractors do not install materials without approved material testing certifications. Any failed tests shall be reported to the City, and Consultant shall direct contractor to take correction measures to achieve compliance.

13. Monitor contractors' utility coordination to minimize utility conflict delays and potential need for utility relocations. Report potential conflicts to utilities, and advise them to relocate or remove conflicting utilities and report outcome to City.

14. Coordinate with contractor access to adjacent businesses/residents during construction.

15. Provide inspection of traffic control, channelization, and all other traffic-related work.

16. Observe construction safety, public safety and convenience, and report discovered problems to City.

17. Monitor compliance with the City's NPDES permits and requirements. Monitor compliance with all other local, state, and federal laws and regulations.

18. Monitor compliance with City's Construction Demolition and Recycling Ordinance,

including State requirements for organic waste diversion.

19. Maintain data for change orders and record information regarding time of dispute, time of notification by contractor, and action taken by inspector.
20. Coordinate preparation and submittal of "As-Built" plans to City upon project completion.
21. Prepare and issue preliminary and final punch list, including schedule for punch list completion. Monitor and follow through with contractor until completion of all punch list items.
22. Evaluate completion of work and recommend to City when work is ready for final inspection.
23. Conduct final inspection/walk-through with City staff.
24. Secure and transmit required guarantees, certifications, affidavits, leases, easement deeds, operating & maintenance manuals, warranties and other documents as stipulated in contract documents.

CONSTRUCTION MATERIAL TESTING (as part of Construction Management Services):

General construction management materials testing services may include, but not be limited to:

1. Review, recommend and implement testing lab studies and reports.
2. Collect concrete samples and test their strength.
3. Provide soil testing services.
4. Check subgrade compaction for concrete and asphalt construction.
5. Perform tests for sieve analysis, sand equivalent and cleanness, as needed.
6. Perform plant inspection at facilities supplying concrete and hot mix asphalt.
7. Provide summary report of testing results.
8. Verify that sampling and testing procedures are being performed properly.
9. Verify certifications of samplers and testers.
10. Perform split sample tests as necessary.
11. Maintain witness test records.
12. Verify that all testing equipment used for acceptance testing is in good condition and properly calibrated.
13. Verify that all plant inspections are being performed correctly by qualified testers.
14. Provide summary report of quality assurance results.

II. Consultant will perform Services, if any, in accordance with project-specific Task Orders, as follows:

When the City requests proposals from on-call consultants (including the Consultant) on a project-specific Task Order, and if the City accepts Consultant's proposal, then the Task Order and Notice to Proceed shall provide in detail Consultant's Scope of Services on that Task Order. **This Agreement does not guarantee that Consultant will be selected to perform services on Task Orders. This Agreement does not provide for Consultant's compensation except for Consultant's services rendered pursuant to a Notice to Proceed on a Task Order.**

III. Consultant must perform all on-call Services in compliance with the following requirements:

A. Each task shall be indicated by a written request ("Task Order") produced by the Contract Officer with a description of the work to be performed, and the time desired for completion. All tasks shall be carried out in conformity with all provisions of this Agreement.

B. Consultant must prepare a written description of the requested tasks including all components and subtasks; the costs to perform the task ("Task Budget"), using the itemized fees in Exhibit C, Schedule of Compensation, whenever a requested task is provided for in Exhibit C; explain how the cost was determined; and, a schedule for completion of the task ("Task Completion Date"); which shall all collectively be referred to as the "Task Proposal."

C. Contract Officer shall in writing approve, modify, or reject the Task Proposal, and may issue a Notice to Proceed.

D. The task shall be performed at a cost not to exceed the Task Budget.

E. Consultant shall complete the task and deliver all deliverables to Contract Officer by the Task Completion Date.

IV. In addition to the requirements of Section 6.2 and pursuant to the Task Order's project-specific Scope of Services, the Contract Officer may require the Consultant to provide the following deliverables, as applicable:

A. Meeting minutes

B. Construction schedule and budget updates

C. Construction Project Close-Out Report

D. Inspection reports

E. Accurate measurements of work completed

F. Summary report of test results

G. Summary report of quality assurance results

V. All work product is subject to review and acceptance by the City, and must be revised by the Consultant without additional charge to the City until found satisfactory and accepted by City.

VI. Consultant will utilize qualified personnel with the following titles to perform the Services required by the applicable Task Order. Consultant shall obtain the Contract Officer's advanced written approval when replacing any individual assigned to perform services on Task Orders:

A. Zack Faqih, Senior Construction Manager

B. Tommy Russell, Senior Construction Manager

C. Nadeem Syed, Senior Construction Manager

D. Anthony Flores, Senior Construction Manager

E. Thomas Dawson, Senior Construction Manager

F. Brittany Duhn, Office Engineer

G. Lauren Wiley, Office Engineer

H. Yara Sharabi, Office Engineer

I. Amber Garcia, Labor Compliance Officer

J. Charles Lamb, Landscape Inspection

K. Noah Hernandez, Senior Construction Inspector

L. Jimmy Martin, Senior Construction Inspector

M. Gregory Hunkle, Senior Construction Inspector

N. Michael Sanchez, Senior Construction Inspector

O. Eddie Davalos, Senior Construction Inspector

P. Ahmad Alhroob, Construction Inspector

Q. Omar Sharabi, Construction Inspector

R. Jamil Borner, Construction Inspector

S. Mahmound Awad, Construction Inspector

T. Noah Hernandez, Construction Inspector

U. William Henry, Senior Land Surveyor (as needed)

V. Ahmed Ibrahim, Structural Engineer (as needed)

W. Salvador Orozco, Sr. Traffic/Signal Engineer (as needed)

X. Dion Castro, SWPPP/Environmental Specialist (as needed)

Y. Alfred Ramirez, AutoCAD/Microstation Designer (as needed)

Z. Thomas Russell, Sr. Electrical Specialist (as needed)

AA. Eddie Davalos, Sr. Civil and Grading Specialist (as needed)

BB. Converse Consultants, Subcontractor, Materials Testing

EXHIBIT "B"
SPECIAL REQUIREMENTS
(Superseding Contract Boilerplate)

The Agreement is hereby amended as follows (deletions shown in ~~strikethrough~~ and additions shown in ***bold italics***):

I. A new Section 1.10, "Compliance with Labor and Wage Laws," is hereby added to the Agreement, to read in its entirety as follows:

"1.10 Compliance with Labor and Wage Laws.

Certain portions of the Services may be subject to prevailing wages under the Labor Code and to the extent such is true, the below provisions will apply.

(a) Public Work. The Parties acknowledge that the work to be performed under this Agreement is a "public work" as defined in Labor Code Section 1720 and that this Agreement is therefore subject to the requirements of Division 2, Part 7, Chapter 1 (commencing with Section 1720) of the California Labor Code relating to public works contracts and the rules and regulations established by the Department of Industrial Relations ("**DIR**") implementing such statutes. The work performed under this Agreement is subject to compliance monitoring and enforcement by the DIR. Consultant shall post job site notices, as prescribed by regulation.

(b) Registration with DIR. Pursuant to Labor Code section 1771.1, Consultant and all subcontractors must be registered with, and pay an annual fee to, the DIR prior to and during the performance of any work under this Agreement.

(c) Prevailing Wages. Consultant shall pay prevailing wages to the extent required by Labor Code Section 1771. Pursuant to Labor Code Section 1773.2, copies of the prevailing rate of per diem wages are on file at City Hall and will be made available to any interested party on request. By initiating any work under this Agreement, Consultant acknowledges receipt of a copy of the DIR determination of the prevailing rate of per diem wages, and Consultant shall post a copy of the same at each job site where work is performed under this Agreement. If this Agreement is subject to the payment of federal prevailing wages under the Davis-Bacon Act (40 U.S.C. § 3141 *et seq.*), then Consultant shall pay the higher of either the state for federal prevailing wage applicable to each laborer.

(d) Penalty for Failure to Pay Prevailing Wages. Consultant shall comply with and be bound by the provisions of Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. The Consultant shall, as a penalty to the City, forfeit two hundred dollars ($200) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the DIR for the work or craft in which the worker is employed for any public work done pursuant to this Agreement by Consultant or by any subcontractor.

(e) Payroll Records. Consultant shall comply with and be bound by the provisions of Labor Code Section 1776, which requires Consultant and each subcontractor to: keep

accurate payroll records and verify such records in writing under penalty of perjury, as specified in Section 1776; certify and make such payroll records available for inspection as provided by Section 1776; and inform the City of the location of the records.

(f) Apprentices. Consultant shall comply with and be bound by the provisions of Labor Code Sections 1777.5, 1777.6, and 1777.7 and California Code of Regulations Title 8, Section 200 et seq. concerning the employment of apprentices on public works projects. Consultant shall be responsible for compliance with these aforementioned Sections for all apprenticeable occupations. Prior to commencing work under this Agreement, Consultant shall provide City with a copy of the information submitted to any applicable apprenticeship program. Within sixty (60) days after concluding work pursuant to this Agreement, Consultant and each of its subcontractors shall submit to the City a verified statement of the journeyman and apprentice hours performed under this Agreement.

(g) Eight-Hour Work Day. Consultant acknowledges that eight (8) hours labor constitutes a legal day's work. Consultant shall comply with and be bound by Labor Code Section 1810.

(h) Penalties for Excess Hours. Consultant shall comply with and be bound by the provisions of Labor Code Section 1813 concerning penalties for workers who work excess hours. Consultant shall, as a penalty to the City, forfeit twenty-five dollars ($25) for each worker employed in the performance of this Agreement by Consultant or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the Labor Code. Pursuant to Labor Code section 1815, work performed by employees of Consultant in excess of eight (8) hours per day, and forty (40) hours during any one week shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than one and one-half (1½) times the basic rate of pay.

(i) Workers' Compensation. California Labor Code Sections 1860 and 3700 provide that every employer will be required to secure the payment of compensation to its employees if it has employees. In accordance with the provisions of California Labor Code Section 1861, Consultant certifies as follows:

"I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract."

(j) Consultant's Responsibility for Subcontractors. For every subcontractor who will perform work under this Agreement, Consultant shall be responsible for such subcontractor's compliance with Division 2, Part 7, Chapter 1 (commencing with Section 1720) of the California Labor Code, and shall make such compliance a requirement in any contract with any subcontractor for work under this Agreement. Consultant shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractor's compliance, including without limitation, conducting a review of the

certified payroll records of the subcontractor on a periodic basis or upon becoming aware of the failure of the subcontractor to pay his or her workers the specified prevailing rate of wages. Consultant shall diligently take corrective action to halt or rectify any such failure by any subcontractor."

II. Section 3.4 (Term) of the Agreement is hereby amended to read in its entirety as follows:

"3.4 Term

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services ***commencing January 1, 2024 and expiring June 30, 2026*** ~~but not exceeding one (1) years from the date hereof~~, except as otherwise provided in the Schedule of Performance (Exhibit "D"). ***The City may, at its sole discretion, elect to extend the Term by two (2) additional one-year terms (each, an "Extension Term"). The pricing to be applied for each Extension Term is listed in Exhibit "C."***"

III. Section 4.5 (Prohibition Against Subcontracting or Assignment) of the Agreement is hereby amended to read in its entirety as follows:

"4.5 Prohibition Against Subcontracting or Assignment

The experience, knowledge, capability and reputation of Consultant, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, ***with the exception of Converse Consultants which provides materials testing services,*** Consultant shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Consultant, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Consultant or any surety of Consultant of any liability hereunder without the express consent of City."

EXHIBIT "C"
SCHEDULE OF COMPENSATION

I. **This Schedule of Compensation governs Consultant's compensation in the event the Consultant performs services pursuant to a Notice to Proceed on a Task Order. This Agreement does not guarantee that Consultant will be selected to perform services on Task Orders.**

The not to exceed compensation amounts are as follows:

January 1, 2024 through June 30, 2024:	$94,250.00
July 1, 2024 through June 30, 2025:	$192,270.00*
July 1, 2025 through June 30, 2026:	$196,115.00*
Total:	$482,635.00

July 1, 2026 through June 30, 2027:	$200,037.00 (extension period)*
July 1, 2027 through June 30, 2028:	$204,038 (extension period)*

*Amount reflects 2% increase from prior year.

II. **Consultant responding to the City's request for proposals on a project-specific Task Order shall establish a Task Budget for the Task Order, identifying the subtasks based on the time and rates of the personnel performing the subtasks, and itemizing all materials and equipment utilized and the costs thereof. If payment is to be made other than at completion of the services, then the phases of the performance and percentage of payment due shall also be shown in the Task Proposal. Consultant's proposals on Task Orders shall be based on hourly rates identical to the rates attached as Exhibit C-1.**

III. **The City will compensate Consultant for the Services performed upon submission of a valid invoice. Each invoice is to include:**

A. Line items for all personnel describing the work performed, the number of hours worked, and the hourly rate.

B. Line items for all materials and equipment properly charged to the Services.

C. Line items for all other approved reimbursable expenses claimed, with supporting documentation.

D. Line items for all approved subcontractor labor, supplies, equipment, materials, and travel properly charged to the Services.

IV. **The total compensation for the Services shall not exceed $482,635.00 as provided in Section 2.1 of this Agreement.**

V. **The Consultant's billing rates for all personnel are attached as Exhibit C-1.**

EXHIBIT "C-1"
BILLING RATES

Senior Construction Manager	$157
Construction Manager	$152
Senior Construction Inspector	$146
Construction Inspector	$138
Office Engineer	$145
Senior Highway & Bridge Designer/Structural Engineer	$165
Traffic Signal/Electrical Inspector	$140
SWPPP/Environmental Specialist	$130
Senior Traffic/Signal Engineer	$136
Public Relations/Community Outreach	$135
Civil/Land Development Designer	$130
Senior Land Surveyor	$142
Senior Landscape Architect	$148
Labor Compliance Officer	$135

EXHIBIT "D"
SCHEDULE OF PERFORMANCE

I. Consultant shall perform all Services on an on-call basis as set forth in Exhibit "A."

II. If the City selects the Consultant's proposal to perform a project-specific Task Order, the Task Order's Scope of Work/Services or the Notice to Proceed, or both, shall provide the detailed schedule of performance, and all services shall be completed timely in accordance with the approved Task Proposal and by the Task Completion Date.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

BLANKET ADDITIONAL INSURED (ARCHITECTS, ENGINEERS AND SURVEYORS)

This endorsement modifies insurance provided under the following:

COMMERCIAL GENERAL LIABILITY COVERAGE PART

1. The following is added to **SECTION II – WHO IS AN INSURED**:

   Any person or organization that you agree in a "written contract requiring insurance" to include as an additional insured on this Coverage Part, but:

   a. Only with respect to liability for "bodily injury", "property damage" or "personal injury"; and

   b. If, and only to the extent that, the injury or damage is caused by acts or omissions of you or your subcontractor in the performance of "your work" to which the "written contract requiring insurance" applies, or in connection with premises owned by or rented to you.

   The person or organization does not qualify as an additional insured:

   c. With respect to the independent acts or omissions of such person or organization; or

   d. For "bodily injury", "property damage" or "personal injury" for which such person or organization has assumed liability in a contract or agreement.

   The insurance provided to such additional insured is limited as follows:

   e. This insurance does not apply on any basis to any person or organization for which coverage as an additional insured specifically is added by another endorsement to this Coverage Part.

   f. This insurance does not apply to the rendering of or failure to render any "professional services".

   g. In the event that the Limits of Insurance of the Coverage Part shown in the Declarations exceed the limits of liability required by the "written contract requiring insurance", the insurance provided to the additional insured shall be limited to the limits of liability required by that "written contract requiring insurance". This endorsement does not increase the limits of insurance described in Section **III** – Limits Of Insurance.

   h. This insurance does not apply to "bodily injury" or "property damage" caused by "your work" and included in the "products-completed operations hazard" unless the "written contract requiring insurance" specifically requires you to provide such coverage for that additional insured, and then the insurance provided to the additional insured applies only to such "bodily injury" or "property damage" that occurs before the end of the period of time for which the "written contract requiring insurance" requires you to provide such coverage or the end of the policy period, whichever is earlier.

2. The following is added to Paragraph **4.a.** of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

   The insurance provided to the additional insured is excess over any valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured for a loss we cover. However, if you specifically agree in the "written contract requiring insurance" that this insurance provided to the additional insured under this Coverage Part must apply on a primary basis or a primary and non-contributory basis, this insurance is primary to other insurance available to the additional insured which covers that person or organizations as a named insured for such loss, and we will not share with the other insurance, provided that:

   (1) The "bodily injury" or "property damage" for which coverage is sought occurs; and

   (2) The "personal injury" for which coverage is sought arises out of an offense committed;

   after you have signed that "written contract requiring insurance". But this insurance provided to the additional insured still is excess over valid and collectible other insurance, whether primary, excess, contingent or on any other basis, that is available to the additional insured when that person or organization is an additional insured under any other insurance.

Includes the copyrighted material of Insurance Services Office, Inc., with its permission

3. The following is added to Paragraph **8.**, **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – COMMERCIAL GENERAL LIABILITY CONDITIONS**:

   We waive any right of recovery we may have against any person or organization because of payments we make for "bodily injury", "property damage" or "personal injury" arising out of "your work" performed by you, or on your behalf, done under a "written contract requiring insurance" with that person or organization. We waive this right only where you have agreed to do so as part of the "written contract requiring insurance" with such person or organization signed by you before, and in effect when, the "bodily injury" or "property damage" occurs, or the "personal injury" offense is committed.

4. The following definition is added to the **DEFINITIONS** Section:

   "Written contract requiring insurance" means that part of any written contract under which you are required to include a person or organization as an additional insured on this Coverage Part, provided that the "bodily injury" and "property damage" occurs and the "personal injury" is caused by an offense committed:

   a. After you have signed that written contract;

   b. While that part of the written contract is in effect; and

   c. Before the end of the policy period.

THIS ENDORSEMENT CHANGES THE POLICY. PLEASE READ IT CAREFULLY.

AUTO COVERAGE PLUS ENDORSEMENT

This endorsement modifies insurance provided under the following:

BUSINESS AUTO COVERAGE FORM

GENERAL DESCRIPTION OF COVERAGE – This endorsement broadens coverage. However, coverage for any injury, damage or medical expenses described in any of the provisions of this endorsement may be excluded or limited by another endorsement to the Coverage Part, and these coverage broadening provisions do not apply to the extent that coverage is excluded or limited by such an endorsement. The following listing is a general coverage description only. Limitations and exclusions may apply to these coverages. Read all the provisions of this endorsement and the rest of your policy carefully to determine rights, duties, and what is and is not covered.

A. **BLANKET ADDITIONAL INSURED**
B. **EMPLOYEE HIRED AUTO**
C. **EMPLOYEES AS INSURED**
D. **SUPPLEMENTARY PAYMENTS – INCREASED LIMITS**
E. **TRAILERS – INCREASED LOAD CAPACITY**
F. **HIRED AUTO PHYSICAL DAMAGE**
G. **PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT**
H. **AUDIO, VISUAL AND DATA ELECTRONIC EQUIPMENT – INCREASED LIMIT**
I. **WAIVER OF DEDUCTIBLE – GLASS**
J. **PERSONAL PROPERTY**
K. **AIRBAGS**
L. **AUTO LOAN LEASE GAP**
M. **BLANKET WAIVER OF SUBROGATION**

A. BLANKET ADDITIONAL INSURED

The following is added to Paragraph **A.1.**, **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

Any person or organization who is required under a written contract or agreement between you and that person or organization, that is signed and executed by you before the "bodily injury" or "property damage" occurs and that is in effect during the policy period, to be named as an additional insured is an "insured" for Covered Autos Liability Coverage, but only for damages to which this insurance applies and only to the extent that person or organization qualifies as an "insured" under the Who Is An Insured provision contained in Section II.

B. EMPLOYEE HIRED AUTO

1. The following is added to Paragraph **A.1.**, **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   An "employee" of yours is an "insured" while operating a covered "auto" hired or rented under a contract or agreement in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

2. The following replaces Paragraph **b.** in **B.5.**, **Other Insurance**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

   b. For Hired Auto Physical Damage Coverage, the following are deemed to be covered "autos" you own:

   (1) Any covered "auto" you lease, hire, rent or borrow; and

   (2) Any covered "auto" hired or rented by your "employee" under a contract in an "employee's" name, with your permission, while performing duties related to the conduct of your business.

   However, any "auto" that is leased, hired, rented or borrowed with a driver is not a covered "auto".

C. EMPLOYEES AS INSURED

The following is added to Paragraph **A.1.**, **Who Is An Insured**, of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

© 2015 The Travelers Indemnity Company. All rights reserved.
Includes copyrighted material of Insurance Services Office, Inc. with its permission.

Any "employee" of yours is an "insured" while using a covered "auto" you don't own, hire or borrow in your business or your personal affairs.

D. SUPPLEMENTARY PAYMENTS – INCREASED LIMITS

1. The following replaces Paragraph **A.2.a.(2)** of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   (2) Up to $3,000 for cost of bail bonds (including bonds for related traffic law violations) required because of an "accident" we cover. We do not have to furnish these bonds.

2. The following replaces Paragraph **A.2.a.(4)** of **SECTION II – COVERED AUTOS LIABILITY COVERAGE**:

   (4) All reasonable expenses incurred by the "insured" at our request, including actual loss of earnings up to $500 a day because of time off from work.

E. TRAILERS – INCREASED LOAD CAPACITY

The following replaces Paragraph **C.1.** of **SECTION I – COVERED AUTOS**:

1. "Trailers" with a load capacity of 3,000 pounds or less designed primarily for travel on public roads.

F. HIRED AUTO PHYSICAL DAMAGE

The following is added to Paragraph **A.4.**, **Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Hired Auto Physical Damage Coverage

If hired "autos" are covered "autos" for Covered Autos Liability Coverage but not covered "autos" for Physical Damage Coverage, and this policy also provides Physical Damage Coverage for an owned "auto", then the Physical Damage Coverage is extended to "autos" that you hire, rent or borrow subject to the following:

(1) The most we will pay for "loss" to any one "auto" that you hire, rent or borrow is the lesser of:

(a) $50,000;

(b) The actual cash value of the damaged or stolen property as of the time of the "loss"; or

(c) The cost of repairing or replacing the damaged or stolen property with other property of like kind and quality.

(2) An adjustment for depreciation and physical condition will be made in determining actual cash value in the event of a total "loss".

(3) If a repair or replacement results in better than like kind or quality, we will not pay for the amount of betterment.

(4) A deductible equal to the highest Physical Damage deductible applicable to any owned covered "auto".

(5) This Coverage Extension does not apply to:

(a) Any "auto" that is hired, rented or borrowed with a driver; or

(b) Any "auto" that is hired, rented or borrowed from your "employee".

G. PHYSICAL DAMAGE – TRANSPORTATION EXPENSES – INCREASED LIMIT

The following replaces the first sentence in Paragraph **A.4.a.**, **Transportation Expenses**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

We will pay up to $50 per day to a maximum of $1,500 for temporary transportation expense incurred by you because of the total theft of a covered "auto" of the private passenger type.

H. AUDIO, VISUAL AND DATA ELECTRONIC EQUIPMENT – INCREASED LIMIT

Paragraph **C.1.b.** of **SECTION III – PHYSICAL DAMAGE COVERAGE** is deleted.

I. WAIVER OF DEDUCTIBLE – GLASS

The following is added to Paragraph **D.**, **Deductible**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

No deductible for a covered "auto" will apply to glass damage if the glass is repaired rather than replaced.

J. PERSONAL PROPERTY

The following is added to Paragraph **A.4.**, **Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Personal Property Coverage

We will pay up to $400 for "loss" to wearing apparel and other personal property which is:

(1) Owned by an "insured"; and

(2) In or on your covered "auto".

This coverage only applies in the event of a total theft of your covered "auto".

No deductibles apply to Personal Property coverage.

Includes copyrighted material of Insurance Services Office, Inc. with its permission.

K. AIRBAGS

The following is added to Paragraph **B.3.**, **Exclusions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Exclusion **3.a.** does not apply to "loss" to one or more airbags in a covered "auto" you own that inflate due to a cause other than a cause of "loss" set forth in Paragraphs **A.1.b.** and **A.1.c.**, but only:

a. If that "auto" is a covered "auto" for Comprehensive Coverage under this policy;

b. The airbags are not covered under any warranty; and

c. The airbags were not intentionally inflated.

We will pay up to a maximum of $1,000 for any one "loss".

L. AUTO LOAN LEASE GAP

The following is added to Paragraph **A.4.**, **Coverage Extensions**, of **SECTION III – PHYSICAL DAMAGE COVERAGE**:

Auto Loan Lease Gap Coverage for Private Passenger Type Vehicles

In the event of a total "loss" to a covered "auto" of the private passenger type shown in the Schedule or Declarations for which Physical Damage Coverage is provided, we will pay any unpaid amount due on the lease or loan for such covered "auto" less the following:

(1) The amount paid under the Physical Damage Coverage Section of the policy for that "auto"; and

(2) Any:

(a) Overdue lease or loan payments at the time of the "loss";

(b) Financial penalties imposed under a lease for excessive use, abnormal wear and tear or high mileage;

(c) Security deposits not returned by the lessor;

(d) Costs for extended warranties, Credit Life Insurance, Health, Accident or Disability Insurance purchased with the loan or lease; and

(e) Carry-over balances from previous loans or leases.

M. BLANKET WAIVER OF SUBROGATION

The following replaces Paragraph **A.5.**, **Transfer Of Rights Of Recovery Against Others To Us**, of **SECTION IV – BUSINESS AUTO CONDITIONS**:

5. Transfer Of Rights Of Recovery Against Others To Us

We waive any right of recovery we may have against any person or organization to the extent required of you by a written contract executed prior to any "accident" or "loss", provided that the "accident" or "loss" arises out of the operations contemplated by such contract. The waiver applies only to the person or organization designated in such contract.

Insured Premium

Insurance Company Countersigned by _____

DATE OF ISSUE: 04-03-23 **ST ASSIGN:**

c. Method Of Sharing

If all of the other insurance permits contribution by equal shares, we will follow this method also. Under this approach each insurer contributes equal amounts until it has paid its applicable limit of insurance or none of the loss remains, whichever comes first.

If any of the other insurance does not permit contribution by equal shares, we will contribute by limits. Under this method, each insurer's share is based on the ratio of its applicable limit of insurance to the total applicable limits of insurance of all insurers.

d. Primary And Non-Contributory Insurance If Required By Written Contract

If you specifically agree in a written contract or agreement that the insurance afforded to an insured under this Coverage Part must apply on a primary basis, or a primary and non-contributory basis, this insurance is primary to other insurance that is available to such insured which covers such insured as a named insured, and we will not share with that other insurance, provided that:

(1) The "bodily injury" or "property damage" for which coverage is sought occurs; and

(2) The "personal and advertising injury" for which coverage is sought is caused by an offense that is committed;

subsequent to the signing of that contract or agreement by you.

5. Premium Audit

a. We will compute all premiums for this Coverage Part in accordance with our rules and rates.

b. Premium shown in this Coverage Part as advance premium is a deposit premium only. At the close of each audit period we will compute the earned premium for that period and send notice to the first Named Insured. The due date for audit and retrospective premiums is the date shown as the due date on the bill. If the sum of the advance and audit premiums paid for the policy period is greater than the earned premium, we will return the excess to the first Named Insured.

c. The first Named Insured must keep records of the information we need for premium computation, and send us copies at such times as we may request.

6. Representations

By accepting this policy, you agree:

a. The statements in the Declarations are accurate and complete;

b. Those statements are based upon representations you made to us; and

c. We have issued this policy in reliance upon your representations.

The unintentional omission of, or unintentional error in, any information provided by you which we relied upon in issuing this policy will not prejudice your rights under this insurance. However, this provision does not affect our right to collect additional premium or to exercise our rights of cancellation or nonrenewal in accordance with applicable insurance laws or regulations.

7. Separation Of Insureds

Except with respect to the Limits of Insurance, and any rights or duties specifically assigned in this Coverage Part to the first Named Insured, this insurance applies:

a. As if each Named Insured were the only Named Insured; and

b. Separately to each insured against whom claim is made or "suit" is brought.

8. Transfer Of Rights Of Recovery Against Others To Us

If the insured has rights to recover all or part of any payment we have made under this Coverage Part, those rights are transferred to us. The insured must do nothing after loss to impair them. At our request, the insured will bring "suit" or transfer those rights to us and help us enforce them.

9. When We Do Not Renew

If we decide not to renew this Coverage Part, we will mail or deliver to the first Named Insured shown in the Declarations written notice of the nonrenewal not less than 30 days before the expiration date.

If notice is mailed, proof of mailing will be sufficient proof of notice.

SECTION V – DEFINITIONS

1. "Advertisement" means a notice that is broadcast or published to the general public or specific market segments about your goods, products or services for the purpose of attracting customers or supporters. For the purposes of this definition:

a. Notices that are published include material placed on the Internet or on similar electronic means of communication; and

b. Regarding websites, only that part of a website that is about your goods, products or services for the purposes of attracting customers or supporters is considered an advertisement.

AMENDMENT NO. 3

TO AGREEMENT FOR CONTRACT SERVICES

THIS AMENDMENT NO. 3 TO THE AGREEMENT FOR CONTRACT SERVICES ("Amendment No. 3") by and between the CITY OF CARSON, a California municipal corporation ("City") and Z & K CONSULTANTS, INC., a California corporation ("Consultant") is effective as of ___ day of October, 2026. City and Consultant are sometimes hereinafter individually referred to as "Party" and hereinafter collectively referred to as the "Parties."

RECITALS

A. City and Consultant entered into that certain Agreement for Contract Services dated January 1, 2024 ("Agreement"), whereby Consultant agreed to perform on-call construction management, inspection and materials testing services, including in connection with City's street paving projects, for a not-to-exceed Contract Sum of $482,635.00 for the Term commencing January 1, 2024 through June 30, 2026, with two optional one (1) year extension periods with pricing for each extension term in Exhibit "C."

B. City and Consultant entered into an amendment to the Agreement dated July 28, 2025 ("Amendment No. 1"), to increase the Contract Sum by $308,986.00 thereby increasing the not-to-exceed Contract Sum from $482,635.00 to $791,621.00 because the City's needs for paving on additional streets expanded which in turn necessitated increased work needed by Consultant.

C. City and Consultant entered into an amendment to the Agreement dated December 1, 2025 ("Amendment No. 2") to increase the Contract Sum by $300,760.00 for the existing term of the Agreement through June 30, 2026 and exercise its first option to extend the Term to June 30, 2027 with an increase in total compensation of $200,037.00 (the full amount allowable under the extension term) thereby bringing the total not-to-exceed Contract Sum from $791,621.00 to $1,292,418.00 to allow Consultant to continue providing construction management, inspection and materials testing services for increased work.

D. City and Consultant now desire to amend the Agreement to increase the Contract Sum by $210,240.00 for the existing term of the Agreement through June 30, 2027, and exercise its second and final option to extend the Term to June 30, 2028 with an increase in total compensation of $204,038.00 (the full amount allowable under the extension term) thereby bringing the total not-to-exceed Contract Sum from $1,292,418.00 to $1,706,696.00 to allow Consultant to continue providing construction management, inspection, and materials testing services.

E. Section 2611(m)(3) of the Carson Municipal Code ("CMC") provides that any proposed amendment to a contract exceeding $75,000 requires solicitation unless the amendment concerns a change order under Section 2601(d) of the CMC in which event bidding will not be required irrespective of the amount of the change order.

F. This Amendment No. 3 qualifies as a change order because the increased $210,240.00 for the existing term of the Agreement through June 30, 2027 concerns a change to

the price arising out of reasonably unforeseeable circumstances borne out of the original scope of the Agreement.

TERMS

1. Incorporation of Recitals. The Recitals set forth above are incorporated into and are a part of this Amendment No. 3.

2. Terms and Definitions. All words, terms and phrases used or referenced in this Amendment No. 3, not expressly defined in this Amendment No. 3, shall have the same meaning ascribed to them in the Agreement.

3. Contract Changes. The Agreement is amended as provided herein (new text in ***bold italics*** and deleted text in ~~strikethrough~~).

A. Section 2.1 (Contract Sum) of the Agreement is hereby amended to read in its entirety as follows:

"2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Consultant the amounts specified in the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference. The total compensation, including reimbursement for actual expenses, shall not exceed One Million ~~Two~~ ***Seven*** Hundred ~~Ninety Two~~ ***Six*** Thousand ~~Four~~ ***Six*** Hundred ~~Eighteen~~ ***Ninety-Six*** Dollars and Zero Cents ***($1,706,696.00)*** ~~($1,292,418.00)~~ (the "Contract Sum"), unless additional compensation is approved pursuant to Section 1.8. ~~In the event City elects to exercise its options to extend the Term pursuant to Section 3.4 hereof, the Contract Sum will increase consistent with the additional not to exceed compensation applicable to such Extension Term, as set out in Exhibit "C."~~"

B. Section 3.4 (Term) of the Agreement is hereby amended to read in its entirety as follows:

"3.4 Term.

Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services commencing January 1, 2024 and expiring June 30, 202***8*** ~~7~~, except as otherwise provided in the Schedule of Performance (Exhibit "D"). ~~The City may, at its sole discretion, elect to extend the term by one (1) additional one year term (an "Extension Term"). The pricing to be applied for such Extension Term is listed in Exhibit "C."~~"

C. Section I of Exhibit "C" (Schedule of Compensation) is hereby amended to read in its entirety as follows:

"The not to exceed compensation amounts are as follows:

January 1, 2024 through June 30, 2024:	$94,250.00
July 1, 2024 through June 30, 2025:	$279,336.00
July 1, 2025 through June 30, 2026:	$718,795.00
July 1, 2026 through June 30, 2027:	~~$200,037.00~~ ***$410,277.00***
July 1, 2027 through June 30, 2028:	***$204,038.00***
Total:	~~$1,292,418.00~~ ***$1,706,696.00***
~~July 1, 2027 through June 30, 2028:~~	~~$204,038.00 (extension period)~~"

D. Section IV of Exhibit "C" (Schedule of Compensation) is hereby amended to read in its entirety as follows:

"The total compensation for the Services shall not exceed ***$1,706,696.00*** ~~$1,292,418.00~~ as provided in Section 2.1 of this Agreement."

4. Continuing Effect of Agreement. Except as amended by Amendment No. 1, Amendment No. 2 and this Amendment No. 3, all provisions of the Agreement shall remain unchanged and in full force and effect. From and after the date of this Amendment No. 3, whenever the term "Agreement" appears in the Agreement, it shall mean the Agreement, as amended by Amendment No. 1, Amendment No. 2, and this Amendment No. 3 to this Agreement.

5. Affirmation of Agreement; Warranty Re Absence of Defaults. City and Consultant each ratify and reaffirm each and every one of the respective rights and obligations arising under the Agreement, Amendment No. 1, and Amendment No. 2. Each party represents and warrants to the other that there have been no written or oral modifications to the Agreement other than as provided herein, Amendment No. 1, and Amendment No. 2. Each party represents and warrants to the other that the Agreement, as amended by Amendment No. 1, Amendment No. 2, and this Amendment No. 3, is currently an effective, valid, and binding obligation.

Consultant represents and warrants to City that, as of the date of this Amendment No. 3, City is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

City represents and warrants to Consultant that, as of the date of this Amendment No. 3, Consultant is not in default of any material term of the Agreement and that there have been no events that, with the passing of time or the giving of notice, or both, would constitute a material default under the Agreement.

6. Adequate Consideration. The parties hereto irrevocably stipulate and agree that they have each received adequate and independent consideration for the performance of the obligations they have undertaken pursuant to this Amendment No. 3.

7. Authority. The persons executing this Amendment No. 3 on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Amendment No. 3 on behalf of said party, (iii) by so executing this Amendment No. 3, such party is formally bound to the provisions of this Amendment No. 3, and (iv) the entering into this Amendment No. 3 does not violate any provision of any other agreement to which said party is bound.

8. Counterparts. This Amendment No. 3 may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Amendment No. 3.

[SIGNATURES ON FOLLOWING PAGE]

IN WITNESS WHEREOF, the Parties hereto have executed this Amendment No. 3 on the date and year first-above written.

CITY OF CARSON

701 East Carson Street

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

CONSENT 25.

To: Honorable Mayor and City Council

From: Dr. Arlington Rodgers, Director of Public Works PW Engineering

Subject: CONSIDERATION OF A MEMORANDUM OF AGREEMENT FOR THE DEVELOPMENT OF A DOMINGUEZ CHANNEL ESTUARY ASSESSMENT STUDY WITH THE COUNTY OF LOS ANGELES, THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT, CITY OF LONG BEACH, CITY OF TORRANCE, CITY OF LOS ANGELES, AND CALTRANS AND CONSIDER ADOPTION OF RESOLUTION 26-109, A RESOLUTION OF THE CITY OF CARSON COUNCIL AMENDING THE FISCAL YEAR 2026-27 BUDGET IN THE GENERAL FUND, SPECIAL REVENUE FUNDS, ENTERPRISE FUNDS, AND THE CAPITAL IMPROVEMENT PROGRAM (CIP) FUND (CITY COUNCIL)

I. SUMMARY

On May 5, 2011, the Los Angeles Regional Water Quality Control Board (Regional Water Board) adopted pollution limits, known as Total Maximum Daily Loads (TMDLs), to address toxic pollutants in the Dominguez Channel watershed. These requirements, together with the City's stormwater discharge permit, require Carson and other responsible agencies to identify and reduce pollutants entering the channel through their storm drainage systems. The goal is to improve water quality, reduce contamination in sediment and fish, and protect aquatic life and the surrounding environment.

In 2016, the City participated with other agencies in developing a Contaminated Sediment Management Plan (CSMP) for the Dominguez Channel Estuary, the downstream portion of the channel where freshwater and ocean water meet. The plan evaluated existing contamination and identified potential measures to improve water quality. In 2022, the Regional Water Board updated its requirements and directed participating agencies to revise the plan to include a more detailed strategy for identifying and addressing areas with elevated concentrations of pollutants, commonly referred to as contamination "hot spots."

To meet these updated requirements, the City is working with Los Angeles County and other agencies in the Dominguez Channel watershed to complete the next phase of the Dominguez Channel Estuary Assessment Study. Larry Walker Associates, an environmental consulting firm, will conduct additional sediment sampling and laboratory testing to determine the types and concentrations of pollutants present in the channel. The results will help identify areas of concern, evaluate whether cleanup or other corrective measures are necessary, and guide the preparation of an updated Contaminated Sediment Management Plan. The updated plan will document the study's findings and provide recommendations for addressing identified contamination in accordance with the Regional Water Board's requirements.

The proposed Memorandum of Agreement (MOA) establishes the responsibilities and financial contributions of the participating agencies. Carson's share of the study is $304,201.36, based on the City's proportion of the land area that drains into the Dominguez Channel. Sharing the cost among participating agencies allows the City to meet its regulatory responsibilities through a coordinated regional effort rather than conducting a separate study.

Staff recommends that the City Council approve the proposed Memorandum of Agreement (Exhibit No. 1), authorizing the City's participation in the study for a total amount not to exceed $304,201.36. Approval will allow the City to fulfill its share of the required environmental assessment, support compliance with state water quality regulations, and help identify appropriate measures to improve the long-term health of the Dominguez Channel. The study is eligible for Measure W funding, which is dedicated to stormwater management and water quality improvements. Any future cleanup or construction activities identified through the study would be evaluated separately, including their associated costs and funding requirements.

II. RECOMMENDATION

TAKE the following actions:

1. APPROVE a Memorandum of Agreement for the Development of the Dominguez Channel Estuary Assessment with the County of Los Angeles, the Los Angeles County Flood Control District, City of Long Beach, City of Torrance, City of Los Angeles, and Caltrans for a negotiated fee not to exceed $304,201.36; and,
2. WAIVE further reading and ADOPT Resolution No. 26-109, "A RESOLUTION OF THE CITY OF CARSON CITY COUNCIL AMENDING THE FISCAL YEAR 2026-27 BUDGET IN THE GENERAL FUND, SPECIAL REVENUE FUNDS, ENTERPRISE FUNDS, AND THE CAPITAL IMPROVEMENT PROGRAM (CIP) FUND"; and,
3. AUTHORIZE the Mayor to execute the Memorandum of Agreement following approval as to form by the City Attorney.

III. ALTERNATIVES

1. DO NOT APPROVE the Memorandum of Agreement.
2. TAKE another action the City Council deems appropriate and consistent with the requirements of the law.

IV. BACKGROUND

The Dominguez Channel is a major drainage channel that carries stormwater runoff from Carson and surrounding communities toward the Los Angeles Harbor. The United States Environmental Protection Agency (EPA) has identified the channel as an impaired water body, meaning that certain pollutants exceed established water quality standards. In response, the Los Angeles Regional Water Quality Control Board (Regional Water Board) adopted pollution limits, known as Total Maximum Daily Loads (TMDLs), to reduce harmful substances entering the channel. These pollutants include heavy metals, such as copper, zinc, and lead; pesticides; and industrial chemicals, including polychlorinated biphenyls (PCBs) and polycyclic aromatic hydrocarbons (PAHs). These substances can accumulate in sediment at the bottom of the channel and pose risks to aquatic life and the surrounding environment. The established pollution limits are intended to improve water quality, reduce contamination, and protect aquatic ecosystems.

Under the Municipal Separate Storm Sewer System (MS4) Permit, last updated in 2021, Los Angeles County and 84 cities within the County are required to comply with water quality regulations intended to reduce pollution carried by stormwater runoff. The permit regulates how public agencies manage stormwater that flows from streets, neighborhoods, businesses, and other developed areas into local waterways. The City of Carson is identified as one of the agencies responsible for addressing toxic pollutants in the Dominguez Channel because portions of the City's storm drainage system discharge into the channel. As a result, Carson must participate in efforts to identify sources of contamination, evaluate water quality conditions, and implement appropriate measures to reduce pollution.

To meet these regulatory requirements, the Regional Water Board established a three-phase approach for evaluating and addressing contaminated sediment in the Dominguez Channel. Sediment refers to soil, sand, and other materials that settle at the bottom of waterways and can accumulate pollutants over time. The first phase was completed in 2016 through the preparation of a Contaminated Sediment Management Plan (CSMP), which evaluated existing conditions and identified potential measures to reduce pollution. The second phase, which must be completed by March 23, 2027, requires additional investigation and an updated management plan to identify and address areas with elevated contamination levels. The third phase, scheduled for completion by March 23, 2032, includes implementing corrective measures, as necessary, to address identified contamination.

The original 2016 Contaminated Sediment Management Plan recommended several approaches to reducing pollution entering the channel. These included physical improvements, such as stormwater treatment facilities and other infrastructure designed to capture or filter pollutants, as well as operational measures, such as improved maintenance practices and pollution prevention programs. The plan also included an initial evaluation of sediment quality and identified areas where contamination may require further investigation. In 2022, the Regional Water Board revised the applicable pollution requirements and directed participating agencies to update the plan with a more detailed strategy for identifying and addressing areas of concentrated contamination, commonly referred to as pollution "hot spots."

The proposed Memorandum of Agreement (MOA) would allow the City of Carson to participate with Los Angeles County and other responsible agencies in completing the second phase of this required work. An MOA is a formal agreement that establishes the responsibilities, financial contributions, and coordination requirements of the participating agencies. Because stormwater pollution crosses jurisdictional boundaries, a coordinated regional approach allows participating agencies to share the cost of the study, avoid duplicating work, and develop a consistent strategy for addressing contamination throughout the watershed, which is the land area that drains into the Dominguez Channel.

In 2024, Los Angeles County Public Works retained Larry Walker Associates, an environmental consulting firm, to begin preparing the updated Contaminated Sediment Management Plan. The consultant's work is organized into four primary components: project administration, development of a technical work plan, field investigations and analysis, and preparation of the final updated management plan. The County previously authorized the initial administrative and planning activities, which included reviewing historical water quality information, identifying locations where sediment samples should be collected, establishing testing procedures, and developing quality control measures to ensure reliable results.

The technical work plan was subsequently submitted to the appropriate Water Boards for review and approval. With that approval completed, Los Angeles County is now requesting authorization from the participating agencies to proceed with the remaining work. This next phase will include collecting sediment samples from the Dominguez Channel, conducting laboratory testing to determine the types and concentrations of pollutants present, evaluating potential sources and causes of contamination, and preparing an updated Contaminated Sediment Management Plan for Regional Water Board review. The completed study will provide the information necessary to identify areas requiring additional attention and help guide future pollution reduction and cleanup efforts.

Larry Walker Associates has submitted a proposal totaling $656,587 to complete the required technical work, as detailed on page 17 of Exhibit No. 1. Los Angeles County Public Works will oversee and coordinate the regional study and has included a 5% administrative charge of $32,829.35. This brings the total project cost for all participating agencies to $689,416.35. Project costs will be shared among the participating agencies based on the percentage of the Dominguez Channel watershed located within each agency's jurisdiction. This method distributes costs according to each agency's relative drainage area within the watershed. The Los Angeles County Flood Control District will contribute 10% of the total project cost, with the remaining amount allocated among participating agencies. Carson accounts for approximately 49.03% of the participating watershed area, resulting in a proposed City contribution of $304,201.36. The City's contribution will be distributed over two fiscal years, as follows:

Fiscal Year	City's Contribution
FY 2026-27	$191,922.15
FY 2027-28	$112,279.21
Total	$304,201.36

The City's share of the project is eligible for funding through Measure W, also known as the Los Angeles County Safe, Clean Water Program. Measure W provides dedicated funding to support stormwater quality improvements, pollution reduction, and related water management activities. Using this funding source would allow the City to meet its regional stormwater compliance obligations while supporting efforts to improve water quality in the Dominguez Channel.

Consequently, staff recommends that the City Council approve the proposed Memorandum of Agreement authorizing the City's participation in the updated Dominguez Channel Contaminated Sediment Management Plan, for a total City contribution not to exceed $304,201.36. Approval would allow the City to participate in the required environmental investigation, satisfy its share of the regional funding obligation, and support compliance with applicable state and federal water quality requirements.

V. FISCAL IMPACT

The proposed Memorandum of Agreement qualifies for funding through Measure W, also known as the Los Angeles County Safe, Clean Water Program, which provides dedicated funding for stormwater management and water quality improvements. If the City Council approves the agreement, staff recommends adopting Resolution No. 26-109 to authorize a budget transfer of $191,922.15 from the City's Measure W-funded Storm Drain Infrastructure Account (No. 295-99-999-904-8011) to the General Fund Professional Services Account (No. 101-80-820-285-6004). This transfer will provide the funding necessary to cover the City's share of the study costs for Fiscal Year 2026-27 without requiring additional unrestricted General Fund resources. The remaining $112,279.21 of the City's total $304,201.36 commitment will be included in the proposed Fiscal Year 2027-28 Operating Budget, subject to City Council approval through the annual budget process. This approach will allow the City to meet its financial obligations under the agreement using eligible Measure W funds while spreading the costs over two fiscal years. The proposed Fiscal Year 2026-27 budget adjustments are summarized below:

Account Number	Description	Budget Adjustment
295-99-999-904-8011	Storm Drain Infrastructure	($191,922.15)
101-80-820-285-6004	Professional Services	$191,922.15
Net Budget Change		$0.00

MEMORANDUM OF AGREEMENT
BETWEEN THE COUNTY OF LOS ANGELES, THE LOS ANGELES COUNTY FLOOD CONTROL DISTRICT, CITY OF CARSON, CITY OF LONG BEACH, CITY OF TORRANCE, CITY OF LOS ANGELES, AND CALTRANS
FOR THE DEVELOPMENT OF A DOMINGUEZ CHANNEL ESTUARY ASSESSMENT STUDY

This Memorandum of Agreement (MOA), is made and entered into as of the date of the last signature set forth below by and among the County of Los Angeles (COUNTY), a political subdivision of the State of California, the Los Angeles County Flood Control District (LACFCD), a body corporate and politic, City of Carson (CARSON), City of Long Beach (LONG BEACH), City of Torrance (TORRANCE), City of Los Angeles (LOS ANGELES), and the California Department of Transportation (CALTRANS). Collectively, these entities shall be known herein as PARTIES or individually as PARTY.

WITNESSETH

WHEREAS, effective December 28, 2012, the Los Angeles Regional Water Quality Control Board (Regional Board) issued National Pollutant Discharge Elimination System (NPDES) Permit for Municipal Separate Storm Sewer System (MS4) Discharges, Order No. R4-2012-0175 (2012 MS4 Permit); and

WHEREAS, the 2012 Permit required that the LACFCD, COUNTY, and 84 of the 88 cities (excluding Avalon, Lancaster, Long Beach, and Palmdale) within the County of Los Angeles comply with the prescribed elements of the permit; and

WHEREAS, on September 11, 2021, the Regional Board issued a new MS4 Permit, Order No. R4-2021-0105 (2021 MS4 Permit or MS4 Permit) which became effective, superseding the 2012 MS4 Permit, and requires that LACFCD, the COUNTY, 85 cities within Los Angeles County, Ventura County Watershed Protection District, the County of Ventura and 10 cities within Ventura County comply with its prescribed elements; and

WHEREAS, effective January 1, 2023, the State Water Resources Control Board (State Board) issued Statewide NPDES Municipal Stormwater Permit for CALTRANS (CALTRANS Permit); and

WHEREAS, the CALTRANS Permit requires CALTRANS comply with its prescribed elements; and

WHEREAS, on May 5, 2011, the Regional Board adopted the Total Maximum Daily Loads (TMDLs) for Toxic Pollutants, with the intent of protecting and improving water quality in the Dominguez Channel and the Greater Los Angeles and Long Beach Harbor Waters (Dominguez Channel Toxics TMDL), which subsequently became effective upon approval by United States Environmental Protection Agency (USEPA) on March 23, 2012; and

WHEREAS, the Dominguez Channel Toxics TMDL and its requirements have been incorporated into the MS4 Permit and CALTRANS Permit; and

WHEREAS, on October 13, 2022, the Regional Board adopted a revision to the Dominguez Channel Toxics TMDL, which included a requirement to revise the Contaminated Sediment Management Plan (CSMP) to include milestones with specific plans and associated completion dates for remediating identified hot spots in the Dominguez Channel Estuary; and

WHEREAS, on January 17, 2024, the State Board approved the revisions to the Dominguez Channel Toxics TMDL, which was subsequently approved by the Office of Administrative Law on August 15, 2025, and this TMDL is currently pending approval by USEPA; and

WHEREAS, the PARTIES have agreed to collaborate on the development of a revised CSMP for the PARTIES to comply with certain elements of the MS4 Permit or CALTRANS Permit, as applicable; and

WHEREAS, the PARTIES agree that each shall assume full and independent responsibility for ensuring its own compliance with the MS4 Permit or CALTRANS Permit, as applicable, despite the collaborative approach of this MOA; and

WHEREAS, the PARTIES have determined that hiring a consultant to prepare a revised CSMP will be beneficial to the PARTIES, and to that end, desire to participate and provide funding for consultant services; and

WHEREAS, the COUNTY will act on behalf of the PARTIES in the administration of the consultant service agreement for the preparation of the revised CSMP; and

WHEREAS, the COUNTY, on behalf of the PARTIES, retained a consultant, Larry Walker Associates (Consultant) to prepare a final Scope of Work and cost proposal for part of the development of revised CSMP, attached hereto as Exhibit B; and

WHEREAS, the PARTIES have agreed that the preparation of the CSMP will consist of three phases; and

WHEREAS, Phase 1 will consist of conducting a Sediment Assessment Study to characterize the levels, special extent, and cause(s) of impairment in the Dominguez Channel Estuary; and

WHEREAS, Phase 2 will consist of the development of Sediment Remediation Plan to determine the appropriate method for addressing impaired hot spots identified through the Sediment Assessment Study; and

WHEREAS, Phase 3 will consist of updating the CSMP based on the findings of the Sediment Assessment Study and Sediment Remediation Plan and submitting the updated CSMP to the Regional Board; and

WHEREAS, the PARTIES agree to provide funding for the development of the revised CSMP in accordance with the cost allocation in Exhibit A and any subsequent amendments, as applicable; and

WHEREAS, Exhibit A presently contains the Consultant cost estimates for Phases 1 and 3; and

WHEREAS, the specific tasks and associated costs for the development of Sediment Remediation Plan, Phase 2, would be dependent on the findings of the Sediment Assessment Study in Phase 1; and

WHEREAS, the PARTIES agree to retain a specialized engineering firm for the development of the Sediment Remediation Plan upon the completion of Phase 1; and

WHEREAS, upon determination of the tasks and costs of the Sediment Remediation Plan, Exhibit A will be amended to reflect the updated cost share per agency; and

WHEREAS, the PARTIES agree that the amendment to Exhibit A will be approved based on consensus on the tasks and costs of the Sediment Management Plan; and

WHEREAS, the contract administration cost shall be 5% of the total cost; and

WHEREAS, other MS4 Permittees may wish to participate in the CSMP; and

WHEREAS, the PARTIES contemplate allowing other MS4 Permittees to participate in the CSMP and fund their pro-rata share in accordance with cost allocation formula of Exhibit A; and

WHEREAS, the PARTIES agree that other MS4 Permittees may join in this MOA by entering into an amendment to this MOA, to be executed by the COUNTY on behalf of the remaining PARTIES. When doing so, the COUNTY shall not bind the PARTIES to an obligation that is greater than what is stated in this original MOA. The net result of such amendment(s) should reduce the currently shown pro rata share of the PARTIES.

NOW, THEREFORE, in consideration of the mutual benefits to be derived by the PARTIES, and of the promises contained in this MOA, the PARTIES agree as follows:

Section 1. Recitals: The recitals set forth above are fully incorporated as part of this MOA.

Section 2. Purpose: The purpose of this MOA is to cooperatively fund the preparation, and submittal of the revised CSMP to the Regional Board.

Section 3. Cooperation: The PARTIES shall fully cooperate with one another to attain the purpose of this MOA.

Section 4. Voluntary: This MOA is voluntarily entered into for the purpose of preparing and submitting the revised CSMP to the Regional Board.

Section 5. Term: This MOA shall become effective on the date of the last PARTY signature set forth below and shall remain in effect until all of the following has occurred: (1) the Regional Board gives final approval of the revised CSMP, (2) the COUNTY has provided written notice of completion of the Scope of Work attached hereto, (3) the COUNTY has received payment by all PARTIES of their allocated pro-rata share hereunder, and (4) the PARTIES have received final reports from County.

Section 6. Assessment for Proportional Cost for CSMP: The PARTIES agree to pay the COUNTY for preparation and delivery of the revised CSMP in the amounts shown in Exhibit A, attached hereto and incorporated herein by this reference. The COUNTY will invoice the PARTIES per section 9 of this MOA based on the allocated costs to each PARTY as shown in Exhibit A.

Section 7. COUNTY agrees:

a. To utilize the funds deposited by the PARTIES only for the administration of the Consultant contract, project management, and the completion and submittal of the revised CSMP to the Regional Board.

b. To contract with the Consultant and to be responsible for coordinating the activities of the Consultant. The COUNTY will be compensated for the administration and management of the Consultant contract at a percentage of five percent (5%) of each PARTY'S contract cost for preparation of the revised CSMP as described in Table 3 of Exhibit A. The COUNTY will comply with all procurement requirements applicable to said selection. The COUNTY shall ensure adherence to the Scope of Work attached as Exhibit B and incorporated herein by this reference.

c. To provide the PARTIES with an electronic copy of the draft and final revised CSMP as submitted to the Regional Board.

d. To provide an accounting within ninety (90) days after the termination of this MOA or within ninety (90) days of cancellation thereof and return to each PARTY its proportional share of the unused portion of all funds deposited with the COUNTY, if any, in accordance with the cost allocation formula in Table 2 of Exhibit A.

e. To seek cost proposal from an Engineering Firm (Firm) for the development of Sediment Remediation Plan and amend cost allocation in Exhibit A, as applicable, upon written approval of the PARTIES.

f. To notify the PARTIES in writing if the actual cost of the preparation of the revised CSMP will exceed the cost shown in Exhibit A (after accounting for the cost of Phase 3) and obtain written approval of the increase from the PARTIES. Upon written approval of the increased costs by the PARTIES, the COUNTY will

invoice the PARTIES per the cost allocation formula in Table 2 of Exhibit A for these additional expenditures at an amount not to exceed fifteen percent (15%) of the original cost estimate as shown in Exhibit A. This fifteen percent (15%) contingency will not be invoiced unless actual expenditures exceed the original cost. Expenditures that exceed the fifteen percent (15%) contingency will require an amendment to this MOA.

Section 8. The PARTIES agree:

a. To make a full faith effort to cooperate with one another to achieve the purposes of this MOA by providing information about project opportunities, reviewing deliverables in a timely manner, and informing their respective administration, agency heads, and/or governing body.

b. To grant reasonable access rights and entry to the Consultant/Firm, on an as-needed basis during the terms of this MOA, to any PARTY'S storm drains, channels, catch basins, and related properties (Facilities) to achieve the purposes of this MOA, provided, however that prior to entering any PARTY'S Facilities, the COUNTY or the Consultant/Firm shall provide written notice to such PARTY at least seventy-two (72) hours in advance. For the purposes of this provision, written notice shall include notice delivered via e-mail to the applicable PARTY representative.

c. That other MS4 Permittees may join in this MOA by entering into an amendment to this MOA, provided that (1) all PARTIES agree to allow the MS4 Permittee to participate in the CSMP and agree on the amount that MS4 Permittee will be required to contribute; and (2) the amendment will not increase the cost share of any existing PARTY. Notwithstanding section 12(d) of this MOA, the PARTIES agree that an amendment to add such an MS4 Permittee as a contributing participant in the CSMP may be executed by the COUNTY on behalf of the remaining PARTIES, and that, upon execution of such an amendment by the COUNTY and the MS4 Permittee, that MS4 Permittee will become a PARTY to this MOA and shall be subject to all the rights, duties, and obligations set forth in this MOA. When doing so, the COUNTY shall not bind the PARTIES to an obligation that is greater than what is stated in this original MOA. The net result of such amendment(s) should reduce the currently shown pro rata share of the PARTIES.

d. Grant of Access Rights onto CALTRANS Right of Way – Any party intending to enter onto a CALTRANS right of way shall first make a written request to CALTRANS, identifying the site location, extent of access by persons (and equipment, if any), dates and times of entry, as well as an explanation of the purpose of that entry. CALTRANS shall thereafter determine, within ten (10) working days, if that entry will be allowed without a formal Encroachment Permit issued by the District Permit Engineer as an authorized presence of non-CALTRANS parties not interfering with or threatening the safety of the traveling public or the integrity of the CALTRANS infrastructure. In such case,

CALTRANS shall condition that right of entry on the accompaniment of a CALTRANS representative who shall be empowered to restrict or limit the access of those permittees, as deemed necessary, at the sole discretion of CALTRANS. Where adverse impacts to traffic or the traveled way can be anticipated by CALTRANS, CALTRANS may require the requesting party to submit a formal Encroachment Permit application, to be filed and completed together with Traffic Control Plans when necessary (which must be prepared by or under the supervision of a traffic engineer licensed in the State of California) with the District Permit Engineer. An Encroachment Permit may require as much as six (6) weeks to be issued depending upon the extent of coordination and development of traffic controls required for that access. CALTRANS will endeavor, in good faith, to satisfy all requests for access as promptly as possible.

e. CALTRANS Obligations - All obligations of CALTRANS under the terms of this MOA are subject to the appropriation of the resources by the Legislature and the allocation of resources by the California Transportation Commission. This MOA has been written before ascertaining the availability of federal or state legislative appropriation of funds, for the mutual benefit of the Parties in order to avoid program and fiscal delays that would occur if this MOA was executed after that determination was made. This MOA is valid and enforceable as to CALTRANS as if sufficient funds have been made available to CALTRANS by the United States Government or California State Legislature for the purposes set forth in this MOA. If the United States Government or the California State Legislature does not appropriate sufficient funds for CALTRANS to participate in this MOA, this MOA may be amended in writing by the Parties to reflect any agreed upon reduction in the percentage of funds contributed by CALTRANS to continue its participation in this MOA. CALTRANS, however, has the option to withdraw from this MOA in the event sufficient funds are not appropriated for CALTRANS. Should CALTRANS exercise its option to withdraw from this MOA, CALTRANS shall remain responsible for its share of liability, if any, incurred while participating in this MOA.

Section 9. Invoice and Payment

a. Payment: The PARTIES shall reimburse the COUNTY for their proportional cost-share for preparation and delivery of the revised CSMP as shown in Exhibit A (including additional cost share amounts that would be incorporated later for Phase 2) within sixty (60) days of receiving an invoice from the COUNTY.

b. Invoice: For Phases 1 and 3, the COUNTY will invoice the PARTIES across two fiscal years as shown in Table 4 of Exhibit A. Any PARTY wishing to be invoiced their total cost-share in one invoice may notify the COUNTY in writing following the execution of this MOA. The COUNTY will invoice the PARTIES separately for costs associated with Phase 2, as applicable.

Section 10: Indemnification

a. To the extent permitted by law, each PARTY shall indemnify, defend, and hold harmless each other PARTY, including its special districts, elected and appointed officers, employees, agents, attorneys, and designated volunteers from and against any and all liability, including, but not limited to demands, claims, suits or actions, fees, costs, and expenses (including reasonable attorney's and expert witness fees), arising from or connected with the respective acts of each PARTY arising from or related to this MOA including but not limited to, tortious, contractual, inverse condemnation or other theories or assertions of liability; provided, however, that no PARTY shall indemnify another PARTY for that PARTY's own negligence or willful misconduct.

b. Neither a PARTY nor any officer or employee thereof is responsible for any injury, damage or liability occurring by reason of anything done or omitted to be done by the other PARTIE(S) and/or its agents under or in connection with any work, authority or jurisdiction conferred upon the other PARTIE(S) under this MOA.

c. Each PARTY shall be responsible for the acts and omissions of its own officers, officials, employees, agents, contractors, and volunteers. No PARTY shall be liable for the acts or omissions of another PARTY except as expressly provided in this Agreement. Consistent with the indemnification obligations set forth herein, where liability arises from the concurrent acts or omissions of two or more PARTIES, responsibility for such liability, including any obligation to defend, indemnify, or hold harmless, shall be allocated among the PARTIES in proportion to their respective degrees of fault as determined by agreement of the PARTIES or by court of competent jurisdiction.

Section 11. Termination or Forfeiture

a. This MOA may be terminated upon the express written agreement of all PARTIES. If this MOA is terminated, the PARTIES agree that remaining funds deposited, if there are any after payment of invoices due at the time of termination, will be distributed based upon the same percentage as such funds were contributed. Completed work shall be owned by all PARTIES. Rights to uncompleted work by the Consultant still under contract will be held by the PARTY or PARTIES who fund the completion of such work. Should any of the work not be completed, then each PARTY shall be refunded in the amount equal to any of the work not completed and administration costs associated with this incomplete work.

b. If a PARTY fails to substantially comply with any of the terms or conditions of this MOA, that PARTY shall forfeit its rights to work completed through this MOA, but no such forfeiture shall occur unless and until the defaulting PARTY has first

been given notice of its default and, a reasonable opportunity to cure the alleged default.

c. Withdrawal by any PARTY from this MOA. Any PARTY to this MOA can withdraw from this MOA upon all PARTIES agreeing to an amendment of AGREEMENT to remove the withdrawing PARTY from it. If one of the PARTIES elects to withdraw from cost sharing of Monitoring Services before the end of the term of this MOA, it is agreed that the withdrawing party pays all associated fees incurred up to the date of withdrawal and that the remaining cost share will be distributed among the other PARTIES. based on the existing cost allocation formula. In the event of such Amendment, the withdrawing PARTY will be responsible for its share of implementation of the CSMP and monitoring the TMDL, and for payment of any fines, penalties or costs incurred by them as the result of non- performance of the CSMP.

Section 12. General Provisions

a. Notices. Any notices, bills, invoices, or reports relating to this MOA, and any request, demand, statement or other communication required or permitted hereunder shall be in writing and shall be delivered to the Representative of the PARTY. PARTIES shall promptly notify each other of any change of contact information, including personnel changes. Written notice shall include notice delivered via email, reader notification requested, or fax. A notice shall be deemed to have been received on (a) the date of delivery, if delivered by hand during regular business hours, or by confirmed facsimile or by email; or (b) on the third (3rd) business day following mailing by registered or certified mail (return receipt requested).

b. Relationship of Parties. The PARTIES are and shall remain at all times as to each other, wholly independent entities. No PARTY shall have power to incur any debt, obligation, or liability on behalf of another PARTY unless expressly provided to the contrary by this MOA. No official, employee, agent, or officer of a PARTY shall be deemed for any purpose whatsoever to be an official, agent, employee or officer of another PARTY.

c. Binding Effect. This MOA shall be binding upon and inure to the benefit of each PARTY and its respective heirs, administrators, successors and assigns.

d. Amendment. The terms and provisions of this MOA may not be amended, modified, or waived, except by an instrument in writing signed by all PARTIES who have not terminated their interests herein or whose involvement has not terminated by reason of non-payment or default.

e. Waiver. Waiver by any PARTY of any term, condition, or covenant of this MOA shall not constitute a waiver of any other term, condition, or covenant. Waiver

by any PARTY of any breach of the provisions of this MOA shall not constitute a waiver of any other provision, nor a waiver of any subsequent breach or violation of any provision of this MOA.

f. Law to Govern; Venue. This MOA shall be interpreted, construed and governed according to the laws of the State of California. In the event of litigation between the PARTIES, venue in the state trial courts shall lie exclusively in the County of Los Angeles.

g. No Presumption in Drafting. The PARTIES agree that the general rule that a contract is to be interpreted against the PARTY drafting it, or the PARTY causing it to be prepared, shall not apply.

h. Interpretation. All PARTIES have been represented by counsel in the preparation and negotiation of this MOA. Accordingly, this MOA shall be construed according to its fair language.

i. Entire MOA. This MOA constitutes the entire agreement of the PARTIES with respect to the subject matter hereof and supersedes all prior or contemporaneous agreements, whether written or oral, with respect thereto.

j. Severability. If any term, provision, condition or covenant of this MOA is declared or determined by any court or competent jurisdiction to be invalid, void, or unenforceable, the remaining provisions of this MOA shall not be affected thereby and this MOA shall be read and constructed without the invalid, void, or unenforceable provision(s).

k. Counterparts. This MOA may be executed in any number of counterparts, each of which shall be an original, but all of which taken together shall constitute but one and the same instrument, provided, however, that such counterparts shall have been delivered to all PARTIES .

IN WITNESS WHEREOF, the PARTIES hereto have caused this MOA to be executed by their duly authorized representatives and affixed as of the date of signature of the PARTIES:

Dear Mr. Minton:

SUPPORT SERVICES FOR DEVELOPMENT AND IMPLEMENTATION OF A DOMINGUEZ CHANNEL ESTUARY SEDIMENT ASSESSMENT STUDY AND UPDATES TO THE CONTAMINATED SEDIMENT MANAGEMENT PLAN FOR THE DOMINGUEZ CHANNEL WATERSHED
AS-NEEDED CONSULTANT CONTRACT NO. PW15727
PROJECT NO. F21815M07

This will serve as your Notice to Proceed for the services outlined in the enclosed proposal dated May 13, 2024. You are authorized to proceed with Tasks 1 and 2 for a total cost not to exceed $67,000.

No other tasks in the enclosed proposal shall be initiated unless notified in writing by the Los Angeles County Project Manager. All work shall be conducted in accordance with the terms and conditions of the Consultant Services Agreement No. PW15727.

If you have any questions, please contact me at (626) 300-4665 or mlombos@pw.lacounty.gov or your staff may contact the Project Manager, Ms. Kara Plourde, at (626) 300-4634 or kdroz@pw.lacounty.gov.

Very truly yours,

MARK PESTRELLA, PE
Director of Public Works

Subject: Scope of Work and Cost Estimate for the Development and Implementation of a Dominguez Channel Estuary Sediment Assessment Study and Updates to the Contaminated Sediment Management Plan

Dear Mr. Nguyen,

The Dominguez Channel Estuary (DCE) is subject to the *Total Maximum Daily Load for Toxic Pollutants in Dominguez Channel and Greater Los Angeles and Long Beach Harbor Waters* (Toxics TMDL), which was was adopted by the Los Angeles Regional Water Quality Control Board (Regional Board) on May 5, 2011 and became effective on March 23, 2012. In response to requirements in the Toxics TMDL, the DCE Contaminated Sediment Management Plan (CSMP) was developed to support the long-term recovery of sediment and water quality in the Dominguez Channel Watershed. The California Department of Transportation, City of Carson, City of Long Beach, City of Los Angeles, City of Torrance, Los Angeles County, and Los Angeles County Flood Control District are party to the DCE CSMP (DCE CSMP Participating Agencies [PA]). Revisions to the Toxics TMDL were adopted by the Regional Board on October 13, 2022 and approved by the State Water Resources Control Board (State Board) on January 17,2024. The revised TMDL is not yet effective and is awaiting approval by the Office of Administrative Law (OAL). The revised TMDL includes a new implementation requirement, whereby responsible parties must revise Contaminated Sediment Management Plans (CSMPs), "to include milestones with specific plans and associated completion dates for remediating identified hot spots." The amount of time provided to make these updates depends on whether hot spots have already been identified as of the (to be determined) effective date of the revised TMDL or are identified in the future. Updates based on existing hot spots must be submitted, "30 days after the effective date of the revised TMDL," while updates based on hot spots identified in the future are required, "16 months after hot spot(s) are identified and confirmed."

Regional Board staff have indicated to the PA that a remediation plan should be developed to address TMDL pollutants in the DCE. However, little information is available regarding the spatial extent of contamination in the DCE and no information is available related to the extent to which the TMDL pollutants are leading to impairment of beneficial uses based on the State's Sediment Quality Policy (SQP)

as they relate to direct effects. Development of a DCE Remediation Plan at this time would be based on limited data that could result in the selection of an inappropriate remedial solution.

Larry Walker Associates (LWA) appreciates the opportunity to provide Los Angeles County (as the lead of the DCE CSMP), the following scope and budget outlining a phased approach to comply with the update requirements. LWA has assembled a highly qualified team of experienced professionals to assist this effort. LWA Team members include MBC Aquatic Sciences (MBC), which has provided marine sediment, water quality, and biological sampling throughout southern California; Pacific EcoRisk (PER), a highly recognized environmental toxicology laboratory; and Physis Environmental Laboratories, a leader in low-detection analytical reporting.

Approach

The LWA Team's approach considers the development of the DCE Remediation Plan as a multi-part process. The first step in the process will be to conduct a Sediment Assessment Study utilizing Sediment Quality Objective (SQO) and Stressor Identification methodologies, as appropriate, to identify the levels and cause(s) of impairment in the DCE sediment consistent with the State's SQP related to direct effects. The Study will focus on characterizing surficial sediments (upper 5 centimeters) within the DCE channel to understand the spatial extent of pollutant concentrations and effects as well as in the upper sub-surface sediments (expected to be the upper 1 meter) within the DCE channel to understand the potential outcomes of remediation through dredging. Historical data and data collected as part of this Study, as outlined in the Work Plan developed as outlined in Task 2 below, will be utilized to support the characterization. If an impairment is indicated and remediation of the sediments is determined by the DCE CSMP PA as an appropriate method for addressing the impairment, a DCE Remediation Plan may be needed. The DCE Remediation Plan will need to be developed by a specialized engineering and design consultant and is not included in the LWA Team scope of work. Information from the Sediment Assessment Study, DCE Remediation Plan, and other relevant information (e.g., the DC Watershed Management Program [WMP]) will support an update of the CSMP.

Proposed Scope of Work

It is anticipated that the preparation and implementation of the Sediment Assessment Study Work Plan and the CSMP update will include internal consultation meetings with the LWA Team, County, and DCE CSMP PA. In addition, it is anticipated that the LWA Team will provide support to the County in obtaining approval for the Work Plan and Sediment Assessment Study Report from the Regional Board.

Task 1. Meetings and Communication

At the direction of the County Project Manager, the LWA Team will prepare for and participate in meetings and conference calls to support the project. The following virtual meetings/calls are proposed:

- Permittee Coordination: The LWA Team will prepare for and participate in up to nine meetings with the County and the other DCE CSMP PA.
- Regional Board Coordination: The LWA Team will prepare for and participate in up to six meetings with the County and Regional Board staff.

Deliverables

- Summary of meeting or conference call purpose, participants, decisions, and action items for the following meetings and conference calls:
    - Permittee Coordination Meetings (9)
    - Regional Board Coordination (6)
    - Draft and Final PowerPoint Presentation in support of Regional Board Meetings (2)

Task 2. Work Plan Development

The approach to the Sediment Assessment Study will be similar to studies performed for the Ballona Creek Estuary and Marina del Rey and will address benthic infauna, sediment chemistry, and sediment toxicity. The Study will utilize existing information and data collected as part of this effort to (1) determine current sediment conditions; (2) attempt to identify sources/causes of sediment toxicity; and (3) attempt to characterize stressors to the benthic infaunal communities. Data needs and sampling methodologies to supplement existing information will be developed and specified as part of the Work Plan development process. Sampling will be conducted during Study Implementation (Task 3).

The Work Plan will propose an approach based on SQO sediment sampling protocols which integrate the results of toxicity, chemistry, and benthic community analyses for surface sediments. Integrated into this, should the initial sediment testing indicate toxicity, Stressor Identification methodologies including TIE Phase I toxicity tests will be run to identify the cause(s) of toxicity, and, if indicated, spiked Toxicity Confirmation tests will be conducted to confirm and characterize pollutant related impacts in the DCE. It is anticipated that together these analyses will evaluate current sediment quality conditions in the DCE, identify the cause of sediment toxicity, and characterize the stressors responsible for benthic community impacts.

In addition to the testing of surface sediments in the DCE, the Work Plan will likely propose some sub-surface sediment sampling and a chemical characterization of composited sediments below the tested surface to a depth expected to be approximately 1 meter into the floor of the Estuary. This will provide an initial evaluation of these sediments in comparison to surface sediments and will support the DCE Remediation Plan, if needed. Sampling methodologies, including the sub-surface sampling depth, will be specified in the Work Plan.

Specifically, the Work Plan will include information relevant to perform the study, including:

- Relevant background on the TMDL,
- A summary and map of past sediment investigations,
- Identify the number and map locations of proposed sampling stations,
- Sediment collection and analysis methods,
- Quality assurance and quality control information, and
- An updated estimate of costs and timing associated with implementing the Study.

Deliverables

- Draft Sediment Assessment Study Work Plan,

- Revised Draft Sediment Assessment Study Work Plan based on County and the other DCE CSMP PA comments, and
- Final Sediment Assessment Study Work Plan based on Regional Board comments.

Task 3. Study Implementation

Monitoring will occur consistent with the Final Sediment Assessment Study Work Plan. Sediment sampling in the DCE will include the collection of surficial and sub-surface sediments at multiple stations. Surficial sediments will be collected and handled in accordance with the SQOs. Samples will be distributed and analyzed as determined in the Work Plan. The Work Plan will identify the analysis of chemical constituents in surficial (upper 5 centimeters) and upper sub-surface sediments (expected to be the upper 1 meter collected as sediment cores at each sampling station). In the laboratory the samples will be processed and analyzed as described in the Work Plan.

Results of field sampling and analysis will be utilized to assess sediment toxicity, benthic community condition, and sediment chemistry condition consistent with the SQOs, and will support a narrative assessment of sediment quality based on multiple lines of evidence. If an impairment of the direct effects SQOs, the LWA Team will include a Stressor Identification Analysis as part of the report. The Stressor Identification process is used to identify types of stressor or combinations of stressors that cause biological impairment by critically reviewing available information, forming possible stressor scenarios that might explain the impairment, analyzing those scenarios, and producing conclusions about which stressor or stressors are causing the impairment.

Deliverables

- Monitoring Summaries and Data Deliverables,
- Draft Sediment Assessment Study Report,
- Revised Draft Sediment Assessment Study Report based on County and the other DCE CSMP PA comments, and
- Final Updated Sediment Assessment Study Report based on Regional Board comments.

Task 4. CSMP Update

Updating the current CSMP will require the integration of information from various sources:

- The Sediment Assessment Study would lay the foundation for updating the current conditions section and supporting a determination of whether remedial actions are needed (Sections 1 and 2 of the current CSMP). If remedial actions are not needed, the CSMP would summarize the findings of the Study and explain why the CSMP does not include remediation (Section 2 of the current CSMP).
- If the results of the Sediment Assessment Study indicate that remedial actions are needed in the DCE, a DCE Remediation Plan would be required to update the section in the CSMP describing the management actions related to addressing hot spots (Section 2 of the current CSMP). If a DCE Remediation Plan is required, a specialized engineering and design consultant will need to be contracted to provide these services and is not included in the LWA Team scope of work.

- The DC WMP would be used as the basis for outlining any TMDL implementation activities related to the watershed (Section 3 of the current CSMP).

The estimate assumes that the CSMP update is primarily based on integrating information developed through other efforts.

Deliverables

- Draft CSMP Update,
- Revised Draft CSMP Update based on County and the other DCE CSMP PA comments, and
- Final CSMP Update based on Regional Board comments.

Proposed Costs and Schedule

Table 1 provides a summary of total hours and costs for each task and associated deliverable. The Draft Sediment Assessment Study Work Plan will be delivered to the County within 90 days of the notice to proceed. The Draft Work Plan will be revised based on PA comments within three weeks of receipt of a consolidated set of comments. The schedule for finalizing the Draft Work Plan based on Regional Board comments will be agreed to by the County and LWA Project Manager. The Draft Sediment Assessment Study Report will be delivered to the County within nine months of the completion of monitoring to provide sufficient time to receive the data from laboratories, analyze and summarize results, and draft the report. The Draft Report will be revised based on PA comments within three weeks of receipt of a consolidated set of comments. The schedule for finalizing the Draft Report based on Regional Board comments will be agreed to by the County and LWA Project Manager. As the timing for updating the CSMP will be predicated on the completion of the Study, and potentially other efforts led by the DCE Partnering Agencies, a schedule for updating the CSMP will be agreed to by the County and LWA Project Manager at a later date.

Please contact me at 310-743-6235 or chrism@lwa.com if you have any questions or would like to schedule time to discuss.

Sincerely,

Chris Minton
Project Manager

RESOLUTION NO. 26-109

A RESOLUTION OF THE CITY OF CARSON CITY COUNCIL AMENDING THE FISCAL YEAR 2026–27 BUDGET IN THE GENERAL FUND, SPECIAL REVENUE FUNDS, ENTERPRISE FUNDS, AND THE CAPITAL IMPROVEMENT PROGRAM (CIP) FUND

WHEREAS, the City Council adopted the Fiscal Year 2026-27 budget on June 16, 2026, for the General Fund and Special Revenue Funds of the City via Resolution No. 26-063; and

WHEREAS, the City Council desires to amend the Fiscal Year 2026-27 budget; and

WHEREAS, the City Council has determined it necessary to amend the Fiscal Year 2026-27 General Fund budget, Special Revenue Funds, Enterprise Funds, and Capital Improvement Program (CIP) budget.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CARSON DOES HEREBY RESOLVE, FIND, DETERMINE, AND ORDER AS FOLLOWS:

Section 1. The following amendment(s) will be made to the City's Fiscal Year 2026-27 budget.

Account	Description	Increase/(Decrease)
295-99-999-904-8011	Infra/Storm Drain-Pipe&Struct	($191,922.15)
101-80-820-285-6004	Professional Services	$191,922.15

Section 2. The City Clerk shall certify the adoption of this resolution and shall keep a copy of this resolution attached to the Fiscal Year 2026-27 budget on file, and effective as of October 20, 2026, the same shall be in force and effect.

PASSED, APPROVED, AND ADOPTED this 20th day of October, 2026.

APPROVED AS TO FROM: CITY OF CARSON:

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

CONSENT 26.

To: Honorable Mayor and City Council

From: Dr. Arlington Rodgers, Director of Public Works PW Engineering

Subject: CONSIDER AWARD OF A CONSTRUCTION CONTRACT TO R.J. NOBLE COMPANY IN AN AMOUNT NOT TO EXCEED $4,448,287.80 FOR THE UNIVERSITY DRIVE PAVEMENT REHABILITATION PROJECT (PROJECT NO. 1753; FEDERAL PROJECT NO. STPL-5403(033)), BETWEEN AVALON BOULEVARD AND WILMINGTON AVENUE, AND ADOPTION OF RESOLUTION NO. 26-111 TO AMEND THE FISCAL YEAR 2026-27 BUDGET TO PROVIDE AN ADDITIONAL $4,287.80 IN FUNDING FOR PROJECT CONSTRUCTION (CITY COUNCIL)

I. SUMMARY

The University Drive Pavement Rehabilitation Project (Project No. 1753), extending from Avalon Boulevard to Wilmington Avenue, is included in the City's adopted Fiscal Year 2026-27 Capital Improvement Program (CIP). The project will repair and rehabilitate deteriorated pavement and improve roadway conditions, pedestrian accessibility, and safety. Funding is provided through a combination of federal Surface Transportation Program-Local (STPL) grant funds, the City's General Fund, and Community Facilities District (CFD) funds.

To select a qualified construction contractor, the City issued Invitation for Bids (IFB) No. 26-05, which was publicly advertised in the Daily Journal and through the City's PlanetBids online bidding system from July 30, 2026, through August 24, 2026. Four contractors submitted bids, which were publicly opened and read aloud by the City's Purchasing Division at the City Clerk's Office on August 24, 2026. Following a review of the bids, R.J. Noble Company was determined to be the lowest responsive and responsible bidder, meaning the company submitted the lowest-priced bid that met the City's bidding requirements and demonstrated the qualifications necessary to complete the work.

Based on the competitive bidding results and the contractor's qualifications, staff recommends that the City Council award a construction contract to R.J. Noble Company in an amount not to exceed $4,448,287.80. Approval will allow the City to proceed with the planned roadway improvements and continue its investment in maintaining safe, accessible, and reliable public infrastructure.

II. RECOMMENDATION

TAKE the following actions:

1. AWARD a construction contract to the lowest responsive and responsible bidder, R.J. Noble Company, for Project No. 1753, University Drive Pavement Rehabilitation from Avalon Boulevard to Wilmington Avenue, in an amount not to exceed $4,448,287.80; and,
2. WAIVE further reading and ADOPT Resolution No. 26-111, “A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, AMENDING THE FISCAL YEAR 2026-27 BUDGET IN THE GENERAL FUND, SPECIAL REVENUE FUNDS, ENTERPRISE FUNDS, AND THE CAPITAL

IMPROVEMENT PROGRAM (CIP) FUND," to authorize a budget transfer of $4,287.80 to fully fund the construction contract; and,
3. AUTHORIZE the Mayor to execute the construction contract with R.J. Noble Company following approval as to form by the City Attorney.

III. ALTERNATIVES

1. DO NOT APPROVE the above recommendations. However, staff will not be able to proceed with the construction of the project.
2. TAKE another action the City Council deems appropriate, consistent with the requirements of the law.

IV. BACKGROUND

The University Drive Pavement Rehabilitation Project (Project No. 1753) is included in the City's Capital Improvement Program (CIP) for Fiscal Year 2026-27. The project will improve approximately 1.78 miles of University Drive, between Avalon Boulevard and Wilmington Avenue, within City Council Districts 1 and 3. The project is funded through a combination of federal Surface Transportation Program-Local (STPL) grant funds, the City's General Fund, and Community Facilities District (CFD) funds. These improvements are intended to address deteriorating pavement, extend the useful life of the roadway, and improve safety and accessibility for motorists, bicyclists, and pedestrians.

The project involves removing and replacing the upper four inches of existing asphalt pavement to restore the roadway surface and improve driving conditions. The new pavement will consist of a two-inch asphalt leveling layer to provide a smooth, stable base, followed by a two-inch rubberized asphalt surface layer designed to improve durability and roadway performance. In areas where the pavement has deteriorated more significantly, additional repairs will be performed by removing and replacing approximately eight inches of damaged pavement material. These deeper repairs, commonly referred to as "dig-outs," will help address underlying pavement failures and provide a more stable roadway surface.

In addition to roadway rehabilitation, the project includes repairs and improvements to sidewalks, curbs, gutters, and driveway approaches. Existing pedestrian curb ramps and driveway approaches will be reconstructed where necessary to meet current Americans with Disabilities Act (ADA) accessibility standards, making sidewalks and street crossings safer and easier to use for individuals with disabilities. Other improvements include adjustments to raised roadway medians, replacement of traffic signal detection loops that identify vehicles approaching intersections, new pavement striping and roadway markings, and updated bicycle lane signs. Together, these improvements will enhance roadway conditions, pedestrian accessibility, and overall transportation safety along University Drive.

To select a qualified construction contractor, the City issued Invitation for Bids (IFB) No. 26-05, which was publicly advertised in the Daily Journal and through the City's PlanetBids online procurement system from July 30, 2026, through August 24, 2026. The competitive bidding process provided interested contractors an opportunity to review the project requirements and submit proposals for completing the construction work. Four bids were received and publicly opened by the City's Purchasing Division at the City Clerk's Office on August 24, 2026. The bid results are listed below:

No.	Bidder	Place of Business	Bid Amount
1.	R.J. Noble Company	Orange, CA	$4,448,287.80
2.	ONYX Paving Company	Yorba Linda, CA	$4,567,000.00
3.	Palp dba Excel Paving Company	Long Beach, CA	$4,597,739.20
4.	All American Asphalt	Corona, CA	$4,755,134.50

Following a review of the bids, R.J. Noble Company was determined to be the lowest responsive and responsible bidder, with a total construction bid of $4,448,287.80. This means the company submitted the lowest-priced bid that met the City's bidding requirements and demonstrated the qualifications necessary to perform the work. R.J. Noble Company holds the required California contractor's license and submitted the required bid bond, issued by Western Surety Company, in the amount of 10% of its bid. A bid bond provides financial protection to the City if the selected contractor fails to enter into the construction contract as required. Staff also reviewed the contractor's references and confirmed that R.J. Noble Company has successfully completed similar construction projects for the City. The approximate timeline of this project is as follows:

Milestone	**Date**
Bids Due Date	August 24, 2026
Award of Contract	October 20, 2026
Contract Execution	November 3, 2026
PO Issuance	November 17, 2026
Start Construction	December 2026
Complete Construction	April 2027

Although the project has an established construction schedule, actual progress may be affected by weather conditions, unforeseen underground conditions, utility conflicts, or other issues that may arise during construction. Public Works staff will monitor construction activities and coordinate with the contractor to address any unexpected conditions, minimize delays, and maintain compliance with the approved project plans and specifications. Any necessary schedule adjustments will be evaluated as construction progresses. At this time, the project budget does not include a construction contingency, which is funding typically set aside to cover unexpected costs that may arise during construction. If unforeseen conditions or other necessary construction expenses require additional funding, Public Works staff will evaluate and document those costs and return to the City Council proactively to request approval of any additional funding needed to complete the project. This approach allows the City to proceed with the approved construction budget while maintaining City Council oversight of any additional expenditures.

Consequently, based on the competitive bidding results and the contractor's demonstrated qualifications and experience, staff recommends that the City Council award a construction contract to R.J. Noble Company in the amount of $4,448,287.80 for the University Drive Pavement Rehabilitation Project. Approval will allow the City to proceed with the planned roadway improvements, make use of available transportation funding, and continue its investment in maintaining and improving public infrastructure.

V. FISCAL IMPACT

If the City Council approves the award of the construction contract to R.J. Noble Company, the total contract amount for the University Drive Pavement Rehabilitation Project will be $4,448,287.80. The City's adopted Fiscal Year 2026-27 Capital Improvement Program (CIP) budget currently includes $4,444,000 for Project No. PW1753. This funding consists of $2,000,000 from the General Fund (Account No. 101-99-999-904-8009), $35,000 from the Community Facilities District (CFD) Fund (Account No. 291-99-999-904-8009), and $2,409,000 from the federal Surface Transportation Program-Local (STPL) grant (Account No. 220-99-999-904-8009).

The current project budget is $4,287.80 less than the proposed construction contract amount. To address this minor shortfall, staff recommends that the City Council adopt Resolution No. 26-111, authorizing a budget transfer of $4,287.80 from the Public Works Engineering Division's General Fund Operating Budget (Account No. 101-80-820-101-6004) to the project's General Fund capital improvement account (Account No. 101-99-999-904-8009, Project No. PW1753). This transfer would provide sufficient funding to cover the full construction contract amount using existing City resources, without increasing the City's overall adopted Fiscal Year 2026-27 budget.

PUBLIC WORKS AGREEMENT
BETWEEN THE CITY OF CARSON AND
R.J. NOBLE COMPANY

THIS PUBLIC WORKS AGREEMENT ("**Agreement**") is made and entered into this ____ day of _____, 2026 by and between the City of Carson, a California charter city ("**City**") and R.J. Noble Company, a California corporation ("**Contractor**"). City and Contractor may be referred to, sometimes individually or collectively, as "Party" or "Parties."

RECITALS

A. The City desires to retain Contractor, on an independent contractor basis, to perform services for public works, as more particularly described below.

B. Contractor represents that it is fully qualified to perform such services by virtue of its experience and the training, education and expertise of its principals and employees.

C. Pursuant to the City of Carson Municipal Code and California state law, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Contractor for performance of the services and desire that the terms of that performance be as particularly defined and described herein.

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

AGREEMENT

ARTICLE 1. CONTRACTOR SERVICES

1.1 Scope of Work.

The Contractor shall perform all of the work, furnish all labor, materials, equipment, tools, utility services, and transportation, and comply with all of the specifications and requirements in the Bid Documents for the project entitled **Project No. 1753: University Drive Pavement Rehabilitation from Avalon Boulevard to Wilmington Avenue (IFB 26-05)** ("**Project**"). All such work shall be performed in a good and workmanlike manner, as reasonably determined by the City, and shall be performed in compliance with all local, state, and federal laws and regulations. As used herein, "**Bid Documents**" refers to all of the documents included in the solicitation of bids for the Project, including but not limited to, the Invitation for Bids, Instructions to Bidders, Bid or Bid Proposal, Contract Documents, Special Provisions, Technical Provisions, Construction Plans, Standard Plans, Drawings, Reference Specifications, all applicable permit requirements, any addenda, any applicable Project Labor Agreement, and any other documents included, referenced, or incorporated therein. The Bid Documents are incorporated into this

Agreement and made part hereof. In the event of any conflict between the terms of the Bid Documents and this Agreement, the terms of this Agreement shall govern.

1.2 Incorporation of Greenbook.

The provisions of the 2024 Edition of the Standard Specifications for Public Works Construction, as updated by errata, ("Greenbook") are incorporated herein, except as explicitly modified by the Bid Documents. In the event of any conflict between the provisions of the Greenbook and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Labor and Wage Laws.

(a) Public Work. The Parties acknowledge that the work to be performed under this Agreement is a "public work" as defined in Labor Code Section 1720 and that this Agreement is therefore subject to the requirements of Division 2, Part 7, Chapter 1 (commencing with Section 1720) of the California Labor Code relating to public works contracts and the rules and regulations established by the Department of Industrial Relations ("**DIR**") implementing such statutes. The work performed under this Agreement is subject to compliance monitoring and enforcement by the DIR. Contractor shall post job site notices, as prescribed by regulation.

(b) Registration with DIR. Pursuant to Labor Code section 1771.1, Contractor and all subcontractors must be registered with, and pay an annual fee to, the DIR prior to and during the performance of any work under this Agreement.

(c) Prevailing Wages. Contractor shall pay prevailing wages to the extent required by Labor Code Section 1771. Pursuant to Labor Code Section 1773.2, copies of the prevailing rate of per diem wages are on file at City Hall and will be made available to any interested party on request. By initiating any work under this Agreement, Contractor acknowledges receipt of a copy of the DIR determination of the prevailing rate of per diem wages, and Contractor shall post a copy of the same at each job site where work is performed under this Agreement. If this Agreement is subject to the payment of federal prevailing wages under the Davis-Bacon Act (40 U.S.C. § 3141 *et seq.*), then Contractor shall pay the higher of either the state for federal prevailing wage applicable to each laborer.

(d) Penalty for Failure to Pay Prevailing Wages. Contractor shall comply with and be bound by the provisions of Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. The Contractor shall, as a penalty to the City, forfeit two hundred dollars ($200) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the DIR for the work or craft in which the worker is employed for any public work done pursuant to this Agreement by Contractor or by any subcontractor.

(e) Payroll Records. Contractor shall comply with and be bound by the provisions of Labor Code Section 1776, which requires Contractor and each subcontractor to: keep accurate payroll records and verify such records in writing under penalty of perjury, as specified in Section 1776; certify and make such payroll records available for inspection as provided by Section 1776; and inform the City of the location of the records.

(f) Apprentices. Contractor shall comply with and be bound by the provisions of Labor Code Sections 1777.5, 1777.6, and 1777.7 and California Code of Regulations Title 8, Section 200 *et seq.* concerning the employment of apprentices on public works projects. Contractor shall be responsible for compliance with these aforementioned Sections for all apprenticeable occupations. Prior to commencing work under this Agreement, Contractor shall provide City with a copy of the information submitted to any applicable apprenticeship program. Within sixty (60) days after concluding work pursuant to this Agreement, Contractor and each of its subcontractors shall submit to the City a verified statement of the journeyman and apprentice hours performed under this Agreement.

(g) Eight-Hour Work Day. Contractor acknowledges that eight (8) hours labor constitutes a legal day's work. Contractor shall comply with and be bound by Labor Code Section 1810.

(h) Penalties for Excess Hours. Contractor shall comply with and be bound by the provisions of Labor Code Section 1813 concerning penalties for workers who work excess hours. The Contractor shall, as a penalty to the City, forfeit twenty-five dollars ($25) for each worker employed in the performance of this Agreement by the Contractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the Labor Code. Pursuant to Labor Code section 1815, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than one and one-half (1½) times the basic rate of pay.

(i) Workers' Compensation. California Labor Code Sections 1860 and 3700 provide that every employer will be required to secure the payment of compensation to its employees if it has employees. In accordance with the provisions of California Labor Code Section 1861, Contractor certifies as follows:

> "I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract."

(j) Contractor's Responsibility for Subcontractors. For every subcontractor who will perform work under this Agreement, Contractor shall be responsible for such subcontractor's compliance with Division 2, Part 7, Chapter 1 (commencing with Section 1720) of the California Labor Code, and shall make such compliance a requirement in any contract with any subcontractor for work under this Agreement. Contractor shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractor's compliance, including without limitation, conducting a review of the certified payroll records of the subcontractor on a periodic basis or upon becoming aware of the failure of the subcontractor to pay his or her workers the specified prevailing rate of wages. Contractor shall diligently take corrective action to halt or rectify any such failure by any subcontractor.

1.4 Compliance with Project Labor Agreement

If and to the extent that the work to be performed under this Agreement is within the scope of the City's Project Labor Agreement, which was fully executed as of March 4, 2020, by and between the City and the Los Angeles/Orange Counties Building and Construction Trades Council and the Signatory Craft Councils and Unions (the "Project Labor Agreement"), City and Contractor acknowledge and agree that Contractor is required to comply with the provisions of the Project Labor Agreement, and that in the event of a conflict between the provisions of this Agreement and the Project Labor Agreement, the Project Labor Agreement shall supersede and take precedence over the conflicting provision(s) of this Agreement.

1.5 Licenses, Permits, Fees and Assessments.

Contractor shall obtain at its sole cost and expense such licenses, permits, registrations, and approvals as may be required by law for the performance of the services required by this Agreement. Contractor shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.6 Familiarity with Work.

By executing this Agreement, Contractor warrants that Contractor (i) has thoroughly investigated and considered the scope of work to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Contractor warrants that Contractor has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder.

1.7 Discovery of Unknown Conditions.

(a) Pursuant to Public Contract Code section 7104, Contractor shall promptly, and before the following conditions are disturbed, notify the City, in writing, of any: (i) material Contractor believes may be hazardous waste as defined in Section 25117 of the Health & Safety Code required to be removed to a Class I, II, or III disposal site in accordance with existing law; (ii) subsurface or latent physical conditions at the site, materially different from those indicated by information about the site made available to bidders prior to the deadline for submitting bids on the project; or (iii) unknown physical conditions at the site of any unusual nature, different from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this Agreement.

(b) City shall promptly investigate the conditions, and if it finds that the conditions do materially differ, or do involve hazardous waste, and cause a decrease or increase in Contractor's cost of, or the time required for, performance of any part of the work, shall issue a change order in accordance with this Agreement.

(c) In the event that a dispute arises between City and Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in Contractor's cost of, or time required for, performance of any part of the work, Contractor shall not be excused from any scheduled completion date set, but shall proceed with all work to be performed under the Agreement. Contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

1.8 Unidentified Utilities.

To the extent required by Government Code section 4215, City will compensate Contractor for the cost of locating, repairing damage not due to the failure of Contractor to exercise reasonable care, and removing or relocating utility facilities not identified by City in the Bid Documents with reasonable accuracy, and for equipment on the project necessarily idled during such work. Nothing herein shall be deemed to require City to indicate the presence of existing service laterals or appurtenances whenever the presence of such utilities on the project site can be inferred from the presence of other visible facilities, such as buildings, meters, and junction boxes, on or adjacent to the site of the construction; provided, however, nothing herein shall relieve City from identifying main or trunklines in the plans and specifications. If Contractor, while performing the work, discovers utility facilities not identified by City in the plans or specifications, Contractor shall immediately notify City and the utility in writing. This Agreement is subject to Government Code sections 4126 through 4216.9. Contractor must notify utilities and obtain an identification number before excavation or be subject to liability for damages to subsurface installations.

1.9 Trench Excavation.

Pursuant to Labor Code section 6705, if this Agreement is for more than $25,000 and requires the excavation of any trench or trenches five feet or more in depth, Contractor shall submit, in advance of such excavation, a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. The plan shall be reviewed and accepted by the City, or a registered civil or structural engineer employed by the City to whom authority has been delegated, prior to the excavation. If the plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer. This section shall not be deemed to allow the use of a shoring, sloping, or protective system less effective than that required by the Construction Safety Orders. This subsection shall not be construed to impose tort liability on the City or any of its employees. Full compensation for sheeting, shoring, bracing, sloping, and all other provisions required for worker protection shall be considered as included in the contract price shown in the appropriate Bid Item, and no additional compensation will be allowed therefor.

1.10 Protection and Care of Work and Materials.

The Contractor shall adopt reasonable methods, including providing and maintaining storage facilities, during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as caused by City's own

negligence. Stored materials shall be reasonably accessible for inspection. Contractor shall not, without City's consent, assign, sell, mortgage, hypothecate, or remove equipment or materials which have been installed or delivered and which may be necessary for the completion of the work.

1.11 Warranty.

Contractor warrants all work under the Agreement (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Agreement or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by the City of any defect in the work or non-conformance of the work to the Agreement, commence and prosecute with due diligence all work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act as soon as requested by the City in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair, remove and replace any portions of the work (or work of other contractors) damaged by its defective work or which becomes damaged in the course of repairing or replacing defective work. For any work so corrected, Contractor's obligation hereunder to correct defective work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected work. Contractor shall perform such tests as the City may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Agreement. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstitution of equipment and materials necessary to gain access, shall be the sole responsibility of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Agreement, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand.

1.12 Additional Work and Change Orders.

(a) City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Work or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written change order is first given by the City's Director of Public Works or City Engineer, or either of their designees, to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor ("**Change Order**"). All Change

Orders must be signed by the Contractor and City's Director of Public Works or City Engineer, or either of their designees, prior to commencing the extra work thereunder.

(b) Any increase in compensation of up to the amount of contingency approved by the City Council at the time the Project was awarded to Contractor plus any additional subsequent contingency approved by the City Council, if any, taken either separately or cumulatively, or any increase in the time to perform of up to one hundred eighty (180) days and which are not detrimental to the Work or to the interest of the City, may be approved by the City's Director of Public Works or City Engineer, or either of their designees. Any greater increases, taken either separately or cumulatively, must be approved by the City Council.

(c) Any adjustment in the Contract Sum for a Change Order must be in accordance with the rates set forth in the Contractor's Bid. If the rates in the Contractor's Bid do not cover the type of work in the Change Order, the cost of such work shall not exceed an amount agreed upon in writing and signed by Contractor and City's Director of Public Works or City Engineer, or either of their designees. If the cost of the Change Order cannot be agreed upon, the City will pay for actual work of the Change Order completed, to the satisfaction of the City, as follows:

(i) Labor: The cost of labor shall be the actual cost for wages of workers and subcontractors performing the work for the Change Order at the time such work is done. The use of labor classifications that would increase the cost of such work shall not be permitted.

(ii) Materials and Equipment: The cost of materials and equipment shall be at cost to Contractor or lowest current price which such materials and equipment are reasonably available at the time the work is done, whichever is lower.

(iii) If the cost of the extra work cannot be agreed upon, the Contractor must provide a daily report that includes invoices for labor, materials and equipment costs for the work under the Change Order. The daily report must include: list of names of workers, classifications, and hours worked; description and list of quantities of materials used; type of equipment, size, identification number, and hours of operation, including loading and transportation, if applicable; description of other City authorized services and expenditures in such detail as the City may require. Failure to submit a daily report by the close of the next working day may, at the City's sole and absolute discretion, waive the Contractor's rights for that day.

(d) It is expressly understood by Contractor that the provisions of this Section shall not apply to services specifically set forth in the Scope of Work. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Work may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors.

(e) No claim for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.13 CARB Compliance.

For a project involving the use of in-use off-road diesel-fueled vehicles, as defined by 13 CCR 2449, Contractor shall obtain copies of the valid Certificates of Reported Compliance, as described in 13 CCR 2449(n), for the fleet performing services pursuant to this contract and all listed subcontractors, if applicable, prior to commencing any work pursuant to this Contract or any renewed contract with that fleet. Contractor shall indemnify, defend and hold harmless the District, its officers, agents, employees and directors from any liability imposed arising from Contractor's violation of any regulation set forth in 13 CCR 2449.

1.14 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements," attached hereto as Exhibit B and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit B and any other provisions of this Agreement, the provisions of Exhibit B shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts set forth in Contractor's Bid attached hereto as Exhibit A and incorporated herein by this reference. Subject to any additions or deductions that may be made by change order or amendment, and any penalties or damages that may be assessed against Contractor, Contractor shall receive total compensation, including reimbursement of Contractor's expenses, of an amount not to exceed **Four Million Four Hundred Forty Eight Thousand Two Hundred Eighty Seven Dollars and Eighty Cents ($4,448,287.80)** ("**Contract Sum**") for completion of the work.

2.2 Invoices.

Each month Contractor shall furnish to City an original invoice for all work performed during the preceding month using the form attached hereto as Exhibit E and incorporated herein by this reference. By submitting an invoice for payment under this Agreement, Contractor is certifying compliance with all provisions of the Agreement.

All invoices shall include a copy of Contractor's Certified Payroll and proof that Certified Payroll has been submitted to the DIR. Contractor shall also submit a list of the prevailing wage rates (including federal prevailing wage rates, if applicable) for all employees and subcontractors providing services under this Agreement, as applicable, with Contractor's first invoice. If these rates change at any time during the term of the Agreement, Contractor shall submit a new list of rates to the City with its first invoice following the effective date of the rate change.

2.3 Payment.

(a) Payments Made by City. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed

or expenses incurred by Contractor which are disputed by City, City will cause Contractor to be paid any progress payment within thirty (30) days of receipt of Contractor's correct and undisputed invoice; however, Contractor acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event that City does not cause Contractor to be paid any progress payment within thirty (30) days of receipt of an undisputed and properly submitted invoice and provided the Project is for construction, Contractor shall be entitled to the payment of interest to the extent allowed under Public Contract Code Section 20104.50. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor, not later than seven (7) days after receipt by the City, for correction and resubmission. Returned invoices shall be accompanied by a document setting forth in writing the reasons why the payment request was rejected. Review and payment by the City of any invoice provided by the Contractor shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

(b) Payments Made by Contractor to Subcontractors. Contractor shall remit payments owed to subcontractors within fifteen (15) calendar days after receiving payments by City if payments are owed by Contractor to any subcontractor qualifying as a small business enterprise, and within thirty (30) calendar days if payments are owed by Contractor to any subcontractor other than a small business enterprise.

2.4 Retention.

Pursuant to Section 9203 of the Public Contract Code, City will deduct a five percent (5%) retention from all progress payments, which shall be released to Contractor no later than sixty (60) days from completion of the work in accordance with Section 7107 of the Public Contract Code. In the event of a dispute between City and Contractor, City may withhold from the final payment an amount not to exceed one hundred fifty percent (150%) of the disputed amount.

2.5 Waiver.

Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

2.6 Substitution of Securities.

(a) In conformance with the State of California Public Contract Code, Part 5, Section 22300, Contractor may substitute securities for any monies withheld by the City to ensure performance under this Agreement.

(b) At the request and expense of Contractor, Contractor has the option of establishing an escrow account with a state or federally chartered bank which shall serve as an escrow agent, for Contractor's direct deposit of securities as a substitute for retention earnings required to be withheld by the City. Upon Contractor's completion of its obligations hereunder, as evidenced by the City's acceptance of the work pursuant to Section 3.3 hereof, the escrow agent shall return the securities to Contractor. The escrow agent shall notify the City within ten (10) days after deposit of the securities. The market value of the securities at the time of the substitution shall be at least equal to the cash amount then required to be withheld as retention. Securities shall be held in the name of the City and shall designate Contractor as the beneficial owner. Alternatively, on written request of Contractor, the City shall make payments of the retention earnings directly to the escrow account.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Schedule of Performance.

Contractor shall complete the Project within **one hundred (100) working days** after receiving a "Notice to Proceed" from the City in accordance with any schedule contained in or required to be provided by the Proposal or Bid Documents, and any revisions thereof approved by the City in writing. Time is of the essence. If the work is not completed within said time period, liquidated damages shall apply. The term of this Agreement shall expire one (1) year following City's acceptance of the Project.

3.2 Liquidated Damages.

Since the determination of actual damages for any delay in performance of this Agreement would be extremely difficult or impractical to determine in the event of a breach of this Agreement, the Contractor and its sureties shall be liable for and shall pay to the City the sum of **Five Thousand Two Hundred Dollars ($5,200.00)** as liquidated damages for each working day of delay in the performance of any service required hereunder. The City may withhold any accrued liquidated damages from any monies payable on account of services performed by the Contractor. To the extent required by Government Code section 4215, Contractor shall not be assessed liquidated damages for delay in completion of the work when such delay was caused by the failure of the City or owner of the utility to provide for removal or relocation of utility facilities.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall within ten (10) days of the commencement of such delay notify the Project Manager in writing of the causes of the delay. The Project Manager shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Project Manager such delay is justified. The Project Manager's determination

shall be final and conclusive upon the Parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Final Acceptance.

Acceptance of the Project shall only be by action of the City Council. Neither the acceptance nor any prior inspections or failure to inspect shall constitute a waiver by City of any defects in the work. From and after acceptance, the Project shall be owned and operated by City. As a condition to acceptance, Contractor shall certify to City in writing that all of the work has been performed in strict conformity with the Agreement and that all costs have been paid or supplied to City for security required herein, satisfactory to City, guaranteeing such performance.

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Contractor.

The following principals of Contractor ("Principals") are hereby designated as being the principals and representatives of Contractor authorized to act on its behalf with respect to the work specified herein and make all decisions in connection therewith:

Jacob Breedlove	Vice President
(Name)	(Title)
(Name)	(Title)
(Name)	(Title)

The Principals shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. All personnel of Contractor, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the Principals may not be replaced nor may their responsibilities be substantially reduced by Contractor without the express written approval of City. Additionally, Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Contractor.

Contractor shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless such authority is expressly conferred under this Agreement or is otherwise expressly conferred in

writing by City. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Contractor, nor any of Contractor's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor may have to any such rights.

4.3 Project Manager.

The Project Manager shall be Victor Lopez, P.E., Associate Civil Engineer, or any other person as may be designated by the City's Director of Public Works or City Engineer. It shall be the Contractor's responsibility to assure that the Project Manager is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by City to the Project Manager. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Project Manager. The Project Manager shall have authority, if specified in writing by the City's Director of Public Works or City Engineer , to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Contractor.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Contractor, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Contractor's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Contractor shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. City shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. All subcontractors shall obtain, at its or Contractor's expense, such licenses, permits, registrations and approvals (including from the City) as may be required by law for the performance of any services or work under this Agreement. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE, INDEMNIFICATION AND BONDS

5.1 Insurance Coverages.

Without limiting Contractor's indemnification of City, and prior to commencement of any services under this Agreement, Contractor shall obtain, provide and maintain at its own expense during the term of this Agreement, policies of insurance of the type and amounts described below and in a form satisfactory to City.

(a) General Liability Insurance. Contractor shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form ISO CGL CG 00 01 or equivalent, in an amount not less than $5,000,000 per occurrence, $10,000,000 general aggregate, for bodily injury, personal injury, and property damage. The policy must include contractual liability that has not been amended. Any endorsement restricting standard ISO "insured contract" language will not be accepted.

(b) Automobile liability insurance. Contractor shall maintain automobile insurance at least as broad as Insurance Services Office form ISO CA 00 01, including "any auto" and endorsement CA 0025 or equivalent, covering bodily injury and property damage for all activities of the Contractor arising out of or in connection with Services to be performed under this Agreement, including coverage for any owned, hired, non-owned or rented vehicles, in an amount not less than $2,000,000 combined single limit for each accident.

(c) Workers' compensation insurance. Contractor shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least $1,000,000).

(d) Builder's Risk Insurance. Contractor shall maintain Builder's Risk (Course of Construction) insurance utilizing an "All Risk" (Special Perils) coverage form, with limits equal to the completed value of the project and no coinsurance penalty provisions or provisional limit provisions. The policy must include: (1) coverage for any ensuing loss from faulty workmanship, nonconforming work, omission or deficiency in design or specifications; (2) coverage against machinery accidents and operational testing; (3) coverage for removal of debris, and insuring the buildings, structures, machinery, equipment, materials, facilities, fixtures and all other properties constituting a part of the project; (4) ordinance or law coverage for contingent rebuilding, demolition, and increased costs of construction; (5) transit coverage (unless insured by the supplier or receiving contractor), with sub-limits sufficient to insure the full replacement value of any key equipment item; (6) ocean marine cargo coverage insuring any project materials or supplies, if applicable; (7) coverage with sub-limits sufficient to insure the full replacement value of any property or equipment stored either on or off the project site or any staging area.

If the Project does not involve new or major reconstruction, then at the option of City, an Installation Floater may be acceptable. For such projects, a Property Installation Floater shall be obtained that provides for the improvement, remodel, modification, alteration, conversion or adjustment to existing buildings, structures, processes, machinery and equipment. The Property Installation Floater shall provide property damage coverage for any building, structure, machinery or equipment damaged, impaired, broken, or destroyed during the performance of the work, including during transit, installation, and testing at the Project site.

(e) Pollution Liability Insurance. Contractor shall maintain Environmental Impairment Liability insurance, written on a Contractor's Pollution Liability form or other form acceptable to City providing coverage for liability arising out of sudden, accidental, and gradual pollution and remediation. The policy limit shall be no less than $1,000,000 per claim and $2,000,000 in the aggregate. All activities contemplated in this Agreement shall be specifically scheduled on the policy as "covered operations." The policy shall provide coverage for the hauling of waste from the project site to the final disposal location, including non-owned disposal sites.

Products/completed operations coverage shall extend a minimum of three (3) years after project completion. Coverage shall be included on behalf of the insured for covered claims arising out of the actions of independent contractors. If the insured is using subcontractors, the policy must include work performed "by or on behalf" of the insured. Policy shall contain no language that would invalidate or remove the insurer's duty to defend or indemnify for claims or suits expressly excluded from coverage. Policy shall specifically provide for a duty to defend on the part of the insurer.

If Contractor maintains broader coverage and/or higher limits than the minimums shown above, City requires and shall be entitled to the broader coverage and/or the higher limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to City.

5.2 General Insurance Requirements.

(a) Subcontractors. Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(b) Proof of Insurance. Contractor shall provide certificates of insurance and endorsements to City as evidence of the insurance coverages required herein, along with a waiver of subrogation endorsement for workers' compensation. Insurance certificates and endorsements must be approved by City's Risk Manager prior to commencement of performance. Current certification of insurance shall be kept on file with City at all times during the term of this Agreement. City reserves the right to require complete, certified copies of all required insurance policies, at any time.

(c) Duration of Coverage. Contractor shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the Services hereunder by Contractor, its agents, representatives, employees or subcontractors.

(d) Primary/noncontributing. Coverage provided by Contractor shall be primary and any insurance or self-insurance procured or maintained by City shall not be required to contribute with it. The limits of insurance required herein may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of City before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

(e) City's Rights of Enforcement. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Contractor or City will withhold amounts sufficient to pay premium from Contractor payments. In the alternative, City may cancel this Agreement.

(f) Waiver of Subrogation. All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against City, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow Contractor or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Contractor hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subcontractors.

(g) Enforcement of Contract Provisions (non-estoppel). Contractor acknowledges and agrees that any actual or alleged failure on the part of the City to inform Contractor of non-compliance with any requirement imposes no additional obligations on the City nor does it waive any rights hereunder.

(h) Requirements Not Limiting. Requirements of specific coverage features or limits contained in this section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Contractor maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

(i) Notice of Cancellation. Contractor agrees to oblige its insurance agent or broker and insurers to provide to City with a thirty (30) day notice of cancellation (except for nonpayment for which a ten (10) day notice is required) or nonrenewal of coverage for each required coverage.

(j) Additional Insured Status. General and auto liability policies shall provide or be endorsed to provide that City and its officers, officials, employees, and agents, and volunteers shall be additional insureds under such policies. This provision shall also apply to any excess/umbrella liability policies.

(k) Prohibition of Undisclosed Coverage Limitations. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved of in writing.

(l) Separation of Insureds. A severability of interests provision must apply for all additional insureds ensuring that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

(m) Pass Through Clause. Contractor agrees to ensure that its subconsultants, subcontractors, and any other party involved with the project who is brought onto or involved in the project by Contractor, provide the same minimum insurance coverage and endorsements required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Contractor agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the project will be submitted to City for review.

(n) Agency's Right to Revise Specifications. The City reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Contractor ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Contractor, the City and Contractor may renegotiate Contractor's compensation.

(o) Self-Insured Retentions. Any self-insured retentions must be declared to and approved by City. City reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by City.

(p) Timely Notice of Claims. Contractor shall give City prompt and timely notice of claims made or suits instituted that arise out of or result from Contractor's performance under this Agreement, and that involve or may involve coverage under any of the required liability policies.

(q) Additional Insurance. Contractor shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the work.

5.3 Indemnification.

Contractor shall indemnify, defend with legal counsel approved by City, and hold harmless City, its officers, officials, employees and volunteers (each, an "Indemnitee") from and against all liability, loss, damage, expense, cost (including without limitation reasonable legal counsel fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with Contractor's performance of work under this Agreement or its failure to comply with any of its obligations contained in this Agreement, except such loss or damage which is caused by the sole or active negligence or willful misconduct of the City. Should conflict of interest principles preclude a single legal counsel from representing both City and Contractor, or should City otherwise find Contractor's legal counsel unacceptable, then Contractor shall reimburse the City its costs of defense, including without limitation reasonable legal counsels fees, expert fees and all other costs and fees of litigation. The Contractor shall promptly pay any final judgment rendered against the City (and its officers, officials, employees and volunteers) with respect to claims determined by a trier of fact to have been the result of the Contractor's negligent, reckless or wrongful performance. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Agreement.

Contractor obligations under this section apply regardless of whether or not such claim, charge, damage, demand, action, proceeding, loss, stop notice, cost, expense, judgment, civil fine or penalty, or liability was caused in part or contributed to by an Indemnitee. However, without affecting the rights of City under any provision of this Agreement, Contractor shall not be required to indemnify and hold harmless City for liability attributable to the active negligence of City, provided such active negligence is determined by agreement between the parties or by the findings of a court of competent jurisdiction. In instances where City is shown to have been actively negligent and where City's active negligence accounts for only a percentage of the liability involved, the obligation of Contractor will be for that entire portion or percentage of liability not attributable to the active negligence of City.

5.4 Notification of Third-Party Claims.

City shall timely notify Contractor of the receipt of any third-party claim relating to the work under this Agreement. City shall be entitled to recover from Contractor its reasonable costs incurred in providing such notification.

5.5 Performance and Payment Bonds.

Concurrently with execution of this Agreement, Contractor shall deliver to the City all of the following bonds if the Contract Sum should exceed $25,000:

(a) A performance bond securing the faithful performance of this Agreement, in an amount not less than 100% of the total compensation for this Agreement, as stated in Section 2.1.

(b) A payment bond, securing the payment of all persons furnishing labor and/or materials in connection with the work under this Agreement, in an amount not less than 100% of the total compensation for this Agreement, as stated in Section 2.1.

All bonds shall be on the applicable forms provided in Exhibit "C" and Exhibit "D" attached hereto and made part hereof. The bonds shall each contain the original notarized signature of an authorized officer of the surety and affixed thereto shall be a certified and current copy of his/her power of attorney. The bonds shall be unconditional and remain in force during the entire term of the Agreement until released pursuant to Section 5.7 hereof.

5.6 Sufficiency of Insurer or Surety.

Insurance and bonds required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A-" or better in the most recent edition of Best's Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better. If the City determines that the work to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Contractor agrees that the minimum limits of the insurance policies and the bonds may be changed accordingly upon receipt of written notice from the City's Risk Manager.

5.7 Release of Securities.

City shall release the performance bond and payment bond when the following have occurred:

(a) Contractor has made a written request for release and provided evidence of satisfaction of all other requirements under Article 5 of this Agreement;

(b) the Project has been accepted; and

(c) after passage of the time within which lien claims are required to be made pursuant to applicable laws; if lien claims have been timely filed, City shall hold the payment bond until such claims have been resolved, Contractor has provided statutory bond, or otherwise as required by applicable law.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Contractor shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies, certified and accurate copies of payroll records in compliance with all applicable laws, or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Project Manager to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Project Manager shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of 3 years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Contractor's business, custody of the books and records may be given to City, and access shall be provided by Contractor's successor in interest. Notwithstanding the above, the Contractor shall fully cooperate with the City in providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Contractor shall periodically prepare and submit to the Project Manager such reports concerning the performance of the services required by this Agreement as the Project Manager shall require. Contractor hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein, Contractor shall promptly notify the Project Manager of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Contractor, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Project Manager or upon the termination of this Agreement, and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Contractor will be at the City's sole risk and without liability to Contractor, and Contractor's guarantee and warranties shall not extend to such use, reuse or assignment. Contractor may retain copies of such documents for its own use. Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom. Moreover, Contractor with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

6.4 Confidentiality and Release of Information.

(a) Information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Project Manager.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Project Manager or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorneys' fees, caused by or incurred as a result of Contractor's conduct.

(d) Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by

Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT; DEFAULT, SUSPENSION AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Contractor covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Default of Contractor.

Contractor's failure to comply with the provisions of this Agreement shall constitute a default. In the event that Contractor is in default for cause under the terms of this Agreement, City shall have no obligation or duty to continue compensating Contractor for any work performed after the date of default and can terminate or suspend this Agreement immediately by written notice to Contractor. If the Project Manager determines that Contractor is in default in the performance of any of the terms or conditions of this Agreement, the Project Manager shall cause to be served upon Contractor a written notice of the default. Contractor shall have ten (10) days after service upon it of said notice in which to cure the default by rendering a satisfactory performance. In the event that Contractor fails to cure its default within such period of time, the City shall have the right, notwithstanding any other provision of this Agreement, to terminate this Agreement without further notice and without prejudice to any other remedy to which it may be entitled at law, in equity or under this Agreement.

7.3 Suspension and Termination.

(a) The City may at any time, for any reason, with or without cause, suspend this Agreement, or any portion hereof, by serving upon Contractor at least ten (10) days prior written notice. Upon receipt of said notice, Contractor shall immediately cease all work under this Agreement, unless the notice provides otherwise. If the City suspends a portion of this Agreement such suspension shall not make void or invalidate the remainder of this Agreement.

(b) This Agreement may be terminated by either party for cause. The City may terminate this Agreement without cause upon thirty (30) days' written notice of termination. Upon termination, Contractor shall be entitled to compensation for completion of any portion of the Project accepted by City up to the effective date of termination unless any portion of the Project is accepted by City after termination in which event Contractor shall be paid for such completed portion.

7.4 Dispute Resolution Process.

Section 20104 *et seq*. of the California Public Contract Code prescribes a process utilizing informal conferences, non-binding judicial-supervised mediation, and judicial arbitration to resolve disputes on construction claims of $375,000 or less. Section 9204 of the Public Contract Code prescribes a process for negotiation and mediation to resolve disputes on construction claims. The intent of this Section is to implement Sections 20104 *et seq*. and Section 9204 of the California Public Contract Code. This Section shall be construed to be consistent with said statutes.

For purposes of these procedures, "claim" means a separate demand by the Contractor, after the City has denied Contractor's timely and duly made request for payment for extra work and/or a time extension, for (A) a time extension, (B) payment of money or damages arising from work done by or on behalf of the Contractor pursuant to the Agreement and payment of which is not otherwise expressly provided for or the Contractor is not otherwise entitled to, or (C) an amount the payment of which is disputed by the City.

The following requirements apply to all claims to which this section applies:

(a) Claim Submittal. The claim shall be in writing and include the documents necessary to substantiate the claim. Claims governed by this procedure must be filed on or before the date of final payment. Nothing in this section is intended to extend the time limit or supersede notice requirements otherwise provided in the Agreement for the filing of claims, including all requirements pertaining to compensation or payment for extra work, disputed work, and/or changed conditions. Failure to follow such contractual requirements shall bar any claims or subsequent lawsuits for compensation or payment thereon.

(b) Supporting Documentation. The Contractor shall submit all claims in the following format:

(i) Summary of the claim, including references to the specific Contract Document provisions upon which the claim is based.

(ii) List of documents relating to claim: (a) Specifications, (b) Drawings, (c) Clarifications (Requests for Information), (d) Schedules, and (e) Other.

(iii) Chronology of events and correspondence related to the claim.

(iv) Statement of grounds for the claim.

(v) Analysis of the claim's cost, if any.

(vi) Analysis of the claim's time/schedule impact, if any.

(c) City's Response. Upon receipt of a claim pursuant to this section, City shall conduct a reasonable review of the claim and, within a period not to exceed 45 days, shall provide the Contractor a written statement identifying what portion of the claim is disputed and what portion is undisputed. Any payment due on an undisputed portion of the claim will be processed and made within 60 days after the City issues its written statement.

(i) If the City needs approval from the City Council to provide the Contractor a written statement identifying the disputed portion and the undisputed portion of the claim, and the City Council does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the City shall have up to three days following the next duly publicly noticed meeting of the City Council after the 45-day period, or extension, expires to provide the Contractor a written statement identifying the disputed portion and the undisputed portion.

(ii) Within 30 days of receipt of a claim, the City may request in writing additional documentation supporting the claim or relating to defenses or claims the City may have against the Contractor. If additional information is thereafter required, it shall be requested and provided pursuant to this subdivision, upon mutual agreement of City and the Contractor.

(iii) The City's written response to the claim, as further documented, shall be submitted to the Contractor within 30 days (if the claim is less than $50,000, within 15 days) after receipt of the further documentation, or within a period of time no greater than that taken by the Contractor in producing the additional information or requested documentation, whichever is greater.

(d) Meet and Confer. If the Contractor disputes the City's written response, or the City fails to respond within the time prescribed, the Contractor may so notify the City, in writing, either within 15 days of receipt of the City's response or within 15 days of the City's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand, the City shall schedule a meet and confer conference within 30 days for settlement of the dispute.

(e) Mediation. Within 10 business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the City shall provide the Contractor a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the City issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the City and the Contractor sharing the associated costs equally. The City and Contractor shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing, unless the parties agree to select a mediator at a later time.

(i) If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator.

(ii) For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

(iii) Unless otherwise agreed to by the City and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Public Contract Code Section 20104.4 to mediate after litigation has been commenced.

(iv) All unresolved claims shall be considered jointly in a single mediation, unless a new unrelated claim arises after mediation is completed.

(f) City's Responses. The City's failure to respond to a claim from the Contractor within the time periods described in this section or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the City's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility of qualifications of the Contractor. City's failure to respond shall not waive City's rights to any subsequent procedures for the resolution of disputed claims.

(g) Government Code Claims. If following the mediation, the claim or any portion remains in dispute, the Contractor must comply with the claim procedures set forth in Government Code Section 900 *et seq.* prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, construction claims, and/or changed conditions, including any required mediation, have been followed by Contractor. If no such Government Code claim is submitted, or if the prerequisite contractual requirements are not satisfied, no action against the City may be filed. A Government Code claim must be filed no earlier than the date that Contractor completes all contractual prerequisites to filing a Government Code claim, including any required mediation. A Government Code claim shall be inclusive of all unresolved claims unless a new unrelated claim arises after the Government Code claim is submitted. For purposes of Government Code Section 900 *et seq*., the running of the period of time within which a claim must be filed shall be tolled from the time the Contractor submits his or her written claim to the City until the time the claim is denied, including any period of time utilized by the meet and confer conference or mediation that does not result in a complete resolutions of all claims.

(h) Civil Actions for Claims of $375,000 or Less. The following procedures are established for all civil actions filed to resolve claims totaling $375,000 or less:

(i) Within 60 days, but no earlier than 30 days, following the filing or responsive pleadings, the court shall submit the matter to non-binding mediation unless waived by mutual stipulation of both parties or unless mediation was held prior to commencement of the action in accordance with Public Contract Code section 9204 and the procedures in this Section. The mediation process shall provide for the selection within 15 days by both parties of a disinterested third person as mediator, shall be commenced within 30 days of the submittal, and shall be concluded within 15 days from the commencement of the mediation unless a time requirement is extended upon a good cause showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, either party may petition the court to appoint the mediator.

(ii) If the matter remains in dispute, the case shall be submitted to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, notwithstanding Section 1141.11 of that code. The Civil Discovery Act (Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration.

(iii) Upon stipulation of the parties, arbitrators appointed for these purposes shall be experienced in construction law, and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates of pay not to exceed their customary rate, and such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division.

(iv) In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that chapter, pay the attorney's fees of the other party arising out of the trial de novo.

7.5 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Contractor shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.6 Rights and Remedies Are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.7 Unfair Business Practices Claims.

Pursuant to Public Contract Code section 7103.5, in entering into this Agreement, Contractor offers and agrees to assign to the City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2, (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials related to this Agreement. This assignment shall be made and become effective at the time the City tenders final payment to the Contractor without further acknowledgment by the Parties.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of services under this Agreement. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Project Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or regulation. The Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Contractor covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class in the performance of this Agreement. Contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class.

8.4 Unauthorized Aliens.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C. § 1101 *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Provisions Required By Law.

Each and every provision of law and clause required by law to be inserted in this Agreement shall be deemed to be inserted herein, and the Agreement shall be read and enforced as though it were included herein. If through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon application of either party, the contract shall forthwith be physically amended to make such insertion or correction.

9.2 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Project Manager (with her/his name and City title), City of Carson, 701 E Carson Street, Carson, California 90745 and in the case of the Contractor, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.3 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.4 Counterparts.

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Agreement. All signatures on bonds must be originals.

9.5 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.6 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.7 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "noninterests" pursuant to Government Code Sections 1091 or 1091.5. Contractor warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Contractor further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Contractor is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Contractor's Authorized Initials _____

9.8 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

SPECIAL REQUIREMENTS

(Superseding Contract Boilerplate)

If the Parties wish to revise provisions in the Agreement above (from page 1 through the signature page), then the revisions shall be presented in this Exhibit B, with deletions shown in ~~strike through~~ and additions shown in ***bold and italics***.

I. Section 9.9 (Federal Contract Provisions) is hereby added to the Agreement to read in its entirety as follows:

"9.9 Federal Contract Provisions. The contract provisions contained in Exhibit 12-G, Required Federal-Aid Contract Language, attached to "Exhibit B-1," is hereby incorporated into this Agreement and made part hereof. To the extent any conflicts may exist between any provisions in Exhibit B-1 and the remainder of this Agreement, those contained in Exhibit B-1 shall control. Additionally, attached here to as "Exhibit B-2" is Form FHWA 1273 for Required Contract Provisions in Federal-Aid Construction Contracts."

EXHIBIT C

PERFORMANCE BOND

We, R.J. Noble Company, a California corporation, as Principal, and _____, as Surety, jointly and severally, firmly bind ourselves, our heirs, representatives, successors and assigns, as set forth herein, to the City of Carson ("City") for payment of the penal sum of **Four Million Four Hundred Forty Eight Thousand Two Hundred Eighty Seven U.S. Dollars and Eighty Cents ($4,448,287.80)**. City and Principal have entered into an agreement, or are about to enter into the agreement attached hereto and incorporated by reference herein, for completion of public works for the property(ies) referenced in said agreement. Surety herein approves of the terms and conditions of said agreement and binds itself to faithfully perform the obligations of Principal therein if Principal fails to so perform. Surety acknowledges that the agreement herein referenced shall be that document as executed by City and Principal.

THE CONDITION OF THIS OBLIGATION IS SUCH that if the Principal shall in all things stand to and abide by, and well and truly keep and perform all of the covenants, conditions, and provisions in said agreement, and any alteration thereof made as therein provided, on Principal's part to be kept and performed at the time and in the manner therein specified, and shall indemnify and save harmless the City, City's engineer, and their consultants, and each of their officials, directors, officers, employees and agents, as therein stipulated, then this obligation shall become null and void; otherwise, it shall be and remain in full force and effect.

Surety agrees that should it fail to take over and diligently perform the agreement upon Principal's default after notice and within the time specified in the agreement, Surety will promptly on demand deposit with City such amount as City may reasonably estimate as the cost of completing all of Principal's obligations. Surety's obligation for payment herein shall exist, notwithstanding any controversy between Principal and City regarding Principal's failure under the agreement, and payment by Surety should be conclusively presumed between the parties herein to relieve, as demanded, Surety's obligations herein and shall be deemed proper payment as between Principal and Surety.

Surety agrees that no change, extension of time, alteration, or addition to the terms of the agreement, or the work to be performed thereunder or the plans and specifications, or any matters unknown to Surety which may affect Surety's risk shall in any wise affect its obligation on this bond, and it does thereby waive notice thereof.

Principal and Surety agree that if the City is required to engage the services of an attorney in connection with the enforcement of this bond, each shall pay City's reasonable attorneys' fees incurred, with or without suit, in addition to the above sum.

EXHIBIT D

PAYMENT BOND

We, R.J. Noble Company, a California corporation, as Principal, and _____, as Surety, jointly and severally, firmly bind ourselves, our heirs, representatives, successors and assigns, as set forth herein, to the City of Carson ("City") and those for whose benefit this bond insures in the sum of **Four Million Four Hundred Forty Eight Thousand Two Hundred Eighty Seven U.S. Dollars and Eighty Cents ($4,448,287.80)**. City and Principal have entered into an agreement, or are about to enter into the agreement attached hereto and incorporated by reference herein, for completion of public works for the property(ies) referenced in said agreement. Surety herein approves of the terms and conditions of said agreement and binds itself to faithfully perform the obligations of Principal therein if Principal fails to so perform. Surety acknowledges that the agreement herein referenced shall be that document as executed by City and Principal. If Principal or any of Principal's contractors or subcontractors, fails to pay any of the persons named in Section 9000 *et seq*. of the California Civil Code employed in the performance of the agreement for materials furnished or for labor thereon of any kind, or for amounts due under the Unemployment Insurance Code with respect to such work or labor, then Surety shall pay the same in an amount not exceeding the sum specified above, and also shall pay, in case suit is brought upon this bond, such reasonable attorneys' fees as shall be fixed by the court.

Surety agrees that it shall pay the amounts due the persons above named and diligently perform the agreement upon Principal's default after notice and within the time specified in the agreement. If Surety fails to perform within the times specified in the agreement, Surety shall promptly on demand deposit with City such amount as City may reasonably estimate as the cost of completing all of Principal's obligations. Surety's obligation for payment herein shall extend, notwithstanding any controversy between Principal and City regarding Principal's failure under the agreement. Principal and Surety agree that any payment by Surety pursuant to this paragraph should be conclusively presumed between the parties herein to relieve, as demanded, Surety's obligation herein and shall be deemed proper payment as between Principal and Surety.

This bond shall insure to the benefit of any and all of the persons named in Section 9000 *et seq*. of the California Civil Code so as to give a right of action to them or their assigns in any suit brought upon this bond.

Surety agrees that no change, extension of time, alteration, or addition to the terms of the agreement, or the work to be performed thereunder, or the plans and specifications, or any matters unknown to Surety which might affect Surety's risk, shall in any way affect its obligation on this bond, and it does hereby waive notice thereof.

Principal and Surety agree that should City become a party to any action on this bond, that each will also pay City's reasonable attorneys' fees incurred therein in addition to the above sums.

RESOLUTION NO. 26-111

A RESOLUTION OF THE CITY OF CARSON CITY COUNCIL AMENDING THE FISCAL YEAR 2026–27 BUDGET IN THE GENERAL FUND, SPECIAL REVENUE FUNDS, ENTERPRISE FUNDS, AND THE CAPITAL IMPROVEMENT PROGRAM (CIP) FUND

WHEREAS, the City Council adopted the Fiscal Year 2026-27 budget on June 16, 2026, for the General Fund and Special Revenue Funds of the City via Resolution No. 26-063; and

WHEREAS, the City Council desires to amend the Fiscal Year 2026-27 budget; and

WHEREAS, the City Council has determined it necessary to amend the Fiscal Year 2026-27 General Fund budget, Special Revenue Funds, Enterprise Funds, and Capital Improvement Program (CIP) budget.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CARSON DOES HEREBY RESOLVE, FIND, DETERMINE, AND ORDER AS FOLLOWS:

Section 1. The following amendment(s) will be made to the City's Fiscal Year 2026-27 budget.

Account	Description	Increase/(Decrease)
101-80-820-101-6004	Professional Services	($4,287.80)
101-99-999-904-8009-PW1753	Infrastructure Roadways	$4,287.80

Section 2. The City Clerk shall certify the adoption of this resolution and shall keep a copy of this resolution attached to the Fiscal Year 2026-27 budget on file, and effective as of October 20, 2026, the same shall be in force and effect.

PASSED, APPROVED, AND ADOPTED this 20th day of October, 2026.

PW1748	Buildings	Corporate Yard Energy Efficient & Other Improvements - Evaluate and construct, if viable	• Commercial Vehicle Protection: Installation of prefabricated covered parking structures with integrated lighting to protect multi-million-dollar fleet and equipment from environmental exposure, directly reducing maintenance costs Estimated at $2,600,000 • Perimeter Security & Aesthetics: Replacement of the deteriorated northern chain-link fence with a durable cinder block wall to enhance site security and improve the facility's visual profile. Estimated at $1,058,400 • Operational Efficiency: A full parking lot redesign and restriping to optimize space utilization for a growing fleet and staff. Estimated at $150,000 • Maintenance Infrastructure: Construction of a new industrial wash rack station to facilitate routine maintenance and ensure the longevity and cleanliness of the city's vehicle and equipment inventory. Estimated at $1,850,000 • Soft Costs & Owner Contingency Engineering & Local Permitting: Civil engineering, prefab structural calculations review, Geo-technical soil samples and possible soil remediation. Construction Contingency: Expanded approximately 10% project-wide safety buffer safeguarding against material price volatility or unforeseen field conditions. Estimated at $1,341,600.	$ 7,000,000.00	$ -	$ -	$ 7,000,000.00	$ -	$ -	$ -	General Fund

CITY OF CARSON

701 East Carson Street

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

DISCUSSION 27.

To: Honorable Mayor and City Council

From: William Jefferson, Director of Finance FIN Purchasing

Subject: CONSIDER INTRODUCTION AND FIRST READING OF ORDINANCE 26-2617 AMENDING THE CARSON MUNICIPAL CODE RELATING TO CITY PURCHASING AND PROCUREMENT PROCEDURES (CITY COUNCIL)

I. SUMMARY

The City of Carson (“City”) retained Esparza Consultants, LLC, through Request for Proposals (RFP) No. 25-017 to provide on-call consulting services to the Finance Department. Pursuant to the expanded scope of services authorized under Amendment No. 2, approved by the City Council at its April 7, 2026, regular City Council meeting as Consent Item No. 21, Esparza Consultants assisted the City in reviewing its existing purchasing policies, procedures, Administrative Rules, and related provisions.

Based on the results of this review, staff is proposing amendments to various sections of Chapter 6, Purchasing System, of Article II, Administration, of the Carson Municipal Code. The proposed amendments are intended to clarify, update, and strengthen the City's purchasing and procurement regulations; promote consistency in the application of purchasing procedures; and enhance administrative efficiency. The revisions further seek to align the City's purchasing requirements with current operational needs and provide clear and consistent guidance to City departments regarding the procurement of goods and services.

II. RECOMMENDATION

TAKE the following actions:

1. INTRODUCE and CONDUCT a first reading, by title only and with full reading waived, Ordinance No. 26-2617, "AN AMENDED AND RESTATED ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, ADOPTING CHAPTER 6 (PURCHASING SYSTEM) OF ARTICLE II (ADMINISTRATION) OF THE CARSON MUNICIPAL CODE AS A COMPREHENSIVE UPDATE"; and,
2. DESIGNATE the City Attorney as the City official who prepares a summary of Ordinance No. 26-2617 thereby allowing summary publication of the ordinance under Government Code Section 36933.

III. ALTERNATIVES

TAKE another action as deemed appropriate by the City Council, consistent with applicable law.

IV. BACKGROUND

The City of Carson's (“City”) Purchasing Ordinance, codified in Chapter 6, Purchasing System, of Article II, Administration, of the Carson Municipal Code, establishes the regulatory framework governing the City's procurement of goods and services and the administration of purchasing activities and public works contracting. The ordinance sets forth purchasing procedures, approval authorities, and applicable procurement thresholds to promote accountability, transparency, and the responsible expenditure of public funds.

The City retained Esparza Consultants, LLC, through Request for Proposals (RFP) No. 25-017 to provide on-call consulting services to the Finance Department. Under Amendment No. 2, approved by the City Council on April 7, 2026, as Consent Item No. 21, the scope of services was expanded to include a review of the City's purchasing operations, policies, procedures, Administrative Rules, and related provisions of the Carson Municipal Code. The review was intended to identify opportunities to improve procurement processes, clarify existing requirements, and recommend revisions to better support the City's operational needs.

The proposed amendments to Chapter 6, Purchasing System, of Article II, Administration, of the Carson Municipal Code address various provisions governing the City's purchasing and procurement activities. The revisions are based on a review conducted by Esparza Consultants, LLC, and are intended to update existing requirements, clarify procurement procedures, improve administrative efficiency, and better align the City's purchasing framework with its operational needs.

Although the proposed amendments address multiple sections of the ordinance, two of the major areas of revision involve adjustments to purchasing thresholds and changes to the City's approach to administering public works contracting. Additional amendments address other purchasing and procurement requirements and are intended to provide greater clarity and consistency in the application of the ordinance.

A. Revisions to Purchasing Thresholds

As part of its review of the City's Purchasing Ordinance, Esparza Consultants, LLC, conducted research and comparative analysis of purchasing thresholds and procurement practices adopted by neighboring agencies. The review was intended to assess the City's existing purchasing requirements in relation to those of comparable public agencies and identify opportunities to improve the efficiency and administration of the City's procurement processes.

The consultant's research informed the development of proposed revisions to the City's purchasing thresholds. These revisions are intended to establish purchasing limits that better reflect the City's current operational needs, reduce unnecessary administrative burdens associated with routine purchases, and provide clearer direction to City departments regarding applicable procurement methods and approval requirements.

The proposed amendments also seek to establish a more practical and consistent framework for purchasing activities while preserving appropriate fiscal oversight, transparency, and accountability in the expenditure of public funds. By updating the applicable thresholds and clarifying related purchasing requirements, the City intends to facilitate the timely acquisition of goods and services while ensuring that procurement activities remain subject to established controls and applicable legal requirements.

The consultant's specific proposed threshold changes are summarized below, including the existing requirements and the corresponding revisions proposed under the amended ordinance.

Esparza Consultants - Purchasing Thresholds Research

City	Budget	Population	Formal Bidding Threshold (Non-Public Projects)
Torrance	$592M Budget $239M Revenues $299M General	140,000	Over $250,000

Santa Monica	$796M Budget $859M Revenue $484M General	91,000	Over $250,000
Inglewood	$430M Budget $224M Revenue $224M General	106,000	Over $125,000
Carson (Proposed)	$296M Budget $155M Revenue $155M General	90,000	Over $125,000
Burbank	$1B Budget $265M Revenue $275K Revenue	105,000	Over $100,000
Carson (Current)	$296M Budget $155M Revenue $155M General	90,000	Over $75,000
Manhattan Beach	$196M Budget $260M Revenue $151M General	34,000	Over $75,000

Source: Esparza Consultants, LLC, purchasing threshold research.

The research provides a comparative basis for evaluating the City's current purchasing thresholds and considering adjustments that reflect prevailing practices among comparable agencies. Based on this review, staff is proposing revisions to specified purchasing thresholds to better align the City's procurement procedures with current operational needs, improve administrative efficiency, and establish clear requirements for the procurement of goods and services. Using the consultant's research as a springboard, City staff proposes an increased bidding threshold for non-public projects of $250,000 along with an increased City Manager expenditure authority for all purchases including public projects of $125,000.

B. UPCCAA and Public Works Procedures

Another major component of the proposed ordinance amendments concerns the City's administration of public works procurement. Staff is proposing that the City withdraw from participation in the Uniform Public Construction Cost Accounting Act (UPCCAA) which would be effectuated by Council adoption of an ordinance to be filed with the State Controller.

The proposed revisions are intended to clarify the requirements governing the solicitation, bidding, award, and administration of public works contracts and to establish procedures that better support the City's operational and administrative needs. The amendments will address the applicable procurement thresholds, bidding requirements, and contract award processes as provided in the proposed ordinance and governing law.

The current solicitation thresholds under UPCCAA are as follows:

- No bidding required at all for projects $75,000 or less;
- Informal bidding required for projects $220,000 or less; and
- Formal bidding required for projects exceeding $220,000.

The updated ordinance would increase the no bidding threshold to $125,000, and the informal and formal bidding threshold to $250,000.

The proposed changes are also intended to provide clearer direction to City departments responsible for administering public works projects and to promote consistency in procurement practices. Any City-administered procedures will remain subject to applicable California laws governing public works contracting, competitive bidding, and contract awards.

The proposed changes relating to UPCCAA and public works contracting constitute a significant component of the ordinance rewrite. The revised framework, together with the proposed purchasing threshold adjustments and other procurement-related amendments, is intended to improve the administration of the City's purchasing and contracting activities. In order for the City to withdraw from UPCCAA, the City Council will need to adopt a resolution for withdrawal to be filed with the State Controller's Office; staff plans to present that resolution to Council at a later date.

C. Other Proposed Revisions

In addition to the proposed revisions to purchasing thresholds and public works contracting procedures, staff is proposing amendments to other provisions of Chapter 6 to improve the overall organization, clarity, and consistency of the City's Purchasing Ordinance. These revisions include clarifying terminology, defining formal procurement methods, refining the language and structure of existing provisions, and updating purchasing procedures to provide clearer direction regarding the City's procurement requirements.

The proposed amendments also establish a more clearly defined administrative structure for the City's purchasing functions by providing for the City Manager to designate the Finance Director as the Purchasing Manager. The Finance Director then possesses to option to designate another City employee as the Purchasing Manager. This structure is intended to clarify the delegation of purchasing responsibilities, establish a defined line of administrative oversight, and promote consistency and accountability in the administration of procurement activities.

Additional revisions address other purchasing and procurement requirements to clarify applicable procedures, responsibilities, and administrative practices. Collectively, these changes are intended to improve the readability and interpretation of the ordinance, provide consistent guidance to City departments, and establish a more organized and comprehensive framework for the procurement of goods and services and the administration of public works contracts.

The proposed amendments are intended to ensure that the City's Purchasing Ordinance reflects current operational needs, supports efficient procurement practices, and maintains appropriate fiscal oversight, transparency, accountability, and compliance with applicable laws and regulations.

Additionally, under Government Code Section 36933, the City has the option of publishing summaries rather than the full text of ordinances, which if consistently adhered to will result in significant cost savings to the City. These regulations require the following:

Pre-Adoption of Ordinance:

- Designation of City official to prepare ordinance summary;

- Publish the summary in the City's chosen newspaper of general circulation;
- Post certified copy of the full text of the proposed ordinance in the City Clerk's office; and
- Both publication and posting must occur at least 5 days before the Council meeting where adoption is scheduled.

Post-Adoption of Ordinance:

- Publish summary of adopted ordinance including the names of all council members voting for and against the ordinance;
- City Clerk posts in the City Clerk's Office:
  - A certified copy of the full text of the adopted ordinance; and
  - The names of the council members voting for and against the ordinance.
- Both publication and posting must occur within the 15-day window after adoption of ordinance.

Accordingly, staff is requesting that the City Council designate the City Attorney to prepare a summary of the ordinance.

V. FISCAL IMPACT

None.

VI. EXHIBITS

1. Ordinance 26-2617

ORDINANCE NO. 26-2617

AN AMENDED AND RESTATED ORDINANCE OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, ADOPTING CHAPTER 6 (PURCHASING SYSTEM) OF ARTICLE II (ADMINISTRATION) OF THE CARSON MUNICIPAL CODE AS A COMPREHENSIVE UPDATE

WHEREAS, the City of Carson ("City") is a charter city as of November 6, 2018, and adopted regulations set forth in Chapter 6 of Article II of the City's Municipal Code for the procurement of specific materials, supplies, equipment, services, professional services, maintenance and public projects; and

WHEREAS, all charter cities have the right to adopt and enforce ordinances, regulations and laws regarding municipal affairs, subject only to conflicting provisions in the federal and state Constitutions and to preemptive state law (California Constitution, Article XI, Section 5; Domar Elec. Inc. v. City of Los Angeles, 9 Cal.4th 161 (1994)); and

WHEREAS, the City Council now sees fit to adopt an amended and restated ordinance to adopt Chapter 6 of Article II of the City's Municipal Code to update various provisions, including increasing the City Manager's purchasing authority to $125,000, increasing the formal bidding threshold to $125,000, opting out of the Uniform Public Construction Cost Accounting Act (UPCCAA) under Public Contract Code Section 22000 *et seq*., increasing City's flexibility and ability to procure design-build public projects, and generally providing more detailed guidance.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA DOES ORDAIN AS FOLLOWS:

SECTION 1. RECITALS. The foregoing recitals are true and correct, and are incorporated herein as findings of fact.

SECTION 2. CEQA. This Ordinance has been reviewed by the City Council with respect to applicability of the California Environmental Quality Act ("CEQA"), the State CEQA Guidelines (California Code of Regulations, Title 14, §§ 15000 *et seq*., hereafter the "CEQA Guidelines"), and any applicable local CEQA policies and procedures and City has determined that this Ordinance is not a "project" for purposes of CEQA, as that term is defined by CEQA Guidelines Section 15378, because City has determined, in its discretion and based on substantial evidence, that this Ordinance concerns organizational or administrative activities and presents no potential for resulting in either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment.

SECTION 3. AMENDMENT. Chapter 6 (Purchasing System) of Article II (Administration) of the Carson Municipal Code is hereby amended and restated to read in its entirety as follows:

"CHAPTER 6
PURCHASING SYSTEM

Sections:

§ 2600 Purpose and Applicability.
§ 2601 Definitions.
§ 2602 Centralized Purchasing.
§ 2603 City Manager Purchasing and Contract Officer Authority
§ 2604 Purchasing Manager.
§ 2605 Encumbrance of Funds
§ 2606 Requisitions
§ 2607 Evasion of Provisions of This Chapter Prohibited.
§ 2608 Purchase Orders and Contracts.
§ 2609 Inspections.
§ 2610 General Award Standard.
§ 2611 Determination of Lowest, Responsive Bid, and Responsible Bidder
§ 2612 Equal Bids.
§ 2613 Rejection or Waiver of Bid Requirements.
§ 2614 Interpretation of Bid Specifications.
§ 2615 Informal Bidding Procedures.
§ 2616 Formal Bidding Procedures.
§ 2617 Protest Procedures.
§ 2618 Emergency Purchasing.
§ 2619 Exceptions to Formal Bidding Requirements.
§ 2620 Public Projects and Maintenance.
§ 2621 Local Preference.
§ 2622 Disposition of Surplus Property.
§ 2623 Employee Conflict of Interest Prohibited.
§ 2624 Services Performed by City Employees.

§ 2600 Purpose and Applicability.

(a) The purpose of this Chapter is to establish efficient policies and procedures to secure for the City materials, supplies, equipment, services, professional services, maintenance and public projects at the lowest possible cost commensurate with quality needed, to exercise positive financial control over purchases, to clearly define authority of the purchasing function and to assure the quality of purchases.

(b) This Chapter shall apply to all purchase orders and contracts solicited or entered into after the effective date of the ordinance codified in this Chapter.

§ 2601 Definitions.

As used in this Chapter, the following words shall have the following definitions:

(a) "Affiliated agencies"
shall mean the City of Carson Housing Authority and Carson successor agency to the former Carson Redevelopment Agency.

(b) "Awarding authority" shall mean the City Council, City Manager or his or her designee.

(c) "Capitalized equipment" shall mean equipment that is reported as an asset on the City's audited financial statements in accordance with generally accepted accounting principles.

(d) "Change order" shall mean a change to the scope of work, price, schedule, or some other term of an existing contract that arises out of reasonably unforeseeable circumstances borne out of the original scope of the contract. Changes to the scope of work unrelated to the original contract scope will not be considered change orders and therefore, are subject to any applicable bidding provisions under this Chapter.

(e) "City" shall mean the City of Carson and all affiliated agencies.

(f) "City Attorney" shall mean the City Attorney and General Counsel of the affiliated agencies.

(g) "City Clerk" shall mean the City Clerk and Board Secretary of the affiliated agencies.

(h) "City Council" shall mean the City Council and the Board of Directors of all affiliated agencies.

(i) "City Manager" shall mean the City Manager and Executive Director of the affiliated agencies.

(j) "Contract Officer" shall mean the person responsible for administration of any City contract as identified in each contract.

(k) "Finance Director" shall mean head of the Finance Department and have direct charge of all purchasing responsibilities.

(l) "Goods" shall mean physical items, including, but not limited to, materials, supplies, and equipment, exclusive of real property.

(m) "Inventory" shall mean supplies that may be consumed such as light bulbs, printing paper, writing instruments, and other similar items.

(n) "Local business" shall mean a business that can certify that the business:

(1) Has a headquarters, primary or branch office within the City, which was established prior to the City inviting bids for the respective procurement; and

(2) Possesses a current business license and certificate of occupancy.

(o) "Maintenance" shall have the meaning ascribed to it in Title 8, California Code of Regulations, Section 16000, including, but not limited to, the routine, recurring and usual work for the preservation, protection and keeping of any publicly owned or publicly operated facility (plant, building, structure, ground facility, utility system or any real property) for its intended purposes in a safe and continually usable condition for which it has been designed, improved, constructed, altered or repaired.

(p) "Professional services" shall mean services that require specialized expertise, training in a professional field, or other high degree of technical or individual developed skills or training.

Professional services include, but are not limited to, services performed by vendors with a State license or certification, including, but not limited to, any architect, landscape architect, engineer, artist, environmental consultant, land surveyor, construction project manager, accountant, appraiser, financial advisor, attorney, physician or other provider of professional services involving a high degree of technical or individual skill.
(q) "Public project" shall have the same meaning as that term is defined under California Public Contract Code § 22002.
(r) "Purchase order" shall mean a written or electronic authorization for a particular vendor to provide particular materials, supplies, equipment, maintenance, services and professional services to the City for a particular price and which shall contain terms and conditions of such purchase and shall be in a form approved by the City Attorney.
(s) "Purchase" shall mean the initial procurement or lease (not through amendments) of specific materials, supplies, equipment, maintenance, services, professional services or public projects sought by City from a consultant, service provider, vendor or contractor.
(t) "Purchasing system" shall mean the purchasing system established by the ordinance codified in this Chapter.
(u) "Services" shall mean services for non-professional functions that are predominantly physical, manual or routine services including, but not limited to, custodial/janitorial services and protective services provided by guards. Services do not include maintenance or public projects as defined herein.
(v) "Surplus property" shall mean personal property belonging to the City that is no longer needed or which has become obsolete or worn out as determined by the relevant City department. "Surplus property" includes capitalized equipment, but does not include inventory.

§ 2602 Centralized Purchasing.

The purchasing system is intended to be centralized within the Finance Department of the City. The City Manager may authorize, in writing, any department to purchase specified goods, services, professional services, maintenance and public projects independent of the Purchasing Manager; however, such purchases shall be made in conformity with established procedures and regulations.

§ 2603 City Manager Purchasing and Contract Officer Authority.

The City Manager or designee may approve purchases with an estimated amount per purchase and contractor/vendor of $125,000 or less, and may approve amendments to contracts~~,~~ in accordance with CMC § 2619(f). The City Manager shall document the approval thresholds for any designees.

The Contract Officer may approve amendments to contracts, including those for procurement of goods, services, professional services, maintenance or public projects, in accordance with CMC § 2619(f).

The City Council shall approve all purchases with an estimated amount per purchase and contractor/vendor greater than $125,000.

§ 2604 Purchasing Manager.

The Finance Director shall serve as the Purchasing Manager or appoint a designee to serve as the Purchasing Manager and to administer the purchasing system. The City Manager shall document the appointment of a designee. The Purchasing Manager's authority and responsibilities shall be in accordance with the purchasing system, any established administrative rules and procedures, and as established by the City Council and/or the City Manager.

§ 2605 Encumbrance of Funds.

Except in cases of emergency as defined in CMC § 2618, the Purchasing Manager shall confirm the requested purchase is funded in the City department's current fiscal year unencumbered appropriation in the adopted budget prior to engaging in the procurement process.
For items not identified in the current fiscal year adopted budget, the requesting City department shall be required to request a budget transfer or receive City Council approval prior to engaging in the procurement process.

§ 2606 Requisitions.

Administrative rules and procedures governing the purchasing system, shall provide procedures that require every department to submit requests and estimates for all purchases and amendments to purchases and contracts to the designated Purchasing Manager in a prescribed requisition process.

§ 2607 Evasion of Provisions of this Chapter Prohibited.

(a) Purchases under this Chapter shall not be split into smaller orders or projects, artificially aggregated into larger orders or projects, or willfully mischaracterized or misclassified for purposes of evading the provisions of this Chapter including the bidding requirements hereunder.

(b) Before submitting a request for a purchase, the requester shall conduct reasonable due diligence and plan in advance including to estimate the total dollar amount of the proposed purchase, in order to minimize the likelihood that amendments will later be needed to expand the scope, to ensure that multiple contracts are not entered into for the same or similar purchase which shall be prohibited without approval of the Purchasing Manager, and to ensure there will be no splitting of projects resulting in evasion of bidding requirements. The estimate shall include all known and reasonably anticipated costs associated with the purchase and shall be based on the City's anticipated needs for the same or similar purchase.

Reasonable due diligence shall include, but not limited to, reviewing Citywide purchasing history and considering purchases for the same or similar purchases from the same or similar vendors or contractors and vetting City's current contracts to ensure separate contracts are not entered into with the same vendor for the same or similar purchases. The requestor shall plan the purchase to minimize the need for subsequent amendments to expand its scope and to avoid entering into multiple contracts or purchase orders for the same or similar purchases when doing so would circumvent the requirements of this Chapter.

(c) The Purchasing Manager shall have the authority to enforce and make determinations under this Section based on Citywide purchasing history.

§ 2608 Purchase Orders and Contracts.

(a) Purchase Orders.

Except as otherwise required herein, every expenditure of public funds from one vendor greater than $25,000 made pursuant to this Chapter, irrespective of the source, shall require a purchase order, where the original template form of the purchase order shall be approved by the City Attorney.

Notwithstanding the foregoing, the Purchasing Manager, in his or her sole discretion, may require the use of a purchase order, regardless of amount.

(b) Written Contracts. The following shall govern the use of written contracts:

(1) Goods

(i) A separate written contract shall be required for purchases of goods with an estimated amount greater than $125,000 per purchase and contractor/vendor, in addition to any purchase order required under subsection (a).

(2) Services and Professional Services

(i) A separate written contract shall be required for purchases of services and professional services with an estimated amount greater than $25,000 per purchase and contractor/vendor, in addition to any purchase order required under subsection (a).

(3) Public Projects

(i) A separate written contract shall be required for purchases of public projects, as defined in CMC § 2601, with an estimated amount greater than $25,000 per purchase and contractor/vendor, in addition to any purchase order required under subsection (a).

(4) Maintenance

(i) A separate written contract shall be required for purchases of maintenance, as defined in CMC § 2601, with an estimated amount greater than $25,000 per purchase and contractor/vendor; provided, however, that all purchases of maintenance over $1,000 require a purchase order which will include all the legally required provisions triggered under state prevailing wage laws, and, to the extent the purchase order does not contain the legally required prevailing wage provisions, a written contract shall be required for purchases of maintenance exceeding $1,000.

All contracts subject to this Chapter shall be in a form approved as to form by the City Attorney. The Purchasing Manager may waive or require a separate written contract for any purchase subject to this subsection.

§ 2609 Inspections.

The Purchasing Manager, or designee, shall have the authority to inspect goods delivered, or services or professional services rendered, to determine their conformance with the specifications set forth in the original solicitation, written contract or purchase order.

§ 2610 General Award Standard.

The awarding authority shall award contracts required to be competitively bid to the responsible bidder submitting the lowest responsive bid unless otherwise authorized by the applicable solicitation documents, or applicable law.

The definitions and standards established shall not apply, where applicable, to other competitive procurement methods authorized including requests for proposals, requests for qualifications, and other negotiated procurement methods.

§ 2611 Determination of Lowest, Responsive Bid, and Responsible Bidder.

The awarding authority shall award contracts required to be formally bid (pursuant to CMC § 2616(a) and (b)) to the responsible bidder submitting the lowest responsive bid unless otherwise authorized by this code or applicable law.

(a) “Lowest” bid shall mean the bid offering the lowest total cost to the City. The determination of lowest total cost may include the effect of factors such as trade discounts, delivery costs, and life cycle costs, when they are included in the specifications.

(b) “Responsive” means a bid that is complete and conforms in all material respects to the requirements of the bid documents, including specifications, terms, and conditions. A responsive bid may include, without limitation, compliance with all of the following:

(1) Timely submission in the manner prescribed by the solicitation;

(2) Timely submission of all required forms and information included in the solicitation;

(3) Timely acknowledgment of required addenda;

(c) "Responsible" bidder means bidder who has demonstrated the attribute of trustworthiness, as well as quality, fitness, capacity, and experience to satisfactorily perform the contract. To the extent permitted by law, criteria for determining whether a bidder is responsible include, without limitation, all of the following:

(1) The conformity of the goods, services, maintenance or public project to the required specifications;

(2) The ability, capacity, and skill of the bidder to provide the goods, services, maintenance or public project as required;

(3) The ability of the bidder to provide the required goods, services, maintenance or public project within the time specified;

(4) The character, integrity, reputation, judgment, experience, efficiency, financial resources, and financial responsibility of the bidder;

(5) The ability of the bidder to promptly provide future maintenance, repair, parts, and service after purchase;

(6) The bidder's prior record of performance on other procurements or projects, including timely completion of performance, quality of products and work provided, and completion of projects within the bid amount submitted and project budget;

(7) The bidder's involvement in prior or current litigation or contract disputes that could impair satisfactory performance of the contract to be awarded; and

(8) The bidder's history of noncompliance with occupational safety and health requirements, labor statutes and regulations, and other local, State, and Federal laws.

The awarding authority shall have the authority to determine whether a bidder is responsible or irresponsible based on the criteria established in this Section and any additional criteria identified in the applicable solicitation documents.

"Determination of Irresponsibility" means if a bidder is rejected because of an adverse determination of that bidder's capability of performing the contract, a written determination of irresponsibility, setting forth the basis of the finding, shall be prepared by the Contract Officer or designee. The unreasonable failure of a bidder promptly to supply information in connection with an inquiry regarding responsibility may be grounds for a determination of irresponsibility. Prompt written notice shall be sent to the bidder of the evidence reflecting upon the bidder's responsibility that has been either received from others or adduced from independent investigation.

The bidder shall be afforded an opportunity to rebut such adverse evidence and to present evidence of qualification. After consideration of the evidence and the rebuttal evidence, the Contract Officer shall make a final determination of the lowest bidder's responsibility and

promptly so notify the bidder in writing. A bidder aggrieved by any such determination may protest as provided in CMC § 2617.The final determination shall be maintained in the procurement file.

§ 2612 Equal Bids.

If prices quoted or received in two (2) or more sealed bids are equally the lowest bid, including application of the local preference pursuant to CMC § 2621, then a bid may be chosen pursuant to any of the following options that is deemed to serve the best interest of the City: select one bid, giving preference to a business located within the City of Carson; or reject all bids and resolicit for bids; or reject all bids and authorize negotiation of an agreement between the City and one of the equivalent bidders; or select one bid, giving preference to the business which is the most experienced; or take any other action that the City Council deems to serve the best interest of the City.

§ 2613 Rejection or Waiver of Bid Requirements.

(a) Rejection or Cancellation of Formal Bids. At any time, the awarding authority may reject any and all bids, cancel any formal solicitation, and resolicit bids when it determines that doing so is in the best interests of the City, subject to applicable law.

(b) Waiver of Formal Bid Requirements. The awarding authority may waive or modify requirements of a formal solicitation, including requirements of a request for proposals or request for qualifications and any evaluation criterion, to the extent permitted by applicable law, provided that the waiver or modification does not prejudice other bidders or proposers, materially alter the basis of competition, or compromise fair and open competition. The awarding authority may also waive nonmaterial irregularities or informalities in any bid, proposal, qualification, or formal solicitation procedure, to the extent permitted by applicable law.

(c) Limitations. Nothing in this Section shall authorize the waiver of a material bid requirement or any mandatory requirement of this Chapter or applicable law.

§ 2614 Interpretation of Bid Specifications.

Oral interpretation of written bid specifications shall not be made to prospective bidders. If the prospective bidder discovers discrepancies or omissions in any specification, or if the bidder is in doubt as to the meaning of any specification, the bidder shall request a written interpretation or modification from the City. If interpretations or modifications are deemed necessary, the City will then issue a written addendum to all parties known to have received copies of the specifications.

§ 2615 Informal Bidding Procedures.

(a) Goods and Services:

(1) Purchases of $25,000 or less: For purchases with an estimated amount of $25,000 or less, one (1) or more written price quotations shall be obtained to ensure that price is reasonable and in the best interest of the City. Such purchases shall be documented in accordance with administrative procedures established by the Purchasing Manager.

(2) Purchases Greater Than $25,000 up to $125,000: For purchases with an estimated amount greater than $25,000 up to $125,000, at least three (3) written price quotations shall be obtained to ensure that award is made to the lowest responsive and responsible vendors.

(b) Public Projects and Maintenance:

(1) Purchases of $125,000 or less: For purchases with an estimated amount of $125,000 or less, one (1) or more written price quotations shall be obtained to ensure that price is reasonable and in the best interest of the City.

(2) Purchases Greater than $125,000 up to $250,000: For purchases with an estimated amount greater than $125,000 up to $250,000, at least three (3) written price quotations shall be obtained to ensure that award is made to the lowest responsive and responsible vendors.

Awards made pursuant to subsections (a) and (b) of this section shall be made to the lowest responsive and responsible vendors, unless the Purchasing Manager determines that another quotation provides the best value or otherwise meets the needs of the City.

(c) Professional Services:

(1) Purchases of $25,000 or less: For purchases with an estimated amount of $25,000 or less, one (1) or more written price quotations shall be obtained to ensure that price is reasonable and in the best interest of the City. Such purchases shall be documented in accordance with administrative procedures established by the Purchasing Manager.

(2) Purchases Greater than $25,000 up to $125,000: For purchases with an estimated amount greater than $25,000 up to $125,000, at least three (3) written price quotations shall be solicited to ensure that price is reasonable and in the best interest of the City.

Awards made pursuant to subsection (c) of this section shall consider demonstrated competence, professional qualifications, relevant experience, and the ability to satisfactorily perform the required services, together with a fair and reasonable price.

All purchases made pursuant to this section shall be documented in accordance with administrative procedures established by the Purchasing Manager. The documentation shall include the names of vendors submitting quotations, their respective local addresses and principal places of business, and the date and amount of each quotation, which shall be maintained as a public record.

§ 2616 Formal Bidding Procedures.

(a) Formal Sealed Bidding

(1) Applicability: Formal sealed bidding shall be used for purchases of goods and services with an estimated amount greater than $125,000 per purchase, and purchases of public projects and maintenance with an estimated amount greater than $250,000, unless the Purchasing Manager determines that sealed bidding is inappropriate, infeasible, or contrary to the best interests of the City, or the procurement is for professional services subject to subsection (b).

(2) Notice Inviting Bids: Notices inviting sealed bids shall include, at a minimum: (1) a general description of the goods, services, public projects or maintenance to be purchased; (2) the location or electronic platform where bid packets and specifications may be obtained; (3) the time, location, and manner in which bids shall be submitted; and (4) the date and time by which bids must be received by the City and will be recorded.

(3) Published Notice: Notices inviting sealed Bids and Requests for Proposals shall be published at least ten (10) days before the bid deadline. Notice shall be published at least once in a newspaper of general circulation, printed and published in the City, and on the City's official website.

(4) Bidders' List: If a bidders' list has been established, the Purchasing Manager shall also solicit sealed bids from prospective vendors or contractors whose names are on the bidders' list.

(5) Bidder's Security: When deemed necessary by the Purchasing Manager, bidder's security may be prescribed in the public notices inviting bids. Bidders shall be entitled to return of bid security; provided that a successful bidder shall forfeit its bid security upon refusal or failure to execute the contract within ten (10) days after the notice of award of contract has been issued, unless the City is responsible for the delay. The City Council may, on refusal or failure of the successful bidder to execute the contract, award it to the next lowest, responsive and responsible bidder. If the City Council awards the contract to the next lowest responsible bidder, the amount of the bidder's security shall be applied by the City to the difference between the successful bid and the next lowest responsive bid, and the surplus, if any, shall be returned to the successful bidder.

(6) Bid Submission and Opening: Sealed bids shall be submitted to the City through the designated procurement platform or in such other manner specified in the invitation to bid. No bid shall be considered if it is not received by the City at or before the time specified in the invitation to bid. Bid's received through the City's designated procurement platform shall be electronically recorded by the platform. The amount of each bid, the name of each bidder, and other relevant information shall be maintained as part of the procurement record.

(7) No Bids Received: If no bids are received, procurement may proceed without further compliance with competitive bidding requirements.

(8) Bid Acceptance and Evaluation: Bids shall be evaluated on the requirements set forth in the invitation to bid and in this Chapter. Evaluation criteria may include, but not limited to, price, inspection and testing results, quality and workmanship, delivery, terms and schedule, or suitability for a particular purpose. Criteria that will affect the bid price and be considered in evaluation of a bid shall be objectively measurable, if possible, such as discounts, transportation costs, and total or life cycle costs.

(9) Award: Unless the bids are rejected in accordance with CMC § 2613, contracts subject to formal sealed bidding shall be awarded in accordance with CMC §§ 2610 and 2611 and other applicable provisions of this Chapter. Public project awards shall also comply with CMC § 2620. The purchasing file shall contain a written summary of the basis for the award.

(10) Notice of Intent to Award: After the opening of a formal bid, and after the City has identified the awardee(s), a "notice of intent to award" shall be posted on the City's designated procurement platform. The notice shall identify the intended awardee(s) and the contract to be awarded. All applicable periods for filing a bid protest will begin on the date of the notice. The applicable period for filing a protest under CMC § 2617 shall commence on the date the notice is posted.

(11) Protests: The protest procedures under CMC § 2617 shall apply to procurement conducted pursuant to this subsection.

(b) Formal Competitive Proposals

(1) Applicability: The competitive proposal method may be used when the Purchasing Manager determines that sealed bidding is inappropriate, infeasible or contrary to the best interests of the City, or when procuring professional services. The facts supporting such determination shall be recorded and maintained as a public record.

(2) Request for Proposals and Request for Qualifications: The Purchasing Manager shall issue or approve a request for proposals or request for qualifications describing the qualifications, services, professional services, or products to be procured; the format in which proposals or qualifications shall be submitted; the elements proposals or qualifications shall contain; all significant evaluation criteria; the procedures to be used for evaluation, selection, negotiation, and contract award; and other appropriate requirements.

(3) Notice Inviting Proposals: Notices inviting proposals or qualifications shall include, at a minimum: (1) a general description of the goods, services, public project, or maintenance to be purchased; (2) the location or electronic platform where bid packets and specifications may be

obtained; (3) the time, location, and manner in which bids shall be submitted; and (4) the date and time by which bids must be received by the City.

(4) Published Notice: Notices inviting sealed Bids shall be published at least ten (10) calendar days before the bid deadline. Notice shall be published at least once in a newspaper of general circulation, printed and published in the City, and on the City's official website.

(5) Proposal Submission and Recording: Proposals or qualifications shall be submitted to the City through the designated procurement platform or in such other manner specified in the request for proposals or request for qualifications. No proposal or qualification shall be considered if it is not received by the City at or before the time specified in the solicitation. Proposals or qualifications received through the City's designated procurement platform shall be electronically recorded by the platform. The name of each proposer or offeror and such other information as the Purchasing Manager deems appropriate shall be maintained as part of the procurement record.

(6) No Proposals or Qualifications Received. If no proposals are received, procurement may proceed without further compliance with competitive bidding requirements.

(7) Evaluation Criteria: Proposals and qualifications shall be evaluated in accordance with the criteria stated in the solicitation. Evaluation criteria may include, but are not limited to:

(1) Professional qualification and competence;

(2) Relevant experience and past performance;

(3) Technical approach and understanding of the project;

(4) Ability and capacity to perform the services;

(5) Staffing and project team qualifications;

(6) Schedule and project delivery capability; and

(7) Fair and reasonable cost

(8) Proposal Evaluation and Selection Process. The City may conduct interviews, discussions, or negotiations with one (1) or more proposers as part of the selection process. Selection may be made, without negotiation, solely on the written submittals. If negotiation is elected, the City may negotiate with one (1) or more offerors that the Purchasing Manager determines have a reasonable chance of selection, based on price and other factors stated in the solicitation.

The procurement file shall contain a written summary of the basis on which notice was provided to potential offerors and on which the selection is made.

(9) Protests. The protest procedures under CMC § 2617 shall not apply to procurement conducted pursuant to this subsection.

§ 2617 Protest Procedures.

Purchases made pursuant to §2616(a) shall be protested in accordance with this Section. Protests not complying with the provisions of this Section shall not be reviewed.

(a) Definitions. For the purposes of this Section:

(1) "Bid" includes "offer" and "proposal" in the context of formal, informal, or negotiated procurements.

(2) "Days" mean business days unless otherwise indicated.

(3) "Filing date" or "submission date" means the final date for receipt by the City Clerk or the Purchasing Manager of the City of Carson.

(4) "Interested party"
means an actual bidder or offeror.

(5) "Procurement staff"
means the Finance Director, designated Purchasing Manager, City Engineer, Community Development Director or other department director initiating the procurement being requested, or the designees of any of these persons.

(6) "Reviewing officer" means the City Manager or designee.

(7) “Resolution” means the formal withdrawal of a protest by the protestor, or written acknowledgment of protest resolution signed by the City and the protestor.

(8) "Mail" means any delivery service such as U.S. mail, UPS or FedEx.

(b) Grounds for Protest. Any interested party may file a written protest on any of the following grounds:

(1) The existence of a substantial defect, error or omission in the solicitation documents issued by the City;

(2) Failure of the City to follow the procedures of this Chapter;

(3) Failure of the City to apply correctly the standards of review, evaluation, or scoring of a bid or proposal as specified in the solicitation documents therefor;

(4) Award of the contract by the City to a bidder other than on the basis stated in the solicitation documents; or

(5) Such other grounds as would state a cause of action at law or in equity.

(c) Disallowed Protest Grounds. Protests based on the following grounds shall not be considered:

(1) An evaluator's professional judgment on the quality of a response; or

(2) The proposer's assessment of the agency's needs or requirements; or

(3) Any grounds other than those listed in subsection (b) of this Section.

(d) Protest Filing and Delivery. Pursuant to CMC § 2616(a), a notice of intent to award shall be issued prior to the award of contracts awarded in accordance with CMC § 2616(a). Protests made in accordance with said section shall be processed in accordance herewith. Protestors shall bear

all costs of the protest other than salary and personnel costs of City employees. Protests shall be filed with the Purchasing Manager in writing and hand delivered or sent by certified U.S. mail, return receipt requested.

(e) Protest/Appeal Contents. Protest documents shall:
(1) Include the name, address, business telephone, email, and fax number of the protestor;
(2) Identify the procurement or project under protest by name, solicitation number, and submission date;
(3) Contain a concise statement of the grounds for protest and the facts supporting such grounds, including all supporting documentation (documentation submitted after filing will not be reviewed); and
(4) State the form of relief requested.

(f) Protest Period. In cases of protests involving aspects of City procurement other than solicitation documents, interested parties shall make such protest within five (5) business days after the notice of intent to award is mailed or otherwise transmitted.

(g) Protest Process.
(1) Upon receipt of a timely protest, procurement staff shall review all the submitted materials and create and retain a written record of their review. Not later than ten (10) days after receipt of the protest, procurement staff shall respond in writing to the protest and to each material issue raised in the protest.
(2) In the event of a timely protest, procurement staff shall not proceed with the solicitation or award of the contract until all administrative remedies have been exhausted or unless the City Manager determines that the award of a contract without delay is necessary to protect substantial interests of the City.
(3) Procurement staff may elect, but are not obligated, to attempt to resolve the protest with the affected parties.
(4) If procurement staff attempts resolution, protestors shall be notified in writing of the date on which their matters shall be considered and shall be afforded an opportunity to present evidence for consideration to the City and such technical or other staff as the City deems necessary.
(5) Finance Director shall make a formal decision ("protest determination") to deny or uphold the protest and shall notify the protestor of that decision by mail, email or fax. The decision notification shall include a statement that the protestor has the right to appeal the protest determination to the City Council within three (3) business days of the decision notification.
(6) The award of contract shall be deferred until completion of the protest procedure provided that if award of the contract is by the City Council, the protest determination may be made by the City Council concurrent with the decision to award the contract. The protestor shall be given at least five (5) days' written notice of the date of the City Council meeting to consider the award and the right to appear and be heard, but no further appeal rights.

§ 2618 Emergency Purchasing.

Notwithstanding any other provision of this Chapter, the City Manager may make or authorize others to make emergency purchases of goods, services, professional services, maintenance or public projects, when there exists a sudden, unexpected occurrence that poses a clear and imminent danger, requiring immediate action to prevent or mitigate the loss or impairment of life, health, property, or essential public services. Emergency purchases shall be made with such competition as is practicable under the circumstances. A written determination of the basis for the emergency and the selection of the particular contractor shall be included in the contract file. Emergency procurements shall require approval of the City Manager or his or her designee. In the absence or unavailability of the City Manager or designee, any department head shall have like authority for purchases related to their respective departments.

Within five (5) business days after such emergency purchase, a record of each emergency procurement shall be made setting forth the vendor's name, the amount and type of the contract, the terms of the contract, and the identification number of the purchasing file. Expenditures made during a locally declared emergency or in an emergency situation must be reported to the City Council at the next regular City Council meeting if approval for such expenditures would otherwise have been subject to the approval of the City Council.

§ 2619 Exceptions to Formal Bidding Requirements.

Except as otherwise provided by law or as otherwise specified below, the Purchasing Manager may exempt bidding requirements of this Chapter for goods, services, professional services, maintenance or public projects based on the following:

(a) Sole Source Purchasing: One vendor possesses the unique ability or capability to meet the requirements of the solicitation, such as a good or service that is copyrighted, patented or otherwise only available from one license holder, their quality, durability, availability, or fitness for a particular use and are available only from one source.

(b) Single Source Purchasing: Purchases are directed to one vendor even though competition exists because of standardization, with a unique or special purpose, intellectual property, including licensing, software licensing renewals, original equipment manufacturers (OEM) and/or authorized distributors, as documented in writing by the Purchasing Manager.

(c) Piggyback Purchasing: Without complying with the bidding or proposal procedures in this Chapter, the City may purchase from any vendor who offers the same purchase at the same or better price, terms, and/or conditions as the supplier previously offered to another city or other public agency as the lowest bidder pursuant to the competitive bidding or proposal process required by that city or other public agency and under a contract awarded by another city or public agency through a competitive solicitation process, provided that the Purchasing Manager has reviewed and determines that:

(1) The originating solicitation has been obtained from city or public agency and reviewed for compliance with City standards;
(2) The specifications required by the City are not materially different;
(3) The selected contractor or consultant demonstrates competence and professional qualifications;
(4) The originating contract is current or written justification is provided for use of an older solicitation;
(5) The purchase price is at or below what the City would pay under direct solicitation.

(d) Cooperative Purchasing: Except for public projects, the City may participate in cooperative purchasing programs, joint powers agreements, or other cooperative purchasing arrangements with federal, state, or local public agencies or purchasing cooperatives even if the contracts and implementing agreements entered into by the participating entity or association under those cooperative purchasing programs were not entered into pursuant to a process that resulted in the contract being awarded to the lowest responsible and responsive bidder under CMC § 2611; provided that for goods or services:

(1) The Purchasing Manager reviews the originating contract or solicitation;
(2) The selected bidder was selected in compliance with the competitive bidding or proposal process requirements of any participating entity or association;
(3) The selected contractor or consultant meets the City's standards of competence and qualifications; and
(4) The contract is current or written justification is provided for use of an older solicitation.

The price of the goods, services or maintenance may either be lower or higher than it would be if solicited directly by the City utilizing the lowest responsible and responsive bidder standard under CMC § 2611, as the City Council has made a determination that the benefits to City of utilizing cooperative purchasing outweigh any incremental higher price that may be paid by City in certain instances as a result of not soliciting directly utilizing the lowest responsible and responsive bidder standard under CMC § 2611.

(e) Other Purchases: The City Council has determined that the purchase of the following items shall not require compliance with the bidding provision of this Chapter, so long as funds have been properly appropriated and such purchases conform with all other requirements of this Chapter:

(1) Books, periodicals, records, tapes, and other similar materials.

(2) Intellectual property with a unique or special purpose, as documented in writing by the Purchasing Manager.

(3) Items and services acquired with Federal or State loan or grant funds when the terms and conditions of such loan or grant require compliance with procedures that are different from this Chapter; however, where such procedures are less restrictive, this Chapter shall govern to the extent permitted by the terms and conditions of such loan or grant.

(4) Insurance, insurance adjusting, legal, and related services. If a new appropriation therefor is required or an existing appropriation is insufficient, the City Manager or Finance Director is authorized to bind coverage or otherwise provide for such services until the required appropriation has been approved.

(5) Express mail through a private carrier.

(6) Services from other governmental agencies that are not covered under a specific interagency agreement.

(7) Advertising and publication for City programs and events.

(8) Professional development, training, and continuing education classes for City employees.

(9) Intellectual property use licenses.

(10) City utility bills (e.g., water, electrical, and gas).

(11) Postage.

(12) Publication of legal notices required by law.

(13) Food purchased at retail.

(14) Renewal of software licenses already purchased by the City.

(15) Commission and committee member stipends.

(16) Travel and conference expenses.

(17) Entertainment services for Special City Events or City-sponsored events

(f) Contract Amendments. For amendments to all contracts except public project contracts:

(1) Extensions. For extensions of time only, resolicitation is not required and City Manager may approve amendments for such time extensions, irrespective of whether the contract was originally approved by the City Manager or City Council.

(2) City Council Approved Contracts. For all contracts approved by the City Council, the City Council or Contract Officer may approve amendments, subject to the following: the Contract Officer may approve amendments to whatever extent such authority is granted to Contract Officer in the contract; such authority may include authority to approve amendments up to the amounts specified in the contracts so long as the City Council has first approved the additional expenditures. All amendments approved under this

subsection will be executed by the Mayor. Any amendment to a contract that exceeds $125,000 requires resolicitation unless (i) the City Council waives the resolicitation requirement following determination that such waiver is in the City's best interest or (ii) the amendment concerns a change order in which event bidding will not be required irrespective of the amount; provided, however, that the City Manager may require resolicitation in his/her sole discretion after consultation with the Contract Officer, even where a proposed amendment concerns a change order.

(3) City Manager Approved Contracts. After the City Manager approves a contract or purchase order under his/her purchasing authority up to $125,000, amendments to contracts or purchase orders may be approved and executed by the City Manager up to an amount that does not exceed $125,000 cumulatively, inclusive of the amount associated with the original contract/purchase order and all amendments in the aggregate. The Contract Officer may approve and execute amendments to whatever extent such authority is granted to Contract Officer in the contract; such authority may include authority to approve amendments up to the amounts specified in the contracts so long as the amount does not exceed $125,000 cumulatively, inclusive of the amount associated with the original contract/purchase order. Any amendments thereafter that result in the total contract or purchase order amount exceeding $125,000 require City Council approval and execution by the Mayor; any single amendment to a contract that exceeds $125,000 requires solicitation unless (i) the City Council waives the solicitation requirement following determination that such waiver is in the City's best interest or (ii) the amendment concerns a change order in which event bidding will not be required irrespective of the amount; provided, however, that the City Manager may require resolicitation in his/her sole discretion after consultation with the Contract Officer, even where a proposed amendment concerns a change order.

The purchasing file shall contain a written summary of all decisions to not resolicit the services.

§ 2620 Public Projects and Maintenance.

(a) Withdrawal from the Uniform Public Construction Cost Accounting Act (UPCCAA)
The City Council elects to withdraw the City from participation in the Uniform Public Construction Cost Accounting Act (UPCCAA), California Public Contract Code § 22000 et seq.

The City Clerk shall transmit a copy of the resolution effecting the City's withdrawal to the California State Controller in accordance with applicable requirements.
Upon the effective date of the City's withdrawal, public-project procurements shall be conducted in accordance with this Section, the City's applicable purchasing procedures, and other applicable law.

(b) Public Project and Maintenance Procurement Thresholds
A contract for public project or maintenance shall be solicited as follows, and awarded to the responsible bidder submitting the lowest responsive bid:

(1) Purchases of $125,000 or less shall be subject to the informal solicitation procedures set forth in CMC § 2615(b)(1).

(2) Purchases greater than $125,000 up to $250,000 shall be subject to the informal solicitation procedures set forth in CMC § 2615(b)(2).

(3) Purchases greater than $250,000 shall be subject to the formal solicitation procedures set forth in CMC § 2616.

(c) No Relative Superiority
No relative superiority is permitted in determination of responsibility. In determining the lowest responsive responsible bidder, there is no permissible basis for the awarding authority to apply a concept of relative superiority of the bidders' responsibility. Put another way, if the awarding authority determines there exists five responsible bidders, for example, the award must be made to the bidder submitting the lowest responsive bid, if awarded at all, even if bidder submitting lowest bid is not deemed to be the most responsible from among the five.

(d) Plans and Specifications
The City Council shall adopt plans, specifications and working details for all public projects requiring the formal bid procedure.

(e) Standard Specifications for Public Works Construction
The City hereby adopts whichever is the
current edition of the Standard Specifications for Public Works Construction (“Greenbook”) for all applicable public projects.

(f) Contractors List
The Purchasing Manager may establish and maintain a list of contractors organized by categories of work to facilitate notice of public project or maintenance solicitations. The list shall be maintained in accordance with administrative procedures established by the Purchasing Manager and any applicable legal requirements.

(g) Proprietary Nature. If the product or service is proprietary in nature, such that it can be obtained only from a certain contractor or contractors, the notice inviting informal bids may be sent exclusively to those contractor(s). The basis for limiting such competition shall be documented in the procurement file.

(h) As-Needed Contracts. Master services agreements and as-needed services agreements for maintenance may be solicited and implemented in accordance with the procedures set forth in § 2616 and administered in accordance with administrative procedures established by the Purchasing Manager and any applicable legal requirements. Such procedures shall identify the operational thresholds, pre-qualification criteria, bidding structures, and reporting requirements for executing individual task orders under these agreements.

(i) Design-Build Contracts. The City may procure design-build public project contracts in accordance with the California Public Contract Code, § 22160 et seq., except as provided below:

(1) “Project” means construction, reconstruction, erection, alteration, renovation, improvement, demolition, installation, and repair work involving any publicly owned,

leased, or operated facility. “Facility” means any plant, building, structure, ground facility, utility system, real property, streets and highways, or other public work improvement.

(2) There shall be no $1,000,000 or any other monetary threshold necessary in order for City to utilize design-build method of procurement.

(3) The City will not be required to comply with the organizational conflict of interest policy detailed in Public Contract Code § 22162(c).

§ 2621 Local Preference.

(a) Local Preference for Materials, Supplies, and Equipment. Notwithstanding anything in this Chapter to the contrary, except for those contracts funded through programs or partners, including but not limited to Federal or State agencies, which prohibit the use of a local preference, local businesses shall be provided a local preference for all contracts for materials, supplies, or equipment as provided in this Section.

(1) This subsection shall only be applicable to contracts for goods in an amount of $125,000 or less.

(2) Amount of Preference. A local preference of ten (10) percent shall be extended to all bids by a local business for all applicable contracts.

(3) Application of Preference. All bids submitted by a local business that include a certification signed by the bidder that the business meets the definition under CMC § 2601 shall have the bid price reduced by the local preference and the reduced bid amount shall be deemed the amount of the bid.

(4) Substantial Local Work. The local preference awarded shall be applied only if the local business substantially acts as the supplier or dealer, or substantially designs, manufactures or assembles the materials, supplies and/or equipment at a business location in the City. As used in this subsection, “substantially” means not less than two-thirds (2/3) of the work performed under the contract must be performed, respectively, by the local business in the City.

(b) Local Preference for Services. Notwithstanding anything in this Chapter to the contrary, except for those contracts funded through programs or partners, including but not limited to Federal or State agencies, which prohibit the use of a local preference, local businesses shall be provided a local preference for contracts for services provided in this Section.

(1) Applicable Contracts. This subsection shall only be applicable to contracts for services in an amount less than $125,000.

(2) Preference. The City shall give a primary preference to local businesses on contracts for services, whenever such businesses have the necessary qualifications, experience and

expertise to complete the project(s) being proposed for work, as determined by the City. When a proposal, bid, or offer submitted by a local business for award is being evaluated, the local business shall be provided a ten (10) percent preference for a local business in the proposal price.

(3) Substantial Local Work. The preference awarded shall only be applied if the services are provided directly by the local business using employees whose exclusive, primary working location is in the City.

(c) Nothing in this Section is intended to require the award of any contract to any particular bidder, offeror, or proposer, regardless if they qualify as a local business.

(d) Nothing in this Section is intended to limit the City's authority to reject any and all bids or proposals.

(e) This Section shall not apply to public projects.

(f) Failure to Maintain Status as Local Business. Without limitation to any other remedies available to the City, if for any reason a contractor that receives a local preference pursuant to this Section fails to maintain its status as a local business for more than sixty (60) days during the entire term of its related contract with the City, the City shall be entitled to withhold or recover funds from the contractor in an amount that represents the value of the bid.

§ 2622 Disposition of Surplus Property.

All City departments shall submit to the Purchasing Manager, reports showing all surplus property which is no longer needed or which has become obsolete or worn out.

The Purchasing Manager may dispose of surplus property by the following methods:

(a) Competitive Bidding. If the Purchasing Manager elects to dispose of surplus property by competitive bidding, the following procedures shall be used:

(1) If the disposition of such surplus property includes capitalized equipment, then approval of the City Council shall also be required prior to disposition of such capitalized equipment.

(2)Surplus property shall be sold to the highest bidder submitting a sealed bid in response to a notice of sale by sealed bid.

(3) The Purchasing Manager shall publish a notice at least three (3) days before the sale, in a locally adjudicated newspaper, a general description of the surplus property to be sold; and the date, time and location for submittal of sealed bids, which date shall not be less than five (5) calendar days following the last date of publication of the notice; the location where the property may be inspected; any special terms or conditions of sale; and the place, date and time when the bids will be opened and tabulated.

(4) The Purchasing Manager shall accept the highest bid or may reject all bids, and at a later date hold another public sale by competitive bidding.

(b) Auction. If the Purchasing Manager elects to dispose of surplus property by auction, the following procedures shall be used:

(1) If the auction of such surplus property includes capitalized equipment, then the Purchasing Manager shall seek the approval of the City Council prior to initiating disposition by auction.

(2) Surplus property shall be sold to the highest bidder at a public auction conducted by a licensed auctioneer or through participation in a cooperative auction of government agencies. The Purchasing Manager may contract with a professional auctioneer and allow a flat fee, hourly fee or percentage of the amount of the sale to be paid based upon that which is common and customary method and rate for such auctioneering services.

(3) The Purchasing Manager shall publish a notice at least three (3) days before the sale, in a locally adjudicated newspaper, a general description of the surplus personal property to be sold, and the date, time and location of the auction. If the auction is part of a cooperative auction, the notice given by or on behalf of the agency coordinating the auction will satisfy the requirements of this subsection and no additional notice is required.

(4) The surplus property shall be sold to the highest bidder, provided the bid exceeds the minimum bid price, if any.

(5) All surplus property shall be sold “as-is” without warranty express or implied.

(c) Other Methods of Disposition. The Purchasing Manager, when in his or her judgment that the competitive bid or auction of surplus property is infeasible, has not resulted in sale of such surplus property, or will result in minimal return to the City, may dispose of such surplus property by:

(1) Donation to any other governmental organization, nonprofit group or corporation exempt from Federal taxes pursuant to Internal Revenue Code Section 501(c)(3) located within or serving the City of Carson. Surplus property shall only be donated upon approval of the City Council; or

(2) Sending to a recycling or waste disposal facility.

(3) However, to the extent that the disposition of such surplus property includes capitalized equipment, then approval of the City Council shall also be required prior to disposition of such capitalized equipment.

The Purchasing Manager shall keep a written record of surplus property sold or donated pursuant to this Chapter. If the property was sold, the record shall include the price or other consideration

paid and the identity of the purchaser. If the property was donated, the record shall include the identity of the donee.

Unless otherwise provided, all proceeds from sale or auction of surplus property will be deposited into the City's general fund. Proceeds from sale of enterprise, Federal, grant or other special designation property will be reimbursed, less prorated selling expenses to the appropriate fund, after completion of each sale.

§ 2623 Employee Conflict of Interest Prohibited.

It shall be unethical for any City employee or City official to participate directly or indirectly in a procurement contract when the City employee or official knows that:
(a) The City employee or official, or any member of the City employee's or official's immediate family has a financial interest pertaining to the procurement contract; or
(b) Any other person, business, or organization with whom the City employee or official, or any member of the City employee's or official's immediate family is negotiating or has an arrangement concerning prospective employment is involved in the procurement contract.

No City employee or City official may purchase any surplus property from the City.

§ 2624 Services Performed by City Employees.

Nothing in this Chapter shall preclude the City from utilizing its employees for performing work or services."

SECTION 4. SEVERABILITY. If any section, subsection, sentence, clause, phrase, or portion of this Ordinance, or the application thereof to any person or circumstances, is, for any reason, held invalid or unconstitutional by any court of competent jurisdiction, such invalidity or unconstitutionality shall not affect any other provision or application, and to this end the provisions of this ordinance are declared to be severable. The City Council hereby declares that it would have adopted this ordinance and each section, subsection, sentence, clause, phrase, part or portion thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, parts or portions thereof be declared invalid or unconstitutional.

SECTION 5. EFFECTIVE DATE. This Ordinance shall be in full force and effect thirty (30) days after its second reading and adoption.

SECTION 6. CERTIFICATION. The City Clerk shall certify to the adoption of this Ordinance, and shall cause the same to be posted in the manner required by law.

CITY OF CARSON

701 East Carson Street

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

DISCUSSION 28.

To: Honorable Mayor and City Council

From: Dr. Arlington Rodgers, Director of Public Works PW Engineering

Subject: CONSIDER AWARD OF A CONSTRUCTION CONTRACT TO EARTHSCAPES LANDSCAPES, INC., IN THE AMOUNT OF $9,300,648, PLUS A 15% CONSTRUCTION CONTINGENCY OF $1,395,097.20, FOR A TOTAL NOT-TO-EXCEED AMOUNT OF $10,695,745.20, FOR THE MEDIAN STREETSCAPE IMPROVEMENT PROJECT (PROJECT NO. 1801) ALONG PORTIONS OF AVALON BOULEVARD AND CARSON STREET, AND ADOPTION OF RESOLUTION NO. 26-125 TO AMEND THE FISCAL YEAR 2026-27 BUDGET TO APPROPRIATE AN ADDITIONAL $3,995,745.20 FROM THE GENERAL FUND BALANCE TO FULLY FUND PROJECT CONSTRUCTION (CITY COUNCIL)

I. SUMMARY

The Median Streetscape Improvement Project (Project No. 1801) is included in the City of Carson's adopted Capital Improvement Program (CIP) and is intended to improve the appearance, condition, and long-term maintenance of landscaped street medians along several major roadways. The project includes new landscaping, upgraded irrigation systems, landscape lighting, and concrete improvements to enhance the City's streetscape and maintain public infrastructure. Improvements are planned along three roadway segments: Avalon Boulevard between State Route 91 (SR-91) and Del Amo Boulevard; Avalon Boulevard between Interstate 405 (I-405) and 220th Street; and Carson Street between Grace Avenue and I-405.

To select a qualified construction contractor, the City advertised Invitation for Bids (IFB) No. 26-12 through a newspaper of local circulation and the City's PlanetBids online bidding system. Five bids were received and publicly opened at the City Clerk's Office on July 7, 2026. Marina Landscape, Inc. initially submitted the lowest bid but subsequently requested to withdraw it. Following a review of the remaining bids, Public Works staff determined that Earthscapes Landscapes, Inc. submitted the lowest responsive and responsible bid in the amount of $9,300,648. This means the company submitted the lowest remaining bid that met the City's bidding requirements and demonstrated the qualifications necessary to complete the work.

Based on the competitive bidding results and the contractor's qualifications, staff recommends that the City Council award a construction contract to Earthscapes Landscapes, Inc. in an amount not to exceed $9,300,648 (Exhibit No. 4). Staff also recommends approving a 15% construction contingency of $1,395,097.20 to address unforeseen site conditions, necessary adjustments, or additional work that may arise during construction. If approved, the total authorized construction amount, including the contingency, would be $10,695,745.20. Approval of these actions, together with the necessary funding appropriation, would allow the City to proceed with the planned median improvements and continue its investment in maintaining and enhancing Carson's major roadways.

II. RECOMMENDATION

TAKE the following actions:

1. AWARD a construction contract to the lowest responsive and responsible bidder, Earthscapes Landscapes, Inc., for Project No. 1801, Median Streetscape Improvements, in an amount not to exceed $9,300,648; and,
2. AUTHORIZE a 15% construction contingency in the amount of $1,395,097.20 to address unforeseen site conditions, necessary changes, and additional work required to complete the project, for a total construction authorization not to exceed $10,695,745.20; and,
3. WAIVE further reading and ADOPT Resolution No. 26-125, “A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF CARSON, CALIFORNIA, AMENDING THE FISCAL YEAR 2026-27 BUDGET IN THE GENERAL FUND, SPECIAL REVENUE FUNDS, ENTERPRISE FUNDS, AND THE CAPITAL IMPROVEMENT PROGRAM (CIP) FUND,” authorizing an additional appropriation of $3,995,745.20 from the General Fund balance to fully fund the construction contract and contingency; and,
4. AUTHORIZE the Mayor to execute the construction contract with Earthscapes Landscapes, Inc., following approval as to form by the City Attorney.

III. ALTERNATIVES

1. DO NOT AWARD the proposed construction contract to Earthscapes Landscapes, Inc., for Project No. 1801, Median Streetscape Improvements.
2. TAKE any other action the City Council deems appropriate, consistent with applicable law.

IV. BACKGROUND

The City of Carson's Median Streetscape Improvement Project (Project No. 1801) is included in the City's adopted Capital Improvement Program (CIP), which provides funding for improvements to public streets, parks, facilities, and other infrastructure. The project is intended to improve the appearance, condition, and long-term maintenance of landscaped street medians throughout the City. Medians are the landscaped or paved areas that separate opposing lanes of traffic and contribute to the overall appearance of major roadways.

The proposed improvements include installing new trees, shrubs, groundcover, and other landscaping; replacing or upgrading irrigation systems to provide more efficient and reliable watering; installing landscape and median lighting to improve visibility and enhance the appearance of the streetscape; and constructing or repairing concrete curbs, paved areas, and other related improvements. Together, these improvements are intended to create more attractive and consistent streetscapes, improve the condition of aging infrastructure, and support the City's ongoing efforts to maintain and enhance its major roadways.

To prepare the project for construction, the City retained Breen Design Group to develop the engineering plans, construction specifications, and cost estimates. These documents identify the proposed improvements, establish construction requirements, and provide contractors with the information needed to prepare competitive bids. Following completion of the design, the City advertised Invitation for Bids (IFB) No. 26-12 through its established competitive bidding process, including publication in a newspaper of local circulation and posting on the City's PlanetBids online procurement system. The bidding process provided qualified contractors with an opportunity to review the proposed work and submit bids for completing the project. Five bids were received and publicly opened at the City Clerk's Office on July 7, 2026.

#	**Bidder**	**Total Bid Amount**
1.	Marina Landscape, Inc. (Withdrawn)	$5,945,520.00
2.	Earthscapes	$9,300,648.00
3.	Urban Habitat	$9,874,446.00
4.	Martinez Landscape Co., Inc.	$9,921,440.00

#	Bidder	Total Bid Amount
5.	SGD Enterprises	$10,698,275.00

Marina Landscape, Inc. submitted the apparent lowest bid in the amount of $5,945,520. However, following the bid opening, the contractor submitted a written request dated July 7, 2026, seeking to withdraw its bid (Exhibit No. 3). City staff reviewed the request in accordance with applicable purchasing requirements and procedures. Following that review, Marina Landscape, Inc.'s bid was withdrawn from consideration and was not included in the final evaluation for contract award. Public Works Engineering staff subsequently reviewed the remaining bids to identify the lowest responsive and responsible bidder. This review included confirming that each contractor submitted the required bid documents, held the appropriate California contractor's license, demonstrated relevant construction experience, and satisfied applicable bonding, insurance, and other bidding requirements. A responsive bid is one that meets the City's stated bidding requirements, while a responsible bidder is a contractor that demonstrates the qualifications, experience, and ability to successfully complete the work.

Based on this review, staff determined that Earthscapes Landscapes, Inc. submitted the lowest responsive and responsible bid in the amount of $9,300,648. The contractor met the City's bidding requirements and demonstrated the necessary licensing, experience, qualifications, bonding, and insurance to perform the proposed improvements. Accordingly, staff determined that Earthscapes Landscapes, Inc. is qualified to complete the project in accordance with the approved construction plans and specifications.

Staff recommends that the City Council award a construction contract to Earthscapes Landscapes, Inc. in an amount not to exceed $9,300,648. Staff also recommends establishing a 15% construction contingency of $1,395,097.20, bringing the total proposed construction authorization to $10,695,745.20. A construction contingency is funding set aside to address unexpected conditions or necessary changes that may arise during construction, such as unforeseen underground utilities, additional repairs, adjustments to construction quantities, or minor design modifications. The contingency would be used only when necessary and for work directly related to completing the approved project. Establishing this funding in advance would help staff address unforeseen construction issues while reducing the potential for project delays.

If approved, the Public Works Department would coordinate with Earthscapes Landscapes, Inc. to finalize the construction contract and establish a schedule for beginning the work. Construction activities would begin following execution of the agreement and issuance of a Notice to Proceed, which is the City's formal authorization for the contractor to start construction. The project schedule would be coordinated with the contractor and may be adjusted to account for weather conditions, material availability, unforeseen site conditions, and other construction-related factors. Staff would oversee construction activities to monitor progress, manage costs, and verify that completed improvements meet the City's approved plans and construction standards. The City Council initially allocated $5,544,000 for the project during its February 17, 2026, Mid-Year Budget Meeting. An additional $1,156,000 was approved as part of the adopted Fiscal Year 2026-27 Budget, bringing the total available project funding to $6,700,000. The construction bids received exceeded the original project budget. The recommended construction contract with Earthscapes Landscapes, Inc. totals $9,300,648, with an additional proposed 15% contingency of $1,395,097.20. This results in a total proposed construction authorization of $10,695,745.20, which exceeds the currently available project funding by $3,995,745.20. Additional funding would therefore be required to fully fund the proposed construction contract and contingency.

Staff recommends that the City Council consider awarding the construction contract to Earthscapes Landscapes, Inc., together with the proposed construction contingency, subject to the City securing the necessary funding authorization. The proposed improvements would address aging landscaped medians, improve the appearance and condition of major City roadways, and support the long-term maintenance of Carson's public infrastructure. Approval of the recommended actions, together with sufficient project funding, would allow the City to move forward with construction and continue its investment in improving the City's streetscape.

V. FISCAL IMPACT

If the City Council approves the construction contract with Earthscapes Landscapes, Inc., an additional appropriation of $3,995,745.20 will be necessary to fully fund the contract and proposed 15% construction contingency. To address this funding shortfall, staff recommends that the City Council adopt Resolution No. 26-125, authorizing the allocation of $3,995,745.20 from the City's General Fund balance to the project's capital improvement account (Account No. 101-99-999-904-8012, Project No. PW1801). The General Fund balance represents accumulated City funds available for future needs, subject to applicable financial policies and restrictions. This appropriation would increase the project's total available funding to $10,695,745.20, providing sufficient funding for the proposed construction contract and contingency. The additional funding would come from existing City reserves rather than new taxes or outside borrowing and would reduce the General Fund balance by the amount appropriated.

GENERAL IRRIGATION NOTES

1. THE FOLLOWING PLANS, NOTES, AND DETAILS ARE PRESENTED IN A DIAGRAMMATIC METHOD TO CONVEY SYSTEM COMPONENTS, EQUIPMENT, AND LAYOUT. ITEMS MAY BE SHOWN IN AREAS WHERE NO IRRIGATION EQUIPMENT SHALL BE PLACED TO ONLY COMMUNICATE OVERALL DESIGN INTENT FOR CLARITY. THE CONTRACTOR SHALL NOT INSTALL ITEMS OFF PROPERTY, IN ROADWAYS, WALKS, OR BUILDINGS- IN ALL CASES ALL EQUIPMENT SHALL BE IN LANDSCAPE AREAS ONLY.
2. ANY CONFLICTS WITH SITE FEATURES OR CONDITIONS, NOT KNOWN TO THE DESIGN TEAM AT THE TIME OF PLAN DEVELOPMENT SHALL BE BROUGHT TO THE ATTENTION OF THE LANDSCAPE ARCHITECT IMMEDIATELY AND PRIOR TO BIDDING. THE CONTRACTOR SHALL INCLUDE IN THEIR BID AN ALLOWANCE FOR MINOR ADJUSTMENTS OF LOCATIONS, SPACING, AND ADDITIONAL HEADS OR DRIP MATERIAL FOR PROVIDING FULL COVERAGE TO ALL PLANTED MATERIAL.
3. THE FOLLOWING DRAWINGS SHOW TYPICAL REPRESENTATIONS OF THE OVERALL SYSTEM AND THE REQUIRED INFORMATION FOR OVERALL HYDRAULIC DESIGN. THEY DO NOT ILLUSTRATE EVERY POSSIBLE CONDITION, APPLICATION, AND OR SITE CONSTRAINT. IT IS THE CONTRACTORS RESPONSIBILITY AS THE SUBJECT MATER EXPERT TO SUPPLY THE APPROPRIATE MEANS AND METHODS INCLUDING ALL REQUIRED ACCESSORIES, MATERIALS, AND EQUIPMENT TO FURNISH A FULLY FUNCTIONING IRRIGATION SYSTEM.
4. THE CONTRACTORS BID SHALL INCLUDE ALL ITEMS REQUIRED TO CONSTRUCT AND INSTALL A FULLY FUNCTIONAL SYSTEM TO MEET THE DEMANDS OF THE PLANTING PLANS. THE CONTRACTOR SHALL ASK, PURPOSE, OR VERIFY ANY DESIGN CLARIFICATIONS DURING THE BIDDING PROCESS AS PART OF THEIR DUE DILIGENCE. FAILURE TO DO SO SHALL MAKE THE CONTRACTOR SOLELY RESPONSIBLE FOR ANY ADDITIONAL TIME, COSTS, OR WORK REQUIRED TO COMPLETE THE PROJECT WITH ALL REQUIRED ITEMS FOR A FULLY FUNCTIONAL AUTOMATIC IRRIGATION SYSTEM.
5. THE CONTRACTOR SHALL BE RESPONSIBLE FOR ANY REQUIRED PERMITS, ENCROACHMENT REQUIREMENTS, INSPECTIONS, AND ANY OTHER ITEMS REQUIRED TO DO THE WORK SUCH AS TRAFFIC CONTROL, DUST CONTROL, OR SITE SAFETY AND SECURITY ITEMS.
6. MAINLINE FEEDER FROM POINT OF CONNECTION TO BACKFLOW PREVENTER SHALL BE PER LOCAL PURVEYOR OR CODE REQUIREMENTS WHICHEVER IS MORE STRINGENT.
7. THE FINAL LOCATION OF ALL MAJOR IRRIGATION EQUIPMENT SHALL BE APPROVED AND ADJUSTED AS NECESSARY PER SITE CONDITIONS PRIOR TO INSTALLATION. THE CONTRACTOR SHALL REQUEST INSPECTION/ FIELD REVIEW AND HAVE WRITTEN APPROVAL FROM THE LANDSCAPE ARCHITECT PRIOR TO INSTALLATION OR BE SOLELY RESPONSIBLE FOR ANY ADJUSTMENTS AS REQUIRED LATER.
8. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATING ALL SLEEVE INSTALLATIONS AS SHOWN PER PLAN AND ANY ADDITIONAL REQUIREMENTS BASED OF SITE CONSTRAINTS WITH OTHER TRADES PRIOR TO INSTALLATION OF HARDSCAPE, PAVING, WALLS OR FOUNDATIONS.
9. THE CONTRACTOR SHALL COORDINATE ALL REQUIRED INSPECTIONS PER THE SPECIFICATIONS AND ANY REQUIRED BY THE GOVERNING BODY, NO WORK SHALL BE COVERED OR CLOSED PRIOR TO INSPECTION AND APPROVAL. FAILURE TO HAVE THE WORK INSPECTED SHALL RESULT IN THE CONTRACTOR BEING REQUIRED TO EXPOSE AND MAKE AVAILABLE THE WORK FOR INSPECTION AT THEIR OWN COST.
10. THE IRRIGATION SYSTEM HAS BEEN DESIGNED PER SUPPLIED STATIC WATER PRESSURE BY OTHERS, THE CONTRACTOR SHALL VERIFY SITE WATER PRESSURE PRIOR TO START OF WORK AND FORWARD ANY FINDINGS IN WRITING TO THE LANDSCAPE ARCHITECT. FAILURE TO DO SO WILL RESULT IN ANY CORRECTIONS, ADJUSTMENTS, AND OR ADDITIONAL EQUIPMENT REQUIREMENTS TO BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR.
11. THE CONTRACTOR SHALL BE RESPONSIBLE FOR COORDINATION FOR POWER SUPPLY AND ANY REQUIRED FIELD CONNECTIONS TO ALL CONTROLLERS, PUMPS, FERTIGATION SYSTEMS AS REQUIRED BY THE PLANS.
12. COORDINATE MAINLINE AND LATERAL PIPING WITH TREE AND PLANTING LOCATIONS TO SEPARATE AND REMOVE ANY CONFLICTS.
13. THE CONTRACTOR SHALL TEST THE STATIC PSI AT EACH VALVE AND ADJUST VALVE MOUNTED PRESSURE REGULATORS AS NEEDED FOR OPTIMAL PERFORMANCE.
14. NO LOW HEAD DRAINAGE, SURFACE POOLING OF WATER, OVERSPRAY ON HARDSCAPE, STRUCTURES, OR EQUIPMENT WILL BE ALLOWED. CONTRACTOR TO INCLUDE IN THEIR BID FOR ANY ADDITIONAL CHECK VALVES OR EQUIPMENT REQUIRED TO MEET THE REQUIREMENT.
15. CONTRACTOR REQUIRED TO SUPPLY ALL EQUIPMENT FOR TESTING, AND CONTRACT/SUPPLY 3RD PARTY WATER AUDITS AS REQUIRED BY LOCAL REGULATIONS AND CODES.
16. THE CONTRACTOR SHALL FOLLOW AND UNDERSTAND ALL THE REQUIREMENTS OF THE SPECIFICATIONS PRIOR TO THE START OF CONSTRUCTION.
17. THE CONTRACTOR SHALL PROVIDE ADDITIONAL IRRIGATION TO EXISTING PLANT MATERIAL DURING THE COURSE OF CONSTRUCTION. ANY LOSSES INCURRED WILL BE THE SOLE RESPONSIBILITY FOR THE CONTRACTOR TO REPLACE AT HIS OWN COST.
18. SPRAYS SHALL BE ON 12" POP-UPS FOR SHRUB AREAS. SPRAY HEADS MAY BE USED FOR PLANT MATERIAL LESES THAN 12" HIGH TO PREVENT PLANTS FROM OBSTRUCTING THE SPRAY. SPACE SPRAY HEADS MAX--10' APART FOR SHRUBS AND GROUNDCOVERS.
19. VALVE BOXES SHALL BE NO MORE THAN 3" ABOVE FG IN SHRUB AREAS AND 1" IN TURF.
20. BEFORE CITY LANDSCAPE INSPECTION, A CERTIFIED IRRIGATION AUDITOR SHALL PROVIDE AN IRRIGATION AUDIT REPORT. THE REPORT SHALL INCLUDE: START TIMES, PROGRAMS, AND RUN TIMES. SCHEDULE SHALL CONSIDER APPLICATION RATE, SOIL TYPE, PLANT FACTORS, SLOPE, AND EXPOSURE.
    - 20.1. CONTROLLER PROGRAMMING TO ON-SITE WEATHER SENSOR OR CIMIS STATION
    - 20.2. CONTROLLER PROGRAMMING TO FLOW SENSOR AND MASTER VALVE, OR LEARNED RUN TIMES
    - 20.3. VERIFICATION OF EFFICIENT WATER USE WITH NO RUNOFF OR OVERSPRAY BY TESTING MIN 15% OF THE SITE
    - 20.4. VERIFICATION OF THE REDUCED SIZE IRRIGATION PLAN, LAMINATED WITH LAYOUT CHART INDICATING VALVE NUMBER, AN COLOR-CODED AREA OF SYSTEM LIMITS AND IRRIGATION RN SCHEDULE.

DRIP IRRIGATION NOTES

1. ALL AREAS TO RECEIVE DRIP IRRIGATION SHALL BE AMENDED, GRADED, AND READY FOR PLANTING PRIOR TO INSTALLATION.
2. ALL DEBRIS, ROCKS, OR SHARP ITEMS SHALL BE REMOVED IF THEY CAN CAUSE DAMAGE TO THE DRIP EQUIPMENT SUCH AS PUNCTURES, CUTS, OR GAUGING PRIOR TO INSTALLATION.
3. REFER TO DETAILS FOR TYPICAL LAYOUTS, HEADER LOCATIONS, AND CONNECTION POINTS AS WELL AS FLUSH VALVE AND AIR RELIEF VALVE LOCATIONS WHICH MAY NOT BE SHOWN PER PLAN DUE TO GRAPHICAL ISSUES. ALL VALVES SHALL INCLUDE FLUSHING AND AIR RELIEF AS REQUIRED BY THE MANUFACTURER.
4. ALL DRIP LINES SHALL BE SLEEVED IN SCH 40 PIPE FOR ANY CROSSINGS UNDER HARDSCAPE.
5. ALL DRIP LINES BE SECURELY STAKED PER DETAILS WITH ADDITIONAL LINE TO ALLOW FOR EXPANSION AND CONTRACTION.
6. ALL DRIP LINES TO BE CLEANLY CUT AT 90-DEGREE INTERVALS, NO SOLVENTS OR OTHER LIQUIDS SHALL BE USED WHICH MAY DEGRADE THE TUBING OUR JAGGED/ROUGH CUTS WILL BE ALLOWED.
7. INSTALL AIR/VACUUM RELIEF VALVES AT THE HIGHEST POINT OF THE HYDROZONE.
8. INSTALL MANUAL FLUSH VALVE AT THE FARTHEST END OF EACH HYDROZONE.
9. FLUSH ALL LINES, AND SYSTEM FULLY PRIOR TO CAPING ALL ENDS TO REMOVE ANY INSTALLATION DEBRIS OR SEDIMENT.
10. CONTRACTOR SHALL UP SIZE VALVE BOXES AS NEEDED FOR LARGER DRIP VALVE FILTERS TO ENSURE ACCESS FOR MAINTENANCE OF FILTERS.

ALL DRIP LINE SHALL BE OUTSIDE OF TREE TRUNK FLARE 8' SQUARE OR DIAMETER.IRRIGATION RN SCHEDULE.

PROJECT NOTES:

1. THE LANDSCAPE ARCHITECT SHALL NOT HAVE CONTROL, CHARGE OF, OR CAN BE HELD RESPONSIBLE FOR THE CONSTRUCTION MEANS, METHODS, TECHNIQUES, SEQUENCES, OR SAFETY PROCEDURES SINCE THESE ARE SOLELY THE CONTRACTORS RIGHTS AND RESPONSIBILITIES UNDER THE CONTRACT DOCUMENTS.
2. SEE AS-BUILT PLANS FROM GRUEN ASSOCIATES & TATSUMI AND PARTNERS, INC. FOR REFERENCE OF EXISTING CONDITIONS & LOCATIONS OF LANDSCAPE SYSTEM.
3. THE CONTRACTOR WHO BIDS ON THIS PROJECT IS CERTIFYING THAT THEY HAVE THE REQUIRED EXPERIENCE AND ARE THOROUGHLY KNOWLEDGEABLE WITH THE MANAGEMENT AND METHODS OF CONSTRUCTION REQUIRED TO MEET THE SCOPE OF WORK. ANY FAILURE TO MEET THIS STANDARD SHALL BE THE SOLE RESPONSIBILITY OF THE CONTRACTOR TO CORRECT, INCLUDING ANY COST FOR ADDITIONAL MANAGEMENT, DESIGN, AND OR OVERSITE AS REQUIRED BY THE OWNER AND OR GOVERNING BODY.
4. PERCEIVED ERRORS OR OMISSIONS, WHICH MAY OCCUR IN THE CONTRACT DOCUMENTS, SHALL BE BROUGHT TO THE ATTENTION OF THE OWNER/ PROFESSIONAL OF THE RECORD IN WRITING DURING THE BIDDING PROCESS FOR CORRECTION AND FULL TRANSPARENCY OF ALL BIDDERS.
5. THE CONTRACTOR SHALL BE HELD RESPONSIBLE FOR THE RESULT OF ANY PERCEIVED DISCREPANCIES, ERRORS, AND OR OMISSIONS FOR WHICH THE CONTRACTOR FAILED TO NOTIFY THE PROFESSIONAL OF RECORD PRIOR TO PURCHASE, FABRICATION, CONSTRUCTION, AND OR INSTALLATION OF THE WORK.
6. THIS PROJECT SHALL COMPLY WITH THE 2022 CALIFORNIA BUILDING CODE, WHICH ADOPTS THE 2021 IBC, 2018 UMC, 2018 UPC AND THE 2017 NEC.
7. QUANTITIES LISTED FOR CONVENIENCE ONLY. CONTRACTOR TO VERIFY PRIOR TO BID

- CONTRACTOR TO SUBMIT TRAFFIC CONTROL PLAN FOR CITY'S REVIEW AND APPROVAL PRIOR TO COMMENCEMENT OF WORK IN THE PUBLIC R.O.W.
- CONTRACTOR TO COORDINATE UTILITY LOCATIONS WITH UTILITY COMPANIES PRIOR TO EXCAVATION.

IRRIGATION MAINTENANCE SCHEDULE & TASKS	
CHECK LIST	
	WEEKLY
	VISUALLY CHECK FOR ANY SIGNS OF LEAKS, BREAKS, OR GAPS IN COVERGAE OF THE IRRIGATION SYSTEM
	VERIFY NO RUN OFF, POOLING , OR OVERSPRAY OF IRRIGATION IS AFFECTING ADJACENT HARDSCAPE, BUILDINGS, AND ORSTRUCTURES.
	VISUALLY VERIFY ALL EMITTERS AND DISTRIBUTION DEVICES ARE FUNCTIONING CORRECTLY AND APPLYING WATER TO THEAPPROPRIATE AREAS.
	TEST RUN THE SET PROGRAM VERIFYING THE FUNCTION OF ALL EQUIPMENT
	MONTHLY
	CHECK SOIL MOISTURE LEVELS AND SOIL CONDITION OF ALL PLANTED AREAS, INCLUDING MULCH LEVELS, REAPPLY AS NEEDED TOMAINTAIN A 3" DEPTH.
	VERIFY AND UPDATE PROGRAM RUN TIMES AS NEEDED FOR SEASONAL CHANGES OR ENVIRONMENTAL CONSTRAINTS.
	FLUSH ALL DRIP LINES, FILTERS, AND SYSTEM STRAINERS
	CHECK VALVE BOXES, ENCLOSURES, AND SITE FACILITIES FOR DEBRIS, SOIL, AND PESTS - REMOVE AND CLEAN AS NECESSARY.
	VERIFY ALL POWER SOURCES, WIRING, AND ANY BATTERY UNITS IF PART OF THE SYSTEM, REPLACE AS NEEDED
	CONTINUALLY AS REQUIRED
	VERIFY COVERAGE, APPLICATION, AND MANAGEMENT OF ALL IRRIGATION DEVICES AND EQUIPMENT
	ADJUST HEADS, EMITTERS AND DRIP LAYOUTS AS NEEDED FOR GROWING/ MATURING PLANT MATERIAL, THIS SHALL INCLUDE REVISING HEAD HEIGHTS, EMITTERS SPACING, AND TOTAL NUMBERS REQUIRED TO MEET THE NEEDS OF THE PLANT MATERIAL.
	REPAIR IRRIGATION EQUIPMENT WITH ORIGINALLY SPECIFIED EQUIPMENT OR AN APPROVED EQUAL OR REPLACE ANY ITEMS DAMAGED OR FAILING AS NEEDED TO MAINTAIN SYSTEM INTEGRITY AND APPLICATION RATES.
	PRUNING & CLEANING OF DEBRIS
	ANNUAL TASKS
	CHECK, CLEAN, AND RE-CALIBRATE PER MANUFACTURE REQUIREMENTS ANY RAIN SENSORS, SOIL MOISTURE SENSORS, FLOW SENSORS OR OTHER CONTROLLER INPUTS. REPLACE ANY FILTER MEDIA PER MANUFACTURES RECOMMENDATIONS.
	TEST AND RE-CERTIFY BACKFLOW DEVICES AS REQUIRED BY THE WATER PURVEYOR, INCLUDE FORWARDING ANY TEST RESULTS OR CERTIFICATIONS TO BOTH OWNER AND SURVEYOR.
	WATER AUDITS
	OWNER SHALL HAVE A WATER AUDIT DONE BY A CERTIFIED WATER AUDITOR EVERY 5 YEARS OR PER LOCAL PURVEYORREQUIREMENTS, WHICHEVER IS MORE STRING
	WATER RESTRICTIONS
	MAINTENANCE STAFF SHALL BE RESPONSIBLE FOR ADJUSTING, POSTPONING, AND OR STOPPING IRRIGATION PER THE LOCAL PURVEYORS REQUIREMENTS BASED ON LOCAL DROUGHT CONDITIONS, INCLEMENT WEATHER, AND ANY SPECIAL EVENT OR SERVICE INTERRUPTION.
	RECORD KEEPING
	THE MAINTENANCE STAFF AND OR DESIGNATED CONTRACTOR SHALL BE REQUIRED TO KEEP PERMANENT MAINTENANCE RECORDS DOCUMENTING: SERVICE, WATER USAGE, PROGRAMING CHANGES, REPAIRS, ANNUAL CERTIFICATIONS, AND AUDITS.

DEMOLITION NOTES

1. THE CONTRACTOR SHALL DEMOLISH, RELOCATE AND REMOVE ALL SITE ELEMENTS, FEATURES AND DEBRIS AS NECESSARY TO ACHIEVE THE WORK SHOWN AND SPECIFIED, EXCEPT WHERE ITEMS ARE INDICATED TO BE PROTECTED IN PLACE.
1. CONTRACTOR TO DOCUMENT THE SITE PRIOR TO START FOR VERIFICATION OF EXISTING CONDITIONS AND ANY PREVIOUS DAMAGE, FAILURE TO DO SO SHALL CAUSE ANY DAMAGE FOUND AFTER START OF CONSTRUCTION TO BE THE CONTRACTORS SOLE RESPONSIBILITY.
2. CONTRACTOR SHALL INCLUDE POTHOLE, LOCATING, AND TESTING OF ALL ONSITE UTILITIES AS PART OF BID. CONTRACTOR TO ADD LOCATIONS TO DEMO PLAN AS AN AS-BUILT.
3. ALL ITEMS SHALL BE MARKED BY THE CONTRACTOR AND APPROVED PRIOR TO REMOVAL BY THE OWNERS REPRESENTATIVE.
4. ANY SPECIALIZED PERMITTING, HAZARDOUS MITIGATION, OR OTHER ENVIRONMENTAL REQUIREMENTS SHALL BE THE CONTRACTORS SOLE RESPONSIBILITY AS PART OF THE PROJECTS SCOPE.
5. CONTRACTOR TO REPORT THE FINDING OF ANY HAZARDOUS MATERIALS TO THE OWNER'S REPRESENTATIVE IMMEDIATELY.
6. CONTRACTOR TO REVIEW AND UNDERSTAND ANY REQUIREMENTS FOR THE IDENTIFICATION, PRESERVATION AND OR PROTECTIONS OF CULTURAL OR HISTORIC ARTIFACTS PER THE PROJECT DOCUMENTS.
7. THE CONTRACTOR SHALL BECOME THE SITE AUTHORITY AND EXPERT ON ACTUAL SITE CONDITIONS AND SHALL BRING ANY ITEMS THAT REPRESENT A DEPARTURE OR SIGNIFICANT CHANGE FROM WHAT WAS PREVIOUSLY DOCUMENTED TO THE ATTENTION OF THE OWNER'S REPRESENTATIVE IMMEDIATELY.
8. CONTRACTOR IS SOLELY RESPONSIBLE FOR SITE SECURITY AND PROTECTION ONCE MOBILIZATION IS INITIATED.
9. CONTRACTOR TO ACCOMMODATE AND FACILITATE CONTINUAL OCCUPANCY OF ADJACENT PROPERTIES AND SAFETY OF THE PUBLIC IN AND AROUND THE PROJECT AREA. THIS INCLUDES PUBLIC ACCESS WAYS INCLUDING PEDESTRIAN AND VEHICULAR, IN ADDITION TO PROTECTING THE SURROUNDING AREAS FROM DAMAGE OR DEBRIS FROM CONSTRUCTION OPERATIONS.
10. CAP AND ABANDON UNUSED SERVICE LINES PER LOCAL UTILITIES SPECIFICATIONS OR PERMIT REQUIREMENTS. CONTRACTOR TO DOCUMENT AND SUBMIT FINAL LOCATIONS TO OWNER REPRESENTATIVE IN THE FORM OF PICTURES AND AN AS-BUILT PLAN FOR FUTURE REFERENCE.
11. MEANS AND METHODS TO LOCATE, EXPOSE AND IDENTIFY EXISTING ITEMS ARE THE CONTRACTOR'S SOLE RESPONSIBILITY.
12. ANY MATERIAL REQUIRED FOR REMOVAL THAT IS FOUND TO BE BEDROCK, BOULDERS OVER 2 TONS, OR OTHER SOIL MATERIAL REQUIRING SPECIALIZED EQUIPMENT SHALL FIRST BE CLEARLY IDENTIFIED IN TERMS OF EXTENT, REMOVAL PROCESS, AND ANY COST IMPACTS PRIOR TO REMOVAL FOR APPROVAL BY THE OWNERS REPRESENTATIVE WHEN ABOVE TYPICAL EXPECTATIONS OR AS NOTED PER PLANS.
13. ALL VOIDS/HOLES/DEPRESSIONS LEFT FROM DEMOLITION WORK MUST BE FILLED AND COMPACTED PER SOILS REPORT FINDINGS WITH MATCHING MATERIAL TO ADJACENT UNDISTURBED AREAS.
14. CONTRACTOR SHALL BE RESPONSIBLE FOR THE REPAIR AND/OR REPLACEMENT OF ANY EXISTING SITE ELEMENTS SPECIFIED TO REMAIN THAT ARE DAMAGED DURING DEMOLITION AND CONSTRUCTION OPERATIONS.
    a. ANY DAMAGE THAT CAN NOT BE REPAIRED TO ORIGINAL CONDITION WILL REQUIRE TOTAL REPLACEMENT BY THE CONTRACTOR TO CURRENT STANDARDS AT NO COST TO THE OWNER.
    b. ANY DAMAGED ITEMS WILL BE REPAIRED OR REPLACED WITHIN 2 WEEKS OF INITIAL OBSERVATION.
13. CONCRETE AND OTHER MATERIALS TO BE DEMOLISHED WITHIN THE SCOPE OF THIS PROJECT SHALL BE RECYCLED PER CURRENT STATE OF CALIFORNIA INTEGRATED WASTE MANAGEMENT BOARD (CIWMB) GUIDELINES. CONTRACTOR SHALL PROVIDE EVIDENCE OF RECYCLING AND SALVAGING A MINIMUM OF 65% OF NON-HAZARDOUS CONSTRUCTION AND DEMOLITION WASTE GENERATED FROM THIS PROJECT TO THE OWNERS REPRESENTATIVE.
14. A ROOT PROTECTION ZONE(RPZ) SHALL BE DEFINED AND IMPLEMENTED PER ISA ANSI A300 (PART-5 MANAGEMENT) STANDARDS AND MAINTAINED THROUGH OUT CONSTRUCTION, INCLUDING ALL BMP'S SUCH AS BARRIERS, MULCHING,TEMPORARY WATERING SYSTEMS, AND ONGOING DOCUMENTED HEALTH CHECKS BY AN ISA CERTIFIED ARBORIST. IF ANY EXISTING TREES OR PLANT MATERIAL ARE NOTED TO BE PROTECTED IN PLACE.
    a. PRIOR TO START OF CONSTRUCTION, CONTRACTOR SHALL SUBMIT EXISTING TREE PROTECTION PLAN BY AN ISA CERTIFIED ARBORIST FOR APPROVAL BY THE CITY'S REPRESENTATIVE.
    b. INSTALLATION OF ANY REQUIRED PROTECTION MEASURES.
    c. NO GRADING, ROOT PRUNING, STAGING OR VEHICULAR ACTIVITIES ARE TO TAKE PLACE WITHIN CRITICAL ROOT ZONE PROTECTION AREAS.
    d. CONTRACTOR SHALL PROVIDE ALL CARE AND NECESSARY WATERING MEASURES TO ALL PROTECTED TREES THRU THE ENTIRE CONSTRUCTION PROCESS.
    e. CONTRACTOR RESPONSIBLE FOR THE LOSS AND REPLACEMENT OF ANY TREES IDENTIFIED FOR PROTECTION THAT UNDERGO DEMISE FROM ORIGINAL HEALTH OR ARE PERMANENTLY DAMAGED DURING CONSTRUCTION.

ALL EXISTING TREES, PLANTS, AND IRRIGATION VALVES, LATERALS AND HEADS LOCATED WITHIN THE IMPROVEMENT AREAS INDICATED ON THE PLANS SHALL BE REMOVED AND DISPOSED OF OFFSITE IN A LEGAL MANNER. REFER TO DEMOLITION TABLE BELOW FOR GENERAL QUANTITIES OF ITEMS TO BE REMOVED. EXISTING UTILITIES, SIGNAGE, HARDSCAPE ELEMENTS TO REMAIN AND BE PROTECTED IN PLACE. EXISTING BOULDERS TO BE TURNED OVER TO THE CITY FOR REUSE.

ITEM:	QTY:	UNIT:
TREES	115	EA
PLANTING (INCLUDES PLANTER AREAS AND TURF AREAS)	194,602	SF
CLEAR AND GRUB TO A DEPTH OF 3"	194,602	SF

GENERAL NOTES

1. *ALL WORK AND MATERIALS SHALL COMPLY WITH THE CITY OF CARSON, STANDARD DRAWINGS, AMERICAN PUBLIC WORKS ASSOCIATION AND CALTRANS STANDARD PLANS AND SPECIFICATIONS. (ALL LATEST EDITION)*
2. *CONSTRUCTION PERFORMANCE BOND SHALL BE POSTED THROUGH CITY OF CARSON ENGINEERING SERVICES DIVISION PRIOR TO CONSTRUCTION PERMIT ISSUANCE. CONSTRUCTION BOND IS BASED ON ESTIMATED CONSTRUCTION COST AS REVIEWED AND APPROVED BY THE CITY ENGINEER.*
3. *COSTRUCTION PERMIT FROM THE CITY OF CARSON ENGINEERING SERVICES DIVISION SHALL BE OBTAINED AT LEAST SEVEN (7) DAYS PRIOR TO PRE-CONSTRUCTION MEETING. (A TOTAL OF 21-DAYS PRIOR TO START OF CONSTRUCTION)*
4. *PRE-CONSTRUCTION MEETING SHALL BE COORDINATED AND COMPLETED THROUGH CITY OF CARSON ENGINEERING SERVICES DIVISION AT LEAST 14-DAYS PRIOR TO START OF CONSTRUCTION.*
5. *THE CONTRACTOR SHALL NOTIFY THE ENGINEERING SERVICES FOR INSPECTION A MINIMUM OF 48-HRS PRIOR TO STARTING WORK AT (310) 952-1700 EXT. 1795*
6. *WORKING HOURS SHALL BE 9:00 AM TO 3:00 PM FOR ARTERIAL STREETS AND 7:00 AM TO 3:00 PM FOR LOCAL/RESIDENTIAL STREETS, UNLESS OTHERWISE APPROVED.*
7. *STAGING AREAS FOR CONSTRUCTION MATERIALS AND EQUIPMENT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR.*
8. *PEDESTRIANS AND/OR VEHICULAR ACCESS SHALL BE ALLOWED AT ALL TIMES, UNLESS APPROVED OTHERWISE BY THE CITY ENGINEER. PROHIBITING PEDESTRIAN AND/OR VEHICULAR ACCESS REQUIRES DETOUR AND/OR ACCESS CLOSURE PLANS SUBJECT TO REVIEW AND APPROVAL OF THE CITY ENGINEER.*
9. *OVERNIGHT TRAFFIC CONTROLS SHALL BE REVIEWED AND APPROVED BY TRAFFIC ENGINEER, PRIOR TO PRE-CONSTRUCTION MEETING. OTHERWISE TRAFFIC CONTROL SHALL BE PER CA M.U.T.C.D, LATEST EDITION.*
10. *CONTRACTOR SHALL NOTIFY AFFECTED RESIDENTS, BUSINESSES AND AGENCIES 72-HOURS PRIOR TO START OF CONSTRUCTION, AT THE DISCRETION OF THE CITY ENGINEER.*
11. *DAMAGED EXISTING IMPROVEMENTS, NOT PART OF THE SCOPE OF WORK, SHALL BE PROTECTED INPLACE AND SHALL BE REPLACED IN KIND AT NO COST TO THE CITY, TO THE SATISFACTION OF THE CITY ENGINEER.*
12. *NO TRENCHES MAY BE LEFT OPEN OVERNIGHT UNLESS APPROVED BY THE CITY ENGINEER.*
13. *IF ANY UTILITIES OR FACILITIES CONFLICT WITH PROPOSED IMPROVEMENTS, ALL WORK SHALL STOP AND THE CITY ENGINEER SHALL BE NOTIFIED IMMEDIATELY.*
14. *CONTRACTOR SHALL COORDINATE AND/OR OBTAIN NECESSARY PERMITS FROM AFFECTED AGENCIES.*
15. *THE CONTRACTOR SHALL NOTIFY UNDERGROUND SERVICE ALERT (U.S.A.) 48-HRS PRIOR TO START WORK. UPON EXPOSING ANY UTILITY'S UNDERGROUND FACILITY THE CONTRACTOR SHALL NOTIFY THAT OWNER OF THAT UTILITY IMMEDIATELY.*
16. *IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO LOCATE ALL SUBSTRUCTURES WITHIN THE ALIGNMENT OF THE PROPOSED IMPROVEMENTS, AND IN THE EVENT OF SUBSTRUCTURE DAMAGE, THE CONTRACTOR SHALL BEAR ALL THE COST OF REPAIR OR REPLACEMENT.*
17. *CONTRACTOR SHALL HAVE SUFFICIENT MATERIALS ON HAND AT ALL TIMES TO EXPEDITE ANY EMERGENCY REPAIR.*
18. *AS REQUIRED BY THE CITY ENGINEER, THE CONTRACTOR SHALL FURNISH AND OPERATE A SELFLOADING MOTOR SWEEPER WITH SPRAY NOZZLES AT LEAST TWICE EACH WORKING DAY TO KEEP PAVED AREAS ACCEPTABLY CLEAN WHEREVER CONSTRUCTION IS INCOMPLETE.*
19. *THE CONTRACTOR SHALL PROVIDE AND MAINTAIN AT ALL TIMES DURING CONSTRUCTION AMPLE MEANS AND DEVICES WITH WHICH TO PROMPTLY REMOVE AND PROPERLY DISPOSE OF ALL WATER FROM ANY SOURCE ENTERING THE EXCAVATION OR OTHER PARTS OF THE WORK.*
20. *CONTRACTOR SHALL COMPLY WITH ALL STORMWATER POLLUTION CONTROL PER BY REGIONAL WATER QUALITY CONTROL BOARD (RWQCB) REQUIREMENTS, INCLUDING BUT NOT LIMITED TO BEST MANAGEMENT PRACTICE (BMPs)*
21. *CONTRACTOR SHALL APPLY FOR AND OBTAIN A TREE REMOVAL PERMIT WHEN DEMOLISHING AN EXISTING TREE WITHIN THE PUBLIC RIGHT-OF-WAY. REFER TO "EXHIBIT B" OF ARTICLE III, CHAPTER 9 OF THE OF CARSON MUNICIPAL CODE AND CONTACT GREGORY MACDONALD, TREE AND CONCRETE MAINTENANCE SUPERVISOR, AT (310) 847-3500.*
22. *CONTRACTOR SHALL PROVIDE TREE PROTECTION FOR TREES WITHIN THE PUBLIC RIGHT-OF-WAY PER ARTICLE III, CHAPTER 9, SECTION 3928 OF THE CITY OF CARSON MUNICIPAL CODE.*

WATER EFFICIENT LANDSCAPE WORKSHEET

Non-Residential Landscape Projects

Reference ETo for the area **ETo=** 42.8

Estimated Total Water Use (ETWU):

ETWU is calculated using the following formula: (Eto) (.62) (ETAF) (LA)

Hydrozone # / Planting Description	Plant Factor (PF)	Irrigation Method	Irrigation Efficiency (IE)	ETAF (PF/IE)	Landscape Area (sq. ft.)	ETAF x Landscape Area	Estimated Total Water Use (ETWU) Gallons/Yr
Regular Landscape Areas							
HZ1 - Low Shrub	0.20	Dripline	0.81	0.25	4,149	1,024	27,185
HZ2 - Mod Shrub	0.40	Dripline	0.81	0.49	4,149	2,049	54,369
HZ5 - Palm	0.50	Bubbler	0.81	0.62	2,000	1,235	32,760
				Totals	10,298	4,308	
Special Landscape Areas							
HZ6 - Edible Plants	0.40	Drip	0.81	1.00	0	0	0
HZ7 - Recreation Turf	0.90	Rotors	0.75	1.00	0	0	0
HZ8 - Water Feature	0.90	Auto Fill	0.81	1.00	0	0	0
				Totals	0	0	
				Estimated Total Water Use in gallons per year, ETWU Total			114,314
				Max. Annual Water Allowance in gallons per year, MAWA Total			122,970

MAWA calculation: (Eto) (.62) [(ETAFxLA) + ((1-ETAF) x SLA)] MAWA - ETWU= 8,656

Estimated Acre Feet per Year = 0.35

Pass / Fail = Pass

ETAF Calculations

Regular Landscape Areas

Total ETAF x Area	4,308
Total Area	10,298
Average ETAF	0.42

Average ETAF for Regular Landscape Areas must be 0.45 or below for non-residential areas.

All Landscape Areas

Total ETAF x Area	0
Total Landscape Area (LA)	0
Sitewide ETAF	0

STATEMENT OF COMPLIANCE

I HAVE COMPLIED WITH THE CRITERIA OF THE WATER EFFICIENT LANDSCAPE ORDINANCE AND APPLIED THEM ACCORDINGLY FOR THE EFFICIENT USE OF WATER IN THE IRRIGATION DESIGN PLAN.

6/2/26

SCOTT J. RICE, LICENSED LANDSCAPE ARCHITECT NO. 5111 DATE

Memo

calsense® FEATURING IRRIGATION MANAGEMENT AS A SERVICE

To: Andres Virata
From: Jeff Drongowski
Subject: Carson Median Landscape Design
Date: 5/30/2025

Hello Andres Virata

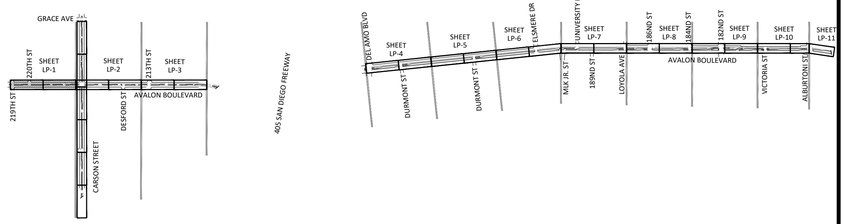
Your organization has designed this project with the specifications below:

Customer name: Carson, CA
Project name: Carson Median Landscape Design
Tract #: Controller A
Nearest cross streets: 220th St. to Carson St.
Controller: 8-station base model CS3000 with heavy-duty stainless-steel pedestal enclosure, support for a single conventionally-wired POC, transient protection, and field-replaceable modules. Supports up to 48 conventionally-wired stations with additional 8-station modules. Enclosure includes pre-drilled antenna hole(s) if ordered with STUBBY antenna(s).
Lowest flow: 4.5
Highest flow: 9
GPM reclaimed water: No
Overhead sprays: No
Basins: No
Moisture sensors: No

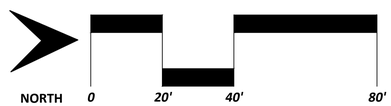
Notes:
The single controller is specified to be factory assembled in a single top mount, stainless steel enclosure. This is a single controller, single POC, single flow meter and master valve design.

ET data will be shared using Calsense Weathersense via the cloud communications through Calsense Command Center Online and GPRS Radio.

This controller, as configured, will communicate using GPRS radio and it's specified with appropriate data access plan. Please verify communication coverage for this area at http://www.wireless.att.com/coverageviewer/#?type=data.



The design is done with a Calsense FM 1.5U flow sensor. The recommended flow range for a FM 1.5U is .55 GPM to 82 GPM.



CS3-8-51/CS3-GR BUNDLE-2/FM 1.5U

Thank you,
Jeff Drongowski

calsense WEATHERNOMICS IRRIGATION MANAGEMENT AS A SERVICE

To: Andres Virata
From: Jeff Drongowski
Subject: Carson Median Landscape Design
Date: 5/30/2025

Hello Andres Virata

Your organization has designed this project with the specifications below:

Customer name: Carson, CA
Project name: Carson Median Landscape Design
Tract #: Controller B
Nearest cross streets: Carson St. to 213th
Controller: 8-station base model CS3000 with heavy-duty stainless-steel pedestal enclosure, support for a single conventionally-wired POC, transient protection, and field-replaceable modules. Supports up to 48 conventionally-wired stations with additional 8-station modules. Enclosure includes pre-drilled antenna hole(s) if ordered with ST/UBBY antenna(s).
Lowest flow: 21
Highest flow: 9
GPM reclaimed water: No
Overhead sprays: No
Basins: No
Moisture sensors: No

Notes:
The single controller is specified to be factory assembled in a single top mount, stainless steel enclosure. This is a single controller, single POC, single flow meter and master valve design.

ET data will be shared using Calsense Weathersense via the cloud communications through Calsense Command Center Online and GPRS Radio.

This controller, as configured, will communicate using GPRS radio and it's specified with appropriate data access plan. Please verify communication coverage for this area at http://www.wireless.att.com/coverageviewer/#/?type=data.

The design is done with a Calsense FM 1.5U flow sensor. The recommended flow range for a FM 1.5U is .55 GPM to 82 GPM.

Subject: Carson Median Landscape Design
Date: 5/30/2025

Hello Andres Virata

Your organization has designed this project with the specifications below:

Customer name: Carson, CA
Project name: Carson Median Landscape Design
Tract #: Controller C
Nearest cross streets: 213th St. to Jim Dear Blvd.
Controller: 8-station base model CS3000 with heavy-duty stainless-steel pedestal enclosure, support for a single conventionally-wired POC, transient protection, and field-replaceable modules. Supports up to 48 conventionally-wired stations with additional 8-station modules. Enclosure includes pre-drilled antenna hole(s) if ordered with ST/UBBY antenna(s).
Lowest flow: 16
Highest flow: 7.5
GPM reclaimed water: No
Overhead sprays: No
Basins: No
Moisture sensors: No

Notes:
The single controller is specified to be factory assembled in a single top mount, stainless steel enclosure. This is a single controller, single POC, single flow meter and master valve design.

ET data will be shared using Calsense Weathersense via the cloud communications through Calsense Command Center Online and GPRS Radio.

calsense® FEATURING IRRIGATION MANAGEMENT AS A SERVICE™

To: Andres Virata
From: Jeff Drongowski
Subject: Carson Median Landscape Design
Date: 5/30/2025

Hello Andres Virata

Your organization has designed this project with the specifications below:

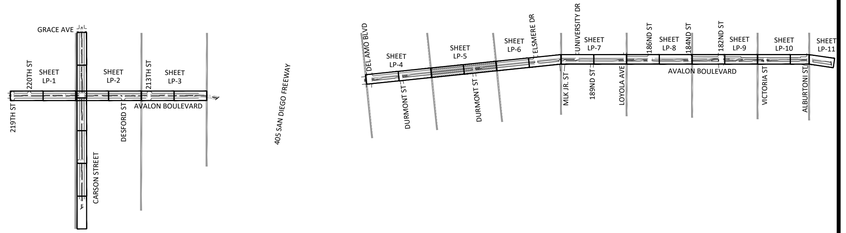
Customer name: Carson, CA
Project name: Carson Median Landscape Design
Tract #: Controller D
Nearest cross streets: Del Amo Blvd. to University Dr.
Controller: 48-station base model CS3000 with heavy-duty stainless-steel pedestal enclosure, support for a single conventionally-wired POC, transient protection, and field-replaceable modules. Enclosure includes pre-drilled antenna hole(s) if ordered with STUB8Y antenna(s).

Lowest flow:	40
Highest flow:	3
GPM reclaimed water:	Yes
Overhead spray:	No
Basins:	No
Moisture sensors:	No

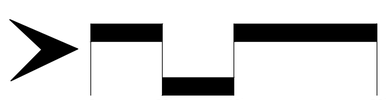
Notes:
The single controller is specified to be factory assembled in a single top mount, stainless steel enclosure. This is a single controller, single POC, single flow meter and master valve design.

ET data will be shared using Calsense Weathersense via the cloud communications through Calsense Command Center Online and GPRS Radio.

This controller, as configured, will communicate using GPRS radio and it's specified with appropriate data access plan. Please verify communication coverage for this area at http://www.wireless.att.com/coverageviewer/#?type=data.



The design is done with a Calsense FM 1.5U flow sensor. The recommended flow range for a FM 1.5U is .55 GPM to 82 GPM.



CS3-48-51/CS3-GR-BUNDLE-2/FM 1.5U

calsense FEATURING IRRIGATION MANAGEMENT AS A SERVICE

To: Andres Virata
From: Jeff Drongowski
Subject: Carson Median Landscape Design
Date: 5/30/2025

Hello Andres Virata

Your organization has designed this project with the specifications below:

Customer name: Carson, CA
Project name: Carson Median Landscape Design
Tract #: Controller F
Nearest cross streets: Victoria St. to Riverside Freeway 91
Controller: 24-station base model CS3000 with heavy-duty stainless-steel pedestal enclosure, support for a single conventionally-wired POC, transient protection, and field-replaceable modules. Supports up to 48 conventionally-wired stations with additional 8-station modules. Enclosure includes pre-drilled antenna hole(s) if ordered with STUBBY antenna(s).
Lowest flow: .55
Highest flow: 4.5
GPM reclaimed water: Yes
Overhead sprays: No
Basins: No
Moisture sensors: No

Notes:
The single controller is specified to be factory assembled in a single top mount, stainless steel enclosure. This is a single controller, single POC, single flow meter and master valve design.

ET data will be shared using Calsense Weathersense via the cloud communications through Calsense Command Center Online and GPRS Radio.

This controller, as configured, will communicate using GPRS radio and it's specified with appropriate data access plan. Please verify communication coverage for this area at http://www.wireless.att.com/coverageviewer/#?type=data.

The design is done with a Calsense FM 1.5U flow sensor. The recommended flow range for a FM 1.5U is .55 GPM to 82 GPM.

calsense FEATURING IRRIGATION MANAGEMENT AS A SERVICE

To: Andrea Virzia
From: Jeff Orengowski
Subject: Carson Median I Landscape Design
Date: 5/26/2025

Hello Andrea Virzia

Your organization has designed this project with the specifications below:

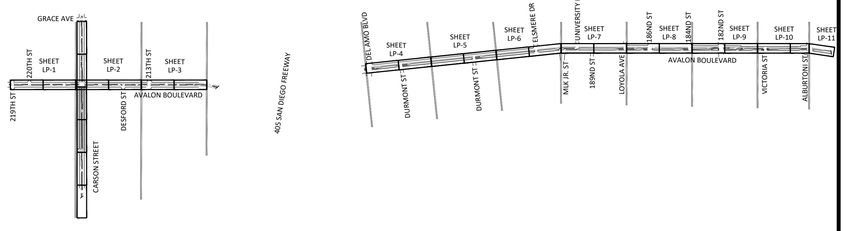
Customer name: Carson, CA
Project name: Carson Median I Landscape Design
Irrig. ID: Controller H
Nearest cross street: Avalon Blvd. to the I-405
Controller: 8 station base model CS3000 with heavy duty stainless steel pedestal enclosure, support for a single conventionally wired POC, transient protection, and field-replaceable modules. Supports up to 48 conventionally wired stations with additional 8 station modules. Enclosure includes pre-drilled antenna hole(s) if ordered with EVLIRPT antenna(s).

Lateral flow: 34
Elevation flow: 33
GPM residential water: Yes
Overhead sprays: No
Rotors: No
Medium sprays: No

Notes:
The single controller is specified to be factory assembled in a single top mount, stainless steel enclosure. This is a single controller, single POC, single flow meter and master valve design.

FF data will be shared using Calsense WeatherSense via the cloud communications through Calsense Command Center Online and CWS Radio.

This controller, as configured, will communicate using CWS radio and it's specified with appropriate data access plan. Please verify communication coverage for this area at http://www.wireless.att.com/coveragelookup/#/?type=data.



The design is done with a Calsense FM 2" ALV flow sensor. The recommended flow range for a FM 2" ALV is 20 GPM to 80 GPM.

13. STAINLESS STEEL CLAMP - 2 REQ.

A Quick Coupler Valve

1. FINISH GRADE
2. CLEAN BACKFILL - 90% COMPACTION REQUIRED - SEE SPECS
3. NON-PRESSURE LATERAL LINE PER LEGEND
4. PRESSURE SUPPLY LINE PER LEGEND
5. CONTROL WIRES - INSTALL BELOW PRESSURE SUPPLY LINE
6. PROVIDE 2" OF CLEAN BACKFILL BELOW PRESSURE MAINLINE

NOTES:
BUNDLE AND TAPE WIRES AT 12'O.C. PIGTAIL AND LOOP CONTROL WIRES AT ALL 90° CHANGES IN DIRECTION. SPLICING OF WIRE RUNS IS NOT ALLOWED UNLESS APPROVED BY THE OWNER'S REPRESENTATIVE. 36" MIN. COVER IS REQUIRED FOR RECLAIMED WATER MAINLINE (WHERE APPLICABLE). INSTALL 1'x1'X1' THRUST BLOCK AT ALL TERMINAL POINTS ON MAINLINE.

NOTES:
TEE OFF MAINLINE TO BE SAME SIZE AS LATERAL LINE EXITING VALVE. ONLY REDUCE PIPE SIZE AT VALVE.

1. ELECTRIC CONTROL VALVE PER LEGEND
2. 12"x18" PLASTIC VALVE BOX WITH BOLT DOWN LID AND SS BOLT - HEAT HEAT BRAND STATION NUMBER ON LID IN 2" HIGH CHARACTERS. BOX AND LID TO BE PURPLE
3. FINISH GRADE
4. PVC SCH 40 MALE ADAPTER - SIZE AS REQUIRED - TYP. OF 2
5. WATERPROOF WIRE CONNECTOR WITH 36" COILED EXPANSION LOOP
6. WIRES FROM CONTROLLER
7. COMMON WIRE TO OTHER VALVES ON SAME CONTROLLER
8. COMMON BRICK - 4 REQUIRED
9. PVC LATERAL LINE PER LEGEND
10. PVC SCH 40 ELL - SxS
11. PVC MAINLINE PER LEGEND
12. SCH 40 PVC MAINLINE FITTING
13. 3/4" DIA. GRAVEL - 6" DEEP
14. 'CHRISTY'S' I.D. TAG PER VALVE NUMBER
15. PVC UNION - SIZE AS REQUIRED
16. VALVE BOX EXTENTION(S) AS REQUIRED

B Remote Control Valve

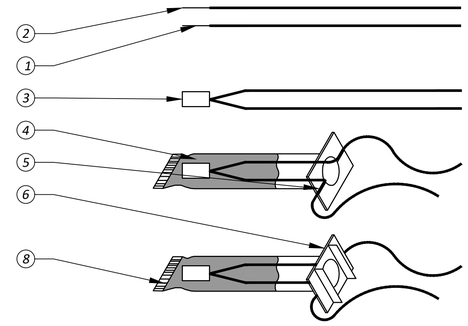
1. HARDSCAPE (TYPICAL)
2. CLEAN BACKFILL - 90% COMPACTION REQUIRED - SEE SPECS
3. SAND (TYPICAL)
4. NON-PRESSURE LATERAL LINE/ SLEEVE (SIZE PER CHART)
5. CONTROL WIRE SLEEVE ADJACENT TO MAINLINE SLEEVE (SIZE PER CHART) 6. PRESSURE SUPPLY LINE / SLEEVE (SIZE PER CHART)

PRESSURE MAINLINE	LANDSCAPE	<3"	24"
		3"+	36"
	VEHICULAR PAVING	<3"	30"
		3"+	36"
NON PRESSURE LATERAL	LANDSCAPE	<3"	12"
		3"+	18"
	VEHICULAR PAVING	<3"	24"
		3"+	30"

NOTES:
SIZE ALL SLEEVES PER SLEEVING CHART ON PLANS. EXTEND SLEEVES 12" BEYOND EDGE OF HARDSCAPE ON BOTH ENDS. RECLAIMED WATER SLEEVES TO BE A MINIMUM 42"-48" DEEP (OR PER WATER DISTRICT STANDARDS) WHERE APPLICABLE.

E Trenching

F Sleeving



NOTE:
USE TEFLON TAPE ON ALL MALE PIPE THREADS

* 1/2" IN TURF, 2" IN SHRUB AREAS

1. 'JUMBO' PLASTIC VALVE BOX WITH LOCKING COVER
2. HEAT BRAND "AIR" ON LID IN 2" HIGH CHARACTERS
3. FINISH GRADE
4. AIR RELEASE VALVE PER LEGEND
5. 3/4" PEA GRAVEL - 6" DEEP MIN.
6. COMMON BRICK - 4 REQUIRED
7. IRRIGATION MAINLINE - SIZE AND LENGTH AS REQUIRED
8. SCH 40 PVC ELL - SxS
9. SCH 40 PVC MALE ADAPTER
10. BRONZE BALL VALVE
11. SCH 80 NIPPLE - LENGTH AS REQUIRED
12. SCH 40 PVC TEE - SxSxT
13. VALVE BOX EXTENSION AS REQUIRED

G Air Relief Valve

NOTE: CALSENSE MANUFACTURER REQUIREMENTS FOR WIRE CONNECTIONS TO TAKE PRECEDENCE WHERE APPLICABLE.

1. STRIP WIRES APPROX. 5/8" FROM ENDS
2. ALIGN WIRE ENDS
3. INSERT WIRES INTO CONNEC AND TIGHTEN UNTIL SECURE
4. INSERT CONNECTOR INTO 3M DBR/Y-6 600 VOLT DIRECT BURY WIRE SPLICE OR APPROVED EQUAL. MAKE SURE CONNECTOR RESTS ON BOTTOM OF TUBE
5. FOLD WIRES INTO THE CHANNELS
6. CLOSE CAP
7. COMPLETED WATERPROOF WIRE CONNECTION

D Wire Connections

1. 10" ROUND VALVE BOX WITH BOLT DOWN COVER. (INDEPENDENT FROM ALL OTHER BOXES) USE STAINLESS BOLT, NUT AND WASHER. DO NOT CUT ADDITIONAL HOLES IN BOX
2. SLIP X MIPT SCH. 40 PVC ADAPTER (2 REQUIRED)
3. 18" LENGTH OF POLYETHYLENE TUBING FOR FLUSHING OUTSIDE OF BOX
4. FINISH GRADE IN SHRUB AREAS - 3" BELOW TOP OF BOX
5. SCH. 40 PVC BALL VALVE - LINE SIZE
6. 3/4" PEA GRAVEL. FILL TO TOP OF VALVE BOX HOLES
7. LANDSCAPE FABRIC
8. PVC SCH. 40 FIPT X FIPT ELL (3 REQUIRED)
9. FINISH GRADE IN TURF AREAS - 1" BELOW TOP OF BOX
10. 8" PVC SCH. 80 RISER
11. DRIP TUBING LATERAL LINE PER PLAN

H Manual Flush Valve

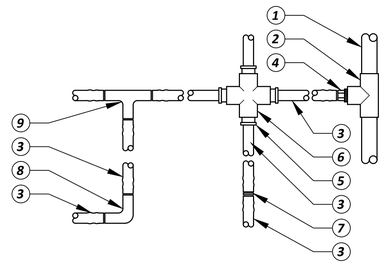
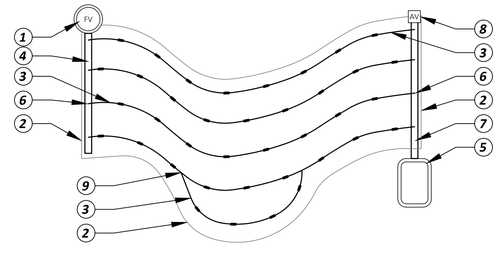
1. TREE TRUNK
2. TREE ROOTBALL
3. TREE SUPPORT STRUCTURE PER PLANTING PLAN
4. PLANT BACKFILL PER PLANTING PLAN
5. BUBBLER ASSEMBLY PER IRRIGATION LEGEND (2 PER TREE)
6. FINISH GRADE
7. UNDISTURBED NATIVE SOIL
8. PVC LATERAL LINE PER LEGEND
9. SCH 40 PVC TEE AROUND PLANTING PIT
10. PEA GRAVEL IN BASE OF DRAIN PIPE



* INSTALL ASSEMBLY WITH CAP FLUSH TO GRADE

A Tree Bubbler Heads

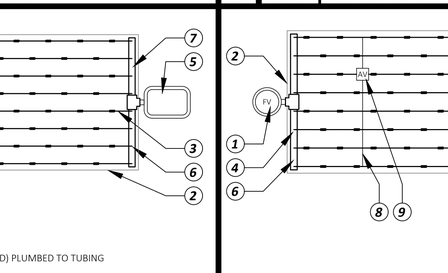
1. TOP OF MULCH
2. LANDSCAPE DRIP LINES
3. FINISH GRADE IN PLANTER AREAS, BACKFILL OVER DRIPLINE
4. FINISHED GRADE
5. SUB-GRADE OF NATIVE SOIL
6. (**) LATERAL DRIP LINE SPACING PER PLAN
7. RAINBIRD TDS-050 TIE-DOWN STAKE AT 3' O.C. MAX.



B Dripline Burial

1. PVC PIPE (PER LEGEND)
2. SCH. 40 PVC TEE
3. LANDSCAPE DRIP TUBING (PER LEGEND)
4. SCH. 40 PVC MALE ADAPTER
5. COMPRESSION ADAPTER FITTING
6. SCH. 40 PVC CROSS
7. COMPRESSION COUPLING
8. COMPRESSION ELBOW FITTING
9. COMPRESSION TEE FITTING

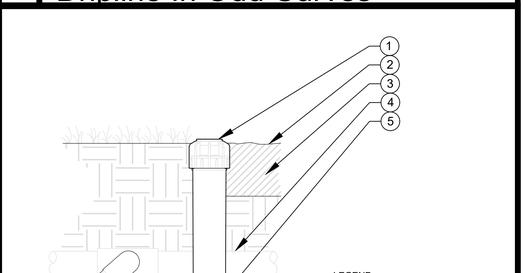
NOTES:
ALL PERIMETER LATERALS ARE TO BE 2" TO 4" FROM THE EDGE OF PLANTER AREA. CONTRACTOR TO SIZE PVC SUPPLY MANIFOLD TO COMPENSATE FOR FLUSH VALVE FLOWS. THE TOTAL LENGTH OF ALL INTERCONNECTED DRIP LINE SHALL NOT EXCEED THE MAXIMUM RUN LENGTH.



C Dripline Fittings

1. AUTOMATIC FLUSH VALVE (PER LEGEND) PLUMBED TO TUBING
2. AREA PERIMETER
3. LANDSCAPE DRIP TUBING (PER LEGEND)
4. PVC FLUSH MANIFOLD
5. REMOTE CONTROL VALVE WITH FILTER AND PRESSURE REGULATOR (SEE RCV DETAIL)
6. MANIFOLD-TO-ELBOW CONNECTION
7. PVC SUPPLY MANIFOLD
8. AIR/VACUUM RELIEF VALVE (PER LEGEND) PLUMBED TO BLANK TUBING AT EACH HIGH POINT
9. COMPRESSION TEE FITTING

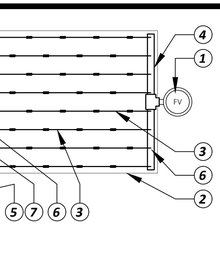
NOTES:
ALL PERIMETER LATERALS ARE TO BE 2" TO 4" FROM THE EDGE OF PLANTER AREA. CONTRACTOR TO SIZE PVC SUPPLY MANIFOLD TO COMPENSATE FOR FLUSH VALVE FLOWS. THE TOTAL LENGTH OF ALL INTERCONNECTED DRIP LINE SHALL NOT EXCEED THE MAXIMUM RUN LENGTH.



D Dripline In Odd Curves

1. AUTOMATIC FLUSH VALVE (PER LEGEND) PLUMBED TO TUBING
2. AREA PERIMETER
3. LANDSCAPE DRIP TUBING (PER LEGEND)
4. PVC FLUSH MANIFOLD
5. REMOTE CONTROL VALVE WITH FILTER AND PRESSURE REGULATOR (SEE RCV DETAIL)
6. MANIFOLD-TO-ELBOW CONNECTION
7. PVC SUPPLY MANIFOLD
8. AIR/VACUUM RELIEF VALVE (PER LEGEND) PLUMBED TO BLANK TUBING AT EACH HIGH POINT
9. AIR/RELIEF BLANK TUBING LATERAL ON MOUNDS OR BERMS

NOTES:
ALL PERIMETER LATERALS ARE TO BE 2" TO 4" FROM THE EDGE OF PLANTER AREA.



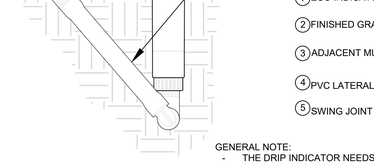
E Dripline End Connection

1. AUTOMATIC FLUSH VALVE (PER LEGEND) PLUMBED TO TUBING
2. AREA PERIMETER
3. LANDSCAPE DRIP TUBING (PER LEGEND)
4. PVC FLUSH MANIFOLD
5. REMOTE CONTROL VALVE WITH FILTER AND PRESSURE REGULATOR (SEE RCV DETAIL)
6. MANIFOLD-TO-ELBOW CONNECTION
7. PVC SUPPLY MANIFOLD
8. AIR/VACUUM RELIEF VALVE (PER LEGEND) PLUMBED TO BLANK TUBING AT EACH HIGH POINT
9. PRESSURE REGULATOR LOCATED AT EACH SUPPLY MANIFOLD

NOTES:
ALL PERIMETER LATERALS ARE TO BE 2" TO 4" FROM THE EDGE OF PLANTER AREA. CONTRACTOR TO SIZE PVC SUPPLY MANIFOLD TO COMPENSATE FOR FLUSH VALVE FLOWS.

F Dripline Center Connection

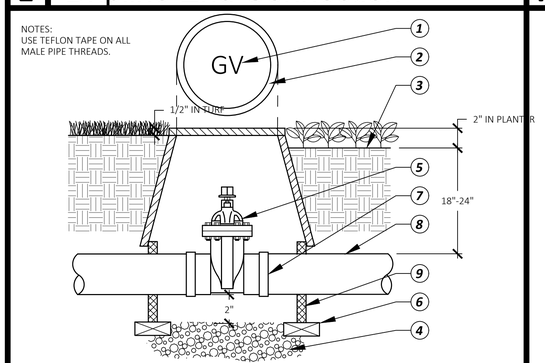
1. AUTOMATIC FLUSH VALVE (PER LEGEND) PLUMBED TO TUBING
2. AREA PERIMETER
3. LANDSCAPE DRIP TUBING (PER LEGEND)
4. PVC FLUSH MANIFOLD
5. REMOTE CONTROL VALVE WITH FILTER AND PRESSURE REGULATOR (SEE RCV DETAIL)
6. MANIFOLD-TO-ELBOW CONNECTION
7. PVC SUPPLY MANIFOLD
8. AIR/VACUUM RELIEF VALVE (PER LEGEND) PLUMBED TO BLANK TUBING AT EACH HIGH POINT
9. AIR/RELIEF BLANK TUBING LATERAL ON MOUNDS OR BERMS



NOTES:
ALL PERIMETER LATERALS ARE TO BE 2" TO 4" FROM THE EDGE OF PLANTER AREA.

G Dripline Multiple Connections

1. AUTOMATIC FLUSH VALVE (PER LEGEND) PLUMBED TO TUBING
2. AREA PERIMETER
3. LANDSCAPE DRIP TUBING (PER LEGEND)
4. PVC FLUSH MANIFOLD
5. REMOTE CONTROL VALVE WITH FILTER AND PRESSURE REGULATOR (SEE RCV DETAIL)
6. MANIFOLD-TO-ELBOW CONNECTION
7. PVC SUPPLY MANIFOLD
8. AIR/VACUUM RELIEF VALVE (PER LEGEND) PLUMBED TO BLANK TUBING AT EACH HIGH POINT
9. COMPRESSION TEE FITTING



NOTES:
ALL PERIMETER LATERALS ARE TO BE 2" TO 4" FROM THE EDGE OF PLANTER AREA. CONTRACTOR TO SIZE PVC SUPPLY MANIFOLD TO COMPENSATE FOR FLUSH VALVE FLOWS. THE TOTAL LENGTH OF ALL INTERCONNECTED DRIP LINE SHALL NOT EXCEED THE MAXIMUM RUN LENGTH.

H Drip Indicator

LEGEND:
1. ECO INDICATOR - HM.EI.01
2. FINISHED GRADE
3. ADJACENT MULCH
4. PVC LATERAL PIPE
5. SWING JOINT

GENERAL NOTE:
- THE DRIP INDICATOR NEEDS TO BE INSTALLED VISUALLY FROM THE ACTIVATING VALVE.

NOTES:
USE TEFLON TAPE ON ALL MALE PIPE THREADS.

1. 10" ROUND PLASTIC VALVE BOX WITH LOCKING LID AND SS BOLT SIZED AS REQUIRED. COLOR TO BE PURPLE
2. HEAT BRAND "GV" ON LID IN 2" HIGH CHARACTERS
3. FINISH GRADE
4. 3/4" CRUSHED ROCK - 4" DEEP
5. GATE VALVE PER LEGEND
6. COMMON BRICK - 4 REQUIRED
7. ADAPT TO MAINLINE AS NECESSARY
8. MAINLINE PIPING PER LEGEND
9. VALVE BOX EXTENSIONS AS REQUIRED

I Gate Valve

IRRIGATION

PART 1 - GENERAL

Refer to standard contract documentation for items outside of technical installation scope.

1.01 GENERAL CONDITIONS:

A. Provide all labor, materials, tools, transportation, equipment and incidentals necessary to perform the work as indicated on the Irrigation Plans and as herein specified to install a complete and fully functioning Automatic Irrigation system providing full coverage of all planted areas.

1.02 SCOPE OF WORK:

A. Irrigation materials and equipment.
B. Installation standards.
C. System location and layout.
D. Excavation and backfill.
E. Installation of pipe, equipment, and appurtenances.
F. Water flow meters.
G. Field quality control - Coverage Tests, as builts, and 3rd party water audit.
H. Plant irrigation establishment period.
I. Clean up.

1.03 REFERENCES:

A. The Standard Specifications for Public Works Construction, "Greenbook", latest edition at the time of Bid, is reference as if herein contained and the contractor shall keep a copy at the project site. These Specifications shall supersede conflicts with information given in the "Greenbook", unless otherwise determined by the Owner or their designated representative.
B. American Society for Testing and Materials (ASTM):
   1. ASTM A53, ASTM D1557,ASTM D1785, ASTM D2241, ASTM D2464, ASTM D2466, ASTM D2564,
C. California Code of Regulations, Title 24:
   1. Part 3 California Electrical Code
D. Underwriters Laboratories Inc. (UL):
   1. UL 651 Schedule 40 and 80 Rigid PVC Conduit.

1.04 VERIFICATION OF DIMENSIONS:

A. Dimensions and layout are approximate, before proceeding with any work, Contractor shall verify all dimension and shall immediately inform the L.A. and owner of any discrepancies between the drawings and/or specifications and actual field conditions. No work shall be done in any area where there is such a discrepancy until approval has been given by L.A. and owner. Any work done without notification and prior approval will be the sole responsibility of the Contractor to remedy as required by L.A. and Owner.

1.05 SUBMITTALS:

A. Existing Static water pressure/ Water service size verification:
   Contractor to document readings in writing on Contractors form that list time & date, reading in PSI, location, and type of gauge used in addition to date stamped photographs of reading. Contractor to document all points of service including both potable and recycled. Final results shall be submitted to the Owners representative prior to purchase of equipment and material.
B. Materials List:
   1. Complete material list shall be submitted prior to performing any work. Catalog data and full descriptive literature must be submitted whenever the use of the item is different than those specified is requested. Notarized certificate must be submitted by plastic pipe and fitting manufacturer indicating that material complies with specifications, unless material has been previously approved.
   2. Material list shall be submitted using the following format (double spaced between each item):

	Item	Description	Manufacturer	Model
1.	Pressure Pipe		Lasco	Sch. 40
2.	Lawn Head		Rainbird	1804-SAM-PRS
	Etc.	Etc.	Etc.	Etc.

C. Record Drawings:
   1. Record accurately on one set of contract drawings all changes in the work constituting departures from the original contract drawings daily including noting when work was done.
   2. The changes and dimensions shall be recorded in a legible and workmanlike manner to the satisfaction of the Owners Representative. Prior to final inspection of work, submit record drawings to Owners Representative for approval.
   3. Dimensions shall be from two permanent points of reference (buildings, monuments, sidewalks, curbs, pavement, etc.). Data to be shown on record drawing shall be recorded day to day as the project is being installed. All lettering on drawings shall be minimum 1/8 inch in size.
   4. Show locations and depths of the following items:
      a. Point of connection.
      e. Routing of sprinkler pressure lines (dimension maximum 100 feet along routing) and Routing of control wires.
      f. Gate valves/ Isolation valves and Sprinkler control valves.
      g. Quick coupling valves.
      h. Related equipment (as may be directed).
   5. Maintain record drawings on-site at all times. Upon completion of work, transfer all as-built information to clean blackline print for reproduction and create a digital PDF.
D. Operation and Maintenance Manual: Operation and Maintenance Data, for submittal requirements. As a minimum, provide operation and maintenance instructions for the following items:
   1. Electric Remote-Control Valves (including master control valves);
   2. Irrigation Controller including Satellite Irrigation Controllers;
   3. Water Flow Meters; and
   4. Irrigation Controller support Software and Accessories.

1.05 QUALITY ASSURANCE:

A. The landscape irrigation system shall consist of a completely automatic, electrically-controlled bubbler, drip, and spray-irrigation system. The system shall be installed to provide complete coverage with minimum maintenance. The irrigation system shall be installed to prevent overspray onto walks and structures.
B. The irrigation system shall avoid conflicts with plant materials, lighting standards, sign posts, architectural features, above and below ground utilities, and drainage system. Contractor responsible for coordination with other trades to verify acceptable locations to avoid conflicts in addition to providing additional heads or adjustments as required.
C. Irrigation piping layout is schematic, showing location of pipes and fittings close to landscape areas is not always possible graphically. All equipment shall be located inside the landscape areas.
D. Planting Irrigation establishment period is specified in the Planting Specifications and is the same duration as the Plant Establishment period..

1.06 SEQUENCE AND SCHEDULING:

A. Contractor to coordinate layout and installation of irrigation sleeves, conduits, and piping under paved areas and other features prior to their construction with other trades.
B. Coordinate installation of irrigation system with excavation of planting beds and backfilling of planting beds with topsoil.
C. The irrigation system shall be installed, tested, and fully automatic prior to installation of plant material.
D. Tree and plant locations shall be staked or flagged in the field prior to installation of irrigation pipe and heads/emitters. Refer to the plant list on the Contract Drawings for plant setbacks and spacing requirements.

1.07 EXISTING UTILITIES:

A. Existing utilities and conditions: Prior to cutting into the soil, locate all cables, conduits, sewer lines, septic systems, and other utilities commonly encountered underground and take proper precautions not to damage or disturb such improvements. If a conflict exists between such obstacles and the proposed work, promptly notify the L.A. and Owner who will give direction. Proceed in the same manner if a rock layer or any other conditions encountered underground make changes advisable.
   1. Where investigation of subsurface conditions has been made by a qualified body in areas in which local materials may be obtained, the Contractor may request the use of such information but will be solely responsible for its verification and accuracy
   2. It is the Contractors sole responsibility to verify any located or demarked utilities via pot holing or other method prior to start of excavation. Failure to do so will result in all damages being the sole responsibility of the Contractor.

1.08 INSPECTIONS:

A. Inspections will be required for:
   1. Pressure test of irrigation main line.
   2. Coverage test.
   3. Manufacture certification, for warranty, verification of installation per manufacture requirements.
   4. Final inspection/start of maintenance. Final inspection shall be performed by the Owners Representative and Landscape Architect. All sensors, gauges, grounding, and accessories must be installed and functioning/programmed per manufacture. A third party water audit by a Certified Landscape Irrigation Auditor per MWELO requirements must be completed and final report supplied prior to inspection.
   5. Completion of maintenance and owner's Final acceptance.
B. Inspection Requests:
   1. Contractor shall notify the Owners Representative and Landscape Architect in advance for requesting all inspections as follows:
      Pressure supply line installation and testing - 36 hours (1- 2 working days)
      System layout - 36 hours (1- 2 working days)
      Coverage Tests - 36 hours (1- 2 working days)
      Final Inspection - 48 hours (2 working days)
   2. When inspections have been conducted by other approved personnel, the Contractor shall show evidence in writing of when and by whom these inspections were made including a signature of the referenced Inspector.
   3. No inspection will commence without updated "record" prints. In the event the Contractor calls for an inspection without the appropriate required information or completed work the the inspection will be terminated and the Contractor charged for the inspectors time and must reschedule.
C. Closing in Un-inspected Work:
   1. Do not allow or cause any of the work of this section to be covered up or enclosed until it has been inspected, tested, and approved by the Owners Representative.
   2. Any additional inspections required due to the Contractors actions, such as failing to have work inspected or covering it prior will- result in additional inspections charged by the current hourly rate of the Landscape Architect or Certified Irrigation designer/Auditor including travel time and expenses.
D. Coverage Test/ Adjustments:
   1. When the sprinkler system is completed, Contractor shall perform a coverage test in the presence of the Owners Representative and the Landscape Architect to determine if the water coverage for planting areas is complete and adequate. This test shall be accomplished before any planting.
   2. Any adjustment required for proper coverage shall be the Contractors Responsibility, and shall include field adjustments and additions as needed to head layout as directed by the Landscape Architect. All additional cost associated with final system tuning and adjustments shall be the Contractors Responsibility.
E. Hydrostatic Tests:
   1. All pressure lines shall be tested under a hydrostatic pressure of 150 psi for a period of not less than two hours or per local governing regulation- whichever is greater.
   2. All hydrostatic tests shall be made in the presence of the Owners Representative. No pressure line shall be backfilled until it has been inspected, tested, and approved in writing.
F. Contractor shall furnish necessary force pump and all other test equipment.

1.09 TURNOVER ITEMS:

A. Controller Charts:
   1. Record drawings must be approved by Owners representative before charts are prepared.
   2. Provide one controller chart for each automatic controller. Chart shall show the area covered by controller.
   3. The chart is to be a reduced copy of the actual "record" drawing. In the event the controller sequence is not legible when the drawing is reduced, it shall be enlarged to a readable size.
   4. Chart shall be a blackline print with a different color used to show the area of coverage for each station.
   5. When completed and approved, the chart shall be hermetically sealed between two pieces of plastic, each piece being a minimum 20 mils in thickness.
B. Operation and Maintenance Manuals:
   1. Two individually bound copies of operation and maintenance manuals shall be delivered to the Owners Representative 10 calendar days prior to final inspection. The manuals shall describe the material installed.
   2. Each complete, bound manual shall include the following information:
      a. Index sheet stating Contractor's address and telephone number, duration of guarantee period, list of equipment including names and addresses of local manufacturer representatives.
      b. Complete operating and maintenance instructions for all equipment.
      c. Spare parts lists and related manufacturer information for all equipment.
C. Equipment:
   1. Supply as part of this contract the following items:
      a. 4 additional sprinkler heads and or emitter of each type and spray pattern shown.
      b. Two (2) wrenches for disassembly and adjustment of each type of sprinkler head involved.
      c. 10 additional drip emitters of each type and flow rate shown.
      d. 25' of each type of drip tubing used per plan, and 6 of each fittings used.
      e. Two keys for each automatic controller.
D. Contractor to supply and verify with the Owners Representative what type of padlocks and keys are required for enclosures that can be padlocked. Each locking mechanism must have 4 copies of the correct key for turnover to the Owners Representative. Depending on actual enclosures per plan this includes locks for gates, any needed chains/cables, and other security instruments for the protection of Irrigation equipment.
E. Third party writer audit shall be supplied by contractor at their cost. Final report shall be submitted for approval prior to punch walk.

1.12 GUARANTEE:

A. General:
   The entire sprinkler system, including all work done under this contract, shall be guaranteed against all defects and fault of material and workmanship for a period of one (1) year following the filing of the Notice of Completion. All materials used shall carry a manufacturer's guarantee of one (1) year.
   Should any problem with the irrigation system be discovered within the guarantee period, it shall be corrected by the Contractor at no additional expense to the Owner within ten (10) calendar days of receipt of written notice from the Owners Representative. When the nature of the repairs as determined by the Owners Representative constitute an emergency (e.g. broken pressure line) the Owner may proceed to make repairs at the Contractor's expense. Any and all damages to existing improvement resulting either from faulty materials or workmanship, or from the necessary repairs to correct same, shall be repaired to the satisfaction of the Owners Representative by the Contractor, all at no additional cost to the Owner.

PART 2 - MATERIALS

2.01 GENERAL:

A. Materials and or equipment installed or furnished shall be new and in pristine condition. Materials that have faded, are dirty, or have been improperly stored will be rejected and shall be removed from the site and replaced at no expense to the Owner.
B. All materials shall be stored per manufactures recommendation and protected from, weather, construction activities, and vandalism/theft.

2.02 PIPE:

A. Pressure supply line from point of connection through backflow prevention unit shall be Type 'K' brass or copper pipe or per local code requirments.
B. Pressure supply lines 2-1/2 inches in diameter and up to 6 inches in diameter downstream of backflow prevention unit shall be Class 315 PVC.
C. Pressure supply lines 2 inches in diameter and smaller downstream of the backflow prevention unit shall be Schedule 40 solvent weld PVC.
D. Non-pressure lines shall be Schedule 40 solvent weld PVC.

2.03 COPPER PIPE AND FITTINGS:

A. Copper pipe shall be Type 'K', hard tempered ASTM B 88 and fittings shall be wrought solder joint type in accordance with ANSI B16.22.
B. Joints shall be soldered with silver solder, conforming to ASTM B206.

2.04 BRASS PIPE AND FITTINGS:

A. Brass pipe shall be 85 percent red brass, ANSI, Schedule 40 screwed pipe.
B. Fittings shall be medium brass, screwed 125-pound class.

2.05 GALVANIZED STEEL PIPE AND FITTINGS:

A. All galvanized steel pipe shall be Schedule 40, threaded, coupled, and hot-dipped galvanized, and shall comply with the requirements of ASTM A 120-66 or ASTM A 53-67.
B. All fittings for galvanized steel pipe shall be 150-pound rated galvanized malleable iron, banded pattern.
C. Pipe sizes indicated on the drawings are nominal inside diameter, unless otherwise noted.

2.06 CONDUIT:

A. Conduit: Provide rigid non-metallic conduit conforming to UL Standard No. 651 for rigid non-metallic conduit, such as Schedule 40 PVC conduit, unless otherwise indicated.

2.07 PLASTIC PIPE AND FITTINGS:

A. All plastic pipe shall bear the following markings: manufacturer's name, nominal pipe size, schedule or class, type of material, pressure rating in psi, NSF seal of approval, and the date of extrusion.
B. All plastic pipe shall be extruded of an improved PVC virgin pipe compound.
C. Rubber gasket PVC pipe, couplings, and fittings shall conform to ASTM D 1784 Type I, Grade I, 2,000-psi design stress. Couplings, rubber gaskets, and fittings shall be as approved by the pipe manufacturer.
D. Ring-type rubber gasket couplings shall permit a 5 degree deflection of the pipe at each coupling (2-1/2 degree each side) without exfiltration or infiltration, cracking or breaking.
E. All fittings shall be standard weight Schedule 40 and shall be injection molded of an improved PVC fitting compound. Threaded plastic fittings shall be injection molded. All tees and ells shall be side gated.
F. When connection is plastic to metal, male adapters shall be used. The male adapter shall be hand tightened, plus one turn with a strap wrench. Joint compound shall be nonhardening sealing compound compatible with plastics. Compound must not lubricate the joint.
G. All threaded nipples shall be standard weight Schedule 80 with molded threads.
H. All solvent cementing of plastic pipe and fittings shall be a two-step process, using primer and solvent cement applied per the manufacturer's recommendations. Cement shall be of a fluid consistency, not gel-like or ropy.
I. Solvent cementing shall be neat and demonstrate quality workmanship- Primer and Glue shall not be used in excess or applied in a way to affect the portions of the pipe that are not part of the actual connected joint. Any joints with excessive runs/drips, trails, or globing of Glue and or Primer shall be cut out in whole and replaced at cost by the Contractor until an acceptable professional product is completed and accepted by the Owners Representative.

2.08 BACKFLOW PREVENTION UNITS:

A. The backflow prevention unit shall be as indicated on the drawings.

2.09 BACKFLOW PREVENTION ENCLOSURE:

A. The backflow prevention device enclosure shall be as indicated on the drawings or approved substitute. Install one for each backflow device.

2.10 BOOSTER PUMP:

A. The Pump unit shall be as indicated on the drawings if required.

2.11 VALVES:

A. Gate and Ball Valves:
   1. Ball valves 2 inches or smaller shall have screwed joints and brass bodies.
   2. All gate valves larger than 3 inches in diameter shall have 2-inch-square operating units and have an arrow cast in the metal indicating the direction of opening. Valves shall have iron body and be bronze mounted.
   3. All gate valves larger than 2 inches and up to 3 inches in diameter shall conform to (1) or (2) above.
   4. All gate valves shall have a minimum working pressure of not less than 150 psi and shall conform to AWWA standards.
B. Quick Coupling Valves:
   1. Body of valves shall be brass with a wall thickness guaranteed to withstand normal working pressure of 150 psi without leakage. Valves shall have 3/4-inch female threads opening at base, with two-piece body. Construct valves to be operated only with a coupler, designed for that purpose. Coupler is inserted into valve and a positive, watertight connection shall be made between coupler and valve. Hinge cover shall be brass with a yellow rubber-like vinyl cover bonded to it.
C. Remote Control Valves:
   1. Valves shall be spring-loaded, self-cleaning, packless diaphragm activated, of a normally closed type.

2.12 VALVE BOXES:

A. Valve boxes shall be fabricated from a durable, weather-resistant plastic material resistant to sunlight and chemical action of soils, color to be green unless otherwise specified by plans
B. The valve box cover shall be secured with a hidden latch mechanism or bolts.
C. The cover and box shall be capable of sustaining a load of 1,500 pounds.
D. Valve box extensions shall be by the same manufacturer as the valve box.
E. Gate valve boxes shall be round plastic boxes with bolt-down covers marked "GV," heat branded in 2" high characters; AMETEK or approved equal.
F. Remote control valve boxes shall be rectangular plastic boxes with bolt-down covers marked "RCV"; and with the valve identification number heat branded in 2" high characters; AMETEK or approved equal.
G. Valve boxes shall be sized to fit all equipment with ample room for operation and any required maintenance tasks, Contractor to adjust as needed per field conditions and final assembly of components at no additional cost.

2.13 AUTOMATIC CONTROLLER:

A. Automatic controller and enclosure shall be as called for on the plans

2.14 ELECTRICAL:

A. All electrical equipment shall be NEMA Type 3, waterproofed for exterior installation.
B. All electrical work shall conform to local codes and ordinances.

2.15 WIRING:

A. Remote control wire shall be direct-burial AWG-UF type, sized according to manufacturer's specifications per the drawings, and in no case smaller than 14 gauge.
B. Connections shall be either Spears Dri Splice or 3M DBR/Y Direct burial type connectors per the details.
C. Common wires shall be white in color. (Where two or more controllers are used, the common wires shall be white with a different color stripe for each controller.) Control wires shall be black (where two or more controllers are used, the control wires shall be a different color for each controller.) These colors shall be noted on as-built plans located on controller door.
D. Two wire systems shall use the required specified wire and connectors per the manufacture.

2.16 SPRINKLERS:

A. Sprinklers shall be as called for on the plans.

2.17 FERTIGATION:

A. If called for on the plans shall be provided by Eco-Fert fertigation. Contractor shall coordinate installation and programming with Eco-Fert. Eco-Fert System Number EFSS-FP1. Coordinate Installation with Eco-Fert (949) 766-5800 and include all piping, conduits and electrical service for installation.

PART 3 - EXECUTION

3.01 GENERAL:

A. Water Supply:
   1. Connections to or for the installation of the water supply shall be at the locations shown on the drawings. Any changes caused by actual site conditions shall be made at no additional cost to the Owner.
B. Electrical Service:
   1. Contractor shall make and supply all electrical connections including conduit, wiring, and support breakers/switches to supply the irrigation controller, booster pump, and fertigation system in addition to any required ancillary equipment.
C. Layout:
   1. Layout irrigation system prior to excavation and make minor adjustments required due to differences between site and diagrammatic drawings/plans. All equipment to be located within planter areas. It is the Contractors responsibility to notify the Landscape Architect of any items of concern prior to start of installation. Any changes in layout or design by the Contractor not disclosed and approved prior by the Landscape Architect are made at the Contractors sole liability.
D. Diagrammatic Intent:
   1. The drawings are purposely diagrammatic, due to scale it is impossible to show all items in their actual location on the plan. The size and location of equipment and fixtures are drawn to scale where possible to show overall system makeup and design. Provide offsets in piping and changes in equipment locations as necessary to conform with structures, hardscape, and to avoid obstructions or conflicts with other work. Contractor shall not willfully install any equipment that would be out of place, cause issue/ interference with other work, or appear to be out of location per industry standards. All equipment shall be located in landscape areas with consistent offsets from hardscape unless specifically approved by the Owners Representative prior to installation for any non-conforming circumstances.
E. Modifications:
   1. Contractor shall make modifications to the irrigation system to avoid blockage of sprinkler irrigation patterns, to prevent overspray and excessive runoff onto walkway and parking areas, and to provide full irrigation coverage to the planted areas. Such modifications also include adjusting locations and or adding heads as required to spray around trees, light poles, sign posts, other objects that obstruct spray pattern, and any other adjustments required due to field conditions unknow at the time of design. All cost's associated with Modifications are the Contractors sole responsibility as they shall be considered included as part of the bid.
F. Grades:
   1. Before starting work, carefully check all grades to determine that the site is properly graded and work may safely proceed, keeping within the specified material depths with respect to finish grade.
G. Inspections:
   1. Prior to all work of this section, carefully inspect the current work of all other trades and verify that all such work is complete to the point where this installation may properly commence. Any installation prior to the completion of other trades that requires work to be adjusted or redone is the sole responsibility of the contractor.
   2. Verify existing grades are correct and that proper coverage per the details and final equipment locations and heights are correct. Any work installed that is found to be incorrectly installed per the details that requires adjustment to equipment or pipe relocation is the sole responsibility of the Contractor.
   3. Verify that irrigation system may be installed in strict accordance with all pertinent codes and regulations, the original design, the referenced standards, and the manufacturer's recommendations.
H. Discrepancies:
   1. In the event of discrepancy, notify the Owners Representative and the Landscape Architect prior to starting work.
   2. Do not proceed with installation in areas of discrepancy until all discrepancies have been resolved and approval of solution has been granted in writing.
   3. Failure of the Contractor to accurately lay out or knowingly install the system in a way that creates design inadequacies without prior acknowledgement to the Owners Representative will be the direct responsibility of the Contractor to remedy without any additional costs or impact to the Owner.
I. Field Measurements:
   1. Contractor shall be responsible to make all necessary measurements in the field to ensure precise fit of items in accordance with the original design. Contractor shall coordinate the installation of all irrigation materials with all other trades, including the proper location of required sleeves, and support items that may involve other trades.

3.02 INSTALLATION STANDARDS:

A. The landscape irrigation system shall be installed in accordance with applicable requirements of the California Plumbing Code and California Electrical Code, and the requirements of the jurisdictional water company or utility district.
B. Manufactured materials and equipment shall be installed in accordance with the respective manufacturer's instructions for the location and conditions including any manufacture specific requirements such as specialized connectors and or hardware regardless of there specific inclusion in the plans or details.

3.03 TRENCHING:

A. Dig trenches and support pipe continuously on bottom of ditch. Lay pipe to an even grade and snake for contraction and expansion requirements. Trenching excavation shall follow layout indicated on drawings to the depths below finished grade and as noted. Where lines occur under paved area, these dimensions shall be considered below subgrade.
B. Contractor responsible for all trenching activities which shall be in accordance with current safety and OSHA requirements.
C. Provide minimum cover of 24 inches, maximum 30 inches on pressure supply lines 3 inches and larger.
D. Provide minimum cover of 18 inches, maximum 24 inches on pressure supply lines 2-1/2 inches and smaller.
E. Provide minimum cover of 4" for subsurface drip lines, or as recommended by the subsurface drip line manufacture.
F. Provide minimum cover of 18 inches, maximum 24 inches for control wires.
G. Provide minimum cover of 12 inches, maximum 16 inches for non-pressure lines.
H. Provide minimum cover of 24 inches, maximum 30 inches for all pipe sleeved under paving.
I. Provide minimum cover of 36 inches in infiltration areas (6" minimum backfill cover over pipe beneath gravel layer).
J. When two pipes are to be placed in the same trench, maintain a six-inch space between pipes as a minimum. No pipe shall be installed directly over or next to another.
K. For pressurized lines, snake as needed in the trench to allow for minor expansion and contraction depending on the type of pipe used. Follow manufactures recommendations.
L. Where it is necessary to excavate adjacent to existing trees, the Contractor shall avoid injury to trees and tree roots. Excavation in areas where 2-inch and larger roots occur shall be done by hand. All roots 2 inches and larger in diameter shall be tunneled under and shall be heavily wrapped with wet burlap to prevent scarring or drying. Where trenching machine is run close to trees having roots smaller than 2 inches in diameter, the wall of the trench adjacent to the tree shall be hand trimmed, making a clean cut through the roots. Roots 1 inch and larger in diameter shall be painted with two coats of Tree Seal or approved equal. Trenches adjacent to trees shall be closed within 24 hours. Any damage to tree root structure and resulting decline will be the sole responsibility of the Contractor.
M. After trenches have been excavated, pipe shall be installed, tested, and inspected, and the trench shall be backfilled and compacted without undue delay.

3.04 PIPING:

A. Piping under existing pavement may be installed by jacking, boring, or hydraulic driving. No hydraulic driving is permitted under asphaltic concrete pavement.
B. Cutting or breaking of existing pavement is not permitted.
C. Carefully inspect all pipe and fittings before installation, removing dirt, scale, and burrs and reaming; install pipe with all markings up for visual inspection and verification.
D. Exercise care in handling, loading, unloading, and storing plastic pipe and fittings; store plastic pipe and fittings under cover until ready to install; transport plastic pipe on a vehicle with a bed long enough to allow the pipe to lay flat, avoid undue bending and any concentrated external load.
E. Remove all dented, crushed, scratched, and damaged pipe sections.
F. Contractor shall install concrete thrust blocking at all changes of direction and terminal points of pressure pipe per plans and for a pipe 3" and larger as a standard.
G. All lines shall have a minimum clearance of 6 inches from each other and 12 inches from lines of other trades.
H. Parallel lines shall not be installed directly over one another.
I. In solvent welding/ cementing, use only the specified primer and solvent cement and make all joints in strict accordance with the manufacturer's recommended methods; allow solvent welds at least 15 minutes setup time before moving or handling and 24 hours curing time before filling.
J. Solvent welding/cementing shall be neat and demonstrate quality workmanship- Primer and Glue shall not be used in excess or applied in a way to affect the portions of the pipe that are not part of the actual connected joint. Any joints with excessive runs/drips, trails, or globing of Glue and or Primer shall be cut out in whole and replaced at cost by the Contractor until an acceptable professional product is completed and accepted by the Owners Representative
K. 360-degree applicators shall be used to apply primer and solvent on sizes - 2 inches and larger.
L. Center load all plastic pipe prior to pressure testing.
M. All threaded plastic-to-plastic connections shall be assembled using Teflon tape.
N. For plastic-to-metal connections, work the metal connections first. Use a nonhardening pipe dope on all threaded plastic-to-metal connections, except where noted otherwise.
O. Snake all piping to allow for expansion and contraction due to environmental conditions.

3.05 ASSEMBLIES:

A. Install all assemblies specified herein according to the respective detail drawings or specifications, using best standard practice.
B. Install backflow assemblies at locations approved in the field and at height required by local codes.
C. Valves shall be installed in Landscape areas whenever possible per Owners Representative standards.
D. Each valve box shall be installed on a foundation of gravel backfill; 3 cubic feet minimum. Place boxes on common bricks bedded in backfill per details. Valve boxes shall be installed with their tops ½" inch above the surface of surrounding finish grade in lawn areas and 2" inch above the surface of surrounding finish grade in shrub areas or per details.
E. Valve box risers or extensions shall be installed as needed per field conditions at no additional cost, they shall be by the same manufacture as the installed box.
F. Areas with evidence burying rodents on site or adjacent will require metal fabric or wire mesh installed under boxes prior to gravel and shall be placed at all other possible entry points to protect the equipment from damage. All cost associated with wire fabric installation shall be the responsibility of the contractor.

3.06 BACKFILLING:

A. Before pipeline trenches are backfilled, the irrigation system shall be pressure tested and the location of irrigation heads modified as required to obtain complete and uniform coverage of each plant's root ball. Refer to field quality control requirements specified herein.
B. Initial backfill on all lines shall be of fine granular material with no foreign matter larger than 2 inch in size. Reference section 217-1.1 of the "Greenbook" for further requirements of bedding material. All protruding rocks or other material capable of damaging pipe will shall be removed from trench walls or bottom prior to placement of pipes or conduits.
C. Compaction of backfill in landscaped areas shall be not less than that of surrounding ground as determined by ASTM D1557.
D. Backfill shall be tamped in 4-inch lifts under the pipe and uniformly on both sides for the full width of the trench and the full length of the pipe. Materials shall be sufficiently damp to permit thorough compaction, free of voids. Backfill shall be compacted to dry density equal to adjacent undisturbed soil and shall conform to adjacent grades.
E. Flooding in lieu of tamping is not allowed without specific prior approval.
F. Under no circumstances shall truck wheels be used to compact soil.
G. Provide washed sand backfill a minimum of 6 inches over and under all piping under paved areas.

3.07 CONTROLLER:

A. The exact location of the controller shall be approved by the Owners Representative before installation. The electrical service shall be coordinated to this location by the Contractor.
B. Fertigation controller will be located next to fertigation unit per plan if included. Maintenance access shall be provided.
C. Pump starter shall be connected to controller pump starter relay switch.
D. The irrigation system shall be programmed to operate during the periods of minimal use of the design area, and for maximum efficiency.
E. Testing/Certifications Requirements:
   1. All manufacturer requirements for certification and or warranty release of the system in addition to electrical code requirements are the Contractors responsibility to meet and supply proof in the form of documentation of inspection and compliance.

3.08 WIRING:

A. Wiring shall occupy the same trench and shall be installed along the same route as the pressure supply lines and shall be located below the supply lines wherever possible.
B. Where more than one wire is placed in a trench, the wiring shall be taped together at intervals of 10 feet.
C. All connections shall be of an approved type and shall occur in a valve box. Provide an 18-inch service loop at each connection.
D. An expansion loop of 12 inches shall be provided at each wire connection and/or directional turn, and one of 24 inches shall be provided at each remote-control valve.
E. A continuous run of wire shall be used between a controller and each remote-control valve. Under no circumstances shall splices be used without prior approval.

3.09 FLUSHING THE SYSTEM:

A. Prior to installation of sprinkler heads, the valves shall be opened and a full head of water used to flush out the lines and risers.
B. Sprinkler heads shall be installed after flushing the system has been completed.

3.10 SPRINKLERS HEADS:

A. Sprinkler heads shall be installed as designated on the drawings and per Owners Representative standards.
B. Spacing of heads shall not exceed maximum indicated on the drawings.

3.11 ADJUSTING THE SYSTEM:

A. Contractor shall adjust valves, align heads, and verify coverage and pressure levels of each system prior to coverage test.
B. If it is determined by the Owners Representative that additional adjustments, heads or nozzle changes/ additions will be required to provide proper coverage, all necessary changes or adjustments shall be made prior to acceptance and any planting.
C. The entire system shall be operating automatically with permanent water and power properly before any planting operations commence.

3.12 PLANT ESTABLISHMENT:

A. Contractor to continually check and adjust the system for proper run times, coverage, and function throughout the Plant Establishment Period listed in planting specifications.

3.13 COMPLETION CLEANING:

A. Upon completion of the work, Contractor shall smooth all ground surfaces; remove excess materials, rubbish, debris, etc.; sweep adjacent streets, curbs, gutters, walkways, and trails; and remove construction equipment from the premises. Contractor is responsible for removing and cleaning any tracking, tire marking, or other visible signs of damage to existing facilities.

NOTES:

THESE PLANS COVER PLANTING AREAS ONLY. ALL EXISTING HARDSCAPE TO REMAIN.

- PLANT SYMBOL SIZE REPRESENTS PLANT AT MATURE SIZE, PLANT SPACING AS SHOWN ON PLAN.
- TREES/ SHRUBS/ GROUNDCOVERS MAY BE NATIVE TO CALIFORNIA. ANY REQUESTED SUBSTITUTIONS MADE DUE TO AVAILABILITY SHALL BE CALIFORNIA NATIVE SPECIES SHALL BE PRIOR APPROVED BY LANDSCAPE ARCHITECT.
- PLANT COUNTS ARE SHOWN FOR CONTRACTOR CONVENIENCE ONLY - CONTRACTOR SHALL VERIFY ORDER OF ACTUAL SYMBOL COUNT PER PLAN FROM THEIR OWN PERSONNEL'S TAKE-OFF OF.
- ALL PLANT MATERIAL 15 GALLON AND LARGER SHALL BE SPOTTED FOR FINAL LOCATION PRIOR TO EXCAVATION BY OWNERS REPRESENTATIVE.
- PLANTING ADJUSTMENTS/ REALIGNMENT DUE TO FINAL FIELD LOCATIONS OF UTILITIES SHALL BE INCLUDED AS PART OF CONTRACTOR BID.
- ALL TREES WITHIN 5' OF HARDSCAPE SHALL RECEIVE ROOT BARRIER PER DETAILS
- PLANT WATER USE VALUES ARE PER WUCOLS IV PLANT LIST
- SOIL AMENDMENT/SOIL MANAGEMENT PLAN SHALL BE PER RECOMMENDATIONS PROVIDED WITHIN THE AGRONOMIC SOIL TEST/ REPORT INCLUDED WITHIN THE PLANTING DETAILS
- CONTRACTOR SHALL COMPLETE PLANTING PIT INFILTRATION TESTS PRIOR TO TREE/SHRUB PLANTING WITH VERIFICATION FROM LANDSCAPE ARCHITECT AND OR THE OWNER'S REPRESENTATIVE, ANY ADDITIONAL REQUIRED ROOT ZONE DRY WELLS, OR BREATHER TUBES SHALL BE INCLUDED BASED UPON SOIL MANAGEMENT REPORT FINDINGS AND LOW PERCOLATION TREE DRY WALL DETAIL
- THE CONTRACTOR IS RESPONSIBLE FOR ALL REPAIRS AND/OR REPLACEMENT OF ANY DAMAGED LANDSCAPE AREAS BEYOND THE LIMIT OF WORK, INCLUDING REPAIRING ANY IRRIGATION LINES/SPRINKLER HEADS, WHERE DAMAGE IS A DIRECT RESULT OF LANDSCAPE CONSTRUCTION ACTIVITIES AND OR THEIR SUB-CONTRACTOR'S ACTIVITIES. REPLACEMENT ITEMS SHALL BE EXACT DUPLICATION OF ORIGINAL WORK OR PLANTS, UNLESS OTHERWISE APPROVED BY THE OWNER'S REPRESENTATIVE.
- SIGHT LINES WILL NOT BE AFFECTED BY ALL PLANTING WITHIN THE MEDIANS.

SCALE FACTOR:

AFTER MASS GRADING, THE CONTRACTOR SHALL AT THEIR OWN EXPENSE COMPLY WITH THE FOLLOWING SOIL MANAGEMENT REPORT REQUIREMENTS:

A SOIL MANAGEMENT REPORT SHALL BE COMPLETED BY THE CONTRACTOR, AS FOLLOWS:

A. SUBMIT SOIL SAMPLES TO A LABORATORY FOR ANALYSIS AND RECOMMENDATIONS.
   - SOIL SAMPLING SHALL BE CONDUCTED IN ACCORDANCE WITH LABORATORY PROTOCOL, INCLUDING PROTOCOLS REGARDING ADEQUATE SAMPLING DEPTH FOR THE INTENDED PLANTS.

B. THE SOIL ANALYSIS SHALL INCLUDE:
   - SOIL TEXTURE
   - INFILTRATION RATE DETERMINED BY LABORATORY TEST OR SOIL TEXTURE INFILTRATION RATE TABLE
   - PH
   - TOTAL SOLUBLE SALTS
   - SODIUM
   - PERCENT ORGANIC MATTER
   - AND RECOMMENDATIONS

C. IN AGGREGATED LANDSCAPE PROJECTS A SOIL SAMPLING RATE OF 1 IN 7 INDIVIDUAL LOTS OR APPROXIMATELY 15% OF THE TOTALNUMBER OF INDIVIDUAL LOTS WILL SATISFY THIS REQUIREMENT.

D. THE CONTRACTOR SHALL COMPLY WITH ONE OF THE FOLLOWING:
   - IF SIGNIFICANT MASS GRADING IS NOT PLANNED, THE SOIL MANAGEMENT REPORT SHALL BE SUBMITTED TO THE LOCAL AGENCY AS PART OF THE LANDSCAPE DOCUMENTATION PACKAGE; OR
   - IF SIGNIFICANT MASS GRADING IS PLANNED, THE SOIL MANAGEMENT REPORT SHALL BE SUBMITTED TO THE LOCAL AGENCY AS PART OF THE CERTIFICATE OF COMPLETION.

E. THE SOIL MANAGEMENT REPORT SHALL BE MADE AVAILABLE, IN A TIMELY MANNER, TO THE PROFESSIONALS PREPARING THE LANDSCAPE DESIGN PLANS AND IRRIGATION DESIGN PLANS TO MAKE ANY NECESSARY ADJUSTMENTS TO THE DESIGN PLANS.

F. THE CONTRACTOR SHALL SUBMIT DOCUMENTATION VERIFYING IMPLEMENTATION OF SOIL MANAGEMENT REPORT RECOMMENDATIONS TO THE LOCAL AGENCY WITH THE CERTIFICATE OF COMPLETION

PLANTING

PART 1 - GENERAL

Refer to standard contract documentation for items outside of technical installation scope.

1.01 SCOPE OF WORK

A. Work Included:
All labor and materials, tools, equipment, facilities, transportation,permits, and services necessary for and incidental to performing all operations in connection with furnishing, delivery, and installation of Landscaping, complete as shown on the drawings and/or specifications as part of the Contract documents.

Work includes, but is not limited to the following:
1. Provide and verify fine grading in all areas to be planted with positive drainage towards inlets, drains, and collection points per the grading plans.
2. Soil testing and analysis with specific recommendations based on the projects planting palette.
3. Furnish and apply weed control to all planting areas after the completion and acceptance of the Irrigation System- the Contractor is responsible for supplying all needed irrigation including additional temporary overhead irrigation to facilitate germination of all areas regardless of final irrigation coverage.
4. Preparation of soil in all planting areas per the soil analysis report and recommendations.
5. Furnish and install all plant material including, trees, shrubs, vine, and ground-covers if called for as called for by plans and details.
6. Furnish and install any plant related drainage devices per the plans and details, including sumps, drainage pipes, and air vents.
7. Remove temporary nursery stakes and replace with establishment staking per the plans and details.
8. Furnish and install and mulches, including organic, aggregate, or decorative if called for per the plans and details.
9. Furnish and install all boulders, stones, and or outcroppings if called for per the plans and details.
10. Furnish and install any specified Sod or turf if called for per the plans and details.
11. Furnish and install any planter separation devices such as redwood headers, aluminum edging, and or mow curbs if called for per the plans and details.
12. Furnish and install and then place any stones or boulders as root protection/shading devices if called for per the plans and details for shrubs and trees.
13. Maintenance and care of all plants and landscape material until final acceptance and official notice of completion of specified establishment and maintenance periods.
14. Guarantee of all installed material and workmanship for specified period.

B. Related Work:
Contractor shall coordinate and be aware of other previously or simultaneously in process work affected by their own scope(Contacts, Plans, and As-Built's available from Owner):
1. Concrete and flat work including sidewalks, curb and gutter, V gutters
2. Asphalt Paving
3. Utilities
4. Civil/ grading

1.02 Substitutions:
A. Substitutions for any indicated plant material shall only be allowed per the following cases:
1. Contractor submitted substitution as an RFI during bidding process and it was accepted via BID Amendment per the contract documents.
2. Contractor can document the lack of availability of material per plan within a 75 mile radius of the project within 30 days of the Notice to Proceed
3. Contractor shall receive no relief based on failure to secure plant material within 30 days of the Notice to Proceed.
4. Any additional time required by the Landscape Architect for approvals of substitutions shall be charged to the Contractor at the posted hourly rates of the Firms staff at time of bidding, including site visits and mileage.

1.03 Verification of Plant Quantities:
A. Quantities given for plant materials are shown for general convenience only. The Contractor shall provide all plants shown by symbols and/or listed spacing if a hatch is used per the plans. Any discrepancies shall be brought via RFI during bidding or shall be the Contractors sole responsibility to correct to the Landscape Architects discretion.

1.04 Inspections:
A. Inspections will be required to observe and verify the work. The Contractor shall contact the Owners Representative at least 48 hours (2 working days) in advance of any requested inspections. An inspection will be required at each of the progressing steps listed below:
1. Upon completion of fine grading, and prior to the commencement of soil preparation, for acceptance of fine grading and taking of soil samples.
2. Inspection of completed finish grading work per this section following soil amendment completion.
3. Percolation test of selected planting locations.
4. On site delivery of plant material.
5. When trees and shrubs are spotted/ staked for planting locations, prior to excavation of holes.
6. During the application of any pre-emergent herbicide.
7. When planting and all other specified work has been completed for the creation of a final punch list.
8. At the start of and end plant establishment.
9. At the end of the plant maintenance period, concurrent with final acceptance of the project by the owner, This acceptance will be confirmed in writing by the Landscape Architect or Owners Representative.

1.05 Soil Test:
A. Agronomic soil analysis shall be required with interpretation and recommendations for amendments based on the plant palette's requirements (including texture, organic matter, estimated nitrogen, phosphorus, potassium, magnesium, calcium, soil ph, hydrogen, cation exchange, percent base saturation, soluble salts, excess lime rate, sodium, and boron at the acceptance of fine grading. Total amount of individual tests required shall be at a minimum 1 test per 25,000 square feet or per plan, whichever is greater. Contractor shall note on a plan and submit with the test the locations samples were taken from. Creating a single composite mix of all samples is not allowed. The recommendations shall be specific to the plants per plans and if multiple types of amendments are required, they shall be listed per plant groupings or hydro-zones. The Contractor, as the site expert having done a full review, shall be aware of the current conditions and the standard requirements of the plants per plans. Any additional amendments or special soil mitigation shall be included in the contractors bid above the standards listed for estimating due to the contractors expertise and due diligence submitting a complete bid.

1.06 Submittals:
A. Contractor shall submit date stamped photos documenting current appearance of each plant listed in the plant legend, any trees 24" or above shall have photos showing two orientations(front/side) Photos shall clearly document size and condition as well as note the nursery by name and location, height, spread, caliper for trees and date image was taken.
B. In addition to the photos the contractor shall list how many of each plant and or tree the nursery has available at the time of submission. It is the Contractors responsibility to procure all plant material within 10 working days of approval. Any additional cost associated with contract grow, holding material, maintaining reserved stock, shall be included in the Contractors Bid as the procurement and scheduling of installation was scheduled and planned for based on the Contractors Master schedule.
C. Contractor shall submit written recommendations from a Certified Pest Control Advisor for all herbicides and pesticides to be used on site for approval by Landscape Architect and/or Owners Representative.
D. Contractor shall submit sample of all Mulch, aggregate groundcover, and D.G. per plan in a minimum 1 gallon bag zip lock type bag for approval by Landscape Architect.
E. The following written certifications and or delivery tickets are required to be submitted within 10 working days of delivery to the Landscape Architect upon delivery of the respective materials to the job site:
1. Total Quantity of commercial fertilizer by type.
2. Total Quantity of soil amendments and conditioners by type.
3. Total Quantity of mulch or ground covering material such as aggregate, gravels, and cobble.
4. Any seed material including Hydro seed mix components if called for by the plans.
Failure to supply proof of delivery to the site of the required products shall cause a delay in scheduled billings be approved until the documentation is provided in full.

1.07 Quality Control:
A. The Contractor shall guarantee all plant material against all defects, fault of material, and workmanship/installation for the entire maintenance period, including full removal and replacement when directed by the Owners Representative. The Contractor shall replace all items within 7 working days of notice or be charged the contract amount for liquidated damages per each day beyond the 7 working days.

1.08 Tree and shrub guarantee:
A. The Contractor shall guarantee all plant material 15 gallon and larger in size for a period of one year from final acceptance of the project. Any material 15 gallon or larger found to be in decline or dead shall be replaced in kind per the plans at no cost to the owner, within two weeks of notice.

PART 2 - MATERIALS

2.01 Required Submittals
A. All plant materials, landscape materials up to but not limited to mulch, boulders, and stones must be submitted within 30 days of the Notice to Proceed for Landscape Architect for review and approval. Contractor shall allow for 5 working days for submittal review.

2.02 FERTILIZER, SOIL AMENDMENTS, AND CONDITIONERS
A. Fertilizers:
1. Fertilizer and amendments for soil conditioning and maintenance shall bear the manufacturer's guaranteed analysis and shall be as recommended in the required soils laboratory report.
2. Fertilizer tablets if called for shall be Gro-Power 7 gram 20-10-5, to be applied per Manufacturer's Specifications.

B. Soil Amendments
1. Myco tabs if called for shall be TRI-C 1.68 gram Myco Tabs(Mycorrhizal + NPK) to be applied per Manufacturer's Specifications.
2. Myco Paks if called for shall be TRI-C 4 gram Myco Paks to be applied per Manufacturer's Specifications.

C. Conditioners
1. Premium Humate if called for shall be TRI-C premium humate applied per manufacturer's specification for soil preparation via Roto-tilling.
2. Revival Plus if called for shall be TRI-C Myco Revival plus and installed in conjunction with TRI-C humate per manufacturer's specifications.
3. Organic amendments if called for shall be nitrolized redwood sawdust (5% actual nitrogen), or Fir Bark 1% nitrogen). It shall be fine textured, having minimum 80% passing #8 screen and minimum 95% passing #4 mesh screen. Salinity shall be no higher than 3.5 milliohms per centimeter at 25 Centigrade as measured by saturation Pine shall not be used as an organic amendment.

2.03 Application Rates
Application rates when called for shall be at a minimum as listed below- Note: soil analysis may adjust listed rates and shall take precedence.

A. Fertilizer tablets
1. Apply 7 gram Gro-Power tablets at the following rates per plant by size when called for:

1 gal. shrub - 2 tablets	24" box tree - 14 tablets
5 gal. shrub - 6 tablets	36" box tree - 18 tablets
15 gal. & 24" box shrubs - 12 tablets	60" box tree - 32 tablets

Apply one 7 gram Gro-Power tablet per rooted ground cover cutting. Refer to Manufacturer's Specification for installation procedure

2. Myco tabs shall be used at the following rates per plant by size when called for:

1 gal - 2 tabs	48" box - 34 tabs
5 gal - 8 tabs	60" box - 40 tabs
15 gal - 16 tabs	72" box - 46 tabs
24" box - 22 tabs	84" box - 52 tabs
36" box - 28 tabs	96" box - 60 tabs

3. Myco Pak shall be used at the following rates per plant by size when called for:

1 gal - 1 pak	24" box - 12 paks
5 gal - 3 paks	36" box - 18 paks
15 gal - 8 paks	48" box - 22 paks

4. Premium humate shall be incorporated at 50lbs. per 100 square feet if called for per the plans.
5. Myco Revival Plus shall be topically applied per manufacture and watered in accordance with the manufacturer's instructions if called for per the plans.

2.04 Inorganic Conditioner
A. Inorganic conditioners shall be agricultural grade gypsum, soil sulfur and iron sulphate. Iron sulphate shall be ferric sulphate or ferrous sulphate in pelleted or granular form containing not less than 18.5% iron, expressed as metallic iron, and shall be registered as an agricultural mineral with the State Department of Agriculture in compliance with Article 2 "Fertilizing Materials", Section 1030 of the Agriculture Code

2.05 Plants
A. All plants shall be true to name, and one of each bundle or lot shall be tagged with the name and size of plants in accordance with the standards of practice recommended by American Standard for Nursery Stock ANSI Z60.1-2014. The root condition of plants furnished in containers shall be determined by removal of earth from the roots of not less than two plants nor more than 2% of the total number of plants of each species or variety except when container-grown plants are from several different sources: in which case, the roots of not less than two plants of each species or variety from each source shall be checked by the Owners Representative / Landscape Architect at his option. The selection of plants to be checked will be made by the Owners Representative / Landscape Architect. All plants rendered unsuitable for planting shall be considered as samples, and replacements shall be provided at no additional cost. In case the sample plants are found to be defective, the entire lot or lots of plants represented by the defective samples will be rejected.
B. All trees and shrubs supplied by Contractor shall be of the specified standard height and diameter set by the American Standard for Nursery Stock. The height of the trees shall be measured from the root crown to the last division of the terminal leader and the diameter shall be measured six (6) inches above the crown roots. The trees shall stand erect without support.
C. No plants or trees shall be accepted with compromised root systems, including girdling, root bound, and/or recently up planted from smaller container stock.
D. Container stock shall have grown in the container for at least 6 months, but not over two years.
E. Do not prune any plants prior to delivery without specific prior approval.
F. Material that has been trimmed, damaged, or does not meet the standard approved via photographs will be rejected.
G. All cost associated with returning and replacing rejected material shall be the Contractors sole responsibility.
H. Substitutions shall not be permitted unless the contractor can prove in writing that no specimens can be located within 75 miles of the project. A minimum of 5 notices from suppliers stating the plant is not available are a required.
I. At all times plants shall come from Nursery stock grown in similar conditions and climate zones as associated with the project.

2.06 Backfill Material
A. Topsoil shall be free from noxious weed seed and shall be of a loam characteristic, fertile and friable.
B. Wood shavings shall be leached nitrogen fortified and shall be free of foreign matter.
C. Native plantings shall use native soil only for backfill.
D. Soil used for backfill of planting pits for bidding purposes shall be enriched using the following blend per cubic yard (Agronomic soil test recommendations shall take precedence where these minimum amounts are exceeded):
60% site soil or approved import
40% wood shavings
17 lbs. soil condition/fertilizer (Gro-Power Plus)
1 lb. iron sulphate
E. All soil backfill shall be bulk mixed, not individually mixed at each plant pit.

2.07 Tree Stakes and Ties
A. Tree stakes shall be 3" dia. x 10-foot-long straight-grained copper naphthenate treated lodgepole pine unless called for differently per the plans. Stakes shall be free from knots, checks, splits, or disfigurement.
B. Tree ties shall be "Cinch-Tie Tree Support" supplied by V.I.T. Co., Escondido, California, (760) 480-6702. For 5 - 15 gallon trees, Model CT24; for 24"- 36" box trees, Model CT32. Total amount of ties per tree shall be as called for by the Details.
C. Multi-stem trees and 48" box trees and larger shall require above goruns and underground tree guying/earth anchors system that include strapping of the root ball and soil anchors. Duckbill Root Ball anchor sized per manufactures recommendations for tree or approved substitution shall be required.

PART 3 - EXECUTION

3.01 Landscape Grading
A. The Contractor shall complete Fine grading as required by adding soil, removing surplus soil, removing rocks and debris over 1 inch in diameter within the top 2" of soil in flat and slope areas, and removing rocks over 2" in diameter within the top 6" of soil in areas with slopes less than 3:1. Bring all areas to be landscaped to fine grade. All areas shall slope to drain. Flow lines shall be established to drain inlets, existing road curbs, sidewalks, and or other drainage conveyance structures as shown on the grading plans. Contractor shall notify Owners Representative/ Landscape Architect of any areas that appear to have drainage issues prior to soil preparation for complete mitigation and or correction.
B. The Contractor shall key/cut and remove all soil for mulch, ground cover, turf interfaces with hardscape per the details.

3.02 Weed Control Measures
A. Upon completion and acceptance of all fine grading work and prior to soil preparation, the Contractor shall perform weed control (Grow/Kill) measures as follows:
1. Irrigate all areas designated to be planted for a minimum of 10 minutes per setting, two settings per day for 14 days continuously to germinate existing seed bank.
a. In instances of point source or drip irrigation it is the Contractors responsibility to completely irrigate all planting areas which may require additional or supplemental irrigation above the designed system per plans. This may include adding above ground temporary irrigation, watering from water trucks/tanks, and or hand watering and shall be included in the Contractors bid.
2. Apply a contact non selective herbicide per the written recommendations of a Certified Pest Control Advisor specific to the site- allow 7 days or sufficient time to pass to allow a complete kill of all weeds germinated.
3. Remove all weeds present including any viable root systems and above ground vegetation, this includes all weeds within the limit of work- not only planting areas.
4. Repeat step one for only 7 days and then follow steps 2-3 as above until weed cover is less than 1%.
5. Contractor shall call for inspection and verification of the completion of the Grow Kill Period prior to planting.
6. Contractor shall indicate on master schedule total grow kill period as part of submittals.
7. If the Contractor wants to phase the grow/kill operation, the Contractor will be responsible for providing plans documenting treatments including start and stop dates, in addition to reporting and requesting inspections for verification.
8. Any failure by the Contractor to continually irrigate or miss herbicide or clean up windows as listed above would require the process starting over from step one.
9. Contractor is responsible for the purchase and erection of all signs and barriers required to prevent intrusion into treated areas in addition to all required forms of public notice as required by local governing boards and or manufacture requirements for the safe and responsible use of products.
10. No material or method applied shall affect the success or ability of hydroseeded or planted material to germinate/thrive.

3.03 Soil Preparation
A. All fine grading, mounding, contouring, and all weed control measures shall be documented, completed, and approved prior to any soil preparation by the owners representative.
B. The Soil Management report shall take precedence if included in the plans and shall be followed for a soil preparation tasks.
C. This work shall not commence until the agronomic soils tests have been completed. Should 30 calendar days elapse between completion of soil preparation and commencement of planting, all areas shall be prepared again.
D. In planting areas with grades less than 3:1, a layer of soil amendments shall be spread and roto-tilled into the soil to a minimum depth of 8 inches, or as required by the soils report, so that the soils shall be loose, friable, and free from all rocks, sticks, and other objects undesirable to planting. For areas greater than 3:1 slopes soil preparation shall be per plant site.
E. The following soil amendments shall be used for estimating purposes and added per 1,000 square feet to all planting areas with gradients less than 3:1 (agronomic soil test recommendations shall take precedence where these minimum amounts are exceeded). Contractor shall be responsible for any additional cost due to Soil report recommendations increasing amendments and or mitigation and shall have inspected and understood the current soil conditions at time of Bid.(Note- the following is for typical ornamental landscape planting- they shall not apply to native plantings, or special specie requirements which shall be specific to the details).
1. 3 cubic yards organic amendment
2. 200 pounds soil conditioner/fertilizer (Gro-Power Plus)
3. 25 pounds gypsum
All landscape areas shall be re-fine graded to "dress out", maintain, and/or reestablish grades and flow lines as approved prior to amending the soil. Fine grades will be inspected upon completion. Contractor shall not proceed with planting work until fine grades have been inspected and accepted by the Landscape Architect.
F. Moisture Content - The soils shall not be worked when the moisture content is so great that excessive compaction will occur; and not when it is so dry that dust will form in the air or that clods will not break easy. Water shall be applied, as necessary, to provide ideal moisture content for tilling, planting, and required dust control.
G. If leaching of the amended soil is required by the Soils test recommendations, a second series of soils test shall be taken to verify the success of leaching and completion of the soil mitigation. The additional testing shall be the sole responsibility of the Contractor including any further testing and required amendments and mitigation if the results indicate the first attempt at leaching was inadequate.
H. Note: Special soil preparation areas such as drainage basins, sumps, or areas with different agronomic requirements shall be per plan and or notes/details.

3.04 Finish Grading
A. After completion of all soil preparation work the Contractor shall finish grade all planting areas filling as needed or removing surplus dirt, removing rocks and debris over 1 inch in diameter, and floating to a smooth uniform grade. All areas shall slope to drain. Flow lines shall be established to inlets, road curbs and/or a sidewalk as shown on the plans and as required for positive drainage.

3.05 Planting
A. Prior to planting the Contractor shall dig test planting holes for percolation tests. Per direction of the Landscape Architect, locations shall be selected to address all soil types and situations on site, such as examples for slope, exposure, soil type, etc. Holes will be dug to the depth per planting details and filled to 25% capacity with water. Test start time will be documented and checked every half hour until fully infiltrated to ensure proper drainage. Any areas found to not infiltrate per the recommended time frame shall have the imported material will require additional areas and specialized planting techniques per the details for Trees and Shrubs in Wet Soils, which require deeper pits, additional gravel sumps, and drain pipes. The Contractor shall include the cost of these additional items per the site conditions at the time of bidding and if not installed shall refund a credit to the owner.
B. Trees and Shrubs: Plant holes shall be dug to size as indicated in the drawings. Before trees and shrubs are set in the holes, all holes shall be pre-watered as follows: All planting holes shall be filled to the brim with water and allowed to drain before any planting is done. If any holes fail to drain then they will be added to the holes for wet soils treatment as stated in item "A" above and receive additional items per the details to mitigate the slow draining soil.
C. Soil surrounding planting pits shall be in a friable condition and moist to a depth of 8".
D. Backfill using specified soil mix per the details to within 8" of finish grade. At this depth, place the fertilizer tablets or Mycro packs/ tabs per details. Complete backfilling to finish grade.
E. Plants and Trees shall be planted at such a depth that the crown roots bear the same relative position to finish grade as they did to the soils where they were grown. At no time shall the soil level be raised around the crown. If the soil level per grower's container is higher than base of the trunk flare the Contractor shall remove excess soil per ISA standards and BMP's. Backfill after planting shall be compacted carefully into place without injuring the roots of the tree or breaking up the ball of earth surrounding the roots.
F. Contractor shall create and mound soil as required for water basins per the details including adding slope guards, stones for root cover/ soil moisture protection on southwestern exposures, trunk protection, and additional straw wattles when required by the plans and details.
G. All excess soil spoils and excavated debris shall be removed from the site by the Contractor.

3.06 Ground Cover and Vine Planting
A. Soil preparation and fine grading shall be completed prior to ground cover planting.
B. Add Soil Amendments and conditioners to ground cover areas per Section 3.03, part D of the above planting specifications.
C. All rooted ground cover and bare dirt areas are to be treated with a pre-emergent chemical (subject to approval by the Landscape Architect prior to application as recommended by a CPA). Chemicals are to be applied by a DPR Qualified or Certified applicator. This treatment shall be applied at the following times during the contract: a) before planting, b) at beginning of plant establishment period, and c) at the end of plant establishment period. The Owners Representative / Landscape Architect shall be given a minimum of 48 hours (2 working days) notice prior to each application. No chemicals shall be applied other than in the presence of the inspector.
D. Ground cover shall be planted below all shrubs and trees to within 12" of the shrub main stem unless otherwise noted on the plans.
E. Ground cover and vines shall be planted in moist soil and spaced as indicated on the plans.
F. Each plant shall be planted with its proportionate amount of flat soil to minimize root disturbance. Soil moisture shall be such that the soil does not crumble when removing plants.
G. Following planting, ground cover and vine areas shall be re-finished graded to restore smooth finish grade and to ensure proper surface drainage. All excess soil spoils and excavated debris shall be removed from the site by the Contractor.
H. A 3-inch layer of mulch per plans shall be spread over the planted areas . Watering shall begin immediately following mulching and shall wet all mulch thoroughly.
I. When necessary to prevent plant damage from pedestrian traffic during the initial growing stage, the Contractor shall erect temporary protective fencing to be removed at the end of the plant establishment period and shall included in the Contractors Bid.
J. Vines shall be tied to walls, fences, etc., in the manner prescribed on the plans and details. At a minimum the contractor shall provide attached fasteners and guying for vines requiring support. Temporary staking shall be removed at the beginning of the plant establishment period.

3.07 Tree Staking
A. Stake trees as per planting details. No metal wire shall circle any part of any tree.
B. All nursery stake shall be removed at the time of planting.
C. Contractor shall adjust staking as needed for locations in high wind areas, including adding more restraints and stakes per the plans and current ISA guidelines at no additional cost.

3.08 Mulching
A. Contractor shall apply a 3" minimum mulch layer to all planting areas unless specified as other ground cover treatment by the plans.
B. Contractor shall keep mulch from plant trunks as follows:
1. Shrubs shall have 3" of clearance from trunks/main stems to mulch
2. Trees shall have 6" of clearance from crown/ base of the flare to mulch
C. Contractor shall over head water entire mulched area to help settle and lock material together and start the process of nutrients moving into the below soil.

3.09 Watering
A. It shall be the Contractor's responsibility to maintain a balanced watering program to ensure proper growth until final acceptance of the work.
B. Immediately after planting, apply water to each tree, shrub or vine. Apply water using a gentle spray pattern via a water wand in the planting hole until the material around the roots is completely saturated from the bottom of the hole to the top of the ground.
C. Apply water in sufficient quantities and as often as seasonal conditions require to keep the planted areas moist at all times, well below the root system of plants - per the requirements of all plant species.
D. Contractor shall be responsible for monitoring all planting areas and adjusting irrigation as needed for severe weather conditions such as high wind or high heat waves including working weekends and holidays as part of their Bid based on project timelines and schedules per seasonal requirements.
E. For turf or hydroseed installation using Eco Mat or other subsurface irrigation systems, the Contractor will be responsible for any head adjustments or hand watering required to germinate the seeds against any hardscape buffer areas (typically 24") at no additional cost.
F. Irrigation:
1. Contractor shall properly and completely maintain the irrigation system. Contractor shall program controller per watering schedule on irrigation plans and adjust in the field as necessary. Overhead irrigation areas to have a maximum run time of 15 minutes per cycle with additional cycles as needed. At no time will run off or erosion be allowed.

3.10 Plant Protection
A. The Contractor is responsible for all aspects of protection of the installed landscape from loss or damage through the Plant Establishment and Maintenance periods until the owner takes final acceptance via written notice. This shall include any additional materials or protection methodologies such as (but not limited to) above/below ground wire cages, shields, trunk covers, shading, herbivore protection via product use or trapping and or removal, application of deterrents, and Pest and insect control.

3.11 Pruning
A. All shrubs and trees shall be pinch pruned as necessary to encourage new growth and to eliminate rank sucker growth. Old flowers, and dead foliage and damaged limbs shall be removed. No major pruning shall be done without the approval of the Landscape Architect. Any damage to shrubs and trees that drastically changes structure and or appearance shall require the Contractor to replace with an approved replacement at no additional cost per the direction of the Landscape Architect.

3.12 Maintenance
A. All areas landscaped by the Contractor under this contract shall be maintained by said Contractor for a minimum plant establishment period of not less than ninety (90) days from the date of written acceptance of initial installation and substantial completion per the requirements of the plans, specifications, and contract documents.

3.13 START OF PLANT ESTABLISHMENT
A. Criteria for start of plant establishment period:
1. The plant establishment period shall not start until all elements of the project that impact the landscape are completed in accordance with the contract documents. Projects will not be segmented into phases or have portions be separated for multiple Plant Establishment programs.
2. Permanent Water and Power for the irrigation system shall be established.
3. Fully automatic irrigation including coverage tests, acceptance of installation and as-builts/controller charts must have all been provided and approved by the Landscape Architect or Owners Representative.
4. Written acceptance of the Owners Representative must be obtained prior to the start of the plant establishment period.
5. If project maintenance fails to continuously meet standards required, the plant establishment period "day count" will be suspended and will not recommence until Contractor has corrected all deficiencies.
6. The 90-day establishment period is the minimum continuous required and will be extended as needed at no additional cost to remedy issues with failure to service/meet the requirements and bring the project back into compliance.

3.14 Landscape Maintenance
A. Contractor shall supply and supervise labor, materials, equipment and transportation as required to maintain the landscape in a thriving condition as it establishes and takes root, as specified herein.
1. Care of all lawn and ground cover areas if present, including watering, cutting, edging, trimming, fertilizing and pest control within all ground cover areas as directed herein.
2. Care of all shrubs, trees, and planting areas, including watering, cultivation, pruning, fertilization, debris removal, and pest control including but not limited to:
a. All cultivation and soil aeration as necessary to maintain optimum conditions for plant growth.
b. Fertilization of all plant material on a regular schedule, including soil testing as necessary to determine requirements and application methods with reference to the project soil analysis.
c. All pruning, re-staking, tightening or adjustment of guy wires or straps and trimming of plant material that is required in landscape areas to promote growth and proper structure.
d. Control and/or prevention of diseases, insect and or rodent infestation using methods and techniques approved by State Licensing Agency.
3. Supplemental watering of plant material on a regular basis through use of automatic irrigation systems and/or hand watering as needed, while consistently monitoring and adjusting water needs to maintain optimum conditions for plant growth per each species/hydrozones requirements.
4. Maintenance of irrigation systems, including adjustment of heads and valves and regular controller program updating, cleaning of filters, and fertilizer injection systems if included per plans.
5. General maintenance of the site and associated amenities including removal of litter and debris, cleaning of site features, graffiti removal, and reapplication of any anti-graffiti coatings as required.
6. Replacement of plantings, or other materials that, in the Owner's Representatives opinion, require replacement due to failure, decline or the Contractor's neglect in care or maintenance at no cost to the Owner.
7. Protection of Property and Landscape During inclement weather: During periods of inclement weather, Contractor shall provide supervisory inspections of the project during regular hours to prevent of minimize possible damage from storms or weather events. Contractor shall report any storm damage to Owner's Representative.
8. Protection of Existing Facilities and Structures: Contractor shall exercise due care in protecting from damage all existing facilities, structures, and utilities both above and below grade from maintenance activities- any damage from equipment or personnel shall be repaired or replaced immediately to the original condition of a new installation.
9. Project Inspection: Contractor will meet with Owners Representative per approved schedule to verify compliance with specifications. Following each meeting, Contractor will submit written reports noting problems cited during inspections and any actions taken.
10. Work Schedule: A monthly schedule shall be prepared and submitted to the Owner prior to the beginning of each month. Schedules shall indicate times, days of the week and type of work to be performed including man power for approval.

B. Maintenance Tasks
1. Ground cover areas shall be mowed or maintained as needed weekly, on the same day every week.
2. All turf grass borders and ground covers shall be neatly and uniformly edged or trimmed concurrent with every mowing with bladed tools - no string trimmers will be allowed for edging.
3. A regular program of approved chemical application shall be used to control weed growth, supplemented by hand removal or noxious weeds or grasses as necessary.
4. All areas shall be fertilized in accordance with soils report.
5. The contractor shall police the entire project area including all paved areas, planters, lawn areas, sidewalks (including common area sidewalks) and trash enclosures and collect fallen leaves, branches and limbs regardless of length or diameter, dead vegetation, paper, trash, cigarette butts, garbage, rocks, and any and all other debris to prevent unsightly and inordinate accumulations during normal maintenance working hours. Sidewalks shall be swept or washed as necessary to keep free of trash and graffiti. Collected items shall be promptly removed and taken to a legal disposal site.
6. Removal and legal disposal of animal carcasses are considered a normal maintenance task for the duration of the maintenance period. Dead carcasses shall be legally removed immediately when discovered by the contractor.
7. The Contractor is responsible for daily visual inspection of slopes and immediately reporting areas experiencing erosion to the landscape architect and/or Owner's Representative on the same day noticed. If the contractor fails to notify the Landscape architect and/or Owner's Representative of areas experiencing erosion on the same day noticed, then the contractor assumes full responsibility for any erosion control measures and/or repairs as directed by the Landscape Architect and/or Owner's Representative at no additional cost to the Owner.
8. Contractor shall replenish mulch levels as required to match installation levels with the same type as listed in the documents.
9. Maintain weed levels to less than 5% of total area with a final goal of less than 3% at completion of the establishment period.

C. Field Quality Control
1. Perform Site Observations: For the purpose of establishing the 90-day Maintenance Period and observing completion of the work of this Section through final acceptance. A minimum of (6) six separate field visits, occurring chronologically as follows:
a. Observation for Maintenance at Commencement
b. 15-day Progress Maintenance Observation
c. 30-day Progress Maintenance Observation
d. 60-day Coordinate Site Meeting with Client's Site Maintenance Staff
e. 60-day Progress Maintenance Observation
f. 90-day Observation for Final Acceptance
3. Observation for Plant Establishment Period Commencement: Request observation and acceptance by Owner's Representative after all plant material is installed and after all irrigation work and other work of this Section is completed. Plant Establishment Period shall begin upon acceptance of final planting and review by the Owner's Representative. The Period shall continue for a minimum of 90-calendar days until Final Acceptance.
4. At any time, deficiencies are found such as under performing plants or a lack of maintenance the , Owner's Representative will notify the Contractor immediately that the 90-day period has been suspended until such time as the deficiencies are fully corrected.
5. The Contractor has 3 days to respond to any notices of deficiencies and make appropriate corrections including plant replacements.
6. Final Maintenance Observation: Notify the Owner's Representative at least 7 days before the expiration of the Plant Establishment Period for Final Maintenance Observation. Prior to this observation, all items determined to be deficient during the Progress Maintenance Observations shall be completed and signed-off by the Owner's Representative.

D. Final acceptance will require written documentation by the Landscape Architect verifying the completion of the Maintenance after inspection and agreement all requirements per the plans and specifications have been met in full.

MEDIAN IMPROVEMENT PROJECT

91 FWY/AVALON TO DEL AMO/AVALON
405 FWY/AVALON TO 220 AVALON
GRACE/CARSON TO 405 FWY/CARSON

GENERAL NOTES

1. ALL WORK AND MATERIALS SHALL COMPLY WITH THE CITY OF CARSON, STANDARD DRAWINGS, AMERICAN PUBLIC WORKS ASSOCIATION AND CALTRANS STANDARD PLANS AND SPECIFICATIONS. (ALL LATEST EDITION)
2. CONSTRUCTION PERFORMANCE BOND SHALL BE POSTED THROUGH CITY OF CARSON ENGINEERING SERVICES DIVISION PRIOR TO CONSTRUCTION PERMIT ISSUANCE. CONSTRUCTION BOND IS BASED ON ESTIMATED CONSTRUCTION COST AS REVIEWED AND APPROVED BY THE CITY ENGINEER.
3. CONSTRUCTION PERMIT FROM THE CITY OF CARSON ENGINEERING SERVICES DIVISION SHALL BE OBTAINED AT LEAST SEVEN (7) DAYS PRIOR TO PRE-CONSTRUCTION MEETING. (A TOTAL OF 21-DAYS PRIOR TO START OF CONSTRUCTION)
4. PRE-CONSTRUCTION MEETING SHALL BE COORDINATED AND COMPLETED THROUGH CITY OF CARSON ENGINEERING SERVICES DIVISION AT LEAST 14-DAYS PRIOR TO START OF CONSTRUCTION.
5. THE CONTRACTOR SHALL NOTIFY THE ENGINEERING SERVICES FOR INSPECTION A MINIMUM OF 48-HRS PRIOR TO STARTING WORK AT (310) 952-1700 EXT. 1795
6. WORKING HOURS SHALL BE 9:00 AM TO 3:00 PM FOR ARTERIAL STREETS AND 7:00 AM TO 3:00 PM FOR LOCAL/RESIDENTIAL STREETS, UNLESS OTHERWISE APPROVED.
7. STAGING AREAS FOR CONSTRUCTION MATERIALS AND EQUIPMENT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR.
8. PEDESTRIANS AND/OR VEHICULAR ACCESS SHALL BE ALLOWED AT ALL TIMES, UNLESS APPROVED OTHERWISE BY THE CITY ENGINEER. PROHIBITING PEDESTRIAN AND/OR VEHICULAR ACCESS REQUIRES DETOUR AND/OR ACCESS CLOSURE PLANS SUBJECT TO REVIEW AND APPROVAL OF THE CITY ENGINEER.
9. OVERNIGHT TRAFFIC CONTROLS SHALL BE REVIEWED AND APPROVED BY TRAFFIC ENGINEER, PRIOR TO PRE-CONSTRUCTION MEETING. OTHERWISE TRAFFIC CONTROL SHALL BE PER CA M.U.T.C.D MANUAL, LATEST EDITION.
10. CONTRACTOR SHALL NOTIFY AFFECTED RESIDENTS, BUSINESSES AND AGENCIES 72-HOURS PRIOR TO START OF CONSTRUCTION, AT THE DISCRETION OF THE CITY ENGINEER.
11. DAMAGED EXISTING IMPROVEMENTS, NOT PART OF THE SCOPE OF WORK, SHALL BE PROTECTED IN-PLACE AND SHALL BE REPLACED IN KIND AT NO COST TO THE CITY, TO THE SATISFACTION OF THE CITY ENGINEER.
12. NO TRENCHES MAY BE LEFT OPEN OVERNIGHT UNLESS APPROVED BY THE CITY ENGINEER.
13. IF ANY UTILITIES OR FACILITIES CONFLICT WITH PROPOSED IMPROVEMENTS, ALL WORK SHALL STOP AND THE CITY ENGINEER SHALL BE NOTIFIED IMMEDIATELY.
14. CONTRACTOR SHALL COORDINATE AND/OR OBTAIN NECESSARY PERMITS FROM AFFECTED AGENCIES.
15. THE CONTRACTOR SHALL NOTIFY UNDERGROUND SERVICE ALERT (U.S.A.) 48-HRS PRIOR TO START WORK. UPON EXPOSING ANY UTILITY'S UNDERGROUND FACILITY THE CONTRACTOR SHALL NOTIFY THAT OWNER OF THAT UTILITY IMMEDIATELY.
16. IT SHALL BE THE RESPONSIBILITY OF THE CONTRACTOR TO LOCATE ALL SUBSTRUCTURES WITHIN THE ALIGNMENT OF THE PROPOSED IMPROVEMENTS, AND IN THE EVENT OF SUBSTRUCTURE DAMAGE, THE CONTRACTOR SHALL BEAR ALL THE COST OF REPAIR OR REPLACEMENT.
17. CONTRACTOR SHALL HAVE SUFFICIENT MATERIALS ON HAND AT ALL TIMES TO EXPEDITE ANY EMERGENCY REPAIR.
18. AS REQUIRED BY THE CITY ENGINEER, THE CONTRACTOR SHALL FURNISH AND OPERATE A SELF-LOADING MOTOR SWEEPER WITH SPRAY NOZZLES AT LEAST TWICE EACH WORKING DAY TO KEEP PAVED AREAS ACCEPTABLY CLEAN WHEREVER CONSTRUCTION IS INCOMPLETE.
19. THE CONTRACTOR SHALL PROVIDE AND MAINTAIN AT ALL TIMES DURING CONSTRUCTION AMPLE MEANS AND DEVICES WITH WHICH TO PROMPTLY REMOVE AND PROPERLY DISPOSE OF ALL WATER FROM ANY SOURCE ENTERING THE EXCAVATION OR OTHER PARTS OF THE WORK.
20. CONTRACTOR SHALL COMPLY WITH ALL STORMWATER POLLUTION CONTROL PER BY REGIONAL WATER QUALITY CONTROL BOARD (RWQCB) REQUIREMENTS, INCLUDING BUT NOT LIMITED TO BEST MANAGEMENT PRACTICE (BMPs)
21. CONTRACTOR SHALL APPLY FOR AND OBTAIN A TREE REMOVAL PERMIT WHEN DEMOLISHING AN EXISTING TREE WITHIN THE PUBLIC RIGHT-OF-WAY. REFER TO "EXHIBIT B" OF ARTICLE III, CHAPTER 9 OF THE CITY OF CARSON MUNICIPAL CODE AND CONTACT GREGORY MACDONALD, TREE AND CONCRETE MAINTENANCE SUPERVISOR, AT (310) 847-3500.
22. CONTRACTOR SHALL PROVIDE TREE PROTECTION FOR TREES WITHIN THE PUBLIC RIGHT-OF-WAY PER ARTICLE III, CHAPTER 9, SECTION 3928 OF THE CITY OF CARSON MUNICIPAL CODE.

DECLARATION OF RESPONSIBLE CHARGE

I HEREBY DECLARE THAT I AM THE (ENGINEER) OF WORK FOR THIS PROJECT, THAT I HAVE EXERCISED RESPONSIBLE CHARGE OVER THE DESIGN OF THE PROJECT AS DEFINED IN THE CALIFORNIA BUSINESS AND PROFESSIONS CODE, AND THAT THE DESIGN IS CONSISTENT WITH CURRENT STANDARDS.

I UNDERSTAND THAT THE CHECK OF PROJECT DRAWINGS AND SPECIFICATIONS BY THE CITY OF CARSON IS CONFINED TO A REVIEW ONLY AND DOES NOT RELIEVE ME, AS AN ENGINEER OF WORK, OF MY RESPONSIBILITIES FOR PROJECT DESIGN. THE PLAN CHECK IS NOT A DETERMINATION OF THE TECHNICAL ADEQUACY OF THE DESIGN OF THESE IMPROVEMENTS.

RECOMMENDED BY:

IAN HOLST, PE – ASSOCIATE CIVIL ENGINEER DATE

APPROVED BY:

GILBERT MARQUEZ, PE – CITY ENGINEER DATE

ELECTRICAL NOTES

1. CODES AND PERMITS: ALL ELECTRICAL EQUIPMENT, INSTALLATION, ETC., SHALL CONFORM TO ALL APPLICABLE CODES AND ORDINANCES, INCLUDING CALIFORNIA TITLE 24. CONSTRUCTION SHALL COMPLY WITH THE FOLLOWING PARTS OF TITLE 24, CALIFORNIA CODE OF REGULATIONS (CCR):

   TITLE 24, PART 2, CCR (2025 CALIFORNIA BUILDING CODE W/AMENDMENTS)
   TITLE 24, PART 3, CCR (2025 CALIFORNIA ELECTRICAL CODE W/AMENDMENTS)
   TITLE 24, PART 4, CCR (2025 CALIFORNIA MECHANICAL CODE W/AMENDMENTS)
   TITLE 24, PART 5, CCR (2025 CALIFORNIA PLUMBING CODE W/AMENDMENTS)
   TITLE 24, PART 9, CCR (2025 CALIFORNIA FIRE CODE W/AMENDMENTS)
   CONTRACTOR SHALL OBTAIN AND PAY FOR ALL PERMITS & INSPECTIONS.

2. FOR PURPOSES OF CLEARNESS AND LEGIBILITY, THE ELECTRICAL DRAWINGS ARE ESSENTIALLY DIAGRAMMATIC. THE SIZE AND LOCATION OF EQUIPMENT IS SHOWN TO SCALE WHEREVER POSSIBLE. THE CONTRACTOR SHALL VERIFY ALL CONDITIONS.
3. THE SYMBOLS DESIGNATING CONDUIT SIZES AND QUANTITIES OF BRANCH CIRCUIT WIRING DO NOT INCLUDE THE EQUIPMENT GROUNDING CONDUCTOR REQUIRED. INSTALL REQUIRED EQUIPMENT GROUNDING CONDUCTOR IN ALL CONDUITS, SIZE PER CEC 250-122, EQUIPMENT GROUNDING CONDUCTOR SHALL BE GREEN.
4. BEFORE SUBMITTING BID, BECOME THOROUGHLY FAMILIAR WITH ACTUAL EXISTING CONDITIONS AT THE BUILDING OR SITE. THE INTENT OF THE WORK IS SHOWN ON THE DRAWINGS AND DESCRIBED HEREINAFTER. BY THE ACT OF SUBMITTING A BID PROPOSAL FOR WORK, THE CONTRACTOR SHALL BE DEEMED TO HAVE MADE SUCH A STUDY AND EXAMINATION AND TO ACCEPT ALL CONDITIONS PRESENT AT THE SITE. NO REQUEST FOR ADDITIONAL PAYMENT SHALL BE CONSIDERED AS VALID, DUE TO FAILURE TO ALLOW FOR CONDITIONS WHICH MAY EXIST.
5. ALL MATERIALS AND EQUIPMENT SHALL BE NEW AND SHALL BEAR THE UNDERWRITERS LABORATORIES (UL) LABEL AND BE INSTALLED IN THE MANNER FOR WHICH THEY ARE DESIGNED AND APPROVED.
6. SEAL ALL NEW CONDUIT PENETRATIONS THROUGH FIRE RATED WALLS, CEILINGS, FLOORS, ETC., TO MAINTAIN EXISTING FIRE RATING CONDITIONS. FURNISH AND INSTALL FIRE RATED ENCLOSURES FOR ALL EQUIPMENT PENETRATING INTO FIRE RATED ENVELOPES, SPACES, ETC.
   A. WHENEVER CONDUITS PENETRATE A PERIMETER WALL, IT IS TO BE SEALED IN AN APPROVED MANNER.
7. ALL ELECTRICAL OUTLETS AND DEVICES INSTALLED OUTSIDE OR SUBJECT TO WATER SPRAY SHALL BE APPROVED FOR WET LOCATION. ALL DEVICES SUBJECT TO VAPORS, STEAM AND MOISTURE SHALL BE APPROVED FOR DAMP LOCATION. FOR WALL MOUNTED OUTLETS EXACT LOCATION AND MOUNTING HEIGHTS, REFER TO ARCHITECTURAL DRAWINGS INTERIOR ELEVATIONS IF PROVIDED.
8. CUTTING AND PATCHING
   A. THIS CONTRACTOR SHALL PROVIDE ALL CUTTING AND PATCHING OF EXISTING WALLS AND CEILINGS FOR INSTALLATION OF CONDUIT AND/OR WIRING DEVICES. PAINTING SHALL BE UNDER WORK SPECIFIED ELSEWHERE AND PERFORMED AS REQUIRED TO RESTORE SURFACES TO ORIGINAL CONDITION.
9. CLEAN-UP
   A. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN WORK AREA CLEAR OF DEBRIS ON DAILY BASIS DURING CONSTRUCTION.
   B. UPON COMPLETION OF THE WORK, THIS CONTRACTOR SHALL REMOVE FROM THE JOBSITE ALL DEBRIS AND UNUSED MATERIALS, TOOLS AND EQUIPMENT RESULTING FROM THIS WORK.
   C. ALL ELECTRICAL DEBRIS SHALL BE REMOVED FROM THE JOB SITE. ALL ELECTRICAL EQUIPMENT, DEVICES, MATERIALS AND INSTALLATIONS SHALL BE CLEANED. PATCHING, REPAIRING AND PAINTING SHALL BE DONE PRIOR TO THE CONTRACTOR CALLING FOR FINAL INSPECTION OR FINAL PAYMENT. IT SHALL BE UP TO THE CONTRACTOR CALLING FOR FINAL INSPECTION OR FINAL PAYMENT. IT SHALL BE UP TO THE ARCHITECT/OWNER TO DETERMINE IF THE PRIOR INDICATED ITEMS HAVE BEEN COMPLETED.
10. GROUNDING: ALL ELECTRICAL EQUIPMENT, DEVICES AND SYSTEMS SHALL BE GROUNDED IN STRICT COMPLIANCE WITH NATIONAL ELECTRICAL CODE AND ALL STATE AND LOCAL CODE. A GROUNDING CONDUCTOR SHALL BE INSTALLED IN ALL NEW BRANCH CIRCUIT WRITING.

GENERAL NOTES

1. THE DRAWINGS DESCRIBE THE SYSTEMS. FURNISH ALL MATERIAL AND DO ALL WORK REQUIRED AS INDICATED ON THE DRAWINGS AND SPECIFICATIONS UNLESS OTHERWISE NOTED. FURNISH AND INSTALL ALL NEW MATERIAL AND EQUIPMENT AS REQUIRED TO PRODUCE A COMPLETE OPERATING SYSTEM.
2. FOR THE PURPOSE OF CLARITY AND LEGIBILITY, THE ELECTRICAL DRAWINGS ARE ESSENTIALLY DIAGRAMMATIC. THE SIZE AND LOCATION OF EQUIPMENT IS SHOWN TO SCALE WHEREVER POSSIBLE. THE CONTRACTOR SHALL VERIFY ALL CONDITIONS.
3. THE SYMBOLS DESIGNATING CONDUIT SIZES AND QUANTITIES OF BRANCH CIRCUIT WIRING DO NOT INCLUDE THE EQUIPMENT GROUNDING CONDUCTOR REQUIRED. INSTALL REQUIRED EQUIPMENT GROUNDING CONDUCTOR IN ALL CONDUITS, SIZE PER CEC 250-122, EQUIPMENT GROUNDING CONDUCTOR SHALL BE GREEN.
4. BEFORE STARTING REPAIR WORK, BECOME THOROUGHLY FAMILIAR WITH ACTUAL EXISTING CONDITIONS AT THE BUILDING. THE INTENT OF THE WORK IS SHOWN ON THE DRAWINGS AND DESCRIBED HEREINAFTER. BY THE ACT OF SUBMITTING A BID PROPOSAL FOR WORK, THE CONTRACTOR SHALL BE DEEMED TO HAVE MADE SUCH A STUDY AND EXAMINATION AND TO ACCEPT ALL CONDITIONS PRESENT AT THE SITE. NO REQUEST FOR ADDITIONAL PAYMENT SHALL BE CONSIDERED AS VALID, DUE TO FAILURE TO ALLOW FOR CONDITIONS WHICH MAY EXIST.
5. CONTRACTOR'S BID SHALL BE BASED ON ALL WORK SHOWN ON THE PLANS AND SPECIFICATIONS. ALL PREMIUM TIME COSTS REQUIRED SHALL BE INCLUDED IN HIS BID. IF CONTRACTOR PROPOSES TO SUBSTITUTE FOR EQUIPMENT SPECIFIED, HE SHALL SUBMIT HIS REQUEST FOR CONSIDERATION TO THE OWNER AND ENGINEER PRIOR TO THE BID, IN WRITING. ALL SUBSTITUTIONS MUST BE REVIEWED BY THE ENGINEER. SUCH REVIEW SHALL NOT RELIEVE THE CONTRACTOR FROM COMPLYING WITH THE REQUIREMENTS OF THE DRAWINGS AND SPECIFICATIONS. THE CONTRACTOR SHALL BE RESPONSIBLE AT HIS OWN EXPENSE FOR ANY CHANGES RESULTING FROM HIS PROPOSED SUBSTITUTIONS WHICH MAY AFFECT OTHER PARTS OF HIS OWN WORK OR THE WORK OF OTHER CONTRACTORS.
6. PROVIDE AND INSTALL ALL MATERIALS IN CONFORMANCE WITH THE CALIFORNIA ELECTRICAL CODE, CEC 2025 AND LOCAL AUTHORITIES HAVING JURISDICTION. INSTALL ALL EQUIPMENT IN ACCORDANCE WITH THE REQUIREMENTS OF THE INSPECTING AUTHORITY AND THE MANUFACTURER'S RECOMMENDATIONS.
7. ALL MATERIALS AND EQUIPMENT SHALL BE NEW AND SHALL BEAR THE UNDERWRITERS LABEL (UL) AND BE INSTALLED IN THE MANNER FOR WHICH THEY ARE DESIGNED AND APPROVED.
8. CONDUITS PENETRATING INTERIOR WALLS SHALL BE SEALED IN AN APPROVED MANNER.
9. EQUIPMENT GROUNDING CONDUCTOR SHALL BE GREEN.
10. ALL DEVICES INSTALLED OUTSIDE OR SUBJECT TO WATER SPRAY SHALL BE APPROVED FOR WET LOCATION. ALL DEVICES SUBJECT TO VAPORS, STEAM AND MOISTURE SHALL BE APPROVED FOR DAMP LOCATION. FOR WALL MOUNTED OUTLETS EXACT LOCATION AND MOUNTING HEIGHTS, REFER TO ARCHITECTURAL DRAWINGS INTERIOR ELEVATIONS IF PROVIDED.
11. PROVIDE NAMEPLATES FOR ALL PANELBOARDS, DISTRIBUTION BOARDS, DISCONNECTS TRANSFORMERS, MOTOR STARTERS, TERMINAL CABINETS AND ALL ELECTRICAL EQUIPMENT IDENTIFIED BY NAME ON DRAWINGS. NAMEPLATES SHALL BE LAMINATED BLACK AND WHITE BAKELITE WITH CHARACTERS CUT THROUGH THE BLACK BAKELITE (3/16" HIGH LETTERS). ATTACH TO EQUIPMENT WITH SCREWS.
12. BUILDING GROUNDING SYSTEM NOT EXCEED EARTH RESISTANCE OF 5 OHMS.
13. IN ADDITION TO JUNCTION BOXES INDICATED ON DRAWINGS, INSTALL JUNCTION BOXES AND PULL BOXES FOR CABLE SPLICES, CABLE PULLING AND CONNECTIONS NECESSARY FOR THE INSTALLATION OF A COMPLETE OPERATING SYSTEM. JUNCTION BOXES AND PULL BOXES SHALL BE ACCESSIBLE. LABEL JUNCTION BOXES AND PULL BOXES WITH APPROPRIATE DESIGNATION, MAXIMUM (3) 90° BENDS.
14. INSTALLATION OF 600 VOLTS CONDUCTORS, SHALL BE CONTINUOUS BETWEEN OUTLETS OR JUNCTION BOXES. MAKE SPLICES IN OUTLET BOXES, PULLBOXES, GUTTERS AND/OR PANELBOARD. DO NOT SPLICE PANELBOARD FEEDERS UNLESS OTHERWISE NOTED.
15. ALL NEW EXPOSED CONDUITS SHALL BE RIGID METAL CONDUITS UNLESS OTHERWISE NOTED AND PAINTED TO MATCH THE EXTERIOR ARCHITECTURAL WALL FINISHES. EQUIPMENT GROUNDING CONDUCTOR SIZE PER CEC 2022 TABLE 250-122.
16. PAINT ALL NEW EXPOSED ELECTRICAL RACEWAYS, CABINETS, ENCLOSURES AND FITTINGS TO MATCH ADJACENT FINISHES. EXPOSED CONDUIT RUNS SHALL BE INSTALLED AS CLOSE AS POSSIBLE TO THE CEILING.
17. UNLESS OTHERWISE NOTED PROVIDE COPPER CONDUCTORS, MINIMUM SIZE #12 AWG. PROVIDE SOLID CONDUCTORS #10 AWG AND SMALLER UNLESS OTHERWISE NOTED. PROVIDE STRANDED CONDUCTORS #8 AWG AND LARGER UNLESS OTHERWISE NOTED. USE CONDUCTORS WITH THHN/THWN 600 VOLTS INSULATION FOR SIZES #6 AWG AND SMALLER, UNLESS OTHERWISE NOTED. CONDUCTORS #4 AWG AND LARGER SHALL BE THW INSULATION, UNLESS OTHERWISE NOTED.
18. DELIVER ALL CONDUCTORS TO THE JOB SITE IN ORIGINAL UNBROKEN CARTON OR REEL, PROPERLY TAGGED WITH U.L. LABEL, SIZE, MANUFACTURER'S TRADE NAME AND THE DATE MANUFACTURED.
19. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN WORK AREA CLEAR OF DEBRIS ON DAILY BASIS DURING CONSTRUCTION.

ELECTRICAL SYMBOLS LEGEND

(APPLIES TO ALL ELECTRICAL AND DEMOLITION SHEETS)

SYMBOL	DESCRIPTION
J	JUNCTION BOX, CEILING MOUNTED (SIZE PER NEC. U.O.N) @HT. AS INDICATED ON PLAN. 110V UNLESS OTHERWISE NOTED. CONTRACTOR SHALL PROVIDE AND INSTALL JUNCTION BOXES SIZE TO ACCOMMODATE QUANTITIES OF WIRES PER NEC SECTION 314.16 AND TABLE 314.16 (A) 5" BOX 4 11/16"SQ X 2 1/8"D BOX.

DECLARATION OF RESPONSIBLE CHARGE

I HEREBY DECLARE THAT I AM THE (ENGINEER) OF WORK FOR THIS PROJECT, THAT I HAVE EXERCISED RESPONSIBLE CHARGE OVER THE DESIGN OF THE PROJECT AS DEFINED IN THE CALIFORNIA BUSINESS AND PROFESSIONS CODE, AND THAT THE DESIGN IS CONSISTENT WITH CURRENT STANDARDS.

I UNDERSTAND THAT THE CHECK OF PROJECT DRAWINGS AND SPECIFICATIONS BY THE CITY OF CARSON IS CONFINED TO A REVIEW ONLY AND DOES NOT RELIEVE ME, AS AN ENGINEER OF WORK, OF MY RESPONSIBILITIES FOR PROJECT DESIGN. THE PLAN CHECK IS NOT A DETERMINATION OF THE TECHNICAL ADEQUACY OF THE DESIGN OF THESE IMPROVEMENTS.

CITY OF CARSON

ENGINEERING SERVICES DIVISION

LANDSCAPE IMPROVEMENT PLANS: CARSON STREET MEDIAN AND AVALON STREET MEDIAN

PROJECT NO. 799-25-001
SHEET 1 of 19
PLAN NO. E-0.1

RECOMMENDED BY:

IAN HOLST, PE – ASSOCIATE CIVIL ENGINEER DATE

APPROVED BY:

GILBERT MARQUEZ, PE – CITY ENGINEER DATE

ELECTRICAL SPECIFICATIONS NOTES

1. THE DRAWINGS DESCRIBE THE SYSTEMS. FURNISH ALL MATERIAL AND DO ALL WORK REQUIRED AS INDICATED ON THE DRAWINGS AND SPECIFICATIONS UNLESS OTHERWISE NOTED. FURNISH AND INSTALL ALL NEW MATERIAL AND EQUIPMENT AS REQUIRED TO PRODUCE A COMPLETE OPERATING SYSTEM. ALL WORK SHALL COMPLY WITH 2025 EDITION OF THE CALIFORNIA ELECTRICAL CODE (BASED ON 2023 NEC).

2. CODES AND PERMITS: ALL ELECTRICAL EQUIPMENT, INSTALLATION, ETC., SHALL CONFORM TO 2025 CITY CODES INCLUDING CALIFORNIA TITLE 24. CONSTRUCTION SHALL COMPLY WITH THE FOLLOWING PARTS OF TITLE 24, CALIFORNIA CODE OF REGULATIONS (CCR):

   TITLE 24, PART 2, CCR (2025 CALIFORNIA BUILDING CODE)
   TITLE 24, PART 3, CCR (2025 CALIFORNIA ELECTRICAL CODE)
   TITLE 24, PART 4, CCR (2025 CALIFORNIA MECHANICAL CODE)
   TITLE 24, PART 5, CCR (2025 CALIFORNIA PLUMBING CODE)
   TITLE 24, PART 9, CCR (2025 CALIFORNIA FIRE CODE)
   CONTRACTOR SHALL OBTAIN AND PAY FOR ALL PERMITS & INSPECTIONS.

3. PROVIDE AND INSTALL ALL MATERIALS IN CONFORMANCE WITH 2025 CALIFORNIA ELECTRICAL CODE (BASED ON 2023 NEC) WITH THE LOCAL CITY AMENDMENTS, ORDINANCES AND LOCAL AUTHORITIES HAVING JURISDICTION. INSTALL ALL EQUIPMENT IN ACCORDANCE WITH THE REQUIREMENTS OF THE INSPECTING AUTHORITY AND THE MANUFACTURER'S RECOMMENDATIONS.

4. FOR PURPOSES OF CLEARNESS AND LEGIBILITY, THE ELECTRICAL DRAWINGS ARE ESSENTIALLY DIAGRAMMATIC. THE SIZE AND LOCATION OF EQUIPMENT IS SHOWN TO SCALE WHEREVER POSSIBLE. THE CONTRACTOR SHALL VERIFY ALL CONDITIONS.

5. THE SYMBOLS DESIGNATING CONDUIT SIZES AND QUANTITIES OF BRANCH CIRCUIT WIRING DO NOT INCLUDE THE EQUIPMENT GROUNDING CONDUCTOR REQUIRED. INSTALL REQUIRED EQUIPMENT GROUNDING CONDUCTOR IN ALL CONDUITS, SIZE PER CEC 250-122, EQUIPMENT GROUNDING CONDUCTOR SHALL BE GREEN.

6. BEFORE SUBMITTING BID, BECOME THOROUGHLY FAMILIAR WITH ACTUAL EXISTING CONDITIONS AT THE BUILDING. THE INTENT OF THE WORK IS SHOWN ON THE DRAWINGS AND DESCRIBED HEREINAFTER. BY THE ACT OF SUBMITTING A BID PROPOSAL FOR WORK, THE CONTRACTOR SHALL BE DEEMED TO HAVE MADE SUCH A STUDY AND EXAMINATION AND TO ACCEPT ALL CONDITIONS PRESENT AT THE SITE. NO REQUEST FOR ADDITIONAL PAYMENT SHALL BE CONSIDERED AS VALID, DUE TO FAILURE TO ALLOW FOR CONDITIONS WHICH MAY EXIST.

7. REFER TO ALL DRAWINGS FOR ADDITIONAL INFORMATION, EXACT EQUIPMENT LOCATION, MOUNTING HEIGHTS, MOUNTING REQUIREMENTS AND MAKE ALL FINAL ELECTRICAL CONNECTIONS TO ALL ELECTRICAL EQUIPMENT AS REQUIRED.

8. LOCATIONS OF CEILING MOUNTED DEVICES SHOWN ON THE ARCHITECTURAL DRAWINGS TAKE PRECEDENCE OVER THOSE SHOWN ON THE ELECTRICAL DRAWINGS. CONTRACTOR TO COORDINATE WITH OTHER TRADES FOR ADDITIONAL INFORMATION, EQUIPMENT LOCATION, MOUNTING HEIGHTS, MOUNTING REQUIREMENTS AND MAKE FINAL CONNECTIONS TO ALL ELECTRICAL EQUIPMENT.

9. CONTRACTOR'S BID SHALL BE BASED ON ALL WORK SHOWN ON THE PLANS AND SPECIFICATIONS. ALL PREMIUM TIME COSTS REQUIRED SHALL BE INCLUDED IN HIS BID. IF CONTRACTOR PROPOSES TO SUBSTITUTE FOR EQUIPMENT SPECIFIED, HE SHALL SUBMIT HIS REQUEST FOR CONSIDERATION TO THE OWNER AND ENGINEER PRIOR TO THE BID, IN WRITING. ALL SUBSTITUTIONS MUST BE REVIEWED BY THE ENGINEER. SUCH REVIEW SHALL NOT RELIEVE THE CONTRACTOR FROM COMPLYING WITH THE REQUIREMENTS OF THE DRAWINGS AND SPECIFICATIONS. THE CONTRACTOR SHALL BE RESPONSIBLE AT HIS OWN EXPENSE FOR ANY CHANGES RESULTING FROM HIS PROPOSED SUBSTITUTIONS WHICH MAY AFFECT OTHER PARTS OF HIS OWN WORK OR THE WORK OF OTHER CONTRACTORS.

10. CONTRACTOR TO PROVIDE TEMPORARY ELECTRICAL SERVICE SUITABLE TO CONDUCT CONSTRUCTION WORK.

11. REFER TO REFLECTED CEILING PLAN FOR EXACT LOCATION OF ALL LIGHTING FIXTURES, SMOKE DETECTORS AND FIRE ALARM DEVICES.

12. ALL MATERIALS AND EQUIPMENT SHALL BE NEW AND SHALL BEAR THE UNDERWRITERS LABEL (UL) AND BE INSTALLED IN THE MANNER FOR WHICH THEY ARE DESIGNED AND APPROVED.

13. ANY SUBSTITUTIONS OF SPECIFIED MATERIALS REQUIRE WRITTEN NOTIFICATION BY THE CONTRACTOR AND FORMAL APPROVAL BY OWNER REPRESENTATIVE AND/OR THE ENGINEER.

14. SEAL ALL NEW CONDUIT PENETRATIONS THROUGH FIRE RATED WALLS, CEILINGS, FLOORS, ETC., TO MAINTAIN EXISTING FIRE RATING CONDITIONS. FURNISH AND INSTALL FIRE RATED ENCLOSURES FOR ALL EQUIPMENT PENETRATING INTO FIRE RATED ENVELOPES, SPACES, ETC.

15. WHENEVER CONDUITS PENETRATE A PERIMETER WALL, IT IS TO BE SEALED IN AN APPROVED MANNER.

16. PROVIDE AN ENCLOSURE OF EQUAL FIRE RESISTANT RATING AROUND ALL FIXTURES AND EQUIPMENT INSTALLED IN OR PENETRATING THROUGH FIRE RATED SEPARATIONS.

17. OUTLET BOXES AND PANELS INSTALLED IN FIRE RATED WALLS AND CEILINGS SHALL NOT EXCEED 100 SQUARE INCHES FOR ANY 100 SQUARE FEET OF WALL OR CEILING AREA. INDIVIDUAL OUTLET BOXES OR FIXTURES SHALL BE STEEL AND NOT GREATER THAN 16 SQUARE INCHES.

18. ALL ROOF PENETRATIONS SHALL BE THROUGH ROOF CURB.

19. ISOLATED EQUIPMENT GROUNDING CONDUCTOR INSULATION SHALL BE GREEN WITH A YELLOW STRIPE. EQUIPMENT GROUNDING CONDUCTOR SHALL BE GREEN.

20. ALL DEVICES INSTALLED OUTSIDE OR SUBJECT TO WATER SPRAY SHALL BE APPROVED FOR WET LOCATION. ALL DEVICES SUBJECT TO VAPORS, STEAM AND MOISTURE SHALL BE APPROVED FOR DAMP LOCATION. FOR WALL MOUNTED OUTLETS EXACT LOCATION AND MOUNTING HEIGHTS, REFER TO ARCHITECTURAL DRAWINGS INTERIOR ELEVATIONS IF PROVIDED.

21. INSTALL "GFCI" GROUND FAULT INTERRUPTER RECEPTACLES WITHIN 6 FEET OF A SINK OR ANY AREA SUBJECT TO WATER SPRAY.

22. INSTALL "GFCI" GROUND FAULT INTERRUPTER RECEPTACLES WITH WEATHERPROOF COVER ON ROOF WITHIN 25 FEET OF "HVAC" EQUIPMENT, MOUNT RECEPTACLE ON UNISTRUT SUPPORT.

23. SWITCHES AND RECEPTACLES SHALL BE 20 AMP SPECIFICATION GRADE (HUBBELL #5362 AND #1221 OR EQUAL). SPECIAL RECEPTACLES SHALL MATCH EQUIPMENT SERVED.

24. GENERAL DUPLEX CONVENIENCE OUTLETS SHALL BE WHITE COLOR FACEPLATE.

25. DUPLEX CONVENIENCE WITH ISOLATED GROUND TYPE SHALL BE WHITE WITH ORANGE TRIANGLE MARKING.

26. RECEPTACLES ON EMERGENCY POWER SHALL BE COLOR RED.

27. RECEPTACLE COVER PLATES SHALL BE LABELED WITH A LABEL MAKER SHOWING PANEL NAME AND CIRCUIT NUMBER.

28. ALL LIGHT FIXTURES SHALL BE FURNISHED AND INSTALLED COMPLETE WITH ALL NECESSARY HARDWARE, FITTINGS LAMPS AND BALLAST. BALLASTS HARMONICS MAY NOT EXCEED THE TOTAL HARMONIC DISTORTION ALLOWABLE BY THE LOCAL ELECTRICAL UTILITY COMPANY LAMPS SHALL HAVE A CRI RATING OF 80 OR HIGHER. BALLASTS AND FIXTURES SHALL BE C.E.C. CERTIFIED.

29. PROVIDE SUPPORT FOR ALL LIGHTING FIXTURES AND ALL ELECTRICAL EQUIPMENT TO COMPLY WITH THE SEISMIC REQUIREMENTS OF THE CURRENT CALIFORNIA BUILDING AND ELECTRICAL CODES AND LOCAL AUTHORITIES.

30. PROVIDE PENDANT MOUNTED LIGHTING FIXTURES WITH STEMS OF SUFFICIENT LENGTH TO CLEAR PIPING AND VENTILATING DUCTS. COORDINATE LOCATION OF LIGHTING FIXTURES WITH DUCTS, PIPING AND EQUIPMENT PRIOR TO INSTALLATION OF CONDUITS AND LIGHTING FIXTURES.

31. FUSES FOR MOTOR PROTECTION SHALL BE PER NAMEPLATE RATING OF EQUIPMENT SPECIFIED.MANUAL MOTOR STARTERS FOR FRACTIONAL HORSEPOWER MOTORS SHALL BE SQUARE 'D' WITH OVERLOAD PROTECTION. PROVIDE OVERLOAD PROTECTION IN EACH PHASE FOR THREE PHASE MOTORS.

32. PROVIDE NAMEPLATES FOR ALL PANELBOARDS, DISTRIBUTION BOARDS, DISCONNECTS TRANSFORMERS, MOTOR STARTERS, TERMINAL CABINETS AND ALL ELECTRICAL EQUIPMENT IDENTIFIED BY NAME ON DRAWINGS.

33. BUILDING SERVICE ENTRANCE GROUNDING SYSTEM NOT EXCEED EARTH RESISTANCE OF 25 OHMS.

34. PROVIDE ALL ROUGH-IN WORK AND MAKE FINAL CONNECTIONS REQUIRED TO ALL EQUIPMENT. VERIFY EXACT POINT OF CONNECTION AND TYPE OF RECEPTACLES REQUIRED WITH RESPECTIVE EQUIPMENT SUPPLIER.

35. IN ADDITION TO JUNCTION BOXES INDICATED ON DRAWINGS, INSTALL JUNCTION BOXES AND PULL BOXES FOR CABLE SPLICES, CABLE PULLING AND CONNECTIONS NECESSARY FOR THE INSTALLATION OF A COMPLETE OPERATING SYSTEM. JUNCTION BOXES AND PULL BOXES SHALL BE ACCESSIBLE. LABEL JUNCTION BOXES AND PULL BOXES WITH APPROPRIATE DESIGNATION, MAXIMUM (3) 90° BENDS.

36. INSTALLATION OF 600 VOLTS CONDUCTORS, SHALL BE CONTINUOUS BETWEEN OUTLETS OR JUNCTION BOXES. MAKE SPLICES IN OUTLET BOXES, PULLBOXES, GUTTERS AND/OR PANELBOARD. DO NOT SPLICE PANELBOARD FEEDERS.

37. MAIN FEEDER CONDUITS SHALL BE RIGID METAL CONDUITS/ELECTRICAL METALLIC TUBING UNLESS OTHERWISE NOTED. STEEL FLEXIBLE CONDUITS FOR SHORT EQUIPMENT CONNECTIONS, EQUIPMENT CONNECTIONS SUBJECT TO VIBRATIONS AND EQUIPMENT LOCATED OUTSIDE OR SUBJECT TO WATER SPRAY MAKE CONNECTIONS WITH LIQUID-TIGHT CONDUIT AND WEATHERPROOF COMPONENTS, LENGTH IS LIMITED TO SIX FEET, PROVIDE EQUIPMENT GROUNDING CONDUCTOR SIZE PER 2025 CEC TABLE 250-122.

38. PAINT ALL NEW EXPOSED ELECTRICAL RACEWAYS, CABINETS, ENCLOSURES AND FITTINGS TO MATCH ADJACENT FINISHES. EXPOSED CONDUIT RUNS SHALL BE INSTALLED AS CLOSED AS POSSIBLE TO THE CEILING.

39. CONDUIT STUBBED-OUTS AND CONDUIT STUBBED-UPS SHALL BE PROVIDED WITH BUSHING ON ENDS.

40. PROVIDE PULL STRING IN EMPTY CONDUITS INSTALLED AS PART OF THIS PROJECT.

41. UNLESS OTHERWISE NOTED PROVIDE COPPER CONDUCTORS, MINIMUM SIZE #12 AWG. PROVIDE SOLID CONDUCTORS #10 AWG AND SMALLER UNLESS OTHERWISE NOTED. PROVIDE STRANDED CONDUCTORS #8 AWG AND LARGER UNLESS OTHERWISE NOTED. USE CONDUCTORS WITH THHN/THWN 600 VOLTS INSULATION FOR SIZES #6 AWG AND SMALLER, UNLESS OTHERWISE NOTED. CONDUCTORS #4 AWG AND LARGER SHALL BE THHW INSULATION, UNLESS OTHERWISE NOTED.

42. DELIVER ALL CONDUCTORS TO THE JOB SITE IN ORIGINAL UNBROKEN CARTON OR REEL, PROPERLY TAGGED WITH U.L. LABEL, SIZE, MANUFACTURER'S TRADE NAME AND THE DATE MANUFACTURED.

43. IT IS THE RESPONSIBILITY OF THE CONTRACTOR TO MAINTAIN WORK AREA CLEAR OF DEBRIS ON DAILY BASIS DURING CONSTRUCTION.

44. ALL UTILITIES HOOKUPS REQUIRED DURING OFF HOURS WILL BE PERFORMED BY THE CONTRACTOR AT NO ADDITIONAL COST.

45. NO PIPING, DUCTS OR EQUIPMENT FOREIGN TO ELECTRICAL EQUIPMENT SHALL BE PERMITTED TO BE LOCATED WITHIN DEDICATED WORKING SPACE OF EQUIPMENT, INCLUDING THE DEDICATED SPACE BETWEEN THE TOP OF EQUIPMENT TO THE STRUCTURAL CEILING ABOVE. ALL FOREIGN INSTALLATION WITHIN THE SPACE (I.E. FIRE SPRINKLER, ETC) SHALL BE INSTALLED IN ACCORDANCE WITH CEC 2025 11026(F)(1)(c).

46. IDENTIFY DATA & COMMUNICATION PULL ROPE OR CABLE AT BOTH ENDS DESIGNATING OPPOSITE TERMINATIONS.

47. USE PLASTIC COATED SELF-STICKING MARKERS SUCH AS THOMAS & BETTS E-Z CODE FOR IDENTIFICATION OF CONDUCTORS AND METAL EDGE BANDED PAPER TAGS ON PULL ROPES.

48. PROVIDE A TYPE WRITTEN PANELBOARD DIRECTORY.

49. FIRE ALARM SYSTEM SHALL BE DESIGN BUILD. DEFERRED APPROVAL.

50. ALL RECEPTACLES SHALL BE INSTALLED WITH GROUND PLUG UP.

51. ELECTRICAL OUTLETS WITHIN THE ACCESSIBLE UNITS SHALL BE INSTALLED PER THE FOLLOWING REQUIREMENTS:

    A. ELECTRICAL RECEPTACLE OUTLETS ON BRANCH CIRCUITS OF 30 AMPERES OR LESS AND COMMUNICATION SYSTEM RECEPTACLES SHALL BE LOCATED NO MORE THAN 48 INCHES MEASURED FROM THE TOP OF THE RECEPTACLE OUTLET BOX NOR LESS THAN 15 INCHES MEASURED FROM THE BOTTOM OF THE RECEPTACLE OUTLET BOX TO THE LEVEL OF THE FINISHED FLOOR OR WORKING PLATFORM.

    B. IF THE REACH IS OVER A PHYSICAL BARRIER OR AN OBSTRUCTION (FOR EXAMPLE, A KITCHEN BASE CABINET), RECEPTACLES SHALL BE LOCATED WITHIN THE REACH RANGES SPECIFIED IN SECTION 1138A.3. PHYSICAL BARRIERS AND OBSTRUCTIONS SHALL NOT EXTEND MORE THAN 25 INCHES FROM THE WALL BENEATH THE RECEPTACLE.

    C. RECEPTACLE OUTLETS THAT DO NOT SATISFY THESE SPECIFICATIONS ARE ACCEPTABLE PROVIDED THAT COMPARABLE RECEPTACLE OUTLETS, THAT PERFORM THE SAME FUNCTIONS, ARE PROVIDED WITHIN THE SAME AREA AND ARE ACCESSIBLE.

    D. RECEPTACLE OUTLETS INSTALLED AS PART OF PERMANENTLY INSTALLED BASEBOARD HEATERS ARE EXEMPT.

    E. REQUIRED RECEPTACLE OUTLETS SHALL BE PERMITTED IN FLOORS WHEN ADJACENT TO SLIDING PANELS OR WALLS.

    F. BASEBOARD ELECTRICAL OUTLETS USED IN RELOCATABLE PARTITIONS, WINDOW WALLS OR OTHER ELECTRICAL CONVENIENCE FLOOR OUTLETS ARE NOT SUBJECT TO MINIMUM HEIGHT REQUIREMENTS.

53. CONTROLS OR SWITCHES WITHIN THE ACCESSIBLE UNITS SHALL BE INSTALLED PER THE FOLLOWING REQUIREMENTS:

    A. CONTROLS OR SWITCHES INTENDED TO BE USED BY THE OCCUPANT OF THE ROOM OR AREA TO CONTROL LIGHTING AND RECEPTACLE OUTLETS, APPLIANCES, ALARMS OR COOLING, HEATING AND VENTILATING EQUIPMENT SHALL BE LOCATED NO MORE THAN 48 INCHES MEASURED FROM THE TOP OF THE OUTLET BOX NOR LESS THAN 15 INCHES MEASURED FROM THE BOTTOM OF THE OUTLET BOX TO THE LEVEL OF THE FINISHED FLOOR OR WORKING PLATFORM.

    B. IF THE REACH IS OVER A PHYSICAL BARRIER OR AN OBSTRUCTION FOR EXAMPLE, A KITCHEN BASE CABINET), SWITCHES AND CONTROLS SHALL BE LOCATED WITHIN THE REACH RANGES SPECIFIED IN SECTION 1138A.3. PHYSICAL BARRIERS OR OBSTRUCTIONS SHALL NOT EXTEND MORE THAN 25 INCHES FROM THE WALL BENEATH A SWITCH OR CONTROL.

    C. SWITCHES AND CONTROLS THAT DO NOT SATISFY THESE SPECIFICATIONS ARE ACCEPTABLE PROVIDED THAT COMPARABLE CONTROLS OR OUTLETS, THAT PERFORM THE SAME FUNCTIONS, ARE PROVIDED WITHIN THE SAME AREA AND ARE ACCESSIBLE.

54. ELECTRICAL EQUIPMENT SHALL BE LISTED BY A LOCAL CITY RECOGNIZED ELECTRICAL TESTING LABORATORY OR APPROVED BY THE DEPARTMENT OF BUILDING AND SAFETY.

55. ELEVATOR INSTALLATIONS AND OPERATIONS IN HIGH-RISE BUILDINGS SHALL COMPLY WITH CHAPTER 30 OF THE BUILDING CODE.

56. MC CABLES SHALL BE INSTALLED AND USED IN ACCORDANCE WITH THE REQUIREMENTS OF ARTICLE 330 OF THE N.E.C.

57. ALL EQUIPMENT AND DEVICES INSTALLED OUTDOOR SHALL BE WEATHERPROOF AND IN NEMA ENCLOSURE.

58. ALL 120 VOLT, 15 AND 20 AMPERE RECEPTACLES SHALL BE LISTED TAMPER-RESISTANT RECEPTACLES PER CEC 406.12.

59. PROVIDE ILLUMINATED EXIT SIGNS PER 2025 C.B.C. (MAXIMUM SPACING IS 100 FT AND VISIBLE FROM ALL AREAS).

60. PROVIDE WEATHERPROOF GFCI OUTLET AT EACH BALCONY ON A DEDICATED CIRCUIT.

61. THESE ARE ENGINEERED PLANS TO ILLUSTRATE GENERAL INSTALLATION REQUIREMENTS FOR THE COMPONENTS CONTAINED HEREIN. THE ELECTRICAL CONTRACTOR SHALL PROVIDE THEIR OWN SHOP DRAWINGS FOR THE REVIEW AND APPROVAL BY THE ELECTRICAL ENGINEER PRIOR TO INSTALLATION. THE SHOP DRAWINGS SHALL CLEARLY IDENTIFY ALL MEANS AND METHODS OF THE SPECIFIC INSTALLATION REQUIREMENTS FOR ALL COMPONENTS INCLUDING COORDINATION WITH OTHER TRADES.

62. SHOP DRAWINGS AND SUBMITTALS:

    A. CONTRACTOR SHALL SUBMIT SHOP DRAWINGS OF ALL EQUIPMENT AND DEVICES TO BE PROVIDED IN THE PROJECT FOR ENGINEER'S REVIEW AND APPROVAL. SELECTED EQUIPMENT SHALL BE MARKED-UP IN THE CUT SHEETS INDICATING THE ELECTRICAL SPECIFICATIONS/REQUIREMENT (I.E. VOLTAGE, AMPS, FLA, HP) AND ALL OTHER OPTIONS.

    B. CONTRACTOR SHALL PROVIDE A WRITTEN STATEMENT THAT HE/SHE HAS READ AND UNDERSTAND THE DOCUMENTS BEING SUBMITTED.

63. THE CONTRACTOR SHALL ANTICIPATE THE NORMAL SHRINKAGE OF THE WOOD FRAMING BOTH DURING CONSTRUCTION AND FOR A PERIOD OF TIME THEREAFTER. IN ORDER TO PREVENT DAMAGE DUE TO SUCH SHRINKAGE, THE FOLLOWING MEASURES SHALL BE TAKEN DURING INSTALLATION OF PLUMBING LINES, GAS LINES AND OTHER ELEMENTS WHICH WOULD BE ADVERSELY AFFECTED BY SHRINKAGE.

    A. RAFTERS, JOISTS AND PLATES SHALL BE "S" DRY MATERIAL THROUGHOUT.

    B. PROVIDE SWING JOISTS ON BRANCHES CONNECTING TO RISERS.

    C. VALVES CONNECTING TO RISERS SHALL BE OF COPPER TUBING INSTALLED SO AS TO PERMIT MOVEMENT OF THE STRUCTURE.

    D. WHERE PLASTER, DRYWALL OR TILE IS INSTALLED AROUND HORIZONTAL PIPING PROVIDE FOR MOVEMENT BY PROVIDING CLEAR SPACE TO PIPE LINES TO PERMIT DOWNWARD MOVEMENT OF STRUCTURE.

    E. VENTS SHALL BE INSTALLED WITH DOUBLE FLASHING WHICH WILL PERMIT MOVEMENT WITHOUT COMPROMISING WATER TIGHTNESS OF INSTALLATION.

    F. PROVIDE HORIZONTAL SCREEDS IN STUCCO AT ELEVATION OF TOP OF FLOOR JOISTS AT SECOND, THIRD AND FOURTH FLOORS.

64. AVAILABLE FAULT CURRENT.

    A. MARKING. SERVICE EQUIPMENT SHALL BE LEGIBLY MARKED IN THE FIELD WITH MAXIMUM AVAILABLE FAULT CURRENT. THE FIELD MARKINGS SHALL INCLUDE THE DATE THE FAULT CURRENT CALCULATION WAS PERFORMED ND BE OF SUFFICIENT DURABILITY TO WITHSTAND THE ENVIRONMENT INVOLVED.

    B. MODIFICATIONS. WHEN MODIFICATIONS TO THE ELECTRICAL INSTALLATION OCCUR, THAT AFFECT THE MAXIMUM AVAILABLE FAULT CURRENT AT THE SERVICE, THE MAXIMUM AVAILABLE FAULT CURRENT SHALL BE VERIFIED OR RECALCULATED AS NECESSARY TO ENSURE THE SERVICE EQUIPMENT INTERRUPTING RATINGS ARE SUFFICIENT FOR THE MAXIMUM AVAILABLE FAULT CURRENT AT THE LINE TERMINALS OF THE EQUIPMENT. THE REQUIRED FIELD MARKINGS IN A. ABOVE SHALL BE ADJUSTED TO REFLECT THE NEW LEVEL OF MAXIMUM AVAILABLE FAULT CURRENT. PROVIDE FAULT CURRENT CALCULATIONS THAT SHOW UTILITY CONTRIBUTION AND SHOW ON DRAWINGS FIELD MARKINGS.

65. ALL INTERIOR UNDERGROUND CONDUITS SHALL BE UNDER THE SLAB.

66. COMMON GROUNDING ELECTRODE. WHERE AN AC SYSTEM IS CONNECTED TO A GROUNDING ELECTRODE IN OR AT A BUILDING OR STRUCTURE, THE SAME ELECTRODE SHALL BE USED TO GROUND CONDUCTOR ENCLOSURES AND EQUIPMENT IN OR ON THE BUILDING OR STRUCTURE. WHERE SEPARATE SERVICES, FEEDERS, OR BRANCH CIRCUITS SUPPLY A BUILDING AND ARE REQUIRED TO BE CONNECTED TO A GROUNDING ELECTRODE(S), THE SAME GROUNDING ELECTRODE(S) SHALL BE USED. TWO OR MORE GROUNDING ELECTRODES THAT ARE BONDED TOGETHER SHALL BE CONSIDERED AS A SINGLE GROUNDING ELECTRODE SYSTEM IN THIS SENSE.

67. ALL UTILITY CONDUCTORS INCLUDING ELECTRICAL SERVICE, TELEPHONE SERVICE, AND CABLE TELEVISION MUST BE PLACED UNDERGROUND FROM THEIR POINT OF ORIGIN AT THE UTILITY POLE TO THE SERVICES METER OR TERMINATION POINT AT THE STRUCTURE.

68. ELECTRICAL EQUIPMENT, SUCH AS SWITCHBOARDS, PANEL BOARDS, INDUSTRIAL CONTROL PANELS, METER SOCKET ENCLOSURES, AND MOTOR CONTROL CENTERS, THAT ARE LIKELY TO REQUIRE EXAMINATION, ADJUSTMENT, SERVICING, OR MAINTENANCE WHILE ENERGIZED SHALL BE FIELD MARKED TO WARN QUALIFIED PERSONS OF POTENTIAL ELECTRIC ARC FLASH HAZARDS. THE MARKING SHALL BE LOCATED SO AS TO BE CLEARLY VISIBLE TO QUALIFIED PERSONS BEFORE EXAMINATION, ADJUSTMENT, SERVICING, OR MAINTENANCE OF THE EQUIPMENT.

69. TESTING AND ADJUSTING. TESTING AND ADJUSTING OF SYSTEMS SHALL BE REQUIRED FOR NEW BUILDINGS LESS THAN 10,000 SQUARE FEET OR NEW SYSTEMS TO SERVE AN ADDITION OR ALTERATION SUBJECT TO SECTION 303.1 PER CGBSC 5.410.4.

    A. DEVELOP A WRITTEN PLAN OF PROCEDURES FOR TESTING AND ADJUSTING SYSTEMS. SYSTEMS TO BE INCLUDED FOR TESTING AND ADJUSTING SHALL INCLUDE, AS APPLICABLE TO THE PROJECT PER CGBSC 5.410.4.2.

    B. PERFORM TESTING AND ADJUSTING PROCEDURES IN ACCORDANCE WITH MANUFACTURER'S SPECIFICATIONS AND APPLICABLE STANDARDS ON EACH SYSTEM PER CGBSC 5.410.4.3.

    C. AFTER COMPLETION OF TESTING, ADJUSTING AND BALANCING, PROVIDE A FINAL REPORT OF TESTING SIGNED BY THE INDIVIDUAL RESPONSIBLE FOR PERFORMING THESE SERVICES PER CGBSC 5.410.4.4.

    D. PROVIDE THE BUILDING OWNER OR REPRESENTATIVE WITH DETAILED OPERATING AND MAINTENANCE INSTRUCTIONS AND COPIES OF GUARANTIESWARRANTIES FOR EACH SYSTEM. O & M INSTRUCTIONS SHALL BE CONSISTENT WITH OSHA REQUIREMENTS IN CCR, TITLE 8, SECTION 5142, AND OTHER RELATED REGULATIONS PER CGBSC 5.410.4.5.

    E. INCLUDE A COPY OF ALL INSPECTION VERIFICATIONS AND REPORTS REQUIRED BY THE ENFORCING AGENCY PER CGBSC 5.410.4.5.1.

70. SOUTHERN CALIFORNIA SERVICE REQUIREMENT.

    A. COORDINATE WITH SCE FOR ELECTRICAL SERVICE AND METERING IS REQUIRED. FOR CONNECTION,CALL THE SOUTHERN CALIFORNIA EDISON COMPANY, DANIEL HASTERT AT (310) 738-7122. SERVICE CONNECTION,RISE COSTS AND CONTRACTOR TAX SHALL BE PAID BY CONTRACTOR.

ELECTRICAL STREET LIGHTING PLAN

SCALE: 1" = 20'-0" — 1

ELECTRICAL STREET LIGHTING PLAN

SCALE: 1" = 20'-0" — 2

ADDITIONAL CONTRACTOR NOTES

6 PILL BOX LIDS SHALL BE PARMANENTLY ENGRAVED WITH EITHER STREET.LANDSCAPE LIGHTING-HIGH VOLTAGE AND OR PEDESTRIAN LIGHTING DEPENDING ON CIRCUIT IN EACH BOX AS INDICATED ON DESIGN DRAWING CIRCUITING. FOR BOXES THAT CONTAIN BOTH STREET LANDSCAPE AND PEDESTRIAN LIGHTING

7 CONTRACTOR SHALL VERIFY EXISTING STREET LANDSCAPE LIGHTS THAT ARE INDICATED IN LIGHTER SHADE. CONTRACTOR SHALL REFERENCE CIVIL DRAWINGS TO IDENTIFY LOCATION AND REQUIREMENTS FOR ANY RELOCATED STREET/LANDSCAPE LIGHTING FIXTURES.

SPECIFIC NOTES:

1 EXISTING METER PEDESTAL #SCE 211010-045253, ADDRESS 401 W. CARSON SHALL BE REMOVED AND REPLACE WITH NEW METER PEDESTAL AT SAME LOCATION. COORDINATE WITH SCE AND DISCONNECT FEEDER FROM EXISTING METER PEDESTAL AND EXISTING FOUNDATION. FURNISH AND INSTALL NEW METER PEDESTAL AND NEW FOUNDATION. COORDINATE WITH SCE AND RECONNECT EXISTING FEEDER TO NEW METER PEDESTAL. COORDINATE WITH CITY OF CARSON AND PLACE (2) ADDRESSES ON NEW METER PEDESTAL, (1) ADDRESS PER METER.

2 CONTRACTOR SHALL VERIFY EXACT LOCATION OF NEW PEDESTAL MAIN SERVICE METER LOCATION COORDINATE IN FIELD WITH UTILITY COMPANY AND THE CITY OF CARSON PRIOR TO ROUGH-IN AND INSTALLATION.

ADDITIONAL CONTRACTOR NOTES

1 CONTRACTOR SHALL REFER TO ARCHITECTURAL PLANS FOR DIMENSIONED LAYOUTS FOR ALL TREE/LANDSCAPE LIGHTING.

2 CONTRACTOR SHALL ALSO REFER TO EXISTING AS-BULT AND RECORD DRAWINGS FOR UTILITY AND SIGNAL SYSTEMS THROUGHOUT THE STREET SITE PRIOR TO BID AND INSTALLATION. CONTRACTOR SHALL CONTACT CITY REPRESENTATIVE OF THE CITY OF CARSON RECORD DRAWING.

3 CONTRACTOR SHALL DETERMINE BEST METHOD TO ROUTE NEW CONDUIT PVC SCHEDULE 80 THROUGHOUT SCOPE AREA. BORE NEW PVC SCHEDULE 80 CONDUIT(S) IN ALL AREAS WHERE EXISTING STREET SCAPE IS TO REMAIN. TRENCH 30" MINIMUM AND LAY IN NEW PVC SCHEDULE 80 CONDUITS(S) IN ALL AREAS PLANNED WITH NEW PAVING.

4 CONTRACTOR SHALL REFER TO ARCHITECTURAL PLANS FOR FINAL DIMENSIONED LAYOUTS FOR ALL FIXTURES.

5 CONTRACTOR SHALL ALSO REFER TO ARCHITECTURAL AND CIVIL DRAWINGS TO DETERMINE QUANTITY AND LOCATION OF EXISTING LIGHTING FIXTURES THAT WILL NEED TO BE SAVED AND STORED AFTER REMOVAL. ARCHITECTURAL AND CIVIL DRAWINGS WILL ALSO NOTE WHERE SALVAGED FIXTURE CAN BE STORED.

GENERAL NOTES

7 CONTRACTOR TO PROVIDE TO THE CITY OF CARSON'S ENGINEERING DEPARTMENT WITH RED LINE PLANS TO REFLECT EXACT CONDUIT RUN AND COORDINATE LOCATION IN FIELD.

8 DRAWING SHOWS MINIMUM NUMBER OF PULL BOXES REQUIRED. CONTRACTOR SHALL PROVIDE ALL ADDITIONAL PULL BOXES AND ASSOCIATED ACCESSORIES AS REQUIRED

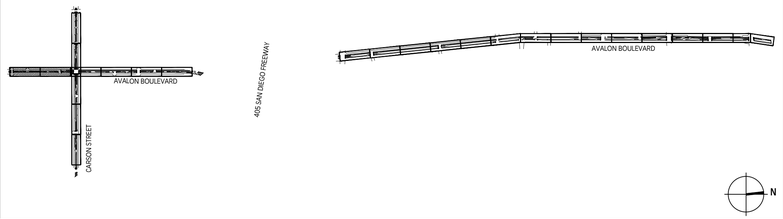
9 CONTRACTOR SHALL COORDINATE ELECTRICAL WORK WITH REQUIREMENTS OF OTHER TRADES.

10 ALL PULL BOXES TO BE WEATHERPROOF ALL CONDUCTORS TO BE SOLID COPPER,THW OR THWN.

11 CONTRACTOR SHALL INSTALL SERVICE AND METER PER UTILITY COMPANY REQUIREMENTS AND STANDARDS SEE SINGLE LINE DIAGRAM SHEET E4.10.

GENERAL NOTES

1 ALL WORK SHOWN ON PLAN ARE NEW, U.O.N.



2 MINIMUM CONDUIT SIZE SHALL BE1-1/2" U.O.N. SEE GENERAL NOTE ON SHEET E0.01.

3 MINIMUM CONDUCTOR SIZE SHALL #10 AWG, U.O.N.

4 CONDUCTOR SHALL BE #10 AWG FROM THE CLOSEST PULL BOX TO THE POINT OF EQUIPMENT/UP/DN/TREE LIGHT CONNECTION.

5 CONTRACTOR SHALL VERIFY UNDERGROUND PULL BOX WITH LANDSCAPE ARCHITECT PRIOR TO ROUGH-IN WORK.

6 CONTRACTOR SHALL REMOVE ALL ABANDONED PULL BOXES AND CONDUCTORS. CONTRACTOR TO RESTORE ALL DEMOLISHED PULL BOX LOCATIONS TO MATCHY EXISTING IMPROVEMENTS,REMOVE CONCRETE TO NEAREST SCORE LINE PRIOR TO RESTORATION.

1	EXISTING METER PEDESTAL #SCE 211010-045253, ADDRESS 401 W. CARSON SHALL BE REMOVED AND REPLACE WITH NEW METER PEDESTAL AT SAME LOCATION. COORDINATE WITH SCE AND DISCONNECT FEEDER FROM EXISTING METER PEDESTAL AND EXISTING FOUNDATION. FURNISH AND INSTALL NEW METER PEDESTAL AND NEW FOUNDATION. COORDINATE WITH SCE AND RECONNECT EXISTING FEEDER TO NEW METER PEDESTAL. COORDINATE WITH CITY OF CARSON AND PLACE (2) ADDRESSES ON NEW METER PEDESTAL, (1) ADDRESS PER METER.
2	CONTRACTOR SHALL VERIFY EXACT LOCATION OF NEW PEDESTAL MAIN SERVICE METER LOCATION COORDINATE IN FIELD WITH UTILITY COMPANY AND THE CITY OF CARSON PRIOR TO ROUGH-IN AND INSTALLATION.

ADDITIONAL CONTRACTOR NOTES

1 CONTRACTOR SHALL REFER TO ARCHITECTURAL PLANS FOR DIMENSIONED LAYOUTS FOR ALL TREE/LANDSCAPE LIGHTING.

2 CONTRACTOR SHALL ALSO REFER TO EXISTING AS-BULT AND RECORD DRAWINGS FOR UTILITY AND SIGNAL SYSTEMS THROUGHOUT THE STREET SITE PRIOR TO BID AND INSTALLATION. CONTRACTOR SHALL CONTACT CITY REPRESENTATIVE OF THE CITY OF CARSON RECORD DRAWING.

3 CONTRACTOR SHALL DETERMINE BEST METHOD TO ROUTE NEW CONDUIT PVC SCHEDULE 80 THROUGHOUT SCOPE AREA. BORE NEW PVC SCHEDULE 80 CONDUIT(S) IN ALL AREAS WHERE EXISTING STREET SCAPE IS TO REMAIN. TRENCH 30" MINIMUM AND LAY IN NEW PVC SCHEDULE 80 CONDUITS(S) IN ALL AREAS PLANNED WITH NEW PAVING.

4 CONTRACTOR SHALL REFER TO ARCHITECTURAL PLANS FOR FINAL DIMENSIONED LAYOUTS FOR ALL FIXTURES.

5 CONTRACTOR SHALL ALSO REFER TO ARCHITECTURAL AND CIVIL DRAWINGS TO DETERMINE QUANTITY AND LOCATION OF EXISTING LIGHTING FIXTURES THAT WILL NEED TO BE SAVED AND STORED AFTER REMOVAL. ARCHITECTURAL AND CIVIL DRAWINGS WILL ALSO NOTE WHERE SALVAGED FIXTURE CAN BE STORED.

GENERAL NOTES

7 CONTRACTOR TO PROVIDE TO THE CITY OF CARSON'S ENGINEERING DEPARTMENT WITH RED LINE PLANS TO REFLECT EXACT CONDUIT RUN AND COORDINATE LOCATION IN FIELD.

8 DRAWING SHOWS MINIMUM NUMBER OF PULL BOXES REQUIRED. CONTRACTOR SHALL PROVIDE ALL ADDITIONAL PULL BOXES AND ASSOCIATED ACCESSORIES AS REQUIRED

9 CONTRACTOR SHALL COORDINATE ELECTRICAL WORK WITH REQUIREMENTS OF OTHER TRADES.

10 ALL PULL BOXES TO BE WEATHERPROOF ALL CONDUCTORS TO BE SOLID COPPER,THW OR THWN.

11 CONTRACTOR SHALL INSTALL SERVICE AND METER PER UTILITY COMPANY REQUIREMENTS AND STANDARDS SEE SINGLE LINE DIAGRAM SHEET E4.10.

GENERAL NOTES

1 ALL WORK SHOWN ON PLAN ARE NEW, U.O.N.

2 MINIMUM CONDUIT SIZE SHALL BE1-1/2" U.O.N. SEE GENERAL NOTE ON SHEET E0.01.

3 MINIMUM CONDUCTOR SIZE SHALL #10 AWG, U.O.N.

4 CONDUCTOR SHALL BE #10 AWG FROM THE CLOSEST PULL BOX TO THE POINT OF EQUIPMENT/UP/DN/TREE LIGHT CONNECTION.

5 CONTRACTOR SHALL VERIFY UNDERGROUND PULL BOX WITH LANDSCAPE ARCHITECT PRIOR TO ROUGH-IN WORK.

6 CONTRACTOR SHALL REMOVE ALL ABANDONED PULL BOXES AND CONDUCTORS. CONTRACTOR TO RESTORE ALL DEMOLISHED PULL BOX LOCATIONS TO MATCHY EXISTING IMPROVEMENTS,REMOVE CONCRETE TO NEAREST SCORE LINE PRIOR TO RESTORATION.

ELECTRICAL STREET LIGHTING PLAN

SCALE: 1" = 20'-0" — 1

ELECTRICAL STREET LIGHTING PLAN

SCALE: 1" = 20'-0" — 2

ADDITIONAL CONTRACTOR NOTES

6 PILL BOX LIDS SHALL BE PARMANENTLY ENGRAVED WITH EITHER STREET.LANDSCAPE LIGHTING-HIGH VOLTAGE AND OR PEDESTRIAN LIGHTING DEPENDING ON CIRCUIT IN EACH BOX AS INDICATED ON DESIGN DRAWING CIRCUITING. FOR BOXES THAT CONTAIN BOTH STREET LANDSCAPE AND PEDESTRIAN LIGHTING

7 CONTRACTOR SHALL VERIFY EXISTING STREET LANDSCAPE LIGHTS THAT ARE INDICATED IN LIGHTER SHADE. CONTRACTOR SHALL REFERENCE CIVIL DRAWINGS TO IDENTIFY LOCATION AND REQUIREMENTS FOR ANY RELOCATED STREET/LANDSCAPE LIGHTING FIXTURES.

SPECIFIC NOTES:

1	EXISTING METER PEDESTAL #SCE 211010-045253, ADDRESS 401 W. CARSON SHALL BE REMOVED AND REPLACE WITH NEW METER PEDESTAL AT SAME LOCATION. COORDINATE WITH SCE AND DISCONNECT FEEDER FROM EXISTING METER PEDESTAL AND EXISTING FOUNDATION. FURNISH AND INSTALL NEW METER PEDESTAL AND NEW FOUNDATION. COORDINATE WITH SCE AND RECONNECT EXISTING FEEDER TO NEW METER PEDESTAL. COORDINATE WITH CITY OF CARSON AND PLACE (2) ADDRESSES ON NEW METER PEDESTAL, (1) ADDRESS PER METER.
2	CONTRACTOR SHALL VERIFY EXACT LOCATION OF NEW PEDESTAL MAIN SERVICE METER LOCATION COORDINATE IN FIELD WITH UTILITY COMPANY AND THE CITY OF CARSON PRIOR TO ROUGH-IN AND INSTALLATION.

ADDITIONAL CONTRACTOR NOTES

1 CONTRACTOR SHALL REFER TO ARCHITECTURAL PLANS FOR DIMENSIONED LAYOUTS FOR ALL TREE/LANDSCAPE LIGHTING.

2 CONTRACTOR SHALL ALSO REFER TO EXISTING AS-BULT AND RECORD DRAWINGS FOR UTILITY AND SIGNAL SYSTEMS THROUGHOUT THE STREET SITE PRIOR TO BID AND INSTALLATION. CONTRACTOR SHALL CONTACT CITY REPRESENTATIVE OF THE CITY OF CARSON RECORD DRAWING.

3 CONTRACTOR SHALL DETERMINE BEST METHOD TO ROUTE NEW CONDUIT PVC SCHEDULE 80 THROUGHOUT SCOPE AREA. BORE NEW PVC SCHEDULE 80 CONDUIT(S) IN ALL AREAS WHERE EXISTING STREET SCAPE IS TO REMAIN. TRENCH 30" MINIMUM AND LAY IN NEW PVC SCHEDULE 80 CONDUITS(S) IN ALL AREAS PLANNED WITH NEW PAVING.

4 CONTRACTOR SHALL REFER TO ARCHITECTURAL PLANS FOR FINAL DIMENSIONED LAYOUTS FOR ALL FIXTURES.

5 CONTRACTOR SHALL ALSO REFER TO ARCHITECTURAL AND CIVIL DRAWINGS TO DETERMINE QUANTITY AND LOCATION OF EXISTING LIGHTING FIXTURES THAT WILL NEED TO BE SAVED AND STORED AFTER REMOVAL. ARCHITECTURAL AND CIVIL DRAWINGS WILL ALSO NOTE WHERE SALVAGED FIXTURE CAN BE STORED.

GENERAL NOTES

7 CONTRACTOR TO PROVIDE TO THE CITY OF CARSON'S ENGINEERING DEPARTMENT WITH RED LINE PLANS TO REFLECT EXACT CONDUIT RUN AND COORDINATE LOCATION IN FIELD.

8 DRAWING SHOWS MINIMUM NUMBER OF PULL BOXES REQUIRED. CONTRACTOR SHALL PROVIDE ALL ADDITIONAL PULL BOXES AND ASSOCIATED ACCESSORIES AS REQUIRED

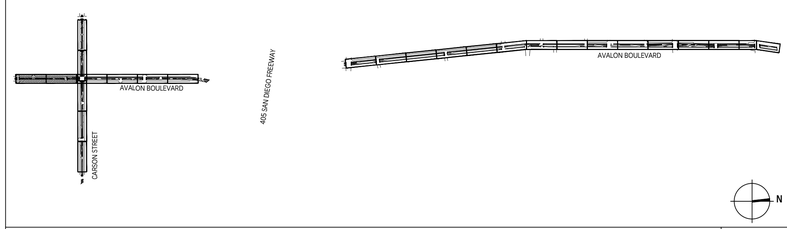
9 CONTRACTOR SHALL COORDINATE ELECTRICAL WORK WITH REQUIREMENTS OF OTHER TRADES.

10 ALL PULL BOXES TO BE WEATHERPROOF ALL CONDUCTORS TO BE SOLID COPPER,THW OR THWN.

11 CONTRACTOR SHALL INSTALL SERVICE AND METER PER UTILITY COMPANY REQUIREMENTS AND STANDARDS SEE SINGLE LINE DIAGRAM SHEET E4.10.

GENERAL NOTES

1 ALL WORK SHOWN ON PLAN ARE NEW, U.O.N.



2 MINIMUM CONDUIT SIZE SHALL BE1-1/2" U.O.N. SEE GENERAL NOTE ON SHEET E0.01.

3 MINIMUM CONDUCTOR SIZE SHALL #10 AWG, U.O.N.

4 CONDUCTOR SHALL BE #10 AWG FROM THE CLOSEST PULL BOX TO THE POINT OF EQUIPMENT/UP/DN/TREE LIGHT CONNECTION.

5 CONTRACTOR SHALL VERIFY UNDERGROUND PULL BOX WITH LANDSCAPE ARCHITECT PRIOR TO ROUGH-IN WORK.

6 CONTRACTOR SHALL REMOVE ALL ABANDONED PULL BOXES AND CONDUCTORS. CONTRACTOR TO RESTORE ALL DEMOLISHED PULL BOX LOCATIONS TO MATCHY EXISTING IMPROVEMENTS,REMOVE CONCRETE TO NEAREST SCORE LINE PRIOR TO RESTORATION.

PEDESTAL MOUNT METER NEMA-3R

SCALE: N.T.S. 2

Imperial TECHNICAL SERVICES

ITS Plastic Controller Enclosure

Model Number: ICA6P-XX

DESCRIPTION:

The Imperial Controller Assembly (ICA6P-XX) is a cost effective, plastic controller enclosure that is built to accept various manufacturers controller equipment. This unit is available in various models depending on the controller manufacturer you are planning to use. Everything is included to be able to accept the controller equipment

This allows users and distributors to purchase the controller equipment separately and then convert that product over into this enclosure. It makes for a very cost effective solution for those retrofit projects where cost is a major factor.

FEATURES:

- Honeycombed Plastic Enclosure for Cooler Operation
- Keylock with #751 Key
- Dent and Scratch Proof
- More Cost Effective than Metal Boxes
- Gasketed Top and Bottom Doors for Weather Resistance
- Allows Internal Antenna Usage
- Includes all Brackets, Plates, and Hinges Depending on the Model

DIMENSIONS:

Height:	40 ½" without conduit
Width:	16"
Depth:	14 ½"

MODELS:

ICA6P - FX1-300 (Luxor)
ICA6P - _____
ICA6P - _____

LIGHT CONTROL

DESCRIPTION	
1. FOR LIGHTING CONTROL CONTRACTOR SHALL VERIFY WITH THE CITY OF CARSON STANDARD.	• 365 DAY ASTRONOMICAL TIME CLOCK
2. CONTRACTOR TO PROVIDE AND INSTALL LIGHTING CONTROL DECODER AT EACH PALM TREE LOCATION. HARD WIRE ALL DECODERS IN DAISY CHAIN BACK TO CENTRAL CONTROLLERS LOCATED IN LOCKABLE CONTROLLER AT THE MAIN POWER PEDESTAL LOCATIONS. CONTROLLERS TO BE CITY PROGRAMMABLE. SYSTEM TO BE AS MANUFACTURED BY COLOR KINETICS, LUMENPULSE, ACCLAIM OR EQUAL.	• INTEGRAL PHOTOCELL • DMX CONTROL FOR COLOR CHANGE AND DIMMING.

NOTE:

ALL TREE UPLIGHTS,TREE DOWNLIGHTS,AND INGROUND LANDSCAPE LIGHTING FIXTURES SHALL BE DESIGNED WITH DIMMING CAPABILITY,COLOR CHANGING CAPABILITY,ADJUST COLOR TEMPERATURE,LIGHTING CONTROLS FOR PROGRAMMING,COLOR SCREENS,ADJUSTING BRIGHTNESS LEVELS AND NETWORK MONITORING AND OPERATION LIGHTING.

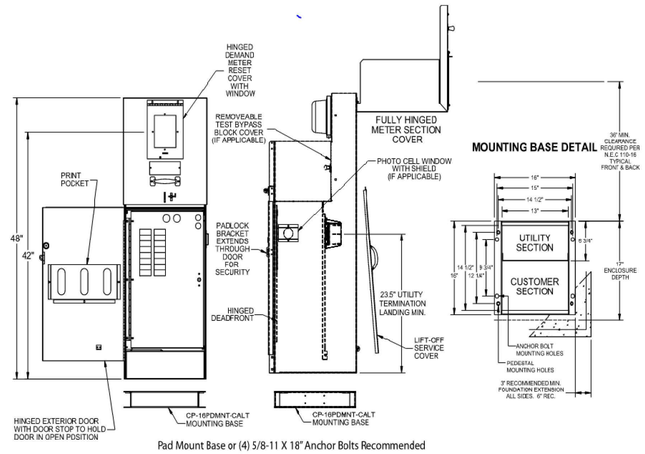
CP3B11115A22
(see drawing on pg. 17)

Typical Applications
Remote site service for multiple loads.

The **Milbank Main Load Center Commercial Pedestals** are designed to handle the vast majority of all requirements in a standard, stocked configuration.

- No waiting or extra charge
- Units feature a load center with a plug-on, back-fed main breaker
- Load center has 16 positions for the 100 amp pedestals and 24 circuits for the 200 amp pedestals
- Both sizes include sub-feed lugs to allow feeding an external panel



If your application requires turning loads on based on "dusk-to-dawn" requirements, be sure to see the **Milbank Switched Load Center Commercial Pedestal** products on the next page.

Features

These units include everything required for remote site service:

- Type 3R construction
- Expandable: load centers allow for future expansion without costly modifications
- All units feature 200 amp meter socket with optional field-installable fifth terminal kit available
- Optional mounting base can be embedded in concrete for fast, easy installation
- Separate sealable and lockable utility termination section
- Separate sealable and lockable metering section with the option of either a ring-type socket with test/bypass blocks (conforms to EUSERC 308) or a heavy duty ringless socket with lever bypass
- A separate sealable and lockable customer section with a load center for "always on" loads that includes:
  - Main circuit breaker
  - 20 (200 or 125 amp models) or 14 (100 amp models) blank breaker spaces
  - A circuit directory to document configuration

Re: *Project #1801 Median Landscape Avalon Boulevard From I-405 to 220th, SR-91 to Del Amo Boulevard and Carson Street from Grace Street to I-405*

Ms. Togiola,

Marina is requesting an audience, at your earliest convenience, with yourself or whomever the City's designated project manager or buyer for this contract will be.

We would like to further explain our position regarding the bid submitted this morning and specifically to address our value stated for the electrical/lighting scope.

Marina's listed subcontractor (*Electro Construction*) submitted two proposals, one at 9:24 AM and a subsequent proposal at 9:51 AM; by this time, documents and pricing were being input to the Planet Bids site.

To meet the 10 AM deadline and avoid the risk of late submission due to glitches on the site, as was experienced earlier, Marina used the original price submitted from our subcontractor, allowing us time to submit a responsive proposal. The difference between the original bid and the late bid is a net additive value of **$3,330,000.00** to our submitted price. This difference is one that we are not prepared to accept should the City elect to award this contract for the base bid amount submitted by Marina.

If the City is not open to any dialogue and is required to award on documentation submitted by Marina, we formally request our bid be withdrawn at this point.

We look forward to your prompt response and apologize for any inconvenience.

Cordially,

Joe Fuentes – Project Estimator

PUBLIC WORKS AGREEMENT
BETWEEN THE CITY OF CARSON AND
EARTHSCAPES LANDSCAPE, INC.

THIS PUBLIC WORKS AGREEMENT ("**Agreement**") is made and entered into this ____ day of _____, 2026, by and between the CITY OF CARSON, a California charter city ("**City**") and EARTHSCAPES LANDSCAPE, INC., a California corporation ("**Contractor**"). City and Contractor may be referred to, sometimes individually or collectively, as "Party" or "Parties."

RECITALS

A. The City desires to retain Contractor, on an independent contractor basis, to perform services for public works, as more particularly described below.

B. Contractor represents that it is fully qualified to perform such services by virtue of its experience and the training, education and expertise of its principals and employees.

C. Pursuant to the City of Carson Municipal Code and California state law, City has authority to enter into and execute this Agreement.

D. The Parties desire to formalize the selection of Contractor for performance of the services and desire that the terms of that performance be as particularly defined and described herein.

NOW, THEREFORE, in consideration of the mutual promises and covenants made by the Parties and contained herein and other consideration, the value and adequacy of which are hereby acknowledged, the parties agree as follows:

AGREEMENT

ARTICLE 1. CONTRACTOR SERVICES

1.1 Scope of Work.

The Contractor shall perform all of the work, furnish all labor, materials, equipment, tools, utility services, and transportation, and comply with all of the specifications and requirements in the Bid Documents for the project entitled "**IFB No. 26-12, Project No. 1801: Median Landscape: Avalon Blvd. from I-405 to 220th St.; Avalon Blvd. from SR-91 to Del Amo Blvd.; Carson St. from Grace St. to I-405**" ("**Project**"). All such work shall be performed in a good and workmanlike manner, as reasonably determined by the City, and shall be performed in compliance with all local, state, and federal laws and regulations. As used herein, "**Bid Documents**" refers to all of the documents included in the solicitation of bids for the Project, including but not limited to, the Invitation for Bids, Instructions to Bidders, Bid or Bid Proposal, Contract Documents, Special Provisions, Technical Provisions, Construction Plans, Standard Plans, Drawings, Reference Specifications, all applicable permit requirements, any addenda, any

applicable Project Labor Agreement, and any other documents included, referenced, or incorporated therein. The Bid Documents are incorporated into this Agreement and made part hereof. In the event of any conflict between the terms of the Bid Documents and this Agreement, the terms of this Agreement shall govern.

1.2 Incorporation of Greenbook.

The provisions of the 2024 Edition of the Standard Specifications for Public Works Construction, as updated by errata, ("Greenbook"), and the Construction Specifications Institute, are incorporated herein, except as explicitly modified by the Bid Documents. In the event of any conflict between the provisions of the Greenbook and this Agreement, the terms of this Agreement shall govern.

1.3 Compliance with Labor and Wage Laws.

(a) Public Work. The Parties acknowledge that the work to be performed under this Agreement is a "public work" as defined in Labor Code Section 1720 and that this Agreement is therefore subject to the requirements of Division 2, Part 7, Chapter 1 (commencing with Section 1720) of the California Labor Code relating to public works contracts and the rules and regulations established by the Department of Industrial Relations ("**DIR**") implementing such statutes. The work performed under this Agreement is subject to compliance monitoring and enforcement by the DIR. Contractor shall post job site notices, as prescribed by regulation.

(b) Registration with DIR. Pursuant to Labor Code section 1771.1, Contractor and all subcontractors must be registered with, and pay an annual fee to, the DIR prior to and during the performance of any work under this Agreement.

(c) Prevailing Wages. Contractor shall pay prevailing wages to the extent required by Labor Code Section 1771. Pursuant to Labor Code Section 1773.2, copies of the prevailing rate of per diem wages are on file at City Hall and will be made available to any interested party on request. By initiating any work under this Agreement, Contractor acknowledges receipt of a copy of the DIR determination of the prevailing rate of per diem wages, and Contractor shall post a copy of the same at each job site where work is performed under this Agreement. If this Agreement is subject to the payment of federal prevailing wages under the Davis-Bacon Act (40 U.S.C. § 3141 *et seq.*), then Contractor shall pay the higher of either the state for federal prevailing wage applicable to each laborer.

(d) Penalty for Failure to Pay Prevailing Wages. Contractor shall comply with and be bound by the provisions of Labor Code Sections 1774 and 1775 concerning the payment of prevailing rates of wages to workers and the penalties for failure to pay prevailing wages. The Contractor shall, as a penalty to the City, forfeit two hundred dollars ($200) for each calendar day, or portion thereof, for each worker paid less than the prevailing rates as determined by the DIR for the work or craft in which the worker is employed for any public work done pursuant to this Agreement by Contractor or by any subcontractor.

(e) Payroll Records. Contractor shall comply with and be bound by the provisions of Labor Code Section 1776, which requires Contractor and each subcontractor to: keep accurate payroll records and verify such records in writing under penalty of perjury, as specified

in Section 1776; certify and make such payroll records available for inspection as provided by Section 1776; and inform the City of the location of the records.

(f) Apprentices. Contractor shall comply with and be bound by the provisions of Labor Code Sections 1777.5, 1777.6, and 1777.7 and California Code of Regulations Title 8, Section 200 *et seq.* concerning the employment of apprentices on public works projects. Contractor shall be responsible for compliance with these aforementioned Sections for all apprenticeable occupations. Prior to commencing work under this Agreement, Contractor shall provide City with a copy of the information submitted to any applicable apprenticeship program. Within sixty (60) days after concluding work pursuant to this Agreement, Contractor and each of its subcontractors shall submit to the City a verified statement of the journeyman and apprentice hours performed under this Agreement.

(g) Eight-Hour Work Day. Contractor acknowledges that eight (8) hours labor constitutes a legal day's work. Contractor shall comply with and be bound by Labor Code Section 1810.

(h) Penalties for Excess Hours. Contractor shall comply with and be bound by the provisions of Labor Code Section 1813 concerning penalties for workers who work excess hours. The Contractor shall, as a penalty to the City, forfeit twenty-five dollars ($25) for each worker employed in the performance of this Agreement by the Contractor or by any subcontractor for each calendar day during which such worker is required or permitted to work more than eight (8) hours in any one calendar day and forty (40) hours in any one calendar week in violation of the provisions of Division 2, Part 7, Chapter 1, Article 3 of the Labor Code. Pursuant to Labor Code section 1815, work performed by employees of Contractor in excess of eight (8) hours per day, and forty (40) hours during any one week shall be permitted upon public work upon compensation for all hours worked in excess of 8 hours per day at not less than one and one-half (1½) times the basic rate of pay.

(i) Workers' Compensation. California Labor Code Sections 1860 and 3700 provide that every employer will be required to secure the payment of compensation to its employees if it has employees. In accordance with the provisions of California Labor Code Section 1861, Contractor certifies as follows:

> "I am aware of the provisions of Section 3700 of the Labor Code which require every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and I will comply with such provisions before commencing the performance of the work of this contract."

(j) Contractor's Responsibility for Subcontractors. For every subcontractor who will perform work under this Agreement, Contractor shall be responsible for such subcontractor's compliance with Division 2, Part 7, Chapter 1 (commencing with Section 1720) of the California Labor Code, and shall make such compliance a requirement in any contract with any subcontractor for work under this Agreement. Contractor shall be required to take all actions necessary to enforce such contractual provisions and ensure subcontractor's compliance, including without limitation, conducting a review of the certified payroll records of the subcontractor on a

periodic basis or upon becoming aware of the failure of the subcontractor to pay his or her workers the specified prevailing rate of wages. Contractor shall diligently take corrective action to halt or rectify any such failure by any subcontractor.

1.4 Compliance with Project Labor Agreement

If and to the extent that the work to be performed under this Agreement is within the scope of the City's Project Labor Agreement, which was fully executed as of March 4, 2020, by and between the City and the Los Angeles/Orange Counties Building and Construction Trades Council and the Signatory Craft Councils and Unions (the "Project Labor Agreement"), City and Contractor acknowledge and agree that Contractor is required to comply with the provisions of the Project Labor Agreement, and that in the event of a conflict between the provisions of this Agreement and the Project Labor Agreement, the Project Labor Agreement shall supersede and take precedence over the conflicting provision(s) of this Agreement.

1.5 Licenses, Permits, Fees and Assessments.

Contractor shall obtain at its sole cost and expense such licenses, permits, registrations, and approvals as may be required by law for the performance of the services required by this Agreement. Contractor shall have the sole obligation to pay for any fees, assessments and taxes, plus applicable penalties and interest, which may be imposed by law and arise from or are necessary for the Contractor's performance of the services required by this Agreement, and shall indemnify, defend and hold harmless City, its officers, employees or agents of City, against any such fees, assessments, taxes, penalties or interest levied, assessed or imposed against City hereunder.

1.6 Familiarity with Work.

By executing this Agreement, Contractor warrants that Contractor (i) has thoroughly investigated and considered the scope of work to be performed, (ii) has carefully considered how the services should be performed, and (iii) fully understands the facilities, difficulties and restrictions attending performance of the services under this Agreement. If the services involve work upon any site, Contractor warrants that Contractor has or will investigate the site and is or will be fully acquainted with the conditions there existing, prior to commencement of services hereunder.

1.7 Discovery of Unknown Conditions.

(a) Pursuant to Public Contract Code section 7104, Contractor shall promptly, and before the following conditions are disturbed, notify the City, in writing, of any: (i) material Contractor believes may be hazardous waste as defined in Section 25117 of the Health & Safety Code required to be removed to a Class I, II, or III disposal site in accordance with existing law; (ii) subsurface or latent physical conditions at the site, materially different from those indicated by information about the site made available to bidders prior to the deadline for submitting bids on the project; or (iii) unknown physical conditions at the site of any unusual nature, different from those ordinarily encountered and generally recognized as inherent in work of the character provided for in this Agreement.

(b) City shall promptly investigate the conditions, and if it finds that the conditions do materially differ, or do involve hazardous waste, and cause a decrease or increase in Contractor's cost of, or the time required for, performance of any part of the work, shall issue a change order in accordance with this Agreement.

(c) In the event that a dispute arises between City and Contractor whether the conditions materially differ, or involve hazardous waste, or cause a decrease or increase in Contractor's cost of, or time required for, performance of any part of the work, Contractor shall not be excused from any scheduled completion date set, but shall proceed with all work to be performed under the Agreement. Contractor shall retain any and all rights provided either by contract or by law, which pertain to the resolution of disputes and protests between the contracting parties.

1.8 Unidentified Utilities.

To the extent required by Government Code section 4215, City will compensate Contractor for the cost of locating, repairing damage not due to the failure of Contractor to exercise reasonable care, and removing or relocating utility facilities not identified by City in the Bid Documents with reasonable accuracy, and for equipment on the project necessarily idled during such work. Nothing herein shall be deemed to require City to indicate the presence of existing service laterals or appurtenances whenever the presence of such utilities on the project site can be inferred from the presence of other visible facilities, such as buildings, meters, and junction boxes, on or adjacent to the site of the construction; provided, however, nothing herein shall relieve City from identifying main or trunklines in the plans and specifications. If Contractor, while performing the work, discovers utility facilities not identified by City in the plans or specifications, Contractor shall immediately notify City and the utility in writing. This Agreement is subject to Government Code sections 4126 through 4216.9. Contractor must notify utilities and obtain an identification number before excavation or be subject to liability for damages to subsurface installations.

1.9 Trench Excavation.

Pursuant to Labor Code section 6705, if this Agreement is for more than $25,000 and requires the excavation of any trench or trenches five feet or more in depth, Contractor shall submit, in advance of such excavation, a detailed plan showing the design of shoring, bracing, sloping, or other provisions to be made for worker protection from the hazard of caving ground during the excavation of such trench or trenches. The plan shall be reviewed and accepted by the City, or a registered civil or structural engineer employed by the City to whom authority has been delegated, prior to the excavation. If the plan varies from the shoring system standards, the plan shall be prepared by a registered civil or structural engineer. This section shall not be deemed to allow the use of a shoring, sloping, or protective system less effective than that required by the Construction Safety Orders. This subsection shall not be construed to impose tort liability on the City or any of its employees. Full compensation for sheeting, shoring, bracing, sloping, and all other provisions required for worker protection shall be considered as included in the contract price shown in the appropriate Bid Item, and no additional compensation will be allowed therefor.

1.10 Protection and Care of Work and Materials.

The Contractor shall adopt reasonable methods, including providing and maintaining storage facilities, during the life of the Agreement to furnish continuous protection to the work, and the equipment, materials, papers, documents, plans, studies and/or other components thereof to prevent losses or damages, and shall be responsible for all such damages, to persons or property, until acceptance of the work by City, except such losses or damages as caused by City's own negligence. Stored materials shall be reasonably accessible for inspection. Contractor shall not, without City's consent, assign, sell, mortgage, hypothecate, or remove equipment or materials which have been installed or delivered and which may be necessary for the completion of the work.

1.11 Warranty.

Contractor warrants all work under the Agreement (which for purposes of this Section shall be deemed to include unauthorized work which has not been removed and any non-conforming materials incorporated into the work) to be of good quality and free from any defective or faulty material and workmanship. Contractor agrees that for a period of one year (or the period of time specified elsewhere in the Agreement or in any guarantee or warranty provided by any manufacturer or supplier of equipment or materials incorporated into the work, whichever is later) after the date of final acceptance, Contractor shall within ten (10) days after being notified in writing by the City of any defect in the work or non-conformance of the work to the Agreement, commence and prosecute with due diligence all work necessary to fulfill the terms of the warranty at its sole cost and expense. Contractor shall act as soon as requested by the City in response to an emergency. In addition, Contractor shall, at its sole cost and expense, repair, remove and replace any portions of the work (or work of other contractors) damaged by its defective work or which becomes damaged in the course of repairing or replacing defective work. For any work so corrected, Contractor's obligation hereunder to correct defective work shall be reinstated for an additional one year period, commencing with the date of acceptance of such corrected work. Contractor shall perform such tests as the City may require to verify that any corrective actions, including, without limitation, redesign, repairs, and replacements comply with the requirements of the Agreement. All costs associated with such corrective actions and testing, including the removal, replacement, and reinstitution of equipment and materials necessary to gain access, shall be the sole responsibility of the Contractor. All warranties and guarantees of subcontractors, suppliers and manufacturers with respect to any portion of the work, whether express or implied, are deemed to be obtained by Contractor for the benefit of the City, regardless of whether or not such warranties and guarantees have been transferred or assigned to the City by separate agreement and Contractor agrees to enforce such warranties and guarantees, if necessary, on behalf of the City. In the event that Contractor fails to perform its obligations under this Section, or under any other warranty or guaranty under this Agreement, to the reasonable satisfaction of the City, the City shall have the right to correct and replace any defective or non-conforming work and any work damaged by such work or the replacement or correction thereof at Contractor's sole expense. Contractor shall be obligated to fully reimburse the City for any expenses incurred hereunder upon demand.

1.12 Additional Work and Change Orders.

(a) City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Work or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written change order is first given by the City's Director of Public Works or City Engineer, or either of their designees, to the Contractor, incorporating therein any adjustment in (i) the Contract Sum, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Contractor ("**Change Order**"). All Change Orders must be signed by the Contractor and City's Director of Public Works or City Engineer, or either of their designees, prior to commencing the extra work thereunder.

(b) Any increase in compensation of up to the amount of contingency approved by the City Council at the time the Project was awarded to Contractor plus any additional subsequent contingency approved by the City Council, if any, taken either separately or cumulatively, or any increase in the time to perform of up to one hundred eighty (180) days and which are not detrimental to the Work or to the interest of the City, may be approved by the City's Director of Public Works or City Engineer, or either of their designees. Any greater increases, taken either separately or cumulatively, must be approved by the City Council.

(c) Any adjustment in the Contract Sum for a Change Order must be in accordance with the rates set forth in the Contractor's Bid. If the rates in the Contractor's Bid do not cover the type of work in the Change Order, the cost of such work shall not exceed an amount agreed upon in writing and signed by Contractor and City's Director of Public Works or City Engineer, or either of their designees. If the cost of the Change Order cannot be agreed upon, the City will pay for actual work of the Change Order completed, to the satisfaction of the City, as follows:

(i) Labor: The cost of labor shall be the actual cost for wages of workers and subcontractors performing the work for the Change Order at the time such work is done. The use of labor classifications that would increase the cost of such work shall not be permitted.

(ii) Materials and Equipment: The cost of materials and equipment shall be at cost to Contractor or lowest current price which such materials and equipment are reasonably available at the time the work is done, whichever is lower.

(iii) If the cost of the extra work cannot be agreed upon, the Contractor must provide a daily report that includes invoices for labor, materials and equipment costs for the work under the Change Order. The daily report must include: list of names of workers, classifications, and hours worked; description and list of quantities of materials used; type of equipment, size, identification number, and hours of operation, including loading and transportation, if applicable; description of other City authorized services and expenditures in such detail as the City may require. Failure to submit a daily report by the close of the next working day may, at the City's sole and absolute discretion, waive the Contractor's rights for that day.

(d) It is expressly understood by Contractor that the provisions of this Section shall not apply to services specifically set forth in the Scope of Work. Contractor hereby acknowledges that it accepts the risk that the services to be provided pursuant to the Scope of Work may be more costly or time consuming than Contractor anticipates and that Contractor shall not be entitled to additional compensation therefor. City may in its sole and absolute discretion have similar work done by other contractors.

(e) No claim for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

1.13 CARB Compliance.

For a project involving the use of in-use off-road diesel-fueled vehicles, as defined by 13 CCR 2449, Contractor shall obtain copies of the valid Certificates of Reported Compliance, as described in 13 CCR 2449(n), for the fleet performing services pursuant to this contract and all listed subcontractors, if applicable, prior to commencing any work pursuant to this Contract or any renewed contract with that fleet. Contractor shall indemnify, defend and hold harmless the District, its officers, agents, employees and directors from any liability imposed arising from Contractor's violation of any regulation set forth in 13 CCR 2449.

1.14 Special Requirements.

Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements," attached hereto as Exhibit B and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit B and any other provisions of this Agreement, the provisions of Exhibit B shall govern.

ARTICLE 2. COMPENSATION AND METHOD OF PAYMENT.

2.1 Contract Sum.

Subject to any limitations set forth in this Agreement, City agrees to pay Contractor the amounts set forth in Contractor's Bid attached hereto as Exhibit A and incorporated herein by this reference. Subject to any additions or deductions that may be made by change order or amendment, and any penalties or damages that may be assessed against Contractor, Contractor shall receive total compensation, including reimbursement of Contractor's expenses, of an amount not to exceed **Nine Million Three Hundred Thousand Six Hundred Forty Eight Dollars and Zero Cents ($9,300,648.00)** ("**Contract Sum**") for completion of the work.

2.2 Invoices.

Each month Contractor shall furnish to City an original invoice for all work performed during the preceding month using the form attached hereto as Exhibit E and incorporated herein by this reference. By submitting an invoice for payment under this Agreement, Contractor is certifying compliance with all provisions of the Agreement.

All invoices shall include a copy of Contractor's Certified Payroll and proof that Certified Payroll has been submitted to the DIR. Contractor shall also submit a list of the prevailing wage

rates (including federal prevailing wage rates, if applicable) for all employees and subcontractors providing services under this Agreement, as applicable, with Contractor's first invoice. If these rates change at any time during the term of the Agreement, Contractor shall submit a new list of rates to the City with its first invoice following the effective date of the rate change.

2.3 Payment.

(a) Payments Made by City. City shall independently review each invoice submitted by the Contractor to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Contractor which are disputed by City, City will cause Contractor to be paid any progress payment within thirty (30) days of receipt of Contractor's correct and undisputed invoice; however, Contractor acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event that City does not cause Contractor to be paid any progress payment within thirty (30) days of receipt of an undisputed and properly submitted invoice and provided the Project is for construction, Contractor shall be entitled to the payment of interest to the extent allowed under Public Contract Code Section 20104.50. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Contractor, not later than seven (7) days after receipt by the City, for correction and resubmission. Returned invoices shall be accompanied by a document setting forth in writing the reasons why the payment request was rejected. Review and payment by the City of any invoice provided by the Contractor shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

(b) Payments Made by Contractor to Subcontractors. Contractor shall remit payments owed to subcontractors within fifteen (15) calendar days after receiving payments by City if payments are owed by Contractor to any subcontractor qualifying as a small business enterprise, and within thirty (30) calendar days if payments are owed by Contractor to any subcontractor other than a small business enterprise.

2.4 Retention.

Pursuant to Section 9203 of the Public Contract Code, City will deduct a five percent (5%) retention from all progress payments, which shall be released to Contractor no later than sixty (60) days from completion of the work in accordance with Section 7107 of the Public Contract Code. In the event of a dispute between City and Contractor, City may withhold from the final payment an amount not to exceed one hundred fifty percent (150%) of the disputed amount.

2.5 Waiver.

Payment to Contractor for work performed pursuant to this Agreement shall not be deemed to waive any defects in work performed by Contractor.

2.6 Substitution of Securities.

(a) In conformance with the State of California Public Contract Code, Part 5, Section 22300, Contractor may substitute securities for any monies withheld by the City to ensure performance under this Agreement.

(b) At the request and expense of Contractor, Contractor has the option of establishing an escrow account with a state or federally chartered bank which shall serve as an escrow agent, for Contractor's direct deposit of securities as a substitute for retention earnings required to be withheld by the City. Upon Contractor's completion of its obligations hereunder, as evidenced by the City's acceptance of the work pursuant to Section 3.3 hereof, the escrow agent shall return the securities to Contractor. The escrow agent shall notify the City within ten (10) days after deposit of the securities. The market value of the securities at the time of the substitution shall be at least equal to the cash amount then required to be withheld as retention. Securities shall be held in the name of the City and shall designate Contractor as the beneficial owner. Alternatively, on written request of Contractor, the City shall make payments of the retention earnings directly to the escrow account.

ARTICLE 3. PERFORMANCE SCHEDULE

3.1 Schedule of Performance.

Contractor shall complete the Project within **one hundred thirty (130) working days** after receiving a "Notice to Proceed" from the City in accordance with any schedule contained in or required to be provided by the Proposal or Bid Documents, and any revisions thereof approved by the City in writing. Time is of the essence. If the work is not completed within said time period, liquidated damages shall apply. The term of this Agreement shall expire one (1) year following City's acceptance of the Project.

3.2 Liquidated Damages.

Since the determination of actual damages for any delay in performance of this Agreement would be extremely difficult or impractical to determine in the event of a breach of this Agreement, the Contractor and its sureties shall be liable for and shall pay to the City the sum of Two Thousand Dollars ($2,000.00) as liquidated damages for each calendar day of delay in the performance of any service required hereunder. The City may withhold any accrued liquidated damages from any monies payable on account of services performed by the Contractor. To the extent required by Government Code section 4215, Contractor shall not be assessed liquidated damages for delay in completion of the work when such delay was caused by the failure of the City or owner of the utility to provide for removal or relocation of utility facilities.

3.3 Force Majeure.

The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Contractor shall within ten (10) days of the commencement of such delay notify the Project Manager in writing of the causes of the delay. The Project Manager shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the

judgment of the Project Manager such delay is justified. The Project Manager's determination shall be final and conclusive upon the Parties to this Agreement. In no event shall Contractor be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Contractor's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Final Acceptance.

Acceptance of the Project shall only be by action of the City Council. Neither the acceptance nor any prior inspections or failure to inspect shall constitute a waiver by City of any defects in the work. From and after acceptance, the Project shall be owned and operated by City. As a condition to acceptance, Contractor shall certify to City in writing that all of the work has been performed in strict conformity with the Agreement and that all costs have been paid or supplied to City for security required herein, satisfactory to City, guaranteeing such performance.

ARTICLE 4. COORDINATION OF WORK

4.1 Representatives and Personnel of Contractor.

The following principals of Contractor ("Principals") are hereby designated as being the principals and representatives of Contractor authorized to act on its behalf with respect to the work specified herein and make all decisions in connection therewith:

Brian Olsen	Chief Executive Officer ____
(Name)	(Title)
_____	_____
(Name)	(Title)
_____	_____
(Name)	(Title)

The Principals shall be responsible during the term of this Agreement for directing all activities of Contractor and devoting sufficient time to personally supervise the services hereunder. All personnel of Contractor, and any authorized agents, shall at all times be under the exclusive direction and control of the Principals. For purposes of this Agreement, the Principals may not be replaced nor may their responsibilities be substantially reduced by Contractor without the express written approval of City. Additionally, Contractor shall make every reasonable effort to maintain the stability and continuity of Contractor's staff and subcontractors, if any, assigned to perform the services required under this Agreement. Contractor shall notify City of any changes in Contractor's staff and subcontractors, if any, assigned to perform the services required under this Agreement, prior to and during any such performance.

4.2 Status of Contractor.

Contractor shall have no authority to bind City in any manner, or to incur any obligation, debt or liability of any kind on behalf of or against City, whether by contract or otherwise, unless

such authority is expressly conferred under this Agreement or is otherwise expressly conferred in writing by City. Contractor shall not at any time or in any manner represent that Contractor or any of Contractor's officers, employees, or agents are in any manner officials, officers, employees or agents of City. Neither Contractor, nor any of Contractor's officers, employees or agents, shall obtain any rights to retirement, health care or any other benefits which may otherwise accrue to City's employees. Contractor expressly waives any claim Contractor may have to any such rights.

4.3 Project Manager.

The Project Manager shall be Gilbert Marquez, City Engineer, or any other person as may be designated by the City's Director of Public Works or City Engineer. It shall be the Contractor's responsibility to assure that the Project Manager is kept informed of the progress of the performance of the services and the Contractor shall refer any decisions which must be made by City to the Project Manager. Unless otherwise specified herein, any approval of City required hereunder shall mean the approval of the Project Manager. The Project Manager shall have authority, if specified in writing by the City's Director of Public Works or City Engineer , to sign all documents on behalf of the City required hereunder to carry out the terms of this Agreement.

4.4 Independent Contractor.

Neither the City nor any of its employees shall have any control over the manner, mode or means by which Contractor, its agents or employees, perform the services required herein, except as otherwise set forth herein. City shall have no voice in the selection, discharge, supervision or control of Contractor's employees, servants, representatives or agents, or in fixing their number, compensation or hours of service. Contractor shall perform all services required herein as an independent contractor of City and shall remain at all times as to City a wholly independent contractor with only such obligations as are consistent with that role. City shall not in any way or for any purpose become or be deemed to be a partner of Contractor in its business or otherwise or a joint venturer or a member of any joint enterprise with Contractor.

4.5 Prohibition Against Subcontracting or Assignment.

The experience, knowledge, capability and reputation of Contractor, its principals and employees were a substantial inducement for the City to enter into this Agreement. Therefore, Contractor shall not contract with any other entity to perform in whole or in part the services required hereunder without the express written approval of the City. All subcontractors shall obtain, at its or Contractor's expense, such licenses, permits, registrations and approvals (including from the City) as may be required by law for the performance of any services or work under this Agreement. In addition, neither this Agreement nor any interest herein may be transferred, assigned, conveyed, hypothecated or encumbered voluntarily or by operation of law, whether for the benefit of creditors or otherwise, without the prior written approval of City. Transfers restricted hereunder shall include the transfer to any person or group of persons acting in concert of more than twenty five percent (25%) of the present ownership and/or control of Contractor, taking all transfers into account on a cumulative basis. In the event of any such unapproved transfer, including any bankruptcy proceeding, this Agreement shall be void. No approved transfer shall release the Contractor or any surety of Contractor of any liability hereunder without the express consent of City.

ARTICLE 5. INSURANCE, INDEMNIFICATION AND BONDS

5.1 Insurance Coverages.

Without limiting Contractor's indemnification of City, and prior to commencement of any services under this Agreement, Contractor shall obtain, provide and maintain at its own expense during the term of this Agreement, policies of insurance of the type and amounts described below and in a form satisfactory to City.

(a) General Liability Insurance. Contractor shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form ISO CGL CG 00 01 or equivalent, in an amount not less than $5,000,000 per occurrence, $10,000,000 general aggregate, for bodily injury, personal injury, and property damage. The policy must include contractual liability that has not been amended. Any endorsement restricting standard ISO "insured contract" language will not be accepted.

(b) Automobile liability insurance. Contractor shall maintain automobile insurance at least as broad as Insurance Services Office form ISO CA 00 01, including "any auto" and endorsement CA 0025 or equivalent, covering bodily injury and property damage for all activities of the Contractor arising out of or in connection with Services to be performed under this Agreement, including coverage for any owned, hired, non-owned or rented vehicles, in an amount not less than $2,000,000 combined single limit for each accident.

(c) Workers' compensation insurance. Contractor shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least $1,000,000).

(d) Builder's Risk Insurance. Contractor shall maintain Builder's Risk (Course of Construction) insurance utilizing an "All Risk" (Special Perils) coverage form, with limits equal to the completed value of the project and no coinsurance penalty provisions or provisional limit provisions. The policy must include: (1) coverage for any ensuing loss from faulty workmanship, nonconforming work, omission or deficiency in design or specifications; (2) coverage against machinery accidents and operational testing; (3) coverage for removal of debris, and insuring the buildings, structures, machinery, equipment, materials, facilities, fixtures and all other properties constituting a part of the project; (4) ordinance or law coverage for contingent rebuilding, demolition, and increased costs of construction; (5) transit coverage (unless insured by the supplier or receiving contractor), with sub-limits sufficient to insure the full replacement value of any key equipment item; (6) ocean marine cargo coverage insuring any project materials or supplies, if applicable; (7) coverage with sub-limits sufficient to insure the full replacement value of any property or equipment stored either on or off the project site or any staging area.

If the Project does not involve new or major reconstruction, then at the option of City, an Installation Floater may be acceptable. For such projects, a Property Installation Floater shall be obtained that provides for the improvement, remodel, modification, alteration, conversion or adjustment to existing buildings, structures, processes, machinery and equipment. The Property Installation Floater shall provide property damage coverage for any building, structure, machinery or equipment damaged, impaired, broken, or destroyed during the performance of the work, including during transit, installation, and testing at the Project site.

(e) Pollution Liability Insurance. Contractor shall maintain Environmental Impairment Liability insurance, written on a Contractor's Pollution Liability form or other form acceptable to City providing coverage for liability arising out of sudden, accidental, and gradual pollution and remediation. The policy limit shall be no less than $1,000,000 per claim and $2,000,000 in the aggregate. All activities contemplated in this Agreement shall be specifically scheduled on the policy as "covered operations." The policy shall provide coverage for the hauling of waste from the project site to the final disposal location, including non-owned disposal sites.

Products/completed operations coverage shall extend a minimum of three (3) years after project completion. Coverage shall be included on behalf of the insured for covered claims arising out of the actions of independent contractors. If the insured is using subcontractors, the policy must include work performed "by or on behalf" of the insured. Policy shall contain no language that would invalidate or remove the insurer's duty to defend or indemnify for claims or suits expressly excluded from coverage. Policy shall specifically provide for a duty to defend on the part of the insurer.

If Contractor maintains broader coverage and/or higher limits than the minimums shown above, City requires and shall be entitled to the broader coverage and/or the higher limits maintained by Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to City.

5.2 General Insurance Requirements.

(a) Subcontractors. Contractor shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(b) Proof of Insurance. Contractor shall provide certificates of insurance and endorsements to City as evidence of the insurance coverages required herein, along with a waiver of subrogation endorsement for workers' compensation. Insurance certificates and endorsements must be approved by City's Risk Manager prior to commencement of performance. Current certification of insurance shall be kept on file with City at all times during the term of this Agreement. City reserves the right to require complete, certified copies of all required insurance policies, at any time.

(c) Duration of Coverage. Contractor shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the Services hereunder by Contractor, its agents, representatives, employees or subcontractors.

(d) Primary/noncontributing. Coverage provided by Contractor shall be primary and any insurance or self-insurance procured or maintained by City shall not be required to contribute with it. The limits of insurance required herein may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of City before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

(e) City's Rights of Enforcement. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Contractor or City will withhold amounts sufficient to pay premium from Contractor payments. In the alternative, City may cancel this Agreement.

(f) Waiver of Subrogation. All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against City, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow Contractor or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Contractor hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subcontractors.

(g) Enforcement of Contract Provisions (non-estoppel). Contractor acknowledges and agrees that any actual or alleged failure on the part of the City to inform Contractor of non-compliance with any requirement imposes no additional obligations on the City nor does it waive any rights hereunder.

(h) Requirements Not Limiting. Requirements of specific coverage features or limits contained in this section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Contractor maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by the Contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

(i) Notice of Cancellation. Contractor agrees to oblige its insurance agent or broker and insurers to provide to City with a thirty (30) day notice of cancellation (except for nonpayment for which a ten (10) day notice is required) or nonrenewal of coverage for each required coverage.

(j) Additional Insured Status. General and auto liability policies shall provide or be endorsed to provide that City and its officers, officials, employees, and agents, and volunteers shall be additional insureds under such policies. This provision shall also apply to any excess/umbrella liability policies.

(k) Prohibition of Undisclosed Coverage Limitations. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved of in writing.

(l) Separation of Insureds. A severability of interests provision must apply for all additional insureds ensuring that Contractor's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

(m) Pass Through Clause. Contractor agrees to ensure that its subconsultants, subcontractors, and any other party involved with the project who is brought onto or involved in the project by Contractor, provide the same minimum insurance coverage and endorsements required of Contractor. Contractor agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Contractor agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the project will be submitted to City for review.

(n) Agency's Right to Revise Specifications. The City reserves the right at any time during the term of the contract to change the amounts and types of insurance required by giving the Contractor ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Contractor, the City and Contractor may renegotiate Contractor's compensation.

(o) Self-Insured Retentions. Any self-insured retentions must be declared to and approved by City. City reserves the right to require that self-insured retentions be eliminated, lowered, or replaced by a deductible. Self-insurance will not be considered to comply with these specifications unless approved by City.

(p) Timely Notice of Claims. Contractor shall give City prompt and timely notice of claims made or suits instituted that arise out of or result from Contractor's performance under this Agreement, and that involve or may involve coverage under any of the required liability policies.

(q) Additional Insurance. Contractor shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the work.

5.3 Indemnification.

Contractor shall indemnify, defend with legal counsel approved by City, and hold harmless City, its officers, officials, employees and volunteers (each, an "Indemnitee") from and against all liability, loss, damage, expense, cost (including without limitation reasonable legal counsel fees, expert fees and all other costs and fees of litigation) of every nature arising out of or in connection with Contractor's performance of work under this Agreement or its failure to comply with any of its obligations contained in this Agreement, except such loss or damage which is caused by the sole or active negligence or willful misconduct of the City. Should conflict of interest principles preclude a single legal counsel from representing both City and Contractor, or should City otherwise find Contractor's legal counsel unacceptable, then Contractor shall reimburse the City its costs of defense, including without limitation reasonable legal counsels fees, expert fees and all other costs and fees of litigation. The Contractor shall promptly pay any final judgment rendered against the City (and its officers, officials, employees and volunteers) with respect to claims determined by a trier of fact to have been the result of the Contractor's negligent, reckless or wrongful performance. It is expressly understood and agreed that the foregoing provisions are intended to be as broad and inclusive as is permitted by the law of the State of California and will survive termination of this Agreement.

Contractor obligations under this section apply regardless of whether or not such claim, charge, damage, demand, action, proceeding, loss, stop notice, cost, expense, judgment, civil fine or penalty, or liability was caused in part or contributed to by an Indemnitee. However, without affecting the rights of City under any provision of this Agreement, Contractor shall not be required to indemnify and hold harmless City for liability attributable to the active negligence of City, provided such active negligence is determined by agreement between the parties or by the findings of a court of competent jurisdiction. In instances where City is shown to have been actively negligent and where City's active negligence accounts for only a percentage of the liability involved, the obligation of Contractor will be for that entire portion or percentage of liability not attributable to the active negligence of City.

5.4 Notification of Third-Party Claims.

City shall timely notify Contractor of the receipt of any third-party claim relating to the work under this Agreement. City shall be entitled to recover from Contractor its reasonable costs incurred in providing such notification.

5.5 Performance and Payment Bonds.

Concurrently with execution of this Agreement, Contractor shall deliver to the City all of the following bonds if the Contract Sum should exceed $25,000:

(a) A performance bond securing the faithful performance of this Agreement, in an amount not less than 100% of the total compensation for this Agreement, as stated in Section 2.1.

(b) A payment bond, securing the payment of all persons furnishing labor and/or materials in connection with the work under this Agreement, in an amount not less than 100% of the total compensation for this Agreement, as stated in Section 2.1.

All bonds shall be on the applicable forms provided in Exhibit "C" and Exhibit "D" attached hereto and made part hereof. The bonds shall each contain the original notarized signature of an authorized officer of the surety and affixed thereto shall be a certified and current copy of his/her power of attorney. The bonds shall be unconditional and remain in force during the entire term of the Agreement until released pursuant to Section 5.7 hereof.

5.6 Sufficiency of Insurer or Surety.

Insurance and bonds required by this Agreement shall be satisfactory only if issued by companies qualified to do business in California, rated "A-" or better in the most recent edition of Best's Rating Guide, The Key Rating Guide or in the Federal Register, and only if they are of a financial category Class VII or better. If the City determines that the work to be performed under this Agreement creates an increased or decreased risk of loss to the City, the Contractor agrees that the minimum limits of the insurance policies and the bonds may be changed accordingly upon receipt of written notice from the City's Risk Manager.

5.7 Release of Securities.

City shall release the performance bond and payment bond when the following have occurred:

(a) Contractor has made a written request for release and provided evidence of satisfaction of all other requirements under Article 5 of this Agreement;

(b) the Project has been accepted; and

(c) after passage of the time within which lien claims are required to be made pursuant to applicable laws; if lien claims have been timely filed, City shall hold the payment bond until such claims have been resolved, Contractor has provided statutory bond, or otherwise as required by applicable law.

ARTICLE 6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records.

Contractor shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies, certified and accurate copies of payroll records in compliance with all applicable laws, or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Project Manager to evaluate the performance of such services. Any and all such documents shall be maintained in accordance with generally accepted accounting principles and shall be complete and detailed. The Project Manager shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records. Such records shall be maintained for a period of 3 years following completion of the services hereunder, and the City shall have access to such records in the event any audit is required. In the event of dissolution of Contractor's business, custody of the books and records may be given to City, and access shall be provided by Contractor's successor in interest. Notwithstanding the above, the Contractor shall fully cooperate with the City in providing access to the books and records if a public records request is made and disclosure is required by law including but not limited to the California Public Records Act.

6.2 Reports.

Contractor shall periodically prepare and submit to the Project Manager such reports concerning the performance of the services required by this Agreement as the Project Manager shall require. Contractor hereby acknowledges that the City is greatly concerned about the cost of work and services to be performed pursuant to this Agreement. For this reason, Contractor agrees that if Contractor becomes aware of any facts, circumstances, techniques, or events that may or will materially increase or decrease the cost of the work or services contemplated herein, Contractor shall promptly notify the Project Manager of said fact, circumstance, technique or event and the estimated increased or decreased cost related thereto.

6.3 Ownership of Documents.

All drawings, specifications, maps, designs, photographs, studies, surveys, data, notes, computer files, reports, records, documents and other materials (the "documents and materials") prepared by Contractor, its employees, subcontractors and agents in the performance of this Agreement shall be the property of City and shall be delivered to City upon request of the Project Manager or upon the termination of this Agreement, and Contractor shall have no claim for further employment or additional compensation as a result of the exercise by City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Any use, reuse or assignment of such completed documents for other projects and/or use of uncompleted documents without specific written authorization by the Contractor will be at the City's sole risk and without liability to Contractor, and Contractor's guarantee and warranties shall not extend to such use, reuse or assignment. Contractor may retain copies of such documents for its own use. Contractor shall have an unrestricted right to use the concepts embodied therein. All subcontractors shall provide for assignment to City of any documents or materials prepared by them, and in the event Contractor fails to secure such assignment, Contractor shall indemnify City for all damages resulting therefrom. Moreover, Contractor with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

6.4 Confidentiality and Release of Information.

(a) Information gained or work product produced by Contractor in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Contractor. Contractor shall not release or disclose any such information or work product to persons or entities other than City without prior written authorization from the Project Manager.

(b) Contractor, its officers, employees, agents or subcontractors, shall not, without prior written authorization from the Project Manager or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Contractor gives City notice of such court order or subpoena.

(c) If Contractor, or any officer, employee, agent or subcontractor of Contractor, provides any information or work product in violation of this Agreement, then City shall have the right to reimbursement and indemnity from Contractor for any damages, costs and fees, including attorneys' fees, caused by or incurred as a result of Contractor's conduct.

(d) Contractor shall promptly notify City should Contractor, its officers, employees, agents or subcontractors be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed there under. City retains the right, but has no obligation, to represent Contractor or be present at any deposition, hearing or similar proceeding. Contractor agrees to cooperate fully with City and to provide City with the opportunity to review any response to discovery requests provided by

Contractor. However, this right to review any such response does not imply or mean the right by City to control, direct, or rewrite said response.

ARTICLE 7. ENFORCEMENT OF AGREEMENT; DEFAULT, SUSPENSION AND TERMINATION

7.1 California Law.

This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California, or any other appropriate court in such county, and Contractor covenants and agrees to submit to the personal jurisdiction of such court in the event of such action. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Default of Contractor.

Contractor's failure to comply with the provisions of this Agreement shall constitute a default. In the event that Contractor is in default for cause under the terms of this Agreement, City shall have no obligation or duty to continue compensating Contractor for any work performed after the date of default and can terminate or suspend this Agreement immediately by written notice to Contractor. If the Project Manager determines that Contractor is in default in the performance of any of the terms or conditions of this Agreement, the Project Manager shall cause to be served upon Contractor a written notice of the default. Contractor shall have ten (10) days after service upon it of said notice in which to cure the default by rendering a satisfactory performance. In the event that Contractor fails to cure its default within such period of time, the City shall have the right, notwithstanding any other provision of this Agreement, to terminate this Agreement without further notice and without prejudice to any other remedy to which it may be entitled at law, in equity or under this Agreement.

7.3 Suspension and Termination.

(a) The City may at any time, for any reason, with or without cause, suspend this Agreement, or any portion hereof, by serving upon Contractor at least ten (10) days prior written notice. Upon receipt of said notice, Contractor shall immediately cease all work under this Agreement, unless the notice provides otherwise. If the City suspends a portion of this Agreement such suspension shall not make void or invalidate the remainder of this Agreement.

(b) This Agreement may be terminated by either party for cause. The City may terminate this Agreement without cause upon thirty (30) days' written notice of termination. Upon termination, Contractor shall be entitled to compensation for completion of any portion of the Project accepted by City up to the effective date of termination unless any portion of the Project is accepted by City after termination in which event Contractor shall be paid for such completed portion.

7.4 Dispute Resolution Process.

Section 20104 *et seq*. of the California Public Contract Code prescribes a process utilizing informal conferences, non-binding judicial-supervised mediation, and judicial arbitration to resolve disputes on construction claims of $375,000 or less. Section 9204 of the Public Contract Code prescribes a process for negotiation and mediation to resolve disputes on construction claims. The intent of this Section is to implement Sections 20104 *et seq*. and Section 9204 of the California Public Contract Code. This Section shall be construed to be consistent with said statutes.

For purposes of these procedures, "claim" means a separate demand by the Contractor, after the City has denied Contractor's timely and duly made request for payment for extra work and/or a time extension, for (A) a time extension, (B) payment of money or damages arising from work done by or on behalf of the Contractor pursuant to the Agreement and payment of which is not otherwise expressly provided for or the Contractor is not otherwise entitled to, or (C) an amount the payment of which is disputed by the City.

The following requirements apply to all claims to which this section applies:

(a) Claim Submittal. The claim shall be in writing and include the documents necessary to substantiate the claim. Claims governed by this procedure must be filed on or before the date of final payment. Nothing in this section is intended to extend the time limit or supersede notice requirements otherwise provided in the Agreement for the filing of claims, including all requirements pertaining to compensation or payment for extra work, disputed work, and/or changed conditions. Failure to follow such contractual requirements shall bar any claims or subsequent lawsuits for compensation or payment thereon.

(b) Supporting Documentation. The Contractor shall submit all claims in the following format:

(i) Summary of the claim, including references to the specific Contract Document provisions upon which the claim is based.

(ii) List of documents relating to claim: (a) Specifications, (b) Drawings, (c) Clarifications (Requests for Information), (d) Schedules, and (e) Other.

(iii) Chronology of events and correspondence related to the claim.

(iv) Statement of grounds for the claim.

(v) Analysis of the claim's cost, if any.

(vi) Analysis of the claim's time/schedule impact, if any.

(c) City's Response. Upon receipt of a claim pursuant to this section, City shall conduct a reasonable review of the claim and, within a period not to exceed 45 days, shall provide the Contractor a written statement identifying what portion of the claim is disputed and what portion is undisputed. Any payment due on an undisputed portion of the claim will be processed and made within 60 days after the City issues its written statement.

(i) If the City needs approval from the City Council to provide the Contractor a written statement identifying the disputed portion and the undisputed portion of the claim, and the City Council does not meet within the 45 days or within the mutually agreed to extension of time following receipt of a claim sent by registered mail or certified mail, return receipt requested, the City shall have up to three days following the next duly publicly noticed meeting of the City Council after the 45-day period, or extension, expires to provide the Contractor a written statement identifying the disputed portion and the undisputed portion.

(ii) Within 30 days of receipt of a claim, the City may request in writing additional documentation supporting the claim or relating to defenses or claims the City may have against the Contractor. If additional information is thereafter required, it shall be requested and provided pursuant to this subdivision, upon mutual agreement of City and the Contractor.

(iii) The City's written response to the claim, as further documented, shall be submitted to the Contractor within 30 days (if the claim is less than $50,000, within 15 days) after receipt of the further documentation, or within a period of time no greater than that taken by the Contractor in producing the additional information or requested documentation, whichever is greater.

(d) Meet and Confer. If the Contractor disputes the City's written response, or the City fails to respond within the time prescribed, the Contractor may so notify the City, in writing, either within 15 days of receipt of the City's response or within 15 days of the City's failure to respond within the time prescribed, respectively, and demand an informal conference to meet and confer for settlement of the issues in dispute. Upon receipt of a demand, the City shall schedule a meet and confer conference within 30 days for settlement of the dispute.

(e) Mediation. Within 10 business days following the conclusion of the meet and confer conference, if the claim or any portion of the claim remains in dispute, the City shall provide the Contractor a written statement identifying the portion of the claim that remains in dispute and the portion that is undisputed. Any payment due on an undisputed portion of the claim shall be processed and made within 60 days after the City issues its written statement. Any disputed portion of the claim, as identified by the contractor in writing, shall be submitted to nonbinding mediation, with the City and the Contractor sharing the associated costs equally. The City and Contractor shall mutually agree to a mediator within 10 business days after the disputed portion of the claim has been identified in writing, unless the parties agree to select a mediator at a later time.

(i) If the parties cannot agree upon a mediator, each party shall select a mediator and those mediators shall select a qualified neutral third party to mediate with regard to the disputed portion of the claim. Each party shall bear the fees and costs charged by its respective mediator in connection with the selection of the neutral mediator.

(ii) For purposes of this section, mediation includes any nonbinding process, including, but not limited to, neutral evaluation or a dispute review board, in which an independent third party or board assists the parties in dispute resolution through negotiation or by issuance of an evaluation. Any mediation utilized shall conform to the timeframes in this section.

(iii) Unless otherwise agreed to by the City and the contractor in writing, the mediation conducted pursuant to this section shall excuse any further obligation under Public Contract Code Section 20104.4 to mediate after litigation has been commenced.

(iv) All unresolved claims shall be considered jointly in a single mediation, unless a new unrelated claim arises after mediation is completed.

(f) City's Responses. The City's failure to respond to a claim from the Contractor within the time periods described in this section or to otherwise meet the time requirements of this section shall result in the claim being deemed rejected in its entirety. A claim that is denied by reason of the City's failure to have responded to a claim, or its failure to otherwise meet the time requirements of this section, shall not constitute an adverse finding with regard to the merits of the claim or the responsibility of qualifications of the Contractor. City's failure to respond shall not waive City's rights to any subsequent procedures for the resolution of disputed claims.

(g) Government Code Claims. If following the mediation, the claim or any portion remains in dispute, the Contractor must comply with the claim procedures set forth in Government Code Section 900 *et seq.* prior to filing any lawsuit against the City. Such Government Code claims and any subsequent lawsuit based upon the Government Code claims shall be limited to those matters that remain unresolved after all procedures pertaining to extra work, disputed work, construction claims, and/or changed conditions, including any required mediation, have been followed by Contractor. If no such Government Code claim is submitted, or if the prerequisite contractual requirements are not satisfied, no action against the City may be filed. A Government Code claim must be filed no earlier than the date that Contractor completes all contractual prerequisites to filing a Government Code claim, including any required mediation. A Government Code claim shall be inclusive of all unresolved claims unless a new unrelated claim arises after the Government Code claim is submitted. For purposes of Government Code Section 900 *et seq*., the running of the period of time within which a claim must be filed shall be tolled from the time the Contractor submits his or her written claim to the City until the time the claim is denied, including any period of time utilized by the meet and confer conference or mediation that does not result in a complete resolutions of all claims.

(h) Civil Actions for Claims of $375,000 or Less. The following procedures are established for all civil actions filed to resolve claims totaling $375,000 or less:

(i) Within 60 days, but no earlier than 30 days, following the filing or responsive pleadings, the court shall submit the matter to non-binding mediation unless waived by mutual stipulation of both parties or unless mediation was held prior to commencement of the action in accordance with Public Contract Code section 9204 and the procedures in this Section. The mediation process shall provide for the selection within 15 days by both parties of a disinterested third person as mediator, shall be commenced within 30 days of the submittal, and shall be concluded within 15 days from the commencement of the mediation unless a time requirement is extended upon a good cause showing to the court or by stipulation of both parties. If the parties fail to select a mediator within the 15-day period, either party may petition the court to appoint the mediator.

(ii) If the matter remains in dispute, the case shall be submitted to judicial arbitration pursuant to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, notwithstanding Section 1141.11 of that code. The Civil Discovery Act (Title 4 (commencing with Section 2016.010) of Part 4 of the Code of Civil Procedure) shall apply to any proceeding brought under this subdivision consistent with the rules pertaining to judicial arbitration.

(iii) Upon stipulation of the parties, arbitrators appointed for these purposes shall be experienced in construction law, and, upon stipulation of the parties, mediators and arbitrators shall be paid necessary and reasonable hourly rates of pay not to exceed their customary rate, and such fees and expenses shall be paid equally by the parties, except in the case of arbitration where the arbitrator, for good cause, determines a different division.

(iv) In addition to Chapter 2.5 (commencing with Section 1141.10) of Title 3 of Part 3 of the Code of Civil Procedure, any party who after receiving an arbitration award requests a trial de novo but does not obtain a more favorable judgment shall, in addition to payment of costs and fees under that chapter, pay the attorney's fees of the other party arising out of the trial de novo.

7.5 Waiver.

Waiver by any party to this Agreement of any term, condition, or covenant of this Agreement shall not constitute a waiver of any other term, condition, or covenant. Waiver by any party of any breach of the provisions of this Agreement shall not constitute a waiver of any other provision or a waiver of any subsequent breach or violation of any provision of this Agreement. Acceptance by City of any work or services by Contractor shall not constitute a waiver of any of the provisions of this Agreement. No delay or omission in the exercise of any right or remedy by a non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

7.6 Rights and Remedies Are Cumulative.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.7 Unfair Business Practices Claims.

Pursuant to Public Contract Code section 7103.5, in entering into this Agreement, Contractor offers and agrees to assign to the City all rights, title, and interest in and to all causes of action it may have under Section 4 of the Clayton Act (15 U.S.C. § 15) or under the Cartwright Act (Chapter 2, (commencing with Section 16700) of Part 2 of Division 7 of the Business and Professions Code), arising from purchases of goods, services or materials related to this Agreement. This assignment shall be made and become effective at the time the City tenders final payment to the Contractor without further acknowledgment by the Parties.

ARTICLE 8. CITY OFFICERS AND EMPLOYEES: NON-DISCRIMINATION

8.1 Non-liability of City Officers and Employees.

No officer or employee of the City shall be personally liable to the Contractor, or any successor in interest, in the event of any default or breach by the City or for any amount which may become due to the Contractor or to its successor, or for breach of any obligation of the terms of this Agreement.

8.2 Conflict of Interest.

Contractor covenants that neither it, nor any officer or principal of its firm, has or shall acquire any interest, directly or indirectly, which would conflict in any manner with the interests of City or which would in any way hinder Contractor's performance of services under this Agreement. Contractor further covenants that in the performance of this Agreement, no person having any such interest shall be employed by it as an officer, employee, agent or subcontractor without the express written consent of the Project Manager. Contractor agrees to at all times avoid conflicts of interest or the appearance of any conflicts of interest with the interests of City in the performance of this Agreement.

No officer or employee of the City shall have any financial interest, direct or indirect, in this Agreement nor shall any such officer or employee participate in any decision relating to the Agreement which affects his financial interest or the financial interest of any corporation, partnership or association in which he is, directly or indirectly, interested, in violation of any State statute or regulation. The Contractor warrants that it has not paid or given and will not pay or give any third party any money or other consideration for obtaining this Agreement.

8.3 Covenant Against Discrimination.

Contractor covenants that, by and for itself, its heirs, executors, assigns, and all persons claiming under or through them, there shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class in the performance of this Agreement. Contractor shall take affirmative action to insure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class.

8.4 Unauthorized Aliens.

Contractor hereby promises and agrees to comply with all of the provisions of the Federal Immigration and Nationality Act, 8 U.S.C. § 1101 *et seq.*, as amended, and in connection therewith, shall not employ unauthorized aliens as defined therein. Should Contractor so employ such unauthorized aliens for the performance of work and/or services covered by this Agreement, and should any liability or sanctions be imposed against City for such use of unauthorized aliens, Contractor hereby agrees to and shall reimburse City for the cost of all such liabilities or sanctions imposed, together with any and all costs, including attorneys' fees, incurred by City.

ARTICLE 9. MISCELLANEOUS PROVISIONS

9.1 Provisions Required By Law.

Each and every provision of law and clause required by law to be inserted in this Agreement shall be deemed to be inserted herein, and the Agreement shall be read and enforced as though it were included herein. If through mistake or otherwise any such provision is not inserted, or is not correctly inserted, then upon application of either party, the contract shall forthwith be physically amended to make such insertion or correction.

9.2 Notices.

Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Project Manager (with her/his name and City title), City of Carson, 701 E Carson Street, Carson, California 90745 and in the case of the Contractor, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

9.3 Interpretation.

The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

9.4 Counterparts.

This Agreement may be executed in any number of counterparts and each of such counterparts shall for all purposes be deemed to be an original, whether the signatures are originals, electronic, facsimiles or digital. All such counterparts shall together constitute but one and the same Agreement. All signatures on bonds must be originals.

9.5 Integration; Amendment.

This Agreement including the attachments hereto is the entire, complete and exclusive expression of the understanding of the parties. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. No amendment to or modification of this Agreement shall be valid unless made in writing and approved by the Contractor and by the City Council. The parties agree that this requirement for written modifications cannot be waived and that any attempted waiver shall be void.

9.6 Severability.

In the event that any one or more of the phrases, sentences, clauses, paragraphs, or sections contained in this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining phrases, sentences, clauses, paragraphs, or sections of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

9.7 Warranty & Representation of Non-Collusion.

No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "noninterests" pursuant to Government Code Sections 1091 or 1091.5. Contractor warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Contractor further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Contractor is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

Contractor's Authorized Initials _____

9.8 Corporate Authority.

The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other Agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

EXHIBIT C

PERFORMANCE BOND

We, Earthscapes Landscape, Inc., a California corporation, as Principal, and _____, as Surety, jointly and severally, firmly bind ourselves, our heirs, representatives, successors and assigns, as set forth herein, to the City of Carson ("City") for payment of the penal sum of **Nine Million Three Hundred Thousand Six Hundred Forty-Eight U.S. Dollars and Zero Cents ($9,300,648.00)**. City and Principal have entered into an agreement, or are about to enter into the agreement attached hereto and incorporated by reference herein, for completion of public works for the property(ies) referenced in said agreement. Surety herein approves of the terms and conditions of said agreement and binds itself to faithfully perform the obligations of Principal therein if Principal fails to so perform. Surety acknowledges that the agreement herein referenced shall be that document as executed by City and Principal.

THE CONDITION OF THIS OBLIGATION IS SUCH that if the Principal shall in all things stand to and abide by, and well and truly keep and perform all of the covenants, conditions, and provisions in said agreement, and any alteration thereof made as therein provided, on Principal's part to be kept and performed at the time and in the manner therein specified, and shall indemnify and save harmless the City, City's engineer, and their consultants, and each of their officials, directors, officers, employees and agents, as therein stipulated, then this obligation shall become null and void; otherwise, it shall be and remain in full force and effect.

Surety agrees that should it fail to take over and diligently perform the agreement upon Principal's default after notice and within the time specified in the agreement, Surety will promptly on demand deposit with City such amount as City may reasonably estimate as the cost of completing all of Principal's obligations. Surety's obligation for payment herein shall exist, notwithstanding any controversy between Principal and City regarding Principal's failure under the agreement, and payment by Surety should be conclusively presumed between the parties herein to relieve, as demanded, Surety's obligations herein and shall be deemed proper payment as between Principal and Surety.

Surety agrees that no change, extension of time, alteration, or addition to the terms of the agreement, or the work to be performed thereunder or the plans and specifications, or any matters unknown to Surety which may affect Surety's risk shall in any wise affect its obligation on this bond, and it does thereby waive notice thereof.

Principal and Surety agree that if the City is required to engage the services of an attorney in connection with the enforcement of this bond, each shall pay City's reasonable attorneys' fees incurred, with or without suit, in addition to the above sum.

EXHIBIT D

PAYMENT BOND

We, Earthscapes Landscape, Inc., a California corporation, as Principal, and _____, as Surety, jointly and severally, firmly bind ourselves, our heirs, representatives, successors and assigns, as set forth herein, to the City of Carson ("City") and those for whose benefit this bond insures in the sum of **Nine Million Three Hundred Thousand Six Hundred Forty-Eight U.S. Dollars and Zero Cents ($9,300,648.00).** City and Principal have entered into an agreement, or are about to enter into the agreement attached hereto and incorporated by reference herein, for completion of public works for the property(ies) referenced in said agreement. Surety herein approves of the terms and conditions of said agreement and binds itself to faithfully perform the obligations of Principal therein if Principal fails to so perform. Surety acknowledges that the agreement herein referenced shall be that document as executed by City and Principal. If Principal or any of Principal's contractors or subcontractors, fails to pay any of the persons named in Section 9000 *et seq*. of the California Civil Code employed in the performance of the agreement for materials furnished or for labor thereon of any kind, or for amounts due under the Unemployment Insurance Code with respect to such work or labor, then Surety shall pay the same in an amount not exceeding the sum specified above, and also shall pay, in case suit is brought upon this bond, such reasonable attorneys' fees as shall be fixed by the court.

Surety agrees that it shall pay the amounts due the persons above named and diligently perform the agreement upon Principal's default after notice and within the time specified in the agreement. If Surety fails to perform within the times specified in the agreement, Surety shall promptly on demand deposit with City such amount as City may reasonably estimate as the cost of completing all of Principal's obligations. Surety's obligation for payment herein shall extend, notwithstanding any controversy between Principal and City regarding Principal's failure under the agreement. Principal and Surety agree that any payment by Surety pursuant to this paragraph should be conclusively presumed between the parties herein to relieve, as demanded, Surety's obligation herein and shall be deemed proper payment as between Principal and Surety.

This bond shall insure to the benefit of any and all of the persons named in Section 9000 *et seq*. of the California Civil Code so as to give a right of action to them or their assigns in any suit brought upon this bond.

Surety agrees that no change, extension of time, alteration, or addition to the terms of the agreement, or the work to be performed thereunder, or the plans and specifications, or any matters unknown to Surety which might affect Surety's risk, shall in any way affect its obligation on this bond, and it does hereby waive notice thereof.

Principal and Surety agree that should City become a party to any action on this bond, that each will also pay City's reasonable attorneys' fees incurred therein in addition to the above sums.

RESOLUTION NO. 26-125

A RESOLUTION OF THE CITY OF CARSON CITY COUNCIL AMENDING THE FISCAL YEAR 2026–27 BUDGET IN THE GENERAL FUND, SPECIAL REVENUE FUNDS, ENTERPRISE FUNDS, AND THE CAPITAL IMPROVEMENT PROGRAM (CIP) FUND

WHEREAS, the City Council adopted the Fiscal Year 2026-27 budget on February 17, 2026, for the General Fund and Special Revenue Funds of the City via Resolution No. 26-125; and

WHEREAS, the City Council desires to amend the Fiscal Year 2026-27 budget; and

WHEREAS, the City Council has determined it necessary to amend the Fiscal Year 2026-27 General Fund budget, Special Revenue Funds, Enterprise Funds, and Capital Improvement Program (CIP) budget.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF CARSON DOES HEREBY RESOLVE, FIND, DETERMINE, AND ORDER AS FOLLOWS:

Section 1. The following amendment(s) will be made to the City's Fiscal Year 2026-27 budget.

Account	Description	Increase/(Decrease)
101-99-999-904-8012-PW1801	Infrastructure Roadways	$3,995,745.20

Section 2. The City Clerk shall certify the adoption of this resolution and shall keep a copy of this resolution attached to the Fiscal Year 2026-27 budget on file, and effective as of October 20, 2026, the same shall be in force and effect.

PASSED, APPROVED, AND ADOPTED this 20th day of October, 2026.

Report to Honorable Mayor and City Council

Tuesday, October 20, 2026, 5:00 PM

DISCUSSION 29.

To: Honorable Mayor and City Council

From: Dr. Khaleah K. Bradshaw, City Clerk CCO Administration

Subject: CONSIDERATION OF ONLY LOCAL UNCONTESTED APPOINTMENTS TO THE CITY'S COMMISSIONS, COMMITTEES, AND BOARDS, AND CITY AFFILIATED ORGANIZATIONS BY MAYOR AND CITY COUNCIL AND CONSIDER ALL (CONTESTED AND UNCONTESTED) APPOINTMENTS TO ALL COMMISSIONS (CITY COUNCIL)

I. SUMMARY

This item is on the agenda to consider only uncontested appointments of City Commission, Committee, and Board members in accordance with the City Charter, Article VI, by Mayor and City Council.

Also, consider all (contested and uncontested) appointments to all commissions and also consider appointments to City Affiliated Organizations.

Pursuant to Section 602 of the City Charter provides, in part, the mayor and each member of the city council may appoint one member to a position on each City board or City commission, and the remaining membership positions shall be appointed by the mayor and approved by a majority of the city council, including the three alternates.

II. RECOMMENDATION

TAKE the following actions:

1. CONSIDER and only APPOINT uncontested members to the City Commissions, Committees, and Boards;
2. CONSIDER and APPOINT all (contested and uncontested) members to all commissions except Planning Commission and Environmental Commission;
3. CONSIDER and APPOINT members to City Affiliated Organizations;
4. DIRECT the City Clerk to notify all affected appointments of this action in writing;
5. IF APPLICABLE, DIRECT the City Clerk to post and publish in accordance with the Maddy Act

III. ALTERNATIVES

N/A

IV. BACKGROUND

Every two years after the municipal election, most Commission and Board appointments expire. As unscheduled vacancies occur and/or members are frequently absent, it is best practice to consider new appointments.

Invitations to submit an appointment application for all interested person(s) were posted in accordance with the Maddy Act. Applications for individuals requesting appointments were previously provided under separate cover to the Mayor and City Council.

V. FISCAL IMPACT

Funds for member stipends are already budgeted for Fiscal Year 2026-2027.

VI. EXHIBITS

1. Updated Local Appointments List for Commissions, Committees, and Boards

Attachments

Updated_Local_Appointments_List_for_Commissions_Committees_and_Boards.pdf

CITY OF CARSON

LOCAL APPOINTMENTS LIST FOR COMMISSIONS, COMMITTEES, AND BOARDS
(Pursuant to Government Code Section 54970 et seq.)

NOTICE IS HEREBY GIVEN that the current terms for the following Commissioners, Committee, and Board Members will expire as indicated for the respective bodies listed. Any interested resident of the City of Carson, California, is eligible to serve on any of the commissions, committees, or boards below, unless otherwise specified. Applications are available at the City Clerk's Office by request at (310) 952-1720.

* The following appointed positions may receive compensation
** Mayor's uncontested appointment
Vacant

I. COMMISSIONS

Article VI, §602 of the City Charter: To be qualified for appointment, the member shall be a qualified elector of the City, shall be domiciled in the City for at least sixty (60) days immediately preceding their appointment, and shall continue to reside in the City for the duration of his or her tenure, unless otherwise provided by ordinance.

The mayor and each member of the city council may appoint one member to a position on each City board, committee or commission, and the remaining membership positions shall be appointed by the mayor and approved by a majority of the city council, including the three alternates.

VI. CITY AFFILIATED ORGANIZATIONS

[40] California Contract Cities Association

		Appointed
Mayor Pro Tempore Hicks, Sr.	Delegate	12-03-24
Mayor Davis-Holmes	Alternate	12-03-24

[41] Clean Power Alliance

Ord. No. 17-1633; LACCE Joint Powers (Authority)

		Appointed
Mayor Pro Tempore Hicks, Sr.	Delegate	11-15-22
Councilmember Rojas	Alt. 1	12-03-24
Staff Member Reata Kulcsar	Alt. 2	11-15-22

[42] County of Los Angeles Public Library Commission

		Appointed
Mayor Davis-Holmes	Delegate	12-03-24

[43] County SanitationDistricts of Los Angeles (Dist. No. 8)*

Automatic designation of Mayor as Delegate per Health and Safety Code Section 4730. City Council as governing body, must select an alternate to act in place of presiding officer (Mayor) in absence, inability, or refusal to act.

		Appointed
Mayor Davis-Holmes	Delegate	01-26-21
Councilmember Dr. Hilton	Alternate	12-03-24

[44] Greater Los Angeles County Vector Control District (Formerly SE Mosquito Abatement)*

The District's governing power is vested in its 35 members of the Board of Trustees. One trustee is appointed by each of the 34 cities and the County Board of Supervisors appoints one to represent unincorporated areas of Los Angeles County. To be appointed, the member must reside in and be a resident voter of the representative city (or county for county member) in the District. Board member duties and responsibilities include setting policy, establishing the budget, approving expenditures, and retaining legal counsel. The vector Trustee appointment and term are governed by the State Health and Safety Code and begin and end on the first Monday in January. Additionally, the State Health and Safety code does not allow for alternate members to be appointed.

		Appointed	Term Expires
Councilmember Dear	Delegate	01-26-21	01-05-26
		(effective 01-03-22)	

[45] L.A. County City Selection Committee

Per Government Code Section 50270, the membership of each such City Selection Committee shall consist of the Mayor of each city within the county. Members of the LA County City Selection Committee include the Mayor of each city within Los Angeles County. Each city appoints an elected official as a delegate to the City Selection Committee; it usually is the Mayor. The term of office for each Member of the LA County City Selection Committee coincides with City Mayor terms, and the Committee meets three or four times a year, at the call of the Chairman. Their duties are to appoint City representatives to such Boards, Commissions and Agencies as may be required by law, i.e., LAFCO, South Coast Air Quality Management District, Los Angeles County Metropolitan Transportation Authority, Los Angeles County Hazardous Waste Management Advisory Committee; and to nominate for appointment Members to the California Coastal Commission. Nominations for the City Selection Committee appointees to the MTA are made by the Sector Subcommittees for the Sectors whose representatives' terms are expiring. The cities assigned to one of the four regions in Los Angeles County. Nominations for the City Selection Committee appointees to the MTA are made by the Sector Subcommittees for the Sectors whose representatives' terms are expiring. The cities assigned to one of the four regions in Los Angeles County (North County/San Fernando Valley, San Gabriel Valley, Southeast Long Beach and Southwest Corridor) shall meet as a Sector Subcommittee. Each candidate with a majority weighted vote will then be nominated from that Sector for consideration for appointment to the MTA.
