Proclamation

National Sexual Assault Awareness and Prevention Month

- Whereas** every 68 seconds another person in the United States is sexually assaulted, and in Texas 2 in 5 women and 1 in 5 men are victims of sexual assault; AND in fiscal year 2025, Thriving Hearts Crisis Center rendered 552 services to 93 survivors of sexual violence and provided 94 hospital accompaniments for sexual assault exams.
- Whereas** according to a study conducted by the Texas Association Against Sexual Assault and The University of Texas at Austin Institute on Domestic Violence and Sexual Assault approximately 6.3 million Texans have been sexually victimized.
- Whereas** most victims are sexually assaulted by someone they know, and 91 percent of victims did not report to police.
- Whereas** it is appropriate to salute the more than 20 million victims who have survived sexual assault in the United States and the efforts of victims, volunteers, and professionals who combat sexual assault.
- Whereas** national and community organizations and private sector supporters should be recognized and applauded for their work in promoting awareness about sexual assault.
- Whereas** police, forensic workers, and prosecutors should be recognized and commended for their hard work and innovative strategies to increase the percentage of sexual assault cases that resolve in the prosecution and incarceration of the offenders.
- Whereas** sexual violence is a persistent and pervasive problem in our society, one that requires attention year-round and in order to foster healthy communities, all citizens must support the effort to end sexual violence every month of the year; and,
- Whereas** national and community organizations, businesses in the private sector, and the media are urged, through *National Sexual Assault Awareness* of sexual violence and strategies to decrease the incidence of sexual assault.

Now therefore, Be It Resolved, I Kara Latimer, Mayor of the City of Cibolo do hereby proclaim the month of April as “*National Sexual Assault Awareness and Prevention Month*” in Cibolo and urge all citizens to observe this month by supporting the goals and ideas of victims and those working toward awareness and prevention, and by participating in community efforts.

In Witness Whereof, I have here unto set my hand this 14th day of **April 2026**

Proclamation

National Crime Victims' Rights Week in Cibolo, Texas - April 19–25, 2026

Whereas, millions of Americans are victims of crime each year, and these crimes also affect family members, friends, neighbors, and co-workers; and

Whereas, crime can leave a lasting physical, emotional, or financial impact on people of all ages and abilities, and of all economic, racial, and social backgrounds; and

Whereas, in 1984, the Crime Victims Fund was established by the Victims of Crime Act (VOCA) to provide a permanent source of support for crime victim services and compensation through fines and penalties paid by convicted federal offenders; and

Whereas, the Crime Victims Fund today supports thousands of victim assistance programs who provide help and support to child victims of violence and sexual abuse; stalking victims; survivors of homicide victims; victims of drunk-driving crashes; and victims of domestic, dating, and sexual violence and other crimes; and

Whereas, by ensuring that federal offender criminal fines and penalties are deposited into the Crime Victims Fund, Congress affirmed that those who commit crimes should be held accountable for the impact of their actions; and

Whereas, the Crime Victims Fund provides victim assistance to millions of crime victims annually and also provides compensation funds to thousands of crime victims each year for reimbursement of expenses related to their victimization; and

Whereas, the victim assistance community faces new challenges to reach and serve all victims, including victims of newly recognized crimes; and

Whereas, now is the time to embrace a new emphasis on learning what works in reaching underserved victims and meeting victims' needs; and

Whereas, National Crime Victims' Rights Week, provides an opportunity to celebrate the energy, creativity, and commitment that launched the victims' rights movement, inspired its progress, and continues to advance the cause of justice for crime victims; and

Whereas, Advocates are joining forces with victim service providers, criminal justice agencies, and concerned citizens throughout The City of Cibolo and America to raise awareness of victims' rights and observe National Crime Victims' Rights Week.

Now Therefore, Be It Resolved, in official recognition, the City of Cibolo hereby proclaims the week of April 19-25, 2026 as National Crime Victims' Rights Week in Cibolo, Texas, and reaffirms the City's commitment to respect and enforce victims' rights and address victims' needs during National Crime Victims' Rights Week and throughout the year; and express our appreciation for those victims and crime survivors who have turned personal tragedy into a motivating force to improve our response to victims of crime and build a more just community.

In Witness Whereof, I have here unto set my hand this 14th day of **April 2026**.

Proclamation Child Abuse Prevention & Awareness Month

Whereas, more than 33,249 cases of child abuse and neglect were confirmed in Texas during fiscal year 2025; and

Whereas, there were 163 confirmed victims of child abuse and neglect in Guadalupe County in fiscal year 2025; and

Whereas, child abuse prevention is a community responsibility and finding solutions depends on involvement among all people; and

Whereas, communities must make every effort to promote and support programs that benefit children and their families; and

Whereas, effective child abuse prevention programs succeed because of partnerships among a variety of entities including but not limited to schools, religious organizations, law enforcement agencies, child protective services, prosecution agencies, medical professionals, mental health professionals, SJRC Texas-Belong, the Guadalupe County Child Welfare Board, Children's Advocacy Centers, Court Appointed Special Advocates, Bikers Against Child Abuse, and other community-based non-profit organizations; and

Whereas, everyone in the community should become more aware of child abuse prevention and consider helping parents raise their children in safe, nurturing environments as well as supporting local professionals dedicated to meeting the needs of child abuse victims; and

Now Therefore, Be It Resolved, in official recognition, the City of Cibolo hereby proclaims April 2026 as Child Abuse Prevention & Awareness Month in Cibolo, Texas, and urge all citizens to work together to reduce child abuse and neglect and to significantly improve the response of our community when child abuse occurs in the months and years ahead.

BOND 2026

WHAT IS A **BOND ELECTION?**

Voters allow the district to borrow money for school construction, renovations, safety, and technology.

HOW **BOND ELECTIONS** **WORK?**

Funds are repaid over time with interest—similar to a home mortgage.

WHY **HOLD A BOND ELECTION?**

The State does not provide funds for large facility projects and those projects cannot typically be paid for from the general fund.

PROP OVERVIEW

SCUC ISD BOND

May 2, 2026 - Election Day

Based on the **recommendation of the district's Community Advisory Committee**, the SCUC Board of Trustees has called a three-proposition bond election.

The **\$295 million bond proposal** includes upgrades and renovations to general facilities across the district, as well as improvements to stadium facilities and the purchase of technology devices.

Prop A
General Facilities
\$230.7 million

Prop B
Stadium Facilities
\$55.3 million

Prop C
Technology Devices
\$9.1 million

Prop A

GENERAL FACILITIES

Proposes \$230.7 million to support district-wide improvements such as campus security systems, classrooms and learning spaces, upgraded fine arts, physical education, and play areas, and campus renovations at multiple grade levels.

Prop B

STADIUM FACILITIES

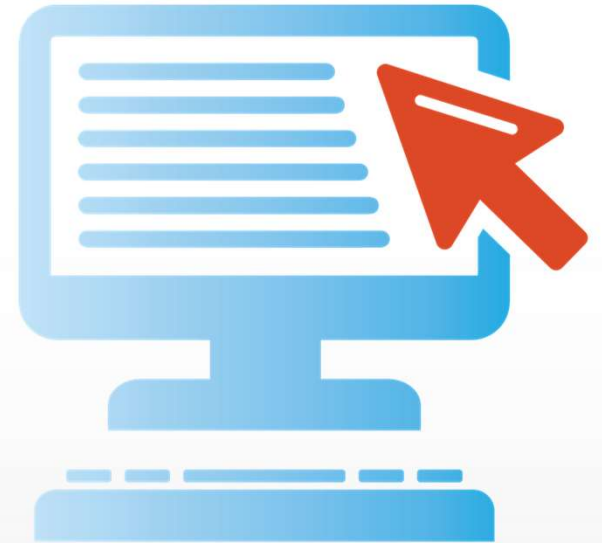

Proposes \$55.3 million for renovations at Lehnhoff Stadium to expand capacity and upgrade safety, security, concessions, restrooms, lighting, sound systems, and the scoreboard. Additionally, this proposition includes replacing the stadium artificial turf at Steele High School and installing new stadium artificial turf at Corbett Junior High.

Prop C

TECHNOLOGY DEVICES

Proposes \$9.1 million for technology replacement, specifically funding new computers, iPads, and Chromebooks for both students and staff.

BOND 2026

SCHOOL FINANCE 101

Maintenance & Operations

People and Programs

The M&O tax funds the day-to-day operations of a school district, including staff salaries, student programs, utilities, and other ongoing expenses.

Interest and Sinking

Bonds and Buildings

The I&S tax is used to repay voter-approved bonds that fund school buildings, major renovations, land purchases, and other long-term capital projects.

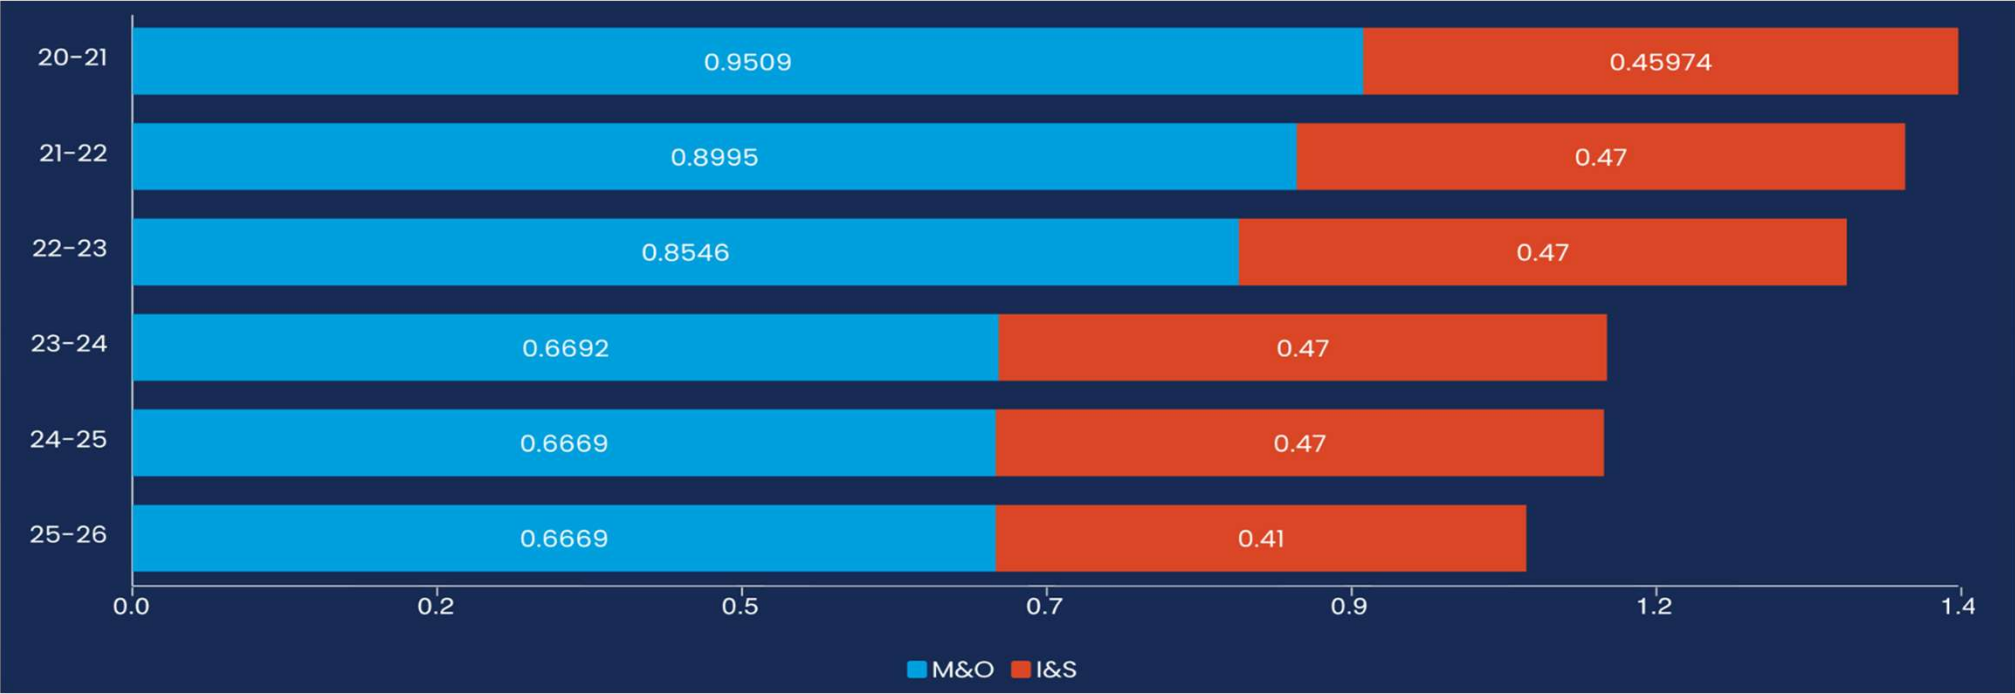

When added together, M&O and I&S make up the school tax rate that shows up on your property tax bill.

SCUC ISD TAX HISTORY

2020-2021 Through Current

Since 2020–2021, the SCUC ISD tax rate has decreased 33 cents. This change reflects intentional adjustments by the Board of Trustees along with tax rate compression from the State of Texas.

BALLOT LANGUAGE

Texas law mandates that all school bond ballots state **“THIS IS A PROPERTY TAX INCREASE”** even if your tax rate will remain the same.

The May 2026 SCUC ISD bond proposal is not anticipated to affect your 2026-2027 tax rate.

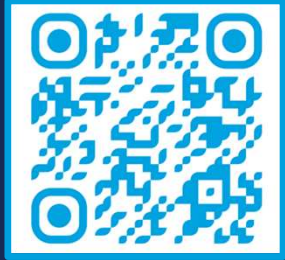

▶ HOMEOWNERS OVER 65

May 2, 2026 - Election Day

While this election does not anticipate a tax rate increase in 2026-2027, it is important to know that citizens age 65 or older will not be affected by this or any school bond election.

State law caps school taxes for residents 65 or older at the amount paid in the first year after they turned 65, unless significant improvements have been made to their homestead.

1. Call to Order

Mayor Latimer called the meeting to order at 6:35p.m.

2. Roll Call and Excused Absences

Councilmembers present: McGlothin, Patterson, Cunningham, Mayor Latimer, Sanchez-Stephens, D. Roberts, and Brown. Councilmember absent: R. Roberts. Councilwoman Cunningham made the motion to excuse Councilman Roberts' absence. Motion was seconded by Councilwoman Patterson. For: All; Against: None. Motion carried 6 to 0.

3. Invocation

Invocation was given by Chaplain Ray Huff.

4. Pledge of Allegiance

All in attendance recited the Pledge of Allegiance.

5. Presentation of Awards/Recognitions

5.A. Recognition of Fire Department staff for their actions at 513 Zoeller Way on January 29, 2026, during a structure fire with a trapped occupant.

Chief Troncoso presented awards to Fire Department staff for their actions rescuing a trapped occupant on January 19, 2026.

6. Proclamations

6.A. Proclamation for Horizon Pregnancy Resources

Councilwoman Sanchez-Stephens read and presented the proclamation to Horizon Pregnancy Resources.

6.B. Proclamation for Evelyn Beulah Wilson Metoyer Pierce 100th Birthday

Councilwoman Brown read and presented the proclamation to Ms. Pierce for her 100th birthday.

7. Citizens to be Heard

Ms. Amie Reynolds spoke on her support as a member of the Chamber for the EDC EDGE grants for Max and Louie's and Ace Hardware.

Mr. Mike Eklund, owner of Ace Hardware, spoke on his family, how they decided to open an Ace Hardware, why they chose Cibolo to open it, and how they would put the EDC Edge grant to use.

Ms. Shari McDaniel spoke on her support of reconsidering Councilwoman Roberts as the City's CRWA Board of Trustees member. She has worked with Councilwoman Roberts and believes continuity would be best for the position.

Mr. Drew Glick, owner of Max and Louie's, spoke on his gratitude for the help from City staff, how he ended up in the San Antonio area, what made him want to open a location in Cibolo, how they operate, and how he would put the EDC Edge grant to use.

Mayor Latimer read an e-mail from Ms. Courtney Kempe regarding two easements left to the Saddle Creek Ranch HOA by the developer without their consent. The developer left the containment barriers which damages their landscapers equipment. Mr. Reed requested the e-mail and information so the Public Works Department can go out and remove the barriers for the HOA.

City Council Regular Meeting Staff Report

A. Discussion/Action on approval of the Niemietz Park and Veterans Memorial Park Master Plans and authorization for the City Manager to proceed with construction plan development. (Ms. Hernandez/Kimley-Horn).

Meeting	Agenda Group
Tuesday, April 14, 2026, 6:30 PM	Discussion/Action Item: 11A.
From	
Julio Gomez, Public Works Director	

PRIOR CITY COUNCIL ACTION

As part of the FY23–FY27 Five-Year Capital Improvement Program (CIP), City Council approved annual Parks funding of \$750,000 for fiscal years 2023 through 2026, and \$500,000 for fiscal year 2027 through 2030 to support improvements and reinvestment in the City’s park infrastructure.

During the April 5, 2025 Council Strategic Management Workshop, City Council reviewed park conditions, preliminary improvement cost estimates, and available funding. During that discussion, City Manager Wayne Reed, requested Council direction on the use of the previously allocated funding and which parks should be prioritized for improvements. City Council directed staff to move forward with renovations and improvements at Veterans Park and Niemietz Park.

BACKGROUND

On August 1, 2023, the City of Cibolo submitted an application to the Texas Parks and Wildlife Department Local Park Grant Program seeking \$1.5 million in grant funding for improvements to the Tolle Nature Preserve. The grant required a 50% local match, and \$750,000 was allocated in the FY24 budget to support the potential match.

In January 2024, the City was notified that it was not selected for the grant. The funding has remained allocated within the CIP pending City Council direction on how the funds should be utilized.

Following Council’s direction regarding park priorities, City staff met with three consultants under the City’s Master Service Agreements to discuss scope and approach for improvements at Veterans Park and Niemietz Park. After evaluating the firms’ experience and approach, Kimley-Horn was selected as the lead consultant for the park planning and design efforts.

As part of the planning process, Kimley-Horn led the community outreach efforts to gather public input on park amenities and improvements. A public input survey was available on the Cibolo Tomorrow page from June 6 through October 20, allowing residents to provide feedback on desired park improvements.

Additional feedback was gathered through public engagement activities, including Parks Commission dot exercises at Cibolo Summer Nights, the City Fishing Tournament, Splash Bash, and CiboloFest, as well as a Parks Commission pop-up event at Al Rich Park in July 2025.

A Town Hall meeting was held on November 5, 2025 during the Parks Commission meeting, providing residents an additional opportunity to review park concepts and provide feedback.

The outreach efforts helped identify community priorities for park amenities, improvements, and overall park experience, which guided development of the proposed master plans.

City staff presented the final renderings and cost estimates to the Parks Commission during the March 2026 Parks Commission meeting, and the Commission agreed with the concepts that are now being presented to City Council.

The proposed master plans include phased improvements at both parks, allowing the City to align construction with available funding. As presented to Council, Phase I focuses on critical infrastructure, ADA accessibility, and high-use amenities, with additional phases planned as funding becomes available.

For Veterans Memorial Park, Phase I includes parking improvements, restroom facilities, walking trails, and site infrastructure enhancements, with additional amenities planned in future phases.

For Niemietz Park, Phase I includes playground improvements, shade structures, pavilion renovations, parking, and trail connectivity, with additional amenities planned in future phases.

STAFF RECOMMENDATION

Staff recommends that City Council:

1. Approve the Master Plans for Veterans Memorial Park and Niemietz Park
2. Authorize the City Staff to proceed with Phase I construction plans for both parks, within available funding.

FINANCIAL IMPACT

The consultant services will be funded through the Parks funds allocated in the FY24–25 Capital Improvement Program (CIP).

Funding available for park improvements includes \$680,000 in FY24, \$700,000 in FY25, and \$750,000 in FY26, for a total of approximately \$2,130,000.

Staff anticipates that the Phase I construction plans and subsequent construction will be funded utilizing these available CIP funds.

MOTION(S)

I move to approve the Master Plans for Veterans Memorial Park and Niemietz Park and authorize the City Staff to proceed with Phase I construction plans within available funding.

Veterans Memorial Park – Community Feedback on Improvements

Most Requested Improvements:

- **Shade** – Strongly emphasized as the top need, including shaded areas, covered play spaces, and general tree/structure shade.
- **Splash Pad/Water Feature** – Frequently requested by families as a new amenity.
- **Playground Enhancements** – Calls for larger, updated, and covered playground equipment.
- **Parking** – Additional parking and easier access are common concerns.
- **Landscaping/Grass** – Requests for improved turf and overall park aesthetics.
- **Sports Facilities** – Interest in soccer fields, basketball courts, pickleball, and fitness equipment.

Key Themes:

1. Comfort and usability during hot weather (shade, splash pad).
2. Family-friendly amenities (playgrounds, water features).
3. Infrastructure to support higher use (parking, turf).
4. Expanded recreation opportunities (sports courts and fields).

Summary:

The feedback highlights a clear demand for shaded areas, modernized playgrounds, and water play opportunities, along with practical upgrades such as more parking and improved landscaping. Sports and fitness facilities are also viewed as valuable additions.

Niemietz Park – Community Feedback on Improvements

Most Requested Improvements:

- **Playground Enhancements** – Strong consensus that the playground is outdated, unsafe, or too small. Requests for new equipment, better surfacing, swings, and updated design.
- **Shade** – Many comments call for shaded seating, covered play equipment, and shade along walking trails.
- **Restrooms** – Consistent mentions of the need for improved, cleaner, and more accessible restroom facilities.
- **Parking** – Multiple requests for expanded parking areas, safer access, and spaces closer to play areas.
- **Sports & Recreation Facilities** – Interest in pickleball courts, soccer practice space, ball fields, and better youth sports support.
- **Water Feature/Splash Pad** – Desire for a splash pad or water play area to make the park more family-friendly during hot weather.
- **Walking Trails & Open Space** – Improvements to trails with shade, benches, and safer connections.
- **General Maintenance & Upkeep** – Perceptions of the park being “old,” “outdated,” or “not maintained,” with calls for repainting, landscaping, and better year-round care.

Key Themes:

- **Modernization:** The park is widely seen as outdated and in need of new equipment and facilities.
- **Family Comfort:** Shade, restrooms, and safe play areas are top priorities for families.
- **Accessibility & Infrastructure:** Parking and restroom placement are critical to usability.
- **Expanded Recreation:** Requests for sports courts, splash pad, and enhanced open space point to a desire for more diverse recreation options.

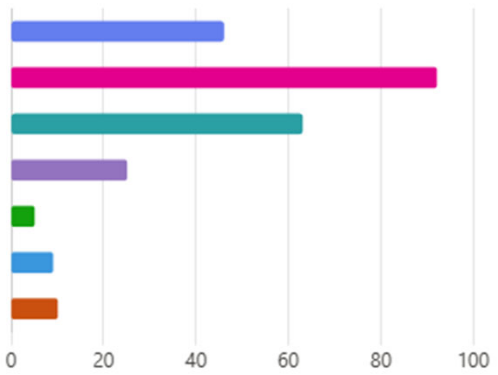

Summary:

Community feedback clearly highlights Niemietz Park as a well-used but aging facility in need of major updates. Families prioritize a safer, modern playground, shaded areas, and better restrooms, while also calling for more parking and upkeep. Interest in water play and expanded sports facilities reflects a broader vision of the park as a vibrant, multi-use community destination.

What does Council want to see with Parks

- Niemetz overhaul and upgrade field, more parking, Move the Parks Division storage for parking. Tolle Nature Park needs to get started ASAP. Town Creek Trail kick off.
- Better use of space w/ better family activities like Volleyball, Pickleball and basketball. Parking needs to be improve across the parks.
- Niemetz parks needs better parking. Veterans entrance sign needs to be updated and facelift. Al Rich baseball fields need improvement and sign update.
- Playground equipment upgrades (safety concern) at Veterans. Update playground at Niemetz. Schlather Park - Frisbie Golf to be improve (there is a group, in Cibolo, that has been asking to help). Field along Schaeffer road to be used for any sports fields.
- Hear from the people who ask about youth sports. Would like to see a solution for football options. Veterans should be priority and then focus on the newly purchased property near the bird sanctuary to focus on Football fields. Softball fields and baseball fields near sports complex.
- Improve parking across the parks, provide better activities and focus on beautification.
- Would like the Volleyball plan to be evaluated in the Parks Master Plan. Is it still the best use of the property at Schlather?

City Council Regular Meeting Staff Report

B. Discussion/Action on approving funding for Old Town/Downtown lighting improvements (LED lantern toppers) as recommended by the Cibolo Economic Development Corporation (CEDC) (Mr. Hardin)

Meeting	Agenda Group
Tuesday, April 14, 2026, 6:30 PM	Discussion/Action Item: 11B.
From	
Clancy Hardin, Economic Development Manager	

PRIOR CITY COUNCIL ACTION:

N/A

BACKGROUND:

The Economic Development staff and the CEDC board are advancing safety and place making improvements in Old Town/Downtown Cibolo and previously brought forward an item related to funding Old Town lighting improvements during their February 19, 2026, regular meeting, which was tabled to allow staff to return with a proper vendor quote. This project will cover the area of Old Town/Downtown from Schlather Street to FM 78.

Economic Development, Planning, and Public Works staff are coordinating to improve safety and place making in Old Town/Downtown. Prior initiatives funded by the CEDC Board include the Old Town Study (FY25), downtown banner updates (FY25), a beacon crossing on Main Street near Old Main Ice House (FY26), and numerous BIG Grants to local businesses.

Staff received a quote from 2M Lighting Controls for Sigma-PLÉ Transitional LED Lantern fixtures/toppers intended to enhance roadway and sidewalk lighting while minimizing spill back toward nearby housing.

Maintenance Note: LED components are described as low-maintenance; no bulbs, with typical driver/LED board lifespan noted at 5–10 years. Once installed the care and maintenance will be the responsibility of the Public Works Department.

STAFF RECOMMENDATION:

Staff recommends approval to proceed with the Old Town/Downtown lighting improvements for safety enhancements in Old Town/Downtown Cibolo, consistent with the CEDC’s approval/recommendation during their March 19, 2026 meeting.

FINANCIAL IMPACT:

Materials: \$37,327.50 one-time cost (approximately \$1,777.50 each) for 21 toppers/fixtures.

The vendor is a buyboard vendor. Funding is supported by the Cibolo EDC Type B funds in the existing budget.

MOTION(S):

Suggested motion: I move to approve funding the Old Town/Downtown lighting project as recommended by the CEDC Board and staff in the not to exceed amount of \$40,000 provided invoices are verified and coordinate with Public Works for installation.

PROJECT NAME: _____

SIGMA® - PLED TRANSITIONAL LED LANTERN

PROJECT TYPE: _____

Luminaire

Cast Aluminum Struts and Housing are heavy wall, low copper aluminum alloy (A356 alloy, <0.2% copper). Traditional styling of the housing provided with hinged top for easy access.

PLED™ Optics

Emitters (LED's) are arrayed on a metal core PCB panel with each emitter located on a copper thermal transfer pad and enclosed by an LED refractor. LED optics completely seal each individual emitter to meet an IP66 rating. In asymmetric distributions, a micro-reflector inside the refractor re-directs the house side emitter output towards the street side, maximizing usable light. Optional house side shields are available that cover each individual optic. Refractors are injection molded H12 acrylic. Each LED refractor is sealed to the PCB over an emitter and all refractors are retained by an aluminum frame. Any one Panel, or group of Panels in a luminaire, have the same optical pattern. LED refractors produce standard site/area distributions. Panels are field replaceable and field rotatable in 90° increments. Quick-disconnects are provided above each panel for fast field replacement. All fixture optical options will provide a "U0" no uplight optical package and is are dark sky friendly.

Ambience Low Luminance Lens

Optional Ambience Lens (AL) provides low luminance reduced glare distributions. Lens diffuses the PLED Optics and provides a more uniform luminance across the aperture reducing glare at all angles. Lens is provided with an aluminum frame and is sealed to the housing with high temp gasketing.

LED Emitters

High Power White LED's are driven between 350mA and 875mA for a maximum output of 2.5 Watts nominal. LED's are available in standard Neutral White (4000K), Cool White (5000K), or Warm White (2700K & 3000K). All Standard LED's have a minimum of 70 CRI. Consult Factory for other LED options. Lumen Maintenance of L94 at 60,000 hours (TM-21 calculated at 6x Test Time).

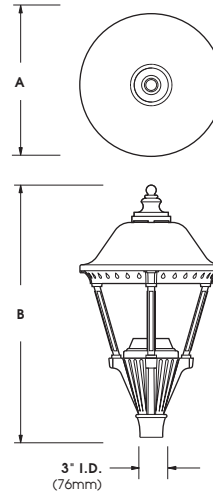

True Amber LED's TRA-True Amber LED's emit light in the amber spectral bandwidth centered on 585-590nm. True Amber has negligible blue light and is suitable for wildlife.

LED Driver

Constant current electronic with a power factor of >.90 and a minimum operating temperature of -40°F/-40°C. Driver(s) is/are UL and cUL recognized. In-line terminal blocks facilitate wiring between the driver and optical arrays. Drivers accept an input of 120-277V, 50/60Hz or 347V-480V, 50,60Hz. (0 - 10V dimmable driver is standard. Driver has a minimum of 3KV internal surge protection. Luminaire supplied with 20KV surge protector for field installation.)

Finish

Polyester powder coat incorporates four step iron phosphate process to pretreat metal surface for maximum adhesion. Top coat is baked at 400°F for maximum hardness and exterior durability.

High Low Dimming For Switches (HLSW)

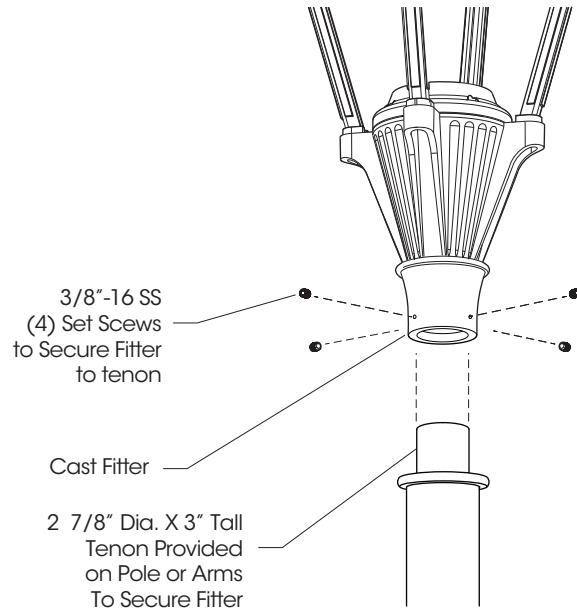

The HLSW is a Small Electronic Switch which Provides High Low Dimming Control Through the LED Driver's 0-10V Control. Switching is Done by Adding a Secondary AC Switched Hot Trigger Line to the HLSW in Addition to the Normal AC Power Line. When the Secondary Trigger Line is Powered, the Fixture will go to 100% Dimming. With no Power to the Trigger, the Fixture will operate at 50% or 25% Dimming. Switches for the Trigger Line can be a Normal AC Switch/Breaker or Timed Switch/Breaker.

Trulevel System® Assembly

1. Loosen (4) Captive Screws and remove Access Door from Trulevel Coupler, pull out Quick Connect from Trulevel Coupler and Trulevel Ball.

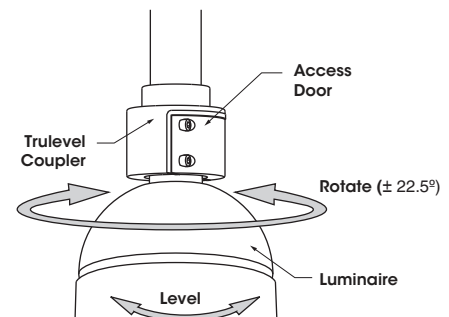

2. Place Trulevel Ball inside of Trulevel Coupler as illustrated.
 - A - Notched Section of Trulevel Ball must face outward as illustrated.
 - B - Flat Section of Trulevel Ball must face inward.

3. Connect Quick Connect components, push components inside of Trulevel Coupler cavity, replace Access Door and loosely secure, do not tighten.

Fixture will suspend without Access Door during installation.

4. Rotate (left to right $\pm 22.5^\circ$) and level Luminaire to desired position. Tighten Access Door.

(Tighten each bolt to recommended torque: **10 ft-lb, foot-pound**)

Trulevel Pendant Mount is intended to allow for fixture leveling, but is not intended to be "free-swinging" upon proper installation.

PHOTOMETRIC DATA GUIDE - LM-80 LUMEN MAINTENANCE

LED Life / Operating Hours	Lumen Depreciation	Lumen Depreciation Scale Factor
60,000 (10x Test Time Calculated)	L94	0.94x
100,000 (Theoretical Calculated)	L92	0.92x
150,000 (Theoretical Calculated)	L89	0.89x

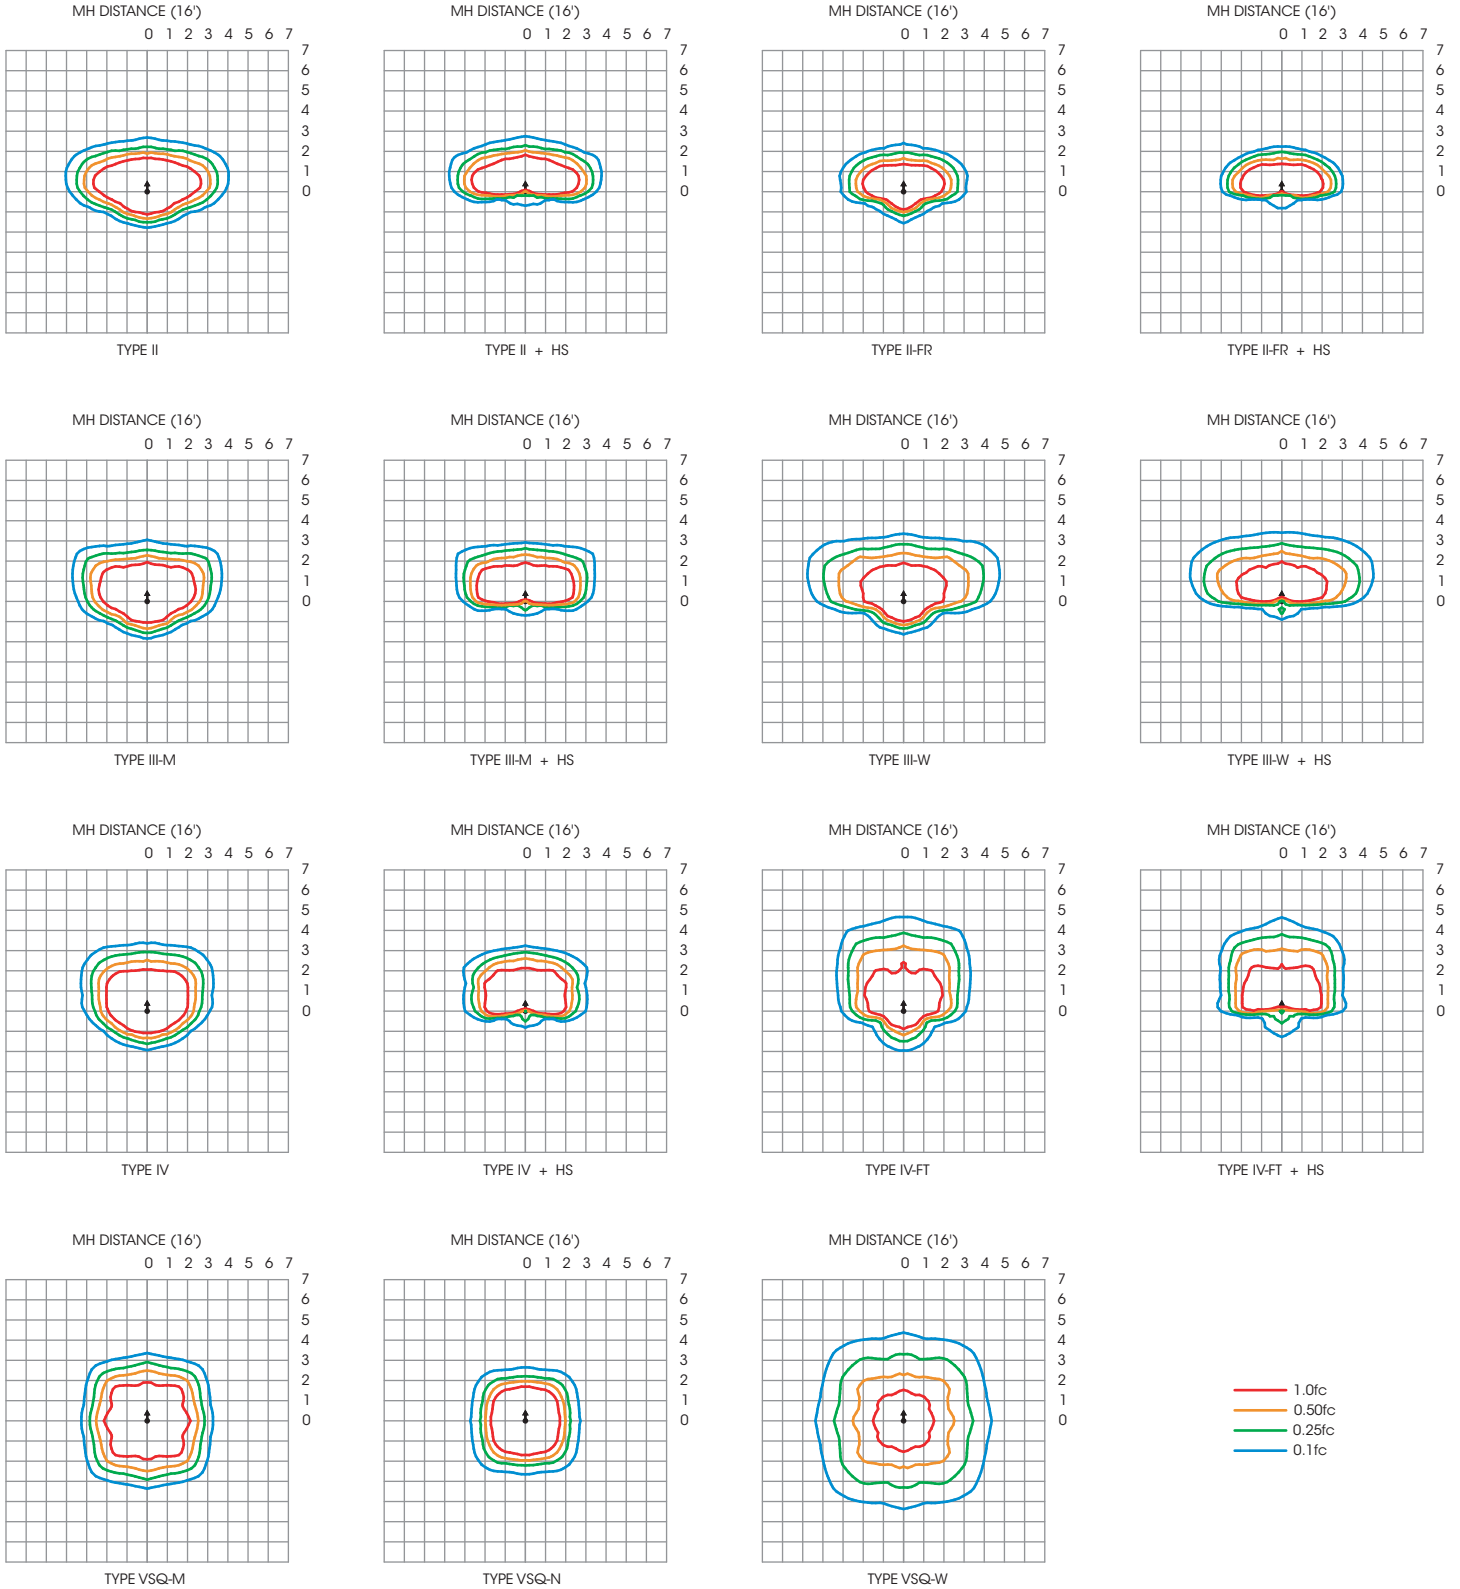

Lumen Depreciation Calculations Done in Accordance With IESNA TM-21 & LM-80 (25°C Ambient)

TM-21 6x Test Time Dictates that L94 > 60,000 Hours.

MEMO TO COUNCIL

From: Councilwoman Summer-Marie Brown-Ellis & Mayor Kara Latimore

Date: April 14, 2026

Subject: Council-Appointed Employee Evaluation System – Review, Transparency, and Consideration

Council,

We are formally presenting for your review and consideration a newly developed evaluation system for Council-appointed positions. This item is being placed on the public agenda to ensure full transparency and visibility to the community regarding how performance is evaluated for these critical leadership roles.

This approach represents a more structured, consistent, and accountable framework than prior processes and reflects our commitment to strengthening governance and public trust.

Purpose and Framework

The proposed evaluation system is designed to ensure that all Council-appointed roles are evaluated through a process that is:

- Aligned with City Charter responsibilities (CR)
- Grounded in job descriptions and required duties (JD)
- Based on measurable, objective performance metrics
- Consistent across all Council-appointed positions
- Transparent, structured, and defensible

The roles included in this evaluation system are:

- City Manager
- City Attorney
- City Secretary
- City Judge

This framework ensures that evaluations are not based on perception, but on clearly defined expectations tied to both legal responsibilities and professional performance standards.

Commitment to Transparency

This evaluation system is intentionally being introduced in a public setting to:

- Provide clear visibility to residents on how leadership performance is assessed
- Reinforce accountability for Council-appointed positions
- Establish a repeatable and transparent process for future evaluation cycles

This marks a significant step forward in ensuring that our processes reflect the level of responsibility and public investment entrusted to these roles.

Evaluation Process Overview

- Self & Peer-Assessments: Currently in progress (see below, Leadership Self & Peer Assessment Evaluation Model)
- Council Scoring Period: To follow completion of self-assessments
- Compilation of Results: Staff will compile individual Council evaluations
- Final Evaluation Discussion: To be scheduled following compilation

Councilmembers are asked to review the proposed timeline and process and provide direction to ensure alignment and efficiency.

Each Councilmember will complete evaluations independently, ensuring an objective and balanced assessment.

Evaluation Tools and Discussion Format

- A matrix-based evaluation discussion tool has been developed for each position
- Each section includes clear guidance and scoring criteria
- The Mayor Latimer and Councilwoman Brown-Ellis will provide an overview of the tool and facilitate discussion

These tools are designed to keep the process focused, consistent, and aligned with expectations.

Request for Review and Input

All attached materials are working drafts.

We respectfully request that Councilmembers:

- Review all documents thoroughly
- Provide feedback and recommended edits
- Mark up documents as needed for refinement

Our goal is to review the timeline and finalize a strong, standardized evaluation system that can be used consistently moving forward.

Given the significance of these roles and their impact on our community, it is essential that we implement a clear, objective, and transparent evaluation process.

Purpose & Intent of the Leadership Evaluation Model

We are developing a **structured, multi-layered evaluation framework** for Council-appointed positions (City Manager, City Attorney, City Secretary, and City Judge) to strengthen accountability, alignment, and overall leadership effectiveness across the City.

The goal is to move beyond a traditional single-source evaluation model and implement a **comprehensive, governance-driven approach** that provides Council with a more complete and accurate picture of executive leadership performance.

What We Are Trying to Achieve

We are establishing an evaluation system that:

1. Strengthens Executive Leadership Alignment

Ensures that key appointed officials are not operating in silos, but are effectively collaborating to support City operations, policy execution, and service delivery.

2. Provides Council with 360-Degree Insight

Equips Council with multiple perspectives on leadership performance, including:

- Direct Council oversight (primary evaluation)
- Peer leadership interaction (how executive leaders work with one another)
- Department-level leadership effectiveness (how each leader manages their function)

3. Increases Accountability and Transparency

Creates a standardized, metric-based system that ties performance to:

- Charter responsibilities (CR)
- Job descriptions (JD)
- Leadership behaviors and execution

4. Identifies Gaps Early

Allows Council to proactively identify:

- Communication breakdowns
- Operational bottlenecks
- Misalignment between leadership roles
- Risks to effective governance

Key Component: Peer Leadership Assessment (Supplemental)

As part of this model, we are introducing a **Peer Leadership Assessment** component.

This is designed to evaluate how Council-appointed officials:

- Communicate with one another
- Collaborate on City priorities

- Support operational execution
- Demonstrate professionalism and judgment in cross-functional leadership

Important Distinction:

This is **not** an evaluation of each other's authority, legal opinions, or job functions. It is strictly focused on **leadership effectiveness, coordination, and working relationships**.

How the Model is Structured

The evaluation framework will include three components:

- 1. Council Evaluation (Primary and Controlling)**
 - Conducted by City Council
 - Carries the majority weight in overall performance assessment
- 2. Peer Leadership Assessment (Supplemental)**
 - Confidential, structured feedback between appointed officials
 - Focused on collaboration, communication, and leadership interaction
- 3. Department Leadership Feedback (Supplemental)**
 - Evaluates internal leadership, responsiveness, and team management

Guiding Principles for Implementation

To ensure integrity and effectiveness, the system will be:

- **Structured and standardized** (no informal or subjective-only input)
- **Evidence-based** (requiring examples to support ratings)
- **Confidential where appropriate** (particularly peer feedback)
- **Clearly weighted** to preserve Council authority
- **Aligned to Charter and job descriptions** for defensibility

Desired Outcome

The end result is a **clear, consistent, and defensible evaluation process** that:

- Improves leadership performance
- Strengthens collaboration across executive roles
- Supports better decision-making by Council
- Enhances overall City operations and service delivery

FINAL – CITY MANAGER PERFORMANCE SCORECARD (FULLY INTEGRATED)

(Charter + JD + Governance + Outcomes) Evaluation Period: _____

Provided to Council only. Pre-evaluation guide. The purpose of this pre-evaluation guide is to provide City Council with a structured, metrics-based framework to support a unified understanding of evaluation expectations prior to the completion of individual performance evaluations.

This guide is intended solely to facilitate discussion among Council regarding:

- The overall evaluation categories
- The key performance metrics tied to each category
- The alignment of those metrics with the City Charter and applicable job descriptions

The pre-evaluation discussion ensures that Council members have a consistent interpretation of performance standards, expectations, and evaluation criteria before conducting their independent assessments.

Following this discussion, each Council member will complete their evaluation individually. The guide does not direct scoring or influence individual judgment, but instead promotes clarity, consistency, and fairness across all evaluations.

◆ Narrative Guidance for Councilmembers (Evaluation Comments Section)

Instruction:

Councilmembers should ensure that all narrative comments are specific, measurable, and directly tied to the metric being evaluated. Avoid general or subjective language. Each comment should clearly explain what was achieved, how it was measured, and why the selected score is appropriate.

When completing the narrative:

- Reference the metric and target
- Provide specific outcomes or data points
- Explain the level of completion or impact
- Tie the comment directly to the assigned score

Example (Strong vs. Weak)

Weak (Avoid):

“Mr. Cibolo did a good job managing CIP projects.”

Strong (Expected Standard):

“Mrs. Cibolo achieved approximately 90% completion of the Capital Improvement Plan (CIP) milestones for the evaluation period. Of 20 planned projects, 18 were delivered on schedule, with delays in 2 projects due to external contractor constraints. This performance supports a score of [X] based on the 100% completion target.”

Narrative Section (Required – From Your Documents)

Strengths (Results-Based)

- What was completed
- What improved
- What was delivered

Areas for Improvement (Specific + Measurable)

- Where Charter duties are not fully met
- Where council support is incomplete

Recommendations

- What needs to change
- What success looks like next year

Council Priorities (Next Cycle)

- Clear direction
- Measurable expectations

 Matches structure in your evaluation doc

Scoring Standard (Aligned Across All Docs)

Score Meaning

- 5 Exceeds expectations with measurable results

◆ Narrative Guidance for Councilmembers (Evaluation Comments Section)

Instruction:

Councilmembers should ensure that all narrative comments are specific, measurable, and directly tied to the metric being evaluated. Avoid general or subjective language. Each comment should clearly explain what was achieved, how it was measured, and why the selected score is appropriate.

When completing the narrative:

- Reference the metric and target
 - Provide specific outcomes or data points
 - Explain the level of completion or impact
 - Tie the comment directly to the assigned score
-

Example (Strong vs. Weak)

Weak (Avoid):

“Mr. Cibolo did a good job managing CIP projects.”

Strong (Expected Standard):

“Mrs. Cibolo achieved approximately 90% completion of the Capital Improvement Plan (CIP) milestones for

the evaluation period. Of 20 planned projects, 18 were delivered on schedule, with delays in 2 projects due to external contractor constraints. This performance supports a score of [X] based on the 100% completion target.”

Narrative Section (Required – From Your Documents)

Strengths (Results-Based)

- What was completed
- What improved
- What was delivered

Areas for Improvement (Specific + Measurable)

- Where Charter duties are not fully met
- Where council support is incomplete

Recommendations

- What needs to change
- What success looks like next year

Council Priorities (Next Cycle)

City Council Regular Meeting Staff Report

D. Discussion/Action for City Council to approve the FY26 Capital Improvement Program (Mr. Gomez)

Meeting	Agenda Group
Tuesday, April 14, 2026, 6:30 PM	Discussion/Action Item: 11D.
From	
Julio Gomez, Public Works Director	

PRIOR CITY COUNCIL ACTION:

City Council has provided direction through the FY26 Budget adoption and the March 28, 2026 Strategic Management Workshop, where infrastructure priorities and funding strategies were discussed.

BACKGROUND:

The FY26 Capital Improvement Program (CIP) represents the City's continued commitment to maintaining and improving critical infrastructure while supporting responsible growth. The program includes projects across multiple service areas, including streets, parks, facilities, and the police department facility.

Since the Capital Improvement Program was presented to City Council in June and July 2025, several key updates have occurred that have impacted the proposed program. Most notably, the TxDOT FM 1103 contribution of \$3,400,000 has shifted to Fiscal Year 2027, creating additional capacity within Fiscal Year 2026.

In addition, the City pursued funding through the SB 1555 grant program but was not selected. As a result, staff has refocused the FY26 Capital Improvement Program to prioritize projects that can be delivered with available funding and provide immediate benefit to the community.

The updated FY26 Capital Improvement Program places an emphasis on addressing aging facilities, signal light improvements, advancing the design of Wiedner Road, funding for park renovations, and purchasing equipment necessary to maintain service levels for our residents.

Staff developed the FY26 Capital Improvement Program through a comprehensive evaluation process that considered public safety, regulatory requirements, infrastructure condition, community impact, and project readiness. This approach ensures that projects included in the program align with City Council's priorities and provide the greatest benefit to the community.

In addition, staff has coordinated closely with Finance to ensure that the proposed projects are aligned with available funding sources and long-term financial planning. The FY26 Capital Improvement Program also reflects input received from previous council discussions, community engagement efforts, and ongoing operational assessments.

STAFF RECOMMENDATION:

Staff recommends approval of the FY26 Capital Improvement Program as presented.

FINANCIAL IMPACT:

The FY26 Capital Improvement Program will be funded through the issuance of the 2026 Certificate of Obligation Bonds.

FUNDING CITYWIDE INFRASTRUCTURE PROJECTS

GUIDING PRINCIPLES

The City will:

- Focus on most critical projects first including streets, water, wastewater, and safety
- Balanced Funding Sources using pay-as-you-go funding, when possible, and debt that is within the city's tax rate
- Collect and update impact fees to ensure development pays for growth
- Seek grant partnerships to stretch tax dollars further
- Plan for the long term, ensuring projects fit the city's growth & future needs
- Be good stewards of taxpayer dollars by using tax resources efficiently

PAY AS YOU GO (STREET MAINTENANCE TAX)

Facts to consider:

- We can only spend what we collect each year, big projects may take longer
- We don't borrow money, no interest - saves taxpayers money
- A slower economy means less funding, potentially delay or reduce projects
- Prioritize essential projects (i.e. streets, utilities, & public safety needs)

Examples: Royal Troon (Long Lane Repair, Buffalo Crossing (Preservation), Trailhead Parking Area (Parks))

GENERAL (GO) & CERTIFICATES OF OBLIGATION (CO) BONDS

Facts to consider:

- Helps fund important public projects without delay
- Used for essential infrastructure (i.e. streets, utilities & public buildings)
- Paid back through property taxes, which may impact tax rate
- GO approved by voters, CO approved by City Council
- Both backed by the full faith & credit of the City. May impact I&S portion of the tax rate

CO Examples:

Dean Road, Bolton Road, Lower Seguin Road, Deer Creek Blvd, Town Creek Road

GO Examples:

Fire Station #4, Public Works Building Expansion, Animal Services Facility

DEVELOPMENT IMPACT FEES

Facts to consider:

- Development impact fees ensure that new growth contributes fairly to the cost of the infrastructure needed to support it
- Impact fees fund essential infrastructure projects, like roads, water, and wastewater systems that accommodate expanding communities

GRANTS & PARTNERSHIPS

Federal, State & Local resources that offer opportunities for funding infrastructure & parks projects:

- State & Local Fiscal Recover funds under ARPA
- Texas Parks & Wildlife
- GVEC - Power Up Grant

E. Discussion/Action to approve an Additional Service Request with EIKON Consulting Group, LLC for professional design services for the Public Safety Facility Project in an amount not to exceed \$150,045 and authorize the City Manager to execute the associated change order for \$150,045. (Mr. Huggins)

Meeting	Agenda Group
Tuesday, April 14, 2026, 6:30 PM	Discussion/Action Item: 11E.
From	
Bryan Huggins, Executive Director - Safety and Infrastructure	

PRIOR CITY COUNCIL ACTION:

- August 22, 2023. - City Council approved the City Manager to negotiate a contract for Engineering/Architectural Design Services with EIKON Consulting Group, LLC for the Public Safety Facility.
- October 10, 2023 - City Council approved the final contract with EIKON Consulting Group, LLC in an amount not to exceed \$805,985.

BACKGROUND:

EIKON Consulting Group, LLC, is currently providing Professional Design Services for the Public Safety Facility/Fire Station No. 4 Project. As the project continues through the design phase, additional professional services have been identified as necessary to advance the project, including:

- Design and incorporate an on-site septic system into the project due to wastewater infrastructure not being available along Bolton Road at the time of construction;
- Extending the east side of the property to improve alignment with the intersection at Stolte Road;
- Modifying the site to accommodate the future right-of-way needed for Bolton Road to be expanded to an arterial roadway, requiring approximately 15 feet on ROW setback for the facility; and
- Eliminating the road from the site to I-10.

STAFF RECOMMENDATION:

City staff recommends approval of the change order with EIKON Consulting Group, LLC for additional professional services for the Public Safety Facility/Fire Station No. 4 design Project, in the amount of \$150,045.

FINANCIAL IMPACT:

In the FY25 General Obligation bond that the City received funding from in March 2025 , there was \$1,000,000 issued for additional design work, surveys, and land acquisition for the Public Safety Facility. The \$150,045 needed for this additional work by EIKON Consulting Group, LLC will come from that FY25 GO Bond funding.

MOTION(S):

Suggested Motion: I move to approve an Additional Service Request with EIKON Consulting Group, LLC, for professional design services for the Public Safety Facility/Fire Station No.4 Project in an amount not to exceed \$150,045 and authorize the City Manager to execute the associated change order for \$150,045.

(Delivered via email)**

**RE: Cibolo Fire Station No.4 #230287
Original Contract Date: 09/15/2023**

To Whom it May Concern:

As requested, EIKON is pleased to submit this proposal for professional design services related to the above referenced project. Our explanation of scope alterations and Fee are outlined below. This proposal addresses out of scope items not previously included or alterations of the completed tasks from the original contract. The scope and fee associated with this proposal will be in addition to the remaining scope and fee to be completed in the original contract. We expect an amendment to the original contract will be executed expanding the original contract to include the additional scope and fee presented within.

Description of Additional Requested Items

We understand that the project's additional services requested includes modifying the site to accommodate the plan for Bolton Road to become a major arterial requiring approximately 15 feet on ROW setback for the facility. We also understand there is a necessity to design and incorporate septic into the project due to the wastewater infrastructure not being installed along Bolton Road. We will design and provide a pipe stubbed out and capped for future connection. The east side of the property will be extended through land acquisition to allow for the intersection to line up the entire length of the property including the detention pond. The facility will be re-centered on the site due to this acquisition. The road extending to the I-10 frontage is no longer needed and will be removed from the project. In order to accomplish the requirements of the septic system the area noted for future training and most likely the associated parking will be utilized. The parking spaces will be relocated on the site. The detention pond will be reconfigured to allow septic lines on each side in addition to possibly adding parking spaces on the north side. The MEP components such as site lighting, electrical and plumbing modifications for septic and future infrastructure connection will be incorporated along with all other associated modifications. EIKON will complete the coordination of all design components, QA/QC processes along with 30% and 90% review meetings with the City. The goal for this project will be to complete the documents, obtain permit approval and issue to bid in approximately June 2026 allowing for the potential completion early 2028.

In addition, it is agreed that the construction administration services will be limited to virtual progress meetings for most of the duration. EIKON and the City will work together as situation

arise that to determine the need for onsite meetings such as key milestones or solution oriented meetings with the contractor upon unforeseen conditions being discovered etc.

Scope of Services (Exhibit A)

Descriptions of Specific Services

Architectural and Structural – Services which may include the following:

Modifications and Re-Design Efforts for all Documents:

- Project Management
- Completion of Documents for Requested/Required Modifications
- Owner Review Meetings at 30% and 90%
- More Comprehensive Bidding Assistance to include Development of Front-End Specification and Advertising Documents, Bid Opening, Review of Bids, Reference Checks of Bidders, Interview and Award Recommendation Documents for Council

Civil – Civil Services to produce Construction Drawings as Required which may include the following:

Modifications and Re-Design Efforts for all Documents:

- Survey of Additional Land to be Acquired
- Landscape Design Modifications
- Existing Conditions and Demolition Plan
- Site and Dimensional Control Plan (Site Plan with Dimensional Control)
- Grading Plan
- Drainage analysis and Plan
- Paving Plan
- Utility Plan
- Recommended Erosion and Sediment Control Plan

Mechanical, Electrical, Plumbing – MEP Services which may include

Modifications and Re-Design Efforts for all Documents:

- Lighting Design
- Power, Signal, and Electrical Distribution Design
- Fire Alarm and Fire Protection Performance Specifications
- Plumbing Design
- Interior lighting, exterior lighting, and mechanical COMcheck

Assumptions

- The City will be responsible for the land acquisition and provide EIKON and any subconsultants with access to perform necessary field work for design and document completion within the requirements of the approved schedule. Re-Platting documents are not included. If necessary it will be an additional service request.

Schedule (Exhibit B)

EIKON will work with the City to complete the permitting and approval processes including developing the required documents to advertise and begin bidding approximately in June 2026.

Fee (Exhibit C)

- **Additional Project Fee** to be based on a percentage of the total construction cost of the building inclusive of all additional scope identified above (to be adjusted at the last billing when the actual costs are determined): $1.25\% \times \text{Construction Costs}$ (construction costs assumed to be approximately \$12M) = \$150,000

Sincerely,

EIKON
