Proclamation

The City of Glendora
State of California

WHEREAS, every day across the country peace officers stand watch over our citizens, selflessly risking their lives to protect families, homes, businesses, and neighborhoods against crime; and

WHEREAS, law enforcement officers choose their profession and take oaths knowing that theirs is a dangerous job. They work to protect our communities and place themselves in harm's way in defense of others; and

WHEREAS, we remember Glendora Police Officer Louie Pompei who made the ultimate sacrifice protecting the lives of others. We commemorate the anniversary of his heroic actions and End of Watch, June 9, 1995; and

WHEREAS, on Peace Officers Memorial Day and throughout Police week, we honor the memory of the fallen and recognize those who devote their lives to enforcing our laws, bringing criminals to justice, and making our communities a safe place to live.

NOW, THEREFORE, we, the City Council of the City of Glendora, do hereby proclaim May 10, 2026, through May 16, 2026, as

"National Police Week"

and salute the men and women of the Glendora Police Department for their courage, commitment, and service to the residents of Glendora. We ask residents to join in honoring law enforcement officers, past and present who, by their faithful and loyal commitment to their responsibilities, have rendered a dedicated service to our community.

We also proclaim Friday, May 15, 2026, as "PEACE OFFICERS MEMORIAL DAY" to honor the service of all law enforcement officers who, through their courageous deeds, have made the ultimate sacrifice in service to their communities.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the City of Glendora to be affixed this 12th day of May 2026.

STAFF REPORT

TO:	**Mayor and Council Members**	**DATE:**	**May 12, 2026**
FROM:	**Community Development**	**DISTRICT(S):**	**Citywide**

SUBJECT: **A Public Hearing to consider the FY 2026-27 Annual Action Plan for the Community Development Block Grant (CDBG) Program**

RECOMMENDATION

That the City Council

Open and conduct the Public Hearing, accept evidence and testimony presented, close the hearing and in the absence of evidence and testimony to the contrary, recommend to approve the following:

1. Approve the CDBG Annual Action Plan FY 2026-27; and
2. Authorize the City Manager to submit the Annual Plan for CDBG funding to the Department of Housing and Urban Development (HUD).

STRATEGIC FOCUS AREAS

Goal 1 - Suburban Living
Goal 4 - Sustainable Infrastructure

EXECUTIVE SUMMARY

The Community Development Block Grant (CDBG) entitlement program allocates annual grants to larger cities and urban counties to develop viable communities by providing decent housing, a suitable living environment, and opportunities to expand economic opportunities, principally for low- and moderate-income persons. The U.S. Department of Housing and Urban Development (HUD) administers this program and determines the amount of each jurisdiction's grant by using a formula comprised of several measures of community need, including the extent of poverty, population, housing overcrowding, age of housing, and population growth lag in relationship to other metropolitan areas.

Each year, the City of Glendora receives a CDBG entitlement allocation and is required to apply for funding directly through HUD by submitting an Annual Action Plan.

LEGISLATIVE HISTORY / PREVIOUS ACTIONS

The CDBG Program is authorized under Title I of the Housing and Community Development Act of 1974.

On May 9, 2023, the City Council approved the current CDBG Five-Year Consolidated Plan for 2023–2028, which includes the FY 2026-27 Annual Action Plan.

On March 24, 2026, the City Council conducted the first of two required public hearings to initiate the public review period for activities planned under the 2026-2027 Annual Action Plan.

DISCUSSION

Five Year Consolidated Plan

Every five years, the CDBG program requires the City to adopt a "Consolidated Plan," which establishes the priority goals of the City's CDBG program for the five (5) subsequent Annual Action Plans. The established goals are required to meet one of three CDBG National Objectives:

1. Provide a benefit to low and moderate income persons;

2. Eliminate slum and blight;

3. Meet an urgent community need.

On May 9, 2023, the City adopted the Consolidated Plan for the five-year period covering 2023 through 2028. During the development of the 2023-2028 Consolidated Plan, the following priority needs and objectives were established:

1. Infrastructure and Public Facilities: Improve and expand infrastructure and public facilities that benefit low- and moderate-income neighborhoods and residents.
2. Economic and Human Development: Provide for the economic development needs of low- and moderate-income persons and neighborhood target areas.
3. Public Services: Provide supportive services for the City's low- and moderate-income residents and persons with special needs.
4. Fair Housing: Promote fair and equal housing choice for all persons, promote housing that is accessible to and usable by persons with disabilities, and comply with the non-discrimination requirements of the various Fair Housing laws.
5. Administration and Planning: Provide for administration and planning activities to develop housing and community development strategies and programs needed to carry out actions that address identified needs in the Consolidated Plan.

These established Priority Needs form the basis for allocating CDBG investments within the City during the five-year period and are a result of various community outreach efforts and consultation meetings developed under the Citizen Participation process.

Only eligible activities that received a high priority level in the 2023 - 2028 Consolidated Plan will be funded during the next five-year period.

2026-2027 Annual Action Plan:

The Annual Action Plan for FY 2026-27 is the fourth year under the Five-Year Consolidated Plan and serves as the City's application for funding from HUD. On April 3, 2026, HUD released the CDBG funding allocations for the 2026-27 fiscal year. The allocation is $290,650, $23,475 less than last year's allocation. The City also has $80,512.85 in unallocated funds available for use from FY 2025-26. Combined with the entitlement allocation, the total amount for FY 2026-27 is $371,162.85. The funding for each activity project was adjusted to the final allocation amount.

Based on the limited amount of resources available to the City, statutory restrictions, and the Priority Needs established, the following activities are included in the FY 2026-27 CDBG One-Year Annual Action Plan:

ACTIVITY-PROJECT	AMOUNT	ENTITLEMENT ALLOCATION PERCENTAGE (ACTUAL)
General CDBG Administration	$38,130.00	

Fair Housing	$20,000.00	
Administration and Fair Housing Sub-Total:	*$58,130.00*	*20%*
2026-2027 Street Improvement/Accessibility Project	$313,032.85	
Infrastructure Sub-Total:	*$313,032.85*	*80%*
TOTAL CDBG BUDGET FOR FISCAL YEAR 2026-2027:	**$371,162.85**	**100%**

Public Review:

The Draft of the Annual Action Plan for FY 2026-2027 was available for a 30-day public review at the offices of the City Clerk and Community Development Department, both located at 116 E. Foothill Blvd., Glendora CA 91741, Monday through Friday, between 8:00 a.m. and 5:00 p.m., beginning April 9, 2026, and ending May 12, 2026.

Tonight's Public Hearing serves as the second and final Public Hearing for Annual Action Plan for FY 2026-2027. The City Council is asked to approve staff's recommended allocations for FY 2026-2027, and to authorize the submission of the documents to HUD thereafter.

FISCAL IMPACT
This is the second and final review of the activity planned for FY 2026-2027. It is being submitted for City Council review and approval to comply with HUD annual CDBG grant citizen participation requirements.

ENVIRONMENTAL DETERMINATION
There are no CEQA impacts associated with the recommendations in this report.

NOTICE OF PUBLIC HEARING

Glendora City Council

NOTICE IS HEREBY GIVEN that the Glendora City Council will hold a public hearing in the City Council Chamber of City Hall, 116 E. Foothill Boulevard, Glendora, California, on Tuesday, March 24, 2026, at 7:00 p.m. to receive and consider proposed funding recommendations for the Fiscal Year (FY) 2026-2027 Community Development Block Grant (CDBG) funds which are received from the Department of Housing and Urban Development (HUD). Any persons interested in this matter is invited to attend and provide comments.

NOTICE IS HEREBY GIVEN that the Glendora City Council will hold a public hearing on Tuesday, May 12, 2026, at 7:00 p.m. to consider adoption of the draft FY 2026-2027 Annual Action Plan (AAP). The draft FY 2026-2027 AAP will be available for 30-day public comment from April 9, 2026 until the beginning of the City Council meeting public hearing held on May 12, 2026. Any persons interested in this matter is invited to attend and provide comments.

PUBLIC HEARING MEETING LOCATION

The public hearings above will be held in the City Council chambers at 116 E. Foothill Boulevard, Glendora, California. In compliance with the American with Disabilities Act, if you need special assistance to participate in the meeting, please contact the City of Glendora's City Clerk's Office at (626) 914-8210. Notification 48 hours prior to the March 24, 2026 City Council meeting will enable the City to make reasonable arrangements to ensure accessibility to the meeting.

BACKGROUND

Every five years, HUD requires that the City adopt a "Consolidated Plan," which establishes the goals and objectives of the City's CDBG program. Each year, the City is required to develop and adopt an AAP which outlines the specific uses proposed for the use of CDBG funds. During the development of this 2023-2028 Consolidated Plan, the following priority needs and objectives

were established:

1. **Infrastructure and Public Facilities:** Improve and expand infrastructure and public facilities that benefit low- and moderate-income neighborhoods and residents.
2. **Economic and Human Development:** Provide for the economic development needs of low- and moderate- income persons and neighborhood target areas.
3. **Public Services:** Provide supportive services for the City's low- and moderate-income residents and persons with special needs.
4. **Fair Housing:** Promote fair and equal housing choice for all persons.
5. **Administration and Planning:** Provide for administration and planning activities to carry out actions that address identified needs in the Consolidated Plan.

AVAILABLE FUNDING

The Federal budget has not yet been approved; however, the City must meet certain statutory deadlines for submitting its Annual Action Plan and providing opportunities for citizen participation so that it may proceed with the planning process based on guidance from the U.S. HUD. Based on that guidance, the City of Glendora estimates it will receive approximately $296,115 in CDBG funds for Fiscal Year 2026–2027. In addition to the anticipated annual allocation, the City currently has approximately $30,426.70 in unallocated funds and $50,000 in program income. Combined with the anticipated allocation, a total of approximately $376,541.70 is expected to be available for FY 2026–2027. While funding amounts may vary slightly, federal regulations limit Planning and Administration costs to no more than 20% of the annual grant allocation and Public Services activities to no more than 15% of the annual grant allocation.

NOTICE OF FUNDING AVAILABILITY

The City has undertaken a Notice of Funding Availability (NOFA) process to provide opportunity for local non-profits and City Departments to apply to use the FY 2026-2027 CDBG funding for programs benefitting the low- and moderate-income residents of the City. A notice was published on December 18, and December 25, 2025, to notify the public of the NOFA and opportunity to apply for CDBG funds. Two applications were received and two were chosen for funding.

RECOMMENDED FUNDING ALLOCATIONS FOR FY 2026-2027

Based on the limited amount of resources available to the City, statutory restrictions, and the Priority Needs established, staff recommendations for the FY 2026-2027 AAP are as follows:

ACTIVITY	**AMOUNT**	
General CDBG Administration	$39,223	
Fair Housing	$20,000	
	Sub-Total	***$59,223***

FY 2026/2027 Street Improvement Project $317,318.70

Sub-Total $317,318.70

Total of CDBG Funding Recommendations **GRAND TOTAL $376,541.70**

PUBLIC COMMENT

All interested persons are invited to provide comments regarding the draft FY 2026-2027 AAP during the 30-day public comment period of April 9, 2026, to May 12, 2026. Comments may be sent via U.S. Mail or via email to the address below:

Executive Summary

AP-05 Executive Summary - 24 CFR 91.200(c), 91.220(b)

Introduction

The City of Glendora (City) is an entitlement jurisdiction for Community Development Block Grant (CDBG) funds allocated by the US Department of Housing and Urban Development (HUD). These funds are used to provide a variety of different projects and programs based on the HUD primary objectives of proving a suitable living environment, providing decent housing, and increasing economic opportunities. The Annual Action Plan (Action Plan) is for the fourth year of the 2023-2027 Consolidated Plan (Con Plan).

The City was awarded $290,650.00 in CDBG Entitlement funds for FY 2026-2027. In addition, the City has $80,512.85 in prior year unallocated funds, bringing the total available for projects in FY 2026-2027 to $371,162.85.

The City received a total of $446,187.00 in CDBG funds through the CARES Act (CDBG-CV). Those funds are part of the FY 2020-2021 Annual Action Plan (AAP). All CDBG-CV funds are allocated, and all activities have been completed. Progress made on CDBG Entitlement and CDBG-CV activities is reported below.

Summarize the objectives and outcomes identified in the Plan.

The 2023-2027 Con Plan established the priority needs for the City's CDBG program. The Con Plan includes a Needs Assessment, Strategic Plan, Housing Assessment, and the first year Annual Action Plan. These established priority needs are a result of various community outreach efforts and consultation meetings held as part of the citizen participation process.

The 2023-2027 Consolidated Plan established the following priorities:

- **Infrastructure and Public Facilities:** Improve and expand infrastructure and public facilities that benefit low- and moderate-income neighborhoods and residents.
- **Economic and Human Development:** Provide for the economic development needs of low- and moderate-income persons.
- **Public Services:** Provide supportive services for the City’s low- and moderate-income residents and persons with special needs.
- **Fair Housing:** Promote fair and equal housing choice for all persons.
- **Administration and Planning:** Provide for administration and planning activities

to carry out actions that address identified needs in the Consolidated Plan.

In FY 2026-2027, the City of Glendora will continue to address the Con Plan Priorities to the greatest extent possible with the limited resources available. In FY 2026-2027 the City will use its CDBG funds to address three of the five Con Plan Priorities. $313,032.85 of the funds available in FY 2026-2027 will be used to continue critical infrastructure improvements which remove architectural barriers, benefitting senior residents and residents with disabilities. As allowed by regulations, $58,130.00 (20 percent of the entitlement allocation) will be used for administration. Of that amount, $20,000.00 will be used to fund a grant to the Housing Rights Center to fund the fair housing services needed for the residents of Glendora.

Given the limited CDBG resources available, the City relies on a well-developed network of non-profit agencies to assist in addressing public services and economic and human development.

Evaluation of past performance

CDBG Entitlement Accomplishments

FY 2025-2026 was the third year of implementing the 2023-2027 Consolidated Plan. During the first two quarters of FY 2025-2026, the City was able to accomplish the following:

Public Facilities and Infrastructure Improvements: The 2024 Street Improvement project was completed in December 2025. This project provided improvements to the street and sidewalk in census tract 4039.02, block group 1, benefiting 2,955 low- and moderate-income households.

In the first two quarters of FY 2025-2026, the City refined the scope of the 2025 Street Improvement/Accessibility project, which went out to bid in February 2026. The City expects to execute a contract in Spring 2026. This project's goal is to remove architectural barriers for senior residents and residents with disabilities and is expected to benefit 14,373 residents of the City (8,662 residents over 65 and 5,711 disabled residents).

Fair Housing: During the first two quarters of FY 2025-2026, 21 individuals were provided fair housing services through a CDBG-funded contract with The Housing Rights Center. In addition, based on the latest data from Los Angeles County Development Authority (LACDA), 62 Housing Choice Vouchers are currently being used in the City of Glendora.

Administration and Planning: In the first two quarters of FY 2025-2026, the City continued to effectively manage the CDBG program.

CDBG-CV Accomplishments

The City used its CDBG-CV funds to prevent, prepare for, and respond to the coronavirus. Both of the CDBG-CV-funded projects below have been completed.

Economic and Human Development: The City recognized the limited interest in the Small Business Assistance Loan program due to the small amount of funds available. Therefore, in FY 2020-2021, the City rolled over unspent program funds from previous years to allow for larger size loans. In FY 2021-2022, one new applicant was provided with a loan of $14,862 to assist in paying her business location rent, which was in arrears.

Emergency Rental Assistance: In FY 2019-2020, the City used CDBG-CV funds to create the COVID Emergency Rental Assistance Program. From inception through the second quarter of FY 2021-2022, 47 low- and moderate- income residents who were impacted by the pandemic were assisted with rental assistance.

Summary of Citizen Participation Process and Consultation Process

The citizen participation process utilized for the FY 2026-2027 Annual Action Plan included:

- Publishing a notice of available funding (NOFA) and request for applications on December 18 and 25, 2025.
- Publishing a notice on March 12 and 19, 2026 regarding:
    - Availability of the Action Plan; and
    - The 30-day public comment period; and
    - A Public Hearing before the City Council on May 12, 2026.

Public notices were published in the San Gabriel Valley Examiner, posted at City Hall, and posted on the City's website. Proof of publication for all public hearings and meetings can be found in Appendix A.

A 30-day public review of the draft Action Plan was held from April 9 to May 12, 2026. Copies of the draft Action Plan were available for the public to read on the City website and at City Hall (Planning Department and Office of the City Clerk). Translation services were available upon request for non-English speaking residents. Hard copies were also available for review by requesting in person, by telephone, by fax, or by e-mail.

Additionally, the City ensured reasonable access to information and records related to the development of the Plan and to the expenditure of resources for programs funded by CDBG. The final Consolidated Plan, Annual Action Plans, amendments to the Plans, and annual performance reports will be available for five years at City Hall.

AP-10 Consultation – 91.100, 91.200(b), 91.215(l)

Introduction

The City of Glendora consulted with a wide variety of outside agencies and organizations in the development of the 2023-2027 Consolidated Plan. Internal City departments and divisions were consulted, including the Community Development Department, Transportation Division, City Manager's Office, Recreation and Human Services Division, and Public Works

The outside public and quasi-public agencies, non-profits, and public service organizations consulted are shown in Table 2 below. These agencies represented a wide range of constituencies, including children and youth, persons with HIV/AIDS, persons experiencing homelessness, persons with disabilities and/or special needs, elderly persons, and persons with alcohol/substance abuse problems.

Provide a concise summary of the jurisdiction's activities to enhance coordination between public and assisted housing providers and private and governmental health, mental health and service agencies (91.215(l)).

The City continues to enhance coordination between public and assisted housing providers and private and governmental health, mental health, and service agencies by working closely with the agencies below:

- University of Southern California Street Medical Team
- Los Angeles County Department of Mental Health
- The Glendora Police Department
- Shepard's Pantry
- Los Angeles County Food Bank
- YWCA San Gabriel Valley
- Glendora Ministerial Association
- Los Angeles County Homeless Initiative
- San Gabriel Valley Council of Governments (SGVCOG)
- San Gabriel Valley Homeless Consortium
- Los Angeles Homeless Services Authority (LAHSA)
- City of Glendora Homeless Taskforce

Throughout the year City staff attend local and regional coordination meetings with these and related agencies.

Describe coordination with the Continuum of Care and efforts to address the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness.

The Los Angeles Homeless Services Authority (LASHA) is the Continuum of Care (CoC) agency for all Grantees in the County of Los Angeles. In order to coordinate with the CoC the City reached out to their local member organizations and homeless service providers and requested data on needs and information on services provided. These efforts ensure the needs of homeless persons (particularly chronically homeless individuals and families, families with children, veterans, and unaccompanied youth) and persons at risk of homelessness are addressed in the most effective way possible.

Those organizations included Elwood Family Apartments, Glendora Public Library, East San Gabriel Valley Coalition for the Homeless, San Gabriel Valley Habitat for Humanity, La Fetra Senior Center, The Housing Rights Center, Shepherd's Pantry, YWCA San Gabriel Valley (Wings Domestic Violence Program and Meals on Wheels), and the Glendora Welfare Association. The City also reviewed data provided by the Los Angeles Homeless Services Authority (LAHSA).

Describe consultation with the Continuum(s) of Care that serves the jurisdiction's area in determining how to allocate ESG funds, develop performance standards for and evaluate outcomes of projects and activities assisted by ESG funds, and develop funding, policies and procedures for the operation and administration of HMIS.

The City does not receive ESG funds. However, the City works with the Los Angeles County Homeless Initiative to assist in the development of funding policies related to Measure H funding, and coordinates with LAHSA and East San Gabriel Valley Coalition for the Homeless that serve Glendora.

Describe Agencies, groups, organizations, and others who participated in the process and describe the jurisdiction's consultations with housing, social service agencies and other entities.

Other local/regional/state/federal planning efforts considered when preparing the Plan.

Name of Plan	Lead Organization	How do the goals of your Strategic Plan overlap with the goals of each plan?
Continuum of Care	Los Angeles Homeless Services Authority	Glendora has a very small homeless population and recognizes that many agencies in the County provide direct services to homeless persons in the San Gabriel Valley. The City's Strategic Plan does not have a specific goal related to homelessness, however, many of the Con Plan goals do have important impact on the success of those direct homeless services, including economic development, public services, and fair housing.
Housing Element of the General Plan	City of Glendora	The Housing Element addresses the housing needs of City residents and outlines ways in which housing can become more affordable for low- and moderate-income residents, supporting those that CDBG funds are designed to serve.

Table 3 – Other local / regional / federal planning efforts

Narrative

Homelessness is a regional issue. Collaboration with other agencies is the most effective way to ensure services are readily available, while allowing Glendora to spend its limited CDBG resources in other areas. The City coordinates with adjacent units of local government in the provision of shelter for the homeless.

The City also coordinates with State and adjacent governments in other areas such as transportation, economic development, housing, public works projects, and environmental issues. City staff attend various meetings and workshops with other agencies throughout the fiscal year. Cooperation and coordination with other public entities included phone consultation and data review of the adjacent units of general local government as part of the implementation of the Consolidated Plan.

AP-12 Participation – 91.105, 91.200(c)

Summary of citizen participation process/Efforts made to broaden citizen participation.

The City made significant efforts to broaden citizen participation. The Notice of Funding Availability (NOFA) for the FY 2026-2027 year was published on December 18 and 25, 2025. A notice regarding the availability of the Action Plan, the 30-day public comment period, and a Public Hearing before the City Council on May 12, 2026, was published on March 12 and 18, 2026. Translation services were available upon request for non-English speaking residents. Public notices were published in the San Gabriel Valley Examiner, posted at City Hall, and posted on the City's website. Proof of publication for all public hearings and meetings can be found in Appendix A.

The 30-day public review of the draft Action Plan was held from April 9 to May 12, 2026. Copies of the draft Action Plan were available for the public on the City's website and at City Hall (Community Development Department and Office of the City Clerk). Hard copies were also available for review by requesting in person, by telephone, by fax, or by e-mail.

Additionally, the City ensured reasonable access to information and records related to the development of the Plan and to the expenditure of resources for programs funded by CDBG. The final Consolidated Plan, Annual Action Plans, amendments to the Plans, and annual performance reports will be available for five years at City Hall.

Summarize citizen participation process and how it impacted goal setting.

The City ensured reasonable access to information and public hearings related to the development of the Action Plan and the expenditure of resources for programs funded by CDBG. Comments received from the public and the City's elected officials were consistent with the current Con Plan Priorities, Goals, and activities proposed for FY 2026-2027. The final Consolidated Plan, Annual Action Plans, Substantial Amendments to the Plans, and Consolidated Annual Performance and Evaluation Report (CAPER) will be available at City Hall and on the City's website for five years.

AP-15 Expected Resources – 91.220(c)(1,2)

Introduction

The City was awarded $290,650.00 in CDBG Entitlement funds for FY 2026-2027. In addition, the City has $80,512.85 in prior year unallocated funds, bringing the total available for projects in FY 2026-2027 to $371,162.85. To implement the actual allocation of 2026-2027 CDBG funds, the City will follow the process outlined in the Contingency Plan (Appendix C).

DRAFT

Explain how federal funds will leverage those additional resources (private, state, and local funds), including a description of how matching requirements will be satisfied.

In addition to Community Development Block Grant (CDBG) funding, the City leverages other funding sources to support housing and community development activities. These include Permanent Local Housing Allocation (PLHA) funds administered through the California Department of Housing and Community Development (HCD). The City received PLHA funding to support the development of affordable housing, including predevelopment and development activities associated with the City-owned property located at 1762 Dale Road. The PLHA funding helps leverage federal resources and supports the City's broader efforts to expand affordable housing opportunities for low- and moderate-income households.

If appropriate, describe publicly owned land or property located within the jurisdiction that may be used to address the needs identified in the plan.

The City does not currently own any land which will be used to address the needs identified in this Annual Action Plan.

Describe the reasons for allocation priorities and any obstacles to addressing underserved needs

The City's 2023-2027 Con Plan identifies the elderly, homeless, at risk of homelessness, and disabled as the underserved populations in Glendora. In addition to programs provided by the City using CDBG funds, these groups are served through an extensive network of providers funded by non-CDBG sources. See AP-65 section of this Action Plan for more information on those services.

The elderly, those at risk of homelessness, and the disabled are at greater risk of experiencing fair housing issues. In order to address those needs, in FY 2026-2027 the City will fund a contract with The Housing Rights Center to provide residents fair housing services. The City's fair housing effort through The Housing Rights Center are not limited to any particular group but given the high risk of fair housing issues that the elderly, those at risk of homelessness, and the disabled experience, the City feels it is a valuable way in which to serve these underserved groups.

In FY 2026-2027, the City will also fund the Street Improvement/ Accessibility Project, see Appendix B – Project Map, which will benefit the disabled and the elderly significantly since it includes curb ramps in addition to the street paving.

AP-50 Geographic Distribution – 91.220(f)

Description of the geographic areas of the entitlement (including areas of low-income and minority concentration) where assistance will be directed

Due to the limited amount of CDBG funds received, the City plans to focus on a few key activities in FY 2026-2027. Services are not targeted to any specific area. Fair housing services will be available citywide to all residents.

Target Area	Percentage of Funds
N/A	0

Table 7- Geographic Distribution

Rationale for the priorities for allocating investments geographically

The City believes that the most impactful strategy is to provide fair housing services City-wide, and to provide CDBG-funded street improvements which remove architectural barriers for seniors and the disabled.

Affordable Housing

AP-55 Affordable Housing – 91.220(g)

Introduction

The development of affordable housing was not identified as a priority in the 2023-2027 Con Plan. Nevertheless, the City does understand the need for affordable housing and invests other resources and funding in the development of new affordable units when available.

In FY 2023-2024, the City used $450,000 from the Affordable Housing Fund to acquire 1762 Dale Road for an affordable housing project. In 2024, City Council discussed the property and requested development proposals. City Council selected Mercy Housing as the developer and entered into an Exclusive Right to Negotiate and Reimbursement Agreement (ENA) on July 8, 2025. The City completed Phase 1 of the ENA in March 2026, which included developing a concept site plan and elevation, a community engagement plan, and possible funding sources. Phase 2 will involve the entitlement process and the purchase and sale of the property.

In 2025, the City negotiated and completed the sale of City-owned surplus land with the Olson Company at the southern terminus of San Jose Drive and Woodland Lane. Under the Surplus Land Act, sale of this property to the developer would come with a requirement to set aside at least 15 percent of the units developed as affordable housing. Affordable housing agreements for the units within the development project were completed and agreed upon by the City and developer.

Fair housing issues are affordable housing issues since low- and moderate-income residents are disproportionately impacted by violations of fair housing law. The City will provide $20,000 in FY 2026-2027 CDBG funds for the Fair Housing Program through a contract with The Housing Rights Center (HRC). Services will include landlord/tenant information to residents and housing providers who request counseling, resource referral, complaint investigation, and public education on all forms of housing discrimination.

The City will continue to participate in the Los Angeles County Development Authority's Section 8 Housing Choice Voucher Program. Based on the most recent data, 62 low-income renter-households are using Vouchers in Glendora, comprised of 49 with female heads-of-household, 22 households with disabilities, and 22 elderly households.

AP-65 Homeless and Other Special Needs Activities – 91.220(i)

Introduction

In the FY 2023-2027 Consolidated Plan, homeless activities were not established as a high priority for the use of CDBG funds. However, the City has been in the forefront of helping the homeless through the services of dedicated City staff and effective coordination with a number of other agencies. The City will continue to make an impact on homelessness in FY 2026-2027 through the services of dedicated City staff, the use of other, non-CDBG funding and coordination with the following agencies regarding the needs of those experiencing homelessness.

- Los Angeles Centers for Alcohol and Drug Abuse (LA CADA) contract with the city for full-time street outreach services. A clinician with the Los Angeles County Department of Mental Health partners with the Glendora Police Department Mental Evaluation Team (MET) once a week to provide crisis assessment for mental health services and to facilitate any mental health referrals for outreach staff.
- The Glendora Police Department for outreach and coordination of services
- Shepard's Pantry for food services and clothing
- Los Angeles County Food Bank for food services
- YWCA San Gabriel Valley for daily nutrition program, social services
- Glendora Ministerial Association works with the homeless division on coordination of services.
- Glenkirk Church for weekly shower and hygiene services
- East Valley Community Health Center for mobile medical services. Their street medicine team outreaches with the LA CADA outreach staff each month.
- Los Angeles County Homeless Initiative work with staff on homeless priorities.
- SGVCOG, which awarded the City $180,536 in a Measure A grant to provide homeless services, including
    - Interim Housing/Motel Vouchers
    - Move-in Assistance
    - Landlord Incentives
    - Flexible Rent Subsidies
    - Problem Solving and Case Management

- San Gabriel Valley Homeless Consortium works with staff for SPA 3 coordination of services.
- Los Angeles Homeless Services Authority (LAHSA) works with staff for shelter housing.
- City of Glendora Homeless Taskforce is comprised of Glendora Human Services staff and Glendora PD, LA CADA outreach staff, and a DMH Clinician. They meet monthly to discuss how to respond to homeless needs in the community.
- City of Glendora Human Services staff provide homeless prevention services for households at risk of homelessness.

Describe the jurisdiction's one-year goals and actions for reducing and ending homelessness including:

Reaching out to homeless persons (especially unsheltered persons) and assessing their individual needs

The City of Glendora is a voting member of the Homelessness Committee of the San Gabriel Valley Council of Governments (SGVCOG) to study homeless issues and programs. The City will continue to work with the SGVCOG, and the other agencies listed in the Introduction to this section to reach out to homeless persons and assess their individual needs.

The City had previously received $1,000,000 in American Rescue Plan Act (ARPA) funds, and used these funds, in part, on a contract with the Los Angeles Centers for Drug and Alcohol Abuse, and coordination with a number of other agencies. In this program, a clinician with the Los Angeles County Department of Mental Health partners with the Glendora Police Department Mental Evaluation Team (MET) once a week to provide crisis assessment for mental health services and to connect homeless individuals with services based on their individual needs. This program will continue to be available in FY 2026-2027.

In FY 2025-2026 the City received $180,536 in Measure A funds and assesses the individual needs of homeless residents, including those who are unsheltered, to determine what services meet their needs. Those services include but are not limited to interim housing/hotel vouchers and move in assistance, flexible rental subsidies, problem solving, and case management. These funds will be available to continue to provide services in FY 2026-2027.

Addressing the emergency shelter and transitional housing needs of homeless persons

The City will continue to work with the agencies listed above, and the non-profit community, to address the emergency and transitional housing needs of those

experiencing homelessness. There are no emergency shelters in the City, but through connections with those agencies, homeless individuals are referred to emergency shelter options in the surrounding area.

In FY 2025-2026, the City used Measure A funds to provide seven individuals with interim/transitional housing and connect two individuals with permanent housing. Measure A funds will continue to be used in FY 2026-2027. In addition, the Homeless Service Center, located in the Senior Center, will continue to work with the homeless to address emergency and transitional housing needs in FY 2026-2027.

Helping homeless persons (especially chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth) make the transition to permanent housing and independent living, including shortening the period of time that individuals and families experience homelessness, facilitating access for homeless individuals and families to affordable housing units, and preventing individuals and families who were recently homeless from becoming homeless again

The City will continue to coordinate with the agencies listed earlier in this section. Services provided by those agencies assist low-income individuals and families with the transition to permanent housing and independent living, including shortening the period that individuals and families experience homelessness. They also facilitate access for homeless individuals and families to affordable housing units, which can prevent individuals and families who were recently homeless from becoming homeless again.

In addition to activities undertaken by the agencies listed above, the City will use Measure A funds to directly provide interim/transitional shelter and help transition residents into permanent housing so that they did not become homeless. In addition to the outcomes noted in the section above, in 2025-2026 one individual was provided with a security deposit on a more affordable rental unit, preventing them from becoming homeless.

The Homeless Service Center located at the Senior Center provides services and referrals to homeless individuals and families which help them with moving toward stable permanent housing and prevent them from becoming homeless again. These services will continue to be available in FY 2026-2027. In recent years, the City used a $150,000 grant from the United Way to make significant physical improvements at the Homeless Service Center allowing them to better serve the homeless.

Helping low-income individuals and families avoid becoming homeless, especially extremely low-income individuals and families and those who are: being discharged from publicly funded institutions and systems of care (such as health care facilities, mental health facilities, foster care and other youth facilities, and corrections programs and institutions); or, receiving assistance from public or private agencies that address housing, health, social services, employment,

education, or youth needs

Agencies such as healthcare facilities, mental health facilities, foster care and other youth facilities, and correctional facilities all have discharge plans which connect to agencies in the community to help those being discharged from becoming homeless. The Homeless Service Center located at the Senior Center will continue to provide services and referrals to individuals and families which help them with housing and other social services, with the goal of avoiding homelessness.

As previously mentioned, in FY 2025-2026 the City received $180,536.00 in Measure A funds to provide services which help individuals avoid homelessness. Services include move-in assistance, landlord incentives, flexible rental subsidies, and case management. In 2026-2027, these services will continue to work together to provide a safety net to those at-risk of homelessness due to discharge from public- funded institutions and systems of care.

The comprehensive services provided by the agencies discussed above target those who are most at-risk, including extremely low-income individuals and families, those who are being discharged from publicly funded institutions and systems of care, and those who are receiving assistance from public or private agencies.

Fair housing issues disproportionally impact low- and moderate-income residents. Addressing fair housing issues in a timely and effective manner can prevent low- and moderate-income residents from becoming homeless. The City will provide $20,000 in FY 2026-2027 CDBG funds for a Fair Housing Program through a contract with Housing Rights Center (HRC). Services will include landlord/tenant information to residents and housing providers who request counseling, resource referral, complaint investigation, and public education on all forms of housing discrimination. Approximately 35 low-income households will be assisted, including elderly, single-parent, and disabled special needs households.

AP-75 Barriers to affordable housing – 91.220(j)

Introduction

Local, State, and federal laws and policies designed to protect residents, and the environment can often function as constraints to any housing development. Infrastructure requirements, wage act compliance, environmental compliance, development limits based on the availability of water are put in place to ensure the community can support new housing in a safe and beneficial manner. This can function as a constraint on all housing, but much more so on the development of affordable housing as it adds significantly to cost, which is the most critical barrier to affordable housing as noted below.

Even when resources are available, they are often not sufficient to underwrite enough of the costs to produce housing affordable housing. Despite these challenges, the City is committed to removing governmental constraints that hinder the production of housing.

Actions planned to remove or ameliorate the negative effects of public policies that serve as barriers to affordable housing such as land use controls, tax policies affecting land, zoning ordinances, building codes, fees and charges, growth limitations, and policies affecting the return on residential investment.

The increasing costs of producing all housing, including affordable housing, and the lack of governmental resources to underwrite the costs make producing affordable housing very difficult. These factors tend to disproportionately impact lower- and moderate-income households due to their more limited capacity to absorb rising market costs. However, the City takes actions to streamline processes, reduce costs, and provide off-setting incentives to assist in the production of safe, high-quality, affordable housing. However,

The City has implemented a streamlined permit process through the Tyler Technologies permitting system and adopted Objective Design Standards. The City also offers incentives to foster affordable housing development through State density bonus law and local incentives.

The City of Glendora works to remove barriers to affordable housing by implementing a Housing Element that is consistent with California law. The City's updated Housing Element for 2021-2029 was adopted by the City Council on December 13, 2022. Programs included in the 2021-2029 Housing Element which directly address the issue of government constraints which include:

- Adopting the changes to the State Accessory Dwelling Unit (ADU) laws and developing additional incentives and actions to encourage ADU production.
- Changing the Zoning Code to allow for the easier development of various homeless and at-risk-of-homelessness service centers.

- Adopting the changes to the State Density Bonus law, including:
    - AB1763 – Density Bonus for 100 Percent Affordable Housing
    - SB1227 – Density Bonus for Student Housing
    - AB2345 – Increase Maximum Allowable Density
- Implementing several revisions to the development code which facilitate the development of housing for residents in all income categories.

Fair housing issues are also affordable housing issues since they disproportionally impact low- and moderate-income residents. The City identified barriers to fair housing as part of the development of the Analysis of Impediments to Fair Housing Choice (AI). The AI did not identify any Glendora land use policies or zoning which would present an impediment to fair housing choice.

AP-85 Other Actions – 91.220(k)

Introduction

The City of Glendora will address the issues below through partnerships with other agencies serving City residents as discussed below.

Actions planned to address obstacles to meeting underserved needs.

The City's FY 2023-2027 Con Plan identifies residents who are elderly, homeless, at risk of homelessness, and disabled as underserved. The City prioritizes funding activities which will benefit those underserved groups, including the 2026 Street Improvement / Accessibility Project (benefitting elderly and the disabled), which will rehabilitate deteriorated pavement and replace damaged curb, gutter, sidewalk, and curb ramps along Ghent Street, Gaillard Street, Reynold Way, Westridge Avenue, and Shadyglen Drive. The project is expected to benefit 12,375 residents (3,758 residents with disabilities and 8,617 residents over 65 years of age.)

The Homeless Service Center is located inside the Senior Center, making it easier for seniors who are homeless or at-risk of homelessness to obtain services and referrals which will help prevent them from becoming homeless and stabilize their existing house situations. In recent years, the City used a $150,000 grant from the United Way to make significant physical improvements at the Homeless Service Center, allowing them to better serve the homeless and that benefit will extend into FY 2026-2027 and beyond.

The City will also fund the Fair Housing Project. This project will benefit all residents, but will provide critical assistance to the elderly, at risk of homelessness, and the disabled because those groups are especially vulnerable to housing discrimination.

The main obstacle to meeting underserved needs is lack of funding and the City makes its best efforts using the limited CDBG funding. In addition to the CDBG-funded projects above, the City will continue to rely on its existing network of public and nonprofit service agencies, along with the City's Recreation and Humans Services Department, to provide an array of supportive services for the City's underserved groups.

Actions planned to foster and maintain affordable housing.

The City will continue to foster affordable housing development in the community through incentives such as density bonuses.

Fair housing is an affordable housing issue since fair housing issues disproportionately impact low- and moderate-income residents. Fostering fair housing as a homeless prevention strategy can assist those facing unfair evictions and foreclosure frauds, often those most in need of affordable housing, and therefore be able to remain in their homes. In FY 2026-2027 the City will continue to fund a Fair Housing Program through a contract with Housing Rights Center (HRC). Services will include landlord/tenant information to

residents and housing providers who request counseling, resource referral, complaint investigation, and public education on all forms of housing discrimination.

As noted earlier, the City acquired a 2.17-acre property located at 1762 Dale Road in July 2023 for the purpose of supporting the development of affordable housing. The City has entered into an Exclusive Negotiating Agreement (ENA) with Mercy Housing California**,** a nonprofit affordable housing developer, to explore the development of the site. The proposed project includes a mix of affordable housing and permanent supportive housing units. The project is currently in the entitlement process as the City and developer continue to finalize the site plan and financing strategies.

The City will also continue to participate in the Los Angeles County Development Authority's Section 8 Housing Choice Voucher Program. Currently, 62 low-income renter-households are using Vouchers in Glendora, comprised of 62 with female heads-of-household, 22 households with disabilities, and 22 elderly households.

Actions planned to reduce lead-based paint hazards.

In FY 2026-2027, information about lead-based paint hazards will be available at the City's public counters. The City's Code Enforcement Division continues to provide information about lead-based paint hazards and resources for abatement to residents.

Actions planned to reduce the number of poverty-level families.

The City will continue to expand economic opportunities for lower income persons in FY 2026-2027 by supporting a strong business community, which in turn creates a thriving local economy, and grows local jobs. The City maintains a reputation as one of the most business-friendly communities, attracting jobs for residents. The City maintains a dedicated section on its website to function as a centralized location for information and resources for existing and prospective businesses.

The City's 2024-2025 Economic Action Plan outlines various actions to attract and retain businesses and employment in the City. These actions create and maintain job opportunities accessible to City residents. Actions include providing educational workshops and informational materials, assisting in business licensing and land use/zoning issues, the promotion of a shop local campaign, and attracting filming in Glendora that would provide employment and vendor opportunities for residents and businesses. Additional economic development initiatives include streamlining the permit process through an on-line system so that businesses have more opportunities to grow and create jobs. The City maintains a reputation as one of the most business-friendly communities.

Actions planned to develop institutional structure.

City staff have maintained close contact with HUD staff by consulting with them on CDBG issues and have attended HUD trainings to better craft a CDBG program that can be

delivered in a cost-effective manner. City staff will continue to communicate and work with HUD staff to implement the CDBG program and develop institutional structure.

The City's Housing Authority took over the management of the former Redevelopment Agency's housing obligations when it became the Housing Successor. Also, in response to the dissolution of Redevelopment, the City eliminated the Housing Division and consolidated the administration of CDBG program under the City's Community Development Department. This change created a more effective and efficient system in which to manage CDBG programs.

Actions planned to enhance coordination between public and private housing and social service agencies.

The City will continue to coordinate with public and private housing and services agencies to deliver housing and community development activities in the community. Various agencies will continue to be invited to attend public meetings related to the CDBG program.

MEMBER/STAFF CLOSING COMMENTS

Chief Randazzo thanked the City Council for the recent proclamations recognizing dispatchers and jailers and publicly acknowledged the Police Department volunteers for their continued service to the community; highlighted the volunteers' assistance during the Country Club Drive water main break, where volunteers provided traffic control support, allowing police officers to remain available for public safety services; and expressed appreciation for the thousands of volunteer hours contributed annually in support of Police Department operations.

Councilmember/Commissioner Davis commented on Denim Day, observed annually on the last Wednesday in April to raise awareness for sexual assault victims and survivors, and acknowledged local organizations that provide support services to those affected.

ADJOURNMENT

Meeting adjourned at 9:46 PM in memory of Jerry Croissant.

Kathleen R. Sessman, MMC

STAFF REPORT

TO:	**Mayor and Council Members**	**DATE:**	**May 12, 2026**
FROM:	**Public Works**	**DISTRICT(S):**	**Citywide**

SUBJECT: **Consider a Contract Services Agreement with Thirkettle Corporation (DBA Aqua Metric Sales Company) for the South Hills West Base Station in an amount not to exceed $54,483**

RECOMMENDATION

That the City Council:

1. Award a contract services agreement (Agreement) with Thirkettle Corporation (DBA Aqua Metric Sales Company) for the purchase and installation of a Sensus M420B Base Station, antenna, and coaxial cable for the South Hills West Base Station location, in an amount not to exceed $54,482.12;
2. Authorize a ten percent (10%) contingency in an amount of $5,448; and
3. Authorize the City Manager, or his designee, to execute the Agreement, including minimal and/or non-substantive changes.

STRATEGIC FOCUS AREAS

N/A

EXECUTIVE SUMMARY

The City of Glendora's Public Works Water Division operates an Advanced Meter Infrastructure (AMI) system that provides hourly water usage data for every installed meter throughout the City. The AMI network relies on two collector base stations to maintain full system coverage. The South Hills West Base Station, originally installed in 2014, is now operating with outdated components, and replacement parts are increasingly difficult to obtain. This presents a risk of extended downtime and potential data loss should critical components fail.

Staff recommend replacing the South Hills West Base Station with a Sensus M420B Base Station, a more powerful two-way communication system featuring updated components and a smaller physical footprint. As part of this upgrade, staff also recommends replacing the antenna and coaxial cable, which naturally degrade over time and may lose signal sensitivity. This comprehensive upgrade will improve system reliability, ensure continued functionality of the City's AMI network, and maximize signal strength and communication coverage throughout the City.

LEGISLATIVE HISTORY / PREVIOUS ACTIONS

The City's investment in advanced metering technology reflects more than a decade of planned infrastructure improvements. In 2014, the City upgraded its handheld radio read system to a full AMI system, including installation of base stations such as the South Hills West Base Station to provide complete network coverage. On July 14, 2015, the City Council awarded the AMI water meter replacement project to Aqua Metric Sales Company, which included replacing approximately 13,500 water meters with Sensus smart meter technology. The project was completed on June 27, 2017, with the issuance of a Notice of Completion.

In 2019, the City integrated Sensus Analytics software into its system, enhancing billing, customer service, and customer portal capabilities. On January 14, 2020, the City Council awarded the AMI Meter System Annual Maintenance contract to Aqua Metric Sales Company for ongoing maintenance and software support. Subsequent amendments were approved on August 23, 2022; April 25, 2023, extending the contract for one year to FY 2023-24 in an amount not to exceed $52,302; and November 12, 2024, extending the agreement and maintaining continuity of service, with the most recent amendment extending the contract for three years in an amount not to exceed $158,656.

Pursuant to the City of Glendora Municipal Code Section 2.40.150(c)(1), the City has authority to enter into and execute contracts for Level 1 Projects by negotiated contract or purchase order without competitive bidding. Level 1 projects, as defined in Glendora Municipal Code Section 2.40.150(b)(5), are public projects below the monetary threshold set forth in Public Contract Code Section 22032(a). This monetary threshold is currently $75,000.

DISCUSSION

In 2014, the City transitioned from a handheld radio read system to a full AMI system, enabling hourly meter readings and water usage data collection for every meter citywide. Beyond measuring consumption, the AMI system provides critical functionality, including leak detection notifications, high usage alerts, and tampering alarms. It also allows the Finance Department and Water Division to obtain meter reads remotely, compile customer consumption data, create billing data, visualize meter locations, and connect with customers regarding leaks and usage through a customer portal.

The City utilizes Sensus smart meters for all new construction and meter replacements due to their reliability and compatibility with the City's Analytics (formerly FlexNet) fixed base meter reading system. Aqua Metric Sales Company serves as the sole authorized West Coast dealer for Sensus products and has supported the City's AMI system since its initial implementation.

The AMI network depends on two collector base stations to provide full coverage. These stations collect data from smart meters and transmit it to a cloud-based platform, where it is accessed through web-based software. This system supports meter reading, billing, data analysis, system mapping, and customer engagement through an online portal.

The South Hills West Base Station, installed in 2014, is now operating with aging and outdated components. Replacement parts are increasingly difficult to obtain, creating a significant risk of extended service interruptions and potential data loss if the system fails. The failure of this base station would impair the City's ability to collect hourly meter data, detect leaks, generate billing information, and provide customers with real-time usage data, functions that are essential to daily operations. While the existing AMI Meter System Annual Maintenance contract with Aqua Metric Sales Company covers ongoing firmware maintenance, remote diagnostics, repair and replacement of defective parts, and periodic base station health check-ups, it does not cover capital replacement of base station hardware, necessitating this separate procurement.

As part of the proposed upgrade, staff recommends replacing the antenna and coaxial cable. These components degrade over time and may lose signal sensitivity, reducing the reliability and communication range between the base station and smart meters across the City.

The proposed Sensus M420B Base Station is a modern, two-way communication system that offers enhanced performance, updated components, and a smaller footprint. This upgrade will improve system reliability by replacing aging infrastructure with current technology, ensure continued uptime by eliminating reliance on obsolete parts, and enhance signal strength through upgraded communication components. It will also maintain optimal system coverage, ensuring consistent and reliable data transmission across the entire AMI network. The Sensus M420B Base Station is fully compatible with the City's existing Sensus based AMI infrastructure, including the Analytics software platform and existing maintenance agreements.

FISCAL IMPACT

The proposed expenditure of $54,482.12 will be funded from the Water Operations Fund (Fund 501). Sufficient funds are available in year 1 of the FY 2025-27 Adopted Two-Year Budget to cover this expenditure.

CITY OF GLENDORA
CONTRACT SERVICES AGREEMENT FOR
PROFESSIONAL SERVICES

THIS CONTRACT SERVICES AGREEMENT (herein "Agreement") is made and entered into this _____ day of May, 2026, by and between the CITY OF GLENDORA, a California municipal corporation ("City") and THIRKETTLE CORPORATION, a California corporation (DBA AQUA METRIC SALES COMPANY) (herein "Consultant"). City and Consultant may be referred to, individually or collectively, as "Party" or "Parties."

NOW, THEREFORE, the parties hereto agree as follows:

1. SERVICES OF CONSULTANT

1.1 Scope of Services. In compliance with all of the terms and conditions of this Agreement, the Consultant shall perform the work or services set forth in the "Scope of Services" attached hereto as Exhibit "A" and incorporated herein by reference. Consultant warrants that it has the experience and ability to perform all work and services required hereunder and that it shall diligently perform such work and services in a professional and satisfactory manner.

1.2 Compliance With Law. All work and services rendered hereunder shall be provided in accordance with all ordinances, resolutions, statutes, rules, and regulations of the City and any Federal, State or local governmental agency of competent jurisdiction.

1.3 California Labor Law. If the Scope of Services includes any "public work" or "maintenance work," as those terms are defined in California Labor Code section 1720 *et seq.* and California Code of Regulations, Title 8, Section 16000 *et seq.*, and if the total compensation is $1,000 or more, Consultant shall pay prevailing wages for such work and comply with the requirements in California Labor Code section 1770 *et seq.* and 1810 *et seq*., and all other applicable laws.

1.4 Licenses, Permits, Fees and Assessments. Consultant shall obtain at its sole cost and expense such licenses, permits, and approvals as may be required by law for the performance of the services required by the Agreement.

1.5 Special Requirements. Additional terms and conditions of this Agreement, if any, which are made a part hereof are set forth in the "Special Requirements" attached hereto as Exhibit "B" and incorporated herein by this reference. In the event of a conflict between the provisions of Exhibit "B" and any other provisions of this Agreement, the provisions of Exhibit "B" shall govern.

2. COMPENSATION

2.1 Contract Sum. For the services rendered pursuant to this Agreement, Consultant shall be compensated in accordance with the "Schedule of Compensation" attached hereto as Exhibit "C" and incorporated herein by this reference, but not exceeding the maximum contract amount of Fifty-Four Thousand Four Hundred Eighty-Two Dollars and Twelve Cents ($54,482.12) ("Contract Sum").

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

2.2 Invoices. Each month Consultant shall furnish to City an original invoice for all work performed and expenses incurred during the preceding month in a form approved by City's Director of Finance. By submitting an invoice for payment under this Agreement, Consultant shall be deemed to have certify compliance with all provisions of this Agreement. The invoice shall contain all information specified in Exhibit "C", and shall detail charges for all necessary and actual expenses by the following categories: labor (by sub-category), travel, materials, equipment, supplies, and sub-contractor contracts. Sub-contractor charges shall also be detailed by such categories. Consultant shall not invoice City for any duplicate services performed by more than one person.

City shall independently review each invoice submitted by the Consultant to determine whether the work performed and expenses incurred are in compliance with the provisions of this Agreement. Except as to any charges for work performed or expenses incurred by Consultant which are disputed by City, City will use its best efforts to cause Consultant to be paid within forty five (45) days of receipt of Consultant's correct and undisputed invoice; however, Consultant acknowledges and agrees that due to City warrant run procedures, the City cannot guarantee that payment will occur within this time period. In the event any charges or expenses are disputed by City, the original invoice shall be returned by City to Consultant for correction and resubmission. Review and payment by the City of any invoice provided by the Consultant shall not constitute a waiver of any rights or remedies provided herein or any applicable law.

2.3 Additional Services. City shall have the right at any time during the performance of the services, without invalidating this Agreement, to order extra work beyond that specified in the Scope of Services or make changes by altering, adding to or deducting from said work. No such extra work may be undertaken unless a written order is first given by the Contract Officer (as defined below) to the Consultant, incorporating therein any adjustment in (i) the Contract Sum (or a portion of the compensation due to Consultant) for the actual cost of the extra work, and/or (ii) the time to perform this Agreement, which said adjustments are subject to the written approval of the Consultant. Any increase in compensation of up to ten percent (10%) of the Contract Sum but not exceeding a total contract amount of Fifty Thousand Dollars ($50,000) or in the time to perform of up to ninety (90) days may be approved by the City Manager. Any greater increases than Fifty Thousand Dollars ($50,000), taken either separately or cumulatively, must be approved by the City Council. No claim for an increase in the Contract Sum or time for performance shall be valid unless the procedures established in this Section are followed.

3. PERFORMANCE SCHEDULE

3.1 Time of Essence. Time is of the essence in the performance of this Agreement.

3.2 Schedule of Performance. Consultant shall commence the services pursuant to this Agreement upon receipt of a written notice to proceed and shall perform all services within the time period(s) established in the "Schedule of Performance" attached hereto as Exhibit "D" and incorporated herein by this reference. When requested by the Consultant, extensions to the time period(s) specified in the Schedule of Performance may be approved in writing by the Contract Officer but not exceeding thirty (30) days cumulatively.

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

3.3 Force Majeure. The time period(s) specified in the Schedule of Performance for performance of the services rendered pursuant to this Agreement shall be extended because of any delays due to unforeseeable causes beyond the control and without the fault or negligence of the Consultant, including, but not restricted to, acts of God or of the public enemy, unusually severe weather, fires, earthquakes, floods, epidemics, quarantine restrictions, riots, strikes, freight embargoes, wars, litigation, and/or acts of any governmental agency, including the City, if the Consultant shall within ten (10) days of the commencement of such delay notify the Contract Officer in writing of the causes of the delay. The Contract Officer shall ascertain the facts and the extent of delay, and extend the time for performing the services for the period of the enforced delay when and if in the judgment of the Contract Officer such delay is justified. The Contract Officer's determination shall be final and conclusive upon the parties to this Agreement. In no event shall Consultant be entitled to recover damages against the City for any delay in the performance of this Agreement, however caused, Consultant's sole remedy being extension of the Agreement pursuant to this Section.

3.4 Term. Unless earlier terminated in accordance with Article 7 of this Agreement, this Agreement shall continue in full force and effect until completion of the services but not exceeding one (1) year from the date hereof ("Term"), except as otherwise provided in the Schedule of Performance (as shown on Exhibit "D" attached hereto). The City Manager may, at his sole discretion, extend the Term for three (3) additional one-year periods, so long as the Contract Sum for each additional one-year period is not exceeded (subject to any applicable adjustment to the Contract Sum for such extension based upon the applicable percent change of the Consumer Price Index for All Urban Consumers (CPI-U) for Los Angeles-Long Beach-Anaheim for such extension).

4. COORDINATION OF WORK

4.1 Representative of Consultant. Thomas J. Thirkettle, President, is hereby designated as being the representative of Consultant authorized to act on its behalf with respect to the work and services specified herein and make all decisions in connection therewith. All personnel of Consultant and any authorized agents shall be under the exclusive direction of the representative of Consultant. Consultant shall utilize only competent personnel to perform services pursuant to this Agreement. Consultant shall make every reasonable effort to maintain the stability and continuity of Consultant's staff and subcontractors, and shall keep City informed of any changes.

4.2 Contract Officer. The City's Public Works Director, or such person as may be designated by the City Manager, is hereby designated as being the representative the City authorized to act in its behalf with respect to the work and services specified herein and to make all decisions in connection therewith ("Contract Officer").

4.3 Prohibition Against Subcontracting or Assignment. Consultant shall not contract with any entity to perform in whole or in part the work or services required hereunder without the express written approval of the City. Neither this Agreement nor any interest herein may be assigned or transferred, voluntarily or by operation of law, without the prior written approval of City. Any such prohibited assignment or transfer shall be void.

4.4 Independent Consultant. Neither the City nor any of its employees shall have any control over the manner, mode or means by which Consultant, its agents or

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

employees, perform the services required herein, except as otherwise set forth. Consultant shall perform all services required herein as an independent contractor of City with only such obligations as are consistent with that role. Consultant shall not at any time or in any manner represent that it or any of its agents or employees are agents or employees of City, or that it is a member of a joint enterprise with City.

5. INSURANCE AND INDEMNIFICATION

5.1 Insurance Coverages. Without limiting Consultant's indemnification of City, and prior to commencement of any services under this Agreement, Consultant shall obtain, provide and maintain at its sole cost and expense during the Term of this Agreement, policies of insurance of the type and amounts described below and in a form satisfactory to City.

(a) General Liability Insurance. Consultant shall maintain commercial general liability insurance with coverage at least as broad as Insurance Services Office form CG 00 01, in an amount not less than $1,000,000 per occurrence, $2,000,000 general aggregate, for bodily injury, personal injury, and property damage, including, without limitation, blanket contractual liability. The policy must include contractual liability that has not been amended. Any endorsement restricting standard ISO "insured contract" language will not be accepted.

(b) Automobile Liability Insurance. Consultant shall maintain automobile insurance at least as broad as Insurance Services Office form CA 00 01 covering bodily injury and property damage for all activities of the Consultant arising out of or in connection with the services to be performed under this Agreement, including coverage for any owned, hired, non-owned or rented vehicles, in an amount not less than $1,000,000 combined single limit for each accident.

(c) Professional Liability (errors & omissions) Insurance. Consultant shall maintain professional liability insurance that covers the services to be performed in connection with this Agreement, in the minimum amount of $1,000,000 per claim and in the aggregate. Any policy inception date, continuity date, or retroactive date must be before the effective date of this Agreement and Consultant agrees to maintain continuous coverage through a period no less than three (3) years after completion of the services required by this Agreement.

(d) Workers' Compensation Insurance. Consultant shall maintain Workers' Compensation Insurance (Statutory Limits) and Employer's Liability Insurance (with limits of at least $1,000,000).

(e) Subcontractors. Consultant shall include all subcontractors as insureds under its policies or shall furnish separate certificates and certified endorsements for each subcontractor. All coverages for subcontractors shall include all of the requirements stated herein.

(f) Additional Insurance. Policies of such other insurance, as may be required in the Special Requirements in Exhibit "B".

5.2 General Insurance Requirements.

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

(a) Proof of Insurance. Consultant shall provide certificates of insurance to City as evidence of the insurance coverage required herein, along with a waiver of subrogation endorsement for workers' compensation. Insurance certificates and endorsements must be approved by City's Risk Manager prior to commencement of performance. Current certification of insurance shall be kept on file with City at all times during the Term of this Agreement. City reserves the right to require complete, certified copies of all required insurance policies, at any time.

(b) Duration of Coverage. Consultant shall procure and maintain for the duration of this Agreement insurance against claims for injuries to persons or damages to property, which may arise from or in connection with the performance of the Services hereunder by Consultant, its agents, representatives, employees or subconsultants.

(c) Primary/noncontributing. Coverage provided by Consultant shall be primary and any insurance or self-insurance procured or maintained by City shall not be required to contribute with it. The limits of insurance required herein may be satisfied by a combination of primary and umbrella or excess insurance. Any umbrella or excess insurance shall contain or be endorsed to contain a provision that such coverage shall also apply on a primary and non-contributory basis for the benefit of City before the City's own insurance or self-insurance shall be called upon to protect it as a named insured.

(d) City's Rights of Enforcement. In the event any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, City has the right but not the duty to obtain the insurance it deems necessary and any premium paid by City will be promptly reimbursed by Consultant or City will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, City may cancel this Agreement.

(e) Acceptable Insurers. All insurance policies shall be issued by an insurance company currently authorized by the Insurance Commissioner to transact business of insurance or that is on the List of Approved Surplus Line Insurers in the State of California, with an assigned policyholders' Rating of A- (or higher) and Financial Size Category Class VI (or larger) in accordance with the latest edition of Best's Key Rating Guide, unless otherwise approved by the City's Risk Manager.

(f) Waiver of Subrogation. All insurance coverage maintained or procured pursuant to this agreement shall be endorsed to waive subrogation against City, its elected or appointed officers, agents, officials, employees and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against City, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

(g) Enforcement of Contract Provisions (non-estoppel). Consultant acknowledges and agrees that any actual or alleged failure on the part of the City to inform Consultant of non-compliance with any requirement imposes no additional obligations on the City nor does it waive any rights hereunder.

(h) Requirements Not Limiting. Requirements of specific coverage features or limits contained in this section are not intended as a limitation on coverage, limits or other requirements, or a waiver of any coverage normally provided by any

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

insurance. Specific reference to a given coverage feature is for purposes of clarification only as it pertains to a given issue and is not intended by any party or insured to be all inclusive, or to the exclusion of other coverage, or a waiver of any type. If the Consultant maintains higher limits than the minimums shown above, the City requires and shall be entitled to coverage for the higher limits maintained by the Consultant. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

(i) Notice of Cancellation. Consultant agrees to oblige its insurance agent or broker and insurers to provide to City with a thirty (30) day notice of cancellation (except for nonpayment for which a ten (10) day notice is required) or nonrenewal of coverage for each required coverage.

(j) Additional Insured Status. General liability and automobile policies shall provide or be endorsed to provide that City and its officers, officials, employees, and agents, and volunteers shall be additional insureds under such policies. This provision shall also apply to any excess/umbrella liability policies.

(k) Prohibition of Undisclosed Coverage Limitations. None of the coverages required herein will be in compliance with these requirements if they include any limiting endorsement of any kind that has not been first submitted to City and approved by the City in writing.

(l) Separation of Insureds. A severability of interests provision must apply for all additional insureds ensuring that Consultant's insurance shall apply separately to each insured against whom claim is made or suit is brought, except with respect to the insurer's limits of liability. The policy(ies) shall not contain any cross-liability exclusions.

(m)Pass Through Clause. Consultant agrees to ensure that its subconsultants, subcontractors, and any other party involved with the services who is brought onto or involved in the services by Consultant, provide the same minimum insurance coverage and endorsements required of Consultant. Consultant agrees to monitor and review all such coverage and assumes all responsibility for ensuring that such coverage is provided in conformity with the requirements of this section. Consultant agrees that upon request, all agreements with consultants, subcontractors, and others engaged in the services will be submitted to City for review.

(n) City's Right to Revise Specifications. The City reserves the right at any time during the Term of this Agreement, to change the amounts and types of insurance required by giving the Consultant ninety (90) days advance written notice of such change. If such change results in substantial additional cost to the Consultant, the City and Consultant may renegotiate Consultant's compensation.

(o) Deductibles / Self-Insured Retentions. Any deductibles and self-insured retentions must be declared to and approved by City. At the option of the City, either: the insurer shall reduce or eliminate such deductibles or self-insured retentions with respect to the City, it officers, officials, employees, agents and volunteers, or the Consultant shall provide a financial guarantee satisfactory to the city guaranteeing payment of losses and related investigations, claims administration and defense expense.

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

(p) Timely Notice of Claims. Consultant shall give City prompt and timely notice of claims made or suits instituted that arise out of or result from Consultant's performance under this Agreement, and that involve or may involve coverage under any of the required liability policies.

(q) Additional Insurance. Consultant shall also procure and maintain, at its own cost and expense, any additional kinds of insurance, which in its own judgment may be necessary for its proper protection and prosecution of the work.

5.3 Indemnification.

To the full extent permitted by law, Consultant agrees to indemnify, defend and hold harmless the City, its officers, employees and agents ("Indemnified Parties") against, and will hold and save them and each of them harmless from, any and all actions, either judicial, administrative, arbitration or regulatory claims, damages to persons or property, losses, costs, penalties, obligations, errors, omissions or liabilities whether actual or threatened (herein "claims or liabilities") that may be asserted or claimed by any person, firm or entity arising out of or in connection with the negligent performance of the work, operations or activities provided herein of Consultant, its officers, employees, agents, subcontractors, invitees, or any individual or entity for which Consultant is legally liable ("indemnitors"), or arising from Consultant's or indemnitors' reckless or willful misconduct, or arising from Consultant's or indemnitors' negligent performance of or failure to perform any term, provision, covenant or condition of this Agreement, except claims or liabilities occurring as a result of City's sole negligence or willful acts or omissions. The indemnity obligation shall be binding on successors and assigns of Consultant and shall survive termination of this Agreement.

6. RECORDS, REPORTS, AND RELEASE OF INFORMATION

6.1 Records. Consultant shall keep, and require subcontractors to keep, such ledgers, books of accounts, invoices, vouchers, canceled checks, reports, studies or other documents relating to the disbursements charged to City and services performed hereunder (the "books and records"), as shall be necessary to perform the services required by this Agreement and enable the Contract Officer to evaluate the performance of such services and shall keep such records for a period of three years following completion of the services hereunder. The Contract Officer shall have full and free access to such books and records at all times during normal business hours of City, including the right to inspect, copy, audit and make records and transcripts from such records.

6.2 Reports. Consultant shall periodically prepare and submit to the Contract Officer such reports concerning the performance of the services required by this Agreement or as the Contract Officer shall require.

6.3 Confidentiality and Release of Information.

(a) All information gained or work product produced by Consultant in performance of this Agreement shall be considered confidential, unless such information is in the public domain or already known to Consultant. Consultant shall not release or disclose any such information or work product to persons or entities other than the City without prior written authorization from the Contract Officer.

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

(b) Consultant shall not, without prior written authorization from the Contract Officer or unless requested by the City Attorney, voluntarily provide documents, declarations, letters of support, testimony at depositions, response to interrogatories or other information concerning the work performed under this Agreement. Response to a subpoena or court order shall not be considered "voluntary" provided Consultant gives the City notice of such court order or subpoena.

(c) If Consultant provides any information or work product in violation of this Agreement, then the City shall have the right to reimbursement and indemnity from Consultant for any damages, costs and fees, including attorney's fees, caused by or incurred as a result of Consultant's conduct.

(d) Consultant shall promptly notify the City should Consultant be served with any summons, complaint, subpoena, notice of deposition, request for documents, interrogatories, request for admissions or other discovery request, court order or subpoena from any party regarding this Agreement and the work performed thereunder. The City retains the right, but has no obligation, to represent Consultant or be present at any deposition, hearing or similar proceeding. Consultant agrees to cooperate fully with the City and to provide the City with the opportunity to review any response to discovery requests provided by Consultant.

6.4 Ownership of Documents. All studies, surveys, data, notes, computer files, reports, records, drawings, specifications, maps, designs, photographs, documents and other materials (the "documents and materials") prepared by Consultant in the performance of this Agreement shall be the property of the City and shall be delivered to the City upon request of the Contract Officer or upon the termination of this Agreement, and Consultant shall have no claim for further employment or additional compensation as a result of the exercise by the City of its full rights of ownership use, reuse, or assignment of the documents and materials hereunder. Moreover, Consultant with respect to any documents and materials that may qualify as "works made for hire" as defined in 17 U.S.C. § 101, such documents and materials are hereby deemed "works made for hire" for the City.

7. ENFORCEMENT OF AGREEMENT AND TERMINATION

7.1 California Law. This Agreement shall be interpreted, construed and governed both as to validity and to performance of the parties in accordance with the laws of the State of California. Legal actions concerning any dispute, claim or matter arising out of or in relation to this Agreement shall be instituted in the Superior Court of the County of Los Angeles, State of California. In the event of litigation in a U.S. District Court, venue shall lie exclusively in the Central District of California, in the County of Los Angeles, State of California.

7.2 Disputes; Default. In the event that Consultant is in default under the terms of this Agreement, the City shall not have any obligation or duty to continue compensating Consultant for any work performed after the date of default. Instead, the City may give notice to Consultant of the default and the reasons for the default. The notice shall include the timeframe in which Consultant may cure the default. This timeframe is presumptively thirty (30) days, but may be extended or shortened, if circumstances warrant, as determined by the Contract Officer. The cure period may run concurrently with the termination period as provided in Section 7.4, if the option to cure is in the alternative to termination. During the period of time that Consultant is in default, the City shall hold all invoices and shall, when the default is cured, proceed with payment on the invoices. If Consultant does not

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

cure the default, the City may take necessary steps to terminate this Agreement under this Article.

7.3 Legal Action. In addition to any other rights or remedies, either party may take legal action, in law or in equity, to cure, correct or remedy any default, to recover damages for any default, to compel specific performance of this Agreement, to obtain declaratory or injunctive relief, or to obtain any other remedy consistent with the purposes of this Agreement. Notwithstanding any contrary provision herein, Consultant shall file a statutory claim pursuant to Government Code Sections 905 et. seq. and 910 et. seq., in order to pursue any legal action under this Agreement.

Except with respect to rights and remedies expressly declared to be exclusive in this Agreement, the rights and remedies of the parties are cumulative and the exercise by either party of one or more of such rights or remedies shall not preclude the exercise by it, at the same or different times, of any other rights or remedies for the same default or any other default by the other party.

7.4 Termination Prior to Expiration of Term. This Section shall govern any termination of this Agreement except as specifically provided in the following Section for termination for cause. The City reserves the right to terminate this Agreement at any time, with or without cause, upon thirty (30) days' written notice to Consultant, except that where termination is due to the fault of the Consultant, the period of notice may be such shorter time as may be determined by the Contract Officer. In addition, the Consultant reserves the right to terminate this Agreement at any time, with or without cause, upon sixty (60) days' written notice to City, except that where termination is due to the fault of the City, the period of notice may be such shorter time as the Consultant may determine. Upon receipt of any notice of termination, Consultant shall immediately cease all services hereunder except such as may be specifically approved by the Contract Officer. Except where the Consultant has initiated termination, the Consultant shall be entitled to compensation for all services rendered prior to the effective date of the notice of termination and for any services authorized by the Contract Officer thereafter in accordance with the Schedule of Compensation or such as may be approved by the Contract Officer. In the event the Consultant has initiated termination, the Consultant shall be entitled to compensation only for the reasonable value of the work product actually produced hereunder, but not exceeding the compensation provided therefore in the Schedule of Compensation as shown on Exhibit "C". In the event of termination without cause pursuant to this section, the terminating party need not provide the non-terminating party with the opportunity to cure pursuant to Section 7.2.

7.5 Termination for Default of Consultant. If termination is due to the failure of the Consultant to fulfill its obligations under this Agreement, City may, after compliance with the provisions of Section 7.2, take over the work and prosecute the same to completion by contract or otherwise, and the Consultant shall be liable to the extent that the total cost for completion of the services required hereunder exceeds the compensation herein stipulated (provided that the City shall use reasonable efforts to mitigate such damages), and City may withhold any payments to the Consultant for the purpose of set-off or partial payment of the amounts owed the City as previously stated.

8. MISCELLANEOUS

8.1 Covenant Against Discrimination. Consultant covenants that, by and for itself, its heirs, executors, assigns and all persons claiming under or through them, that there

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

shall be no discrimination against or segregation of, any person or group of persons on account of race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class in the performance of this Agreement. Consultant shall take affirmative action to ensure that applicants are employed and that employees are treated during employment without regard to their race, color, creed, religion, sex, gender, sexual orientation, marital status, national origin, ancestry, or other protected class

8.2 Non-liability of City Officers and Employees. No officer or employee of the City shall be personally liable to the Consultant, or any successor in interest, in the event of any default or breach by the City or for any amount, which may become due to the Consultant or to its successor, or for breach of any obligation of the terms of this Agreement.

8.3 Notice. Any notice, demand, request, document, consent, approval, or communication either party desires or is required to give to the other party or any other person shall be in writing and either served personally or sent by prepaid, first-class mail, in the case of the City, to the City Manager and to the attention of the Contract Officer (with her/his name and City title), City of Glendora, 116 E. Foothill Blvd., Glendora, California 91741-3380, and in the case of the Consultant, to the person(s) at the address designated on the execution page of this Agreement. Either party may change its address by notifying the other party of the change of address in writing. Notice shall be deemed communicated at the time personally delivered or in seventy-two (72) hours from the time of mailing if mailed as provided in this Section.

8.4 Integration; Amendment. It is understood that there are no oral agreements between the parties hereto affecting this Agreement and this Agreement supersedes and cancels any and all previous negotiations, arrangements, agreements and understandings, if any, between the parties, and none shall be used to interpret this Agreement. This Agreement may be amended at any time by the mutual consent of the parties by an instrument in writing.

8.5 Severability. In the event that part of this Agreement shall be declared invalid or unenforceable by a valid judgment or decree of a court of competent jurisdiction, such invalidity or unenforceability shall not affect any of the remaining portions of this Agreement which are hereby declared as severable and shall be interpreted to carry out the intent of the parties hereunder unless the invalid provision is so material that its invalidity deprives either party of the basic benefit of their bargain or renders this Agreement meaningless.

8.6 Waiver. No delay or omission in the exercise of any right or remedy by non-defaulting party on any default shall impair such right or remedy or be construed as a waiver. A party's consent to or approval of any act by the other party requiring the party's consent or approval shall not be deemed to waive or render unnecessary the other party's consent to or approval of any subsequent act. Any waiver by either party of any default must be in writing and shall not be a waiver of any other default concerning the same or any other provision of this Agreement.

8.7 Attorneys' Fees. If either party to this Agreement is required to initiate or defend or made a party to any action or proceeding in any way connected with this Agreement, the prevailing party in such action or proceeding, in addition to any other relief which any be granted, whether legal or equitable, shall be entitled to reasonable attorney's fees, whether or not the matter proceeds to judgment.

Docusign Envelope ID: AF0E3DC1-61AE-8239-83EB-484774F8A290

8.8 Interpretation. The terms of this Agreement shall be construed in accordance with the meaning of the language used and shall not be construed for or against either party by reason of the authorship of this Agreement or any other rule of construction which might otherwise apply.

8.9 Counterparts. This Agreement may be executed in counterparts, each of which shall be deemed to be an original, and such counterparts shall constitute one and the same instrument. Each of the parties intend to be bound by the signatures on any telecopied, .pdf or other electronically delivered document, and are aware that the other party will rely on the telecopied, .pdf or other electronically delivered signatures, and hereby waive any defenses to the enforcement of the terms of this Agreement based on the form of signature.

8.10 Warranty & Representation of Non-Collusion. No official, officer, or employee of City has any financial interest, direct or indirect, in this Agreement, nor shall any official, officer, or employee of City participate in any decision relating to this Agreement which may affect his/her financial interest or the financial interest of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any corporation, partnership, or association in which (s)he is directly or indirectly interested, or in violation of any State or municipal statute or regulation. The determination of "financial interest" shall be consistent with State law and shall not include interests found to be "remote" or "noninterests" pursuant to Government Code Sections 1091 or 1091.5. Consultant warrants and represents that it has not paid or given, and will not pay or give, to any third party including, but not limited to, any City official, officer, or employee, any money, consideration, or other thing of value as a result or consequence of obtaining or being awarded any agreement. Consultant further warrants and represents that (s)he/it has not engaged in any act(s), omission(s), or other conduct or collusion that would result in the payment of any money, consideration, or other thing of value to any third party including, but not limited to, any City official, officer, or employee, as a result of consequence of obtaining or being awarded any agreement. Consultant is aware of and understands that any such act(s), omission(s) or other conduct resulting in such payment of money, consideration, or other thing of value will render this Agreement void and of no force or effect.

8.11 Corporate Authority. The persons executing this Agreement on behalf of the parties hereto warrant that (i) such party is duly organized and existing, (ii) they are duly authorized to execute and deliver this Agreement on behalf of said party, (iii) by so executing this Agreement, such party is formally bound to the provisions of this Agreement, and (iv) the entering into this Agreement does not violate any provision of any other agreement to which said party is bound. This Agreement shall be binding upon the heirs, executors, administrators, successors and assigns of the parties.

EXECUTIVE SUMMARY

This report presents proposed amendments to the City's Public Meeting Rules and Protocols, adoption of a Remote Participation Disruption Policy, and a Social Media Policy to ensure compliance with Senate Bill 707 (SB 707). SB 707 introduces new requirements related to hybrid meeting access, accessibility, translation assistance, and public engagement. Adoption of the proposed resolutions will position the City to meet statutory requirements effective July 1, 2026.

LEGISLATIVE HISTORY / PREVIOUS ACTIONS

On October 3, 2025, Governor Newsom signed Senate Bill No. 707 ("SB 707"), which revises and updates the Ralph M. Brown Act's open meeting laws to provide greater flexibility in teleconferencing and enhance accessibility requirements, including translation services in certain circumstances and real-time captioning. SB 707 requires the City Council to formally adopt certain policies and procedures relating to teleconferencing and remote participation and hybrid meeting service disruptions. SB 707 also includes certain requirements regarding assistance with language translations of Council meeting agendas and certain website information, outreach and public engagement to encourage participation from underrepresented communities, use of social media, the provision of a copy of the Brown Act to each Councilmember, oral reporting of compensation decisions for the City Manager, department heads, and other comparable administrative officers, and the expansion of certain allowances for remote participation of a Councilmember due to disability or for "just cause".

These new requirements build on the existing teleconferencing framework established under prior legislation, including Assembly Bills 361 and 2449. Most of the provisions under SB 707 take effect on July 1, 2026.

On December 9, 2025, the City Council considered City staff's presentation regarding implementation procedures for the requirements of SB 707 and gave direction regarding hybrid meetings, translations, accessibility, remote participation disruptions, social media policies, public engagement, and amendments to the City of Glendora Public Meeting Rules and Protocols. The unanimous direction from the Council included the following:

(i) Proceed with implementation of SB 707 teleconferencing requirements for the City Council only and not extend those provisions to City Boards and Commissions. Hybrid meeting access, including phone and video participation, shall be implemented for City Council meetings only.

(ii) Provide the City Council with a proposed resolution establishing language accessibility standards.

(iii) Provide the City Council with proposed resolutions/policies to address the following issues:

- A uniform disruptive behavior policy applicable to all modes of participation;
- SB 707 social media participation provisions;
- Amendments to public engagement practices; and
- Provisions addressing remote access outage procedures, interpretation requests, multilingual participation information, electronic access to meeting materials, and outreach to underrepresented communities.

DISCUSSION

As noted above, SB 707 contains a variety of updates to the Brown Act open meeting requirements to enhance public participation, transparency, and accessibility. The primary new regulations under SB 707 include the following, which are addressed in the attached Resolutions and Policies for the Council's consideration.

While not all of the requirements in SB 707 need be adopted in a formal resolution or policy by the City Council (since the Brown Act is generally applicable to the City regardless of the adoption of any policies initiated by the City to implement its provisions, and the City's Resolution governing public meetings incorporates by reference all Brown Act provisions, including SB 707), the proposed Resolutions and Policies will help ensure the City's compliance with SB 707.

Teleconferencing and Remote Participation Requirements:

Mandatory Hybrid Meetings: By July 1, 2026, the City Council must provide for hybrid meetings (in-person plus a teleconference or audio-visual option). If using audio-visual platforms, a call-in option and active captioning (if available) are required. In addition, a policy should be adopted to outline how the City Council will deal with a disruption or disturbance from a member of the public, either in-person or remote, and how to restore decorum to the meeting.

Policy Regarding Broadcast Disruption: Prior to July 1, 2026, the City Council must adopt an open session policy regarding hybrid meetings that includes procedures for restoring service in the event of a broadcast disruption. The policy should include (i) steps to be taken if audio, video, or the entire platform fails, (ii) the appropriate personnel to take corrective action to restore service, and (iii) the procedure to notify the public and resume the meeting upon restoration of service. Starting July 1, 2026, if a disruption prevents the public from attending the meeting remotely, the City Council must take a recess and try to restore service. If service cannot be restored within one (1) hour, the City Council must conduct a roll call vote confirming that good faith efforts were made, and make a finding that public interest in continuing the meeting outweighs remote access.

These requirements are provided for in the attached Resolution amending the City's Public Meeting Rules and Protocols and in the Resolution Establishing a Policy for Disruption of Remote Participation Services.

Assistance with Language Translation: Under SB 707, if 20% of the City's population speaks an applicable foreign language, and at the same time, that population speaks English less than "very well", then (i) the City must translate meeting agendas into that applicable language, and (ii) the following information on the City's website must also be translated into that applicable language:

(A) An accessible internet webpage dedicated to public meetings that includes, or provides a link to, all of the following information:

I. A general explanation of the public meeting process for the City Council.
II. An explanation of the procedures for a member of the public to provide in-person or remote oral public comment during a public meeting or to submit written public comment.
III. A calendar of all public meeting dates with calendar listings that include the date, time, and location of each public meeting.
IV. The agenda posted online.

The City is also required to reasonably assist members of the public who wish to translate a public meeting into any language or wish to receive interpretation provided by another member of the public. The bill does not require the City to provide translation services, but only to reasonably assist others who choose to engage in translation/interpretation services. Such assistance may include any of the following (as determined by the City Council): (i) arranging space for one or more interpreters at the meeting location, (ii) Allowing extra time during the meeting for interpretation to occur, and/or (iii) ensuring participants may utilize their personal equipment or reasonably access facilities for participants to access commercially available interpretation services. Automated translation tools, such as Google Translate, may be used to satisfy these requirements, provided the other statutory obligations are met and a disclaimer is included noting that translations are automatically generated and may not be exact.

The City must also provide a freely accessible physical location near where the agendas are posted to allow the public to post additional translations of the agenda in that location.

Base on the current American Community Survey (ACS) Data, the City of Glendora has not yet met the 20% threshold under SB 707 required to provide such translation services and assistance, the attached Resolution amending the City's Public Meeting Rules and Protocols, includes provisions in order to ensure that the City is compliant in the event that the number of persons speaking English less than very well in the City exceeds the threshold.

Outreach Requirements: The City must make reasonable efforts to invite groups that do not traditionally participate in public meetings to attend those meetings. Examples of such groups include the following: (i) media organizations providing news coverage within the City or region, including ethnic and language-specific outlets serving non-English-speaking communities; and (ii) civil-rights, civic-engagement, neighborhood, and community-based organizations, particularly those active in or serving multilingual or historically marginalized communities.

The attached Resolution amending the City's Public Meeting Rules and Protocols includes provisions to address this requirement.

Use of Social Media: AB 992 took effect in 2021 and temporarily allowed a Councilmember to participate in individual communications on an internet-based social media platform for specified purposes, provided that a majority of Councilmembers do not use the platforms to discuss or deliberate on matters within the City's specific subject matter jurisdiction, but the law was set to expire on January 1, 2026. SB 707 removed the sunset date and makes this exception permanent.

The attached Social Media Policy, contains provisions to implement the requirements of AB 992 for both the City Council and all City Council appointed board members and commissioners.

The Resolutions and Polices proposed herein, if adopted, will help to ensure compliance with Senate Bill 707 and will support the City's mission to ensure public meetings remain transparent, accessible, and inclusive, consistent with the City Council's goals of proactive communication with all members of the community.

FISCAL IMPACT

Administrative costs will increase, including staff time and costs related to providing translations, audio-visual equipment, website updates and accessibility, outreach efforts, training for staff, and additional staff time required to implement the SB 707 provisions. The exact fiscal impact is still being evaluated. If there is a need beyond appropriations included with the FY2025-27 Two-Year Adopted Budget in the PEG Fund 223 and/or the Technology Fund 553 staff will return to City Council with a request for supplemental appropriations and procurement approval in accordance with the City's municipal code Chapter 2.40.

ENVIRONMENTAL DETERMINATION

The approval of the Resolutions and Policies proposed herein do not qualify as a "project" under CEQA (14 CCR Section 15378(b)(5)). Environmental review is not required.

RESOLUTION CC 2026-____

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GLENDORA AMENDING THE RULES AND PROTOCOLS FOR THE CONDUCT OF PUBLIC MEETINGS, PROCEEDINGS AND BUSINESS AND REPEALING RESOLUTIONS CC 24-36 AND CC 2024-21 OR ANY RESOLUTION IN CONFLICT OR INCONSISTENT HEREWITH

CITY COUNCIL
City of Glendora, California

SECTION 1. The City Council of the City of Glendora does hereby adopt and establish the following rules for the conduct of public meetings, proceedings, and business in the City of Glendora, as authorized by Government Code § 54954.3(b).

SECTION 2. The City Council of the City of Glendora does hereby ordain and establish that all Glendora Public Meetings will follow and comply with open meeting laws, pursuant to the Ralph M. Brown Act, Government Code § 54950 et seq. ("Brown Act").

SECTION 3. The City Council of the City of Glendora does hereby adopt by reference the Rosenberg's Rules of Order as the rules of procedure that shall govern all Glendora Public Meetings, except as may otherwise be provided in this Resolution, which may be amended from time-to-time.

SECTION 4. No action, inaction, or recommendation by the City of Glendora or its City Council or any of its legislative bodies or officials on any matter shall be held invalid or set aside by any court on the ground of the improper admission or rejection of evidence or by reason of any error, irregularity, informality, neglect, or omission (hereafter, error) as to any matter pertaining to applications, notices, findings, records, hearings, reports, recommendations, appeals, or any matters of procedure, unless a court of competent jurisdiction finds that the error was prejudicial and that the party complaining or appealing suffered substantial injury from that error and that a different result would have been probable if the error had not occurred. There shall be no presumption that error is prejudicial or that injury was done if the error is shown. This section satisfies and complies with the requirements of Government Code § 65010 of the State of California.

ARTICLE I: MEETINGS

The City Council of the City of Glendora ("City") has ordained and established that all Glendora City Council and Brown Act legislative body public meetings will follow and comply with the open meeting laws, established under the Brown Act.

A. Regular Meetings. All meetings of the City shall be conducted in the Council Chambers in the City Hall of the City of Glendora located at 116 E. Foothill Blvd., Glendora, California, or at such other place as the City Manager may from time to time prescribe provided the same is/are located in Glendora. Under the Brown Act, regular meeting agendas must be posted 72 hours prior to the meeting in locations freely accessible to the public and on the City's website.

Governing Board	Meeting Date	Meeting Time	Authority
Business Improvement District (BID)	1st Thursday each month	8:30 am	CC 2018-57
Board of Library Trustees	3rd Monday each month	7:00 pm	CC 2018-57
City Council	2nd & 4th Tuesday each month Closed Session Business Session	 5:00 pm 7:00 pm	GMC 2.04.010
Community Services Commission	3rd Thursday of odd month	6:00 pm	CC 2024-36
Planning Commission	1st Tuesday each month	7:00 pm	CC 2018-57
Water Commission	4th Thursday of month of January, April, July, and October	6:00 pm	CC 2018-57

B. Special Meetings. A "Special Meeting" may be called at any time by the Presiding Officer or by a majority of the members of the governing body (per Glendora Municipal Code ("GMC") Section 2.04.020). No business other than that officially noticed may be discussed at such Special Meeting. Under the Brown Act, Special Meeting agendas have additional noticing requirements and must be posted 24 hours prior to the meeting in locations freely accessible to the public and on the City's website. Special Meetings under the Brown Act can include a workshop, townhall and/or study sessions or any other meeting called by a governing body to discuss discrete items listed on the agenda.

C. Adjourned Meetings. Any meeting may be adjourned to any regular, adjourned regular, special or adjourned special meeting to a time and place specified in the order of adjournment. If a quorum is not present, less than a quorum may so adjourn. If all members of the governing body are absent from any regular or adjourned regular meeting, the City Clerk may declare the meeting adjourned to a stated time and place.

D. Emergency Meetings. The notice requirements for a Special Meeting may be dispensed with under the following emergency conditions:

1. Work stoppage or other activity which severely impairs public health, safety, or both, as determined by a majority of the City Council.

2. A crippling disaster which impairs public health, safety, or both, as determined by a majority of the City Council.

In these circumstances, the President Officer, or their designee, must notify the previously designated parties for a Special Meeting and comply with the provision of Government Code § 54956.5 and GMC Chapter 11 Emergency

Preparedness. However, only one hour's notice given by telephone is necessary.

E. Closed Sessions. A City governing body may hold closed sessions during a regular or Special Meeting, or at any time otherwise authorized by law, to consider or hear any matter which it is authorized by state law to hear or consider in closed sessions, and may exclude from any such closed session any person or persons which it is authorized by state law to exclude from such closed sessions. Under normal circumstances, a closed session will be agendized as noted in Article II entitled Order of Business.

F. Cancellation. Any meeting of a governing body may be canceled in advance by a majority vote of the governing body. The Presiding Officer may cancel a meeting in the case of an emergency or when a majority of members have confirmed in writing their unavailability to attend a meeting.

G. Presiding Officer. The Mayor shall serve as the "Presiding Officer" and preside over public meetings of the City Council. In their absence, the Mayor Pro Tern shall serve as Presiding Officer.

List of Presiding Officer and backup for each governing board:

Governing Board	**Presiding Officer**	**Serves in absence of Presiding Officer**
Business Improvement District (BID)	Chair	Vice-Chair
Board of Library Trustees	President	Vice-President
City Council	Mayor	Mayor Pro Tem
Glendora Financing Authority	Chair	Vice-Chair
Glendora Housing Authority	Chair	Vice-Chair
Glendora Successor Agency	Chair	Vice-Chair
Community Services Commission	Chair	Vice-Chair
Planning Commission	Chair	Vice-Chair
Water Commission	Chair	Vice-Chair

I. Attendance by the Public. Except as specifically provided by law for closed sessions, all meetings of a City governing body shall be open and public and otherwise comply with the Brown Act. All persons desiring to attend shall be permitted to attend any meeting. Virtual participation will be available on such other times when a State of Emergency, Health Order or State Executive Order limits in-person participation.

In the event any meeting is willfully and persistently disrupted by an individual, group, or groups of persons so as to render the orderly conduct of the meeting infeasible, and order cannot be restored by removal of the offending individual

or individuals, the City Council (or other applicable governing body) may order the meeting room cleared and continue in session. Representatives of the press, unless participants in the disturbance, shall be allowed to attend such meeting.

J. Public Participation. Any person may request to address a governing body during a public meeting by submitting to the City Clerk a speakers request form and stating the topic to be addressed. Speakers request forms shall be available at the City Council Chambers throughout the applicable governing body meeting. To ensure that the public is able to participate, the City may provide a variety of ways in which the public can submit their comment: in person, virtually, email, phone call, mail and any other method authorized by state law or under the GMC. Methods of participation may be subject to change during other such times when a State of Emergency, Health Order or State Executive Order limits in-person participation. A majority of a governing body, if it so desires, has the opportunity to request a separate and/or additional public comment period for any item listed on the agenda, with a motion and a second by applicable members of the governing body.

Under the agenda item, "Public Comment", the Presiding Officer may recognize any person desiring to address the governing body concerning any subsequent item calendared for action or discussion at that meeting or on any matter within the jurisdiction of the governing body. Public comment is limited to 30 minutes at each meeting, with the ability to extend upon the discretion and approval of the governing body by a majority vote. Public comment shall conform to the following protocol:

1. Any person requesting to speak shall be limited to three (3) minutes, speaking once, on both on- and off- agenda items, unless such time period is extended subject to a motion and approval by the majority of the governing body. Such statements shall only be allowed during the Public Comment portion of the agenda, unless at a public hearing or unless a person is specifically recognized to speak by the Presiding Officer.

2. Speakers are not permitted to yield their time to another speaker.

3. Any person addressing a governing body may question or criticize any policy, procedure, or service of the City, any act or omission of the governing body or any statements or actions of any individual member of a governing body, provided however that the right to question such policies, procedures, services, statements, acts or omissions does not convey upon the speaker the right to make defamatory or obscene remarks directed toward any individual member of a governing body, City employee or private citizen, nor does it allow the speaker to address matters beyond the subject matter jurisdiction of the specific governing body. Those willfully disrupting the orderly conduct of business by violating this provision may forthwith be barred by the Presiding Officer from further appearance before the governing body during that meeting.

4. Any person given permission to address a governing body *may, if desired*, state their name, who they represent, if they represent other persons and the subject

matter they wish to discuss.

5. All remarks may be addressed to the entire governing body or to any member thereof. Questions asked of any individual member of such governing body, or a member of the staff may or may not be responded to at the discretion of the Presiding Officer or of member of the governing body**.**

6. No person returning to their seat shall be allowed to speak again without the approval of the Presiding Officer.

   Notwithstanding the provisions of Subsection 1 herein, any person may be recognized for public input on any matter at any time during the meeting upon adoption of a motion by a member of the governing body recognizing the person and identifying the subject matter.

7. Any person attending any meeting of any governing body may record the proceedings of the meeting with an audio or video tape recorder or with a still or motion picture camera provided that such devices are operated in a non-disruptive manner. Upon determining that recording or photographing a particular meeting is disruptive or creates a disturbance by virtue of excessive noise or light or by disrupting the view of the governing body or of members of the public, the Presiding Officer, in their discretion, may order the suspension of recording or photography for the remainder of that meeting.

8. Any person in attendance may address a governing body during a public hearing, subject to the provisions of Article IV hereof. Persons addressing the governing body at any time shall, if desired, state their name and direct their comments to the Presiding Officer and not to the staff, media representatives or the audience. Persons in attendance shall not speak upon any subject except as is otherwise provided in this Section or in Article IV.

K. Council or Other Body Agenda Items. These matters must be placed on the agenda in advance of the applicable meeting in order for the Council or other applicable City governing body to hear and consider such matters. Matters considered under governing body agenda items are actions requested by two members of any governing body.

L. Council/Member Statements. Any Council Member or member of a convened governing body in the meeting shall be allowed to bring up any matter of relevance to the body without the necessity of requiring action on such matter. Council Member reports regarding regional and local representation should occur under this section. The subject matter of these items need not be submitted prior to a City Council or other governing body meeting.

M. City Manager and City Attorney Statements or Director and Staff Liaison. Statements and/or requests from City Manager and City Attorney relating to actions being considered by the governing body, or that falls within the jurisdiction of the City of Glendora, or is of interest to the governing body and/or the community generally.

O. Agenda. The agenda, in its simplest form, sets out the list of items that the governing body intends to consider at the meeting. Before each meeting, the City Manager and City staff shall prepare a meeting agenda and packet that is used by the governing body as a source of information and advice to assist their decision making and by the public to stay informed and decide if they want to participate in the process. Agendas and the placement of items on the agenda is the responsibility of the City Manager. Any Council member or member of a convened governing body can request for the Council or other applicable governing body to hear and consider a matter provided, however, such matter shall require approval or a second request from one other member of the City Council or other governing body.

Agendas and supporting packets for all public meetings will be noticed and posted in compliance with the Brown Act. As a general rule, the Council will not take action on any item which does not appear on the posted agenda. Exceptions are allowed in emergency/urgency situations in accordance with the Brown Act.

The City Clerk will prepare a yearly meeting calendar identifying meeting dates and cancellations to aid governing body members and City staff with planning and scheduling. A copy of the draft agenda will be transmitted to the City Manager one-week before the applicable meeting.

*In the case of Glendora Boards or Commissions, the staff liaison is responsible for agendas and placement of agenda items.

P. Record of Proceedings. All meetings/hearings will be recorded, and action minutes of proceedings will be prepared by the City Clerk (or its designee), and shall be made available for public inspection upon affirmation.

Q. Sergeant at Arms. If directed by the City Council, there shall be available for public meetings a sworn officer of the Police Department who shall serve as Sergeant at Arms at a City of Glendora public meeting. The Mayor or City Manager shall have the authority to require the presence of the Sergeant at Arms when they deem such presence necessary. The Sergeant at Arms shall, under the direction of the Presiding Officer, maintain order on the floor during public meetings.

R. Parliamentarian. During public meetings, the City Attorney shall act as the parliamentarian. This role provides clarification and direction on parliamentary procedures, including allowable actions by the governing body.

S. Curfew. In the absence of a motion duly adopted by majority vote of the City Council, the Presiding Officer may adjourn City Council meetings at 10:30 p.m. or as soon thereafter as is reasonably practicable. This means that under normal circumstance, the City Council will complete action on whatever agenda item is being discussed/debated at 10:30 p.m. after which the Presiding Officer shall adjourn the regularly scheduled meeting to a time certain at which time the meeting shall be reconvened as an Adjourned Regular Meeting of the City Council and action upon the published agenda continue.

T. Community Recognition. The City of Glendora may periodically honor the service of community volunteers as well as the outstanding accomplishments of its citizens. To improve the efficiency of public meetings, whenever possible, such recognitions should take place during the monthly/quarterly presentation by the City Council.

ARTICLE II: ORDER OF BUSINESS

The order of business for public meetings shall be as follows:

1. Call to Order
2. Closed Session (if necessary)
3. Invocation (City Council Only)
4. Pledge of Allegiance
5. Student Reports (City Council Only, 2nd meeting of October - April, 3 minutes each)
6. Reorder of Agenda
7. Public Comment (limited to 3 minutes per speaker)
8. Member Statements/Reports
9. Staff Statements (City Manager, City Attorney, Director or Staff Liaison Statements)
10. Special Items (as necessary/appropriate)
11. Public Hearings
12. Consent Calendar (including minutes and demands)
13. Member Agenda Items
14. Unfinished Business
15. New Business
16. Member/Staff Closing Comments
17. Adjourn

*In the case of Glendora Boards or Commissions, sections not relevant to board/commission meetings will be removed or modified.

A. Consent Calendar. Items may be placed on the consent calendar of any agenda at the discretion of the City Manager. All items listed on the consent calendar are considered to be routine and may be enacted by a single vote, following a motion made by a governing body member, and approval of the majority of the governing body. There will be no separate discussion of these items unless a member of the governing body requests specific items to be removed from the consent calendar for separate action. Requests for a verbal staff report with respect to any agenda item that is listed on the consent calendar which are strictly for the benefit of the audience / public may be requested by a City Council member without pulling the item from

consent calendar for separate vote; provided, however, no discussion or questions shall be permitted, and any such report must occur prior to the consent calendar vote. Any items removed from the consent calendar will be considered after the regular items on any such agenda.

ARTICLE III: SPECIFIC PROCEDURES FOR THE CITY COUNCIL TO IMPLEMENT SB 707 REQUIREMENTS

In order to implement the provisions of SB 707, all City Council public meetings shall adhere to the requirements of SB 707, which include, without limitation, the following procedures and policies:

A. Generally: The City of Glendora shall take steps to ensure that the public has access to translated agendas and interpreters at all City Council public meetings (except closed session meetings) and the ability to participate via a two-way telephonic or audiovisual platform pursuant to Govt. Code Section 54953.4 as set forth below.

1. Remote Participation: The City Council's meeting agenda shall provide information describing how to join the meeting remotely via an audiovisual platform and/or a call-in option. Members of the public participating remotely will be provided the same time allotment for public comment as those attending the meeting in person. In the event that any individual participating in a City Council meeting via a two-way telephonic service or a two-way audiovisual platform (e.g., via Zoom) is willfully and persistently disruptive (including, without limitation, by speaking out of turn, exceeding established time limits, slandering any individual, using objectionable profanity, and/or making comments which are not within the subject matter jurisdiction of the City Council), after being given a warning, they may be muted by the City Clerk at the discretion and direction of the Presiding Officer.

2. Translation Allowances for City Council Meetings: Members of the public who seek to translate a City Council meeting into a language other than English shall be afforded reasonable assistance to enable such translation and/or to have the meeting interpreted for them by another member of the public, as long as the interpretation services do not disrupt the meeting in accordance with Govt. Code Section 54953.4. The City shall, to the extent reasonably feasible (i) arrange space for interpreters at the meeting, (ii) allow extra time during the meeting for interpretation to occur, and (iii) allow members of the public to use their personal interpretation equipment to facilitate translation of the meeting.

3. Translation of City Council Agenda: The City shall provide a translated copy of each regular meeting agenda of the City Council into Spanish, which shall be posted in the same manner as its English agendas are posted (as required by Govt. Code Section 54954.2). This shall include a translation of the City Council's website page that is dedicated to public meetings; each translation shall be accessible through a prominent direct link posted on the City's website home page. In addition, the City shall provide a physical space that is in reasonable proximity to the location where City Council agendas are physically posted, to allow for the public to post additional translations of the agenda as required by Govt. Code Section 54953.4(c)(2). The City shall not be responsible for the content or accuracy of any translation of such agenda or any materials posted at such location.

4. Encouragement of Public Participation. The City shall take steps to encourage residents, especially those from underrepresented and/or non-English speaking groups to participate at City Council meetings and invite groups that do not traditionally participate in City Council meetings. Such efforts may include reaching out through social media, inviting local media organizations and/or community groups that serve non-English speaking communities to attend Council meetings. The City shall establish a system for electronically accepting requests for, and providing copies of, Council meeting agendas and agenda documents either through email or through an integrated agenda management platform. The City's website home page shall provide a prominent direct link for information to the public on how to make such request. The City's website shall provide a prominent webpage dedicated to City Council meetings that includes, or provides a direct link to the following information, which shall be translated into Spanish:

   (a) A general explanation of the Council's public meeting process.
   (b) An explanation of the procedures for members of the public to provide in-person or remote oral public comment during a Council meeting or to submit a written public comment.
   (c) A calendar of all Council meeting dates listing the date, time and location of all Council meetings.
   (d) The agenda for the Council meeting.

ARTICLE IV: RULES OF CONDUCT

Proceedings of all City governing bodies shall be governed by Rosenberg's Rules of Order (as the same may be amended from time-to-time), on all matters pertaining to parliamentary procedure, but no law, ordinance, resolution, proceeding, or other action of the governing body shall be invalidated or the legality thereof be otherwise affected by the failure or omission to observe or follow the said rules.

No member of a governing body shall be permitted to abstain from voting if such abstention results in a tied vote unless such abstention shall have been approved by the City Attorney. Unexcused abstentions shall be counted by the City Clerk as a vote in opposition of the particular motion.

ARTICLE V: PUBLIC HEARINGS

Matters, which are required to be heard at a noticed public hearing, shall be conducted in the following manner.

1. Time for Consideration. Matters noticed to be heard by the City Council, Planning Commission, or Water Commission shall commence at the time specified in the notice of hearing, or as soon thereafter as is reasonably possible, and shall continue until the same has been completed in accordance with provisions of this Article IV or until other disposition of the matter has been made.

2. Continuance of Hearings. Any hearing being held or noticed or ordered to be held by the City Council, Planning Commission or Water Commission at any meeting of the City Council, Planning Commission or Water Commission may, by order or notice of continuance, be continued or recontinued to any

subsequent meeting in the manner provided herein for adjourned meetings; provided, that if the hearing is continued to a time less than 24 hours after the time specified in the order or notice of hearing, a copy of the order or notice of continuance of hearing shall be posted immediately following the meeting at which the order or notice of continuance was adopted or made.

3. Public Discussion at Hearings. When a matter for public hearing comes before the governing body, the Presiding Officer shall read agenda item title into the record and open the public hearing. After which the Presiding Officer solicits presentations/comments from staff and from the applicant/appellant. Upon completion of the presentation/comments from staff and applicant/appellant and before any deliberation or motion is adopted related to the merits of the issue to be heard, the Presiding Officer shall invite public testimony and inquire if there are any persons present who desire to speak as proponents of or as opponents to the matter which is to be heard or to present evidence respecting the matter. Any person desiring to speak, or present relevant evidence shall make their presence known to the Presiding Officer. No person may speak without first being recognized by the Presiding Officer. Once all speakers have been heard the Presiding Officer will close the public testimony portion of the public hearing.

   Members of the governing body who wish to ask questions of the speakers or each other, during the public hearing portion may do so but only after first being recognized by the Presiding Officer. The Presiding Officer shall conduct the meeting in such a manner as to afford due process.

   Persons interested in the matter being heard shall be entitled to submit written evidence or remarks, as well as other graphic evidence. All such evidence presented shall be retained by the City Clerk as part of the Clerk's record. Time limits may be established by the Council, limiting the duration of presentations as set forth in these rules. No person shall be permitted during the hearing to speak about matters or present evidence which are not germane to the matter being considered. A determination of relevance shall be made by the Presiding Officer but may be appealed as set forth in these rules.

4. Public Hearings. Public hearings shall be conducted in accordance with the following protocol:

   A. The Presiding Officer shall call the agenda item, read title into the record and “Open” the public hearing.

   B. After opening the public hearing, the Presiding Officer shall ask for presentation of the staff report and comment.

   C. Following the staff presentation/report, the Presiding Officer shall ask for any presentation the applicant/appellant may wish to offer (limited to 10 minutes).

   D. Following the presentation of the applicant/appellant, the Presiding

Officer shall call for and "open" public testimony (limited to 3 minutes per speaker) and inquire if there are any persons present who desire to speak as proponents of or as opponents to the matter which is to be heard or to present evidence respecting the matter. Once all speakers have been heard, the Presiding Officer shall "close" the public testimony portion of the public hearing.

E. Following public testimony, the Presiding Officer shall allow a summation or rebuttal from the applicant/appellant. (limited to 5 minutes)

F. The Presiding Officer shall close the public hearing after which time no member of the public shall further address the governing body unless specifically asked to do so by a member of the governing body, with the approval of the Presiding Officer.

5. Consideration of Question by Governing Body. After the public hearing has been closed, the Presiding Officer and the other governing body members may consider what disposition they wish to make of the question or questions presented at the hearing. No member of the public shall be allowed to speak further on the question during this period of deliberation, without consent of the Presiding Officer, although the governing body members may ask questions of the speakers if so desired. At the conclusion of the governing body's discussion, and an appropriate motion having been made and seconded, the governing body shall vote on the matter.

SECTION 5. These same rules apply to all City of Glendora boards, commissions and/or committees.

SECTION 6. All resolutions or parts of resolutions in conflict or inconsistent herewith are hereby repealed.

SECTION 7. The City Clerk shall certify to the passage and adoption of this Resolution and shall enter the same in the Book of Original Resolutions.

RESOLUTION CC 2026-___

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF GLENDORA ESTABLISHING A POLICY FOR TECHNOLOGICAL DISRUPTION OF REMOTE PARTICIPATION SERVICES DURING A MEETING

THE CITY COUNCIL
City of Glendora, California

WHEREAS, on October 3, 2025, Governor Newsom signed Senate Bill 707 (SB 707), which amends the Brown Act to increase public engagement during local government meetings of legislative bodies;

WHEREAS, SB 707 requires that the City offer hybrid City Council meetings through a two-way phone and/or audiovisual platform; and

WHEREAS, SB 707 requires that the legislative body adopt a policy by July 1, 2026, that outlines the City's procedure for attempting to restore service to the remote participation option of the meeting, should there be a disruption of telephonic or internet services.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF GLENDORA, CALIFORNIA, DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. The City Council does hereby adopt the City Council Policy No. _____ (Exhibit A) attached and incorporated herein by this reference, to be effective commending on July 1, 2026.

SECTION 2. In the event of any conflict between the Policy, and any prior City of Glendora resolutions, programs or policies pertaining to codes of conduct or similar matters, the attached Policy shall prevail and shall govern.

SECTION 3. This action does not meet CEQA's definition of a "project", because the action does not have the potential for resulting in either a direct physical change in the environment or a reasonably foreseeable indirect physical change in the environment.

SECTION 4. The City Clerk shall certify to the passage and adoption of this Resolution and shall enter the same in the Book of Original Resolutions.

TECHNOLOGICAL DISRUPTION OF REMOTE PARTICIPATION SERVICES DURING PUBLIC MEETINGS		**SECTION or POLICY NO:** Policy No. <<XXXX>>
		ORIGINATING DEPT: City Attorney
		Reference: City Council Policy
SUPERSEDES: NEW	**NEW EFFECTIVE DATE:** July 1, 2026	**PAGE 4 of 6**
APPROVED BY: City Council on May __, 2026 via Resolution CC 2026-XX >>		

Policy Objective:
To establish a policy for managing technological disruptions to two-way remote participation during Brown Act Meetings per SB 707 (Durazo). Pursuant to SB 707, by July 1, 2026, California cities are required to adopt a policy on disruption of service of the airing/streaming of legislative meetings, including good faith attempts to restore service for at least an hour.

Authority:
- California Government Code § 54953(e), § 54953(f), and § 54953.4 (as amended by SB 707 (Durazo), 2025)
- Ralph M. Brown Act

Assigned Responsibility:
- City Clerk's Office – Primary administrator; monitors compliance, coordinates response, and maintains documentation
- Mayor/Presiding Officer – Responsible for announcing disruptions, calling recesses, and ensuring procedural compliance during meetings
- Communications/Media Division – Coordinates public messaging regarding disruptions (website, social media, alerts) and responsible for troubleshooting and restoring technological services

Policy/Procedure:
As required by Senate Bill 707, the City Council of the City of Glendora is required to provide two-way remote participation, ensuring public participation, not only in person but also through a two-way phone or audio/visual platform that includes, but is not limited to, Zoom or Microsoft Teams for applicable Council meetings.

In the event of a disruption that makes two-way remote participation not possible during a meeting, the City Council shall recess for no less than one (1) hour to make good faith efforts to restore service. The legislative body may meet in closed session during this period of time but shall not reconvene the open session of the meeting until at least one (1) hour following the disruption, or until telephonic or internet service is restored, whichever is earlier.

If telephonic or internet service providing for two-way remote participation has not been restored following such efforts, the City Council shall adopt, by rollcall vote, a formal finding affirming that good faith efforts were taken to resolve the disruption and that resuming the meeting serves the public interest more than further delaying it to find a resolution to the disrupted service.

The City Council adopted this policy to comply with SB 707 and, consistent with such legislation, shall be effective as of July 1, 2026.

USE OF SOCIAL MEDIA BY GLENDORA ELECTED AND CITY COUNCIL APPOINTED OFFICIALS		**SECTION or POLICY NO:** Policy No. <<XXXX>>
		ORIGINATING DEPT: City Attorney
		Reference: City Council Policy
SUPERSEDES: NEW	**NEW EFFECTIVE DATE:** July 1, 2026	**PAGE 1 of 6**
APPROVED BY: City Council on May __, 2026 via Resolution CC 2026-__XXXX-XX ?		

Policy Objective:
To establish clear standards for the use of social media by City Councilmembers and all City Council-appointed board, committee, and commission members when communicating about City business, in order to support transparency, Brown Act compliance, public records compliance, and appropriate public engagement.

Authority:
AB 992, which amended Government Code section 54952.2, took effect on January 1, 2021, and was subsequently amended by SB 707, which clarified what kind of communications a public official may have via social media and what kind of communications are prohibited under the Brown Act.

Assigned Responsibility:

- Each City elected and appointed official, subject to the Brown Act and related laws/rules, are individually responsible for complying with this policy when using social media to discuss or engage on matters involving City business

- The City Clerk's Office shall be responsible for maintaining this policy, coordinating required acknowledgments, and retaining related records.

- The City Attorney's Office shall provide legal guidance regarding Brown Act, First Amendment, and public records issues.

- The City Manager's Office and/or Communications Division may provide guidance regarding City communication standards, official City social media accounts, and brand consistency.

Definitions:
"City" shall mean the City of Glendora.

"City business" shall mean information relating to the conduct of the public's business or communications concerning matters within the subject matter of the City's jurisdiction, including, but not limited to, pending or potential City projects, past or prospective City agenda items, or City budgets or expenditures involving City funds.

"City official" shall mean any elected or appointed City Councilmember or Board Director or commissioner sitting on a legislative body of the City.

"Social media platforms" means an online service that is "open and accessible to the public."

"Open and accessible to the public" means that members of the general public have the ability to access and participate, free of charge, in the social media platform without the approval by the social media platform or a person or entity other than the social media platform, including any forum and chatroom, and cannot be blocked from doing so, except when the internet-based social media platform determines that an individual violated its protocols or rules. Examples of social media platforms include Snapchat, Instagram, Facebook, Twitter, blogs, TikTok and Reddit.

Policy/Procedure:
The City of Glendora recognizes that social media has become an integral channel of communication for individual members of the City Council with members of the public. However, such communications must be balanced against legal obligations with respect to transparency in the conduct of the people's business. For example, the Brown Act requires that legislative bodies of public agencies deliberate and take action openly (Gov. Code §§ 54950 et seq.). Moreover, communications regarding City business on private accounts may be subject to disclosure under the Public Records Act (Gov. Code §§ 6250 et seq.) To that end, the following protocol will be followed:

1. Public Records Act: City officials should be aware that their posts, comments, and responses about City business on social media platforms, whether on public or private pages, may be subject to disclosure under the Public Records Act.

2. First Amendment: City officials should also be aware that their private social media accounts may be transformed into public forums where members of the public may have First Amendment rights. In determining whether a private social media page has become a public forum, courts have examined factors including the following:

    a. How the city official is referenced on the site (i.e., are they referenced as a councilmember or chair?);
    b. How the page is titled (i.e., is the account registered as a governmental account or a private account?);
    c. How the city official "invites" users to use the page (i.e., in cases in which the account was deemed a public one, whether the city official solicited the public's opinion on city business matters);
    d. Whether the city official is "transacting" city matters on the site (i.e., posting about matters that will come forward to the city official for review, determination, or approval);
    e. Whether city employees help maintain and operate the site; and
    f. Whether the city official uses the site to engage directly with the public (i.e., replying to constituent comments regarding city business).

Whether an account is private or public is fact-specific and depends on the totality of the circumstances. If there are reasons to believe that a City official's private social media page has turned into a public forum, City officials should refrain from blocking members of the public from the page or deleting comments with which they disagree.

3. Brown Act: City officials may engage in separate conversations or communicate on social media platforms to answer questions, provide information to the public, solicit information from the public regarding City business, or share posts from the City of Glendora's Instagram page to a City official's personal social media platform.

4. Strict Prohibitions: A City official may not do either of the following on a social media platform:

A. Discussion by a Majority: Discuss City business with a majority of the members of the same legislative body. This includes communicating, posting, sharing, commenting, or using digital icons (i.e., a thumbs up or an emoji); and

B. Direct Responses: Respond directly to another member's communication, comment, or post when the topic concerns City business.

5. Penalties: Failure of a City official to abide by this policy may result in censure and/or other civil penalties as set forth under the Brown Act.

STAFF REPORT

TO:	**Mayor and Council Members**	**DATE:**	**May 12, 2026**
FROM:	**Public Works**	**DISTRICT(S):**	**Citywide**
SUBJECT:	**Capital Improvement Update May 2026**		

RECOMMENDATION
That the City Council:

1. Receive and file an update.

STRATEGIC FOCUS AREAS
Goal 4 - Sustainable Infrastructure

EXECUTIVE SUMMARY
This report provides an update on the City's active Capital Improvement Program (CIP) projects for Fiscal Year (FY) 2025–26, outlining the status and progress of projects. Since the previous update in October 2025, projects have advanced through various stages, including design, environmental review and permitting, procurement, construction, and completion.

The City continues to implement the adopted Five-Year Capital Improvement Program (FY 2026–2030), which serves as a strategic road map for infrastructure investment and project delivery. The program includes approximately $108 million in total capital improvements, consisting of approximately $22 million in prior year carry-forward projects and $86 million in new investments programmed through FY 2030.

The approved Two Year CIP Budget remains focused on FY 2025/2026 and FY 2026/2027 with approximately $44 million programmed to support infrastructure, safety, and facility improvement projects. Staff continues to prioritize project delivery, funding alignment, and coordination with regulatory agencies to ensure timely execution of the City's capital program.

LEGISLATIVE HISTORY / PREVIOUS ACTIONS
A CIP update was last provided to the City Council at their October 28, 2025 City Council meeting.

On June 10, 2025, the City Council adopted the FY 2025-27 Two-Year Budget of the City of Glendora covering Fiscal Years 2025/26 and 2026/27. The Two-Year Budget also included adoption of the new Five-Year Capital Improvement Program, which establishes a tentative schedule for capital projects planned from FY 2026 through FY 2030.

Only the projects programmed for FY 2026 and FY 2027 are currently budgeted and funded; the out-year projects (FY 2028–FY 2030) are included for planning purposes and will be subject to future budget appropriations and availability of funding resources. In addition to looking forward, several capital improvement projects approved in prior years have been carried forward, along with their remaining available budgets, to ensure completion of work already in progress.

DISCUSSION

Since the previous update in October 2025, Public Works staff and consulting engineers have continued to make significant progress advancing capital improvement projects across multiple phases of delivery. Several projects have been completed, while others have transitioned into construction or are preparing to begin construction following the bid phase. In addition, a number of projects are currently out to bid or in procurement, while others remain in design, environmental clearance, and/or regulatory permitting.

This section provides a summary of recently completed projects, followed by an update on active projects currently in construction, bidding, and design phases.

Completed Projects:

Antique Streetlight Restoration

The Antique Streetlight Restoration Project has been completed, with a total of 74 historic poles restored and currently stored at the City's Corporate Yard. The restored historic poles will be kept preserved and ready for future installation along Glendora Avenue as part of the First/Last Mile component of the Glendora People Movement Project. (Restoration: $239,168 / Total Budget: $2,418,260)

Council Chamber Roof Improvement

The Council Chambers roof improvement project was completed in March, addressing long-standing leaks and associated wood rot. City staff completed necessary fascia and structural repairs, followed by contractor installation of the new roof section. Additional improvements completed at this location over the last three years have included lead paint and asbestos remediation, Council Chambers security upgrades, Council restroom plumbing and remodel improvements, door replacements, interior paint and carpet improvements. A larger Council Chambers renovation project previously considered by the City Council was ultimately not pursued in order to prioritize available funding toward other critical facility repair needs, consistent with prior Council direction. (Roof: $45,268 / Total: $331,076)

City Clerk Relocation

The City Clerk Relocation project is part of a broader City Hall space assessment and reorganization effort intended to improve operational efficiencies and departmental functionality. As part of this effort, the City Clerk Division is being relocated from the main entrance area of City Hall to the former Recreation and Human Services office space adjacent to the City Council Chambers. The relocation project includes new furniture installation, electrical and network/data wiring upgrades, as well as interior painting and carpet replacement. ($165,615)

Dawson Park Playground

Led by the Recreation and Human Services Department, the Dawson Park Playground, originally installed in 2003, was replaced after reaching the end of its service life. The project included installation of new play equipment and replacement of the aging pour-in-place surfacing, which had been patched multiple times over the years. Construction was completed in October 2025 ($144,932).

Engineering Division Workspace Reconfiguration

The reconfiguration of the Engineering Division office has been completed, upgrading outdated furniture and improving layout efficiency. The project added three new workstations, increasing capacity from seven to ten, enhancing the division's ability to accommodate staff and consultants supporting the City's expanding CIP program ($100,000).

Gateway Sign Replacement

Completed replacement of all 19 "Welcome to Glendora" gateway signs at key entry points to the City. The updated signage reflects the City's new branding and enhances visual identity; work was completed in March ($29,092).

Pavement Management Plan (PMP)

The Pavement Management Plan update was completed in December, providing a comprehensive assessment of roadway conditions Citywide and maintenance and rehabilitation strategies to guide future pavement investments. The updated Pavement Condition Index for the City is 63, indicating an overall "fair" condition ($179,039).

Skate Park Resurfacing

Led by the Recreation and Human Services Department, the Finkbiner Park Skate Park was resurfaced to address concrete cracking and maintain safety and usability of the facility. Originally constructed in 1999, the 10,000-square-foot skate park was restored by the original design-build contractor, with work completed in January 2026 ($98,055).

Traffic and Speed Survey

Engineering and Traffic Survey evaluated speed limits on arterial and collector streets citywide. A total of 119 segments were analyzed, with 17 segments recommended for speed limit reductions, all by 5 mph, to improve safety and better reflect roadway conditions. Updating speed limits based on current data is important to support effective police enforcement and roadway safety. Ordinance revisions to GMC 10.05 (Prima Facie Speed Limits) were presented to City Council on October 28, 2025 and Public Works has since updated all affected speed limit signage to reflect the new limits ($69,312).

Active Projects

Active projects are grouped below by phase of delivery to provide a clear understanding of current progress and upcoming milestones, including projects under construction, in procurement, and in planning, design, or environmental review.

Construction and Implementation

La Fetra Center Staircase Replacement

City Council awarded the construction agreement for the staircase replacement project on March 24, 2026. Replacing the staircase is essential to provide a safe and code-compliant second emergency exit, as required by Building and Safety, and to ensure the facility maintains adequate fire and life-safety protection. (CIP Budget: $384,265)

Lone Hill Street Improvement

Replacement and realignment of roadway infrastructure along Lone Hill, including right-of-way coordination with Caltrans. Bids were received in April 2026, with construction award anticipated for City Council on June 9, 2026. Construction is expected to begin in October 2026. (CIP Budget: $1,878,103, Funded through Prop C and STLP)

Highway Safety Improvement Program (HSIP) Cycle 11, Traffic Signal Modifications
Upgrades to pedestrian crossing, and intersection safety features at eight priority intersections, primarily along Gladstone St., Barranca Ave, and Route 66. The construction agreement has been awarded and is currently awaiting procurement of materials with completion expected by summer. (CIP Budget: $1,733,580 - HSIP Grant Funded)

Glendora People Movement Project – San Dimas Wash Trail
This project consists of four distinct projects: three urban trails and first and last mile improvements. Construction of the San Dimas Wash Trail component has been awarded by the San Gabriel Valley Council of Governments (SGVCOG), with construction anticipated to begin before the end of the fiscal year. (Component Budget $5,623,000, project managed through the SGVCOG and primarily grant funded, City Contribution $1,817,000)

Bidding & Procurement

Police Department Lobby Remodel (Phase I)
Improvements to the entrance lobby doors to enhance ADA accessibility, public interface, and security. The Request for Proposal (RFP) has been issued, with bids received in late April 2026. Staff anticipates bringing the construction award to City Council in June 2026. (CIP Budget: $380,475)

Lone Hill Bridge at San Dimas Wash Improvements
The project includes bridge sealing to prevent corrosion, repainting of the bridge rail to improve visibility, and pavement grinding and overlay along the northeast side of the bridge. These improvements help maintain the bridge's safety and long-term condition. Design for this project is complete and under Caltrans review. Upon approval from Caltrans, an RFP will be issued for the construction phase. (CIP Budget: $279,564, Funded through Road Maintenance Repair Act (RMRA) and Highway Bridge Replacement Program)

Planning, Design & Environmental

Glendora Avenue Water and Street Improvement
Comprehensive upgrade of water main and full street rehabilitation, including pavement, sidewalks, Americans with Disabilities Act (ADA) compliant ramps, and traffic signal enhancements along Glendora Avenue from Gladstone to Route 66. Design is currently underway, with completion anticipated in FY 2027. (CIP Budget: $806,172 - design only)

Colorado Avenue Water and Street Improvement
Comprehensive water main upgrade and street rehabilitation from Glendora Avenue to Le Mar Park and adjacent streets. Design is 90% complete with completion anticipated at the end of June (FY 2026). The RFP/Bid advertisement is anticipated to be released in the summer of 2026 with construction targeted for early 2027. (CIP Budget: $5,596,500)

Cypress Avenue Water and Street Improvement
Comprehensive water main upgrade and street rehabilitation east of Loraine between Leadora Avenue and Bennett Avenue. This project is currently at 90% design with a target design completion at the end of June (FY 2026). The RFP/Bid advertisement is targeted for summer 2026, with construction expected to begin in late 2026. (CIP Budget: $6,839,166)

North Glendora Reservoir Replacement
Improvements to access and site infrastructure associated with the City's reservoir, including access road and supporting utility work. The project is currently awaiting final access road design and completion of the Mitigated Negative Declaration (MND) for City Council consideration. Environmental review has identified sensitive biological constraints that are being addressed as part of the permitting process. Following Council approval, the project will be advertised for construction. (CIP Budget: $8,408,334)

Highway Safety Improvement Program (HSIP) Cycle 12, Traffic Signal Modifications
Upgrades and modernization of pedestrian crossing, and intersection safety features at ten priority intersections, primarily along Route 66. The design award agreement was issued on March 10th, with design completion expected by the end of this calendar year. (HSIP Award of $2,074,590)

Glendora People Movement Project – First/Last Mile Improvements
Design of First and Last mile improvements associated with the newly opened Metro station along Glendora Avenue and Foothill Boulevard is ongoing, with completion of design anticipated by late summer. (Component Budget $10,346,000; project managed through the SGVCOG and primarily grant funded, City Contribution $1,108,000)

Finkbiner Park Stormwater Capture Project
Installation of an underground stormwater treatment and infiltration facility beneath the softball field to capture runoff and improve water quality. Since the previous update, the Mitigated Negative Declaration (MND) has been approved by City Council. The project is currently advancing through regulatory permitting, with a consultant working to obtain the required 408 Permit due to its proximity to the Little Dalton Wash. Construction is anticipated to begin in late 2027. (CIP Budget: $23,755,692, Funded through Measure W)

South Hills Bike Park
This project will develop a bicycle park facility in the South Hills area adjacent to Glendora Avenue, featuring trails, a pump track, and supporting amenities. Civil engineering design is currently at 60%, with completion anticipated by June 2026. In addition, environmental comments from the public review process are being reviewed and addressed. (CIP Budget: $2,725,500, Largely Grant Funded)

City Yard Improvement Project
This project improves the layout, access, and functionality of the City Yard to support operations. Design and construction drawings are now complete. The next phase includes environmental clearance and development of a phased construction approach to align with available funding. (CIP Budget: $725,581 - Design and Construction Drawings Only)

Police Department Lobby Remodel (Phase II)
Meetings for design planning for Phase II of the Police Department Lobby Remodel have begun. Phase II will evaluate lobby reconfiguration and restroom improvements, with design planning expected to begin shortly. (CIP Budget: $171,268)

ADA Self Evaluation and Transition Plan
The Citywide ADA Self-Evaluation has been completed. Staff is working with the consultant to establish priorities and develop the Transition Plan to address identified barriers, with completion expected by the end of 2026. (CIP Budget: $329,825)

Stormwater Master Plan
A comprehensive plan to guide improvements to the City's stormwater infrastructure. Since the previous update, the contract has been awarded and the Master Plan is currently under development, with completion anticipated by the end of 2026. (CIP Budget: $250,000, Funded through Measure W)

Overall, the City's Capital Improvement Program continues to advance steadily across all phases of delivery, from planning and design through construction and completion. Staff remains focused on maintaining project momentum, coordinating with regulatory agencies, and aligning available funding to ensure timely and efficient implementation. These efforts support the City's ongoing commitment to maintaining and enhancing infrastructure, improving public safety, and delivering high-quality services to the community. More detailed information on all capital improvement projects, including budgets, funding sources, and timelines, is available on the City's website at https://www.CityOfGlendora.gov/Explore/Public-Works/Capital-Projects.

FISCAL IMPACT

There is no fiscal impact associated with this receive-and-file report. Project costs are included in the FY 2025–2027 Adopted Two-Year Budget and Five-Year CIP, with future years subject to appropriation.

ENVIRONMENTAL DETERMINATION

This action is not a “project” as defined by Section 21065 of the Public Resources Code and Sections 15060(c)(2), 15060(c)(3), and 15378 of the CEQA Guidelines.

3. Adopt a City Council Resolution entitled, "A RESOLUTION OF THE CITY COUNCIL STATING ITS INTENTION TO LEVY THE ASSESSMENT FOR FISCAL YEAR 2026-27 IN CONNECTION WITH CITY OF GLENDORA STREETLIGHT MAINTENANCE DISTRICT NO. 1 AND SETTING A TIME AND PLACE FOR A PUBLIC HEARING".

STRATEGIC FOCUS AREAS

Goal 4 - Sustainable Infrastructure

EXECUTIVE SUMMARY

The City of Glendora funds a portion of public street lighting costs through its Streetlight Maintenance District No. 1 (District). Resolution 06-60 allows for the assessments to be adjusted annually as high as the change in the Consumer Price Index (CPI) during the preceding year for the Los Angeles-Long Beach-Anaheim Area for All Urban Consumers without being considered a rate increase that would require a Proposition 218 hearing. The March 2025 to March 2026 CPI ratio was 3.4%, and the assessments for the District will be adjusted by this amount.

To submit assessments to Los Angeles County for placement on property tax bills, the City must legally follow certain steps, including the adoption of three resolutions at this time for Fiscal Year (FY) 2026/27. Two additional resolutions will then need to be submitted for consideration during a public hearing scheduled for June 23, 2025.

LEGISLATIVE HISTORY / PREVIOUS ACTIONS

The Landscaping and Lighting Act of 1972 permits cities to establish assessment Districts for the purpose of installing and/or constructing new public improvements, or servicing and maintaining certain existing public improvements within the proposed District. The City of Glendora established its first Landscape and Streetlight Maintenance District in 1976.

California Proposition 218 of 1996, also known as the “Right to Vote on Taxes Act,” amended the California Constitution and limited the methods by which local governments can create or increase taxes, fees and charges without taxpayer consent. With regard to assessment Districts, Proposition 218 requires a property-owner protest hearing to determine whether there is an objection from a majority of property owners subject to an assessment increase.

City Council adopted Resolution 06-60 on July 25, 2006, following a Proposition 218 ballot proceeding, which reformed the District and allowed for the maximum assessment rate to be adjusted annually as high as the preceding year’s CPI ratio for the Los Angeles-Long Beach-Anaheim Area for All Urban Consumers. Based on the County’s due date of August for placement on property tax bills each fiscal year, it was determined that a March-to-March CPI ratio be utilized in place of June to allow enough time for the two required meeting dates. Such an adjustment is thus not considered a rate increase, and the City Council can levy the annual assessment without further approval by the property owners.

DISCUSSION

Background

The City of Glendora oversees the management of Streetlight Maintenance District Number 1 (District), which includes determining the assessment rates that property owners must pay. The District includes 2,996 public streetlights, with 2,744 owned by Southern California Edison (SCE), and 252 owned by the City. Not funded as part of the District are private streetlights such as those owned by homeowners’ associations within gated communities, public streetlights that are obsolete and no longer in service, public safety lights positioned atop traffic signals, or traffic signals themselves. The City assumes certain costs for maintaining and servicing safety lights and traffic signals as a general benefit expense, and District funds are only used to maintain and service the “special” benefit portions of public streetlights.

The annual assessments are included in property tax bills and contribute to the maintenance of streetlights located within the City. To meet the requirements to submit the assessments to the County for placement on the property tax bills, the City is legally required to follow certain steps, including the adoption of three resolutions at this time for FY2026/27. The resolutions are laid out using information and data provided by an outside consultant, Willdan Financial Services, who prepares the required engineer’s report for the City, and ensures the City meets regulatory requirements. Outlined below are the resolutions needed to complete these steps:

1. Resolution initiating proceedings for the annual assessment levy.

   This resolution initiates proceedings to levy and collect assessments against the parcels within the District for FY 2026/27 to pay for the costs of the streetlight maintenance in connection with the District. Through the resolution, City Council directs the City Engineer to prepare and file with the City Clerk a report with respect to the FY 2026/27 levy of the assessment in connection with the District. Such report shall comply with all requirements of the Assessment Law and Article XIIID of the California Constitution. Willdan Financial Services has prepared the report.

2. Resolution approving the preliminary engineer’s report filed with respect to the FY 2025/26 levy of the assessment in connection with Streetlight Maintenance District Number 1.

The preliminary engineer's report is prepared pursuant to Chapter 1, Article 4, and Chapter 3 of the 1972 Landscaping and Lighting Act. Any changes to the engineer's report resulting from any City Council discussion during this meeting will be incorporated into the final engineer's report presented at the public hearing.

3. Resolution stating the City's intention to levy the assessment for FY 2025/26 and setting a time and place for a public hearing on such assessments.

This resolution provides the distinctive designation of the District as "City of Glendora Streetlight Maintenance District No. 1" and the boundaries of the District may be described as including all territory within the City that is served by public streetlights.

Two additional resolutions will then be submitted for consideration during a public hearing scheduled for June 23, 2026, during the regularly scheduled City Council meeting. The first of these resolutions will approve the final engineer's report and the second will approve the levy and collection of assessments. The public hearing is the last step before submitting the assessments to Los Angeles County before the deadline at the beginning of August. All materials and resolutions need to be submitted to Los Angeles County by early August for them to ensure their placement upon the appropriate property tax bills.

Assessment Methodology

Parcels within the District are divided into two different "Benefit Zones." Benefit Zone B includes parcels within gated communities that are served by no public lighting other than perimeter lighting, and Benefit Zone A includes all other parcels in the District.

Each parcel within Benefit Zone A on which a single-family residence (Low-Medium Dwelling Density) is located, is assigned a 1.000 Equivalent Benefit Unit (EBU).

To determine the corresponding amount of EBUs for multi-family residences, relative densities of all residential properties in the assessment District were analyzed. On average each acre of land in the City devoted to Single Family Residential use contained 3.871 dwelling units, while each acre of Multi-Family use contained 13.136 dwelling units. By comparing these densities, each multi-family residence in Benefit Zone A of the District is designated as 0.295 EBU.

Parcels on non-residential properties in Benefit Zone A are assigned EBUs based on parcel size in comparison with the EBUs assigned to residential properties, and so each parcel is assigned 3.871 EBUs per acre.

Undeveloped parcels receive significantly less "special" benefit than developed parcels. While such parcels receive Security Benefits, they typically have less need for protection from property crimes than developed parcels. Furthermore, Traffic Benefit and Access Benefit are reduced, due to the minimal current use of undeveloped parcels. Therefore, undeveloped parcels are assigned EBUs per acre equal to one-third of EBUs that would be assigned to developed parcels of similar size, or 1.290 EBU per acre.

As noted above, Benefit Zone B includes parcels within gated communities that are served by no public lighting other than perimeter lighting. Parcels in Benefit Zone B derive the same types of benefits from this perimeter lighting as parcels in Benefit Zone A derive from the public street lighting serving those parcels. However, because perimeter lighting is somewhat removed from the Zone B Parcels as compared with the lighting for Zone A Parcels, and because Zone B parcels are often served by privately owned and operated streetlights located directly in front of the parcels, these benefits are less than those received by Zone A Parcels. It has been determined that a parcel in Zone B receives 5% of the special benefit as a similarly developed parcel in Zone A. Therefore, the Assessment Rate for parcels in Zone B is 5% of the amount for an equivalent parcel in Zone A.

Per Resolution 06-60 on July 25, 2006, following a Proposition 218 ballot proceeding, the assessment rates may be adjusted annually as high as the March-to-March CPI ratio for the Los Angeles-Long Beach-Anaheim Area for All Urban Consumers. The CPI for the month of March 2026 is determined as 352.221, while the CPI for the month of March 2025 was 340.648. This results in a ratio of approximately 1.03397, or an increase of 3.397% per EBU. The maximum assessment rate for FY 2025/2026 was $50.63 per EBU. Increased by 3.397%, the maximum assessment rate for FY 2026/27 is in turn $52.35 per EBU.

FY 2026/27 Levy		
Land Use	**Benefit Zone "A"**	**Benefit Zone "B"**
Single Family Residence	$52.35 / Unit	$2.61 / Unit
Multi-Family Residence	$15.44 / Unit	$0.78 / Unit
Non-Residential	$202.64 / Acre	$10.15 / Acre
Undeveloped	$67.53 / Acre	$3.40 / Acre
The amounts shown here are rounded to the nearest cent.

Annual Levy of Assessments for
Fiscal Year 2026/2027

City of Glendora,

County of Los Angeles, State of California

As part of the Resolution of Intention packet presented for the consideration of the Glendora City Council, this Report and the enclosed budgets, diagrams, and descriptions outline the lighting improvements, estimated expenses and annual assessments to be collected on the County tax rolls in Fiscal Year 2026/2027 for the Streetlight Maintenance District No. 1, which includes each lot, parcel, and subdivision of land within said District, as the same existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of each parcel within the Streetlight Maintenance District No. 1 and incorporates all subsequent subdivisions, lot-line adjustments, or parcel changes therein. The undersigned respectfully submits the enclosed Report as directed by the City Council.

Introduction

The City of Glendora, County of Los Angeles, State of California (the "City"), under the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act") and the provisions of the California Constitution Article XIII D (the "Constitution"), formed the City's maintenance assessment district designated as:

Streetlight Maintenance District No. 1

(hereafter referred to as the "District"), and established the maximum assessments determined to be necessary to support and maintain various lighting improvements that provide special benefits to properties within the District which includes all lots and parcels of land within the District.

As of Fiscal Year 2026/2027, the District is comprised of two zones, "A" and "B".

Report Content And Annual Proceedings

This Engineer's Annual Report (the "Report") has been prepared pursuant to Chapter 1, Article 4 and Chapter 3 of the 1972 Act, and presented to the City Council for their consideration and approval of the lighting improvements and services to be provided within the District and the levy and collection of annual assessments related thereto for Fiscal Year 2026/2027.

This Report outlines the District structure, the lighting improvements, and the proposed assessments to be levied in connection with the special benefits the properties receive from the maintenance and servicing of the District lighting improvements for Fiscal Year 2026/2027. The annual assessments to be levied on properties within the District provides funding for the continued operation and maintenance of the lighting improvements within the District and zones of benefit ("Zones") established herein, which provide special benefits to the properties within the District and each respective Zone.

To adequately provide and fund the lighting improvements constructed and installed in connection with the development of properties within the District for Fiscal Year 2026/2027, the City Council has determined that it is appropriate and, in the public's, best interest to levy annual assessments on the County tax rolls for the benefit of properties therein to fund the estimated special benefit improvement costs that are considered necessary to maintain and service the lighting improvements. The net cost of providing lighting improvements and services are allocated to the benefiting properties within the Zones using a weighted method of apportionment (refer to Assessment Methodology in Section II, Method of Apportionment) that calculates the proportional special benefit and assessment for each parcel as compared to other properties that benefit from the District lighting improvements and services. The lighting improvements provided in the District and the assessments described herein are made pursuant to the 1972 Act and the provisions of the California Constitution and the District shall incorporate each parcel that receive special benefits from those lighting improvements.

The estimated cost of the improvements and the proposed annual assessments budgeted and assessed against properties within the District and each respective Zone may include, but are not limited to the estimated expenditures for regular annual maintenance and repairs; incidental expenditures related to the operation and administration of the District; the collection of funds for operational reserves or for periodic maintenance and improvement rehabilitation projects; deficits or surpluses from prior fiscal years; and revenues from other sources as authorized by the 1972 Act. Each parcel is to be assessed proportionately for only those improvements, services, and expenses for which the parcel receives special benefit. Each fiscal year, the City shall establish the District's assessments based on an estimate of the costs to maintain, operate, and service the lighting improvements for that fiscal year and available revenues including fund balances,

general benefit contributions, any additional contributions from other revenue sources, and the assessment limits established for the District and Zones.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Los Angeles County Assessor's Office. The Los Angeles County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for the District assessments.

At a noticed annual Public Hearing, the City Council will accept all public comments and written protests regarding the District and the annual levy of assessments. Based on those public comments and written protests, the City Council may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments the Council will, by Resolution, confirm the levy and collection of assessments for Fiscal Year 2026/2027 pursuant to the 1972 Act. The assessments as approved will be submitted to the Los Angeles Auditor/Controller to be included on the property tax roll for each parcel.

As required by the 1972 Act, this Engineer's Report describes the improvements to be provided, maintained and serviced by the District, an estimated budget for the District lighting improvements, and the proposed assessments to be levied upon each assessable lot or parcel within the District for Fiscal Year 2026/2027.

If any section, subsection, sentence, clause, phrase, portion, or zone of this Report is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of the Report and each section, subsection, subdivision, sentence, clause, phrase, portion, or zone thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, portions, or zones might subsequently be declared invalid or unconstitutional.

Part I — Plans and Specifications

Improvements And Services Authorized By The 1972 Act

- As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:
- The installation or construction of public lighting facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing lighting improvement otherwise authorized pursuant to this section.
- Incidental expenses associated with the lighting improvements include, but are not limited to:
- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
    - The costs of printing, advertising, and the publishing, posting, and mailing of notices;
    - Compensation payable to the County for collection of assessments;
    - Compensation of any engineer or attorney employed to render services;
    - Any other expenses incidental to the construction, installation, or maintenance and servicing of the lighting improvements;
    - Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5;
    - Costs associated with any elections held for the approval of a new or increased assessment.
- As generally defined by the 1972 Act, the improvements and the associated assessment for each Zone may include the following:
- The maintenance and operation of streets and sidewalks within the District, including the maintenance and servicing of streetlights, traffic signals, and appurtenant facilities located in and along public streets, roadways, and rights-of-way in the City.
- "Maintenance" means the furnishing of services and materials for the ordinary and usual maintenance, operation and servicing of the streetlights, traffic signals and appurtenant facilities, including repair, removal or replacement of all or part of any streetlights, traffic signals, or appurtenant facilities and the cleaning, sandblasting and painting of streetlights, traffic signals, and appurtenant facilities to remove or cover graffiti.
- "Servicing" means the furnishing of electric current or energy, gas or other illuminating agent for the streetlights, traffic signals, and appurtenant facilities.

LIGHTING IMPROVEMENTS AND SERVICES WITHIN THE DISTRICT

FACILITIES MAINTAINED AND SERVICED

Streetlights

Presently the public streetlights in the City of Glendora public streets can be classified into two types:

- Southern California Edison (SCE) owned system; and,
- City owned system.

For both types, the service is provided by SCE. The rate structure for SCE owned streetlights falls under LS-1 and the rate structure for the City owned streetlights falls under LS-2. All the rate structures are generated by SCE and are subject to change.

Both the streetlighting maps of SCE and the City's records regarding public streetlights are on file and available for public inspection at the Office of the City Clerk.

All currently operating public streetlights within the City are included as facilities in connection with the District. Not included are: (i) private streetlights, such as those provided by homeowner's associations within gated communities, (ii) public streetlights that are obsolete and no longer in service (commonly known within the City as "Antique Streetlights") and (iii) safety lights positioned atop traffic signals, along with the traffic signals themselves.

The Improvements include all appurtenant facilities to each public streetlight.

The public streetlights in the City are on an ownership basis (LS-1 or LS-2). However, the cost of maintaining and furnishing electricity for all the public streetlights in the City are paid by the City to SCE. As shown in the table below, only a small percentage (7.8%) of total public streetlights are owned by the City. In the tables below HP represents Sodium Vapor lamp and MV represents Mercury Vapor lamp.

Note: This information is based on the data given in SCE monthly bills and in the streetlights map of SCE.

In 2021, LA County turned over 33 streetlights to the City of Glendora. The total inventory of lamps currently does not include the 33 additional streetlights.

Safety Lights

Safety lights are public lights positioned atop traffic signals at intersections for vehicular safety and related appurtenances. Costs for furnishing electric current for safety lights in the City are paid by the City to SCE and are not currently funded by the District. For regular maintenance, repairs and replacement, the City staff or sub-contractors are used.

Traffic Signals

Traffic signals are public lights at intersections that govern and facilitate the flow of traffic and related appurtenances. Costs for furnishing electricity for safety lights in the City are paid by the City to SCE and are not currently funded by the District. The City is responsible for regular maintenance, repairs, and replacement. To provide better traffic follow and ensure safety, the City conducts traffic studies and installs new traffic signals at intersections depending on congestion and warrant studies conducted per California Manual on Uniform Traffic Control Devices (MUTCD) guidelines.

TYPES OF MAINTENANCE AND SERVICING

Maintenance

Maintenance includes the furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any Improvement, including repair, removal and replacement of all or part of any of the public lighting facilities after any incident, removal of graffiti, regular painting and general maintenance.

Servicing

Servicing includes the furnishing of electric current or energy for the public lighting facilities or for the lighting or operation of appurtenant facilities.

Part II — Method of Apportionment

Legislative Authority and Provisions

1972 Act

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, including the acquisition, construction, installation and servicing of lighting improvements and related facilities. The 1972 Act requires that the cost of these improvements be levied according to benefit rather than assessed value:

Section 22573 defines the net amount to be assessed as follows:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

Section 22574 provides for zones as follows:

"The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

The formulas used for calculating assessments and the designation of Zones as established herein reflect the composition of parcels within the District and the improvements and activities to be provided, and have been designed to fairly apportion the cost of providing those improvements based on a determination of the proportional special benefits to each parcel, consistent with the requirements of the 1972 Act and the provisions of Article XIII D of the California Constitution (Proposition 218).

California Constitution

The costs to operate and maintain the District improvements are identified and allocated to properties within each Zone within the District based on special benefit. The improvements provided and for which properties are to be assessed are identified as local lighting improvements and related amenities that were installed in connection with the development of the properties and/or would otherwise be required for the development of properties within each respective Zone. The District assessments and method of apportionment are based on the premise that these improvements would otherwise not have been required without the development or planned development of those parcels.

Article XIII D Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIII D Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIII D Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

BENEFIT ANALYSIS

The lighting improvements provided by this District and for which properties are assessed have been identified as necessary, desired and/or required for the orderly development of the properties within the District to their full potential, consistent with the development plans and applicable portions of the City's General Plan.

In order to allocate special benefits for the lighting improvements to individual parcels, it is necessary to classify the streets in the City by difference in use and by difference in public street lighting, as described below.

Arterials are the main thoroughfares of public streets and serve as the principal network for through-traffic flow in the City. The City of Glendora Community Plan 2025 under "Circulation Elements" defines arterials, as "The primary function of an arterial roadway is to provide for regional, sub regional and intercity travel". Arterials take the substantial portion of the total traffic volume and operate at relatively high average speeds of travel. Considering the high traffic volume and relatively high-speed limits, these streets maintain the highest level of luminance. The City's arterials are listed below.

ARTERIAL

NAME	STRETCH
Route 66	Barranca to Cataract
Grand Avenue	Meda to Arrow
Arrow Highway	Barranca to Valley Center
Glendora Avenue	Route 66 to Bennett
Glendora Avenue	Arrow to Gladstone
Foothill Blvd.	Valencia to Vista Bonita
Lone Hill Avenue	Gladstone to Route 66
Auto Center Drive	Lone Hill to FWY 210
Sunflower Avenue	Arrow to Claraday
Bonnie Cove Ave	Arrow to Gladstone
Base Line Road	Grand to Fuchsia

All the streets in the City other than those classified as arterials are classified as ***local streets***. In general, these are the roadways used primarily for direct access to residential and non-residential property. In terms of the public lighting system, local streets maintain a lower level of luminance. This is consistent with the traffic volume and average speed of travel.

SPECIAL BENEFITS

Street lighting in the District is primarily useful for illuminating the local streets that provide access to the properties in the District as well as the sidewalks and parking lanes associated with those

properties. Traffic circulation in local areasis largely the result of local traffic to and from these properties by the property owners and guests, it is reasonable to assume that these properties derive a particular and distinct benefit from the streetlighting that support the safe access to the properties and essentially all pedestrians and parking vehicles in the lit areas will, after dark, be directly associated with the assessed properties. As a result, the maintenance of these lighting improvements is a particular and distinct benefit to the properties and developments within the District and the Zones therein.

The benefits derived from the lighting improvements are discussed briefly as follows according to the type of facility.

While it is recognized that streetlights and traffic signals serve in part to enhance traffic safety, installation and construction of these improvements are for the most part, required by the development of properties within the district these type of lighting improvements provide benefits to those properties, as described below.

PUBLIC STREET LIGHTS

- *Access Benefit*

  Public streetlights improve ingress to and egress from properties by illuminating access to properties from dusk to dawn. Access Benefit is independent of actual use and is not related with the frequency of usage. It can be equated with the facility of emergency vehicles to access the properties, irrespective of whether the emergency vehicles use the access or not.

- *Security Benefit*

  Public streetlights help reduce vandalism against properties and criminal acts on properties between dusk to dawn. Police reports clearly show that more crimes are committed in darkness or relatively poorly illuminated areas.

- *Traffic Benefit*

  Public streetlights improve safety and facilitate the flow of traffic to and from properties between dusk to dawn. It is a well-accepted fact that traffic safety is considerably reduced in darkness. Various studies have concluded that good quality street lighting reduces the accident rate by increasing the visibility as vehicle headlights are inadequate for high-speed traffic.

SAFETY LIGHTS

Safety lights are located on top of traffic signals at intersections. These lights enhance traffic safety and facilitate smooth traffic flow, thus providing Traffic Benefit only.

TRAFFIC SIGNALS

Traffic signals are located on intersections only. Their function is to enhance traffic safety and facilitate smooth traffic flow, thus providing Traffic Benefit.

ARTERIAL LIGHTS

Arterial lights compose the principal network for through traffic for the entire City. At the same time, they serve the properties located along the street in a similar manner as local street to facilitate the traffic flow and safety on arterials, a high level of luminance is used. It is appropriate to distribute the Improvement Benefit on the arterials between General and Special Benefits which is over and above the level of Traffic benefit provided by public streetlights.

Certain parcels included in the District are located within gated communities. The City does not provide public streetlights within such communities. However, the City does provide perimeter public street lighting along streets that form the entry points to such communities. These properties receive the same types of access, security and traffic benefits as other parcels in the District, but obviously not to the same extent.

GENERAL BENEFIT

LIGHTING GENERAL BENEFIT

The City assumes certain cost for maintaining and servicing safety lights and traffic signals as a general benefit expense, and District funds are only used to maintain and service the special benefit portions of public streetlights.

Arterial lights on the other hand have a distribute benefit between general and special as explained earlier, as they compose the principal network for through traffic for the entire City while serving the properties located along the street in a similar manner as local streets. The benefits generated by the public streetlights are also a partial general benefit. To facilitate the traffic flow and safety on arterials, a high level of luminance is used. The portion of benefit which is allocated to General Benefit is directly proportional to the high level of luminance and illuminance provided on the arterials.

BENEFIT ZONES

Section 22574 of the 1972 Act permits the designation of benefit zones within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement." There are two benefit zones in the District. Benefit Zone "A" outside non-gated communities and Benefit Zone "B" parcels within gated communities that are served by no public lighting other than perimeter lighting.

Part V. of this report includes an Assessment District Diagram for FY 2026/2027 showing the boundaries of the District.

ASSESSMENT METHODOLOGY

To calculate and identify the proportional special benefit received by each parcel and ultimately each parcel's proportionate share of the improvement costs it is necessary to consider not only the lighting improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Article XIII D Section 4a reads in part:

"…The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

Lighting improvements, like most public improvements, provide varying degrees of benefit (whether they be general or special) based largely on the extent of such improvements, the location of the lighting improvements in relationship to properties associated with those improvements. To establish the proportional special benefit and ultimately the assessment obligation for each parcel, these factors need to be addressed and formulated in the method of apportionment by the use of benefit zones that reflect the extent and location of the lighting improvements in relationship to the properties, as well as the specific use of the property and characteristics that reflects each parcel's proportional special benefit as compared to other properties that benefit from those same improvements.

The method of apportionment (method of assessment) developed for this District is based on the premise that each of the property to be assessed receives a particular and distinct benefit (special benefit) from the lighting improvements, services, and facilities to be financed by the District assessments and to assess benefits equitably it is necessary to calculate each property's relative share of the special benefits conferred by the funded lighting improvements and service. The Equivalent Benefit Unit (EBU) method of assessment apportionment is utilized in this District and establishes a basic unit of benefit (base value) and then calculates the benefit derived by each assessed parcel as a multiple (or a fraction) of that basic unit. This EBU method of apportioning special benefits is typically seen as the most appropriate and equitable assessment methodology for districts formed under the 1972 Act, as the benefit to each parcel from the lighting improvements are apportioned as a function of comparable property characteristics The base value and assessment formula utilized in each Zone may be different, but is established for each Zone to reflect the lighting improvements and properties that benefit from those lighting improvements utilizing property characteristics that may include but is not limited to the type of development (property land use), property's development status, and size of the property (acreage or units).

For the purposes of this Engineer's Report, an EBU is the quantum of benefit derived based on a single-family residential parcel. The single-family residential parcel has been selected as the basic value for calculation of assessments since this land use represents over 98% of the parcels in the District. Thus, the "benchmark" property (the single-family residential parcel) derives one EBU of benefit and is assigned 1.00 Equivalent Benefit Unit.

The following outlines the land use classifications that are associated with or may be associated with the parcels in the District and the proportional Equivalent Benefit Units established for those land use classifications.

BENEFIT ZONES

Section 22574 of the 1972 Act permits the designation of benefit zones within any individual assessment district if "by reasons or variations in the nature, location, and extent of the improvements, the various areas will receive different degrees of benefit from the improvement."

There are two benefit zones in the District. Benefit Zone "A" contain all parcels outside a gated community and Benefit Zone "B" includes parcels within gated communities that are served by no public lighting other than perimeter lighting.

Part V. of this report includes an Assessment District Diagram for FY 2026/2027 showing the boundaries of the District.

ALLOCATION OF SPECIAL BENEFIT TO ASSESSED PARCELS

Section 22573 of the 1972 Act states that "The net amount to be assessed upon lands within an assessment district may be proportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefit to be received by each such lot or parcel from the improvements."

For the purpose of preparing this Engineer's Report, land use and parcel size are considered together. Los Angeles County Assessor data was used to obtain the parcel size. Land use classification was taken from the Los Angeles County Assessor Data and was further categorized based on the dwelling unit densities as described in the Glendora General Plan under "Housing Element Update 2008-2014".

As mentioned above, there are two distinct benefit zones in the Maintenance District depending on the degree of benefit received from the lighting improvements. Special Benefit is allocated to the parcels based on the number of Equivalent Benefit Units ("EBUs") assigned to each parcel. This section describes the methodology used to assign Equivalent Benefit Units ("EBUs") to the parcels in Benefit Zone "A" and Benefit Zone "B".

ALLOCATION OF SPECIAL BENEFIT TO PARCELS IN BENEFIT ZONE "A"

Special Benefit is composed of Access Benefit, Security Benefit and Traffic Benefit. All of these benefits can be related to parcel size as well as land use. Special Benefit is allocated to all of the assessed parcels in terms of EBUs, reflecting the relative amount of Special Benefit allocable to each parcel.

Each parcel in Benefit Zone "A" on which a single-family residence (Low-Medium Dwelling Density) is located, is assigned a 1.000 EBU. To determine the corresponding amount of EBUs for multi-family residence, relative densities of all of the residential properties in the Assessment District were analyzed.

At the time of district formation, on average each acre of land in the City devoted to Single Family Residential use contains 3.871 dwelling units, while each acre in Multi-Family use contains 13.136 dwelling units. By comparing the densities of single-family residence with the multi-family

residence in the Assessment District designates an EBU of 0.295 to each multi-family residence in the District.

Any property other than residential is considered "Non-residential". This includes, but is not limited to, Commercial, Industrial, Manufacturing, Retail Businesses, Medical Facilities, Churches, Cemeteries, railroad properties, City-owned properties, State or County owned properties and so on.

Parcels on non-residential properties are assigned EBUs based on parcel size in comparison with the EBUs assigned to residential properties. In Benefit Zone "A", a single-family residence is assigned 1.000 EBU, meaning that an acre developed in the average single-family density contain 3.871 EBUs. To provide equivalency for the assessment against non-residential parcels, each parcel is assigned 3.871 EBUs per acre.

Undeveloped parcels receive significantly less Special benefit than developed parcels. While such parcels receive Security Benefits, they typically have less need for protection from property crimes than developed parcels. Furthermore, Traffic Benefit and Access Benefit are reduced, due to minimal current use of undeveloped parcels. Therefore, undeveloped parcels are assigned EBUs per acre equal to one-third of EBUs that would be assigned to developed parcels of similar size.

Pursuant to Proposition 218, no exemption is taken for the properties owned by the City, or by the State, or by the Federal government or by any other agency. Every parcel in the Maintenance District is assessed. The assigned EBUs for Benefit Zone A are summarized in the table below.

EBUs By Land Use In Benefit Zone "A"

LAND USE	ASSIGNED EBUs
Single Family Residence	1.000 per Unit
Multi Family Residence	0.295 per Unit
Non-Residential	3.871 per Acre
Undeveloped	1.290 per Acre

Allocation of Special Benefit to Parcels in Benefit Zone "B"

As mentioned earlier, for the new developments, public streetlights were installed outside the gated community as condition of development to provide extra access, security and traffic benefits to the properties located inside the gated communities. Such parcels are assigned to Benefit Zone "B."

The parcels in Benefit Zone "B" derive the same types of benefits (access, security and traffic) from this perimeter lighting as parcels in Benefit Zone "A" derive from the public street lighting serving those parcels. However, because perimeter lighting is somewhat removed from the Zone "B" Parcels as compared with the lighting for Zone "A" Parcels, and because Zone "B" parcels are often served by privately owned and operated streetlights located directly in from of the parcels, these benefits are less than those received by Zone "A" Parcels. We determine that a parcel in Zone "B" receive 5% of the special benefit as a similarly developed parcel in Zone "A".

The assigned EBUs for Benefit Zone B are summarized in the table below.

EBUs BY LAND USE IN BENEFIT ZONE "B"

LAND USE	Benefit Zone "B" Percentage	Benefit Zone "B" EBUs
Single Family Residence	5.0 %	0.050 /Unit
Multi Family Residence	5.0 %	0.015 /Unit
Non-Residential	5.0 %	0.194 /Acre
Undeveloped	5.0 %	0.065 /Acre

Note: Zone B EBUs are 5% of the EBUs in Zone A

ASSESSMENT RANGE FORMULA

As approved by the property owners in July 2006, the maximum authorized assessment rate may increase annually, so that the ratio between the new authorized assessment rate and the rate for the initial year, is as high as the ratio between the then most recently published Consumer Price Index ("CPI") for all urban consumers for the Los Angeles-Long Beach-Anaheim for All Urban Consumers and such index published in June 2006.

Restated, the maximum assessment rate may increase each fiscal year based on the annual change in the CPI, during the preceding year, for All Urban Consumers, for the Los Angeles-Long Beach-Anaheim areas.

Based on the County due date of August each fiscal year it has been determined that a March CPI be utilized in place of June to allow enough time for the two required meeting dates (Intent Meeting and 10-day noticed Public Hearing). An analysis providing annual increase is available upon request. The CPI for the month of March 2026 is determined as 352.221, while the CPI for the month of March 2025 was 340.648. This results in a ratio of approximately 1.03397, or an increase of 3.397%.

ZONE A

The maximum assessment rate for FY 2025/2026 was $50.63 per EBU. Multiplied by 3.397%, the maximum assessment rate for FY 2026/2027 is in turn $52.35 per EBU. The initial rate set for the District was $31.47.

ZONE B

Maximum Assessment is five (5) percent of the designated maximum assessment rate for Zone A as stated in the table below.

MAXIMUM ASSESSMENT RATES

LAND USE	ASSESSMENT RATE	
	Benefit Zone "A"	Benefit Zone "B"
Single Family Residence	$ 52.35/ Unit	$ 2.61 / Unit
Multi-Family Residence	$ 15.44 / Unit	$ 0.78 / Unit
Non-Residential	$ 202.64 / Acre	$ 10.15 / Acre
Undeveloped	$ 67.53 / Acre	$ 3.40 / Acre
The amounts shown here are rounded to the nearest cent.		

ASSESSMENT DISTRIBUTION AMONG THE PARCELS BY USE

Parcels to be included in the Streetlight Maintenance District No. 1 are identified from the last Fiscal Year (FY 2025/2026) Secured Property Tax Roll of the County of Los Angeles based upon the tax rate areas of the City. Any change in the parcel number and land use received from the County Assessor's office from the no-match list will be corrected accordingly.

All the parcels are assigned to Benefit Zone "A" or Benefit Zone "B" on the basis previous identified on pages 11 and 12.

Part III – Estimate of Costs

Calculation Of Assessments

An assessment amount per Equivalent Benefit Unit (Assessment per EBU) is calculated by:

Taking the "Total Annual Expenses" (Total budgeted costs) and subtracting the "Total General Benefit Expenses" (Lighting General Benefit Expenses), to establish the "Total Special Benefit Expenses";

Total Annual Expenses – General Benefit Expenses = Special Benefit Expenses (Direct, Administrative and Incidental)

To the resulting "Special Benefit Expenses", various "Funding Adjustments" may be applied that may include, but are not limited to:

- "Additional City Funding", represents general benefit contribution from General Fund or Gas Tax Fund.
- "Reserve Fund Transfer/Deduction", represents an amount of available existing funds from the "Operational Reserve Fund Balances" being applied to pay a portion of the Special Benefit Expenses for the fiscal year.

These adjustments to the Special Benefit Expenses result in the net special benefit amount to be assessed "Balance to Levy";

Special Benefit Expenses - Funding Adjustments = Balance to Levy

The amount identified as the "Balance to Levy" is divided by the total number of EBUs of parcels that receive special benefit to establish the Assessment Rate ("Assessment Per EBU"). This Assessment Rate is then applied back to each parcel's individual EBU to calculate the parcel's proportionate special benefit and assessment amount for the lighting improvements.

Balance to Levy / Total EBU = Assessment Per EBU (Assessment Rate)

Assessment Per EBU x Parcel EBU = Parcel Assessment Amount

Note: The maximum assessments and proposed assessments for Fiscal Year 2026/2027 outlined in this Report are intended to fully support the expenses identified as "Special Benefit Expenses". Consequently, there are no "Funding Adjustments" reflected in the budgets the "Balance to Levy" is equal to the total "Special Benefit Expenses."

Zone Budgets And Assessments

The zone budgets and assessments outlined on the following page for the District are based on the City's estimate of the expenses and related funding necessary for the operation, maintenance and servicing of the District lighting improvements identified in Part I of this Report for Zone A and Zone B for Fiscal Year 2026/2027.

Refer to the Assessment Roll included herein as Part IV for the individual assessment amounts proposed to be levied and collected for each parcel in Fiscal Year 2026/2027.

Part IV — Assessment Roll

Due to the number of parcels in the District, the Assessment Roll for Fiscal Year 2026/2027 (a listing of the parcels to be assessed within this District along with the assessment amounts) has been filed with the City Clerk in an electronic format and is, by reference, made part of this Report. The proposed Assessment Roll shall be available for public inspection in the City Clerk's Office during normal office hours.

The Assessment Roll reflects all properties currently identified within the District and their assessment amount(s) for Fiscal Year 2026/2027. Each parcel listed on the Assessment Roll is currently shown and illustrated on the County Assessor's Roll and the County Assessor's Parcel Number Maps (APN maps). These records are, by reference, part of this Report and shall govern for all details concerning the description of the lots or parcels. All assessments presented on the assessment roll are subject to change as a result of parcel changes made by the County including parcel splits, parcel merges or development changes that occur prior to the County Assessor's Office securing the final roll and generating tax bills for Fiscal Year 2026/2027.

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Los Angeles County Assessor's map for the year in which this Report is prepared.

The land use classification for each parcel has been based on the Los Angeles County Assessor's Roll. A listing of parcels assessed within this District, along with the proposed assessment amounts, has been submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

Reference is hereby made to the Los Angeles County Assessor's Parcel Maps for a detailed description of the lines and dimensions of each parcel within the Streetlight Maintenance District No. 1 including all subsequent subdivisions, lot-line adjustments, or parcel changes therein.

EXECUTIVE SUMMARY

The City levies and collects special assessments each fiscal year to fund landscape maintenance and repairs in Landscape Maintenance District No. 1 (District), which currently consists of seven zones. Resolution 03-20 allows for six of the seven zones to be adjusted annually as high as the preceding year's Consumer Price Index (CPI) ratio for the Los Angeles-Long Beach-Anaheim Area for All Urban Consumers, up to a maximum of 5%, without being considered a rate increase that would require a Proposition 218 hearing. The March 2025 to March 2026 CPI ratio was 3.4%, and the assessments for the six zones which allow it will be adjusted by this amount. The one zone with no CPI adjustment allowance will remain the same.

To submit the assessments to Los Angeles County for placement on property tax bills, the City must legally follow certain steps, including adoption of three resolutions at this time for Fiscal Year (FY) 2026/27. Two additional resolutions will then need to be submitted for consideration during a public hearing scheduled for June 23, 2026.

LEGISLATIVE HISTORY / PREVIOUS ACTIONS

The Landscaping and Lighting Act of 1972 permits cities to establish assessment districts for the purpose of installing and/or constructing new public improvements, or servicing and maintaining certain existing public improvements within the proposed district. The City of Glendora established its first Landscape and Streetlight Maintenance District in 1976.

California Proposition 218 of 1996, also known as the “Right to Vote on Taxes Act,” amended the California Constitution and limited the methods by which local governments can create or increase taxes, fees and charges without taxpayer consent. With regard to assessment districts, Proposition 218 requires a property-owner protest hearing to determine whether there is an objection from a majority of property owners subject to an assessment increase.

City Council adopted Resolution 03-20 on February 25, 2003, following a Proposition 218 ballot proceeding, which allows for six of the seven current zones to be adjusted annually as high as the increase of the March-to-March CPI for the Los Angeles- Long Beach-Anaheim Area for All Urban Consumers, but not to exceed 5%. Such an adjustment for these six zones is thus not considered a rate increase, and City Council can levy the annual assessment without further approval by the property owners. The assessment rate for Zone 5 may not be adjusted by the CPI.

DISCUSSION

Background

The City of Glendora oversees the management of Landscape District Number 1 (LMD-1), which includes determining the assessment rates that property owners must pay. The annual assessments are included in property tax bills and contribute to the maintenance of landscaping located within the respective communities.

To meet the requirements to submit the assessments to the County for placement on the property tax bills, the City is legally required to follow certain steps, including the adoption of three resolutions at this time for FY2026/27. The resolutions are laid out using information and data provided by an outside consultant, Willdan Financial Services, who prepares the required engineer’s report for the City, and ensures the City meets regulatory requirements.

Outlined below are the resolutions needed to complete these steps:

1. Resolution initiating proceedings for the annual assessment levy.

   This resolution initiates proceedings to levy and collect assessments against the parcels within the District for FY 2026/27 to pay for the costs of the landscape maintenance connected with the assessment district. Through the resolution, City Council directs the City Engineer to prepare and file with the City Clerk a report with respect to the FY 2026/27 levy of the assessment in connection with the District. Such report shall comply with all requirements of the Assessment Law and Article XIIID of the California Constitution. Willdan Financial Services has prepared the report.

2. Resolution approving the preliminary engineer’s report filed with respect to the FY 2026/27 levy of the assessment in connection with Landscape Maintenance District No. 1.

   The preliminary engineer’s report is prepared pursuant to Chapter 1, Article 4, and Chapter 3 of the 1972 Landscaping and Lighting Act. Any changes to the engineer’s report resulting from any City Council discussion during this meeting will be incorporated into the final engineer’s report presented at the public hearing.

3. Resolution stating the City’s intention to levy the assessment for FY 2026/27 and setting a time and place for a public hearing on such assessments.

This resolution provides the distinctive designation of the District as “City of Glendora Landscape Maintenance District No. 1” and the boundaries of the District may be described as including Zones 1, 4, 5, 7, 8, 12, and 16 described below.

Two additional resolutions will then be submitted for consideration during a public hearing scheduled for June 23, 2026, during the regularly scheduled City Council meeting. The first of these resolutions will approve the final engineer’s report and the second will approve the levy and collection of assessments. The public hearing is the last step before submitting the assessments to Los Angeles County before the deadline at the beginning of August. All materials and resolutions need to be submitted to Los Angeles County by early August for them to ensure their placement upon the appropriate property tax bills.

Benefit Zones and Description of Improvements

LMD-1 has been subdivided into seven benefit zones based on variations in the nature, location, and extent of the improvements within each zone. The zones are established to ensure that each property within the zone will receive substantially the same degree of benefit from the improvements. The seven zones and a description of their related improvement are as follows:

Zone 1 – TR. 29765 / Highland Dr. & Oak Knoll Dr. – Landscape assessment area consisting of approximately 35,750 sq. Ft. of ground cover, shrubs, and trees.

Zone 4 – TR. 33489 / Glendora Mountain Rd. & E. Palm Dr. – Landscape assessment area consisting of approximately 55,860 sq. ft. of ground cover, shrubs, and trees.

Zone 5 – TR. 34114 / E. Hampton St. & E. Gladstone St./S. Sunflower Ave. – Landscape assessment area consisting of approximately 5,600 sq. ft. of ground cover, shrubs, and trees, divided by the wash.

Zone 7 – TR. 37637 / N. Loraine Ave. & E. Palm Dr. – Landscape assessment area consisting of three (3) median islands on Lorraine with approximately 5,397 sq. ft. of ground cover.

Zone 8 – TR. 43011 / Glendora Mountain Rd. & Boulder Springs Dr. – Landscape assessment area consisting of approximately 22,378 sq. ft. of ground cover, shrubs, and trees.

Zone 12 – TR. 44069 / Glendora Bougainvilleas & 437 E. Bennett Ave. – Landscape assessment area consisting of twenty-three (23) trellised bougainvillea.

Zone 16 – Hidden Springs Ln. (Glendora Mountain Road and Sierra Madre) – Landscape assessment area consisting of approximately 8,800 sq. ft. of shrubs including one (1) median island on Fountain Springs Lane and one (1) median island on Hidden Springs Lane with ground cover.

Maximum Permissible Assessment

Proposition 218 requires the City to ballot property owners to obtain consent for the increased assessment exceeding the anticipated maximum permissible increase per an assessment formula, for example, a Consumer Price Index (CPI) increase.

Pursuant to the most recent Proposition 218 ballot proceeding, the assessment for six of the seven zones allows for an annual CPI adjustment that is not considered a rate increase. The assessment rate for Zone 5 may not be adjusted by the CPI. As adopted by the City Council through Resolution 03-20 on February 25, 2003, the maximum authorized assessment rate for the remaining six zones may be adjusted annually up to the ratio between the March-to-March CPI for the Los Angeles-Long Beach-Anaheim Area for All Urban Consumers or 5%, whichever is less.

CPI for March 2025 was 340.648. CPI for March 2026 is 352.221. This result is a ratio of 1.03397 which equates to a rate adjustment of 3.4%. The maximum assessment rates for the six areas with an CPI inflator will be increased by this percentage from the maximum assessment rate for the prior year. The Maximum Assessment Rate will remain the same for Zone 5, which does not have an inflator.

Recommended Annual Assessment

During the budget process, City staff evaluates each zone's financial situation and provides a recommendation for assessment rates to the City Council. The recommended rates are designed to align to the extent possible with the operational needs of each Zone for FY 2026/27. Operational costs are significantly higher than the Maximum permissible assessment for each zone so no funds will be set aside for future capital costs. In addition, the improvements have no quantifiable benefit to the public at large or properties outside each respective Zone, therefore, no general benefit contribution is required. It is recommended that the assessment rates be increased to the maximum permissible rate for each zone to minimize the financial impact to other funds that subsidize LMD-1.

The table below displays the current assessment rates, the recommended assessment rates, and the net increase per equivalent benefit unit (EBU) for FY 2026/27.

Benefit Zone	FY 2025/26 Levy per EBU	FY 2026/27 Levy per EBU	Increase
Zone 1 – Highland Dr. & Oak Knoll Dr.	$538.13	$556.41	$18.28
Zone 4 – Glendora Mountain Rd. & E. Palm Dr.	$384.61	$397.68	$13.07
Zone 5 – E. Hampton St. & E. Gladstone St./S. Sunflower Ave.	$75.00	$75.00	$0.00
Zone 7 – N. Loraine Ave. & E. Palm Dr.	$41.80	$43.22	$1.42
Zone 8 – Glendora Mountain Rd. & Boulder Springs Dr.	$228.35	$236.11	$7.76
Zone 12 – Glendora Bougainvilleas & 437 E. Bennett Ave.	$150.31	$155.42	$5.11
Zone 16 – Hidden Springs Ln.	$59.65	$61.68	$2.03

FISCAL IMPACT

Use of Landscape Assessment Fund 203 and collected levies are restricted for paying the annual costs of the District's operations and maintenance. Unspent funds, if any, would be reserved for potential future annual shortages between the levy and its respective costs. All EBUs within Glendora's District are individual parcels.

Benefit Zone	EBUs	Maximum Levy	O&M Costs	Subsidy* (Other Funds)
Zone 1 – Highland Dr. & Oak Knoll Dr.	10	$5,564	$7,395	$1,831
Zone 4 – Glendora Mountain Rd. & E. Palm Dr.	31	$12,328	$20,656	$8,327
Zone 5 – E. Hampton St. & E. Gladstone St./S. Sunflower Ave.	8	$600	$5,462	$4,862
Zone 7 – N. Loraine Ave. & E. Palm Dr.	33	$1,426	$6,348	$4,922

Zone 8 – Glendora Mountain Rd. & Boulder Springs Dr.	33	$7,792	$9,618	$1,827
Zone 12 – Glendora Bougainvilleas & 437 E. Bennett Ave.	85	$13,211	$19,123	$5,913
Zone 16 – Hidden Springs Ln.	126	$7,772	$13,584	$5,812
Totals	**326**	**$48,693**	**$82,187**	**$33,494**

* LMD 1 has been operating at a deficit for over ten years and is subsidized as needed by the General Fund. The estimated subsidy for FY 2026/27 is $32,974 which is approximately 40% of the operations and maintenance cost.

The estimated revenue and appropriations will be included in the Fiscal Year 2026/27 Mid-Cycle Proposed Budget.

Landscape Maintenance District No. 1

Annual Levy of Assessments for
Fiscal Year 2026/2027

City of Glendora,
County of Los Angeles, State of California

As part of the Resolution of Intention packet presented for the consideration of the Glendora City Council, this Report and the enclosed budgets, diagrams, and descriptions outline the improvements, estimated expenses and annual assessments to be collected on the County tax rolls in Fiscal Year 2026/2027 for the Landscape Maintenance District No. 1, which includes each lot, parcel, and subdivision of land within said District, as the same existed at the time of the passage of the Resolution of Intention. Reference is hereby made to the Los Angeles County Assessor's maps for a detailed description of the lines and dimensions of each parcel within the Landscape Maintenance District No. 1 and incorporates all subsequent subdivisions, lot-line adjustments, or parcel changes therein. The undersigned respectfully submits the enclosed Report as directed by the City Council.

DISTRICT DIAGRAMS – BOUNDARY AND ZONES, FISCAL YEAR 2026/2027 16

Introduction

The City of Glendora, County of Los Angeles, State of California (the "City"), under the provisions of the Landscaping and Lighting Act of 1972, Part 2 of Division 15 of the California Streets and Highways Code (the "1972 Act") and the provisions of the California Constitution Article XIII D (the "Constitution"), annually levies and collects special assessments for the City's maintenance assessment district designated as:

Landscape Maintenance District No. 1

(hereafter referred to as the "District"), and established the maximum assessments determined to be necessary to support and maintain various landscaping improvements that will provide special benefits to properties within the District which includes all lots and parcels of land within the District.

In accordance with the 1972 Act, the District utilizes benefit zones ("Zones") to address variations in the nature, location, and extent of the improvements that provide special benefits to parcels in the District. Within the boundaries of the District, parcels are assigned to various Zones each of which is associated with a set of improvements and/or type of improvements that provide special benefit to properties within that Zone.

As of Fiscal Year 2026/2027, the District is comprised of seven (7) zones.

Report Content and Annual Proceedings

This Engineer's Annual Report (the "Report") has been prepared pursuant to Chapter 1, Article 4 and Chapter 3 of the 1972 Act, and presented to the City Council for their consideration and approval of the proposed improvements and services to be provided within the District and the levy and collection of annual assessments related thereto for Fiscal Year 2026/2027.

This Report outlines the District structure, the improvements, and the proposed assessments to be levied in connection with the special benefits the properties receive from the maintenance and servicing of the District improvements for Fiscal Year 2026/2027. The annual assessments to be levied on properties within the District provide funding for the continued operation and maintenance of the landscaping improvements within the District and zones of benefit ("Zones") established herein, which provide special benefits to the properties within the District and each respective Zone.

To adequately provide and fund the landscaping improvements constructed and installed in connection with the development of properties within the District for Fiscal Year 2026/2027, the City Council has determined that it is appropriate and, in the public's, best interest to levy annual assessments on the County tax rolls for the benefit of properties therein to fund the estimated special benefit improvement costs that are considered necessary to maintain and service the improvements.

Each Zone outlined in this Report is a reflection of the various improvements and the types of improvements and services to be provided by the District for the properties that are directly associated with and benefit from those improvements. The net annual cost to provide the improvements in each Zone is based on the various improvements and the types of improvements and services to be provided by the District for the properties that are directly associated with and benefit from those improvements and the net cost of providing those improvements and services are allocated to the benefiting properties within the Zones using a weighted method of apportionment (refer to Assessment Methodology in Section II, Method of Apportionment) that calculates the proportional special benefit and assessment for each parcel as compared to other properties that benefit from the District improvements and services. The improvements to be

provided by the District and the assessments described herein are made pursuant to the 1972 Act and the provisions of the California Constitution and the District shall incorporate each parcel that receive special benefits from those improvements.

The estimated cost of the improvements and the proposed annual assessments budgeted and assessed against properties within the District and each respective Zone may include, but are not limited to the estimated expenditures for regular annual maintenance and repairs; incidental expenditures related to the operation and administration of the District; the collection of funds for operational reserves or for periodic maintenance and improvement rehabilitation projects; deficits or surpluses from prior fiscal years; and revenues from other sources as authorized by the 1972 Act. Each parcel is to be assessed proportionately for only those improvements, services and expenses for which the parcel receives special benefit. Each fiscal year, the City shall establish the District's assessments based on an estimate of the costs to maintain, operate and service the improvements for that fiscal year and available revenues including fund balances, general benefit contributions, any additional contributions from other revenue sources, and the assessment limits established for the District and Zones.

The word "parcel," for the purposes of this Report, refers to an individual property assigned its own Assessor's Parcel Number ("APN") by the Los Angeles County Assessor's Office. The Los Angeles County Auditor/Controller uses Assessor's Parcel Numbers and specific Fund Numbers to identify properties to be assessed on the tax roll for the District assessments.

At a noticed annual Public Hearing, the City Council will accept all public comments and written protests regarding the District and the annual levy of assessments. Based on those public comments and written protests, the City Council may order amendments to the Report or confirm the Report as submitted. Following final approval of the Report and confirmation of the assessments the Council will, by Resolution, order the improvements to be made and confirm the levy and collection of assessments for Fiscal Year 2026/2027 pursuant to the 1972 Act. The assessments as approved will be submitted to the Los Angeles Auditor/Controller to be included on the property tax roll for each parcel.

As required by the 1972 Act, this Engineer's Report describes the improvements to be provided, maintained and serviced by the District, an estimated budget for the District improvements, and the proposed assessments to be levied upon each assessable lot or parcel within the District for Fiscal Year 2026/2027.

If any section, subsection, sentence, clause, phrase, portion, zone, or subzone of this Report is, for any reason, held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining provisions of the Report and each section, subsection, subdivision, sentence, clause, phrase, portion, zone, or subzone thereof, irrespective of the fact that any one or more sections, subsections, sentences, clauses, phrases, portions, zones, or subzones might subsequently be declared invalid or unconstitutional.

I. Plans and Specifications

IMPROVEMENT AUTHORIZED BY THE 1972 ACT

- As applicable or may be applicable to this District, the 1972 Act defines improvements to mean one or any combination of the following:
- The installation or planting of landscaping.
- The installation or construction of statuary, fountains, and other ornamental structures and facilities.
- The installation or construction of public lighting facilities.
- The installation or construction of any facilities which are appurtenant to any of the foregoing, or which are necessary or convenient for the maintenance or servicing thereof, including, but not limited to, grading, clearing, removal of debris, the installation or construction of curbs, gutters, walls, sidewalks, or paving, or water, irrigation, drainage, or electrical facilities.
- The maintenance or servicing, or both, of any of the foregoing.
- The acquisition of any existing improvement otherwise authorized pursuant to this section.
- Incidental expenses associated with the improvements including, but not limited to:
- The cost of preparation of the report, including plans, specifications, estimates, diagram, and assessment;
- The costs of printing, advertising, and the publishing, posting, and mailing of notices;
- Compensation payable to the County for collection of assessments;
- Compensation of any engineer or attorney employed to render services;
- Any other expenses incidental to the construction, installation, or maintenance and servicing of the improvements;
- Any expenses incidental to the issuance of bonds or notes pursuant to Section 22662.5.
- Costs associated with any elections held for the approval of a new or increased assessment.
- The 1972 Act defines "Maintain" or "maintenance" to mean furnishing of services and materials for the ordinary and usual maintenance, operation, and servicing of any improvement, including:
- Repair, removal, or replacement of all or any part of any improvement.
- Providing for the life, growth, health, and beauty of landscaping, including cultivation, irrigation, trimming, spraying, fertilizing, or treating for disease or injury.
- The removal of trimmings, rubbish, debris, and other solid waste.
- The cleaning, sandblasting, and painting of walls and other improvements to remove or cover graffiti.

ZONES OF BENEFIT

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing various landscaping improvements, including the acquisition, construction, installation, maintenance, and servicing of those improvements and related facilities. In addition, to ensure an appropriate allocation of the estimated costs to provide various improvements based on proportional special benefits, landscaping districts often times include benefit zones ("Zones") as authorized pursuant to Chapter 1 Article 4, Section 22574 of the 1972 Act:

"The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

While the California Constitution requires that "*The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement…*"; it is reasonable to conclude that certain landscaping improvements may benefit the majority of the parcels within a district if not all properties, while other improvements may only provide special benefits to specific parcels, developments or portions of the district (particularly in larger districts). In addition, some improvements within a district and/or the costs associated with various public improvements are identified as providing some measure of general benefit and because these general benefit costs cannot be assessed, the overall cost of those improvements may be proportionately allocated as both special benefits and general benefit.

In accordance with the 1972 Act, it has been determined that it is appropriate and necessary to establish benefit zones (Zones) within this District to be designated in the table above. The boundaries, of each Zone is established based on the location, extent and types of improvements or similarities in the types of improvements being maintained through the District assessments as well as the particular and distinct benefits the various developments and properties derive from those improvements based on proximity to those specific improvements and the nexus between the development of the properties that required or facilitated the installation of those improvements. While some improvements may be specifically associated with specific development areas or parcels within the District, many improvements may reasonably be considered shared improvements because the overall development of the properties in the area required or necessitated those improvements. In such cases, the special benefits and cost of providing such improvements are proportionately shared by parcels in each Zone.

The net annual cost to provide the improvements for each Zone is allocated to the benefiting properties within that Zone using a weighted method of apportionment (refer to Assessment Methodology in Section II, Method of Apportionment) that calculates the proportional special benefit and assessment for each parcel as compared to other properties that benefit from the District improvements and services. The following is a brief description and summary of the Zones and improvements associated within each Zone. A visual depiction of the location and extent of the improvements and Zone boundaries are provided in the District Diagrams of this Report.

IMPROVEMENTS AND SERVICES WITHIN THE DISTRICT

The purpose of the District is to fund the maintenance and servicing of parkway landscape improvements installed in connection with development of properties within the District.

There are seven (7) zones where the landscape is managed under the Landscape Maintenance District No. 1. These properties were included in the District as a condition of development to

maintain the parkway areas. At the time, in lieu of the homeowner association maintaining the public landscape, the developer agreed to be a part of the District and pay the annual assessment.

The territory within the District consists of all lots or parcels of land within the City of Glendora. The purpose of this District is to provide in part through annual assessments, funding for the ongoing operation, maintenance, and servicing of landscaping improvements and services in various areas throughout the City. Improvements currently provided within the District generally include but are not limited to:

> Landscape improvements such as mowing, pruning, shaping, and trimming of shrubs and trees, edging of ground cover areas, pest and weed control, supporting, and replacing trees as required, maintenance of tree wells, fertilization, mulching, watering, maintenance of sprinkler systems, disease, insect, and rodent control.

In accordance with the 1972 Act, the District utilizes Zones to address variations in the nature, location, and extent of the improvements that provide special benefits to parcels in the District. Within the boundaries of the District, parcels are assigned to benefit zones each of which is associated with a set of improvements and/or type of improvements that provide special benefit to properties within that Zone.

In Fiscal Year 2026/2027 the District was comprised of the following:

Zone No.	Location
1	TR. 29765 / Highland / Oak Knoll
4	TR. 33489 / GMR-Palm
5	TR. 34114 / Hampton / Sunflower
7	TR. 37637 /Loraine-Palm
8	TR. 43011 / GMR-BS
12	TR. 44069 / Glen Bougainvillea's & 437 E. Bennett
16	Hidden Springs

Description of Improvements

As authorized by the 1972 Act, the improvements provided by the District and associated with each Zone incorporate various landscaping improvements that are maintained and serviced for the benefit of real property within the District. The maintenance of the landscape improvements may also include various appurtenances that may include but is not limited to entry monuments; various types of fencing; retaining walls; ornamental lighting or other ornamental fixtures; signage; and irrigation, drainage, and electrical equipment. The work to be performed within each respective Zone may include but is not limited to (as applicable), the personnel, materials, equipment, electricity, water, contract services, repair and rehabilitation of the improvements and incidental expenses required to operate the District and provide the improvements and services for each Zone. The improvements provided within the District and for which parcels receive special benefits are generally described in the following.

Landscape Improvements

Zone 1, Highland and Oak Knoll – Landscape assessment area consisting of approximately 35,750 sqft of ground cover, shrubs and trees.

Zone 4, Glendora Mountain Road and Palm Drive – Landscape assessment area consisting of approximately 55,860 sqft of ground cover, shrubs and trees.

Zone 5, Hampton and Gladstone – Landscape assessment area consisting of approximately 5,600 sqft of ground cover, shrubs and trees, divided by the wash.

Zone 7, North Lorraine and Palm Drive – Landscape assessment area consisting of three (3) median islands on Lorraine with approximately 5,397 sqft of ground cover.

Zone 8, Glendora Mountain Road and Boulder Springs – Landscape assessment area consisting of approximately 22,378 sqft of ground cover, shrubs and trees.

Zone 12, Glendora Bougainvilleas & 437 E. Bennet – Landscape assessment area consisting of twenty-three (23) trellised bougainvillea.

Zone 16, Hidden Springs (Glendora Mountain Road and Sierra Madre) – Landscape assessment area consisting of approximately 8,800 sqft of shrubs including one (1) median island on Fountain Springs Lane and one (1) median island on Hidden Springs Lane with ground cover.

II. Method of Apportionment

Legislative Authority and Provisions

1972 Act

The 1972 Act permits the establishment of assessment districts by agencies for the purpose of providing certain public improvements, including the acquisition, construction, installation and servicing of landscaping improvements and related facilities. The 1972 Act requires that the cost of these improvements be levied according to benefit rather than assessed value:

Section 22573 defines the net amount to be assessed as follows:

"The net amount to be assessed upon lands within an assessment district may be apportioned by any formula or method which fairly distributes the net amount among all assessable lots or parcels in proportion to the estimated benefits to be received by each such lot or parcel from the improvements."

Section 22574 provides for zones as follows:

"The diagram and assessment may classify various areas within an assessment district into different zones where, by reason of variations in the nature, location, and extent of the improvements, the various areas will receive differing degrees of benefit from the improvements. A zone shall consist of all territory which will receive substantially the same degree of benefit from the improvements."

The formulas used for calculating assessments and the designation of Zones as established herein reflect the composition of parcels within the District and the improvements and activities to be provided, and have been designed to fairly apportion the cost of providing those improvements based on a determination of the proportional special benefits to each parcel, consistent with the requirements of the 1972 Act and the provisions of Article XIII D of the California Constitution (Proposition 218).

California Constitution

The costs to operate and maintain the District improvements are identified and allocated to properties within each Zone within the District based on special benefit. The improvements provided and for which properties are to be assessed are identified as local landscaping improvements and related amenities that were installed in connection with the development of the properties and/or would otherwise be required for the development of properties within each respective Zone. The District assessments and method of apportionment is based on the premise that these improvements would otherwise not have been required without the development or planned development of those parcels.

Article XIII D Section 2d defines District as follows:

"District means an area determined by an agency to contain all parcels which will receive a special benefit from a proposed public improvement or property-related service";

Article XIII D Section 2i defines Special Benefit as follows:

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit."

Article XIII D Section 4a defines proportional special benefit assessments as follows:

"An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

Benefit Analysis

The improvements provided by this District and for which properties are assessed have been identified as necessary, desired and/or required for the orderly development of the properties within the District to their full potential, consistent with the development plans and applicable portions of the City's General Plan.

Special Benefit

The ongoing maintenance of landscaped areas within the District provide aesthetic benefits to the properties within each respective Zone and a more pleasant environment to walk, drive, live, and work. The primary function of these landscape improvements and related amenities is to serve as an aesthetically pleasing enhancement and green space for the benefit of the immediately surrounding properties and developments for which the improvements were constructed and installed and/or were facilitated by the development or potential development of properties within the Zones. These improvements are an integral part of the physical environment associated with the parcels in each Zone and while some of these improvements may in part be visible to properties outside the Zone, collectively if these Zone improvements are not properly maintained, it is the parcels within the Zone that would be aesthetically burdened. Additionally, the street landscaping in these Zones serves as both a physical buffer between the roadways and the properties in the District/Zone and serve as a pleasant aesthetic amenity that enhances the approach to the parcels. As a result, the maintenance of these landscaped improvements provides particular and distinct benefits to the properties and developments within each Zone.

General Benefit

In reviewing the location and extent of the specific landscaped areas and improvements to be funded by District assessments and the proximity and relationship to properties to be assessed, it is evident these improvements were primarily installed in connection with the development of properties in each respective Zone or are improvements that would otherwise be shared by and required for development of properties in those Zones. It is also evident that the maintenance these improvements and the level of maintenance provided has a direct and particular impact (special benefit) only on those properties in proximity to those improvements and such maintenance beyond that which is required to ensure the safety and protection of the general public and property in general, has no quantifiable benefit to the public at large or properties outside each respective Zone.

ASSESSMENT METHODOLOGY

To calculate and identify the proportional special benefit received by each parcel and ultimately each parcel's proportionate share of the improvement costs it is necessary to consider not only the improvements and services to be provided, but the relationship each parcel has to those improvements as compared to other parcels in the District.

Article XIIID Section 4a reads in part:

"…The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement or the maintenance and operation expenses of a public improvement or for the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."

Landscaping improvements, like most public improvements, provide varying degrees of benefit (whether they be general or special) based largely on the extent of such improvements, the location of the improvements in relationship to properties associated with those improvements. To establish the proportional special benefit and ultimately the assessment obligation for each parcel, these factors need to be addressed and formulated in the method of apportionment by the use of benefit zones that reflect the extent and location of the improvements in relationship to the properties, as well as the specific use of the property and characteristics that reflects each parcel's proportional special benefit as compared to other properties that benefit from those same improvements.

The method of apportionment (method of assessment) developed for this District is based on the premise that each of the property to be assessed receives a particular and distinct benefit (special benefit) from the improvements, services and facilities to be financed by the District assessments and to assess benefits equitably it is necessary to calculate each property's relative share of the special benefits conferred by the funded improvements and service. The Equivalent Benefit Unit (EBU) method of assessment is utilized in this District and establishes a basic unit of benefit (base value) and then calculates the benefit derived by each assessed parcel as a multiple (or a fraction) of that basic unit. This EBU method of apportioning special benefits is typically seen as the most appropriate and equitable assessment methodology for districts formed under the 1972 Act, as the benefit to each parcel from the improvements are apportioned as a function of comparable property characteristics The base value and assessment formula utilized in each Zone may be different, but is established for each Zone to reflect the improvements and properties that benefit from those improvements utilizing property characteristics that may include but is not limited to the type of development (property land use), property's development status, and size of the property (acreage or units).

To assess benefits equitably, it is necessary to relate the different type of parcel improvements to each other. The Equivalent Benefit Unit method of apportionment uses the single-family home as the basic unit of assessment. A single-family residential property equals one Equivalent Benefit Unit ("EBU"). Every other land-use is converted to EBUs based on an assessment formula that equates the property's specific development status, type of development (land-use), and size of the property, as compared to a single-family residential property ("SFR").

Assessable parcels within each Zone are determined to receive the same special benefit from the improvements due to their similarity in size and use and their similar proximity to the improvements. Therefore, each assessable Residential parcel in a Zone is assigned 1 EBU.

Single-Family Residential -- This land use classification is defined as a fully subdivided residential home site with or without a structure. This land use may include, but is not limited to subdivided residential tract lots, condominiums, or other individual residential units or subdivided lots assigned an Assessor's Parcel Number. As previously noted, the single family residential parcel has been selected as the basic value for calculation of assessments and each is assigned 1.00 Equivalent Benefit Unit.

MAXIMUM PERMISSIBLE ASSESSMENT

Proposition 218 requires the City to ballot property owners to obtain consent for the increased assessment exceeding the anticipated maximum permissible increase per assessment formula, for example Consumer Price Index (CPI) increase.

The table below shows the list of the Zones in the District, and indicates for each zone whether an inflation adjustment is being included in the Zone assessment.

Zone No.	Location	CPI Adjustment
1	TR. 29765 / Highland / Oak Knoll	Yes
4	TR. 33489 / GMR-Palm	Yes
5	TR. 34114 / Hampton / Sunflower	No
7	TR. 37637 /Loraine-Palm	Yes
8	TR. 43011 / GMR-BS	Yes
12	TR. 44069 / Glen Bougainvilleas & 437 E. Bennett	Yes
16	Hidden Springs	Yes

As adopted by the City Council through Resolution 03-20, the maximum authorized assessment rate may be adjusted annually as high as the ratio between the March-to-March CPI for the Los Angeles-Long Beach-Anaheim Area for All Urban Consumers not to exceed 5.00%.

CPI for March 2025 is 340.648. CPI for March 2026 is 352.221. This results in a ratio of 1.03397 which equates to a percentage of 3.40%. The inflator for this District is not to exceed 5.00%. The maximum assessment rates for the six areas with a CPI inflator identified above will be increased by this percentage from the maximum assessment rate for the prior year. The Maximum Assessment Rate will remain the same for the zone that does not have an inflator.

III. Estimate of Costs

Calculation Of Assessments

An assessment amount per Equivalent Benefit Unit (Assessment per EBU) is calculated by:

Taking the "Total Annual Expenses" (Total budgeted costs) and subtracting" Funding Adjustments". These various "Funding Adjustments" may include, but are not limited to:

- "District Fund Contribution", represents an amount of available existing funds from the being applied to pay a portion of the expenses for the fiscal year.
- "Contribution or Other Revenue Sources", represents an amount that is included to subsidize any shortfalls for Zones in the District.

These adjustments to the total annual expenses result in the net amount to be assessed "Balance to Levy".

Total Annual Expenses – Funding Adjustments = Balance to Levy

The amount identified as the "Balance to Levy" is divided by the total number of EBUs of parcels that receive special benefit to establish the Assessment Rate ("Assessment Per EBU"). This Assessment Rate is then applied back to each parcel's individual EBU to calculate the parcel's proportionate special benefit and assessment amount for the improvements.

Balance to Levy / Total EBU = Assessment Per EBU (Assessment Rate)

Assessment Per EBU x Parcel EBU = Parcel Assessment Amount

Zone Budgets And Assessments

The zone budgets and assessments outlined on the following page for the District are based on the City's estimate of the expenses and related funding necessary for the operation, maintenance and servicing of the District improvements identified in Part I of this Report for the zones in the District for Fiscal Year 2026/2027.

Refer to the Assessment Roll included herein as Part IV for the individual assessment amounts proposed to be levied and collected for each parcel in Fiscal Year 2026/2027.

ASSESSMENT RANGE FORMULA

Any new or increased assessment requires certain noticing and meeting requirements by law. The Brown Act defines the terms "new or increased assessment" to exclude certain conditions. These certain conditions included "any assessment that does not exceed an assessment formula or range of assessments previously adopted by the agency or approved by the voters in the area where the assessment is imposed."

Recognizing that the cost of maintaining the improvements will increase over time due to inflation, the maximum assessment for some of the zones may be increased by the Consumer Price Index (CPI) each year.

The adoption of the maximum assessment rates and the Assessment Range Formula described herein does not mean that the annual assessments will necessarily increase each fiscal year, nor does it absolutely restrict the assessments to the adjustment maximum assessment amount. Although the maximum assessment rates that may be levied shall be adjusted (inflated) by CPI each year, the actual amount to be assessed will be based on the Balance to Levy for that fiscal year. If the calculated assessment is less than the adjusted maximum assessment, then the calculated assessment may be approved by the City Council for collection. If the calculated assessment (based on the proposed budget) is greater than the adjusted maximum assessment for that fiscal year, then the assessment would be considered an increased assessment and would require property owner approval through a protest ballot proceeding before imposing such an increase. Otherwise, it would be necessary to reduce the budget or provide a contribution from the City to reduce the Balance to Levy (amount to be assessed) to an amount that can be supported by an assessment rate less than or equal to the maximum assessment rate authorized for that fiscal year.

IV. Assessment Roll

The Assessment Roll reflects all properties currently identified within the District and their assessment amount(s) for Fiscal Year 2026/2027. Each parcel listed on the Assessment Roll is currently shown and illustrated on the County Assessor's Roll and the County Assessor's Parcel Number Maps (APN maps). These records are, by reference, made part of this Report and shall govern for all details concerning the description of the lots or parcels. All assessments presented on the assessment roll are subject to change as a result of parcel changes made by the County including parcel splits, parcel merges or development changes that occur prior to the County Assessor's Office securing the final roll and generating tax bills for Fiscal Year 2026/2027.

V. District Diagrams

Parcel identification, for each lot or parcel within the District, shall be the parcel as shown on the Los Angeles County Assessor's map for the year in which this Report is prepared.

The land use classification for each parcel has been based on the Los Angeles County Assessor's Roll. A listing of parcels assessed within this District, along with the proposed assessment amounts, has been submitted to the City Clerk, under a separate cover, and by reference is made part of this Report.

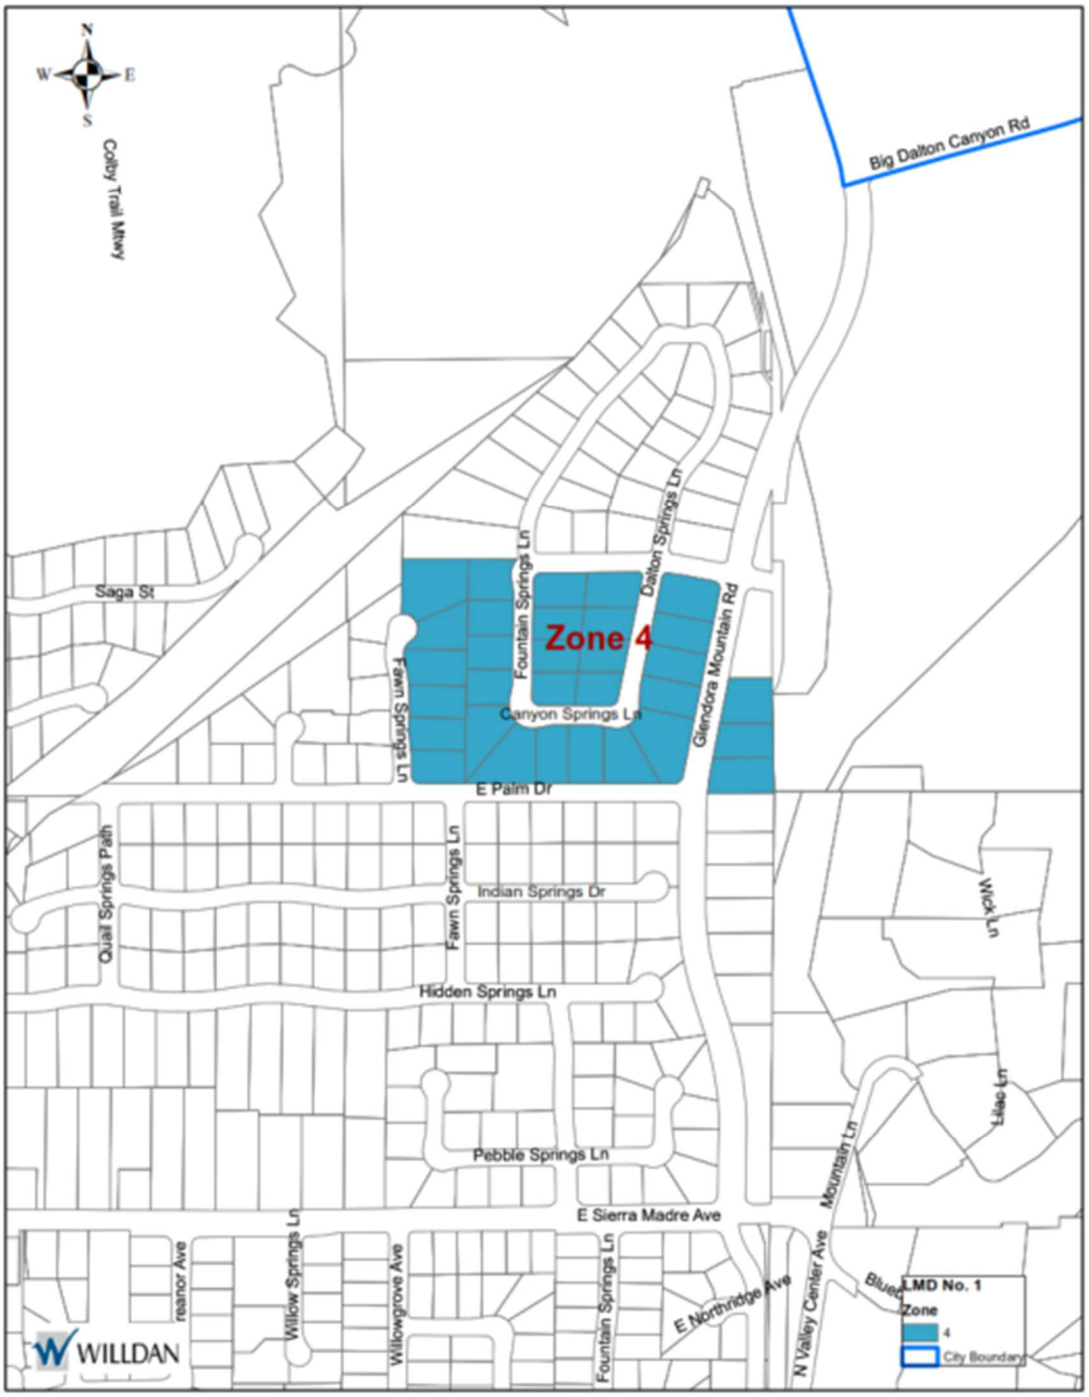

Reference is hereby made to the Los Angeles County Assessor's Parcel Maps for a detailed description of the lines and dimensions of each parcel within the Landscape Maintenance District No. 1 including all subsequent subdivisions, lot-line adjustments, or parcel changes therein.
